

President, Dean Greet C.S.T.C. Students

Music Head Outlines Plans

Music Dir. Peter J. Michelsen has begun the organization of what appears to be the largest and finest music department in the school's history. With all the instruments repaired and refinished and the band room made more acoustically suitable, the musically inclined will be able to take their tryouts this week so that the band will immediately begin preparing for the job of playing and marching at football games.

Band To Broadcast

Departing from the custom of former years, Professor Michelsen will have two bands, a concert band of about 55 pieces, and a military band. This arrangement will make it possible for him to take care of the increasing number of students who wish to participate in band work.

One band will broadcast over the local radio station direct from the band room. Although all of

(Continued on page 2, col. 4)

Radio Committee Chosen From Faculty

Radio plans for this year will be made by a faculty committee composed of Mr. Burroughs, Mr. Jenkins, Mr. Neale, Mr. Knutzen and Mr. Michelsen. Mr. Burroughs, who was formerly in charge of broadcasting, will head this committee. As the group hopes to make use of student cooperation in planning and directing programs, no definite schedule has been posted. In the past the school has presented regular weekly broadcasts.

Dr. W. H. Glover Leaves; Successor, Dr. H. Tolo

Dr. Wilbur H. Glover, popular young instructor who came to Central State in the first semester of '34-'35, will teach at La Crosse State Teachers College during the coming year. He will teach the Social Sciences, as he did here. Glover built an enviable reputation for himself at C. S. T. C. by his excellent work and by his personal interest in the students. "We wish you all success in your new location, Mr. Glover."

Glover's position at Central State will be filled by Dr. Harold Tolo. Tolo received his bachelor's degree from Luther College in 1921, his master's degree from the University of Colorado in 1926,

To All Students:

I am pleased to welcome you to the Campus of Central State Teachers College. Here we hope you will find the opportunity to do the work which will help you to realize your highest ambitions. May you come to college "To live in the temper and spirit of a learner, open-minded, unwarped in judgment, free as far as light permits from delusions, eager to explore and inquire, quick to give up a confused idea and so gain a higher outlook, striving steadily to improve and to grow—these are the watchwords of a person who is striving to advance his intellectual life."

If you attempt to work with that spirit, and enter into the life of the college, the year will prove a happy and profitable one for you.

With all good wishes I am,
Sincerely yours,
F. S. Hyer
President

To The Freshmen:

You are about to become members of an ever increasing family. The ties which hold this college family together, which make under- classmen, upper- classmen, alumni and faculty a happy, purposeful unit are a common interest and a spirit of mutual helpfulness. You will find friends here. Your work will be enjoyable, challenging and profitable—You will grow.

Just how much college experience will benefit you depends upon how willing you are to do your share. One of England's greatest naval victories was won after the commander reminded his men that "England expects every man to do his duty". Worthwhile things are done only by those who are loyal to their trust—Central State Teachers College welcomes you to share in its privileges and to assume your part in its responsibilities.

H. R. Steiner

Mens Glee Club To Hold Tryouts

The Mens Glee Club will meet Thursday to discuss plans for this season's program. Director Norman E. Knutzen will hold tryouts the first two weeks, and, from the 50 or 60 men who are expected to try out, he will develop a first and a second chorus.

On last June 2nd, the glee club attended, on invitation, the Wisconsin Chorus Festival at Green Bay, as a result of which the club is now a member of the Associated Glee Clubs of America. The glee club will attend the festival this year again when it will be held at Oshkosh.

(Continued on page 2, col. 3)

EXTRA!

The enrollment at publication time was 437. This is slightly below the figure at the same time last year. The total enrollment in the 1st semester of '35-'36 was 702, not counting night school, special, or part-time students.

New Health Service Installed In College

Dr. Fred A. Marrs will be in charge of a complete student health service which has been established in the college. With the cooperation of the school nurse, Miss Mary Neuberger, he will attend to all cases of minor illness among the students throughout the year.

Modern quarters, furnished with complete medical equipment, will be open to the students during regular office hours. The school nurse will be in the office from 10:00 to 12:00 daily and Mr. Marrs will be there from 11:00 to 12:00.

A medical fee of one dollar a semester will be assessed each student, in return for which he will receive a required physical examination, service of the nurse, medicine needed for minor illnesses, and the advice of the school doctor. The service has been established to maintain the good health of the student body.

N. Y. A. Work Assigned; Applications Exceed Jobs

The applications for N. Y. A. employment this year again exceeded the openings which are available. More than 300 students and prospective students applied for such jobs, while only 100 have received them. This number has been made possible by the splitting up of part of the jobs. The persons who have been selected will be given 40 hours of employment every month for which they will receive \$12. Part-time jobs pay \$6 a month for 20 hours of work. N. Y. A. students' tasks consist in assisting instructors in laboratory courses, helping the athletic, music, and art departments and assisting professors with routine work, as well as working on the campus lawns and football field.

Published Weekly except holidays and examination periods, at Stevens Point by the students of the Central Wisconsin State Teachers College. Subscription Price \$2.00 per year.

Entered as second-class matter May 26, 1927, at the post office at Stevens Point, Wisconsin, under the Act of March 3, 1879.

Looking It Over

A new school term is here. What will it bring? If the achievements of the past can indicate anything, and if affairs continue to improve, this will be some year.

Witness first the athletic set-up. Nearly all of the old football men will be back. This gang, in addition to the promising new material which has lately arrived, will be "raring to go" to avenge last season's mishap. Coach Eddie Kotal produced two championship teams in two successive years, and it certainly looks as though there will be another now. Witness also the fact that Eddie has produced championship basketball teams in the last three years. Occasionally a coach will have an edge on the rest of the schools because of the material that he has, but Coach Kotal's consistent wins can only be attributed to superior ability.

It is hard to make any predictions as to the success of the band. This organization, under the leadership of Peter J. Michelsen, has risen with amazing rapidity in the last three or four terms. Trips, clinics, festivals, and concerts are only part of its regular program now.

The Mens Glee Club, of which Norman E. Knutzen is the director, began only three years ago, but already in 1935-36 it had become an extensive state touring club. Its recent affiliations with the Associated Glee Clubs of Wisconsin is also something of which to be proud.

In the field of forensics too, there has been a marked rise. Leonard M. Burroughs' pupils have never failed to place high in the state, interstate, and sectional contests which are held each year.

But all these activities are extra-curricular, and undoubtedly could not have been carried on without the increase in enrollment which began some years ago. That increase began with the coming of President Hyer. Through his efforts and the efforts of his committees the curriculum has been enlarged, many additions have been made to the faculty, the college plant has been immensely improved, and the prestige of the school itself has been built up. The rise of nearly all the important extra-curricular activities can be traced directly to Mr. Hyer's efforts.

Freshmen, Make Your Mark!

Again and again in the past few years seniors have been unable to graduate. Try as they will, they cannot bring their grades up to receive the necessary honor points. This might be because they haven't the necessary ability or because they didn't work when they were freshmen and sophomores. Usually it is the second, but whichever one it is, there is plenty of worry attached.

Another thing. Often students are pegged after their first year at college. If their record is high, fine. But if it is low, they will have a hard time convincing their instructors that they can do better work. In short, Freshmen, "get in there and pitch".

Miss Bertha Hussey

Miss Bertha Hussey, who was for many years dean of women at C. S. T. C., died Thursday, August 21, at Beverly Farms Sanatorium, Alton, Illinois. Miss Hussey had been very active in school life until she resigned from her position here at the end of the 1934 summer session due to illness. She was a patient in the Kirksville hospital for some time and then moved to Alton, Illinois, where she resided with her sister, Miss Ethel Hussey. Recently she entered St. Luke's hospital at St. Louis and in March of this year she entered Beverly Farms Sanatorium, the place of her death.

She was born March 7, 1881, at Paris, Ill. Her father was a minister in the Baptist Church and for many years he was a trustee of Shurtleff College at Alton where Miss Hussey received her bachelor's degree.

After she had completed her work at Shurtleff College she did graduate work at the U. of Ill. In 1910 she received her master's degree at Chicago University. She did advanced work at Columbia later.

Miss Hussey taught school for many years in Ill. and Mich. before coming to Central State as dean of women. She held that position at Kalamazoo. From 1916, when she came here, until her retirement she held the position of dean of women and also taught literature and Latin.

During her residence in Stevens Point she was active in the young people's work at the Baptist Church. She was a member of the Stevens Point Woman's Club and belonged to the P. E. O. Sisterhood. In the school she was a member of the Margaret Ashmun Club. In 1920 the Iris was dedicated to her.

Although Miss Hussey retired from active school work in 1934, there are many who remember her for her participation in school life and in activities off the campus. Those who knew her remember her and mourn her passing.

Mens Glee Club To Hold Tryouts

(Continued from page 1, col. 3)

This summer Knutzen attended a choral school which was held in Door County and was under the instruction of Prof. F. Melius Christiansen of St. Olaf's College.

The annual glee club trip is planned for the first week in March this year. The officers of the organization are as follows:

- Pres.—Kirkwood Likes
Librarian—Calvin Beckerfeller
Bus. Mgr.—Bill Larson.

Music Head Outlines Plans

(Continued from page 1, col. 1)

the radio equipment is not yet installed it is expected that installation will take place soon.

New Marimba-Xylophone

The initial band concert this year is planned for sometime late in October. The annual band trip will occur early in the second semester.

College Symphony Orchestra practice will begin this week also. It is hoped that Mr. Wenzel Albrecht will return as solo violinist and general string instructor. During the summer a new marimba-xylophone has been obtained and it will be a fine addition to both the band and the orchestra.

The Girls Glee Club tryouts will be held in the near future. This organization, as well as the orchestra, is taking another step forward this year in that it is planning to take a trip.

A non-credit course in music appreciation may be introduced if enough demand is shown. Altogether, Mr. Michelsen predicts "A bigger and better year in all music departments".

College Library Adopts New Circulation Device

Due to the loss of books which was suffered during the last session, Librarian George C. Allez has made a change in the manner of drawing the books. This change was made to avoid the closing of the stacks, an expedient which seemed highly necessary.

From now on, students who wish to draw books will be required to pass through the stile at the right end of the circulation desk, go to the stacks and select the books they want, and have their books charged at the desk while passing it in the lane which is provided. No one will be allowed to carry text books or brief cases back into the stacks.

This arrangement is expected to control the loss of books and to save time. Mr. Allez suggests that students who wish to draw two week's books should do so during their vacant periods to avoid the rush at the desk during the five-minute period between classes. A short section at the left end of the charging desk has been reserved exclusively for the return of books.

Mr. Allez wishes to call attention to the peculiar feature of this library's card catalog. It is divided into two sections, one containing only subject cards and the other only author and title cards. He also strongly advises all students to put their names in their text-books as soon as they get them.

All School ASSEMBLY This Morning at 9:10

Society News

Son Arrives

A son was born to Mr. and Mrs. George C. Allez on July 15. He weighed seven pounds, fourteen ounces at birth and now weighs eleven pounds, twelve ounces. The boy was named George Nicholas. "We call him 'Nicky,'" Mr. Allez says.

Engagement Announced

On Saturday, August 29, Mr. and Mrs. H. W. Dumbleton, 302 McCulloch street, announced the engagement of their daughter, Lorraine, to Russell Way, son of Mr. and Mrs. Frank Way of Medford.

Lorraine entered Central State as a freshman last year. However, she is not planning to return to the Primary department. "Russ" was a member of the June graduating class from the high school department. He was affiliated with Phi Sigma Epsilon in his senior year and was an associate member of Sigma Zeta for two years and an active member in his senior year.

Both Lorraine and Russ were well-known and well-liked on our campus.

Herrick-Van Vuren

The marriage of Miss Fern Van Vuren, daughter of Mr. and Mrs. V. C. Van Vuren, and William H. Herrick, son of Prof. and Mrs. A. J. Herrick, of Stevens Point, was performed Saturday afternoon, August 29th at 4:00 o'clock at the Van Vuren home in Bonduel, Wisconsin. The Rev. Phillip Koeneke read the service.

Mrs. George A. Piper of Reedsburg, sister of the bride, and Dr. Virgil Herrick, of Madison, brother of the groom, were the attendants.

Fern attended Central State Teachers College for three years as an active member of the Home Economics department. She was a member of the Omega Mu Chi Sorority and of Sigma Zeta.

Bill graduated from the four year High School course last June. He was a member of Phi Sigma Epsilon fraternity.

Mr. and Mrs. Herrick will make their home at Augusta, Wisconsin.

Best wishes, Fern and Bill, from all of your many friends, both faculty and students, at Central State.

Freshmen Reception

A welcoming party for all new students was held last evening in the recreation room at Nelson Hall. Hosts

and hostesses from the upper classes were present to make introductions and "Break the ice". The usual stag line of upper classmen was present with eyes open for those new freshmen "gals".

Bud Henny was in general charge with Miss Richardson as the assisting faculty member.

Dancing was enjoyed during the evening and refreshments were served.

Reception Tomorrow Night

The faculty reception will be held tomorrow evening in the new gymnasium. Forming the reception committee will be Pres. and Mrs. F. S. Hyer, Dean and Mrs. H. R. Steiner, and Mr. and Mrs. Geo. H. Martens. The receiving line will form at 8:30 o'clock.

Following the reception there is to be an all-school dancing party.

Pan-Hellenic Activities

The Greeks are returning to town and the campus is humming with preparations for a busy school year.

The fraternity houses will again be scenes of college activity after a rest of twelve weeks.

Sororities are planning schedules to meet in private homes or at members' rooms in Nelson Hall.

Plans for fall rushing will soon be terminating, and the familiar sights of pledging will again be seen.

"Mamma, why does the furnace make daddy shiver and make funny faces and hiccup when he comes up from the cellar?"

Annual Summer Session Has Large Enrollment

The twenty-ninth annual summer term at C. S. T. C. closed July 24, when 67 of the 607 students enrolled graduated. Although the enrollment total was less than the figure for the previous session, the number of graduates was approximately the same.

Grid Prospect Bright For '36

With twenty one lettermen as the nucleus for a football team Coach Eddie Kotal is rather optimistic about the coming season. The squad, led by Captain Oscar Copes, started training on the Monday of this week and by the end of the week Kotal will have practice in full swing.

Strong Line, Backfield

The lineup, at the present writing, appears to be set this way: centers, Weingartner, Miller, and possibly Broome; guards, Sletwinski, Sparhawk, Pophal, Rathke, Loewecke, and Dagneau; tackles, Copes, Ted Menzel, and Norton; ends, Berard, Olsen, and Nimz. Many of these men have played together for the last three years and therefore Coach's worries are few regarding the calibre of his linemen.

In the backfield the burden will be carried by McGuire, Johnston, Chartier, Bueholz, Hitzke, and Houck. All of these men saw action last year, and with the addition of some newcomers, the ball carrying end should be well taken care of.

Some Men Not Returning

Coach Kotal also expects the following men who have been out before but did not receive letters to report: Olingy, Larson, Bureh, Butth, Staffon, Grandkowski, McAllen, G. Miller, Rinke, Lindow, Schneider, Brill, Cooper, Hartvig, and Willecki.

Among those who will not return are: Tom Benson in New Jersey; Max Schmeling — has entered the University of Wisconsin; Miner — is going to the Chicago Art School; Zurfluh — working; Lampe — working; and Frank Menzel and Don Unferth, who have been graduated.

No dope is yet obtainable on any outstanding prospects among the newcomers.

Nov. 7 (Sat.)	— Milwaukee — There	

Sports Gossip

In the spring of this year several prominent Central State students voiced their opinions regarding the outcome of the major league baseball races. Although several weeks of play remain it might be rather interesting to compare a few of the various predictions with the positions of the teams at the present time.

The Yankees have already assured themselves the flag in the American League but not one of our worthy fans picked them for that position. Frost Bassler, a baseball star himself, placed **Ossie Picks and Misses**

the Yanks in second. This was the highest rating given them, but he made the unfortunate mistake of choosing the Detroit Tigers for first. (At the present writing the Tigers are twenty games out of first). In the national league he has the Cubs, Cards, Giants, and Cincinnati in the order mentioned, which is rather good considering the closeness of the race.

Oscar Copes, football captain, was lucky enough (you call it luck don't you Oscar) to pick the Giants, Cubs, and Cards for the first three positions, but then due to a lack of foresight picked the Dodgers for fourth position. In the American league Oscar didn't fare quite as well because his choice of Boston, St. Louis, Detroit, and New York isn't exactly the way they line up today and it's almost a certainty that the St. Louis Browns will never reach the first division. Better luck in football, Ossie.

According to the Associated Press hole-in-one club the odds against an ace are 20,000 to one. The majority of us will have to be satisfied with our eagles and birdies.

It will be just too bad for Texas Tech if war breaks out. Thirty-nine football players are in the national guard. Tech's colors, incidentally, are red, white, and blue.

Since 1863

W. A. A.

W. A. A. Membership

To become a member of the Women's Athletic Association, a girl must have shown an active interest in W. A. A. sports. This means that she must have participated in a few of the activities offered by W. A. A. Opportunity is given to take part in the various games—not only for W. A. A. membership, but also for the enjoyment and fellowship which goes with "play".

Hockey and Tennis

Hockey and tennis are the W. A. A. fall sports. Hockey practice is held two nights a week from 4 o'clock to 5 o'clock. All girls are urged to come out and try it—even if they have never tried it before. Two teams are chosen at the end of the hockey season and a final tournament is held.

The tennis tournament will begin immediately and will be carried on simultaneously with hockey practice. Those who are interested in either of these sports may watch the W. A. A. bulletin board and sign up when the notice is posted.

Fall Picnic

The first event on the W. A. A. calendar is the annual picnic. All girls who are attending college are cordially invited to come. Last year seventy girls enjoyed the "outing". Just as big a crowd is expected this year. The Pointer and the W. A. A. bulletin board will give further information on this later.

Pompous Physician (to man plastering defective wall): The trowel covers up a lot of mistakes—what?

Workman: Yes, gov'nor—and so do the spade.

"What's this big item on your expense account?"

"Oh, that's my hotel bill."

"Well, don't buy any more hotels".

Storekeeper: Shall I draw the chicken for you, madam?

Young Bride: No, thank you, your description is quite sufficient.

A Scotchman, wishing to know his fate at once, telegraphed a proposal of marriage to the lady of his choice. After spending the entire day at the telegraph office, he was finally rewarded late in the evening by an affirmative answer.

"If I were you," suggested the operator, when he delivered the message. "I'd think twice before I'd marry a girl that kept me waiting all day for an answer."

"Na, na," retorted the Scot. "The lass who waits for the night rates is the lass for me."

Selection Of Staff Practically Complete

Tryouts for the Pointer staff are still being conducted, but most of the positions have already been filled.

The assistant-editor is George N. Hyer. George is a very active student in college, having taken an important part in debate work last year. He is a member of Chi Delta Rho fraternity. George also plays in the band.

John Maier will handle the sports end of the sheet. Johnny is a senior this year. He has always been interested in sports and has played basketball at Central State. Johnny is a member of the Chi Deltas.

Assistant sports editor will be Harold "Red" Dregne. He was a star player on the Phi Sigma Epsilon softball team last year. He is a member of Phi Sigma Epsilon fraternity.

Maxine Miner and Ruth Nason, both members of Omega Mu Chi Sorority, will handle the girls' sports news and the society news, respectively. Both girls have high averages. They are well known in sports, Miss Nason especially in tennis and basketball, and Miss Miner in all the activities. Miss Miner is Master Scientist of Sigma Zeta, National Honorary Science Fraternity.

Several Positions Open

One of the news reporters' positions has been filled by James Murat, a sophomore. He is also a Chi Delt.

There are still openings on the reportorial staff. Several typists are still needed.

Ellery Frost Bassler, business manager, has not yet selected anybody to head the circulation department. He expects to have something definite for the next issue. That department will also need a staff of assistants.

The customer who hadn't paid for a long time finally came around and settled his bill in full.

"It's that letter you wrote me," he explained. "I've never seen one like it. It would get money out of a stone. How'd you ever think it up?"

"I didn't," answered the storekeeper. "I picked the best parts from the letters my son sends me from college."

College News Briefs

Ped, Student At Same Time

Gerhard Willecki, who attended college here several years back has returned for this term. In addition to doing his college work, he is teaching several classes of German at Stevens Point High.

Neale, Roach Lead Institutes

Professor O. W. Neale, head of the rural department at Central State, has been very busy during the last month conducting teachers' institutes. In a crowded two week period he presided at five of them. They were held in Wantoma, Ellsworth, Janesville, Dodgeville and Friendship.

Miss May Roach, also an instructor in the rural department, conducted an institute at Antigo last Friday.

Faust Honored

Mr. Gilbert T. Faust, assistant chemistry professor was recently elected a member of Phi Delta Kappa, professional educational fraternity.

Steen Attends Chicago Convention

Mr. G. V. Steen, Chief Engineer of the college plant, attended a convention of the National Association of Power Engineers during the last week in August. It was held in Chicago, at the Stevens Hotel. The chief business of the meeting was to contest a new law which various states have passed forcing all men who call themselves engineers to certain state requirements or else drop the name of engineer. This procedure would leave only graduate civil engineers and architects to be so titled. Of course, this change of name is not the only thing involved. "If you want to irk an engineer", says Mr. Steen, "Just call him an operator."

Former Editor Is Druggist

George Simonson, editor of last year's Pointer, is at present helping his brother in the drug store at Marathon.

Bob Steiner, last year's business manager, is teaching at Melrose.

Many Improvements Made

During Summer Vacation

During the summer, while most students were enjoying vacations, President Hyer stayed in the city and attended to the improvement of the school. Some of the work was done with federal W. P. A. appropriations, but the largest part was taken care of by regular state funds.

Oddly enough, the basement shows perhaps the greatest improvements. The first thing noticeable is that the concrete floors have been painted. The locker rooms have been refinished, and the lockers themselves have been painted both inside and out. The chemistry lab. is really beautiful with its new coat of aluminum, acid-resisting paint covering the walls, desk tops, and fixtures. A new fully equipped doctor's office has been installed in the room that was formerly the men's lounge. The spare shower room has been com-

Theme Of '37 Iris Announced

By Clifford Malchow, Editor of Year Book

The theme for the book this year is based on mythology. It will be the editor's endeavor to tie up ancient Grecian art with modern school life. Something new and entirely different is promised for the cover on the '37 Iris. If present plans materialize, it will be the first time in the history of the school that colored pictures will be introduced. As yet, only a few books in Wisconsin enjoy this new process of color printing.

Plans for the '37 Iris have progressed very favorably. Although the engraving contract has not been let, it is just a matter of a short time before it will be disposed of.

Under the new set-up inaugurated last semester, this marks the first year the book will be published by the junior class. It was formerly a senior class project. The selection of the staff has not yet been completed but will be announced very soon.

pletely refurnished and will be used especially by the basketball men.

Roof Gets New Paint

Throughout the college the walls have been repainted and the floors revarnished. Nearly all of the offices and most of the lecture and laboratory rooms have been equipped with the new eye-case lighting fixtures. The re-equipping of Miss Jones' biology lab, which was begun last year, has also been completed.

The exterior appearance of the school itself is better than it has been in years. The campus lawn is in the best condition that it has been for many seasons. To top it all, the entire roof of the school has been covered with a new coat of bright red paint.

Convalescent (to a grateful friend)—Thanks very much for the brandy peaches. Although the doctor wouldn't let me eat the peaches, I enjoyed the spirit in which they were sent.

Martens, Regent, Extends Greetings To Students

Mr. Geo. H. Martens, prominent lawyer of Stevens Point, is regent for Central State. He sends a greeting to the old and new students.

As local regent of Central State Teachers College, it is my privilege and genuine pleasure to extend to the students matriculating here a sincere and hearty welcome.

We local residents of Stevens Point are extremely proud of our institution of higher learning. We are glad that you have chosen it to assist you in your preparation for your life's work. Central State will offer you unsurpassed educational advantages. Grasp them. Assiduous attention to the work at hand will guarantee your success.

Both new and old students of C.S.T.C. greetings and a warm handshake!

Geo. H. Martens

Stevens Point Churches Invite College Students

Reverend Schwemmer, representing the Ministerial Association of Stevens Point, extends the following invitation to the students:

The churches of the city of Stevens Point extend their greetings to the State Teachers College students, new and old. We are here to serve, and we covet the privilege of meeting and knowing you, and of helping you in any way that may be of assistance. We invite you to worship and serve in the church of your choice.

Very cordially yours,
Stevens Point Ministerial Association,
Rev. Wm. G. Schwemmer, President

Personalities

The men in the glee club this year will be forced to watch their laurels as Gilbert T. Faust, assistant professor of chemistry, band member, and able accompanist for the Mens Glee Club, had his tonsils removed during the summer. In speaking of his arrival at C. S. T. C. on Sept. 7, he said that he came back early to prepare for his vacation.

Mr. Lawrence Davis, janitor of the training school, is almost ready to patent a new floor covering. "All that I need," he says, "is assistance in the collection of the materials used in my experiment. If the students will only bring me all their used chewing gum, I will endeavor to prove to them that that material makes a most durable floor covering, outlasting any number of coats of varnish and literally inches of linoleum. As self-encouragement in my project, I only have to consider the extreme difficulty I have in removing it from my many floors."

"Should a man propose to a girl on his knees?"

"Yes, either that or she should get off."

Start the Fall Term

With the Pen That Students Rate Highest

BY ACTUAL VOTE

Invented by a College Professor to Bring You Higher Grades

A college professor noticed that poor grades are often due not to brains running low but to pens running dry!

So he worked out an utterly different and basically better pen principle—and Geo. S. Parker engineered it to perfection.

Thus came the revolutionary Parker sacless Vacumatic that has superseded every old-style pen—both sac-type and sacless.

Recently the student editors of 30 college papers asked 4,699 of their readers, "Which make of pen do you own? Which pen do you prefer?"

To both questions more students answered "Parker," than any other two makes of pens COMBINED!

One reason is that the Vacumatic ink supply is EVER-VISIBLE, the ENTIRE length of the barrel. It isn't merely last-drop visibility—doesn't merely show when your pen is empty. It shows days ahead WHEN IT'S RUNNING LOW, so it can't run dry against your will.

The Vacumatic's working parts are sealed in the top WHERE INK CAN NEVER TOUCH THEM—can never decompose them. That's why this miracle pen is GUARANTEED mechanically perfect.

And the Parker Vacumatic has no rubber ink sac or lever filler—hence

Parker
VACUMATIC
 GUARANTEED MECHANICALLY PERFECT

Junior, \$5; Over-Size, \$10 **\$7.50** Pencils, \$2.50, \$3.50 and \$5

has room for 102% more ink without increase in size!

Its luminous, laminated Pearl style has won every pen Beauty Contest by 2 to 1. Go and see it today at any good store selling pens. The Parker Pen Co., Janesville, Wis.

To Make Any Pen Clean Itself—Try this utterly different writing ink—Parker Quink—an ink that dissolves deposits left in pens by ordinary inks. Quink cleanses a pen as it writes—a Parker or any other pen. Ends pen-clogging. Get Quink at any store selling ink, 15c and 25c.

Herrick Announces Placement Results

Prin. Alfred J. Herrick, head of the placement bureau at the training school, has compiled the following list of the placements of June graduates. The roll is not complete, however, as there are some persons who have found employment and have not yet officially reported the fact to the office.

The persons whose names are listed in the bureau are:

Anderson, Olivia—2 yr. Rural Course—Intermediate grades, Maplewood, Wis.
Anderson, Torgony—H. S.—Prin. State Graded School, Ripplinger, Wis.
Bachman, Marian—2 yr. St. Graded—Primary Room, State Graded School, near Park Falls, Wis.
Baird, Ventura—4 yr. Primary—Primary at Elmhurst, Ill.
Bleck, Hazel—4 yr. Primary—Primary, Elmhurst, Ill.
Boursier, Gladys—H. S.—English and Debate in H. S.—Florence, Wis.
Cooper, Elaine—H. S.—English H. S., Owen, Wis.
Crummey, Eleanor—3 yr. Jun. High—7th and 8th grades, Chilton, Wis.
Damon, Nina Belle—H. S.—Intermediate position at Elmhurst, Ill.
Duane, Lylla—2 yr. Primary—Prim. Grades, Bellevue State Graded, Brown County.
Eskritt, Lucille—2 yr. Rural—Rural School in Portage Co.
Frane, Margaret—4 yr. Inter. 3rd and 4th Grades, Almond, Wis.
Frawley, Lauretta—3 yr. Inter.—Intermediate position, Green Bay, Wis.
Fulton, Barbara—H. Ec.—H. Ec. and English, Jr. High, Sturgeon Bay, Wis.
Gordon, Frank—H. S.—Science and Coach, Granton, Wis.
Greunke, Estelle—2 yr. Primary—2nd Grade, Lodi, Wis.
Hubbard, Ralph—4 yr. Grammar—Principal, Wildewood State Graded School—Door Co.
Johnson, Doris—4 yr. State Graded—History and Library, H. S. Denmark, Wis.
Johnson, Gretchen—2 yr. Rural State Graded—3rd and 4th grades, Neecedah, Wis.
Johnson, Naomi—3 yr. Inter.—Intermediate Grades, Enterprise, Wisconsin.
Joy, Barbara—4 yr. H. S.—6th grade, Elmhurst, Ill.
Kohls, Josephine—2 yr. Rural—Primary Grades, Williard, Wis.
Kops, Mrs. Minnie—2 yr. Inter.—Primary Grades, Athens, Wis.
Knop, Florence—4 yr. H. S.—6th and 7th Grades, Elmhurst, Ill.
Menzel, Frank—H. S.—High School, Park Falls, Wis.
Murdock, Luella—3 yr. Inter.—4th Grade, Adams, Wis.
Murray, Ronald—H. S.—Science and Coach, Weyauwega, Wis.
Nelson, Harriet—4 yr. Primary—3rd Grade, Adams, Wis.
Nelson, Veryl—2 yr. Rural—Rural School, Clark Co.

Ostwald, Mary Jane—H. Ec.—Home Economics, La Farge, Wis.
Piehl, Helen—H. Ec.—Home Economics, Muscoda, Wis.
Plano, Ella—2 yr. Rural—Rural School—Wauashara County.
Premeau, Elya—2 yr. State Graded—State Graded School in Taylor County.
Prien, Arlene—2 yr. Inter.—5th Grade, Rib Lake, Wis.
Rademacher, Emden—2 yr. Rural—Rural School, Taylor County.
Rasmussen, Ione—2 yr. Rural—Rural School
Round, Beryl—2 yr. State Graded—Primary Grades, Wycocna, Wis.
Salzman, Mary—2 yr. State Graded—Supervising Teacher, Marquette County.
Scribner, Charles—H. S.—Principal Graded School, Mole Lake, Wis.
Shorey, Arba—H. S.—Junior High Social Sciences—Elmhurst, Ill.
Skarweski, Delores—H. S. 7th and 8th Grades and Music, Hannibal, Wis.
Skutley, Genevieve—H. Ec.—Home Economics, Blair, Wis.
Solberg, Mabel—H. Ec.—Home Economics, Genoa, City, Wis.
Speidel, Clarence—2 yr. State Graded—7th and 8th Grades and Band—Wittenburg, Wis.
Steiner, Robert—H. S.—English and History, Melrose, Wis.
Sturn, Ernest—H. S.—English, Mattoon, Wis.
Switzer, Ruth M.—H. Ec.—Primary and Hot Lunch—Sagola, Mich.
Taylor, Mary—3 yr. Inter.—5th Grade, Mt. Horeb, Wis.
Tetzler, Greta—4 yr. Inter.—8th Grade, Barron, Wis.
Truesdale, Norma—Home Ec.—Home Economics, North Freedom, Wis.
White, Francis—H. S.—Band and Teaching H. S., Hexton, Wis.
Wilson, Millicent—4 yr. J. H.—Ass't. Principal, Junction City, Wis.

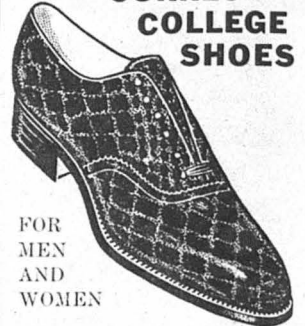

Professor O. W. Neale reports the following placements in the rural department. This list includes mainly those who had obtained positions at the end of the second semester of last term.

Anderson, Mabel—Schmer School, Iola.
Carmody, Alvin J.—Door County
Cornwell, Vivian—Quentin School, Portage County.
Croker, Lenore—Sundstien School, Eagle River, Wis.
