STUDENTS WILL DECIDE EASTER VACATION

At the regular assembly hour today students will decide the definite Easter vacation date.

President Hyer will submit two plans. If the majority of students are in favor of no school on the Monday preceding Memorial Day (which would give them a vacation extending from Friday afternoon, May 26 to the following Wednesday morning, May 31) then our Easter vacation will start at the close of classes next Thursday afternoon and continue until Tuesday morning, April 18.

If the majority of students vote the other plan our Easter vacation will start next Thursday noon and continue until the following Wednesday morning, April 19.

General opinion seems to favor a longer vacation at the Memorial Day holiday. This would give students four consecutive days of vacation. Should the other plan be carried students would be required to return for Monday classes and would be free only on Tuesday (Memorial Day).

College Primary Department Organized in September, 1914

By ALFRED J. HERRICK

Our present Primary Department was organized in September 1914. Its first Director was Miss Helen Parkhurst who had previously been a critic teacher here in the primary grades. She was appointed Director by John F. Sims, then president of the school. After leaving the faculty here, she later originated the Dalton Plan of teaching and is now engaged in experimental teaching in New York City. Miss Parkhurst organized the first course of study for the department. It was a two year English course and contained several courses no longer offered. Several of the courses were short, nine weeks courses such as, Primary Construction, Primary Plays and Games, General Methods, Observation, etc.

Miss Parkhurst administered the activities of the department until June 1916 when she resigned from the faculty of the school. President Sims appointed James E. Delzell, who became a member of the faculty in September 1915, to fill the vacancy and he took charge as Director in September 1916. Mr. Delzell proved to be a very popular director and the enrollment in the department rapidly increased. He instituted the departmental organization known as the Primary Council during the year 1918-19. Mr. Delzell remained at the head of the department until June 1930 when he resigned from the Faculty due to failing health having served as Director for a period of fourteen years.

President F. S. Hyer appointed H. R. Steiner, Head of our Department of United States History, to succeed Mr. Delzell as Temporary Director in September 1930. He remained in charge of the department during the second semester of 1930-31. In the meantime, President Hyer succeeded in inducing Miss Susan Colman, who had made an outstanding success of her work in the Primary Department of the White-water State Teachers College, to come here as the permanent Director of the Department. She took charge in February 1931 and has since been active in raising the standards of the department and in re-organizing its curricula.

SUSAN COLMAN

The present year is the nineteenth since the Department was first organized in 1914. During that period many changes have been made in its administration, principally changes in the titles and the content of the individual courses offered and the length of the curricula. The Department has maintained a two year curriculum ever since it was organized. In the fall of 1928, Mr. Delzell organized a four year curriculum and since that date both curricula have been offered by the Department with a steady increase in the number of students taking the longer course. Miss Anne Dunegan was the first graduate of the four year curriculum and the first to receive the B. Ed. Degree in Primary Education from this institution.

The Enrollment in the Primary Department by years follows:

STUDENT

BROADCAST

Give It A Chance!

Students:

I am writing this proposition for you to take into consideration. How about giving it some thought on the two purposes?

My proposition: Why not have a Leap Year Party where the girls do the inviting and the other usual formalities of a dance? Oh, yes, I know it is not Leap year, but don't you think the girls need to give the fellows a chance as well as vice-versa? Almost every other college does this and makes it an annual affair with a success.

My two purposes:

First: Let the fellows who are not asked to dance be in a stag line to act as little "wallflowers".

Second: Give the fellows a chance to refuse a girl and see how the girls will feel when refused.

As long as I have been in this school, I have never seen this worked out as an all school party affair. Give it a fair chance and trial and see if it could not be a success.

As to the price of admission, I think it would be fair enough to say 50 cents a couple plus the girl's student activity ticket. If the girls and the fellows come alone, the admission should be 25 cents for each plus the student activity ticket. Whether a person comes alone or with some one else, it must be remembered that it is up to the fair maidens to be the privileged ones.

I have said my say, and I hope you will all at least give it some thought and make up your minds to try it.

GRETA

P. S. Any comments or remarks will be appreciated.

Ph. B., Univ. of Wis., M. A., Columbia Univ. Tchr. and Dean, Senior High School, Minneapolis, Minn. Miss McDill was a Stevens Point girl she was brought up here, graduated from our high school and from this school. Was a former teacher in the Stevens Point H. S. Her father was formerly regent of this college. She has made a fine success as a teacher of English, both in the high school at Minneapolis, also in vocational school classes. The fact that she is dean in such a large high school shows that she has the confidence of the school authorities.

COLLEGE "PUGS" FIGHT TONIGHT

AMATEUR BOUTS HELD IN OLD GYM AT EIGHT

Surprise Novelties To Feature All-College Tournament Windy Thomas In Charge

Tonight is the night for twenty college battlers when they meet in the old gym in another of those sensational amateur boxing tournaments at eight o'clock.

These boxing tournaments, promoted by "Windy" Thomas, have won the reputation of being the greatest entertainment and most real fun of any athletic event. Four knockouts featured the last tournament, which was held last fall.

A feature of the bouts is the fact that none of the "pugs" are sure just whom they are to meet. Several veterans of other tournaments are on the card, Russ Beppler and Arthur Laabs, among others. Myles Graney and Ronald (did you know that was his name?) Winn are among the new men scheduled to wear the padded mitts.

Several novelties are planned, to be presented between fights. One (this is supposed to be a secret, so don't tell) is a match between two blindfolded collegians. It ought to be good.

It is rumored that Ted Coleman, negro boxer, and an attraction in his own right, may be secured as referee. "Windy" Thomas will act as a second in one corner, and "Bucky" Miller will whisper words of advice in the other corner.

The attendance of the girls of the school is especially solicited. At the last tournament only twentyfive girls were present. What they lacked in numbers they made up in sound. Admission prices will be 25 cents for students and 40 cents for outsiders. Scrip will be accepted. Come one, come all.

Cinders and Elm Trees Added to New Gridiron

Fifteen young elm trees were planted on the west side of the new athletic field. The trees were donated by the city to replace those that were removed last fall.

Work toward the completion of the cinder track was resumed last Saturday. The 440 yard beat which surrounds the new gridiron is expected to be ready for use in two weeks. In the meantime a narrow cinder trail is being leveled to allow the trackmen sprint practice.

Thinlyclads Begin Outdoor Workouts For Track Season

Coach Kotal's college trackers are taking advantage of the first decent weather they have had to begin outdoor practise this week.

Old Gym Used

Up till now the boys have been confined to the old gym, where they utilized the sloping balcony to loosen their aching muscles. Now, however, the great outdoors is calling, as Mr. Knutzen would say.

Work on the cinder track that

will encircle the gridiron is progressing rapidly, and an inside lane has been completed for the use of the thinly clads. Over thirty men have signified their intention of trying for a place on the team.

Lost, One Shot

Myron Fritsch is anxious to get back to work on his specialty, the shot put, but can't find the shot. "Where did I put that shot?" he moans.

More all-opponent honors for the Point basketeers, this time from Oshkosh, where they picked Gregory, Thompson, and Krumm on their honorary quintet.

And now we know why it is called "the lucky seventh".

Spring football practise is scheduled to start as soon as the Plover River starts going down. Coach Kotal doesn't mind his men getting dirty, but he would hate to lose them in the mud.

Speaking of Coach Kotal, his young daughter found a canary on the Kotal porch last week. As Coach says, she sure does pick things up fast.

"Eddie" says the bird is decorating a curtain rod in the room. If it's true the bird is probably decorating the rug, too.

The water was so deep in Plainfield that the angleworms climbed trees and bit the robins.

Your scribe was stalled in the snow a few weeks ago and had to walk to a farm house to get some horses to pull us out.

The farmer was willing, but the horses weren't.

They claimed it wasn't in their contract.

They wouldn't pull together, and they refused to pull apart.

The only thing they'd do is turn their tail into the wind.

They said we had made our bed and they were going to lie in it.

Finally the farmer had to pull the horses out.

They said they wanted to go back to the stable, but it was just a stall.

COLLEGE CAGE SEASON SHOWS CASH BALANCE

Receipts From Outsiders Total \$1,730.35; Net Profit Is \$134.45

A financial report on the 1932-33 basketball season which Chairman Fred J. Schmeeckle submitted to the athletic board this week shows that cash receipts from outside sources amounted to \$1,730.35.

Good Finance Report

This figure does not include cash received from the students through the activity fund. Expenses amounted to \$1,595.90 leaving a profit of \$134.45. Schmeeckle said this is an unusually good report.

Out Of Debt In '34

Cost of the new athletic field amounted to \$1,729.06. Cash received from the student activity fund and outside sources is expected to cut this figure down to \$800. The athletic committee expects to be entirely out of the red in 1934.

TENNIS COURTS TO OPEN UNDER CHANGED SYSTEM

Racquetters To Sign For Use Of Courts; Old Tennis Club To Be Dropped

College tennis enthusiasts will soon have an opportunity to flash those "backhands" and "volleys", according to Mr. Schmeeckle, head of the faculty athletic committee.

New System

An entirely different system is to be used this year in regard to the use of the courts. Up till now a Tennis Club has been formed every year, the dues of which were used in the upkeep of the courts. In return, the members of the club were given preference in the use of the courts.

This year every student will have an equal amount of opportunity to use the courts. The Tennis Club plan has been abandoned. However, the racket-wielders will have to sign for the use of one court for a certain period. This step has to be taken to prevent those "hogs", who are found in every college, an opportunity to monopolize the courts for hours at a time.

Courts Open Soon

A chart will be installed in Coach Kotal's office, and the use of the courts will be signed for there. If the weather remains kindly, the nets will be up by the time this is put to press.

Plans for a tennis team are also in the air. Last year the state teachers college tennis tournament was held here. All of the veterans of last years team are back, led by Art Thompson. They include Wilson and Dick Schwahn, Arvie Gordon, and Morris Skinner. "Mawruss" also plays the trombone, which should make him a good tennis player.

Team To Be Picked

An elimination tournament will be held soon to determine the membership of this years court aggregation. Watch the Pointer for further details.

Renowned Chalk Talk Artist Here April 20

On Thursday, April 20, Charles Morgan of Chicago will present a modern chalk talk to the students at the regular assembly hour.

Morgan is one of Chicago's noted artists. While producing his amazing sketches in color, which he does with miraculous speed, he is said to keep his audience filled with laughs and chuckles as he separates the false from the true in art and in life.

In a flying trip to Europe, Morgan produced an amazing series of sketches in colors. His "Barcelona Wharf" was chosen as one of the 50 best prints of 1926 by the Graphic Arts Society of New York — and coeds, you should see his picture.

Primaries Have "Kid" Party

The Primary girls had a hilarious time at their "Kids" party Monday evening. Each girl came dressed as she was dressed while attending the primary grades, and oh, how some of those critic teachers did look. From all reports the "kids" had a terribly "kiddish" time of it. Miss Sue Colman proved to be the girl with the "golden" curls and with her pet poodle she was quite the hit of the evening. Each girl brought her pet toy along and consequently there were plenty of scraps over each other's toys. Refreshments were served after a program consisting of stunts and "kid" games.

French Literature Discussed

The next meeting of the Margaret Ashmun club will be held on April 12. The subject for the evening is "Contemporary French Drama" in charge of Miss Mildred Davis of the French department. Miss Davis will be assisted by Margaret Cochrane, who will talk on "French Fiction" and Eunice Riley, who will give us some information about "French Poetry". All members are urged to attend.

Y. W. C. A. Hard Times Party

"Hard Times" will be impersonated again, this time in the form of a hard times party at Nelson Hall. The Y. W. C. A. girls are inviting all the girls in school to attend the hard times party Thursday evening at 7:30 in Nelson Hall. Miss Blanche Tyler has charge of the program and every girl is urged to come. Remember to dress accordingly. Hard times calls for old clothes. Come and give old man depression the laugh of his lifetime.

Pictures Of Norway

A packed auditorium witnessed the showing of nine reels of motion pictures devoted to Norwegian life and industry Monday evening in the college assembly room. S. J. Ristesund, a Norwegian responsible for the films, delivered a lecture in conjunction with the projection. The Rural Life Club sponsored this entertainment, bringing it to the students and townspeople without charge.

Dancing Party

A private dancing party for Phi Sigma Epsilon fraternity and Tau Gamma Beta sorority members and their friends and escorts will be held in the old gym Friday evening.

Ray Jacobs' orchestra will play for dancing from 9 to 11:30 o'clock. The party is being given for new initiates of both organizations.

NELSON HALL

The graduates at Nelson Hall presented an after-dinner musicale Monday evening, with Frances Korbol as hostess. Group singing was enjoyed by all the dormites. A pantomime, "Meller-drammer", was presented by the following: Adeline Bellman, Vivian Enge, Natalie Gorski, Margaret Beardsley, Josephine Vesely, Maybelle Kline, Grace Hardrath, Ione Harvey, Mary Kosovec, Thelma Crawford, Fern Pedrick, Frances Korbol, and LaZett Schmidt. Coffee and cookies were served by Ione Harvey and Jennie Newsome.

New Table Grouping

Table groups were changed Wednesday. It's the last quarter of the year. For the last two weeks we can choose our own table groups. Seniors, take notice.

Miss Hussey entertained Table II at a picnic at Robertson's Park Saturday afternoon. The group was indebted to Miss LaVigne for the nice ride to and from the Park. The same evening, Frieda Gosse, Vivian Meyer, Alta and Ruth Stauffer, and Thyrsa Iverson picnicked near River Pines. Ruth Stauffer of Fond du Lac spent the week-end with her sister Alta at the dormitory.

Dorm Callers

Miss Evelyn Turner and a friend of Mosinee visited with Kathryn Slowey Tuesday evening. Fern Mangerson entertained Dera Ploeger Sunday. Esther Hawkes called on friends here Saturday. Miss Helen Hazen of Stevens Point was the guest of Doris Leavens Tuesday evening.

Mary Kosovec fought with a boil for three days. It takes the kind of courage you have, Mary. More signs of spring, the new haircuts, permanents, and end-curls.

Coeds Go Visiting

Ella Holly was the guest of Dorothy LeRoux at Sherry for the week-end. Miss Catherine Schloeffler of Oshkosh was the guest of LaZett Schmidt Friday evening. LaZett spent the week-end at Oshkosh. Miss Schmidt's brother is a member of the Carroll College Glee Club, which presented a concert at Oshkosh Saturday.

NEW BOOKS

By KARL ANDERSON

KIRKPATRICK, T. B. — "Fundamentals of health".

This textbook of hygiene for college students supplements the usual information on the functions of the body with vital and important material on heredity, embryology, sex and reproduction, immunity and immunization. The language is frequently technical but a full glossary of scientific terms eliminates difficulties. There are numerous diagrams and excellent bibliographies. A good book for all collections.

LAMB, HAROLD. — "Crusades, Iron Men and Saints".

The author's style is vigorous and imaginative. Without sacrifice of historical accuracy, and without idolizing the crusaders or their motives, he preserves the glamor and paganism of the crusades. This volume covers the period from the beginning of the first crusade to the conquest of Jerusalem. Other volumes will continue the history.

MARSHALL, FRANK J. — "Comparative chess".

The author, an eminent champion, gives here an account of the 1931 World's championship match at Prague at which the American quintet won in a field of nineteen competing nations. Selected games from "a gallery of champions", including Morphy's game with the Duke of Brunswick, are discussed as well as the recent development of several openings and interesting games. The diagrams are large and clear.

MORLEY, FELIX. — "Aspects of the depression".

These radio lectures, given during the past year under the direction of the National advisory council on radio in education, have previously been published separately. They are now arranged in three divisions, each with a bibliography. Economic aspects of the depression. Roads to economic recovery. New social responsibilities.

RASCOE, BURTON. — "Titans of literature".

Each chapter is devoted to a greater writer and his influence upon literature, but the book is more than a collection of critical biographical sketches — it is an unconventional, lively, and extremely personal reevaluation of masterpieces, refreshingly free from the usual pedantry of academic criticism. Partial contents: Sophocles and Greek drama—Boccaccio and the Renaissance — Cervantes and the spirit of mockery — De Foe, the journalist — Dostoevski, the analyst — Mark Twain, the first American — Coda: a short history of the development of literature since the Victorian period.

STUART DOROTHY M. — "Men and women of Plantagenet England".

Life in England from the twelfth to fifteenth centuries among nobility, farmers, craftsmen, and clergy, has been successfully reconstructed from old records and its main features have an air of reality in this reading narrative. There are chapters on pilgrimages, and poets. Profusely illustrated from contemporary sources.

QUAYLE, MARGARET S. — "As told by business girls".

In terms of the business girl's exper-

A PROPHECY

A prophet I've always wanted to be,
So now I'll foretell a prophecy.
I'll tell of this school fifty years hence,
Where our kids will study verbs and tense,
In nineteen hundred and eighty three.

Truly it will be a much better place
And occupy much more space.
Students will come to school in Ford
airplanes,
And be carted to classes in midget
trains
In nineteen hundred and eighty three.

Elevators will be used in place of
stairs;
Students will study in overstuffed
chairs.
Books will be carried by mechanical
men;
They'll be used for study just now
and then
In nineteen hundred and eighty three.

The auditorium will be large and
roomy;
Assemblies will never be dull nor
gloomy.
Radios will be installed here and there
And television phones will be
everywhere
In nineteen hundred and eighty three.

Floors will be covered with Oriental
rugs;
We'll have no Biology — that study of
bugs.
Wall and ceilings will be of glazed glass
And light lunches will be served in
every class
In nineteen hundred and eighty three.

There will be seven periods each day;
About two for work and the rest for
play.
When absent students will not have to
see the dean;
In short everything will be pretty keen
In nineteen hundred and eighty three.

If you've listened carefully and
listened well
You have heard all that I have to tell;
For now I've completed my prophecy
And told of this school as it will be
Fifty years hence — in eighty three.
Bill Collins

ience some of the more recent and usable finding of modern psychology are made available, with the aim of helping young business women meet obstacles and adjust themselves to their jobs. The book is based on the experience in office, home, and social life of one hundred and twenty girls.

WEIGALL, ARTHUR E. P. B. — "Sappho of Lesbos".

The little that is known of Sappho's life is here woven skilfully into a reconstruction of her time, which gives a view of Aegean politics and personalities of the seventh and sixth centuries B. C. and goes into some detail about the moral standards. The existing fragments of Sappho's lyrics are scattered through the book.

Out Fishin'

A feller isn't thinkin' mean,
out fishin';
His thoughts are mostly good and clean,
out fishin';
He doesn't knock his fellow-men,
Or harbor any grudges then;
A feller's at his finest when
out fishin';
The rich are comrades of the poor,
out fishin';
All brothers to a common lure,
out fishin';
The urchin with the pin and string
Can chum with millionaire and king,
Vain pride is a forgotten-thing —
out fishin'.

1933-34 FOOTBALL AND BASKETBALL SCHEDULES

Mr. Schmееckle and Coach Kotal represented Stevens Point at the annual meeting of the faculty committee of the State Teachers Colleges Athletic conference, held at Madison March 25.

The old ten-team conference has been split into two divisions, Stevens Point being placed in the southern division, along with Oshkosh, Milwaukee, Platteville, and Whitewater. The northern division will be composed of River Falls, La Crosse, Stout, Superior, and Eau Claire. On paper the southern group looks to be the stronger.

Nothing definite has been said, but it seems logical that the winners in each section are scheduled to meet for the conference championship.

The coaches of the colleges selected the official all-conference team at this time. Fifteen men were picked, six forwards, three centers, and six guards. Incidentally, all five of the Point regulars were honored on this all-conference team, something predicted by Sport Shorts two weeks ago.

The selections were:

Forwards — Schwoegler, La Crosse; Kuss, River Falls; Bishop, Stevens Point; Hohler, Milwaukee; Krumm, Stevens Point, and Collins, Superior.
Center — Thompson, Stevens Point; Novak, La Crosse, and Wittig, Oshkosh.
Guards — Hardenburg, La Crosse; Stori, Stout; Humke, Milwaukee; Gregory, Stevens Point; Barrett, Superior, and Kottke of Eau Claire, Stogbauer of Oshkosh and Marsh of Stevens Point, the latter three tying for sixth place.

At the same time the schedules for next year were being drawn up by the faculty committee, of which Mr. Schmееckle is a member. The following football schedule is complete except for the site of the games, a matter left to decision of the coaches.

The football schedule:

Northern Division

Oct. — River Falls vs. Stout; La Crosse vs. Superior.
 Oct. 14 — Eau Claire vs. River Falls; Superior vs. Stout.
 Oct. 21 — Eau Claire vs. Stout; River Falls vs. La Crosse.
 Oct. 28 — Open.
 Nov. 4 — Eau Claire vs. Superior; La Crosse vs. Stout.
 Nov. 11 — Eau Claire vs. La Crosse; River Falls vs. Superior.

Southern Division

Oct. 7 — Oshkosh vs. Platteville; Milwaukee vs. Whitewater.
 Oct. 14 — Stevens Point vs. Milwaukee; Whitewater vs. Platteville.
 Oct. 21 — Stevens Point vs. Whitewater; Milwaukee vs. Oshkosh.
 Oct. 28 — Open.
 Nov. 8 — Stevens Point vs. Platteville; Whitewater vs. Oshkosh.
 Nov. 11 — Stevens Point vs. Oshkosh; Milwaukee vs. Platteville.

The Beauty School
 by **Helena Rubinstein**
Noted Beauty Authority

To be smart takes constant cultivation of taste. It means detail, restraint, smoothness, rather than becomingness. It means good lines, a slim, svelto figure, a sleek coiffure defining the shape of the head clearly. It means firm fabrics, tweeds and woollens, knitted and pique suits, brilliant satins, crepes, little hats without trimming, every detail assembled for the desired effect.

To be truly smart, every detail is important and to achieve this effect, good grooming and the finishing touch of correct makeup is just as important as dress. Cosmetics when worn at all, should be striking, challenging, making less pretense of being your own natural appearance. Wear red coral for natural coloring, powder near enough to your skin tone to give a finished look, yet with a minimum of pink — such as rachel or ochre or cream. And when you're dressing up for a special school affair and want to look your smartest, wear the new red poppy color and a faint touch of iridescent eyeshadow — just enough to enhance the depth and brilliance of your eyes. And if brows and lashes are too pale, a dark suggestion of eyelash cream to darken.

Remember too that whether you are featuring smartness or just prettiness that your skin must be naturally clear, smooth and radiant. Radiant with health, with the good circulation that comes from outdoor exercise. Smooth and clear from right diet, good grooming, frequent use of a special washing preparation to free the pores and keep them active, daily use of a fine, pure cream to keep the skin soft, soothed and well protected.

AROUND THE CONFERENCE

At a River Falls Teachers College faculty meeting early during the second term the subject of attendance was up for discussion. During the discussion the question was raised as to which were the most regular in attendance in classes, boys or girls. In order to come to a definite conclusion the following data was compiled. Over the course of a term it was found that 61% of the girls and 18% of the boys were absent at some time during the term.
 — River Falls Teachers College Voice

As the aroma of corned beef and cabbage is wafted out of the windows, every honest Irishman struts around and defies the world to combat. The Irish run this country and we're proud of the fact. Look what we made of America, before 1929, when the English got in. The greatest names in history are Irish. And who are the prettiest women in the world? Who have those smiling eyes that make the world stand still? God help the first yokel that says Zangara was an Irishman.
 — U. of Wis. Daily Cardinal

Registrar Frank O. Holt, declared that it was his firm belief that the University at present offered a higher type of individual than was in attendance 25 years ago. This is contrary to many of the erroneous impressions that have been expressed to him by parents.
 — U. of Wis. Daily Cardinal

According to an article in the Echo, Milwaukee Teachers College weekly, only 43, or less than half the total number who took a grammar test last semester to English majors and minors, passed the test. Vot could you expect at Milwaukee?

Making Pudding Without Milk
 "Yore aunt," said Uncle Hiram, seen an ad in a paper what sed ez how a feller in th' city would sand anybody a reseat for makin' pudding without usin' milk, an' a heep site richer, an' all fer a dollar; so she up an' sent th' money."
 "And did she get the desired information?" asked the city nephew.
 "Yep," answered the old man. "Th' feller writ back an' told her to use cream."

A small boy in the visitors' gallery was watching the proceedings of the Senate Chamber.
 "Father, who is that gentleman?" he asked, pointing to the chaplain.
 "That, my son, is the chaplain," replied the father.
 "Does he pray for the Senators?" asked the boy.
 The father thought a moment and then said:
 "No, my son. When he goes in he looks around and sees the Senators sitting there, and then he prays for the country."

Say It Isn't So — that one of Mr. Steiner's crack history students said the charter of Connecticut was hidden from Captain Kidd.

— and to think that it'll be legal to go up to the Vestibule or "Hole In the Wall", and with one foot on the bar demand a good beer without the customary wink to the bartender.

Ferdinand Hirzy, alumnus and former college athlete, has a neat array of the college championship trophies in his jewelry store window.

And than there was the dumb college boy who demanded that the prisoner, who had been found guilty of arson, should marry the girl.

A bachelor is a selfish, callous, undeserving man who has cheated some worthy woman out of a divorce.

Looks sorta like a Chi Delt vs. Phi Sig "romance war". Gil Busch dated Iggie's fair one. Than Tom Smith turns around and has Fritz Cochrane on his heels for alluring Fritz's coed into several dates.

Oshkosh Teachers' college has abandoned its annual Junior Prom this year. Necessity of keeping class room doors instead of the ball room pass ways open, was the reason given.

Everybody seems to be chiseling these spring days. "Hank" Klimowitz says he's keeping his wife inside and under cover during the siege.

Have you seen the new "Bloc" pins? Just another depression remedy to put more gold into circulation.

A college monogram will be the only athletic award at Milwaukee Teachers' college this year. The "scotch" awards will save the athletic department \$200 which will be applied on last year's deficit. If Milwaukee's athletes murmur the coach can easily squelch 'em by showing the boys this year's conference standings.

It looks like the only way Nelson Hall coeds can be prevented from sneaking out the back door these tempting nights is to tie a few squeeking mice or ugly rats to the door knobs.

It'll be a patriotic duty to drink beer now just to increase internal revenue receipts.

Dick Schwahn Is High Scorer With 30 Points

Dick Schwahn led individual scoring honors in the intra-mural basketball tournament which ended last week with 30 points. Ralph Bader and Milton Anderson each scored 29 points.

Boxing tournament tonight and good beer tomorrow. To get "plastered" either way is plenty painful the next day.

Art Thompson is discovering that the trouble with living a double life is that it costs twice as much.

One of the college boxers to perform tonight, "Russ" Beppler, said the hand is quicker than the eye. If "Russ" is right we'll maybe see him with a couple black eyes tomorrow.

EXCHANGES

Stout has gone literary. The college is to sponsor a literary magazine composed of original contributions written by those with an author complex. The idea seems a good one.

There is a great fuss among the political factions of the student body at the University of Wisconsin on the matter of the budget cut effected by the state legislature. It is contended that the 25% cut is greatly out of proportion with that of the other educational institutions of the state.

Headlines in the Daily Cardinal, University of Wisconsin daily: "WE WANT BEER IN THE UNION"? Cries Athenae Literary Society.

It seems only fitting and proper that the ideal German Beer Tavern located in the Union Building be fitted out with the beverage. (Besides — isn't beer 3.2% a soft drink?)
