THROUGH THE LENS
AT CENTRAL STATE

Stevens Point, Wis.

Raymond Specht, big man, big smile, big heart, was Iris photography advisor for three years. Little did we know what this job involved until Mr. Specht took a year's leave of absence from Central State to work on his doctorate degree and the Iris photography staff was left to tackle the job. So it's THANKS "through the lens at Central State" to a man who was always "behind the lens" of past yearbooks.

BEHIND

As geography instructor, Mr. Specht created much interest among the students in this field. He has planned and guided the cross-country trips offered every year during summer school.

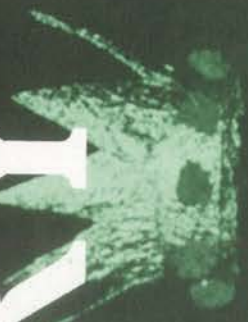

Entering photography contests has been a successful pastime for this trophy winner. His membership in various photography clubs provides the relaxation that must come after a hard day at the "maps".

THE LENS

MEMORY TRACES

O

F

"A camera never lies", so the saying goes, and in this year's IRIS you will get a glimpse of CSC "through the camera lens." Reminiscing after a year filled with various activities is enjoyable to all and with thanks to our camera there will always remain vivid memories of happy college days.

Remember the first day of school, rushing parties, teas, football and basketball games, formals, the ivy-covered administration building, the prof who gave you the "A" — and the prof who handed out that undeserved "D"?

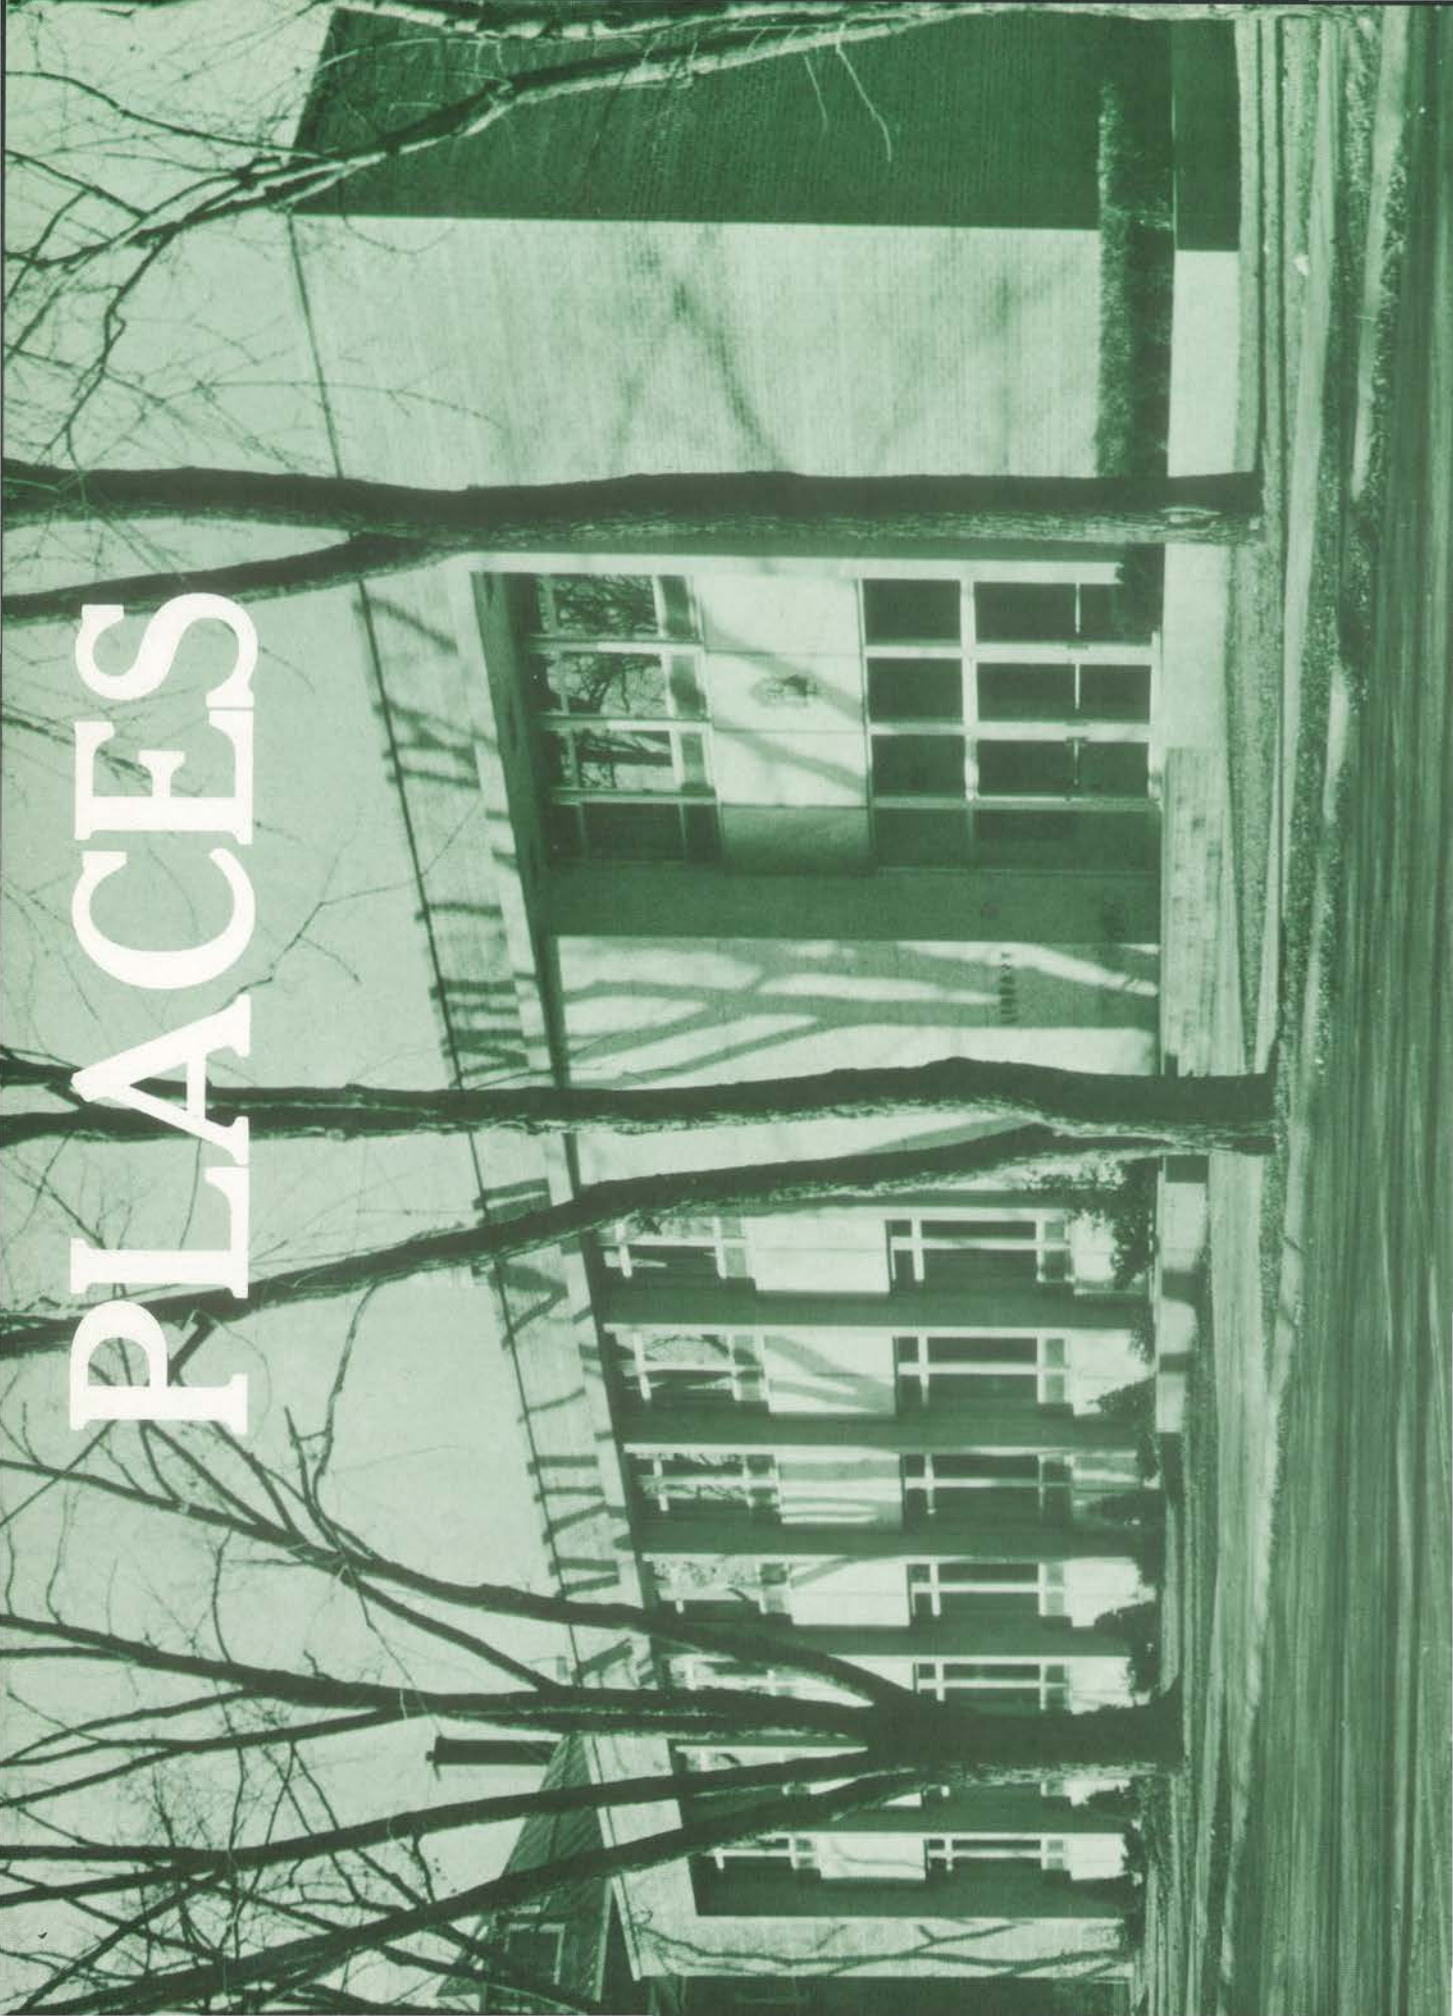

And finally, remember graduation day with all its solemnity? As the pages of this IRIS are flipped over, the by-gone year at Central State College will be relived "through the camera lens."

1957 -- ANOTHER YEAR?

1957 — another year — another Iris — another senior class graduating from Central State in June — another freshman class coming in September to replace those who graduated! Is that what it is? Or is it a new and golden opportunity for each of us — an opportunity to be welcomed, explored and used in full measure — for it will never return in its present form.

So it should mean a great Iris. It should mean seniors going out to teach or to do some other work — performing so well that their accomplishments will reflect credit on themselves, on their college, their families, and their communities. It should mean freshman students entering, determined to make a college record that will be a credit to them, to their high schools, to their families.

Just another year — or a golden opportunity? What makes the difference? Ability? Hardly! We all have ability in varied forms and degrees. *Desire* makes the difference. The opportunity exists only if we have the desire to avail ourselves of it. We achieve little that's worth-while in life without real desire to achieve.

FRESHMAN CLASS

Assumes Many Roles During Homecoming Frenzy

When the freshmen entered school in September, teas, dances, and assemblies kept them socially busy for the first weeks. Then came a sudden lag in activities when they realized that the upper-classmen had more to do than entertain them for the year. Wondering if they would ever feel the hustle and bustle that had now overcome so many "old-timers", they were suddenly surrounded with Homecoming activities. They were now a part of the "mad rush". Between preparations for floats and the gathering of junk for the bon fire, they somehow found time to vote for the girl they wanted for queen. When it was all over, there were neglected assignments and make-up tests that needed attention. Wondering if Thanksgiving vacation would ever come, they settled back, trying to ignore the hustle and bustle of the upper-classmen, and sighed, "It'll be different next year"!

Familiar sounds during the pre-Homecoming campaign were those made by Rich Marko's bass, "Oooody" Ives' College Cats at the Phi Sig sponsored Queens' Dance, and a corps of brothers "jiving it up" for their candidate, Mary Jo Buggs.

Ivy league railroad caps and red cotton neck scarves were familiar sights, as Phi Sig pledging began. After this hectic first semester period, the fraternity speeded up activity, locking doors behind which mysterious thumps and scrapes were heard. Results? Another hilarious Phi Sig Style Show.

Above that white shirt and red tie worn every Tuesday you'll find the congenial face of a Sig Ep. He's the man who backed Marcie Skalski for Homecoming Queen this fall. He and his brothers escorted donors to and from the Bloodmobile. They were responsible, too, for the Christmas trees brightening the halls and the library, and for the Christmas music which wove in and out of rooms on second floor the week before vacation.

Mr. Sig Ep took part in the second semester pledging and when it was well underway, disappeared for a while, to reappear on the stage in the annual zany Sig Episodes. After it was over, he leaned back, loosened his red tie and said, " "!!

TKE's first year as a national fraternity was opened by the crowning of their Homecoming candidate as queen for the second year straight. A rather crudely constructed Homecoming float made its appearance in the parade, for which the Teke's took the "blame" — ahhh — "credit". Alum parties and a banquet rounded out their Homecoming activities.

In December these boys joined forces with their sister sorority, the Alpha Sigs, to present a spectacular "TKE Sweetheart Formal." Homecoming Queen, Rosie Lee, reigned as "sweetheart" of the event.

Second semester found the Teke's pledging and winding up a year of "national" fun and frenzy.

President Madison and date, Judy Crane enjoy dancing at the TKE Formal, as do Bill Bucher and date, Louann Simonson.

Alpha Beta Rho began its second year on campus with a bang as it lit a display of fireworks at the Homecoming bonfire. Added to this was their sports car entry in the Homecoming Parade and a lot of fun for actives and alums. Their later activities were highlighted by the ABR sponsored "First Annual Sweater Dance," held in the student union.

Second semester found the boys in green with their sword shaped paddles combing our campus for pledges and a busy "second year" was brought to a close.

The army has nothing on CSC, for we, too, have Sergeant Bilko and a Bilko Hall. Because of the work on the third floor addition, some of the freshman boys had to live in the old Rural School for the first few months this fall. Despite the discomfort of the old building, numerous interesting and amusing tales about their trials and tribulations came from the boys who lodged there. When the new addition was finished and the boys moved, they welcomed the comfort of Delzell but hated to leave the interesting experiences they had had at Bilko Hall.

NELSON HALL

Houses 130 girls

When the girls at Nelson Hall entered the dorm this fall, they were greeted by a new house mother, Mrs. Burton Pierce. After the excitement of greeting old and new friends died away, the girls set about their business of planning the year's coming events. Homecoming found them entering a float in the parade and opening their doors to the "outsiders" at their annual Tea and Open House. At Christmas they again entertained friends and parents at their Yuletide Tea. Keeping hours, sign-out slips and fire drills had the girls on their toes during a year of friendship and fun.

The Episcopalian Church group met over coffee cups in a weekly discussion period lead by their chaplain, Fr. Edward Lewis. A successful and enlightning year was the result of these "get-togethers."

CHRISTIAN SCIENCE

Left to right: *Mr. Cross, Madison, J.; Radde, R.; Miss Thompson; Madison, J.; Seif, C.; Drzewieniecki, W.*

Newly organized on campus last fall, the Christian Science Organization was recognized as an active and outstanding group before the year was over. Their main project was the sponsoring of guest speaker, Mrs. Georgianna Tennant, London England, who spoke on the Christian Science religion.

GAMMA DELTA

The Lutheran students of the synodical conference were under the leadership of Jerry Bruss, president. Besides entering the Song Fest, the group carried on many activities within their own circle. The Oshkosh Convention was the big event of the year.

L. S. A.

The Lutheran Student Association met throughout the year at the Trinity Lutheran Church under the leadership of Diane Baehler, president. Entering the Homecoming parade and the Songfest gave this group its share of work and social activities.

NEWMAN CLUB

This Catholic student organization, under the leadership of its chaplain, Fr. Norbert Wilger, and president, John Jones, had a very busy year. Activities include a KC Valentine dance, a dinner given by the Catholic women of the city and various conferences. Marge Kiefer was elected "Miss Newmanite" for '57.

Congregational, Evangelical and Reformed Presbyterian students joined forces as members of Trigon. Jerry Menzel presided over the group in a year of close friendship.

WESLEY

Youth conferences and social activities formed part of the life of this Methodist group on campus. Rev. Perry Saito and the club's president, Betty Woehlert, guided the Wesleyans through a successful year.

In the Christmas issue of the Pointer, the story of the stained glass window, found in the west end of the second floor, was disclosed. It is a memorial to Miss Alicia De Riemer, who was a member of the SPN Geography Department in 1900. After her death in 1903, students, faculty, and alumni subscribed toward this memorial. The central figure of the window, the wreath of laurel, is a symbol of immortality and victory. The globe within the wreath typifies Miss De Riemer's chosen profession. The pipes of Pan on each side of the globe, the scroll and the violin exemplify the other side of her nature. Two torches shine forth, emblems of light and knowledge, while the dates 1900-1903 mark the years of her service.

A large golden harvest "moon" shining on a crowded dance floor dominated the Alpha Sigs' Harvest Festival, their first school event. When pledging began, chicken rings adorned the future actives of this sorority.

Gala parties and the winter tea, Pink Poodles, brought the first semester to a busy conclusion for the Alpha Sigs.

The second semester was occupied with the Songfest, another round of pledging, and the first anniversary of the only national sorority on campus.

"Cute and Clouche" brought to the Omega fall tea a flavor of the "roaring 20's." Decorations and authentically costumed entertainment carried out this unique theme.

Pledging season found safety pin necklaces on Homecoming day. Their annual Christmas Bazaar was a sell-out, as the Omegas rounded out the first semester.

The all-school Mad Hatter Dance introduced the second semester social functions of the sorority. Pledging and the Songfest were among the end-of-year activities.

College women sipped and chatted in the crowded (shades of Bilko Hall!) but gaily decorated Union as the Tau Gams opened the sorority social season with "Tropical Tea Time."

October heralded the pledging period. "Muds" with button-decorated pink and blue ribbons anxiously tried to please their active sisters. Homecoming brought initiation; a first place in the float parade added to the festivities.

Another busy pledge season, begun with the Coke Party, started the second semester. Participation in the Songfest, and the annual Tau Gam Cotton Swirl brought an eventful year to its close.

SKI CLUB

Chartered in '57

Members of the Ski Club cluster around Mr. Harrer as they discuss plans to form an Outing Club. John Volkman, (far right) was the second semester president.

A new organization was added to the already lengthy CSC list of groups, as 1957 welcomed the Ski Club. The small membership was no indication of the size of the benefits these students received from the club, for the fun and exercise was jumbo packed. Ski tournaments at Rib Mountain and local jaunts at Iverson Park were their beginning activities. Mr. Harrer and Dr. Kroner were advisors, while Dudley Zimmerman was the group's first president. It wasn't long until a subdivision of the group was formed in the name of the Outing Club. 1958 promises more information concerning this "still-newer" group.

PHI SIG STYLE SHOW

TV Review

Ten Little Indians

going out to dine

One choked himself — then there were nine.

Nine little indians sat up very late

One overslept himself — then there were eight.

Eight little indians traveling toward heaven

One got left behind — then there were seven.

Seven little indians chopping up sticks

One chopped himself in half — then there were six.

Six little indians playing with a hive

Bumble bee stung one — then there were five.

Five little indians who the law abhor

One shot the judge — then there were four.

Four little indians going out to sea

A red herring swallowed one — then there were three.

Three little indians walking in the zoo

A big bear hugged one — then there were two.

Two little indians fighting for a gun

One killed the other — then there was one.

One little indian left all alone

He went and hanged himself — then there were none.

Going into the "home-stretch" of their college career, the juniors spent the year practice teaching, enjoying third-year memories, and preparing for the annual Junior Prom. Toward the end of April, John Jones and his crew sallied forth to present "Echoes of the Everglades."

PRIMARY STUDENTS

And Those Training School Blues

Those students belonging to the primary division organize into a social and service club called Primary Council. Besides presenting many interesting lectures and demonstrations for those in primary, the group also sponsored a Christmas project whereby the students in school contributed food, money, and clothing that was sent to Hungary. Marie Doro presided over the group.

HOME ECONOMICS

Two From CSC Named to State Offices

Joyce Schlottman, a junior in Home Ec, works in the newly decorated kitchens.

Giving a formal dinner is a "must" in foods class. Each Home Ec girl learns to be a gracious hostess, an efficient waitress, and a very good cook.

Home Economics — one of our outstanding majors — offers fun and education in its social group, the Home Ec Club. The domesticated students in this group started the year with a float in the Homecoming parade and ended the first semester activities with a Christmas Bazaar. Convention-time found the girls nominating Jean Gatzke and Mary Lauritzen for state offices to which they were elected at the state convention. The public relations division of the club produced a handbook that was sent out to recruit high school seniors to enter the field of Home Economics. First semester president was Joanne Weber and prexy for the second semester was Jean Gatzke.

And, of course, some of the best dressed girls in school wear the label "This is a homemade original."

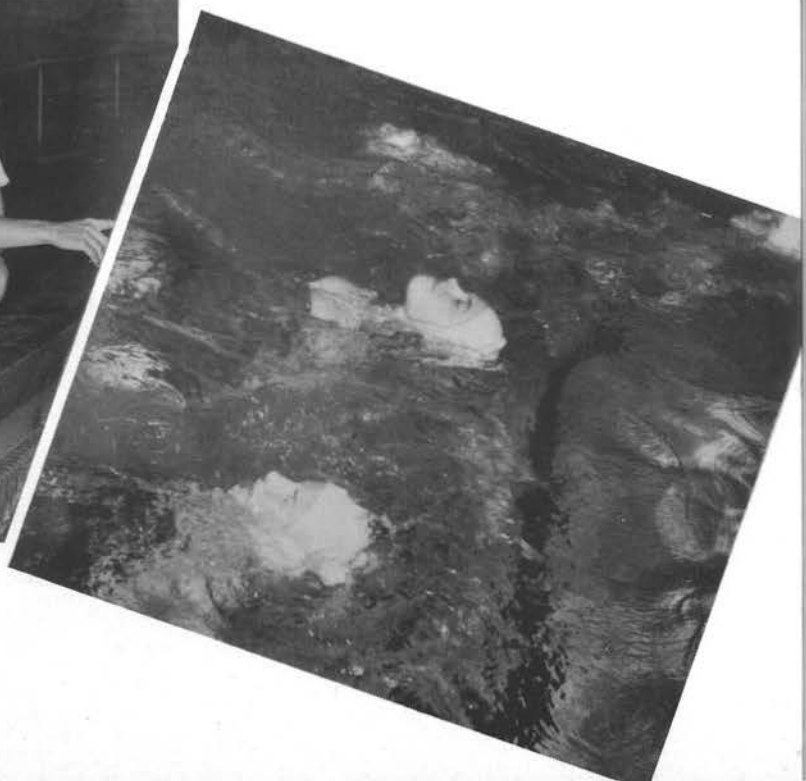

Congratulations are in order as Ellie Rostal and Pat Sroda win the badminton tournament.

Besides being one of the academic minors offered the girls at CSC, the girl's Physical Education Department also includes many interesting activities outside of its classes. WRA is the Women's Recreation Association. It sponsors badminton and volleyball tournaments and holds an annual "Play Day" for visiting high school girls. The modern dance group, Orchesis, offers the girls a try at dance routines and a chance to display what new rhythms have been learned comes when they perform in their spring recital.

Assistants, Gretchen Speerstra and Sara Willett, observe swimmers as teacher, Miss Schelfhout, calls instructions.

On the first Monday in September, 1906, Arthur Lyness, a young man just out of Emporia State College, Emporia, Kansas, began his teaching career. Fifty years later, still in the teaching profession, he remarked, "I never thought, that day in 1906, that I'd last this long."

Mr. Lyness began his teaching in a one room ungraded school. Twenty seven years ago he came to CSC, then called the Stevens Point Normal. His first job was at the training school where he taught Latin, Biology, and English. At present, he is biology instructor in his second floor habitat. Mr. Lyness did his graduate work at the University of Iowa, where he received his M. A. and Ph. D. degrees.

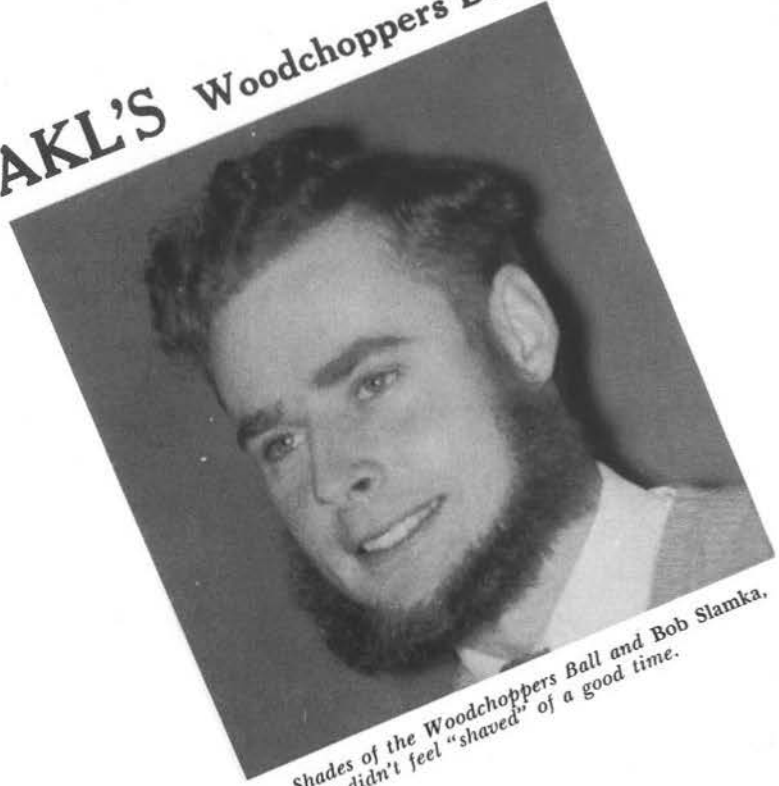

And now, after his Golden Year of teaching, Mr. Lyness will retire from his role as CSC faculty member. He plans to "read, listen to music, radio and watch TV and travel" after his retirement. Next year many students will miss the friendly face and congenial personality of this respected gentleman, Mr. Arthur S. Lyness.

Looking over his decision on a new suit from *Penneys* — Tony Pass is choosing one of *Penney's* versatile mix-match suits. Truly, a value packed assortment of the finest in the latest styles. And best of all, they fit any budget.

As many CSC married couples, Al Curtis and his wife enjoy the planning and buying for a bouncing baby — "the crib must be a *Lullabye*."

"Hello Young Lovers Where ever You Are" could very well be the themesong of *Otterlee's Jewelry Store* . . . all admire cherishable, lasting gifts.

Taylor's South Side Prescription Drug Store where parking is convenient.

Welsby's Dry Cleaning . . . where you can trust your finest.

The Wisconsin River . . . symbol of Central State in spring . . . heritage of lumbering kings . . . pride of Stevens Point because of industries like the *Whiting Plover Paper Company*.

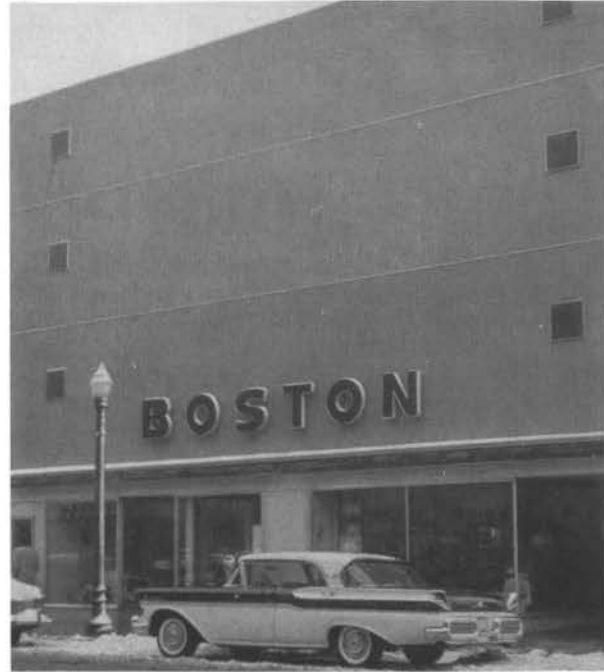

When the Delzell men need their clothes cleaned in a hurry, or a white shirt ready for that special date, they know for fast, dependable, service they can't beat *Normington's*.

When planning your dream kitchen, consult *Breitenstein Co.* for the most modern and up to date Frigidaire products.

Serving hungry students between classes is the *College Eat Shop*. Home-made doughnuts are Laura's specialty.

Letters, folders, reports, booklets, catalog sheets, etc., are some of the variety of printing and lithography work produced by the *Journal Printing Company*.

What girl wouldn't be proud to furnish her home with this lovely, nationally famous furniture, available only at *Kremb's Furniture*, where you pay no money down and have up to three full years to pay.

For the occasional sportsman, or the full-time sportsman, you'll find the *Sport Shop*, 422 Main, can fill all your sporting needs.

A busy Central State lad hurries on another of his errands pleased with the quick service of the *First National Bank*. The convenient, free checking service they render to organizations on campus really appeals to all of the busy treasurers of these groups, too . . . personalized checks look so exciting.

You are always welcome at *Westenberger's* for your lunch, snack, or your favorite soda dish or drugs.

Rosalyn Lee models one of the many lovely dresses from *The Quality Store* . . . many other coeds like the cute clothes they find there.

A welcome sign that greets CSC's picnics on their way to enjoy themselves at Iverson Park . . . welcome sign to the apartment dwellers with budgets . . . also welcomes students back from vacations . . . year-round joy to the faculty. *I.G.A.* — the sign of welcome here and all over the country.

The May Roach Student Fund

To live on forever at her beloved State College in Stevens Point, the May Roach Student Fund is hereby established by grateful people whose life she has influenced.

If the Fund be started here tonight at the annual dinner of the Chamber of Commerce, every person here having already given through their ticket purchase. Let it grow through the contributions of any who wish to give from any walk of life in any amount. Let the businessmen of Stevens Point pledge that the Fund will always live, year after year.

Let the Fund be administered by an executive committee consisting of the College President, Dean of Women and Dean of Men, with a Board of Directors of the most interested businesspeople.

Let the Fund be used to help the students at the College who are in need, and who merit help. Let there be no interest charge for such help. Let those who benefit realize the fund when they are able to do so. Let those who benefit realize the fund when they are able to do so. Let those who benefit realize the fund when they are able to do so.

Just as May Roach has done all her life.
October 3rd, 1957 - Stevens Point, Wis.

Along with other Stevens Point business firms, *Hardware Mutuals* have helped make possible The May Roach Student Fund . . . which has meant annual scholarships and temporary loans for college students . . . There's always an open door for Central State people at *Hardware Mutuals*.

When parents come to Stevens Point to visit their college student off-springs, they know the place to stay is the *Hotel Whiting*.

GRADUATION

"I go to encounter for the millionth time
the reality of experience
and to forge in the smithy of my soul
the uncreated conscience of my race."
