Homecoming Queen Candidates Chosen; Plans Are in Final Stage

S-Club Dance Features Larry Ladd

Homecoming's festivities are taking shape as the big weekend of October 13, 14 and 15 draws nigh. The "Queen candidates" have been chosen, the floats are in the final blueprint stage and the team is practicing diligently for the River Falls game on October 14.

Three candidates for Homecoming Queen had nomination blanks filed by Monday night. The candidates and their sponsors are Marilyn Knope, AKL; Beverly Barnes, Chi Deltis; and Jacqueline Hall, S-Club. Voting for the queen will take place on Thursday, October 12.

Marilyn (Molly) is a junior in the secondary division with a home ec major. She is a graduate of the local high school and lives in Stevens Point. She has been active in Omega Mu Chi sorority and the Home Ec club. Beverly is a senior in the secondary division and is also a home ec major. Her home town is Richland Center and her extra-curricular activities in college include band, chorus, Tau Gamma Beta sorority, Alpha Kappa Rho fraternity and the Home Ec club.

"Jacky," a senior in the intermediate division, comes from Lake Tomahawk. She is an active member of Omega Mu Chi sorority and has participated in Round Table and Wesley work.

Larry Ladd's orchestra, currently playing at George Devine's Million-Dollar Ballroom in Milwaukee, will provide the music for the S-Club dance to be held at P. J. Jacobs High school gymnasium on Saturday night, October 14, from 8:30 to 12:30. The orchestra will feature a vocalist, Shirley Foster, and a novelty quartet.

Merchants Offer Gifts

Louis Jacoboski, Homecoming chairman, announced that many gifts have already been offered by local businessmen for the Homecoming Queen and Hobo King who will be crowned at the pep assembly on Friday afternoon. The Chamber of Commerce is further showing its support of the Homecoming activities by printing 1,000 handbills to be displayed in Stevens Point business establishments.

By Monday 23 floats had been entered in the parade scheduled for Saturday morning, and more are expected to register. "Let every organization have a float. We want to make this parade really big," commented Jacoboski. The large number of floats as well as the Fire Department's truck and the CSTC band should make a grand parade. The Parade committee has announced that \$15 is the limit that may be spent on a Homecoming float.

The Men's Glee club is preparing its Sunday concert, and Maurice Mead, in charge of radio publicity, has been presenting "Homecoming Previews" on WBLB every Monday from 3 to 4 p.m.

The bonfire on Friday night should be especially big this year. A local tree surgeon is donating all of his cuttings, and two barrels of crank-case oil are promised for this big fire.

All in all, it looks like a bang-up Homecoming.

Plans Formulated for Starting Rifle Club

At a recent meeting, a group of sports-minded students formulated plans for the organization of a CSTC Rifle club. At the present time the club is awaiting word from the National Rifle association concerning the purchase of targets and ammunition. Further developments will appear in the Pointer and on the bulletin board outside the Physical Education office.

ATTENTION DRAFTEES

The POINTER would like to send complimentary copies of the paper to all students who have registered for this semester but who are forced to leave school because of the draft or a reserve call. To make this service possible it is requested that all those who receive greetings inform the POINTER of their date of departure and keep this office posted on their whereabouts.

Dr. Gotham Attends Training Directors Meet

Dr. Raymond E. Gotham attended a meeting of the directors of training last week in the State Capitol at Madison. The problem discussed was "Minimum Standards for Student Teaching." It was decided at the meeting, which was held in the office of Eugene McPhee, secretary of the Board of Regents, that the next meeting would be held at CSTC sometime in November.

Dr. Gotham also attended a meeting of the Wisconsin Association of Administrators in the Park Hotel at Madison. Reports were made by various committees, including the retirement committee of which Dr. Gotham is a member.

COACH BERG PASSES AWAY

George R. Berg, physical education director and former athletic director at CSTC, died Sunday night at Madison General hospital following a long illness. Mr. Berg had been a

GEORGE R. BERG

member of the college faculty since 1942, serving in the capacity of head football coach and basketball coach in that year as successor to Eddie Kotal.

Mr. Berg relinquished his coaching duties to Hale F. Quandt in 1948 when ill health forced him to take on the lighter duties of physical education director. He was granted a leave of absence in April of this year and had been at the local hospital and the Madison hospital much of the time since then.

Funeral services were conducted on Wednesday at 2 p.m. at Beyers funeral home in Waupun. Reverend Orvis M. Hanson, pastor of Trinity Lutheran church in Stevens Point, officiated. Burial was at Brandon, Wisconsin.

Pallbearers at the burial services were Dick Lorenzen, William Koch, Charles Hanke, Walter Brunsmann, Dick Lund and Al Helmski, who were actively engaged in CSTC athletics under the direction of Mr. Berg. Several faculty members drove to Waupun for the funeral services. Mr. Berg is survived by his wife and three daughters, Peggy 12, Helen, 8 and Mary Lou, 4.

IN CASE you might be wondering what they look like, here are the three candidates for CSTC's 1950 Homecoming Queen. From left to right they are: Jacqueline Hall, chosen to represent the "S" club; Beverly Barnes, the "Chi Delt's Choice"; and Marilyn (Molly) Knope, "the belle of A.K.L."

Classes Are Suspended Friday; Faculty Will Attend Convention

Classes will be suspended on Friday to enable the faculty to attend the thirty-eighth annual convention of the Central Wisconsin Teachers association in Wausau.

The theme of the convention will be "Education for World Security." During the morning session the teachers will hear an address entitled "World Government: Who? How? When?" by James A. Aldridge and in the afternoon, one entitled "Red Shadows Across Asia" by Captain Michael Fielding.

Mr. Eldridge, a graduate of Butler university, is the midwest field director of the American association for the United Nations. He has directed the educational and public service activities of the U.N. association in the midwest and has lectured throughout the United States on United Nations affairs.

Capt. Fielding Will Speak

Captain Fielding's life and experiences qualify him as a speaker on communism. He was born in India and has performed many military duties for that country as well as for the United States. In 1948 he managed to get behind the iron curtain into Yugoslavia. He is well known as a radio commentator and a journalist for both the Chicago Journal and the Chicago Tribune.

Faculty members who are officers

at sectional meetings in the morning include Miss Edna Carlsen, secretary of the art section; Miss Gertie Hanson, president of the audio-visual education section; Dr. O. Floyd Nixon, president of the science and mathematics section; Dr. Harold M. Tolo, president of the social studies group; and Victor E. Thompson, faculty member now retired, vice-president of the industrial arts section.

Fred J. Schmeckle, chairman of the conservation department at CSTC, will address the science and mathematics section on "Conservation in General Education."

Student Teaching Ass'n Will Meet October 14

The second annual conference of the Association for Student Teaching will be held on Saturday, October 14, in the college auditorium. The program which begins at 9:30 a.m., has as its theme "Principles Governing the Development of Professional Laboratory Experiences." Dr. Paul Grim, of the University of Minnesota, will be the main speaker of the morning.

Following Dr. Grim's address there will be a panel discussion on themes from his talk and on the nine principles outlined in the morn-

"In Service Training" Program Is Postponed

The Training school "In Service Training" program, which for the past three years has sponsored a return of graduates of the previous year to discuss the strength and weaknesses of their training, has been temporarily postponed this year. In previous years the teachers have returned the Friday of Homecoming weekend.

However, with the increased number of men called into the military services recently there is a shortage of teachers and it was considered unwise to ask principals to release teachers for that day. According to Dr. Raymond E. Gotham, "By curtailing such meetings temporarily we hope to alleviate such conditions somewhat." A letter to this effect is being sent to all graduates. The program will be renewed as soon as possible.

Representatives at this conference will come from training schools, teachers' colleges, University of Wisconsin and county normals all over the state. At the business meeting an election of new officers will be held.

A noon luncheon will be served

Pep Rally Will Be Held On Front Campus Monday

A gigantic pep rally, replete with a band, speeches, the Campus players, and community singing will be staged on the front campus next Monday afternoon, October 9, at 4:15 p.m.. It will be a big warm-up for the Whitewater-Pointer grid clash at Goerke Field the same evening.

Coach Hale F. Quandt and Dr. Harold M. Tolo are scheduled for short talks and Jim Curry, team manager, will climax the speecmaking in his inimitable way.

The Campus Players will produce "The Spirits of 1950" and Andy Redmann will be on hand to emcee. CSTC cheerleaders plan to introduce new yell at the meeting and there will be additional surprises in store.

CSTC Band on March

The CSTC band is on the march and will present pre-game and half-time shows for all home games this year. At the first game, October 9, the band will give a salute to the Whitewater Quakers. Watch next week's Pointer for a full story on the new marching program, under the direction of Walter R. Sylvester and the music director, Peter J. Michelsen.

after which those attending the conference may participate in the activities of Homecoming here at CSTC. Dr. Raymond E. Gotham, director of the Training school, is president of the Association for Student Teaching.

Published weekly except holidays and examination periods, at Stevens Point by students of the Central Wisconsin State Teachers College. Subscription Price \$3.00 per year. Entered as second-class matter May 26, 1927, at the post office at Stevens Point, Wisconsin, under the act of March 3, 1879.

Editor-in-Chief — Fred H. LaLeike, 815 Ellis St., Phone 734-W.

"X" Quantity Appears Again

On Friday, October 13, the 1950 Homecoming festivities will begin. Work has been started on the usual round of activities that characterize this yearly event. Candidates for Homecoming Queen have been chosen, organizations are formulating plans for their representative parade floats, and messages have been sent to the alums inviting them to return to CSTC and participate in the celebration. These occurrences, among others, have made it plain to the informed, and even some of the freshmen, that the time is near at hand.

Recently, during the past two weeks, something else has appeared on the scene, an ingredient that is a must for a successful Homecoming. This x quantity has put in sporadic appearances on our campus during the past four years, as the majority of the seniors will testify, but, like the groundhog, has always disappeared to await more advantageous conditions before arising again. It should be the duty and desire of every student to bring back to CSTC, and not merely as a temporary asset, this must for a successful Homecoming — school spirit.

A gradual re-awakening of school spirit was observed during the week that preceded the CSTC — LaCrosse football game. Further evidence that this nudging was not in vain was shown by the large number of CSTC students in attendance at this game.

The time has come to turn this nudge into a push, even a kick. Therefore, we ask the freshmen to dig into the effects they brought with them from their high schools and dig up the school spirit that is so often left behind. We request the sophomores, juniors and seniors to look back upon their previous semesters here and to re-awaken and enlarge upon the spirit they have shown at times. And lastly, we ask the alumni to bring with them, when they return, the spirit they carried away upon leaving CSTC.

And, in conclusion, we offer the following formula for a successful Homecoming and a school spirit that we hope will prevail throughout the year: Support your team, take an active interest in all school activities and be proud of your school.

VOTE!

Hand-in-hand with this year's Homecoming comes the annual student election of class officers and student council representatives. You, as students, are given the opportunity to decide upon your representatives in student government. Do not neglect this opportunity or you may find yourself in the position of the freshman, who although he neglected to cast his ballot when given the chance, saw fit to raise the question, "How did that jerk get into office?"

STUDENT ORGANIZATIONS

Young Republicans

The Young Republicans' first meeting of the year was opened by chairman Bertram Davies, who appointed John Cattanan temporary secretary. The first order of business was the election of new officers. Raymond Lecy was elected chairman, John Irvine vice-chairman, and Ferd Hirzy, secretary and treasurer.

Chairman Lecy then took over the meeting and appointed Robert Flint and Bertram Davies to the program committee. The purpose of this committee is to select speakers from the faculty and other sources to give club members a better understanding on current problems.

Davies then introduced Mr. David Heenan, who had come as his guest. The next meeting will be held on October 4, at 7:30, in room 115.

Gamma Delta

A joint business and social meeting of Gamma Delta was held on Thursday, September 28. President Gordon Fairbert introduced Vicar Bragdon Smith, who is in charge of St. Paul's Lutheran church in the absence of Reverend William Ludwig who accepted a call to Merrill, Wisconsin. Vicar Smith cordially invited all Lutheran students to Gamma Delta meetings and church services.

A future convention at Madison was discussed, along with other business.

The social hour was opened with a get acquainted game in which the object was to get as many names and addresses of other students as possible. This game was followed by shine, an orange passing game, and rhythm number game. The games were a lot of fun and contributed to a successful evening. The entertainment was planned by Ralph Storm, Betty Mehne, Louise Oelrich and Gale Parkinson.

The refreshments consisted of sandwiches, cookies and coffee. Serving on the refreshment committee were Eunice Rothweiler, Joyce Moll, Norma Mayer, Ardis Raaths and Helen Reinecke.

Chi Delta Rho

The members of Chi Delta Rho fraternity have selected Bev Barnes to be their candidate for Homecoming Queen. Maurice Mead was appointed to head the publicity for the campaign. The organization also made nominations for class officers at the last meeting.

Rural Life Club

At the Rural Life club meeting Monday night Mrs. Marjorie Kerst played the piano while Mrs. Evelyn Pleyer led the group in the singing of many favorite songs.

The meeting was called to order by the president, Don Schneiders. Plans for a fall picnic and a Halloween party were discussed. A float committee was appointed with the co-chairmen being Joseph Mayer and Mildred Draeger. Several ideas on floats were mentioned and discussed. After the meeting Faith Spencer and Mildred Atleson led group games. Betty Mehne danced the group in several square dances.

(See ORGANIZATIONS, page 4)

Miss Schrank Is United Airlines Stewardess

Central State graduate, Marjory Ann Schrank, is wearing the pert uniform of a United Airlines stewardess on the company's mainliner flights in and out of San Francisco. Miss Schrank, class of '49, has recently completed an intensive five weeks course at United's stewardess training school in Cheyenne, Wyoming.

While at CSTC, Marge majored in home economics. She was a member of Omega Mu Chi, the Home Ec club, and active in many of the school's extra-curricular activities. Following her graduation in June of 1949 she took a position as home economics teacher in Centuria, Wisconsin, but now has forsaken the teaching profession to join the ranks of this increasingly popular profession.

SLY LINES

In a recent serious discussion among men — concerning women — the advantages of being a male were being considered. Activities open to this so called "superior sex" were discussed at length. An opening for such a meeting might be — "Women don't think about men all the time, but they do, when they think!"

Concerning men and women — if any one knows of any engagements (the kind with rings and love, etc.) that have taken place during the summer, this column would appreciate being informed about them. A short note in the Pointer office would be deeply appreciated.

Hunting is getting to be quite popular among some students. This is referring to the use of a shotgun, in the search for partridge or prairie chickens. Some of the "sportsmen" haven't had a shot (they haven't fired a shell) this year. The birds still have a lot of "pretty" leaves to hide behind. Two wives were heard discussing the problem. Said one, "Oh, yes, they're going out again today, playing at hunting."

Mr. Harris was wondering what people think about the students running around on our front lawn, waving nets in the air. "And there are people who think psychologists are crazy," he said.

Heard in the halls — complaints of student teachers. "I think I'll try to teach 3rd and 4th grade when I graduate; those 6th graders are too smart for me."

In the library — still the same old question. "Can I have a book on reserve for American History, the blue one with the illustrations; or the brown one with that map that's good."

There is also a student called "Buick," because of the holes in his head. As Dean Steiner's famous quote goes, "He knew a lot, but he couldn't think of it!"

The first Pointer error of the current semester came to light recently. Our apologies to attractive Joan Cerney, record office secretary, who also served at the faculty reception.

Campus wit — After all, what good is happiness, it can't buy money!

Fall Setting Is Theme of Nelson Hall Open House

A centerpiece of cream and rust asters decorated the table for the annual fall tea and open house held at Nelson Hall on Sunday, October 1. The fall theme was further carried out on the bulletin boards which were decorated with leaves of many colors. As a favor, each guest was given a colored leaf on which he wrote his name.

Over 100 people attended and were served cookies, mints and punch in the living room of the dormitory. The guests were entertained by soloists Jean Keach and Nancy Goebel.

All of the rooms were open for inspection, and each guest was guided through the dorm by one of the dormites.

In the receiving line were Norma Mayer, vice-president; Mrs. Margaret Angel, director of the dorm; Betty Mehne, treasurer; Carol Corliss, Freshman representative; Muriel Neerhof, president; Beverly Tibbetts, supervisor of the recreation room; Eleanor Hummel, librarian; Lila Elmer, secretary; Winifred Pierre; and Marion Schwab, dining room supervisor. Those who poured for the occasion were Marion Schwab, Joyce Moll and Mona Byrne, all officers at the dorm.

Norma Mayer was chairman for the tea and open house. The chairmen of the committees were: Decoration, Helen Rienke; food, Winifred Pierre; invitations, Jeanette Holm; publicity and posters, Eleanor Curtis; entertainment, Joan Fehrenbach; hostesses, Nathalie Hoglund, Pat Rezin and Letitia Brunner.

Campus Buildings House-Cleaned and Remodeled During Summer

The campus buildings have really been given a thorough house-cleaning and remodeling during the summer months. Perhaps the greatest changes have been in the rooms occupied by the home economics division, but there have been changes made throughout the entire campus.

Because of the vacating of radio station WLBL in the Training school building, much needed room space has been given to the grades. Efforts to interest students in the elementary fields have been so successful that the increase has called for more room space and added teaching facilities.

A new and larger kindergarten has been established on the first floor by combining two smaller rooms into one large room; a third room is used as a work room. To give it the requirements of a modern kindergarten, bulletin boards, cupboards and extra storage space have been built.

First Grade Moved

The first grade has been moved from the second to the first floor, into the old kindergarten room. The change provides two more adjoining rooms, which were not available before, for use by the first grade supervisor for training purposes.

The second and third grades have kept their location on the second floor but they each have two more adjoining rooms which are necessary for the increased number of practice teachers.

The fourth, fifth and sixth grades have had similar changes to provide greater room space and extra facilities. The fourth and fifth grades each will also be assigned two more adjoining rooms to be used for training purposes. The sixth grade, which has been moved to the third floor, also has two additional rooms.

WLBL Studios Altered

A new school has been organized for the rural division in the west half of the Training school formerly occupied by radio station WLBL. Partitions have been removed to make a sizeable classroom. Rooms that were previously studios are being used as a workroom and as training rooms. The new school will give all rural practice teachers training only in the rural schools beginning this fall. Previously rural division students have received half their training in the Demonstration school and half in the Training school. The large studio room on the first floor, will be used as a music room because of the acoustical treatment adaptable for this purpose.

Rooms and offices of the Training school have been painted. New seats were installed in the fifth grade room and the junior high school assembly was equipped with new metal chairs.

Nelson Hall Glamorized

Nelson Hall, the girls' dormitory, has been given a new touch of glamour. The walls of the lobby, director's office, smoker, library and living room have been given a new

New Religious Group Organized on Campus

Another religious group has joined the ranks of the fellowship organizations here on the campus. The first meeting of the members of the Evangelical and Reformed church was held Thursday, September 28 at the parsonage of the Peace Evangelical and Reformed church. At present, a name has not been chosen for the club.

David Heenan was present at the meeting as a faculty adviser. The following officers were elected: President, Wyman Schmidt; vice-president, Alice Tauchin; secretary-treasurer, Marilyn Schilling.

The business meeting was followed by recreation and refreshments.

The next meeting will be held at 7:30 p.m. at the Peace church on October 12. Any student who is interested is cordially invited to attend.

coat of grey paint; new drapes have been added to the living room and new furniture and floor lamps are expected for the living room in the near future. Name plates have been attached to the doors of each room to make identification of its occupants easily discernible. The remaining rooms on the second floor and all but the seven single rooms and the back stairway have been tiled.

Much redecorating has been done in the college itself. Offices and class rooms were painted as well as some of the halls. The most extensive remodeling has been done in the home economics department. The home ec food laboratory, room 164, has been entirely equipped with four complete kitchen areas each provided with cupboards, sinks, and a stove. The room has been painted a light pink with a plastic glaze covering the lower portion of the room, giving it a two tone effect. The laboratory also has a new tile floor, a new refrigerator and a new laundry room. The room was completely redone as a change from the old unit plan of teaching, thereby calling for different sized equipment. Much new individual equipment, aluminum ware and dishes have been ordered.

"Family Kitchen" Remodeled

The old "family kitchen," now called the small laboratory, has been equipped with two electric stoves, each of them having an extra oven. New cabinets with yellow plastic tops have been installed and the floor has been given a coating of green lino tile.

The home economics parlor has a new rose colored carpet and new drapes that were made by the girls in the home economics division under the supervision of Miss Bessie Mae Allen. The walls of the room have also been painted a light grey to match the color in the draperies. New furniture and floor lamps are expected for the parlors.

The west end of the rural assembly has been converted into a comfortable living room by adding a carpet, drapes, a couch, and new modern wooden tables and chairs. The student lounge also has new drapes, and the geography office has been completely rearranged and redecorated.

Dolores Laszewski Is New Office Secretary

Dolores Laszewski, the new office secretary, is a young woman who successfully manages both a career and a home. Her husband is Charles Laszewski, a graduate of the University of Wisconsin, who is now taking his teaching credits at CSTC with a view toward teaching high school science courses.

Observing Mrs. Laszewski's pert business-like manner and her pleasant, but equally business-like smile, one finds it difficult to imagine her amid stacks of pots and pans in the kitchen. But those things she enjoys doing most are definitely of a domestic nature. She lists her favorite pastimes as cooking, sewing and knitting.

Mrs. Laszewski is 22 years old and a native of Sauk City. She was employed at the University of Wisconsin before coming here.

Mrs. Laszewski and her husband are presently living in Whiting village.

Pointers To Play Host To Whitewater Monday Night

Monday night the CSTC Pointers take on their second conference foe, the Whitewater Quakers, in a game scheduled for 8 p.m. at Goerke Field. This will be the second conference game for the Pointers, who suffered a setback at the hands of LaCrosse last Friday night in the curtain raiser.

Besides being the first home game for the local eleven it will also be Dad's Night at the ball park with the fathers being honored. It is also "suit-case students" night, a chance for all CSTC week-end wanderers to see the team in action. There should be a packed stadium for the first home game.

The game should be a dandy too. Whitewater opened their season by nudging Platteville 13-7 last week and will be out to pick up another win Monday. The Quakers boast a fine aerial combination of Bailey to Ryes. This combo clicked for both of Whitewater's TD's against Platteville. Their running attack is no slouch either, so the Pointer defense men will have to be on their toes Monday.

Coach Hale Quandt has been drilling his charges hard all week and

the team will be out there to atone for that setback at LaCrosse. One game doesn't make a season and with the teams as evenly matched as they are, the LaCrosse outfit could very easily be tipped, so the Pointers aren't out of the title race yet.

(Editor's Note: It was felt that no finer eulogy could be expressed than by those who knew Mr. Berg best. Accordingly, the following was written by fellows who had played and worked under him.)

Dear Coach Berg,

We wish to express our thanks for everything that you did for us. We, who had the opportunity to play under you, knew you and sincerely appreciated you. We knew how hard you worked at everything you did and how often you would go out of your way to help us. You put timeless effort into a program of intramurals that took more time away from your family than should have. You took care of the coke machine, so that, through its revenue, we could have a broader program of intramurals. Often you would spend more time and effort with us physical education minors than need be. Anything we ever needed or wanted you had for us. Thanks a million times for everything, Coach.

Your Boys.

FIFTH QUARTER

Quoting the LaCrosse Racquet of last week: "A mythical play-off of conference co-champions will take place at Memorial Field tomorrow night when the high powered Pointers from Central State invade the hometown to test the power of the Indians," etc.

The Racquet pre-game write up continued, "Stevens Point Coach Hale Quandt has a veteran-laden aggregation to throw out at the Indians. Heading the attack is Wally Samelstad. He is ably supported by a formidable line led by Gene Fick and Dick Lorenzen. Both these vets tower over six feet." Need we say that Sammy and Dick were nursing injuries and did not make the trip? Or that Fick is not in school?

Between halves of the LaCrosse-Pointer game we saw an eight-lap preview of the Ped Cross Country team. They figure to cop conference honors again with four lettermen back and some very promising freshmen. Point is not participating in Cross Country this year, because of the absence of Coach Frank Crow.

Gene, "Tex" Polzin, veteran basketball player, left Wednesday for Milwaukee where he will take his physical exam for the army.

Ken Kulick said that the Pep Rally at Nelson Hall last Thursday night was the biggest thing that ever happened to him in four years at CSTC football. Let's all keep shaking off our years of ivy-covered enthusiasm and support the squad the remainder of the season.

Did you see Department

West Liberty college West Virginia, beat California (Pa.) 13-0. To the best of our knowledge West Liberty's last defeat was administered sometime before the Prohibition Era. The Pointers play the Virginians on November 11 out there.

Three of A Kind, Duces Wild — Madison's latest contribution to the CSTC football squad comes in the form of three backfield men, Joe Cartagena, Bob Morgan and Roy Graham.

Joe led East to an undefeated season in Big 8 competition last year. His biggest thrill came against East's arch rivals, West, as he scored three touchdowns. His hard work earned

College Bowling Teams Begin League Schedule

STANDINGS

	W	L
Phi Sigs	3	0
Brunswick	3	0
Don's Coney Island	2	1
Alpha Kappa Lambda	2	1
Knudson's Market	1	2
Recreation Restaurant	1	2
Campus Cafe	0	3
Chi Deltas	0	3

Gib Chick took top honors as the college bowling leagues swung into action last Wednesday evening. Gib blasted a 614 series and a 233 single game, both of which topped the honor counts. John Christian's 214 and J. Berkholm's 211 won single game honors, while Don Larson's 527, John Christian's 521, and Frank Schmieder's 505 took runner up honors in the series class.

The Phi Sigs had the best single game total with a 935 count, while Don's Coney Island won three game honors by topping 2483 pins.

him an All-City berth and also a place on the All-Conference second team. Joe's talents are not only confined to the turf because he's busy in the spring running dashes for the track squad.

Bob Morgan not only plays his half back spot well but contributed to East's basketball and baseball squad. One of Bob's big days came in the state baseball tournament when he hit four home runs in a doubleheader. Encouraged by his baseball feats Bob tried out with the Dallas farm system.

Roy plays defensive halfback and offensive fullback for Coach Quandt's footballers. One of his biggest thrills came when he was captain for the East-West game. Roy, like Joe, is also a track man. When the "dangerous trio" was asked about college life, they unanimously agreed they prefer small college life, and in the same breath Bob and Joe let it be known they're looking for homecoming dates.

"The Last Date" Shows Dangers of Fast Driving

Are you one of those teen-age drivers whose main object behind the wheel is to go faster than the other fellow and take as many chances as possible? If so, seeing the movie "The Last Date," on Friday, September 22, probably helped you change your mind — or did it? Perhaps you weren't among the large audience that saw it in the CSTC auditorium during the regular assembly hour.

The purpose of the movie was to portray in a dramatic manner the tragedy that may result from smart alec driving. Of course, no one is going to be involved in a fatal accident every time he starts showing off at the wheel. That chance, the movie showed, however, is always present.

"The Last Date" portrayed the tragic story of Jean, whose entire future was darkened because she went on a "15 minute drive around the lake" with Nick. They never made it. Nick, in his eagerness to show that he could drive better and faster than anyone else, passed a car on a curve and smashed into the car that he didn't see. As a result, Nick and the people in the other car were killed. Jean was spared but her face was badly disfigured.

Perhaps "The Last Date" wasn't the best movie ever produced. However, if scenes from the movie appear in the minds of a few of those who saw it when they are tempted to show off, its producers believe that it will have served the purpose for which it was intended.

A GIFT FOR EVERY DAY of the Year

STEVENS POINT DAILY JOURNAL

114 North Third street Phone 2000

Tom Curry Spurs LaCrosse to 29-13 Victory Over Pointers

The spectre of Tom Curry — or was it a spectre — returned to haunt the Pointers at LaCrosse's Memorial Field last Friday night, September 29. Twisting away without interference, and following beautifully when he had it, Curry all but licked the Pointers singlehandedly. The score, 29 to 13, wasn't close, but everything else was.

CSTC outdowned the Indians 10 to 9, were outroughed 93 yards, but excelled in passing 81 yards to the Indian's 44. It was close statistically.

Aside from Curry, trouble came on 5 Pointer fumbles, 3 of which LaCrosse recovered. The first miscue occurred in the opening minute of play with LaCrosse recovering on the Pointer 22. It led directly to an Indian touchdown with the game 2 minutes old.

Midway through the first quarter Curry took a pitchout on CSTC's 45 and swept to the 19. When the officials ruled he had been treated roughly on the play, the ball was moved 15 yards further, to the Pointer 4. Curry carried it over and Knispel's conversion made it 13-0.

From here until halftime CSTC outfought and outplayed LaCrosse, but the Pointers' only drive fizzled on the Indian 21 after Joey Castagna had spurted 25 yards to set it up. The half ended 13 to 0 against CSTC in spite of the fact the Pointers had held LaCrosse to only one first down.

On the first play after the opening kick-off of the second half Pointers fumbled and recovered its own fumble in the end zone. This gave the Indians a safety and brought the count to 15-0, forcing the Pointers to kick-off from their own 20. LaCrosse scored twice more before CSTC's impotent offense got rolling.

Jack Leichtenberg's flip to end Dave Bliese broke the ice for CSTC in the 4th quarter. The play covered 46 yards as Bliese got behind the Indian secondary and was forced to back up to catch the ball. Purchaltzke, of CSTC, carried most of the leather from the 19 to the goal line on some hard running. Kulick failed to convert after a five yard penalty had nullified his first try.

Point scored again after Bud English intercepted a pass and returned it 25 yards to the LaCrosse 46. From here English and Purchaltzke alternated to pay dirt, English finally carrying it over. Nubbs Miller converted for CSTC and the game ended 29-13.

Never was there more spirited support than was shown to the Pointers at Memorial Field. About 100 fans trekked over for the game, 30 in a chartered bus, and the rest by thumb, on horseback and by auto. Aided by a whirring siren and peppy cheerleading, they stuck with the Pointers to the final gun. Their loyalty, like the Pointer's play in the face of bad breaks augured well for the future of football here at CSTC.

Touch Football Starts

Activity in the touch football league will begin this week. All games will be played in the Goerke park athletic field behind the P. J. Jacobs High school. Team captains and all players are urged to watch the bulletin board in front of the athletic office for game times and schedules.

The tennis tournament will move into action the latter part of this week or the first part of the next.

The deadline for registration is today, Thursday.

Student Club University of Miami Coral Gables, Fla.

The Miami Hurricane Law Building Plans Revealed

Meeting the gang to discuss a quiz — a date with the campus queen — or just killing time between classes — the University of Miami Student Club is one of the favorite places for a rendezvous. At the Student Club, as in university campus haunts everywhere, a frosty bottle of Coca-Cola is always on hand for the pause that refreshes — Coke belongs.

"Pomp and Chivalry" Lead Marching Faculty

At the annual convocation held Friday, September 29, the faculty marched into the auditorium to the strains of "Pomp and Chivalry" played by the college band under the direction of Peter J. Micheisen. The student body was impressed by the display of the various academic gowns worn by their instructors, gowns which represented the bachelor's, master's and doctor's degrees. Each student was handed a paper containing the history and symbolism of the caps and gowns.

President William C. Hansen gave an address in which he challenged the students not to save the world, but to keep the world so that it is good enough to be worth saving. He impressed the students with the fact that they have many opportunities in college to learn how to be good citizens.

A sextette, Julie Dean, Joan Fehrenbach, Gretchen Holstein, Suzanne Swanke, Muriel Held, and Nancy Goebel, accompanied at the piano by Frank Wesley, sang "If I Could Tell You" and "The Night Will Never Stay." The band then played the "Overture Royale." The faculty formed a recessional line, leaving the auditorium, as the band played "March Royale."

ORGANIZATIONS

(Continued from page 2)

Phi Sigma Epsilon

The lull before the homecoming storm has a pacifying effect on the Phi Sig House — cuddled in obscure corners our draft age inmates are shaking with patriotism. Howie Kumbier has been encouraging enlistments in the local National Guard unit. Upon investigation we found that Brother Kumbier was striving for a prize for bringing in the most recruits. He's taken so many down the river we call him "Showboat."

Primary Council

Miss Susan Colman spoke to the members of the Primary Council at the first business meeting of the year, which was held on Monday evening, October 2, in the Training School assembly room. The meeting was presided over by Beverly Berg, president of the Council.

Newman Club

Newman club members held their first group communion last Tuesday morning at St. Stanislaus church. It is planned to have more of these during the year.

A large crowd was on hand at the regular meeting, which was held in the rural assembly last Thursday, to hear the tale of adventure related by the three travelers, Andy Redmann, Norris Lindquist and Jim Hyer. The audience enjoyed the account and after the discussion picture postcards were examined. During the business meeting, President

Chet Polka appointed Lucien Roy as vice-president to fill the vacancy created when George Zukowski did not return to school. Following the meeting dancing was enjoyed by the members.

Fellowship Group

The second meeting of the Presbyterian College Fellowship group was held Thursday evening, September 28, in the Presbyterian church. Proceedings were begun by Reverend Bertram Davies. Edythe Anderson was in charge of discussion, Ross Papka had charge of the business meeting and recreation, and Bill Clayton conducted the worship service. Eleanor Curtis and Shirley Landt made up the food committee.

The following officers were elected: President, Elbridge Curtis; vice-president, Barbara Bea; secretary-treasurer, Bill Clayton; faith and life, Edith Anderson; fellowship, Ross Papka; stewardship, Joyce Zellinger; outreach, Rae Guenther; foods chairman, Eleanor Curtis.

Social Studies Club

The Social Studies club will hold its first business meeting Wednesday, October 9, in room 106. At this time a vice-president will be elected and various committees will be chosen.

Alpha Kappa Lambda

The regular meeting of Alpha Kappa Lambda was held on Wednesday evening, September 27. Committees for the annual Homecoming proceedings were appointed. Molly Knope was chosen to represent Alpha Kappa Lambda in the Homecoming Queen election.

Training School Starts New Hot Lunch Program

A new hot lunch program has been started for 125 children at the training school, Dr. Raymond E. Gotham has announced. This class-A lunch, a full meal and a half pint of milk for each child, has been provided for children who normally bring their lunch to school. It is furnished at a cost of 20 cents a day per-child. The government assists through surplus commodities and a seven cent cash reimbursement for all those who take milk and six cents for those who do not.

A full time cook, Mrs. Steve Skalski, has been employed and the supervision is done by the Training school staff and practice teachers. The program thus provides training for home economics students and student teachers in preparation and supervision of hot lunch programs and it provides nutritious meals for the children. The kitchen will also be used to serve meals to visiting groups who will meet at the Training school during the course of the year.

Housemothers of CSTC co-eds and their house presidents were guests of Mrs. Elizabeth Pfiffner, dean of women, and the WSGA at a fall tea in the Home Economics parlors last Thursday. Preceding the tea, the housemothers had a meeting in room 160 and discussed common problems with Mrs. Pfiffner.

Glenna Clark presided at the tea table, in the Home Economics dining room. Assisting Mrs. Pfiffner in arrangements for the tea were Margaret Jones, Ann Elsen, Margaret
