

POINT DEBATERS GET QUESTION FOR THE YEAR

Burroughs Issues Forensic Notice

The Midwest Debate Conference has adopted the Pi Kappa Delta debate question of the year for their debate problem. The official statement of the question is: Resolved, That the United States Should Cease to use Public Funds for Stimulating Business."

Veterans Back

The varsity debate squad will be built around B. Lashkevitch, M. Becher, J. Ophoven, and G. Haferbecker as the nucleus. All of these debaters have had considerable experience. They will be used in training future debaters in a new system to be inaugurated this year.

Credits Granted

Ben Laske, secretary of forensic activities, estimates that between thirty five and forty applicants will try for the squad this season. It is not necessary for a person to make the varsity team in order to secure the customary credit. It is essential, however, that candidates actively participate in the Debating Societies' activities.

New System

The procedure to be used in tryouts this year was outlined to the Pointer as follows: A Debating Society will be formed. Membership to this society will be open to the entire student body. Officers will be elected and a constitution drawn up. It will be the purpose of this organization to function in such a manner as to provide ample opportunity for beginning debaters to acquire poise, debate techniques, and some informal experience before final tryouts are held. Subjects for these meetings, which will be of the open forum type, will be on questions of local interest. Coaching these groups will be experienced debaters of previous years.

Deadline

Mr. Burroughs has been producing winning debate teams for many years and his outlook for the current season is optimistic. THE DEAD LINE FOR DEBATE APPLICATIONS IS THURSDAY, OCTOBER 13th. AT 4:00 P. M.

DIRECTORIES HERE SOON

According to Ben Laske the Student Directory has been submitted to the printers and should be ready for the students' within a few days—only a limited number of copies will be available and students are urged to get their copies early. The directory has been edited by Ben Laske with assistance of Phil Thorson.

HOME COMING SET FOR OCT. 22

NOTICE

Freshman class pictures will be taken this morning immediately after class elections in front of the main entrance. The Sophomore and Junior pictures will be taken at the same place at eleven o'clock.

The Iris

GLEE CLUBS PRESENT INITIAL BROADCASTS

The Men's Glee Club of Central State Teachers College presented its first program in a newly-arranged bi-weekly radio broadcast over station WLBL, last Wednesday, October 5. This was the first appearance of the glee club in a regular series of broadcasts, and is to be presented at the same time every other Wednesday afternoon, alternating with the Girl's Glee Club.

Student Director

A student director will have complete charge of each broadcast. The individual must select the numbers for the program, carefully check the same for time, and supervise rehearsal and preparation of the numbers, in addition to directing the numbers at the afternoon program. Gordon Cowles had charge of the first broadcast program and next week's production will be arranged by Ted Meyer. Last week's program featured two groups of selections by the Glee Club, a group of numbers by a special quartet, and readings by Miss Barbara Wake.

Girls Active Too

The Girls' Glee Club, under the direction and supervision of Mr. Michelsen, was presented in a half-hour program broadcasted from the new Central State Broadcasting Studio on Wednesday afternoon from 3:45 to 4:15. The club sang a group of selections which included several Bach Chorals, "Invocation to Life", and "When I Grow Too Old to Dream". In addition to the group selections, there were several vocal and instrumental solos.

The program was announced by a student announcer from the Girls' Glee Club.

Officers Elected

At the regular meeting of the Girls' Glee Club on Thursday, October 6, the following officers were elected: President, Jean Mailer; Vice-President, Eyleene Atkins; Sec.-Treas., Marguerite Adams; Corresponding Secretary, Doris Soderberg.

Important!!

Mr. Evans, general chairman of the event, urges that all the officers of organizations intending to have floats in the parade should see him as soon as possible, so that plans can be made as to the kind and arrangement of the floats in the parade.

New Members Of Faculty Assume Their Work Here

Edgar F. Pierson, 29, of Fairfield, Iowa, has been appointed to fill the post temporarily vacated by the absence of Miss Jones.

Qualifications

Mr. Pierson received his bachelors of science degree from Iowa Wesleyan College at Mount Pleasant, Iowa. His subsequent academic training "netted" Mr. Pierson his masters and doctors degrees from the State University of Iowa.

Arrived Monday

Dr. Pierson arrived at the Point Monday and took over his new duties immediately. He will take over the classes formerly conducted by Miss Jones.

This has been the third person in as many weeks to be appointed to CSTC's teaching staff who has possessed doctor's qualifications. His outside interest along biological lines includes work with insects and birds.

Fredericks Here

Miss Fredericks came to the Point on Tuesday and will assume a portion of the extra load that has accumulated in the history department due to the unusual increase in the enrollment. She received her training at the University of Iowa and has received her Ph. D. from the University. She will also assist Mr. Smith with his night school classes.

Heyer Outlines Phy. Ed. Plans

A complete program of intramural sports and physical education is to be carried on this year under the direction of Charles Heyer, Kotal's new assistant.

Six-man football, basketball, and volleyball will provide the intra-mural competition, while tumbling, gymnastics, and posture exercises will be conducted in the gym classes. Heyer stated that the program will offer enough variety so that every male student will be able to engage in some physical activity in which he is interested.

Six-man Football

First on the program will be six-man touch-football which will provide activity for about 120 fellows. If present plans materialize the league will be divided into two sections. Championships will be determined in each division by a round-robin series. The first place team in the first division will play the second-place team in the second division, while the first place team in the second division will play the second place team in the first division. The winners will play for championship.

Later in the season, similar contests will be conducted in basketball and volleyball.

COMMITTEE REVEALS TENTATIVE PROGRAM

HEALTH PROGRAM WELL UNDER WAY

Central State is privileged in having one of the most complete health service programs for its students of any college in the state. The interest in maintaining student health has been such a vital concern of school authorities that a full-time nurse and a school physician are engaged by the college.

Miss Mary K. Neuberger, Registered Nurse, has served the school since 1935. For the first year she handled the entire program but in the following year Dr. Fred Marrs was also engaged to act as school physician.

Many Services Offered

"We especially urge that all students make use of the facilities available in having all minor cuts and bruises attended to and in caring for colds in their early stages with prescribed treatment," suggested Miss Neuberger. "The physical examinations for students are now being given, and the bulletin boards should be watched for the time of your appointment."

Heads Health Staff

The examinations of which at least one is required before graduation, will be completed by the end of the month. After that the T. B. test and the Wasserman test will be given to those students who desire this free service.

The Training School students are also served by the college nurse. Students up to the sixth grade are examined for condition of tonsils, skin diseases, and general appearance. This information is sent to Mr. Alfred J. Herrick's office and then communicated to the parents of the children examined. All Students Entitled to Service

Each student contributes to this health service through the Student Activities Association ticket which he purchases. For this payment he is entitled to a physical examination, medical attention to minor ills, and one call at your room in city residence or in the dormitory — (Continued to page 3, col. 3)

Dances — parade — football game — bon-fire (we hope) — "mums" — and all the trimmings that go with an uproarious, good-time Homecoming will be here on Saturday, October 22. The plans for this gala occasion have been in charge of C. Evans' and have been progressing in fine order.

Formal At Hotel

The weekend will begin with the formal dance at the Whiting Hotel on October 21. This dance is an annual affair and is attended by all those alumni that can possibly 'close their schools and pack their bags' and get here on time. This is the first formal of our formal season and is sponsored by Phi Sigma Epsilon fraternity. The music angle will be handled by "Maestro Hinkley" and his popular band — The Castilians.

Prizes For Parade Floats

Saturday — the day of days — will come all too quickly for those who stay up into the wee, wee hours of the night before, but with it will come an air of excitement which only a homecoming can instill. The festivities of the day start out with the parade in the morning. The 'blare of bugles' (C. S. T. C.'s band), the array of color, and the crowds of people will all combine to make an unforgettable sight to students and friends of Central State. There will be in the neighborhood of about a dozen floats depicting the Homecoming theme — PAST, PRESENT, AND FUTURE — C. S. T. C. There will be prizes given for the most (Continued to page 3, col. 2)

RURAL LIFERS TO HEAR W. A. BURDICK

Miss Roach wishes to make the following announcement: "The executive committee of Rural Life Club has been particularly fortunate in securing as the speaker for the regular program next Monday night Mr. West A. Burdick, who is the Director of Highway Safety in the State Highway Commission. Mr. Neale heard Mr. Burdick present the case of highway safety education in Wisconsin at the convention of the Brown County Teachers' Association, and recommended him to us as an able speaker with a timely message. More and more it becomes the duty and the privilege of teachers to assist in developing good citizenship, so we as prospective teachers welcome any such assistance in our preparation.

We extend a cordial invitation to any members of the faculty or student body who wish to attend the meeting."

In addition to this, the Rural Life Quartet, composed of Gordon Cowles, Bill Clements, Jerry Torkelson, and Herbert Upright, will sing several selections, and Carol Wichman will give a reading.

Vol. I THE POINTER No. 5

Published Weekly except holidays and examination periods, at Stevens Point by the students of the Central Wisconsin State Teachers College. Subscription Price \$2.00 per year.

Entered as second-class matter May 26, 1927, at the post office at Stevens Point, Wisconsin, under the Act of March 3, 1879.

HOMECOMING

The traditional bonfire, an exciting football game, a spectacular display of original creations—the parade, and the climaxing hop at Hotel Whiting. . . Homecoming.

That is the general program of the events that will take place next weekend. It isn't much different than the set up prescribed for other homecomings. Yet all of us are or should be—looking forward to Homecoming with unbound interest and activity.

This year let's make it a bigger and better celebration than ever. . . Attend the bonfire. . . You individuals and organizations making floats, cooperate with the officials and make our parade a brilliant spectacle that we can be proud of. . . Of course, we'll all be at the game displaying the true purple and the gold. . . and when our "alums" get back in town, give them a rousing welcome that will make them want to come again.

Make C. S. T. C.'s '38 Homecoming the best in the history of the college.

SUPPORT OUR ADVERTISERS

Sometime ago a local merchant expressed the opinion that as far as he was concerned the money that he expended for advertising in the college paper was charity. That money, however, is needed and appreciated as an indispensable item in our budget. It is the obligation of the students to express this appreciation. Read their advertisements. And, when you go uptown to purchase an article, mention the fact that you saw their ads in the Pointer. Our advertisers cooperate in bringing you the news and you can cooperate by considering their suggestions when doing your buying.

IN APPRECIATION

I wish to thank the many friends in the student body and the faculty for their many kind expressions of sympathy and for their consideration to me during the past nine months. It was so wonderful of you all.

Sincerely, Norman E. Knutzen

POINTS FROM Old Pointers

25 YEARS AGO

How pleasant it will be in after years to look back upon the days spent at S. P. N.! One of the best mediums for helping you to recall pleasant memories of your school days is thru The Pointer. By subscribing for it, you will be able to keep a record of your years spent here. If you are an alumnus and wish to keep in touch with your Alma Mater, subscribe for the school paper at once.

15 YEARS AGO

The debating teams which have been selected to represent the school in the inter-normal debates are as follows: Affirmative team, Captain, John Redfield, Melville Bright and Ben Schraml; Negative team; Captain Walter Graunke, Geraldine Rammer and Myron Finch.

The Negative team will go to Oshkosh while the Affirmative will meet the La Crosse team here. The prospects for State Championship teams are good.

The question which will be debated is "Resolved, that the Huber unemployment insurance bill should be enacted by the Wisconsin legislature of 1923."

POISON'S PRUNINGS

STUDENT BLOTTERS HAVE BEEN PRINTED— But Have You Yours?

In the past, some student has received permission from the administration to go out and solicit advertising, have desk blotters printed, and distribute them to the students in much the same manner as the Pointers are. Because business men have complained and because the blotted was followed by the Student Directory (which requires the same legal procedure before plans are laid and which is usually sponsored by the athletic department) the Directory followed by the Pointer then the Iris—all in all, the business men were solicited beyond reason and to ease the situation, the President refused to grant permission and the blotted died a peaceful death. That was last year.—But the story is told that this year an out of town man came in and handled the situation. He obtained the services of a well known football lad who assisted him with his soliciting, and psychologically misled a few advertisers to believe that they were assisting the athletic department or football team. (so the story goes.) Here's the pinch. In the past, a blotted like this "latest model" brought \$150 worth of advertising. Each advertiser was assured that the coverage would be seven or eight hundred people or more. Investigation shows that the blotters this year contained a standard number of ads but instead of 700 being printed—150 were printed of which 35 went to the advertisers. This leaves 115 that no student seems to be able to account for. To sum up the situation—the advertiser has had little or no coverage here at the college and 150 blotters can be printed for \$15.00—Conundrum—\$150 worth of advertising—\$20 investment—who's benefitting whom?

The Wausau Music League is sponsoring a number of programs this winter. Two outstanding programs to date will be Percy Grainger and The Vienna Boys Choir. Season tickets are \$3.00 but C.S.T.C. students may be given rates if there are enough of us who may care to go to Wausau as a party. Information should be here in a couple of days. Anyone interested see Alpha Kappa Rho.

By the way! While taking out the lamp post in the middle of the campus and repairing the sun dial, why not also remove the flag pole?—Or would it be easier to put a flag on it?

Hinkley is having an awful time keeping his figure down. If you don't believe it drop over to the Tea Room and listen to him eat.

(Paid Advertisement)

Miss Mansur has opened a Matrimonial Bureau in conjunction with the library. Her placement bureau has been going full swing for some time. Applicants apply in the inner office. Office hours: One 'til Won.

(Free Advertisement)

Student teachers who have Miss Stull for a critic might be interested to know that they'll gain favor by offering to discuss the results of the Iowa-Wisconsin game. (What did you say the score was?)

Will someone please inform Mr. Allez that the library is going "tops" but the orchestra misses him. Come back. All is forgiven.

Training school boys are patrolling our sidewalk crossing. College students seem to delight in deliberately "jay walking".

What fine cooperation. That's their job and it's up to you to cooperate. When you get a class in the Training School and don't get cooperation you show your teeth and storm all over the place.—That's different—I guess not.

Abrahamson! Come home at once. Atkins has her cap set for Heinie the Horn Blower and he doesn't seem so mind.

Harry Olingy has a hobby that's really fun. He's a "ham" (short wave radio fan to you) and has contacted other amateur enthusiasts from coast to coast, including Vancouver, California, Mississippi, and Maine. A short time ago he contacted a fellow in Detroit who called Harry's grandfather there and conveyed regards.

FLASH! The Dorm is infested with a limbless member of the reptile family.

THE WISDOM CORNER

By "DOC" BEN

A Wide Open Letter to the Forum

All students enrolled in the High School Department are loosely bound together, by a "name"—The Forum. For any professional organization to function properly to achieve things, worthwhile or otherwise, it is necessary for them to be held in unity by a common bond of interest. In this case it is assumed that people coming to C.S.T.C. are deeply motivated by an urge to become successful teachers.

There are, however, many here who care little about teaching; they are merely using C.S.T.C. as medium for Pre-professional training—medicine, law, and chemistry are but a few of the side lines—Now it is not my contention to condemn nor outlaw these students, but why should the Forum be weighed down by ingredients that do not mix?

It reminds me of our cheer leader, trying to raise spirit in a group composed chiefly of individualists, interspersed with a live one here and here and there. It is a thankless and difficult task. Culling would work wonders.—We would hardly suggest that a football coach would use players primarily interested in checkers as substitutes for his regulars on the field.

It is only fair that the officers and directors of this fine club (that could be built into a most powerful and valuable aid to prospective teachers,) should ask for the segregation and exclusion of the "untouchables".

Here are a few suggestions—(1) A division into three groups: (a) Pre-Professional students, (b) Freshmen and Sophomores, and (c) Juniors and Seniors. This would enable the (c) group to gather for informal discussions among themselves or have speakers who are actively engaged in the educational field to give advice and lead discussions. (2) A study could be made, by the Senior group, of different combinations of majors and minors and their placement value. This would be of great assistance to Freshmen and Sophomores in making their choices.

Happy strides in the right direction were taken last year. But it is a man-sized job for this year's president to reorganize and solidly establish the Forum on a Professional basis.

FROM THE STUDENTS

(EDITOR'S NOTE: This department is conducted for students and faculty members whose opinions have no other means of printed dissemination. The letters do not represent the Pointer editorial policy, however, and the right of editing and rejecting contributions is reserved.)

Dear Editor:

Following our game with Stout, it seems that one of our "Just supporters" was led to wonder the why and wherefore of the new red jerseys which we wore on the field. Before enlightening this "Just Wondering", I'd like to make a few observations. "Just Wondering" says that he or she felt quite "silly" singing "But their colors ever lower to the Purple and the Gold"! It's beyond a

THIS WEEK AND NEXT

Class elections at ten o'clock this morning. The elections will be held in the rooms assigned last week—Freshmen in the assembly, Sophomores in Mr. Watson's room, Juniors in Mr. Smith's room, and the Seniors in Mr. Steiner's room.

The Freshmen are asked to congregate in front of the main entrance immediately after the class elections, and have their pictures taken. Pictures of the Sophomores and Juniors will be taken at the same place at eleven o'clock this morning.

All Students interested in debate meet in Mr. Bourrough's room at four o'clock this afternoon.

Y.W.C.A. will initiate tonight at seven-thirty in the recreation room at Nelson Hall.

All members and other students who may be interested in Rural Life Club, are invited to attend the meeting of the club at seven-thirty Monday night in the Rural Assembly.

There will be a meeting of Sigma Zeta at eight o'clock next Wednesday evening in Mr. Roger's room. All members are asked to be present.

Alpha Psi Omega will hold a meeting next Monday evening at seven o'clock for the initiation of new members.

question that "Just Wondering" couldn't have felt very "silly" that day because there wasn't enough singing to justify it. Then, too, "Just Wondering" says that it didn't seem right to yell, "Yea Purple, yea Gold" while the team sported red jerseys. No doubt it gives "Just Wondering" a great deal of satisfaction to think that at long last an excuse has arisen for not cheering at the games. Allow me to congratulate you, "Just Wondering" for snapping up an excuse like that with such astuteness!!! At least we can now excuse you for doing your part in keeping things quiet out there.

Now then, for the red jersey business. It really isn't such a mystery as "Just Wondering" would have us believe. Anyone who knows anything about the Southern Division of our Conference knows that Oshkosh wears bright yellow jerseys which always conflicted with our gold ones, Platteville wears light orange jerseys which also conflicted. Whitewater wears purple jerseys which conflicted with the purple and gold jerseys we had several years ago. The only team which wore jerseys that did not conflict was Milwaukee and theirs are green. In looking over a situation of this kind, it does not take much brainwork to realize that red would not conflict at all and the team could, at the same time, look nice on the field. (If any jersey could make any team look "good"). I'm surprised that "Just Wondering" hasn't previously supposed that the school colors have been changed to white because our basketball team wears white jerseys. (Or doesn't "Just Wondering" attend the basketball games and

(Continued to page 3, col. 3)

SOCIETY LIFE

Librarian Married

John Herling, assistant librarian, was married Saturday, October 1, to Miss Georgia Riley at Dubuque, Iowa. Both young people attended the U. of Wisconsin, and Mr. Herling was graduated from the library school last June. They will reside in an apartment at 401 McCulloch Street.

Hay Foot! Straw Foot!

Hay! Hay! The Omega Mu Chi Sorority took the rushees for a hay ride Tuesday night October 11. Luncheon was served at Betty Schwan's after the journey.

Sailing!

The S.S. Tau Gam liner moored at Barbara Joy's home, 830 Clark street Wednesday night October 12. The rushies and actives costumed in sailor attire, sang rollicking sea songs, and participated in typical maritime amusements. The nautical decorations gave a distinct tang of sea atmosphere to the party.

Chi Delta Rho

Twenty-two guests were entertained Monday evening October 10, at the Chi Delta Rho house. Refreshments were served after an evening of playing cards.

Phi Sigs Entertain

Phi Sigma Epsilon held its first rushing party Tuesday night, October 11, at the Hotel Whiting. Over sixty guests were present at the smoker which featured cards as the evening's entertainment. Musical selections were presented informally by various members of the group. Refreshments were served in the main dining room, at the conclusion of which the guests were welcomed by President Don Olson and the speakers of the evening introduced. Mr. Burroughs, Mr. Smith, Mr. Schmeekle, and Mr. Matravets, of the faculty spoke, and Ben Laske, Ken Storaandt, and Mary Olson of the fraternity and Cletus Collins, an alumnus, gave short talks.

Primary Picnic

The annual "get together" of the Primary Council was held at Iverson Park Monday night October 10. Sizzling hot (purps?) and buns proved more than a reward for the girls after their long walk to the park.

Home Ec. Meet

The Home Economics Club held its monthly meeting Monday, October 10, at Sim's Cottages. A regular business was held and plans for the homecoming float were made. Refreshments of chocolate eclairs and coffee were served.

Y.W.C.A. will hold its Candlelight Initiation Ceremony tonight in the recreation room at Nelson Hall at 7:30. This is a very impressive and beautiful service; we urge everyone to come. Rev. Johnson of the M.E. Church will be present for the ceremony. The new faculty advisory group consisting of: Mrs. Smith, Mrs. Neale, Mrs. Nixon, Mrs. Reppen, and Mrs. Rogers will also attend the meeting. Each candidate for membership will be presented with a candle and

corsage. Ethel Hill will sing a solo. Refreshments will be served.

After the ceremony, there will be a short business meeting.

Y.W.C.A. wishes to announce that the store on the first floor has been restocked. Travel down to see us, girls!

VAN DERRAA'S CUT!

Mary Jane Van Deraa, the Secretary to the Advanced Standing Committee, underwent a minor operation at St. Michael's Hospital last Saturday, October 8. She will remain at the hospital until Sunday, when she will return to her apartment on Normal Ave. to rest up, and will probably return to work on Monday, October 24.

HOMECOMING SET FOR OCT. 22

(Continued from page 1, col. 5)

striking or humorous floats. Start wracking your brains for novel ideas to aid your different clubs and organizations to win a prize.

Point Versus Mankato

Saturday proceeds—the 'big' event has arrived!! Point versus Mankato! This game will be the highlight of the day. Mankato Teacher's football team of Minnesota will be right in there fighting to spoil our homecoming — but if we Pointers show the spirit, — and express this spirit, — we won't have to worry that our men will not be in there giving "all they got". Give the team your support, and help them come out on top.

Dance At High School Gym

The Homecoming activities will be climaxed by a dance in the P. J. Jacobs' High School Gym. This dance is expected to exceed all records of attendance at Homecoming dances, and will find students making new and renewing old acquaintances among alumni and out-of-town-guests. Let's "cap" Homecoming festivities with a dance that is a dance!

Let's Cooperate

Let's enter into the festivities, giving all we got! Let's all buy "mums"! Let's give returning alumni a real welcome! Let's show some spirit at the football game! Let's cooperate to make this the biggest and best Homecoming Point has ever seen!! Let's.....

Indians To Present Demonstration Here

Mr. H. L. Mumm, who has been an Indian Agent, will be at the Training School on Monday, October 17, to present an educational exhibit of earlier Indian history. This exhibit will be especially interesting to art and history students as Mr. Mumm will give demonstrations on Indian dances and display specimens of their weaving and grinding work. This exhibit will be on display in the Training School Gym for children from 9:30 to 11:00 A. M.; for college students from 11:00 to 5:00 o'clock; and for the Student Teachers' Conference at 3:00 o'clock. Mr. Mumm has his headquarters at the Indian Village at Wausau.

HEALTH PROGRAM UNDER WAY

(Continued from page 1, col. 4)

these from the doctor. From the nurse the student is entitled to treatment for all minor ailments, dressing of all wounds, calls at rooms in the city or at the dormitory, and attention to minor infirmity cases. The illness of fellow students which confines that individual to his room should always be reported to the nurses office. Miss Neuberger is in her office daily except Sunday from ten to twelve A. M. and can be reached at Nelson Hall during other hours. Dr. Marrs is in the office daily except Sunday from eleven to twelve A. M.

The Health Center, located on the basement floor near the East end of the hall, is made up of a waiting room and examinations rooms. The old examination room has this year been partitioned into two parts this year. The new arrangement provides greater convenience and speeds up the work.

FROM THE STUDENTS

(Continued from page 2, col. 4)

support the team!) One more thing—it doesn't seem to me Mr. Editor, that you are the one to whom "Just Wondering" should have asked this question. I wonder why "Just Wondering" didn't go to Coach Kotal and ask him instead of hiding behind an alias in the newspaper? Could it have been that "Just Wondering" is so bashful that he or she couldn't sign his or her name or was it because of shame over his or her lack of sensible thought on the question?

I do hope this settles the question. Does one yell for the team and the school or for the clothes the team wears?

Love and Kisses,
Charlie Burch.

POINTERS MEET WHITEWATER IN CONFERENCE TILT

SEEK FIRST VICTORY AGAINST TOUGH FOE

Still in quest of their first conference victory, the purple and gold will travel to White-water Saturday for their second conference game. White-water minus the services of Pat Farina who has finally graduated rates as a strong contender for conference honors this year and will doubtless furnish tough opposition for the Pointers.

New Men To See Action

Because many men were injured in last weeks Milwaukee tilt, Coach Kotal will rely a great deal on freshmen for his starting backfield. The line, too, will doubtless find a few new replacements although for the most part it will probably remain intact. Of the new men who will see action, Winker, a Nekeosa boy, looks like a starter at fullback. Last week against Milwaukee he gave a fine exhibition of broken field running and his line plunging left little to be desired. Frankie Koehn, another freshman, has showed up to be a fine broken field runner and will probably get the call at right half. At left half either LaVerne Van Dyke or Steve Hanig will start. Both boys gave a good account of themselves last Saturday and may prove the finds of the year. At quarterback Jim Cashin from Stevens Point High will rate the call in the absence of Jim Duecker who has injured his ankle. Cashin has shown a keen generalship ability in the early games and is a better than average ball carrier besides being an able blocker. The line will probably start as usual with Bohan and Fred Nimz at ends, Copes and Slotwinski tackles, Loewecke and Burch guards and Warner center. New men who will see a lot of action are "Blimp" Johnson, Cliff Kickland, H a n k Nimz, Ken Parr, and Rene Steimert. Roger Bernstein who thus far has played fine ball will see plenty of action at either guard or tackle.

Whitewater will rely mainly on the line plunging of Matt Lewein plus the end sweeps and off tackle smashes of Strohaecker, quarterback and Gulan, left half. In the line Dickhoff, Ransom, and Bronson have shown up to be the best on the team so far.

The Pointers will enter the game as underdogs but we still stand by them and look to see them bringing home the bacon.

AMAZON ANTICS

Speedball isn't as dangerous as football, but don't try to tell Marguerite and Audrey, who suffered slight casualties, that.

Our skilled archery enthusiast, Mr. Mott, is willing to give lessons to anyone who is interested. Maybe he will show you how he hits the "Bull's Eye".

Don't forget to save that dime, a tenth part of a dollar, for that Homecoming Mum. They will be sold by the W.A.A. girls. Be sure to get yours.

Have you entered the ping-pong tournament? Anyone is eligible, and no one will be eliminated in this "ladder type" of tournament. It is easy to work to the top. Let's see who will be this year's "champ". The Training School dancing classes started last Friday. The first and second grade has its class at three o'clock; the third and fourth, at four o'clock; and the fifth, sixth, and junior high at five o'clock.

There will be an important, W.A.A. meeting Wednesday evening, at seven o'clock in the girl's lounge. Every member should be present.

Please go easy on the Badminton "Birdies" and give every one else a chance to use them.

SELDOM do we find freedom from money worries in middle age where there has been an orgy of waste and extravagance in youth.

GULLS DEFEAT POINT 26-6 IN OPENER

In a game marked by numerous injuries, the "Green Gulls" of Milwaukee defeated a weakened Point team at Milwaukee last Saturday.

Hitzke, Duecker, Houck, and Warner received injuries which put them on the sidelines early in the game. Hitzke and Duecker, the most seriously injured, will probably be lost to the squad for the remainder of the season.

Freshman Do Their Stuff

Midway in the second period, Kotal found it necessary to substitute freely and at one time, had as many as ten Freshmen in the lineup. Winkler and Hanig turned in good performances in the backfield and Stimart, Johnson, and Carley looked the best of the forward-line reserves. Eckenrod, Karpowitz, and Wendling proved to be a headache for the "Pointers" as they figured in all the touch-down plays.

"Gulls" Make First Score

The first score came midway in the first period when Karpowitz went over from the one yard line. The ball was brought into position on a sustained aerial drive in which Eckenrod and Karpowitz carried the brunt of the attack. The "Gulls" scored again in the second period after Milwaukee had recovered a Point fumble on the twenty-nine. In three plays, the Milwaukee gridders covered the remaining yardage for the second counter. Karpowitz converted.

The third tally came after a penalty placed the ball on the Point one yard strige.

Edwards went over the touchdown and Krzoska's kick for the extra point was wide. The final Milwaukee tally came on a beautiful bit of open-field running by Karpowitz, Krzoska converted.

Van Dyke Scores Touchdown

Point's only marker came in the final period after a pass, Hanig to H. Nimz put the ball on the one yard line. Van Dyke went over on the first play. Loewecke failed to convert.

With the first-string backfield on the sidelines, Point's offensive strength was considerably lessened. Milwaukee's offense was featured by pass plays and tricky reverses which kept the "Pointers" guessing most of the time.

The lineups:

Milwaukee	Position	St. Pt.
Krzoska	le	Bohan
Jacobs	le	Slotwinski
Sires	lg	Loewecke
Friedrich	c	Warner
Neunan	rg	Bernstein
Tews	rt	Copes
Wendling	re	H. Nimz
Eckenrod	q	Duecker
Jansky	lh	Koehn
Lieber	rh	Hitzke
Karpowitz	f	Houck

Touchdowns: Edwards, Karpowitz, 2; Kamens, Van Dyke. Points after touchdown: Krzoska 2 (placekicks).

"SIZING 'EM UP"

The Pointers will have tough going without co-captain Frank Hitzke and Jim Duecker. Both boys may be lost the rest of the season with injuries—Milwaukee showed a varied attack in last week's game and will be a tough team to knock off—Winker, a first year man, showed the Milwaukee boys some fancy stepping on a play or two in the last game—Ernie Ruppel looked like he was going places by air in a picture in last Sunday's Milwaukee Sentinel—Duecker and Hanig also crashed the Milwaukee Journal—Whitewater has another Farina; he is a brother to the great "Pop" Farina. Dink Dana started out for Milwaukee last Saturday by the route of the thumb. He got as far as Fond du Lac and had to ask someone what the final score was—A few new men, namely Johnson, Parr, Koehn, Kickland, and Steimeit showed up nice in their first chance at conference play—Just because the boys won't be home for another week is no sign that the students need to go to sleep when they do get home. A little encouragement from the sidelines is always helpful—Wisconsin put on an exhibition against Iowa that will give some of the big guns namely, Purdue, and Minnesota something to think about—Pittsburgh also is going to find a tough foe in the Badger's this Saturday—Heyer's call for six-man touch football teams brought a good response. About a dozen teams have signed up—

Grandmother's Pound Cake
1 cup butter
1 2/3 cup sugar
5 eggs
2 cups flour

Work butter until creamy, beat in sugar and eggs, one at a time. When creamy, fold in flour. Bake in buttered and floured tin for one hour in slow oven (300° F.). Excellent for an electric heater.

The outstanding cub fan of the school, Jerry Krembs, put in a tough week—Well anyway, Jerry, the Cubs died with their boots on—Other Cub fans, Burquest, LaRue Smith, and Dean Steiner also felt the pressure of the situation—"Blimp" Johnson won't be able to shag for a few days because of the injury received in the Milwaukee game—We'll bet "Slot" played a good game with those two Point "Freshies" on the sidelines.
