

These Pointer "boss" are responsible for the smooth (?) operation of the school newspaper for this year. They are: Ron Nelson, chief photographer; Jiggs Mervet, sports editor; Cliff Hoas, editor-in-chief; and Bill Hull, business manager. Coryl Erickson, news editor, was not present when the picture was taken.

The Pointer Organization Now Being Advised by Mr. Mickelson

The Pointer staff held its organizational meeting last Monday night, at which time the members indicated the jobs they would like to have. The general rules in regard to the deadline on articles, and other policies were presented to the group.

The Pointer editor is asking the presidents of the various organizations to select a press representative who will turn in any news that the organization may have. These stories should be on the Pointer office desk by 5 o'clock on the Friday before the Pointer comes out. If the news occurs over the weekend the

stories are due at 9 a.m. on Monday. The Pointer comes out every two weeks.

The staff is still not adequate as far as typists and the composition staff are concerned. Anyone interested in these activities is urged to stop in the Pointer office and sign up.

MR. MICKELSON

Mr. Mickelson, CSC's new speech teacher and advisor to the school paper, halls originally from Willmar, Minnesota, but he has spent the last fifteen years in Minneapolis and Philadelphia. Mr. Mickelson graduated from Willmar High School and then offered his service to Uncle Sam during World War II, serving in the Pacific for three years.

The University of Minnesota beckoned to Mr. Mickelson, and he stayed there for four years, majoring in journalism and minoring in English. While there, Mr. Mickelson was on the Dean's Honor Roll and received his B. A. degree.

Mr. Mickelson belonged to the Student Project for Amity among Nations (Span) and in 1949 went to England to study for three months during the summer as part of the University of Minnesota project.

After he was through with his studies he was able to travel throughout England and also on the Continent.

Before coming to Central State, Mr. Mickelson taught for two years at Augsburg College, Minneapolis, and was also advisor to the school paper there. He has also taught Engineering English at the University of Minnesota.

Mr. Joel C. Mickelson

Mr. Mickelson met his wife at St. Olaf College in Northfield, Minnesota, and is now the father of two boys, Craig Steven, who is four and a half, and Bruce Allan, seven months.

His hobbies include collecting records and drawing.

An exciting experience was receiving his degree, the Ph. D., from the University of Pennsylvania in Philadelphia.

Mr. Mickelson enjoys talking to people, traveling and writing. He has few dislikes and has an open heart, so here is wishing Mr. Mickelson a very pleasant stay at CSC.

New--Fine Arts Festival

Assembly Committee Plans Program

The College assembly committee, made up of Frederick Kremple, chairman, Miss Pauline Isaacson, Miss Mary Elizabeth Thompson, Norman Keats, Donald Rupert and Orville Rice have arranged the following assembly programs. Assisting with the Fine Arts Programs will be Hugo Marple and Nels Kampenga.

The first program was presented Sept. 17 in which the Tamburitans from Duquesne University, Pittsburgh, Pa. performed.

One of the largest crowds that ever attended a CSC assembly witnessed the opening of the assembly series for the coming school year. Festive colors, agile dancers, and spirited music all combined to set the stage for the Tamburitans of Duquesne University of Pittsburgh, Pa., on Wednesday evening, September 17, as they presented a program of folk music.

October 15 is the date set for the next program. The Wisconsin Players will come for two programs both of which will take place in the auditorium. A children's program, "Ali Baba and the Forty Thieves," will be given at 1:30 o'clock in the after-

noon, while the adult program, "A Streetcar Named Desire," is slated for that evening at 8 o'clock.

Miss Edith S. Sampson, attorney, will appear for an 8 o'clock evening lecture on the Near East situation on Wednesday, November 12.

A 10-day Fine Arts Festival slated for January, is the highlight of this year's series. The event will begin on Sunday, Jan. 4, and continue through Jan. 15. In the afternoon of the opening day, a tea and art display will be held in the college reading room and theater. Following this will be an evening program by Leon Destine and Haitian Dancers.

"Romeo and Juliet," a movie, will be presented Monday, Jan. 5 in the afternoon. A lecture on "Aesthetics" by Theodore Cloak, professor of drama at Lawrence College, Appleton, will be presented in the evening. On Tuesday afternoon, Jan. 6, the movie will be repeated, and that evening the Canadian Players will give their first of two performances. Their first appearance will be in Shaw's "Devil's Disciple," while the second, the next evening, Wednesday,

Jan. 7, will be in Shakespeare's "As You Like It."

The next four evenings students of the college music department will take over. There will be a student recital on Thursday evening Jan. 9, 10, 11. An opera will be presented.

On the afternoon and evening of Monday, Jan. 12, and again on the afternoon of Tuesday, Jan. 13 an art movie is scheduled. A concert by the College orchestra with pianist, William Doppan, as guest artist, will be presented that evening. The performance will consist of Grieg and Mozart concertos.

On April 13, when Lord's Puppets will perform for a children's program in the afternoon and for an adult's program in the evening, the series will be concluded.

These young college artists took their audience on a tour of many European countries by relating the songs, dances, and beliefs of the Croatsians, Serbians, Macedonians, and Slovenes. They also played instruments of the flute class in an orchestra.

SERIES VIII VOL. I

Stevens Point, Wis. September 25, 1958

No. 1

Ah, Mademoiselles, It Is The Omeg Tea

Maybe you love Paris in the springtime but Omegs prefer it in the fall! Just to prove this they are centering their fall tea honoring new students around a Parisian theme.

From 3-5 p.m. Sunday, September 28, the Student Union will be transformed into the gay streets of Paris. Sidewalk cafes, hat boxes, poodle dogs, and murals will carry out the local color of Paris.

The Parisian atmosphere will be further enhanced by the singing of Grace Sommers, Marney Bierman, and Sue Resin; the dancing of Susie Yach and the painting of Barb Otto.

In the receiving line will be Mary Jo Buggs, president; Sue Resin, vice-president; and the sorority advisors, Mrs. Mary Sampter, Mrs. Marlin Ravey, and Miss Ethel Hill. Mrs. Frank Crow and Mrs. A. F. Barrows will pour.

Committee chairman for the Paris Party are: food, Penny Maahs; dishes, Carol Lewis; invitations, Louise Rasmussen; booklets, Jane Wikum and Bev Marko; entertainment, Sue Resin; favors, Barb Otto; and decorations, Becky Colligan.

Homecoming Nearing

Homecoming is still about 4 weeks hence, October 25, but Homecoming chairman Bob Hanes is busy with the preliminary plans to make Homecoming a big success.

The actual activities can begin at any time. The organizations who plan to sponsor a candidate for homecoming queen should make a list of four or five names and have these cleared through the dean's office. The organization may then choose the one they want for a candidate and publicize their choice immediately.

Any organization that plans to enter a float in the parade should also

start making plans. You may pick up your entry blanks in the dean's office after October 1. For anyone who doesn't know, Eau Claire will furnish the opposition.

That takes care of the preliminary activities. The actual homecoming activities will begin on Friday night, October 17, at the Queen's Dance sponsored by the Phi Sig. The queen candidates will be formally introduced at this dance. The election of the queen will be held on Thursday, October 23.

Hobo Day will be on Friday, October 24, so save your old raggy clothes and join in the fun.

The queen will be announced at the homecoming assembly which will be under the direction of the Sig Eps. The Hobo king will also be selected at the assembly. On Friday night, the Tekes will direct the big bonfire and snake dance through the city.

Eleven bands have been invited to participate in the activities on Saturday, October 25. The parade will be Saturday morning, the game in the afternoon and the homecoming dance at night.

Hank Trzeclak is the assistant homecoming chairman and Jim Freiman is the parade marshal.

It should prove to be a gala time, so unpack those suitcases for a few weeks and enjoy Homecoming at CSC.

Proclamation

We hereby proclaim and decrees that Saturday, September 27, 1958 is Dogpatch night at CSC. The Alpha Sigis on this year campus invites you all cats to mosey on down to Dogpatch Saturday evening after the game. There will be plenty of joy juice for you all.

Come as y'likes, but you all be prepared to have some good ol' mountain fun.

Alpha Sigis
P. S. Marriages will be performed for a nominal fee.

Hear Ye The Speakers Annual Speech Institute to Convene

On Saturday, October 11, approximately 500 high school students, teachers, and coaches will gather at CSC for the annual speech and drama institute which is sponsored jointly by the Wisconsin High School Forensic Association and CSC's Speech Department under the chairmanship of Miss Pauline Isaacson.

Representing about sixty-five high schools in the surrounding district the participants will join study sections in debate, dramatics, and the other speaking and interpretation activities. After registration in the main building at 9 a.m. the anticipated 500 guests will proceed to the sectional groups in which they are interested.

In each of these sectional meetings there will be a consultant who will serve in an instructional capacity and one or more area students who will give demonstration performances. Sections and their consultants listed thus far are these:

Drama, Mr. Leland Burroughs, former chairman of the Department of Speech and English at CSC who

Miss Pauline Isaacson

studied drama at Stratford, England this summer; Interpretative Reading, Miss Mary Elizabeth Thomp-

son; Play Reading, Mrs. Julia Maller, of Madison; Declaration, Dr. Gledy Borchers of the University of Wisconsin; and Debate, Dr. Herman Brockhaus, of Madison.

Consultants for the remaining two sections are unscheduled as yet.

Arrangements for the Institute are being completed through the joint efforts of Mr. J. C. Gillman of Marathon, District Chairman, and Miss Pauline Isaacson with the help of the local forensic committee. Also about eight CSC students minoring in speech are helping in the preparations and at the institute as part of their practical work.

There will be a coffee hour in the morning for all guests and an optional noon luncheon at Nelson Hall.

Any CSC student interested in drama or forensics may attend the Institute, October 11, by paying the 25¢ registration fee.

State Artist's Exhibit Now In Library Gallery

The series of art exhibits in the Central Wisconsin Library Gallery opened Sept. 6 with fifteen paintings by Garry Pisarek. The exhibit by this Wisconsin artist will continue through Oct. 4 in the library theater.

The paintings are modern art and show great depth and meaning. The public is welcome to view the exhibit during the regular library hours.

Mr. Pisarek is 28 years old and was born in Milwaukee. He studied at the Art Institute in Chicago. He has exhibited at the Wisconsin Painters and Sculptors Annual, 1952 through 1958; the Chicago Institute, Layton Art School gallery, Wisconsin State Fair, Pfister Hotel, Fabric Shop, Athletic Club, and Allis Art Library, all Milwaukee.

For his art work, he has received the City of Milwaukee Purchase Award, 1951; Power Products Company Purchase Award, 1953; Milwaukee Art Institute Award of Merit, 1955; State Fair Awards, 1950 through 1953.

Welcome

The Pointer takes this opportunity to welcome all the new faces at CSC. Faculty members as well as students. We hope you will enjoy living, working and studying here. A hearty "Welcome back!" goes out to all of you who have been through the grind before and have decided to give it another try.

The Pointer is the official newspaper on campus and, therefore, should be an interesting and newsworthy publication. If at any time the Pointer does not meet these specifications and you have any suggestions to contribute, please do so. We will also accept and publish all letters to the editor if they are 150 words or less, are interesting and pertain to the students or faculty and are signed. The name will not be published if you so indicate, but we have to have the name on record in our office.

Again we welcome you all to CSC and extend best wishes to each and every one. CCH

Congratulations

A hearty congratulation is in order for the four cheerleaders who so valiantly attempted to stir up some enthusiasm at the River Falls game last Thursday night. It is true that the organized cheering was not so organized but consider the fact that these four young ladies had only two days to practice, and you will agree that they did a good job.

One suggestion that we would like to make that will lighten the burden of the cheerleaders is that everybody who wants to cheer at the game should sit in one group. Maybe a section could be roped off and reserved for the CSC students.

Another note of congratulations should go out to the pep band for stirring up some enthusiasm. We hope that they will appear at all games throughout the year and that they have a copy of the school song handy at the next game. CCH

Corner at CSC

I guess I'll never be either a complete conformist or a radical . . . and I really don't give a hang if anyone goes home on weekends.

Times for welcoming being pretty well past, let me congratulate the officials of CSC's registration process for their happy new additions such as summer program planning for the freshmen, a second semester schedule being issued with the first and free access to the cards-to-be-filled-out table in the library . . . but may the gods of efficiency grant that they clarify the second half of registration next time. Everything at the beginning was so beautifully arranged that it left everyone raring to pay his fees at the same time, and the line of half-registered students made the library tunnel look like a new sort of underground ghetto. Boys ran out long before the demand for them was over, of course, but this minor emergency is traditional. On the whole, the students showed admirable patience . . . and a few even exhibited special originality by sticking up improvised "Burma Shave" signs on the cold cement walls channelling their progress. And a huzzah for Dr. Peter A. Kroner who played Charon at the Reserve Reading Room door and managed, to keep himself and many others smiling at the same time.

Incidentally, if any of you want an early-morning thrill, stroll past the back of Steiner Hall around seven o'clock some morning. If you're female and fortunate, you may even get there before the inmates get their lips puckered for their whistled comments on the world . . . but anyway, the lack of curtains, shades, and non-transparent glass makes viewing interesting. My source is five years old and attends kindergarten, but kids notice things at an early age these days.

CSC's Assembly Series opened flimsily with the Tamburitzans a little over a week ago, and the kids with the big smiles went over big with the public. The Tammites have lots of talent, drill, and just plain youthful charm, and they show them all off with delightful abandon. If three years establishes a tradition, then let's not break it next fall.

The Purple And The Gold

Other schools of valor boast Of victories galore, Of laurels never lost.

Of triumphs by the score; Let them tell you of their prowess Of warriors strong and bold. But their colors ever lower To the Purple and the Gold.

Little Bits

This column is going to be just what its name implies — Bits of this 'n' that. It'll also be short, a synonym of little.

First things first — Here's the "whodunit" of the marriage bans: Verna Tomfohrde and Leroy Bidgood Bev Beer and Rich Marko Jane Trappe and Doug Wikum Leslie Seefeldt and Dudley Korth Marilyn Yach and Gerry Dewan Ronald Wampler and Jerry Hughes Becky Schupen and Jerry Yetter June Hooper and Bill Scribner Pat Davis and Joe Welch Margaret Kahl and Jim Richards Martha Jennings — and Michael Farrell Cathy Adams and Erv Jankowski Lois Merkatoris and Eugene Sorenson Coleen Christiansen and Donald Sykes Barbara Tuszka and Jim Shafranski Suzanne Monroe and Duane Ferkey

This institution is a three ring circus: engagement ring, wedding ring, suffering. (At least that's what Nancy Hager Verrea once said in her column a year or two back.)

Those who have entered into the first ring are: Donna Mueller and Nels Werner Lori Tellock and Jerry Niemke Mary Braatz and Russ Gardner Priscilla Wagner and Donn Hern Barbara Bablitch and Fran Roman Charlotte Buggs and Jack Krull Jan Durancan and Norm Dorn Donna Henke and Loren Worepel Virginia Golla and Cal Clausen Sharon Esser and Robert Nugent

On to other utterings. Thanks mainly to the freshmen and the cheerleaders and a group of late arriving fellas, there was actually cheering at the football game last Thursday. Let us hope more join in. Oh, yes, our music department also supped us with a Pep Band. Things are looking up.

About 1,623 people are said to have enrolled this semester. I think all were in line at the same time, too. Well, there's no organization like no organization. I always say.

Note to Miss Bloom: No, the Marko's and the Wikum's aren't brother and sister.

Here's a recent "sick joke." Man over telephone, "Touloulus Latrec? Your Bermuda shorts are ready."

One last reminder: If you haven't already, please do by tomorrow morning.

Now — Here's the Point!

By Karen Francis

In the past few weeks I've heard various comments around campus about the "old home town" that many of you have left to obtain a higher education at Stevens Point.

While your home town should always remain first in your loyalties, I believe that this town which is your home away from home has much to offer in the way of constructive experiences and broader education.

Starting with the next issue of the Pointer you will be introduced to a new column called "Now — Here's the Point." It will attempt to show you the various places of interest around Portage county; the important historical markers and people that made this town come into existence in the first place; the people who are working hard to keep this a good town in which to learn and live; and other items of importance aimed to show you that Point is a town of natural friendliness, with concern over the welfare of each one of you while here.

Now — that's the Point and you'll get it starting with the next issue of the Pointer.

club, who, in terms of numbers, can give them a little moral support as well. This club is already being formed and should be the largest organization on campus. With your support it will.

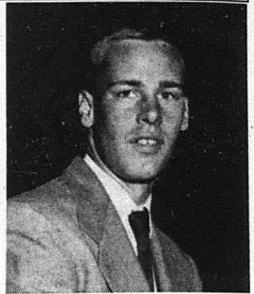

Meeting adjourned by C. Patrick Collier Pres. Student Council

FAMILIAR FACES

Omega Mu Chi's present president is Mary Jo Buggs. This gal hails from Stevens Point. She started as a student at the Campus School, then on to P. J. Jacobs and she is finally reaching the epitome of her schooling by graduating from Central State.

P. J. Jacobs holds many memories for Mary Jo such as the active part she played in water ballet, G. A. A., Spanish club, Tattler staff, and the Mirror staff. Of course all this took place when Miss Buggs was much younger and much ah-h-h-h younger.

After high school the prospect of college loomed before Mary Jo. She chose CSC and entered the threshold of college on her left foot and after four years she's coming out right. She joined Omega Mu Chi so rightly (of which she is now president), Newman club, Sigma Tau Delta, and is on the inter-sorority council. The voting ballot was familiar with Mary Jo since she was a queen candidate for the 1956 homecoming, sophomore class secretary, plus secretary of the junior class. Last, but not least, the Pointer staff claimed her as editor in '57.

Pat Collier

Our male figure in the news is Charles Patrick Collier. Pat resides at 612 N. Fremont, here in Point. This is his senior year at Central State. His vital statistics are: height, 5' 9", weight 150, hair blonde, age 21, eyes blue. WANTED DEAD OR ALIVE!

Pat attended high school in New London, which is his hometown. The name of the high school is Washington High. He played an active part in such things as debate, football track, "N" club, forensics (he received a gold "N" in forensics), and finally he ended by being president of his senior class, being one of the top five in a class of 110.

At CSC Pat majored in mathematics and chose physics, speech and philosophy-psychology as his minors. He is also in the secondary education division. His college career was spotlighted with as many activities as his high school career. Some of these include: student council representative of the junior class, treasurer of council that same year, debate team, one-act play, directed another play, editor of Pointer handbook in '58-'59, Pointer staff. Pat is now teaching at the campus school. Eighth grade math is his challenge for the present.

For five years Pat has worked for the city of New London in their park department. During his last year he was director of the summer recreation program. He enjoyed the kids very much and plans on returning to this job again next year.

Pat has a good-sized list of likes. For two years at school he had a light housekeeping setup and as a result, has begun to enjoy cooking. Other activities that rate high on his list are debate, forensics and work in dramatics. His summer sports consist mostly of tennis and swimming. He is also an avid Cub fan. Football also rates high and the Packers claim him as a rooster. Winter is also a busy time but Pat seems to think that skating is about the best source of entertainment at this time.

Pat's favorite saying is by Bud Wilkenson, "Perfection is attained not at the point at which nothing can be gained, but at the point where nothing can be taken away." Pat enjoys collecting sayings or advice.

In the future, he would like very much to get an advanced degree. We wish him good luck and cheer him on to higher schooling and many degrees.

There's a nuttin' to do! This present school term has promise of being a good thing. In nine months it'll come to a close, but if you're interested you may select a few of the finer bits of it to keep forever in your files of worthwhile memories.

A "new student" approached me today, a bit disappointed with the lack of that special feeling around here, namely school spirit. He suggested publicizing athletic events in the same manner as other "social" events — or some good "peppy" pep rallies.

Harping on the S. S. subject just about has me beat. If spiritless people want to remain spiritless, let them. I stay here weekends, I find lots to do. I keep myself busy and happy and that's the main thing.

We have some really snappy cheerleaders this year. Three cheers for them.

How about declaring a couple of "Sadie Hawkins" days and let the girls buy the cokes or movie ticket for a change? Nice way to let available girls meet shy guys.

Mary Jo Buggs

Her major? Why English of course; also minors in Speech and History. When asked what event in these four years has been the most thrilling she stated, "being asked to be sorority president and being asked by the Phi Sig to be a queen candidate. Of course those have been rivaled by getting an "A" from Miss Smith."

One of her favorite pastimes is swimming, which she taught this summer at the Stevens Point Recreation Department. Her winter pastimes include going to college games and to other places after the games. When asked where she goes after the games she said, "Yes, I do!"

I asked Miss Buggs what college has meant to her and after a turn of the nose and a strain of the memory she said once more, "It has meant studying squeezed in among the good times." Seriously, Mary Jo has liked college as much as our college has liked Mary Jo.

Her future plans are teaching high school somewhere in beautiful Wisconsin for a couple of years. Whatever she chooses, we all say good luck and as a past editor we might even send you a few copies of the POINTER!

Piece of Mind

There is a bit-of-truth to the saying — all good things must come to a close — as the end of a perfect summer vacation proves. But "all good things" can leave behind experiences, lessons, and growth.

There could also be the saying — all good things have sweet beginnings — and certainly there are fresh opportunities waiting any one of you with enough initiative and sense to grasp it. You don't even have to look for opportunity here — it's to be had right at your fingertips — just recognize it.

Who saw the game Thursday night? If you were able to and didn't, then you need lessons in "recognizing."

There's another football game with Platteville Saturday night followed by a big dance. Are you going? Or will you be at home?

If you're a part of the Friday afternoon traffic that moves homeward — then here's a tip for you. Inquire about a correspondence course. It's cheaper (no tuition or gasoline expense) and you can stay right at home where you want to be. And stop griping and grumbling the old worn-out phrase, "What's here?"

Great Intramural Rivalry

Over a hundred students are participating in intramural football this fall at the field on Reserve Street. There are plans for a seven or eight team league. Each team has about 14 men. This year there will be six games a week for four weeks. The games will start at 3:45 and 4:30 p.m. on the days chosen by Mr. Brodhagen. Each team will play all the other teams once in a round robin tournament.

Last year the league had five teams as it started out. Mr. Brodhagen and his staff organized the league last year and had about 70 men participating. Last year there were two officials taking charge of the games. This plan will also be used this year.

Pointers vs Pioneers; Highlight of the Season

Saturday night at 8:00 p.m. the Platteville Pioneers will invade Goerke field to test our undefeated Pointers. This game will pit the Pointers against a team that has a three-year letterman at every position on the starting lineup.

The Pioneers will field ten starters from last year's championship team. The only loss will be their quarterback, M. Blonde, who graduated last spring. Platteville is noted to have the best defensive line in the league.

Coach Duane Counsel says that this will be a real test for the Pointers, and that the outcome of the game will be decided by the line play by both teams.

Platteville has over one hundred boys out for football this year with a good crop of freshmen. The Pioneers are again expected to fight it out for the conference championship.

This will be Platteville's first game of the season while the Pointers have two contests under their belts. The Pointers beat Hamline 28 to 14 in their opening engagement, then their defense came to life and stopped River Falls for a 12 to 2 victory.

This should be the top game of a very exciting season of Pointer football.

"Player of the Week"

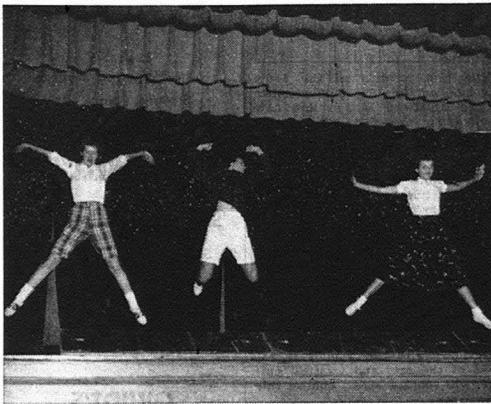

A "player of the week" will be selected from the football squad each week after the conference games are officially under way. The selection will be made by a committee composed of Head Coach Duane Counsel, Local Sports Writer for the Point Daily Journal, Bob Seltzer, Sportscaester for the Rapids Radio Station, Bob Danials, and other members of the CSC coaching staff.

This award will be in the form of a pair of men's shoes to be presented on the basis of outstanding performance on offense and defense and over-all team leadership.

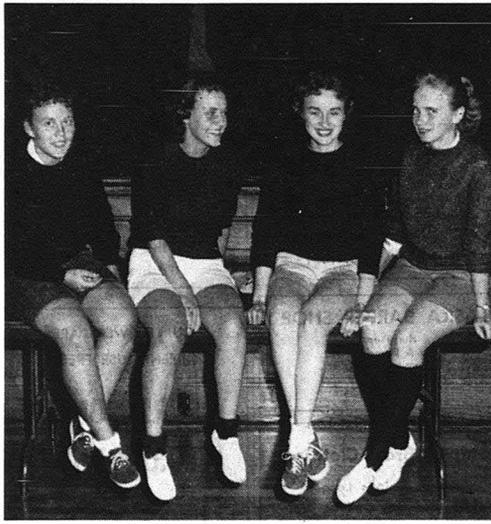

Alpha Sigmas Begin Year With Tradition

Alpha Sigma Alpha began the new year with a traditional Consecration Service Tuesday evening, September 16, in the Home Ec. parlors. Miss Vivian Kellogg, advisor to the Sorority, officiated. The girls, as traditional, were in all white attire.

The first meeting of the year followed, with Barbara Jenkins presiding. Plans for the Harvest Festival dance, "Dogpatch", were discussed. The Alpha Sigs adjourned to serenade the girls of Nelson Hall with a few of their favorite songs.

Seventeen girls tried out to fill four vacancies on the cheerleading staff last Tuesday. The Pointer photographer "shot" these three as they went through their paces for the members of the student council.

The student council selected these four girls to bolster the CSC cheerleading unit. They are Shirley Wolf and Kathy Durst of Marshfield; Becky Erickson of Pulaski; and Pat Schumitsch of Antigo.

Pointers To Be Pitted Against Oshkosh Titans

On Thursday night October 2, at 8:00 P.M. the Oshkosh Titans will come to Stevens Point to pit their skill against Coach Duane Counsel's charges.

The Titans have the same lineup as last year with some good freshmen keeping the veterans fighting for their positions. Two of the best freshmen prospects are O. Bascotoland and Z. Nyasaland from deepest Africa.

Last week Oshkosh beat Eau Claire 7 to 6 in their only ballgame of the season. The Titans use a T formation in the backfield with their ends split. The Titans are supposed to have a tough ball club of both offense and defense. As a result there will be no rest in the Pointer camp after the Platteville game this weekend.

Alpha Gamma Meets

The first meeting of Alpha Gamma, the honorary Social Science society, was held at 3:30, Monday, September 22 in Room 206.

Due to the absence of the secretary no minutes were read, but a treasurer's report was given.

President George Hahner read the constitution to familiarize new members with member qualification. The purpose of the society, which is to promote interest and knowledge in the social sciences, was stated.

Discussion of a number of topics to be presented at future special meetings brought forward Dr. Chang's research paper on Far Eastern geography. Dr. Chang will present it at a future date with attendance open to the whole school.

Dr. Chang

Three constitutional amendments were formulated. The first was that officers serve only one rather than two semesters. The second proposed amendment stated that no more than two advisors be selected from the same social science field. The third proposed amendment pertained to holding meetings once monthly instead of twice. These proposed amendments will be voted upon at a future meeting after official publication and member notification.

George Hahner, as president, was given authority to appoint advisors. After checking their respective fields and their availability he selected as advisors Mr. Chang, Mr. Dixon, Mr. Fothergill, Mr. Gibson, Miss Ishida, Mr. Iverson and Mr. Krempfle.

Russ Olson was unanimously elected press representative. The meeting was then adjourned.

Anyone majoring or minoring in the social science field should check the Critique-Alpha Gamma bulletin board in the main hall for membership qualifications which

Falcons Falter

Central State College, playing one of its finest defensive games in years, defeated River Falls, Thursday night, 12-2. A fine crowd of 2200 watched the Falcons go down in defeat.

The Falcons were unable to score during the first quarter, even though they controlled the ball throughout most of it. The Pointers were also held scoreless during the first period.

The second quarter started with the Pointers taking control of the ball on their own 20 yard line. The Pointers failed to pick up a first down on three plays so Schmidtke replaced Kuse at quarterback for the punt play. Schmidtke's kick was blocked and the Falcon's end, Tom Schield, picked up the ball and ran into the Pointer end zone, but failed to hang onto the ball. CSC's Dick Yenchsky picked up the loose ball for a Falcon safety (2 points).

The Pointers missed several scoring opportunities in the second quarter but did manage to score late in the same quarter. Bill Kuse, freshman quarterback from Medford, intercepted a pass which led to CSC's first touchdown. Kuse passed 48 yards to Ron Hoenisch for a TD but Kuse's pass for the extra point was incomplete.

The third quarter was scoreless for both teams. CSC took over on their own 33 yard line in the fourth quarter. They marched to a touchdown with Dennis Schmidtke passing to Jack Busch for a 27 yard TD. Once again the pass for the extra point failed.

Don Tucek, 190 lb. 5' 11" freshman from Wausau, was one of the outstanding defensive men on the field. He had 11 tackles, seven assists. Gary Wouter, another freshman, had seven tackles and Dale Schallert, veteran center, had six.

Statistics:

	CSC	River Falls
First downs	9	6
Attempted passes	12	18
Completed passes	4	6
Yardage	108	110
Intercepted by	3	2

are listed in the constitution that is on the board. If anyone is interested in membership, they should leave their names on the list provided.

Support

Your Team

South of the Border

A fetching young lady from New York was tripping down a street in Bogota, Columbia, minding her own business when a star-struck "bogotano" picked up her trail. He followed her for a block or two, breathing gentle compliments. She became angrier each moment, and at the end of the third block flounced over to a traffic policeman. "That man on the corner has been following me!" she announced indignantly.

The cop looked at the man, then surveyed the seething young lady. He took off his cap and bowed. "Seniorita, if I were not on duty, I would follow you, too."
(The Reader's Digest)

A famous author was autographing copies of his new novel in a Department store. One gentleman pleased him by bringing up, not only his new book for signature, but reprint editions of his two previous ones as well.

"My wife likes your stuff," he remarked, "so I thought I'd give her these signed copies for a birthday present." "A surprise, eh?" hazarded the author. "I'll say," agreed the customer. "She's expecting a Cadillac."

Fanciful Facts

by Robert C. Preble, President
ENCYCLOPAEDIA BRITANNICA

One syllable words are the hardest.

From Britannica Film "Children of China"

English-speaking peoples usually think of Chinese as being the most difficult tongue. Yet, it is made up entirely of words of one syllable. Each sound though, may have ten or more different meanings.

Postmarks for promptness.

From Britannica classroom film "Mailman"

The first "postage stamps" were really postmarks, dating the letter to prevent the carrier from loitering. The amount of postage was based on distance and was paid by the person to whom the letter was sent.

Corn isn't really corn at all.

From Britannica film "Corn Farmer"

The word "corn" is often applied to the cereal grain which is the leading crop of a locality. Thus, in England it refers to wheat; in Scotland and Ireland to oats, and in the U. S. to maize (Indian corn).

Mediocre to master.

From Britannica film "Scientific Method"

Louis Pasteur, the French chemist, became assistant mathematical master in the college in which he secured the baccalaureate in sciences with "mediocre" in chemistry attached to his diploma.

Religious News

LSAers began a new year Thursday evening, September 11, when old and new members were welcomed to a banquet at Trinity Lutheran Church.

President Bob Caylor served as toastmaster for the program which followed the "fellowship supper." After group singing led by Jim Haugshy, Jerry Schoen, past president, welcomed the group and explained some of the activities of LSA. Dr. Peter A. Kroner presented a talk to the group. Mary Collins led the group in recreation after which Jerry Sanden led the worship service. The message for the evening was presented by the Rev. Stanley S. Klyve.

Our next meeting will be a "cosy" supper on Sunday evening, September 25. Please watch the LSA bulletin board on second floor for further information.

LSA has begun anew — Next meeting, we hope to see you!

Wesley Foundation began its activities with a picnic held at Iverson Park September 11. The group then gathered at St. Paul's Methodist Church for singing, worship and square dancing. A lunch was served at the close of the evening program.

On Thursday, September 25, a banquet is scheduled for all those interested in Wesley. The supper will begin at 6 P.M. at the church and a program has been planned.

About 200 Newmanites attended the annual Newman Club fall picnic at Bukolt Park on Thursday, September 11. A picnic supper of hot dogs, potato chips and pop was served. A short talk by Father Wilger introduced the Newman Club program for the coming year. A short period of social dancing ended the activities.

The first regular meeting of the club will be held tonight, September 25, at 7 o'clock at Pacelli High School cafeteria. A detailed report of the club's plans for the year will be given. Members will also have a chance to pay their dues.

The members of the Wayland Club of CSC were treated to a banquet at a first meeting on Thursday, September 11, by the First Baptist

Church of Steven Point. After a brief word of welcome by the pastor, Rev. T. Krause, Dr. William Clements and Professor Paul Lambert were introduced.

Dr. Clements will again be club advisor this year, while Professor Lambert will resume his position as Sunday School teacher of the college class. A chicken supper, preceded singing, devotions and fellowship.

Jacqueline Fritsch and Marilyn Wernberg were in charge of the song service. Roy Anderson, past president of the club, and Marilyn Spear led the devotional period. Rev. Krause closed with a prayer.

All new Baptist students are invited to join the Wayland Club. Bible Study meetings are held every Wednesday at 4:15 in room 107 here at the college. At the Wednesday meeting of September 17, the following officers were elected: president, Jacqueline Fritsch; vice president, Marilyn Spear; secretary, Lois Holubetz; and assistant secretary, Eddie Mealy. They will serve the rest of this school year.

Social gatherings are usually held the second and fourth Thursdays of each month. Watch the Wayland Club bulletin board on the second floor for news and information about coming events.

550 Scuttlebutt

The first meeting of the 550's was held on the 16th of September at the American Legion and new membership exceeded all expectations. When the final count is in, the outfit should run over the fifty mark.

Dr. Clifford Morrison of the History department has replaced Mr. Blakeslee as advisor to the 550's. To our other advisor, Dr. Dixon, we extend our hearty congratulations on his entrance into parenthood. Mrs. Dixon presented him with a baby girl earlier this month. We'll expect a round of cigars at the next meeting, Doc!

550's Sponsor Art Contest
The college veterans organization, in keeping with their policy as patrons of the arts and classical culture, will sponsor an art contest this fall.

The contest is open to any student or member of the faculty at CSC.

The purpose of this contest is to pick a new design for the 550 organization. The winning design or emblem will appear on all new issue sweat shirts next semester.

A prize will be awarded to the winning entry. All entries should be mailed to the President of the 550's no later than October 31st.

Remember the design need not be elaborate to win, but it should convey the purpose of the organization.

For any additional information contact Curtiss, Judd or Fred Schroeder.

Pointers Display Power

The CSC football team displayed a great deal of potential power as they rolled over Hamline University in St. Paul for the season opener. The Pointers piled up 28 points to only 14 for Hamline in the Saturday evening contest before an estimated crowd of 1200. It was a non-conference game.

The Pointers were held to a 14-14 dead lock at half time, but came back to hold Hamline scoreless in the last half and collected two more TD's to insure their victory.

Bill Kuse, 6-2 freshman from Medford, was a deciding factor in the Pointer victory. Kuse replaced Dennis Schadtke at quarterback early in the first period and piloted the Pointer crew the rest of the way. Kuse passed 15 times and connected on 8 of the passes for a total of 146 yards and one Pointer TD. Only one aerial was intercepted. Kuse also scored a TD from two yards out and passed for two extra points.

The favorite receiver of Kuse seemed to be Gary Wouters, freshman from Green Bay, Wis. He caught 4 passes for a total of 71 yards including a 35-yard TD reception. Ron Hoenisch, Dick Johnson, Phil Cole and Ron Hein were the other targets of "Sharp Shooting" Kuse.

The work-horse for CSC in the backfield was veteran Ron Hoenisch of Wausau. Ron carried 16 times for 68 yards. Dick Yenchusky, a transfer student from Lakeland College, carried 11 times which included runs of 23 and 15 yards. "Timber Ted" Ludema from Leona, carried the pigskin 10 times for 51 yards. His longest jaunt was for 20 yards. Ted lettered at CSC in 1955 and was a starter on the 1955 championship ball team here at CSC.

Jack Bush, a freshman from Wausau, added a great deal of speed to the Pointer backfield. His fifty break away style scored the final Pointer TD in the last period by scooting 38 yards to paydirt. Three Hamline tacklers had a hold of him, but none could bring down the 168-pound speedster.

Ron Hoenisch took two passes from Kuse for extra points to round out the Pointer scoring.

Hamline's first score came on an intercepted pass by Hayes, who scooted 48 yards to paydirt. Hayes scored the other TD for Hamline on an 11 yard plunge.

It would be difficult to pick one outstanding lineman from the Pointers, as the entire "front wall" did a great job. They held Hamline to only 12 yards on the ground in the second half. Bob Maedtko, a freshman guard from Manitowoc made 8 tackles and Dick Tucek, also a frosh (from Wausau) had 6 tackles. Dale Schallert, Clarence Kobishop, Gary Wouters, Chet Botwinski, Jim Luedtke and Owen Schwerdtfeger looked rough and tough in the Pointer line, both on offense and defense.

This young Pointer crop, with a few vets mixed in with them, has a great deal of spirit and should make a fine showing in the conference this year.

Roving Reporter By Francine Townsend

Since freshmen are usually noticed on the campus only during the early part of the school year, we'll dedicate the first Roving Reporter to them. Although any college student hates to admit, he doesn't know everything we'll pick on the new students by asking - What surprised you most about CSC?

Elise Warner - "How fast you can lose a brother." (Engaged, not dead).

Douglas Rosenthal - "I thought there would be more pretty girls."

Mary Hartman - "The friendliness of all the kids."

Susan Lewis - "My inability to find anything on history in the library."

William Potterville - "The way classes are run."

Margie Witt - "How anti-social the boys are."

New Faculty Faces Seen

CSC is happy to see many new faces on the faculty staff this year. Following is a list of the new teachers, what they are teaching, where they took their college training and who, if anyone, they are replacing:

Raymond K. Anderson is replacing Val Colyon as a conservation instructor. He received his B. S. degree here at CSC and his M. S. degree at the University of Michigan. Norman J. Birkholz replaces Doane Parmelee in the chemistry department. He received his B. S. and M. S. degrees at Montana State College and his Ph. D. degree at Montana State. Elinor J. O'Connor was also added to the chemistry department to fill a newly formed position. She received her B. S. degree at College at St. Catherine.

Allen F. Blocher also was added to fill a newly formed position in the physics department. He received his B. S. degree at McPherson College and his M. S. degree at the University of Nebraska. Lee A. Burress, Jr., was added to the English department as an associate professor replacing Leland M. Burroughs. He received his B. A. degree at the University of Wichita, his B. D. degree at Garrett Biblical Institute at Evanston, Illinois, and his Ph. D. degree at Boston University. John F. Goodman has replaced Alice Blodgett as an English instructor. He received his B. A. degree and also his M. A. degree from the University of Chicago. Miss Blodgett is on a one year's leave of absence.

Lothar I. Iversen has been added to the economics department as a professor of economics and accounting. He received his B. A. degree at the University of Wisconsin and his M. A. and Ph. D. at the University of Iowa. James E. Jensen replaced Dr. Neils O. Reppen in the economics department. He received his B. A., M. A. and Ph. D. degrees at the University of Wisconsin. Wendell E. Orr has replaced Robert Moore in the music department. He received his B. S. and B. M. degrees at Lawrence and his M. M. degree at the University of Michigan.

Helen I. Hansen has replaced Miss Neuberger as college nurse and Mrs. Pierce as director of Nelson Hall. She received her B. S. degree at the University of Wisconsin and has done graduate work at the University of Wisconsin and University of Minnesota. Jane M. Fuller has replaced Miss Sietmann at the campus school. She received her B. S. degree at Ithaca College and her M. A. degree at New York University. Cecilia Welch, who held a former position at the campus school, has replaced Edith Cutnaw for one year.

We certainly want to welcome them to Central State and hope that this year will be pleasant and profitable one for them — as well as their students!

Notice!

RESOLVED: That further development of nuclear weapons should be prohibited by international agreement.

This is the topic scheduled for debate by the CSC debate group.

Debators will meet in room 207 on Tuesdays and Thursdays at 2:30. Meetings should last only one hour. You may pick up a copy of the list of reserve materials from Miss Isaacson.

Dale Selk - "The ten o'clock hours for the freshmen girls."

Bonnie Sablovitch - "The number of frogs enrolled this year." (Biology major?)

Richard Withorn - "The food in the dorm."

Diane Pollock - "The independence a college student has."

Well, at least the freshmen are refreshingly frank. Upper classmen would probably lie in their teeth and swear nothing could surprise them. Come to think of it, I doubt if anything could.

Def Definitions

Meteorologist: A man who can look into a girl's eyes and tell whether.

Throw Rug: A small rug that usually throws anyone who steps on it.

Conscience: The still small voice that makes you feel smaller.

Diplomat: A man who can convince his wife a woman looks stout in a fur coat.

Platonic Friendship: The interval between the introduction and the first kiss.

(The Reader's Digest)

Readin' and Writin'

Two Chicago matrons stopped to look at a bookstore display. "There's a book on 'How to Torture Your Husband,'" said one. "I don't need that," the other replied. "I have my own system."

The Male Animal

To the young man at the perfume counter the clerk purred: "Now here's one called 'Perhaps.' It's \$35 an ounce."

"Thirty-five dollars!" exclaimed the young man. "For \$35 I don't want 'Perhaps.' I want 'Sure.'"

Passing Moments

After attending the funeral services for a business friend, a man had planned to hurry back to his office, but his car got caught behind the hearse. He followed sedately in line toward the cemetery until he came to an intersection, where he ducked off and away.

About a half mile further on he noticed, in the rear-view mirror, that the entire funeral parade was still tagging along behind him.

Seized with an understandable panic, he steeped on the gas, skidded around a turn, parked off the road and pretended he was an utter stranger changing a tire. The procession drove mournfully past and disappeared down the wrong road — where, he's never had the nerve to inquire.

A New Hampshire farmer had been urged to attend the funeral of this neighbor's third wife. "But I'm not goin'," he announced to his own wife.

"Goodness sakes, why not?" she asked.

"Well, Mary, I'm beginnin' to feel kinda awkward about goin' so often without anything of the sort to ask him back to."

Asked what kind of exercise he took, a fit looking elderly gentleman answered: "I get my exercise acting as a pallbearer to my friends who exercise."

That's
rich—
me
careless!

It's no laughing matter when millions of acres of forests are destroyed each year. Your carelessness may have started one of these disastrous forest fires. The fact is that 9 out of 10 forest fires are caused by some person's carelessness—as simple an act as flipping a cigarette out a car window. Because visitors to our forests have increased ten-fold since World War II, the problem is more acute than ever. Be extra careful this year.

Remember—
Only you can

19 Girls Join WRA; Enjoy Sporting Fun

An invitation is extended to all women students to participate in the athletic activities sponsored by WRA.

WRA meets every Monday and Wednesday afternoons at 4:15. Announcement of activities is posted on the bulletin board in the girls locker room and on the WRA bulletin board on 2nd floor.

At the present, an archery tournament is being conducted. One doesn't have to be a professional in order to take part. Anyone interested, regardless of talent or knowledge of the sport, is welcome to attempt to hit the target.

Tournaments in various sports will be held throughout the school year, in accordance with the season. For example, during the basketball season a basketball tournament will be held.

A "cook-out" was held Saturday, September 20. The girls hiked to "White Sands" — about a 3-mile trek. Weather permitting, a steak-fry will be held in the near future.

Sounds like fun. Be sure to take advantage of the opportunities offered to you by WRA to make new acquaintances and to acquire a competitive spirit.
