La Crosse Normal Eleven State Champs ???

PRESIDENT'S THANKSGIVING MESSAGE TO THE STUDENTS

For nearly three centuries, since the days of the pilgrim fathers, who sought, on the bleak and rock-bound coast of New England to found a home where they and their posterity might enjoy the exercise of political privilege and worship God according to the dictates of conscience, a day has been set aside annually for Thanksgiving to Almighty God for the blessings He has showered on this favored people. For material and spiritual blessings we render spiritual appreciation.

In official proclamation President Wilson has designated Thursday, November 27, as Thanksgiving day, calling upon the American people to rest from their labors and to unite in their homes and places of worship to observe this day with praise and Thanksgiving to God.

To the toiler on sea or land, in office or factory, to the student in schools remote from the home nest, custom has made it a day of blessed significance, as it brings into full consciousness the happiness that is born of the home associations, together with the determination to share again those home experiences which give increased strength and resolution for the performance of the duties of the future.

The parents, and especially the mother, prove to be the magnet that attracts the scattered fragments of the family, making it again one and indivisible. On this day do the loving and loyal sons and daughters pay true homage to those whose toil, sacrifice, thrift, industry and love have been poured without stint to give the children those opportunities for progress and uplift mayhap denied the parents.

You, my good and faithful students, will return to this home after a few months of absence to contribute and to receive happiness. Your parents will welcome you with open arms, warm hearts, and a feast of good things, the best in the land. You will reveal to them the best in yourselves, and surely they will expect improvement in you by reason of your inspiring contact with the faculty and your fellow students in this loved institution.

It is my prayer that you will measure (Continued on page 2)

MISS HUSSEY ELECTED

Dean of Women Awarded an Office in Normal School Teachers' Association

Miss Bertha Hussey, a member of the faculty and dean of women, was honored while in Milwaukee attending a meeting of the Normal School Teachers' association by being elected vice-president of that organization for the ensuing year.

President John F. Sims was appointed a member of the council of education of the association. The council is a body of nine members whose business it is to make a study of educational conditions and report them to the association for action.

The Normal association met in Milwaukee at the time of the state teachers' association gathering.

STEINER SENDS S. O. S. AS POINTER REAPPEARS

Alumni Editor Issues Challenge to Students and Alumni to Support School Publication

Dear Fellow Alumni:

The old Normal Pointer, hibernated for the past two years, has crawled out again into the light of day. Its long period of inactivity has been a restful beauty sleep and it comes to us now in the glory and vigor of youth. It is our strong, able servant, and we Alumni can use it for its inspiration and its wholesome upbuilding influence.

This Alumni department aims to be as truly representative as possible. We want to hear from all of you and we want to publish anything and everything that will be of interest to the Alumni. This will be possible (Continued on page 2)

FOOTBALL SEASON ENDS NO TEAM WINS HONORS

Protest Filed By Stevens Point and Oshkosh Put La Crosse And River Falls in Athletic Tangle

Despite the protests filed by the Stevens Point and Oshkosh Normals, the River Falls and La Crosse Normals contested for the state football championship at La Crosse Saturday afternoon. The game resulted in victory for the latter by a score of 13 to 0.

Following in the footsteps of Stevens Point in filing a protest, the Oshkosh Normal have made claims against the La Crosse Normal, the outcome of which involves the right of four teams to claim a look-in on the state-wide athletic honor. Oshkosh disputes La Crosse's claim to the southern division championship.

Cases Are Similar

The protest filed by Oshkosh constitutes a case almost identical with the Stevens Point-Eau Claire affair except that in the north it involves one team which is out of the race for honors, Eau Claire having been eliminated weeks ago. But the outcome is important as it involves the question of whether Stevens Point has a conference record for the season not marred by the defeat at Eau Claire, thus placing this school's record equal to that of River Falls which has not been defeated in a conference game, or whether River Falls is the logical holder of the northern pennant.

EDITORIAL

This nation in the spring of 1917 had been suddenly aroused from its illusion of security. In order to face a crisis which it has never known before in its history, confronted by problems which seemed unsolvable at times, awoke from a state of unconsciousness to give battle to an autocracy that had cunningly fought the civilized world.

Little by little men left for the service of their country until it drained the youth of this nation.

It resulted in the laying down of the pen, in the grasping of the sword; in the ceasing of education, in the protection of the flag and in directing the spirit of learning and intellectual development towards greater production of war materials, which brought a complete disaster upon Autocracy and a permanent victory for Democracy.

By the termination and the release of the burdens of war, learning and

science again took up its mission. So suddenly has this adjustment taken place, that we are again living in the midst of a nation wide educational activity; for it is this reconstruction period in which we are living that will always be looked upon as the greatest educational era in American history.

This new intellectual alertness is characteristic of our own institution. Stevens Point Normal and our aggregation of students will accomplish much. We may well conclude that this year will be the greatest year of accomplishment up to the present in our Normal's history.

PRESIDENT'S THANKSGIVING MESSAGE TO THE STUDENTS

(Concluded from page 1)

sure up to the full standard of their expectations; that those who love you best will find you better physically, intellectually, and spiritually; that the young men will appear more manly and the young women more womanly; and that you all will reveal the true spirit of our school, which is the spirit of righteousness, of excellence, and of welcoming and overcoming difficulties.

Go then to your homes, bearing to your parents, relatives, and friends our warmest greetings, and urging your friends to share here the opportunities for advancement that are yours. All members of the faculty join me in the fervent prayer "God bless you."

JOHN F. SIMS.

ALUMNI

(Concluded from page 1)

only through co-operation. Don't expect the work in this department to represent the whole school and the whole two thousand graduates unless you get back of it and do your part. Your money and time will be wasted if you let "George" do the work.

Just what shall you do? You can do several things. You can send in data about yourself—where you are located, what you are doing, etc. You can help us with our mailing list by telling about others. You may challenge your classmates to tell what they are doing and last but not least of these get behind any worthwhile Alumni measure that is being advanced and fight for it with the same old time spirit that is characteristic of the school.

This paper needs you—You need it. Other schools have accomplished much through their papers. A paper is what you make it. It will pay dividends according to the investment. IT IS UP TO YOU. S. O. S. (Send on Subscriptions.)

Let's go!

Sincerely,

H. R. STEINER,

President Alumni.

Letters

Milwaukee Normal

"As much joy as one can ever feel

in signing checks, I felt when I signed the enclosed check for the Pointer. As an ex-editor, I am mighty glad to see the paper on its feet again, and I am sure that the twice a month plan will result in a livelier, more up-to-date paper than the old monthly ever was. Mae Roach and "Herb" Steiner ought to keep things humming in the alumni department. Outside of the class of 1911, I don't see where you could have found a more capable pair.

"Good luck to you!

"Sincerely,

"NUGENT GLENNON, 1911."

Sheridan, Wis., Nov. 18, 1919.

"I'm glad you sent me the subscription blank for the 'Normal Pointer.' I am returning it with the subscription price and my best wishes. I have a very vivid recollection of 'Pointer' days some years (never mind how many) ago. We used to find them in Professor Collins' room on the arms of the recitation seats. Mine was always in the 'J' pile. It was always a good healthy pile. I'm hoping they'll keep up their record.

"Best wishes to all concerned in making the 'Pointer' a success. ****

"Yours sincerely,

"KATHERINE JOHNSON.

"Class 1906."

The Grammar Department

The grammar department directed by C. F. Watson organized in October, 1919, under the name "The Round Table." The enrollment this year is 49 which is larger than it was last year. The primary purpose of the Round Table is to provide for meetings where the members may meet to discuss problems arising in the teaching profession. New methods in teaching are constantly arising and we are going to discuss these in regard to their good and poor points. The development of method and organization in teaching will be one of our chief discussions. This will be of special interest to the inexperienced teacher. The secondary purpose of the Round Table is to decide upon such social functions as the department may deem desirable. In short we are all going to work together for the benefit of every member in our department and establish good fellowship.

The following officers have been elected for the Round Table:

President, James Williams.

Vice President, Mar'e Geemmo.

Secretary and Treasurer, Mary Mul-larkey.

As yet no definite time has been set for the meetings, but this matter is under discussion at the present time. Our last meeting was held Tuesday, November 18. At this meeting it was decided to give a "Hard Time Party," Friday evening, November 21, for the members of the department and their friends.

BASKET BALL TO BE STARTED SOON

Program For Coming Season's Basketshooting Has Not Been Arranged—Good Prospects

A meeting of Normal Athletic directors will be held at Madison December 6, at which time the program for the coming season's basketball games among the Normal schools of Wisconsin will be decided. As yet no plans have been made by Coach Tenison in connection with the coming season's indoor sport.

Although late in getting started last year S. P. N. made a credible showing in basketball. Previous to the tournament games were played with the Oshkosh Normal, Ripon college, Eau Claire Normal and the Edison team from New London. Of these we won from Oshkosh and Eau Claire and lost to the Edisons and Ripon. Coach Tenison took seven players with him to the state basketball tournament held at La Crosse. We played the first game of the tournament with La Crosse and lost by a score of 20 to 24. We won games from Oshkosh and Superior the following day and drew the bye for the next day. In the finals we played River Falls for third place and were beaten by a score of 20 to 25. Referee Levis picked a first and second all state team. Two of our men, Ritchay and Smith were placed on the second team. Later Coach Downer of Milwaukee picked an all state team and placed Ritchay on as left forward.

tournament: Don Horne, captain; Zorn, Smith, Ritchay, McBride, Kelsey, McCarr and Colby. With the exception of Smith and Kelsey, all of these men are back on the job this year. New and good material is to be found on all sides, so that hopes

are tuning high for a championship team.

This year there will be no tournament and the championship will be decided on a percentage basis. The state championship game probably will be played in the northern part of the state.

The Normal school schedule for the coming year has not been arranged as yet. At present Coach Tenison is trying to get a game with Marquette University, to be played before Christmas. A game will undoubtedly be arranged for with the Edisons at New London, the coach stated.

WE ARE OUT TO WIN.

GIRLS PLAY HOCKEY

Other Athletic Diversions Will Be Taken up Later in the School Year

The girls athletic association has had two regular meetings under the auspices of Miss Ruth Pierce. As an introduction to the opening of the regular meeting a party was held October 20 for all girls interested in athletics. At the first regular meeting the following officers were chosen to serve for one year.

President—Marjorie Barager.

Vice President—Bessie Hale.

Secretary-Treasurer—Merle Atkins.

The second regular meeting was held primarily for the purpose of distributing the letters of the association. These letters are large gold 'A' on a purple background. Each girl in the association who has gained the required one hundred points for entrance is entitled to one of the letters. Points are acquired by making any one of the various teams or by substituting in the contests. The contests consist of basketball, volleyball, hiking, indoor-baseball, tennis, hockey and track. Any person gaining four hundred points is entitled to a bronze

pin and anyone earning six hundred points will exchange her bronze pin for a gold one.

Hockey is the only athletic contest thus far given. Two groups of girls under the direction of Miss Pierce have been practicing for the past three weeks on the hockey field and the teams have recently been chosen and captains elected as follows:

First Team

C. Forward—Dorothy Powers, Captain.

R. Inside—Agnes Kaceroosky.

L. Inside—Leone Pazourek.

R. Wing—A. Brailmaier.

L. Wing—Inez Slattery.

C. Half-back—Viola Weddig.

R. Half-back—Lucy Steffanus.

L. Half-back—Merle Atkins.

R. Full-back—Besie Hale.

L. Full-back—Edna Marlott.

Goal—Leona Wood.

Second Team

C. Forward—Marjorie Barager, Captain.

R. Inside—Sarah Tick.

L. Inside—Belva Larson.

L. Wing—Mayme Cartmill.

C. Half-back—Viola Hoffman.

R. Half-back—Beulah Larson.

L. Half-back—Evelyn Smith.

R. Fullback—Dorothy Carlson.

L. Full-back—Laura Wiese.

Goal—Lucile Anschuetz.

SCHOOL PROTESTS EAU CLAIRE GAME

(Continued on page 1)

for S. P. N. has been completed for this year is the question. The fellows continue to go out for practice, but they don't know whether or not there will be another game. Nobody knows as yet. A protest respecting the eligibility of certain Eau Claire Normal players who participated in the Stevens Point-Eau Claire game has been sent to the various Normal schools of the state. Up to date no definite ruling has been made. Should the game with the ineligible Eau Claire team be forfeited, the Stevens Point and River Falls Normal schools would be tied for the championship of the northern division.

Played Good Ball

The football team this year is an excellent one and they have played good ball throughout the entire season. They have represented the school in the very best way by playing the type of football that is significant of good sportsmanship.

Following is a summary of the games played this season. The first game was played October 4, against the Oshkosh Normal at Oshkosh. The game resulted in a score of 7 to 0 in

(Concluded on next page)

favor of our opponents. It is believed that the Oshkosh Normal has the best team this year that they have had for many seasons. They have made a very good showing in the southern division, having defeated the Milwaukee Normal eleven who held the La Crosse Normal squad to a scoreless game. The Oshkosh eleven are a great deal heavier than our team and in the game October 4, which was contested in the mud, they had a decided advantage.

The seven points made by Oshkosh were accomplished by a forward pass in the last quarter. This game, however, was not a conference game and has no bearing on the championship of the northern division.

Stout vs. Normal

The second game of the season was played against Stout Institute at the local fair grounds, October 11. This was the first conference game of the season and it resulted in victory for S. P. N. by a score of 12 to 0. The first touchdown was the result of a long forward pass to Ritchay in the first quarter. This victory gave us a good start in the run for the championship of the northern division.

The next on our program came Eau Claire. This game was played at Eau Claire and resulted in victory for the latter, according to the officials of the game. This is the game that is being protested by Coach Tenison. The officials were Lang, Eau Claire, umpire; Finley, Chippewa Falls, referee; Goethals, Eau Claire, field judge; Gelein, Eau Claire, head linesman. A touchdown was made by the local team in the third quarter but it was not allowed by the officials, and the final score, according to the officials, was 6 to 0 in favor of Eau Claire.

On October 25 our representatives appeared at Appleton where they contested with the Lawrence college eleven. This resulted in favor of Lawrence by a score of 10 to 0. The score was made by a touchdown and drop kick. Coach Tennison's men went into the game greatly handicapped. Bidwell and Horne were unable to play, Anschuetz had a cracked rib, Zorn a broken nose and McCarr a bad ankle.

Another Victory

At Superior, October 31, the Point representatives defeated the Superior Normal athletes by a score of 2 to 0. This was one of the hardest fought games of the season and it was in this game that the local eleven put their heads together and learned the advantage of team work. The game was played in the mud but was a game from start to finish. The local aggregation attempted two drop kicks and one place kick. The latter, booted by Zorn, was missed by a few inches. A "safety" was made in the last two minutes of play when Andrews tackled a Superior player behind their goal line after the ball had been fumbled by Superior.

The hardest fought game of the season was played against River Falls at the fair grounds in this city on November 7.

It was impossible to pick an individual star in this game and in fact throughout the entire season, according to Coach Tennison. Every man played his very best. The defense on the part of the local players in the River Falls game was almost perfect. At the very start of the game, before our men had time to learn River Falls' shifts, they held them for their downs. The attempts of the visitors to make gains by the Minnesota shift were halted in every instance. Moreover, Coach Tenison declared that the offense was better by far than had been exhibited by the local players in previous games. Our players had the Falls men completely baffled on numerous occasions during the game, at which times the visiting athletes were seen dispersed over the entire field. Our men completed three forward passes for large gains in succession. It is the belief of officials and many football fans that Horne, who has played right end during the entire season, is the best in the state. It is true, however, that his good work in every game was noticeable.

In the conference games of this season, with the exception of the Eau Claire game which has been protested, the local goal line has as yet remained uncrossed. A total of fourteen points has been made by our team in the conference games, as to six points that have been scored against them, with the above exception.

Everywhere the local team has played it has been commended by officials for their clean sportsmanship.

The Lineup

The following comprised the first team and played in the above games: Horne and Rice, r.e.; Andrews and Bidwell, r.t.; Anschuetz and Playman, r.g.; Hetzger, c.; Wilson, l.g.; Bannach, l.t.; Ellis, l.e.; Eagleburger, q.; Ritchay and Bourn, r.h.; McCarr and Hirzey, l.h.; Zorn, captain, f.b.

Wiener Roast at Plover Hills

Professor R. W. Fairchild entertained the men of the school and the faculty at a wiener roast at Plover hills. Games of base ball were played a la tournament and resulted in a victory for the 'young' men of the school. The younger generation, not wishing to offend the older generation, allowed them to score seven runs while they were garnering eight.

Eats were served after the fashion of the men of the road. The menu, as follows:

Weiners	Buns
Apples	Pickles
Cook'es	Cake
Soft Drinks.	

The entertainment continued from 5 to 8 o'clock.

THE NORMAL Y. W. C. A.

A LIVE ORGANIZATION

The Y. W. C. A. is a live organization consisting of 125 Protestant girls of the school.

The officers elected at the beginning of the school year are as follows:

President—Ruth Terrio

Vice President—Marjorie Stephenson

Secretary—Esther Shipman.

Treasurer—Lucille Lundberg.

The first meeting of the society, September 24, was in the form of a general mixer for the girls of the school. Two weeks later a picnic was enjoyed at Plover Creek.

The seveneenth of November the Y. W. C. A. and Y. M. C. A. held a joint meeting in the auditorium. The program rendered was enjoyed by all.

The organization is planning a most profitable year. Delegates will be chosen to represent the society at the National Student Volunteer Convention at Des Moines, Iowa, December 31, 1919, to January 4, 1920.

BIGGER MEMBERSHIP

Y. M. C. A. SLOGAN

The Young Men's Christian Association is an energetic organization this year with plenty of pep and vigor. The president, Norman Colby, and his cabinet members are hard workers. They are continually boosting for a larger membership.

An effort was made to increase the membership on October 29th by inviting the young men of the Normal to a general good time, which was followed by luncheon of sandwiches, coffee and apples. The membership of the Y. M. C. A. now totals nearly forty.

On November 12th the Loyola was invited by the Y. M. C. A. and Y. W. C. A. to take part in a joint meeting which was followed by a dance.

The Y. M. C. A. and Y. W. C. A. held a joint meeting November 19th to discuss the proposition of sending delegates to the National Student Volunteer Convention to be held at Des Moines, Iowa, from December 31, 1919, to January 4, 1920.

The meeting consisted of several very good musical numbers by Norman Knutzen and Edwin Walker. A number of very interesting talks and discussions were given on Missionary work also.

The two organizations want S. P. N. to be well represented at Des Moines. They have pledged themselves

to send the Normal's full quota of five delegates.

Scoops

The question is, who stole the jelly? It is a pity when young high school folks can't have a sociable time without having their refreshments stolen.

The barber deserves the credit for Ritchay's good looks nowadays. He was the one that showed Ritchay how much better looking he is with his hair parted in the middle.

In order that the readers be able to appreciate this little joke, it must be explained that "Kokobutter" is a mesage cream. Joerns saw a jar of this kokobutter at the barber shop while getting his hair cut the other day. Whether he had a date that evening or whether he just wanted to look pretty has not been learned, but at any rate, thinking that kokobutter was meant for the hair, Joerns ordered the barber to rub a quantity kobutter.

Anyone caught carrying bricks around the dormitory will be convicted on circumstantial evidence. It would be a crime to make Bourn serve the sentence for a crime committed by some ruffian.

It has been noticed that Mary Mul-larkey's credit at the pie house is gilt edge. This is because the proprietor is confident that as soon as the milk check arrives here Mary will balance her accounts.

Bidwell spent the week-end at Chicago where he witnessed the Wisconsin-Chicago football game. It might be well to look him over, he may have some new "Wrinkle" in his attire.

A RUMOR—Lamp shades have been reported burned at the dormitory. Why burn lamp shades?

ALPHA KAPPA SIGMA

LATEST ORGANIZATION

You no doubt wonder what is meant by the term Alpha Kappa Sigma; we can proudly say it stands for the best department in the Normal.

For many years there has been felt the need for a High School organization. A short time ago several meetings were held which resulted in the formation of an entirely new society. The following officers were elected:

President—Lawrence Hart.

Vice President—Marjorie Stephenson.

Secretary—Frederick Vetter.

Treasurer—Emil Hebal.

Alpha Kappa Sigma was unanimously chosen as the name.

The purpose of the organization is better to acquaint members of the de-

partment. Interesting and instructive topics will be discussed. It will not only be for our benefit but for our graduates as well.

A few things to show where we stand in the school. Our department has produced nearly all of the orators and debaters for the school; our football team is composed wholly of fellows of the High school department.

At the present time there are 130 enrolled in this department; this breaks all previous records and tops all the other departments. This goes to show we are a growing organization, not only are we growing in numbers, but in efficiency. Last year 42.3 % of our department were on the excellent and honorable mention list. Here we also lead the school.

Alpha Kappa Sigma is an enthusiastic and popular organization. You shall hear more about us.

DOMESTIC SCIENCE

The Home Ec Club promises to be a live wire this year. The meetings are held the second Tuesday of every month and most interesting and beneficial programs are being prepared. The names of thirty Juniors have already been added.

Officers for the year are as follows:

President—Doris Shumway.

Vice President—Elizabeth Gallagher.

Secretary—Grace Price.

Treasurer—Leona Wood.

Miss Allen, head of our department, has a half-year's leave of absence and is at Columbia University completing her work for Master's Degree. The Home Ecs will be interested to know that she is working out special problems in Educational Measurements as applied to Cookery and is making a scale and contrasting methods of teaching. As this is the first working out of a problem of this kind, we are delighted to know that it is Our Miss Allen who is doing this original work.

Mrs. Tenison spoke at the Eau Claire meeting October 17th on, "Teaching the Clothing Budget."

Miss Tupper attended the convention in Milwaukee and brought back a report on the leading points for Home Ec. Reconstruction work.

HELEN VAN ORNUM HEADS

PRIMARY COUNCIL CLUB

The Primary Council is an organization of Juniors and Seniors taking the Primary Course. The purposes of the Council are social, instructive and literary. Socially, to get better acquainted; instructive by means of talks and demonstrations from members of the faculty, and literary through the rhetorical and musical work of the members of the Council.

Reorganizing this year with a membership of sixty-one (61), we hope to make the Council the most profitable

and entertaining that it has ever been.

The officers are as follows:

President—Helen Van Ornum.

Secretary—Naomi Bartz.

Treasurer—Laura Fulton.

SOCIAL AND ENTERTAINMENT

Informal Mixer

The first date on the social calendar of the present school year was Sept. 19. An informal mixer was held in the Recreation room of Nelson Hall. This was the first step taken to promote the feeling of fellowship. As Nelson Hall is the natural rendezvous for the lounge lizards a large number of the men of the school and the city were present and lost little time in making themselves acquainted with the properly placarded girls. Dancing was allowed until 10 o'clock.

Miss Hussey, dean of Women, acted as chaperon.

President's Reception

Friday evening, Sept. 26, President John F. Sims was host to the faculty and the students at the annual reception held in the gym. A delightful program was carried out. Cornet solos by Ray Jacobs and vocal solos by Misses Ruth Pierce and Grace Finch featuring.

The gymnasium was decorated under the able direction of Miss Sadie Buck of the Art department. Students and faculty alike enjoyed the dance given as a finale.

Sunset Dances

Dancing, as a means of amusement, holds the first place in school activities. Numerous matinee, or Sunset dances, as they are popularly called, are held Friday afternoons from four to six. An opportunity is given to "Jazz 'em up," or rather, not to "Jazz 'em up" at least once a week. These dances are given by some school organization or department to raise funds for various causes. The Y. M. C. A., the Loyola, and the Home Ecs., have given one or more matinee dances. During the Salvation Army drive dances were held the proceeds of which went to that worthy organization.

The First Formal

As a fitting close to the day of our expected victory over our rival, River Falls, the girls of the school gave a formal dance, the first of the social season. The dance was, undoubtedly, one of the best ever held in the gymnasium. The River Falls football team were the guests of honor.

The gym was tactfully decorated by the girls. The ceiling was transformed into a delicately-hued lattice with an enormous chandelier of colored lights suspended from the center. The windows were also latticed, and were interwoven with evergreens. Fairy rose trees were placed in the windows. One of the coziest of cozy corners found its way into the northwest corner of

(Concluded on next page)

the gym. This was not used much as the syncopations of Weber's orchestra kept the dancers busy.

The Society Mixer

The Y. M. C. A., the Y. W. C. A., and the Loyola club gave an informal dance Wednesday, November 12, following the regular meeting of the organizations. The dance was well attended, not only by members of the societies but by many outsiders as well. A short program, consisting of vocal solos by Miss Grace Finch and Royal Gordon, and readings by Miss Viola Hoffman, was rendered.

The music was furnished by the Terpsichorean Trio.

Buffet Luncheon

The Home Economics Seniors were hostesses at a very attractive Buffet luncheon, Tuesday evening, November 18. The guests were the faculty and the Juniors of the Home Economics department. The luncheon was served in

th dining rooms of the department. The rooms were appropriately decorated for the occasion in the school colors, purple and gold.

A luncheon which was prepared by the Seniors consisted of
Chicken a la king Olive nut sandwich
Chicken a la king

Olive nut sandwiches

Hot Chocolate

Chocolate Fudge Squares.

Ice Cream.

After the luncheon the Juniors were taken on a tour of inspection of the rooms of the department. The entertainment was very informal so as to make it possible for the girls to become better acquainted with the members of their department and to become familiar with the rooms of the department.

Lyceum Entertainments

The Lyceum entertainment course for the season of 1919 and 1920 was successfully opened by the Kryl Or-

chestral Sextette October 10, before a capacity house.

Miss Irene Stolofsky, director of the sextette, held her audience throughout the entire performance. Her work as a soloist brought forth hearty applause from her listeners.

The second entertainment consisted of impersonations by the popular impersonator, John B. Ratto. Mr. Ratto's program depicted the different phases of every day, each number follows naturally and logically the one preceding, and made a panorama of associated characters. He appeared November 19.

December 18 the Edna Means-Anderson company will appear as a pre-holiday attraction.

The Dunbar Male Quartette and Bell Ringers are booked for the evening of April 26.

William Jennings Bryan will speak here some time in January or February, the exact date being unknown at this time.

Girls Rest Room to be Established

Plans for the girls' rest room to be located in the basement opposite the agricultural rooms have been laid and funds are being raised to defray the expense of equipping the room. The room is to be furnished with wicker furniture while tapestry will complete the decorations. The room is intended, primarily, and a rest room and not as a gathering place for girls.

RIDICULUM COLUMNS

(By Laughearty)

Littl scraps of paper,
Little drops of ink,
Make the Normal janitors
Speak not what they think.

Faculty members all remind us,
We can make their lives sublime,
When departing, leave behind us,
Sufficient funds in the treasury of
the Pointer and the Iris to cover all
debts incurred by said organizations
and overlooked by same.

Delzell to observation class:
"Those are orders from below—I
mean the critic teachers."

Miss Hussey in Advanced Literature:
"Give the principal parts or drink."
Student—"Drink, drunk, drunk."
Second Student—"You got drunk too
soon."

Home Ex. to practice class:
"The next thing to do is to take
the scraps that are left over and make
hash."

Notice

The Normal Barber Shop wishes to
state that they are again doing busi-
ness. It will be well for those who
have work to be done to saunter lei-
surely through the hall when the bar-
bers are holding their daily convent'on.
No charge is made for work properly
done. Men in responsible positions
will not set bad examples by evading
this notice.

Signed,
GEO. MORRILL,
and mustache.

The following bit of Greek anthology
was handed out by our worthy editor
who wishes to be quoted as an author-
ity:

"You, no doubt, wonder what is
meant by the term Alpha Kappa Sig-
ma. We cab oriyydkt sat ut satbds
fir tge best deoartnebt ub tge."

From the Stoutonia. (Is this an
exchange?)—Professor Dyer of the
Stevens Point Normal school visited
Hannah Johnson over the week-end.

During the World's Series Professor
Neale of the Rural department was so
much taken up w'ith results of the
game that he forgot, for a time, his
position on the faculty. President
Sims was making a vigorous speech
on True Americanism when he chanced
to make the follow ng statement:

"Now is the time for us, as Amer-
icans, to put some Red blood into our
systems." Whereupon, Professor Neale,
who has relatives on the Cincinnati
team, began to applaud in a haphazard
manner. The result was marvelous.
The assembly was dismissed until the
Series was completed.
