## Homecoming! -- Who Will Reign?

### Many Students in Race For CSC Offices

Once again petition papers are being circulated for nomination of class officers and student council representatives for the school year of '52 and '53. It is interesting to note that there are more students running for office than last year. However, it is evident that several of the candidates are running unopposed. If there are any last-minute candidates, papers may be obtained at the main office. The deadline for the filing of petitions is Friday, October 10. Voting will be held Thursday, October 16.

The following have filed petitions as of Friday, Oct. 3: Freshman class officers: President, Dave Jersey, Homer Plumb, Howard Dutcher; vice-president, Larry Collins, Carmen Breitenfeldt; secretary, Roberta Vaughn; student council representative, Jan Van Ornum.

Candidates for Sophomore class officers are: President, Leroy Purchatzke; vice-president, Harold Schumacher; Dave Smith, John Miller; secretary, Judy Clayton; and student council representative, Gary Krueger.

The slate of candidates for Junior class officers includes: President, Gary Anunson, Dean Todd, Ray Anderson, Ed Jacobsen; vice-president,

### Four Compete for Queen's Title in Homecoming Festivities' Highlight

### New Maintenance Man

Charles Kucera, new building maintenance man, has been hired at CSC to replace Steve Skalski, who had to retire because of ill health. Mr. Skalski had been employed at CSC for the past five years.

Mr. Kucera will be the new maintenance man in the basement and on first floor. He and his wife own the College Eat Shop of which Mrs. Kucera is manager. They came to Stevens Point from Eagle River last January.

### Booster Buttons to Be Sold by AKL

Alpha Kappa Lambda will sell Homecoming booster buttons this year. These buttons will measure two and a half inches around and will be in the school colors of purple and gold. The committee in charge of ordering and selling the buttons includes Ransom Rhode, Dean Todd, and Royce Wade. They were appointed by Bill Spaulding, AKL president, at the September meeting of the organization.

### Gay Peasant Dances, Haunting Folk Melodies of Don Cossack -- Coming!

When the Don Cossack choruses comes to Stevens Point on Thursday evening, October 16, they will present a varied program which will include liturgical music, haunting folk melodies, boisterous regimental songs and gay peasant dances. One of the features of the program will be the famed gallop dance performed by Gabriel Solduhin.

The Cossacks are the first college assembly scheduled for this year and will be presented in the Emerson school auditorium at 8 o'clock.

This season brings the 14th anniversary tour of the famous Chorus and dancers, an attraction that is becoming as familiar a part of the American scene as the National Baseball League or Ringling Brothers circus. Season after season, the dashing Cossacks sing their musical journeys across the land, winning new fans and pleasing the old ones with their stirring music. Some time

this coming season the Cossacks will sing their 1,700th American concert.

The Cossacks, all of them now American citizens, began their season early in October and usually conclude their tour with an Easter concert in New York City.

The Cossacks sang their first concert together 22 years ago in the Cathedral in Prague in Czechoslovakia. They were exiles from the Don River country and were gathered together by Nicholas Kostukoff who left Russia in the Revolution. Thus they began their musical wanderings, which were ended when they were invited by the city of San Francisco to sing at the San Francisco Exposition in 1939. They have been here since except for two long overseas tours to sing for American troops.

During their last Washington concert, President Truman surprised and delighted the members of the Chorus not only by turning up in the audience in Constitution Hall, but by going backstage to congratulate Director Kostukoff and the Cossacks.

As the Chorus is presented as part of the college assembly program, each student is entitled to one ticket free upon presentation of his student activity ticket. Tickets can be picked up in front of the library during the week of October 6-10. All tickets remaining after 3 p.m. on October 10 will be sold to the public at \$1.50 per ticket.

### WRA Will Sponsor Sale of Pom-Poms

The annual sale of purple and gold pom-poms for Homecoming, a sale sponsored by W. R. A., will begin next Thursday and Friday, October 16 and 17. The price will be fifteen cents.

A swimming party at the P. J. Jacobs High school pool on Oct. 10 will begin the W. R. A.'s fall sports program. The following Wednesday, Oct. 29, will begin the individual sports, ping pong and badminton. Instructions for these games will be provided.

## College Saddened by Loss of Harold Tolo

The announcement of the recent unexpected death of Dr. Harold M. Tolo, 50, one of CSC's best known and best beloved faculty members, was received by the faculty and students of the college with great sadness. Dr. Tolo died early Thursday morning, September 25, at his home in Park Ridge of an acute heart attack.

Dr. Tolo came to CSC in 1936 after teaching American history and political science at Elmhurst college, Elmhurst, Illinois. He had held his position as a member of the history department faculty here ever since. He had been, at various times, assistant director of secondary education and acting dean of men at CSC.

Since 1944 Dr. Tolo had been faculty adviser of the Iris and was adviser for Chi Delta Rho fraternity for many years.

Dr. Tolo is survived by his wife, a daughter, Mary Lynn, age seven, a son, Marc Thorpe, three, and five brothers.

As an outstanding teacher and a friend and confidant of his students, Dr. Tolo will long be remembered by

those who knew and loved him at CSC.

His good humor and cheerfulness gave those around him a feeling of pleasantness and ease. He showed his love for and belief in people in the way he talked and lived.

His interest in others and his friendliness in dealing with them are qualities for which he will always be remembered.

## Education Trend

There's more to teaching than meets the eye; for to be a successful teacher today involves much more than giving the student the facts of a subject. In the last decades the emphasis in teaching has shifted from subject-centered instruction to child-centered direction. The teacher now is first of all a teacher of children, then a teacher of English, mathematics, biology, etc.

A striking indication of the trend in education from subject-emphasis to child-emphasis appears in the first paragraph of the WEA's "A Creed for Wisconsin Teachers," which reads as follows:

"I believe that the primary consideration of the educator should be the present and future welfare of the pupil placed in his charge. He should endeavor to prepare pupils to be socially and economically competent in the home, school, and community and to be well-adjusted, responsible members of society."

Note that the Creed declares that the teacher "should endeavor to prepare pupils to be socially and economically competent . . ." Formerly only the physical and intellectual development of the student was considered. Now the teacher is expected to encourage and foster the emotional and spiritual growth of his pupils as well.

This is no small task — this increased teaching burden. What a grave responsibility for today's teacher — the responsibility to assist each pupil individually in his struggle to attain a "robust personality able to go through life on an even keel."

More specifically — because of this shift in teaching emphasis — the modern teacher is expected 1) to help the student to overcome economic as well as scholastic problems, 2) to assist him in building character by encouraging him to adopt wholesome attitudes, and 3) to further his emotional development by guiding him to resolve personal problems involving moral issues. In short, today's public school teacher is expected to be a trusted big brother as well as teacher to each of his pupils.

What does this educational trend — from subject-centered instruction to child-centered direction — mean to you, prospective teachers at CSC?

## FAMILIAR FACES

If you happen to see the owner of this "Familiar Face" in the hall, get a good look while you can. If you hesitate all may be lost, for Winnie, Pierre is a busy girl, and not likely to be in the same spot for long. A senior in this institution of higher learning, Winnie, who hails from Shiocton, is majoring in Home Economics. She spends the minor parts of her time in speech and history.

It seems this girl would be easy for anyone to get along with — she has such a variety of interests. Refinishing old furniture is one of her chief delights and that is closely followed by cleaning messy rooms such as attics and basements. Winnie also gets a lift out of trying on clothes, fussing with babies, arranging flowers, and seeing movies (especially the jungle type) and dramatic productions.

Men, this clue is for you. Winnie likes a man "with a neat trim beard, who smokes a pipe." Any pipe smokers in the crowd? Tough luck for them. Winnie is one of the gals who

university campus.

Last summer Winnie saw the Ringling Brothers Barnum and Bailey circus, which greatly inspired her. She now has three ambitions: to jump from a parachute, ride on an elephant's back, and ride on the back of a camel. Some day she also hopes to "get enough courage to learn to ride my Dad's riding horse and motorcycle."

Some time when you get to feeling sorry for yourself because you are so busy, follow Winnie's footsteps for a day. She'll let you know what the word "busy" really means!

### Psi Betes Entertain At Campus Carnival

Psi Beta Psi sorority entertained a capacity crowd at their Festival dance held at the College student union, October 3, from 9 to 12 p.m.

The main feature of the evening was dancing to the music of Johnny Check and his orchestra. To add to the gaiety of the evening, a jitterbug contest was held in which Doris Moss and Carl Wieman took high honors. Mary Jane Wagner and James Shafanski were the most successful in the pot dance.

To further carry out the theme of "Campus Carnival" Nancy Pautz and Dorothy Gerner, in clown attire, sold gaily colored balloons. Miss Mary Ullman, adviser, as Madam Zaz foretold fame and adventure by reading palms. Fish pond, ring toss and kissing booth concessions were busy carnival spots. Prizes awarded during the evening were gifts of the Treasure Chest and Gwidd drug store.

Refreshments of carnival punch and potato chips were served throughout the evening.

## Padded Cell

by Schmur

I'm still trying to figure out how I got stuck in here. I had been leading a normal life — sleeping late, cutting classes, reading Donald Duck comics, etc. And, just as I was rhyming the first poems for Schmur's *Gardener of Household Posey*, the men in the white jackets came. It's unfair, I tell you. All I was-a-doing was writing little pomes like this: Starkle, starkle little twink How I wonder where you am Way up in the blue so sky Rah,rah,rah, old black Joe. Can't you just feel the powerful emotions just-a-oozing out of those majestic lines????? Hmm?? Any connoisseur of the fine arts will recognize it as a true masterpiece of modern, realistic poetry. And then to be confined to this cell! Ah, well, all geniuses must suffer. I hope I'll bear with you, dear world.

**DANGER SIGNAL!** A recent survey revealed that the new generation of American males prefer their women a little chubbier than did their fathers. May I remind them of the first poem my papa wrote to mama: Girls must be fed, Tho' their eyes be blue My purse is reducing Since I've met you.

Just the other day when a charming young lady visited my cozy cell I mentioned the fact to her that men like more flesh on the faces of their women nowadays. I told her the trend was towards preferring the Marilyn Monroe type of figure. "Yeah, sure," she cried. "The only trick in the deal is to get the flesh in the right places."

Ah, yes, the females do have their problems. But oh how well they adapt themselves to the times! For instance: One hundred years ago today, In the wilderness then here, With powder in his gun, the man Went out to get the deer.

But now the thing is somewhat changed — And on a different plan; With powder on her face, the dear Goes out to get the man.

Yesterday the white jackets pushed two babbling inmates into my pleasant home. The housing situation is terrible here; there are so many of us. Well, anyway, all these two characters did was mumble incoherently and push the following two notes to me:

Engaged: Charles Robinson, senior here, to Frances Davis of Cincinnati, Ohio, who attends National College for Christian Workers at Kansas City, Missouri.

Gordon Sorenson became engaged to Dorothy Thompson, both of CSC, this summer.

I may suffer in a padded cell, but that's nothing compared to the case of an energetic teenager forced to remain in bed and not move his limbs. That's the case of Neil McCarthy, P. J. Jacobs high school senior, who should be going to college now. Neil broke his neck in a swimming accident this summer and is now at Wisconsin General Hospital. So all of you who know Neil, and those of you who don't, write to him. Every word will be appreciated. His address is: Orthopedic Ward, Wisconsin General Hospital, Madison, Wisconsin.

New arrival department: Fort Collins, Colorado, July 26, 1952. A girl, Gail Mary, born to Mr. and Mrs. Charles Hodgdon. Chuck is a former sports editor and business manager of the Pointer.

Burlington, Wisconsin, September 1, 1952. Mr. and Mrs. Reuben Belke are the parents of a boy, Ruze Alan, weight 6 lbs., 6 ounces. Reuben and Pat Anderson Belke are recent grads of CSC.

## Tribute

A real friend, a helping hand, one who always had a cheery word — that was our Doc Tolo. Even when the going was rough he could come through with a smile and just the right advice for the situation.

Doc had that rare ability of being able to make people feel at ease. His well known office

always had the welcome sign out, with an invitation for a little chat or help with some problem.

What words can we use to say we really miss a man like that? There just aren't any, but we all feel it. Never will Doc Tolo be fully replaced here on the campus of Central State college. Chi Delta Rho Fraternity for the Students of CSC

## Saturday's Game With Stout Next Test for Victory-Happy Pointers

The Pointers play the first of a two-game home stand Saturday night when they clash helmets with Coach Jack Wink's victory-hungry Stout eleven at Goerke field here in an "Industrial Night" contest.

Point is riding on the crest of a four-game winning streak and is going to be anxious to make this one number five. The blue and white team, on the other hand, has gone winless in its last four games and will try to halt the Purple and Gold onslaught. Stout has 15 lettermen, all of whom are upperclassmen returning from last year's squad. Even though the records of the two squads are in-sharp contrast, this promises to be one of the tougher teams the P and G's will have faced so far this year.

Stout's potential will center around its veteran-laden line. The forward wall averages well over 200 pounds and is experienced at opening holes for its hard-driving backs.

The Pointers, on the other hand,

then some. Coach Roberts has injected a high-pitched will to win into the squad. It will take a mighty tough team to halt the terrific surge of the hard-charging line. Led by senior center Marlyn Gilbert and tackles Jack Brandt and Ollie Andrews, the forward wall has shown its ability to open huge holes for the pile-driving backs to romp through. Rampaging Nubbs Miller, skittering Jim Giordana and speedy Bry Purchatzke have all done a fine job so far this year. With Don Herrmann at the offensive controls and with the defensive platoon clicking as well as in previous games, a bang-up game is in store for Pointer fans this week.

All in all, Coach Roberts' charges should be mighty hard to beat on this coming Saturday eve.

## Pointers Cop Title Opener

A fighting crew from Stevens Point, led by fullback Nubbs Miller, rolled over, through and around a game Oshkosh squad to chalk up their first conference win on Saturday, September 29 at Oshkosh.

The Purple and Gold scored in every quarter as Miller balled his way for 180 yards and added a touchdown himself on a 25-yard blast off tackle in the second period.

The initial score was set up when an Oshkosh punt was blocked by Bob Bostad on the Oshkosh 14. Three plays later Captain Bry Purchatzke rambled around end for 17 yards and a touchdown.

Oshkosh struck back early in the second quarter as Miller's quick kick was partially blocked and recovered by the invaders on the Point 19. The stalwart defensive platoon held for three downs, but a fourth down Tiedeman-to-Hintz pass was grabbed, then fumbled and recovered by Ivan Laslovic in the end zone.

In the third period, quarterback Don Herrmann whose improved play was a deciding factor in the win, scooted around right end to score on a "Sleeper" play that started on the 14. Nubbs Miller scampered down the left sideline for 50 yards to set the scene for this score.

A Herrmann-to-Schommers pass, good down to the four, was followed by Giordana's slant through the left side of the line and the final tally.

Much credit for the win must be given to the defensive squad. Bob Bostad and Jack Crook performed creditably at ends, repeatedly nailing the ball carrier behind the line of scrimmage. Ronny Wislinsky, operating from a halfback position, also was a standout on defense, as was Mike Seagraves in the middle guard slot.

The first conference test was met with encouraging results as the Pointers continue to vie for the conference title.

## Point Rolls Over Milwaukee Gulls

A tough Point eleven journeyed to Milwaukee last Saturday, and, despite a severe case of "fumblyitis," crushed Milwaukee's State, to remain among the state's few unbeaten squads.

Midway in the first period, freshman Russ Stimas tore off right tackle for 58 yards and a touchdown behind some beautiful blocking by the offensive platoon. Due converted. Milwaukee retaliated almost immediately after a Point fumble was recovered on Point's 15 yard line. Five plays later Hart cracked over from the four and Glowacki kicked the extra point to knot the game up at 7-7.

The second quarter found the Purple and Gold repeatedly threatening only to lose the ball through fumbles. Time and time again a stalwart defensive team, led by tackle Jack Brandt and co-captain Jack Popek, was called on to "hold that line."

Early in the last half Point marched 80 yards down the field behind the running of Nubbs Miller and Giordana with field general Don Herrmann sneaking into pay dirt from the one yard line. Due scored the second of his five points to put the locals out front 14-7.

After a sturdy defensive stand, climaxed when Jack Crook recovered a Green Gull fumble on the Point seven yard line, the Pointers marched steadily down field to the Milwaukee 14. With only a few seconds remaining in the game, Al Due booted a perfect field goal, putting the game on ice and giving the Pointers a hard earned 17-7 victory.

We have a win streak started! Let's keep it rolling! Our hard-charging gridiron aggregation is really going places. However, the season is only half gone, with some rugged teams yet to be encountered.

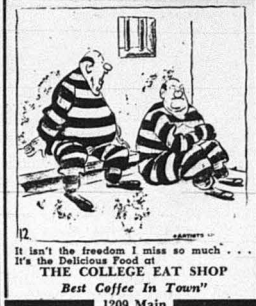

Even though the Roberts-men fumbled eight times during the course of the Milwaukee game, they still managed to run up a decisive score. And decisive it was! It was another example of the Pointers' desire to win. Heavens only knows what the score might have been had the locals been able to hang onto that elusive pigskin.

Whether caused by the climate, nervousness or just plain circumstance, no one seemed to know just what was the cause of the fumblyitis attack. Whatever the reason, such an epidemic could prove disastrous against a top-notch ball club. Here's hoping it's out of our system!

Sophomore fullback Al Due had special cause for elation after Saturday's game. Not only did he kick two into-the-wind extra points, which was a real task in itself, but he also booted a perfect 14 yard field goal to garner a total of 5 points for the day. According to Al, who is a Clintonville product, it's the first such goal he has booted in competition. Nice piece of work!

Another note on spirit! It was at times difficult to determine which team was the host team because of the racket the Point fans were making at the Milwaukee contest! Sirens, bells and lusty cheers helped make the Pointers feel right at home. Using the score as an indication, the P and G's played as if they were at home, also!

## Mary Lund Tells Of Trip to Norway

It was not hard to induce Mary Lund, Eagle River, a primary division senior, to talk about her summer visit to Norway. She is so enthusiastic about her trip that to talk to her is sure to incite in anyone an interest in this Scandinavian country.

Mary and her father sailed from New York on the S.S. Stavangerfjord on July 8. After making many new friends on the boat, they landed at Bergen, Norway, July 16.

After a week in Bergen with relatives, Mary could well believe the story that in Bergen it rains all the time.

Besides rain, Bergen has one of the largest open air fish markets in the world. One has but to point out a choice fish swimming in one of the large vats, and it will be prepared for eating on the spot.

From Bergen, the Lunds went to Porsgrunn, which is Mr. Lund's birthplace. While in this city, famous for its porcelain, Mary went swimming and boating in one of the beautiful fjords.

After leaving Porsgrunn, Mary and her father spent five days in Oslo where they saw the famous Vigeland sculptures in Frogner Park, toured beautiful Oslo City Hall, and ate lunch under the well known Holmenkallen ski jump.

They boarded their boat at Oslo on August 19 to return home. As they neared the various ports along the Norwegian coast, music was played to welcome them. Mary says the Norwegians are very hospitable, and very much interested in the United States. At Bergen, she was presented a bouquet of Norway's beautiful flowers. These were given to her by her relatives.

After a few days stay in New York, the Lunds arrived home in Eagle River on September 1.

During her stay, Mary found Norwegian food delicious, although many combinations she encountered would seem strange to us — such as eating cheese, fish, meat and tomatoes for breakfast.

She also found that there are not many automobiles in Norway, and that many Norwegians ride bicycles.

Norwegians seem to have mastered the art of conversation, Mary discovered. She believes this might be attributed to the fact that Norwegians lead a much slower life than we do and spend more time taking it easy and talking for entertainment.

## Three New Students Exempt From English

Leland M. Burroughs, head of the English department, reported that three students are exempt from English 101 as a result of the standard English placement test given during the registration period. Exempted are: Lillian Podrez, Stevens Point; Sally Miller, Stevens Point; and Albert Krone, Plainfield.

To be exempt from English 101, the students must reach a score of 200 or better. Of 250 students taking the test, the range was 73 to 204. The college median for the group was 133, while in the nation as a whole, the median of the total norm is 129.
