# WORD

**T**O give you an illustrated chronicle of life at Central State Teachers College . . . that has been our purpose.

May this 1937 yearbook be a worthy member of that dignified series of Irises that have preceded it.

Humbly we present this Iris.  
We hope you like it.

# DEDICATION

To one, who through conscientious endeavor has made Central State Teachers College a greater institution.

To one, whose love of nature and interest in the great out-of-doors is unsurpassed.

To one, whose kindly, helping hand has aided many in distress.

To a real friend, Professor F. J. Schmeeckle, we, the Class of 1938, take great pleasure in dedicating our book.

# PRESIDENT HYER

As a parting word, permit me to express to you students who read these lines my sincere appreciation for the many fine things which you have said and done and for the exceptionally fine spirit which you have so continually manifested toward all of the better things of college life.

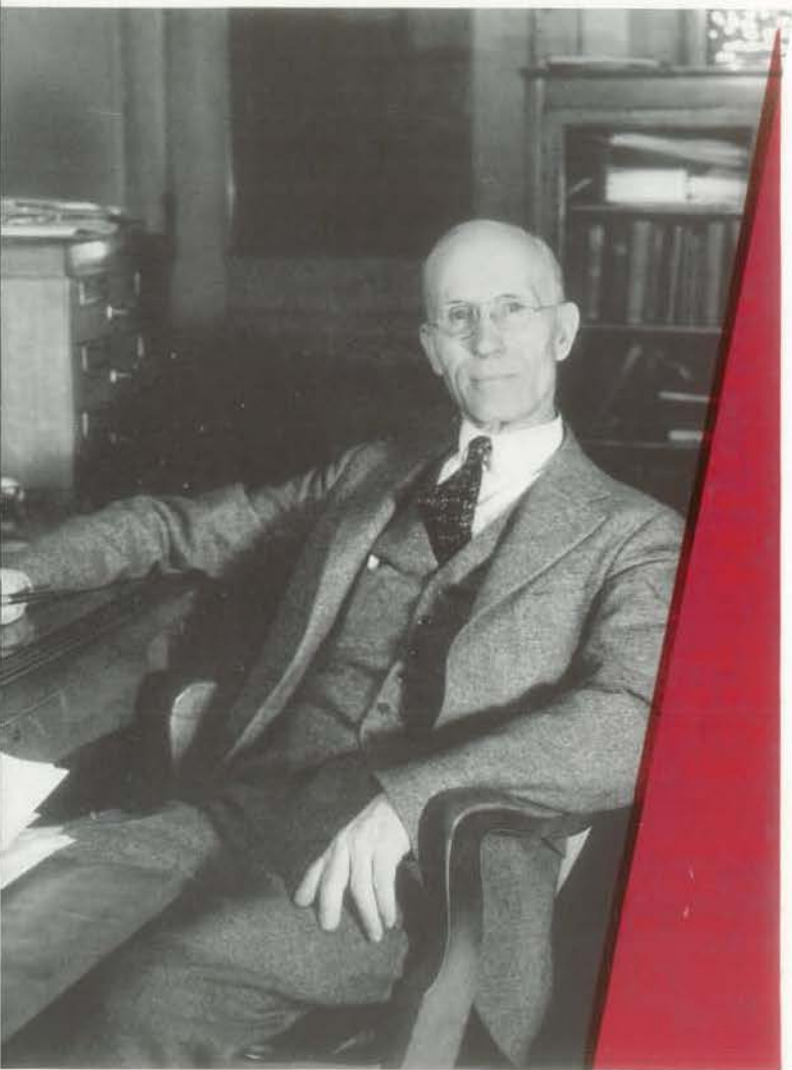

Your Alma Mater has been particularly successful in all of its activities during the past year because you have so willingly and cheerfully done your part.

If you enter into your professional life with the same fine attitude that has characterized your student life, success in marked measure should be yours.

Personally, I shall always remember with joy the years spent with you, and my good wishes will go with you through life.

Yours sincerely,

A handwritten signature in cursive script, reading "J. S. Hyer". The signature is written in dark ink and is positioned below the typed name "J. S. Hyer".

## REGENT MARTENS

Herbert Spencer said that the function of education is to prepare one for complete living. The keynote of a full life is service to others. That entails not only forgetfulness of self, but also real self-sacrifice. Paradoxical as it may seem, happiness and contentment are attained to a fuller degree by a life consecrated to the service of others rather than by one dedicated solely, or even principally, to self. In training you young men and young women for your future careers, Central State Teachers College has that aphorism constantly in mind. Its faculty has emphatically demonstrated that it is imbued with the principle of doing for others unselfishly on many occasions, especially in giving its time

freely and whole-heartedly to the work of the night school without expectations of any reward other than the satisfaction that doing for others gives.

No class of individuals has so many opportunities for social service as have teachers of the young and adolescent. No class does more to regulate the habits and thus mold the characters of our future men and women. The school-room is a worthy adjunct of the home and of the church. It supplements and completes the work of each. This trinity—the home, the church, and the school—pre-eminently exemplifies the spirit of unselfish devotion for the good of others. Yours, young men and young women, is a high calling. If you carry with you through life the ideas and ideals inculcated at Central State, your careers will be thoroughly happy and contented ones—ones devoted principally to the welfare of your fellow-man.

## DEAN STEINER

Whether by accident or design, every institution from a popcorn stand to a mail order house is an advertiser. Central State Teachers College is no exception to this rule. A school's curricular and extra-curricular status is revealed partially through its student publications and its official bulletins. The athletic renaissance of the past few years, a new high in forensics, and the growth in number and quality of its musical organizations, all indicate the health and vigor of Central State. A study of the recent curricular changes and a comparison of the physical plant of a few years ago with that of the present would show many important improvements. The comparison would become a contrast which would make interesting copy in any prospectus.

But the generous use of printer's ink alone does not constitute all of a successful advertising program; the influence of this college will manifest itself in the lives of its students. Their success or failure is the product by which the institution must be judged. Advertising of this kind is permanent and effective.

*H. R. Steiner*

## INTERESTING FACULTY

### MAY ROACH

Although Miss Roach is affiliated chiefly with the rural department of the school, everyone knows her. She is much in demand as a club speaker and always graciously obliges—has as much, if not far more, of the well-known "school spirit" as anyone—faculty or student. She is the answer to a freshman's prayer, having that rare ability of being able to make you her friend at first sight. She has a smile and a good word for everyone. The annual homecoming wouldn't be the same without her pep-talk. She throws her support whole-heartedly behind any constructive movement in school.

### EDDIE KOTAL

The Builder of Champions—witnessed a championship in either football or basketball, or both, ever since he came in 1930—athletics was practically at a stand still when he came—played pro ball with the Green Bay Packers for four years—has the most complete line of after-dinner, before-breakfast, and anytime jokes of anyone we know, and doesn't hesitate to entertain with them!—superstitious as they come where his team's concerned—insists on the bus' driving out of town the same way on all athletic trips—honorary member of Kappa Chapter of Phi Sigma Epsilon.

### SUSAN COLMAN

Our choice for THE popular teacher. Her office is the meeting place for a representative group of students from all departments of the school. A friend and confidant of all is she. Director of the primary department—is probably responsible in great part for the startling increase in enrollment there in the last few years—originally went to school and taught in Superior—imported from Whitewater, here—is working for her Ph.D. in education—studies and uses the latest teaching methods in her courses—secret ambition is to retire and relax in the Southland—not for a long time, we hope!

## RAYMOND RIGHTSELL

A man who, besides doing a marvelous job in his physics classes, is interested in many hobbies. He has several patents on his inventions. He is a marvelous billiard player, a keen and appreciative sportsman. He relaxes in his cottage. It's WAY up thar, in the deep forests of northern Wisconsin—enjoys astronomy, among other branches of physics—is meticulous and exact in all that he does—knows his subject and can put it across to anyone—is very well liked by all his students. He is an honorary member of Chi Delta Rho.

## PETER MICHELSEN

Mr. Michelsen has been with us for six years. During that time he has built from the bottom, a musical department which ranks with the foremost in the state. He is a recognized authority in the musical world, having been a member of the American Bandmasters' Association since 1932—has studied under such masters as Grieg—played as flutist in the National Band and Orchestra of Norway—has judged state band tournaments in several surrounding states—came to this country in 1909—is a graduate of the Vander-Cook School of Music in Chicago—is also a builder of champions—musically—possesses one of the keenest wits of the college—is well liked by all his students.

## BEATRICE RICHARDSON

Came to this school last year and has made brilliant progress as head of Women's Athletics. Against the advice of many of her friends, she has acquired a Plymouth. She maintains that in spite of reports to the contrary, she likes it!—has been doing great work along lines of interpretive and creative dancing both in the college and the training school—works efficiently and untiringly, always having a definite goal and getting there in record time. A friend to all, the "woman coach" as she is affectionately called, has a great many friends. She is an honorary member of Tau Gamma Beta.

Enrolled in the personnel of the Junior Class are students of diversified talents. This group of 113 members is well represented in scholarship, forensics, music, athletics, and student publications. In these several fields, the splendid cooperation of the Juniors is especially noticeable.

From the ranks of the Junior class, the King of the Mardi Gras, Ben Laschkewitsch, was chosen as the most popular man. Further social ability of the class of 1938 can be seen in the planning and carrying out of the Junior Prom, which was a major event on this year's social calendar. Leonard Chartier proved an able King, both in the preparation and leading of this social function.

With a fine scholastic average, and a year of fine achievements, the Juniors appear entirely ready to launch forth into a successful Senior year at C. S. T. C. and produce a promising graduating class.

Were the activities of this year's sophomore class to be screened, the results thereof would be a movie of which C. S. T. C. might well be proud. Surely, it would prove to be very interesting, for the interests of this group are varied, and its influence pervades and makes brighter the general atmosphere of the entire school. Each of the two hundred fifty-seven members of the class is an actor playing, in his own way, some role which helps to make up the unified performance which the rest of us see every day. A short review of this play reveals many interesting things.

We see first the football team; there's Weingartner, Hitzke, Houck, Norton, Miller, and Nimz. Oh! There's a basketball game with Nimz and Schneider in action. The next isn't quite clear. What can it be? To be sure, it's Michaels and Swanson boxing again.

The scene shifts from the field of athletics to that of public speaking. We see Hyer and Murat at Eau Clair where they won the debate tournament.

There's the Pointer staff in conference. We see among the group Hyer, Anderson, Murat, Nason, and Marx. The scene shifts to the Iris office across the hall. Some of the staff members are at work, the sophomores among them being Hovda, Doughty, McHugh, and Nason; in one corner Vennie and Schwingel are displaying some pictures. Did you know that those two well known photographers are sophomores?

Undoubtedly the sophomores are doing other things of which we have no knowledge, but surely we have proof enough of the value of this class to C. S. T. C. This is a group of real people working together for their school.

# FRESHMEN

The graduating class of 1940 has completed its first year at Central State Teachers College. The members have put forth a good scholastic record and have shown an outstanding interest in extra curricular activities.

Two hundred and thirty-seven students registered in the Freshman Class in the fall of '36. Of this total, one hundred forty enrolled in the High School Division which is under the direction of Mr. Smith. Mr. Neale, who is at the head of the Rural Division, gives advice to forty students; while Miss Colman's Primary Division claims an enrollment of nineteen. The Elementary and Junior High School Division, made up of thirteen students, is under the direction of Mr. Watson. The remaining twenty-five are enrolled as special students.

This year, there has been formed a Freshman Advisory System which enables the students to come in

closer contact with their teachers. Each Freshman, as he or she is enrolled, is assigned, to a group not to exceed fifteen. This group is in charge of a member of the faculty, who by means of group meetings and individual conferences, acts as a counselor-advisor to them.

The Freshman class has more than contributed its share to the extra curricular activities. It has representatives on all of the athletic teams and also on the Iris and Pointer staffs. It has taken active part in forensics with members on the debate squads and in the dramatic club. The class is well represented in band, orchestra and directing, and in choral organizations. The Senior Ball Queen for 1936 was a Freshman girl.

The Freshman class of 1936-37 is a fine group of students who carry the spirit of C. S. T. C. with them wherever they go and are bound to be an outstanding Freshman class of this college.

## THE PRIMARY DEPARTMENT

The aim of the Primary Department of Central State College is to provide training for the students who are interested in small children and who wish to become efficient primary teachers. The four year curriculum, leading to the degree of Bachelor of Education is offered. In previous years, this division offered a two year course. Because it was felt that more training was needed for primary teachers, this course was abandoned and only a four year course is now offered.

Miss Susan E. Colman is the director of this division. She is noted especially for her pleasing personality and her willingness to encourage and help students in any way possible. She welcomes all new students to this department readily as "one of my girls". Much credit is also due to the supervisors in the Training School, for their work in developing desirable and capable primary teachers.

In the Primary Department, the pupil is considered as a little citizen. Emphasis is placed on present day living rather than preparation for life. Trained supervisors offer the students the latest educational ideals and endeavor to develop a warm human interest in the child's welfare and progress. The old code of "obey and imitate" is discarded for pupil activity and creativeness. Activities which are carried on result in child growth, emotionally, mentally, socially, and physically. These are the values which the students are trained to develop in the child.

Academic courses are emphasized in the first two years of this curriculum. This enables the students to have an excellent background before starting professional duties. Students are given several opportunities for real practice in the handling of children even before they start practice teaching under the supervisors of the Training School. The children's literature provides practice in telling and dramatizing stories. Much experience is also provided in Education Techniques course. The students learn the fundamentals of primary reading, arithmetic, language, literature, writing, spelling and community life. This course also requires the student to do participation work. They assist, as well as observe, the practice teacher in her work. They come in close contact with children, and with the carrying out of the new ideas of education.

Formerly the students did practice teaching for a whole year. This year, however, they did all their practice teaching in one semester. In this way, the teacher sees more complete development of units, and is able to plan to teach a half day's program. Thus, her practice teaching will become more related to her professional teaching.

Every girl enrolled in the Primary Department is automatically a member of the Primary Council. This is a social and professional organization which meets monthly. This organization is very prominent in all activities of the school.

The Grammar Division is composed of students who are desirous of becoming skillful teachers in the intermediate, upper, or junior high school grades. Under the rules of the club's constitution, all members of the Grammar Department are enrolled on the Grammar Club membership scroll. Monthly meetings, which were held throughout the school year, provided curricula discussion as well as entertainment. Until 1934, this division offered a two and three year course. Now, however, a need has been felt for well trained teachers in the graded schools as well as in any other division of our public school system. Thus, the two and three year curricula have been abandoned and now only a four year course is offered. Students completing four years of satisfactory work are granted a Bachelor of Education degree.

The director of this division of the college is Mr. Charles F. Watson. His advice, freely given, has been very valuable to this group, and his friendly cooperation with each member of this department has meant much not only to the individual, but also to the department as a whole.

The Round Table, student organization of the Grammar Division, was organized in 1918 with the purpose of promoting professional and social fellowship among its members.

The Forum Club functions as a professional organization for all students who are enrolled in the Division of Secondary Education, more commonly known as the Four Year High School Division.

The High School Division had its foundation laid in the "Department for Secondary Education" founded in 1914. Two and three year courses were then offered in the field. There was also offered a two year course similar to that of a liberal arts college. The high school teachers department developed according to its special environment, that is, shaped its policies to meet the needs of the smaller high schools of Central Wisconsin.

As the demand for more thoroughly trained teachers increased, two and three year courses were eliminated, and in 1926 the four year degree curriculum was instituted. The course of study now offered to those interested in secondary school education consists of four semesters of liberal arts training taken during the freshman and sophomore years, and two years of training in the field of education. Courses taken in the High School Division under the stipulations set forth in the catalogue are accepted by the State University and are set up to coincide with university courses.

Throughout the past years, the Department of Secondary Education has set up under the directorship of

Professor E. T. Smith a standard not surpassed by any division within the college. The work of individual students is checked throughout the first two years of college life. Before he enrolls as a junior in the high school division he must have completed sixty four hours of work and earned 1.3 honor points. Before enrollment as a senior, he must have ninety six hours and 1.5 honor points. For graduation the minimum number of honor points remains the same as for entrance with the senior class, but thirty two more hours of work must be completed.

Mr. Smith and his associates, Mr. R. M. Rightsell and Mr. W. G. Jenkins, give their time and personal guidance to students in selecting majors and minors in the academic field.

Because of the size of the division and the numerous other activities of its members, the Forum limits its activities to acquainting its members with the working of the department, and carrying out of the functions necessary to keep the organization alive.

O. W. NEALE, *Director*

The Division of Rural Education has been growing and developing for the past twenty-two years under the direction and guidance of Mr. O. W. Neale. Before accepting his present position, Mr. Neale was at the head of the Department of Rural Education of the State Normal School in Kearney, Nebraska. Our former president, Mr. Sims, was attracted by Mr. Neale's fine characteristics and qualifications and thought him to be the man to direct the department. Time has proved that Mr. Sims made a very wise choice. Mr. Neale's kind, helpful, and sympathetic attitude has endeared him to the hearts of all his students. He has had a life-long interest in rural education and has been an influential leader in promoting the welfare of this field.

The rural program of visitation of schools is very complete. Mr. Neale keeps in close contact with the field for two ultimate reasons: first, to provide worthy promotion, and second, to strengthen the work in the department. The expectant teachers have the problems which confronted their predecessors set before them in a most effective manner and are sagely advised as to how to meet and subdue these difficulties. This wisdom is expounded by none other than the beloved Miss Roach. She is the sympathetic and understanding "mother" of the Rural Department. Many a heavy hearted student in despondency has turned to her and found comfort in her wise counsel.

The rural freshman are instructed in geography and English by Miss Hanna, a veteran teacher who has won the high esteem of all. She has the power to develop the desirable characteristics and eliminate the deficiencies and shortcomings in such a manner that the freshmen can never fully express their gratitude.

Miss La Vigne is the guiding power which keeps the Orthman Demonstration School running smoothly and effectively. Practice teachers realize her efficiency and appreciate her helpful advise. The physical features of the Orthman Demonstration School were greatly improved this year, the entire building being redecorated.

The four instructors mentioned are directly connected with the Rural-State Graded Division. Other members of the faculty conduct classes for this department. Their untiring efforts are greatly appreciated.

The Rural-State Graded Division trains teachers for the following fields of service: teachers for rural schools, principals and teachers for state graded and village schools, supervisors of rural schools, teachers in county normals, and county superintendents.

All curricula are planned with the Bachelor Degree at the end of four years as the ultimate goal, although it is possible to secure a diploma at the end of two years. On the completion of the Four Year State Graded Principal's Course, as outlined in the catalogue, a student will receive North Central rating and be admitted to graduate work at the University without any deficiencies.

The completion of the two-year curriculum entitles the student to the diploma of the school and a license to teach. After two years of successful teaching experience, an unlimited state certificate is issued.

Upon being enrolled in the Rural-State Graded Division one immediately becomes a member of the Rural Life Club. This organization furnishes an opportunity for fine training in club work. Instructive and entertaining programs are produced by the talent of the members with the assistance of an outside speaker. Unusually fine programs have been presented this year. These meetings are especially helpful in two ways; first, they give valuable experience to the performers and second, they are suggestive of programs which one might use in his own school. The Rural Life Club is a member of the Country Life Conference, which is a National organization. Every year many of our members attend the state conventions and occasionally members attend the national meeting.

The Psi Beta Chapter of Sigma Tau Delta, National Honorary Fraternity for students excelling in English, was organized at Central State Teachers College on April 2, 1930. It is the forty-seventh of seventy similar chapters in the United States.

To promote the mastery of written expression, to advance the study of the chief literary masterpieces, to encourage worthwhile reading, and to increase the feeling of comradeship among students specializing in English work are the major aims of this organization.

Election to Sigma Tau Delta is based upon scholastic excellence, personal interest, and literary merit. Initiation ceremonies are both formal and informal and are held at the beginning of each semester.

Zeta Chapter of Sigma Zeta, National Honorary Science Fraternity, was organized at Central State Teachers College in 1930.

The purpose of this society is twofold: first, the promotion of scholarship among students; second, the mutual aid of its members in obtaining information in the field of scientific knowledge.

Each year Sigma Zeta sponsors a Science Open House. All the science departments of the college contribute in some way to this event. High Schools from all around are invited. Friday, April 16th, marked the date of this year's Open House.

This year the local chapter of Sigma Zeta sponsored the National Conclave. It was held on April 17th and 18th, 1937. This was the national meeting of all chapters of Sigma Zeta. Most of the chapters had delegates present.

The Photo Club was organized in 1935. Since then it has become one of the most popular and outstanding organizations at C. S. T. C. The purpose of the club is to acquaint each member with the fundamental principles of photography.

In the past three years, many photographic necessities and facilities have been purchased which enables the club to be on the same status as commercial photographers.

The success of the club since its inception cannot be measured for it has given invaluable service to the Iris staff as well as the student body.

The College Theater was organized in November, 1936. Its purpose is to provide a means by which any student of Central State Teachers College, having an interest and a certain amount of aptitude in the theater will be able to find active, educational, and, whenever possible, creative work in theater production.

Two work shop plays were presented at morning assemblies. Among the major productions played to enthusiastic audiences during the course of the year were: "Three Taps at Twelve" and Oscar Wilde's "The Importance of Being Ernest."

The Home Economics Club is maintained for majors and minors in that field. It is affiliated with the State and National Associations. Meetings are held for both social and business functions and programs are planned to pertain to some phase of home economics work.

High lights of this year's accomplishments were the successful Rally Day given to promote interest in high school home economics clubs and our series of suppers served while night school was in session.

Home economics majors are required to spend one semester in John Francis Sims Cottage, where they receive all possible practical training in household management.

The Loyola Club, a religious organization for Catholic students of the college, was organized in 1916 in response to a suggestion by Mr. Neale, who had recently come from the State Teachers College at Kearny, Nebraska, where a similar organization was one of the influential clubs on the campus.

The primary aim of "Loyola" is to provide an opportunity, for those who desire it, to get together to devote a regular period to the consideration of the spiritual and to furnish a time and place for the discussion of religious questions.

Secondly, "Loyola" offers a chance for social life among the group as well as various occasions for broadening the acquaintanceship of those in the club with young people outside through various projects sponsored by the Catholic Church in the city and surrounding neighborhoods.

The constitution of the Loyola Club provides that the spiritual director shall be the pastor of St. Stephen's Church. Father W. J. Rice was the first spiritual advisor. This year Father J. J. Kools, who was assigned to St. Stephen's as assistant pastor last year, has been taking an active part in the club program.

The "Loyola" meetings are held on the third Thursday of each month.

The Y. W. C. A. of Central State Teachers College is a local group of the National Student Young Women's Christian Association. The aims and purposes of the Y. W. C. A. are to help people "grow religiously" and to help provide a fellowship which every girl on the campus could participate in. Monthly meetings are held throughout the school year. These meetings are devotional services with frequent guest speakers and various entertainments. Any girl of the student body is cordially invited to join. New members are taken in each semester. The churches of the city of Stevens Point have shown an interest in this organization by their constant cooperation.

A conference is held every year at Lake Geneva, Wisconsin, where a group of four hundred or more girls are brought together. The purpose of the conference is to give students an opportunity, sometime during their stay in college, to get into the classroom and is a result of extra curricular activities. All problems of inter-fraternity and sorority nature are investigated and settled by a central governing unit, the Pan-Hellenic Council, which is composed of two members from each of the Greek social organizations. The president of each sorority and fraternity automatically becomes a member of the Pan-Hellenic Council and one other representative is elected by each group.

The cardinal purpose of this governing council is to promote a sense of cooperation and unity of purpose among sororities and fraternities, and to act as a mediatory board for any difficulties which arise between the Greek groups.

Several meetings are held during each semester at which dates are set for rushing and pledging, and rules formulated to control fraternities and sororities. A formal dance for Greeks and their guests is sponsored each semester by the council.

Alpha Chapter of Chi Delta Rho fraternity was organized at C. S. T. C. in 1931. Since that time it has been the most active group of men on the campus. Upholding its high standards of scholarship, good fellowship, and participation in college activities, the fraternity closes one of its most successful years at C. S. T. C. Chi Delta Rho has set an enviable record among the social organizations on the campus by taking the lead and participating in every extra-curricular activity.

During the past year the fraternity has grown until at present there are three chapters of Chi Delta Rho in the state. The third chapter was organized at Milton College. A new fraternity home marked another progressive step in the achievements of Chi Delta Rho during the past year.

This year marks the tenth anniversary of the founding of the Omega Mu Chi Sorority at Central State Teachers College.

The first social function sponsored by the organization this school year was the annual fall tea, held in September, to which all college women, students and faculty, were invited. This was followed, in October, by a Homecoming banquet that was attended by many alumnae of the Sorority, including several charter members.

At Christmas, the Omegas held a joint Christmas and birthday party for the actives, alumnae and patronesses.

Rushing functions in the fall and spring gave the rushees a chance to become better acquainted with the members of the Sorority. These parties were followed by six-week pledge periods, and finally, formal initiations which made the pledges active members of the Sorority.

The Omega Mu Chi Sorority also sponsored other social events throughout the year, outstanding of which were their Informal Dance and their Mid-Winter Formal.

Kappa Chapter of Phi Sigma Epsilon is indeed proud of the high place it has held in college this past year. It is the only chapter on the campus which belongs to a national state teachers college fraternity.

The purpose and aims of this fraternity have been to promote and establish a brotherhood that shall have for its object the physical, intellectual, and social development of its members, and to participate and take a leading part in school activities.

Kappa chapter has approximately thirty-five members who are chosen from the student body of C. S. T. C. Rushing parties and pledging are conducted each semester so that new members may be admitted.

Every two years the National Executive Council sponsors and finances a national conclave for the benefit of all chapters. The conclave this year will be held in Kansas City, Missouri.

This year marks the twenty eighth anniversary of Tau Gamma Beta Sorority, the oldest Greek organization on the campus. It was founded in 1909 and has continued through its many years to maintain high standards of scholarship, leadership, interest, and cooperation in all school activities.

The social year of the sorority was opened with the annual tea for all college and faculty women. Rushing, pledging, and the customary gay parties were followed by the main social event of the fall season, the anniversary celebration which was a feature of homecoming weekend. During the winter months, the sorority gave many informal dances and parties. The second semester opened with the traditional gay rushing parties and pledging activities. The spring season of parties and dances was climaxed by the annual formal dinner and dance, one of the most successful dances of the year.

"To give you an illustrated chronicle of life at C. S. T. C. . . . that has been our purpose." These words appearing on the foreword page clearly state the aims of the staff in building this book.

"May this yearbook be a worthy member of that dignified series of Irises that have preceded it." This testifies as to the ideals and standards that we have tried to attain and adhere to.

"Humbly we present this Iris. We hope you like it" it is our way of saying we hope that all innovations and features meet with your approval. If all these conditions are fulfilled, then our efforts have not been in vain.

The ultra modern cover protecting the pages of the Iris was designed by the S. K. Smith Company of Chicago, Illinois.

# STAFF

The beautiful spectrutint of Old Central Tower marks the first time a colored photo has ever appeared in any Iris.

Choosing for a theme a subject that lends itself well to photography, we chose mythology. Everyone of the statues photographed occupies some pedestal in the main building of C. S. T. C. These photographs are the work of La Verne Schwingel.

The cover, the spectrutint, and the bleed style of layouts employed illustrate the staff's endeavor to make a book which is cognizant of the modern trends in yearbooks. Not only has it been our desire to produce a modern book, but a practical and useful one also. It is for this reason we have added a complete faculty, student and advertisers index.

Jahn & Ollier was again chosen for the engraving work and the printing contract was awarded to the Rogers Printing Company, of Dixon, Illinois. The photography work was done entirely by the staff photographers, Robert Vennie, La Verne Schwingel, and Harold Sorbye.

No other organization in school has greater responsibility than the Pointer staff. Few students realize the amount of work and preparation that makes possible the distribution of the Pointer so regularly each Thursday morning.

Members of this group must be active throughout the year. The staff devotes Monday and Tuesday evenings of each week to composing the paper, burning a good deal of "midnight oil" in the process of turning out each issue. The reporters and editors compile the "tips". They have gathered into news items, editorials, and comments on school happenings and between jobs carry on weighty and witty discussions of intellectual and current problems.

The Pointer holds a prominent place in the life of Central State Teachers College. It acts as an organ of student opinion. It keeps students informed of school affairs by featuring articles about various departments and activities. It maintains an exchange system

with other schools throughout the state, creating a wider knowledge of contemporary college affairs.

The Pointer is one of the few teacher's college papers in the state which devotes an entire page to sports each week. It maintains a society column each week, several columns of school happenings, and student opinion columns in addition to straight news items, editorials, and sports comments.

While the Pointer does not have a large staff, it ranks first in mechanical set-up and in quality of news content. Efficiency in the circulation department is maintained by distributing the copies before assembly on Thursday morning.

The confidence of Stevens Point business men in the Pointer is shown by the large amount of advertising which they maintain in the paper.

The editor-in-chief is chosen by the faculty advisor, and the editor in turn chooses the staff which assists him in his work.

# CENTRAL STATE

PETER J. MICHELSEN  
Director

Our band this year celebrates its sixth anniversary. This is not astounding in itself, but coupled with the information that it has been developed in its entirety during that time, and that it has toured the state during three of its six years, the fact becomes significant and we are tempted to investigate.

Let us go back, then, to the autumn of 1931, for it was in that year that Professor Peter J. Michelson formally organized the first band of this college, its avowed purpose being "to promote more pep" in school activities. This band consisted of twenty pieces.

In the autumn of 1932 a band of forty pieces made its appearance at many school functions.

From that time to this, the band has made swift progress until it is today an impressive organization which is well-known throughout the state. It is ranked in comparison with the leading organizations of its type in Wisconsin and Central State can indeed be proud of the reputation the unit has earned.

Its repertoire this year is one of the most ambitious that has been attempted here. It includes, rather than the usual noisome band music, beautiful arrangements of the most famous classics, including the works of such masters as Wagner, Tschaiakowsky, and Grieg.

Through the efforts of President Hyer and Mr. Michelsen, the music department now possesses a very fine set of chimes and a xylophone-marimba. These add much to the appearance and balance the band.

The band sponsored, this year, its fourth annual band clinic. About sixty-five directors from surrounding high schools attended. Their requests were previously filed and tabulated and then played by the college band. Comments after this were very favorable. The band festival this year was attended by 37 musical organizations within a radius of 100 miles from Stevens Point. This has become an established event each spring and the high schools plan on it much the same as a state-sponsored event of the same type.

All in all, the band has completed a very successful season, and with only two men graduating, will probably do greater things next year.

The Men's Glee Club, under the capable direction of Mr. Knutzen, enjoyed a very successful year. Overnight tours were taken in the fall and spring, the former taking in the territory southwest of Stevens Point, and the latter north, extending into the upper peninsula of Michigan. Many other trips consisting of one or two concerts were scattered throughout the year.

This is the second year the club has been a charter member of the Associated Glee Clubs of America and is the only college organization of the group. The annual Music Festival was held this year at Oshkosh while last year it was held at Green Bay.

The progress the club has made in the last four years is remarkable as can be readily seen by the fact that it is becoming well known throughout the state as a fine singing organization. Student directors featured at most of the concerts have proved themselves efficient. Among these are George Cartmill, Kirkwood Likes, William Larson, and William Theisen.

The Home Concert presented March 31 is certainly worthy of mention. A record crowd of over six hundred people attended and all were very well pleased with the program as was readily demonstrated by their hearty applause.

Awards are given to the men who have been in the Club more than one year. Bronze, silver, and gold keys are given for two, three, and four years work respectively. Although the first year men receive no initial reward they have had experience in one of the finest glee clubs of Wisconsin. Membership is open to all men who sing and show a genuine interest in the organization.

The Women's Glee Club, with a membership of about fifty, began its fifth year this fall under the direction of Mr. Michelsen, director of the college music department.

Greater care than ever was taken this year in the proper placement of voices for the best choral effects.

Although the Glee Club has appeared in but one concert this season, its many fine appearances in the past have made it a well known organization. The annual Christmas concert, in which the Women's Glee Club appeared with the Men's Glee Club and the college orchestra, was very well received by the college and townspeople. The club took part, also, in the Mardi Gras by sponsoring a concession in true carnival spirit.

It was planned some time ago to present awards in the form of pins to all members completing four years of Glee Club participation. If final plans are carried out the first presentation of awards will be made at graduation in the spring of 1937.

The College Symphony Orchestra is the oldest musical organization at Central State Teachers College.

Under the direction of Professor Michelsen, the orchestra meets for rehearsal twice a week. This year the Christmas concert was especially fine, including such well known numbers as Handel's Messiah, and De Schone Galthea. At this time the Glee Club appeared in concert with the orchestra, and the very excellent performance won the entire approval of the students and faculty.

For the school year 1936-37, Mr. Michelsen has included in the repertoire of the orchestra such well known selections as Puccini's Madame Butterfly, With the Roumanian Gypsies by Ketelbey, Evolution of Dixie by M. L. Lake, Friml Favorites, and Victor Herbert's Babes in Toyland.

The progress of the College Orchestra is more evidence of the fine work Mr. Michelsen is doing with the music department.

## DEBATE

Because Professor Leland M. Burroughs has coached winning debate teams for Central State Teachers College since he began his work here, this year's squad was well organized, hard working, and consistent in their 1937 debating career.

Formal announcement of the opening of the forensic year was not made until October 15. A special invitation was made to all freshmen to attend the debate tourneys in order that new students would have the opportunity to try out for debate and acquire some skill in presentation of material before regular tryouts.

Stevens Point has been active in the Midwest Debate Conference for the last ten years and on the opening of this school year Professor Burroughs announced that Stevens Point would participate in the Annual Mid-West Tournament at St. Thomas College in St. Paul again this year. In preparation for this tournament, the local debaters entered into many state and invitational debates.

On November 16, a debate tournament in which twelve local teams competed in three debates was held. At the end of the third round, seven teams were selected to continue debate work. In the men's division the following were chosen as members of the squad: George Hyer, Jim Murat, John Verrill, La Rue Smith, Tom Faucett, Dearborn Spindler, Bob Hoffman, and Ben Laschekwitsch. In the girls group the following were chosen: Kathryn Becher, Shirley Webster, Doris George, Phyllis Gikling, Rosalie Timm, and Eva Rae Guerin.

This squad began work immediately. Aiding the students in their research were: Doctor Reppen, Professor Steiner, Professor Tolo, and Professor Smith. They presided over scheduled round table discussions.

Something up their sleeve?  
A valuable fact, Jim?  
Shirley and Phil.

That's sufficient proof.  
Kathryn gets serious.

You tell 'em, Ben.  
A pause in the day's recitation.  
This ought to cinch it.

The Eau Claire debate squad came here January 9th for the first intercollegiate debate. Seven teams from Eau Claire met seven local teams.

Stevens Point debaters who participated in the Invitational Interstate Debate Tournament at Eau Claire January 30th won first place.

George Hyer and Jim Murat traveled to St. Paul and Northfield later in the season. They met the following five schools: University of Minnesota, St. Thomas, Carlton, St. Catherine's and Macalester College.

During this time the women's team was not inactive. Shirley Webster and Phyllis Gikling were very successful at Fargo North Dakota where they went as far as the semi-finals in the Annual Red River Valley Debate Tournament.

The squad which returned from St. Thomas after a tournament which was held March 1, 2, and 3 had completed another successful year of debating. In this annual Midwest Tournament none of the teams were eliminated until after the sixth round. The squad was composed of Phyllis Gikling and Shirley Webster, Doris George, and Kathryn Becher, Robert Hoffman and Ben Laschkewitsch, and George Hyer and Jim Murat.

Because their work was of such high quality these students scored one-hundred points in debate. The one-hundred points is equivalent to one grade point. Although debaters have never received scholastic credit before, it seems advisable that these students be given some material credit for their fine work.

## ATHLETIC COMMITTEE

A vote of thanks should be offered our illustrious athletic committee for their untiring efforts in producing a new deal for our college. The committee composed of R. M. Rightsell, F. S. Schmeckle, H. R. Steiner, and C. F. Watson control matters in relation to schedules, finances, eligibility problems, awards, and all controvercies dealing with athletics.

The committee works in collaboration with the coach who expresses his desires and the needs of supporting an athletic system while the men on the board do their best to fulfill plans for a successful year.

Professor F. J. Schmeckle was elected president of the Wisconsin Teachers College Athletic Conference. Each athletic committee sends a representative to the conclave, ours being Mr. Schmeckle. We may rest assured that Central State Teachers College will enjoy a successful '38-39 year.

EDDIE KOTAL

## "BUILDER OF CHAMPIONS"

This is not an idle expression originated by the imaginative mind of some worshiper of Coach Kotal. A foundation has been built by our coach that fully merits its use. Perhaps it is an inherent temperament.

The career of Eddie Kotal is indeed remarkable. His professional ball playing with the Green Bay Packers which was exceedingly brilliant culminated in 1929 when they won the World Championship. Eddie spent several years both as assistant and head coach at Lawrence College with marked success. For the seven years that Kotal has been with us, he has turned out seven championship teams in football and basketball. This is the third consecutive year in which Central State has won the District Basketball Championship.

This year at a meeting of the Teachers College Coaches Conference, Eddie Kotal was elected President of the group by a unanimous vote.

Kotal is not only the dynamite that brings out the best in the men for the Purple and the Gold, but he is also interested in the individuals themselves and their problems.

"I try to be one of the boys—a buddy. The boys tell me their troubles and we sit down, talk them over and see what can be done about them. Then we do it."

The complete harmony shown in the athletic department is one of the secrets of our success. We humbly submit this tribute because we owe it to you—"The Builder of Champions".

## POINTERS 18—JORDAN 12

Coach Kotal's 1936 gridgers opened a successful season by defeating Jordan College. After the opening kickoff, the hopes for a point victory were dampened when brilliant pass offense gave Jordan a touchdown and a lead of 6 to 0. The second quarter featured brilliant playing by the Point team. Chartier swept around the end to tie the score and a few minutes later a beautiful run by Bucholz, aided by wonderful blocking, gave Point the edge 12 to 6. Marvelous defensive play marked the third quarter and as a result neither team scored. The fourth quarter featured a long pass from McGuire to Chartier to put the ball on the three yard strips. McGuire churned the line for a touchdown. After the kickoff, a revived Jordan team swept down the field via pass plays to bring them within a touchdown of a victory. The game ended shortly after the next kickoff with the score 12 to 18. Kotal's 1936 grid machine was on its way to another championship.

## POINT 12—WHITEWATER 2

A fighting eleven marched away with the conference opener by defeating Whitewater. At no period in the game did Whitewater make any serious threat to score. Farina, of Whitewater, took the kickoff back to his own 28 yard line and that was as near to their own goal as Point's defense would allow. A Whitewater fumble, recovered by Point,

Backs—Al Bucholz, Jim McGuire, D. Johnston, C. Houck.

Line—Fred Nimz, R.E.; Don Norton, R. T.; Bill Loewecke, R. G.; Lyle Brunner, C.; C. Sparhawk, L.G.; Gib Miller, L. T.; Fe Bohan, L. E.

sent McGuire across in the first quarter to give Point the lead. An exchange of punts during the remainder of the quarter left the ball on Whitewater's 20 yard line. Large gains by McGuire and Chartier were featured in the second quarter, but attempts to score were checked. Working the ball down to the three yard line via McGuire's passes put the ball on the Point three yard line. Chartier carried the ball around end to score. Spectacular pass plays and brilliant work on the part of both teams left the score 12 to 0 at the opening of the fourth quarter. A blocked punt by Goers of Whitewater and recovered by Menzel in the end zone gave Whitewater the two points. Only six Pointers were substituted for in the entire game.

#### POINT 19—PLATTEVILLE 7

Central State's powerful eleven continued its drive toward another championship by scoring a decisive victory over Platteville. Small gains were made in the opening quarter by both teams. In the second quarter, after Eddie Olson blocked a Platteville punt, recovered by Point, the local team marched for a touchdown. The finest plunge was made by Chartier. The Kotal men started another march that ended on the ten yard line. Platteville's punt was blocked by Bruno Slotwinski and recovered by Ed Slotwinski in the end zone for a touchdown. Platteville's determined rally ended on Point's thirty two yard line. The kick was bad. A strong wind aided the Purple and Gold to push the ball for a touchdown in two plays by Menzel and McGuire. Chartier converted. In the last quarter, the invaders tallied a score with the extra point to end the game nineteen to seven. Olsen, Slotwinski, Menzel, and Nimz played limelight ball.

## OSHKOSH 7—POINT 7

Point's enviable record was marred by a tie game featured by a spectacular run over the goal line by Micky McGuire in the last minute of play only to have it recalled by an offside. Oshkosh seemed unable to hold Point during the opening minutes. The Kotal men made a gain of sixty two during this period. The Kolf men kicked into safe territory and, when they got the ball, made the score 7-0 by a series of trick plays. Aerial attacks by both teams featured the second quarter with large gains by both teams but no tallies. Early in the third quarter, McGuire scored a touchdown with Chartier converting. During the last quarter, the game was played between the thirty yard lines. The local boys made a last desperate attempt, but McGuire's featured run was frustrated. Olsen, Johnston, and Houck were outstanding.

## POINT 12—DEKALB 14

Homecoming spirits were dampened by a flashy colored quarterback from DeKalb who played with plenty of speed to bring Point their first defeat. Point made a brilliant start with McGuire playing Big Ten brand of football, but DeKalb took the oval and after exchange of punts and good passing scored. Lundeen converted to make it 7-0. In the second quarter, Bohan performed well and Point was on the twenty-five at the final whistle. The second half featured good playing on both sides. Playing even football throughout the third quarter, the Pointers came back with a touchdown in the early minutes of the final period on a pass from McGuire to Chartier, making the score 12-7. Point failed to convert. The flashy

Davis of DeKalb could not be stopped and in the last minute of play, he went over for the final touchdown and boosted their score to 13. DeKalb converted the extra point and the game ended 14-12 with DeKalb out in front.

#### POINT 0—ST. NORBERTS 19

Being completely outplayed in this annual gridiron battle, the Pointers dropped a one-sided game to the St. Norbert Green Knights. Reserves of the Point squad played during most of the game which was played on a muddy field. Finke, the Saint's 200 pound full back, scored two of the three touchdowns, smashing through the Point line.

Point at no time seriously threatened the defense of the hard driving machine that gave them a disheartening defeat.

#### POINT 7—MILWAUKEE 14

Playing a hard-driving Milwaukee aggregation, the Pointers failed to find many effective combinations to pile up scores. The Green Gulls, on the other hand, clicked marvelously on everything that they attempted. Eckenrod and Kleinman scored for Milwaukee. In the final quarter, Nimz passed to McGuire who smashed to the four yard line. Then on two more plays, Micky skirted left end for the talley. The extra point was scored on a pass from McGuire to Bremmer. Although losing the game, the Pointers still won the championship by virtue of Whitewater's defeat by Platteville, the only team threatening Point's lead in the conference standing.

# CHAMPIONS OF SOUTHERN DIVISION We Salute You!

RESUME OF 1936-37 SEASON

DECEMBER 7

Pointers open cage season with victory.  
Warner and Nimz high scorers as local  
Peds win sixteenth straight

Neither team displayed better form than that characteristic of a beginning season. The game was closely fought during the first three quarters, but the Pointers managed to cash in on some beautiful shots during the last several minutes to win by 41-31.

(Non-Conference)

DECEMBER 18

Concordia is second pointer victim of season  
Brings total wins to an unbroken 17

Central State managed to eke out a 36-28 victory over the strong Milwaukee five for the second win of the season. The game displayed better style than the one a week earlier. The local cagers overcame an early lead to set the pace at 26-17.

(Non-Conference)

JANUARY 3

Teachers college noses out alumni five 36-35

Warner leads winners with four baskets

Krumm high scorer as grads nearly upset Peds

Chet Rinka, one of last years ace stars, played his first game of the season for the peds. The game was fast, featured by clever ball handling and frequent changes of the lead.

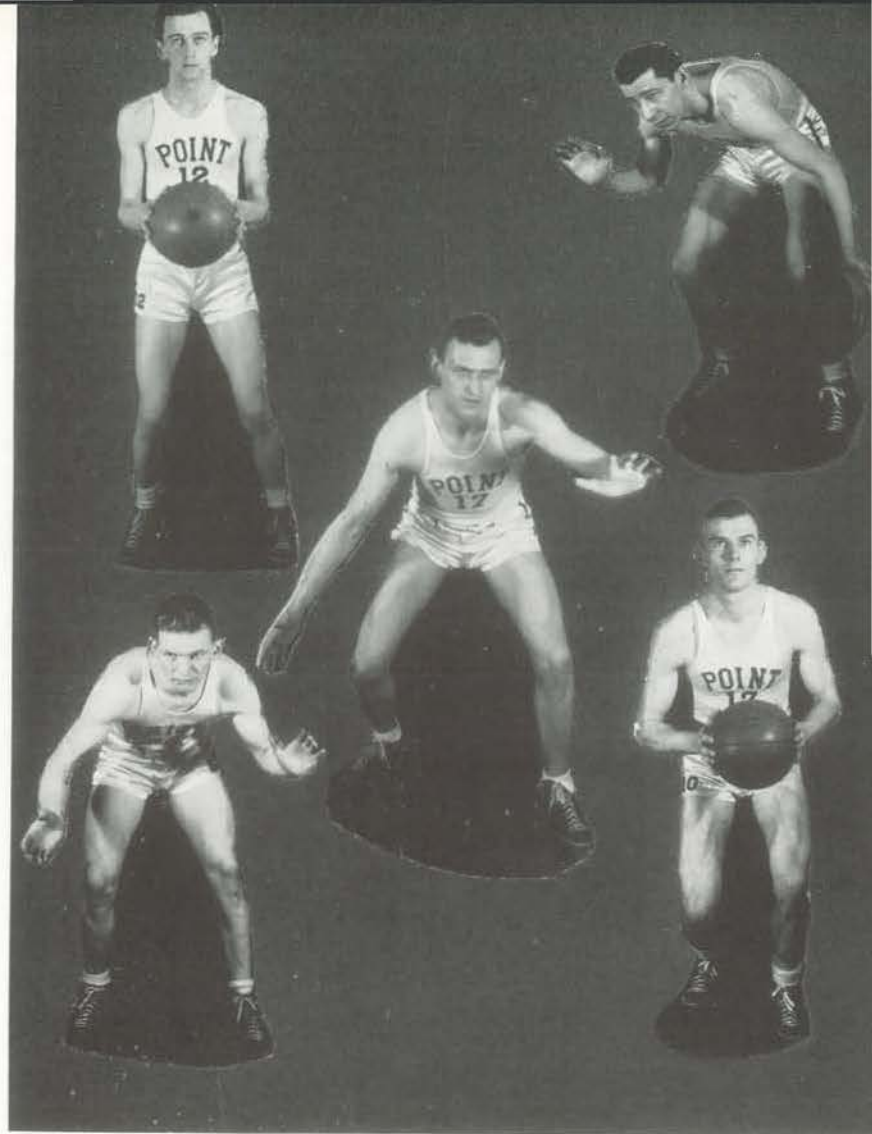

This game was the 18th consecutive victory for the College Quintet.

### JANUARY 5

Peds drop overtime game to Marshfield 47-46  
 Contest tied 42-42 at end of 40 minutes

Pointers take 45-42 lead in extra period then err to lose

This see-saw game was as exciting, thrilling, and full of action as any game one would want to watch. The Marshfield Athletics were allowed to stay in the game after four personal fouls due to lack of reserves. (Non-Conference Game)

### JANUARY 8

Point trims Milwaukee 39-26 in league opener  
 Nimz, Johnston, Rinka star for Kotal's cagers  
 Teacher's center scores 17 points

In their first game in defense of their title Friday Night, the Kotal men acquitted themselves admirable. Many fouls slowed up the game. Neither team played above mid-season form.

C.S.T. C. controlled the ball most of the game, but Coach Penwell's team showed remarkable floor play. (Conference Game)

### JANUARY 10

Teachers drop first college game in 19 starts  
 Concordia Five gives Kotalmen 30-21 setback

Concordia's Cagers proved too much for the tired Point Quintet. It was a hard fought game with the C. S. T. C. ball handlers not up to true form. The lead changed six times during the first half. (Non-Conference Game)

**JANUARY 15**—Teachers score 52-35 victory over Platteville—Nimz, Lindow, Johnston share scoring honors—Peds take 2nd straight conference win with Warner and Rinka on sidelines  
The conference champions of last year were not greatly extended in defeating Coach Leiti's five, even with Rinka and Warner incapacitated.

Thirty-two fouls were called, indicating a rather rough game.

**JANUARY 22**—C. S. T. C. Cagers lose to Whitewater 37-35—Pointers suffer 2nd conference defeat in three years

Whitewater showed plenty of style on their own floor while Point played ragged ball. Forty-four fouls were called.

Nimz, the Purple and Gold reliable center, had an off night, contributing only three points and held without a field goal.

**JANUARY 30**—Purple and Gold defeat Stout 46-23—Reserves play half the game for Kotalmen—Rinka and Johnston score 11 points each

Stepping to an 18-2 lead during the first ten minutes, the Pointers were never threatened. Occasional bursts of style were witnessed. The game became rather rough toward the end.

**JANUARY 31**—Eau Claire sets back Pointers 41-39—Nimz, Lindow and Held share honors

A great deal of traveling did not agree too well with the Point Cagers. They appeared to tire toward the middle of the 2nd half and played without the necessary zip.

Point led by a margin of ten with but six minutes left to play but failed to hold the lead.

FEBRUARY 1

Pointers win at Rhinelander 28-20

Victory gives Kotalmen two wins and one loss over weekend

Again, outplaying a fresher team by clever defense and accurate shooting, the Pointers were able to retain their early lead to win the game.

The contest started fast but the local cagers seemed to tire, making a slow finish.

FEBRUARY 4

Teachers overwhelm Whitewater 61-28

Regain league lead in record scoring spree—Don Johnston leads attack with 16 points  
Lindow, Nimz score 13 each

Forecast as an avenger for a defeat two weeks ago, this game proved to be all that and more. Whitewater was completely outclassed after the first few minutes.

A burst of scoring speed at the start of the 2nd half netted twenty-two points for the local cagers while the Agnewmen were held to two baskets.

FEBRUARY 14

Trim Oshkosh quintet with ease 45-25—Johnston, Nimz, lead for Point  
Lautenschlager tops losers

The Purple and Gold entrenched themselves more firmly in first position by trimming the Oshkosh five. The Kotalmen were in top form but lacked the class usually shown with Lindow, regular guard in the hospital.

Teachers defeat Platteville, 47-29, near title—Rinka scores 13 points for local peds

Despite the missing of Lindow and Schneider in the lineup, the Pointers showed up well.

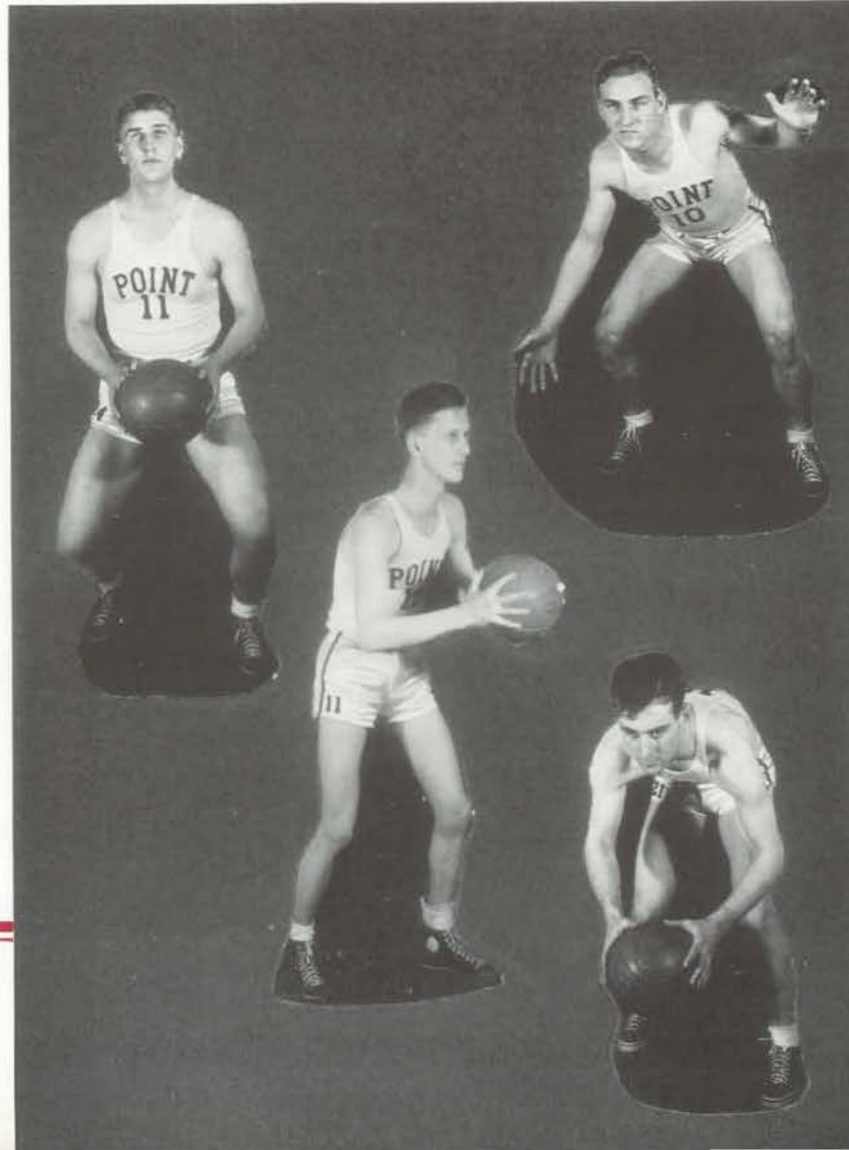

A rough game witnessed by only a few, short moments of class and style proved only another stepping stone toward the Pointer's race for the conference title.

MARCH 1 St. Norberts fails to get revenge—Pointers win easily

The local cagers were led in their attack on St. Norberts by Chet Rinka with fifteen points and Fred Nimz with thirteen points.

Both teams relied, for the most part, on long shots and both played a steady brand of ball.

Title already won. Pointers have letdown

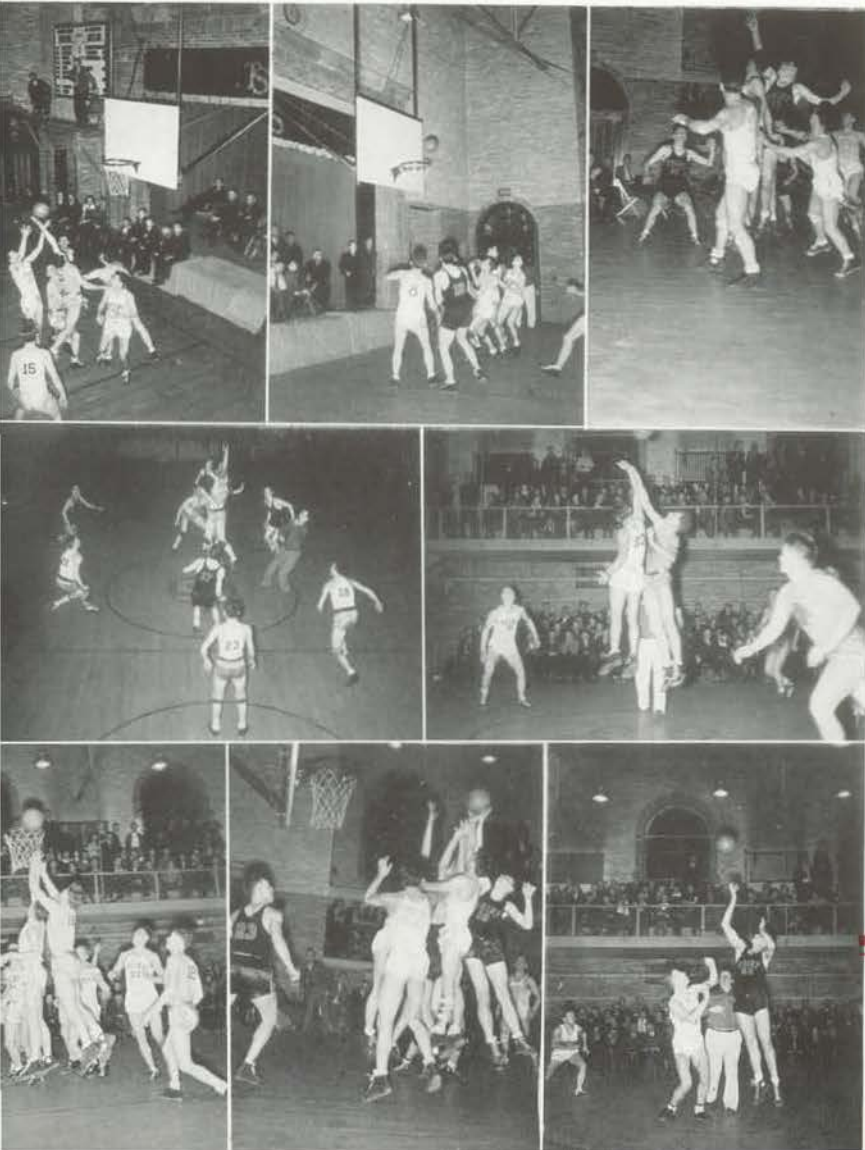

Lautenschlager paces Kolfmen with 13 points

A fighting Oshkosh quintet, with nothing to gain but the satisfaction of having beaten the conference champions, took advantage of the Point Five who lacked spirit, and out-playing and outscoring them.

Track at Central State Teachers College, although it did not play a major part in the year's athletics, was whole heartedly supported by the men interested in this sport. The cross country running featured Christenson, Bull, and Grandkoski. Lloyd Krutza and Chuck Sparhawk were the best men in weights.

The fact that these men conscientiously trained and have kept physically fit should give them a good chance in the state meet this year. Although Milwaukee has won the state track championship for the last eight years, they will be up against some stiff competition when they encounter Stevens Point.

This year marked the more enthusiastic revival of minor sports as was seen by the increased popularity of boxing. Track is taking its place too and should become a great interest for future years.

# BOXING

Central State boxers were determined to win laurels of champions. Despite the fact that several of the boys were the best of friends, they displayed marvelous ability in marring the other fellow's features.

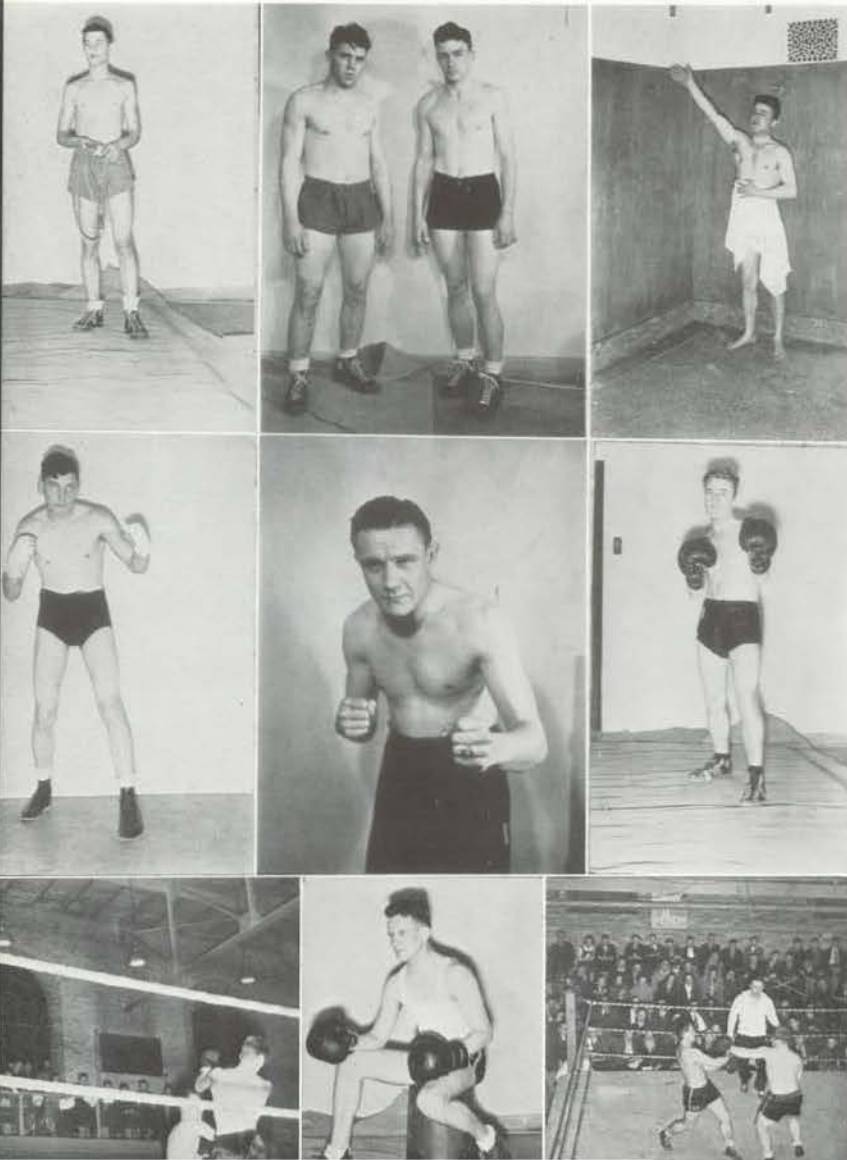

Those boxers making the trip to the state tournament at Superior were: Loyd Hayes and Earl Michaels, 119 lbs; Ben Laschkewitsch, 125 lbs; Charles Torbenson, 135 lbs; Inman Whipple and Calvin Cook, 145 lbs; Bill Carley, 155 lbs; Winston Judd, 165 lbs; Fred Nimz, heavyweight.

The champions of the school for 1937 are:

## DRAMATICS

### CALENDAR 1936-'37

December 3—"The Adding Machine."

December 10—"Three Taps at Twelve."

March 17-18—"The Importance of Being Earnest."

April 8—"Sintram of Skaggerak."

April 15—"Submerged."

The College play year was initiated with the presentation of Elmer Rice's "The Adding Machine" by the speech classes under the direction of Mr. Leland M. Burroughs.

The need for a student organization for those interested in dramatics has long been felt by the College. To meet this need, the College Theater was organized in November 1936. Its purpose, as stated in the constitution of the organization, is to provide a means by which any student of the Central State Teachers College having an interest and a certain amount of aptitude in the theater will be able to find active, educational, and creative work in theater production.

## BEHIND THE SCENES

The College Theater presented two major productions to enthusiastic audiences during the course of the year. The first, "Three Taps at Twelve", was, as the title implies, a mystery play typical of the best entertaining modern drama. The second was Oscar Wilde's "The Importance of being Earnest." First nighters who attended the latter production were favored with checkroom service and were extended the hospitality of a lobby fitted with comfortable chairs, lamp, and radio. After the play, an informal theater party was held at the Gingham Tea Room for members and their guests.

"Submerged" and "Sintram of Skoggerak" were workshop productions. Designed primarily for the purpose of giving members practical experience in experimental production, workshop plays provide entertainment to the audience as well. They were presented at morning assemblies.

A unique feature of the organization has been its classes in theater art conducted by Phil Runkel. Other activities included sponsorship of the high school one act play contests and assistance in stage setting and lighting for plays presented by other organizations during the year.

# RADIO BROADCAST

Central State Teachers College is very fortunate in being given the opportunity to make use of the facilities of WLBL to release radio programs to a vast audience in the state of Wisconsin. Previous to 1935, several programs were produced by the college and broadcast from the main studios of the station. In 1935 the contributions of alumni and other interested persons made it possible to erect a telephone line from the station to the college, making it feasible to broadcast programs directly from the school. A regular weekly program schedule was arranged. Jack Burroughs directed the radio activities during the 1935-36 school year, with able assistance by Don Colby and others.

In the Fall of 1936, because of the graduation of Burroughs, the directorship passed to Gary Willecke, a senior student in High School department. Don Colby again handled the technical side of the broadcasts. Because of the limitations of the technical equipment, musical programs were generally avoided. An active campaign was started to secure high quality equipment. Several makes were tried out during the year.

At the beginning of the second semester, the time was thought to be ripe to definitely organize the radio staff so that the work could be carried on during the ensuing years. Trials were held for announcers, technicians, and script writers. A publicity bureau was organized and musical programs were broadcast during the latter part of the school year. It is the plan of the staff to become as active and as efficiently organized as the school publications. The pioneering work is of course slow and difficult, for it takes tremendous time and effort to put on a radio program that will be a credit to the institution. The success of the radio

## MARDI GRAS

The Mardi Gras Carnival held Friday, February 5, and the masquerade dance the following Tuesday proved to be a decided success both financially and socially. The main show featured a well balanced variety of fun and frolic with the "Muscle Bound Follies" providing a big laugh. The "Martins and the Coys" with their hilarious display of mountain enthusiasm did much to make the show a hit. Several other vaudeville numbers topped off the evening. The concessions, too, were of many varieties, taking in all the tricks of the trade.

The masquerade ball revealed an array of color and splendor worthy of any occasion. The receding ceiling of varied colored serpentines and the streamers furnished a gay background for the merry evening. The ever present "balloon busters" were in their glory as they punctured hundreds of balloons at the height of the evening's hilarity. Bob Kreilkamp deserves much credit for his fine management of the occasion.

Prizes were awarded the best and cleverest costumes. Of these, Marianne Stauffacher, escorted by Frederick Bolender, won the prize for the best dressed couple and the group prize was awarded to the Omega Mu Chi sorority. King Laschkewitsch and Queen Betty Schwahn were fitting bluebloods.

## HOMECOMING

The weekend of October 24th with its gala activities brought to C. S. T. C. one of the greatest homecomings in the history of the college.

The bon fire on Friday evening ushered in the celebration. Pep talks were followed by cheering and ended with a snake dance. The Phi Sigma Epsilon Fraternity welcomed the alumni to a semi-formal pre-homecoming dance at Hotel Whiting Friday evening.

The homecoming parade was held on Saturday morning. Omega Mu Chi Sorority was awarded first prize for its float representing the Greek meaning of the sorority with the caption "Conquer DeKalb". Sigma Zeta won second place with its chemical interpretation of C. S. T. C. "Disintegrating DeKalb." The Primary Department, with its novel stunt of using vegetable puns forecasting the results of the game was awarded third place.

In the afternoon, the Kotalmen met DeKalb on Schmeckle Field. Stevens Point suffered its first defeat, DeKalb coming through with a well deserved 14 to 12 victory. In spite of the disappointment caused by the upset in the homecoming tilt, the large crowd which gathered at the gymnasium for the annual homecoming dance Saturday evening was proof that the gala spirit of the day had not been lowered.

LAURA JANE ROSENOW—

Possesses the most infectious chuckle in school—is never without it—little dark—constantly threatens to diet, but doesn't need it—has artistic ability and should do something about it—studies, but doesn't think it as much fun as lots of other things—tap dances occasionally and panics people when an entertaining mood hits her—gave up "steady things" last year and has lost her heart several times since (and recovered it again)—sparkles with pep—generally known as "Rosie" and hates the name—has an answer for everything (even if the answer is several minutes later)—intends to teach, at least for a while!

GERHARDE WILLECKI—

The Graham McNamee of C. S. T. C.—has handled with a professional touch Central State's "time on the air" for the past year—announces, directs, and organizes—possessed of eloquent powers of speech—great procrastinator, but comes through in the end—likes basketball and swimming—goes steady—usually to be found at "her" house—wants to be an electrical engineer and should be good at it—has been a C. S. T. C. institution for several years, off and on, and will be much missed.

REGINA SCHWEBKE—

Socially inclined, particularly during vacations—plays the piano ("swing" band classical) like a professional—can always collect a crowd when she's in the mood to play—plays bridge a lot and loves it—not particularly athletic—dances beautifully—holds the school record for a long affair and was rewarded by "something sparkly"—conscientious about work when she has to be—moody—takes it out in bursts of work and then is "set to go" again—has a comeback that is one better every time—will be hard to get along without her.

MAXINE MINER—

A fine student and a good worker—devotes herself whole-heartedly to her many activities—a leader in most everything—very athletically inclined—favorite hobby is sports—particularly walking with Frank—runner up for the title of "Most Permanent in Love Affairs"—very quiet—probably thinking most of the time—looks good in sports clothes—wears them most of the time—scientifically minded—friendly when you get to know her—will undoubtedly be a success IF she chooses a career.

LEONARD OLSON—

One of those people whom everyone likes—just natural—good natured—wears a perpetual grin—not too ambitious but definitely reliable—another free-lancer who is usually "there"—harbors a slight yen for Eleanor Powell's twinkling feet—likes to play Baseball—and ping-pong "at the house"—has noble ambitions of a string of degrees and the teaching profession—likes English—gets positively profound on the deeper aspects of literature—will leave a place which is hard to fill when he graduates this spring.

SHIRLEY WEBSTER—

Blond and studious—works hard in school and extra-curricular activities and the result usually indicates the effort applied—her argumentative powers are shown by her successful seasons in debate—loquacious—entertains frequently with her rendition of "The Crooked Mouth Family"—her "Outside Time" is all taken up and he's out of town now—absent minded and rather vague about it all—not particularly athletic—should succeed in anything she undertakes—a good scout.

A studious person—can carry on lengthy discussions on life's weightier problems, both intellectual and practical—is married and settled for life—very musical—possesses a beautiful tenor which has made him the pride and joy of the men's glee club—says that ping-pong is one of his most strenuous activities—definitely enjoys the teaching profession, and intends to make a success of it after graduation—likes Frederick March and Ginger Rogers—but disapproves definitely of "swing" music—will undoubtedly be a success in his chosen field.

#### FAY YERKE—

Red headed—good egg—likes athletics—skating and basketball best—adores nature—picking wild raspberries, and reading poetry on banks of streams, for instance.

Doesn't go for swing music—light opera and waltzes have more appeal—has a yen for Victor Herbert's music, Norma Shearer, and Nelson Eddy—the gypsy in her makes her daydream a lot about travel in foreign climes—dreams a lot—but her feet hit the ground when there's something to be done—wants to be an authority on dietetics, and will reach her goal if past achievements are any criteria.

#### CHARLES SPARHAWK—

The local "bone-crusher"—specializes in wrestling and the more serious side of the "Manly art of self-defense"—is brainy and a good student in addition—favorite hobby is any form of athletics—in the outdoor world, likes hunting and fishing best—can be seen any fall with a gun over his shoulder—believes in "steady" things—is with her most of the time—has a beautiful power of bluff which he uses in and out of the classroom—wants to be a coach and will be a good one.

## TRAINING SCHOOL

The Training School is one of the outstanding units of our college. The work that the pupils have done with the guidance and assistance of the practise teachers and training instructors is astounding. All grades have carried out projects which reveal a remarkable ability. Following is a brief sketch of their activities:

The first grade made a study of animals which culminated in a circus. In connection with the study of milk, grills were brought into the room and each child participated in making cottage cheese and junket. Then they gave a tea for their mothers. The first grade pupils also built a library which is cared for entirely by them and operates just like a college library.

Last fall the second grade visited the Oak Grove Dairy farm and then built a farm like it in their own room. They studied animals and even churned butter. They also studied the community, visited many of the important buildings in the city, and then made miniature duplicates of them.

The third grade pupils' study of animals culminated in a puppet show which they arranged and operated themselves. At Christmas time they displayed great talent by giving a play "The Juggler of Notre Dame". Another interesting unit was the valentine store and post office. They carried on a definite business and postal system.

The fourth grade made use of a transportation and communication project as the basis for their work in social studies, geography, and art. With the knowledge gained, the class made a large map of Eurasia, showing the occupations and the products raised in various parts of the countries.

The fifth grade pupils carried on interesting experiments such as making wax candles and paper. The paper was used for making Christmas cards. In relation to their study of the

# TRAINING SCHOOL

industries devoted to the making of clothing, the class actually spent some time in spinning and weaving.

A semester of the study of geography culminated in a European Fair sponsored by the sixth grade. This was a very colorful affair. The children's abundance of information revealed that they had made a very extensive study.

On April second, the sixth grade gave a historical pageant. The children were dressed to represent the various peoples in the different periods and excelled in giving the history of them.

The Junior High School division of the Training School has many interesting extra-curricular, as well as curricular, activities.

The Junior Council is an administrative body which is chosen from within the group. It conducts a citizenship contest. This department can boast of membership in such commendable organizations as the Junior Red Cross Society, the Junior Audubon Society, a Stamp Club, a Photo Club, and it has charge of the issuance of the Junior Pointer.

Mid-year elections for members of the Junior Council and officers of the Junior Pointer staff were conducted by the ninth grade Civics class. The Junior Assembly became the M. D. B. voting precinct. The candidates filed nomination papers and a regular election was held. The seventh grade brought honors to the school by winning the city championship in the basketball contest.

Social activities take an important stand among the members of this group. The big event of the year was the Hallowe'en party. A treasure chest hunt terminated in a great deal of fun and festivity. The latter is of special interest for the treasure chest is actually buried. Last year after a thrilling series of searches, the chest was found buried in the sand in the sub-basement of the Training School.

## WOMEN'S ATHLETIC ASSOCIATION

The W. A. A. of Central State Teachers College was organized in 1929 after having been the Girl's Athletic Association since 1918. This organization has developed a keen interest in sports among the women of this college.

With "Sports For All and All For Sports" as its motto, the W. A. A. enjoyed an unusually successful year under the leadership of Anita McVey, President; Mildred Larson, Vice-President; Virginia Gajewski, Secretary; and Roberta McWilliams, Treasurer.

Miss Beatrice Richardson, the Women's Physical Education instructor, was the advisor for the Women's Athletic Association. Miss Richardson did a fine piece of work in forming the skeleton of this year's activities.

The various activities were conducted under the guidance of sportsheads. The sportsheads were elected by the members of the W. A. A. for the entire year. This year's sportsheads were as follows: Hockey, Eleanor Theisen; Tennis, Ruth Nason; Archery, Marian Graham; Basketball, Betty Schwahn; Baseball, Ruth Smith; Volleyball, Irma Rice; Creative Dancing, Rita Murphy; Minor Sports, Lolita Weeks and Cecelia Falkowski; and Scrap Book, Marie Gigstad and Ardella Stieba.

The meetings of this organization were held the fourth Wednesday of each month. Initiations were held at the beginning of each semester. Women were not eligible for membership until they had been in school one semester. Three initiates were taken in the first semester, while twenty-four were admitted this spring.

The W. A. A. was prominent in its social functions for the women of the college. A clever "White Elephant" Christmas party was held. The girls are still trying to unearth Eleanor Theisen's formula for the eating of stick candy. Another high spot in the social life of the organization was the party Miss Richardson gave at Nelson Hall for all the sportsheads.

The year 1936-37 was ushered in by the annual W. A. A. Picnic which was held at Iverson Park. The school bus provided transportation for the sportswomen. Organized sports and stunts kept everyone busy and happy. Those who attended reported "plenty of fun" and seventy-five guests and members couldn't have been wrong.

Choosing a huge football as its means of conveyance, the Women's Athletic Association displayed a clever float for the Homecoming Parade with the then popular "Knock, knock" theme.

For this year's activities the girls were divided into squads. There were five squads and each squad had its own leader. Some members of each squad participated in every activity. All of this year's activities were conducted on the tournament basis. After several weeks of practice the games were "played off" in a tournament. In the basketball tournament, squad three under the leadership of Evelyn Sonnenberg won the championship. The championship of the ping-pong tournament went over to squad five under the leadership of Eleanor Theisen. Volleyball honors went to squad one under Evelyn Warekois's direction. A shuffle board and second semester volleyball tournament were also played. Squad two was under the leadership of Helen Blake, while Rita Murphy conducted squad four. Because it had the most points, squad five carried off the honors of the year.

The creative dancing class, although an all school activity for women, was backed by the W. A. A. Members of this class together with Miss Richardson attended a creative dance recital which was held in Madison in the early spring.

Play Day! That day when girls from Central Wisconsin High Schools visit our college as guests of the W. A. A. and "Play for Play's Sake." Play Day enjoyed the distinction of celebrating its sixth anniversary. It was instituted in May, 1931 by Miss Eva Seen, the director of W. A. A. at that time, and has since become an annual affair. This year's Play Day was held May fifteenth. Lois Peden and Anita McVey were co-general chairmans. There was close competition between the teams which competed in horsehoe, tennis and archery. A one o'clock luncheon was served in Nelson Hall. At this time the winning color teams and individual winners were announced.

In the summers session of the Women's Athletic Association, the women found swimming an entirely welcomed activity. And was it fun to watch Miss Richardson pilot the school bus to Robertson Park!

Even losing their competent president, Anita McVey, does not discourage the W. A. A. members from seeing another successful year full of good times approaching.

## You Need Good Light . . .

to save your energy. Students using their eyes under poor lighting conditions for four hours suffer more nervous muscular tension than a manual worker after eight hours of hard work. With electricity so low in cost, only careless people fail to provide good lighting for indoor tasks.

# ON MAINTAINING LEADERSHIP ...

- To win and consistently hold a place as the recognized leader of school annual printing, has been the record of Rogers Printing Company since its beginning in 1908.
- That we have, during a period of 29 years, successfully produced hundreds of annuals for schools throughout the country, attests our ability to satisfy completely the most discriminating Year Book Staff.
- New ideas, coupled with the knowledge and experience gained through a quarter of a century's service, insure the school that chooses a Rogers' printed book of ideal pages "From Start to Finish."
- We are proud that the staff of THE IRIS entrusted its printing to our organization and we herewith present it as an example of our work.

## AFTERWORD

"Close to the Heart of Wisconsin  
In Service as well as Location . . . C. S. T. C."  
Wisconsin Magazine, Nov., 1928.

May this annual serve as a memory book providing a complete record of the 1936-'37 school year in a durable and accessible form. May it always be reminiscent of the happy days spent at Central State Teachers College.

And, as the days turn into years, may it be treasured more highly. Then we shall have achieved our purpose.
