

President Hyer To Leave February First

Frosh Welcomed To C.S.T.C.

Successfully Completes Fifty Years Of Service

Bill Larson Succeeds Berard As Business Manager

Bill Larson goes the honor of being appointed Business Manager of the Pointer for the year 1937-38. He was appointed to fill the vacancy left by Jim Berard, who was appointed last year but did not return to school this year due to the fact that he is now working in the Wisconsin Rapids Paper Mill as chemist. He plans to work for a year and then enter the University of Alabama the following year.

Bill is known to be a very capable man, as well as popular, as his previous record shows. During the year of 1935-36 he was president of the Mens Glee Club. Last year he acted as business manager of the same organization. He was also, during the same year, elected secretary of the Junior Class. This year he will act as President of the Chi Delta Rho Fraternity. Bill has been constantly active in musical organizations, having served in the band for two and a half years and in the glee club for three years.

The Pointer can certainly look forward to a good year under the capable management of Bill Larson.

College Health Service Enters Its 2nd Year

The College Health Service of C. S. T. C. celebrates its second birthday this year. The Health office is located on the basement floor of the college near the east entrance.

Dr. Marrs is the school physician. Miss Mary K. Neuberger is the school nurse.

Visitors are welcome at the Health Service. The waiting room is fitted with comfortable easy chairs. The inner office contains an array of white instruments, gauzed, and a restful looking bed.

Dr. Marrs is at the Health Service from eleven to twelve each week day. Nurse Neuberger keeps office hours from ten to twelve every morning except Sunday. At other times, she can be reached at Nelson Hall.

Remember the Health Service for a healthy college year.

F. S. Hyer

TO ALL STUDENTS

I am pleased that I again have the privilege to welcome students, old and new students, to Central State Teachers College at the opening of this new college year.

Judging from the fine spirit which our students have shown in the past, I am sure that you have come to college with a firm determination to make the most of the opportunities for self improvement which are here offered to you.

I want to assure you that the faculty joins me in this spirit of welcome. We are here to direct and assist in your development.

May you be happy in your associations and may the year be one of pleasure and success to you is the wish of

Yours sincerely,
Frank S. Hyer
President

N.Y.A. Appropriations Considerably Reduced

The applications for N. Y. A. jobs this year greatly exceeded the number of jobs to be given out. One of the reasons for this is because the allotment for this school has been cut from 134 to 69. Because of this cut, restrictions were made. No jobs are given to anyone over 25 years of age, all students living in the city are restricted, and all workers are required to have a grade of B or higher.

The wages of N. Y. A. workers varies. All workers putting in 40 hours a month receive \$12 and all part time workers putting in 20 hours receive \$6.

H. R. Steiner

TO THE FRESHMEN

However trite it may seem, I wish to say that it affords me real pleasure to welcome you as students to Central State Teachers College.

Here you have a genuine opportunity for vigorous, healthy growth in usefulness amid surroundings which are ideally suited to that end. May you make the most of the facilities so generously provided and may your stay here be happy and eminently worth while.

Sincerely,
H. R. Steiner

Dr. Nixon Selected Head Of Math. Dept.

Professor Nixon today took over his new duties as Mathematics teacher at Central State Teachers College. He is filling the vacancy left by Joseph Collins' resignation last fall.

Professor Nixon is a graduate of Indiana College where he received his B. A. degree. He has an M. A. degree from the U. of Chicago and his doctor's degree from Ohio State University.

Impressed By School

Professor Nixon has been the principal of three high schools and then taught at the Ohio State University for three and a half years. For the past three years he has been working for the Department of Justice at Washington.

Mr. Nixon is a married man and has two children. The oldest son Robert is enrolled as a fresh-

man at this college and the other son is a senior at the Stevens Point High School. Mr. Nixon said he thought this was a very good institution and thought he would enjoy teaching here very much. The Nixons now live at 710 S. Division street.

At the close of the school term in June, President Hyer announced his resignation as president of Central State Teachers College. This announcement came as a complete surprise to the student body and the faculty.

President Hyer gave three reasons for his decision to resign. He said it was the first time in his career as a teacher that he caught himself loafing on the job, that he had completed his purpose for coming here, and perhaps the people in Stevens Point needed a new interest in the college.

Resignation Accepted

President Hyer came to Stevens Point as an institute conductor in 1904 and nine years later became head of the training school. He remained in that capacity until 1919 when he became president of the college at Whitewater. He remained there until 1930 when he became President of the college here.

The board of regents accepted his resignation at the next meeting but asked him to remain as head of the institution until in February when they will announce his successor.

President Hyer spent a delightful summer at the lakes at Waupaca and plans to go south in February when his successor is announced.

Miss Davis Recovers From Recent Illness

The students of C. S. T. C. will be glad to know that Miss Mildred Davis, French teacher, has recovered completely from her recent illness and is back on the way to health. During her illness she stayed at Excelsior Springs, Iowa, after which period she returned to her home in Iowa. She was unable to resume her summer school duties. We are all glad to have her back with us.

man at this college and the other son is a senior at the Stevens Point High School. Mr. Nixon said he thought this was a very good institution and thought he would enjoy teaching here very much. The Nixons now live at 710 S. Division street.

Published Weekly except holidays and examination periods, at Stevens Point by the students of the Central Wisconsin State Teachers College. Subscription Price \$2.00 per year.

Entered as second-class matter May 26, 1927, at the post office at Stevens Point, Wisconsin, under the Act of March 3, 1879.

TO THE FRESHMEN

We upper classmen welcome you to Central State. It is our privilege and purpose to greet you incoming students and help you adapt yourselves to this environment. We hope each of you will consider the ensuing relations mutual and come half way of your own initiative.

We want you to realize the benefits of our small co-educational college. Enter into extra-curricular activities in which you are interested. They will help make your experience here fuller and more of a reality.

You have chosen C. S. T. C. for your first year in college. Be not as the lilies of the field. Let's copy our team's football tactics and hit the line hard from the opening minutes of play.

Highlights Of Summer Session

Six hundred students enrolled for the thirtieth Summer Session of Central State Teachers College. This was slightly less than the enrollment of the previous year which was six hundred six.

Raymond M. Rightsell acted as Director of the 1937 Summer Session. The faculty welcomed the students at an informal reception. Three school dances were given during the six weeks. President Hyer arranged an interesting series of lectures and musical programs.

Prof. Leland M. Burroughs directed his class in Contemporary Drama in the production of "The Easiest Way."

Miss Richardson, Women's Physical Education Director, spent the Summer Session at Madison where she taught classes at the University demonstration laboratory school. Miss Elinor Sandern of Michigan substituted.

Mr. F. J. Schmeeckle took his Conservation class on a field trip to Madison.

For the first time in the history of the school a Summer Mens Glee Club was organized. The club met weekly. Norman Knutzen acted as Director.

Weekly band concerts were given by the N. Y. A. band from the Nelson Hall balcony. The band was under the direction of P. J. Michelsen. Each Wednesday afternoon an Alumni Radio broadcast was presented through the

Musical Clubs Get Underway

Professor Peter J. Michelsen is looking forward to more and better music this year. Besides directing the concert band, Girls Glee Club, and Concert Orchestra, he is offering two directors' courses, one in band directing and one in Chorus directing.

Tryouts for the Concert Band are being held this week. Many former members, including soloists, will be back to participate, as well as the new members who make the grade. Mr. Michelsen expects to pick between 50 and 60 musicians for the organization and will hold his first rehearsal Thursday afternoon at 3 o'clock.

Tryouts for the Girls Glee Club will be held next week. This organization is to be limited to 30 members, a much smaller number than in previous years. There will probably be no rehearsal for the girls before Sept. 27th.

The first orchestra rehearsal will be held on Wednesday, Sept. 22 at 4 P. M. All who wish to join the orchestra, especially students who play stringed instruments, are requested to be present for this meeting.

cooperation of the Alumni and Radio Staff.

The annual Summer School picnic was held at Robertson park, July twenty-second. July twenty-third marked the Commencement of the 1937 Summer Session.

Summer Activities Of Men's Glee Club

This summer was a full one indeed for the Central State Mens Glee Club, under the direction of Professor Norman E. Knutzen. For the first time since the organization of the glee club, in the fall of 1933, it has been able to hold rehearsals all throughout the summer session. With a nucleus of the men who had been with it in 1936-37 and with the additional men who had entered during the summer, it presented a concert during the latter part of the summer session. This concert was composed of both old and new numbers, the new having been learned during a period of about five weeks. This accomplishment was especially noteworthy because of the fact that many of the men in the glee club were not entered in summer session, thus making it difficult for them to attend the two practice hours held every week.

These practices were particularly important due to the fact that the glee club had been invited to participate in the annual Chicago-Land Music Festival, which was held at Soldier's Field, Chicago, Aug. 21. As the glee club was the only college organization, invited to attend the Festival, it was very important that an especially good showing be made.

Plus these practices during the summer, the glee club engaged Covenant Point Bible Camp at Hagerman Lake, Michigan for a period of three days during which time rehearsals were held three times a day. This camp was held in order to get all of the men together for a final training period before leaving for Chicago. The directors of many like organizations had told Professor Knutzen that it would be impossible to get 32 fellows together, from all parts of the state, many of whom had jobs they were reluctant to leave. However, it was done, and done well. Every man responded to the call and on Monday, August 16, Covenant Point was fully occupied with Central State Mens Glee Club.

This training period of three days was not all work, however. Athletic director, Eddie Kotal, kindly lent all the equipment needed for baseball, volley ball and horseshoes. The equipment was well used indeed. The lake was also very excellent for swimming and the men had a dock entirely to themselves. In addition to this a crowd of six fishermen went over to Jesse Caskey's Resort, Sylvan Rest, on Lac Vieu Desert, and were given an afternoon of fine fishing with the use of two large boats and a motor, plus a personal guiding done by Jesse himself, who really knows the lake.

The boys were fed well too, believe it or not. The cooks for this hungry bunch of wolves were Bill Clements and Ted Meyers, both strong members of the Glee Club. There was no lack of solid food

(Continued on page 6, col. 1)

RADIO NOTES

It has much interested the writer to note the recent development in the Chicago infantile paralysis epidemic where commercial broadcasting time has given way to carrying on direct home instruction via radio during the emergency.

Whether we would want to admit it or not, radio today stands in line with the movies and the press in communicating influence upon our thoughts and behavior and in spite of the fact that within the last decade commercially minded interests have monopolized the air and have claimed the prime broadcasting hours for their propaganda, there still exist non-commercial broadcasting stations and paid-up time on the air available to discriminating interests who may intelligently plan and execute programs through appealing to the tastes and becoming extremely deferent to the ultimate value of the material to their listeners. To exemplify "discriminating interests": Broadcasting in conjunction with the University of Wisconsin is WHA, one of our own state stations. Those people of the state who are not already acquainted with this excellent educational radio venture so ably directed by the WHA staff are fast becoming conscious of this radio service free from advertising and commercial bias.

Through WLBL's new regional 5000 watt transmitter in conjunction with the studio equipment owned by the college itself, is opened to the students of C. S. T. C. to experiment and pioneer in the so far much neglected field of educational radio. There is no more logical place for this type of work than in a teacher's training institution such as our college.

The old Central State students have been aware of the increasing use of "time on the air" by this school since its alliance with WLBL two years ago. By the time this is in print the new students, you freshmen, who have already, the last few days, come to value the social aspects of college living, will inevitably be impressed by the opportunity for participation in the extra-curricular program offered by your college. Musical, dramatic, forensic, athletic, and other specialized and supervised activities—all valuable to the prospective teacher.

Society News

Faculty Reception

The faculty reception will take place tonight in the New Gym. The reception line will form at 8:30, and an orchestra will play for dancing.

Freshmen Mixer

On Tuesday evening was the annual Freshmen Mixer. The affair, which is held at Nelson Hall, is especially planned to make the new students feel at home. There were several hosts and hostesses on hand to introduce the newcomers to upper classmen and other freshmen. Refreshments were served, and dancing was enjoyed in the Recreation Room. Cards and other games were played in the dining room and the living room. The Mixer was sponsored by the Pep Club.

Daughter Arrives

Congratulations are the order of the day for Prof. and Mrs. W. G. Jenkins.

Prof. W. G. Jenkins is the proud father of a baby daughter, born at Madison, September sixth. Happy birthday, Miss Jenkins.

Recent Marriages

There have been a number of weddings in recent months which are of interest to college students.

Miss Garnet Heilman of the secretarial staff of the College was married to Ernest Sturm, who is teaching at Mattoon.

The marriage of Walt Hodson and Helen Blake took place last school-year. Both Mr. and Mrs. Hodson were college students.

Lorraine Dumbleton and Russ Way, both former students, were married the first of this month.

Another couple married this summer was Pete Smith and Geraldine Walsh.

Still another college student, Thoburn Peterson, recently took Margaret Lou Hensel as his bride.

A wedding of the near future is that of Miss Florence Quast, who attended Teachers College last year, to John Eastling, of Manawa.

Freshmen Entertained

New students at College were given their first glimpse of social life in the school at an informal freshmen party held Monday evening at Nelson Hall. The Castilians played for dancing in the Recreation Room.

ATTENTION FRESHMEN

Dear Freshmen:

Seniors like to give advice as well as freshmen dislike hearing it. So here goes!

Don't let the placement tests bother you. I'm here and I never passed 'em. (They didn't have them when I entered!) Don't be afraid of the teachers, they aren't as bad as they look. (They couldn't be.) Don't study too hard.

Don't neglect your studies, or at the end of the semester you won't have any studies. (Sore eye Special)

Don't weep. Face powder to cover shiny noses is liable to run to money.

Don't miss a college dance or football game. (You only go to college once!)

What should you do? Be glad you're here. We are. Welcome freshmen!

Cordially,
A Senior

Stevens Point Churches Invite College Students

Reverend Schwemmer, representing the Ministerial Association of Stevens Point, extends the following invitation to the students:

"The churches of the city of Stevens Point extend their greetings to the State Teachers College students, new and old. We are here to serve, and we covet the privilege of meeting and knowing you, and of helping you in any way that may be of assistance. We invite you to worship and serve in the church of your choice.

Very cordially yours,
Stevens Point Ministerial Association
The Rev. W. G. Schwemmer,
President

15 Lettermen Nucleus For '37 Team

Co-Captains Are McGuire, Copes

Central State will open its defense of the Southern Division Teachers College Conference with 15 lettermen as a nucleus for Coach Kotal to build another title contender. The first game of the season is with St. Norberts, September 25, at the Point, and Kotal must work fast to find capable reserves for all the line positions with the exception of center where three veterans will take care of the post.

Reserves Needed

The first practice was last Monday and workouts are being held twice a day until Friday, when school starts. Most of the men reported in good condition after a summer of working and playing ball.

Oscar Copes

The prospects for the season are good if Kotal can find reserves for the line because his backfield is one of the finest in the conference. The return to school of Oscar Copes, giant tackle who was out of school last year, helps make up for the loss of Ted Menzel, Point's outstanding tackle for the past four years. Roger Bernstein will have a hard time taking the place of Charlie Houck, all-conference fullback, who dropped out of school.

Ends: Ed Olsen, Elcho, Fred Nimz, Wausau, and Felix Bohan, Chicago Heights, Ill., are the returning lettermen at the flank positions. The only man who was lost from last year's team is Web Berard, who made the all-conference team at end. Kotal must find reserves for the ends before he can feel satisfied with the setup.

Tackles: Ted Menzel, a star for four years, is gone, but Oscar Copes, Tomahawk, one of this year's co-captains, has returned to school after a year's absence and is expected to fill the hole. The other post will be taken care of by Ed Slotwinski, Stevens Point, a second year man who was a regular from the first day of practice. Reserves must also be found for the tackles if they are to be effective even though Copes

Athletes Have Busy Summers

The Pointer sports department canvassed a few of Central State's well-known athletes with the intention of bringing to the public an idea of how a football hero

and Slotwinski are 60-minute men.

Guards: Bill Loewecke, Merrill, and Gib Pophal, Merrill, are the lettermen returning at the guards but they will have a hard time filling the shoes of Bruno Slotwinski and Charles Sparhawk, both of whom played for all four years of their college competition. Charles Burch, Stevens Point, and Jerry Jones, Oconto, stack up as the best among the reserves.

Center: The center post will be well taken care of by Ray Weingartner, Gladstone, Michigan, and Lyle Brunner, Abbotsford, both lettermen. Henry Warner, Stevens Point, will also be around in case either of the other two should slip.

Quarterback: Al Bucholz, Merrill, and Franklin Hitzke, Merrill, are both veterans at the signal calling position and there is little need for worry on Kotal's part.

Halfback: Co-captain James McGuire, Stevens Point, Don Johnston, Appleton, and Don Bremmer, Stevens Point, are all veterans, Johnston and McGuire being the regular halfbacks from last year's team. Bremmer is one of the best passers in the conference and is sure to see plenty of action.

Fullbacks: The loss of Charlie Houck, all-conference fullback last year will be felt, but Roger Bernstein, Brodhead, a second year man on the team, will be a good replacement.

The men who have reported for football so far are: J. McGuire, T. McGuire, Larson, Weingartner, Hitzke, Burch, Bremmer, Judd, Nimz, Young, Ruppell, Kohls, Pophal, Beals, Turecek, Warner, Sell, Luenser, Zaske, Slotwinski, Christenson, Jones, Lee, Rinka, Tighe, Rath, Greene, Drobnick, Bohan, Copes, Schielke, Bucholz, Johnston, Rathke, Bernstein, Raab, Olsen, McDonald, Henricks, Otto and Belongia.

M. McGuire

Coach Kotal

spends his summer vacation, and a preview of the men who are slated to carry the burden for the 1937 football team.

Co-Captain Jim McGuire. Mickey was an all-conference halfback last year and has been a mainstay on the team for the past three years. Jim pitched and played in the outfield for Tomahawk of the Wisconsin Valley League and worked at Meyers Construction Company of Tomahawk. The Tomahawk team is tied for first place with Merrill, largely due to Jim's .357 batting average and his eight victories on the mound. Mickey accomplished the feat last Sunday of pitching and winning both ends of a double header against Minocqua.

Al Bucholz. Bucky is Point's stellar quarterback who instills the will-to-win into his mates when the going gets tough. Al has been the regular signal caller for the last two years and understudied Warren Becker in his first year. Bucky played second base for the Merrill entry in the Wisconsin Valley League and batted a powerful .387, which was good enough to land him in fourth place in the batting averages. Merrill played in the Wisconsin State Baseball Tournament at Milwaukee and lost a 2 to 1 thriller to the Beaver Gas and Oil team of Milwaukee in the first game. Al worked on the railroad in Merrill when he wasn't playing ball. He had a tuberculosis scare last spring but was notified last Monday, after numerous X-rays, that he was in perfect physical condition.

Ed Olsen. Ed has played end on Kotal's teams for the past three years, and was a regular for the last two. He is the type of player that every coach yearns for, a steady, dependable, hardworking teamman, who clears the way for the backs and stays out of the limelight. Ed worked on a tractor for Langlade County during the summer and played softball for the Lakeview Inn team from Pelican Lake. He kept himself in condition by doing considerable swimming in the many lakes around Elcho.

St. Norberts Here In Season's Opener

Central State's Purple and Gold gridders will open the football season against St. Norberts College of West DePere, September 25, on the college gridiron. Last year the Green Knights defeated the Pointers 19-0, and the Kotalmen are out to avenge the loss. After the St. Norberts game, the Central Staters will travel to Menominee to take on Stout Institute.

Milwaukee First Conference Foe

The conference season will open here, October 9, with Milwaukee's Green Gulls furnishing the opposition and if Kotal can bring his team past that hurdle, the chances of retaining the conference title will be brighter, because the Gulls shape up as the outstanding threat.

The complete schedule:
Sept. 25, Sat. . . . St. Norberts, here
Oct. 2, Sat. . . . Stout at Menominee
Oct. 9, Sat. . . . Milwaukee, here
Oct. 16, Sat. . . . Whitewater, here
Oct. 23, Sat. . . . Platteville at
..... Platteville
Nov. 3, Wed. Oshkosh at Oshkosh
Nov. 12, Fri. . . DeKalb at DeKalb

Ray Weingartner. While Ray only weighs 155 pounds, he has been the regular center for three years and won all-conference mention last year. Ray kept himself in shape by working on the Soo Line railroad, 14 hours a day, and relaxed by playing tennis with some of his fraternity brothers during his spare moments. He visited in Gladstone, Michigan, last week and met Ron Murray, a Central State football star of two years ago, who is teaching and coaching at Weyauwega High School.

Don Johnston. Don didn't go out for football in his freshman year but has been a regular halfback for the last two seasons. He is a shifty ballcarrier and when he gets going, he really goes to town. Don was the headwaiter at Morey's Resort near Eagle River and during his extra time kept in condition by tossing a football around with two other gridders, Ernie Ruppell and Ed McAllen. Don is also an outstanding guard on Central State's basketball champs and was one of the co-captains last year.

The
Sport Shop

Gym Suits

422 Main Street

THE SPORTS EYE

Coach Eddie (Builder of Champions) Kotal has a real job on his hands rebuilding last year's championship team and if the Pointers win a majority of their games, they can consider themselves fortunate. While the guards are the only really weak link in the team, capable reserves must be found for the tackles and ends before Kotal can feel satisfied... The backfield shapes up as one of the best in the conference with only the loss of Charlie Houck, all-conference fullback, to worry Kotal... Fe Bohan may be converted into a quarterback in order to instill some of his fighting spirit into the rest of the team... Charlie Burch, who missed getting his letter last year at guard by only three minutes, was the only Central Stater to be placed on the St. Norberts all-opponent team. St. Norberts will be the Point's first foe, Sept. 25... Ted Menzel, Central State's great tackle of the last four years, is teaching at Marshfield High School and also acts as line coach for the football team... Red Chartier, from whom great things were expected this fall, was unable to return to school for financial reasons... Fred Nimz may not be able to play football this year unless his working hours can be arranged differently.

Somehow a man is unable to get the idea into his head that a girl with a dimple and a rosebud mouth can be in the intellectual class.

Librarian Allez Extends Greetings To Freshmen

The library staff is very happy to greet the incoming students and extend to them a hearty invitation to take advantage of the opportunities offered to enrich their cultural and intellectual life through extensive use of the library while attending college. While the college library is primarily a professional library for teachers in training, there is available a wealth of books and literature for recreational reading.

A copy of instruction in the use of the library and library regulations is distributed to the students as they receive their text books. The library has few rules and only those necessary to give the best service to the greatest number of students and to the institution.

We sincerely trust that the new students will come to feel that the library is a friendly place to come and learn to expect to find there a quiet, cheerful place to work.

Do not hesitate to request aid of the librarians while becoming familiar with the library and its tools.

In a modern college the library is the intellectual laboratory of the institution and some considerable advance to success is assured by its intelligent and cooperative use.

George C. Allez, Librarian

BUILDING RENOVATED

The janitors and workers were kept busy this summer fixing up the building. Most of the floors have been painted and many of the walls have been repainted. All of the woodwork has been cleaned or painted and the school is now in good condition for the coming year.

NEW STACKS IN LIBRARY

Constant users of the school library will be gladdened by the sight of six new metal stacks in the stack-room. This not only increases the capacity of the library but it gives more elbow room to the books already there. Students will find it much easier to replace books because there really will be space for them.

Men's Glee Club

(Continued from page 2 Col. 3)

plus such extraordinary things as apple pie, chocolate pudding, cake, ice cream and other splendid deserts. They were well helped by 8 K. P.'s a meal, who did everything but the cooking. In addition to the regular meals, night "snacks" were given at the expense of the ladies staying at Mr. Knutzen's cottage; namely, Mrs. Bertha Knutzen, Mrs. F. N. Spindler, and Miss Roberta Peterson, plus one night supported by the director Mr. Knutzen himself.

Thursday night Aug. 19, the men returned to Stevens Point and early Friday morning they set out for Chicago. The trip was made in good time and the glee club arrived at Hotel Crillion about six o'clock Friday evening. Supper was immediately served and gratefully received. That night many of the men went to shows and many went to bed early, to be in fit condition for the big trial.

Sat. noon found the Mens Glee Club nervously waiting in the Grand Ballroom of the Drake Hotel. Several fine organizations sang their numbers before the entrance of the Central State Glee Club, and the men realized they would have to sing their very best to rank with choirs of this caliber. Their time came and they did well. Their first number, "Thanks Be To God" was done well, but the rousing "Song of the Jolly Roger" was done better perhaps because the men did not feel quite so nervous. They took their seats off the stage feeling they had done their best. As places were not announced that afternoon, the glee club went back to the hotel about three o'clock and prepared for the Festival at Soldier's Field.

Take Third Place

That night was a night which will always live in the memories of the men. 80,000 people formed a huge bowl of faces above the choirs and glee clubs seated in the field. Bands playing, Franz Hug Swiss flag thrower; Henry Weber, general choral director; Marion Claire, famous movie and stage actress; Rubino and his Violin; all formed a matchless panorama of colorful images in the minds of the men. The winning chorus sang its number and took its seats among great applause. This was followed by an immense combined chorus of 1,000 voices, singing the tremendous "Hallelujah Chorus".

Then came the movements of the Girl Scouts, followed by bands from all over the country. Last, but not least, was a beautiful fireworks display at the end of the Festival. The sky was glowing with burning masses of colorful booms; a fireworks picture of Rubino; and the swiftly shooting comets of controlled rockets. The men parted soon after the Festival, some to shows, some to bed, and some just walking. It all was a tremendous success.

The next day, Sunday, at eleven

THE LOST CHORD

School daze here again... gosh, how can three months go so fast? Makes me think of lonesome Bill Larson. They say he spent his vacation evenings calculating the full-moon hours that sank into oblivion never to return. "Too bad you didn't enlarge a little on that fourth dimension theory, Bill." Still, maybe—no, I'm certain he wasn't thinking of any ultra-violet benefits from the moon's reflections... Don Johnston has been wiping dishes in an Eagle River tourist resort. Don't tell me he isn't going to be prepared for the future! A few more years and Don'll be Ready, Willing and Able... Our pal, Mr. Ted Ketterl pulled out of the Northwoods early. It seems the rainy season is on up there. Anyway Ted took five showers last week before he became accustomed to our arid climate here around Stevens Point. Well, there's never any great loss without some small gain Ted...

o'clock A. M. the men assembled at the bus, manned by our famous driver, Connie. It was then that it was learned that the glee club had placed an unofficial third. Very good, it was felt, considering the competition and nature of the contest. The trip home was made without delay, excepting for a breakdown at Plover, caused by a leaky fuel pump. Some of the men hitch-hiked and others telephoned home and had cars sent after them. The bus was left in the care of Connie, who got it home safely, after the necessary part arrived.

All in all, the summer activities of the glee club can be called very successful. A fact due both to the splendid cooperation of the fellows and the very able leadership of Professor Knutzen.
