They Live by Deeds, Not Years

There is a long Memorial week-end this year. Besides being lengthy, it promises to be one of the most graphic in the history of all Memorial Days. Young men who went to war with the others but didn't return as quickly are finally making the long trek home to rest in the good earth of their home land instead of the arms of their loved ones.

significant in comparison to those men who will know no other home but the soil for which they fought so valiantly. Our gratitude for their sacrifices should be ever foremost in our minds. And to those who must remain where they surrendered their lives, our thoughts should turn frequently and with thankful humility. It is a comforting thought to those of faith who feel secure in the knowledge that these men who fell in battle will live forever, not only in our memory, but in the presence of God.

Day by day, the papers are increasing their accounts of the military funerals given to soldiers, sailors and marines who have returned from foreign soil where they made the supreme sacrifice. It is good to have them home again, but their arrival is not at all a happy occasion. With their returning we are at last faced with the stark reality of the real cost of war. It is not a pleasant picture.

During the long Memorial Day week-end ahead, show your gratitude toward these fallen heroes and comfort those who have been bereft of the support and companionship of the returned but silent veteran.

A toast to it—

This being the last edition of the year, "Over-a-coke" is one Pointer year old. A lot of corn and engagements have gone under the name "over-a-coke" since its start last fall. It is hoped that the column has proven entertaining as well as informative!

Don't be so rough!

Sigma Zeta was going to be unique in its election last Wednesday. According to the bulletin Monday everyone was urged to come to the picnic as there was to be entertainment and they were to "club" their officers. (A new line in entertainment too!)

Stork flew low again—

This time he crashed in the home of Bill and Marcie Erdman. The bundle deposited was James Luther, eight pounds, 11 ounces, with curly black hair. Bill says he will be doing all his studying in the library now.

Couldn't be without one—

Lynn Langton and Ellen Whittingham, both former students at CSTC, are to be united in marriage at the Evangelical Lutheran church, Eagle River, Wis., Saturday at 12 o'clock. A reception is to be held at the Eagle River Country club following the ceremony. The newlyweds will reside in Wisconsin Rapids where the groom is employed.

We kept this one until the last—

Art Witalison, the Pointer assistant composition editor, and June Bastian, a teacher of the primary grades at Ellison Bay, are engaged. Art is rather reluctant about expressing any plans—possibly because he's shy, but we hear that wedding bells will ring on June 26. It took a little persuasion to get the permission to print this information. Congratulations, Art and June.

Definition For those of you who are contemplating one—a nervous breakdown is "when your brain ain't interested in you any more."

And so we conclude "Over-a-coke" to crawl quietly into a corner and allow our brains to become interested in us again.

Phi Sigma Epsilon

The following men were chosen to serve as officers of the Phi Sigma Epsilon for the first semester of 1948-49: President, Alan Malm; vice-president, Louis Mc Dermott; secretary, Jim Davis; treasurer, Walter Peterson; corresponding secretary, Melvyn Carlson; historian, Ferd Hirz; guard, Ralph Roberts; and pan-Hellenic representative, Jim Whelihan.

At the same meeting delegates were chosen to represent Kappa Chapter at the National Convolve to be held at Hot Springs, Arkansas, August 27, 28, 29. The delegates are Alan Malm and Bob Cole and alternates are Ray Bartkowiak and Melvyn Carlson.

Miniature blue paper typewriters, the keys spelling out the guests names, were used as place cards. The program was in the form of a sheet of paper inserted into the machine, under the platen. Bouquets of white peonies, roses, and bachelor buttons made the tables attractive.

Summer Plans

On Wednesday, June 2, the present semester will come to an end. The students and faculty alike will be turned loose upon an unsuspecting public, some to work and some to play. To many, the summer months will mean a well-deserved vacation before the resumption of the old grind next September. To others it will mean plenty of hard work, and to most seniors it will mean a brief respite before they commence work in their chosen profession. The students' plans are many and varied according to the answers given by the students who were asked, "What are your plans for this summer?"

Robert Marquardt is preparing for the summer session at Iowa State University. Tony Whelihan is planning on spending his summer working in a pea cannery at Cambria, and Alexander Bloczynski will be employed by Armour and Co. in Marshfield.

Sounds Like Fun

"Whitey" Repinski has what he considers an ideal set-up. He plans to "fish all day—tend bar all night." Elwood Dyke is also very enthusiastic about his anticipated trip through the West. He plans to visit the Black Hills and Yellowstone park before he begins teaching in Kenosha in the fall.

Dick Green and Ted Thompson will be leaving the state to seek work. Dick will be working in Chicago while Ted is headed for a logging camp in Benton City, Washington.

"Dewey" Crane is among those who will attend the summer session at CSTC. Helen Offerdahl will be working full time at her present job as library assistant at the Stevens Point Public Library.

Burghs, will be heard on the Centennial program tomorrow at 3:15 p.m. Friday, May 28, will see the conclusion of this special Centennial series, originated as a tribute to Wisconsin in this, the hundredth anniversary of statehood. Seniors Teaching Jobs

Fourteen seniors during the past month have received teaching positions through the placement office at CSTC's Training school. Those persons are:

Eugene Bender, Rural School, Bancroft; Walter L. Franke, Grade 6, Wausau; Marjorie Hales, English and Library, Fox Lake; Dolores Jelinek, Physical Education, Stevens Point; Mary Juettten, Math and Journalism, Menominee, Michigan; Frances Kutchenriter, Home Economics, Athens; Elizabeth Maki, Home Economics, Owen; Helen Nigbor, Home Economics, Centuria; William R. Parks, History and English, Port Edwards; Kathryn Peterson, Home Economics, Colby; Dorothy Severson, Grade 5 or 6, Wausau; Charles Stimm, Junior High Science, Sheboygan; James Stoltenberg, Conservation, Math and Science, Merrill; Helen Weisbrot, Math & Biology, Amherst.

Familiar Faces

One little gal at CSTC completely shatters the remark about college students appearing to be busier than they actually are. She is Lenore Arnette, and with her, the old story even works in reverse, for she really is much busier than she seems to be.

The other day in a conversation about wasting time she stopped us cold with the clearest statement of her solution to that ever present problem that we've heard in a long time. "Waste time?" she said. "Impossible, I haven't got any to waste." So maybe that is the secret to her seemingly effortless efficiency. When she works, which is much of the time, she works, and when she plays, she plays.

Geography Major

She is a junior and a geography major. No doubt many of the other geography students got to know her quite well last year when she was teaching Mr. Lewis's geography labs and up to her ears in correcting papers produced therein. Since the geography department was so greatly expanded this year, Arnie was left without her labs and as a result, is, once again, an employee of Taylor's drug store, this time at the downtown store. She worked at the South side store two years ago when she was a freshman. She works every afternoon, so hers is almost more of a familiar face there than at school.

On the campus, though, she does her share in extra-curricular activity and a little more than that along the scholastic line. Her grade point, incidentally, is 2.6! She has been an active member of Tau Gamma Beta sorority for 2½ years. This year she was initiated into Sigma Tau Delta, honorary English fraternity. She is

in the intermediate division and so a member of the Grammar Round Table.

Dormite

She lives at Nelson Hall and holds one of the more responsible and probably the most diplomatic position there, head manager, or in popular parlance, "campus issuer, head of the judiciary board and boss of the floor managers." She was on the Iris staff last year and had charge of editing and revising the faculty section, which proved to be quite a job.

During the summers she keeps right on at the same pace. Last summer she worked at a resort where she had complete charge of the resort's snack bar. During her hours off she quite religiously pursued the fine art of diving, with various results.

She knits, too, and this she really has mastered completely. Any doubting Thomas can substantiate this by mere observation; i.e., the many and varied patterned hand knit socks owned and proudly worn by Jerry Gertschen.

Before anyone who doesn't know Arnie draws a mental picture of the typical ambitious and efficient school girl "working her way thru," we'd better describe her, because she certainly doesn't look the type. She is small and blond and jolly. Her laugh is just like her efficiency, and the two make rather an unusual combination.

College Athletics on Upgrade; Hope Trend Continues Indefinitely

This being the final issue of the Pointer, it is appropriate for a brief resume of the athletic activities held at Central State this year. The college enjoyed successful seasons in all the sports participation.

The football team, in their last season under Coach George R. Berg, now Athletic Director, finished in second place in the Southern Division standings. The local team also placed several men on the All-Conference team for this year.

The basketball team provided the major sport highlight of the year, when in their first year under Coach Hale F. Quandt, they marched to a co-championship in the conference. The boys were practically unbeatable on their home court, as were the other teams in the conference. The team played great ball with a fine system employed by Coach Quandt. The team had a will to win and couldn't be stopped.

The tennis and golf teams under the guidance of Dr. Bernard F. Wivel and Bruce Menzel, respectively, will face their major test Saturday at Oshkosh in the Conference meet. The tennis squad has split even in their two matches to date, while the golf team has yet to notch a win.

A round of applause is due Athletic Director, George Berg, whose masterful handling of intra-mural sports has provided many an evening's entertainment for the men in school. The intra-mural basketball and softball were under his direction and a great job was the result.

Spring football has been completed and the team has had their first chance at Coach Quandt's new system. The boys looked very good in spring work-outs and prospects are looking up for another fine year in sports here at Central State.

Play Day Success, Lumbago Excepted

Members of the Women's Athletic association were hostesses at a successful Play Day last Saturday when more than 125 girls from a dozen high schools in this area were guests of that organization.

Play Day dawned gray and drizzly, entirely in keeping with the theme for the day, a circus. Hardly ever in the course of history has a circus been held without rain falling some time during the day.

As a result of the early morning drizzle, the WAA's left the breakfast table in haste and dashed over to the college to rearrange the program for the day and to plan for holding all activities indoors.

Just as activities were about to begin, however, the sun began to shine. Miss Orisa Lanan and the WAA's heaved a sigh of relief and proceeded with the program according to the original plan.

Morning activities included volleyball and peteca in the gyms and kickball and overtake out of doors, terminating with a number of relays held on the athletic field.

Lunch was served at Nelson Hall and eaten on the college campus. Despite Miss Lanan's warning that they "might get lumbago" if they

TEXT BOOK LIBRARY NOTICE

The text book library will not be open on Commencement Day, June 3.

sat on the ground, which was still damp from the recent rain, that is where most of the girls sat. It is hoped that no complications resulted!

After lunch the entire group adjourned to the college gym where a brief program was given including group singing, the reading of "Casey at the Bat" by Julie Dean and Betty Gilbertson and the passing out of favors. The highlight of the afternoon was the awarding of a trophy (tin can to you) to each member of the team scoring the largest number of points. Two points were received by the team winning each game and one point was received by each team in cases of ties.

The team which walked off with the honors, having won nearly every game in which they participated, was Carol Radichel's "Poodles."

St. Norbert's Avenges Earlier Defeat, 6-4

The CSTC tennis team dropped their first match in inter-collegiate competition Friday afternoon, when they were defeated by St. Norbert's 6-4, in a return match played at the local courts.

Conway Maas, Bill Bart and Herb Rosenberg were the singles winners for the Central Staters, while the doubles team of Maas and Rosenberg captured the other point for Central State.

Maas defeated Falk (St. Norbert's) 6-1, 2-6, 6-1. Bart downed McDonald (St. Norbert's) 6-0, 3-6, 6-4 and Rosenberg defeated McGuire (St. Norbert's) 6-4, 7-5. In the doubles, Maas and Rosenberg won in straight sets, 6-2, 6-4.

Connie Mass was elected captain of the team for the year and will lead the Central State team at the conference meet at Oshkosh, Saturday.

All students who have been here for only one semester this year (either first or second semester) will need to pay \$1 upon receipt of their Iris. Please be ready to pay when the Iris is distributed.

Little Brown Jug Bone of Contention

The Chi Delts took a two-game lead over the Phi Sigs in the annual Little Brown Jug series and strengthened their chances of retaining possession of it for another year. They were the victors last year and are well on their way to retaining it again this season.

Bob Hartman pitched the Chi Delts to an 11-7 win in the first game of the series, held last week. Ralph Roberts was on the mound for the Phi Sigs.

In Monday night's game, the Chi Delts blasted the combined offerings of Roberts and Dick Parsons for 18 runs and coasted in to an 18-4 game. "Boots" Derezinski hurled for the winners and did a good job of holding the big bats of the Phi Sigs silent.

The two fraternities will complete their series this week and possibly part of next.

Conservation Theme At Summer Session

The 1948 Conservation Camp session of the Wisconsin Teachers colleges will be held at the Trees for Tomorrow conservation camp at Eagle River from June 21 to July 24.

The courses offered are centered around conservation of natural resources: Field Science, Botany or Zoology, Nature Study, Conservation, Camp Leadership, Nature Recreation and First Aid and Earth Science.

President William C. Hansen, who is in charge of reservations, states that the camp is limited to 42 resident students, 21 men and 21 women.

President Hansen also announced that, as in the past summer, Emory Fritsch will be director of the camp and teach conservation. Miss Beatrice Baird of La Crosse State Teachers college and B. H. Kettelkamp of River Falls will also be on the staff.

Miss Pfeiffer Closes Career after Twenty-one Years of Faithful Service

On September 6, 1948, after having completed 21 years of teaching at this college, Miss Lydia Pfeiffer of the Training school staff will make official her resignation.

That alone may mean little to the comparatively new persons here. Those not knowing Miss Pfeiffer, or the Training school, or the teaching profession could read that simple statement and pass right on to something more exciting. Those plain words hide a whole meaning of quality — of years of service and understanding given freely from a generous person. By itself, the first sentence will bear no meaning for some persons who read it. Read on, and know of a real person.

Home at Franklin

Near the Sheboygan river at Franklin, Wisconsin, is the home-stand of the Pfeiffer family. From that home, Lydia Pfeiffer went on to schools at Plymouth; Oshkosh Normal School; and later, to receive her Bachelor of Philosophy at the University of Wisconsin. After having taught in the rural schools of Sheboygan county, and having been principal of the Sheboygan county state graded schools at Campbellsport, Miss Pfeiffer taught in city schools at Sheboygan, Wisconsin, and in a Mexican school in the fair-ized town of Globe, Arizona. A few years after having come here as In-termediate Grade Supervisor, Miss Pfeiffer returned to Columbia uni-versity where she received her Master of Arts degree. In summers off she has done some work at the Greeley State Teachers college in Greeley, Colorado. In the summer of 1946 she taught in a Workshop at the Uni-versity of Wyoming at Laramie with former CSTC instructor, Clarence J. Jayne.

She is greatly interested in people, not only is she interested in the persons with whom she has worked, but she maintains a sympathy for every-one. Much of the extensive travel she has done must have resulted from her very real interest in people. The west coast, the eastern mountains, a great Lakes cruise, Canada at Port Arthur, Winnipeg, Toronto, Niagara Falls; and several Christmas trips to New Orleans, Florida and Eureka Springs in the Ozarks have been on her itinerary.

Teacher Always

Above all, Miss Pfeiffer is a teacher. Always to her, the child has been first, the subject matter second. Words cannot measure the values instilled in her students. Words do not do justice to the help and en-tertainment she has given to the student teachers she supervised. No one can measure in any way the time, effort, most of all, the feeling which she generously gave and gives to others. Because of the help and interest she expends in the interest of other person's welfare, and due to an innate modesty common to a fine people, Miss Pfeiffer is a person who forgets herself and asks no praise or acknowledgment. Though she will be embarrassed by any praise, she is the most de-lighting of it, for in all the years she has looked out for other persons, she has never waited for thank-you's. Very few persons know that she has been that almost fabulous type teacher, one who teaches without being only "Teacher." She is a per-son. She has been an active member in this community. During the war she was in charge of the block lead-ers in the city. She has been active in the Eastern Star and the Business Professional Women's club of which she was president for two

The Magic Touch

Her room at the Training school is the fine personality of Miss Pfeiffer. It is like a small community in which everyone takes part and has something to do. The pupils do their best and enjoy working. Her pupils feel to feel at home in school. Per-son in the city who feel that their

children may need special help' are told by other parents, "Send them to Miss Pfeiffer; she'll take care of them." Miss Pfeiffer does. Her ef-ficiency in her profession is top-notch.

To new members of the faculty, to neighbors, contemporaries, students, Miss Pfeiffer has been a true friend. She has a keen sense of humor which is appreciated by those who know her. Outdoor things like picknicking,

Miss Lydia Pfeiffer

rowing and fishing (at which she excels) are among her hobbies. She is a cook to make the best cooks blush with envy, a fact to which her fortunate friends testify.

Miss Pfeiffer has taught in Wis-consin schools for the past 30 years. She has not reached the age of retire-ment, but has decided to resign in order to pursue some other interests. She plans to live in the central west-ern states.

"I have enjoyed my work at Stevens Point, for the past 20 years. I shall miss my friends at CSTC," were the words of Miss Pfeiffer.

Central State Teachers College is losing a splendid faculty member. The people of the college are losing a genuine friend — young people will lose one of the finest teachers in the profession.

Last of V 5's Called to Active Service

Twenty-nine trainees of the V-5 Naval Training Program will leave CSTC at the end of this semester. They are scheduled to be sent to pre-flight training centers but as yet no definite orders have come through to designate their exact future loca-tion.

The trainees are the remainder of a much larger group of V-5's who came here in the fall of 1946 to be-gin their academic training under the new naval program. The boys are from many sections of the United States, especially the East and the South.

Shy Strangers

Coming here as total strangers, they soon went their way into the center of college activities. There are hardly any extra-curricular activi-ties that have not been enriched by V-5 participation. Dramatics, ath-letics, music, religious societies have benefited by having this group of young men on the campus.

They have made their way into the hearts and homes of the people of Stevens Point and have established friendships that are valuable and lasting. They will be remembered by those who remain at the college for a much longer period than their four semesters here.

Wherever they may go and what-ever their future undertakings may be, their complete success and hap-piness is the wish of all who know them.

The Roll Call

The V-5's scheduled to leave in June include Jerome Ambelang, Chester Bach, Clarence Baldwin, Emil Beck, Paul Boulier, Marshall Cornell, Earl Dryfoos, Earl Eckert, Richard Ellis, Donald Fry, Richard Harris, Donald Keil, John Koropp, Wayne Kuckkahn, Richard Lintner,

Ralph McQueen, James Neale, Thomas Parsons, James Peterson, Joseph Power, Eugene Radtke, Carl Rochester, Donald Sakanich, Llewellyn Sexton, Harry Simmerman, Ralph Sluis, Jerome Smith, Harold Sparks and Paul Speer.

James Neale and Harold Sparks are local boys who have enjoyed the benefits of their V-5 training while staying at home.
