Dr. Eagon Leaves For Vietnam To Finish Education Report

Dr. Burdette W. Eagon, dean of the College of Education at WSU-Stevens Point, left Thursday for Vietnam where he will join two other educators in efforts to do everything possible to improve higher education by the late Dr. James Albertson.

Working with Dr. Eagon will be Dr. T.C. Clark, education advisor for the U.S. Agency for International Development, and Dr. Russell Davis, assistant director of the Harvard University Center for Studies in Education and Development.

The study, begun in January, was interrupted on March 23 when Dr. Albertson and seven members of a team conducting an evaluation of Vietnam's three public universities were killed in a plane crash near Da Nang. The first draft of the team's report, however, had been completed and filed with the AID mission in Saigon.

Dr. Eagon, who visited Washington D.C. last week for conferences with AID officials, said that he expected to spend three to four weeks in Vietnam.

The three-man team will visit the universities at Saigon, Hue and Contho to discuss faculty and administrative reasons for the preliminary report. Completing this work, the team will make any changes necessary and write a final report including recommendations for implementation. Dr. Eagon said these findings will be presented to the minister of education for the Vietnamese government.

Socialist Labor Party Outlines Her Guide To A Better World

"Scientific socialism" was the message of Mrs. Georgia Cozzini at the Forum for Dissension, Apr. 4.

Mrs. Cozzini, a member of the Socialist Labor Party for 28 years and a member of the Socialist's National Executive Committee for the past 14 years, explained that her party has no connections with any other organization in the world. It's goal, she stated, is to establish socialism in the United States, and this is to be done peacefully, by electing party members and amending the Constitution.

The topic of the speech was titled "Where The Correct Action Is." In it she described socialism and derived the Vietnam War and capitalism. Using Victor Hugo "Nothing is so unstoppable as an idea whose time has come" to substantiate her theory that the time for socialism is now she went on to outline the socialist method for the preservation of the world.

Mrs. Cozzini, an opponent of the late Senator Joseph McCarthy, said that most of the problems facing the world today are based on economics, and that unless socialism is adopted we face either nuclear war, totalitarian rule, or oblivion from the careless use and destruction of our natural resources. Socialism she believes will do away with private ownership of the means of production, thus there will be no competition. Production will be for use, not for sale as in capitalism. Mrs. Cozzini believes that capitalism is out dated, and that reforms cannot solve problems which are inherent in the system. She claims that socialism has the one and only answer to the problems of the twentieth century.

Mrs. Cozzini advocated the democratic removal of our capitalist society and replacement with a socialistic counterpart. She outlined a plan for the accomplishment of this goal: in the socialist society, there will be private ownership of the means of production and the wage scale will be in keeping with the workers part in production.

All representation in a new form of government would be based upon industries. Each industry will be given a place in the entire socialist administration. All management and administration positions would come from the workers. Boards of management would be democratically established in each plant to direct operations and oversee production even shop foremen will be appointed by the people they command.

An All-Industrial Congress composed of elected representatives will unify and coordinate all industry and service projects. Mrs. Cozzini admits that man is fallible, mistakes will be made, but they will be quickly rectified. Since there will be no bureaucratic establishment, a direct line of communication will be formed between the offended and the offenders.

The Vietnam war was included in the context of socialism. She declared that all wars past and present have been economic, and the American of the same derivation. "Our only interest is in the McConc delta region, which has the potential resources to feed the population to the north and west."

"Under socialism," she concluded, "we shall be secure, healthy, happy, human beings living in peace, harmony and freedom, in marked contrast to all capitalist jungle life, strife, misery, and insecurity in which we live today."

The next Forum for Dissension, sponsored by the UCB Cultural Committee, will feature Donald O. Peterson, State chairman of the American for Democratic Action, on Apr. 18, 8 p.m. in the Frank Lloyd Wright Lounge.

ADA, Chairman Speaks In Next UCB Forum

Forum for Dissension will feature Donald O. Peterson, State chairman of the American for Democratic Action, on Tuesday, Apr. 18. The program will begin at 8 p.m. in the Frank Lloyd Wright Lounge.

Characterized itself as a liberal organization, the A.D.A. was founded in 1947 by such liberals as Eleanor Roosevelt, Hubert Humphrey, Dr. Reinhold Niebuhr, Chester Belfrage, and Joseph P. Kamp. Kenneth Galbraith, Walter P. Reuther, and Arthur M. Schlesinger, Jr. Traditionally, the A.D.A. has favored such causes as civil rights, the United Nations, economic aid to the poverty stricken and foreign aid. At the present time, the A.D.A. is pushing such measures as a guaranteed income, de-escalation of the war in Vietnam with cessation of bombings in North Vietnam, and recognition of Red China.

Mr. Peterson's Eau Claire, speech will be followed by a question and answer period.

This will be the third in a series of four politically oriented forums sponsored by the University Center Board Cultural Committee. Others presented have been the John Birch Society and the Socialist Labor Party.

The next and last forum will feature Communist Fred Blair.

Robert Shaw Choral Will Appear At WSU

Tickets are now on sale at the University Center information desk for the 8 p.m. performance of the Robert Shaw Choral on Tuesday, Apr. 25, in the Fieldhouse at Wisconsin State University-Stevens Point. The program is one of the Concert Series sponsored by the WSU Arts and Lectures Series. Since his debut as conductor in 1931, Robert Shaw has received tremendous acclaim throughout the world. Typical of the public's response was Leopold Stokowski who wrote that this was "music remarkable in 100 different ways... An entirely new approach to choral music which gives everything freshness and originality."

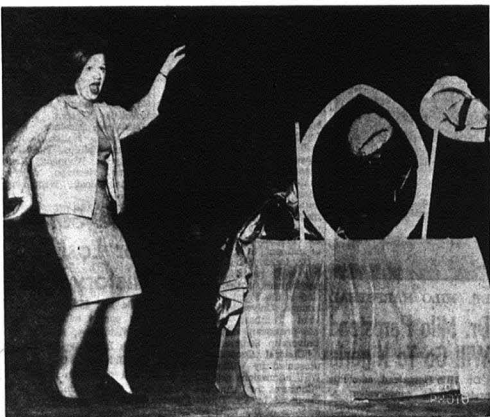

Mr. Shaw and his Chorals have made hundreds of concert appearances in North America. They delighted the Europeans and Middle Easterners who overwhelmed the Russians in 1962 when they performed the B Minor Mass. In a 12 week tour of South America in 1964, Shaw and his Chorals were instruments of a good will gesture to our Latin American neighbors.

The group has recorded well over 100 releases including spirituals, popular music and folk songs as well as classical selections.

However there remains in the heart of Robert Shaw an affinity for the works of contemporary composers which is being exercised in the current program with works by Poulenc, Debussy, Shoenberg, Ives, Hindemith and Ginastera.

Rundt and Shirley Schrader (faculty); colles: Henry Leck and Bonnie Blaine; string bass: Dean Blair (faculty); and piano: Dianne Butzinski.

Women's Glee Club members include: Kathy Anderson, Marie Bartell, Margaret Boteki, Diane Butzinski, Terri Byers, Jeanette Eastling, Marit Gosling, Mary Ellen Gromacki, Ida Hagen, Susan Hassel, Kay Hillery, Carolyn Hiltz, Jean Johnson, Mary Kroll, Kris Kuhl, Mary Pat Luce, Lucy Marcel, Pamela Metzger, Gail Nickel, Jeanette Nelson, Joan Nickel, Terri Palmquist, Jean Patterson, Marilyn Quade, Sherri Lee Rault, Barbara Reid, Judy Severson, Dianne Sherman, Susan Sitter, Elaine Sorenson, Joyce Spangberg, Laurel Tom, Mary Ann Untz, Sharon Wade, Laura Wake, Joey Weekly, Susan Wenzel, Shirley Ziegler, Jeanne Swartz and Linda Krueger.

"TROUBLE IN TAHITI" is one of two contemporary operas to be presented by the Wisconsin State University-Stevens Point music department Thursday, Friday and Saturday evenings, at 8 o'clock in the school's auditorium. Pictured here is Leta Palmer, as Dianah, one of the featured characters. The opera by Leonard Bernstein describes life in "Suburbia U.S.A." and is a commentary on the lives of a middle-aged couple. The other opera, "Gallantry" by Douglas Moore, is a satire on the modern serialized soap opera. Tickets are on sale at the information desk, University Center.

Congressman Urges Student Commitment

By John Severa

Congressman William A. Steiger appeared last Sunday night, Apr. 9 as keynote speaker for WSU Student Government Week sponsored by the Student Government to promote elections.

Steiger, an Oshkosh Republican, represents the sixth congressional district of Wisconsin, and at 28, is the nation's youngest congressman. He had served three terms in the state legislature prior to his election as representative. A graduate of Oshkosh High School, he received a bachelor's degree in science from the University of Wisconsin in 1960. In Congress, Mr. Steiger is a member of the House Committee on Education and Labor.

Steiger posed the question to a very small crowd of a student's responsibility to broaden his horizons in society and to increase his roles in the university. "We are faced with a serious and growing challenge, a challenge of whether man can be free, whether he can maintain his individual freedom and peace in an increasingly difficult and complex society."

Due to this challenge, Steiger said that he, "looks to the young people of today for a greater commitment to active participation in service to their community, state, and nation." He rejects the new "trend towards non-recognition of the individual and standardization of the mind."

He said that students have an excellent opportunity to help overcome these tendencies through the Peace-Corps, Teacher Corps, and Vista, or through any program that works through "stimulating and using" the students.

Congressman Steiger went on to cite a few examples of students participating, the first half of the program will be held on Sunday afternoon Apr. 16, at 2:00 p.m. The remaining groups will perform Monday evening, Apr. 17, at 7 p.m.

Four trophies will be awarded, one Men's Trophy, one Women's Trophy, one Co-ed Trophy and one Overall Trophy which may be won by one of the groups receiving another trophy.

Regents Are Seeking Two Presidents

Wanted—two university presidents. The Wisconsin State Board of Regents has sent this request to over 100 colleges and universities throughout the United States.

From these schools they hope to receive nominations or suggestions which will aid in the final decisions if choosing a president.

The sudden death of WSU-SP President James H. Albertson, and the resignation of WSU - Whitewater President, Walker Wyman has left two vacancies in the state university system.

The job of selecting the right men for the \$25,000 a year job falls to a special sub-committee of eight state regents. The committee, which includes Mrs. Robert Williams of Stevens Point, will fill the posts by July 1.

Homecoming Rules Revised For Next Fall's Festivities

By Mike Donimowski

The Homecoming Revision Committee and the University Center Board have reviewed and agreed upon changes to the homecoming rules. The Revision Committee was comprised of 15 applicants best suited for the task of revising the rules. In selecting the committee, the UCB spared no effort to insure a proper "balance" so that the entire campus was represented.

The reason for the change was to equalize the advantages of the homecoming competition to an atmosphere of friendly rivalry. The changes are aimed at eliminating the poor sportsmanship and feverish group campaigns for group status. University Center Board President Len Marzies said that the changes "were needed and had to be done."

The 15 member revision committee was headed by John Wehrle and John Keefe. Mr. William Vickerstaff of the WSU-SP development department was the faculty advisor. All meetings were open and outside ideas were discussed and considered. No UCB member voted on the revisions, all voting was done by the committee.

CHANGES BASED ON RESEARCH

The committee accomplished its task by sending questionnaires to a number of midwest universities asking them how their various homecoming projects were run. From the best ideas and molded them together into what John Keefe calls "perhaps the best homecoming program in the state."

The changes consist of the distribution of points between the various committees. The action of the queen had been retained and its prestige has been strengthened. However, election of a group's queen candidate does not by any means guarantee that group's victory in homecoming competition. Quite the contrary, the queen category is worth the least part of any of the activities.

The new program will inaugurate the practice of having a "court" for the reigning queen. The queen will be at the beginning of the chosen homecoming week from a selection of five finalists and reign throughout the week. The four runners-up will remain as her court.

Any WSU approved organization with a constitution, stated goals, and a common end may enter a sweetheart or candy queen contest. Any group that fails to fulfill one of the requirements is restricted.

From entering the queen contest but still enter all other events and thereby is still eligible to win the homecoming competition. All groups entering a queen candidate must also enter a float in the parade or be disqualified.

The original group of candidates will be studied by a panel of five judges who will eliminate all but five finalists. A general student election will determine the winner. Elections will be run by Alpha Phi Omicron.

The judges will include the head football coach or someone appointed by him, the director of the alumni office, the vice-president of student affairs or someone appointed by him. The runner-up will be selected by the U.C.B. Neither may be students and at least one must be a woman.

FORMAL CHANGES DISCOURAGED

The new system does not allow time for formal campaigning and it is discouraged. "Word of mouth" campaigning may be carried out but "bunk" expected at the program. Organizational themes will be decided this spring and ideas for designing may be carried on all summer.

Homecoming week will include the informal judging on Sunday. The Queen's Assembly on Monday and the general

election on Tuesday. Wednesday will see a pep rally, snake dance, campus games and a bonfire. The Homecoming and Skits will be held on Thursday. On Friday comes a rope-pulling contest over the river in Iverson Park followed by a barbecue. The S-Club dance will be held that night. Saturday is the parade, the game, and a program in the evening.

The U.C.B. will hold a discussion forum in the Wisconsin Room Wednesday, April 19, at 8:00 p.m. to answer questions and fully explain the new procedure.

The Point system for the new homecoming rules is as follows: In the Theme category any entry is worth 3 points, parade 10 points, homecoming 10 points. The Queen category entry 3 points, finalist 7 points, winner 10 points. An entry in the Homecoming and Skits competition is worth 5 points, third 15, second 25, and first 35 points. The parade is worth the most points. An entry wins 10 points, third 20, second 40, first 60 points. The parade is worth the most points. An entry wins 10 points, third 20, second 40, first 60 points.

Judging of the queen candidates is based on: beauty and appearance, 25 points, personality and charm 25 points, poise before formal group 14, poise before informal group 14, taste in clothing 14, and activities before and after 14 points for a possible total of 100 points.

High School Preview Day Planned For April 15

The third "Campus Preview Day" will be held on the Wisconsin State University campus Saturday, April 15, with registration scheduled for 8 a.m. at the Wisconsin Room.

More than 200 high school seniors and their parents are expected to attend the program which is held to acquaint student and parents with the curriculum, faculty, facilities, and housing of the university.

Dr. Paul Yambert, acting vice president of Academic Affairs, will welcome the group. CAS Presents Two Daughters

The Cinema Arts Series film for this week's cinema is "Two Daughters." It will be shown at 3 p.m. and 7 p.m. on Friday, April 14 and 7 p.m. on Sunday, April 16 in the Wisconsin Room of the University Center.

The film is the adaptation of two short stories, "The Postmaster" and "The Conclusion" by the Nobel Prize-winning Indian author, Rabindranath Tagore.

In the first, a young man from Dacca, becomes the postmaster of a small village, inheriting from his predecessor a memento box and a illiterate child for a servant.

Minimoye is the second daughter, a beautiful and carefree tomboy in "The Conclusion." How her rebellious spirit is tamed finds rapport with the hearts and minds of all even if far removed from the exotic settings of India.

Are You Interested In Policy Formation?

Are you interested in taking an active part in the policy formation at WSU-Stevens Point next year? If so, then the Student-Faculty Committees might be just the thing you are looking for. These are committees which help formulate our school's policies dealing with the combined interests of the students, faculty, administration, and the campus community.

Presently, these committees are Student Activities, Student Government, Financial Aids, Athletics, Art and Letters, and Convocation and Commencement.

These committees are composed of faculty members, presidential appointments, and two Student Senate appointed students. These committees represent the entire Student Body - its interests, goals, and desires. In other words, they help formulate WSU-Stevens Point's policies from the student's point of view.

The operating structure operates as follows: When a student or faculty member believes that a University policy is unjust or undesirable, he may propose an alternate policy to the appropriate Student-Faculty Committee which then debates and votes upon the proposed policy.

If approved, it is referred to the Student Affairs Council which is composed of one of the two students and two of the faculty members from each Student-Faculty Committee, two Presidential appointments, and the Vice-President of Student Affairs. This council may either pass the proposal or refer it back to its appropriate committee. No amendments may be made here.

Upon passing this stage, it is given to the Faculty for consideration at one of its monthly meetings. It may amend, pass or reject. Final approval then comes with the University President.

WSU Baseball Outlook Is Bright

By WALT TRUTENKO

The Pointers baseball outlook this year is very good with some stiff opposition being provided by Whitewater and Oshkosh. Coach Jim Clark's squad last year had a 7-8 overall record and a 3-7 mark in the State University Conference — good for a seventh place finish with LaCrosse and Eau Claire. Superior won the crown with a 5-1 record.

This year's squad finds nine returning lettermen with 44 more boys trying for the team. With this great array, the season looks quite promising.

Clark feels the prime strength on this year's squad will be the pitching. The pitching staff is headed by Chuck Ritzenthaler (Baraboo) the veteran southpaw, who led last year's mound staff with a 3-3 record and a sparkling 1.75 earned run average. He also worked the most innings, 35, allowing only 29 hits and 19 runs, nine of which were earned. Ritzenthaler also passed 18 and whiffed 21.

Al Larsen (Muskego), a big righthander, compiled a 2-2 record with a 2.41. He walked 12 and fanned 30, tops on the mound while giving up 25 hits and 20 runs, 11 earned.

Besides these two starters, Clark sees Ron Grunden (Wisconsin Rapids) as his biggest asset on the pitching staff. Grunden is seen as the number one relief in the pitching chores. He is a big righthander who throws real hard with a devastating sidearm.

Conachen, Gelwicks Lead WSU Tankers

By Tom Haanen

Cocaptains Joe Conachen and Bill Gelwicks, both seniors and four time letter winners, helped the tank squad to a strong second place finish in the conference swimming meet.

Joe Conachen, has been a swimming competitor for the last four years, and has shown a great improvement during that time. In the 1965-66 season he was named to the all district team in the 100 yard free style event. He holds two individual varsity records and helped to set two more on relay teams. Joe, besides swimming, played baseball for the Pointers last year.

Joe commented that "swimming has become a second life for me because of the unity of the team in practice and in competition. Also swimming has enabled me to maintain my physical fitness."

Conachen, from Friesland, Wis., is a general science major in education. He plans on a teaching career after his graduation and he would also like to assist in a coaching capacity.

Bill Gelwicks, from Freeport, Ill., is majoring in conservation and biology. After his graduation he would like to become an assistant and prepare himself for a head coaching position in swimming.

Bill Gelwicks has been swimming competitively for 12 years. The last two years he has been named the Pointer's most valuable swimmer. In 1965-66 season he was named the district's most outstanding swimmer.

He holds six individual records and helped to set two more varsity marks on relay teams. Bill's biggest thrill has been working with the men and coaches connected with swimming. He said, "The last four years of competition has furthered my outlook on life through the associations with coaches and other competitors."

Tankers Set WSU Records In Buffalo-N.Y. Meet

The Pointer swimming team competed in the 11th annual NAA Swimming and Diving Championships on Thursday, Friday and Saturday, March 16-18, at Buffalo, N. Y., and set three new school records.

Claremont College of Claremont, Calif., took the team championship with Macalaster and Bemidji Colleges tied for second. WSU was within the top 20 with 36 points.

Dave Stelnitz, a sophomore, set two new school records as he led the Pointer delegation at the meet. Stelnitz was the highest Point finisher with a third in the 100 yard breaststroke in 1:00.24.

The Pointer 400 yard medley relay team of Simkins, Stelnitz, Joe Conachen and Bill Gelwicks was the only other Point entry to place. It finished 10th in its event with a time of 3:57.33.

Conachen, Gelwicks Lead WSU Tankers

The rest of the pitching corps finds Greg Wendorf (Schofield), Jim Setzer (Brown Deer), Gary Glock (New London), Greg Streznicki (Shawano), and Steve Strong (Wittenberg).
