Walter Sylvester

Dr. Sylvester came to CSC in 1947 as a conservation and biology instructor. Alpha Kappa Lambda, of which he was advisor, is establishing a conservation library collection in his name. For his contributions to conservation and education, Dr. Sylvester has been named, posthumously, for the 1957 Award of Merit by the American Association for Conservation Education.

Lawrence Davis

Mr. Davis had been a custodian at CSC since 1936, recently serving as head custodian. Although it was his duty to see that the school was kept in good repair, he always gladly consented to do the little jobs we asked of him. A very sociable person, Mr. Davis always enjoyed the personal contacts with faculty and students.

to Central State

Wilson S. Delzell

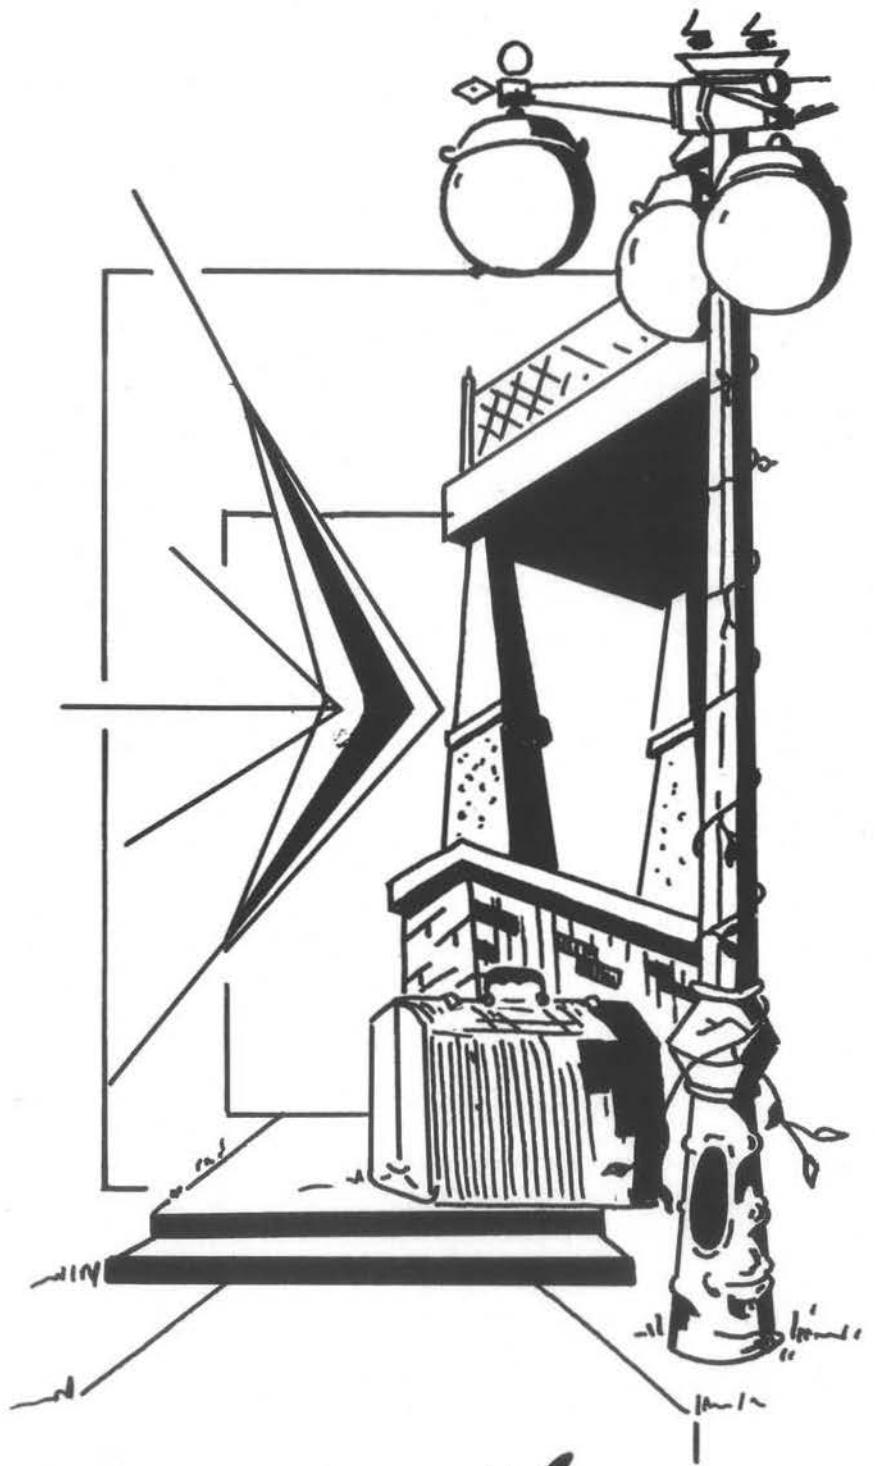

Mr. Delzell represented CSC on the State Board of Regents from 1939 until his death in 1957. Not working for monetary reward, but for the school, it was always his goal to provide the best. Many of the improvements in facilities were obtained through his efforts. Delzell Hall, the men's dormitory, and the Delzell Scholarship Fund are monuments to his constant striving to make CSC a better college.

Words of Wisdom

If I were to distill into this paragraph a valuable lesson which I have learned out of my experience, it is the one best stated in the *Bible*, "Sufficient unto the day is the evil thereof." It has taught me to do all I can *today*, not worrying about what I couldn't finish *yesterday* or about what heavy tasks may face me *tomorrow*. I have observed that a very ordinary person can accomplish an unbelievably difficult task if he is willing to attack the difficulties one at a time, keeping at them day by day, until the job is done. It is the way to succeed as a student and as a teacher. The quality of this *Iris* is dependent to quite an extent upon whether the staff has been able to follow this principle. I hope it has and that this one of the greatest yearbooks of our college, for it should be one of the most interesting books in your library during the next forty, maybe sixty years.

To These

Nels O. Reppen

Mr. Reppen came to CSC in 1935. He was principally a teacher of economics and education, although he taught numerous other subjects. His calm, soft-spoken manner and judicious personality are well known. But we will always remember him for his broad knowledge and ability to punctuate a point with an appropriate story.

Leland Burroughs

Our English and speech departments have had the pleasure of working with Mr. Burroughs since 1920. This dignified man, with the fine, deep voice, was head of the English department and advisor to Sigma Tau Delta and Alpha Psi Omega. Being very active in forensics, he was well known to many students attending forensic contests at CSC.

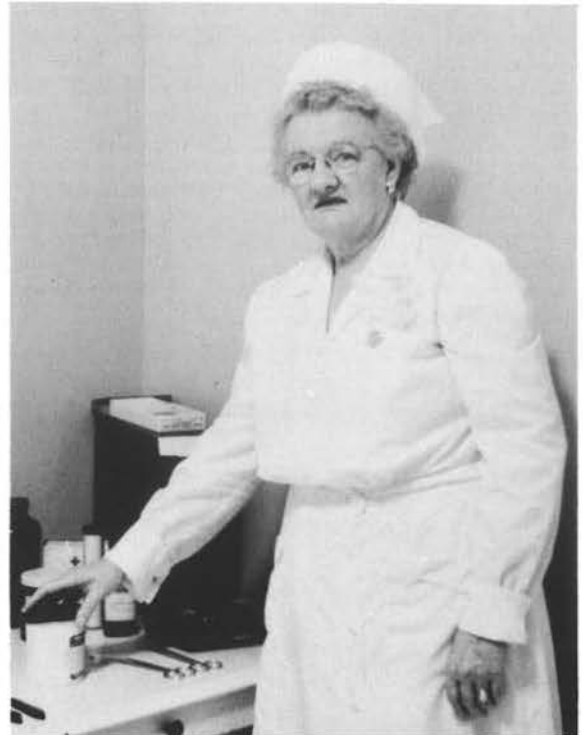

Well-known

and Well-liked people...

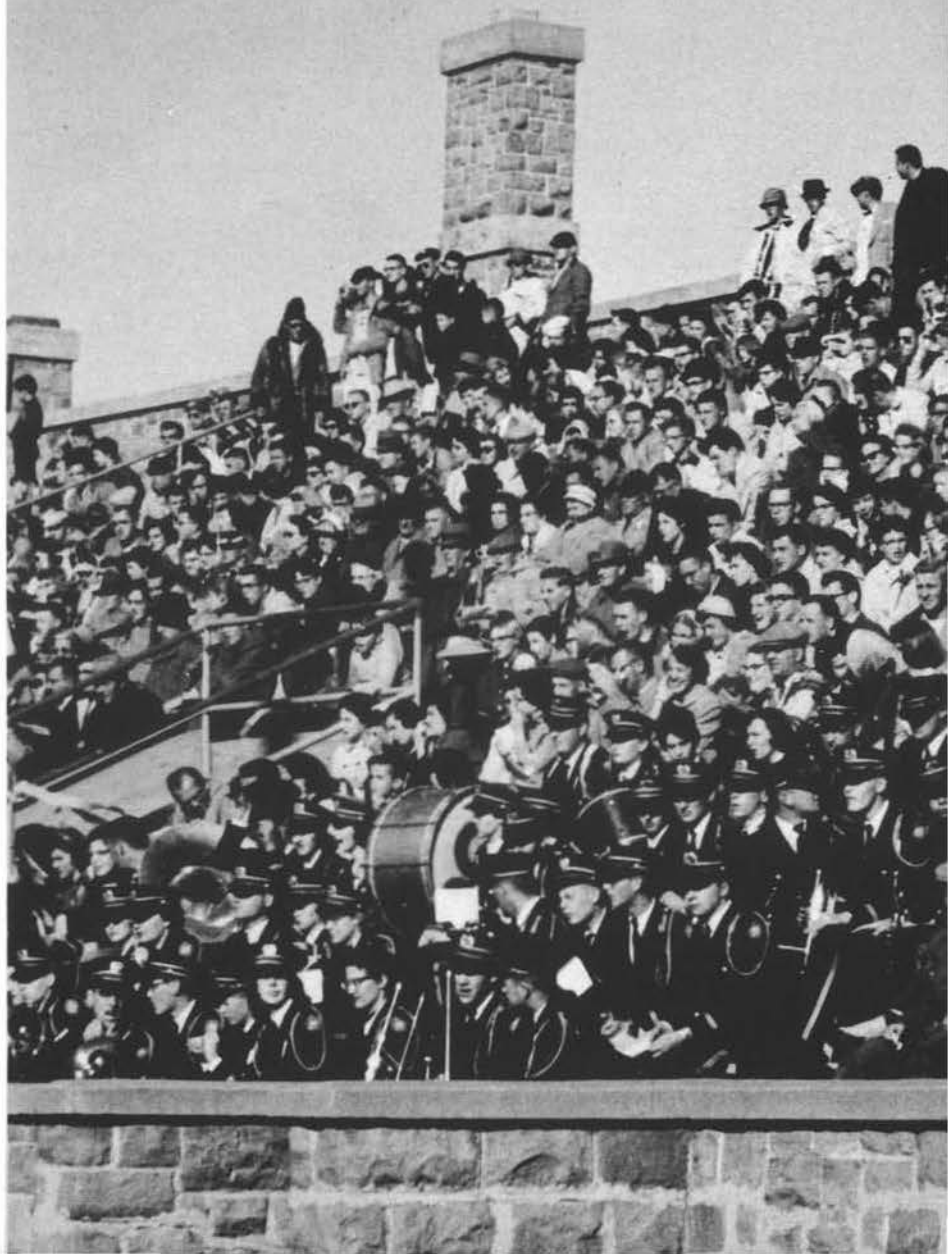

*At the conclusion of your years at CSC,
we extend our thanks for your service,
cooperation, and friendship, and offer
best wishes for the years that lie ahead.*

Mary Neuberger

Since 1935, Miss Neuberger has been receiving college students and all their aches and pains with patience and friendliness. If there wasn't a medicine for some particular ailment, there was always some friendly advice to help the situation from this gentle mannered lady. Her time and services, given so freely for our benefit, are greatly appreciated.
