Intra-Mural Baseball League Underway

An intra-mural baseball league is shaping up well with four teams already having been formed. They are the Phi Sigs, Chi Delts, Big Wheels, and Seagrams. Because of soggy fields and lack of equipment the teams have been unable to get started. Bill Carnahan has suggested a pooling of equipment — gloves, bats, and balls. Perhaps with the return of Coach George Berg to school this week, the equipment needs will be met.

This afternoon a pre-tournament game between the Big Wheels and Seagrams is scheduled to be played at 4 o'clock

Right about here we could take a column commenting on the gowns, the guys, the gals etc, but we won't, quite. Maybe you didn't notice it, but some of the most popular people were the chaperones,— yup, that's what we said, and that's the way we like to see it.

Of course, the college cuties were in there pitching, too. One real tall couple was the Art Crowns-Mary Jane Rankin combination, who really look nice dancing together. Something new was the Betty Deitz-Harv Abrahamson twosome; Likewise, Spec Lewis and Marj Schrank.

Change of thought now: Mr. Michelsen says that soon we get a visit from the college choir at Oshkosh; (an exchange for the Girls' Glee trip over there.) This mixed choir is reputed to be worthy of everyone's attention, so we stress it as an "ob-ject of your affection" when it comes.

About this time of year we begin to hear talk, not of love (darn), but of summer plans. Katy Hope tells us that she will be journeying down southern California way; Bill Mellin has plans of heading "out thar" also. Most of us working gals will start pounding the pavements soon, but probably the majority are just taking the breather between regular and summer school. Arrangements for Home Ec girls to help with the Wisconsin Home Economic association meeting to be held here Saturday, April 6, were made at the regular meeting of the Home Ec club last Monday evening. Plans were also made for Miss Bessie May Allen, faculty adviser, and six other members to attend the Wisconsin Home Economic College Club meeting in Madison on April 27. Those chosen to attend were: Betty Haberkorn, Bess Jones, Monica Gill, Janet Robinson, Frances Kutchenriter and Betty Maki.

After the meeting two movies were shown, "400 Years in Four Minutes" which was about the new Betty Crocker method of cake mix-ing and "The Way to a Man's Heart", about the proper cooking of tion with the study of religious ormeat.

STUDENT OPINION

Dear Editor:

And also the not-so-mysterious Mr. XYZ. Your article of the previous week on the Greek-letter organizations on the campus of CSTC really did amuse us. How any one individual could stick his neck out so far on the question of fraternities, when he admittedly states, "I am just how intelligent the people are who join the "Greeks", is more of a mystery to us than his secret signature XYZ. Oh, yes, we must say that your observance on this issue is really remarkable. After having actual contact with the Greek organizations since the beginning of THIS semester, you have taken it upon yourself to exploit, judge and con-demn the "frat" system. Tsk! tsk! With ability like that, we should think you would be wasting your time even to lower yourself to come to college and associate with stu-dents who allow such "terrible" an-

because the personnel had a little job to do with "Uncle Sam". Now that it is over, we want to forget about it, and the same personnel that served their hitch are back on the campus and reviving the traditions of the fraternities that were established before we left. Yet you condemn the frats because you heard some one else say that they at-tempt to institute a "caste system". Do you believe everything you hear? As you aren't a fraternity man we don't figure that you are qualified man.

Flyers Are Victors

After a long to be remembered as the victors of the basketball intramurals by defeating the Boys Study club 32-26 in a closely fought tournament playoff staged at the Train-ing school gym last Wednesday. This game brought the 1946 intra-mural basketball tournament to an official close.

> Gold plated medals inscribed with 'First Place-Intra-mural-1946'' will be presented to the Flyers.

> In the playoff game both teams employed a close man-to-man de-fense with a fast break. The Study club controlled the rebounds throughout the game but were un-able to cope with the accurate field shoting of the Flyers, particularly the slick sets shooting of the lanky Podwin. The Scholars were greatly weakened by the absence of their steller mate, Brekke, who suffered an ankle injury, but it was largely the inability of the "study" boys to connect on free throws that resulted in their defeat. Both Podwin and Worden, main-stays for the Snafus, had to leave the game on fouls. Lane also left the game on fouls.

> Outstanding players for the win-ners were Podwin and Worden. Podwin led the scoring for the Flyers with 11 points, closely followed by Worden and Porter with eight points each.

> Burt led the losers with nine points, besides turning in an excellent floor game. He was closely fol-lowed by Emmons with eight points.

Win Over All Stars

The Chi Delts, who had beaten not aware of the advantages which the Snafu Flyers (winners of the these groups claim to offer", and playoffs in the Intra-mural basketball still takes it upon himself to judge league) by a score of 61 to 27, were league) by a score of 61 to 27, were pushed to the full extent of their ability in beating an "All Star Team" picked from the Intra-mural league Thursday afternoon.

The final score was 62 to 56 in favor of the Chi Delts. George Flugaur hit the bucket for 32 points for the All Stars, and Art Crowns of the Chi Delts rang up 24 points.

tics to go on. About the veteran angle, listen trying to "fool" yourself, or had "Joe", these fraternities at CSTC you hopes of "pulling the wool" were inactive for a three year period over the public's eyes when you said, 'I have yet to see evidence of any occasion where Greek organizations have contributed materially to extracurricular activities". How about the Pan-Hellenic dance? We're quite sure you enjoyed yourself there Saturday night. What about the other Sorority and Fraternity dances? Have you heard of the Intra-Fraternity softball or basketball series? Maybe this is expecting too much of some one who has been in school only since the beginning of the semester. Why don't you take the time to speak of comparisons between the to figure out the percentage of memarmy and the fraternity. We're vets bers of the Greek organizations who and a lot of our pledges this semes- have taken part in the Glee clubs, ter were vets, and we haven't heard the football teams, the boxing teams, any kicks from them. So you take the basketball teams, the bowling your troubles about the "caste sys- teams, or any other active organiza-tem" in the army to your congress- tions on the campus?

Have you had spring fever? The sixth grade has turned its spring fever into English skits using original poetry. The 17 boys worked up their bits

of clever verse into a "Sports Round-up", featuring baseball and marbles in a broadcast radio skit while the nine girls gave a skit featuring three "Fishergirls". The girls exemplified spring fever and Joan Swanson concluded the "Spring Fever Sale" with an original poem.

The program concluded with a spring concert of the following one, two and three part songs: "London Town", "Evening Bell", "Flag of Our Land", "Trees", "Home" and 'Harvest Moon".

The program is a culmination of English and music work and was presented to parents and guests. Practice teachers working with the group include Bernice Jacobi and Joyce Rathke. Miss Hester Feller is
