LEE SHERMAN DREYFUS assumed his duties as President of Stevens Point University on October 1, 1967.

Because of his reputation, President Dreyfus has been invited to Washington on two separate occasions, first, to witness the signing of the Public Television Act and second, to be host to the South Vietnamese rectors.

On the local level, his ruraplex program and educational television channel in Stevens Point, has won him considerable recognition. He has strived to establish Stevens Point as the dominant center of education in central Wisconsin.

Dr. Dreyfus was born in Milwaukee June 20, 1926. After graduation from Washington High there in 1944, he enlisted in the U.S. Navy. After the service he went on to college at Madison. He holds three degrees in speech: B.A. 1949, M.A. 1952, and Ph.D. 1957.

One of his theories is: Abandon 19th Century processes in 20th Century buildings in an effort to teach the children of the 21st Century.

L.S.D.

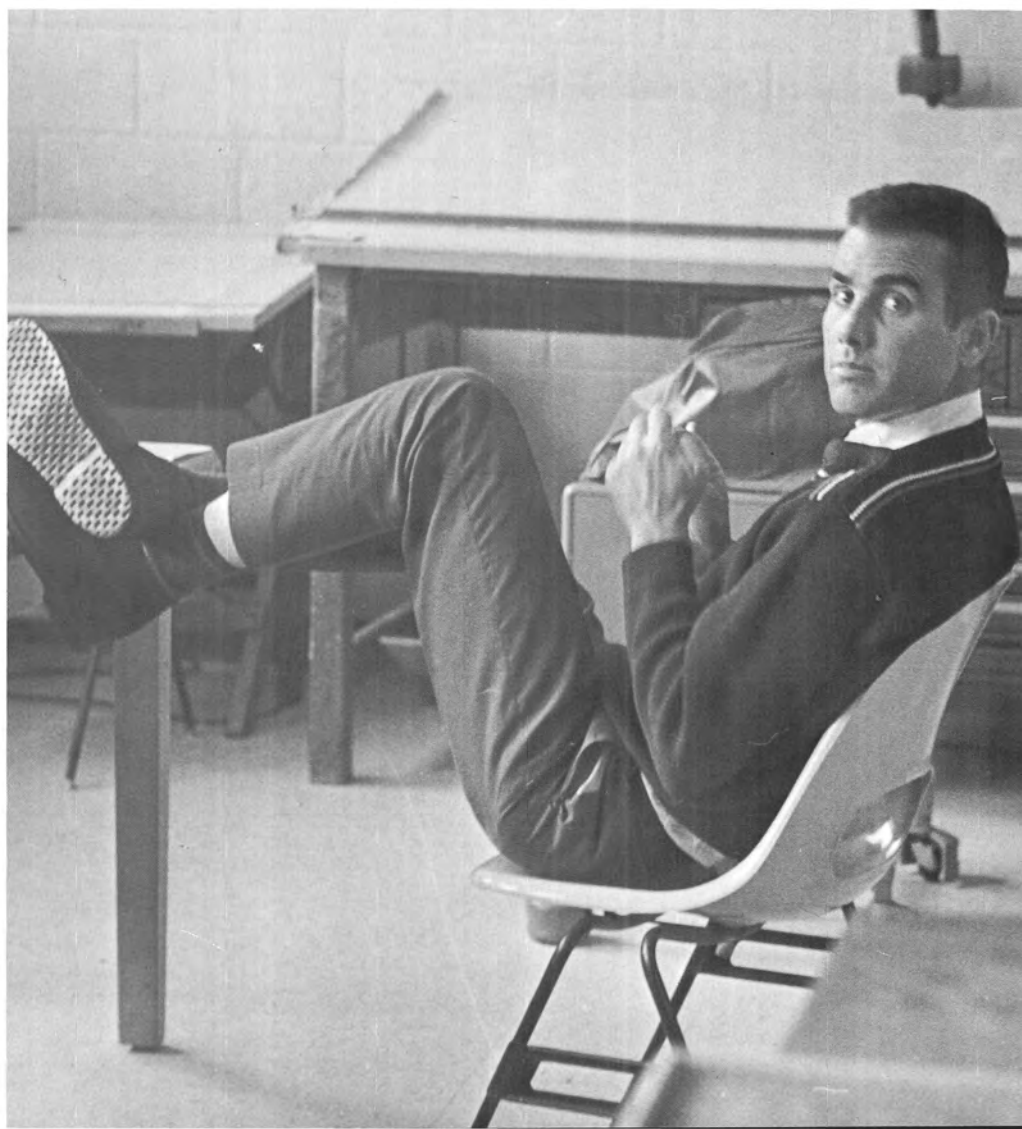

President Dreyfus accompanies several Vietnamese rectors to a meeting with President Johnson in Washington.

Dean Burdette Eagon of the College of Education.

Richard Hallet of the Geography Department.

Educators have the opportunity to inspire to motivate, and form the personality and character of the youth they encounter. Each instructor avails the student with a new adventure in a particular field of learning. The student's quest for knowledge may be enhanced by the experiences greeting them with these professors.

Henry Runke of the Art Department

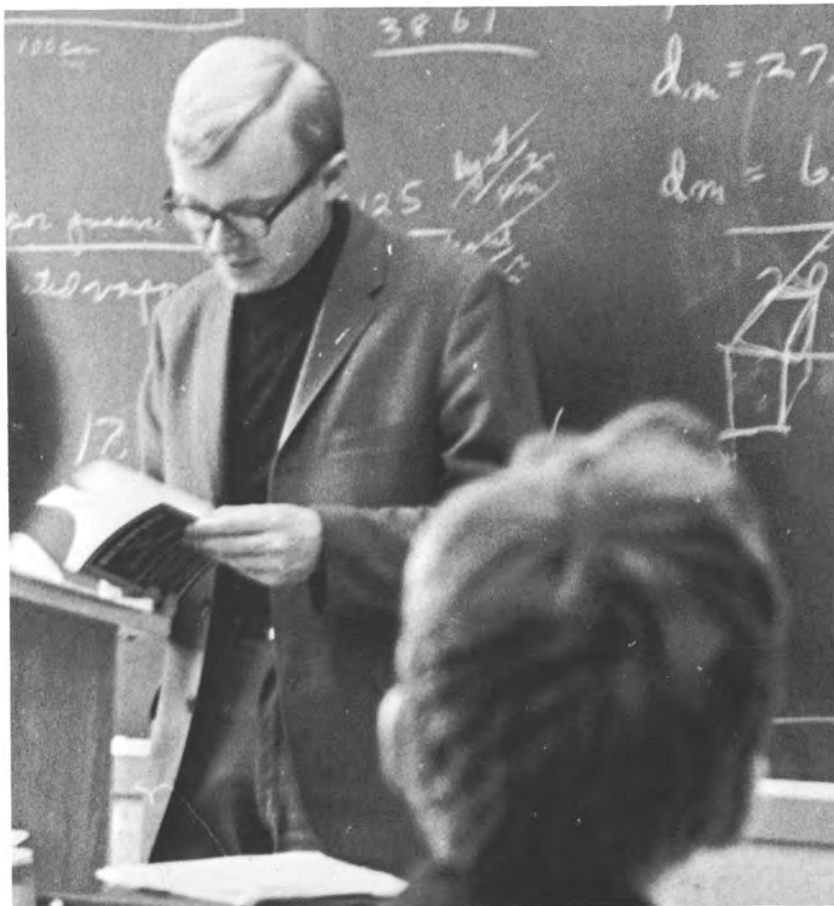

Joseph Rony of the English Department.

Norman E. Keats of the Art Department.

William Lutz of the English Department.

Dr. Charles Long of the Biology Department.

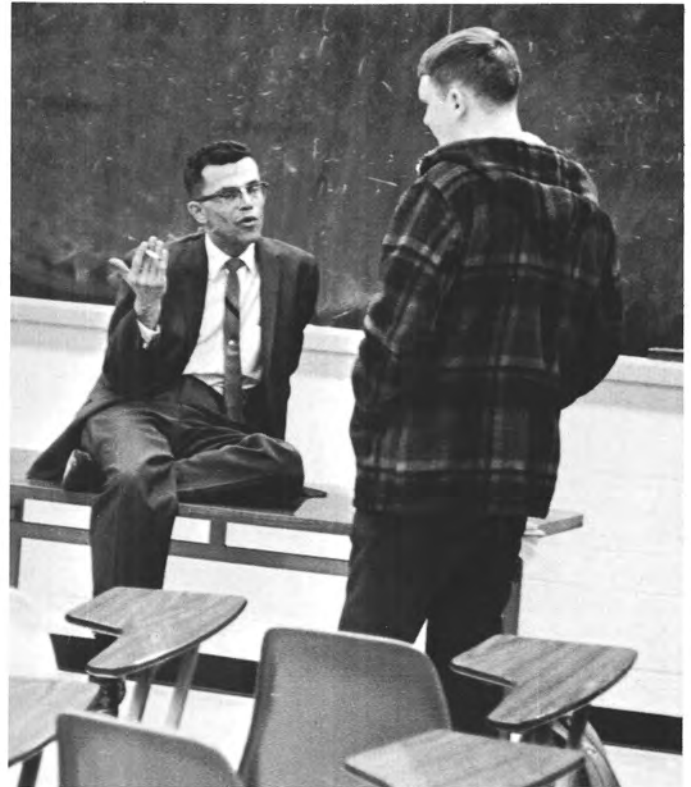

Dr. T. K. Chang of the Geography Department.

Professor Fabiano, Director of the Art Department.

Joseph Schuler of the Department of Philosophy.

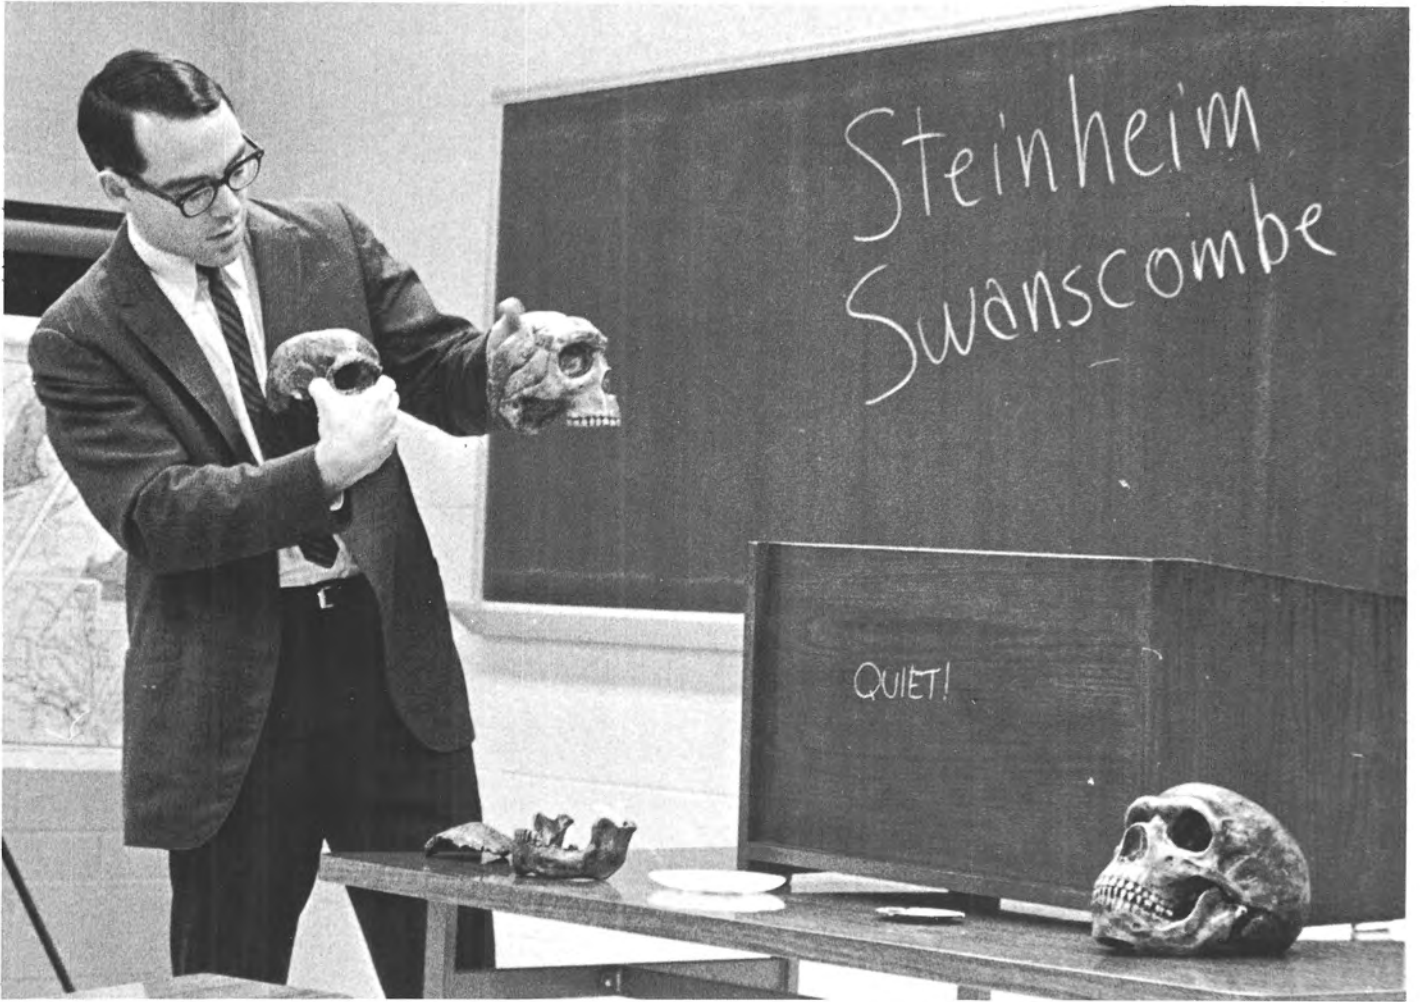

Mr. James Missey, English Department.

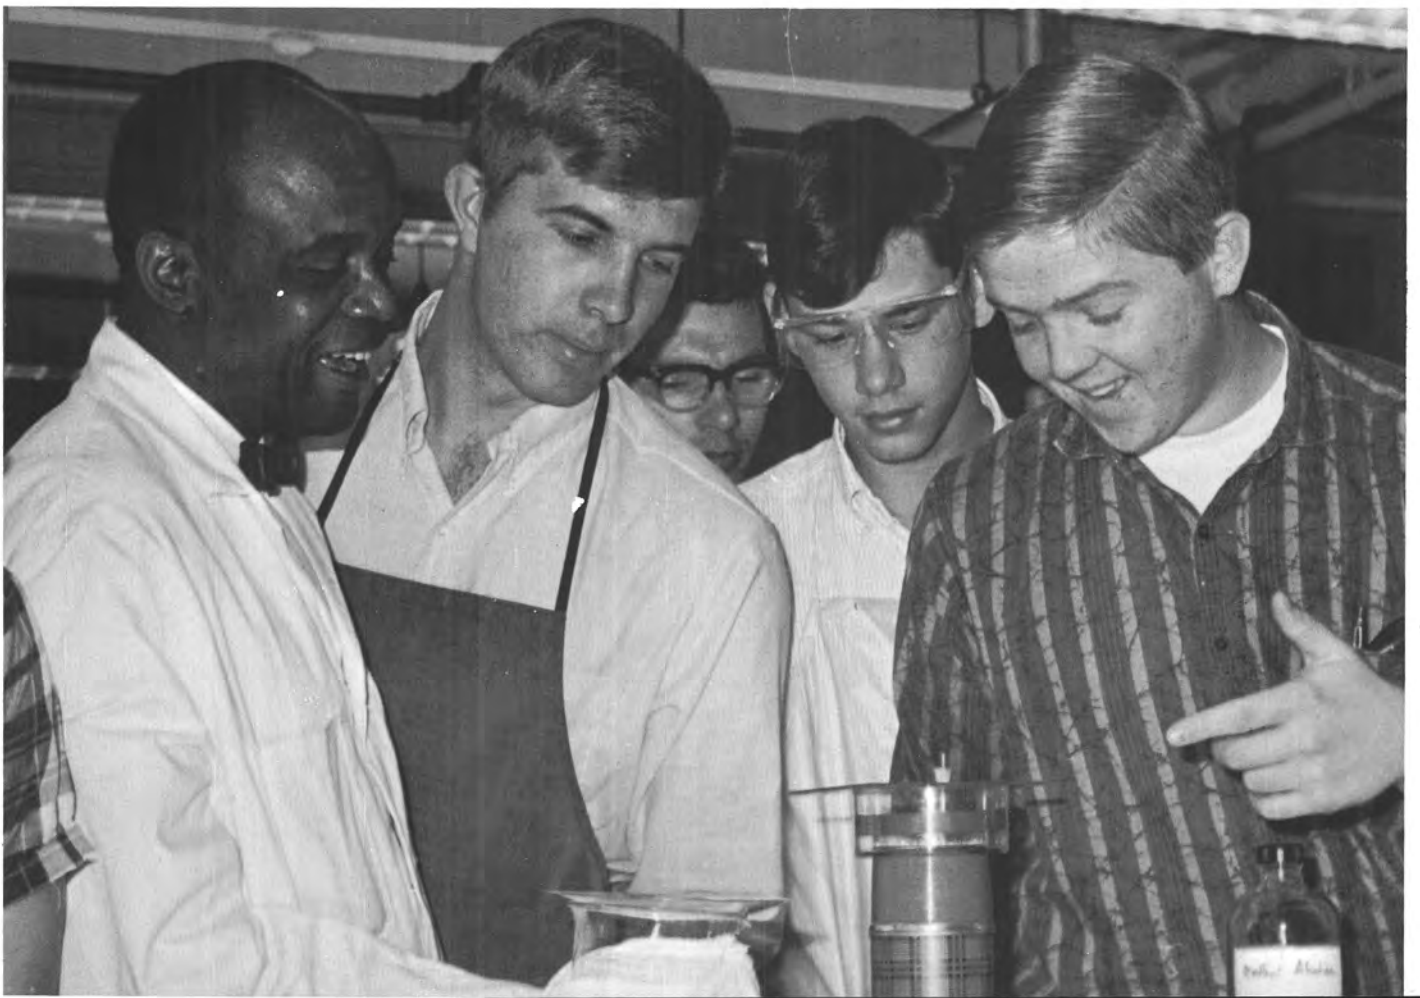

Miss Claire Cleary of the Physical Education Department.

Mr. Robert Ackley of the Sociology Department.

Mr. Okon Essiet of the Chemistry Department.

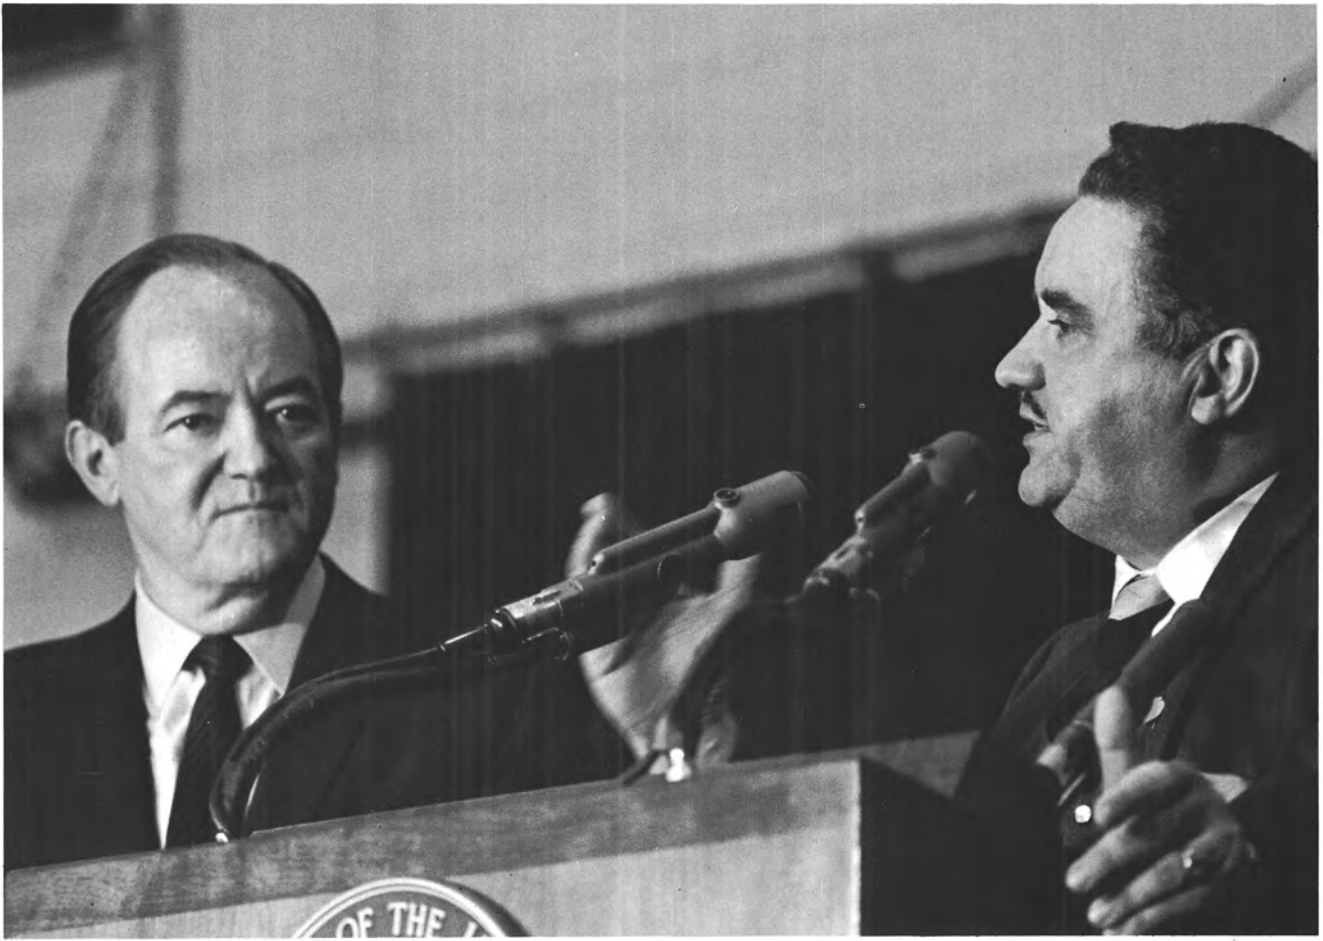

Herbert Sandmann of the Art Dept.

Dr. Monica Bainter of the Physics Dept.

Paul Kelch of the Data Processing Dept.

1968 is a presidential year and WSU was helped to make up its mind by the impressive speakers invited by the Political Science Club.

On March 23, Vice-President Hubert Humphrey and on March 26, Senator Eugene McCarthy was on campus. Both spoke to capacity crowds in the field house which also included a bevy of reporters and cameramen. Afterwards discussions were held all over campus as to the merit of each man's talk.

Students appear to be perpetual motion machines in the first few days of the new semester. Students move into dorms, move out of illegal off-campus residences, and pick-up their precious books. An enjoyable move is up that book of fond memories of the past — the Iris.

If you can't digest the material any other way, you could try this fellow's technique.

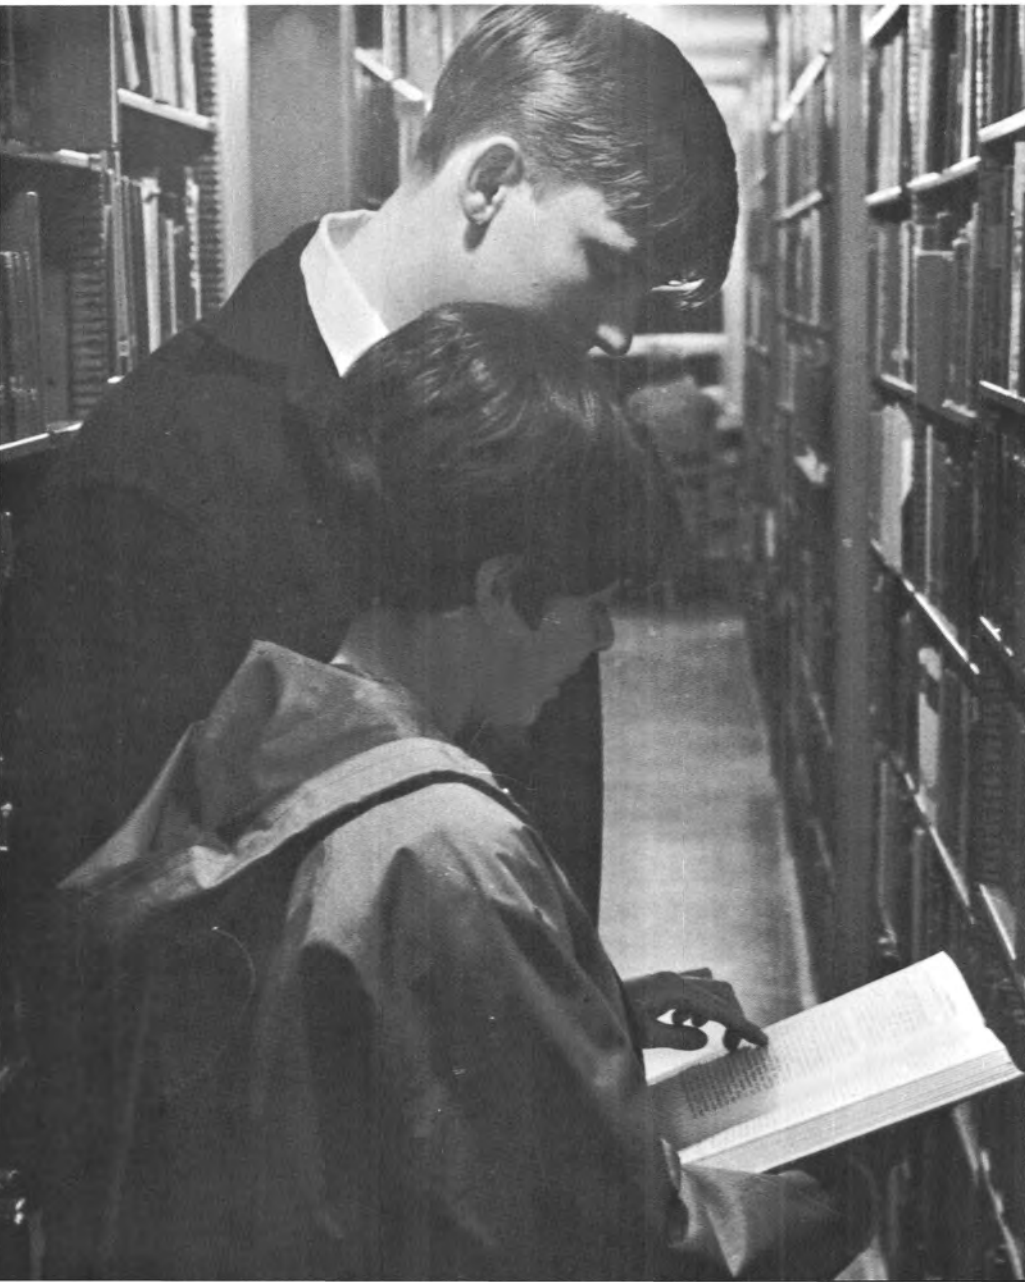

Wisconsin Room by day . . .

Registration at this university presents what is most likely the height of frustration to the student. At its best registration is synonymous with lines, closed classes, lines, fee payments and more lines.

and night.

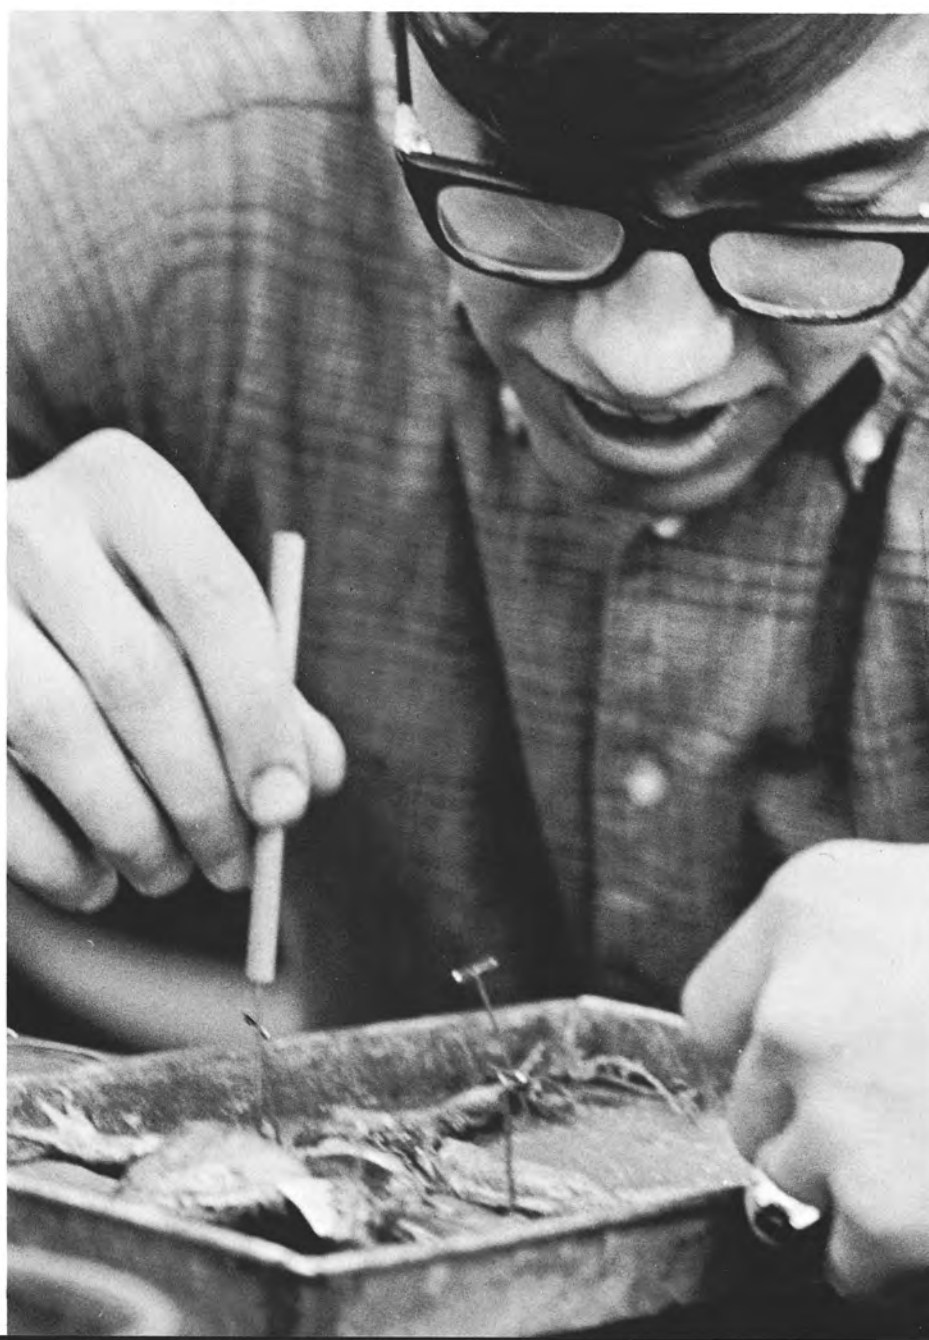

Involvement is often one of the most descriptive characteristics of a student. Often there is also personal enjoyment to be gained from discovery.

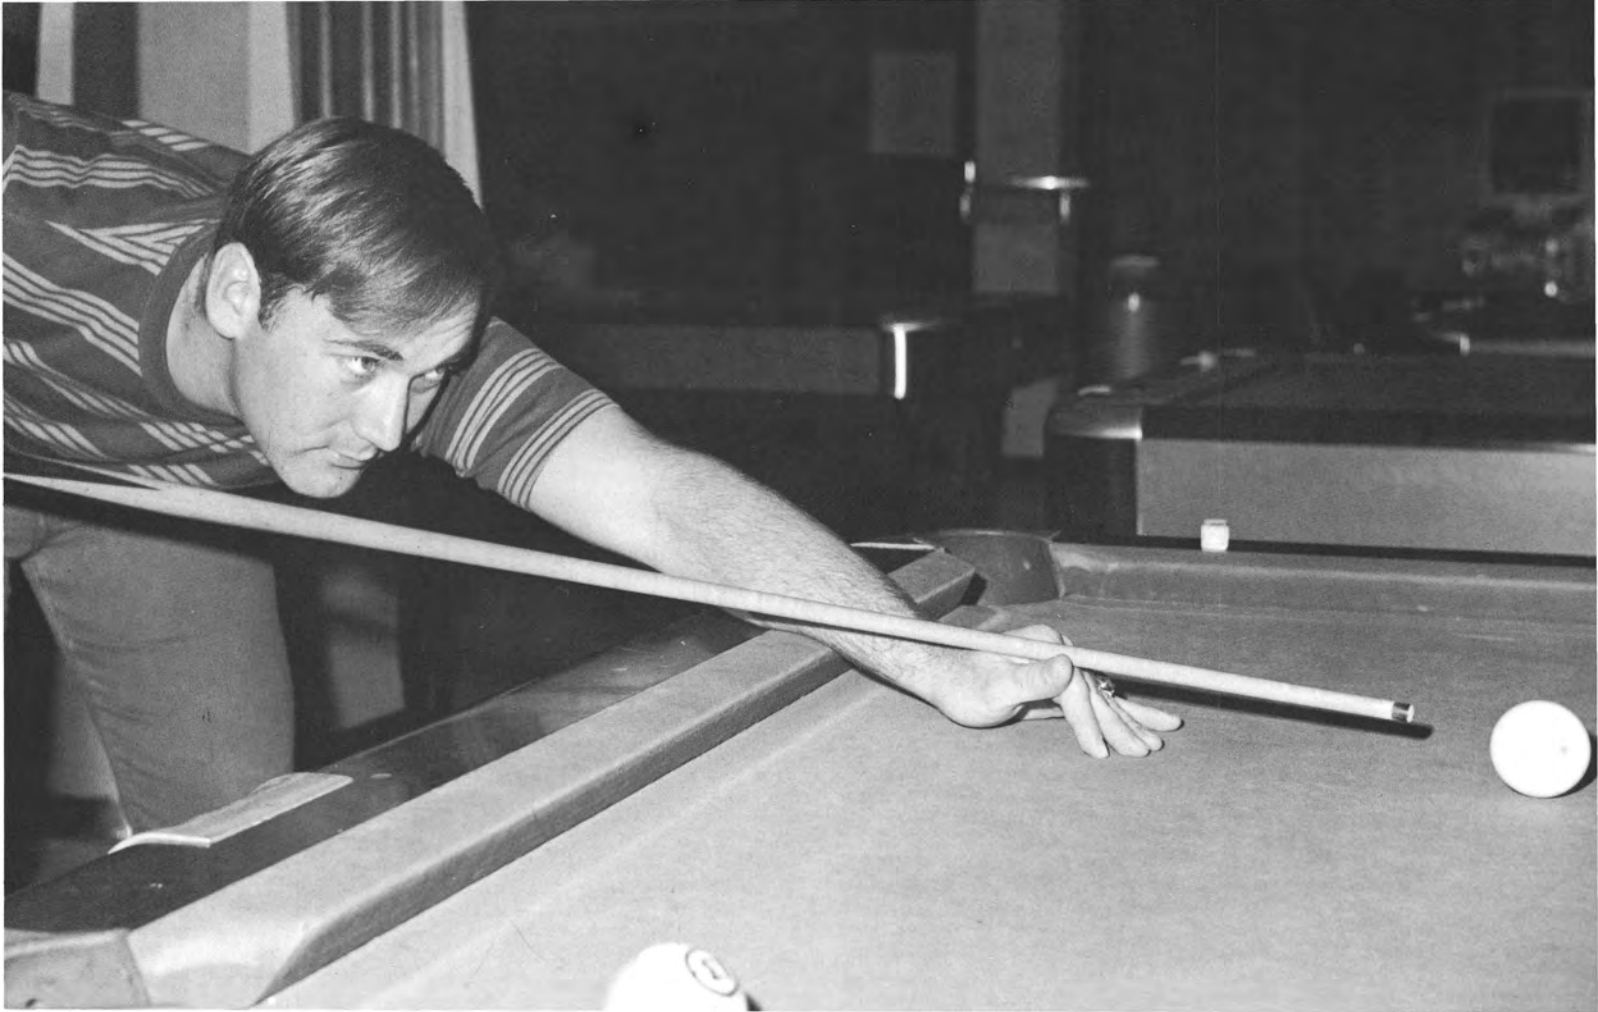

Some students attempt to learn athletic skills while other still scrapple with text book problems.

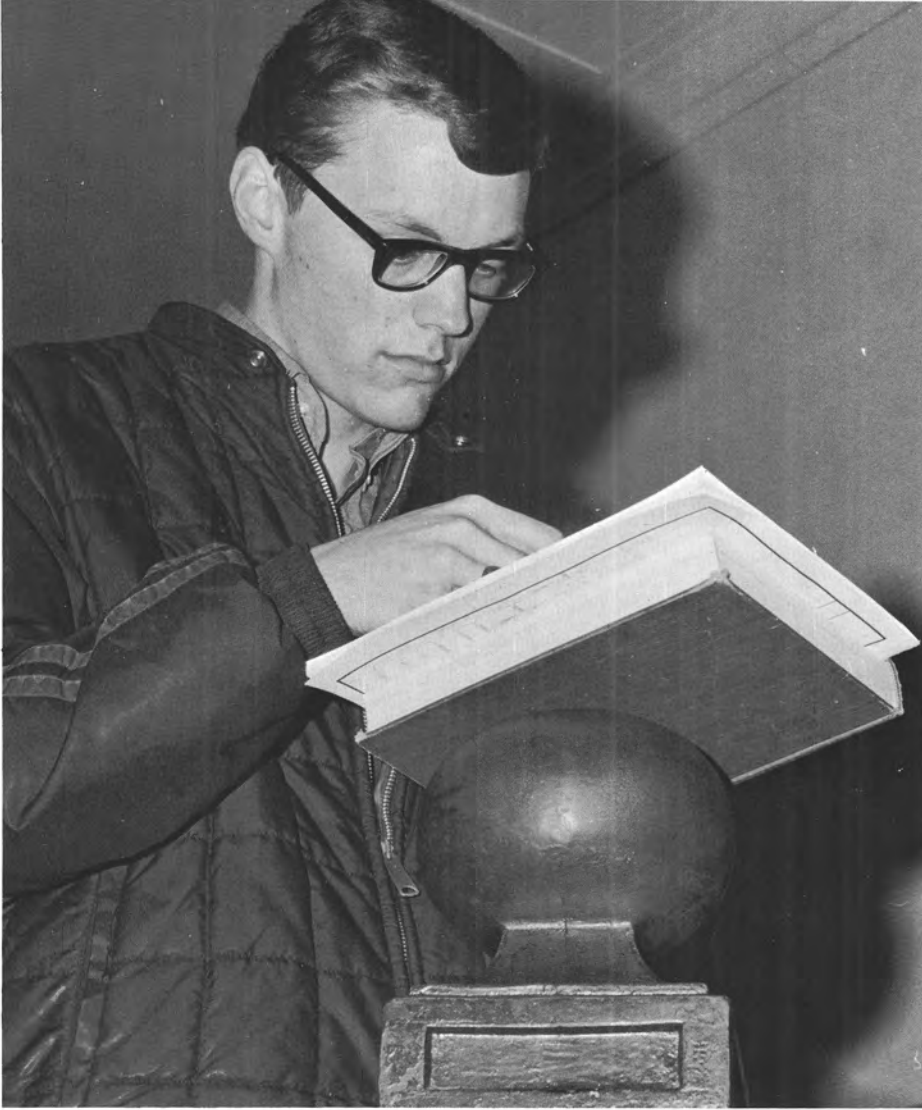

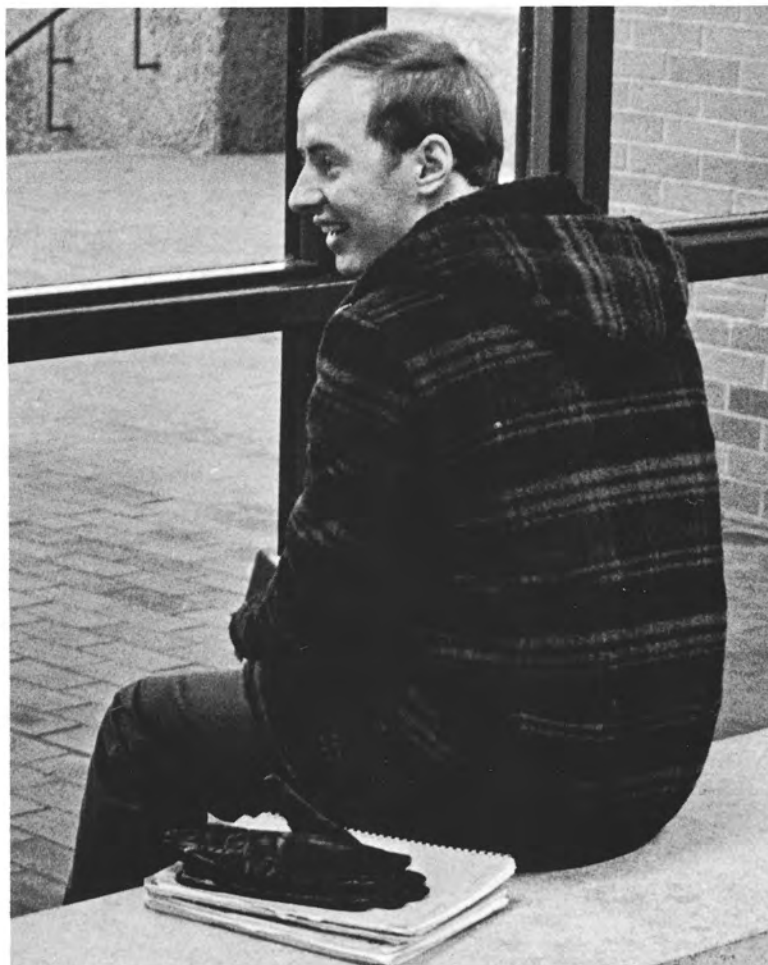

Students find their own ways to relax

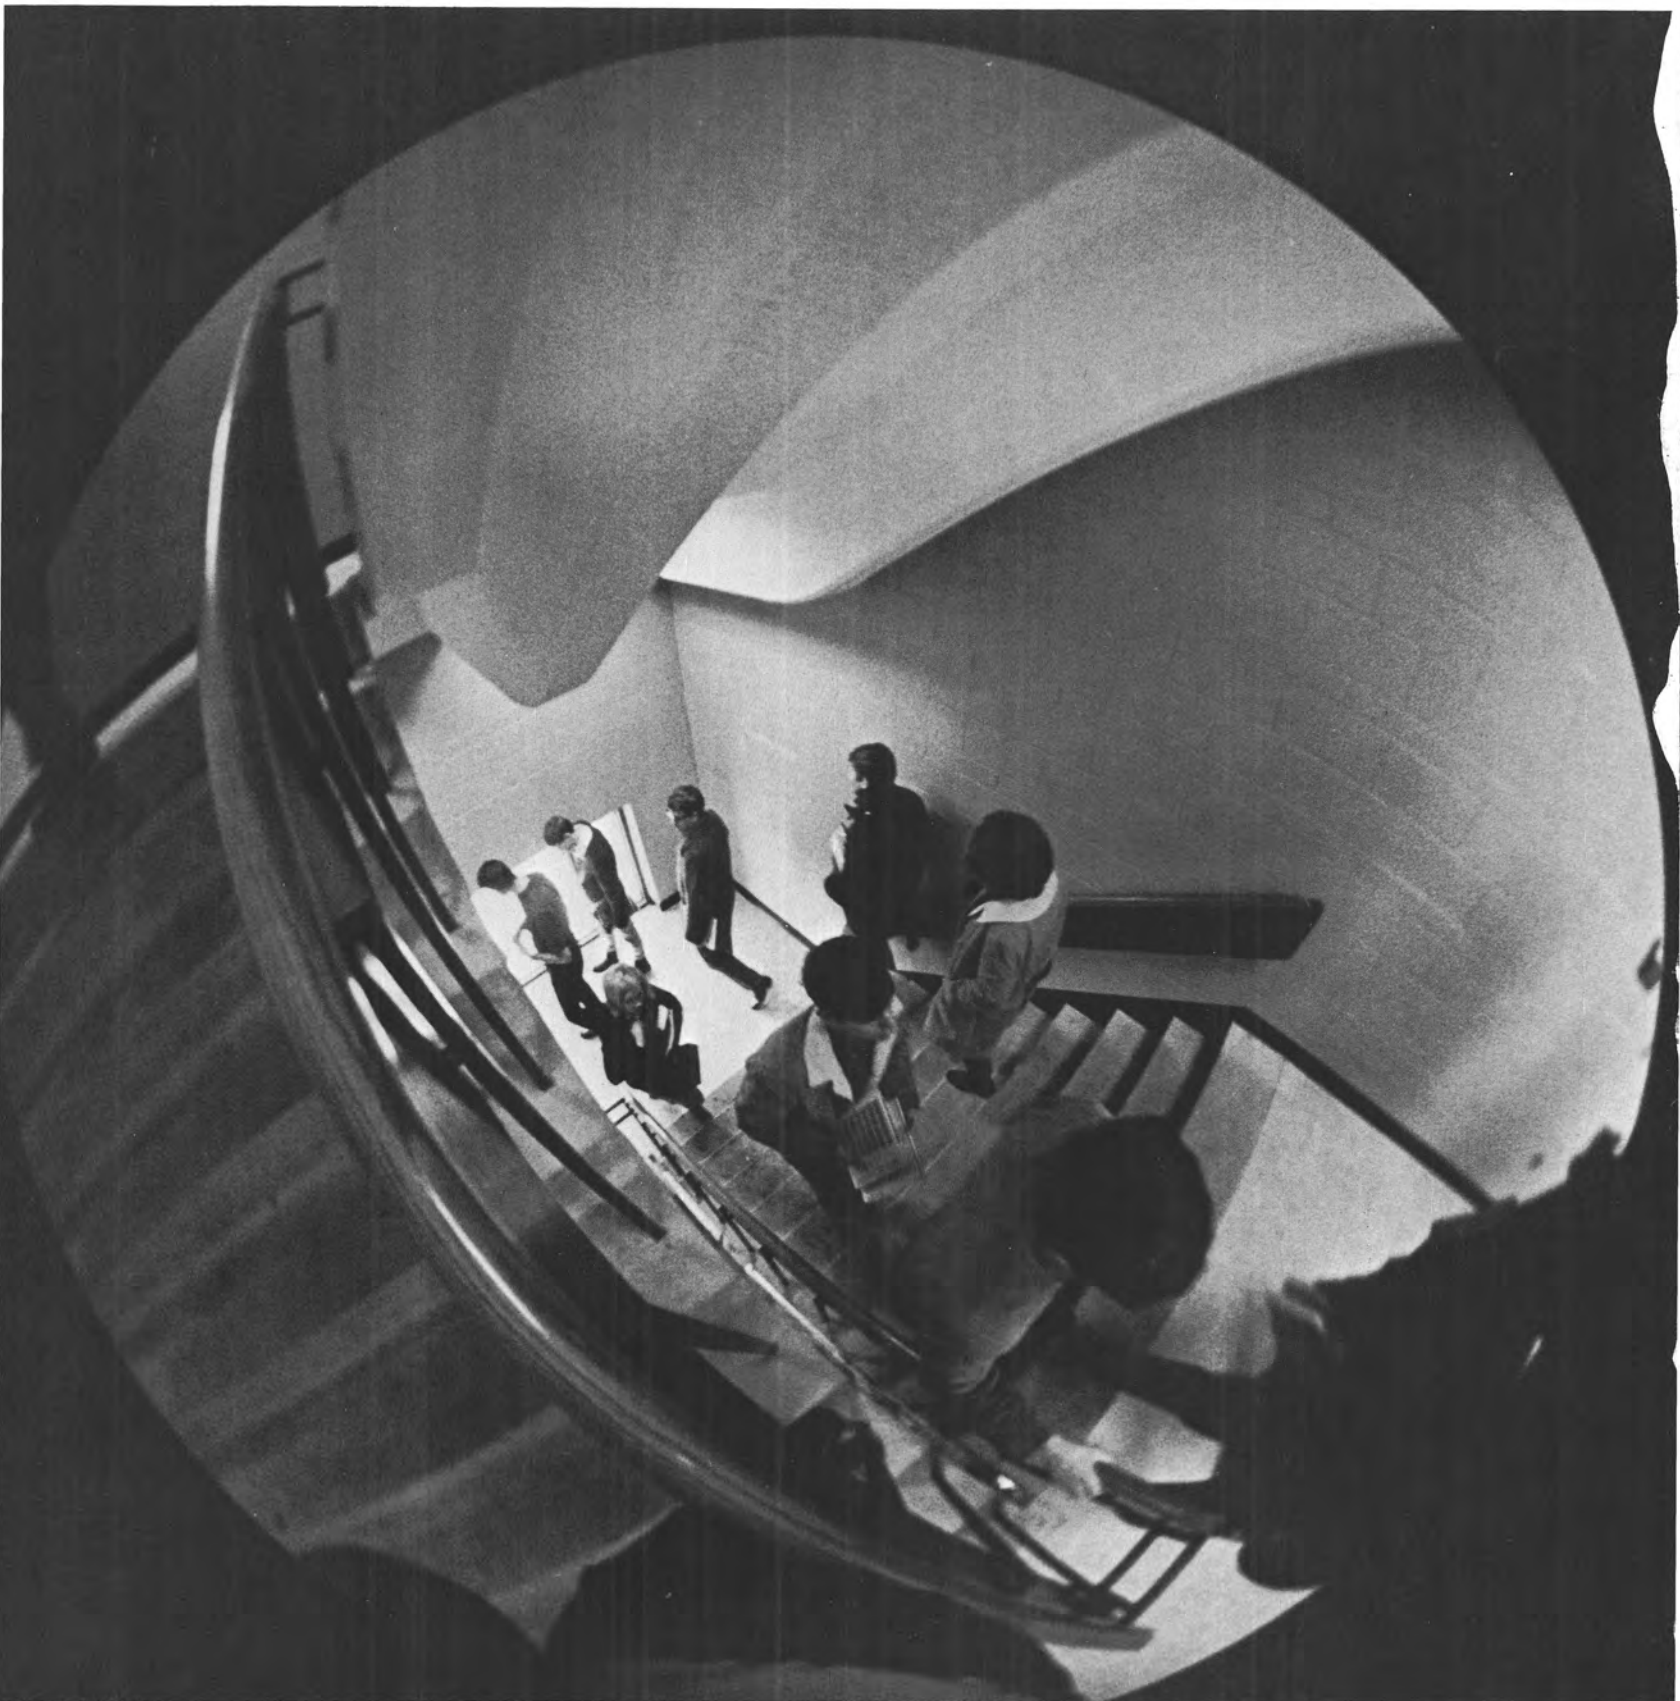

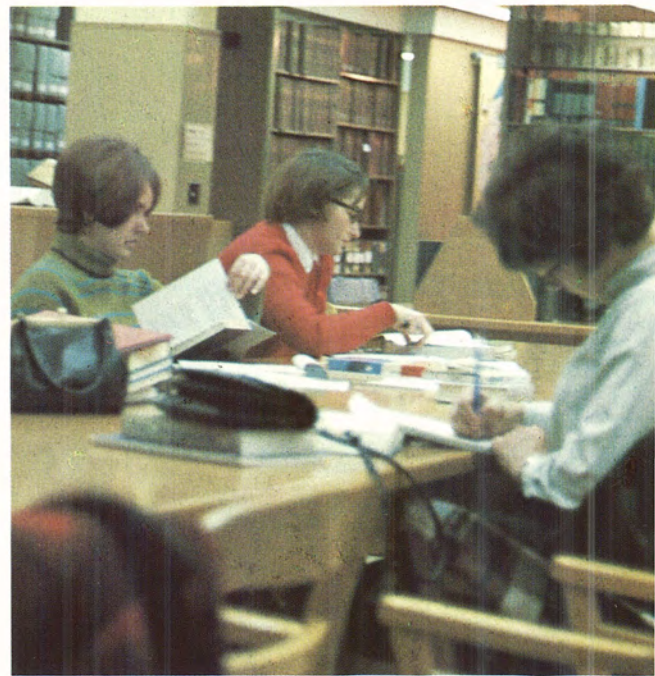

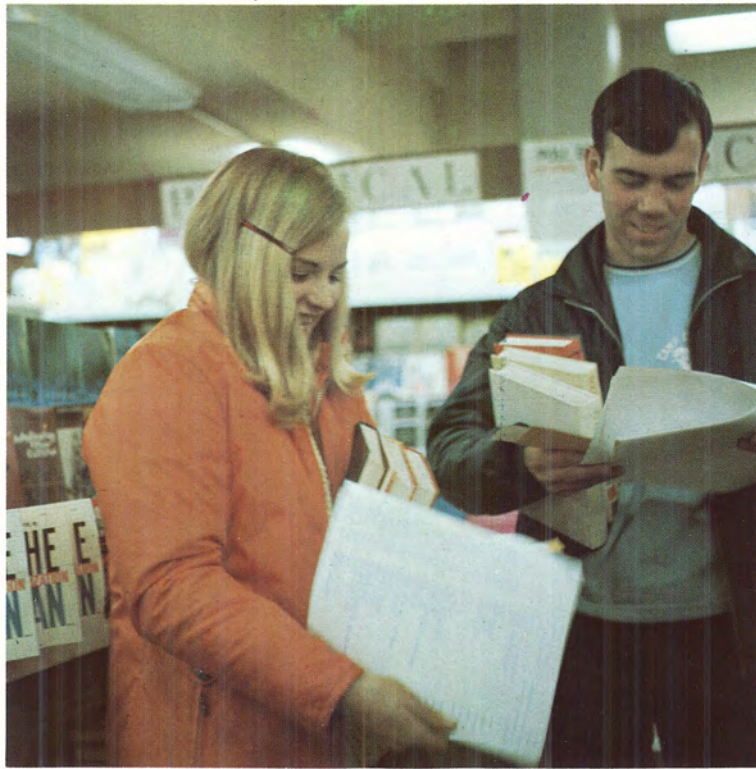

Students frequently combine their periods of relaxation with studies for that special class. Help or consolation are always agreeable companions for these moments.

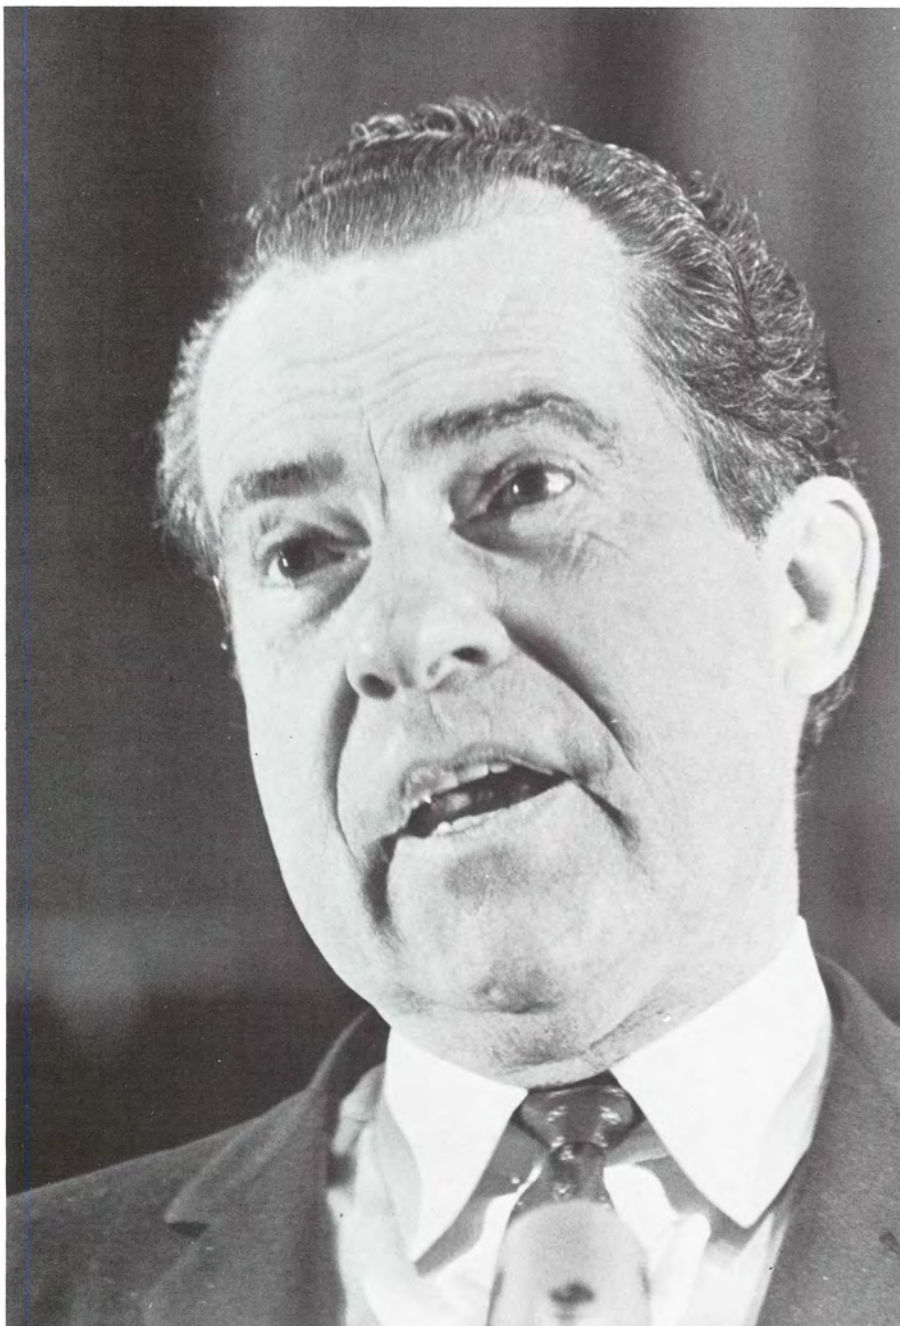

As elections approached, numerous candidates appeared on campus.

Mr. Richard Nixon answered the questions of the students after his speech. Two of the students who asked questions were Ed Neubauer and Jim Kellerman.

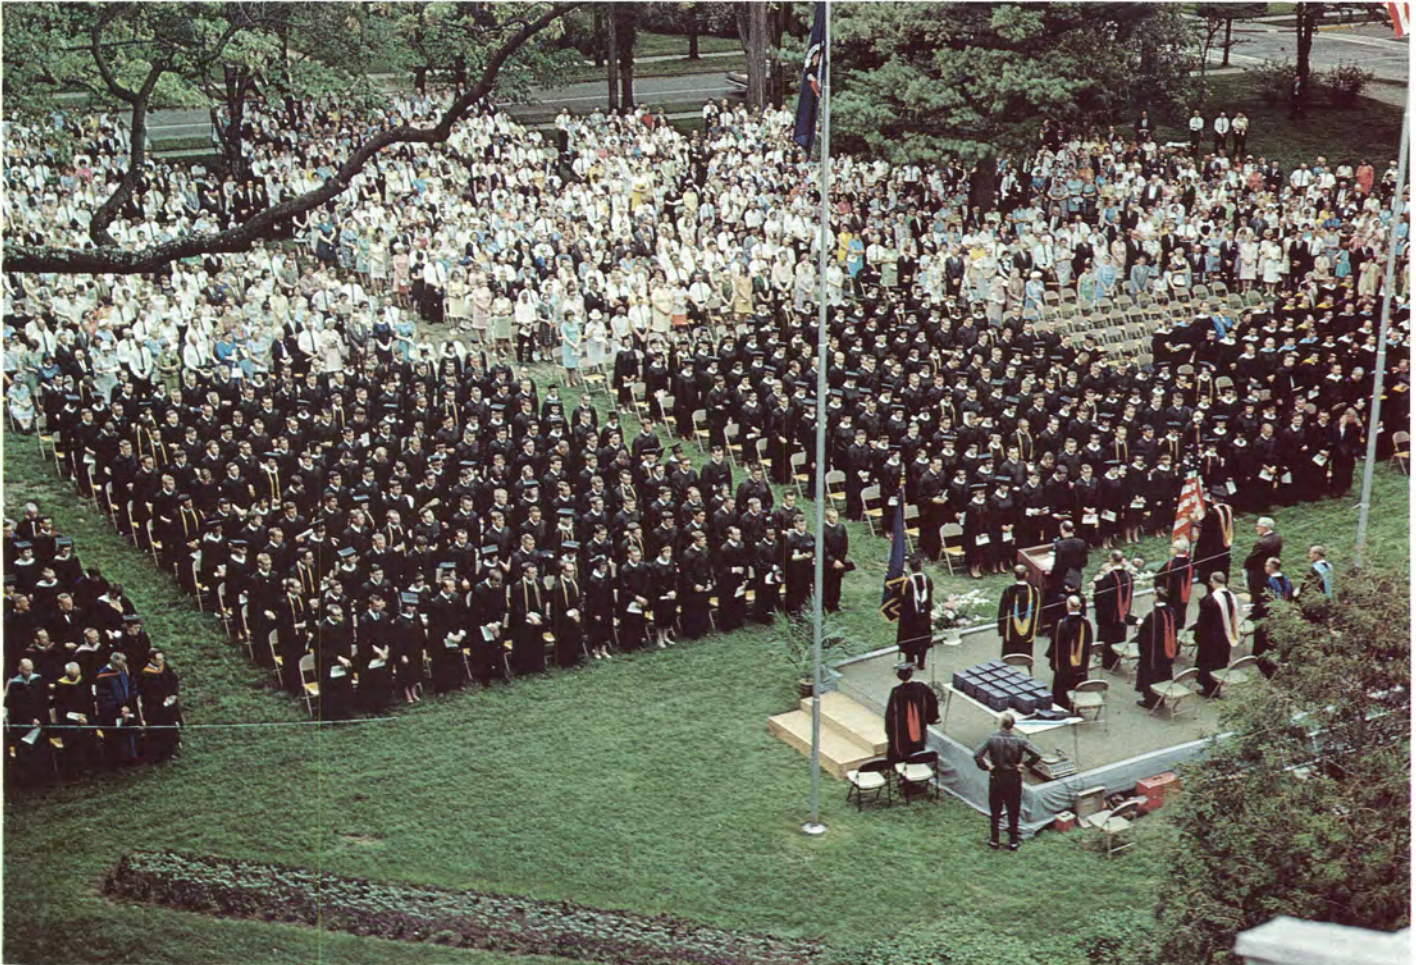

Mrs. Romney represented her husband here. She also answered questions.

Both speakers were received by very large audiences.

The day awaited . . .

Regent Williams helps President Dreyfus on with the new presidential medallion.

A long line of students, faculty and alumni prepare to enter the

A jewelled medallion was presented to Lee Sherman Dreyfus as he was inaugurated as the ninth president of WSU-Stevens Point. The ceremony took place on May 11, 1968, in the fieldhouse.

The highlight of the afternoon was the speech given by Eugene Mc Phee, director of the Board of Regents. The other main speakers were Mrs. Mary Williams, Gordon Haferbecker, Norman Meshak, William Kahl, William Hansen, Clifford Heise, and Norman Knutzen.

The medallion is the product of two months work by Henry Runke, chairman of the art department. The center is a purple amethyst stone representing the university color. Lines lead to four jewels representing the four colleges.

The day's activities were ended by an inaugural ball. Skitch Henderson and his orchestra provided the music. President Dreyfus continued his style by showing off the medallion on a red dinner jacket.

It was a very eventful day for WSU-Stevens Point.

President Dreyfus takes time to show off his red vest.

field house prior to the inaugural ceremonies.

Some educators believe that the best way to learn is by doing. This is exactly the theory that Mr. Frank Hatch employed when he presented **Boxes**. Boxes was an experimentation in spontaneity and interpretive dancing.

The dancers used their talents to communicate the horrors and sadness of war and then combined spontaneous feelings and imagination to create an interpretation of Life and Love.

Lord Mark proposes to Millie.

Denton tries to comfort Kate.

“Wings of the Dove,” a play adapted from the novel of Henry James, depicts a contrast between American and European socialites. WSU-Stevens Point University Theater presented this play from March 6, through 9, 1968.

James found that by placing an innocent character in a sophisticated society he could more easily contrast two societies. In “Wings of the Dove” he uses the innocent, yet morally strong and beautiful character of Milly Theale.

With Milly in the Venice, Italy setting are Merton and Kate. This young couple, deeply in love, are unable to marry because Kate’s aunt feels that Merton lacks wealth and success.

Milly is able to protect Kate and Merton along with herself by her innocence. She is the dove, but not because she is soft and weak. A dove has wings for protection, and she uses hers against a society of intrigue and falsehoods to remain untouched.

Millie writes a note to Denton shortly before she dies.

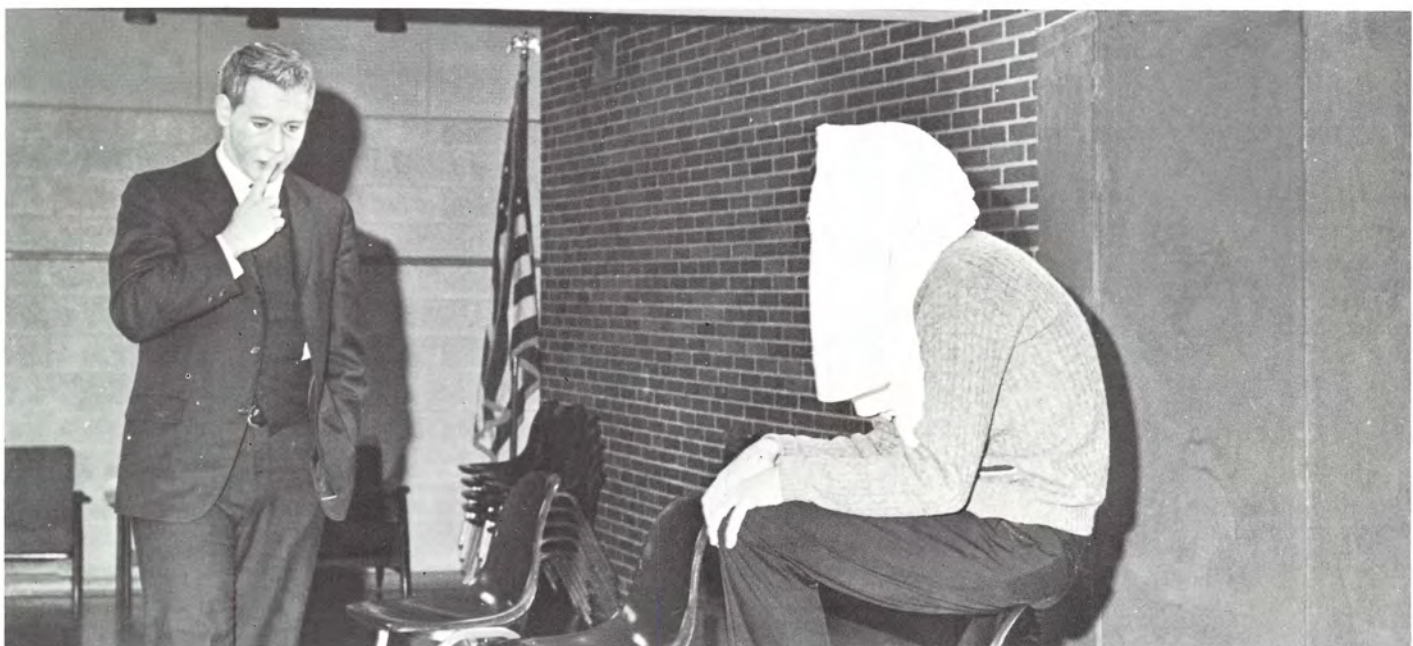

Milly Theale S. Young

Lord Mark and Pasquale make a bargain.

Robert Montgomery and William Phillips perform for one of the Tuesday Afternoon things.

Just about any Tuesday afternoon the Wright Lounge is turned into one of the most sought after places on campus. This is the scene of the varied Tuesday Afternoon Things. Things are what they are.

Everything imaginable is performed by the drama department, speech department, music department, and groups of individuals. They provide a welcome interlude from studying.

On Oct. 26, 1967, the Stevens Point campus was privileged to hear **Mr. Stassen** speak in commemoration of United Nation's Day. Mr. Stassen, former Minnesota governor and twice a candidate for the GOP presidential nomination spoke on the topic of "Vietnam and the United Nations."

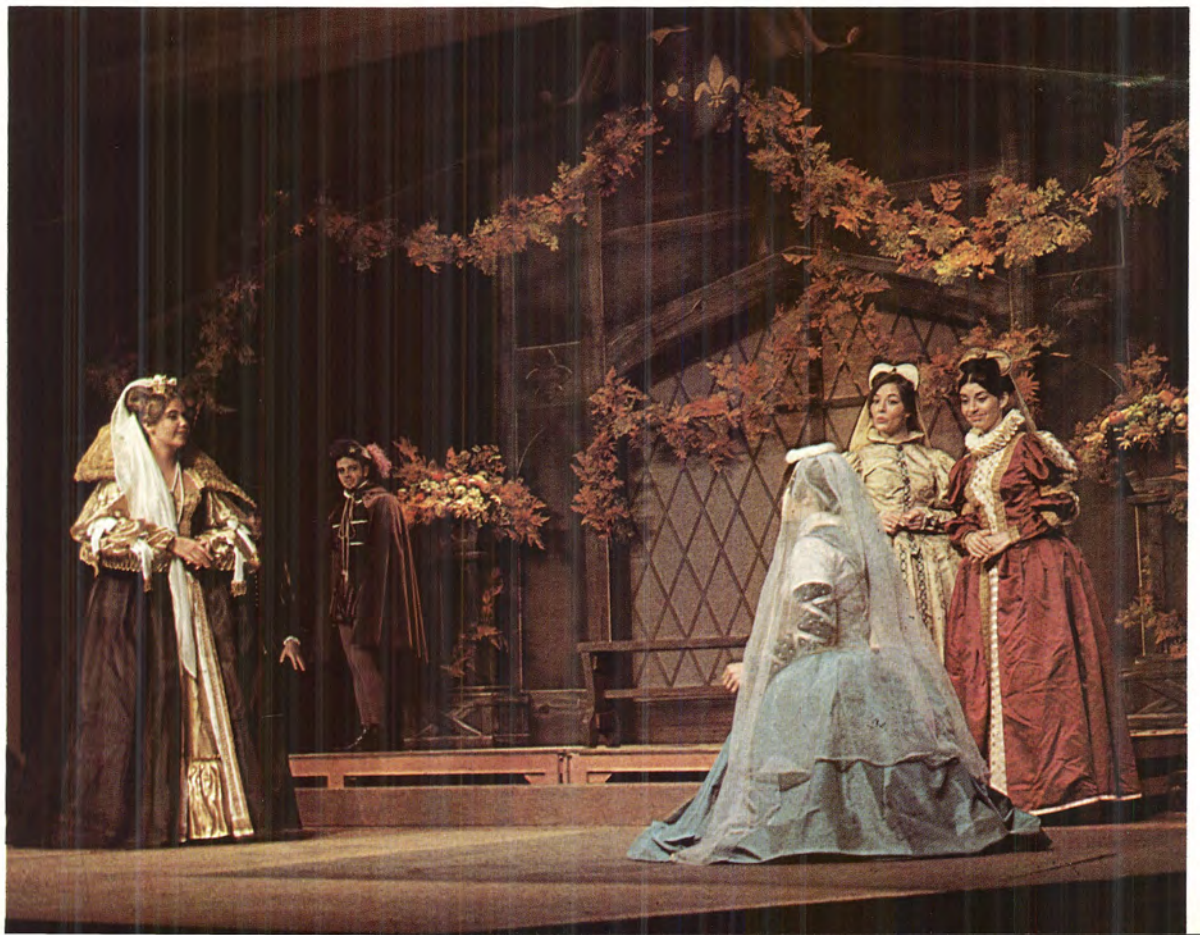

Dr. Spindler on Oct. 26, 1967, spoke on two topics at the college in the Classroom Center. In the afternoon he spoke on the "Acculturation of the American Indian." He mainly discussed the Menominee Indian living in our own Wisconsin area, and the Blood Indians. In the evening "An Anthropologist's View on Adolescents" was the topic of his speech. He brought in the values culture and education serves in making responsibility felt by its members.

The University Theatre presented *Love's Labor Lost*, a comedy by William Shakespeare on Dec. 1-6, 1967, in the auditorium of the Main Building.

The Players depicted a group of young men who pledged to study together for three years. The men promised to fast, shun sleep, and abstain from women during their pursuits of study. But the scene changes when the Princess of France and her ladies arrive. The play was outstanding in performance and costuming.

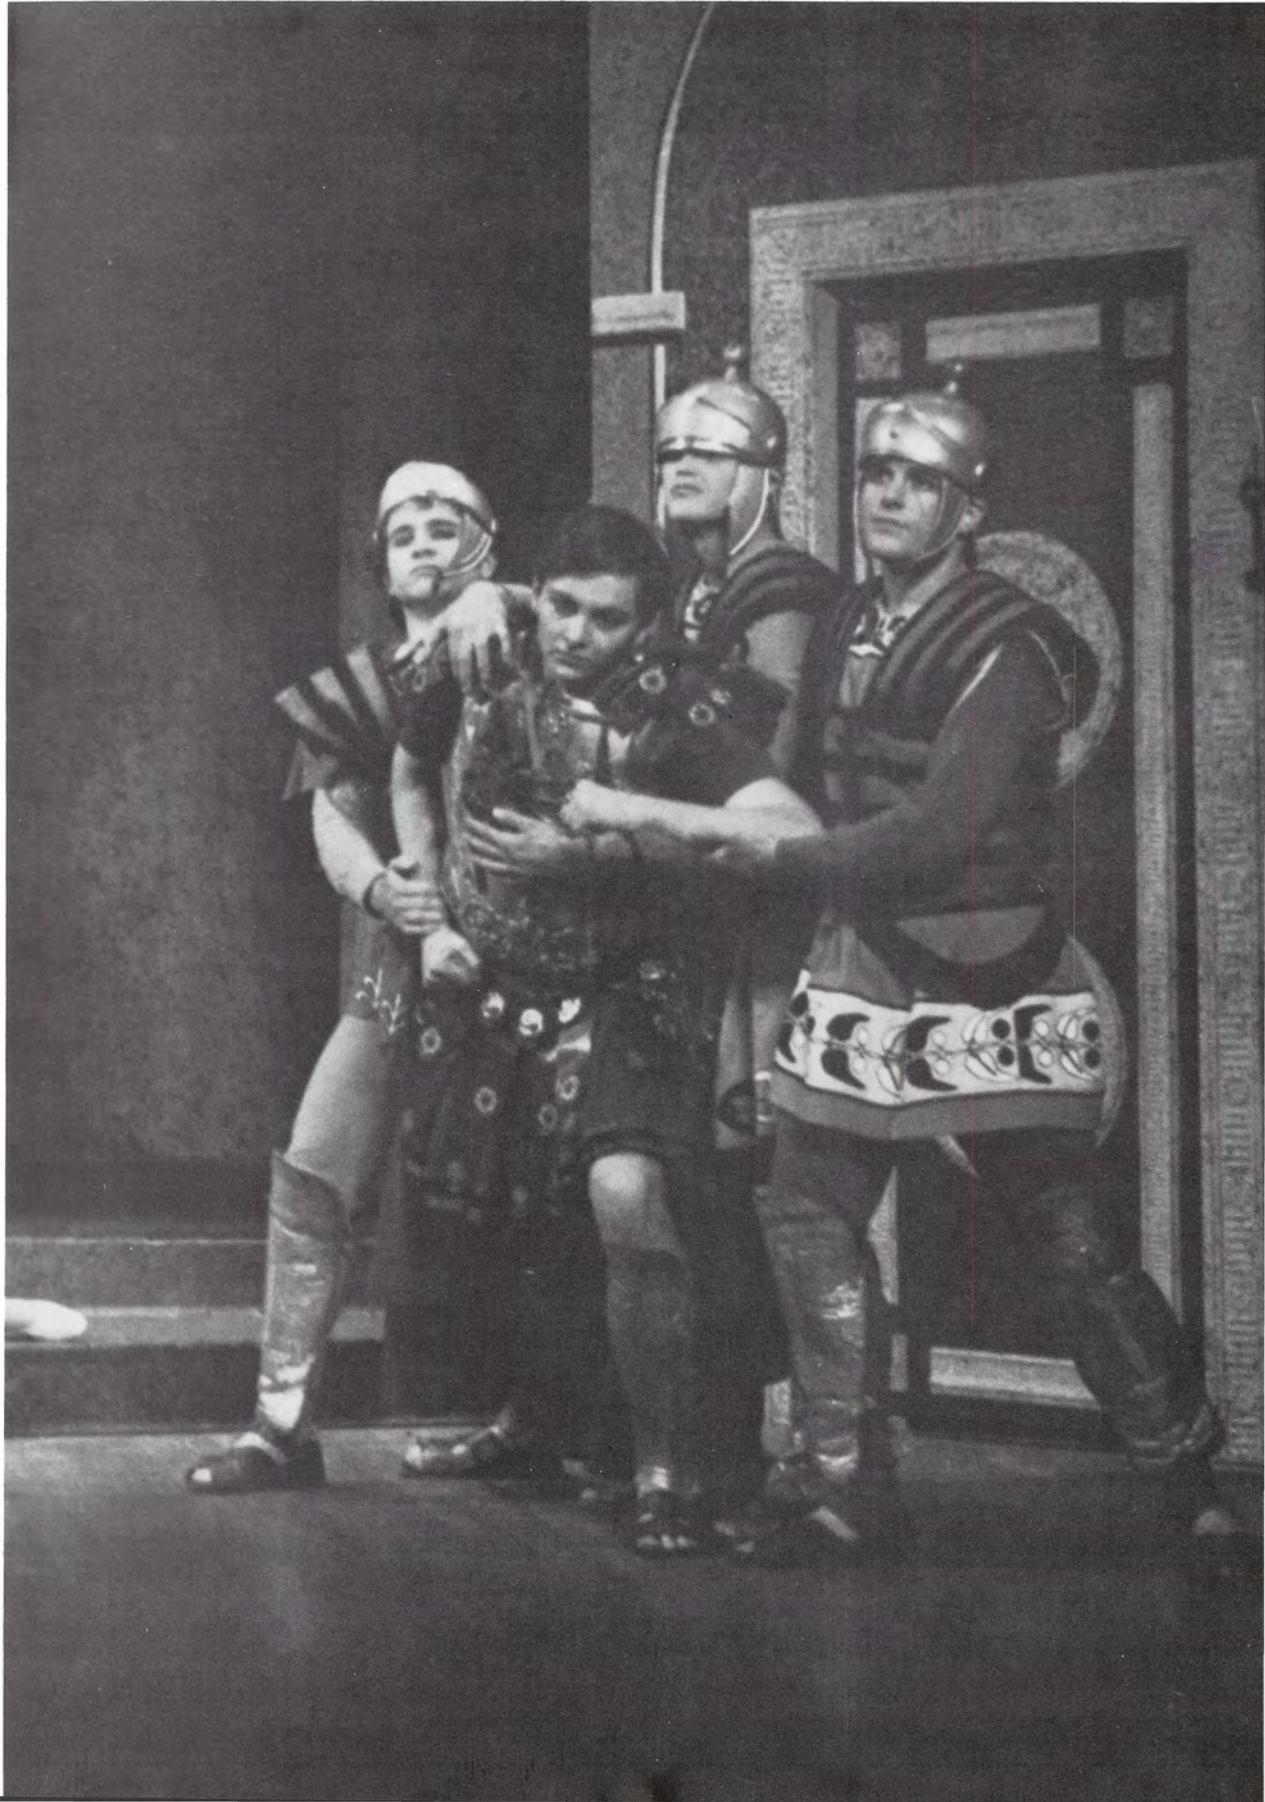

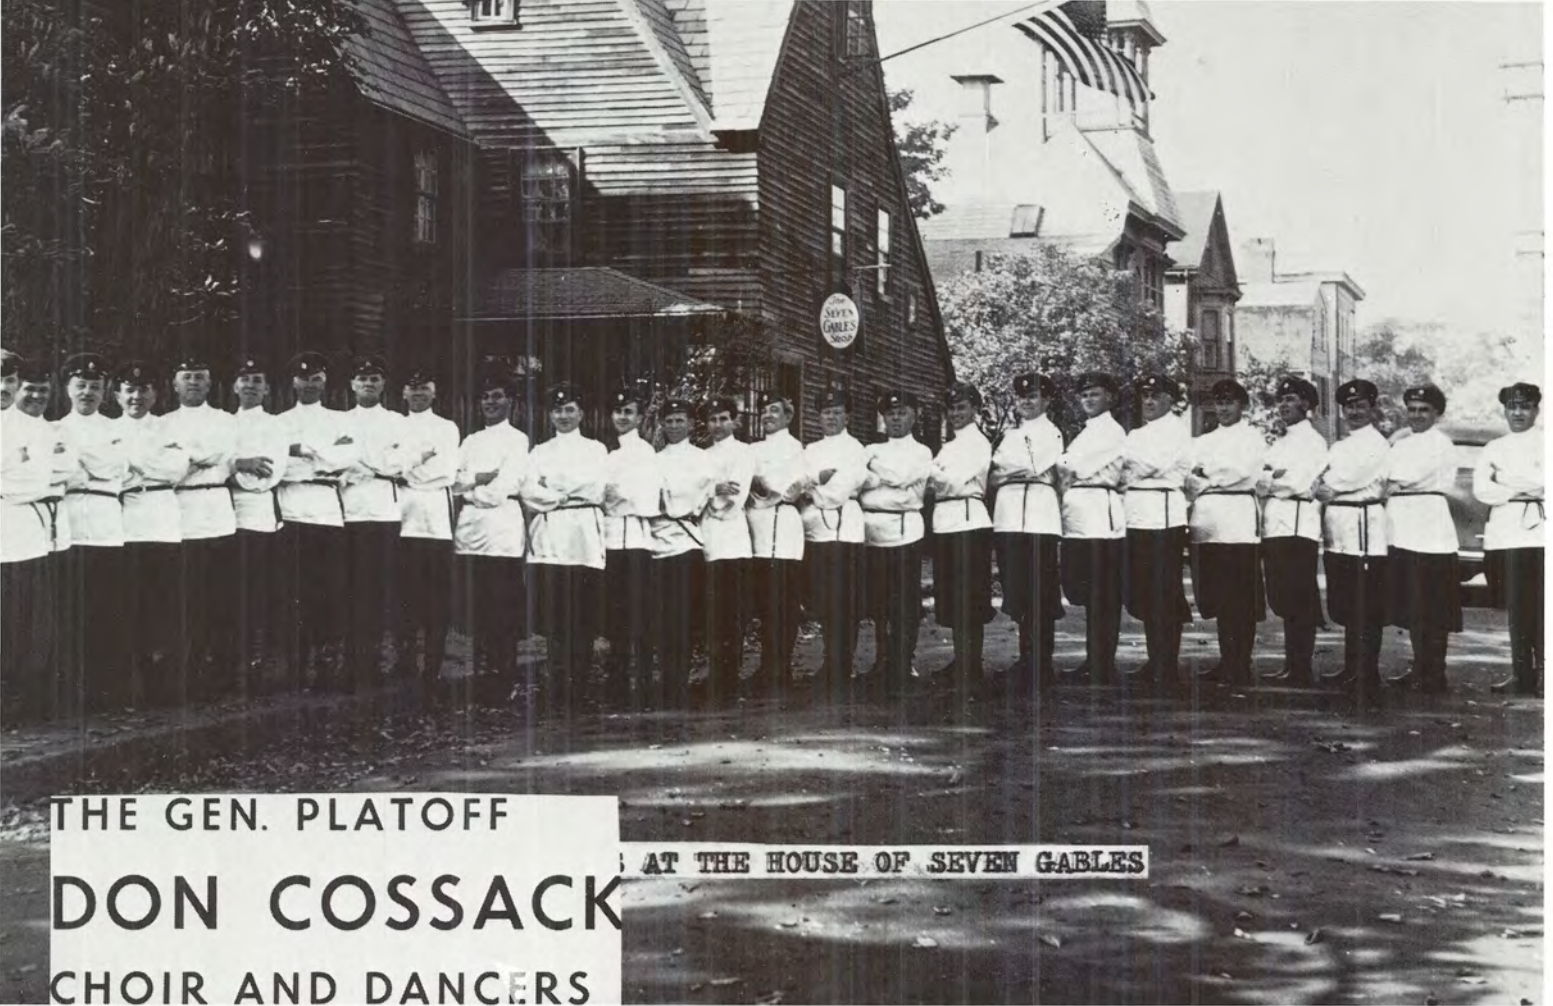

The Stevens Point University Theatre opened the 67-68 season with **A Funny Thing Happened on the Way to the Forum**. The play was presented from Nov. 16-18, 1967 in the university auditorium. This was the first performance ever to be presented jointly by both the drama and the music departments. The musical presents comical situations taking place in time before the Christian era. The play, a combination of happenings of mistaken identity, the recovery of children, shipwreck, chase, romance, and humor, all provided laughter and humor to the overflowing audience. It was a play long talked about and remembered.

THE GEN. PLATOFF

DON COSSACK

CHOIR AND DANCERS

AT THE HOUSE OF SEVEN GABLES

On October 6, 1967, the **Don Cossack Choir and Dancers** made their appearance in the WSU Arts and Lectures Series. This twenty-five-member choir is under the direction of Nicholas Kostrukoff.

The program held a variety of religious, folk and patriotic songs. The Cossacks would bring the audience from the sad tune of love for the homeland to the humor of a comic folk song to the gayness of a gypsy tune. Laughing and whistling coupled with various sound effects were used to heighten the entertainment of the songs.

Cossack dancers led several of the songs with their lively movements. The unusual and difficult dancing was done to such songs as the Laughing Polka.

Lucia Hawkins, star of LOST IN THE STARS.

Lost In The Stars is a musical tragedy based on Alan Paton's novel, **The Beloved Country**.

The story is set in south Africa where all the people, mostly black, are in despair. Reverend Stephen Kumalo is burdened with the wrongs of his son, Absalom. Absalom is forced to rob to support his wife Irina, and their unborn child. The robbery fails; he shoots a white man and he is sentenced to hang.

The problems that Kumalo and his people face occur because of white power. They do not have equality and have lost their identity. They look over their country and see the failing earth and the valleys of old men and women and children. They see the wasted time, the wasted youth and wasted man. And the country cries out for all.

Absalom died, but before his death, Stephen and the murdered man's father form a relationship of respect based on truth. The country cries, but not in vain.

The University Choir and Madrigal Singers assisted by the brass choir presented their **Christmas concert** on December 1. Thirty-seven coeds fitted with blue velvet and candlelight white crepe formals gave a new look to the annual affair.

Beginning with the singing of the Palestrina "Gloria Patri" the choir and Madrigal Singers continued with works by masters of Renaissance and Baroque music.

The brass choir added to the main part of the program with works by Purcell, Gabriel, and Anderson.

Madrigal Singers presented carols from various countries, and the concert concluded with works by nineteenth and twentieth century composers.

Kenyard E. Smith, Director of University Choir

Sister Angelica pleads with her aunt, the princess.

Giacomo Puccini's opera "Sister Anglelica" was presented as the second portion of the opera workshop production.

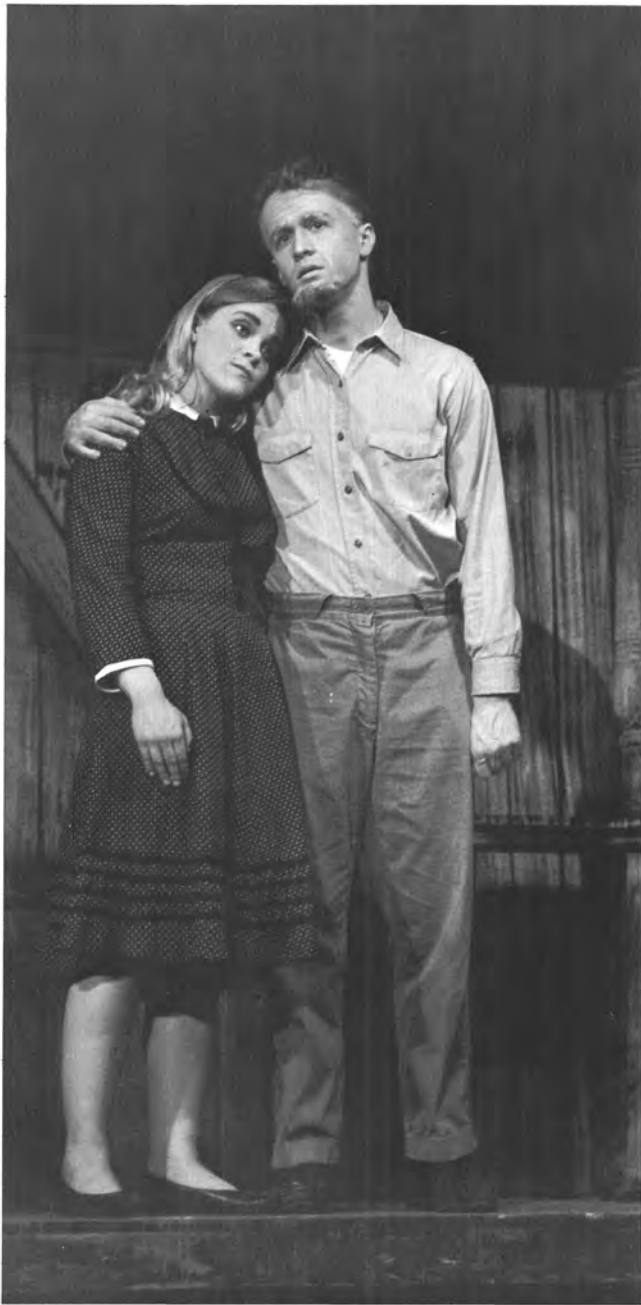

We see Sister Angelica as a sensitive individual of the convent. All the nuns are joyful and satisfied, with the exception of Angelica. She awaits word from her family that she left seven years earlier. She abandoned an illegitimate son and turned to the convent to lessen the disgrace that she had brought her royal family.

When, after seven years her aunt appears, she finds that her son has died. Angelica is so grieved — the only way out is death. She longed to be a real mother. In the sorrow and horror of suicide she sees the spirit of her son and reaches out to him, never to touch.

Mr. William Lutz

Mr. John Bailiff

Mr. Robert Ayanian

One of the **Last Lectures** given this year was by Mr. William Lutz of the English Department. The subject of his lecture was the definition of student power. He feels student power is a movement to take an active part in his university.

Speaking on "Existentialism" in another lecture was John Bailiff. The essence of this philosophic cult was revealed through a discussion, a question and an answer.

Man exists as an individual, he strives to live as an individual. Man's life is clarified by the fact that he must die in the end.

"Objectivist Ethics and Political Economy" — title of a lecture given by Mr. Robert Ayanian of the Economics Department.

This philosophy is fact-centered rather than emotional. Man needs a code of values and he should be the recipient of the value. Do things for yourself. Be true to your convictions. Political freedom is a system in which no man or group of men have the right to initiate force against any man or group of men.

Babette pleads with Sepp.

A Learning Play Without a Lesson

Time: Now and Then

Place: Anywhere — Everywhere

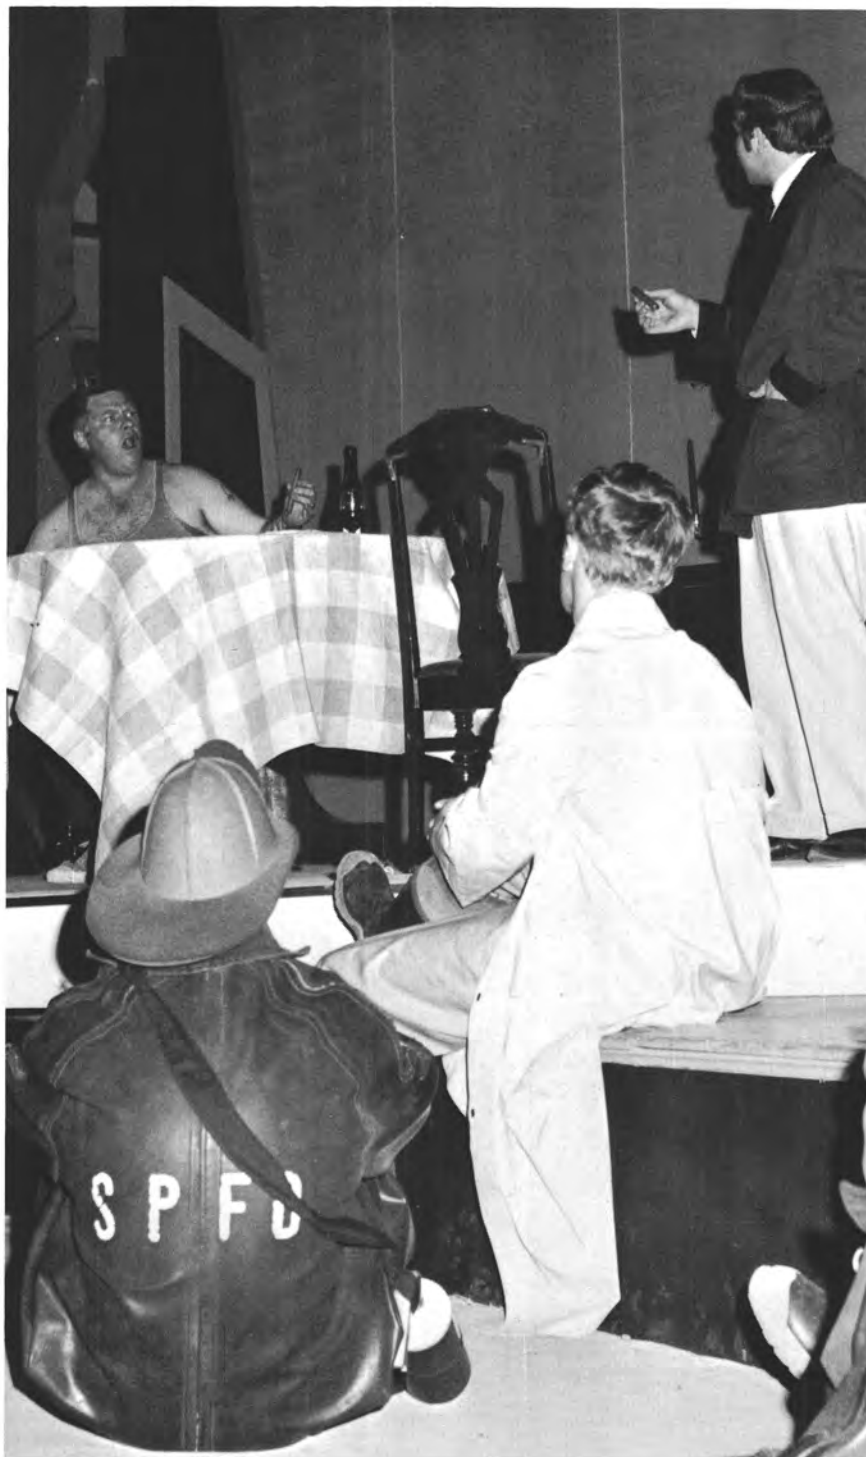

Sepp and Willi have a good grip on Gottlieb.

“The Firebugs” composed by Max Frisch and used by the University Theater is a questioning play without the answers. This intellectual fantasy was presented May 1, 2, 3, in the WSU Auditorium.

Frisch’s play is a social and political satire. The “Firebugs” are arsonists. They can and will destroy peoples’ homes, but people don’t care to be concerned about it. They feel it won’t happen to them.

A parallel can be made to our world and its many wars. The trusting and indifferent society accommodates the warmongers. People don’t think it possible that the button will be pushed.

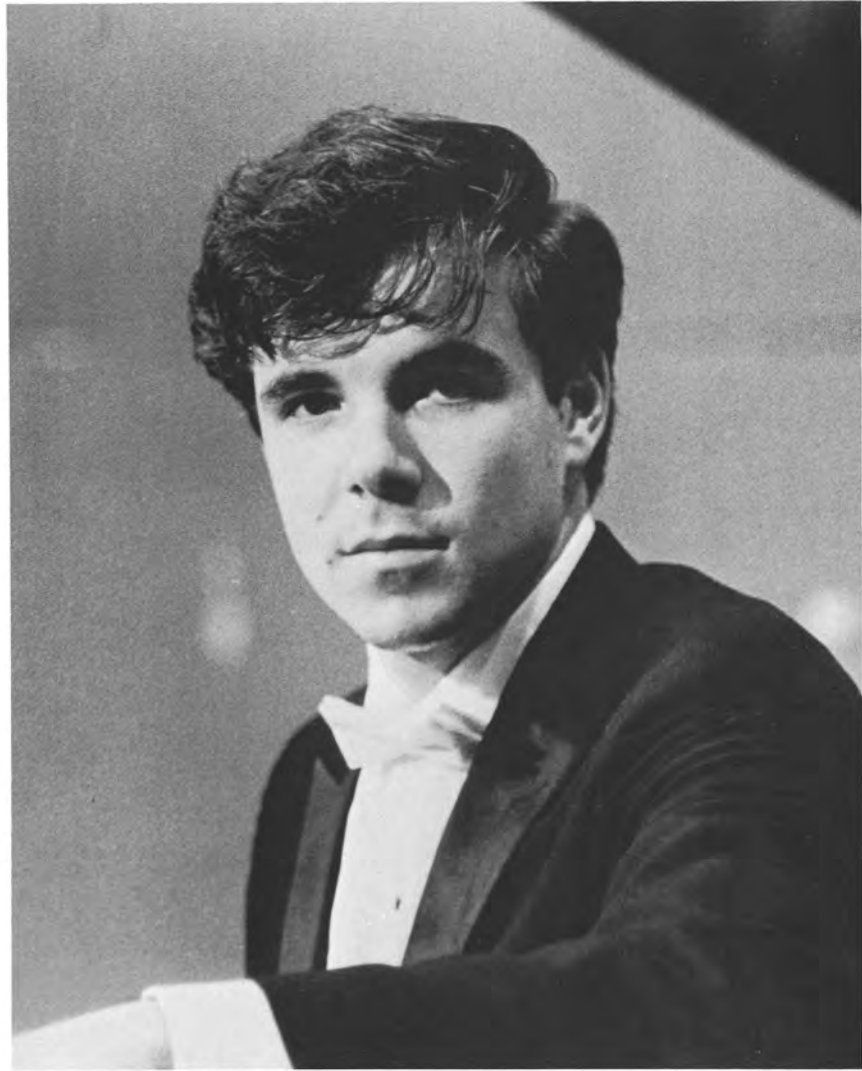

Pianist **Misha Dichter** performed in concert on April 4, 1968, at the Fieldhouse. He played selections from Brahms and Stravinsky.

Dichter received his education at the Julliard School of Music in New York. In June 1966, he was awarded a silver medal at the Third International Tchaikowsky competition in Moscow. The debuts and tours of Misha Dichter are highly acclaimed.

Andre Previn, conducting the **Houston Symphony Orchestra**, brought a new sound excitement to the concert stage.

It is said that Previn's "air of master . . . ties conductor and orchestra together, . . ." His "strength lies in his ability to interpret the classic, romantic, and the most advanced repertory."

Using selections of such composers as Mozart, Britten, Stravinsky and Brahms, Andre Previn and the Orchestra presented an outstanding performance on April 24, 1968.

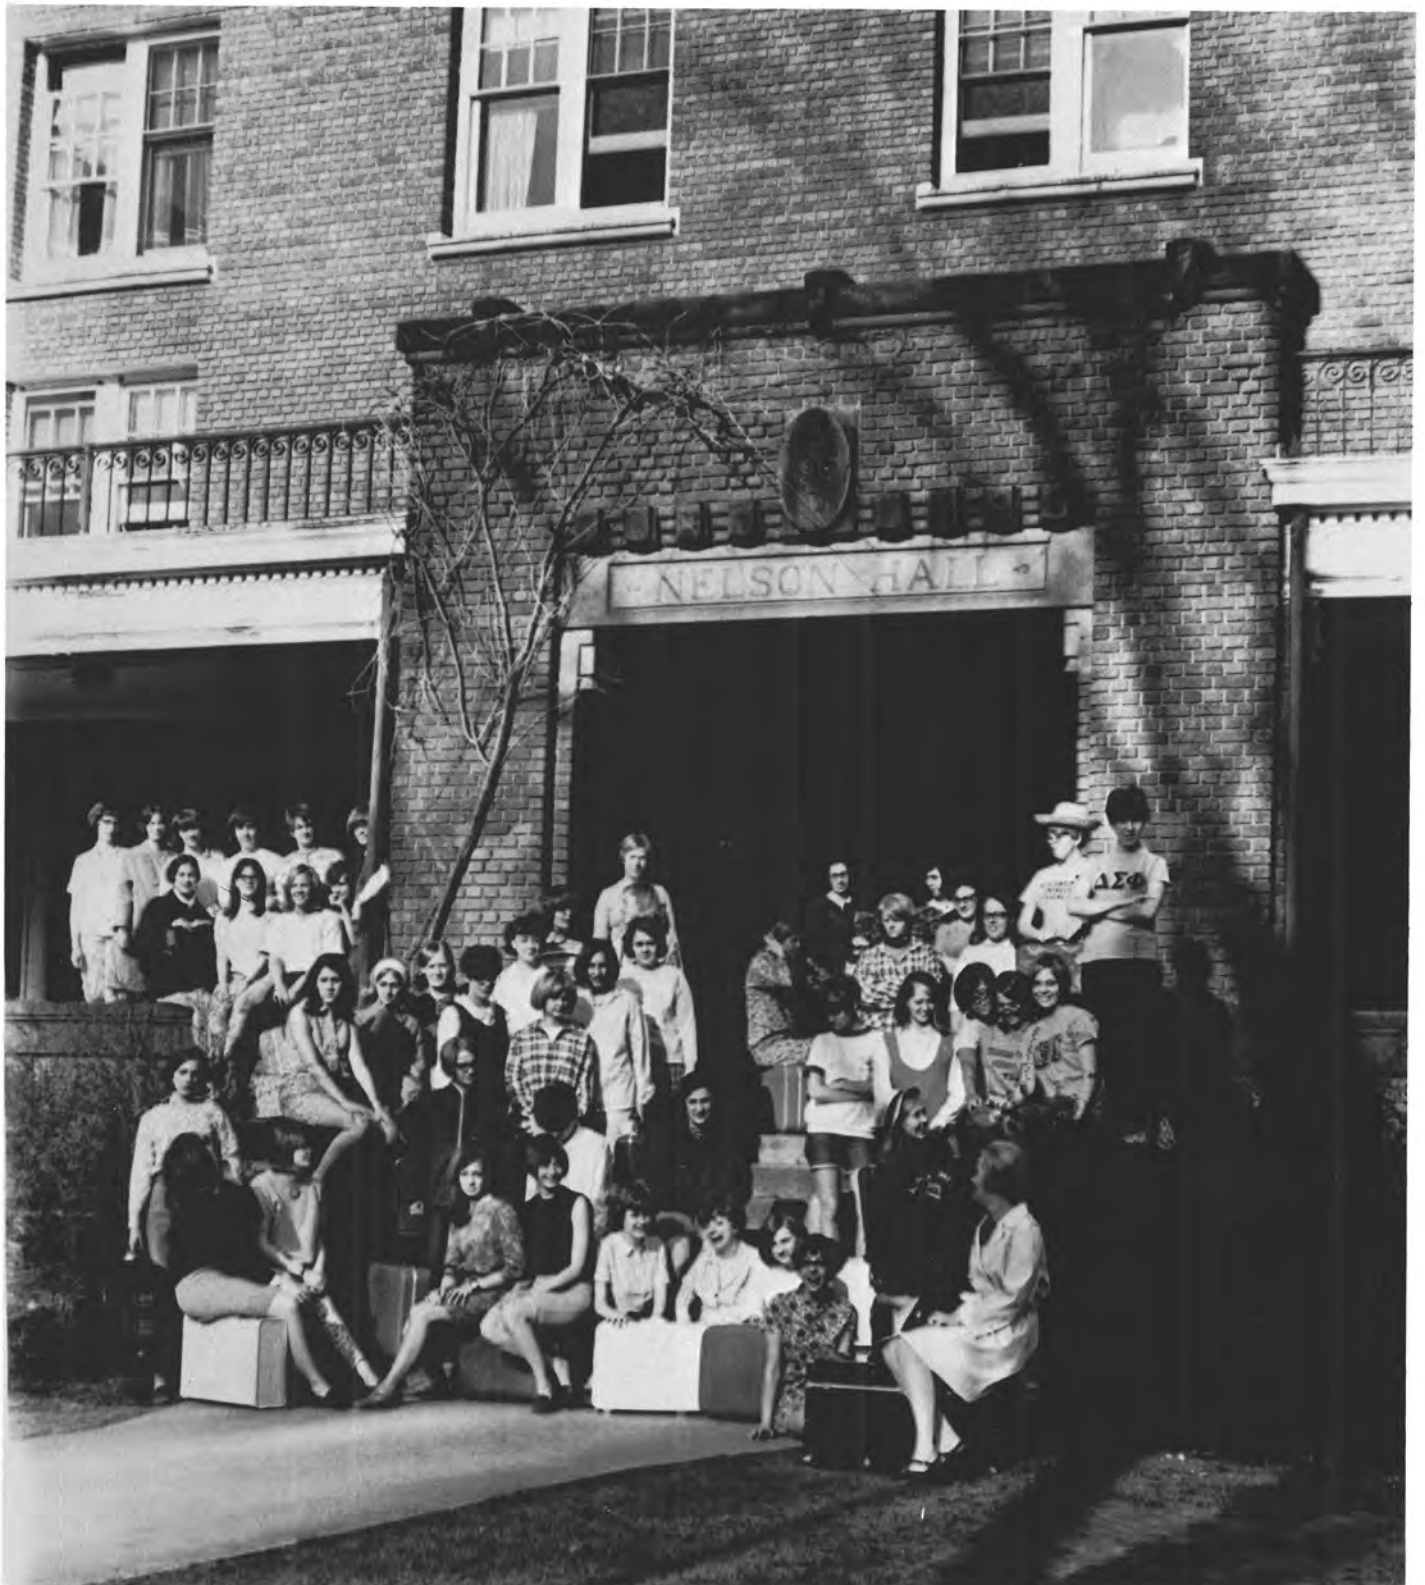

WSU-Stevens Point Arts and Lecture Series presented the **Die Kammermusiker of Zurich** and the **Riverside Singers** on April 20, 1968.

This joint recital had the flavor of international music. The seven piece chamber musician group of Zurich is under the direction of an Austrian, Brenton Langbein. It performed various suites and concertos from the works of Baentz, Bonporii and Telemann.

Dido and Aeneas, a three-act opera by Purcell was presented by the Riverside Singers from New York. Accompaniment was provided by the chamber group.

In spring of 1968 the last of 7,000 women said goodbye to Nelson Hall. This hall, the second women's residence hall constructed in Wisconsin, has housed women students since 1915. Only for two brief periods in 1917 and World War II were women students evacuated to nearby homes to make room for Army training corps men. In its 53 year his-

tory Nelson Hall has seen many changes. For many years for example, students and faculty used to be served meals for \$5.00 per week in Nelson's basement. The passage of time has changed the kitchen to a health service and the dining room has been converted into a study lounge and into a university counseling service. But there are some things that haven't changed in Nelson Hall. The rooms themselves have never been remodeled. Many alumni have found a great thrill when returning after 30 years to find that their rooms are practically the same way they left them. Even the more recent girls have appreciated the uniqueness of the building because it seems so much more like a home. The individuality of the structure, the limited capacity of 115 girls, the spacious homey lounge with the fireplace and baby grand piano all have helped to create that intangible feeling that is shared by the Nelson girls. But the call of progress must be heeded and thus Nelson closed its doors last spring after 53 years of faithful service.

Across the road from the Normal School Campus stands Nelson Hall. Like a giant the Hall looms up before the girl who is entering for the first time. She feels so lonely, and she has a creepy feeling that dormitory life won't be all apple pie. But, on entering she is cordially invited to join the busy, happy throng within.

Nelson Hall is the only hall on campus that has its own baby grand piano. The piano gives many of the girls the advantage to learn the basics of piano playing and some of the more advanced piano players can practice without having to leave the dorm.

In a small residence hall such as Nelson Hall anything can happen! Besides living in the only dorm on campus which offers an old-fashioned, home-like atmosphere, Nelsonites can always find time to join a few friends around the piano in the lounge and “sing like the birdies sing.” Yet that isn’t all that takes place in the famous lounge of Nelson Hall. Couples often catch that cozy good-night kiss in spite of the fact that on-looking girls peep at them just around the corner. Nelson girls take advantage of every minute they spend in their favorite dormitory.

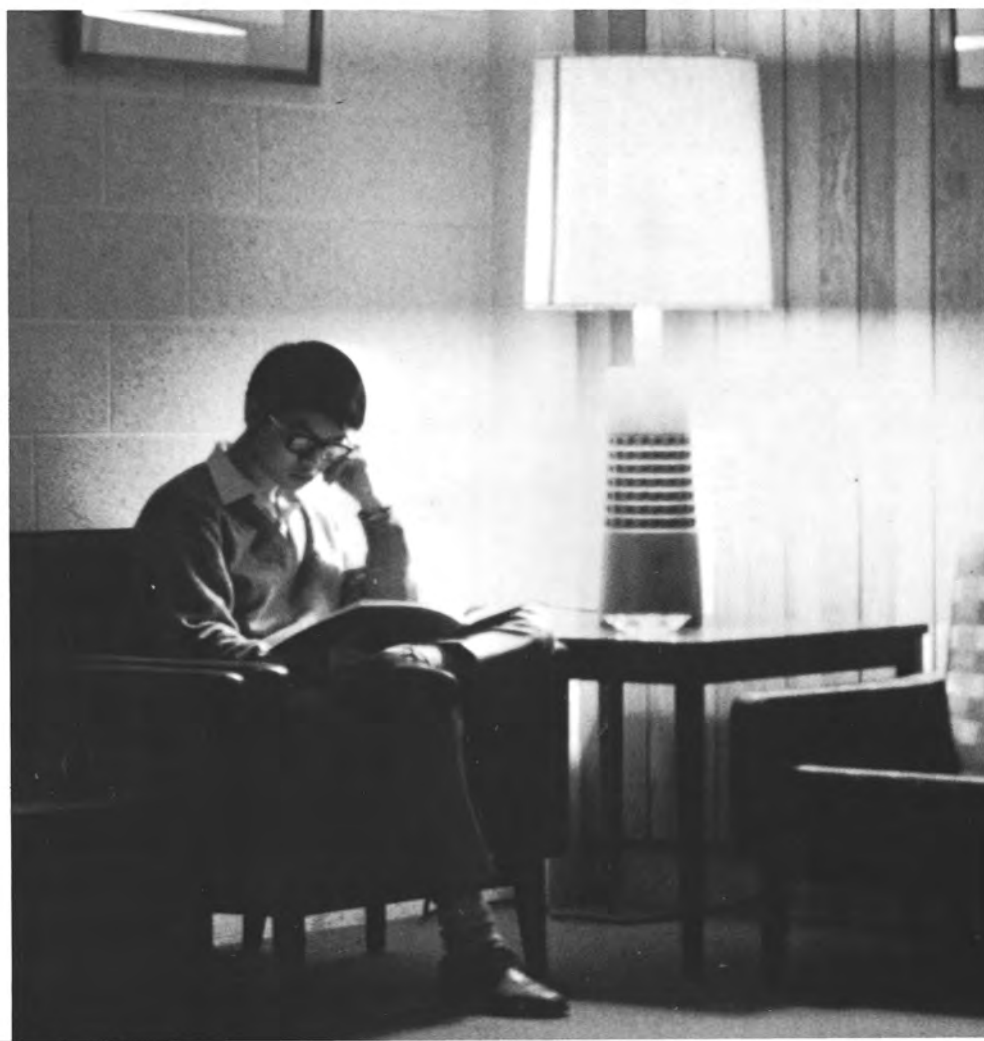

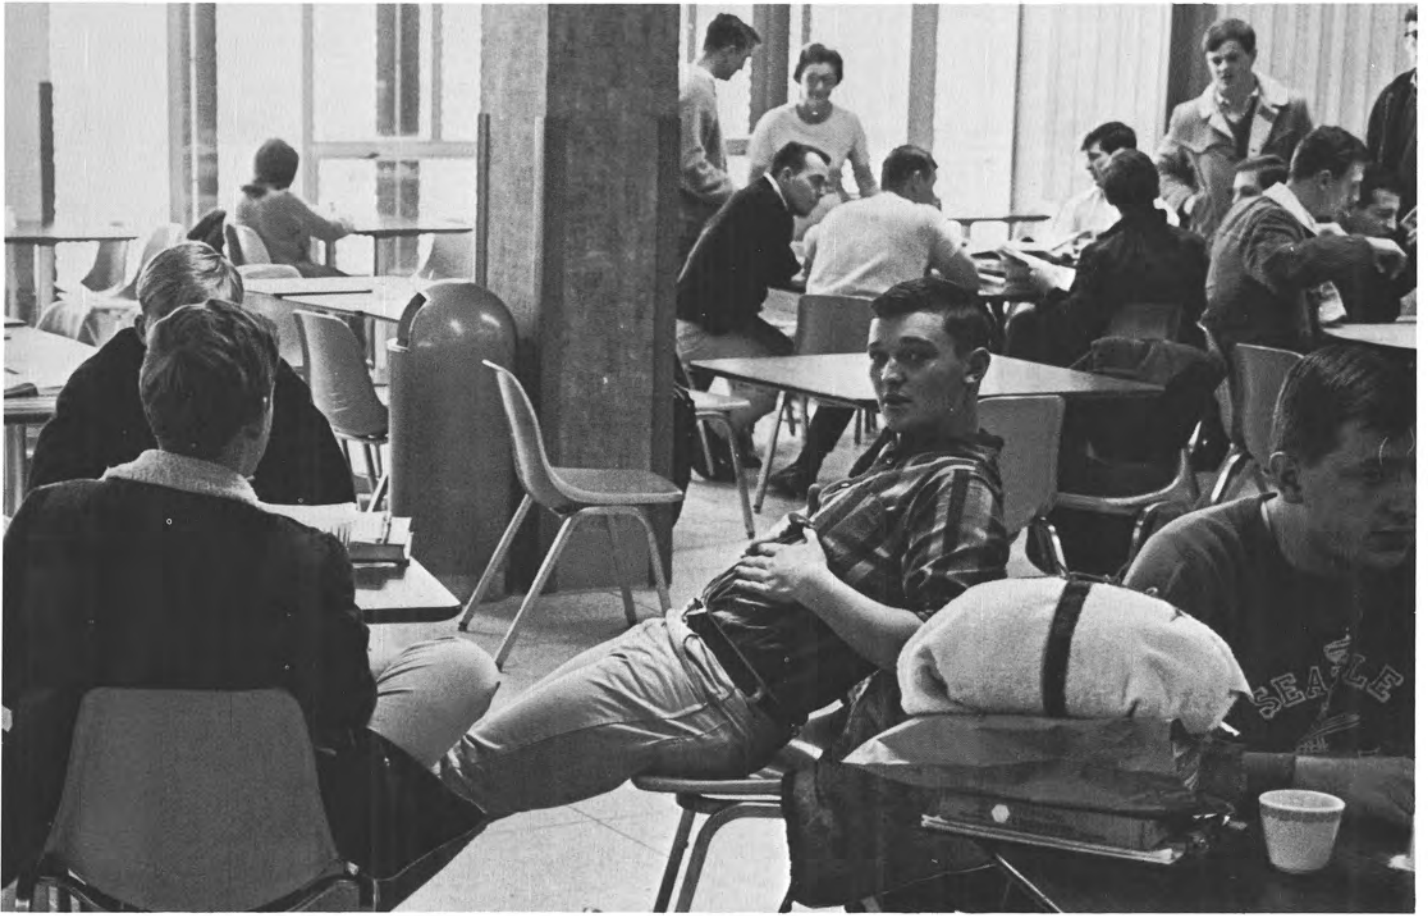

Unionizing?

The fun we have
The friends we make
The time we have
The time we waste

MEMORIES REINCOUNTED

The theme of the 1967 homecoming — “Memories Reincountered” — can describe the myriad activities that took place during the week of October 15-21. Remembrances of Homecoming . . . beginning with the Ramsey Lewis Trio.

Cindy Pierce and Craig Hanson view the tug of war.

Baldwin Hall captures first place in

Singing eases tensions and helps one forget the long nights studying.

Upperclass students may have a desire to move off campus. Living in a residential neighborhood breaks the monotony of campus life. Wherever a student lives he will favor a kitchen to a cafeteria, a living room to a dorm lobby, and rented apartments to dorms.

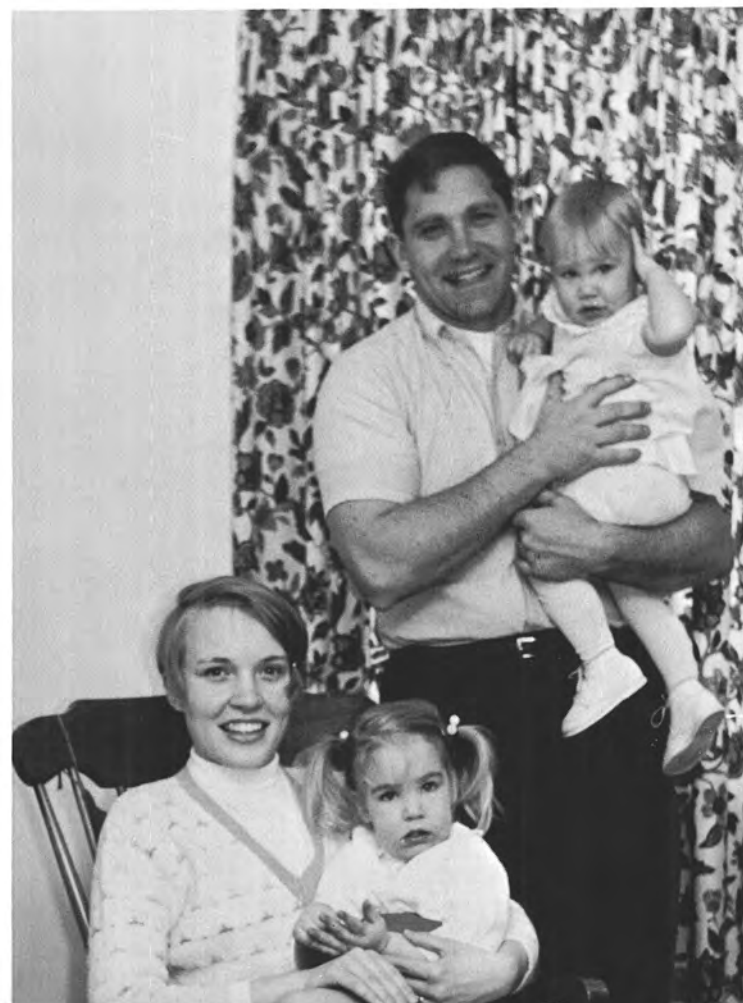

Married life does not change your commitments.

The most difficult thing for married students is budgeting their time so not to pay too much attention to any one item. Instead of sharing college life with a roommate, married students share careers and ideas. They share many hours babysitting, studying, watching television, in sports, and in working.

Pat is holding Michelle, who is three and Brian has Serena, just a year.

Brian and Pat Drangle manage the Prentice Arms Apartments. Brian is a business administration major from Gilman, Wisconsin. Pat has a full time job handling two children, Michelle and Serena, and a part time job with the English department.

The Women's Recreation Association is the women's intramural organization on campus. All women are members upon their arrival on campus. On Monday nights the girls have full field house privileges — including the pool. Activities throughout the year included fieldhockey, volleyball, basketball, softball, badminton, track and field and swimming. In addition to the Monday night events, the organization sponsored traveling fieldhockey, basketball, and swimming teams, and a number of sportsdays and playdays.

It is the goal of the organization to further the process of education by providing an outlet for both built-up physical and emotional energy in a constructive manner.

Point '11' Finish Second

With 31 returning lettermen, Coach Duane Counsell found himself with a strong and experienced team.

After handing no. 1 ranked Whitewater a 19-13 defeat in the season opener, prospects looked good. Despite a loss to Mankato in a non-conference game, the Pointers were ready to tackle La Crosse. With three minutes remaining, the Indians scored a tying touch-down.

The Pointers rebounded to smear Eau Claire, 13-0, and went on to rout Superior, 28-7, and capture the WSUC lead with a 3-0-1 conference record. In the Homecoming game the Pointers protected their hold on the first place rating by whipping Stout, 41-13.

Point was slaughtered in their stiffest game of the season by second place Oshkosh. The score was 32-9. Coach Counsell's men still had a slim chance of sharing the title three ways.

The Pointers did their part by crushing River Falls and beating Platteville. However, Whitewater defeated Oshkosh in the last game of the season and Stevens Point finished in second place with a 6-2-1 overall record.

Pete Biolo breaks up an Oshkosh pass.

Bob Seivert eludes tackle.

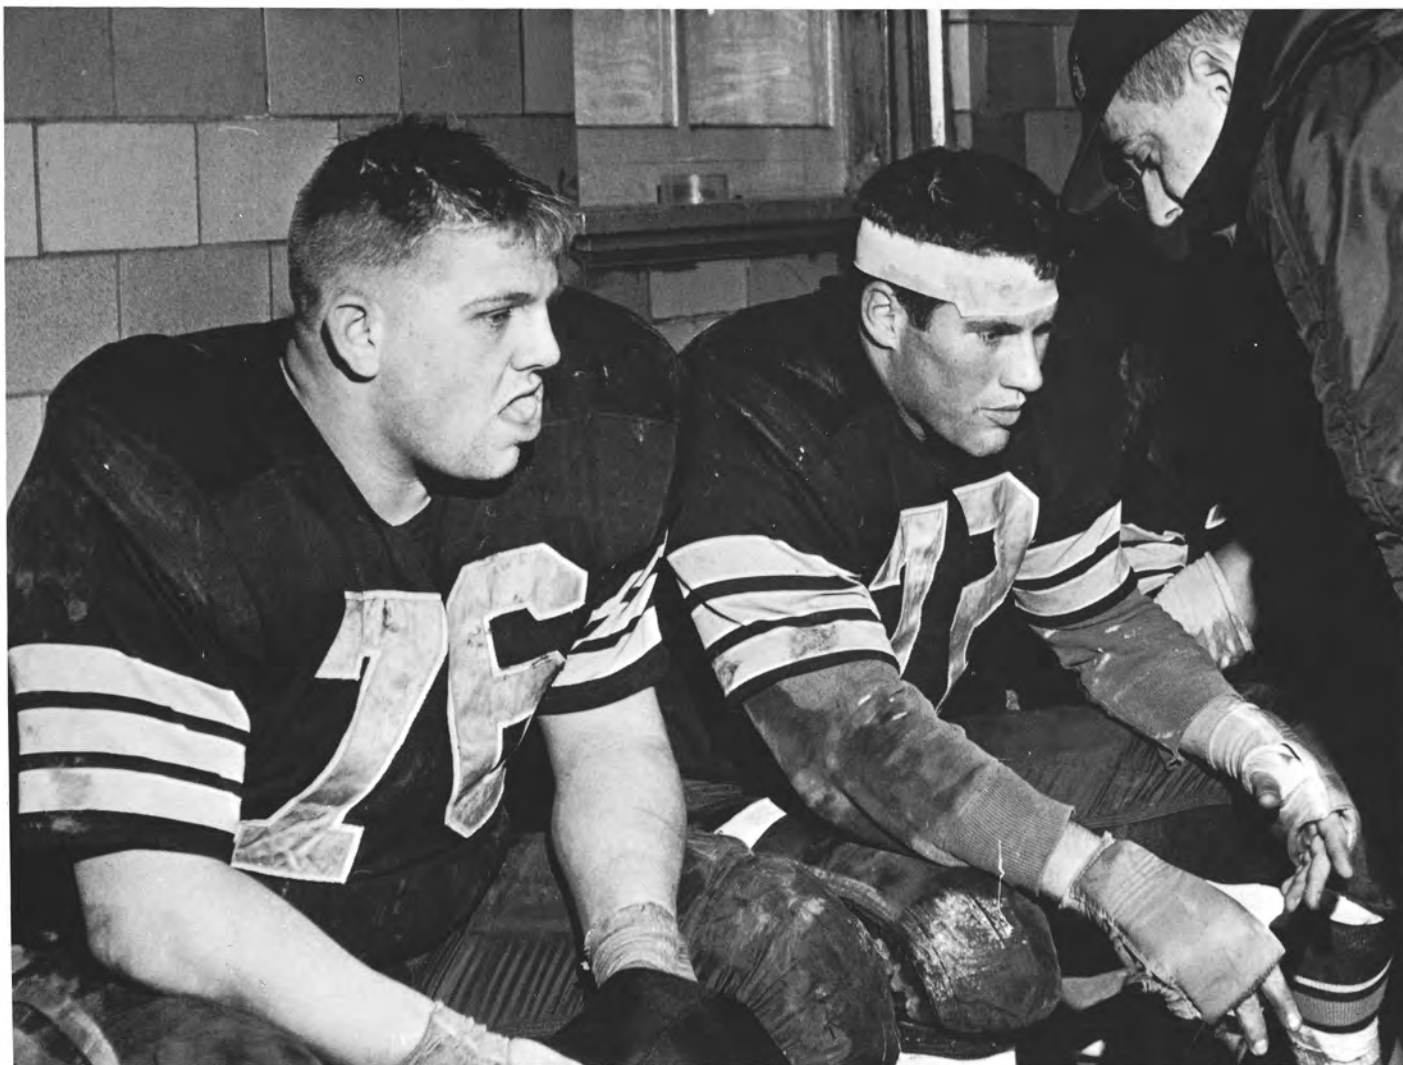

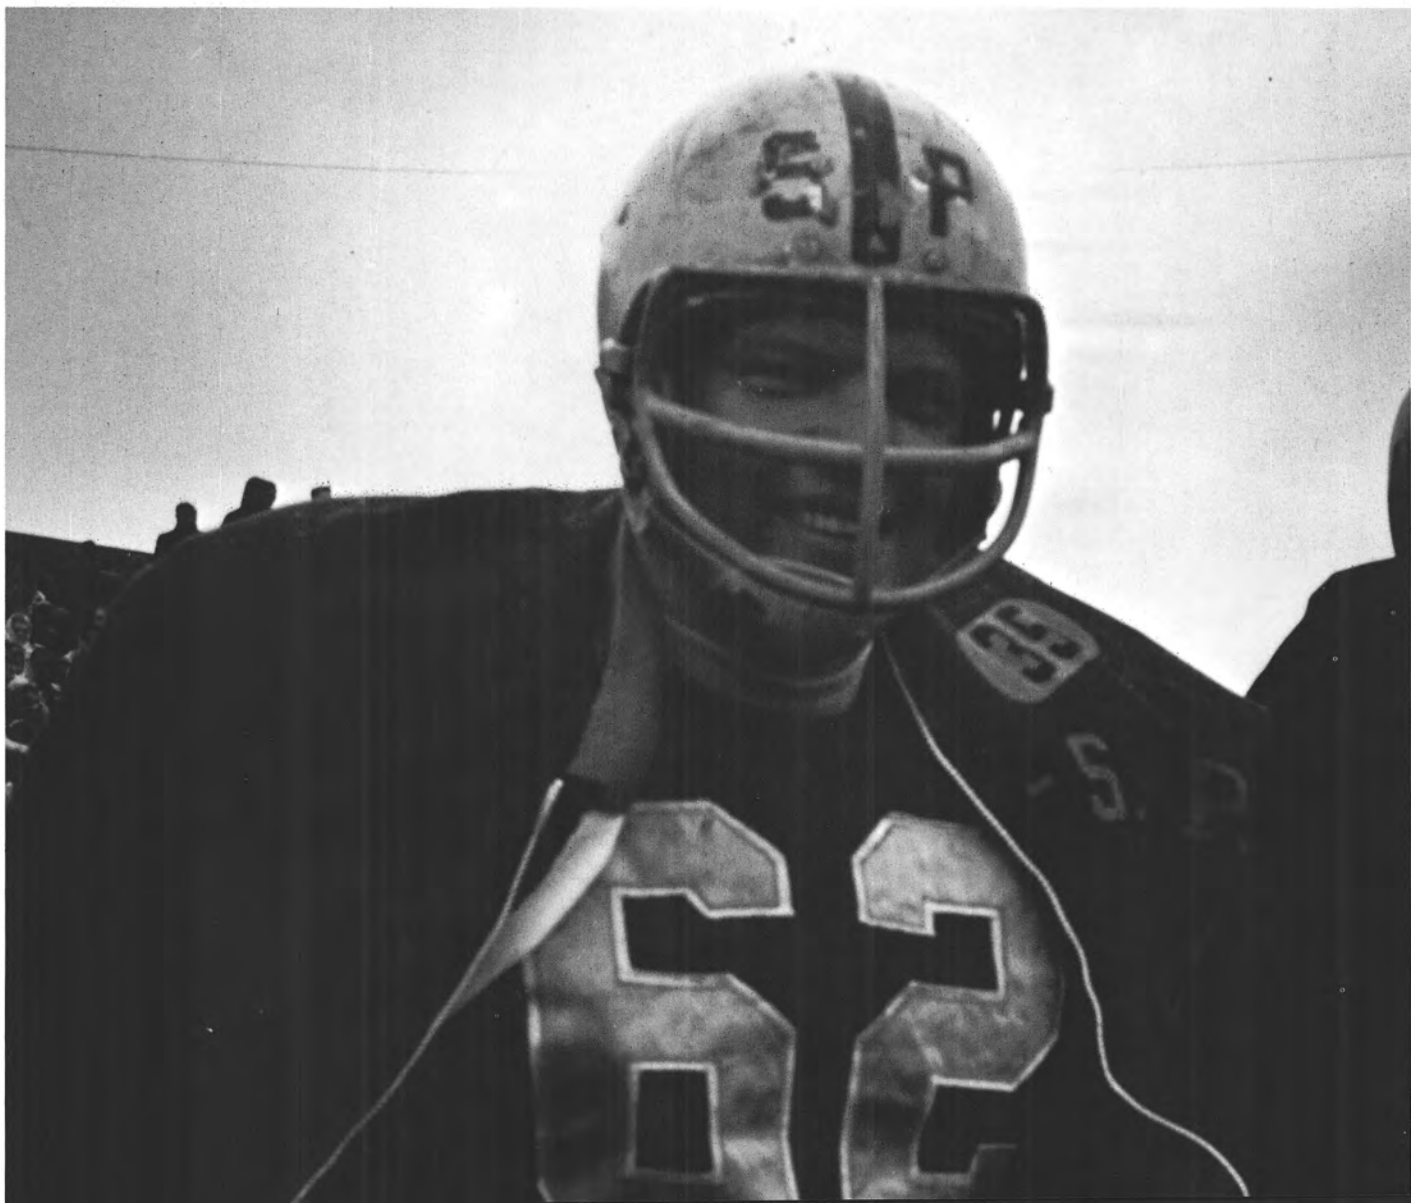

Karl Kolodzik runs for daylight on punt return.

Halftime conference between Coach Counsell, Pat Fee, and Mike Counsell.

Anxious Coach Counsell

Pete Biolo against the ground and Whitewater.

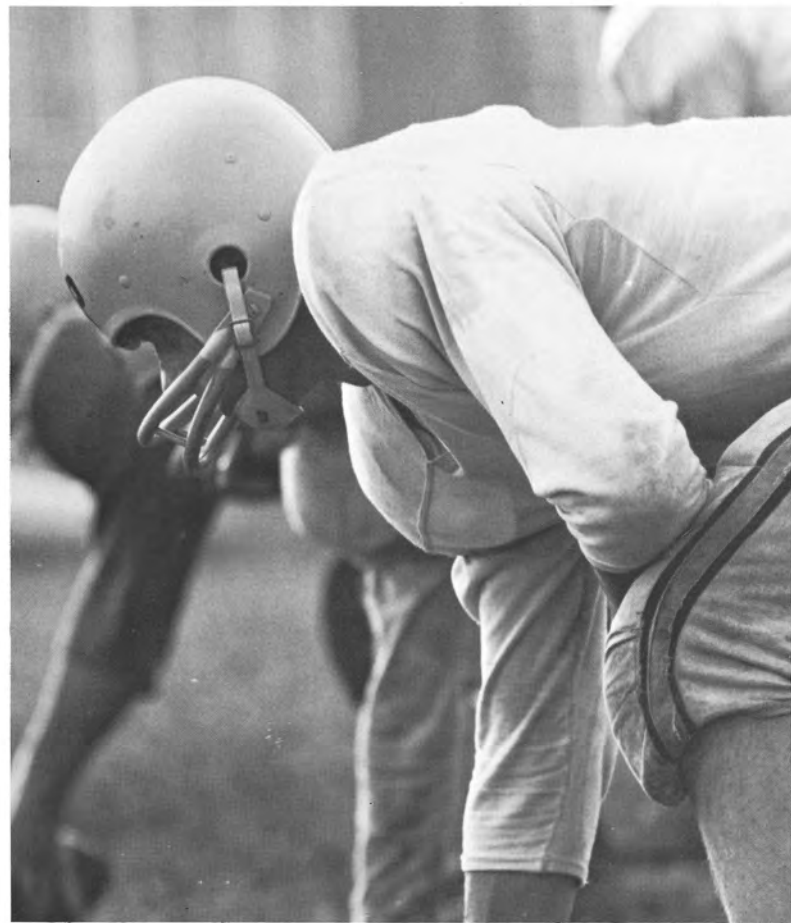

TROUNCED BY WSU-O

In the final statistics the Pointers ended up second in offensive passing, completing 111 of 196 attempts for an average of 168 yards per game. The grid team also finished third in total offense and was the third stingiest in the league. The Pointers were the highest scoring team in the conference with 200 points followed by Oshkosh with 199.

Jim Hansen was first in the conference in passing. He caught 45 passes for a total of 533 yards, averaging a gain of 11.8 yards per game. Hansen was elected Most Valuable Player and Tom Heimerl was elected honorary captain.

Ron Witt puts rush on Platteville's Carnish.

Stout Defenders cut short Heimerl's (43) run.

Both teams surge forth hoping for that all important victory.

Fair Season for the Harriers

"First one around the course wins," shouted Coach Robert Bowen.

Finishing 4th in the Wisconsin State University Conference, with a 5-6 overall season record, Point's cross-country team "did a respectable job" according to Coach Robert Bowen. Wins were chalked up against Eau Claire, Lawrence, Platteville, Ripon and UWM with points totaling 95.

The team roster included eight members all of whom met requirements for the "S" award during the '67 competition: Senior, Paul LaMere; Juniors, Dale Roe and Joe Gehin; Sophomore, Larry Hetzel; and Freshmen, Terry Amonson, Bob Ferry, Wendell Krueger and John Peterson.

Honored by their fellow team members were Paul LaMere, chosen Captain, Dale Roe voted as most valuable runner and Terry Amonson named the most improved player.

Coach Bowen felt the freshmen were an important part of the team; he found it "stimulating to see them do such a good job."

Dale Roe — Most Valuable Runner

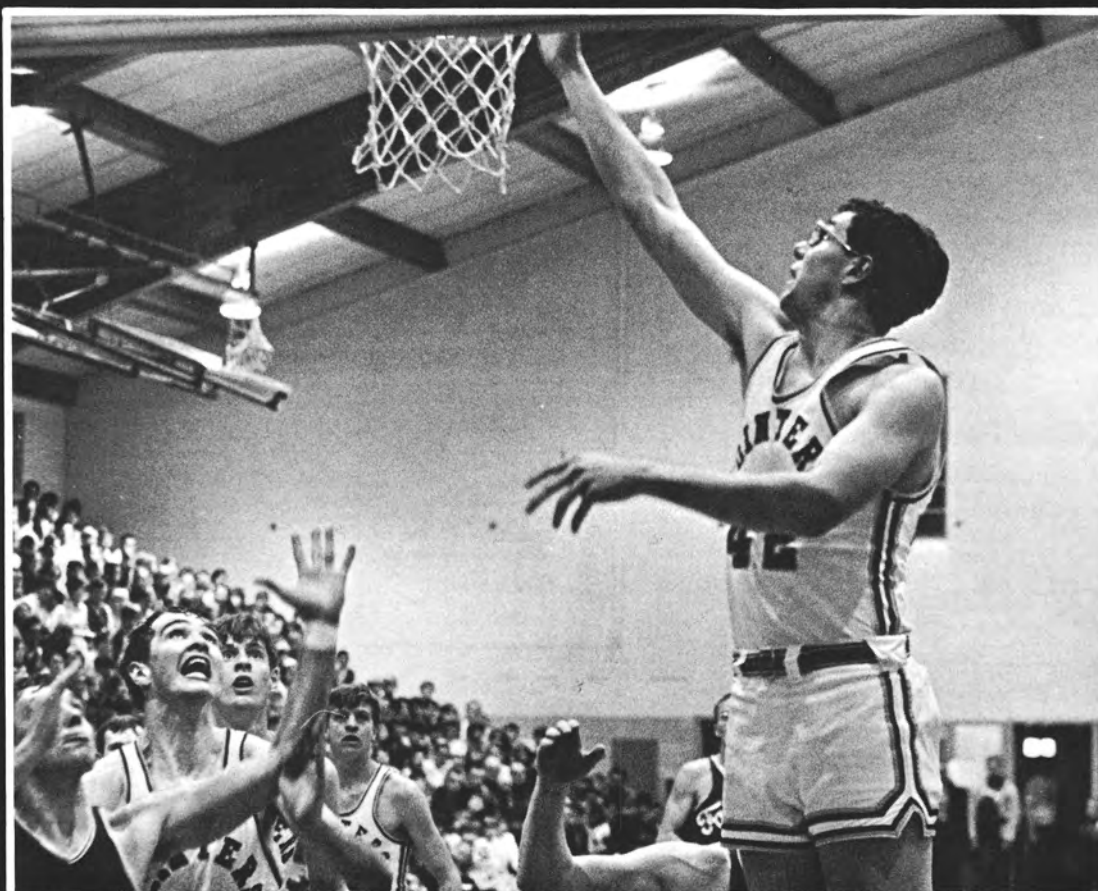

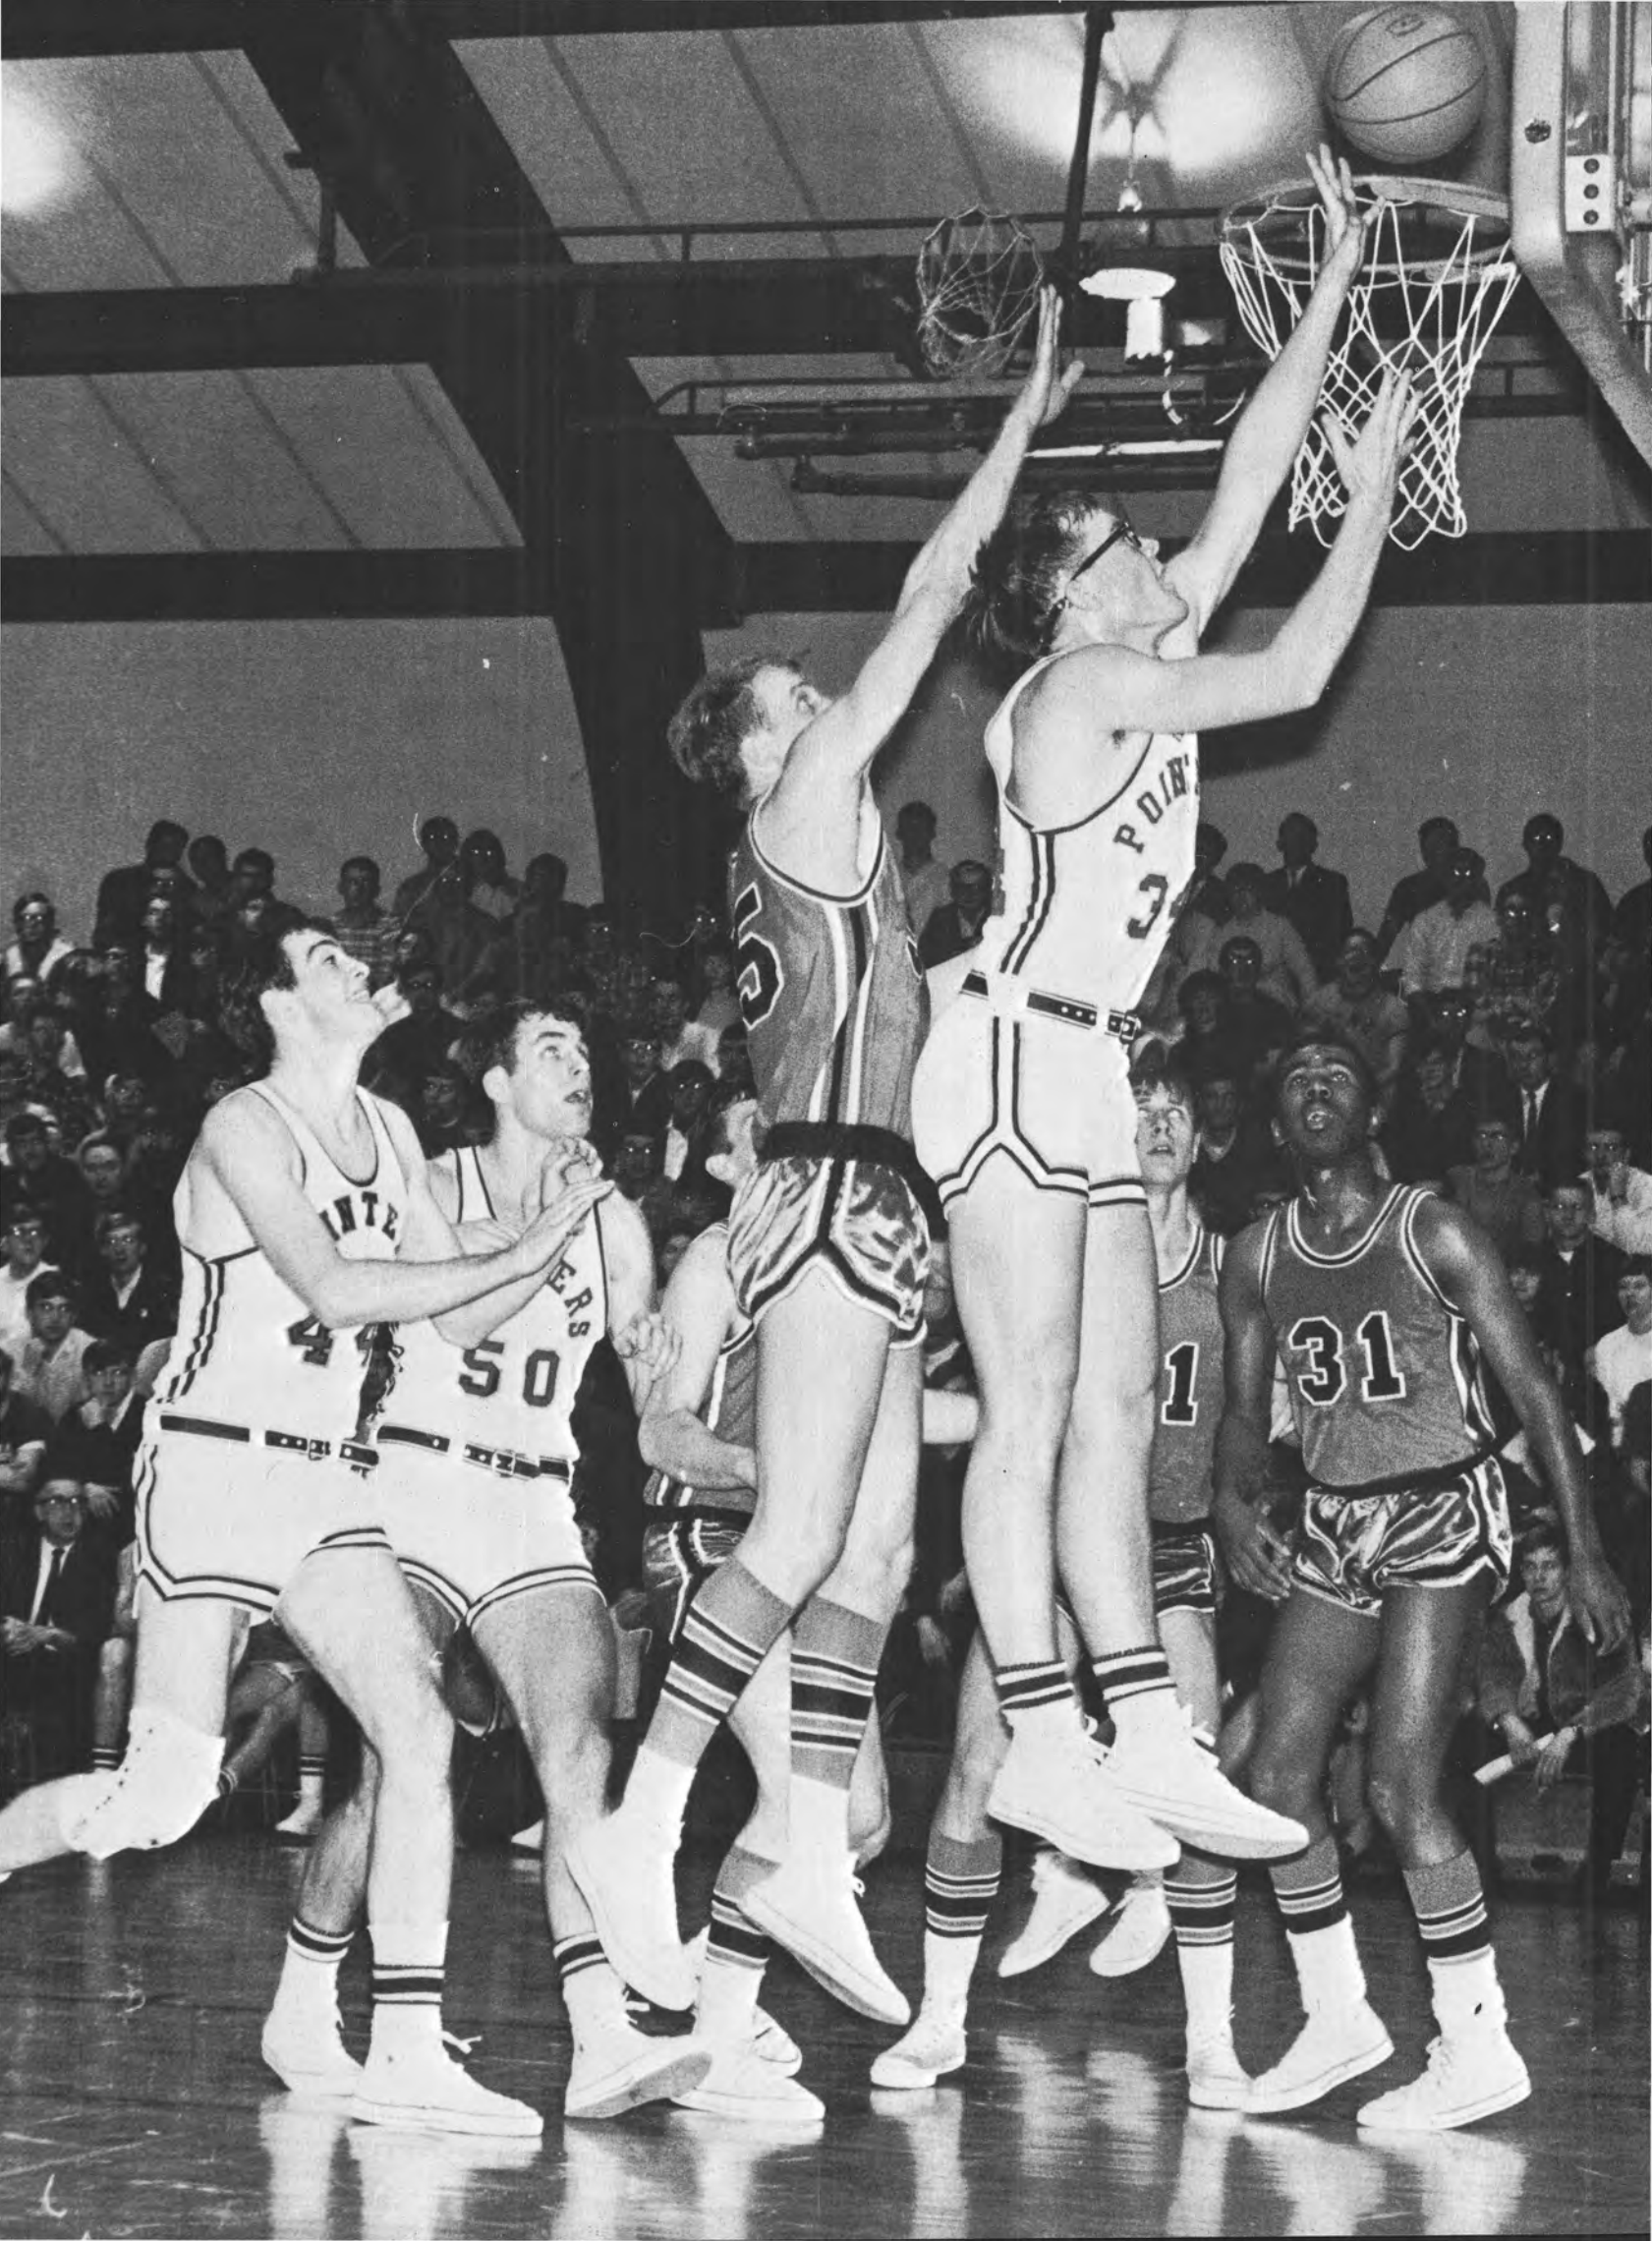

Freshman — Terry Amonson

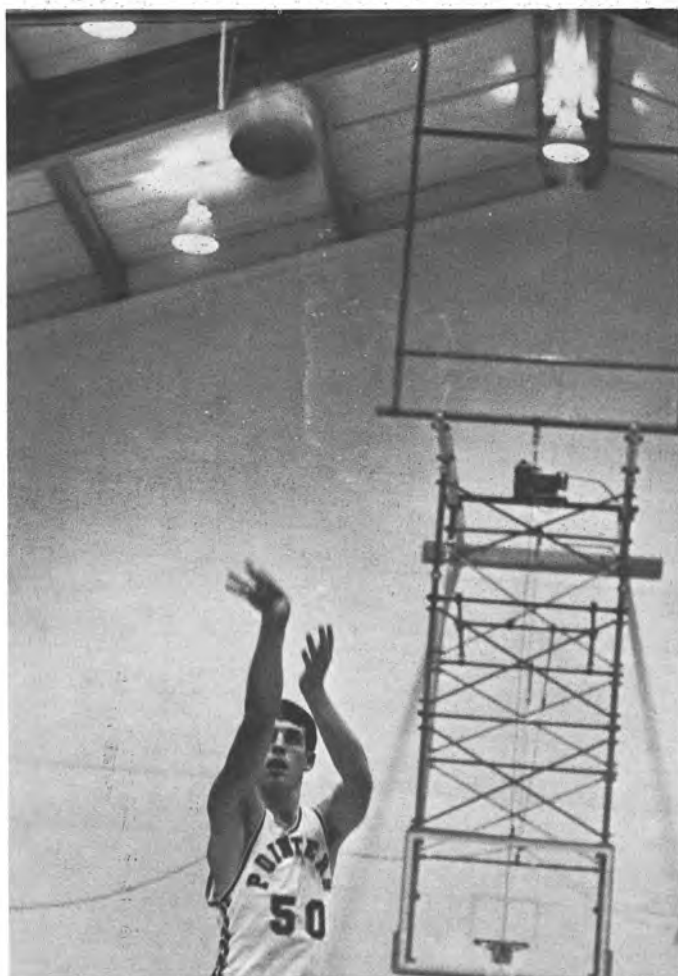

Coach Krueger

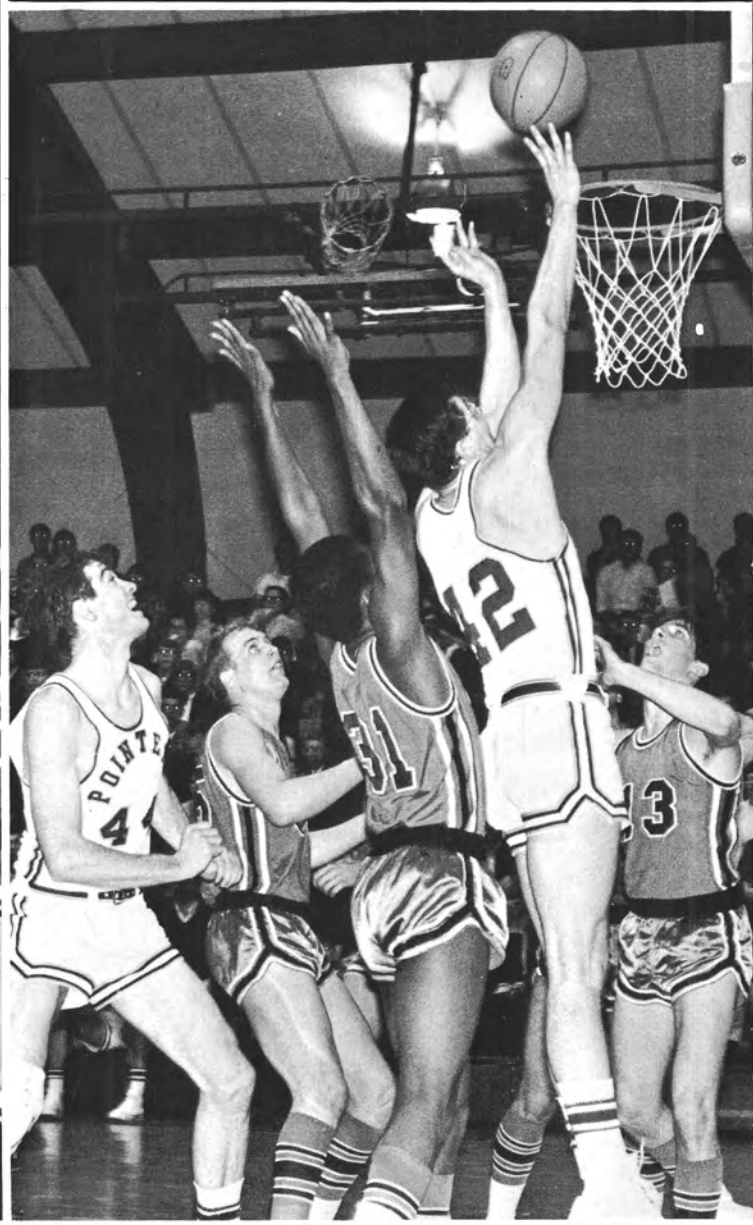

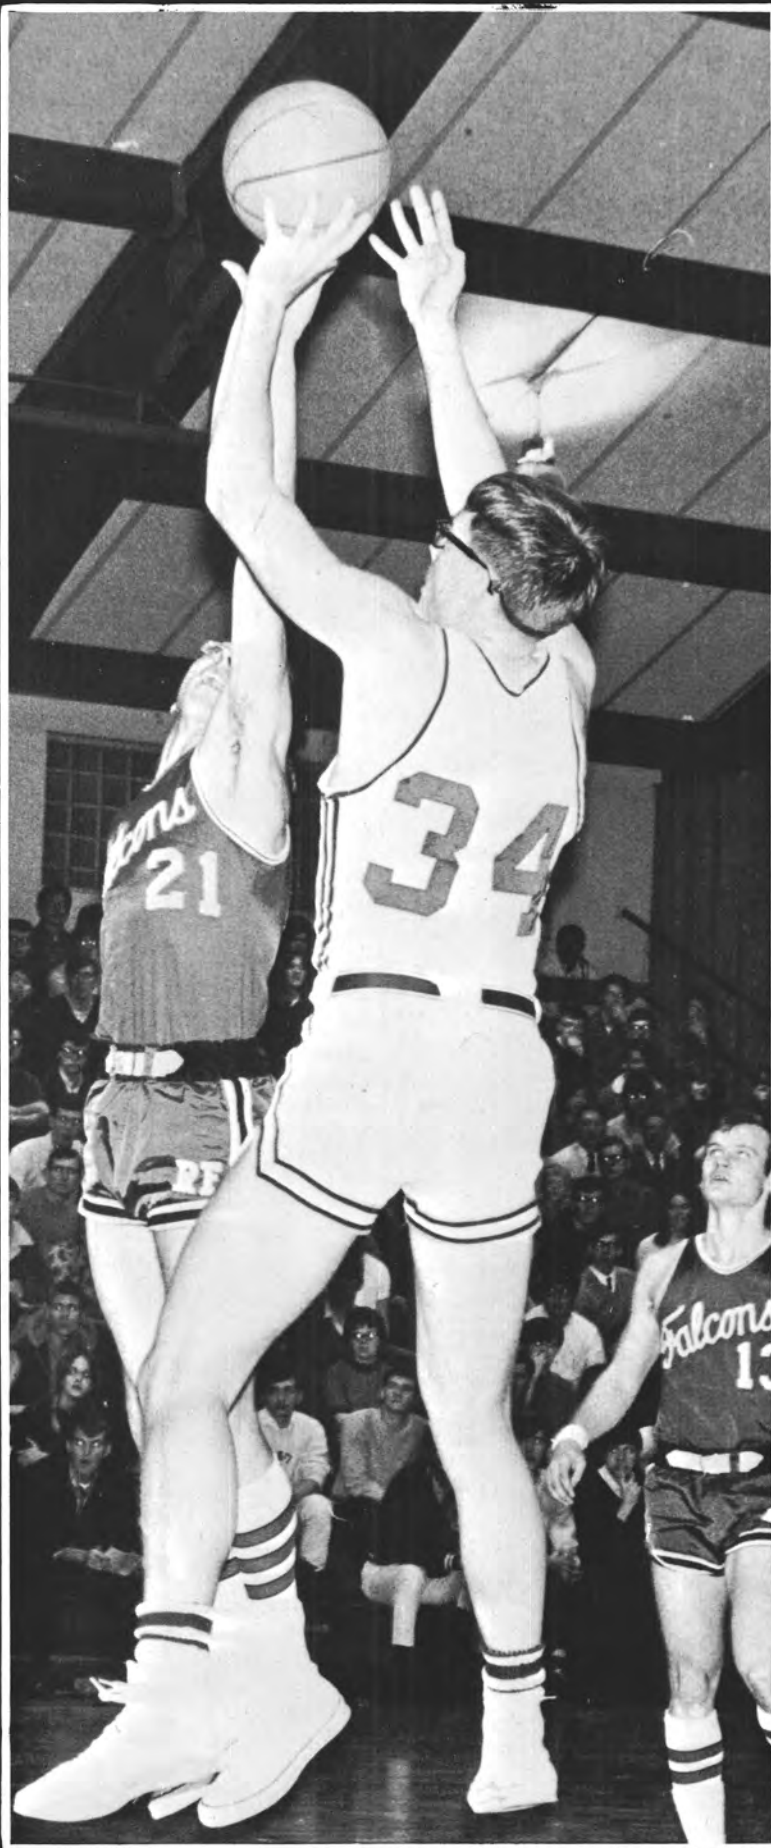

The prospects looked good. The Pointers were picked as contenders for the No. 1 position. After the first two non-conference tilts, the picture seemed to change. The players weren't working together.

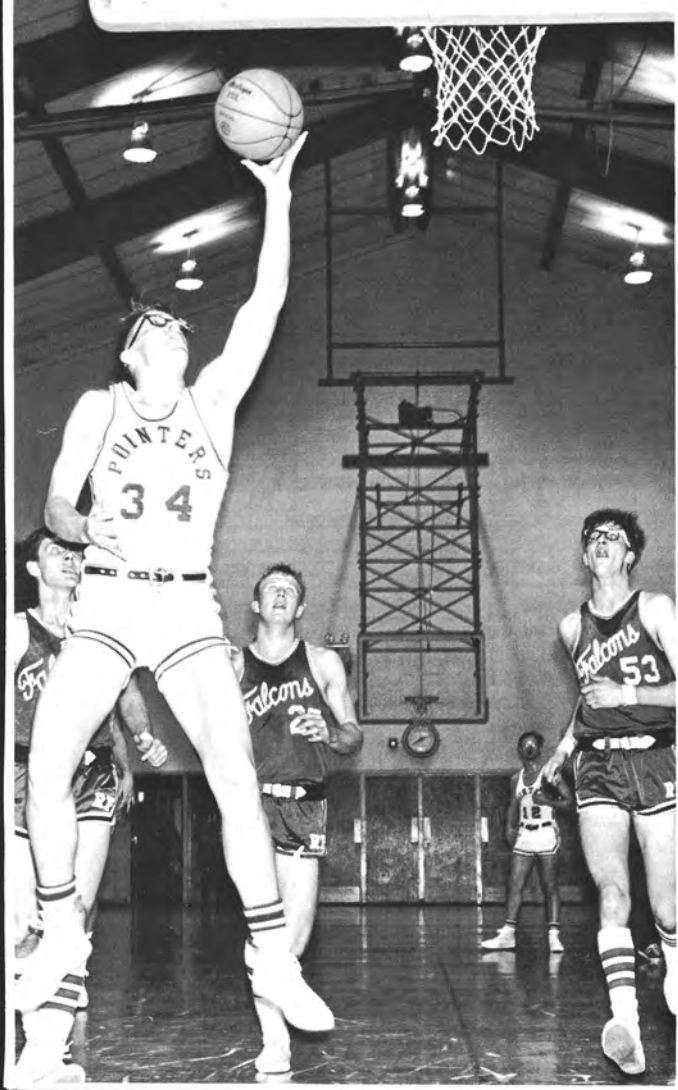

Oshkosh defeated Point in the conference opener, but the record was tied when the Pointers defeated the Eau Claire Blugolds for their first victory. The trend continued and in the next game Stout bowed.

Even though the Pointers were controlling the ball in the first half, Whitewater still went home with a 3 point victory. The team won the next two games, over La Crosse and River Falls, but lost to Platteville. It was during this game that co-captain Jim Menzel suffered the double jaw fracture that put him out for the rest of the season.

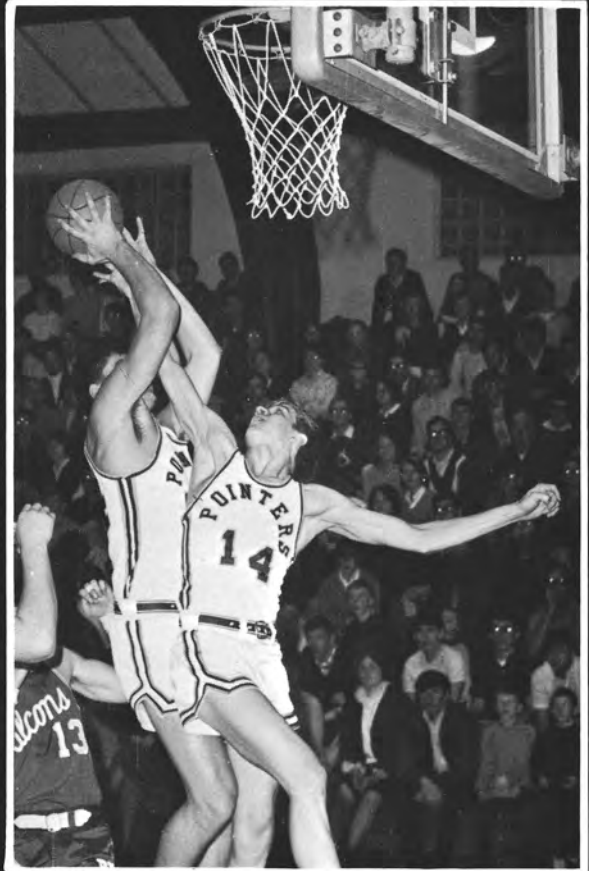

Transfer student Ken Ritzenthaler played his first Point game against Superior and helped the Pointers upset the Yellowjackets, 123-73. This score set a new school record.

Point's hopes faded with a loss to Stout, but the team came back to finish the season with a four game winning streak. Included in these was the game with Oshkosh. Point defeated Oshkosh, 90-72.

Pointers won Beliot
Holiday Tournament

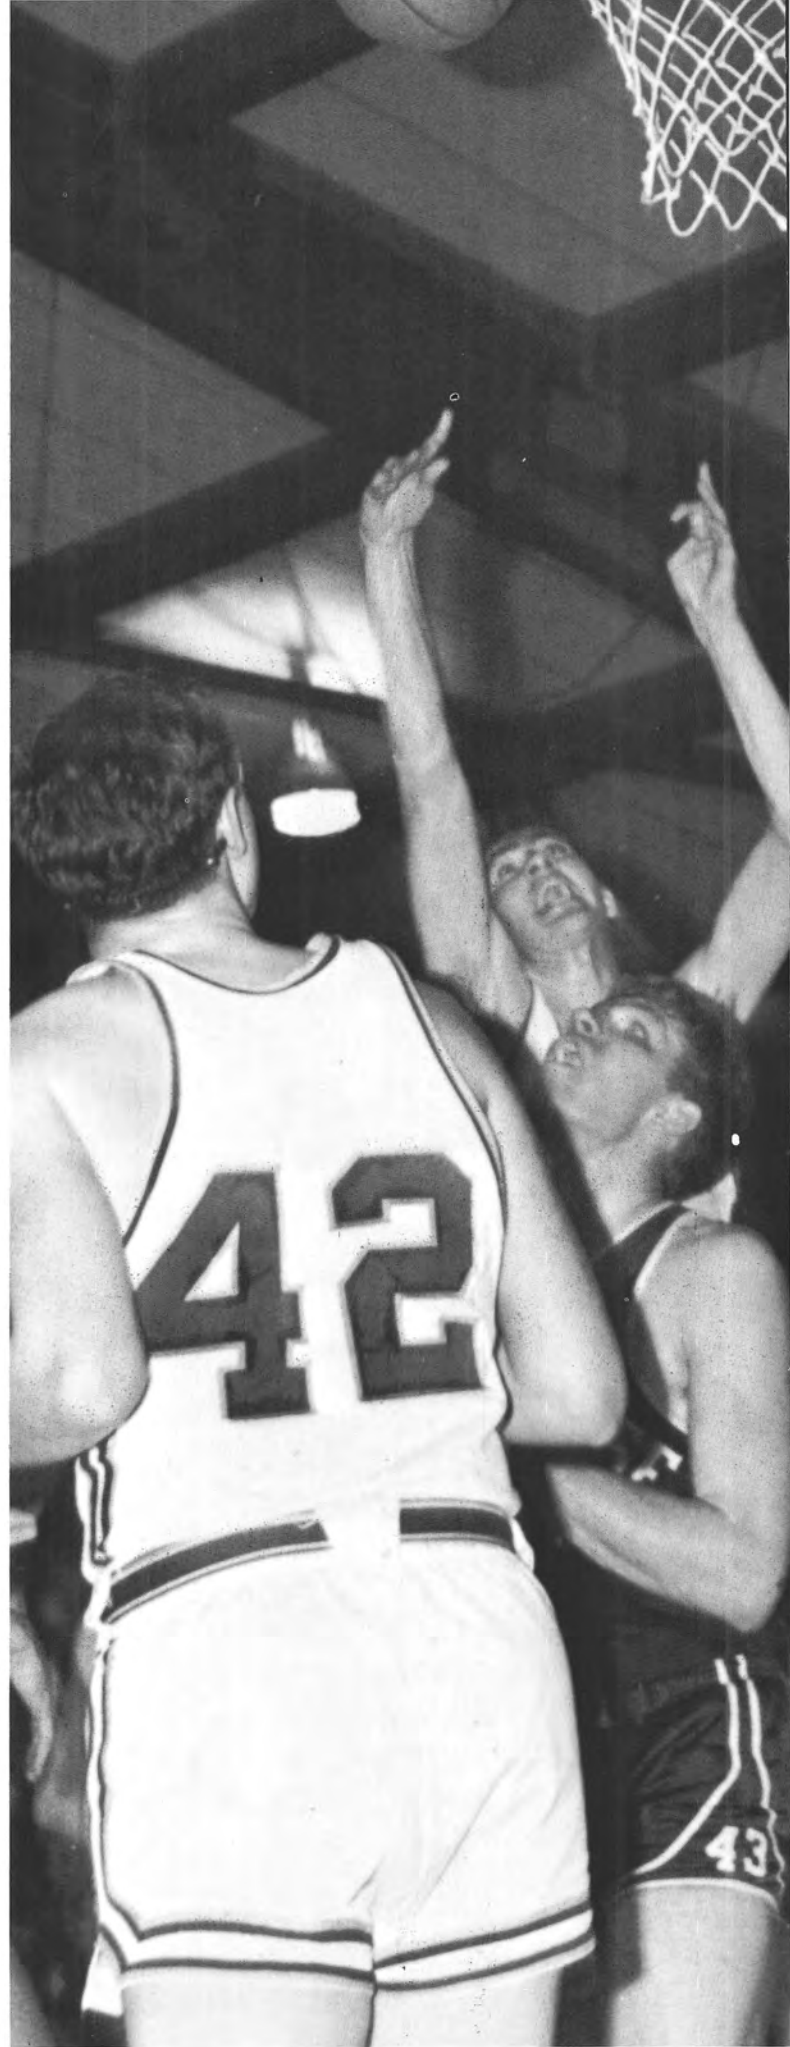

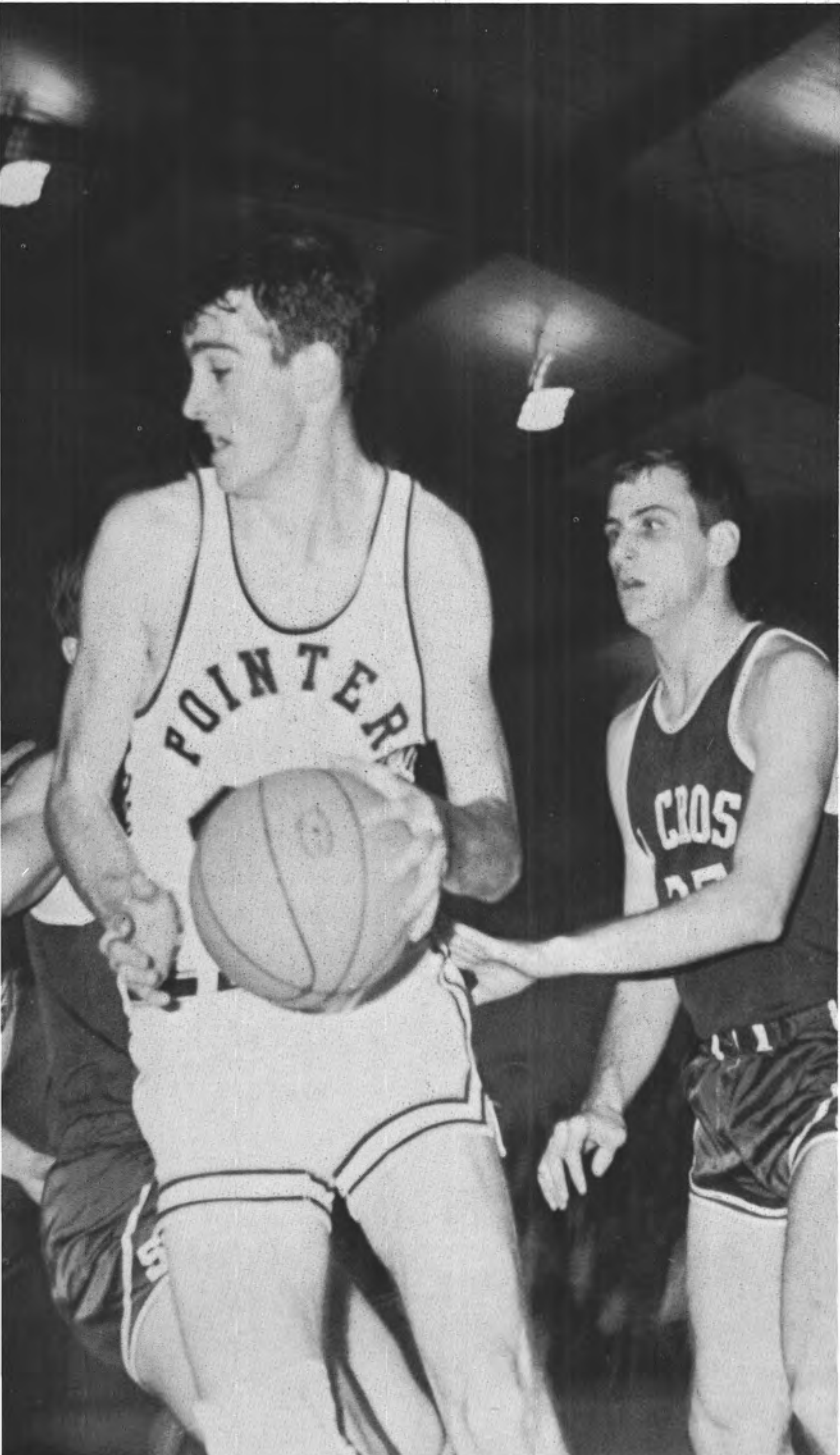

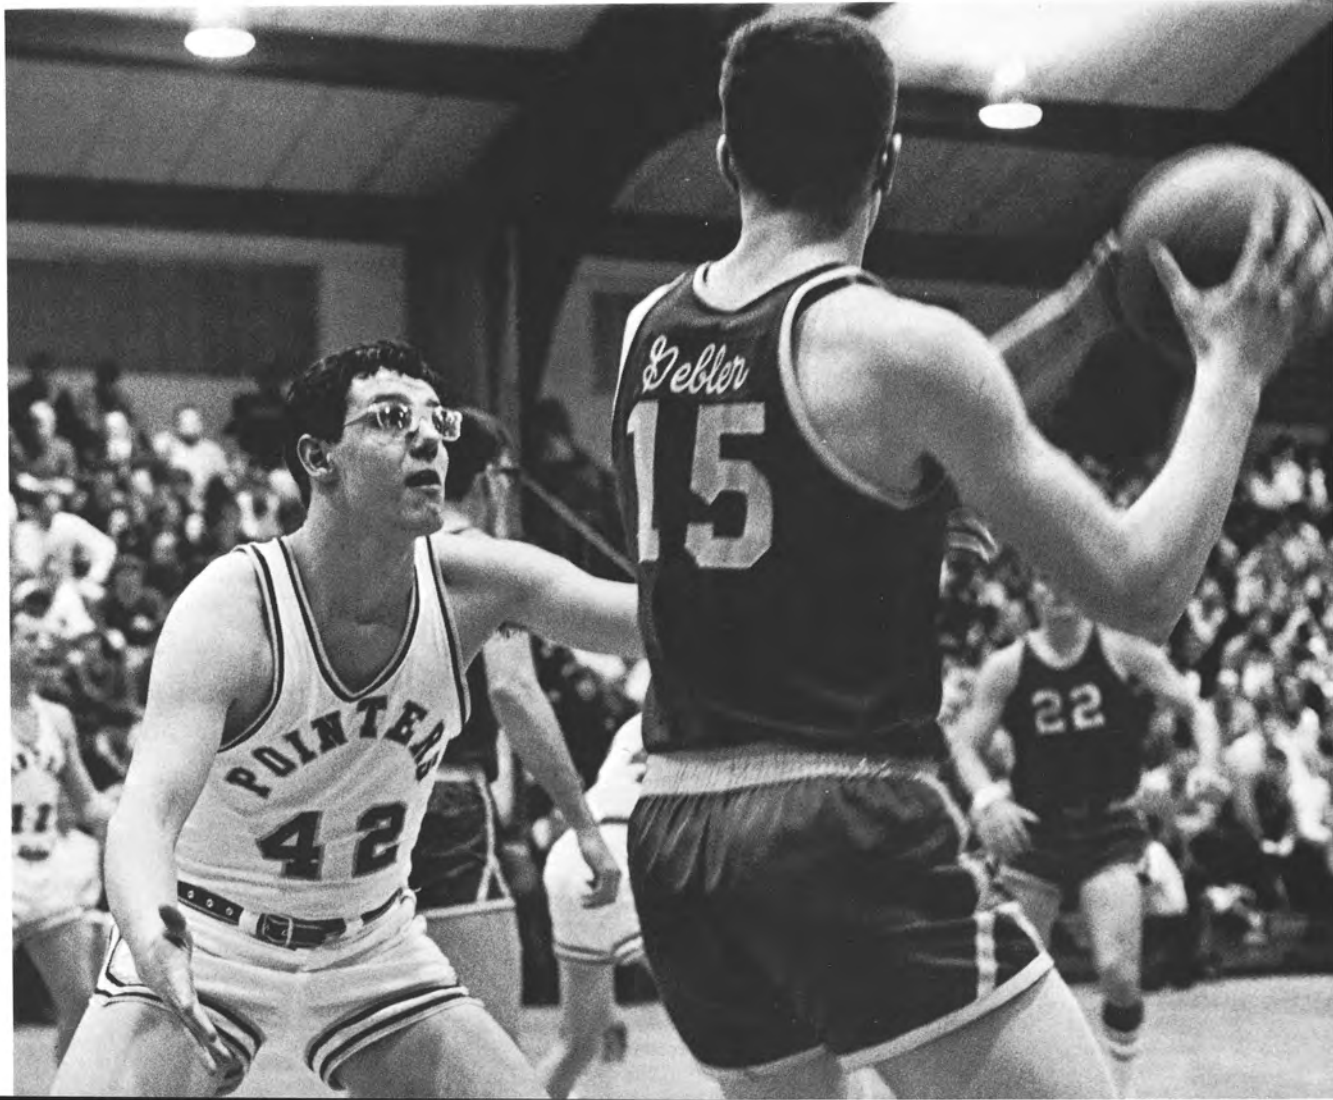

WSU-Stevens Point came home on December 30, 1967 as champions of the Beliot Holiday Basketball Tournament.

The Pointers defeated Malacalester College, of St. Paul, Minn. in the semifinals. The score of that game was 79-70.

The championship game was a rugged one, with Carthage leading for most of the first half. The Pointers came through in the second half and pulled ahead of the Redmen to finish as the victors. The final score was 96-84.

Most Valuable Player
Mike Hughes

Coach Bob Bowen's gymnastics team didn't finish the year as well as expected. The field of competition was tough and the Pointers were lacking in depth in the beginning of the season. Later in the season more gymnasts were added to the events. Freshman Paul DeChant, voted Most Improved Gymnast helped a great deal in building the team's potential. However, this was offset by losing the two all arounds, John Schiess and Gary Schneider, because of injuries. Both were out for a number of meets at sometime during the season.

In the first meet the Pointers lost to Eau Claire by .25 of a point. A close margin such as this was seen many times during the season as the gymnasts ended with an overall record of 5-6 and a conference record of 3.4.

Russ Sciborski

Dick Vandenberg

In the conference meet John Schiess qualified in the high bar and parallel bar finals. However, because of a shoulder injury he was unable to compete in the finals. Steve Zelig qualified in the rings and finished fifth in the conference. The team took sixth place in the conference meet, missing third place by only five points.

Hopes are higher for next year, for all the gymnasts should be returning.

Captain Gary Schneider

ROB SIMKINS, JEFF PAGELS

Jeff Pagels, Most Valuable Swimmer

Mark Brodhagen

Bill MacKenzie

Bob Bulik

This year Coach Lynn Blair's Pointer swimming team came up with a fine overall season record of 11-7, the best in the history of the school.

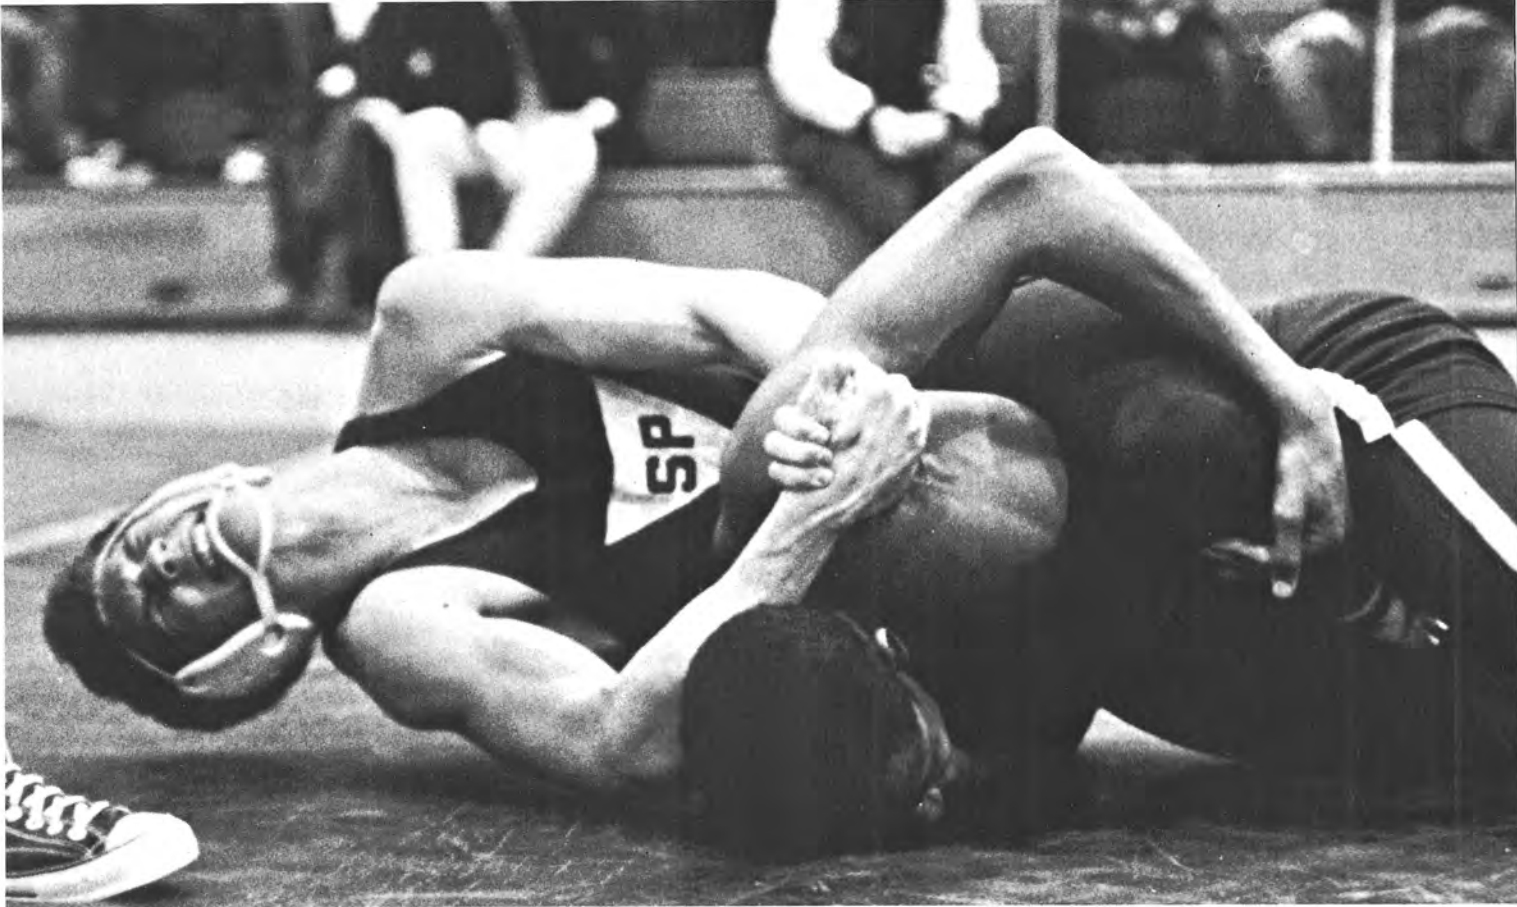

Participating in the Piper Relays at St. Paul the Pointers made a strong showing, finishing 2nd to Mankato State. Rob Simkins and Bob Schwengel scored a first, combining for a time of 4:39:8 in the 200 yard backstroke.

The Pointers finished 4th in a five-team-field at the Northern Illinois Invitational but despite low team standings several great individual showings were made. Rob Simkins finished 2nd in the 200 yard backstroke and Pagels and Maass set time records.

Stevens Point's best team performance was at the Conference meet at Stout where they finished second, just 16 points behind Platteville (whom they hope to take next year). In all, the Pointers set 2 new conference records and tied one. Leading the way was Sophomore letterman, Jeff Pagels, with a timing of 1:55:1 for his new 200 yard free style. In the 400 yard free-style relay, Bill MacKenzie, Mark Brodhagen, Bob Maass and Jeff Pagel's time was 3:28:4. Freshman Bob Maass' 200 yard individual medley time, 2:13 flat, tied the conference record set by Bill Gelwicks last year.

Winding up the season, six team members traveled to St. Cloud, Minnesota for the NAIA championships. Rob Simkins, Tim Siebert, Bob Maass, Bill MacKenzie, Jeff Pagels and Mark Brodhagen reported a "nice trip."

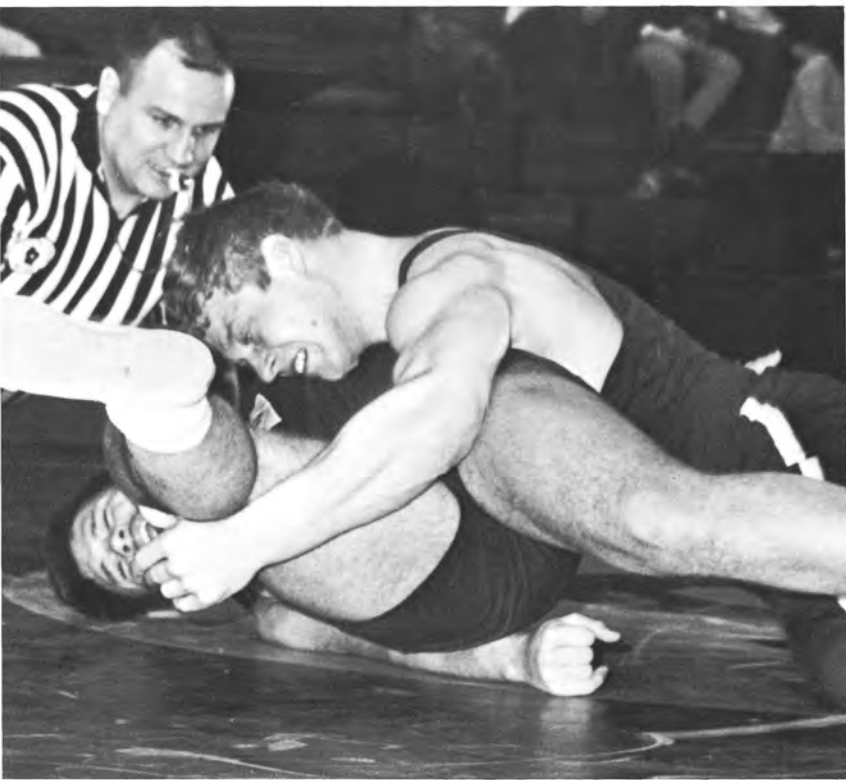

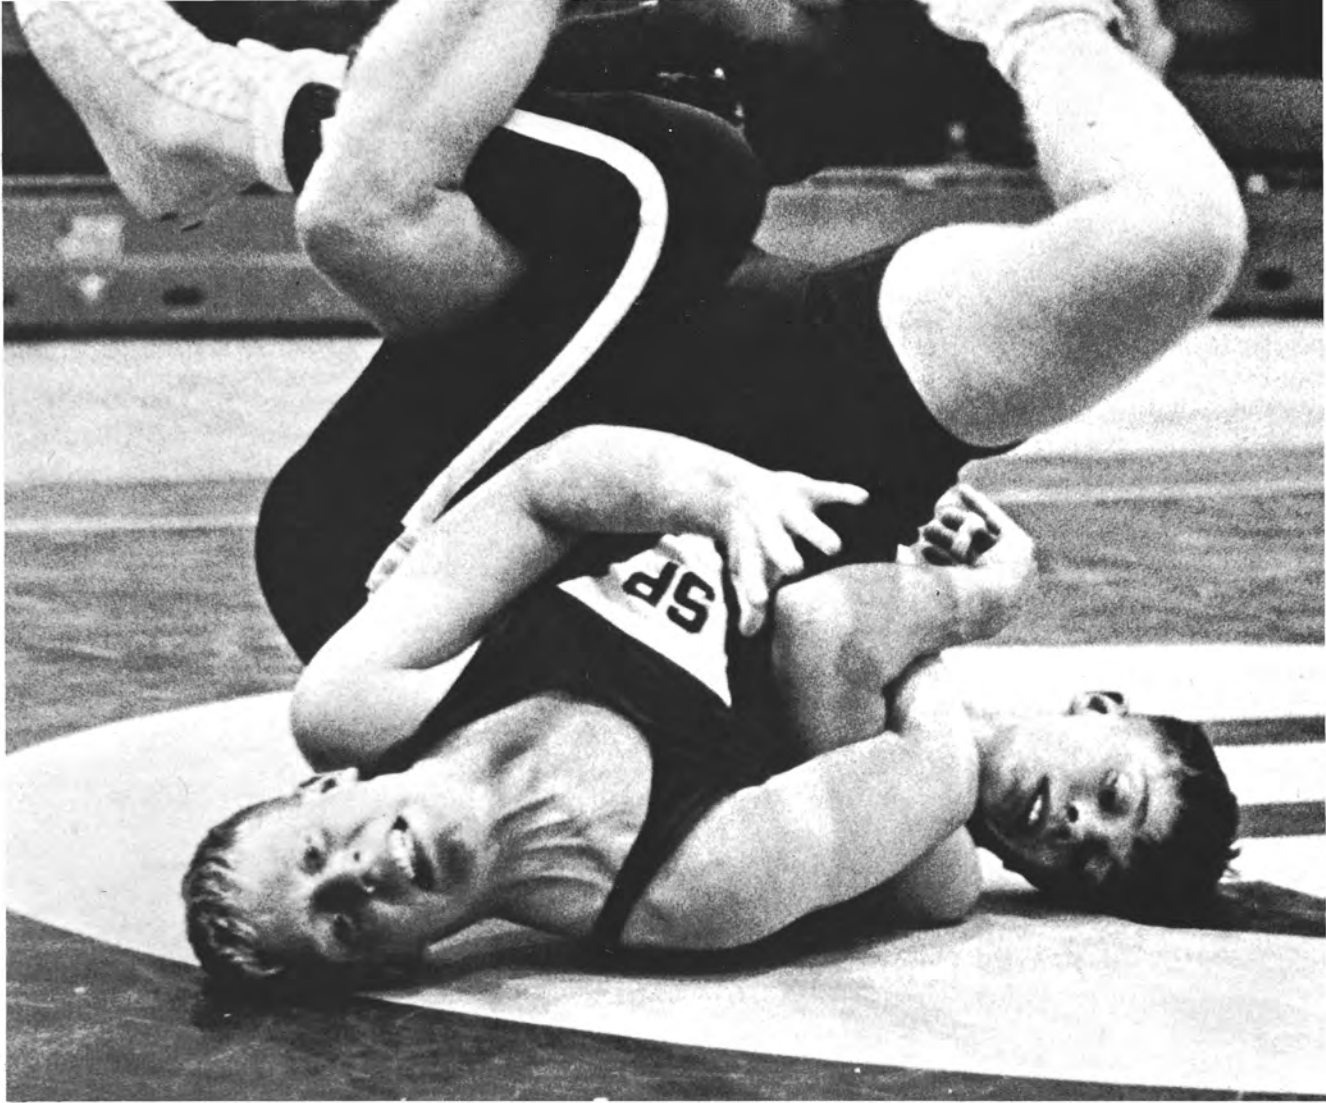

With no seniors on the '67-'68 squad the outlook for next year is encouraging.

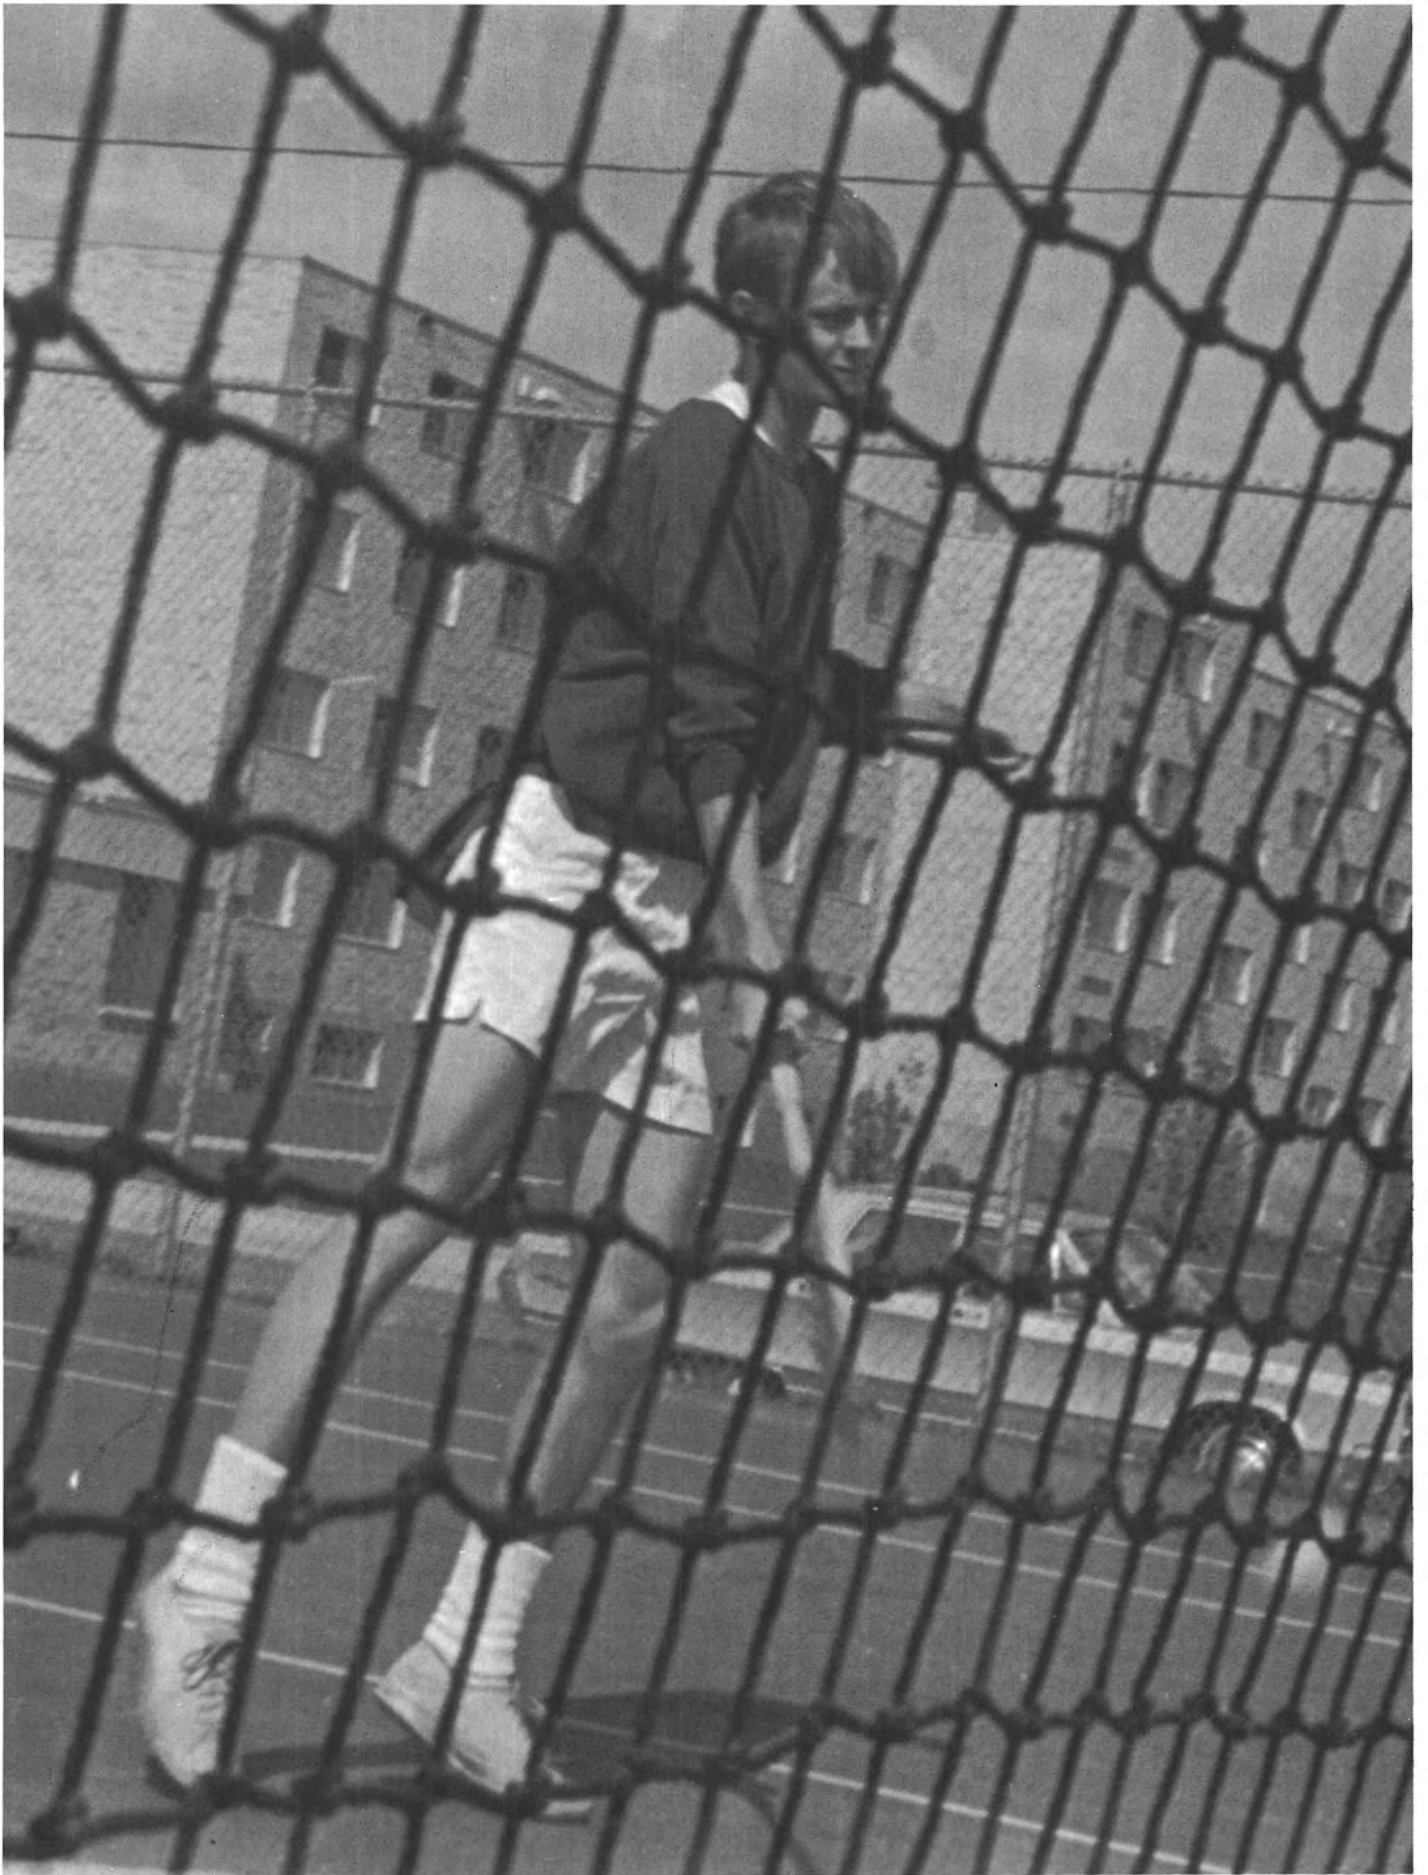

The '67-'68 young Pointer Wrestling Team finished with a so-so 7-7 dual meet record. Bright spots in the season's competition included an outstanding effort at Menominee where the grapplers from Point beat Stout and Lacrosse and lost a close match to Winona, as well as the Saturday they came home from De Pere with a 26-9 win over St. Norbert's Green Knights.

To the great disappointment of all, WSU-Stevens Point placed eighth at the Conference wrestling meet at Oshkosh. Freshman John Notstad gave Point its best showing by finishing second at 167 pounds. Andy Spees, wrestling at 137 pounds placed fourth in his class. Senior John Martinsek, with an over all record of 14-4-1 was upset in his opening match by an opponent whom he had beaten three times earlier in the season. However, he proved to be an outstanding individual wrestler this year and was voted to the all-district team.

With only two retiring seniors on the team and seven freshmen, Coach Bill Burns feels that better things are to come. He stated that "with the lack of experience of a number of this year's team they didn't do too badly."

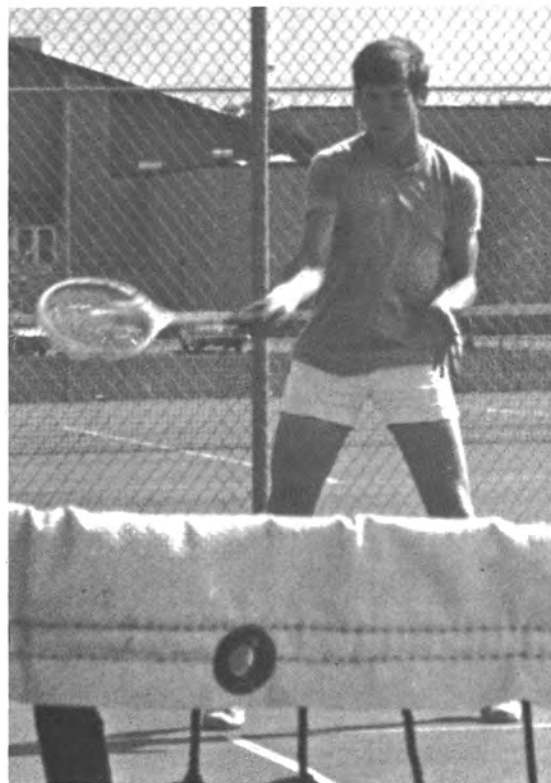

Tom Berens

Jim Vanden Heuvel.

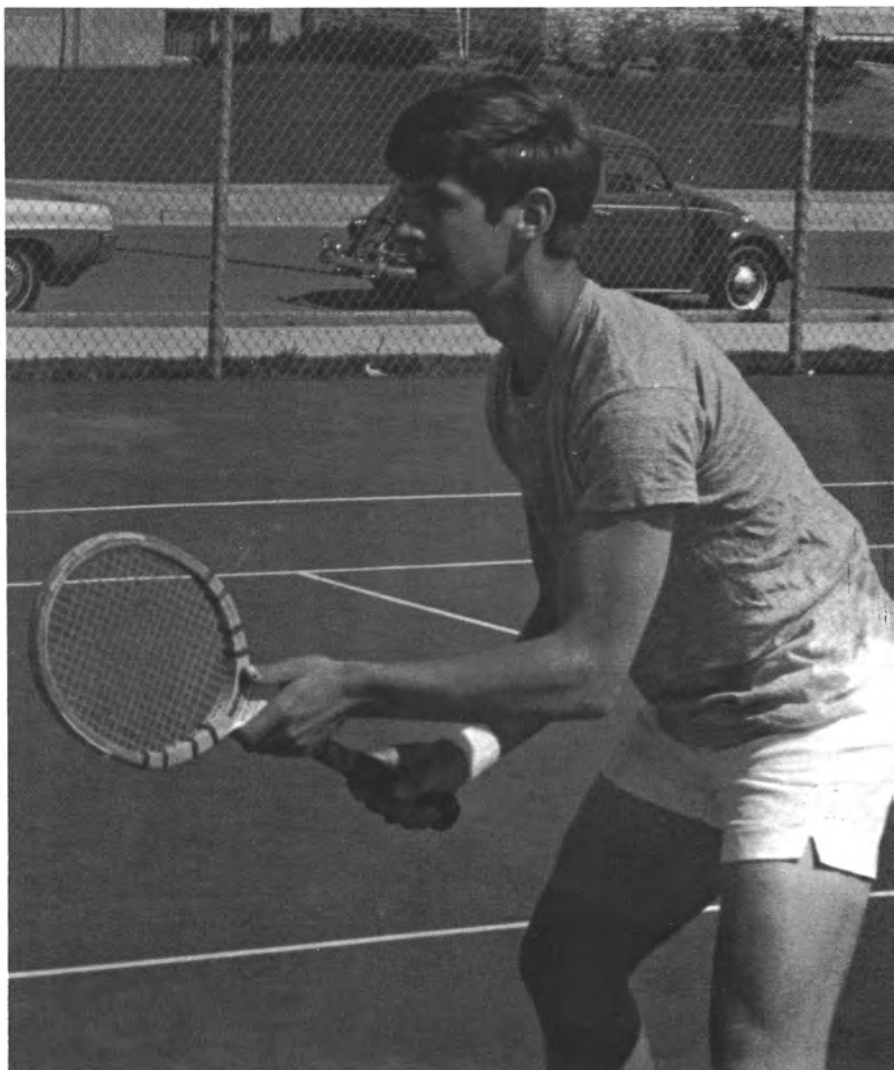

Tom Wallschlaeger.

Tennis

The tennis team placed fourth in the state university conference this season. Tom Wallschlaeger placed second in fourth singles in the conference meet. Tom Wallschlaeger and Jim Vanden Heuvel placed second in number three doubles in the conference meet. Coach Lynn Blair's team ended the season with a 4-3 overall record and a 3-3 mark in the conference.

The captain of the team was Tom Cattnach. The players voted Tom Wallschlaeger the most valuable player.

With 14 returning lettermen, things looked bright for the baseball team at the beginning of the season. The Pointers won the conference championship last year. This year the Pointers finished third in the conference standings with a 14-10-1 overall record and a 6-3 conference record.

The team had several games scheduled in the south during spring break. They invaded Little Rock University on their first stop. The pointers won both doubleheaders. Another victory came at Arkansas Tech. The second game of this doubleheader resulted in the only tie of the season. The next four games were won by Southern Illinois and Monmouth. This trip was the first of its kind to be taken by a Pointer team.

The co-captains were John Harris and Tom Walkner. MVP was Greg Wendorf. The Pointers are coached by Jim Clark.

Greg Wendorf.

Jim (Otto) Hansen, catcher.

Greg Wendorf and Dave Peterson.

Track

The WSU Track Team, under Coach Behnke, had a fairly good season. Even though the Pointers finished fourth in the conference, they finished with a fine record for the season and with many new schools records.

In single meets the Pointers clobbered the Milwaukee-Fox Valley Track Team, 100.5 to 17.5. In the other single, Oshkosh won. The score was 80 to 65. In the only triangular the Pointers downed Stout, 90 to 54, and Eau Claire, 90 to 0. In the Whitewater Relays Point finished fourth. Five schools participated. The Pointers won both the Michigan Tech Invitational and the Pointer Invitational. Six schools competed in both meets.

Jim Piering.

Intramurals

The intramural program, under the direction of Mr. Clark, Greg Wendorf and Ed Lenord, sponsored 19 sports this year. Fraternities and residence hall floor and wings may compete in any or all of these sports.

This year Phi Sigma Epsilon won the overall intramural championship in the fraternity division and Knutzen 1st took first in the dorm division.

Intramural trophies were also given to two individual men at the end of the year. These trophies went to David Patefield of Wausau, and to David Peterson of Waupaca. They were selected on the basis of sportsmanship, interest in intramurals, and academic scholarship.

Alpha Phi

19

68

Wisconsin State University
at
Stevens Point

Alpha Phi, one of the oldest social sororities for women, was founded at Syracuse, New York, 1871. It now has installed more than 100 collegiate chapters.

Alpha Phis know that happiness comes from sharing ideas, interests, activities, and ideals. Thus they are active in a variety of activities. Swinging into action Alpha Phi began the year by participating in Homecoming. Miss Barb Schmidt represented Alpha Phi in the Homecoming Queen contest. Phi Sigma Epsilon chose Sister Karen Pohl and Tau Kappa Epsilon chose Sister Conny Marchel for their Homecoming candidates. Sigma Pi chose Sister Patricia O'Neil as their candidate.

The highlight of first semester was the annual Dinner Dance held at the Stevens Point Country Club on December 8th. Amidst decorations set to the theme of "An Old Fashioned Christmas" the Alpha Phis and their dates dined and danced.

Second semester was busy as Alpha Phis placed first in the Winter Carnival ice-sculpturing for the fourth consecutive year. The sorority also took an active role in the Bloodmobile, Song Fest, Sig Ep Canoe Race, and in the Spring Fashion Show sponsored by Seifert's clothing store. The chapter joined with Phi Sigma Epsilon Fraternity in the 1968 Mother's March of Dimes. A tea was held in May in honor of parents.

Alpha Phis are not only active in sorority life but in all aspects of the campus. This past year Sister Linda Hamm was President of AWS and Sisters Becky Blahnik and Jeri Huempfer acted as student senators. Judy Polzin represented Delta Sigma chapter of Alpha Phi at the National Convention in the Bahamas in July. Sisters Sandy Vaessen and Lynn Labrot served on the University Activities Board.

The philanthropic project of Alpha Phi is Cardiac Aid. The motto is "Union hand in hand." Alpha Phis share the tangible bonds of sisterhood and as young college women know and accept the challenges of the future.

Gamma Beta Chapter of ALPHA SIGMA ALPHA has the honor of being the oldest National sorority on WSU — Stevens Point campus. The National organization was founded in 1901 at Farmville, Virginia. There are now over 50 collegiate chapters throughout the nation.

The Alpha Sigs started the fall term with participation in Greek Week and Homecoming. Miss Rosemary Wesley sponsored by Delta Sigma Phi and Miss Kathy Keppie sponsored by the Alpha Sigs were candidates for Homecoming Queen. Throughout the Homecoming Activities the Alpha Sigs worked hard, and their efforts paid off with a 3rd place in the float division.

In the spring of the year, AWS sponsors its annual Song-fest. The Alpha Sigs practiced long hard hours and brought home a 1st place victory for the second year in a row.

Another important part of chapter life for the Alpha Sigs is their Philanthropic project. As part of their project this year the Alpha Sigs worked with the college and community on the National Muscular Dystrophy Drive. Another phase of the project was treating the children at Washington School to a bowling party.

Alpha Sigma Alpha had a successful rush period and initiated 12 pledges in the fall and 19 pledges in the spring.

As a climax to a great year the Alpha Sigs placed 1st in the Sigma Phi Epsilon 1st annual canoe race.

DELTA ZETA is the largest national sorority in the United States. It was initiated onto the Stevens Point campus in 1963. Delta Zeta strives to help to develop the spiritual, social, physical, and intellectual goals of each of its members. The sorority jewels are a diamond and four pearls; its flower is the Kilarney Rose; its colors are pink and green.

Homecoming showed the united efforts of the DZ's. Maureen O'Connor sponsored by Sigma Tau Gamma, was one of the five finalists for homecoming queen. The DZ's ran away with first place in the women's division of the float contest.

To the community and school, Delta Zeta offered its service by stuffing envelopes to be sent to all residents in Portage County for the Anti-Tuberculin Association, by stuffing envelopes for the registration office, and by collecting and donating books to the Menomonie County library.

Sorority life with the DZ's has included many parties with other sororities and fraternities. It works together with the school and community.

On March 17, 1968 the members of Psi Delta Psi local sorority became pledges of Theta Phi Alpha national sorority. **THETA PHI ALPHA** was founded in 1912 at the University of Michigan at Ann Arbor. Its colors are silver, blue, and gold. The flower is the white rose and the jewel is the sapphire.

As Psi Delta Psi the sorority was awarded the Panhellenic Scholarship Trophy in fall, 1967 for the fourth consecutive semester and won the "Best Bleeders" trophy sponsored by Alpha Phi Omega for having the highest percentage of members donating blood to the Red Cross. Theta Phi Alpha participated in Homecoming, Winter Carnival, and AWS Songfest.

Theta Phi Alpha takes pride in its service projects, which in the past year included the baking of cookies for a battalion in Vietnam and work with two Stevens Point Girl Scout troops.

At commencement, June 1967, Esme Patterson was awarded the Albertson Medallion. She was also named to Who's Who in American Colleges and Universities. Mary Ustruck was named to AWS Honor Society in May, 1968.

Theta Phi Alpha will have its formal initiation as Alpha Theta chapter in fall 1968. Plans include a White Rose Ball which will be attended by National Officers.

In May 1966 a core of fourteen members were initiated into the **DELTA SIGMA PHI** fraternity at W.S.U. Stevens Point. Delta Sigma Phi became recognized by the interfraternity council late in the fall of that same year. Since then the Delta Sigma Phi Brotherhood has grown to fifty men strong, the spring '68 pledge class of 14 men was the largest to be pledged thus far.

The Delta Sigs sponsored their Sweetheart Rosemary Wesley of Alpha Sigma Alpha as their Homecoming candidate this year. In winter carnival games the Delta Sigs took firsts in the sack race and beard percentage, bringing them to 4th place in overall competition.

In March of '68 the brothers of Delta Sigma Phi again took part in the Midwestern Conclave held at Oshkosh taking second place in overall competition. The Brothers also placed first in both the fall and spring blood drives in Stevens Point, receiving a plaque both times.

During the short time Delta Sigma Phi has been represented on campus it has grown significantly under a program of engine red leadership, a program that has placed the Delta Sigs number one academically on campus, constantly striving to better itself both professionally and socially.

Jeannette Kelch of Alpha Sigma Alpha has been chosen to represent Delta Sigma Phi as their new sweetheart. And plans are being made for the Stevens Point colony of Delta Sigma Phi to become a national chapter in the coming year.

PHI SIGMA EPSILON, Kappa Chapter, at Wisconsin State University, Stevens Point, is the oldest fraternity on campus. Founded in 1931, the "Phi Sigs", are a dynamic organization who sincerely believe that brotherhood is the primary goal of their fraternity. With this idea in mind, the fraternity has grown and prospered in all fields of endeavor.

During this period Phi Sigma Epsilon has constantly been a leader in Homecoming, Winter Carnival, Intramurals and other school events. Presently, they are all school Intramural champions and are again leading in all school sports. "Phi Sig" Homecoming candidate was Miss Karen Pohl of Alpha Phi Sorority. Karen was one of the 5 finalists. The "Phi Sigs" had the honor of having it's Winter Carnival candidates chosen as King and Queen, to reign over the 1968 Winter Carnival.

Thus, the men of Kappa Chapter have done whatever they could to enhance the social pleasure of the whole school. This combination of brotherhood and primarily, its concept of balanced organization and one of the most illustrious on this campus.

SIGMA PHI EPSILON became a national fraternity on this campus in 1952, from the original chapter organization, known as Chi Delta Rho, formed in 1931. The fraternity has grown to its present membership of 50 men, not including its 18 member pledge class. The fraternity's official flowers are the American Beauty Rose and the Violet which represent its colors, red and purple.

"Action" is the word for Sig Eps regarding all activities. Yearly, the brothers participate in school activities, such as Homecoming and Winter Carnival. The Sig Eps also take part in community projects, such as the Muscular Dystrophy Drive, United Fund, and the IFC Overseas Orphan Program.

Sigma Phi Epsilon sponsored Miss Lil Koranda in this year's Homecoming Queen Competition. The fraternity was awarded first place for their float and tied with Tau Kappa Epsilon for first place in overall Homecoming competition.

During Winter Carnival, the Sig Eps were represented by Sharon Nessa and Kirk Weber in the King and Queen competition.

The Sig Eps sponsored their "First Annual Canoe Race," which ran from Jordan Park to Iverson Park, and fun was had by many a Greek and Siasefi. We hope to make this an annual event.

The Brothers also held a "Parents' Day Program and Banquet" this spring, and tried to give our parents a true picture of what Sigma Phi Epsilon really stands for and what it means to us.

The Brothers of Sigma Phi Epsilon enjoyed a very fruitful year, and plan to make the next, and those in the future, even better.

In its second year as an active member of **SIGMA PI FRATERNITY**, Gamma Lambda Chapter enjoyed participating in numerous campus activities. At Homecoming, Sigma Pi sponsored Miss Patricia O'Neil of Alpha Phi sorority as its queen candidate. The fall "Little Sister" program was a great success again this year and was consummated by a party. The intramural football team did a fine job by finishing second in the championship playoffs.

Winter Carnival was the high point of the year for the chapter. They captured second place in both the overall competition and the ice sculpture. Denny Higgins and Tom Seeboth finished first in the pipe smoking and fullest beard contests respectively. Later in the semester Sigma Pi captured first place in the Turtle Race and third place in the "Sig Ep" sponsored canoe race.

Through its campus participation, social activities and academic achievements, Sigma Pi hopes to continue to contribute to the growth and improvement of Wisconsin State University — Stevens Point.

SIGMA TAU GAMMA fraternity was founded in 1920 at Central State Missouri College. It now has a nationwide chapter membership of 60. The fraternity became activated on the Stevens Point campus in 1964 when local Alpha Beta Rho became national Sigma Tau Gamma.

During the first semester the Sig Taus participated in many events offered on campus. Miss Maureen O'Connor was sponsored for Homecoming Queen and placed second runnerup. In songfest, the brothers placed first among mens organizations and second overall.

The second semester saw the Sig Tuas make campus history by being the first men's organization to win overall Winter Carnival competition for three straight years and thus retire the traveling trophy. In the process the brothers placed first in Ice Sculpture, Greek Games, and Greek men's competition. King and Queen candidates, Richard Neuville and Gloriane Columb, received third runnerup.

Intramural competition brought firsts in football, basketball, swimming and tennis to bring the Sig Taus to a present second overall standing.

The White Rose Formal was held on the weekend of May 11 and Mr. Daniel Jirovec was named Alumni of the Year. Activities concluded with Parent's Day on May 18.

During the year, the brothers obtained a fraternity house with a capacity of 17 men. A chapter Alumni Association was formed to aid the brothers in house and newsletter management and to help overall fraternity programs. Also, the brothers were involved in work projects which netted the chapter fifteen hundred dollars this year.

To emphasize scholarship, the Sig Taus require a 2.25 grade point average in order to pledge. This year, 17 men were initiated into the fraternity.

TAU KAPPA EPSILON fraternity was founded in 1899 at Illinois Wesleyan University and has since grown to have more than 240 active chapters throughout the United States and 2 chapters in Canada. Kappa Lambda Mu, a local fraternity on the Stevens Point campus, became a Teke chapter in the spring of 1956. Over the last twelve years the chapter has grown to a membership of 60 actives.

Epsilon-Nu chapter had a very successful year on the WSU-Stevens Point campus. We got off to a fast start by trying for first place in the men's division for Homecoming. The Tekes were proud to have had their Homecoming candidate, Miss Conny Marchel, a member of Alpha Phi sorority.

The chapter showed active participation in Winter Carnival and the Intramural activities, winning the fraternity division of the softball tournament. This year the Tekes also won first place in the Songfest that was sponsored by AWS.

The Tekes participated in several service projects throughout the school year. Included were the Muscular Distrophy Drive, two paper drives, and assisting with the high school visitations. Besides these events, the brothers sponsored a Christmas Party, Easter Egg Hunt, and Spring Picnic for the Parents Without Partners Organization.

Striving to maintain scholastic goals, along with a balanced program of social and service activities makes "The Fraternity For Life" a fine example of "Greek Life" on the WSU-Stevens Point campus.

Production Notes

The *Iris* is a book which has been put together so that the Students of Wisconsin State University, Stevens Point may recall the activities of the year that has just past. The staff of the *Iris* would like to pass on to the readers of this book, the production notes.

The body copy is printed in 10 point Laurel. The main headings are in 18 point Laurel, with 14 point Laurel for making up the sub-headings. Captions and Identification of pictures use 8 point Laurel.

The paper for the *Iris* is basic paper stock, 80# Warrens Lustro Offset Enamel Dull.

The book was printed by American Yearbook Company. The cover was made by S. K. Smith Company.

Sue takes her work as sports editor seriously.

Cheryl tries holding down the desk.

Our newest photographer — Jim Campbell.

The Iris Staff

Bonnie still hasn't learned not to ask questions.

Marge M. and Marge S. each have their opinions on which pictures to use.

My year as editor has ended. As I look back it seems to have been an exciting year for the campus as well as for my staff and I.

We were given a new President, were caught up in the political campaigning and witnessed many changes in University policies. The *Iris* has tried to capture this for all of us.

As a staff we tried unsuccessfully to change the name of our book but faculty and students reacted against the change, so it has been left as *Iris*. We, too, were given a new advisor — Mr. Werner Severin — from whom we received much valuable advice. I would sincerely like to thank him for his help. Also I would like to thank my editors, staff and photographers for their time and effort.
