

## ANNUAL MARDI GRAS FEBRUARY 21

### DEBATERS WIN FORENSIC TROPHY Training School To Be Scene Of Gay Party

### Transportation Problem Solved

### PROM STAFF CHOSEN

#### Joint State Finance Committee Meets To Consider College "Cuts"

The Joint Finance Committee of the state of Wisconsin meets on February 14 to settle the budget question which has come up since Governor Heil gave his budget message to the state legislature. This meeting is of especial interest to the college because it deals with the "cut" given to the state colleges.

In his message Governor Heil stated: "As a result of eight years of deficits, the state is in such a financial position that it is imperative to balance the budget. This can mean only two alternatives: 1. Reduction in state expenditures. 2. Increased revenues. The proper course must be between these two alternatives. We must reduce expenditures and increase revenues." He then went on to state that the University of Wisconsin was to receive \$1,045,038 less than in previous years and the teachers colleges a cut of \$565,000. There were cuts made throughout other state projects also.

#### Judges Validity Of Proposals

The duty of the Joint Finance Committee is to decide whether such actions are detrimental or not. If these actions are found to be detrimental the committee fails to recommend them to the legislature. The committee decisions are quite an influential part of the legislative procedure.

#### "Men In White" Take Over Home Ec. Dept. In Novel Chef Class

A novel class has been inaugurated at Central State this past semester. This is the Foods Class taught by Miss Meston from 4:00 to 6:00 on Wednesday and has enrolled in it about eighteen male students.

The fellows wear white chef aprons and caps as they master the art of cooking and kitchen management.

A picture was taken of the group last Monday evening to be sent to the National Convention of the National Education Association which is being held at Cleveland, Ohio. This picture is to represent something different that is found on our College campus.

#### Committees Selected By Olson For Prom

At a Junior Class meeting last Thursday morning plans for the annual Junior Prom to be held April 29, were discussed with President Marvin Olson presiding. The committees were announced and miscellaneous business was attended to.

#### Bretzke Heads Decoration Committee

The following are the committees that were appointed by Mr. Olson: General Chairman—Mason Atwood; Decoration Committee—Chairman—Bob Bretzke—Roger Bernstein, Hank Warner, Joe Bloom, Kathleen Stone, LaRue Smith, Joe Ophoven, John Yurkovich, Betty Gleason, and Betty Richards; Advertising, Ernie Ruppel and Pat Kennedy; Tickets, Phil Thorson; Orchestra, John Anderson and Ula Mae Knutson; Invitations, Peg Glennon and Phil Dakin; Publicity, Jim Murat; and Programs, Eleanor Ruchti and Jeanette Van Natta.

(Continued on page 3, col. 3)

#### Social Science Club Elects Officers For Coming Semester

Social Science Club elected officers for the second semester at a meeting held in the Sim's Library, Tuesday evening, February 7.

The officers are as follows: Ben Kordus ..... President  
Matt Knedle ..... Vice President  
Earle Siebert ..... Secretary  
Dr. N. O. Reppen ..... Faculty Advisor

It was decided that the regular meetings be held the first and third Tuesdays of each month.

#### NOTICE!!!

Floor show tryouts for Mardi Gras will be Thursday, February 16, 8:10 in the College Gym.

Miss Gormley

#### OFFICIAL! SENIORS

All Seniors who expect to graduate in June fill in graduation application cards in the Registrar's office immediately.

Secretary,

Advanced Standing Committee

All those who have taken the T.B. tests should report for the results 48 hours after the tests have been made.

Miss Neuberger

#### New "Metropolitan" Bus To Be Delivered March 10 For Annual Band Tour

The oft-mentioned but long unrealized wish of students and faculty alike is about to become a reality—Central State Teacher's College has purchased a new bus which will be delivered by March 10.

Negotiations during the past few weeks have been handled by a committee made up of the following members: F. J. Schmeckle, R. M. Rightsell, and Fred Parfrey (student representative). The plan for financing the purchase of the bus was approved several weeks ago by a representative student committee, and later by a unanimous vote of the college faculty. The committee appointed for the purchase of the

(Continued on page 3, col. 3)

#### High School Debates To Be Held Here Sat., Feb. 18

The Forensic Society will be host to debaters from nine Wisconsin high schools participating in the Central Sectional tournament of the Wisconsin High School Forensic Association at the College Saturday, February 18. The winner of this tournament will represent the division at the State Tournament at Madison.

#### Nine Chosen To Enter

Out of twenty-six schools participating in the district tourney held last Saturday in the local P. J. Jacobs High school, the following nine were chosen to enter the sectional tournament: Granton, Mosinee, Wisconsin Rapids, Oconto, Showano, Tomah, Antigo, Neenah, and Wausau.

The question to be debated will be "Resolved that the United States should establish an alliance with Great Britain". The general chairman in charge of arrangements is Frank Splitke.

By winning seventy-five percent of its debates in the annual Mid-Winter Debate tournament at the college in competition with seven other college squads, the Central State Teachers Debate team was awarded first place, and received permanent possession of the Civic Club Debate Trophy for excellence in debating activities. The trophy becomes the property of the school winning first place in this tournament for two years in succession, and the Point squad has won this honor for the past two years.

#### Sponsored by Forensic Society

The tournament was sponsored by the Forensic Society of the College, with Ben Kordus acting as General Chairman, and drew entries from Saint Catherine, Augsburg, Stevens Point, Eau Claire, Carroll, LaCrosse, Oshkosh, and Platteville. The two first mentioned schools were from out-of-state. Hibbing, Ripon, River Falls, and Northland were unable to send teams because of bad weather conditions.

#### Eau Claire and St. Catherine Tie

Eau Claire and Saint Catherine tied for second honors with percentages of sixty-six and two-thirds. Eau Claire won eight of twelve debates and Saint Catherine, two of three. Forty-four debaters took part in the tourney and were guests of the Forensic

(Continued on page 3, col. 1)

#### Music Society Votes Officers At Meeting Held At E. T. Smith's Home

Installation of officers for Alpha Kappa Rho was held at the home of Acting President E. T. Smith last Thursday evening, February 9. The following people will hold office for this semester:

Fred Parfrey ..... President  
Delos Kobs ..... Vice President  
Evelyn Schwingel ..... Secretary  
Kenneth Storandt ..... Treasurer  
Lunch was served and the remainder of the evening was spent in a "Tonette" session.

### \$364 Or 6 1/4% Of Student Activity Fund Appropriated To Finance Purchase Of Bus

The student activity fund will be distributed this semester on the same basis that it was the first semester, the only exception being the 6 1/4% of the total fund which will go toward paying for the new school bus.

The rest of the fund will be divided among the following activities: Social and miscellaneous committees, athletics and boxing, Pointer, Health, Iris, Men's Glee Club, Band and Orchestra, forensics and Theater Guild, and as-

sembly entertainment.

#### Students and Faculty Decide

The committee which distributed the fund last semester was composed of joint representatives of the students and faculty from each of the four divisions in college: namely, the Primary, Secondary, Education, Grammar, and the Rurals.

#### \$5600 in Fund

The total number of students paying their eight dollars this semester is about 30 students less than last semester.

The evening of February 21 will be a grand and glorious one—as far as C.S.T.C. is concerned, for it is the night of the annual Mardi Gras Celebration. Plans that have been under consideration for many weeks will climax in this "big night". Committees headed by Miss Helen Gormley and Mr. Charles Heyer, faculty advisers and Bernard Johnson and Franklin Hitzke, student chairmen, have promised that this new and reorganized Mardi Gras will be absolutely the "best ever".

#### Concessions Offer Prizes and Amusement

Concessions will open in the training school at 6:30 Tuesday night, and will continue throughout the evening. From six to eight concessions will take part in this celebration. The entrance fee to all of these concessions is 15c, or two for 25, making the price of each concession about 2c. Each person paying the entrance fee will be given a score card, with places for signature and the scores from each concession. The stands will be numbered in accordance with the score cards. After taking part in each concession, the attendant will mark the individual's score on the card. Toward the end of the evening, the cards will be handed in, and valuable and worthwhile prizes will be given to the 14 persons receiving the highest total scores.

#### Lutz Plays For Dancing

Irv Lutz and his Swing Orchestra will play for a "Hard Times" Dance, which will be held in the training school gym, from 8:30 to 12 o'clock. This dance is one that will feature really "hard times" costumes. Individual prizes will be given for the most clever costume, the most humorous costume, and the best impersonation. Awards also will go to the couple in the most clever outfit, and the group with the most novel costumes.

#### Floor Show Feature at Dance

A newly inaugurated idea will be the floor show at the dance. Preliminary competition for the floor show skits will be held on Thursday night at 8 o'clock in the college gym. The groups registered with Miss Gormley and Mr. Heyer so far promise a truly varied and interesting floor show, for skits trying out include a tap dancing chorus, vocal trio, instrumental and vocal solos, and speciality numbers. All organizations and independent groups wishing to compete in the preliminaries, and not yet having signed up with either Miss Gormley or Mr. Heyer, should do so at once.

#### King and Queen Reign at Dance

Of course, the highlight of the evening will be the selection of the Mardi Gras King and Queen. Candidates for these royal offices have been nominated previous to the celebration. The student body has been divided for this purpose as follows: freshmen-sophomore independents, junior-senior independents, sororities-two, and fraternities-two. Marjorie Judd and Pete Terzynski have been nomi-

(Continued on page 3, col. 2)

# "Ain't It The Truth"

The reserved seats at last Saturday's basketball game caused quite a bit of confusion and embarrassment. No one seemed to know what it was all about and several people (including faculty members) were asked to move.

Margaret Becker did quite well at the debates last Saturday. She not only won her debates, but also the heart of an Eau Claire debater.

Phil Dakin's love life seems to be having evil effects on him. It is a good thing the little lady's vices are very limited as he has announced his intentions of staying one up on her.

That robust, rollicking flash of the gridiron, Bernstein, has been making quite a hit with the fems of the P. J. Jacobs institution. If his glamor wears off over there, he plans to make his last stand at the Emerson Jr. High.

H. Nimz hopes he will have more time for "extra curricular" activities when the basketball season ends..... will she be glad!

We hope Parr and Menzel are "more selective" now..... they surely did poorly the first two or three weeks. They couldn't distinguish between High School Freshmen and College Sophomores until they got better acquainted.

Have you met Bloom's "latest"? Everyone else has. See LaRue Smith for details.

I guess the usual Phi Sig "oomph" was sadly lacking last Sunday night at that Valentine Party. How come it was up to par like that "humdinger" of a Christmas party?

How about those little Wednesday night tete a tetes in the Home Ec. rooms? I think you girls ought to find some "right-smart" wives running around in a couple of weeks—diploma and all. (Get it?—Boy's Home Ec.)

I suppose that the fraternities and sororities are in for their usual debasing when a "Socialite becomes Mardi Gras Queen and another one is Her escort, the King".

What male faculty member is taking up French during meals at the College Eat Shop? I really don't blame him, 'cuz I hear tell "she" is quite an interesting conversationalist, besides being an accomplished artist.

## THE WISDOM CORNER

DOC BEN

### "The Fraternal Order"

Fraternities, in the United States, date back to the year of 1776. It is only of late, however, that they have emerged on their rapid growth. More fraternities have arisen since 1900 than in the 124 preceding years.

With this thought in mind C.S.T.C.'s slight contributions to the "social order", with their petty problems, appear at times to become lost in their own magnificence.

Whatever the shortcomings of our Fraternities and Sororities, here are some of their characteristics and, in general what they try to live up to. There is a peculiar charm in their strict adherence to mystery and secrecy. It creates a feeling, on the part of outsiders, of being deprived of something. The things kept from you may be really insignificant but, have you ever been greatly curious?

The vital is merely another factor which builds a sense of possession on the part of the brothers or sisters. We may look at any institution which has practiced a vital or established a tradition to realize their significance.

Oaths of fidelity also have their uses. However trite they may appear, the difference between them and public oaths is primarily one of degree.

A grip obviously is for recognition, but it carries with all that the fraternities stand for, those things that people get in various ways, and not necessarily through belonging to a fraternity.

To some people a badge or pin is just to hang on some pretty little dame—to other people, coeds in particular, their collection seem to be a hobby. Of course, the more numbskulls they can fool, the more power to them.

More fundamental, perhaps, is the background set up implying high idealism. These are expressed in various ways, from the offering of honor cups to pep talks to individual members that are slipping.

Even deeper is the strong tie of friendship and comradeship established by close association of the members with one another. This is, indeed, one of the greatest of services that a fraternal order can perform. As our life becomes more complex we are apt to regard people as merely other "beings" pursuing their particular ends. Here is one of the means of keeping ourselves human. Institutions, no matter how high the principles, are only as good as the people in them, that is, the individual members. So, I believe, it is with the fraternal orders—Perhaps it would be well to pick out a few black spots soon.

## THIS WEEK AND NEXT

Sigma Zeta will meet in Mr. Roger's room, Wednesday, February 15, 7:30 P. M. All members are urged to attend.

Stevens Point will meet Milwaukee in our last home game at the P. J. Jacobs High School gym on Friday, February 17.

Following the game the W. A. A. girls will sponsor a dance in the Training School gym. Music will be furnished by the Castilians.

A high school debate tournament sponsored by the College will be held in the College this Saturday. Nine high schools will be represented.

Rural Life will hold its regular meeting Monday evening, February 20.

Monday, February 20, the Men's Glee Club will present a program at Neillsville, Wis.

On Tuesday, February 21, the Iris will present the annual Mardi Gras. It will be held in the Training School gym with festivities starting at 6:30 P.M.

Classes will not meet on Wednesday, February 22—Washington's Birthday.

## Letters To The Editor

Dear Editor,

I wish to address this letter to the school at large:

I would like to get attitudes pro and con, on the subject of the orchestra hired for the Mardi Gras. I will not say anything about the quality of Irv Lutz' music. Anyone around school can tell you what they think—good or bad—of his music. However, that is not the question! It is my opinion that if a local orchestra is used, the work should be given to some band using school musicians. I'm sure we can all use the work—and I'm not an orchestra leader!

We have three local orchestras that are well represented by school musicians, namely: Benny Graham, Frances Maes' Coeds, and The Castilians, while Irv Lutz' band is made up of mostly non-school members.

What I want to know is—Is the Iris business manager abusing his authority (and for what reason?), is Irv Lutz' music so much better (I know it isn't cheaper), or aren't the three previously mentioned orchestras well liked?

I anticipate some sort of answer in the next issue of the Pointer.

A school orchestra member.

# Help Celebrate Mardi Gras Next Week

"I would be happy if I could play or sing, as well as the poorest member of the band or glee club."

This remark was made a short time ago by a music-loving faculty member after hearing a concert by the band and glee club.

Many people have enjoyed the work of our musical and various other organizations.

**MANY TALENTED STUDENTS** Besides the members of the organized groups, we have many other students talented along various lines..... ballet and interpretive dancing, sleight-of-hand, etc.

Those people all have a chance to express their skill and cleverness next week.

Those in charge of the Mardi Gras have issued a notice asking that all people interested should "try out" Thursday for floor show exhibitions for next week's celebration.

Here is a chance to "strut your stuff" as well as to support one of the annual functions of the college.

**INDIVIDUALITY EXPRESSED IN MANY WAYS** Individuality finds expression through many media. In addition to physical expression as dancing, etc., we also find individuality being expressed in writing such as poetry, short stories, etc.

In the last few weeks many students have made various contributions to the college paper—poems, special feature articles, letters expressing their personal opinions, editorials, etc.

**PLEASE SIGN ARTICLES** Such contributions are welcomed. Many of them unfortunately, come in unsigned. As a result many cannot be printed. If these articles were signed we could not only print them but we also criticize and edit them as well as we can. Please sign all articles. Requests for anonymity will be respected.

## POINTS FROM Old Pointers 2 YEARS AGO

Charles Torbenson of Phi Sigma Epsilon fraternity is the newly elected president of the Pan-Hellenic Council. He succeeds E. Frost Bassler of Chi Delta Rho fraternity. Ruth Nason, president of Omega Mu Chi sorority, was elected secretary to succeed Ruth Schwahn, also an Omega.

After the election a discussion on suitable rushing dates was held. It was decided unanimously in favor of a ten day rushing period from Friday, February twenty-sixth to Monday, March eighth.

Dates for pledging were set: Tuesday, March ninth, to Friday, April ninth.

# SOCIETY LIFE

## Phi Sig Party

The Phi Sig party Sunday evening February 12 began a little dead but ended with a bang," quoted a member of the fraternity. After a few games of Chinese Checkers, dancing afforded great amusement. Charlie Burch's circle two step proved very popular. Much to the amazement of all, Mason Atwood's hidden abilities were revealed. Mason far surpassed the present champion jitterbug, "Blimp" Johnson. Ice cream and chocolate doughnuts brought the successful party to an end.

## W.A.A. Dance

For all of you who like good times The Castillians will play for a dance sponsored by the W. A. A. Friday night February 17. They guarantee a fine time for all.

## Miss Knutson Entertains

Miss Ula Mae Knutson entertained a group of college kids at a dinner party last Wednesday at her home on College Ave. The party was a "splashing" success according to the reports. Following the dinner, the group convened to the bowling alleys.

## Debaters Win Forensic Trophy

(Continued from page 1, col. 4)

Society at a banquet at Nelson Hall in the evening. About sixty-five people attended this banquet.

The judges for the debates were H. R. Steiner, H. M. Tolo, Miss R. Friedrich, B. R. Pierce, W. G. Jenkins, and coaches from other teams. The following local teams debated: Ben Laske and Gordon Haferbecker (won 3 of 3 in A division); Ben Kordus and Joe Ophoven (won 2 of 3 in A division); Jane Akins and Jane Johnson (won 2 of 3 in B division); Margaret Becker and Sara Anderson (won 2 of 3 in B division). The men's teams won 5 of 6 debates and the women's, 4 of 6. The team total was 9 wins and 3 defeats.

## Stein Speaks

In answer to several questions submitted to me since last weeks Pointer by members of the student body, I submit the following.

1. What is a degree day? A degree day is the product of one degree of temperature and one day of time. The temperature limit of the heating season is fixed at 65 degrees F mean daily temperature, that is whenever the average outside temperature for the 24 hour period falls below 65 degree F, heating of the building is necessary, as an example, if the average temperature for a given day was 32 degree F, there were (65-32) XI day equals 33 degree days for that day. In this part of the U.S. the total degree days for one year average about 7500.

2. How much coal is used and what does it cost per ton and how is it bought?

First the coal is bought by the State Department of Engineering by competitive bidding. It is bought by the number of B.T.U. given for 1c and not bought by the ton. The company bidding and giving the most B.T.U.'s for 1c receives the contract and if more or less B.T.U.'s are delivered then the bidder guaranteed, he receives a penalty or a bonus. The present coal used costs \$.80 a ton at the mine; the freight is \$.86 a ton and we are guaranteed 51771 B.T.U. for 1c. The transportation from the car to the bin is \$.30 a ton making a total of \$.496 a ton in the bin.

In regards to amount of coal used per year (thanks to the mild winter and the hearty co-operation of the administration) we will burn less coal this year then in any year I have been here since 1920. This year we will burn about 1,450—ton, the most burned in any year since 1920 was 2,000 ton. Nelson Hall, the Main Building and the Training School are all heated from the one plant. The total heated cubage of the three buildings is 3,000,000 cu. ft. For the month of January 1939 we used 507,950 lbs of coal and there were 1472 degree days, so in figuring the efficiency of the heating plant we get the following 507950 divided by 1472 D.D. divided by 3,000 equals .115 lbs. of coal M per degree day. For the year 1937-38 we generated and used 26,510,000 lbs. of steam and the cost of generating 1,000 lbs of steam averages about \$.60 so that in 1937-38 it cost this college \$15,906.00 for heat and domestic hot water.

3. How much electric current is consumed by the Main Building?

The current consumption for the Main Building for the past year's average about 48 K.W.H. per student and averages about \$.04 per K.W.H. so that the current used will average about \$1.92 per student per year. Add this to the cost of heating and how much of your tuition is used up. Please help us to increase efficiency. (More next time if wanted).

George Stein  
Chief Engineer

## Annual Mardi Gras February 21

(Continued from page 1, col. 5)

nated by the freshmen-sophomore independents, La Nore Olsen and Leo Lang, by the junior and senior independents, Carmelita Wirkus by Tau Gamma Beta, "Zip" Webster by Omega Mu Chi, Phil Thorson by Phi Sigma Epsilon, and George Cashin by Chi Delta Rho.

## T. B. TESTS

The Health Department reports that a total of 218 students received T. B. tests yesterday. Of this number 130 were college students, 41 from the Junior High, 37 from the 5th and 6th grades of the Training School.

The test was administered to the bulk of the college students and the remaining grades of the Training School this morning.

## Transportation Problem Solved

(Continued from page 1, col. 3)

bus has been studying plans and specifications for the past three weeks and receiving bids from manufacturers. The contract for the body of the bus was awarded to the Superior Body Company of Lima, Ohio, and will be powered by a ninety-five horsepower V-8 Ford motor.

## Specifications "Ultramodern"

The committee has gone to great pains to obtain a bus that will meet all needs in the best possible manner, and has purchased one that is modern in every sense of the word. It has a seating capacity of thirty-one, and upholstery is in maroon-colored leather. Seats are roomy, of the parlor type, with reclining backs. Other inside fixtures include reading lamps, window valances and drapes, hat and coat racks. Winter driving will be made comfortable as the bus is heated with two large hot water heaters, and the body is insulated throughout.

The following are contributions made by Central State students. Anyone wishing to submit articles please send them to Eileen Rose or the Pointer Office.

### REFLECTIONS of AGE

Going as the ebbing tide  
down to sea—trailing my wounded pride  
Much as William the Silent, cast in  
That tragic role of the long dead  
past  
Unmourned, the luster of life not  
yet  
dulled by philosophy, want, or  
doubt.

What has life been—but a world  
of moods—  
fruitless fears-hates-solicitudes—  
doubts and suspicious entertained—  
dreams, saddled and spurred,  
yet reined—  
leaping from terror to rap-  
ture—  
and thence—  
to the calmer rock of common  
sense?  
But slow time always issues his  
stern decree.

Passion, vigor, feat, and memory—  
all grow dim—the eyes less bright  
For less keen—None of them quite  
What they were when the brain  
was young.  
Now that the last bell is about to  
be rung.  
From the dark we come—to the  
dark we'll go.  
But as the body begins to numb  
—my brain's glow  
For he—who has allowed me to  
see the sun  
Will welcome me home—My race  
is won.

Washington, he died he did,  
And I'm not very sad.

In fact, to be quite truthful  
I am rather glad.  
Cuz now, one day of every year  
I do not have to go to school.  
And listen to our professors  
Lay down the Golden Rule.

Oh why were there not many men  
Like our departed friend?  
Cuz then I just could loll around  
And my father's dough I'd spend.

### TO A BASHFUL LAD

Have you no tongue that you  
may speak,  
Nor eyes that you may see?  
Oh don't you know or don't you  
care  
How dear you are to me?

Oh can't you see I'm living  
For you and you alone?  
And can't you tell I'm longing  
To be your very own?

Oh if you cannot speak your love,  
Reveal it in your eyes.  
To see their lovelight shine for  
me  
Would be a paradise.

# PEDS FACE MILWAUKEE FRIDAY

On Friday of this week the Purple and Gold will continue their thus far unsuccessful attempt to get back into the win column. The opposition will be the Green Gulls from Milwaukee who need little or no introduction. It was at the hands of Milwaukee that Freddie Nimz was taken away from us by investigation of the conference athletic committee.

### Point Won First Game

Milwaukee lead the protest against Nimz the week preceding the game in which the Pointers engaged the Green Gulls at Milwaukee. Their efforts were in vain however as the Purgolds struck with force and Nimz or no Nimz they set the Gulls back on their heels by a 31-28 score.

### Good Game Expected

So we can expect a real ball game folks and no mistake. Milwaukee will be battling hard to avenge the defeat that the Pointers handed them at Milwaukee and we as yet still have a few scores to settle with them.

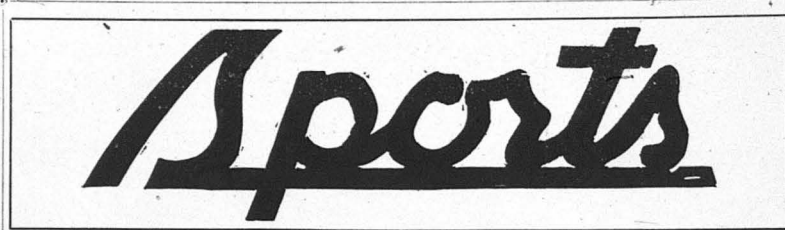

Coach Kotal will probably rely mainly on the men who started the game against Oshkosh. Art Bandow who lead the team in scoring against the Titans is almost a lead pipe cinch to get the call at one guard with either Bob Olk or Pete Trezynski slated for the other back court position. On the forward line Hank Nimz and Hank Warner will get the call at forwards with either Belongia or Seffer at the pivot position.

For Milwaukee the lineup that has been performing so well of late is, Tews at center, Seeger and Buhler at forwards and Gunville and Krzoska at guards. Krzoska is a high scoring guard and is a big factor in the Penwell machine. Buhler is another point getter and is looked to by Milwaukee fans to score a number of goals by the Milwaukee.

### Grudge Battle

Well folks we've got a sort of a grudge battle on this week and we might as well settle it once and for all Friday. The boys have been playing good ball in the last two games despite the defeats by such close scores. They will be after a victory and we can help a lot. Don't forget MILWAUKEE LEAD THE PROTEST AGAINST FRED NIMZ.

The probable starting lineups:  
 St. Point Milwaukee  
 Warner F Seeger  
 Nimz F Buhler  
 Belongia C Tews  
 Bandow G Gunville  
 Terzynski G Krzoska

## Point Surrenders To Titans 43-41

In a typical Oshkosh-Stevens Point game the Titans and the Purgolds hit head on, went rolling around in the dirt, and when the smoke and dust had cleared the Titans were on top by two points. The final score was 43-41 and as far as we can see it was just enough margin to win. Oshkosh was the winner and that is about all that can be said. One team had to win and Oshkosh, fortunately for them, was that team.

### Pointers Lead at Half

The game was one of the finest ever seen on a local floor. The lead changed several times during the first half at the close of which found the Pointers ahead by a 22-19 score. During the first half Art Bandow, guard, was the leader. His ball handling and fine shooting was nothing short of phenomenal. For Oshkosh in the first half, Daniels, star center, stood out.

### Spear Goes To Work

The second half was almost a repetition of the first. Oshkosh started out by cutting the Purple and Gold lead to one point. From here on it was a battle right down to the final wire. During the second half Daniels, Oshkosh's all-conference center from last year, was removed from the game on fouls. It looked like this was the break that might hand the local boys the game. But in his place Coach Kolf inserted Richlin and with Richlin, Spear, a guard, was also put in. Spear proved to be a deadly shot and his floor work, too, was the type that goes to make great teams. With about

### "SIZING 'EM UP"

Tut, tut, boys—it's getting to be a habit—three games straight in less than two weeks.

The Oshkosh team was the fastest team to play the Pointers on the local floor this season. We had them on the run for the better part of the game but they finally caught up with us—and beat us.

Three Point boxers fought in the Golden Gloves tournament at Wisconsin Rapids last Tuesday and Wednesday. Louis Drobnick won all three of his bouts; Dan Young won two out of three, and Felix won one.

eight minutes to play the game became a see-saw affair until with forty-five seconds to go and Oshkosh leading 43-41, Pete Terzynski was awarded two free throws.

### The Box Score:

OSHKOSH	FG	FT	PF
Richlin F	0	0	3
Rosin F	3	1	0
Evans F	2	4	4
Daniels	2	4	4
Fanson G	1	0	0
Spear G	4	1	3
Leaman G	1	1	0
Becker G	2	2	3

Totals	15	13	17
STEVENS POINT	FG	FT	PF
Warner F	5	1	2
Fritch F	0	0	0

### COED'S COLUMN

The freshman girls have the record of coming out for sports in the largest number and for the most things—congrats Frosh!

Those "Trojans" who went so long undefeated at last took a fall. The "Bears" captained by Elouise Torkelson scored the defeat—The basketball games have become even more exciting and there will still be quite a few battles before the victor is known—

Volleyball games are again a thing of the moment. A week ago we had a record crowd.

Mr. Tolo has become a regular athlete—If you don't believe me come and watch him swing a badminton racket and participate in other sports.

Between the halves of the Milwaukee basketball game Friday night a badminton demonstration will be given. Grace Melchior and E. Ruppel will play Eleanor E. Theisen and George Quandt in the doubles and R. Urbanowski will play H. Faulks and Dorothy Ingham will play J. Halverson in the single games.

Boys—in case you didn't know it you now have a game room of your own!!!!

W.A.A. is sponsoring the dance to be given in the Training School after the Milwaukee game, Friday night.

### "Burch-barks"

by Charlie Burch

I wonder what Miss Gormley thinks when she sees her name preceded time after time by Mr. Heyer's in the sports columns? It's "Mr. Heyer and Miss Gormley this" and "Mr. Heyer and Miss Gormley that". Why not turn that around and make it "Miss Gormley and Mr. Heyer"? .....You know..... ladies before gents "G" before "H" and all that sort of thing??? How 'bout it????

What about that little notice on the girls' lounge door? Seems to me it has become rather outmoded or sumpin'. Looks funny to see a half dozen big men standing around in there watching a couple other men playing Ping Pong when the sign says, "No men allowed, etc." The date on it is November, 1932. Maybe we feel that we're too modern to believe in signs!!! Why not take it down or else abide by what it says???

Looks like we're gonna miss Freddie (Ineligible) Nimz on the basketball team. Rebounds just don't seem to come our way any more. I guess Freddie's arms must have been up there pretty high most of the time, even though we did sort of lose sight of the fact and begin to take it for granted. I should think the fellows on the team would be so mad after the deal they got that they'd be impossible to lick! The team that took on the best Milwaukee had to offer could have beaten any team in the conference. That team just wouldn't be licked. I felt mighty proud of our gang after seeing them put on that exhibition. Are we gonna lie back now and take a good rest? I've heard several of the fellows say, "Well, we beat Milwaukee anyhow!" Fine stuff! Is that what we get out to do this season?? Why not mow the rest of them down the way we're capable of doing? Come on, gang! Give all you've got and then put on a little more pressure!!!

### A Thought For This Week

Make no small plans—  
 They have no power  
 To stir men's blood—  
 And will, perhaps  
 Themselves  
 Never be realized.  
 But—  
 A noble, logical plan,  
 Once recorded,  
 Has power  
 To insist upon itself  
 Like a living thing.
