No. 5

Classes Will Be Suspended for Milwaukee Teachers Convention

CSTC will close next Thursday and Friday so that the faculty can attend the annual Wisconsin Education convention in Milwaukee. The scene of the convention will be the newly built civic auditorium, the Arena. The availability of this building makes it possible for all the teachers to assemble under one roof for a general session in the morning.

President Winston Brown has announced five of the main speakers for the morning sessions. John H. Furbay, who directs the global Air World Education program of TWA, will present an international topic on world understanding and cooperation. His many travels and acquaintances should make him well qualified to speak on this topic.

An outstanding Badger who is nationally known in the field of educational progress, Dr. John A. Schindler, will speak to the teachers. Dr. Schindler, from the Monroe Clinic, gained fame when he spoke to a Farm and Home Week audience at the University of Wisconsin on "How to Live a Hundred Years Happily." Another of the speakers, Dorothy Thompson, a leading woman journalist, will be one of the most outstanding speakers at the convention. Miss Thompson, whose career as a foreign correspondent is well known, will speak at the Friday morning session.

To acquaint the teachers with the latest world organization, Harrison Wood, a well known Mutual Broadcasting system commentator, will speak. He covers all meetings of the United Nations security council and general assembly.

Jesse Stuart, novelist and poet, who at one time spoke at our own CSTC, is the last, but not least, speaker announced by President Brown. Mr. Stuart's stories of his home and people have established him as a leading novelist, and have gained for him the name of "the American Robert Burns."

Longines Symphonette Will Appear in Emerson Auditorium, November 29

On Wednesday, November 29, CSTC will present the biggest assembly of the year. Featuring the Longines Symphonette of radio fame, this program will be held in the Emerson school auditorium at 8 p.m.

The Longines Symphonette had its premier broadcast over radio station WEAF in New York in 1941.

A recent issue of Quick magazine said: "While other sponsors eyed video, the Longines-Wittnauer Watch company re-affirmed its belief in radio, devoted a record amount of attention to its Longines Symphonette, one of radio's oldest semi-classical music programs, now reaching a tremendous U. S. listenership through three of the top networks. Its tailoring of serious music to popular tastes under Mischel Piastro's baton is now heard over CBS on Sunday at 2:30 p.m. EST; ABC, Monday-Friday at 10:35 p.m. EST; NBC, Monday-Friday, 7 p.m. EST."

Organizing Rifle Club

The College Rifle club is again being organized. Membership will be \$1.00 per year and shooting practice will be held on Thursday nights in the basement of P. J. Jacobs High school. Anyone who is interested should contact Ray Sommers, Richard Bruha, Rawley Young or Rich Johnson.

Greeks Will Hold Dinners and Pan-Hell Dance Saturday Night

CRACKING UP? No, there is still hope that these artistic pledges may pull out of it in time to assume an active's status at the Greek initiation Saturday night. Chuck Hodgson, Chi Delta Rho; Lorna Krueger, Tau Gamma Beta; Ruth Schain, Omega Mu Chi; and Robert McMahon, Phi Sigma Epsilon, pictured from left to right, did not pose for this picture of their own free will.

The Greek fraternities and sororities will conduct initiation ceremonies and dinners prior to the Pan-Hell dance this Saturday night. The dance will be held in the Training school gym from 9 to 1 o'clock.

Omega Mu Chi sorority will have a steak dinner at the Sunrise Cafe starting at 6:30. A formal initiation ceremony will be held just before the dinner. Miss Susan Colman and Miss Harriet Wright will be special guests.

Members of Tau Gamma Beta sorority are eagerly awaiting a chicken dinner at the Cartwright Hotel, which will also start at 6:30. Guests at the dinner will include Mrs. Edgar F. Pierson, Mrs. Marjorie Kerst and Miss Gladys Van Arsdale. The initiation ceremony will be held at 6 o'clock in the dorm recreation room.

The Phi Sigma Epsilon dinner will be at the Antlers and will start at 7:30. This will be preceded by an initiation ceremony held in the fraternity house. Invited guests include Fred A. Kreppe, Dr. Edgar F. Pierson and Dean Herbert R. Steiner.

The Chi Delta Rho banquet will be held at the Cartwright Hotel immediately following the initiation, which will begin at 6:30. Faculty advisors who have been invited are Dr. Harold M. Tolo, James R. Hicks, Gilbert W. Faust, Norman E. Knutzen and Raymond M. Rightsell. Other guests will be Dr. Raymond E. Gotham, Burdette Eagon and Kenneth W. Boylan.

Following their respective dinners and initiations the Greeks and their guests will go to the Training School gymnasium to dance to the music of Cliff Hoene and his orchestra. Chaperones for the dance will be Dr. and Mrs. Gotham and Dr. and Mrs. Pierson. The dance is open only to fraternity and sorority members and their guests.

No Pointer Next Week

Because there will be no school on Thursday and Friday, November 2 and 3, the next Pointer will be published on Thursday, November 9.

Faculty and Students Invited to Attend Program of Music Clinic

Peter J. Michelsen, chairman of the Wisconsin Adjudication Clinic and Workshop, has announced the program which is to be held here in the auditorium, Friday, October 27. The purpose of this clinic is to instruct students in judging solos, ensembles, bands, orchestras, and choruses. Mr. Michelsen has urged band masters who plan to attend to bring along students so that they may hear some good, sound criticism. All faculty and students are invited to sit in during the sessions.

The following program has been planned.

9:45 Introduction of Project — Emmett Sarig. Basic Principles of Adjudication — Dr. Charles O'Neil.

10:20 Wausau High School Orchestra — K. R. N. Grill, Director.

10:45 Nekoosa High School Band — Howard Schuren, Director.

11:10 Adjudication Comments and Discussion.

1:15 Waupaca High School Girl's Glee Club — Miss Mary Louise Hansen, Director.

Clintonville High School Mixed Chorus — Robert Parttridge, Director.

Tigerton High School Boy's Glee Club — Miss Rita Schlenger, Director.

2:00 Adjudication Comments and Discussion.

2:30 Clarinet solo, Stevens Point; flute solo, Antigo; oboe solo, Marshfield; violin solo, Wisconsin.

(See MUSIC CLINIC, page 4)

Miss Hrasdilova Will Speak at WSGA Banquet

Miss Jirina Hrasdilova, a student at Ripon college, will be the principal speaker at the annual WSGA banquet to be held at Nelson Hall on Wednesday evening, November 15. Miss Hrasdilova, who is an exchange student from Czechoslovakia, is in her second year at Ripon. Last year she spoke at one of CSTC's assemblies on life in Czechoslovakia. Her topic for the WSGA banquet will be "Impressions of America."

Co-chairmen of the banquet are Janice Gruen and Eleanor Curtis. Head of the publicity department is Ilse Hirzy, and Jean Dobeck is head of the program committee. Dolores Newhall and Marlene Hattble are in charge of the tickets.

The price for each ticket will be \$1.25; however, the dorm girls will have lower rates. Tickets will be on sale after the teachers' convention and all co-eds and women faculty members may get them at that time.

Stevens Point Civic Music Club Announces Special Student Rates

The Stevens Point Civic Music campaign, which is on again for this week only, has announced a special rate for students of only \$3.00 for a season ticket. This ticket entitles the bearer to attend four or five concerts of top-notch quality during the school year. Regular membership is \$6.00 but special rates are being offered to students.

Those who purchase tickets will also be given a ballot on which they may indicate the specific type of program they wish to hear. Famous artists such as Marion Bell, Louis Kaufmann, and Brian Sullivan have all appeared here on this concert series and an even better program is promised for this season.

The campaign ends October 28. If you are interested contact Gilbert W. Faust, Gretchen Holstein, Nancie Goebel, Barbara Bea, Frank Wesley or Bertram Davies.

Men's Glee Club Will Celebrate Birthday Soon

The Men's Glee club has begun plans for a birthday party November 11, 12, and 13, when its fifteenth anniversary is being celebrated.

On Saturday, November 11, at 2:30 p.m. there will be a rehearsal and get-together for the men, and at the same time a tea for their sweethearts and wives. A dinner will be held at 6 p.m. in St. Peter's auditorium. Edward J. Plank, Stevens Point, will be master of ceremonies for a short program. At 8:30 p.m. (See GLEE CLUB, page 4)

President Hansen Nominates Bill Koch for NAM Award

Bill Koch, of Wausau, a senior in the secondary division, has been nominated by President William C. Hansen, as CSTC's candidate for the National Association of Manufacturers' award, which is granted to one college student from each of the 48 states. The award consists of a trip (with all expenses paid) to the National Association of Manufacturers convention, being held in New York City sometime in December.

Last year's state winner was a student from Oshkosh Teachers college.

The final selection for Wisconsin will be made by the state representative of the NAM, who will choose from candidates nominated by all Wisconsin colleges.

The selection by President Hansen was made on the basis of scholarship, extra-curricular activities, and leadership from a list of eight CSTC upperclassmen submitted to the president by the dean of men and the dean of women. The choice was a difficult one to make from the group of outstanding candidates submitted. Besides Koch, Robert Bestul, Rudolph Horn, Bill Joanis, Gretchen Holstein, Virginia Gmeiner, Betty Mehnke and Roberta Henderson were also con-

sidered for the CSTC nomination. Bill has maintained a high scholastic average in his three years at Central State and has been active in such extra-curricular activities as the "S" club and Men's Glee club. He plays end on CSTC's football team and was on the track team last year.

250 People Attend Inter-Faith Party

Approximately 250 people played games and danced at the Inter-Faith "Harvest-Time" party held in the Training school gym on Thursday evening, October 19.

The cornshocks and pumpkins displayed around the gym gave a definite harvest atmosphere to the party. The theme was further carried out by the dividing of the group into Indian tribes. Each tribe conducted its own war dances complete with yells and whoops. The tribe giving the best version of a true war dance won the contest. Phyllis Broten was chosen tribe beauty. After several heads had been measured, George Hosenase was chosen greatest tribe thinker. Hunt-

Lewis.

Such Is LIFE - - -

To the editors of LIFE;
 Attention "Mr. Sperry":

It is our opinion that the editors of an unbiased and open-minded publication, such as LIFE has professed to be, should strive to present fairly both sides of controversial issues. The anonymously aimed slam at teachers' colleges in your October 16 issue, "U. S. Schools," has shown us that this is not always the case.

In all probability many of the unsatisfactory conditions existing in teacher training institutes, as depicted by "John William Sperry," are true. It may have been the purpose of the author to arouse the ire and indignation of LIFE readers to a point where something may be done to remedy existing conditions. We feel, though, that the average reader will be left with only one impression after reading this article. What other conclusion can the reader make when he is told in many specific ways of the evils and shortcomings of these institutions and only sparingly informed that there may be a brighter side to the story?

It would be interesting to know just how many of the approximately 150 teachers' colleges the author actually visited before condemning our "scorned and neglected colleges."

We feel that in all fairness the readers of LIFE should be given an opportunity to balance the bad and the good and to draw their own conclusions. For this reason we extend an invitation to "Mr. Sperry" and the editors of LIFE to visit Central State Teachers College or, for that matter, any of our state teachers' colleges. We invite you to examine our facilities, talk with our students and attend our classes. We feel that you will then be able to tell your readers that there is some hope for tomorrow's children.

The author of "Who Teaches the Teachers?" neglected to sign his real name to his slap at the teaching profession, giving as a reason "other educational projects." We, who hope to make teaching our life's work and who are constantly engaged in educational projects, have no such qualms.

Fred H. LaLeike
 Richard G. Francis
 Raymond W. Venn

STUDENT ORGANIZATIONS

Omega Mu Chi

The pledges of Omega Mu Chi sorority gave a tea for their patronesses, honorary members, advisers and special guests in the Nelson Hall living room from 3:30 to 5 o'clock on Tuesday afternoon, October 24. Helen LaLeike, president of the sorority, poured. Pledges are Ruth Schein, Ardis Raaths and Sally Connor.

Wesley Foundation

Approximately 125 students from colleges all over Wisconsin met at St. Paul's Methodist church, Stevens Point, for the annual fall convention of the state Methodist Student Movement on Friday and Saturday, October 20 and 21. The conference, whose theme was "Students in God's Workshop," was sponsored by the Wesley Foundation of CSTC. The different schools represented at the rally were: The University of Wisconsin, Marquette university, Milwaukee School of Engineering, Stout Institute, Lawrence college, Beloit college, and the nine state teachers colleges.

Hoover Rupert, of Nashville, Tennessee, the former director of the department of youth of the Methodist church, was the major speaker. He addressed the group on the subject of the students' part in a world community. Workshops which the delegates attended were worship, program, personal religious life, recreation, and world and community friendship. Housing for visiting students was furnished in homes of local people.

Alpha Kappa Lambda

At the regular meeting held Wednesday evening, October 25, Alpha Kappa Lambda members discussed preliminary plans for their annual venison dinner which will be held Thursday, December 7.

Cleaning the school's stuffed bird and animal collection as a club project was also discussed.

Tau Gamma Beta

The pledges of Tau Gamma Beta

sorority entertained their advisers, honorary members and patronesses on Monday night at a social hour in the home economics parlor. The pink and blue pledging theme was carried out in mums for the center piece of the serving table and as favors for the guests. After a social hour of visiting and getting acquainted, coffee and cookies were served.

Postponed

The band concert scheduled for today has been postponed because of the Music Clinic here on Friday.

Letter to the Editor

Editor, The Pointer:

We have enjoyed the Pointer here at Marshfield High school immensely! (Especially me!) Our Exchange department will be supplying you with future copies of our Tiger Tales with hopes that it can supply you with some information about some of the brothers and sisters of students at CSTC and also some idea of what the teaching alums here at Marshfield are doing.

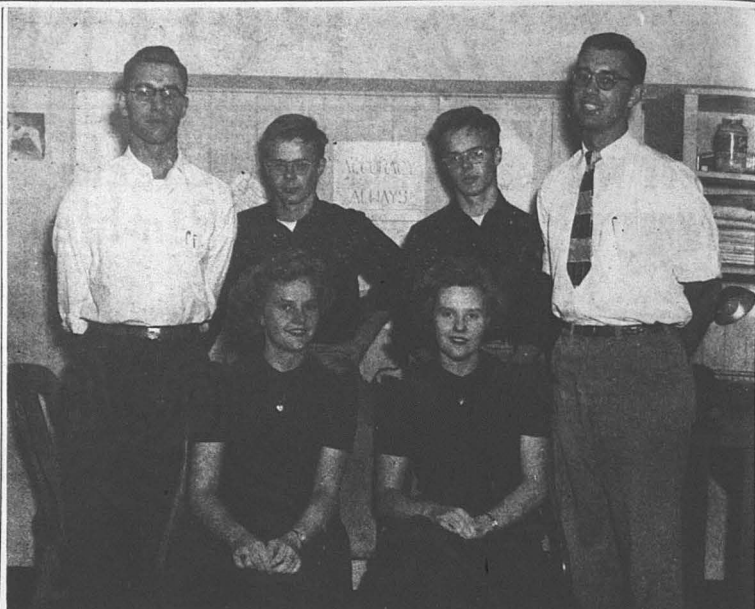

If you have any suggestions or criticisms, we would be more than happy to receive them. Just a post card filled with sweetened venom would be just the thing to show our staff that they do have some areas in which improvement could be made. You will notice that there are many such areas!

Cheers on the Homecoming edition. It was a honey!

Jean Walker, Adviser
 Marshfield High School

ATTENTION, TRIGON

There will be no meeting Thursday night, October 26. The next meeting will be November 9 and it will be a Thanksgiving Party.

WHICH ONE HAS THE TONI? Pictured here by the camera of Dick Francis are three sets of twins attending CSTC. Seated in the front we have (from left right) Joan and Jean Mews (we think). In the back are Dick Bruha, Gene and Bob Paulson and John Bruha. (We hope you'll excuse us if we've made a mistake.)

S L Y ★ L I N E S

The humor in this particular section has been a little on the corny side — and several of the campus wits (nit) have offered their help. Any joke that makes a hit will be appreciated.

It is said that every dog has his day, but when he hurts his tail, he has a week (weak) end.

Speaking of weekends — next week, October 28, will be the date for the marriage of a former Pointer, Donald Yahr. He will marry Miss Barbara Vostomic of Shawano.

Blessed Events — last week, Mrs. C. Fisher, the former Marion Drewson, gave birth to a daughter — 7 lbs. 7 oz.

Mr. Schmeckle is now a grandpa, as a son was born to Mr. and Mrs. Don Schmeckle on October 21.

And an engagement — Isaac Lerer has announced his engagement to Rosalie Dudovitz of St. Paul, Minnesota. She is a student at the University of Minnesota.

A former student, Ned Tierney, is now in Great Lakes, Illinois, in the U. S. Navy.

Miss Frieda Schluter, social studies supervisor last year in the Junior High at the Training school, is now teaching in an elementary school in Ventura, California.

Miss Elsie Grime, kindergarten supervisor in the Training school last year, is now teaching kindergarten in St. Paul.

Overheard in geography class — Mr. Specht complaining about students' handwriting. "The instructors have to read in English; why do the students write in Polish?"

Andy Redmann — "Who murdered the most chickens?"

Hobo King — "I don't know."

A. R. — "Hamlet — he did murder most foul!"

That foul joke (eh, eh) reminds one of the definitions of tact. Tact is the art of making your guests feel at home, when you wish they were.

Kissing is just so much chemistry. It has to do with a craving for salt.

The cave man found that salt helped cool him off in the summer heat. He found, too, that he could get salt by licking his neighbor's cheek.

It was then discovered that the process was more interesting if the neighbor was of the opposite sex.

Then everybody forgot about salt.

Seeing Double?

Three Sets of Twins Attend CSTC

With due respect to the fact that Homecoming has just been completed and the school is in the midst of pledging, it's only fair that things should be seen in doubles, to further confuse and confound. The causes for this are three — the Mews, the Paulson and the Bruha twins.

Brief interviews reveal that in general the situations are similar in two of the sets. All three are identical; however the Bruha boys differ from the others quite a bit. They claim they merely tolerate each other, while the other two feel that they have no better friends than the other twin.

John and Dick Bruha, sophomores from Weyauwega, were the first twins to be born in the New London Community hospital. They room together at 902 Normal avenue. Both like sports, but John is also very fond of music.

Twins Disagree

Dick, however, doesn't share his brother's fondness. "He makes so darn much racket," he says, "pounding that piano day and night, we nearly go nuts!" John says simply, "He's crazy."

Dick will major in biology, with an eye toward biochemistry. John plans on teaching mathematics and general science. Each is doubtful that the other will make it.

Joan and Jean Mews, from Wau-pun, are in two year rural, have the

same schedule, hope to teach together, and show no sign of getting bored. They dress alike, as do the Paulson twins. And the Bruha boys? "Ach, no!" they chorus.

Wear Same Formals

"We wear the same formals (No, they don't have the same date!), and almost always go out in a foursome," said Jean. Their sister, Carol Mews, Klinger, graduated from CSTC last year. The Paulsons and the Bruhas are the only children in their families.

Gene and Bob Paulson of Rhinelander are freshmen in Junior college and plan to become dentists. They intend to stay here for two years and then go either to Marquette or Minnesota. The final decision might well be made by Bob, who is slightly heavier than his brother.

The similarity between twins has always popularly been held a source of endless confusion. Jean Mews would agree to that. "Once my boy friend visited five minutes or so with Joan before he found out his mistake," she chuckled. Their grades were even switched on one occasion. John and Dick Bruha are careful not to be taken for each other; such a thing to them would be a great insult. The Paulson brothers, however, have carried this matter to an extreme. Their glasses are ground in the same way and to the same degree.

FAMILIAR FACES

Tall bespectacled Lloyd Arthur Peterson is a very familiar figure on the CSTC campus. Wherever you find Lloyd there is a friendly, jovial atmosphere. Very few students have ever seen "Pete," as his many friends call him, angry.

"Pete" was born in Wausau, July 8, 1928. He received his primary and intermediate schooling in Schofield and attended the Wausau High school. He is a Senior here in the secondary division and will graduate next spring with a mathematics major and physics and history minors. He is now having practice teaching in science at the Training school.

Upon graduation he hopes to receive a placement on the mathematics staff of some high school, but his future depends on Uncle Sam. You, see, Pete's number was drawn from the hat and he has taken and passed his physical examination already.

Most of you already know that "Pete" was victorious in the senior

class election and has now seated himself in the capacity of president. He is also active in Chi Delta Rho fraternity, holding the office of vice-president and being the Pan-Hellenic representative.

He has also distinguished himself as a first class singer, being one of very few to participate in the Men's Glee club for the fourth straight year.

In all, Pete is just the kind of guy you can't help but like. His character has gained him the recognition that he rightly deserves.

Pete's interests are varied. He follows all sports, having no favorite. His hobby is collecting good cartoonists.

If you want to find him on week-ends just go to the Snack-Shack in Schofield where he is employed. You're all invited to stop in any time.

By the way, girls — Pete's still single

Pointers Will Battle Oshkosh Titans Here Saturday Afternoon

The luckless Pointers will have two chances to rack up another win this coming week when they play host to Oshkosh in the final home stint of the season on Saturday afternoon, and travel to Platteville next Wednesday.

The Pointers will be out to atone for the "crusher" dealt them by Milwaukee last week, at the expense of Oshkosh this Saturday. The Titans haven't fared very well in conference play this year, but they do have a great deal of scoring power in their ball club.

This will be the final home game of the season for the CSTC men and the last chance for local fans to see the team in action on familiar grounds. The Pointers have a better ball club than the Milwaukee score indicates. This should be the contest for the locals to "let loose" and turn on the heat.

The Platteville game next Wednesday, at Platteville, should be a dandy. The Pioneers have been win-

ning their share of games this year and boast an excellent defensive ball club. They haven't been running up any great scores, but they are not scored upon very much. If the Pointers expect to take the Pioneers they'll have to match Platteville on offense and turn out a potent offensive platoon.

	W	L	T	Per.
LaCrosse	4	0	0	1.000
Whitewater	4	0	0	1.000
Stout	2	1	1	.625
Milwaukee	2	2	1	.500
Platteville	2	2	0	.500
River Falls	2	2	1	.500
Eau Claire	1	2	1	.375
Stevens Point	1	3	0	.250
Superior	0	2	2	.250
Oshkosh	0	4	0	.000

FIFTH QUARTER

Dick Bye, speedy halfback for Whitewater, is leading individual scoring in the T. C. Conference. Not including last Saturday's battle, Bye had 24 points to his credit. "Nubbs" Miller, freshman halfback for Hale Quandt, has 21 points on 3 T.D.'s and three extra points.

A few weeks ago this department received a letter from Tom Harmon, former Michigan great. Harmon requested information for his weekly radio and T. V. show which comes from Los Angeles — See we're not so small at that!!

Although he plays only on defense as a line backer, Red Entress of Whitewater is among the top scorers in the conference. Red has booted four field goals and six extra points for an 18 point total.

Just About That Time — It won't be long before basketball season swings into full gear. St. Norbert college has released a 27 game schedule. Incidentally, the Knights have the same squad as they had last year, Kosnar et Johnson, etc. Over at our sister institute, Eau Claire, eight lettermen answered Coach Bill Zorn's call to colors. The Bluebirds even have an All-American high school center in Carl Glocke. However, the tall center won't be eligible till next semester.

It's Been A Long, Long Time — Superior State has not lost a Homecoming game in 17 years but has had

to settle for a tie three times, in each case with River Falls.

You're Telling Us — Only five boys on the 60 man squad of the Milwaukee team come from outside Milwaukee. The "Beer City" boys represent schools from the City Conference, Catholic Conference, and Suburban Conference.

Coach Quandt's main scoring punch this season has been an explosive half back — Norbert Miller. At last calculation the hard running Miller had accounted for 21 points. "Nubbs" received his basic training at P. J. Jacobs High. He didn't specialize in any particular sport, but participated in all four major sports. When he received his sheepskin, he had earned 12 letters.

"Nubbs" favorite sport is football. He was All-Conference fullback in his senior year. The stocky half-back's biggest personal thrill came when the '49 squad he played on beat Wausau — the first time a Brockmeyer squad had been beaten since Wisconsin became a state.

During the summer Miller plays ball in the Portage County League.

Phi Sig House Holds Touch Football Lead

By virtue of their two victories last week the Phi Sig House team has moved into undisputed possession of first place in the touch football league. A last minute pass from Petranek to Roberts gave them a victory over the pace setting Klak team which had taken an early lead and had maintained it throughout the game. Meanwhile the Klaks, Ramblers and WCTU teams kept in breathing distance of first place by getting an even split in their games.

Gulls Fly Over Pointers to Take 35 to 0 Victory at Milwaukee

It was fair weather at Milwaukee's Pearce field for everyone except the CSTC Pointers and the fans who journeyed east to see them meet the Milwaukee Green Gulls in a miscemarraged contest that ended in a 35-0 victory for the Milwaukee State Teachers.

The Point gridders had one of those bad days that must come to the best of ball clubs and were unable to do the right things at the correct time consistently. Four of the Pointers' six fumbles during the afternoon were recovered by the Gulls and they also managed to pick off four of CSTC's nine passes. Two of these pass interceptions set up Milwaukee touchdowns.

Milwaukee scored one touchdown in the first quarter, one in the third and they caved the roof in on the Pointers in the final stanza with three markers.

For the second straight week Nubbs Miller was the leading ground gainer on the field. He picked up 79 yards in 15 carries. Potter had 49 yards in 14 trips.

CSTC was handicapped in their linebacking department when early in the contest Guard Bob Dehlinger suffered a recurrence of an old leg

injury. He tried to play in the second half but found it impossible.

Rural Children's Parents Attend School Conference

Parents of rural children who are attending school at the Training school and Rural Demonstration school attended a conference last night in the Training school music room. The purpose of this meeting was to acquaint the parents with the new facilities the college has for the rural children and to give them a chance to meet student teachers and supervisors.

This type of parent-teacher meeting enables parents to understand the methods of teaching and the facilities available to their children, as well as giving to the teacher an insight into a child's background. Dr. Raymond E. Gotham was in charge of the meeting, assisted by Mrs. Marjorie Kerst and Mrs. Evelyn Pieper, supervising teachers.

Dr. Gotham will attend a conference of the Directors of Training in Milwaukee on Wednesday, November 1. The following day Dr. Gotham will attend a meeting of the Directors of Placement, which will meet at Mount Mary college there.

Also on Wednesday, November 1, Burdette Eagon of the Training school staff will speak to a Milwaukee Teachers' college group. Mr. Eagon, who is the sixth grade supervisor, has been invited by a former teacher to appear before this group of student teachers at Milwaukee.

Bernard Alberg, CSTC graduate of 1950, is now teaching mathematics and science in the Shawano High school. He is taking the place of Vincent Brunner, also a CSTC alum.

GLEE CLUB

(Continued from page 1)

there will be an informal dance in St. Peter's auditorium. The music will be played by Larry Woodbury's orchestra.

Sunday, at 2 p.m., a concert by the Men's Glee club and alums will be presented in the college auditorium. The group will sing, "The Battle Hymn of the Republic," "The Purple and the Gold," "I Heard a Forest Praying," "Stout Hearted Men" and "The Prayer of Thanksgiving." At 8 p.m., Monday, November 13, a concert will be given for the student body.

Free housing is being provided for all returning alums. The general chairman for the affair is Ken Veselak, Antigo. Other chairmen are as follows: Finance committee: Norvin Holm, Tigerton; decorations, Charles Hanke, Wausau; orchestra, Lloyd Peterson, Schofield; publicity, Frank DeGuire, Stevens Point; program, Mr. Plank and Robert Ellingson.

ATTENTION

Students planning to graduate at the mid-semester should file application in the Record Office immediately.

Conservation Classes Attend Demonstration

Students from the Conservation 107 classes attended a demonstration of tractors, plowing and terrace building conducted at a farm near Marshfield on Tuesday, October 24. The demonstration began with the tractors plowing on level terrain. The tractor and plow combinations competed for straightness of furrows, depth of furrow, maneuverability, and ability to level as they plow.

After the contest on level land was completed, they moved to about a 15 degree slope where once again they were judged for the above points.

The classes had the opportunity to watch the construction of a terrace, beginning with the laying off of the contour lines and ending with the tractors and plows actually building the terrace.

INTER-FAITH

(Continued from page 1)

ers and warriors were also chosen from the group.

The highlight of the evening came with the presentation of skits by the various religious groups.

Acting as master of ceremonies, Don Douglas entertained the audience between acts with jokes and a tonette number by "Skykowski" which sounded suspiciously like "Jingle Bells."

The first skit was "Class Room Daze" presented by Wesley Foundation, which humorously portrayed an absent minded professor and his witty and uncontrollable class. LSA presented "Deacon Bones" in blackface, singing with the aid of the audience, while Adam and Eve pantomimed the eating of the forbidden fruit. A unique idea, presented by Wayland, portrayed an emcee in gay nineties dress conducting group singing with the words complete with illustrations on an easel on the stage.

Next, a chorus line consisting of six glamorous chorus girls entertained the audience. The "chorus girls" in reality were faces painted on the shapely knees of three Y-Dub girls. A speech concerning the "Business in the West," which was humorously presented by a member of Trigon, left the audience highly entertained but somewhat in doubt as to exactly what the business conditions are in the west. Vocal and harmonica solos, and a clarinet trio, also presented by Trigon, concluded the skits.

Refreshments of punch and cookies were then served. Social dancing brought the successful party to a close.

Dr. Van Valkenburg Addresses CSTC Audience

Dr. Samuel Van Valkenburg, a well known geographer, spoke at an assembly on Wednesday afternoon of this week at 2 p.m. His subject was "A Geographer Looks at Western Europe."

Raymond E. Specht of the geography department was responsible for making the Van Valkenburg appearance possible. Mr. Specht received his master's degree from Clark university, Worcester, Massachusetts, where Dr. Van Valkenburg came to teach after leaving the Royal Topography Service in the Dutch East Indies. The speaker, now head of the graduate school at Clark, is a leading member of the Association of American Geographers, and has written several books, his latest ones being "European Jigsaw" and "Whose Promised Lands."

President William C. Hansen introduced Dr. Van Valkenburg, and

Dormites Celebrate Birthdays "En Masse"

July, August, September and October dormite birthdays were celebrated at Nelson Hall Thursday night. There were 24 girls who were at the head table.

The dining room was decorated with Halloween designs and candles. A witch, stirring her brew, reigned at the main table, as a large birthday cake covered with coconut, was brought to the table. Eunice Rothweiler cut the cake with the help of Julie Dean.

The birthday dinner was ended as the girls attempted to blow out the candles and sang "Goodnight Irene."

The Social Studies club sponsored the assembly.

Classes were dismissed for the lecture and will meet at 10 a.m. on Friday instead.
