FOREWORD

IN the preparation of this volume, we have felt under moral obligation to keep wholly within the spirit of war economy. We have thus been forced to use our best judgment in the selection of material which would bring forth the happiest recollections of days spent at old S. P. N. Bearing in mind our financial limitations, we hope that you will not judge us too severely for the shortcomings that may be found in this book.

In Memoriam

WHEREAS, We are in a world-wide struggle for the further establishment of the great principles of liberty, justice and pursuit of happiness for all mankind.

In this great struggle we are each to give our efficient service and sacrifice, all we have, even our lives, for our hope and faith in a bright future for humanity.

WHEREAS, A kind and omniscient Father has seen fit to visit us with a sore bereavement in calling our soldier friend, Edward Mach, a graduate of this school, to his long home; Therefore, be it

RESOLVED, That we, the members of the faculty and student body of the Stevens Point State Normal School, do extend to the family and friends our heartfelt sympathy and condolence in this, their hour of sorrow, wishing them to understand that we are grieving, too, for this, the first student from S. P. N. to make the supreme sacrifice. We commend to them the consolation of a faith in the wisdom of Him who doeth all things well, for

“In the valley of the shadow
Where your soul is bowed today
In deepest sympathy, O friends,
We enter, if we may.

Though words avail so little
We long to say to you,
That in your hour of sorrow,
Our hearts are heavy, too.

But when in days to come, we, too,
Shall reach the unseen land
Where bitter partings are no more
Then we shall understand.”

PROFESSOR ERNEST T. SMITH

PRESIDENT JOHN F. SIMS

To the Seniors of 1918:

IN this year of our Lord 1918 the clouds of war overspread two hemispheres, and America, this land of the free and home of the brave, has been drawn into the conflict. Two ideals of government, Autocracy and Democracy, are contending in a colossal and desperate struggle for supremacy on the battle line of Western Europe. Autocracy commands, and imposes its will upon those who are governed, upon those who live for the state. Democracy co-operates, stimulates its citizens to think straight, and holds the belief that the state exists for its citizens, and that its powers are derived from the consent of the governed. Democracy can, must, and will triumph over Autocracy.

Out of the whole situation of war will grow an entirely new concept of the duties of the citizens. The boys who come back from the trenches will have dynamic ideas of social problems and will make their opinions felt. We, at home, who are potential teachers, must study the individual and the mass psychology of the boys in the Army and Navy, and profit thereby.

The one big thing before our boys in the war is to produce results. The things to be accomplished are first determined, the details of the problems are outlined, and no excuse is accepted; nothing will answer but the discharge of the tasks with completeness and fidelity. No questions must be asked, no reasons for failure must be offered, no excuses must be made, and no recital of difficulties must be given, nothing will serve but accomplishment. This principle must and will be the keynote of the present day movement in business, social and educational life. You, worthy Seniors of S. P. N., must set up for yourselves an objective which you mightily desire, and then make Herculean efforts to achieve it. Strive day by day to make yourselves worthy of success, turning from no self-sacrifice in your effort to become honest, enlightened, patriotic, progressive, and religious. Hold to your daily tasks in the spirit of Kipling's vigorous utterance:

“Go to your work and be wise
Certain of sword and pen,
Who are neither children nor gods
But men in a world of men.

Go to your work and be strong,
Halting not in your ways,
Balking the end half won,
For an instant dole of praise.”

S. P. N. is proud of you, her sons and daughters, who are soon to go into the vineyard as her missionaries of intelligence and inspiration. Practice and preach this gospel and surely God's blessing will rest upon each and all of you.

Cordially yours,

JOHN F. SIMS, President.

Juniors

The one hundred and seventeen members of the Class of 1919 have been truly characterized by President Sims as a class who reveal their motives through their actions. Every individual has been enthusiastic and has demonstrated the proper spirit in the various enterprises of the school.

Just a word about the activities in which Juniors have taken part. Last fall the class was well represented on the football squad. Five of our number, Charles Horne, Ermin Smith, William Metzger, Rex Beeckler, and Carl Kelsey worked faithfully and helped to bring victories to the school. The Junior class is justly proud of Erwin Smith, Charles Horne and Ferdinand Krembs, whose fighting spirit assisted S. P. N. in securing the State Championship in basketball.

The class has also shown a marked interest in oratory and debate. Four of the six debaters representing the school in the La Crosse-Oshkosh-Stevens Point debate are Juniors. The school orator was a Junior.

Members of the Junior class are taking an active part in the literary societies, dramatic and "Pep" clubs and are a credit to these organizations.

Last, but not least, the class ranks very high in scholarship. You need but examine the Honor Roll to find how we stand in regard to individual excellency. A large per cent of the Juniors received Honorable Mention, and several were among those receiving excellent standings.

March 11, was set aside by the Junior class as Junior Day. The newly selected class colors, green and white, were everywhere in evidence—they were not only worn by the members of the class, but were elevated in the school. By the way, the members of the Junior class do not feel that any of the Seniors need rechristening. Water was placed near our colors to safeguard them from any intruders. It performed its mission for two of our worthy Seniors felt its soothing effect as they proceeded to remove the colors.

During the past year the Juniors have found true and loyal friends among the Seniors and it is with regret that we see them complete their course of study at S. P. N.

SOPHOMORE CLASS.

The Class of 1920

The number of Sophomores this year shows the continued popularity of the three-year course for high school teachers. We assembled in the fall from the various cities and villages of our homes ready to do our part in every phase of school life. Soon we had become acquainted, and accustomed to our environment which was new and strange to us. In football we took an active interest and were proud to have four of the Normal Eleven from our class. Two of the basketball quintette were Sophomores, and we were also represented in the triangular debate and in the Normal Orchestra. On the honor roll of those who obtained excellent standings, over fifty per cent of those in the high school department were Sophomores, a record that any class would be proud of. Archie Hubbard was elected as delegate of the class to the meeting and contest of the state oratorical association at Eau Claire. Delegates from other classes and organizations were in attendance but were unsuccessful in cheering our speaker on to victory. In track work the Sophomore is seen taking an active part, in every activity and phase of school life he is doing his part and preparing to make the Junior class of next year one that S. P. N. will be proud of.

**RURAL SCHOOL
DEPARTMENT**

Rural School Teachers' Training Department

The Rural School Teachers' Training Department is the largest department in the Stevens Point Normal. This department has grown rapidly since its organization in 1912. Improvements in the department are being made yearly. This year the members bought a liberty bond and contributed liberally to the Y. M. C. A. fund. A Victrola has been purchased by the students which adds much to the pleasant atmosphere of the department.

The purpose of this department is to train young men and women to be efficient teachers in the rural schools of Wisconsin. The aim is to interest young men and women in the opportunities for service and progress which are within the bounds of teaching in the rural schools. That our graduates are making good is shown by the increasing demand for teachers from this department. This department has a decided advantage over other institutions for the training of rural teachers because it has two demonstration schools in which the students can observe and gain practical experience in rural school work.

The courses offered are: a one year course for high school graduates and a three year course for those holding an eighth grade diploma. The three year course replaces the two year course which was formerly offered. A two year course for high school graduates is offered. The graduate of this course is entitled to a life certificate besides a ten dollar bonus a month for the first year and fifteen dollar bonus a month for each succeeding year.

Our members have a creditable record for their work in the various activities of the school: in literary work, dramatic production, and athletic endeavor. Students of our department took part in the preliminary oratorical contest and made a creditable showing. The girls' basketball team proved a worthy match for the teams of the other departments. Many of the girls are members of the girls' societies. The greater part of the boys are members of the Forum-Athenaeum. The Rural Department play was a success both as to the purpose for which it was given and the talent brought out in its presentation. The proceeds of the play were used to purchase supplies for the teacherage in the second demonstration school.

The spirit of good will and co-operation was present throughout the school year, and the graduates will have many pleasant memories of old S. P. N.

The Rural Senior Class is composed of both high school and eighth grade graduates. All came with the idea that it would be necessary to work hard, and no one will say that he has had a chance to change his mind. Although the members of the class were kept busy with their studies, they managed to take part in the societies and various activities of the school. That there is talent in the class was shown by the work of the members in the work they undertook. The class has contributed generously to the Y. M. C. A. fund, and to the department fund for the purchase of a liberty bond.

Members of the class made up the larger part of the caste of the department play which was presented so successfully. The greater part of the class belong to the Rural Life Club, and these members by their efforts have aided in the making this organization a success.

With modesty and yet with much satisfaction this Senior Class of 1918 go forth with the feeling that this year spent at old S. P. N. will ever be one of the pleasant memories in later life.

To the Juniors we wish to say, "Keep the Pace" which has been set for you.

The Junior Class of 1918 has a small enrollment this year, but this is not necessarily a drawback to them because a lack in quantity does not always imply lack in quality.

The class, though small, is represented in the different societies of the school, especially the Rural Life Club. The class has contributed to the Y. M. C. A. fund and the liberty bond fund, and are proud of having a share in the Victrola.

All the Juniors now enrolled are planning to be back next year to form a class that will be second to none. Their ideals are high and they live true to them.

Rural Demonstration Schools

The Rural Department of the Stevens Point State Normal is doing all it can to send into the rural communities, well-trained, enthusiastic teachers to preside therein. We feel that every child is entitled to a trained teacher. We are confident that our Demonstration Schools are a great factor in helping to prepare our teachers to meet the problems of the rural communities.

The Powers Demonstration School is located one mile north of the city square. The building is a neat one-room structure, commodious, well lighted and in the main is well equipped, one room of which is used as the teacherage.

Each week an assistant teacher is sent from our Department to aid in carrying on the work in these schools. The student not only observes expert teaching but is allowed to teach from ten to twelve classes a day. At the end of the week she returns to Stevens Point and another is sent in her place. In this manner the student teacher in fact, becomes what she was in theory, "A real rural teacher."

One room at the Casimir School is equipped as a teacherage, where the regular teachers and students live and is made a part of the model rural school equipment. It is provided with good furniture and is kept as neat as a pin. A play was given in January by the Rural Department and the proceeds used to pay for the equipment.

Both schools are well supplied with a good assortment of tools and work benches, as well as equipment for the work in Home Economics. The students enjoy this work very much. The general appearance of the school buildings reflect the pride and the prosperity of the farmers of the vicinity.

We feel that these demonstration schools are a valuable object lesson to other rural districts and that the time is at hand when a teacherage will be as much a necessity as the regular equipment of the school.

The Rural Life Club is a new organization of the Stevens Point Normal. Encouraged and guided by Miss Rademacher, the students of the Rural Department held a meeting, last fall, and the result was the establishment of this flourishing society which now boasts of ninety members.

The object of the club is to arouse needed interest in rural affairs and by discussions of topics of vital value to rural communities, to stimulate the enthusiasm of its members in the problems of rural life. Also to afford training for leadership, and to assist the future rural teachers toward planning and conducting similar clubs in the localities where they teach. The club not only has furnished educative opportunities, but also has given the students of the large rural department a chance to become better acquainted with each other.

Meetings were held bi-monthly. Anyone interested in rural life and in the improvement of rural conditions may become a member.

Five lines of activity have been carried out. All programs were planned to contain the following features: education on some topics selected for the meeting, music, community singing, general culture, and the development of personality, recreation, and parliamentary practice. The programs have been excellent and the enthusiasm and co-operation have been edifying. The first year is prophetic of one of the most beneficial and active clubs of the school.

ATHLETICS

STATE BASKETBALL CHAMPIONS
 Dan Horn, Burns, Smith, Clark, Horn, Krambs, Healy, Retzky

S. A. TENISON—Coach.

To S. A. Tenison, newly acquired director, must go the lion's share for the S. P. N. basketball team's record the past year. Through his achievement of leadership and spirit of fight the "Team" brought the first basketball championship to the school.

Mr. Tenison is a graduate of the Springfield Y. M. C. A. Training School of Springfield, Mass.

ERWIN SMITH—Center.

Playing a stellar game all season and one of last year's veterans had a great hand in the bringing of the championship to the school. He outjumped and outclassed his opponent in every game. He will be back next year and should prove to be even a more formidable opponent.

CHAS. BURNS—Left Guard.

"Irishman" was changed from a prospective center into a guard at the start of the season. He was a consistent player throughout the season and materially helped in teamplay. His best games were against LaX and River Falls. He graduates in June.

HARRY HERTZ—Right Forward.

Captain Hertz was a versatile forward; a man who was nearly impossible to guard because he used his left hand in hooking the ball into the basket. "Wooden Shoe" scored 18 points in his final game and will long be remembered for his three years of basketball at S. P. N.

DAN HORNE—Right Guard.

The man who played a conservative and consistent game through the entire season was named Captain for next year's team. He is a product of the local high school and as a captain it is predicted that he will prove to be a great leader.

AARON RITCHAY—Left Forward.

Although the shortest man on the team, "Munch" proved himself to be a good player. Fast as lightning, the opposing guards could not hold him, thereby being responsible for many points. The school will have the services of the Mellen star for two more years.

CHAS. HORNE—Forward.

A hard player who never gave up until the final whistle. His worth was proven in the Ripon game. "Alfred" was in main responsible for the victory of that night. This veteran will be fighting for S. P. N. next year.

FERDINAND KREMBS—Guard.

Although short in stature, Krembs was a guard who could hold his own with the best. He is a new man in the conference but easily won his letter. He will be the fifth veteran to form a nucleus for next year's team.

Line Up For Season 1917-18

The basket ball season saw three veterans appear for the initial practice. The outlook for a bright season was apparent from the start. Capt. Hertz was the man that the quintet was to be built around. The only drawback, apparently at that time, was the lack of a coach.

Preceding the season an inter-class meet was promoted. The Juniors and Sophomores claimed the honors long before the opening game. The Seniors, who were not conceded a chance, defeated the lower classmen in three successive games. The standings of the teams were as follows:

| | Won | Lost |
|----------------------|-----|------|
| Seniors | 3 | 0 |
| Juniors | 1 | 2 |
| Sophomores | 2 | 1 |
| Rurals | 0 | 3 |

The personnel of the Senior team was as follows: Hertz and Christianson, forwards; Burns, center; Peterson, Klug, Moe and Carlson, guards.

After several preliminary games the season was opened by the defeat of Ripon College by the score of 39 to 24. The next victim was Oshkosh Normal, who seemed to have formed the habit of being licked quite regularly by the Point teams. The Eau Claire boys were next on the programme and they succeeded in scoring one field goal. Our boys repaid the visit the following week and proved to the upper city team that the previous week's victory was not an accident.

Then came the River Falls game, resulting in a defeat for the Northerners on their own floor, the score being 24 to 20. Waiting for the return game with the somewhat downhearted River Falls men was a trying period for S. P. N. In the meantime Ripon received another drubbing after the team had been in a wreck at Princeton Jet. The team played at twelve o'clock and Ripon took a back seat, the game ending 20 to 11.

The following night Superior, after cancelling the first game, was defeated to the tune of 49 to 16. The following week River Falls appeared on our floor. They received a drubbing and the Stevens Point team had won the right to represent the Northern division against La Crosse, who had won in the South. When the final whistle blew the scoreboard showed 37 points for Stevens Point and 18 markers for River Falls.

CHAMPIONSHIP GAME

After a period of a week La Crosse Normal appeared for the contest which was to decide the championship of the state. The southerners made chesty predictions prior to the game. They were accompanied by twenty-five loyal rooters. The game was played on March 16th and was refereed by Hotchkiss and Barry.

After a few wild moments, in the early part of the game, the team settled down to the routine of drubbing the foe. At the end of the first half the score was 11 to 4, with La X trailing in the dust. The second half was but a repetition of the first and the game ended with LaX somewhat the worse for wear. The score of 25 to 12 clearly indicated our superiority.

The following weeks the team was banqueted by the Coach, Chas. and Dan Horne, Chas. Burns and President Sims. At the latter's banquet gold basketball watch charms were given to the members of the team.

State Interscholastic and Sectional Basket Ball Tourney

As usual the local sectional tourney, which was held March 7, 8, 9th, drew a large number of entries, twelve teams competing. Grand Rapids was looked upon as the victors in the tournament but owing to an injury, in one of the first games, the services of the pivot man was lost to the team. Nekoosa, who had given the Rapids two hard battles earlier in the season, were able, under the above conditions, to defeat the Rapids in an overtime game. This proved to be the most interesting game of the tourney, taking five minutes overtime to play off the tie. The final score was 23 to 19.

The final game brought Waupaca against Nekoosa. Waupaca, with her usual good luck, drew two easy teams and enabled her to keep in the running. The outcome of this game was never in doubt and at the conclusion Waupaca's score was doubled by the small, fast team from Nekoosa, thus winning the right to represent this section in the state tournament. The teams taking part in the tourney were: Almond, Bitternut, Friendship, Grand Rapids, Iola, Ladysmith, Marshfield, Nekoosa, Park Falls, Stevens Point, Waupaca, and Wild Rose. Stark of Grand Rapids took individual honors and the Marshfield team took the cup for conduct and appearance. Park Falls and Stevens Point were undoubtedly better teams than Waupaca. The latter team secured second place, Grand Rapids third and Stevens Point fourth places.

The winning teams in the sectional tournaments appeared in Stevens Point on March 21 for a three-day tournament to decide the state championship. Here again the teams representing Eau Claire and Madison were considered the strongest teams in the tourney. The two teams met on Friday night, prior to this game each team had won a victory earlier in the season, and resulted in a victory for the Capital City boys. Eau Claire led at one time by 7 points but Madison overcame the lead and the game ended 18 to 10 with a victory for Madison. The rest of the teams were easy for Madison and Watertown proved to be an inferior opponent in the last game for the decisions of honors, Watertown was awarded second place, Eau Claire third and Ripon fourth places.

The teams contesting for high honors in this tourney were: Madison, Eau Claire, Cumberland, Mauston, Nekoosa, New Glarus, Ripon, Superior and Watertown.

Nekoosa won one game when New Glarus met defeat by a 20 to 29 score. Madison won four games in the tourney, defeating Mauston, Ripon, Eau Claire and Watertown.

The all-state team picked was as follows: Cleasby, Eau Claire and Tauchen, Madison, forwards, McNabb, Eau Claire, center, Mathison and Gill, Madison, guards.

NORMAL RESERVES

The Reserves assisted greatly in the securing of the state title and proved to be fighters as well as workers for that common cause. Every night would bring them forth in sufficient numbers for a scrimmage with the varsity. Their value cannot be underestimated.

Captain Ethan Peterson proved to be a capable leader and a good all-around man on the basketball floor. He will be missed in next year's squad.

Christianson also proved to be a very valuable man at forward and also one who was willing to do his share in the scrimmage.

Hubbard, playing at forward, distinguished himself thruout the season. He will be back next year to make a bid for the varsity.

Colby, playing the pivot position, was always found in the thick of the fight. He also will be back.

Beeckler, at guard, proved to be a stone wall and was a large factor in breaking up the opponents plays.

Klug, at guard, played a very consistent game and also proved to be a good mixer.

Of the above next year's squad will have for its candidates, Colby, Beeckler and Hubbard.

Captains of Teams

CAPTAIN CHAS. BURNS.

CAPTAIN-ELECT ERWIN SMITH.

CAPTAIN HARRY HERTZ.

CAPTAIN-ELECT DAN HORNE.

FOOTBALL TEAM 1917.

CHAS. BURNS—"Irish"

Irish has completed his third successful season on the football team and was the only third year man back. His regular position is at right end but he was shifted from that position to left half back. He was captain of the team.

ERWIN SMITH—"Smitty"

Captain-elect "Smitty" was one of the few regulars to return to school last fall. He filled his gap at right tackle and he more than did his usual good work. Many times he was used around tackle play for substantial gains.

HARRY HERTZ—"Woodenshoe"

"Woodenshoe," longlegged and long armed, made him a terror to the opposing teams. Harry was responsible for many of his team's points via the aerial route. His is a wonderful record considering the fact that it was only his second year of football.

WILLIAM METZGER—"Bill"

A Grand Rapids player who stepped into a Rapids' players position was "Bill." During his entire season at center position "Bill" was never known to fail to pass. "Bill" is now in the service of Uncle Sam and his position will be hard to fill next year.

CHAS. HORNE—"Alfred"

"Alfred" filled a backfield position and it was his second year on the team. Many of the team's gains were due to his hard charging. River Falls were more than afraid of him after a few minutes of play. He will be back next year and should prove to be a tower of strength.

DAN HORNE—"Danel"

Dan learned the art of playing football playing for the red and white of the local high school. He was placed on left end and he more than made good. With increasing weight and height few men will be able to stop him in the two years to come.

REX BEECKLER—"Beek"

Rex is a product of Neillsville High and though never accustomed to playing football he showed a development that enabled him to hold down the left guard position. He hit his men hard and in many of the games he broke up the plays of the opposing team. He will be one of the few to be back next year.

LYLAS KLUG—"Lylas"

"Lylas" was a player of open field running ability. He was injured in scrimmage the preceding year and was kept from giving his full services to the team. He came back with a vengeance and showed his mettle in the River Falls game where he made run after run. He will be greatly missed next year.

WM. GAVIN—"Bill"

"Bill" is another Stevens Point product who played a wonderful game at right guard. Although not an experienced man as his team mates he bore the brunt of battle like a seasoned veteran. His position was certainly well held in the River Falls game.

AARON RITCHAY

Ritchay is a graduate and star player of the Mellen High School. Although small he would charge and work his way through many openings. During the coming two years he should prove of great value to S. P. N. teams.

TILDEN MOE—"Til"

"Til" didn't know what football was like when he first went out but he soon showed aggressiveness and won his letter. He had the pleasure of hitting several of the red jerseyed men from the North.

JAMES CHAMBERLAIN—"Jimmie"

A quick thinker and a player who could see the weaker playing parts of the opponents machine was "Jimmie." His ability to pass was of great value to the team as forward passing was resorted to a great deal. This was his first season with the team.

CHALMERS SEYMOUR—"Si"

"Si" hails from Illinois and through his pep and enthusiasm he kept the team fighting. His position, of tackle, was a hard one to fill but he certainly was equal to the job.

CARL KELSEY

His ability to boot the ball farther and better than any man on the team enabled Carl to win his letter. With experience and his height he will more than fill the gap at guard.

EDGAR CLEMENT—"Red"

Although the smallest man on the team and playing in the backfield, Red had them all a guessing where his tow head was going to pop up next time. He was a good fighter and he now is giving those services to Uncle Sam.

OTTO BACHER—"Germany"

"Germany" received his early training at Merrill, famous for its track athletes. He was a shifty and heady player and his work in the backfield will be missed next year.

Football

The call for football men came soon after the convening of school. Many old faces were missing and the old team seemed to have been wrecked by existing war conditions. Captain Hougan was missing and Chas. Burns was elected to the captaincy. The outlook for a good season was rather dark. Coach Corneal had resigned and his position was as yet unfilled. The problem of coaching fell upon Professors Fairchild and Watson. To them must go the credit of the local football fans for turning out a winning team under those conditions. The team won five, tied one, and lost one game.

The big game of the season was with out ancient enemy, River Falls. Mark Catlin, former coach of Lawrence College and one time captain of the Chicago "U" football eleven, was secured a week prior to the game. It proved to be a king's move as he gave River Falls a bad hour on the field. The team went out with the spirit of do or die in an attempt to bring victory to their Alma Mater. By the use of an open spread play our eleven were able to score more than three times as much ground as the red jerseyed men. Neither team scored during the first half but River Falls were placed on the defense by the aggressive playing of S. P. N. The apparent reason for this was that they had to meet a different formation than they had planned on.

Through persistent efforts in the second half the locals carried the ball to the 20-yard line and on an attempted pass were illegally held. Following this Ritchay booted the ball over for our three points. Then R. F. through a fluke were able to secure a touchdown. The Point came back and were plunging for great distances when the whistle blew. The consensus of opinion being that the best team had lost.

Track

The Stevens Point Normal has, for the past three years, put out a formidable track team. The coming season will be no exception for the track season has already started and some very promising material has shown up.

Captain Lylas Klug is the athlete who was honored by the letter men to captain the team this spring. He is a capable leader and has shown his prowess upon the track in the past. He was a member of the successful Merrill High School Track Team, twice winners of the interscholastic track meet held under the auspices of the local normal, each year, in May. Last year he was a member of the relay team that competed, at Philadelphia, Penn., in the University of Pennsylvania track meet.

The sixth annual interscholastic track meet, for Central Wisconsin, was held on May 18th. Merrill, twice victors, Wausau, twice victors, and Stevens Point, once returned victors, competed for the large Pasternacki cup. A tennis tourney was also held in conjunction with the track meet.

S. P. N. will send her track men to Whitewater to compete in the Normal meet to be held on June 1st, and no doubt they will give a good account of themselves.

We have won the State Championship in basketball, now every one come out and boost for track.

CAPTAIN KLUG.

Girls Athletics

This year our girls have taken a more active part in indoor and outdoor athletics than ever before. Aside from basketball and volley ball, indoor baseball and hockey have been introduced. The latter game created much interest among our women students. The game requires eleven on a team. Enough girls responded to make up two teams with substitutes. Next fall we hope to make hockey an interclass contest.

The basketball tournament brought out the real class spirit of the school. The following teams competed: High School, Home Economics, Primary, Grammar, Rural, and Academic. Each team had behind it the whole spirit of its department. The Home Economics won the championship, the High Schools second place; the Grammar, Primary, and Rural Teams each won the same number of games.

The several gymnasium classes competed in the volley ball tournament. This was not strictly a departmental tournament.

Indoor baseball, tennis and hiking are the spring sports. Sophomore, Junior, and Senior baseball teams have been organized and a tournament will be held in May. Hiking will be put on a competitive basis this year. A number of hiking clubs have been formed, making group rather than individual competition. Each member of the winning club will receive some trophy.

Athletics form only one phase of the physical training offered to our women students. Our Physical Training Courses include work for the individual and for the teacher. One year of physical training is required of two year students; one and one-half years of the three year students. This work covers courses in general gymnastics, Swedish gymnastics, in aesthetic and folk dancing and playground games.

ORATORY

THOS. R. KING
School Orator

TILDEN I. MOE
Extemporaneous Orator

Oratory

The interest that the students of this school take in oratory is evidenced by the number who participated in the preliminary contest, held in the auditorium, Jan. 23rd. There were twelve orators, who contested for the honor of being school orator and representing S. P. N. in the state oratorical contest. The orations were all very good and the contest was close.

The decision of the judges gave third place to Otto Bacher, second place to Tilden Moe, and first place to Thomas King. The subject of Mr. King's oration was, "Americanism, a State of mind," a very timely topic and very ably presented.

The state contest was held at Eau Claire, March fifteenth. This year there was a new phase of oratory introduced. This was the extemporaneous contest, in which Tilden Moe represented our school.

The result of the regular oratorical contest gave Whitewater first place, Platteville second, Superior third, and Eau Claire fourth. In the extemporaneous contest Superior was awarded first place, Milwaukee second, Platteville third, and Stevens Point fourth.

The contest was very close and interesting from start to finish. Although Mr. King and Mr. Moe were not numbered among the first, their work was a credit to both themselves and the school.

Debate

In debate this school holds an enviable record. During the past two years we have participated in seven inter-normal debates and have won six of them. This splendid record, perhaps for the most part due to the interest the school has shown in debate work. It is hoped and expected that the teams representing our school in this year's forensic contests will not permit our present good record to be broken.

The annual junior debate with Oshkosh Normal was not held this year. A unanimous decision for S. P. N. for the past three years must be a poor tonic for Oshkosh, as this year they cancelled this annual debate with us. So, with the Junior Debate called off, our debates this year are confined to the triangular debates with La Crosse and Oshkosh Normals.

On the evening of February twenty-fourth, fourteen speakers contested for places on the triangular teams. The contest was interesting and the arguments presented showed that the contesting speakers had made thorough preparation. The question debated was the same as the one that will be debated in the triangular debates, which is: Resolved, That in the state of Wisconsin all personal property and buildings on land should be exempted from taxation, provided such exemption be extended over a period of ten years.

The judges, L. R. Anderson, E. B. Robertson and S. K. Nelson, awarded the following debaters places in the order named: Paul Paulsen, Blanche Gates, Carl Kelsey, Smith McLandress, Thyra Frost and Ferdinand Krembs. John Whitmer and Kenneth Bard were chosen as alternates. Paulsen, Kelsey, Frost and Whitmer (alternate) were selected as members of our negative team which will journey to La Crosse to uphold the honor of the school. McLandress, Krembs and Gates and Bard (alternate) were chosen as members of our affirmative team to debate Oshkosh here.

Due to the necessary absence of Miss Frost from school for several weeks, she was on her return unable to continue her work on the debating team. And as John Whitmer (the alternate) was not in school, Mr. Tilden Moe was appointed to fill the vacancy on the team.

Under the direction of our able coaches, Professors Delzell, Watson and Swartz, these teams will no doubt make things interesting for La Crosse and Oshkosh, May tenth.

U. S. S. Barnacle

A big musical comedy, the U. S. S. Barnacle, was given in the Normal auditorium, Apr. 16th. The chorus of fifty voices was snappy, full of youth, beauty and pep. The cast was as follows:

| | |
|---|-----------------|
| Dick Erne (Tenor)—Hero of the U. S. S. Barnacle | Melvin Moffit |
| Tom Tupper (Baritone)—The Bosn's Mate | Verne Vaughn |
| Tim Shannon (Baritone)—An Old Salt | Otto Bacher |
| Sam Slippy (Baritone)—Coxswain of the Capt.'s Gig | Ferdinand Ulmer |
| Kitty Adair (Soprano)—Heroine | Verna Wiskern |
| Dorothy (Alto)—Her Best Friend | Margaret Walker |
| Mrs. Brown (Alto)—An Admirable Chaperon | Edna V. Becker |
| Barbara (Mezzo-Soprano)—Attending High School. | Mabel Reton |

Miss Lenore Buchanan, director of music, very ably took charge of the musical work. Miss Jones supervised the dancing and Mr. Ernest Weber took charge of the orchestration.

The production proved a credit to the directors and to those that took part.

Meetings Held

An interesting Valentine Party was held in the Home Economics room in the form of a buffet luncheon. The dining room was appropriately decorated; and the supper was also suggestive of the occasion. The Club voted buying middies for our basketball team, and this was unanimously carried.

A group of girls were appointed to make the middies, and after very strenuous efforts one Saturday afternoon they were completed. They were then fittingly presented to the members of the team, with the request that the girls would not lend them to their gentlemen friends.

The Club voted sending a delegate to the oratorical contest held at Eau Claire on March 6. Elizabeth Burns was sent on this trip.

At the last meeting the program consisted of the following numbers:

| | |
|------------------------|--------------------------------|
| Piano Duet | Mabelle Watkins, Alice Eichorn |
| Reading | Irene Peterson |
| Report Eau Claire Trip | Elizabeth Burns |
| Vocal Solo | Beartice Hubert |

During the business section of this meeting a committee was appointed to select pins for the Club, and have found a very dainty gold spoon which suits the purpose very well. The girls made the decorations of the State High School Tournament after this meeting.

DRAMATIC CLUB

The Dramatic Club is a student organization which has for its aim the furthering of dramatics in S. P. N. It is under its auspices that most of the student plays presented throughout the year are given. The requirement for full membership is the successful appearance of the candidate in one of the dramatic presentations given by the club. The members of this year are:

Ambrose, John
Bacher, Otto
Burns, Charles
Callahan, Alice
Eichinger, Agnes
Engler, Ruth

“We should hide our light under a bushel. What if the bushel is too small?”

We had much practice in debate
And Parliamentary drill;
We passed by all the other dates,
To show our spirit and good will.

Those Tuesday eves we'll not forget,
They were the Queen of nights;
One came each week, when we all met,
To share our club's outlined delights.

Oh, Thomas King, we're proud of you,
You held up our good name;
You proved you were a member true,
You won a speaker's fame.

Our Tilden Moe, of judgment cool,
We claim you for our own;
You sacrificed much for the school,
And made it better known.

Paul Paulsen, too, was in our throng,
Of course we need not tell
Too much of our debater strong,
You know his virtues well.

We'd need at least another page
To tell you all our fame;
But we must stop,—(As all's a stage),
Here is each actor's name.

Y. W. C. A.

On Friday evening, October 24, 1917, at a beautiful candle light service held in the Normay Gymnasium, one hundred, twenty-one new girls pledged their service and best efforts in Y. W. C. A. work. These new members together with the sixty old members and a few later additions brings the total membership up to one hundred, eighty-five. This is the largest enrollment the organization has ever had in the Stevens Point Normal School. The Y. W. C. A. has had a very active and successful season this past year. Now it ranks as one of the best organizations of its kind in the state.

Our devotional meetings of praise and consuration have been specially full of interest and enthusiasm.

Five Missionary programs were given on topics based upon the description of Japan and the work done there by the Missions. In connection with our Missionary department, a plan for systematic giving for Missions has been successfully launched and carried out.

The Y. W. C. A. has not failed to see its opportunities for practical war work. Our three delegates who attended the conference on the discussion of the Northfield program, at Waukesha, brought back a report which made it possible for the entire school to be organized into classes for the study of practical patriotism.

We not only have enjoyed the religious gatherings but we have also enjoyed the friendship and mutual spirit of helpfulness and co-operation that has existed among the young women of the school.

The Loyola Club is an organization for the Catholic students of the school, and is now in the third year of its existence. It aims to bring the Catholic young people of the school together so that they may become better acquainted, and may discuss topics of common interest.

The club holds its meetings every second Wednesday at four o'clock. A short program consisting of readings, talks by members, and musical numbers is given. We have been fortunate this year in having addresses given by priests and members of the faculty.

Owing to the fact that so much time has been taken up with other work, we have had few socials. In February before Lent, the K. C.'s gave the club the use of their hall for a party. A program was given between eight and nine, and then everyone enjoyed dancing.

In order to foster the religious spirit, the Club receives Holy Communion in a body the third Sunday of each month.

Work of the Year

The Ohiyesa Society is an active school organization which shows its appreciation of all S. P. N. activities.

When the Student Friendship Fund Campaign was presented to the school, the Indians proved their patriotism by giving a donation of \$15 to this cause.

The last number of the entertainment course furnished an opportunity for the Ohiyesa to make it a real Indian affair. The entertainer was an Indian Princess of the Penobscot Tribe, Maine. To make the program more symbolic of her people, she wore Indian costumes. The Princess in telling about her tribe and her ancestors said that the early Indians had a hatred, dread and fear of the white man. As time went on, she told how this feeling changed and that today the Indians are supporting the American cause. \$9,000,000 worth of Liberty Bonds have been purchased by the Indians.

The Princess was entertained by the Ohiyesa Society at Nelson Hall. During the dinner hour, she taught the Ohiyesa several Indian songs. In the evening she very skillfully answered one of her encores by requesting the Indians to help her sing one of these songs.

Our day at the "Pal", March 9, during the time of the High School Basket Ball Tournament, was a great success. In spite of the severe snow storm the different shifts of Ohiyesa made their way to the "Pal" and did their scheduled work.

During the last quarter of the school year, the society gave a program consisting of selected music, a corn song and a dance and parts from Clyde Fitch's *Barbaria Fritche*. The faculty members, the Arena Society, and the Forum Athenaeum were invited to the entertainment.

HE was there.

SCANDAL WILL OUT

Although severely suppressed by censors and threatened by individuals the following schedule must be printed:

Monday: Tenison seen with Bronson and Cutright.

Tuesday: Tenison seen with Kellogg and Pierce.

Wednesday: Tenison seen with Logren.

All were appointed as faculty advisors of the Campuistry Club.

HEARD IN THE GYM.

King (to Si): 'Say, did you ever hear of the two battles I was in?'

Si: 'No, what were they?'

King: 'Well, the first one was with my wife and I surrendered; and the second was at Bull Run and I shot the bull.'

Eau Claire Coach (eavesdropping): 'Yes, and you came up to Eau Claire and continued to shoot the bull.'

'Did you succeed, Tom?'

LOST

Two faculty members in Eau Claire.

Shortly after the oratorical contest we heard strange stories about two of the faculty members who attended the contest. It is said that one of the students met two people wandering about the streets at the hour of 11, utterly incognito of the fact that they were in strange parts of the city.

'Why, Mr. Sw—, are you lost?'

asked the student.

'Oh no we are not', he replied. Miss B. realized she was in the wrong place but said nothing.

The next morning the question was asked: 'Did you get back all right, Mr. S?'

'We were not lost', he replied.

His partner said nothing, so WE WONDER.

Saindon applying for a job.

Supt.: 'Do you dissipate?'

Red (very red and fussed): 'Oh I sometimes chew a little fum.'

THE DORM BATTLE CRY

I am a rag of poverty,
A son of a gambolier,
A devil with the women
A regular fish for beer.
So what the heck do we care.
We know we're not to blame
We are, we are, we know we are,
A dormitory Jane.

LOST

A cane, by a man, with a bone
Roy Saindon.

SOCIAL NEWS

The most popular debutantes of
the season, John Long, Dan Horne,
Otto Bacher, Paul Paulsen, and Carl
Kelsey, will give a dancing party at
Engstrom's Hall. This is to be the
concluding event of their first social
season. Come out and help the boys
as they have spent a lot of time and
money in preparation.

MISCELLANEOUS

Who can a joke appreciate
We, the staff, this department
Do fondly dedicate. —Ex.

HOME EC. LULLABY

The Home Ec. pennant
Made of blue white remnants,
Hung proudly o'er the bleachers
Where sat the mighty screechers.
The boys said not a word,
And not a yell was heard,
Until a Home Ec. dame,
We know not her name,
Turned her glance up there,
Which turned to a stare,
When she found the pennant rare.
Had vanished from up there.
By the hand of—(our story is over.
Ask Kelsey and Hertz).

NOTICE

Orchestra practice in general ex.,
Sept. 15, 1918, to celebrate for the
River Falls Football Game.
(Note: It is best to start early,
they need a lot of time.)

Doris Buchanan (in the Pal.):
"Are you the waiter who took my
order?"

Waiter: "Yes, ma'am."

Doris: "My, you have grown
since I seen you last."

DAFFODILS

If Beano went picking flowers would he give Ruby All(ds),
If Ritchay went for a stroll would Margeret Walk(er)?

Erwin Smith (on the Green Bay):
"Conductor, can't you go faster than
this?"

"Yes, but I am obliged to stay
with my train."

"If there should be another flood,
To this book I'd fly
For if all this world was again sub-
merged,
This book would still be dry." —Ex.

Love in the Dark

A comedy drama with tragic results.

Setting: Se—s Parlor on Strongs Avenue.

Time: 1 A. M.

Characters: Charle Seymourski (villian).

Se—s K. M. (heroine).

Normal Student (casual intruder).

ACT I—Scene I. Enter Seymourski with the heroine.

Scene II. Seated on the davenport.

Scene III. K. M. falls into Charles' arms and vice versa (not accidentally).

K. M.: "Wot's your naim?"

Charle: "Oh, call me Kelly."

K. M.: "Gee, are you the guy wot knocked out Kid Sullivan from Marshfield?"

Charle: "That's me."

K. M.: "Golly, I goes daffy over dem kind o' guys."

Scene IV. Enter normal student with her friend (unexpectedly).

K. M. (rises and says): "Oh Miss N. S., meet Mr. Kelly."

N. S.: "Why, how do you do, Mr. Seymourski. I believe you are in my geometry class."

Scene V. Door slams and Charle is seen making his way toward Normal Avenue with giant strides.

ENGLISH PEBBLES GATHERED FROM THE ROCKY SHORES OF EXAMINATIONS

She knew three nice young men and a young German.

Ichabod held one child on his knee and rocked the cradle with the other.

Hawthorne's father died just after he was born.

When he returned he brought back his wife and another man.

The window pane fell on his foot and broke it.

Heard Here and There

Miss Eimer: "This is the worse recitation I have heard in months. I have done three-fourths of it myself."

Hertz in Chemistry: "Hey, Jones, where did formalde hyde?"

Mr. Jones in Chemistry: "How can yet get alcohol in a dry state."
(Why?)

Mr. Sims: "Did you not promise that you would not do it again?"

"Si" Seymoure: "Yes, sir."

Mr. Sims: "And I said I would expel you if you did, didn't I?"

"Si": "Yes, sir, but as I did not hold to my promise, I will not hold to yours."

Smith (at Stewarts): "Who is going to the hog rassle (dance) at the ar-mory, tonite?"

Dave Hintz (innocently): "Who is going to wrestle."

Jantsch (pondering over the mystery): "Dave ordered pie a la mode and I ordered pie with ice cream on and they brought me the same thing."

Miss Gray: "Do you understand French?"

Jantsch: "Yes, if it is spoken in English."

In Agriculture Class: Mr. M.: "Say, boy, what are you doing?"

Ladwig: "I am grafting a doughnut on a rubber tree so as to raise a crop of automobile tires."

Stranger: "Do you know a man around here with one leg named Smith?"

B. Christianson: "What is the other leg named?"

Roberts: "How can I thank Mr. Smith? I owe him for all I know."

Susan Lacy: "I do not think it necessary to mention trifles."

Helen Dopp: "Why do you act so foolish?"

Ulmer: "I slept under a crazy quilt last night."

HOW WOULD IT SEEM IF:

The Iris were out on time.

Moe went fussing.

Edna had a date.

Rand could raise a mustache.

Tom would lose his walk.

Paulsen learned to waltz.

Chamberlain got up for breakfast.

Pete quit fussing.

Ritchay didn't comb his hair.

Rachel had a fellow.

Saindon had a girl.

Dreams Come True

With an egg-beater and a package of Jell-O any college girl is equipped to make—easier than fudge—such good things to eat as she may have dreamed of but seldom realized. For example, a Bavarian Cream, without cream or sugar, and perfectly delicious—or any one of fifty other things that college girls will hail with joy.

There are six pure fruit flavors of Jell-O: Strawberry, Raspberry, Lemon, Orange, Cherry, Chocolate. Each 10 cents at any grocer's.

If you will take a minute's time to write your name and address and mail them to us you will receive a new Jell-O Book with easy recipes for the dishes that college girls love.

Blisters on the Hands of Opportunity

Have you ever looked about your own neighborhood and noticed the number of men and women who are moving along easily waiting for *opportunity* to overtake them? Of course, every man has his opportunities, as he has abilities; but the practical question is, to what use are you putting opportunity? No faculty given us will grow and develop with non-use. Our mental system, like our muscular system, becomes flabby without exercise. The truth about *opportunity* is that she greets you with the blisters of hard work on her hands. Opportunity, like the rainy days and dependents, is a thing to be provided for, and there is no provision without work, thrift and saving!

This big bank can be of invaluable service to you in giving practical direction to your thrift and putting into profitable employment your savings. Don't expect to find flabby smoothness on the hand of opportunity.

Day and Night Service

WE are fighting a great war to make the world safe for Democracy.

The youth of the Nation are training, on land and sea, to reach such pitch of efficiency that our institutions may be saved.

After we have won our fight, as assuredly we must win it, we must be prepared to work as effectively as we have fought.

We must have [the intelligence and skill to maintain the liberty we shall have won.

The future, as never before in American history, belongs to the trained individual.

If you are not fighting, you ought to be training for future service.

The demand for skilled instructors for our schools was never so great as at present.

The demand will assuredly increase, rather than diminish.

Stevens Point Normal School has trained a host of successful teachers.

The call to service in the field of education is growing more insistent every day.

Do you know what Stevens Point Normal School can do for you?

Will you write your special problems in a letter to Pres. John F. Sims, State Normal School, Stevens Point, Wis.?
