

POINT WINS CONFERENCE OPENER

White Russian Singers To Appear Here Thursday

The White Russian Singers, directed by Austris A. Wihtol, will present a musical program at assembly, October 12 at 10:00 A. M.

The director, a native of Riga, Latvia, was educated at St. Petersburg. At the age of sixteen he became the conductor of a traveling opera company in Europe; later the director of the original Latvian Singers. The Russian Singers have presented six hundred and forty concerts in the United States.

The program of this Latvian Village Choir consists not only of English and Russian songs, but also musical selections on the Balalika and the Russian Accordion. The Choristers appear in costume which enables the audience to visualize the Russian traditions about which they sing. Their songs exemplify the musical and cultural traditions which are characteristic of the Latvian people.

The chorus is composed of trained singers. The management says, "The vocal range of this ensemble is comparable to a pipe organ, skillfully played upon by a master director."

NOTICE

Class elections to be held a week from Thursday, October 19.

Wisconsin Valley Tournament

As mentioned in last week's Pointer, the Central State Forensic Society will sponsor an inter-state debate tournament the latter part of February. Much interest has been shown by various out-of-state groups, and Mr. Burroughs expects participation from Indiana, Iowa, Illinois, North and South Dakota, Minnesota, and Wisconsin colleges. This will be the first major debate tournament to be held at Central State, and indications at this point lead us to believe that it will be a tremendous success. A committee to make final arrangements for the tournament will be appointed by the new president next Monday afternoon. It is not too late to come out for debate work, so the invitation to new people is still open. Take advantage of it!

COLLEGES TO DEBATE NEUTRALITY QUESTION

Dr. Wyman of River Falls has notified the Forensic Society that the Phi Kappa Delta question for college debate this year deals with the neutrality issue now before Congress. Holding its first meeting of the year Monday, the Forensic Society announces that nearly forty new candidates have reported for forensic work this year. Membership in the society is open to anyone willing to take part in public speaking, either debate or oratory.

Credit Given

Credit is given for this work as it is listed as English 226 (Forensics and Dramatics) in the catalogue. One credit per year is given to active participants, and persons earning three years of credit gain recommendation for debate coaching as teachers out in the field.

Panel Committee Chosen

The Monday meeting was presided over by last year's Vice-President Ophoven, and Mr. Burroughs, in accordance with the constitution of the club, appointed a committee to draw up a panel of officers for this year. Frank Splitke, a sophomore, was appointed Chairman, with Ben Kordus and Margaret Becker assisting. Next Monday's meeting will consist of an election from this panel.

Lightbody Speaks

Edward Lightbody, a former C.S.T.C. student and debater, was guest speaker at the Monday meeting. He introduced the neutrality issue to the group and gave views both pro and con to the question.

HOMECOMING ANNOUNCEMENTS

A meeting is to be held after assembly, Thursday, for all chairmen of Homecoming Committees. Meet in the assembly room and please all be present as this is important.

OSHKOSH HOMECOMING

RUINED BY C. S. T. C.

The Pointers trampled over a scrappy Oshkosh team for their first conference win of the season, and spoiled an otherwise successful homecoming for the Winnebagoins.

Point drew first blood early in the quarter. Fritsch passed to Van Dyke, who after a run of twenty yards, was shoved out of bounds on the ten yard line. After three unsuccessful attempts at the line, Fritsch booted a place-kick from the twenty yard line, with Jimmy Cashin holding.

Oshkosh Scores

Oshkosh came back strong the third quarter, and after a sustained drive, Kloiber scored from the three yard line. This was their last plunge, and from then on they weakened. The fourth quarter opened with Stevens Point driving to the five yard line from where Louie Posluszny crossed the pay dirt standing up. Oshkosh then received and were stopped when Snooky Van Dyke intercepted a pass on the Point thirty-five yard line. Another drive by the Pointers was stopped only after Posluszny again scored from the three.

Dorsha Looks Good

Greg Dorsha, playing his first game, showed plenty of stuff, and Ernie Ruppel did a fine job of wearing down the Oshkosh line. Hot weather slowed down both teams considerably, but Oshkosh weakened first. Most sensational play of the game was Frankie Koehns forty-yard run just before the half ended.

Man Gets Married, Woman Is Involved

The climax of the social season occurred on Thursday afternoon when Mr. J. Arthur Smythe was joined in wedlock to Miss Mary Frances Montgomery before the altar of the First Presbyterian Church in Wausau.

Now, too often, such wedding accounts are devoted solely to a description of the bride with the total exclusion of the groom. Therefore it is the purpose of this article to give to man, especially one of Mr. Smythe's prominence, the space

Oscar W. Neale Speaks At Platteville

Mr. Oscar W. Neale, State Graded division head, spoke at the Southwestern Teachers Association convention last Thursday at Platteville. In the morning Mr. Neale spoke at the general session on the topic "Democracy and Education." In the afternoon he addressed the Rural-State Graded section on "The Conservation of Talent."

On Friday, October 13, Mr. Neale will speak at the Western Teachers Association at LaCrosse on the topic "Democracy and Education."

Colby Outlines Radio Workshop Plan For C. S. T. C.

Among the well-known radio workshops are those operated by the Columbia Broadcasting Company, the University of Wisconsin, the University of Ohio, the University of New York, and in London, the B. B. C. workshop.

At C.S.T.C. the radio workshop, as outlined by Mr. Colby, would embody a fourfold function. It would operate as:

1. A State Broadcast Service
A producing unit to originate educational programs together with the better type entertainment programs. This unit will operate as a complete radio station and staff, less the transmitting unit.
2. A Laboratory
A laboratory in which to study present day radio production methods. This laboratory will offer the facilities necessary in order to carry out a program of experimentation and technical research.*
3. A Production Workshop
A workshop in which to discover and develop prospective talent for announcing, acting, writing, and control operating.

As a workshop comparable to the theatre workshop, a program for designing and building technical equipment will be an essential function.

4. A College Service
A high class studio and recording service available (at minimum cost) for college work. These facilities would be used in work such as diagnostic and corrective speech, radio speaking, radio education, radio writing, and diagnostic and corrective music. Recordings of network speeches and special events could be integrated with history and social studies. Sound and musical effects can be supplied for the stage.

*Technical here refers to production techniques such as sound and music effects.

Mr. Colby will be in charge of production while Miss Hanson will act as an educational expert in planning and evaluating radio programs that are put on the air. One hour a day for five days a week has been set as the maximum time to be filled by the Central State Broadcasting Service this year.

KEEP THE LIBRARY OPEN

Our college has one of the finest equipped best organized, and most up-to-date libraries in the state. It is supplied with the latest books in a wide field of subjects. It carries several of the best encyclopedias. It subscribes for daily newspapers that otherwise would not be seen by many of our students. All of these facilities, in addition to the privilege of securing textbooks, are offered to each one enrolled.

This is a distinct asset to our college, and an undisputed benefit to every person connected with it, but, especially this year, there is a disadvantage that might be overcome. Increased enrollment has emphasized a need long felt by groups of our students. Our library is available five and one-half days a week, and one evening. These days are very short for those who are spending a good many hours each day working in order to stay in-school. Neither is there much opportunity for those who are spending a great deal of time out on the football field or on the basketball floor getting into shape for the next game. The one evening that the library is available is already pretty well taken care of by night school enrollees. Why should these other groups be neglected?

Other schools keep their libraries open each evening during the school week. Many haven't the facilities to offer that we have, and it isn't every school in the state that has such a large percentage of students working for at least part of their expenses. We have over fifty NYA students here who would probably be glad to put in part of their time evenings by serving in the library. Why not try it out?

We have something of which we can be proud, and it should be made possible for ALL to take advantage of the opportunity.

ATTENTION ALUMNI

One of the pleasures looked forward to by the C.S.T.C. faculty and the graduates of the school who attend the W.E.A. in Milwaukee is the "get-together" luncheon of the alumni and faculty. Ninety to one hundred guests is the usual attendance.

There are greetings among old friends, and new friends are made. Songs are sung, reminiscences are swapped, and, all together, it is an event to warm the cockles of one's heart. It is hoped that there will be as large or an even larger attendance this year.

The luncheon will be held in the Pere Marquette Room of the Schroeder Hotel on Thursday noon, November 2, at 12:15. Reservations may be made with Bessie LaVigne, Central State Teacher's College.

Shootin' from the Lip

You know, folks, when you stop to think about it, it's really the little things that make life worth living. It isn't from manufactured radio and theatre presentations that we get real humor, the greatest pathos, and the real slant on life. It's down to earth, honest actualities that give zest to living.

Signs, for instance, all types, sizes, and kinds offer a type of humor that cannot be denied. Ever since signs (for rent, for sale, and notice) first came into prominence they have inadvertently offered to the quick-eyed observer many and many a laugh.

In one of the southern states a few years ago a newspaper man noticed this gem—

"Trespassers will be persecuted to the full extent of two mongrel dogs wich ain't none to soshabl with strangers, an one dubb'l barr'l shot gun which ain't loded with sofa pillers Dam if I ain't gettin' tired of this hell-razen aroun' my place."

In the same vein a notice was recently posted in a small Mississippi paper. (We owe this one to the Readers Digest)—

"Positively no more baptizing in my pasture. Twice here in the last two months my gate has been left open by Christian people and before I chase my heifers all over the country again, all the sinners can go to hell!"

So far the South seems to take all the honors for laugh-provoking signs. Howsoever, this next one we noticed way up in the northern part of our own state. Short, to the point, and pregnant with information and meaning, it read—

Bitzagaaz

One of our snoopers informs us that the Pat Cāshin—Fred Kalkofen duo is—definitely!!... To you who are "anonymously" calling the dorm; may we inform you that you're the only ones who are being kidded... The Oshkosh trip was quite a one. A few over-zealous grade-school youngsters contributed to the excitement of the day by building a bonfire (not a very big one) under the Point bleachers. Hot stuff!!!!... Incidentally, ol' C.S.T.C. made quite a showing—and quite a hearing. And at the dance—we must have appeared plenty "corny" to the Oshkoshites. But how were we to

(Continued on page 5, col. 2)

The faculty and student body wish to extend sincere sympathy to Evelyn Sonnenberg, whose mother passed away recently.

"Propriety for sell—call Spaghetti House."

Double billing at theatres often presents a few giggles, too. For instance, several weeks ago we saw this one—

"What A Life" "Each Dawn I Die"

Sometime when you're out motor-ing watch the roadside for that real humor. You may run into something like this—

Cucumbers Beats Vegetables

If you inquire you may even find out the score.

THE MUSIC PARADE

The band seems to have a full program ahead for the coming year. Included in the musical functions are the forthcoming dates:

- Lions' Club Concert November 16, 1939 Christmas Program December 20, 21, 1939 Band Clinic February 16, 1940 Band Concert March 28, 1940 (Instrumental and Vocal)

There will be other concerts and assemblies by both the band and the orchestra in the future, but their dates have not been set yet.

INTERSTATE TILT TOUGH ASSIGNMENT AT BRADLEY TECH

This week's grid menu finds Point taking on what will probably be its toughest assignment of the year. The C.S.T.C. bus will leave Thursday for points south and will carry our team to Peoria, Ill. where they will meet a strong Bradley Tech eleven on Saturday, who, among other accomplishments, boasts a scoreless tie with the University of Illinois, is generally considered one of the bigger schools athletically.

Last Saturday Bradley held St. Louis University to a 0-0 tie to run its string of consecutive games without a defeat to fifteen. Ken Olson, a quarterback, is the leading ball carrier so far. He also does the punting and much of the passing for the team. In short, he is a real triple threat man.

The Pointers came through the Oshkosh encounter without any serious injuries. Bernstein received a couple of cracked ribs and Bill Carnahan is limping a round with a bad knee, but both should be ready to go by the end of the week. Greg Dorsch played some Saturday and says his knee is as good as new.

"S" Club Meets, Elects Officers

At a short meeting last Monday, the "S" Club, an organization composed of men who have won major awards at C.S.T.C., elected officers and made plans for an active year. Although the club was practically non-existent last year, the fellows are determined to make it one of the most active organizations on the campus. All men in school who have won an "S" award in any form of athletics, automatically become members.

Officers elected at the first meeting were:

PIGSKIN PERSONALITIES

ED SLOTWINSKI

The strength of our line has long been due to members of the Slotwinski family, and the last of three brothers is Ed. He is a local boy who starred in the Wisconsin Valley Conference for four years. After a brilliant career at Point High he came to Central State four years ago. Here he has won recognition as an outstanding tackle and a good student. Much of his time is spent in the Chemistry Lab., and some day he hopes to be an industrial chemist. His summers are spent as a life guard in town, and probably are responsible for his being in such good condition. He enjoys reading and is easy to get acquainted with. This is his last year at Point and school won't be quite the same without a Slotwinski.

Just Guessin'

Point at Bradley Tech—Look's like a tie game.
Indiana at Wisconsin — Indiana should win.
Purdue at Minnesota—The Gophers won't lose two in a row.
Illinois at So. California—So. California easily.
Northwestern at Ohio State—The Bukeyes have the edge.
Iowa at Michigan—Michigan looks like the best bet here.
Harvard at Chicago—You couldn't expect us to pick Chicago.
So. Methodist at Notre Dame—A toss up—we'll take N. D.
Duke at Pittsburg—For no good reason we like Duke in this game.
Pennsylvania at Yale—Yale in a close game.

(Continued on page 6, col. 2)

ROGER BERNSTEIN

Perhaps the largest man on the campus is "happy-go-lucky" Rog Bernstein. He came to Point from Brodhead where he was a one man football team for four years. He began his career here playing fullback, but as he grew up Coach decided that his size could be used to plug up the line. Though they claim no one loves a fat man, Rog has been quite a Romeo around school. His pet hobbies are eating and sleeping and he does a good job at both. During the summer he drives a truck for a Madison concern and stars in softball at Brodhead. This is Rog's last year of competition and he certainly will be missed around the place.

REAL TEAM SUPPORT GIVEN AT OSHKOSH

Well, C.S.T.C. has shown us it does have some PEP! The fine turnout last Saturday proves that—even though the "train plan" didn't go through, nearly 150 loyal Pointers drove down to help the team spoil the Titan's homecoming. Whether you think so or not, Fe and the boys told us the "noise" from the Point bleachers really gave them the old fight to get going, and the victory can be attributed in a great measure to the Point routers' efforts. That's the kind of spirit we've been waiting to see, and when Milwaukee comes up here the 21st, let's show them they've got more than just a tough team to beat—they're going to get plenty of "opposition" from the stands!

ON THE BALL

We thought for a while we were on the wrong side of the field last Saturday. We haven't heard as much noise from a C.S.T.C. cheering section in years. Led by Jurdis Halvorsen and Chuck Orthman, the group of about 100 Point fans certainly let themselves go. Chuck, by the way, is one of Central State's most enthusiastic supporters in spite of the fact that he is not enrolled as a student. And don't think the team didn't notice it. We heard plenty of remarks from the fellows after the game.

CLUB AND SOCIETY

NEWMAN NEWS

The event of this week as far as the Catholics of C.S.T.C. are concerned is the Newman Club initiation to be held Thursday, October 12. All members and prospective members will meet on the third floor promptly at 7:30. The following committees have been appointed: Publicity Laurel LaValle Entertainment Mona Reichert, chairman Fred Mozuch Ben Kordus Carmelita Wirkus Refreshments Doris Soderberg Florence Morency

Whether you are a freshman or an upperclassman who has formerly failed to see the opportunities this organization offers, do not hesitate to sign your name on the Newman Club bulletin board if you wish to become a member.

Join now, there will not be another initiation until the second semester.

INTER-GREEK DANCE

Homecoming will start out with a bang Friday night, October 20, with the Inter-Greek dance sponsored by the sororities and fraternities of C.S.T.C. Music is to be furnished by Bennie Graham and his new large band of ten members. The dance is to be held at the Hotel Whiting and will be semi-formal in style, so no one need stay away. \$1.00 admission.

"OMEGS" ENJOY PARTY

The "Omegas" and their guests came "Dressed as a song" to a party at Margaret Murrish's home Tuesday evening. The Hit Parade of the evening included "Two Sleepy People", "A Pocket Full of Dreams", "Little Dutch Kindergarten", "Night and Day", "It's a Hundred to One", and "An Apple for the Teacher." "Pealer" and "Lee" out did themselves as "Yours and Mine", while "Gus" excelled as a Tree (just too, too knarled). The best dressed rushee, Barbara Gerdes, bore home in triumph a portfolio of songs.

L.S.A.

Last Wednesday night the Lutheran Students Association was given a party at Sims Cottage. The party was well attended. Faculty members attending were Dr. and Mrs. Nels O. Reppen and Mr. Norman Knutzen. Games were played and everybody had a lot of fun. After the games were over, group singing took place.

The next meeting of the L.S.A. will be held in Mr. Knutzen's room on the first floor of the college.

"PHI SIGS"

The "Phi Sig" fraternity received about thirty-five guests at Hotel Whiting on Tuesday night. The "fellas" spent the evening playing checkers and card games of all kinds. Those of the faculty invited were L. M. Burroughs, F. J. Schmeckle, R. D. Morrison, Dr. N. Flodin, E. T. Smith, and E. L. Kotal. "Schmeck" timed the disappearance of the ice cream and cake and maintains that the last crumb left the tables in fourteen seconds flat.

CHI DELT RUSHING PARTY

About fifteen C.S.T.C. men were entertained at the XAP house on Clark street Monday night.

This party marked the beginning of the fall pledging season for the "Greeks". The second party will be held on Thursday of this week. The boys spent the evening playing cards and in general, having a "good time."

Refreshments topped off the evening's fun, and—we still wonder where "Doc" Tolo got that big cigar!

FIRST Y.W.C.A. MEETING

The Y.W.C.A. cordially invites all girls to attend the open meeting on Thursday, October 12 at 7:30 o'clock. The meeting is to be held in the Nelson Hall recreation room.

Reports on the Y.W.C.A. General Conference will constitute the major business for the evening. Charlotte Reichel, contralto soloist, will present several vocal selections, and the serving of refreshments will complete the evening.

SPORTS -IN- SHORTS

The sport of the season is football. But not for girls—or for people in shorts. The sport of the season as far as the girls of C.S.T.C. are concerned is field hockey. This week it is played on Tuesday and Thursday at four and has proved to be so popular that next week it will be offered on Tuesday, Wednesday, and Thursday. The teams have not been definitely decided so come on girls. Don't hesitate! You're all welcome.

Speaking of football, we can't all play it but we certainly can be enthusiastic about it. Did you go to Oshkosh? Well, then you know. And that was only a sample of the pep that our student body has. Wait until we have our own Homecoming!

And speaking of Homecoming, the W.A.A. Float Committee is:

- Jeanette Halverson, Chairman
- Aloha Walter
- Lucille Weiher

And speaking of W.A.A., the regular meeting will be held next week Wednesday, October 18, at 7:15.

DORM DRIP'S DOPE

This column promises to be drippier than ever this week. Why? Well, the weather might be the reason. After all of us viewed that stupendous, breath-taking production, The Rains Came, we find that here in Stevens Point, Wisconsin, they finally did come. Oh, but droplets of H₂O are not the only reason why this column is all wet.

Have you noticed the September 12 or October 11, 1939 dorm callers? Gene Stenz may be seen draped around the canvas chair in the hallway or on the steps of dear Nelson anytime from four to eight P. M. Dot Sieck still lives there, you know. Gordy Lewison may be seen around anytime studying with little Madge Lee. "Dink" Dana may be heard blowing his horn on-date nights—which in his case may be any or every night. Bill Winsor, too, may be seen there quite regularly. (Bill comes only to see Mrs. Finch though.) Spin, Sy Sybeldon, and Fe Bohan also seem to be callers of the steady sort if not permanent fixtures.

Puzzle: Why does Joe Ophoven no longer call at the dorm?

ON THE BALL

(Continued from page 3, col. 4)

Our victory Saturday certainly upset the Oshkosh partisans more than we expected. We've never heard of anything so low as kicking the opposing players out of the dance after the game. Too bad you didn't have a coat, Sy, 'cause they would have had to think of another excuse. Let's hope that we never get so low that we can't be good losers.

STAGE NOTICE

The Pointer has been asked to inform the student body that any one wishing to use the auditorium and the stage must make application for its use at least one week in advance. The application must be made to Mr. Rogers on the form provided for that purpose. Following are the requirements concerning the use of the stage:

1. Nothing is to be taken from the stage without permission from Mr. Jenkins.
2. Every organization must "clean up" within 24 hours after the conclusion of its program.
3. All rehearsals and other such use of the stage must be scheduled at least one week in advance with Mr. Rogers.
4. All performances and programs must be scheduled one week in advance with Mr. Rogers.
5. Mr. Jenkins' stage crew has complete authority concerning the use of this stage at any program at which it may be present.
6. Any person or organization violating these requirements will be denied the use of equipment and services.
7. If technical assistance is required, notify Mr. Jenkins one week in advance of the program.

Paul Swenson and Eddie Kryshak, ambitious Frosh boys, are spending their evenings ushering at the Fox theatre. How's about a press pass, boys.

to which he is justly entitled in the write up of his wedding.

As has been said, Mr. Smythe, son of Mr. and Mrs. Judson Smythe, 2802 Oakwood Boulevard, became the bridegroom of Miss Montgomery, the ceremony taking place before a capacity audience in the auditorium of the First Presbyterian Church. Mr. Jock Patterson, a boyhood friend, was the groom's only attendant.

As the groom minced toward the flower decked altar he was the focus of every eye. Blushing prettily

he replied to the rector's questions in low but firm tones. He was charmingly clad in a three-piece suit, consisting of coat, pants, and vest. The coat, of dark material, was draped about the shoulders and tastefully gathered in under the arms. The vest was sleeveless, and met in front. The groom's pants were of striped grey worsted and were suspended from the waist, falling in an irregular line, almost to the floor.

Beneath the vest the groom wore blue suspenders attached in front and behind to the pants and passing in a graceful curve over each shoulder. This attractive and useful part of the costume would have passed unnoticed had not the groom been forced to forego convention and bend over to make some minor adjustment to his shoe lace.

His neck was encircled by a collar standardized with the customary saw edge. Around his collar was a pearl-grey cravat loosely knotted so that it rode under his left ear with that studied effect of nonchalance and carelessness that marks the supreme in correct dress.

As the bride led her groom from the altar it was noted that she wore a white gown and the customary veil.
