

Eighth Annual Band Clinic Friday FOREST RANGER TO TALK HERE 3,000 Musicians Are Expected

"Our Town" In Production

H. C. Morrison To Give Commencement Address June Seventh

President E. T. Smith announced that H. C. Morrison, former Professor of Education of the University of Chicago staff will be the speaker at Commencement on June 7.

Professor Morrison is the father of Robert D. Morrison, of the C.S.T.C. faculty, and is noted for his outstanding work in the field of education. He is the author of several books on education.

It is President Smith's policy to bring to C.S.T.C. men from the larger universities. Last year Professor William Kiekhofer of the University of Wisconsin spoke for Commencement.

Conservation Classes Will Plant Trees

Mr. Schmeckle's Conservation classes will plant trees at the school forest on Friday afternoon and Saturday morning. This is a requirement for credit in the conservation class.

The school forest, which is south of Plover, consists of eighty acres of land donated four years ago by Mr. Boston of this city. It was split into four groups of twenty acres each, and the plots were given to the college, the P. J. Jacobs High School, the parochial schools, and to a number of rural schools within the vicinity of Stevens Point.

The state has built a fire tower on the property to protect it from fire. About six thousand trees will be planted on the college plot this year. Many of the seedlings that were planted the previous two years died from extreme drought conditions and from being choked by the growth of sweet clover. Preventative measures used last year checked the latter a great deal.

The Conservation classes will make a tour in the near future of the Forest Protection Headquarters in Tomahawk, the Woodruff Fish Hatchery, the Trout Lake Nursery and Forestry Headquarters, Indian Lake Headquarters at Three Lakes where they expect to go up in the tower and look over the surrounding country. From there they will drive to Rhinelander and then home.

Prize Play Will Be On Next Week

College Theater participants who comprise the cast and technical staff for the coming production, "Our Town", are putting the final touches on the play this week. The famous Pulitzer Prize play, by Thornton Wilder, has captured the interest of Little Theaters and college dramatic groups all over the country. Several of the state college dramatic groups and the University of Wisconsin players have produced "Our Town" this year, and because of the enthusiastic response at Madison a repeat performance run is being given.

New Experiment in Drama

To theater-goers in the college and the city "Our Town" should be a thrilling experience. It is something new and different in drama, yet it contains the intense feeling and emotional power of a master play. It is rich in simplicity; it is honest and natural. It is a story of your town, any town, with its bringing up, living, and dying. The characters you will see are those you meet every day in your town—they are normal people leading normal lives. The things they do and say are the things they do and say in your town, the only difference being, perhaps,

(Continued on page 5, col. 4)

H. S. Forensic Meet Held Here

The Stevens Point District of the Wisconsin High School Forensic Association held its annual contest Wednesday, April 17, in the college auditorium and various adjoining rooms. The events began at 10:30 o'clock with the Oratory and the Non-Humorous declamation contest. A noon luncheon was served at Nelson a hall to the coaches, principals, contestants, and members of the C.S.T.C. Forensic Society.

During the afternoon the humorous declamation contest was held, followed by the extemporaneous speaking contest and the extemporaneous reading contest.

The judges were Professors F. Theodore Cloak and E. W. Schoenberger, of Lawrence College, Appleton, Wis. The speakers were graded A, B, or C, according to their merit, and all those who ranked in the A group are eligible to participate in the state contest.

Mr. Joseph F. Kraus, Principal of the P. J. Jacobs High School and Chairman of the Stevens Point District, and his executive committee, were in large responsible for the success of the contest.

Mr. H. N. Wheeler On Assembly Thurs.

Mr. H. N. Wheeler, a regional forest ranger, will present an assembly program Thursday, April 18, at 10:00 A.M. Forestry has for many years been the vocation of Mr. Wheeler and he is a nation-wide lecturer on this subject. He uses colored slides to illustrate his very interesting inspiring, instructive, and well endorsed lectures. Mr. Wheeler's lectures have been well received by his varied audiences of professional groups, students, members of camps and clubs. Previous to his work as a speaker and forest ranger he was a teacher in high schools and country schools.

Quoting from comments, M. B. Jewett of New York says "Mr. Wheeler is a clear, forcible and logical speaker, gets in touch with his audience at once and keeps them amused as well as interested and instructed from start to finish."

Ellis C. Persing of the Western Reserve University, Cleveland, Ohio, says "His lectures are most interesting and educational. He held his audience for more than an hour and a half, and they would have been willing to listen considerably longer. His slides represent carefully selected material and were much appreciated by our club."

Such are the qualifications of Dr. Wheeler, who will give two lectures in Stevens Point. He will also address the Lions Club of this city in addition to presenting the College assembly program.

Men's Glee Club Has Good Record

Wednesday and Thursday evenings, April 10 and 11, marked the seventh annual concerts given by the Men's Glee Club in the College Auditorium. Splendid lighting effects provided an appropriate atmosphere for the songs.

During the program Mr. N. E. Knutzen, the director, was given a gift by the Glee Club after which he spoke to the audience concerning the statistics involved in the rendition of concerts in the past years. The Men's Glee Club was organized seven years ago by Mr. Knutzen. Since that time there has been three hundred and twenty-eight members who have given one hundred twenty-six concerts and have traveled nine thousand miles. They have sung to fifty thousand people. These numbers exclude the trip to New York World's Fair last summer. This is a very impressive record and points to further success for the Glee Club in the future.

Central State Teachers College will play host to 3000 musicians from cities throughout central Wisconsin on Friday, April 19th. The musical organizations for this eighth annual event will include bands, orchestras, glee clubs, choruses, soloists, and ensembles. The co-chairmen for the festival are seniors, Phil Dakin and Louis Hamel.

This festival will be conducted on the same plans as the ones in the previous years. Each organization will play three numbers of its own choice which will be heard and criticized by a competent judge. As before, there will be no placing of each musical organization, but each

MICHELSSEN

will receive helpful criticisms which will be handed to the director in a sealed envelope.

The awards of the day will include three trophies to be given to the three best marching bands and a baton to be given to the flashiest drum major.

The parade of forty bands will start at 3:30 lining up on Clark Street, proceeding west to the Square and back down Main to the College. The bands will do their maneuvering in front of the Fox Theatre where they will be judged by prominent directors; namely, Mr. Victor Grable, Director of the Chicago Symphonic Band; Mr. Paul Schenk, Music Director in the Green Bay High Schools; Mr. Harold Dyer, Director of Music at Ripon; Mr. K. N. R. Grill, Director of Music in

(Continued on page 5, col. 1)

Omegas To Hold Dinner - Dance

The sorority of Omega Mu Chi announces that its annual dinner-dance will be held at Hotel Whiting, April 27. Wally Beau and his Orchestra have been requested to furnish the music for the dancing, to which the public is invited. Dancing will be continuous from nine until one.

CAMPUS CONDITIONS

With the snow gone and the signs of spring all about us, we believe the students of C.S.T.C. should start to think about something which is very near to all of us. That something is the condition of their campus. We, as students, may not think much about this situation, but it is a well known fact that the above mentioned is important to all concerned. It is this time of the year that prospective students begin to think about picking a school to attend and, with this thought in mind go out, in a good many cases, and actually begin to look over the campi of various schools in which they are interested. Many of us may say this is foolish and does not exist. It does, so let's face the facts and help in every way to keep the thing in good condition which first meets the eye of every visitor when arriving upon a campus. We should all be greatly interested in getting students to attend our institution. Next in line comes the superintendents who are looking for men and women to teach in the schools. What must they think of any campus they visit which is not kept looking at its best? Again we may say, but what can we do about it? Don't forget when we ask this question that there are many things which go to make a campus really beautiful—it's not only the money for beautiful landscaping and big buildings which goes to make the ground presentable but rather the lack of extra debris which we scatter about without thinking. If all of us would just stop a minute and put all of our waste material into the containers which are made for it, things would be helped considerably. Another thing which would help considerably would be for all of us to use sidewalks instead of shortcuts in this part of the year when the grass is beginning to grow. If the grass is killed now a path will show, which in no way beautifies our campus, for the rest of the year. As fellow students, we appeal to you to watch these little things and to make our campus something of which we may always be proud.

 Festival Judges meet here.

Shootin' from the Lip

Our mention of that east entrance storm shed in our last week's column provoked the 'Shadow' into writing us an epistle. Here 'tis:

Dear Shootin' from the Lip:

Somethin' tells me you're only half right about that east entrance storm shed. Could it be that the "Gallery Gods" are clamoring for the razing of the shed because the area for "looken' 'em over" has been restricted? You don't have to answer, 'cuz the SHADOW KNOWS. Rather than having the shed torn down, why not add a bleacher section to the roof of the shed? The "GALLERY GODS" would be outa luck when it rained, but you and I both know that the gals aren't too purty with their hair wet. . . . Anyway, you left yourself wide open—don't do it again. . . .

The SHADOW

The promenade Saturday nite was as pretty a dance as we have ever attended. The band committee drew a winner when they contracted Steve Swedish. The favors—miniature Japanese umbrellas—were very well accepted. In fact, our little group managed to get away with twelve for future use (in primary Japanese gardens). As usual, the clowning event of the evening was conducted by 'Hatch' with his own inimitable method.

The Penguins, a newly-founded organization, has retained us as its publicity manager and requested a few lines in this column. The group, now consisting of about six members, is rapidly gathering into its fold many new adherents to the cause of the great god Bacchus. For further information send one piano box top or reasonable facsimile thereof, together with your name and address, to the Royal Bird House between 18th and 19th on Chestnut Street.

In the sports sections of several of the Milwaukee daily papers we have noticed that the Oshkosh Teachers, Whitewater Teachers, and Milwaukee Teachers have track teams working out daily in preparation for several big meets. Now, we have a field, we have a track, we have equipment and we have a coach—but we haven't a track team! Wherein does the trouble lie? Is it lack of funds or lack of interest? We believe Point could turn out a fair track team if given a chance. Football, basketball and boxing are allotted part of the student body's fees—why not track? Speaking of lack of interest, I know there is none (lack) on the part of the students. There are a good many of them who would be a boon to any track team. A good lot of them do not play football or basketball but do run a mean 440. Isn't there some way that could be devised to enable these boys to keep on with their athletics?

The Phi Sigs are showing themselves as business men in their latest venture. If it wouldn't be construed as advertising I would tell you that for a very nominal sum you can purchase tickets which, if this be your lucky month, will net you a very handy portable typewriter.

You haven't heard talent until you've listened to the Campus Jamboree Half Hour on Saturdays. Guest stars in the last few weeks have been such personages as Ingie Enderlein, Virginia Johnson, Bud Menzel, Bullet Baker and his Polecats, and Ula Mae Knutson. In the near future we guarantee the radio debuts of our next year's football captains, Roy Otto and Greg Dorsch. The lads no doubt will prove to be radio actors of lots of ability. (Plug).

IN THE MAIL BOX

Here's a protest from a member of the College Forum to the author of "Shootin' From the Lip." Each week since the beginning of this semester another student organization, other than the band, has made constant use of the new broadcasting studios. The college Forum, under the student direction, broadcasts a fifteen minute program from the college studios each Monday at 1:30. The first group of programs centering about the debate question of isolation was given by these members of the Forensic Society—Virginia Johnson, and Eleanor Rucht, Margaret Becker and Evelyn Murgatroyd, Joe Ophoven and Jack Taylor, Ray Arndt and Philip Anderson, and Ben and Don Kordus. But this isn't all. Beginning

March 18, a new series of programs began, which has as its theme for discussion, the National High School Extemporaneous Speech topic—"Democracy—Threats From Without and Within." Participants of these weekly forums consist of the following eight members from Mr. L. M. Burroughs' speech class: James Carew, Eileen Coey, Richard Dana, Alice Worzalla, and Paul Swenson; and Ray Arndt, Dolores Nalan, and James Cashin. In addition to those participants who are heard are those who are more interested in the technical production of the broadcast. Then don't forget Mr. Don Colby and Miss Gertie L. Hanson, who are directors of the radio workshop and who can tell you that there is more student activity in the studios than most people around C.S.T.C. realize.

Chi Delts	16	14	533	775
Pointer	13	17	433	736
Taylors	8	22	267	712

The bowling season is over as far as the C.S.T.C. league is concerned and the faculty team reigns as undisputed champs. "Doc" Pierson led his charges through a 30 game

PIERSON

schedule winning 18 games while dropping 12. By taking one game from the Eat Shop last Thursday while the Phi Sigs lost two to the Chi Delts, the professors were able to hold their one game lead. The rest of the standings also remained unchanged. The Eat Shop and Chi Delts finished in a tie for third place and the Pointer and Taylors finished fifth and sixth respectively.

The following is a complete list of the averages of all bowlers, as compiled by Harlow Henninger. However, only those who bowled 21 games or more are eligible for prize money.

Name	G	Av.
Koehn	30	172

"ON THE BALL"

And
Mason Atwood

For those who don't know, Jimmy Hanig hit Amundson so hard last week in the fights that he broke his thumb. Chief hasn't minded a great deal, because he is getting plenty of sympathy from a certain little gal around school and we don't blame him. It's great to be a hero, isn't it, Chief?

If the weather keeps acting natural the intramural soft ball league should soon get under way. By the looks of the talent around school, it should be a fast tournament this year. Anybody can organize a team and the more teams the better. Let us know your lineups as soon as possible, so that we can get organized.

It won't be long before the golfing season is under way and it looks like a big year for C.S.T.C. Coach plans to devote quite a bit of time to developing a championship outfit and everyone is welcome to try out. With such pros as Bob Olk, Bill Mailer, Louie Posluszny, and Bud Trankle, competition will be plenty tough. These boys are plenty good and there isn't any reason why they shouldn't go a long way in the state meet.

The new members of Phi Sigma Epsilon, that is those men who pledged this spring, have challenged their brothers to a soft-ball game. The veterans accepted without hesitation and the contest is to be played Thursday afternoon at 4:00 behind the high school.

Menzel	15	147
Seffern	27	146
Atwood	27	145
Aucutt	28	144
Gregozinski	18	143

Blake	12	142
Ophoven	15	139
Kufel	27	137
Flodin	24	137
Weinholdt	27	135
Morrison	29	133
Bloom	15	132
Kulidas	18	126
Burroughs	10	124
Warner	3	123
Wishlinski	3	122
Steiner	25	119
Evans	16	119

Last week we got a glance at the "Brodhead weekly." That's the town Rog Bernstein comes from, if you don't already know. In this paper we found that a movement is well under way to elect our coach Eddie Kotal to the All Star Coaching Staff. That's good news to us and I hope some more of your home towns pick up the spirit.

Spring Sport Program Is Taking Shape

Coach Edie Kotal announced today that an active sport program is being organized and plans for the season are well under way.

First on the list is the intramural volley ball tournament. Medals have been ordered and as soon as a few more fellows sign up, it will be under way.

On May 2nd the College boxing team will meet Whitewater in the training school gym and if the bout is as good as the last two an enjoyable evening is in sight. This is the first year that Whitewater has had organized boxing, but that is no indication that they will be a set-up.

As soon as the weather permits, tennis tryouts will be held to see who will make the varsity team. Ernie Ruppel, George Quandt, and Bill Miller have started warming up and if you want to beat out these men you had better go into training.

Plans also are under way to have an organized college track team. There is a great deal of talent in school. It gives more fellows a chance to earn their letter. The other schools in our conference consider track a major sport, so why shouldn't we?

With the intramural soft ball league and golf a great number of students will be able to participate in college sports before the year is over. With a little cooperation from the student body the spring program should be a big success.

A Scot was engaged in an argument with a conductor as to whether the fare was 5 or 10 cents. Finally the disgusted conductor picked up the Scotchman's suitcase and tossed it off the train, just as they passed over a bridge. It landed with a splash.

"Mon," screamed Sandy, "isn't it enough to try and overcharge me, but now you try to drown my little boy?"

Winners Of Bowling Prizes Are Announced

The following is a list of the winners of prize money in the C.S.T.C. Bowling League. The prizes will be distributed Thursday night.

Team Prizes

1st place	Faculty	\$7.50
2nd place	Phi Sigs	6.00
3rd place	Eat Shop	5.00
4th place	Chi Delts	4.00
5th place	Pointer	3.00
6th place	Taylors	2.50
High 3 game series	Eat Shop	1.25
High 1 game series	Chi Delts	1.25

ATTENTION BOWLERS!!

Every man who bowled in the college league, whether he bowled one game or thirty games, is invited to attend a party to be given by the members of the championship faculty team. Capt. "Doc" Pierson issued the invitation and wants all bowlers to meet around the Eat Shop at 8:00 P.M. Thursday, April 18. The pedagogs are going to use their prize money to treat the rest of the league. How about that, fellows? Maybe all that heckling wasn't so bad after all. We nominate the professors as the champion sportsmen of the league.

Individual Prizes

High single game	Baker	\$1.00
High 3 game series	Pierson	1.00
1st high average	Koehn	2.00
2nd "	Becker	1.00
3rd "	Van Dyke	.50
4th "	Posluszny	.25
5th "	Mailer	.25
6th "	Pierson	.25
7th "	Duecker	.25
8th "	Baker	.25
9th "	Baebenroth	.25
10th "	Henninger	.25
Lowest average for 21 games	Steiner	.05

Weekly High Games

Jan. 18	Duecker and Atwood	.50
Jan. 25	Koehn	.50
Feb. 8	Scribner	.50
Feb. 15	Arnold	.50
Feb. 29	Van Dyke	.50
Mar. 7	Wiersig	.50

CLUB AND SOCIETY

PRIMARY HOMECOMING

The second annual Primary Homecoming will be held in the dining room of Nelson Hall at a 12:45 luncheon on Saturday, April 20. About one hundred guests are expected to attend.

The toastmistress will be Miss Charlotte Reichel, a sophomore in the Primary department. Miss Evelyn Schwingel and Miss Dorothy Jane Raddant will play a marimba duet, Charlotte Reichel will sing a solo, and the Girls' Glee Club Trio will sing.

FACULTY NOTES

On Wednesday, April 17, E. T. Smith attended a meeting of the teachers' colleges of Wisconsin at Madison. On Thursday he will attend the Board of Regents meeting, also at Madison.

Miss Edna Carlsten traveled to Iowa City, Iowa, last week to attend the Annual Art Conference held Friday and Saturday, April 12 and 13. The Conference, one of the largest in years, took place in the University of Iowa's beautiful new Art Building.

Ruth Reeves, foremost American textile designer, gave a demonstration-talk on Textile Design; Grant Wood, well known Hawkeye painter, discussed Regional Art; and Ruth Raymond, of the Art Department of the University of Minnesota, lectured on the teaching of Art. These were only a few of the well known artists who were in attendance.

Miss Carlsten attended the Conference with Agnes Jean Douglas, a former art instructor at this college, who is now teaching at Platteville, Wisconsin.

Miss Adele Davidoff traveled to Chicago last Friday to meet her family for a weekend reunion. Her parents, Mr. and Mrs. H. Davidoff of New York, and her brother, David, student at the University of Michigan's School of Law at Ann Arbor. All went in to Chicago to make a complete family for a weekend.

SENIOR HOME EC'S

Miss Bessie Mae Allen entertained the Senior Class of the Home Economics Department, Monday evening, by inviting them to attend with her the complete showing of "Gone with the Wind."

ALPHA KAPPA RHO

The Treble Clef House of Mr. and Mrs. Peter J. Michelsen opened its doors, April 8, to a Musical Note Party given for the members of Alpha Kappa Rho, honorary music fraternity. Pres. and Mrs. E. T. Smith, Dean and Mrs. H. R. Steiner, and Mr. and Mrs. Michelsen were hosts and hostesses of the group.

The guests came dressed as a song and some of them were clever indeed. Phil Dakin, in full dress except for a sweater where his shirt ought to be, appeared as "The Unfinished Symphony". The group had very little trouble in identifying one,

Frankie Pliner, who came with bowl, scissors, and comb, plus an advertisement, "Seville Tonsorial Department." All lexicographers will recognize this as the tune "The Barber of Seville". Maestro Michelsen presented the worst puzzle as he wore no distinctive apparel but said that he came "Just As I Am" in "The Wearin' Of the Green."

The evening was comprised of musical games and stunts in keeping with the party. 'Tis said that Ula Mae found practical use of her egg beater ("Two Hearts Beat in Three Quarter Time") in helping prepare the delicious lunch.

LUTHERAN STUDENTS

The C.S.T.C. branch of the Lutheran Students of America will entertain their fellow L.S.A. members of the Oshkosh State Teachers College next Sunday evening at a Buffet Supper and program. This is the first thing of this kind ever attempted and an interesting evening is being planned. The Reverend James Saunders will be the principal speaker.

All the Lutheran Students and their friends are invited to attend, as well as members of the faculty.

"FRIENDLY 21"

The second semester of this current school year has seen the rise of a new organization known as "Friendly 21." It had its beginnings in Miss Roach's English 102, where the group felt something lacking in their daily routine. This group then organized with the intention of promoting companionship and sociability among its twenty-one members, the majority of which are county normal graduates.

The following officers have been elected:

President Lloyd Ruka
Vice-President Anthony Schwartz
Secretary-Treasurer Lilyan Thompson

Jane Johnson Signs Contract

Jane Johnson, senior in the Junior High School Department, has recently received a position in the Elmhurst Public Schools, Elmhurst, Ill. She will teach in the Intermediate Department of this system.

Jane is the daughter of Mrs. Alice Johnson of this city. Besides achieving a fine scholastic record she is a member of Sigma Tau Delta and Tau Gamma Beta and has participated in Girl's Glee Club, debate, and Pointer work.

Junior Prom Is Huge Success

Moments in old Japan were enjoyed by all those who attended the Junior Promenade at the P. J. Jacobs High School Saturday evening. The large gymnasium, flanked with cherry trees, and Japanese Screens, was transformed into "The Mikado's Garden", and the benign figure of a paunchy little golden Buddha, in a regal position upon the stage, honored all with his glittering presence.

Blossoming trees and lattice work along the north wall masked off the dais of Steve Swedish's orchestra of Milwaukee, and directly opposite, under the roof of a Japanese pagoda, attendants served refreshments. At the entrance to the "garden" Ruth Michelsen, and Betty Rae Ritchey, passed out little Japanese parasols as favors and dance programs of green with oriental lettering in gold.

The king of the promenade, Junior Class President La Verne Van Dyke, led the grand march with Miss Nancy Steiner, the queen. Nancy, popular young Junior and daughter of Dean and Mrs. Herbert R. Steiner, was charming in a gown of tulle, one filmy skirt of green tulle over another of orchid. To her gown was added a little jacket of brocade gold on silver cloth. As becomes a queen, she wore a coronet of gold leaves in her auburn hair and a corsage of Token roses and orchid sweet peas on her shoulder.

Second in line were George Cashin, general chairman, with Miss Alice Taylor. Her gown was of blue marquisette and she wore pastel flowers in her hair. Assisting in the formation of the march were Gerald Torkelson and Margaret Edwards, and Gil Meier and Katharine Tyler.

The march, in which 112 couples took part, was a stately and beautiful procession. It was estimated that at least 200 couples were present for the evening.

So the local gals aren't good enough for Unger the Older. Imports 'em from the U., that's what he does Incidentally, was the Golden rule followed at our second college prom Saturday night? It seems that the Polecat breed has been grossly insulted. For further details consult Rollie or Bullet. What well-known College Theater manager came trekking in in the wee hours and twelve hours later entered Our Town obviously lacking his usual vim and vigor? ... If the Omeg formal brings forth as many unusual couples as have the last few dances, we're more than apt to be in for some surprise dates. ... So Clarence Benke thinks that he can clean up on anyone that wants to bowl him a few lines. We'd like to see his challenge snapped up and find out how good he really is. Jane Hildebrandt has a record for dates with different fellows since her entrance here at C.S.T.C. Bloom says he figures she's had quite a variety of men the last few weeks, but that he thinks he holds the unique position of being the first to date her. Seems the "Friendly 21" club which has been pretty much of a mystery hereabouts have themselves quite a time every couple of weeks.

Awarding of Prizes	

SPORTS - IN - SHORTS

Ten girls left early Saturday morning for Madison to participate in the Sports Day activities along with six other schools in Lathrop Hall. Head chauffeur, aNncy Steiner, drove us there with nary a mishap but co-chauffeur, Nancy Steiner, drove us the same fortune and had to take off nearly half an hour while the garage-men worked his fan belt back in shape. After everyone was assembled, we registered and everyone got together for instructions. Scheduled basketball games were then played and until our game we had free bowling and ping-pong. After our game, (we played the "Downer Girls" and won't mention the score) —we were served a buffet luncheon in the enormous lounge room with a girl from each school at every table. All of our favorite "after meal" songs were sung and to cap the climax each group warbled out its school song in its very best voice. In the same lounge room, immediately following the meal, we were shown technicolor movies of the Phy Ed department in action at the University. Shots of horseback riding, archery, field hockey, and canoeing—in which we saw our own Miss Davidoff—were especially enjoyable.

Following the movies, each school put on a swimming or diving demonstration and participated in swimming, novelty events, and races. We didn't receive any of the unique awards offered at the end of the afternoon at "tea" but we sure had a whale of a good time.

LIBRARY NOTICE

Inventory is now being taken of the books and magazines in the library.

Faculty and students are requested to return all books not in use.

The return of books which may be found in the college classrooms or in rooming houses will be very greatly appreciated.

Prize Play Will Be On Next Week

(Continued from page 1, col. 2)

that you have never really thought seriously about them before. "Our Town" reawakens you to the awareness of some of those things.

Students Free with Passes

The Business Manager reports that C.S.T.C. students will be admitted upon presentation of activity tickets and special passes which will be issued in the halls next week. High school students will be charged 15c, and adults 25c. Each faculty member will be issued a pass which will be good either night. The public is invited to attend either evening, but the students holding passes will be asked to specify which night they wish to be present.

WORZALLA PUBLISHING COMPANY

With CSTC's Flyers by "Downwind"

A letter was received the other day from our C.A.A. student pilot friends at the University asking "Us guys" to come down to Madison on May 3 to attend a "Hanger Hop" at the Municipal airport. The purpose of the affair, as far as we can figure out, is merely to get some of the students taking the C.A.A. flying instruction courses in the state colleges together for a real "airminded" party. We think the idea is great stuff. After all, none of us have ever attended a "Hanger Hop", and so its a novelty to us. The committee in charge of the arrangements tell us that it won't cost a great deal to make the trip down there, and that places to stay can be provided for us. They also mention that if a large enough crowd attends there is a possibility that a little "feed" will be "thrown" after the dance (which also sounds good to us). Being as how we pilots have to stick together in such matters I think that we ought to try to send a few of our classmates down there. Yours truly thinks also that he would like to be one of those making the trip, and hopes that some more of you pilots will join the ranks. To make the party really interesting the committee has invited LIFE magazine's photographer to be on deck throughout the evening which makes us feel kinda like we'd just as soon see our mugs plastered all over an issue of LIFE. You know, somethin' to show to the grandchildren later on. Yes, sir, with the thirty-five student pilots at the "U" and ten from each of the teachers colleges having the course, there ought to be a right good crowd down there. Here's to the "Hanger Hop"!

THE MUSIC PARADE

Due to the Music Festival there will be no school held—after the 8:15 classes.

Sy Sybeldon will be our Roving Reporter wandering through the halls Friday morning interviewing passing band directors, musicians, and visitors.

Everything's been said before so I'll just transfer you to the front page—Musical Festival—and dedicate this week's poem to the clarinet section of the band:

The happiest of the woodwinds yet
The liquid, limpid CLARINET,
Here is the instrument that's best
Wherewith to soothe the savage breast,

Invade a cobra's bailiwick,
Accompany a Hindu trick,
Or charm a tiger, stop a leopard
Or just to imitate a shepherd.
It's upper notes, uplifting, gay,
Make children dance their cares away
While others, gurgled soft and deep,
Give listeners a needed sleep.
And yet, should clarinetists plan
To sport like Fauns and play like Pan

And dance in amorous gyrations—
Congress would start investigations.

Teachers Forced To Work Too Hard ? ? ? ?

WASHINGTON — Nearly half the students accepting teaching jobs upon graduation will find that in their own opinion they are forced to work too hard, according to the consensus of opinion of 4,000 classroom teachers compiled in a publication of the Research Division of the National Education Association, "The Teacher Looks at Teacher Load."

A survey as to the amount of work teachers had to do in connection with their job, this Research Bulletin reveals that one specific item can be blamed for the large number of cases of reported overwork. As one teacher stated in her answer, "No single factor seems so very heavy—each item of work seems reasonable in its isolation. But somehow when one gets them all together in the work of a week, they are quite staggering. It is the sum total of teaching factors that breaks the camel's back."

Checked most frequently as a source of undue pressure by both elementary and secondary teachers was "class interruptions." Other common sources of pressure include the adaptation of work to individual differences, the adaption of promotion standards to meet a "no failure" ideal, class size, over-crowded classrooms and unnecessary clerical work. Approximately 40 percent of these elementary and 47 percent of the high school teachers, influenced by the above-mentioned sources of

teacher load, rated their present total load assignment as unduly heavy. A total of 43 factors brought forth pleas such as, "It is not teaching, but a thousand other things that wear us out. Give us more time to teach with fewer distractions."

The surest step to end excessive load on teachers, they believe, is for the administration to consult teachers on their load problem and develop policies through cooperative procedures rather than by executive mandate.

If any one fact stands out more clearly than all the rest from this survey, it is the complexity of the problem—the variety and number of sources and combinations of circumstances that contribute to the teacher's burden.

If you are blessed with a sympathetic disposition don't waste it on yourself.
—Benjamin Franklin

A depression is a period when people are obliged to do without things their forefathers never had.

A CAREER in Search of Men

Dentistry offers an opportunity in the field of health service for men of ability. Government statistics show that in recent years, for each dental school graduate, there have been two physicians and four lawyers.

The Marquette University Dental School is one of the 18 dental schools of the United States whose diplomas are recognized in all of the states.

The close relationship of the Dental and Medical Schools at Marquette University is an advantage to students.

Entrance requirements: Two years in a recognized College of Liberal Arts with satisfactory credits in biology, chemistry, and physics.

For complete information concerning opportunities in dentistry, write to the Secretary, Marquette University Dental School, Milwaukee, Wisconsin.
