

New Members Added To CSC Faculty

Nearly 20 new faces are on the faculty of Central State College for the 1957-1958 school year.

In the Geography Department, Raymond Specht is returning to resume his position after a year's leave of absence for graduate work at Northwestern University, Evanston, Ill.

Mr. and Mrs. Specht will again serve as resident directors at Delzell Hall as they did before they left here.

Social Science

In the Social Science Department, Dr. Richard Taylor, who had a leave of absence for the past year as a visiting professor at Northwestern University, will not return.

His position will be filled by Garland Fothergill who taught in Taylor's place last year. Fothergill is in the process of completing his Ph. D. degree in political science at the University of Minnesota.

Dr. Jack Cross of the Social Science Department resigned at the end of the summer session to accept a position at West Texas State College and Dr. Guy Gibson has been secured to replace him.

Dr. Gibson completed his bachelor of arts degree at the University of Wisconsin and his master of arts and Ph. D. degree at the University of Illinois in the field of history.

One new member is being added to the Social Science Department, Dr. Gladys Ishida of Chicago, whose background is political science and sociology. Miss Ishida completed her junior college work at Modesto, Calif., her bachelor of science and bachelor of arts degree at the University of Chicago, and her Ph. D. degree at the University of Michigan.

Music Department

In the Music Department there are a number of changes. Robert Moore, who completed his master's degree in music at Northwestern University and who came here last year to finish out the year in voice work, is returning in that position for the current year.

Joseph Henry, who has taught the instrumental program during the past two years, has resigned to study music, and his place will be taken this year by Paul Wallace.

Wallace has been teaching music at the University of Kansas, during the past two years and doing graduate work toward his Ph. D. in that field. He earned both his bachelor of music education and master of music education at the University of Michigan.

Miss Nancy Edes of Hopkins, Minn. will join the music staff this year, to replace Miss Patricia Reilly, who is taking a year's leave of absence for graduate study at Indiana University.

Miss Edes has earned both her bachelor of science and master of education degrees in the Music Department of Minnesota. Her principal responsibility will be the field of elementary music education on this staff.

Three of the seven members of the biology faculty will be new in September. Dr. A. S. Lyness, who retired at the end of June after 23 years on the staff, will be replaced by George Becker, whose most recent teaching experience has been at West High School, Madison.

He has earned three degrees at the University of Wisconsin and is completing his work for his Ph. D. with a major in zoology, which will be his principal responsibility on this staff.

Dr. Howard Weinstein, who served in the Biology Department the second semester last year resigned at the end of the year. His position will be taken by Dr. Robert S. Whitmire of Ann Arbor, Mich.

Dr. Whitmire earned his bachelor of arts degree at the University of Kansas City and the Master of Science at the University of Arkansas. His subsequent graduate work was done at the University of Oklahoma at Norman, at Stanford University, and at the University of Michigan from which he received his Ph. D. degree this year.

A new member of the Biology Department will be Robert F. Wilde of Milwaukee. Wilde has earned his bachelor of arts degree at the University of Wisconsin, his master of science degree at Marquette University in Milwaukee, and has completed a year and a half of further graduate

work at the University of Edinburgh, Scotland.

Chemistry

In the Chemistry Department, Rodney Sung of Milton, has been obtained to replace James Hicks who resigned during the summer to accept a teaching position in a junior college in California.

Sung has his bachelor of science and master of science degrees from the University of Wisconsin in the field of chemistry and subsequently did graduate work and teaching in the University of Arkansas.

A fourth person is also being added to the Chemistry Department because of the increased load in this work. Doyne Parmelee completed most of his college work at this college, but got his bachelor's degree at the University of Wisconsin in the field of chemistry and has done one year of graduate work in that institution.

Paul Yambert, who came here last May to take over the work of the late Dr. Walter Sylvester, will continue in that position for the coming year. Yambert's graduate work has been completed at the University of Michigan and he is currently working toward his Ph. D. in that institution.

An additional staff member is also being added to the Conservation Department. Val Solyom of Elgin, Ill., is coming here to fill that spot. Solyom earned his bachelor of science and master of science at Northwestern University and has done his graduate work in forestry and conservation at the University of Michigan.

Mathematics

In the Mathematics Department, Mrs. Alice Daniel resigned because she and her family have moved to Des Moines, Iowa. Her place will be taken by Miss Edith Treuenfels who recently received her Ph. D. degree at the University of Wisconsin in the field of education. Much of her graduate work, however, has been in mathematics, which will be her teaching assignment here.

In the Physical Education and Athletic Department, Duane Counsell, a graduate of CSC, is returning to serve as head football coach and instructor in physical education. Counsell has completed graduate work for a master's degree at the University of Wisconsin. He is replacing John Roberts, whose place as football coach was not filled when he left here last January.

Miss Elvira Thomson, who has been connected with the St. Olaf College at Northfield, Minnesota, for a number of years, will replace Miss Ethel Hill in the home management work and in the home management cottage. Miss Thomson completed her graduate work in the University of Minnesota.

Miss Hill will take over the clothing work formerly taught by Miss Emily Wilson in the Home Economics Department. Miss Wilson's assignment will be in the English Department where she has previously taught part time. In that work she will replace Mrs. Helen Elizabeth Jones, who was here last year and left to return to graduate work.

Psychology-Philosophy

Dr. Alf Harrer's place in the Psychology-Philosophy Department is being filled by Miss E. Viola Bloom of Cleveland, Ohio. Miss Bloom earned her Bachelor of Arts degree in the University of Akron and has done all of her graduate work for her Ph. D. at Western Reserve University at Cleveland.

A new staff member is being added to the Psychology-Philosophy Department in the person of Joseph Schuler. Schuler's assignment will be philosophy. He is a graduate of Texas Christian University, Fort Worth, and has done his graduate work at the University of Wisconsin, having completed most of his course work for his Ph. D. degree with a major in philosophy and a minor in psychology.

A number of changes are being made in the Campus Laboratory School staff. Miss Gladys Van Arsdale left recently to accept an assignment in education work in Paraguay. Her position will be filled by Miss Hildegard Kuse of Medford.

Miss Kuse completed her undergraduate work at CSC and did her graduate work for her master's degree at the University of Iowa. Her

most recent teaching position has been at the Whitewater State College in work similar to the assignment she will have here — supervisor of student teaching in the Primary Division.

For a number of years the Campus Laboratory School has carried on student teaching activities in two rural school units. One of these units has been closed. Mrs. Virginia Punke, who had charge of this unit, left the staff at the end of the last college year.

Two half time teachers have been assigned to carry on the work that Burdette Eagon did in the Laboratory School prior to his transfer to the office of dean of men.

Mrs. Lila Hibbs and Mrs. Marjorie Pfiffner have accepted this assignment for the year. Dr. Eagon will continue to serve in the capacity of dean of men and will have some teaching assignments on the college staff in the field of education.

This gay group is made up of those individuals responsible for getting a POINTER out every-so-often. Seated left to right are Donna Mueller, news editor; Mary Jo Buggs, editor-in-chief; and Tony Pass, co-composition editor. Standing are June Zielinski, co-composition editor; Neil Greehling, sports editor; Ron Nelson, photographer; and Cliff Haas, business manager.

No. 1

It's Almost Time Again HOMECOMING!!

Although October 19th, the day of Homecoming, may seem a long way off to you, it isn't too soon for the organizations to start thinking of whom they're going to put up for Homecoming Queen. Remember, you have to submit the name of your candidate three weeks before Homecoming. In order for your candidate to be eligible she must be carrying a semester load of at least twelve credits and she must have had at least one semester completed at CSC.

If your organization is thinking of entering a float in the parade (we hope you are) you can get the forms to fill out in the Dean of Men's office. On the forms you'll have to put the name of the chairman, the classification (humorous or serious) and the theme of your float soon too; because the forms have to be in no later than October 11th.

The homecoming chairman this year is Gordy Faust. Loren Woerpel is the parade marshal and Bob Hanes is his assistant. Mary Jo Buggs and Nancy Wiesner have charge of the art work. There are a few changes in Homecoming Week this year. The activities start, as usual, with the Queen's Dance on October 11th, which will be sponsored by the Phi Sigma Epsilon Fraternity. But this time they are thinking of having the candidates for queen first announced at the dance and holding off campaigning for queen until then. The assembly on Friday, October 18th, will be at 7:00 p.m., which is a change from last year.

Mrs. Specht Is New Publicity Director

The College News Service is located in Room 111 this year with Mrs. Ellen Specht as Publicity Director. Robert McLendon, Letters and Science junior is the News Service photographer. News stories for the Stevens Point Daily Journal and out-of-town papers may be left in the box outside 111 when that office is not open.

Organization presidents are reminded to list the name of their press representative with the News Service, if they have not yet done so.

Last Call!

Hey kids! Did you receive your IRIS supplement? If you were entitled to an IRIS last spring, you are now entitled to a spring supplement. Pick them up in front of the main bulletin board on second floor, Friday, September 27.

Entertaining Jazz Played Classically

A big combo playing outstanding jazz will be heard at the CSC auditorium Monday Sept. 30, when the Pilhofer Jazz Octet presents the 2nd concert of the assembly series.

Pianist Herb Pilhofer, organizer-pianist as well as a jazz musician, is also a well known arranger and a highly qualified music instructor, but finds jazz the most challenging form of music today because of the great opportunity it offers for self expression. His distinctive style reflect his excellent musical background in the use he makes of canons, fugues, and counterpoint, and in the orchestral color he achieves in an instrumentation which includes French horn, flute and bass clarinet.

Born in Germany, Herb Pilhofer took advanced work in music at the Conservatory of Nuremburg. His professional jazz work began in 1949 when his combo was hired by the US Army Special Services. For them he toured the bases in Europe, played USO shows on the Armed Forces network, and at the same time recorded regularly for the Bavarian State Radio. Coming to America on a music scholarship in 1954, Pilhofer has since established his Jazz Octet among the fine combos of the nation.

Jazz, because of its dependence upon improvisation, has aptly been called "the players' art". Such art finds capable expression by the Pilhofer roster of musicians, the majority of whom are name band and symphony veterans and music graduates of leading schools.

Jack Coan, trumpet, played with the 7th Army Symphony; and Stan Haugesag, trombone, has played with a number of name bands. Bob Crea, alto and tenor sax, clarinet and bass clarinet, recorded with Bob Davis for Zephyr; Dave Karr, flute, tenor and baritone sax, who played with Woody Herman is also a recording artist. John Kohler, French Horn, played with Bruce Dybwig's all America Look Award Jazz Band; and Russ Moore, drums and Ted Jughart, bass, have majored in music at the University of Minnesota.

The Pilhofer Jazz Octet's recording "Jazz from the North Coast" brought them nationwide attention this spring from the jazz critics who hailed "the new and welcome sound — good jazz in the classic style."

Students may secure tickets for either performance of this program by presenting an Activity ticket at the College Book Shop in the library basement. Each student is entitled to one free ticket, but if additional tickets are desired they will be placed on sale September 16 for one dollar. All students must have tickets to attend.

Play Tryouts To Be Held

All-school tryouts for the College Theater production, *Sabrina Fair*, are scheduled for Friday, September 27 at 7:30 P. M. and Saturday morning, September 28 in Room 207. Play books are on reserve at the library.

The outside judge for tryouts will be Mrs. Ethel Crandall Rich of Baraboo. Mrs. Rich studied at the University of Wisconsin, and this summer served as one of the directors of the Green Ram Summer Theater near Baraboo. She is at present directing the Baraboo Community Players.

Miss Mary Elizabeth Thompson will be the faculty director, and John Lueck is student director.

Discovery of Arrowhead Leads to Indian Study

The finding of an arrowhead on Professor Mary Elizabeth Smith's property three years ago has now lead to an extensive study of Effigy Mound Culture, estimated to extend from approximately 700 to 1300 A.D.

Dr. George Dixon became interested in this subject as a result of his cultural anthropology class here at C. S. C. Dr. Dixon has headed the self-appointed committee who have arranged for the excavations that are now under way on the Phillip Hamilton farm near Stevens Point. Those who have shown interest in this project are Bradley Blake, a former student of Central State, Miss Elizabeth Smith, Miss Schelfout, Miss Sietmann, Miss Doris Davis, and many students.

An effigy mound is one which was used either as an Indian burial place or as a symbol, possibly religious. The effigy is in the shape of some animal or other form. So far mounds have been discovered to be in the shape of an otter, bear, bird, turtle, some conical and linear forms.

As of now, excavating has begun in only one of the mounds. Inside the mounds are generally found homes, believed to be human; pieces of pottery; arrowheads; and many other artifacts. The burials usually show the remains of a fire above or near, and pieces of pottery are generally in the vicinity.

The Alpha Sigs Extend An Oriental Invitation

The Alpha Sigs will welcome you soon
To "The Teahouse of the September Moon".
On September 29th they will hold their tea —
Delzell Union is the place it will be!
All college girls the Alpha Sigs wish to greet.
Japanese hospitality can't be beat!
Come on Sunday from three to five —
They'll be waiting for YOU to arrive!

The Voice Of The Editor

We wish to add our voice of welcome to the many new students and teachers. To the returning students we say, "so you didn't flunk out after all."

It is our sincere hope that all the readers will help us publish a good college paper by telling us any gripes, opinions, suggestions, or questions you may have. We may not be able to do anything about them but "Letters to the Editor" use up space. Seriously, make this your paper by contributing ideas, etc.

"The Familiar Faces" Will Return

"The Familiar Faces" column has been restored to the pages of the Pointer after an absence of two years. In each issue, the column will feature two seniors we feel have, and are, contributing substantially to some phase of college life here.

We realize that since there are so many outstanding students and so few issues of the Pointer, some persons deserving of recognition may have to be neglected. Despite this handicap, we feel that the merits of "Familiar Faces" outweigh the disadvantages. We can only hope that you will accept our choice of personalities realizing that we're doing our best.

Groan . . .

In a report to the Board of State College Regents recently, President Hansen told of a \$15,000 deficit for the college cafeteria accrued during the past year. He said further that the college will try to overcome the deficit through economies during the next two or three years.

It has already become obvious that economic measures are being taken. Complaints about the quality and quantity of the cafeteria food are many. Although a few complaints may be unfounded, it is impossible to believe that the students who eat at Nelson Hall are being completely unreasonable in their complaints, when so many can be heard.

Economy is a fine thing, but in this case the measures seem to be too extreme. The time to start being economical was before a deficit could be built up.

President Hansen also read an inventory of supplies which indicated that students are likely to have frequent helpings of apple sauce, crab apples, plums, pineapple, beans, etc. These items are in over-supply.

Because of a lack of careful control and planning on the part of the administrators of the program, all who eat at Nelson Hall will suffer.

M. J. B.

The Rat in Nelson Hall

Hi — I'm Rufus, the Rat. I moved into Nelson Hall this summer. It was terrible to be there alone but I found myself no longer lonely when on September 8th, about 130 girls joined me. I live in Room 413, so you can see why I have an over-all picture of dorm doings.

This first night, I hid in a corner and turned green with envy watching those lucky girls at the pajama party.

I find the dormitory an excellent place to get enough to eat. That reminds me, I must scoot up to one of the rooms on the second floor and see if I can find a diet book lying around.

I got my first glimpse of the new officers at the meeting, Tuesday evening. In fact I also acquired a list of them. With the following girls heading Nelson Hall, it should be loads of fun — even for a rat like I am: President, Dixie Blom; Vice President, Donna Mueller; Secretary, Louann Simonson; Treasurer, Rosie O-pichka; Head Manager, Diane Bachler; C.W.A. Representative, Pauline Ainsworth and Rosie Lee; Press Representative, Barbara Stoleson; Fire Chief, Betty Marvin; Dining and Rec. Room Chairman, Carol Heinrich; and Judiciary Council, Allene Grimm and Nancy Barrone.

Boy, will the Freshman girls and I have fun working on the Homecoming Float. Maybe they'll even make me their mascot!!

I was crushed the other night when I saw Josephine Jestkowski, my favorite girl, with her fellow. From now my motto is going to be "Cruise, so you don't get crushed." That's why I must cruise on now.

Laird Urged By YGOP Not To Seek Senate

The Executive Board of the YGOP Club of CSC met on Tuesday, September 17, 1957. They considered ideas for the years activities.

On Wednesday, September 25, 1957, the YGOP Club will hold its first meeting. Plans for the year will be considered, nominations for officers will be made, and a guest speaker, Congressman Melvin R. Laird, will talk on the importance of young political groups. He will also hold a short question and answer period. After the meeting, the College Director of the Wisconsin YGOP, Jerry Menzel and his wife, Pat, will have refreshments for the group.

The executive board, at its meeting, urged Rep. Melvin R. Laird of Marshfield, 7th District Congressman, to continue in that position and not to seek election to the U. S. Senate in 1958.

The YGOP board noted that Laird has served with distinction in the House of Representatives, and urged him to run for re-election to that office next year. The group, in resolution, also told Laird that they will support him in the future, regardless of what office he decides to run for in 1958.

Dateline — Washington

May 12, 1957 will always be a memorable day for one of CSC's most attractive coeds. It was on this day at the Hotel Whiting (the scene of the state YGOP convention) that Miss Ann Bruette elected Miss YGOP of Wisconsin. Ann was chosen by a panel of five judges to represent the YGOP of Wisconsin at the nationwide YGOP convention in Washington D. C. She was picked from a group of thirteen contestants on the basis of beauty, charm, personality, and activities. Besides the title of Miss YGOP of Wisconsin, Ann won a free trip to Washington D. C., a chance to become Miss YGOP of the United States, and the opportunity to meet the President.

However, June 21st was even more memorable than May 12th for Ann. This was the day that her plane landed in Washington D. C. and the National YGOP Convention, which is held once every two years, got under way. It was also on this day that many new exciting experiences commenced for Ann.

After making her headquarters in a fabulous suite at the Statler Hotel, this Miss YGOP of Wisconsin saw almost everything in Washington D. C. — including President Eisenhower — at close range. During her stay in Washington, Ann met many political notables, including Ivy Baker Priest, United States Treasurer. In the line of social functions, she attended a luncheon for Mrs. Nixon and a reception for President Eisenhower. Upon inquiring, we found that the Hi-Lows and Dorothy Shay, a Fifth Avenue hillbilly were among the personalities who entertained her. However, of all her experiences, Ann designates her luncheon with five Congressmen from Wisconsin as her most thrilling (although food is an essential requirement of the human body, Ann was so excited she couldn't eat — keeping up with the political conversation was challenging enough!)

Although she was a pretty busy gal, she did manage to find time to attend the convention and represent Wisconsin in the Queen's Contest (this title was taken by Miss Texas — Ann thought that because Miss Texas was a Miss America contestant, she had better let her win).

Back on the CSC Campus, Ann doesn't confine her efforts to the YGOP. Besides preparing for her English major and history minor, her extracurricular activities include: Alpha Sigma Alpha sorority, the Iris Staff, and Wayland.

Congratulations Ann! We know you've had a wonderful time and we're very proud to have you back at CSC!!!

CSC Campus Visited By Professor From Mexico

Saludos Amigos! Visiting C.S.C. this week was Professor Leopoldo Zorilla, chief of the Department of Education and Conservation of the Institute of Natural and Renewable Resources of Mexico City. In a tour that has covered many states in several months the Professor is engaged in a study of Conservation as practiced and taught in the United States. His tour in our country is sponsored by the Committee of Leaders and Specialists of the American Council on Education.

Professor Zorilla spent Wednesday morning at the college and the afternoon at the McDill and Roosevelt School sixth grade camping program at Lake Elaine. He expressed belief that a conservation program of this sort, beginning with young children, would be helpful in his native Mexico. In discussing teaching techniques with conservation student teachers he hoped to set up a curriculum for conservation teachers in the teacher-training Institutions of Mexico.

Professor Zorilla mentioned that teachers in the Mexico City area received wages of about 2000 pesos per month (\$160). He hoped this could be raised shortly to about 2500 pesos (200) so that more qualified people could be encouraged to enter the educational field.

College Women Elect

At its meeting recently, the CWA board elected two freshmen girls to represent their class on the board.

Elected were Priscilla Wagner, of Pulaski, and Mary Jane Martinson, Stevens Point.

Religious Club News

Newman Club

At an executive council meeting of the Newman Club on Monday night, a tentative schedule of the meetings for the first semester was set up. The first meeting is tonight, Sept. 26, at Pacelli High School at 7:00 o'clock. The remaining meetings will be Oct. 10, Oct. 24, Nov. 14, Nov. 24, Dec. 12 and Jan. 9.

The October 10 meeting is very important to all freshmen. At this meeting you will receive the necessary information on the initiation ceremonies, which will be held at the October 24 meeting.

The council also planned a very interesting program for the coming year which should be informative for every Catholic on Campus. Such topics as mixed marriages, the Mass, and the like will be discussed at the meetings.

Trigon

Trigon, made up of the Congregational, Presbyterian, and Evangelical and Reformed churches, held its first meeting on September 12, 1957, at Dr. Marple's home.

The group used the evening to get to know each other by self-introduction and informal talk within the group. Rev. Meyers of the Presbyterian Church talked briefly on the importance of Christian youth groups. The meeting was closed by having an outside wiener roast.

It was announced that Dr. Marple will hold Sunday morning meetings in the kitchen of the Presbyterian Church at 9:30 A.M. Coffee and rolls will be served every week at these meetings.

Trigon will also have a supper-veper service on September 22nd. On October 10th at 6:00 P.M., the Deacons of the Frame Memorial Presbyterian Church will give a dinner for the entire group.

After the October 10th meeting, Trigon meetings will alternate between the Evangelical and Reformed Church and the Frame Memorial Presbyterian Church. The first meeting of the month will be at the former, and the second meeting of the month at the latter.

Wesley

Methodist freshman and upper-classmen enjoyed a get-together at the Wesley Meeting on religious night. The evening's activities included get-acquainted games and group singing, followed by a business meeting and refreshments. A worship service led by Bill Scribner and Ron Nelson concluded the program.

Meetings for the year will be held on the second Thursday and the fourth Sunday of each month. Preceding the Sunday get-together a Dine-a-Mite supper will be served by the food committee of Wesley.

L.S.A.

Lutheran Student's Association met at Iverson Park for a picnic and get-acquainted gathering. The group, which included many new students, enjoyed softball, a few mixers, and lots of food. The outing was concluded by a devotional service at Trinity Lutheran Church.

A banquet is included in the plans for the near future.

Gamma Deltan

The Gamma Deltans are back in the swing of things again. The year's first get-together was held at the Ross home. The group worked up a dandy appetite by trying their skill (?) at the game of volleyball. When everyone was nice and hungry barbecues, potato chips, and the trimmings were served on the lawn. The remainder of the evening was spent playing croquet, singing, and watching TV. It was fun seeing the old faces and meeting the new.

On Sunday night a meeting was held and was followed by an entertainment period and refreshments. The evening closed with a vesper service in the church.

Many things are ahead for the group. Homecoming activities naturally mean float activities. The beginning of the year also means that it is time for pledging. All freshmen and new-comers who plan on joining the group are invited to the next meeting on October 10th at which time pledging will begin. The fall convention is also in the news. It will be held in Madison on November 8th and 9th. It will be a weekend

of fun and fellowship for all who plan to attend.

Watch the bulletin board for further notices. We'll see you all at the next meeting.

WAYLAND

Wayland Club, which is the organization for Baptists and Baptist preferring students here on campus, held a chicken-dinner banquet in honor of both the old and new members Thursday evenings, September 12.

Rev. & Mrs. Theodore Krause were in charge of the program for the evening.

This year for the time, a Sunday School class for college students is being held Sunday mornings at 9:30 A.M. before the regular church service at 10:45 A.M.

Besides the regular Sunday and Thursday evening meetings, as set aside by the college, one night a month is being devoted to a strictly social-recreational time when we get together just to have a good time along with Christian fellowship.

Student Council Action

The first regularly scheduled meeting of the student council was held last Tuesday, Sept. 24 and will be held every Tuesday at 4:15. The classes will be represented by their vice-presidents and their student council representatives. Representing the senior class this year will be Gerald Bruns and Eleanor Rostel. Tony Koehn and Gretchen Speerstra will sit for the sophomores while the juniors can look to Eugene Sorenson and Pat Collier for their representation. The freshmen members will be seated after they are elected. Yesterday, (the 25th), the freshmen met to discuss their prospective election which will take place on Wednesday, October 2.

New members of the student body may wonder what those little "pigeon's parking places" are on the east side, first floor. Returning students and faculty members will recognize them as the long sought after student mailboxes. Council members typed, cut, and placed the names on the boxes. Student boxes are alphabetized from the north end. Those for organizations are on the south. The following hints will aid the students in their use of the mailboxes: Use at least one-half a sheet of paper, as something smaller is liable to be lost. The boxes are not to be used as a mass advertizing media. If you have a message that concerns the entire student body, use the main bulletin board or the weekly calendar. If you have any questions or comments concerning the mailboxes, attach it to the student council bulletin board. The council is proud that it was instrumental in obtaining and implementing this service.

Response to the student health and accident insurance plan, on which the Council distributed information, has been good. If you are one of these students and you meet with sickness or an accident, report immediately to the school infirmary. If you are not on the campus at the time, consult your doctor and notify the school as soon as possible. Coverage can not be guaranteed if these steps are not taken.

Students may still sign for the insurance plan through Friday, September 27. Blanks are available in the Main Office and may be left in the Main Office basket. The cost is six dollars per semester.

Homecoming is scheduled for October 18-20. The homecoming chairman, Gordon Faust, suggests that students and their organizations begin planning now for their entry in the parade. It takes just as much energy to wish as it does to plan.

Don't forget freshmen elections, October 2. Voting will take place in the booth near the Record Office.

Benny Graham Plays At All-School Mixer

September 13 found the students of Central State in the Campus School Gym, dancing to the music of Benny Graham's Orchestra from 8:30 to 11:30.

This All-School Dance was the first of the season, and Mrs. Phyllis Rayve acted as chairman of the social committee which sponsored the event.

Wisconsin's new Alice In Dairyland, Nancy Kay Trewyn, Whitewater, Wisconsin, is shown above shortly after she received her new crown. Nancy was "titled" by Doris Olsen, the 1956 Alice, before a capacity grandstand crowd of fifteen thousand people. This ceremony climaxed a Dairy Day celebration at the Wisconsin State Fair August 21. Nancy is already busy appearing at conventions, county fairs, and other events extolling Wisconsin and its fine agricultural products. Daughter of Mr. and Mrs. Harold W. Trewyn, Whitewater, operators of a one hundred two acre dairy farm, the new Alice will make her first major out-of-state appearance at Memphis, Tenn., September 18. She will highlight a Wisconsin State Department of Agriculture Cheese Promotion and act as hostess at the Mid-South Fair at Memphis.

Letters To The Editor

September 18, 1957
TO THE EDITOR OF THE POINTER:

The Administration Committee would like the Pointer to publish an important change in our probation regulations which was adopted by the Administration Committee on July 25, 1957. This change affects many students presently enrolled. We hope that you will be able to report it in an early issue. The following policy statement was adopted by the Administration Committee. It has also been reported to the faculty.

A student who has a grade point average of less than 2.00, but at least 1.50, for any semester shall be placed on academic probation for the next semester. (Specific terms of the probation may be set by the student's dean or director.) Each succeeding semester, the student must make a grade point average of at least 2.00, or he will be dismissed from the college.

A student shall be dismissed from the college for low scholarship at the end of any semester if he has a grade point average of less than 1.50 for the semester, except that a freshman may not be dismissed, ordinarily, until he has attended two semesters. (A freshman who has been admitted on probation may be dropped if he earns less than 2.00 grade point average during his first semester.)

A student who has been dismissed from this college may appeal to the Administration Committee for readmission. Generally, such a student will not be readmitted until he has been out of school for at least one semester.

This change means that there no longer is a final probation status. It means that any students now in college who were previously listed as either probation or final probation may be dropped from school in January, 1958 if they earn less than a "C" average this semester. It also means that freshmen who earn less than a "C" average both semesters this year will be subject to dismissal in June, 1958. Previously a freshman who earned less than a "C" average the first semester would go on probation for the second semester and if his average continued below a "C", he would go on final probation the first semester of his sophomore year. In effect then, this change gives freshmen a year rather than a year and a half to prove their ability to do college work. If any students have a question about his probation status, they should consult their division director or the Record Office.

Gordon Haferbecker
Dean of Instruction

Roving Reporter

By
Gloria Richard

Registration is an impressionable time. Those long lines, that hand-cramping form-filling process, and finding classes is bound to affect a few opinions of new students. Here's how some of the freshmen answered this week's question, "How do you like CSC so far?"

Alice Schmatz — Chicago
"I like it very much so far. I'm a little bewildered, but I like it!"

Dave Kawleski — Stevens Point
"Haven't really thought about it. Too busy!"

Jackie Fritsch — Withee
"I just love it. It's lots of fun!"

Carlene Laars — Tigerton
"It's swell, but it's the hardest thing to get to the right classes at the right time!"

Le Roy Carlson — Adams
"It's kind of early to tell yet!"

Marilyn Lee Maye — Green Bay
"It's just great! Everyone is so friendly!"

Gale Gohlke — Endeavor
"The only objection I have is teachers and classes!"

Chuck Parr — Adams-Friendship
"Just fine! It's quite a change!"

Mary Garske — Stevens Point
"I think it's fine but it's a little harder than I thought it would be!"

Gary Manteufel — Oxford
"Fine. But why are all the good-looking girls upperclassmen?"

New Faces in The Office

If you go into the Administration Office, you will probably see three new faces, unless you're a Freshman — then all the faces will be new. Way back in is Mrs. Barbara Laszewski, who is from Stevens Point and worked at Hardware Mutuals Insurance Company. Mr. Laszewski is a student here.

Behind the big window are two more newcomers, both of whom are natives of Madison. Mrs. Joyce Charmley, a petite brunette, is working in the office while her husband attends classes. Mrs. Charmley was formerly at Thorp Finance Company.

Miss Joyce Hoffman, the third newcomer, worked in the State Purchasing Department at Madison before joining us at C.S.C.

Pictured above is a freshman student at the end of registration week.

Election Of Officers Held At Delzell Hall

Delzell Hall, this year under the direction of Mr. Raymond Specht, recently held their elections for the officers of the coming year.

President will be Gerald Bruss; Vice-president, Jim Miller; Secretary, Nels Werner; Treasurer, Tom Wavrunek; Student Council Representative, Bob Dickinson.

Wing representatives chosen were Jim Kiefert, Lynn Thaldorf, Dave Paasch, Tom Sutcliffe, Werner Wernberg, and Jim Walvoord.

Wing managers appointed by Mr. Specht are Bill Bacher, Gerald Meuret, Jim Engle, Nels Werner, Charles Knight, and Jim Miller.

All of these appointed or elected officers, with the exception of the Student Council Representative, become members of the Dorm Council.

Dance Sponsored By Tau Kappa Epsilon

Tau Kappa Epsilon Fraternity began its social program this year with a record dance held in the Student Union, Saturday evening September 14, following a Pointer victory over Hamline. The weather was hard on the players and the fans, but the turn-out was good.

The social committee of T.K.E. has made preparation for another dance to be held in the Training School Gym following the game with White-water here Friday night, September 27, 1957.

Other events planned for this school year include our annual T.K.E. Sweetheart formal dance to be held at an earlier date than is listed on the first semester calendar. The formal dance will probably be advanced to Friday evening, January 10, 1958, rather than during exam week as listed.

Our rushing period will begin six weeks after the first day of classes We are also planning events to be held with our sister sorority, Alpha Sigma Alpha. Other events will be held within the groups such as banquets, athletics and a possible softball game with our brothers in Madison.

Current Omeg Officers

Omega Mu Chi sorority, in an election last spring, selected the following for their officers for the current semester: president, Marlene Hanke; vice-president, Helen Lewis; recording secretary, Mary Ann Hoppe; corresponding secretary, Barbara Brenner; chaplain, Donna Toepper; press representative, Donna Mueller; historian, Barbara Otto; alum secretary, Susie Yach; inter-sorority representative, Charlotte Buggs; and parliamentarian, Joan Jeckle.

CSC Political Situation

The class officers for the senior, junior, and sophomore classes were elected last spring. The senior class president-elect, Wayne Schmidt, did not return to CSC this year and the situation has not yet been remedied. Other senior class officers are: vice-president, Gerald Bruss; secretary, Carol Nelson; treasurer, Marlene Hanke; and Student Council, Eleanor Rostal.

Those elected to serve the junior class were: president, Arnold Trachte; vice-president, Eugene Sorenson; secretary, Mary Jo Buggs; treasurer, Jack Blosser; and Student Council, Pat Collier.

Sophomore officers are: president, Mel Leinwander; vice-president, Tony Koehn; secretary, Gloria Richard; treasurer, Jane Brede; and Student Council, Gretchen Speerstra.

Nominations for freshman class officers, to be conducted by Dick Spindler, are scheduled for Wednesday, September 25, at 4:15.

Requirements Changed

Requirements for those students interested in entering the Primary Division at Central State have now been altered. This change has been made to assist Mr. Gordon Haferbecker, Miss Elizabeth Smith, and Miss Alice Blodgett, Primary Division advisors, in their work.

For those people who are following a Primary curriculum, but are now in the Letters and Science Division, Mr. Albert Harris is the advisor. These same people are to see the Dean of Letters and Science, Dr. Warren Jenkins, for any changes in their curriculum, even when pre-taining to Primary courses. Entrance into the Primary Division from the Letters and Science Division requires an average grade point of 2.25 for the year.

Another change which has been effected this year is the process of gaining membership in Primary Council. Only those people who are officially enrolled in the Primary Division will be eligible to become members of the Division's organization.

Get Acquainted Party Held Under the Stars

A "Big-Little Sister Party" was held Tuesday evening, September 10, behind the Campus school. A few get-acquainted games were played followed by square dancing with Miss Elda Schrader as the caller. After an hour of recreation the girls were served cookies and punch. Joyce Schlottman, Nancy Hager, Joan Jeckle, and Marjo Mathey did the serving. General chairman of this event was Lila Ablard with Diane Baehler as co-chairman.

The purpose of a "Big-Little Sister Party" is to acquaint the new students with the upperclassmen.

Hamline Trampled Into The Mud by CSC Grid-men

The Purple and Gold of CSC waved victoriously over Goerke Field Saturday, September 14, as the Pointers opened their football season with a 20-6 victory over Hamline University of St. Paul.

Three hundred and fifty loyal fans braved the elements and watched the Pointers jump into a quick lead as Ronnie Hoenisch made a brilliant 85 yard run to set up the Pointer score. Two plays later Ron rambled into the end zone. Ryskoski kicked the P.A.T. and the Pointers were never headed after that.

It didn't take the Pointers long to score again as Hoenisch showed great running again on a 23 yard scamper for the TD. A beautiful 49-yard run by Rhinelander freshman Eldon Sharp set up the TD this time. Last year's "toe", Dale Schallert, kicked for the extra point, but it was blocked.

Hamline narrowed the margin in the second quarter after Point missed a field goal. The Pipers put the ball in play on their own 20, and on the first play freshman Wayne Hamre burst off tackle and raced 80 yards to paydirt. The Pipers, attempting a fake kick, fumbled and never did get off any kind of extra point attempt.

The remainder of the second period was a slugfest in the line until Hoenisch intercepted Gordon Genz's pass on the 50 and raced back to the Piper 33. Scharp barreled around right end for 16, good for a first down on the 17. Hoenisch smacked to the seven and Ron Wislinski, breaking to the left, bounded over for the third touchdown. Ryskoski booted the point for a 20-6 lead which held up until half-time.

The second half settled down to a battle of the front lines as neither offense could get going in the mud, and there weren't any serious scoring threats. The final score ended with the halftime score 20-6. That was number 1 for the Pointers. Let's hope for many more!

Statistics	CSC	Hamline

Dear Editor:

During the past three weeks we have been engaged in an archaeological investigation. This investigation has involved much work — we mean actual physical work, apart from the thinking and planning that goes into such an enterprise.

Basically, the work involves a research project of some seriousness. Mr. Bradley Blake, one of our former students, is using the material for his master's thesis. He has spent many hours, even months, in the field working and preparing.

The work could not have progressed to its present stage of near completion without the assistance of many people. It is impossible for us to begin "naming" people, for there were many. They worked hard and willingly, these people.

We appreciate it in more ways than even they can know. And we want, through this medium, to express our gratitude.

All kinds of people participated. Among the college staff, people from the rank of president, dean, and all the ranks of the faculty participated. College professors came out to shovel earth, and sift it through a screen. They came out and offered physical labor, and took direction and supervision willingly. They worked with a sense of urgency and excitement. They worked freely — they asked for nothing in return except the right of people of knowledge to continue to explore.

There were students. Why, we have asked ourselves, should a young girl, recently away from an appendectomy, come out and try to work with us? Why should a mathematics major express such keen interest and willingness to labor? Why a science, or physical education, or history major do so? Why should any student?

All who attended the Tamburitzan assembly were rewarded with two hours of gay dancing and singing.

We don't know the proper answers. Selfishly, perhaps, we have recognized the quantity and extent of labor, for we needed labor. Students and faculty lent dignity to our work.

There were still others. Custodial staff, for example. And there were the professional and non-professional citizens of Stevens Point.

All these people contributed time, energy, interest, and labor to a research project.

All these people are anxious, along with us, to have Mr. Blake continue to do a fine job in his work. We wish him well, and we are confident.

We remain not only grateful, but also deeply humbled by the contributions of many people in this small research project. We have gained friends and associates which we never thought were possible. We regret that we cannot more tangibly express our feelings. But we will work harder.

Sincerely yours,
George I. J. Dixon
Gertrude A. Dixon

Excellent Performance Is Given By Tamburitzans

Enthusiastically received at both matinee and evening performances, on September 17th, were the 'Tamburitzans', who opened the college 1957-58 assembly series.

Under the direction of Walter W. Kolar, the group of twenty-four talented students from Duquesne University, Pittsburgh, Pa., presented a lively, two hour program of the traditional folk music and dances of various European countries.

Colorful costumes added to the performance of the versatile students as they sang, played, and danced in accordance with the native tongue, music, and costume of various depicted regions.

These students, members of the "Duquesne Tamburitzan School of Music", work their way through college by their musical interpretations of Slavic and other customs and cultures.

First Week Freshman Episodes Are History

The life of a freshman at college during the first few weeks is not one to be envied. Such existence is governed by one law: survival of the fittest.

From the starting gun the struggle is on. The contest during registration week is to see who can stand in line the longest. Against all regulations are such aids as folding chairs, crutches, and comic books to while away hours. Thus far shoes with arch supports have not been outlawed. There has been talk of doing away with this innovation since it tends to produce soft, pampered freshmen.

Survivors of this ordeal are then urged to take part in a card-filling contest. This is a non-profit project sponsored by the P. P. M. S. P. S. A. (Pen and Pencil Makers of Stevens Point and Surrounding Area) which is a subdivision of the C. C. M. I. A. (Colored Card Manufacturing Industry of America).

Meanwhile, back on the domestic scene: It has been decided that the rooms at the dorm, designed to hold two people and their belongings, can be made to hold an extra third person. So, an extra bed is added, extra closet, extra desk, extra chair, and extra lamp until a point is reached at which there is no room for the extra roomer!

Before, during, and after registration, the new student is urged to become a part of the student body by attending the Freshman mixer, Big-Little Sister Party, Stunt Night, a picnic or two, another party, a football game, a dance, and an assembly. In addition the band, choir, orchestra, and glee clubs plead for the new students to "Join Today!"

The first day of classes produces another problem to be met by the newcomers. After thorough exploration of the building, the main goal of the classroom assignment committee (or whoever it is that decides which class is to be held where) becomes quite apparent. Every class listed on your schedule is in the furthest reaches of the attic or in the dank depths of the subterranean level.

An uninhibited spectator in the halls of our fair college on the first day of classes would be led to believe that a treasure hunt or some such game is in progress. What else could be concluded as he observes students

The Stimulating Teacher, The Remembered Teacher

Among Wisconsin's living "greats", Edna Ferber, Fredric March, and H. V. Kaltenborn stand high. As school began this fall the three writer, actor, and newsman looked at teachers and teaching and had some things to say.

Their remarks were released this week by the Board of Regents of State Colleges.

"I think school teachers are, or should be, the most important professional people in the world," said Miss Ferber. "Their influence on children, on adolescents, and on young men and women students is, or could be, more powerful and more enriching than any other single factor in the lives of young people today."

Advice came to Wisconsin's youth from Mr. Kaltenborn who emphasized the necessity of getting all the education possible while young.

"Everything you learn comes to have definite value later in life," said the dean of American newsmen. "The teacher who stimulates you to want to learn is a person to be remembered with affection and gratitude."

Actor March couldn't remember the name of one of his Wisconsin teachers who was "very strict."

"She insisted at one time that each of us must learn Marc Anthony's speech 'Friends, Romans and Country-men' else we'd not pass her course," he recalled.

"She must have forgotten this admonition as weeks went by because none of us learned it. But I still wake up in a cold sweat some nights thinking, 'I must get at it!'"

Important, stimulating, and unforgettable — these are Wisconsin teachers, at least some and maybe most of them.

peering earnestly behind each door as they progress down the hallway.

This absorbing pastime readily sets the new student apart from the masses. A less conspicuous method of locating one's classrooms is to wait until after the bell has rung, the doors are all closed, and the room numbers in plain sight. This, of course, has its disadvantages. Being late on the first day means that only front row desks are available. It is an unwritten rule that all freshmen avoid the front row, if at all possible.

And so the struggle to adapt themselves to a new kind of existence continues for the freshmen. The honors go to those with the biggest feet, sharpest elbows, most pencils, and the best sense of humor.

To Purchase Your Texts

All students were given a list of books required for each class. In some cases students did not receive all the required texts for a particular class, in which case they would need to buy more books.

The text book library, located in the basement of the library, is open from 8:00-12:00 and 1:00-5:00 for the purpose of buying books. There is a 15% discount on each book and a 10% additional deduction for each semester the book has been in use.

If you find you need an extra book or have any question concerning buying or borrowing a book, Mrs. Vrobel, who is in charge of the text book library, will be glad to give you additional information.

Phil and Audrey Greenway — boy
Mr. and Mrs. Garland Fothergill — girl

SIASEFI NEWS

School has started and so have the SIASEFIs. For those who are new to CSC, the SIASEFIs are a great organization participating in all school activities. It is composed of men who are of high moral character and scholastic standing.

In a meeting held Monday, September 16, the election of new officers took place. The new officers are: Glen Moberg, President; Carl Wohlbiar, Vice President; Jim Boldig, Secretary; Gene Curtis, Treasurer; Dave Stueber, Pledge Chairman; and Jim Shafanski, Chairman of the entertainment and refreshment committee. These men we know will uphold the glorious traditions of the SIASEFI.

Also discussed in the meeting was pledging and homecoming. A motion by Allen Summers to give green stamps at the meetings was turned down by a slim margin. A collection given to the Red Cross was taken up for the hurricane destructed areas in the south. As in the past the SIASEFIs have given their best to such worthy causes.

SOCIETY NEWS

Tom Tate and Ardelle Sobczak were finally married this summer at Wisconsin Rapids. After about 15 break-ups and losing the engagement ring a few times, they tied the knot. A good time was had by all of the SIASEFIs attending the wedding.

Two engagements are reported. Mr. Ronald "Whizzer" Wislinsky asked the parents of Miss Marjorie Martinson for her hand in Marriage. No date has been set for the wedding. Also engaged is James Damrau and Sally Werner; no date has been set.

Congratulations to three proud papas for additions to the families. All of the families had baby girls. Mr. and Mrs. Gene Curtis, Mr. and Mrs. Dennis DeDecker, Mr. and Mrs. Dean Cayo. Expecting a little tax deduction soon is Mr. and Mrs. John Plenke.

Graduation and other causes took its toll in our ranks as we lost 14 honorable men. Lost through graduation were; Bob Bostad, Nubbs Miller, Dean Cayo, Jack Green, Tom Tate, John Plenke, Douglas Tanner, James Hopkins Jr. and Phil Lukowicz. Lost through other causes were: Ted Ludeman, James Marko, Marlyn Habeck, Carl Jurgella, and James Damrau.

One of our members, Bob Bostad is helping the coaching staff of the Pointer football team. He knows that he can't get picked off first base while being on the football field.

One of the highlights of the year which did not make the Pointer last year was our SIASEFI Spring Formal. It was of course a success, not a one couple broke up this time. Had a little trouble at the refreshment stand, but a flange expert from Chi town fixed it.

Student's Prayer

Onward, move onward,
O time in thy flight,
Make the bell ring
Before I recite.

Pictured here are the Omegas as they opened the Activities Assembly with a parody on College life.

FAMILIAR FACES

This is the first interview in a series of outstanding C.S.C. seniors. Our first candidate is one of the best known students on campus. Freshmen know Joyce Schlottman as she was Mistress of Ceremonies at the Activities Assembly during Freshmen week; Sophomores know her for her friendly personality and her active role in various C.S.C. activities, while Upperclassmen know her for these — but also remember her as a very gracious and beautiful Homecoming Queen in 1955.

As a Home Economics major, Joyce has been active in the Home Ec. Club and last year received the Junior Home Ec. Scholarship based on scholastic achievement and participation. Practice teaching at both P.J. Jacobs High School and Emerson Grade School help to keep Joyce busy. She had quite an experience last year, teaching sewing to the 8th grade boys at the Campus School, their big project — shirts.

JOYCE SCHLOTTMAN

Joyce was pledge president of the Tau Gamma Beta sorority pledges her freshmen year, and also received the Jean Mailer Scholarship for having the highest grade point of the pledges. Last year, she was press representative, chairman of the Homecoming float which received a first, and received the Mrs. Spinder Junior Award which goes to a junior sorority girl selected on the basis of her contribution to the school and her sorority. Presently serving on the Intersorority Council, Joyce is also Vice-President of the Tau Gams.

Playing in the first chair of the violin section of the Stevens Point Symphony during H.S. was the highlight of Joyce's musical activities. Here on campus, she is a member of the String Ensemble and the Girls' Glee Club.

Other activities Joyce has participated in include being a member of the C.W.A. Board for four years, and president last year; active in Newman Club, and runnerup for the title, "Miss Newmanite of 1956"; chairman of the decoration and orchestra for the Junior Prom; member of Sigma Zeta, National Honorary Science Society; and sophomore class secretary.

With all her activities, and studies, Joyce doesn't have a great deal of free time, but she manages to work a few hours every day at Chartier's.

So freshmen, here's a good example for you to follow and also some good advice from Joyce.

"Just like everything else, you get out of school exactly what you put into it. To make school worthwhile, you do have to study quite a bit, but don't forget you also learn from participation in school activities.

Four years is a long time but when you get to be a senior, and look back, you wonder where the time has gone."

JACK CHARLESWORTH

The dynasty of this week's Familiar Face was set up seven years ago, when his dark haired sister Ruth Ann established residence at CSC. But when this edition of the Charlesworth family became a senior, she could be sure of her name being carried on in the next three years of CSC history, for her brother Jack then enrolled as a freshman. Now he is a senior, bringing to a close the current Charlesworth dynasty.

Jack, 21, is a native of New London, where his father has been a football coach for a good many years. No veteran of the Armed Forces but certainly one of the gridiron, Jack made his mark in four years of college football, playing as quarterback (with a current punting average of 33 yards). He considers himself best off on a wet field — the recent Hamline game must have gratified all desires in that direction.

Now, a few other vital statistics. A member of the "S" Club and Newman Club, Jack is an independent in regard to fraternities. His major is history, with minors in English and physical education — leading to an expected future in coaching and teaching phy. ed. Five feet eleven inches tall and 180 pounds, Jack sports a black crew cut and horn-rimmed glasses. At present, he lives at the home of his aunt in Stevens Point, and the phone is DI 4 - 6361 — just in case.

This last summer Jack spent in a session of summer school and doing odd jobs in the vicinity of the Chain of Lakes. He pays his own way through school with some help from his father. Finances stretch far enough to enable him to own a car of his own — another check on the plus side of the "eligible" list.

Football has brought quite a few semi-amusing experiences to Jack, along with the usual ones. His nickname on the gridiron is "Chink", since he has to wear contact lenses to keep himself from squinting. Also, one especially vivid scrimmage of this year led to his being tackled in a mess of Portage County sandburrs — and it took almost an hour to get them all picked out.

According to Jack, who would have the inside dope if anyone would, this year may mean another championship football team at CSC. "There are enough vets to offset the green team — we could do all right." He feels that the right coach and hard work are the basis for football enthusiasm.

The future will probably see Jack located as a family man and coach centered around some Wisconsin high school. And best of luck to him!

This line look familiar? This is the stuff memories are made of and who can forget those registration lines.

Point Hosts Whitewater Gridders Friday Night

The CSC Pointers are in for another rough game as they face the Whitewater Quakers at Goerke Field tomorrow night at 7:30. Last year the Pointers were hard pressed to salvage a 7-6 victory over the Quakers.

The Quakers will bring 14 lettermen with them Friday and boast only one senior among them so the Pointers will be facing a team which should remain intact through the next few years.

Co-Captain Doug Davidson holds down one tackle position. Davidson ranked fourth among the nation's small schools in punting last year, averaging 43 yards per kick. The other tackle will be manned by Dave Spees, a big rugged newcomer who has been shifted to tackle from end.

Dale Heubner, the fastest man on the Quaker squad will handle the right guard position. Dale is a fiery competitor who never quits. His running mate at the left guard position will be letterman Harold Smith, who, like Dale is an excellent blocker.

No one has been found yet who can fill the shoes of all-conference center Carl Polacek who graduated last year, but three newcomers are putting up a good fight for that position. They are Vincent Ripp of Middleton, Dick Janesen of West Allis, and Dale Hokkanen of Thorp. All three have good possibilities with Ripp given the nod at present because of his terrific desire.

The halfback spots started out to be one of the squad's strongest points, but letterman Roger Karkman re-injured an old knee injury which has caused Quaker Coach Frosty Perkins some concern. Captain Evan Wrichmann has been changed from fullback to right half and his power and good blocking should make that position solid. Regular halfback Dick Puge has been ill with tonsillitis but should be ready to meet the Pointers Friday.

Fullbacks seem no problem to the Quakers. Big Walt Sterndl holds down that spot. Walt is 6'1" and hits the scale at 225. He has adequate speed and good hands. His blocking is very solid and his linebacking good.

Three boys are waging a fight for the quarterback position. They are Jerry Bowe of Cudahy, Wally Wiese of Cudahy, and Roger Johnson of West Bend. Johnson has been a pleasant surprise, and although he is just a freshman, could win the job. At the present time, sophomore letterman Jerry Bowe gets the nod as the starter because of his fine passing and signal-calling ability. Wally Wiese, last year's regular and one of the best defensive backs on the squad, has been disappointing.

So there should be another interesting game at Goerke Field for the Pointer fans. Let's hope the weather will be better than last time, and let's get out and back the Pointers!

Pointers Upset In First Conference Scrap 26-20

Platteville State College ground out 256 yards to overcome the Pointers with a 26-20 victory at Platteville's Fair Grounds in the opening game of the State College Conference on Saturday afternoon.

In the first period the Pointers held Platteville to 38 net yards while picking up 49 yards themselves. Don (the Toe) Ryskoski booted a tremendous 42 yard field goal to give the Pointers a 3-0 lead.

In the second period Hoenisch intercepted a pass to begin a scoring march which ended with Fran Roman's line plunge from the 2 yard line. Ryskoski kicked the extra point and C.S.C. pulled ahead 10-0. A Platteville attack led by Blonde and Harr made the score 10-6. Blonde's passing was stopped near the end of the half by the Pointers who broke up Blonde's last three pass attempts.

Ryskoski added a 28 yard field goal in the third quarter but Platteville came back with a touchdown and the extra point to tie the score. Barton intercepted a Charlesworth pass and carried the ball to the Pointer 3 yard line where Kerkenbush carried it over, but his kick for the point missed. Platteville took over from a blocked punt and moved in five plays for a touchdown to lead 26-13. The Pointer's final touchdown came on a pass from Schmidtke to Kestley with

Data On CSC's Football Coaches, Experienced, Willing - The Backbone

DUANE COUNSELL

Beginning his first season as mentor of Pointer football fortunes is Duane Counsell who was named to succeed John Roberts early last April. Roberts has resigned in order to accept the position of WIAA secretary.

Counsell brings a .703 winning percentage to Central State. In six years of coaching, Counsell has seen his teams win 45 and lose 19 while tying 2. Last year his West Allis Central team finished with a 5-3 record which was good enough for fourth place in the powerful Milwaukee Suburban Conference. Before going to West Allis, Counsell was head coach at his hometown of Wisconsin Dells. Here his team had a 40-16-2 record. At the Dells Counsell also was head basketball coach and had several fine teams, including the 1955-56 squad which lost out to Sauk City, one step away from the state tournament. He also was kept busy coaching baseball, track, golf, and volleyball.

Counsell is a CSC grad, leaving here in 1949. While here, he played quarterback on the 1948 football team and made quite a name for himself in his brief career.

He is 32 years old and married to another CSC grad, Wanda Tofson, who also hails from Wisconsin Dells. They have two girls.

HALE QUANDT

This is Hale Quandt's 11th year at CSC and his 31st year in the coaching field. He was head coach until 1952 when the college split its basketball and football duties between two coaches. Quandt now serves as head cage mentor and athletic director.

Quandt's college team here in 1949 shared the Wisconsin State College Conference Championship. He has coached many championship outfits in basketball and football, as well as other sports on the high school level. His prep tutoring career carried him into three states: Benton Harbor, Michigan; South Beloit, Illinois; and Wausau, Hartford, Cuba City, and Tomah, Wisconsin.

A high school athletic star at Wausau, Quandt graduated from River Falls State Teachers College, received his B. A. from the University of Iowa, and his M. A. from the University of Michigan. Born in Marion, Wisconsin, he lived most of his youth in Wausau.

Quandt is married and the father of one son.

GENE BRODHAGEN

Another figure in the ranks of football coaching this year is Gene Brodhagen who came to Stevens Point after 10 years at Winona State Teachers College in Minnesota.

He is a native of Bonduel, Wisconsin and Shawano High School where he participated in high school athletics. He played football at the University of Wisconsin, performing three years as an outstanding tackle.

After graduation from Wisconsin, Brodhagen coached one year at Grennel (Iowa) College, then moved into the high school ranks for two years at Phillips, Wisconsin. He next went into service, after which he was on the coaching staff at Winona for 10 years until coming here.

He served as head coach and assistant at Winona in football and also headed the track and wrestling teams there during that time.

Brodhagen is married and the father of one son.

Here is our football team practicing for their game against Whitewater tomorrow.

Mr. Duane Counsell, pictured above, is our football coach this year.

The one thing the Iron Curtain can't keep out—

FROM THE SIDELINES

Another year is upon us and another sports editor bites the dust. The job of sports editor does not seem to be a lasting job, but I will try to live up to the tradition of my predecessors.

The football season is finally upon us. This may be a welcome relief for some who have lived through a long summer hearing only, "Go get 'em, Braves."

Coach Counsell's first season, as Pointer mentor looks to be very interesting. Although the Pointer record stands at only 1-1, the indications are that the Pointer fans will see a lot better football than witnessed last season, as this year's squad has looked very sharp so far, losing only to a strong Platteville squad after holding their own until the 4th quarter.

The WSC conference title race should be rather interesting this year, with no clear cut favorites for the title. Superior was pre-season pick, but they have already been cut down by Oshkosh. At this point in the season it looks like either LaCrosse or Platteville.

Next Saturday the "Big Ten" football season begins. Like the WSC conference race, this too should prove very interesting. Since Ohio State and Iowa are ineligible to go to the Rose Bowl, it will have to be one of the three M's—Minnesota, Michigan, or Michigan State. The drums are booming for Minnesota, but a killing schedule of eight conference games, of which only three are played in Minneapolis, may be too much for the "Golden Gophers." It looks like there will be dark days for "Bucky Badger", as the only sure victory appears to be that of opening day against Marquette. The Badgers have one of their finest freshmen squads in years, but it's too big a jump from high school football to that of "Big Ten" calibre.

Well, it seems that it's time to get out the crystal ball or flip the coin and see if my picks can match up with the other prognosticators. Each week I will attempt to pick the winners of the WSC conference games, the "Big Ten", and of some of the top

intersectional games. I hope I can do as well as my predecessor of last year.

Starting out with the weekend of September 28, we find it looks like this:

- Wisconsin over Marquette
- UCLA over Illinois
- Michigan State over Indiana
- Iowa over Utah State
- Michigan over USC
- Minnesota over Washington
- Stanford over Northwestern
- Ohio State over Texas Christian
- Purdue over Notre Dame
- Oshkosh over Milwaukee
- Superior over Eau Claire
- Platteville over LaCrosse
- River Falls over Stout
- Stevens Point over Whitewater
- Pittsburgh over Oregon
- Navy over Wm. and Mary
- Penn State over Pennsylvania
- Army over Nebraska
- Princeton over Rutgers
- Tulane over Texas

For the weekend of October 5th it looks this way:

- West Virginia over Wisconsin
- Illinois over Colgate
- Notre Dame over Indiana
- Iowa over Washington State
- Michigan over Georgia
- Michigan State over California
- Minnesota over Purdue
- Oregon State over Northwestern
- Ohio State over Washington
- Tulane over Marquette
- Eau Claire over Milwaukee
- LaCrosse over Stout
- Stevens Point over Oshkosh
- Platteville over Whitewater
- Superior over River Falls
- Tennessee over Mississippi State
- Duke over Maryland
- Miami (Fla.) over Baylor
- Florida over Kentucky

"COKE" IS A REGISTERED TRADE-MARK. COPYRIGHT 1957 THE COCA-COLA COMPANY

Mr. Funk & Mr. Wagnalls

"In re this matter of Good Taste," said
Mr. Funk to his secretary, "take a definition."

"Taste: sensations . . . excited . . . by the . . .
action of the gustatory nerves . . ."

"And add this," put in Mr. Wagnalls. "Taste:
the faculty of . . . appreciating the
beautiful . . ."

"That," said Mr. Funk, "wraps it up. Mr.
Wagnalls, will you join me in a Coca-Cola?"

"So good in taste . . ."

"And . . . in such good taste!"
