

College Theater Will Present "Life with Father" Next Month

The Broadway play "Life with Father" will be presented Wednesday and Thursday, November 17 and 18 as the first College Theater production of the current season. There are 16 roles in the cast and these many parts will make it possible for students in all four years of college to take part.

Try-outs will be held in Room 207 from 3 to 5 o'clock on Friday of this week for those interested in joining the cast. Those interested in the technical side of play production are asked to see James R. Hicks, Dr. Bernard F. Wiewel or Ray Bartkowiak, student manager.

Clarence Day's "Life with Father" was presented by Oscar Serlin in Baltimore, Maryland, and in New York City in the fall of 1939. It ran continuously on Broadway for eight years and closed during the past summer.

This is the first opportunity that colleges in this section have had to present it. Leland M. Burroughs, head of dramatics at CSTC, has obtained written permission from the Dramatists Play Service, Inc. to present this play during the period of September 1, 1948 to March 1, 1949.

The play is a series of biograph-

Plans Underway For CSTC's Biggest Homecoming Weekend

Festivities to Center Around Game with Platteville

"Dads' Day" Game to Be Held on 2nd of October

In a "Dads' Day" game, Saturday evening, October 2, gridiron enthusiasts will have their first opportunity to see the CSTC Pointers in action on home ground when they meet an equally powerful Eau Claire eleven. Smarter after their defeat by the hands of the Green Gulls of Milwaukee, the team will be after its first conference win, which means that a lot of football is in store for the night.

Except for the fact that Eau Claire is rated by state grid experts as a powerhouse this year, little more is known of the caliber of their team. However, colleges all over the state and nation seem to have an abundance of prime material, so the clash between these two rivals should be fast and furious.

The Home Ec girls have made an adequate supply of bibs which the fathers of the players on the team will wear during the game. Each father will have his bib numbered to correspond with the figures on his son's jersey. Between halves the fathers will be introduced to the fans in the stadium.

Game time is 8 o'clock at Goerke Park stadium. Come out and give the team a boost.

With the Student Council as the main force behind the movement, plans are well underway for the biggest Homecoming weekend celebration ever to be staged at CSTC. These festivities will take place on October 15-17 and the highlight of the three-day affair will be the football game between last year's Homecoming adversaries, the Platteville eleven and our own Pointer squad.

On Friday afternoon, October 15, Hobo Day will be observed and everyone including the faculty members as well as students are asked to make strict observance of the holiday and be dressed in authentic hobo attire. If the present period of inflation does not abate soon, Hobo Day will be a common occurrence.

Late in the afternoon on Friday a rip-roaring pep assembly aided and abetted by the Cheerleaders' club, the Student Council and the college band will be held in the auditorium. John Kowaleski, genial man-about-school, will be the master of ceremonies. It is rumored that the Student Council, upon whose shoulders rest the success of Homecoming, will present a skit at the assembly. That alone ought to be worth coming to see.

Queen to Be Crowned

The highlights of the pep assembly will be the coronation of the Homecoming queen who will have been elected on the previous day. Any organization or individual except the classes can sponsor a college girl for the position of queen. It is suggested that interested groups select their candidate immediately and begin their publicity campaign. There is a wealth of material running around the corridors this year. The Hobo King will also be chosen at the assembly from among the "better" dressed fashion plates of the day.

On Friday evening, a night-long schedule of events will get under way about 7 o'clock when the annual snake-dance, forming at the east entrance of the college will begin its insane wanderings up Main Street (See HOMECOMING, page 4)

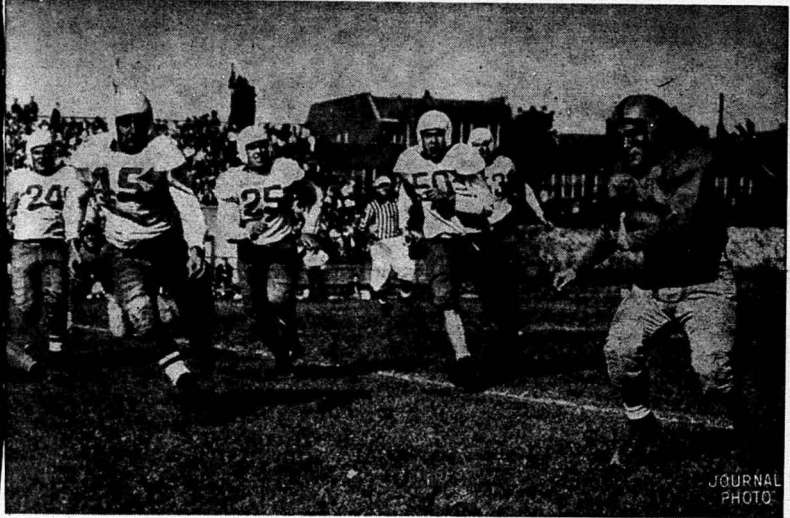

Small Enrollment Holds Up Proposed Typing Class

Up to this time, only two students have enrolled for instruction in a proposed typing class. Unless more students enroll immediately, the course will not be held. The enrollment fee is 75¢ a semester and the instructor would be from the P. J. Jacobs High school faculty.

Students who plan to teach but do not know how to type should not miss this opportunity to learn. Inquire at the main office now for particulars.

ical reminiscences upon the life of the Day family, a Victorian family that is ruled by the lovable but irascible father and kept rational by the understanding wife and mother, Vinnie. It was adopted for the stage by the leading Broadway playwrights, Howard Lindsay and Russel Crouse. Lindsay also played the lead in the Broadway production.

"Life With Father" has been made into a motion picture starring Irene Dunne and William Powell.

JOURNAL PHOTO

Little Jimmy Koehn, undaunted by approaching disaster, is off on a short jaunt in the Milwaukee game. Green Gulls in the picture are, left to right, Kindig, Tokerion, Minnesota, Gunderson and Bolz. The air-minded Gulls defeated the Pointers, 14-0.

CSTC Offers Extension Courses in Eight Cities

CSTC is now operating 11 extension courses in various central Wisconsin cities, under the direction of Dr. Quincy Doudna, Dean of Administration. Each course has one class a week either on Tuesday, Wednesday or Thursday evenings.

The courses, their instructors and locations are as follows: Psychology 106, Joseph Mott at Colby; Education 231, Robert S. Lewis, at Clintonville; English 228, Norman E. Knutzen, at Friendship; Geography, Raymond E. Specht, at Merrill; History 114, Mrs. Elizabeth Pfflner, at Waupaca; History 112, Dr. Harold M. Tolo, at Wausau; Education 219,

William B. Knox, and Education 227, Dr. Raymond E. Gotham, both at Medford; Education 226, Dr. Nels O. Reppen, History 208, Dean Herbert R. Steiner, and Conservation 107, Fred J. Schmeckle, all at Antigo.

Student Directory to Be Printed This Semester

Instead of being mimeographed as it has been in former years, the CSTC student directory will be printed by a commercial printing house this semester. Because of this there will be a slight delay in the appearance of the directory.

Students who are commuting to school will have their home town listed but not the complete address. The main office should be notified in case of a recent change of address.

Class Elections to Be Held in October

The election of Freshman, Sophomore, Junior and Senior class officers will be held Tuesday, October 12. Officers to be elected by each class are: President, vice-president, secretary and treasurer. All candidates for these offices must circulate petitions to be signed and returned to the main office on Friday, October 8.

In order to be valid, each petition circulated must have at least 25 signatures or one-fourth of the enrollment of the class, depending on which is the smaller number. No student may sign more than four petitions. Petitions for circulation may be obtained from the information desk in the main office.

Pep Assembly Tomorrow, Come Out and Cheer!!

The CSTC Cheerleaders club will sponsor a pep assembly in the college auditorium at 10 o'clock Friday. Plans are being made to introduce the coach and players on this year's football team. Mimeographed copies of current yells will be distributed so that the students may familiarize themselves with the new and old ones.

Officers of the Cheerleaders' club include: President, Fred Hubbard; vice-president, Warren Hamele; secretary and treasurer, Mickey Rybickie. Other members of the club are: Irene Morris, Dorothy Brown, Pat Faucett, Nancy Sannes, Betty Kusserow, Dorothy Rebella and Carol Gilbertson. Miss Miriam Moser is the adviser.

Men's Glee Club Foresees Fine Year, Many '47 Members Return

Central State Men's Glee club, under the direction of Norman E. Knutzen, began this year with 35 of last year's 40 touring members returning. This is probably the largest group of returning members in Glee club history. These 35 veterans constitute a strong point in the grand total of 90 men. It looks like a prosperous year for the club.

The Glee club's annual homecoming matinee concert and its first concert of the year will be given Sunday, October 17. On Sunday, November 21, the Glee club will give its fall concert. Also on the agenda are a number of short trips in November and early December, with a heavier schedule slated for the second semester.

Monday evening, September 20, was the time of the club's first mixer of the year held at Bukolt park. Jim Cory prepared a stunt program for the benefit of the members.

The club's officers for this year are Harlan Stoltenberg, president; Carl Strassburg, business manager and George Pihoda, librarian. Robert Karsten is the accompanist.

The only weak part of the Glee club, the second bass section, is being filled rapidly with promising prospects. Originally, rehearsals were scheduled during regular class hours and this posed a problem for the Glee club. It was solved by holding rehearsals Monday evenings and on Tuesday and Thursday afternoons at 2:10 in the auditorium.

All Students Required to Pay Federal Tax on Activity Tickets

To implement federal tax collection on all taxable admissions the following plan has been approved by the college athletic committee. All students who plan to attend any admission event this semester covered by the activity ticket must pay the federal tax on that portion allocated to admissions. The tax amounts to 50¢ on each ticket. It may be paid in Room 353 on Wednesday, Thursday or Friday. The activity ticket will be stamped "Tax Paid," otherwise it becomes due and payable upon first presentation of the ticket for admission. Payment prior to the event will facilitate your admittance and save time for others as well. It may be paid on Wednesday, Thursday or Friday of this week at the following hours:

gate each time they are to be used. No one will be admitted without charge unless he presents a ticket properly signed in ink. Tickets are non-transferable.

It is requested by the athletic board that the tax on the tickets be taken care of in advance if at all possible. This will avoid confusion and needless wait at the gate when attending the game. After paying the tax the tickets will be stamped accordingly. Those who do not pay their tax in advance will have to go to the Army gate to pay the tax and be admitted to the game.

Faculty wives and husbands or wives of students at the college will be admitted at student rates. The rates for the football games are as follows:

Adults	Total
\$.83 admission \$.17 tax	\$ 1.00
Students (high school and Wisconsin Teachers College students)	
\$.42 admission \$.08 tax	\$.50
Children (pupils in the grades)	
\$.21 admission \$.04 tax	\$.25

Sept. 30 — 8:15-9:10 or 11:00-12:00 or 3:00-4:00
Oct. 1 — 8:15-10:05 or 2:10-4:00
Activity tickets will be honored at all athletic contests for this semester. However, the athletic council has set up several regulations which should be followed in using them. Activity tickets must be shown at the

Published weekly except holidays and examination periods, at Stevens Point by students of the Central Wisconsin State Teachers College. Subscription Price \$2.00 per year. Entered as second-class matter May 26, 1927, at the post office at Stevens Point, Wisconsin, under the act of March 3, 1879.

Let's Get Behind the Team, but Not As Far Behind As We Are Now

Last Friday afternoon, after the bus trip to the Milwaukee game had been cancelled because of lack of passengers, there appeared on the blackboard that advertised the trip a notice to the effect that the cancellation was a matter of "self-destruction" on the part of the students. Such an attitude must have been very hastily taken on the part of the sponsors and we are quick to advise that no one destroyed anything as far as the proposed trip was concerned. The proposal died of "natural" causes which are altogether too prevalent in and around CSTC's many organizations. Outstanding among those so-called natural causes is the lack of organization.

The proposed bus trip to the Milwaukee game on Saturday was not announced until Thursday afternoon. By that time of the week, there are very few people at CSTC who do not have definite plans for the weekend; those plans do not generally include a spur-of-the-moment trip to Milwaukee to see a football game. Students have to be sold on such a trip and any good salesman will maintain that selling takes time and advertising. The short-lived and feeble efforts that were made to organize the trip served only to aggravate students — not to make them enthusiastic.

The unsuccessful sponsors of the trip are still to be praised for their good intentions. They certainly have the right spirit as far as student-body support for the football boys goes. It would be a sad situation, indeed, if the football force at CSTC did not get the moral support of the students, both at home and abroad.

The Cheerleaders club, which so far this year has been detrimentally quiet, can do a great service to the team as well as to the student body by spreading the wave of enthusiasm for football until students will gladly buy round-trip tickets to the Azores to see our local boys in action.

With Homecoming weekend only two weeks away it is suggested that responsible organizations stop blaming the student body for destroying projects that never materialized in the first place, and get down to the serious but enjoyable business of selling shares in the proposed events to the students. If approached early and often enough the buyers' resistance of the student body will be found to be extremely low.

Autumn Season Is Theme At Nelson Hall Dinner

Miniature replicas of acorns were the invitations to the first birthday dinner held at Nelson Hall on Tuesday evening, September 28. The invitations were sent to six dormitories, Miss Lydia Pfeiffer and Miss Marion Damon, housemothers.

Mary Ellen Gmeiner, dining room chairman, planned the Fall theme for the occasion. The place cards at the head table were varied colored fall leaves. The centerpiece consisted of colored leaves with tiny acorn men surrounding them.

Other decorations consisted of paintings on the dining room mirror and candles throughout the room carrying out the theme.

Shades of Pizarro! Miss Allen Tours South America in 32 Days

CSTC's world traveler, Miss Bessie May Allen, chose South America as her destination this summer. Traveling by plane with a party of six, she was gone 32 days from the time they left New Orleans until they returned to Miami. They covered 14,000 miles by plane besides those covered by car and by foot.

Miss Allen visited 111 countries including Yucatan, Mexico, Guatemala, Panama, Ecuador, Peru, Chile, Argentina, Uruguay, Brazil, Trinidad and Puerto Rico.

The plane also made short stops in Honduras, Nicaragua, Costa Rica and Colombia.

Flying over the Andes Mountains in a Pan American DC-6 was Miss Allen's most thrilling experience. The plane flew very close to Mt. Aconcagua which reaches a height of 23,000 feet, and is the highest peak in the Western hemisphere. The DC-6 planes are 106 feet in length, have a wing spread of 117 feet, 4 inches and average 300 m.p.h. They

Pan-Hell Council Elects First Semester Officers

The Pan Hellenic Council met last Monday to discuss the forthcoming pledging season. Officers for the first semester, 1948-49, are: President, Patricia Lavers, Tau Gam; and secretary Jim Buvel, Chi Delta. Dean Elizabeth Pfeiffer and Dean Herbert R. Steiner are faculty advisers.

Rushing and pledging of new members for the two sororities and two fraternities on the campus will culminate in the formal initiation preceding Pan-Hell dinners on November 20.

NOTICE

Classes will be suspended on Friday, October 8, because of a meeting of the Central Wisconsin Teachers Association scheduled at Wausau on that date.

fly at about 17,500 feet, but were up about 18,500 feet while over the Andes.

Planes Circle Cities

The planes usually made a circle over each city before landing so that all the passengers could have a view of the city from the air. Miss Allen stated that it was especially beautiful to fly over a large city at night when all the lights were shining. Many of the airports were as far as 15 and 20 miles from the cities. At Rio de Janeiro, the largest airport was on an island.

Buenos Aires, South America's largest city is the most modern. It is noted for its beautiful plazas and avenues and has the longest continuous avenue in the world. Buenos Aires has a very interesting shopping street called Le Florida where no auto traffic is allowed during the day. Buenos Aires has large underground parking areas to accommodate the cars. People drive at night (See MISS ALLEN, page 4)

STUDENT ORGANIZATIONS

WAA

About 40 girls were present for the second meeting of WAA Wednesday evening, September 22. Betty Swenson was elected volleyball sports manager for the first semester. President Yvonne Jacobson appointed committees for the initiation party held on Wednesday evening, September 29.

Muriel Neerhof was elected to be in charge of money collected from CSTC decals during the semester. (Have you seen them? They're clever and just the thing for your suitcase or bulletin board.) Names of girls who are selling these decals are posted on the WAA bulletin board just outside the Women's Recreation room.

After a report by Betty Mehne on the available bowling alleys, the forming of a bowling league was discussed.

Miss Myrtle Spande led square dancing in the gym after the business meeting.

LSA

LSA's gathered at Iverson park for the annual fall picnic on September 16. After a thrilling base-

Tau Gams Formulate Plans For Fall Tea

Plans for a fall tea to be held October 6 have been first in order of importance at the recent meetings of Tau Gamma Beta sorority. The tea will honor college women, faculty and faculty wives and will be held in the Home Economics parlors.

Pat Lavers, general chairman of the event, has announced the committees as follows: Refreshments, Mary Due, chairman, Lola Van Ornum, Rosemary Ramsay, Winnie Church and Carol Collins; decorations, Loretta Fenelon, chairman, Betty Dietz, Katie O'Connor, Caroline Krogness and Joan Winter.

Invitations, Phyl Kasper, chairman, Margaret Johnson, Bonnie Babcock and Pat Lasecke; hostesses, Janice Sisley, chairman, Pat Anderson, Lenore Arnett, Jeanette See, Phyl Kasper, Loretta Fenelon, Katie O'Connor, Joan Winter, Caroline Krogness and Pat Lasecke.

Waitresses, Betty Dietz, chairman, Ila Williamson, Margaret Johnson and Bonnie Babcock; clean-up, Pat Anderson, chairman, Lenore Arnett, Ila Williamson and Jeanette See.

Fireman Ray Mason Retires October 1st

Ray Mason, head fireman on the college maintenance and engineering staff, will retire tomorrow, October 1, after long years of service to CSTC.

He has been firing boilers on the college campus for the past 24 years. During this time he has served under six college presidents and under one chief operating engineer, George Sten.

Mr. Mason claims that firing boilers has been the hardest job he has ever had. When the boiler room was a part of the main building, firing was difficult; upon completion of the present boiler room and by the use of higher quality coal, the work was made much easier, however.

Prior to his coming to CSTC, Mr. Mason managed a flour and feed store and power plant at Oxford, Wis. The water wheel which furnished power for grinding the flour and feed also furnished the village with electricity. He has had a variety of experiences, as he worked in a logging camp, helped to build a railroad branch line to the Tomah, Wis. area, drove a freight-wagon and chauffeured a horse and cutter for his home-town doctor.

Mr. Mason is the father of Miss Syble Mason, assistant librarian at the college. After his retirement, and when the right seasons come around again, Mr. Mason plans to devote his time to gardening. Students are sure he deserves an orchid-

ball game, wieners were roasted around the open fireplace. As twilight fell, get acquainted games were played and songs were sung around the dwindling fire. The evening closed with prayer.

Newman Club

Newman Club began its year's activities with about 150 students at its first meeting last Thursday evening, September 23.

President Kenneth Veselak welcomed new and old members and acquainted them with the rules of the club.

Father Chilicky, assistant pastor of St. Stanislaus Church who will replace Father Trant as chaplain, was introduced to the group. Also presented were officers Dick Miller, (See ORGANIZATIONS, page 4)

Faculty in Academic Attire at Convocation

The faculty of CSTC displayed its array of bachelor's, master's and doctor's degrees in the convocation program Friday, September 24. To the strains of "Pomp and Circumstance" played by the college band under the direction of Peter J. Michelsen, the procession of faculty members filed down the aisle and onto the stage.

Three types of gowns were recognized: The bachelor's gown with the closed front and long pointed sleeves, the master's gown with the open front, closed sleeves and elbow slits and the open front doctor's gown with the velvet bars on the bell shaped sleeves. The width and exposure of the hood lining varies with the degree, beginning with the narrow bachelor's hood to the wide hood of the doctor's. The color of the hood lining represents the college which conferred the degree and the velvet edging represents the department in which the degree was awarded.

After the playing of the Alma Mater and "Deep Purple" by the college band, President William C. Hansen gave an address — "What Can You Expect of Your College?" He stated that one can expect college credits to be good currency anywhere; that college should broaden one's social outlook and stimulate an interest in some definite field; that college should make one a more discriminating reader and listener. To those who plan to teach, it should give adequate training in their special fields.

Following the selections, "Kind John" and "The Purple and the Gold," by the band, the faculty formed a recessional line and preceded the student body from the auditorium as the "Festival March" was played by the band.

OVER A COKE

In answer to the writer's request for new names for the column a list of several suggested names was turned in at the Pointer office. Upon going over the compiled titles one comes across such atrocities as "Gaddy Gerlie Gurgles" and "Gertie's Gossips." Someone must be trying to make a hit with a "Gertie!" On the other side there were several fairly good suggestions. We'll keep them in mind until we secure further response from the student body. "Til then we'll be affectionately, or otherwise, known as "Over-a-Coke," Classroom quips

It must be interesting and as often times boring for the teacher to anticipate a student's answer by his beginning word or phrase. There are such brilliant examples as, "Well, ah," "I imagine," "I don't know for sure, but—" Then we have the exception, "Certainly!"

Turning the issue around to the students point of view, teacher. (See OVER-A-COKE, page 4)

Workshop Returns to The Air on October 4

Monday, October 4, is the day Radio Workshop returns to the air to be heard daily at 3:15 p. m. On Monday President William C. Hansen will appear on the "Our College" program with an introduction to college students. News commentator Maurice Mead will report on the latest college activities and announcements.

Tuesday, October 5, will be children's day in the Radio Workshop. Our Book Corner will bring stories to the children of the primary grades. The announcer will be Daryl Fonstad. The narrator is to be announced later.

Fire Prevention Week will be observed by the College Round Table on Wednesday, October 6. Fred J. Schmeckle and the Conservation fraternity, Alpha Kappa Lambda, will be participants in a discussion of this very timely subject.

The Radio Workshop Players will open their season on Thursday, October 7, with the dramatization of "The Legend of Sleepy Hollow." Production — John Kowaleski, Daryl Fonstad, Maurice Mead, Richard Kowaleski and student personnel.

Frank Kostuck and Beatrice Maliarik will conduct the Music Album heard every Friday from 3:15 to 3:45 p. m. They will open their program with musical selections representing nature. Daryl Fonstad will be at the controls.

Familiar Faces

Most of the students of CSTC have listened with pleasure at one time or another to the singing of Frank Kostuck. When Frank sings before a group the general reaction is that everyone "kind" wants to join in. Whether in singing, speaking over the radio or just saying "Hi! There," Frank reflects friendliness so that the people he meets want to pass it along too; and the important thing is that it never wears out and it never wears off.

The ability to reflect his friendly personality has been a great asset to Frank, and he has used it effectively. Besides singing in groups, trios and as a soloist, he has long been associated with radio. Since entering college in 1944 Frank has been a member of Radio Workshop. (His second home, he sometimes calls it.) Recently he launched out into commercial radio by spending some of his summer vacation at WDLB in Marshfield. Now the job of part time announcer at the new Stevens Point station, WTWT, makes his daily schedule look like a

railroad timetable.

Frank can think of a number of things he would like to do if a few idle moments would come along. Any chance to travel is an invitation to enjoyment for Frank. In 1946 he took an extended trip through southwestern United States and Mexico. He also enjoys oil painting, and when it comes to eating he goes for sauerkraut like "Lil' Abner goes for 'preserved' turnips.

When it comes to romance Frank gets a wise look on his face and says nothing, although he could probably give Mr. Anthony a few pointers. This wealth of experience comes from the countless weddings at which Frank has sung "Because" and the other "clinking" favorites. Incidentally, weddings rank high among his favorite singing engagements.

After graduation day in January, 1949, Frank plans on working toward his goal in educational radio; and down inside, Frank harbors a secret ambition—to sing like John Charles Thomas.

Milwaukee Green Gulls Fly High In 14-0 Victory over Pointers

A hapless Pointer team fell by the wayside in the first conference game of the season Saturday as the Milwaukee Green Gulls rolled over the Pointers 14-0 in Milwaukee.

As the statistics indicate, the Pointers were not what they should have been, for they gained only 77 yards by rushing as compared to 151 for Milwaukee and had a net loss of four yards on passes as stacked up against 163 yards gained for the Green Gulls.

Art Derksen, Milwaukee fullback, scored both touchdowns for the Green Gulls by plunging through the center of the line after a successful Milwaukee aerial attack put the ball deep into Point territory.

Gulls Take to the Air
The first tally came in the second quarter after Tommy Curry punted the ball to the Milwaukee 11 yard line. It was returned by Tarantino to the 18. Finding the Point defense rather stubborn, the Green Gulls took to the air. A pass from Fricke to Minnesale put the ball on the 50 yard marker. Fricke connected with another pass to Castagna to put the ball on the Point two yard line. Stopped on the first try, Derksen thrust through the line on the second to score. Fricke connected to make the score 7-0.

Milwaukee scored its second

marker in the fourth quarter after the Green Gulls trekked the ball from the Point 20 to their own 10 yard line. Derksen again hit the center of the line for the 13th point. Castagna scored the point after touchdown to make the score 14-0.

Credit Due Koehn and Curry
Though the Pointers never seriously threatened the Green Gulls, much credit should be given to Jimmy Koehn for his running and good all around game. Credit is due also to Curry for his fine punting.

Line-ups:
Point Milwaukee
Haidvogel lc Minnesale
Lorenzen lg Gunderson
Dereziński lt Musial
Gaulke rg Takerian
Bernst c Kindig
Fisk rt Hagie
Koch re Olen

Yards (rushing)	77	151
Yards (passing)	4	163
Passes attempted	11	10
Passes completed	2	6
Passes intercepted by	0	2
Yards lost penalties	15	35

The Fifth Quarter

Saturday was the day of action as the teams of the State Teachers Colleges met their conference foes. Some of the scores didn't look right to many of us at CSTC—but next week may tell a different story, we hope.

Saturday is "Dad's night" and Eau Claire travels here for the Pointers' first home game of the season. The combining of the northern and southern division puts Eau Claire in a conference status with CSTC. In a non-conference game with Eau Claire last season the up-state rivals set back the Pointers 13-7.

In last year's game the Pointers completely outplayed the Eau Claire eleven, but a couple of bad breaks made Eau Claire the victor.

We talked to Coach Quandt about the Eau Claire game and he said we should "expect to see an entirely different line-up in Saturday's game." He also stated that this week he intended "to separate the men from the boys, to find out who are just out."

Therefore, we look forward to a much improved Point "11" and a victory for the Quandt men.

Speaking of Saturday night's game we would like to mention a seven letter word "support." Any organization needs the backing of an interested group to succeed, and the amount of success will depend largely upon how much support that organization receives. Therefore, to give our boys the support that is necessary for a winning team it is the responsibility of each and every CSTC'er to be in the stadium Saturday night.

Superior offers the competition for the third conference game of the 1948 season. Though last year Superior was a non-conference opponent, the men from the north offered plenty of competition as they outclassed the CSTC gridmen 34-21. Superior was handed a 26-12 defeat by La Crosse Saturday and, in revenge for last year's game at CSTC, we predict a stronger Point team to gain another win in conference play at the expense of Superior.

October 16 is a date to remember, for that is the day Platteville invades Point for the BIG HOMECOMING game. Last year the Pointers crushed Platteville 20-6 and, to make the 1948 Homecoming a real success, we would like to see another 20-6 victory for CSTC.

Oshkosh was set back 13-7 last fall and a repeat would certainly be in order for this year as the Pointers face the Titans in the fifth conference tilt of the season.

The final foe in conference play is Whitewater, who last season handed the Pointers a 13-7 defeat for their first conference win in two years. Though River Falls drubbed Whitewater 28-19 last Saturday, don't underestimate the Quakers. An unfounded rumor has it that the Whitewater lads have some new material. But with the right breaks and with a good brand of ball, Point should end up conference play with a victory.

Stout and De Kalb offer the final games of the season as the Quandt men finish up with two non-conference games.

Gridiron Season is Off to Flying Start

The nine Wisconsin State Teacher's colleges and the Stout Institute saw action last week-end, as the 1948 gridiron season got underway.

The conference opener was at La Crosse Friday night as they tripped Superior 26-12. Tackle John Knispel of La Crosse intercepted two Superior passes to account for two of the touchdowns. Previously, La Crosse had defeated Wartburg, Iowa, 20-0 and Superior crushed Bemidji, Minn. 13-0.

River Falls really got things under control as they drubbed Whitewater 28-19. Nate De Long scored two touchdowns for team honors. River Falls was beaten by Hamline 20-0 and Whitewater shut out Milton 38-0 in pre-conference games.

Oshkosh downed Platteville 13-6 on touchdowns by Tucker and Schneider. A foul pass from Wainwright to Butts accounted for Platteville's lone tally. Neither team has played in pre-season competition.

Eau Claire and Stout made their 1948 debut Saturday as Eau Claire shut out Stout 6-0. The touchdown came on a 34 yard run by Reindinger.

CONFERENCE STANDINGS

Team	W	L	Pct.	TP	OP
Milwaukee	1	0	1.000	14	0

NOTICE
The "S" Club of CSTC requests that all letters, exclusive of the official "S" of the school, be removed from all award sweaters and jackets.

This does not mean that the sweaters or jackets can not be worn. The cooperation of the student body in enforcing this issue will be appreciated by the "S" Club and athletic committee.

single game of the afternoon, a lusty 225 game. Other high games were hit by Brewer, 224 and Minton, 220.

Alpha Kappa Lambda	0	3	.000
Hannon Bach	0	3	.000
Faculty	0	3	.000
Team #8	0	3	.000

The bowling season opened last Wednesday, September 22, for the college bowlers with a ten team league swinging into action. This

year the college teams bowl on Wednesday afternoon at the Uptown alleys.

Four teams, the Chi Delts, Phi Sigs, Grover-Nauta and the Campus Cafe, got off to a very successful start by taking their three game series.

The Chi Delts captured the team laurels for the evening as they rolled a 2497 team series and a 923 single game. The Phi Sigs captured runner-up honors in both departments, topping a 2425 series and 887 single game.

Sengstock rolled the high individual series, 570, while other leaders in that department were Turzenski, 547 and Prihoda, 545.

Sengstock also toppled the high

OVER-A-COKE

(Continued from page 2)

What would you answer if someone literally pounced on you to ask if you'd ever "pulled stumps?"

Have you ever "woke up drowned?" This is a favorite expression of an instructor. Wonder if he's ever experienced the sensation?

Notice to faculty: Don't become over critical of your lectures to catch any choice word or phrase that may slip by. You may as well relax, for you couldn't catch them all anyway!

Cupid's corner

That little fellow has been busy over the weekend again. This time a hit was scored on Jeanette See (when she isn't giving out information at the main office she attends classes) and Clemence Santoski, Jr. of Wisconsin Rapids. It will be a date to remember for her, as diamonds aren't orthodox birthday presents. Bob Karsten, pianist for the Men's Glee club, and Geraldine Belmore are engaged as of last June.

Dick Jensen, former student at CSTC, now working in Wausau, and Barbara Feck, Wausau, were married last Saturday. No further details are known.

Art Witalison, Pointer comp editor, and June Bastian, teaching at Ellison Bay, are an old married couple by this time, having taken the big step last June. Art is shy, so it took a little persuasion to be able to print this! Elroy Gotter, Pointer sports editor, and Claudia Ryskoski, a local girl, were married last June 5. The Pointer members are very secretive.

(No word from George yet!) Dormites, — take note

The following statement was made about a dorm of a midwestern school. "The place is so old that all that holds up the building is the ivy!" Present time residents of Nelson Hall can let their grandchildren worry about that issue.

Blame this on a proof reader

Q. What is the best paper used in making airplanes?

ORGANIZATIONS

(Continued from page 2)

vice-president; Joan Kenney, secretary; Marjorie Lodzinski, treasurer and Carol Collins, press representative. A past president, Jerry La Fleur, addressed the group.

Miss May Roach, faculty adviser, told interesting facts about the club, tracing its history back to 1916.

Several committees were appointed to take care of entertainment and refreshments for the next meeting and a Homecoming float committee with Burnett Burch as chairman was named.

The club's first group communion is to be held on Sunday, October 3, in St. Stanislaus church at the 7:15 mass.

Wesley Foundation

Tonight is Wesley meeting at St. Paul's Methodist church. The highlight of the meeting will be a worship service with talks on the Wesley Foundation and the church.

Following the service, there will be a recreation hour and lunch will be served.

Don't forget to watch the Wesley bulletin board for the supper that will be held out at one of the parks on Sunday, October 3. Transportation will be furnished for the ones that sign up. You will leave at 5 p. m. from in front of Nelson Hall.

Phi Sigma Epsilon

The meeting on Tuesday evening, September 14, initiated the 1948 season of Phi Sigma Epsilon fraternity.

A. (After writer runs and hides) Fly paper.

Costumes by Adrian (?)

The instructor who asked Miss Roach for a pink, strapless "gown" featuring the "new look" for the convocation ceremonies was taken care of in the typical Roach manner. Imagine his surprise last Friday morning when, upon opening the door to his office closet, he found a lady's black slip, with straps, hanging there in all academic serenity.

Alan Malm, president, and Bob Cole, who were delegates to the National Conclave at Hot Springs, Arkansas, during the last week of August, gave a report on the conclave proceedings. Francis Bremmer, Neenah, an alum of CSTC and at present the Phi Sigs' national expansion director gave a report primarily concerned with fraternal life at other brother chapters. The faculty advisers, Fred J. Schmeckle, Dr. Edgar F. Pierson and Leland M. Burroughs were also in attendance at this first meeting.

Y.W.C.A.

Girls interested in joining the YWCA were entertained in the "Rec Room" at Nelson Hall on Thursday evening, September 23.

The old members met in a short business meeting before the party to discuss plans for the Sadie Hawkins Day dance. Marion Hummel was elected co-chairman for the dance to assist Beth Hughes, who is the chairman. Louise Oelrich was elected service chairman.

There were about 45 girls at the party. Althea Boorman, the social chairman, helped to make the evening a success with her delightful games and contests. One of the most enjoyable parts of the evening was the Community singing before the fireplace in which a fire burned brightly.

Delicious spiced cider and doughnuts were served for lunch. Lola Van Ornum was in charge.

New girls who are interested in joining YWCA are invited to attend the next meeting at which time initiation will be held.

MISS ALLEN

(Continued from page 2)

on its many narrow one-way streets with only parking lights for guides.

Reconstruction in Progress

The city of Santiago, Chili, has a very progressive plan for rebuilding. Miss Allen pointed out. Business sections are being torn down and reconstructed block by block. In 10 years the city factories will all be moved out of the business districts into the suburbs.

There is a large Indian population in South America and most of the Indians dress in native costumes.

Most of the cities have large central markets on the order of the

HOMECOMING

(Continued from page 1)

to the market square and back to the campus. Participants will then retire to Schmeckle Field where a bonfire, made of wood that was thoughtfully gathered by the Freshman class, will burn as brightly as the spirits of all true CSTC'ers. When the fire has been reduced to embers, everyone will gather at the Training school

Square in Stevens Point. In some places the markets are under cover.

Miss Allen and her friends dined at the famous Quitandinha Hotel which is about 50 miles from Rio. This is the hotel where President Truman and Secretary of State Marshall stayed while visiting South America.

When asked about the temperature at the equator, Miss Allen stated she found it quite cool. She crossed it twice — once at Quito which is 9,000 feet above sea level and again at Belem in Brazil. At Quito it was so cool at night that they needed blary keys to sleep under. The temperature at Belem was in the 80's during the day and was very comfortable at night. Miss Allen received a letter from a friend in Iowa telling of the 100 degree temperature day and night in Iowa while the travelers were enjoying the coolness of the tropical zone.

Spanish Spoken

Spanish was the language spoken in all countries except Brazil. Here Portuguese was used. Miss Allen's group had a guide who spoke Spanish fluently so they encountered no language difficulty.

There are many places in South America which Miss Allen would like to re-visit at her leisure. She feels she had an excellent bird's eye view of Central and South America and would now enjoy a more extended visit to many of their interesting cities.

gym for a free juke-box dance at which the Primary Council will have charge of the refreshment stand.

At about 10 o'clock on Saturday morning, October 16, the spectacular Homecoming parade under the direction of parade marshal Jim Corey, will make its annual trek down Clark Street, across the market square and down Main Street back to the campus. Organizations had better start working on their floats.

In the afternoon of Saturday, the Pointers will stay on Goerke park field just long enough to beat Plattville and will then wend their ways to Nelson Hall for the annual Open House held there. In the evening everyone will get ambitious and sentimental enough to attend the "S" club informal dance at the P. J. Jacobs auditorium.

On Sunday afternoon, October 17, the Men's Glee club, under the direction of Norman E. Knutzen, will present the usual brilliant Homecoming concert as a grand finale to a fast and furious weekend.

Only the major events have been mentioned in reviewing the Homecoming activities. There are other smaller features occasionally scheduled that are too numerous to mention. The important thing is for everyone to stay in Stevens Point over Homecoming and help make all of these events successful.
