## Pointers Beat Eau Claire 25-0 In Third Win Of Year

Displaying a powerful defense and a well timed offensive attack, Central State Teacher's College gridders opened the 1928 Conference season with an impressive 25 to 0 win over Eau Claire on the local field.

From the time the Gold clad eleven appeared on the field until the final play it could be plainly seen by all present that the determination to avenge for the stinging 6 to 0 defeat handed the Eggebrecht clan last season, was uppermost in the thought of every Point player, and from all indications the revenge was sweet.

### White Recovers Fumble

Capt. Weronke won the toss and chose to defend the west goal for the first period. Eau Claire elected to receive the kick and McDonald opened the contest by kicking to Eau Claire's right half who returned the ball only a short distance where he fumbled and White recovered for the Point. Drives off tackle by McDonald, Vrobel, and Rezzatto, put the ball in position to score where Rezzatto scooted through a big opening in the line to count the first touchdown. His kick for the extra point was good and the score was Stevens Point 7, Eau Claire 0, with only about four minutes of the quarter over. Throughout the remainder of the quarter the Point eleven made first downs quite handily. Eau Claire, through successful passing attack succeeded in making their first, first down. Laabs replaced Rezzatto for Central in this period.

### Pointers Tally Again

With the ball in scoring territory again, through the efforts of some powerful drives by Laabs and McDonald, McDonald carried the oval over the line to bring the total score to 13 for Central State and 0 for Eau Claire. Laabs missed his try for Point and Eau Claire asked to receive the kick off again. Very little action took place the remainder of the half. Eau Claire made numerous attempts to score via the passing route but were unsuccessful and the first half ended with the count still 13 to 0.

Zorn's boys came back the second half with an apparent determination to overcome the lead that the Pointers had piled up the first half, and for the majority of the third period they fought Weronke and Company on an even basis. No scoring was the result of this period, and things began to look a little more interesting for Eau Claire, though the Point never was in danger of being scored on.

### "Ollie" Neuberger Scores

In the middle of the fourth quarter with Eau Claire in possession of the ball on their own 15 yard line, a pass was attempted and "Ollie" Neuberger, Central's brilliant right end, reached up and pulled the ball out of space to race over for another score. Laabs' kick went wild and again Eau Claire chose to receive. It was only a short while after Neuberger's touchdown that the Eau Claire punter fumbled and White scooped up the ball only to lose it with Fors recovering. In position to score once more, the ball being on the 10 yard line, McDonald pounded through the line to make the final touchdown of the day. Laabs' kick missed being good by inches. At this juncture, Eggebrecht inserted his "second varsity" and they carried on to the final.

### Point Eleven To Rest

This week the Point eleven will be given the chance to rest, as there is no game scheduled until October 20 when the final out of town game is played with Stout at Menominee.

## Good Program At Ashmun Meeting

The Margaret Ashmun Club held its first meeting Wednesday eve. Oct. 10 in the Rural Assembly.

Mr. Gustafson of the English department gave a very interesting and instructive review of his recent trip to Europe together with comments on the literature of Europe.

Harry Walters rendered selections on the piano, and also accompanied group singing of popular songs.

The club made plans for Homecoming which will be October 27th. Many clever and interesting stunts are to be arranged in expectation of this event.

The club also discussed plans for the selections of new members. As this is an honorary organization, the new pledges are chosen for their excellence in scholarship and extra-curricular activities.

The next meeting will be held November 14th.

## Delzell's Proteges Hold First Meeting

The first meeting of the Primary Council was held Monday evening in Mr. Delzell's room. It was a very informal, get-together time for the purpose of acquainting the Juniors with the Seniors. Miss Dorothy Cawley, president of the Council, gave a short talk of welcome and Mr. Delzell spoke.

Committees on entertainment and refreshments were selected. Members are looking forward in keen anticipation to future meetings under the able supervision of these committees.

## Good Attendance Of Collegians At Dance

A dance was held in the Gym on Saturday nite to celebrate the Eau Claire game and about 150 attended. Music was furnished by Allen's Orchestra. Miss Hussey and Mr. Schmeckle were chaperones.

## School Directory Will Be On Sale

The Point College student and faculty directories will be on sale at the counter next week for 25c.

This directory contains the names, street addresses, telephone numbers, and home addresses of all students and faculty members of the College.

All students are urged to buy these directories in order that the expenses of printing may be met.

These are printed because of the great convenience and service they render to committees, heads of departments, and all in general.

## Speaking And Debate Classes Are Active

Debate classes are now giving political speeches.

Public Speaking Classes are soon to begin on a series of one act plays. These plays will be coached by student members of the classes. Last year the one act plays presented were very entertaining.

## Registrar Asks For Student Cooperation

The following statements come from the registrar's office:

1. From now on students who are in the first year of any course in this school, are considered freshmen and those who are in the second year of any course are considered Sophomores, etc.

2. All students are inclined to speak of their courses in general terms. Will they now get the habit of specifying by saying they belong to the 2yr. Primary, 4 yr. Grammar, or whatever the case may be. This will eliminate a great deal of misunderstanding and confusion.

3. Students who expect to graduate at the end of first semester are requested to make application for such graduation before Friday, October 26. Blanks can be secured from the office.

### "TOMORROW"

Oh, what a day is tomorrow,  
Lighting our burdensome way;  
'Tis a chance we are giving to borrow  
The work incompleated today.

What if the dawning tomorrow  
Failed us, and came not? — I ask.  
I'm afraid there'd be weeping and  
sorrow,  
And many an unfinished task.  
F. Rogers Constance

## Faculty Ladies Are Pleased With Picnic

On Thursday night the lady members of the faculty enjoyed a picnic at the Old Water Works Park. This general get-together proved to be such a happy occasion that it was voted to make the picnic one of a series.

The particular feature of this picnic was the camp-fire, over which real, honest-to-goodness hamburger sandwiches were made. Buns, pickles, coffee, cookies, and grapes were also served. After the "cats" had disappeared, games were played and songs were sung around the camp-fire until eight o'clock, when the picnicers all voted for more of these jolly meetings and departed homeward.

## Several Rare Books In College Library

As is customary every year, many new books have been received by the college library. These of course are too numerous to mention but there are some of particular interest to note.

One of the most interesting additions was a twelve volume illustrated set of Trail's Social England which is out of print and very rare. It was obtained from London and came during the summer.

Also there was received the English Arden edition of Shakespeare in thirty-nine volumes. This, too, came from London.

#### COMMENTS

The students of Central State certainly must be complimented upon their splendid turnout last Saturday to see Eau Claire white-washed. The college students were so far out-numbered by the high school students and the town people that it was an impossibility to find them.

Is that the kind of support you plan on giving the team at the only other two home games? We have a team this year that everyone can be proud of. You'll never appreciate the wonderful backfield combinations nor the powerful line we have by sitting home and toasting your toes on the radiator.

Don't forget that our next home game is with Platteville on October 27 and that it is Homecoming.

It seems peculiar that someone who has had previous experience in cheerleading doesn't offer his services to the school for the coming year. A small group of students could make enough noise to put fighting spirit in the boys if the group had system and organization.

It is probably rather early in the school year to expect many leaders to make themselves known. Apparently every one is too bashful to take the initial step. The Pointer is wondering if there is someone in the student body who has enough backbone to sponsor a student organization which will be recognized as the voice of the students.

Here is a suggestion. Why not get fifteen minutes time in the next assembly to speak to the student body about it or call a special meeting at noon or after the afternoon classes.

There certainly has been a great need already for organized expression this year as every student realizes. We have the need — where is our campaign manager?

#### ELIGIBILITY

Do you realize that unless some restrictions were placed on athletics the organization as such would soon rot and decay? The product of mediocrity would be the athlete whose morals and standards would have deteriorated because of his contact with the organization as a whole.

Not long ago, the most corrupt practices in business produced the best results, the greatest financial gains. If you have any contact with business organization now, you will realize the decided change in the ethics employed. Business men frown on "underhanded methods" to attain results.

What about ourselves? Teaching is a profession — a business. Our ethics should include honesty, high morals, good character, and, last but not least, a well-developed sense of fair play.

Whether we personally believe in many of the technical rules and regulations governing college athletics or not, yet as long as those regulations exist, we must abide by the decisions rendered.

How quickly we resent having someone step on our toes. Just because our college has been affected by the decision of the committee on eligibility, we quickly assume a defensive stand.

Don't be too harsh on the individuals in our institution who are compelled by outside agency to fulfill the eligibility requirements.

COLD WATER AND BOQUETS  
CHEERFULLY THROWN.  
KNOCKS A SPECIALTY

Glenn White, prominent loafer and pig skin chaser, underwent a minor but painful operation at the fair grounds last Saturday. Deciding that his deminishing youthful beauty must be restored at all costs, Mr. White put his nice straight probosis in the path of someones shoe with great effect. Lo and behold, the aforesaid nose was gently but firmly pushed to another angle, giving Mr. White a beautiful Roman profile. An unknown Eau Claire man performed the operation, also administering the anesthetic which consisted of a preceeding kick applied to the back of Mr. White's lap. The patient is regaining strength rapidly and spends much of his valuable time before the shower room mirror admiring his rebuilt features. Attention ye artificially blushing coeds, whose school girl complexion is ancient history. Maybe Mr. White can help you out and make you all young and beautiful. Ask him, not us.

It pays to be polite, is the motto of Mr. Bill Albrecht. Last week Bill needed some cash for a date so he tries to borrow it off from the squad. No luck until he came to Captain Ben who promptly handed Bill ten bucks. "Thanks a lot, old dear," says Bill, "I can never repay you." Moral, be a Scotchman.

Laabs, one of the Point's Four Horsemen, gallops around the one hundred yard pasture without a leather bonnet. Early in Saturday's game he also underwent an operation, when some enterprising Eau Claire teacher wanted to see what made the steam roller go and cracked Mr. Laab's head open. The curious westerner only saw a few stars and a two hundred pound tornado gently leveled his ranks. If the gang don't wear the customary fall styles in hats we are apt to see some headless horsemen running around the campus. It's all O. K. to play bareheaded if you have a dome like Jaek Rezatto who states that his block is harder than any shoe made excepting perhaps a lady slipper. That's his weakness now.

Favorite pastime is growing soup strainers, eating peanuts, and talking a lot about their pet mice. Clarence leads his brother by two mustaches so far, having grown an average of forty six a year to his brothers' forty-two. Step up gentlemen, they won't bite. And now we present

## G. A. A.

Rewards do come to those who work — truly work. Just ask the girls' gym classes. After they spent hours and hours pulling weeds from the hockey field, the girls were rewarded with a marshmallow roast given by Miss Seen. Even Miss Seen worked six hours in one week pulling weeds. They made a dandy bonfire — plenty hot! Everyone enjoyed the marshmallows, even after having pie a la mode at the dorm.

A surprise is due the student body at homecoming time. Two big features of the morning will be a hockey game and the tennis finals of the girls' tournament. It will be worth seeing, for the girls have been swinging hockey clubs and tennis rackets for a month. They know their games. You'd better be out to cheer.

## Y. W. C. A. HOLDS MEETING

# KAMPUS KAT

I didn't know I had so many enigmatical friends (that's one way of saying friendly enemies, isn't it?) until last week. Of course I knew I had gotten to be a quite well known figure around the Kampus but I didn't even imagine that anyone would try such a low down trick. Oh, I've put all four paws into it again without telling how I got my right fore paw in.

You see I was invited over to the Dorm to spend the night with one of my best friends. She had promised me toast, cookies, and hot catnip tea after lights out. Purr — Purr

About nine thirty I sat with my toes neatly curled when horrors! it looked as though the flood had broken loose in the hall. With three Meows I gained the top of the curtain and there I stayed! Somebody opened the door and waded out into the hall. The water was inches deep and proceeded from the largest source of the water main — the bath tub. Consternation reigned and it soon looked as though half of the Dorm wanted to get drowned the way they appeared. You may better believe I did not move from my perch on the valance until the sea had dried up. I finally condescended to be coaxed down from my perch and a cup of catnip tea comforted my wounded feelings somewhat.

To think that some one would try to drown a poor cat.
