Central State Host To Sigma Zetans

Sigma Tau Open House Features G. M. Haddock, Leeds College, England

The class of English 225 will act as hosts to the teachers of English of about 30 high schools in the surrounding territory when they sponsor a Sigma Tau Delta Open House next Monday, April 19.

G. Marsden Haddock, of Leeds College, England, a specialist in music and speech, will present a lecture to the visiting teachers and to the entire student body as well at an assembly to be held at 3:30 Monday afternoon.

Following this, the visiting teachers will meet for a round table discussion centering around Haddock's lecture. Haddock will lead the discussion.

The Open House will close with tea, which will be served in the home economics rooms.

N.Y.A. Students Outline Emergency Exit System

The N. Y. A. students, under the able management of Prof. Victor E. Thompson, have inaugurated a new system of Panic Prevention. This system will entail appointment of the N. Y. A. students to act as floor generals. They are to work under the supervision of a chief who will direct the students as they leave the building during drills. The purpose of this organization is to prevent panic among students in case of fire.

Directions as to what exits shall be used relative to the student's location at the time of the drill will be posted on the bulletin boards. All students should read these carefully since cooperation is the essence of the whole plan. All N. Y. A. students are urged to watch the bulletin boards for meetings.

The fire alarm will not be rung in the future except in case of Panic Prevention drill or in the case of fire. This means that the alarm no longer means assembly. Any suggestions and comments will be gladly accepted by the N. Y. A. students after the system is in operation.

College Welcomes Delegates To 12th National Conclave

Sigma Zeta representatives from four states will be here Friday and Saturday to attend and take part in the annual Sigma Zeta Honorary Science Fraternity's national conclave.

The program as arranged by the local committee of the Zeta chapter begins with registration at 9:15 on Friday in Miss Allen's reception room. At 10:15 the group will take a field trip through the Whiting Plover paper mill. At 1:15 the delegates will attend the Open House which will also be held on Friday. Prof. Michelsen will present the college band in a short concert starting at 3:30 and this will be followed at 4:10 by a talk by Mr. Berglund of Minneapolis on "Liquid Air and Dry Ice." At 6:00 the Conclave Banquet will be held at the Hotel Whiting. Professor Benja-

Miss Esther Yach, Stevens Point, To Be Prom Queen

By BOB ANDRE
Publicity Chairman

Red Chartier, the Champagne Waltz prom king, has announced that Miss Esther Yach, a local Hardware Insurance employee, has been chosen to be his reigning queen at the 1937 Junior prom next week. Miss Yach is a resident of Stevens Point, well-known and popular among college people.

Meanwhile plans for the prom are nearing completion as Bjorn Christianson, general chairman, announced that everything is "set" for the evening of April 24. The decorating committee, headed by Bill Larson, is working hard on sets which will be placed in the new gym early next week. Lighting effects and last touches will be added as soon as the sets are in position. The gym will be transformed into a French vineyard, hung with huge bunches of grapes and modernized by colored and moving lights. Cliff Malchow, head of the Invitation Committee, reports that the final formal invitations were sent out this week.

The dating bureau, managed by Timm and Abrahamson, reports that it is being flooded with ap-

plications, especially from the feminine group.

The Junior class is sparing no effort or expense to make this the most successful prom in the history of C. S. T. C. Central and eastern Wisconsin newspapers are being informed of the plans, and the 1937 Junior prom will undoubtedly be the most complete social event of the year.

Miss Carlsten's Painting Accepted For Exhibition

Miss Edna Carlsten, art instructor of Central State Teachers College, had her picture "Gladolias" accepted by the five judges of the 18th Swedish American Art Exhibition at the Swedish Club of Chicago, April 3 to 11.

Out of the three hundred and fifty pictures entered, ninety nine were chosen by the judges. Miss Carlsten left Friday afternoon for Chicago to attend the meeting.

There were seventy-three artists from ten different states represented at the meeting. Guest artists were John F. Carlson, M. A., Henry Mattson, Berger Sandzen, and Charles Hallberg, painters, and Agnes Fromen, sculptor.

College Concert Band Presents Spring Concert Wednesday, April 21

The college band will present its annual spring concert next Wednesday evening in the college auditorium at 8:15 o'clock. The Girls Glee Club will also take part in the program.

A varied array of concert numbers will be presented. Among those to be given are "Peer Gynt Suite" by Grieg, "Two Little Japs" by Charrosin, "The Rosary" by Nevin, and "March Fantastique" by Fucik. The Girls Glee Club will sing several songs. Evelyn Schwingel will play a solo on the marimba.

Band members are now selling tickets for the concert. The very reasonable price of 15c for students and 25c for the public is being charged. Band members are staunch supporters of all school activities and students should attend the concert. Many out-of-town people are planning on coming and a record crowd is expected.

Men's Glee Club Sings At Emerson High This A. M.

The entire personnel of the Mens Glee Club will present a concert at Emerson High school this morning at 10:45. This is the third year the club has sung at the school. President F. S. Hyer will give a short talk during intermission.

Thirty-two Bands To Attend Meet

Thirty-two bands and orchestras have signified their intention of participating in the fourth annual music festival. This will be held at the college on Friday, April 23.

Last week's Pointer stated that Victor Grabel, director of the Chicago Symphony Band, would be here as critic judge. Unforeseen last minute complications will make it impossible for him to attend. Prof. P. J. Michelsen and some other person not yet chosen will be judges. Meals will be served in the dining rooms of Nelson Hall.

A large crowd is expected to attend the event. Students who are free on this date and would like to help in directing are asked to see Mr. Michelsen as soon as possible.

Published Weekly except holidays and examination periods, at Stevens Point by the students of the Central Wisconsin State Teachers College. Subscription Price \$2.00 per year.

Entered as second-class matter May 26, 1927, at the post office at Stevens Point, Wisconsin, under the Act of March 3, 1879.

“Welcome, Sigma Zetas” is Central State’s slogan as they prepare today to receive delegates from the other chapters of the fraternity for the national conclave which is to be held here tomorrow and Saturday. The members of the local chapter are anxious that the visiting delegates have an interesting and enjoyable time during their stay in Stevens Point, and to that end have planned a program which they hope will be pleasing to all. Central State is proud to be host to such a fine group of people interested in science, and hopes that they may find the conclave one that they will long remember.

SCHOOL WIDELY REPRESENTED

It is impossible to determine just how many students read the editorial on the budget situation last week. If they read it, how many did as they were asked?

The office has just gone over the information cards of the students in college and have noted the number of persons in attendance from the various counties. This list shows the sources outside Portage County from which Central State Teacher’s College draws its students.

Table with 2 columns: County Name and Number of Students. Includes Marathon (86), Wood (82), Waupaca (46), Clark (37), Shawano (26), Waushara (18), Lincoln (14), Marquette (14), Langlade (13), Oneida (11), Forest (9), Price (8), Taylor (6), Oconto (6), Rusk (6), Manitowoc (5), Richland (5).

“Thirty seven other counties have from 1 to 4 students enrolled from each. Including Portage county, 55 out of the 71 counties in the state are represented in the student body of the college. Portage county alone has 289 stu-

dents enrolled in the college this semester.”

A proper attitude toward the budget situation would certainly bring a large number of assemblymen in the legislature to realize how concerned their adherents are.

Radio Notes...

Doctor Harold Tolo started a series of talks Monday at 3:45 in the “History and You” series. He will continue in this series for the next few weeks. His topics for discussion will deal with the achievements of man during times of peace.

At 4:00 the Girls’ Pep Club presented an interesting program in which they outlined their aims and objectives. Barbara Wake arranged the program.

On Tuesday at 4:00 Gary Willecke embarrassed more students in the roving reporter broadcasts. All students are urged to come to the assembly during the broadcasts. Those who have questions or problems pertaining to school life are asked to hand them to Gary Willecke for student discussion.

Thursday’s broadcasts take place from some spot in the building that is of special interest to those not connected with the school. Notice of where this broadcast is to take place will be posted each Thursday on the bulletin board.

All comments or suggestions pertaining to these broadcasts are welcomed.

Sticker - -

Many answers came in this week, and after much consideration duplicate prizes had to be awarded. Pointers will be sent to whomever Joe Kryshak and A. S. Lyness, the winners, designate. The answer was 80 and 20 cents.

As many say the problems are too easy, here is a real sticker:

A train is operated by three men—Smith, Robinson, and Jones. They are firemen, engineer, and brakeman, but not respectively. On the train are three business men of the same names.

Consider the following data about all concerned:

- 1. Mr. Robinson lives in Detroit.
2. The brakeman lives half way between Chicago and Detroit.
3. Mr. Jones earns exactly \$2000 per year.
4. Smith beat the fireman at billiards.
5. The brakeman’s nearest neighbor, one of the passengers, earns exactly three times as much a year as the brakeman, who earns \$1000 per year.
6. The passenger whose name is the same as the brakeman’s lives in Chicago.

This is the question: Who is the engineer?

Answers must be in by 4:00 P. M. Monday.

College News Briefs

Prof. N. E. Knutzen and Dean H. R. Steiner judged a district forensic contest at Neillsville all day yesterday.

The Mens Glee club has had a very successful season, having presented nineteen concerts in nearly as many different cities throughout the state. The following letter received by Director N. E. Knutzen indicates how they have been generally received.

“The Junior High School, Rhinelander, Wis., April 9, 1937

The Mens Glee Club, Stevens Point Teachers College, Stevens Point, Wis.

Dear Sirs: The pupils in our school were so well pleased with the delightful program you presented to us that they want us to write thanking you. It was, indeed, kind of you to give us both quartette and full chorus numbers. We can’t tell you which number was most satisfactory to us because our personal tastes and opinions differ. The next time you are in Rhinelander you may be sure that your audience will contain a great many boys and girls of our ages and many of us will be accompanied by our parents.

Yours sincerely, Madeleine Hansen, Pres., Grade 9; Willdell Rosenkrantz, Pres., Grade 8; David Spear, Pres., Grade 7; James Williams, Principal.

A concert was sung to the Kiwanis Club at the hotel Whiting last Tuesday afternoon.

The “Colleegers Quartet” sang at

Sigma Zeta Conclave

(Continued from page 1, col. 2)

min Morris of the University of Wisconsin will present a lecture on “Electrical Phenomena” in the auditorium to delegates, Open House visitors, and all other students and townspeople who wish to attend. At 9:15 there will be an all school party to which the delegates are cordially invited.

Souvenir Programs Prepared

On Saturday morning at 8:00 the delegates will have breakfast at the Gingham Tea Room and following this the group will meet in the college auditorium to hear reports and discussions at which time Prof. Schreiber will talk on the “History of the Metric System” and Prof. Hanawalt will talk about “Scientific Terminology.” The national business meeting will be held at 10:30 in the college auditorium at which time the place for the next conclave will be chosen and following this meeting the conclave will adjourn.

A special anniversary program has been planned and printed for the conclave and this will be passed out at the time of registration.

The general chairman for the conclave is Bill Theisen and he was assisted in the preparations for the conclave by the following committee chairmans: registration—Helen Blake; housing—Ruth Schwahn; transportation—John Steiner; banquet-breakfast—John Maier; trip—Mr. Rogers; correspondence—Jeanette Winarski; programs—Maxine Miner; dance—Bruno Slotwinski; and advertising—John Hanson.

LaVerne Schwingel Outlines Iris Plans

La Verne Schwingel, newly appointed editor-in-chief of the ‘37-‘38 Iris, has made definite plans for the organization of his staff for next year. Regularly scheduled staff meetings will be held each two weeks for discussion of problems relative to the publishing of the book. Schwingel feels that this will make the book more the work of the staff than an individual enterprise. There will be regular weekly conferences of the managing heads of the Iris staff as well as of the various departments engaged in production.

Positions on the staff will be filled by appointment by the editor-in-chief. Applications for positions can be made in writing at any time in the near future. Personal interviews will also be held by Editor Schwingel to determine the ability of the applicant. No definite plans have been made as to the theme of the book for next year or for layout of the book. These will be decided largely by the staff which will be selected.

The Chevrolet dealers convention at the Hotel Whiting yesterday noon. Tonight they will sing at a meeting of the Young Progressives at the Hotel.

Last Monday afternoon Mr. Lou Jacoby, popular star on the Chicago Grand Opera, gave a short talk for the benefit of the club members. He is at Stevens Point this week working in connection with Miss Ann Russell’s Vocal Studio.

Greek Activities

Omega Mu Chi

Formal initiation of Omega Mu Chi sorority was held at a candlelight service Saturday evening at 6 o'clock in the Blue room at Hotel Whiting, followed by an initiation banquet in the club dining room. The initiates were Peggy Glennon, Betty Wolf, Margaret Rogers and Mary Hoppen of Stevens Point, Eleanor Ruchti of Lodi, Florence Quast of Saukville, Evelyn Schwingel of Richland Center, Maryan Lutsey of Pulaski, Lorraine Duescher of Birnamwood, and Grace Melchior and Dorothy Dernbach of New London.

Covers were laid for 46 at the dinner. Table decorations of flowers, tapers and place cards carried out the sorority colors, lavender and gold. Each initiate was presented with an attractive corsage, also of lavender and gold flowers. Special guests for the evening were Mrs. Erwin A. Schwahn and Mrs. Harold Tolo, honorary members, and Mrs. Charles H. Cashin and Mrs. Palmer W. Taylor, patronesses. Miss Edna Carlsten, faculty adviser, was absent from the city. Many alumnae were present including Mrs. Erwin J. Stenzel, Mrs. Raymond W. Bourn, Veryl Nelson, Mary Staples, Lorraine Gething, Beulah Turinski, Ruth Mueller, and Alice Sorenson. Ruth Nason, the president, congratulated new members and introduced the alumnae guests. She also introduced Mrs. Tolo, who gave an amusing original story of Greek mythology.

Tau Gamma Beta

Tau Gamma Beta sorority held its formal initiation at Hotel Whiting Thursday evening, when the following girls were taken in as members at a candlelight service: Marguerite Benn of Medford, Eleanor Breeden of Coloma, Ruth Behne of Belleville, Iris Forbes of Port Edwards, Katherine Houg of Ladysmith, Jane Johnson of Endeavor, Gladys Greve of Brillion, Betty Richards of Portage, Gene Warzink of Merrill, Claire Williams of Pewaukee and Jeanette Fierek, Ann Mainland and Mavis Preville of Stevens Point. Mildred Bowers of Park Falls was taken in as an associate member.

The first patroness when the sorority was founded, Mrs. Frank N. Spindler, reviewed its history since its beginning in 1909, citing the highlights of its growth during the 28 years. She stressed the fact that Tau Gamma enjoys the letter organization on the campus. A distinction of being the oldest Greek talk was also given by Mrs. Ernest T. Smith, a patroness who was at one time an active member, and Miss Beatrice Richardson, an honorary member, told what the sorority means to the girl and what the individual means to the organization. After the president had welcomed the new members in behalf of the other girls, the evening was brought to a close with the sorority song.

Chi Delta Rho

Chi Delta Rho held its formal initiation at 6 o'clock at the fraternity house Saturday evening. The following were initiated: Granville Zimmer, Dearborn Spindler, George Lawrence, Woodrow Lucas, Stevens Point, James Walch, Manawa, Francis Weingartner, Gladstone, Fe Bohan, Chicago Heights,

Illinois, Carsten Paulson, Plainfield, James Duecker, Kiel, Paul Rusch, Merrill, and Clyde Brunner, Leopold. The ceremonies were short but impressive and were followed immediately by a 7 o'clock dinner in the main dining room at the Hotel Whiting.

N. E. Knutson, R. M. Rightsell and G. C. Allez, the faculty advisors were present as well as a large number of alumni from out of town. Short speeches were presented by each initiate and each active member.

Phi Sigma Epsilon

Phi Sigma Epsilon held its formal initiation and dinner at the fraternity house Saturday evening. Those initiated were the following: Park Joy, Carlyle Sturn, Robert Pfiffner, Robert Hager, Ted Meyer, Dick Stoeger, Robert La Haye, Ed Durant, George Hubbard, Stevens Point; Marvin Olson, Suring; Philip Thorson, Ogma; John Felix, Edgar; Joe Bloom, Rhinefander; John Yurkovich, Loretta; Gerald Eyley, Sparta; and Bjorn Christianson, Nelsonville.

The faculty advisors present were Mr. Smith, Mr. Kotal and Mr. Schmeckle. Mr. Smith was the main speaker of the evening. A large number of alumni were present.

W. A. A.

The date for the annual W. A. A. Play Day has been definitely set for Saturday, May 15th. Invitations have been sent out to the girls attending high schools near Stevens Point. All girls are urged to attend.

Last year, one hundred and fifty girls enjoyed the day of play. The morning was spent playing baseball, volleyball, tennis, bat ball and cage ball. Luncheon was served at Nelson Hall at noon. After the luncheon program, Miss Richardson presented her creative dancing program.

The plans for this year's Play Day are very similar, but they will be more extensive. It is hoped that there will be over two hundred girls as guests of W. A. A. on May 15th.

All-School Party

An all school party will be held Friday evening in the training school gymnasium. The Castillians will furnish the music. The admission is free.

Loyola Postponed

The regular Loyola Meeting, which is usually held every third Thursday in the month, will be postponed until Thursday, April 22 to allow students to attend the concert to be presented by the Augustana College Choir tonight.

Pan-Hellenic Dance Well Attended

Greeks and their guests revelled at the Pan-Hellenic Dance Saturday night in the new gym. The dance followed the formal initiations which were held by three of the Greek organizations on that evening. Benny Graham's orchestra furnished the music for dancing which began at 9:00 and continued until 12:00. Chaperones were Mr. and Mrs. Harold Tolo, Mr. and Mrs. Eddie Kotal, and Mr. Schmeckle. One of the largest crowds ever to attend a Greek dance was present.

Sigma Tau Delta held its formal initiation Wednesday, April 17, at Hotel Whiting. Those who were initiated into the fraternity are: Gene Connor, Dorothy Mullarkey, Phyllis Gikling, Ralph Abrahamson, and Harold Reichert. Following the very impressive initiation ceremony, a dinner was held in the club dining room. The table was decorated with tapers of black and red—the fraternity colors—and a center of red roses added a dashing color to the table. Doris George, the president, acted as toastmaster and called upon each initiate for a speech.

1937 Boxing Champions Crowned

Three Knockouts Feature Bouts

Central State crowned its 1937 ring champions last Monday night before a large crowd of college students and townspeople. Each one of the bouts was full of action from the opening round right up to the final bell with every man giving his best in the attempt to become titleholder in his respective division.

Friends Fight

There were twelve bouts in all, four preliminaries and eight championship fights, with one of the preliminary bouts being forfeited when the man didn't show up. The fights were marked by much aggressiveness shown on the part of all men and more boxing ability was demonstrated than in the first card.

Two of the men, Inman Whipple and Henry Warner, had to overcome a mental hazard before they even entered the ring. Those two boys have been inseparable friends since Whipple came to Stevens Point and consequently had to force themselves to try to down each other. From the way they fought, it would never have been suspected that every time they hit each other, they themselves suffered.

The winners of these bouts, with one exception, will go to Superior April 22 to meet Stout, Eau Claire, Superior and Milwaukee. The one change will take place in the 115 pound class where Lloyd Hayes will replace Earle Michaels.

The referee for the fights was Bruno Slotwinski, the timer was Coach Kotal, and the judges were Mr. Bowersock, Mr. Crowley, and Dr. Butler. Joe Koshollek, Franz Arvold, Clarence Benke, Harold Scheel and Jim Maguire were the seconds.

Preliminaries—

John Felix, Edgar, 134 pounds, won by decision from Roy Peterson, Stevens Point, 140 pounds.

Felix outboxed Peterson to take the bout easily. Peterson was taking lots of punishment from Felix during the second and third rounds. The Point boy tired rapidly and fell into a clinch as often as possible.

Frank Metcalf, Amherst, 140 pounds, won by technical knockout from Bob Baker, New Lisbon, 145 pounds.

Baker was held off by Metcalf's long range punching and got in very few good blows. The New Lisbon boy sprained his arm on the ropes in the second round and was unable to continue.

John Hutzel, Loana, 164 pounds, won by decision from Dan Young, Bancroft, 169 pounds.

Both men slugged it out, with Hutzel doing a better job of defense and getting the nod in a close decision.

Louis Drobnick, Gleason, 150 pounds, won by decision from Glenn Harris, Plainfield, 155 pounds.

Drobnick put on a better exhibition of boxing and floored Harris once for a count of five. Drobnick was too fast for the Plainfield boy.

Harold Scheel, Spencer, won on a forfeit from La Rue Smith, Shawano.

Championship—

115 pound class—
Earle Michaels, Stevens Point, 119 pounds won by decision from Philip Scheel, Phillips, 119 pounds.

Coaches Elect Kotal President

Eddie Kotal, athletic director at Central State, was elected president of the Wisconsin State Teachers College Coaches Conference at a meeting held in Madison. Kotal was the unanimous choice of the coaches because of his remarkable record of turning out seven championship teams in football and basketball since he took over the coaching reign here seven years ago.

Michaels was much more experienced than Scheel and carried the fight to the other all the way. Scheel tagged Michaels with the left quite often but failed to do much damage.

125 pound class—
Charles Torbenson, Stevens Point, 129 pounds, won by decision from Lloyd Hayes, Minocqua, 125 pounds.

Torbenson put on the finest exhibition of boxing for the entire evening and was easily the victor over Hayes. Hayes was the aggressor during the early part of the fight but Torbenson finished fast.

135 pound class—
George Hubbard, Stevens Point, 137 pounds, won by decision from Ben Laschkewitsch, Goodrich, N. D., 134 pounds.

Hubbard was too fast for Laschkewitsch, 1936 champion who had not fought since he won the title last year. Laschkewitsch got the better of Hubbard in the close fighting but the undefeated Point lad had the better of the long range fighting.

145 pound class—
Calvin Cook, Unity, 143 pounds, won by technical knockout from Ed Brill, Stevens Point, 142 pounds.

Brill has a trick shoulder that jumps out of joint every little while, and after the second time Dr. Marrs advised him to stop fighting. The bout was full of excitement in the short time that it lasted.

155 pound class—
Inman Whipple, Stevens Point, 155 pounds, won by decision from Henry Warner, Stevens Point, 155 pounds.

Whipple had all the best of the fight but Warner never gave up, even though he was taking a bad beating. Whipple was almost forced to punish Warner so that no one could say that he was taking it easy.

165 pound class—
Bill Carley, Plover, 162 pounds, won by technical knockout from Felix Bohan, Chicago Heights, Ill., 164 pounds.

Carley uncocked his lethal left too many times and Bohan was caught short. Both men were aggressive and the bout was marked by wild slugging.

175 pound class—
Charles Sparhawk, Plover, 173 pounds, won by decision from Paul Rusch, Merrill, 169 pounds.

Rusch took the fight to Sparhawk but was unable to do much damage to the barrel chested Plover boy. Sparhawk punished Rusch most when the fighting was close.

Heavyweight class—
Fred Nimz, Wausau, 195 pounds, won by technical knockout from Wilbur Rathke, Merrill, 185 pounds.

Nimz's superior reach was too much

Track Candidates Asked To Report

Track will be brought back to Central State as an intercollegiate sport this year after a one year lapse if enough men who are interested will turn out. According to Charles Sparhawk, football and track star, there is an abundance of material in school to provide Central State with a strong contender in Teachers College meets. Some of the outstanding men are: Charles Sparhawk and Leonard Krutza, discus and shotput; Bjorn Christenson, Louis Drobnick and Tony Anderson, half-milers; Ed Bull and Inman Whipple, milers; Don Johnston, pole vault; Henry Warner, high jump and 440; and Fred Nimz, pole vault, high jump, and shotput.

Anyone interested in track should see Coach Kotal as soon as possible.

Sports Gossip

Henry Warner, a finalist in Central State's boxing tournament of champions, has quite a mark to measure up to in the ring world. A relative of his, also named Henry Warner, was lightweight champion of the world at the same time that the Boston Bean Boy, John J. Sullivan, held the throne of fistiana. Hank has only been defeated twice during his high school and college career and shows promise of going a long way up the ladder of fistdom.

The "East Side Gang" was organized last Monday to cheer on the men who came from their side of the town and were fighting on the boxing card.

From the cheers that went up when either Michaels, Warner, Whipple or Hubbard did something good, you would have thought that half of the crowd came from that side of town.

of a handicap for Rathke to overcome. Rathke went down twice for a count of nine in the second round.

Champions Enter Superior Tourney

The eight winners in Central State's boxing tournament of champions will travel to Superior April 22 to meet the Stout, Eau Claire, and Superior Teachers College boxers in a tournament to be held there.

Superior will enter eight men, Eau Claire six, and Stout four, with a possibility of a fifth college entering its boxers. The men who were defeated by the titleholders last Monday will act as alternates in case any of the champions are unable to fight for one reason or another.

Inman Whipple, boxing coach, is also trying to arrange a home and home series with Superior and Platteville Teachers Colleges.

Weather Decides Baseball Plans

Baseball will be revived at Central State this year if the weather will permit practice, according to Coach Kotal. Kotal has definitely decided to replace track with the great American pasttime. As the expenses of baseball are little and an allotment has already been made for track, this will be no financial problem such as there has been in former years.

Many of the athletes around school believe that there is sufficient high-caliber material here for Central State to turn out a first-class nine. There are many college men who, during the summer, play ball with their home town team and are stars of their respective clubs.

Kotal has contacted a member of other schools regarding possible games and is assured of plenty of competition if his plans materialize.

Those interested in playing should watch Coach's bulletin board for further announcements.

Science Open House

(Continued from page 1, col. 3)

here for the event.

Registration will take place as the visiting groups arrive and will be carried on in a unique manner. The visitors will be greeted on the front campus and their names will be broadcast into the reception desk in the main building by radio. When the visitors report at the registration desk they will be given a program with their name inscribed on it.

Detailed Program Given

The first part of the afternoon or from 1:00 to 4:00 o'clock will be taken up by an open house in the following science departments:

The Chemistry laboratory will present chemical exhibits and photographic demonstrations in the dark room.

In the Physics lecture room a lecture and demonstration of astronomy will be presented by Mr. Rightsell and a demonstration of high frequency static electricity will also be given.

In the Physics laboratory there will be a demonstration of the Scientific production of heat.

In the Chemistry lecture room will be the displays in the Prize Photo Contest and also a model airplane display by the Central Model Aero Club.

In the agriculture room there will be a demonstration of the production of light.

Motion Pictures Offered

In the Home Economics rooms will be exhibits of dress dolls, weaving and spinning apparatus, of table setting, and of modern mechanical kitchen devices.

In the Geography room talking movies of chemistry will be presented and in the auditorium pictures on health, chemistry and other scientific subjects will be shown.

In Room 259 there will be a display dealing with nutrition, home nursing, and child care.

The library will have a display of scientific books procured lately.

In the biology laboratories there will be experiments in botany and zoology, as well as a display of equipment.

Room 243 will feature a display of clothing and class problems.

At 3:30 the college band under the direction of Prof. Michelsen will present a concert. This will be broadcast over WLBL.

Following the concert, Mr. Berglund of Minneapolis will give a lecture with demonstrations on dry ice and liquid air. This talk will start at 4:00

In the evening the Open House will be brought to a climax by a lecture by Prof. B. Morris of the U. of Wisconsin. His talk concerns "Electrical Phenomena."

Notes On Sigma Zeta . . .

Sigma Zeta was founded in 1925 at Shurtleff College, Alton, Illinois. At first a purely local organization, it soon began to take on the aspects of a national organization when the Beta chapter was installed at McKendree College, Lebanon, Ill., in 1926. In the same year the society was incorporated under the laws of the State of Illinois. Since its founding, the expansion of the organization has been conservative but steady. There are at present ten active chapters.

The Zeta Chapter of Sigma Zeta, organized in 1929 at this college through the work of Mr. Culver and Mr. Rogers, has been very active in the extra-curricular work of this institution. In 1931, C. S. T. C. was host to the National conclave of the organization and in 1935 the Open House program was held. Since the beginning of the local chapter, the organization, composed of students majoring in science fields, has given impetus to scientific scholarship and through its program, open to college students and visitors, it has taken a leading part in presentation of scientific information to many in this region.

Purpose Is Two-fold

Science Open House, conducted for the third successive year by the Zeta Chapter, has furnished an opportunity for those interested in science to observe the activities and accomplish-

STEVENS POINT, WIS.

ment of the science department of this school. In 1934, to promote the spirit of research and investigation, the group donated a silver plaque to the school. Each year the student who carries out a most outstanding project in science has his name engraved upon the plaque. Contributions to the Culver Memorial Book Fund have been made for the purchase of books of scientific nature. The organization has, in addition to the above, been foremost in its promotion of scientific work upon this campus.

The purpose of the Society is twofold, viz., to encourage and foster undergraduate work in science, and to reward in a tangible manner the attainment of high scholarship.

Scholarship, Character Count

There are three types of membership, viz., associate, active and honorary. Any freshman student who has completed one semester of college work, or any sophomore who intends to major in chemistry, physics, biology, or mathematics is eligible to election to associate membership. Such election, however, does not necessarily insure subsequent election to active membership.

Active membership is limited to Junior and Senior students majoring in any of the above mentioned sciences whose scholarship and character are of the highest type. While the former is a vital criterion in the selection of active members, nevertheless character plays an important part for, scholarship, however brilliant, without a correspondingly high character is valueless. Active members are permitted to wear the gold key, the emblem of the organization, which is presented to them at initiation.

those persons who, in the opinion of each individual chapter, have rendered conspicuous service in the interest of science and for which the Society wishes to show respect.

During the year each chapter conducts its own affairs in a manner best suited to local conditions. The national office of the Grand-Recorder Treasurer, however, is always ready to cooperate as far as possible in helping to solve the problems confronting any chapter. On the Friday and Saturday of the second week of April there is held the Annual Conclave of the Society to which delegates from each chapter are sent. During the past the Conclaves have proven most interesting and profitable. All petitions for the establishment of new chapters and any other business affecting the welfare of all the chapters is considered and voted upon at this time.

C. S. T. C. Examination

How well do you know your school? Without checking up on the answers, answer the following questions.

1. The number of students enrolled in C. S. T. C. counting night school is:

632	744	946
844	895	805

2. The school colors are:

purple and white	yellow and purple
gold and blue	purple and gold
white and green	black and blue

3. The basketball team won (?) games:

10	5	18
7	12	16

4. The approximate number of books in the library

25,000	19,000	30,000
33,000	6,000	40,000

5. How many girls live in Nelson Hall?

110	90	125
100	94	119

6. The accepted clubs in college number

25	18	10	15	11
----	----	----	----	----

7. The acting captain of last year's football team was:

Ted Menzel	Oscar Copes
Al Bucholz	Web Berard
Don Johnston	Jim McGuire

8. Who is president of the faculty board?

E. T. Smith	F. J. Schmeekle
May Roach	T. A. Rogers
F. S. Hyer	Sue Colman

9. The number of teachers on the faculty is:

55	61	37	43	48
----	----	----	----	----

10. The school offers _____ majors.

9	11	14	17	21
---	----	----	----	----

11. Regent of C. S. T. C. is

F. Hirzy, J. V. Collins, Geo. H. Martens, W. E. Atwell
--

12. To be registered as a junior one must have an honor point average of

1.0	1.7	1.6	1.4	1.3	1.5
-----	-----	-----	-----	-----	-----

13. What two of our faculty members are registered in Who's Who?

J. V. Collins, E. T. Smith, F. S. Hyer, Dr. Horton, C. C. Evans

14. C. S. T. C. is the only teachers college offering a major in:

Soc. Sci.	Home Ec.	Geography
Mathematics		

15. Who is captain of next year's basketball team?

Don Johnston, Fred Nimz, Chet Rinka, Dave Parish
--

16. Stevens Point is a member of A. A. T. C., meaning:

Am. Acc. Teachers College,
Accepted Ass'n. of Teachers College,
Am. Ass'n. of Teachers College.

Credit for these questions is given to the Winonan.

CAMPUS COURTESY

By RUTH NASON

(Following the plan at a Maryland school where co-eds submitted a handbook of principles of etiquette to the student body, this column will offer a few suggestions in every day courtesy. If you have any "pet peeves" in manners which you would like published, write them out and slip them into the slot in the Pointer office door.)

With the Prom and the approaching spring formals so near, a few tips on formal behavior should be appropriate. The new dating bureau is a novel idea and applications will, no doubt, be numerous. For those who have dates pretty well in mind, however, here's a suggestion. Extremely timed invitations are taboo. That is—don't ask a date to a formal even before plans for the dance are being made, but don't wait to ask the same week of the party if it is possible to ask sooner. There is much criticism of the date who asks a girl or fellow, as the case may be, to a formal many weeks beforehand so that a return date for a preceding dance is practically asked for. Also, you know that late dates are unpopularly known as "nine-thirty" dates.

Don't be late for any date. This applies to both the girl and the boy. No matter how popular a person is, tardy appearance kills all respect if it occurs often.

Girls are better sports about expenses than they were some time ago, for they seem to realize the financial difficulties of some dates and try to economize when possible. However, no fellow should expect a girl to walk several blocks in formal attire. It's not much fun to hold up a formal, teeter on French heels, have your wave blown out, and be fatigued upon reaching the party besides.

Don't duck the receiving line! If any one thing displays social ignorance, this is tops. It is, perhaps, the only time that many students have social contact with older people. It is both stimulating and educational. It is only the person unfitted for any position in the world who does not cultivate the ability to find a short greeting for hostesses, hosts, and chaperones a pleasure. The girl precedes her partner, unless she is a stranger. In the latter instance, the boy goes somewhat ahead to facilitate introductions. If neither of the couple know those in the receiving line, they should present themselves. If it is not too crowded near the receiving line, it is the best of eti-

quette to have a short chat with the chaperones. They appreciate it more than students realize.

"Trading" most of your dances belonged to the jazz age. Don't accept a date unless you plan to enjoy the majority of the evening with him. Freelancers are too often confused with people who accept dates "just to get there". At sorority dances the girl fills out the program, and it is very proper that she consult her escort as to the dances, just as a boy should always be sure that his girl approves of the dances he obtains. This eliminates the process of getting "stuck" with someone who just doesn't dance "the way we do back home". (Have you ever heard that one?)

Remember that you are attending a formal party and conspicuous behavior and loud talk may be held against you and rightly so.

Just take these tips to heart and you'll find that you will have a much better time at the formals.

Nelson Hall Notes

By NELLIE of NELSON HALL

Miss Virginia Gajewski, who has been ill at her home in Pulaski, returned Sunday. Glad to have you back with us, Virginia!

Miss Lucille Beppler had a birthday Monday. Many more of them, Lucille!

Miss Richardson drove to Milwaukee Saturday. She was accompanied by Miss Edna Earle and a group of children.

Nolan Gregory visited his mother, Mrs. Gregory, last week-end.

Do you know the answers to these? When was Nelson Hall built?

After what man was the Hall named?

What was the War Record of Nelson Hall?

How much has room rent varied at Nelson Hall in twenty years?
