

ATHLETIC SCHEDULES REVISED

TEN COLLEGES GROUPED INTO TWO SECTIONS

Point, Milwaukee, Oshkosh, Platteville and Whitewater in Southern Division

Revised football and basketball schedules for the nine teachers colleges of the state and Stout Institute will go into effect next fall as the result of a meeting held in Milwaukee this month by the various college athletic representatives.

Colleges Are Grouped

According to the revision the ten colleges will be divided into the northern and southern sections. Milwaukee, Oshkosh, Platteville, Whitewater and Stevens Point will comprise the southern section. La Crosse, Superior, River Falls, Stout and Eau Claire are included in the northern division. Grouping of the two sections was determined by mileage between cities.

As a result of the change Stevens Point will only meet Milwaukee, Oshkosh, Platteville and Whitewater in regular conference games in both football and basketball hereafter. Games with colleges in the other division may be scheduled but the contests will be considered as non-conference games.

Four Grid Games

In the new football schedule which will go into effect next fall each college will play four conference games, meeting each of the other schools in its division. Non-conference games may be scheduled with any of the other schools, however.

The new basketball schedule will go into effect next year. This year's schedule is already drawn. The new schedule calls for eight conference basketball games. A home game and an out-of-town meet with each of the colleges in that division is included in the quintet schedule.

Meet Next Saturday

A regular four-year rotating football and basketball schedule will be drawn up next Saturday at Oshkosh when the schedule committee meets in Oshkosh. Mr. Fred J. Schmeeckle of the local college, Mr. Whitney of Oshkosh, and Mr. Fischer of Whitewater comprise the schedule committee. The proposed schedules will be mailed to each of the ten colleges

Yodlers Coming Wednesday; African Explorer, Dec. 1st

Next Wednesday morning at the regular 10 o'clock assembly hour Mrs. Fiechtl's Tyrolean yodlers will entertain the student body. The master artists won the six days' yodle and song contest in Innsbruck, Switzerland and their programs have drawn numerous press comments.

To Inspect College

Professor Ambrose L. Suhrie of New York University will visit the local college on Wednesday, Nov. 30. The New York educator is making an inspection tour of all teachers colleges in the country. He will spend the entire day here and will deliver an address to the students at 10 o'clock. He will visit Marquette University on a Monday, Oshkosh the next day, and Stevens Point on

Wednesday.

African Explorer Here

On Thursday, December 1, at the regular 10 o'clock assembly hour, Joseph E. Elliot, noted explorer and author, will present the students with an absorbing story of his adventures in the Hinterland of Liberia in mysterious Africa. His lecture, slides and motion pictures of the strange lands, savage peoples, jungle kings and witch doctors who rule them, are intensely interesting and instructive.

Capt. Harris Tuesday

Capt. Harris and his accounts of capturing wild animals alive without cruelty was delivered at the regular student assembly Tuesday morning.

Prize Oration Is Published In 1932 Annual

"The Bourne of Youth," State and Tri-State championship oration of 1932, by Celestine J. Nuesse, will be published in Volume IV of the University Oratorical Annual. The volume, published by Noble and Noble of New York, is a yearbook of college oratory, in which are included representative and prize winning selections from thirty colleges and universities throughout the country.

Professor Evan E. Anderson of Gustavus Adolphus College at Saint Peter, Minnesota is the editor. The book is just off the press, and will be on the shelves of the college library in the near future.

UMBRELLA LOST

An umbrella was taken from the girl's locker room on Nov. 7. Will the taker kindly return same to the locker room?

for approval. The new schedules must be approved by the respective colleges not later than December 15 to become official.

Officials' Pay Slashed

At the Milwaukee meeting it was also voted to reduce the salary of officials to \$15 per game and expenses.

VACATION NEXT WEEK

College classes will be dismissed next Wednesday noon for the "Thanksgiving Holiday". Classes will be resumed Monday morning, Nov. 29. Governor Bradford and his Pilgrim Fathers were the first group to set apart this day as a Thanksgiving event for the mercies of the year at Plymouth in 1621.

There will be no issue of the Pointer next week.

SENIOR BALL BEGINS NEW SOCIAL YEAR

Alta Stauffer To Preside At Gala Affair; Tom Temple To Play

The evening of Saturday, Dec. 10, ushers in the first big semi-formal dance of the year, the Senior Ball.

Tom Temple Plays

Tommy Temple's sterling band had been engaged by the Seniors to dispense the music for the upper classmen's farewell to the social life of the college. The orchestra is rated as one of the outstanding bands in the state.

This Senior Ball is the first in the history of the school. Hitherto the Junior Prom was the only outstanding social event of the year in this field. The Class of '33, in presenting this Ball, is enlarging the social activity of the school. Incidentally, this same class of '33, is the one which so successfully managed the Junior Prom of last year.

Queen Of The "Ball"

Alta Stauffer, popular president of the Senior Class, will preside at the Ball. Campus folk have begun to wonder who the "King" will be. Read the Pointer, and keep posted. (Adv.)

Winter Scene

The decorations for the Senior Ball will follow a winter scene motif. Irl Thurber is in charge of decorations, and Mr. Giovannini is very kindly assisting in this work. Don't forget the date — Dec. 10. Do your Christmas shopping early — at the Senior Ball. You'll admit there is a Santa Claus.

Tau Gamma Beta Sorority Dance Saturday Night

Tau Gamma Beta Sorority will hold the first informal Greek dance of the school year in the new gym Saturday night. Harold Stevens and his popular dance orchestra will play for the "sorority dance" from 8:30 o'clock until midnight.

All college and high school coeds and their escorts are invited. Invitations are also being sent to alumni and townspeople. The party will be a strictly couple affair.

PROFESSOR SUHRIE COLLEGE GUEST

A guest will be with us on Wednesday, Nov. 30, when Professor Ambrose L. Suhrie of New York University will make an inspection tour of our college during the entire day.

Mr. Suhrie is gathering data on the various teachers colleges throughout the United States. He has come in contact with thousands of students and faculty members and has gathered a multitude of material on the various colleges. He will speak to the local student body Wednesday morning at 10 o'clock. Suhrie will visit Marquette University and Oshkosh Teachers College on Monday and Tuesday, respectively, of the same week.

THE MISSING HALF

As has been announced, Hoover was the choice of the student body in the college election held November 8. This selection was expected and in keeping with college surveys throughout the country. In a certain sense, it is a tribute to this man to be the choice of the students that voted. We make that statement because only 377, or 50%, of the students responded to the poll, and the president therefore is the choice of the young men and women who have a feeling of patriotism, citizenship and a normal interest in public affairs. This is not a reflection on the president-elect, but it is a direct rebuke to the collegians who failed to vote and yet desire to become the teachers of the boys and girls of Wisconsin in a very short time.

We venture the suggestion that these uninterested people were among those to greet the political speakers at the assembly a few weeks ago with healthy Bronx cheers. Yet, apparently, the heated campaign and perfect organization developed in the local institution for the election, were not of sufficient intensity to motivate one-half of our enrollment.

It is disappointing indeed, in view of the fact that these same people, who failed to indicate their training in citizenship, plan to become teachers. A suggestion comes to us that these college elections shall be continued and that they shall be tradition. It is also suggested that the registration lists shall become the property of the Training School. The lists undoubtedly would be valuable as proofs of training in citizenship, patriotism and other necessary qualities in the candidate for the teaching profession. We believe that an analysis and study of the registration list would be interesting. What department responded best? What department had the poorest average? Are the High School, Rural, Grammar, Home Ec. or Primary people to receive credit for having the best teacher material? It would be very interesting to know.

We wish to compliment Mr. Knutzen and his Social Science classes for their efficient work on their commendable enterprise of conducting the model election.

College Tourney Presented Soon

Another one of those "battle royals" which have been received with so much enthusiasm will be presented soon when Promoter "Windy" Thomas stages the third All-School boxing tournament.

Elimination Contest

These fights will be in the nature of an elimination contest. The winners of these fights will have

a chance to meet the triumphant scrappers of the bouts of three weeks ago to decide the question of "who can lick who".

Prospective pugilists have not been found for all weight divisions, so a final card can not be announced. However, if it lives up to the fun and gore of the previous demonstrations of legalized manslaughter, it can't help but appeal to the college students and other violent minded members of the species.

STUDENT

BROADCAST

A Heaven On Earth

Dear Editor:

Some years ago a righteous article appeared in our Pointer calling our attention to the hours which are allowed girls. Nothing was done about this, in fact we knew that the hours would not be changed because nothing else in the school tending to freedom was even sanctioned.

This so-called obstinateness and suspicion has disappeared, practically speaking, under our new regime. Therefore it is fitting and proper that the girls assert their rights and secure at least a little liberty.

The hours for the girls who stay at Nelson Hall and also other of the student coeds remain fixed at 10 o'clock every night of the week except Friday and Saturdays. Great generosity occurs on these two nights because a half hour is added to the "ten o'clock" and these poor girls do not have to get in until half past ten.

Many a time a couple must get up before the show is half over and turn for home for fear of not getting a good recommendation or of being put on the "black list". In an institution of this size, and sort, this is a serious thing. After hours of mental agony and travail a girl may summon up enough courage to ask for a special permit. Usually she gets it but then there are some who are not granted this privilege.

In the case of a dance the permit extends to ten minutes past-dance time and unless the car or the taxi tears up the road we may find the door locked at the dorm and then we have to apologize and give hundreds of excuses for the slight delay. This is absurd and as Mr. Spindler would say, "poppycock". As if a girl could only go wrong between the hours of ten-thirty and eleven-thirty o'clock. What about the hours from seven-thirty and nine o'clock?

At Northwestern University the girls are allowed two nights until 12:30 o'clock. The Senior girls are allowed four nights the above hours. This is near Chicago which makes sin and vice all the more easy to assimilate. Smoking rooms are put aside to allow the girls to smoke — of course — we could not ask for this — not yet anyway — so we must smoke where we cannot be seen and then everybody will appear blessed with glorified innocence.

To the point of the article: Is there any possible chance for a revision of the hours which our college coeds are subjected to at present?

"MODERNISTO!"

BARTEL TELLS 'EM

In Mr. Reppen's Ancient History class our new instructor shot the following interrogative at the class: "How can you summarize the history of the Fertile Crescent?"

Joe Bartel (just waking up) shouted, "Fertilize it!"

Clell Stien Bass Player In "U" Band

Clell Stien, who was graduated from the local High school last year, and the first senior of the local prep school to win the Hardware Insurance \$4,800 scholarship to the Wharton School of Finance and Commerce in Philadelphia, is a member of the University of Pennsylvania band. It has 125 members.

Plays Bass Horn

Stien plays the bass horn and during his High school days here was one of Russell Grindle's outstanding musicians. He was one of the instigators of the original "German Band" which gave concerts from the local Fox theatre canopy every Saturday night last summer.

Clell is a son of Mr. and Mrs. George Stien, 1100 Main street. In a letter to his parents he stated that the University band has played for the big football games out east. The organization is togged in attractive military uniforms with Sam Browns and cocked hats lending color to the West Point modeled outfits.

Kept Plenty Busy

"Red", as he is sometimes called, was a member of the football and basketball teams under Coach Harry Ringdahl. School work and the band is keeping him plenty busy without trying to tackle athletics, his letters state. He is very much impressed with the university.

Advises Band Work

Clell highly recommends band work for all college and high school students. "Boy, I'm mighty glad I put in a little extra time on band work in my good old high school days. I'm realizing benefits from it out here now", concluded Clell.

Gordon Stien, brother to Clell and local alumnus, recently organized a band at Boyceville. Vernice, another sister, is a clarinet player in the local High school band.

SWEEPINGS FROM THE JANITOR'S DUSTPAN

It looks to me like one big gyp The way they robbed our squad. Because we hit a healthy clip They licked us with a fraud. They couldn't do it on the field; Whitewater found that out. We dusted off the Sawdusters; We put Eau Claire to rout; We quit by giving Stout the heel, And made the conference shudder. And so they tried to check our zeal By licking us on paper, And tho' they raised an awful fuss And took what was our own, Here's something that may cheer us: "You can't keep good men down".

Playing on a frozen field the Stevens Point gridders pulled down the curtain on the 1933 football season by defeating the Stout Institute team last Saturday afternoon at Schmeeckle Field, 6 to 0.

Unbeaten At Home

The Pointers maintained their winning pace at home, finishing the season without losing a game on the new athletic field. This last game almost proved the breaking of the record before it got started, for Coach Burbridge brought a fighting team to Stevens Point. They resembled the team that played River Falls to a standstill in the first game of the season.

The two teams fought on even terms for the greater part of the game, but the heavier Point line was able to hold whenever Stout threatened. Straight football accounted for the Pointer's lone score. Becker passed to Murray, a 30 yard pass, and "Ronnie" toted it 14 yards more before he was dropped on Stout's 38 yard line. A series of line bucks advanced the ball to the 10 yard line, from which point Hinkle crashed through for the touchdown. The try for the extra point failed.

"Pretty Frigid"

Although the game was played under terrible weather conditions, neither team fumbled until the final quarter. Most of the players wore canvas gloves to protect their hands.

The game was the end of the football trail for Ed Baker, Harry Hansen, and Russel Atwood. They'll never don the moleskins for the Point again — it is fitting that they go out with victory.

SAM'S SPORT SHORTS

Last week wound up our forecasting of football results. In past issues we have predicted the results of 39 games, of which 33 were right and 6 were wrong. This gives us a grand average of .847. And the Yanks won the pennant with less than that.

WE WANT TO PLAY WHITEWATER!!! WE WANT TO PLAY WHITEWATER!!!

Whitewater State Teacher's College is champion of the conference. The only blot on their record is a defeat at the hands of the Point. This defeat was erased by official action of the Athletic Commission.

Understand, we are not disputing the ruling made by the Commission. What we do maintain, however, is that Stevens Point would have beaten Whitewater that day, even if Garber, the protested man, had not played.

Perhaps Whitewater is satisfied to take the title and give no thought as to the earning of it. Perhaps Whitewater cares nothing for a clear record. But, if they care to prove themselves real champions, let them demonstrate their superiority over the Point.

Sport Shorts advocates a post-season game, to be played on Schmeeckle Field. The game would settle, once and for all, Whitewater's moral right to the title, if not it's legal right. And we're betting on the Point!

Stevens Point High School crashed through again Saturday for a 12 to 0 victory over Merrill and a share in the coveted Wisconsin Valley title. Although Wausau was held to a scoreless tie by Marshfield, which accounts for the Pointers sharing their title with Marshfield, the show of power made in Saturday's game seems to indicate that the Red and Black are the most powerful team in the valley conference.

It seems to have been a habit Saturday for one man to make all the scores. What McGuire did against Minnesota, Marshall, the flashy Point halfback did against Merrill. Taking the ball on Merrill's nineteen yard line, Higgins passed to Marshall for the first touchdown, after which Nugent missed the extra point. While this score was sufficient to win a strong Merrill attack apparently gave Stevens Point the shivers, for in the fourth quarter Marshall recovered a blocked Merrill punt, and on the next play went over for the final touchdown.

The game marked the last appearance in High School uniform for Nugent, captain and fullback, Oligney, quarterback, Seguin, Frank, Breitenstein, Hanna and Garraghan, ends, Marrs, Dehlinger, and T. Menzel, tackles, J. Vicker and Pearson, guards, and Broome, center. Needless to say, Coach Kotal would not be sorry to see some of these men in college uniforms next year.

Four Games End Conference Race

Four games ended the conference football season last Friday afternoon. When the smoke had cleared away Stevens Point had downed a hard-fighting Stout eleven, 6 to 0, Whitewater had beaten Oshkosh, 12 to 0, Superior had trounced Milwaukee, 19 to 13, and River Falls took the measure of Eau Claire, 13 to 6.

Whitewater Leads

Whitewater, with a record of four victories and no defeats, (on the record-sheet), and La Crosse, boasting three wins and one tie, share the championship of the Teachers College conference.

In second place rest Superior and River Falls, both teams having won three and lost one game. Here the Pointers would be, with a record of four games won and one lost, were it not for a legal robbery of two games.

The Rear Guard

Bringing up the rest of the field are Milwaukee, Oshkosh, the Point, and the other schools, none being close enough to threaten the leaders. Fighting it out for the cellar championship are Stout and Platteville "upon whose banners victory has ne'er perched", to quote from Shakespeare, or was it Poe?

Well, anyway, the college voted intelligently.

A local citizen walked into the Post Office the other day and planked a two quart pail on the counter at the stamp window and asked that it be sent to Washington to be filled with good beer. Some one had told him that if he voted for Roosevelt all he would have to do the next day was to send to Washington for beer and he could have it. He was a pretty disappointed man and a very very angry one when the clerk told him the truth. There is one man who wishes he hadn't voted for Roosevelt.

"Dick" is remembered in connection with the boxing tournament now at hand. He fought in the first one, held here last Spring. Tuthill did not go for football at the Point, but under the expert tutelage of Coach "Bernie" Bierman of the Gophers is expected to develop rapidly. He was a star at Stevens Point High during his prep days.

SENIORS AND FACULTY DINE

All the graduates are "agog" now that the day for the Senior-Faculty dinner is at hand. Every year Miss Hussey, Miss Rowe and the graduates at Nelson Hall and at the John Francis Sims Cottages entertain the college faculty at a dinner-banquet in the house dining-room. This year's banquet will be held in Nelson Hall Saturday evening at 6:00 o'clock.

The Silver Tea sponsored by the Y. W. C. A. and held in our living room was well attended. More about this is written elsewhere in this issue.

No wonder Wisconsin had such good luck Saturday. Jane Wright was in the bleachers at Madison making noise (and also acquiring a cold). Thyra Iverson was also out for sports this week-end. She attended the Midwest Women's Hockey Tournament held at Milwaukee.

Gladys Caldie visited with relatives in Minneapolis over the week-end. Are some of us ever glad your brother is a baker, Gladys! Adeline Bellman spent the Armistice Day recess at her home way down south in Fort Atkinson. Alice Paulson was entertained by her sister at Menasha for a few days.

Elda Miller of Westfield was hostess to her roommate, Margaret Beardsley. Alene Stock entertained Leora Streblov at Loyal. Katherine McCarthy visited with Catherine Sargent at Antigo.

Gwendolyn Colburne entertained her friend, Hermione Kuhlman of Wausau, at Nelson Hall this week-end. Magdalen Goggins was visited by her cousin, Mrs. Goggins and a friend, of Wisconsin Rapids last week.

Five "stiffs" put in their appearance Sunday morning. On Saturday morning they followed the exercises of a radio "set-ups leader". That's what we get for not keeping in trim.

Violet K: "How old are you, Rose?"

Rose W: "I was 14 in February."

Violet K: "Oh, so you were born in 1916."

Rose W: "Yes, and next year I will be born in 1915."

FACULTY FLASHES

BY MOTHER GOOSE

Another is Miss Jessie Jones,
Who loves to draw grasshopper's
bones,

She will plough through the bog
Just to fish out a frog,
And she loves to hunt bugs under
stones.

We must not forget E. T. Smith
He knows much historical myth
To renoun he has claim
And in spite of his name
He's a lad of most excellent pith.

And then there is Davis and
Brown,
Although they reside in this town
Without a mistake
They're of Hollywood make
No doubt they will soon settle
down.
