NEW APPOINTMENTS IN EFFECT

RURAL LIFE MEETS

PRIMARY COUNCIL HOLDS INITIAL MEETING OF YEAR

The Primary Council held its first meeting Monday evening, September 18. Roll was called and the girls gave their names and home addresses.

The girls planned a picnic for Monday, October 2.

Margaret Edwards, Sophomore, was elected as the new board member to fill the vacancy left by Loretta Murphy.

Primary Council is the student branch of the National Association for Childhood Education.

There are only two Student Boards of Childhood Education in the state. The other one is at Milwaukee State Teachers College.

"Twentieth Century -- World Of Spoken Word" -- Dr. Lewis

In an assembly Friday morning, Dr. Ervin Eugene Lewis, the head of the department of administration at the Ohio State University, emphasized the importance of speech in our every day life. Dr. Lewis said the nineteenth century was a world of the written and read word, but the advent of the telephone and radio has made the world speech conscious in this twentieth century. The ability to talk is the mark of a lady or gentleman and is positively essential in business or teaching. Dr. Lewis enumerated several points that will help improve a conversation. Among these were: talk about things the other person is interested in; avoid arguments; meet strangers; engage in numerous discussions; read books on the art of conversation; listen attentively to the fluency and ease of expression of radio announcers; remember good stories and be able to tell them well. He also emphasized the value of a good voice, and poise in speaking.

NOTICE TO DORM GIRLS—

In order to relieve congestion in the main office between classes will you please pay your room rent during the following hours: 1:00 P. M. to 1:30 P. M. and 4:00 P. M. to 5:00 P. M. Monday to Friday inclusive.

The Rural Life Club initiated its departmental activities for the new year with a meeting Monday, September 18, in the Rural Assembly.

Mr. Neale called Herbert Upright to lead the Club singing while Laura Schreiber served as accompanist. Mrs. Neale, Miss Hanna, Miss LaVigne, and Miss Roach, prompted by Mr. Neale, entertained the group with short talks. The Seniors in the Four Year Course gave a word of greeting to the new students who were presented to the group.

Following this, the election of officers took place, the result being as follows:

Officers Elected	
President	Wallace Wheeler, Union Grove
Vice president	Alice Linehan Tomah
Secretary	Laura Schreiber Suring
Treasurer	LaVern Jester Wausau

Herbert Upright accepted an invitation to direct Rural Life Chorus for the coming year.

The meeting closed with the serving of refreshments which were prepared by a committee under the direction of Miss Hanna.

WHA State Radio Station Adopts Geography Program Drafted By Miss Hanson

WHA, the University of Wisconsin station, will introduce its geography series with the program, "This Land of Ours". Miss Gertie L. Hanson planned this program dealing with geography of the United States taught in the fifth grade. The Teachers Aids for the whole course were written by Miss Hanson. This series will be offered every Thursday afternoon at 2:00, beginning September 28, from Radio Station WHA.

On September 26 and 27 Miss Hanson will be in Madison at a two day workshop conference of supervising teachers where Miss Hanson will act as consultant for the group studying "Developing Discrimination in the Use of Radio in the Classroom."

Receives Fellowship

Last year Miss Hanson received a fellowship from the Rockefeller foundation connected with a research project in school broadcasting at the University of Wisconsin, an experimental procedure in educational evaluation of the use of radio in the classroom. Miss Hanson's job was to evaluate the educational ef-

ADVANCED STANDING COMMITTEE ANNOUNCES FOUR NEW DIRECTORS

The announcement of four new appointments to the Advanced Standing Committee and Administration Committee was made in a recent faculty meeting.

Miss Susan E. Colman, Director of the Primary department, has been appointed Chairman of the Advanced Standing Committee. This position was held by Mr. E. T. Smith, previous to his appointment as president of the college at the August meeting of the Board of Regents. To succeed Mr. Smith in his position as Director of the High School department, Mr. Raymond M. Rightsell has been designated. Dr. Arthur S. Lyness has assumed Mr. Rightsell's former duties as Director of the Summer session. Mr. Thomas A. Rogers was appointed the Representative of Student Activities on the Administration committee. This is the first time in the history of the school that there has been a representative of student affairs on the above committee.

Appointed By President
Positions on the Administration

"Students Now Number Over 900", States The Registrars Office

A general organization meeting of night school classes was held in the assembly last Tuesday at 7:00 o'clock with Mr. E. T. Smith presiding. Registration immediately followed the meeting.

Night school will open Tuesday, September 26 and classes will begin at 6:00. There will only be two periods of classes with the two hour classes being held from 6:00 P. M. to 7:30 P. M. and three hour courses from 7:30 P. M. to 9:30 P. M. The maximum number of credits that may be earned in night school this year is five.

Schedule Announced

The tentative schedule for night classes to run from 6:00 to 7:30 P. M. are as follows:

- English 209—Shakespeare—Burrroughs
 - English 217—New England Circle—Knutzen
 - Biological Science 109—Nature Study—Lyness
 - History 214—Modern Russia—Tolo
 - Geography 113—Wisconsin—Watson
 - English 123—Sophomore Composition—Colman
 - History Any 2 hour 200 course—Steiner
 - Social Science 212—Cooperative Marketing—Reppen
- The classes which will be conducted from 7:30 to 9:30 are as follows:
- English 102—Freshman Composition—Roach (Second semester)
 - Psychology 101—General Psychology—Matravers
 - Education 223—Principals of Education—Mott
 - Conservation 107—Conservation of Wisconsin—Schmeekle
 - Geography 209—Economic Geog. of Europe—Hanson
 - History 209—History of Civilization—Morrison

Merchants' Student Reception Dance

A gala event is being planned for the college on Thursday evening, September 21, by the Stevens Point Merchants and the Junior Chamber of Commerce. They have invited our whole school to an informal dance, Bennie Graham and his band presiding.

This is the first time that either the merchants or the Chamber of Commerce has sponsored any social event for our school. A pleasant time is anticipated and a large attendance will let them know that we appreciate their kindness and good will.

The dancing begins at nine. Your activity ticket will admit you.

MISS GERTIE L. HANSON

the World," had a registered audience of 1726 teachers, and approximately 33,000 children.

THE OTHER HALF

In just a few days C.S.T.C. will play its first football game of the season. The boys, directed by Coach Kotal, have been working hard in order to chalk down the first of what is hoped to be a long string of victories. They have been working hard, and they will continue to do so until their schedule has been completed.

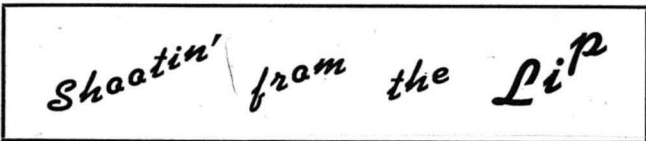

One half of the work is being done willingly and with pleasure, but what about the other half? Those fellows who are out on the field playing the game cannot supply the other half; but we can. What is a football game without a large, peppy, enthusiastic crowd? Of course we need the team, but we also need you and your support.

Two years ago a Pep Club was organized with the definite purpose in mind of not only arousing sentiment for a real cheering section, but for training cheerleaders. It was a fine idea, but it soon petered out. Last year the services of two or three were offered, and once again it looked like something might be done. Those most active in the latter movement are gone and again we are left.

Isn't there some one organization in this school that is capable and willing enough to undertake the responsibility of maintaining "the old school spirit?" If there were just one group that would make it their duty to keep the ball rolling from year to year, we wouldn't have to go around feeling that one-half of the game's work was unfinished.

Upperclassmen, it's up to you to see that the large Frosh class of 1939-1940 will not be disappointed at the first game of the season. It's up to you to show them that C.S.T.C. is back of its team, not once, but always, whether it wins or loses. It's up to you to show them that this college can supply just as much color to its games as can the universities or larger colleges.

There are still a few days left to accomplish something. Are you to shoulder the responsibility, or are you going to let the traditional "George" do it?

Well sir, we taught our first practice class yesterday and were really surprised at the ready response of the student. We went over there rather apprehensive about the whole thing—expecting all sorts of trouble and deviltry from the kids we thought were just waiting for us to take over and give us a hectic morning. However, the little darlin's were just too, too cooperative. Perhaps it omens a general outburst in the near future when they will make us wish we still worked in a cheese factory. Some one said that to be a teacher one must just know a little bit more than the pupil and we believe those kids are going to keep us home nights studying.

We awoke in the middle of a nightmare the other evening wondering just how long great big, grown men are going to stand in front of michophones and warble

songs like "Three Little Fishies" and just how long one will have to be able to leap twenty feet to qualify on a dance floor. Oh—Aristotle—you would indeed be horrified to see "what fools these mortals be". Oh—what has become of the waltz when we glided lightly, ever so lightly, with our love at arm's length—when grace and poise—not endurance—marked a dancer? By this time we had fallen asleep again so we came to no conclusion.

Bud Menzel came from church the other Sunday all perplexed—"Why," he asked, "did Saint Paul write so many letters to the Corinthians and not get no answers?" After dinner the same day he came running rather breathless to us and sputtered that he just heard that epistles were not the wives of apostles and would we tell him the truth? Now I ask you!

We of "Bitzagoz", have no intention of ever going serious on you, our readers (if any). It is our desire to submit to you what choice bits of gossip we run onto from week to week. What is written cannot be favorably received from a literary standpoint, but our hope is that we don't offend anyone. We'll be impartial. This column is actually intended for your pleasure; may it be thusly received. There you have our reasons for this—if you don't like it skip the patter—it isn't required for graduation. If you dislike us too violently tell the editor and when enough of you have given voice to your objections she'll gently but firmly remove us from her staff. Fair enough, isn't it?

"LeNore DeVere" would have done well to change "her" writing when she put her invitation up on the main bulletin board. 'Twas rather obvious as it was. . . . The Auctt-Sybeldon feud is apparently a thing of the past and Sy now seems to be the No. 1 man with an attractive dormite. . . . A certain junior is going to miss a little red-head when she goes west—but aren't we all? . . . It's a plenty flashy bunch of frosh we have in our midst this year. The upper classmen will do well to be pretty nice to their steadies if they want to remain out of circulation. . . . It seems there's a law! If you don't believe it ask a gang of dormites who went running-board riding t'other day. . . . What, we wonder, could have prompted Mr. Mott to desert his proverbial derby for a new straw chapeau?

THREE GUESSES

Senior. . . prominent man about the campus. . . Greek. . . outstanding athlete. . . runs a University man stiff competition for the favor of a C.S.T.C. coed. . . worked not more than 35 miles from Point this summer.

Quite a flash. . . stags it to many of the school functions. . . hails from north of here. . . on a publication staff. . . senior. . . Greek. . . every one knows him; nearly as many like him.

One of C.S.T.C.'s most brilliant students. . . active in outside activities. . . leaves town every weekend. . . Greek. . . upper classman. . . holds one of the most responsible positions on the campus. . . rather easy on the eyes. It's a "her."

Faculty member. . . blonde. . . sports an accent all his own. . . faculty and students alike think him 'one of the finest'. . . hails from 'daown' the tall corn way.

Jovial senior. . . prominent accompanist. . . thrice Greek. . . collector of novel brooches. . . versatile and musically inclined.

THIS WEEK AND NEXT

Wednesday—September 20.

W.A.A. Meeting, in Girls' lounge at 7:00.
Mens Glee Club mixer to-night at Iverson Lodge.

Thursday—September 21.

No dancing this Thursday in old gym, but there will be next Thursday, September 28 at 8:15.
All school dance in Training School gym.
College Theater membership meeting, 7:30.

Saturday—September 23.

Football game with Stout at Schmeckle Field at 2:00 P. M.

GOT EVEN WITH THE DOCTOR

A printer got slightly peeved at a letter from a doctor who wanted bids on several thousand letterheads, different sizes, different grades, and different colors, and wanted the printing form held standing. So the printer took his typewriter in hand and wrote:
"Am in the market for bids on one operation for appendicitis. One?, two- or five-inch incision — with or without ether — also with or without nurse. If appendix is found to be sound, want quotations to include putting back same and canceling order. If removed, successful bidder is expected to hold incision open for about sixty days, as I expect to be in the market for an operation for gallstones at the time and want to save the extra cost of cutting."

—Kansas City Post.

Nelson Hall girls this year are most fortunate, for the new freshmen, as well as Miss Davidoff, our new faculty resident, have shown themselves to be a rather wise as well as friendly crowd of girls. Why? No one has been campused yet. Compare that if you will with last year when a certain frosh girl came in late on her first date and was campused the first week—Live and learn—

Last Wednesday evening all of the old dormites joined in an Initiation party for the new girls who were sent on a scavenger hunt—they get worse every year—and then were rewarded with a lunch of doughnuts and apples.

New faces about the dorm this year include Don Stein and Ralph Urbanowski who have taken over the jobs left by Benny Laske and Mason Atwood. Of course, we cannot help missing Benny and Mase, but it is rather nice to be able to sleep Saturday morning. (We all loved the mellow voice of Mr. Laske but Mason's off key harmony was more than we could take.)

Despite all of the changes dear old Nelson Hall and its girls are much the same. Frosh girls, don't let that stag line at the east school entrance bother you. You will become hardened to it. I know. I did. . . . "Dorm Drip"
P. S. Buff Dopp, Margaret Kratz, and Grace Perrodin visited at the dorm this weekend.

STOUT HERE FOR GRID OPENER

Pointers Prepared For Big Season

Final plans are being completed to usher in the 1939 football season with all the trimmings this Saturday. Stout Institute will furnish the opposition and from all reports it looks like the Pointers will have to be at their best.

FE BOHAN

Both Stout and C.S.T.C. will present teams composed of veteran backfields and lines containing enough experienced men to provide a good brand of football. On paper the teams seem to be about even though both should be stronger than they were last year.

Stout Line Weakened

Stout will be minus the services of Nick Milinovich, all conference tackle, who made it tough for our boys last year. Several other stars were lost through graduation, but word has been passed around that the freshmen prospects at Stout are very promising.

One of the stars of Point High, Don Schlice has made the team, and may see action Saturday.

May See Action

Coach Kotal has not mentioned as yet any of the probable starters but some of the players who are apt to see some action are Van Dyke, Hanig, Koehn, Duecker, Fritch, Posluszny, Trankle, Carnahan, and Cashin in the backfield, and Dor-scha, Halla, Anderson, Bohan, Otto, Bernstein, Slotwinski, Sybeldon, Parr, and Hoffman.

FOOTBALL SCHEDULE

Saturday, September 23	Stout, here
Saturday, September 30	River Falls, there
Saturday, October 7	Oshkosh, there
Fri. Oct. 13 or Sat. Oct. 14	Bradley Tech, at Peoria
Saturday, October 21 (Homecoming)	Milwaukee, here
Friday, October 27 (Night)	Superior, there
Saturday, November 4	Whitewater, here
Saturday, November 11	Platteville, there

SCHMEECKLE

WATSON

RIGHTSELL

STEINER

Central State's athletic policies are controlled by the men pictured above. These men, though their work is not publicized, spend much of their time ironing out the problems of the athletic department.

ON THE BALL

Wanted—cheerleaders! Who's going to supply the pep and cheering at Saturday's game? We were just getting nicely organized last year with the efforts of Sarah and company but now, with three of our cheerleaders missing, it looks like a dull afternoon. Maybe some of you people who yelled so enthusiastically for Bill Zonke one morning last fall could make some noise in the bleachers. How about it, Hatch?

In case some of you fans would like to become a little more personal when cheering the players, here are some of the names that are heard at football practice—"Cuty" Hanig; "Snooky" Van Dyke; "Dynamite" Koehn; "Jabber" Bohan; "Gutzy" Parr; "Sy Sybeldon. We'll try to keep you informed as to any new monickers.

Coach Kotal has been receiving assistance in his task of handling

First Week Finds Squad Down To Hard Scrimmage

After a week of conditioning the squad is settling down to some real workouts. Coach Kotal began practice Monday with a hard scrimmage that will carry on to Saturday's game.

The surprise of the year is Captain Fe Bohans' removal to guard, which should strengthen the line considerably. He seems to have been picked up a little speed this summer and with so many fast "backs" on the squad he will need all of it. Rog (Tubby) Bernstein is booked for the other guard position and he is taking care of the job like a veteran.

Slotwinski Looks Good

Ed Slotwinski, a veteran of three seasons, is really knocking them down in practice and it looks like Ed is going to have his best year. The other tackle position is in the capable hands of Big Otto, who after a years layoff, should make the enemy wish he had stayed away for good.

Ken Parr, Sy Sybeldon, and Elmer Hoffman, are fighting hard for the pivot position and so far it looks like a close race. Sybeldon starred at Ironwood Junior College for two years and though forced to lay off a year due to transferring, he has not lost his touch.

(Continued on page 5, col. 4)

NOTICE

Freshman managers wanted! Anyone interested report to Ray Wiersig or Mason Atwood in the athletic department office after 3:00 P. M.

All men interested in cheer leading are requested to report to Miss Davidoff at Once! A limited number of positions are open to women. See Miss Davidoff for details.

ALUMNUS ELECTED SUPT. OF SCHOOLS AT WILLIAMS BAY

Kenneth M. Viste, an alumnus of Central State Teachers College, was recently elected Supt. of Schools at Williams Bay, a small city on Lake Geneva near the Illinois state line. Mr. Viste received his B. E. degree at Central State, and majored in Education and Political Science at the University of Minnesota, and the University of Wisconsin where he obtained a Ph. M. degree.

Has Enviably Record

Mr. Viste has had 11 years of teaching experience, and was county Supt. of schools for Door County for four years. He has been active in promoting Parent-Teachers Associations, health work, 4-H Club activity, athletics, and music work, holding important positions in several education associations. Mr. Viste coached basketball at Maplewood, Brussels, and at Madison. Last year he coached at University Y.M.C.A. Basketball team, and took active part in the University Norse and Camera clubs. He is a member of Phi Delta Kappa, professional fraternity at the University.

MICHELSON STRIVES FOR BIGGER, BETTER MUSIC DEPARTMENT

Mr. Peter J. Michelson has announced that the music department this year has greatly increased in membership. Many new instruments will be added to the band and orchestra. In response to the requests made by many of the students this year for a new, large, mixed chorus, Mr. Michelson declared that he would make arrangements for its organization. It will, however, be an entirely student project, even being directed by a student. At present, the C.S.T.C. band is spending most of its time getting into shape for playing at the football games. As yet there have been no decisions made about the dates of the first programs and tours.

The Girls' Glee Club will continue this year, with a new high in membership. Tryouts are now being made by those who wish to enter.

NOTICE FRESHMEN WOMEN!

Don't forget to find out when you are scheduled for physical exams and be sure to report.

Gym classes will be posted on the bulletin boards so look for your name and come to class at the scheduled time!

CLUB AND SOCIETY

W.A.A. Picnic—at Iverson Park on Monday, September 25. All women students are cordially invited. Sign up either on the bulletin board in the basement or the Physical Education bulletin board on the second floor—before Friday at 5 P. M. Come on and have fun, get acquainted and enjoy some good food too. A small charge of fifteen cents per person will be made. Bring the money with you and meet at Nelson Hall at 4:15 P. M.

Scavenger Hunt Opens Three Day Initiation Period For Dormites

The new Dormites began a three day period of initiation with a scavenger hunt on last Wednesday night, September 13.

Never have such varied oddities been collected in the living room of Nelson Hall—cockroaches, Wisconsin River water, fly wings, oats, signatures on miscellaneous bits of paper, purple shoe trees, and some of the fair ladies, to comply with the request, even collected a spoonful of parings from—ahem—the pedicappages.

After the various stories of their adventures were told, apples and doughnuts were served to all the "Nellies" of Nelson Hall.

New Radio Studios Ready For Operation

The new radio studios in the basement of the college have finally been prepared for operation. This achievement is due partly to the appreciated efforts of Mr. Thompson, the head of the Bureau of Markets of the WLBL radio station, who consented to paying the remainder of a bill of goods for the radio equipment purchased. The college Board of Regents stated that they were unable to pay this part of the bill. In return for Mr. Thompson's favor, the college has consented to give their cooperation in producing student broadcasts. This year all college broadcasts will be made from the WLBL studios at the Training School as they were last year.

FACULTY NOTES

Faculty Reception

Our faculty entertained what seemed the entire student body at a reception in the Training School Gym, Thursday evening, September 21. President and Mrs. E. T. Smith, Dean and Mrs. H. R. Steiner and Professor and Mrs. T. A. Rogers comprised the receiving line.

The night was warm and the dance floor crowded but nothing could stop the "jit" of the jitterbug. But don't get us wrong, the waltzers too enjoyed the music of Benny Graham! Incidentally the punch was of the best.

Police Advise Students To Respect Junior Police

The Stevens Point Police Department asks the cooperation of the C.S.T.C. students in the furthering of safety education to the children in the training school. As future teachers we must learn to practice—as well as preach—our safety regulation. Let's encourage our Junior Policemen by heeding their presence on our school corners. This will also set an example to the other children of our training school.

Poor Example

The sight of adults crossing in the middle of the block or walking against a red light breaks down good pedestrian habits the youngsters are taught in school.

The Police Department asks you to think of these youngsters the next time you risk your own life in traffic.

CORRECTION

We start the year out in fine style by committing an inaccuracy in the first issue. One of our former staff news hounds misled us on the matrimonial connections of John Hanson, a last year's graduate. We apologize for misnaming the young lady but also blush to say we cannot give her correct name.

Another correction which becomes necessary at this time is to state that the name of the owner of the College Eat Shop is Merne Masten. Last weeks issue stated it was Verne Masten.

We hope that you will abide with us on these two glaring mistakes.

W.A.A. ACTIVITIES

If interested—sign up on the downstairs bulletin board. All women students are cordially invited to take part in all W.A.A. activities.

WHA Adopts Program Drafted By Miss Hanson

(Continued from page 1, col. 3)

New Course in Radio Offered

Education 229, "The Use of Radio in the Classroom", is being offered this semester by Miss Hanson with Mr. Colby conducting laboratory and demonstrations. The course places the emphasis on the classroom use of school broadcasts, but includes a survey of the history and development of radio broadcasting together with the cultural and social aspects of radio. Since Wisconsin has definitely adopted the use of radio in the schools, Education 229 offers the prospective teacher preparation for one of the newest educational aids.

MODERN FASHIONS

With our modern fashions sex isn't always easy to distinguish in the matter of dress.

Said a golfer to his partner: "Just look at that girl dressed like a man. What are her parents thinking of, anyway? I think it's disgraceful."

"That, sir, is my daughter," replied the partner.

"I beg pardon, I didn't know you were her father," was the apologetic reply.

"I'm not, I'm her mother." And the golfer wilted.

PHOTOGRAPHERS NEEDED

The Iris staff is looking for persons able to take candid shots for the year book. Please see Mr. Rogers, Virginia Johnson, or Margaret Becker at once!

Committee Announces Four New Directors

(Continued from page 1, col. 3) and Advanced Standing Committee are filled by members of the faculty appointed by the president of the college; whereas members of other committees are elected by the faculty.

One of the duties of the Advanced Standing Committee is to evaluate credits. It is necessary for all credits transferred to or from the Central State Teachers College to be approved by that organization. Credits for graduation must be accepted for entry into the Graduate School of the University of Wisconsin which thus automatically grants approval for teaching in schools which are members of the North Central Association.

"What caused you to beat up that fellow?"

"He insulted my girl."

"Why, all he said was that she dances like a zephyr."

"My mistake! I thought he said heifer."

ON THE BALL

(Continued from page 3, col. 2)

over seventy football candidates these last few days. His assistant is "Buck" Weaver, an experienced football player who has enrolled at Point this year. Because he is a transfer, "Buck" is ineligible this year but will be right in there next fall.

* * *

We promised one of our backfield men plenty "free blowing up" in this issue, but until he proves himself, we will just print his name—Jim (Cuty) Hanig.

* * *

No longer will the football heroes of Mankato State Teachers sweat and toil for only transient glory, for a half dozen of the most attractive girls in Mankato, have promised to reward, with a kiss, each man who makes a touchdown. Here's your chance, you gals, all volunteers see Captain Fe Bohan for tryouts. (Quiet Rook)

* * *

Rodger Bernstein is a little behind the rest of the squad in getting in shape. The erstwhile high school girls' hero had to wait until the athletic department could get a pair of football pants that were large enough. Get out from behind that barrel, Rodger!

Squad Down To Hard Scrimmage

(Continued from page 3, col. 4)

Dorscha Joins Squad

Greg Dorscha, former Stevens Point prep star has joined the squad and if you don't believe he is tough, ask some of the boys who have been hit by his 217 pounds.

The backfield even makes Coach smile. With Frankie (Dynamite) Koehn running wild in scrimmage, it looks like a scoring year. Ted Fritsch is showing lots of power in those legs and should be good for those extra yards over center. Louis Posluszny, a new boy from Waupaca, looks good and he has plenty of speed and drive for a little fellow. Jimmy (Cutie) Hanig is doing lots of blocking in practice, but when needed he really can carry the mail. "Snookie" Van Dyke has been shifted to a blocking back and by all signs he really has found his place. Bill Carnahan, a protege of Ted Menzel, is being broken in as a signal caller and he seems to have picked up plenty from his coach. Bud Trenkle, a former Wisconsin athlete, has been doing some beautiful punting, so our goal line should be well guarded.

All in all, it looks as if a well-rounded team will be put on the field Saturday, but until then we hope you are pulling for them.

Even a Railroad Spike can't "take it" like this Jewel of a Parker Pen

SAYS THE RAILROAD SPIKE—
"IN ONE OF THE 5 TORTURE TESTS I WAS CRIPPLED FOR LIFE BY FERRIC CHLORIDE (ACID) SOLUTION."

SAYS THE PARKER VACUMATIC—
"I WAS FILLED WITH THE SAME ACID—WROTE ALL DAY—A 5-MILE LINE—AND I'M JUST AS GOOD AS EVER!"

GUARANTEED for LIFE

(against everything except loss or intentional damage)

We're using more than 250 college papers to tell students of the 5 devastating and devitalizing feats recently performed by the Parker Vacumatic to prove it will last for life. No other pen we know has ever faced such torture. Yet the Parker Vacumatic did it—can do it any time—and come forth in perfect working order.

1st—Filled with Acid (strong ferric chloride solution which ate away a railroad spike) instead of with ink, this incredible pen wrote a 5-mile line with the acid on a revolving paper-covered drum and finished in perfect working order.

2nd—"Bomb" Test: Parker's Diaphragm filler encased in an oxygen bomb FOR WEEKS, where a single day equals 6 months' normal age—to prove its long life.

3rd—"Electrocution": Every Parker Diaphragm proved 100% leak-proof by exposing it to 5,000 volts of electricity which flashes a red light if there's even a pinhole leak.

4th—"Drip Test": Pens filled and hung points down for hours in frigid temperature, then in torturous temperature.

5th—"Dropped 3,000 ft. from an airplane to prove the lovely laminated pearl barrel and cap are Non-Breakable.

You never saw such a pen. You never owned one. A sacless pen that holds far more ink than ordinary rubber sac pens—shows the ink level at all times, hence won't run dry without warning, in classes or exams. So go and see it now and get it for college and for life.

Pencils to Match: \$3.50 TO \$5.00
Pens: All 14K Gold Points—\$5.00 TO \$12.50
Parker
VACUMATIC

Pens marked with the Blue Diamond are guaranteed for the life of the owner against everything, except loss or intentional damage, subject only to a charge of 35¢ for postage, insurance and handling, provided complete pen is returned for service.

The Parker Pen Co., Janesville, Wis.

Board Of Directors Created To Manage Glee Club Affairs

At the close of the 1938-39 school year the Men's Glee Club organized a legislative and administrative body to direct club activity. With the rapid increase in membership the past two years, and the growing importance of the club's business activity, Mr. Knutzen and various members realized the need for some sort of a body to take care of the interest of the group as such. After considerable debating and discussion over the matter the club decided that a Board of Directors, consisting of five members, be created. A president and a librarian were chosen, as before, by a regular group election, and a business manager was chosen by the director, Mr. Knutzen.

Two New Officers

Two new officers were created, namely that of a publicity chairman and a corresponding secretary. A committee composed of the president, business manager, and librarian, was authorized to nominate persons for these new offices, two being elected to the membership by means of a regular election. These five officers compose the Board of Directors, and each individual has a special duty to perform.

The president presides at all meetings and reports important proceedings of the Board to the membership. The business manager handles all financial matters of the club, and must also make a report at various periods. The librarian is responsible for all sheet music belonging to the club and must keep this material in usable condition. The publicity chairman does the advertising for concerts, assemblies, and the like, and the corresponding secretary must carry on all correspondence necessary to carry on the business of the group.

Board More Accurate

This particular arrangement makes possible an accurate, efficient, and profitable business activity, and relieves the majority of the responsibility from the shoulders of the director. Further, it gives the membership an active and authoritative voice in the affairs and activity of the group giving these members an opportunity to become familiar with the problems of such an organization.

This year's Board consists of the following members:

President Jerry O'Doherty
Business Mgr. George Quandt
Librarian Alex Mancheski
Publicity Chairman .. Jerry Torkelson
Corresponding Secy. Dick Larson

Get Acquainted With Your Professional Organizations Now

The understanding of professional organizations has always been confusing to the new student. The registration in a division makes you automatically a member of a certain club.

This plan has many advantages. It aims to promote greater interest in the selected department, to discuss educational topics on its various phases, and to foster better acquaintance among the members of your department.

C.S.T.C. has the following professional organizations, one of which you will find yourself a member:

The Home Economics Club, composed of those majoring in home economics;

The Primary Council, nationally affiliated with the Association for Childhood Education and organized to promote the interest of those preparing to teach primary grades;

The Grammar Round Table, an organization of the grammar grade and junior high school division;

The Rural Life Club, composed of members of the rural division;

The Forum Society, for those training to teach in secondary schools.

These organizations are to help you in your profession. You will find it to your advantage to attend and otherwise take part in their activities.

MANY INTERESTING BOOKS ADDED TO THE LIBRARY

Many interesting additions in the first book order have been made to the library this fall.

Wickford Point, which was written by John P. Marquand, is a story of a New England family. Arthur E. Bostwick in his book, *A Life With Men and Books*, portrays "Reminiscences of a teacher, editor, author, and librarian from before the Civil War to the present." Another of the new books is *America In Midpassage*. This book was written by Charles A. Beard and Mary R. Beard and it is the third volume of a historical series of books entitled *The Rise of American Civilization*. Ida M. Torbell's *Autobiography All in the Day's Work* is another of the new books. For a brilliant novel of an unforgettable woman, Daphne du Maurier has written the story *Rebecca. Reaching For the Stars* is "A dramatic record of four years in Germany told by the same woman who lived in and wrote about 'The House of Exile'." These are a few of the many new books which have been added to the library of the Central State Teachers College. These new books, however, will not be ready for circulation for several days.

Radio Workshop Is Introduced In New Course Offered Here

by DON COLBY

"After a deluge of pounding, sawing and general WPA nuisance," Mr. Colby announces, "that we have come out of the thing," with modern facilities and equipment for a radio workshop which will be conducted in much the same manner and which will have much the same objectives as the well known theater workshops. While Miss Hanson and Mr. Colby are planning educational programs to be originated from the college, of as much importance, they agree, will be the studying of modern radio production techniques, practice in script writing, and the educational evaluation of school broadcasts.

Students are invited to participate in some phase of radio such as research, script writing, and the production of radio programs. Students are also needed to assist with the technical work. Underclassmen are especially urged to get in touch with Mr. Colby who will be in the workshop at 11:00 and 1:15 daily to confer with students wishing to take part in the workshop program.
