ALUMNI NEWS BULLETIN
WISCONSIN STATE COLLEGE
Stevens Point, Wisconsin

Greetings to Alumni:

We welcome this opportunity to extend greetings to you on behalf of our Alma Mater. We hope your work is going well for you.

Here at the college we are busy with plans for expanding our facilities. We have long since outgrown our present quarters. Wisconsin has a real problem ahead in higher education. No matter how rapidly the state proceeds to build college buildings at the state colleges and the university it cannot keep up with the rapid enrollment increase which will be at the college doors in 1963 to 1970. We might conceivably catch up in ten years, but it isn't likely before then. You can help the situation by impressing this idea upon any member of the Legislature whom you may know. I doubt if the Legislature is fully aware of the problem ahead of it.

This spring we will remodel the space vacated in the old gym in the main building. This will give us about a half dozen classrooms and some offices in addition to what we now have. That will help for a year.

We are also starting two new dormitories for men this spring. They will be across the street (N. Reserve) from the new physical education building. They are to be ready for occupancy in September 1962 and will accommodate 400 men. We can then use Delzell and Steiner Halls for women.

We also have high priority on a new science building. It is in the planning stage and should be under construction early next spring (1962). It will house the chemistry, biology and physics departments and should be ready to occupy in September 1963. That building will release a good deal of space in the old main building, as you can readily visualize, and that will alleviate pressure for space for two or three years. Our plan is to locate the new science building directly across Fourth Avenue from the new physical education building, hoping eventually to tie the new north campus to the old campus. It will require the purchase of quite a bit of residential property during the next ten years. So some day when you come back for a visit you may find the college campus about a mile and a half in length, all connected and pretty well covered with buildings.

Our best wishes to you and your family.

Wm. C. Hansen
President

C. S. C. Grad Is W. E. A. President

Harry W. Jones, President of the Wisconsin Education Association is a 1947 graduate of this college. Prior to his graduation he attended a county normal and taught in the Rural and State Graded Schools of Oneida County. Since 1947 he has served as 6th grade teacher, Assistant Principal, and now Principal, of the Marshall Elementary School in Wausau. He has been President of the Marathon County Classroom Teachers and the Wausau Education Association. He has held the position of Treasurer of the Wausau Education Association and last year was elected 1st Vice President of the WEA. He received his Master of Science Degree at the University of Wisconsin in 1952.

Mr. and Mrs. Jones are the parents of five children which include a pair of twins. The college, and we are sure all of the Alumni of CSC, are proud of the professional record of Harry Jones and wish him the best of success in his important assignment as President of WEA.

Important Reminder To Education and L. & S. Alumni

All CSC Alumni are reminded of the importance of keeping their credentials up to date and ready for placement purposes on short notices. Many graduates have already recognized the importance of this procedure to them and have been able to obtain excellent promotions because these materials were up to date and available when needed. There are, however, far too many who seem to have forgotten the importance of the procedure. Some make application for a new position which results in a request being sent by the school administration for up to date credentials on short notice. Alumni who anticipate the need for credentials to be used for placement purposes should plan well in advance to have them brought up to date with all experience completed and additional preparation which should be added to the credentials. A letter addressed to the Placement Office requesting the forms necessary for this purpose will initiate the necessary procedures to assure quick and effective placement service, when the credentials have been brought up to date.

The placement office is receiving many requests for credentials of candidates who had completed graduate preparation. We are sure there are a number of graduates from this college who have completed such graduate work but who have not reported it so that it could be included in their credentials. This means that when requests come to this office placement officials are unable to include those recommendations in those submitted to employing officials.

May we urge that you keep this important matter in mind and see that your credentials are always up to date and available for placement purposes.

The Outing Club Requests Your Help

Seldom does the alumni of CSC get a chance to help their college. This year the story is a bit different. No, we aren't going to ask you rich ones to build us a new dorm or the Greeks to build new houses. We aren't going to ask the teachers to tithe their money for the next ten years. We need your help, but it is inexpensive. (downright cheap!)

The College Union has started an Outing Club. At the first meeting, one-hundred and fifth enthusiastic students joined the club. The interests of the group is varied; it runs from skiing, canoeing, biking, hiking to even spelunking (cave exploring).

The problem this new organization has is the lack of knowledge of good areas for the various interest groups to explore on their outings. It is the desire of the Outing Club to get help from the college alumni on this problem. The College has alumni over the entire state; if each member would send us a complete list of information on the recreational areas in their location, the Outing Club would be most receptive.

In this report we could use the following information:

1. What the area has of recreational value.
2. Who we would write to for reservations and additional information.
3. The cost for the use of such area.
4. How many miles it is from CSC, and what is the road condition (What highways would be the best to use, would help).
5. While we are in this area, is there an attraction that we might overlook and shouldn't (example: In Wisconsin Dells we shouldn't miss the boat trip).
6. What time of year would it be best to attend.
7. Is this attraction open year around? If not, when?
8. If you are free, would you care to spend the weekend with us as our guest, when we are in your area?
9. Your name, address, year graduated from CSC, telephone

Keith Briscoe, assistant director

Amacher and Briscoe To Attend International Meet

Mr. John Amacher, director, and Keith Briscoe, assistant director, College Union, Central State College, will attend the 38th annual Association of College Unions international conference at Colorado Springs, Colo. The conference will be held April 16-19.

Approximately 325 delegates from colleges in the United States, Canada and Puerto Rico are expected to attend. The ACU has member-institutions in Australia, Japan, Mexico, and the Phillipines. The total membership is 410. The purpose of college unions everywhere is to train students in citizenship, social responsibility, and democratic leadership.

This year's conference theme is "Higher Education and the National Purpose." It will be studied throughout the four days of 31 program sessions. Gerald O. T. Erdahl, North Carolina State College, Raleigh, is national president of ACU.

Retired Campus School Supervisor Dies

Following an extended illness, Mrs. Edith Cutnaw, former supervisor in the Campus Laboratory School, died at her daughter's home in Menomonie last October. Mrs. Cutnaw joined the college staff in 1939, serving as supervisor of student teaching in the junior high school. Her education began in the public schools of Winneconne, then the Oshkosh Normal School and received her Bachelor of Philosophy Degree at Ripon College. Through summer school at the University of Chicago and the University at Madison she received her Masters Degree in 1954.

Her experience included teaching at the rural schools, county Normal, Iowa State Teachers College, Dickinson, North Dakota State Teachers College before joining the staff at Stevens Point. She was born in Winneconne, was a member of the Presbyterian Church, the Eastern Star, AAUW, Phi Delta Gamma, Sigma Tau Delta, Phi Gamma Phi, Pi Lambda Theta, The Business and Professional Women's Club and Stevens Point Women's Club. Her husband died in 1938, leaving her with a son Kent who was killed in the Second World War and a daughter Mary Francis, currently Professor of Speech at Stout State College.

In addition to her interest in Teacher Education she had an unusual interest in Remedial and Corrective Reading. Among articles published were, "Why So Many Poor Readers," published in the Wisconsin Journal of Education. She was founder and Director of the Junior Theater of the Campus Laboratory School. Many students were provided the opportunity to appear publicly in a theatrical production through this activity. A scholarship fund has been established for Mrs. Cutnaw for those interested in having a part in continuing the programs she helped to initiate. It is the "Edith and Kent P. Cutnaw Scholarship Fund", to reward upperclassmen interested in teaching Social Studies or in entering law.

C. S. C. Grad Given Honorable Mention

Mr. Jerry Madison has been given honorable mention by the Woodrow Wilson National Fellowship Foundation. He was among those selected for this honor from 10,453 nominees. Past experience from the foundation indicates that most honorable mention winners will receive alternate awards either directly from universities and colleges or other organizations. The Woodrow Wilson Foundation is constantly searching for outstanding college students and college graduates who are interested in college teaching as a career. Dr. Eagon is the college representative for the Woodrow Wilson Foundation and would be interested in hearing from any student with an outstanding college record who has not had more than one year of graduate work and is interested in making application for this fellowship grant.

Cooperative Master's Graduate Program

This program is designed for experienced elementary and secondary teachers. For qualified candidates, the program will lead to the Master of Science Degree in a teaching field after four 8-week summer sessions, two at a state college, and two at institutions participating in the Cooperative Master's Degree Program --- University of Wisconsin, Madison and Milwaukee, Stout State College, and Superior State College.

Admission requirements are: 1. A bachelor's degree from an accredited institution. 2. Certification to teach in Wisconsin. 3. One year of teaching experience, except for the first summer session following graduation. 4. An undergraduate overall grade-point average of 2.75 (4.00 basis; C is 2.00). 5. Good mental and physical health.

Applicants should write to Dr. Burdette W. Eagon, Director of Graduate Study at Stevens Point, requesting an application form. Graduate summer session will be from June 12 to August 4. The cost for the full six credit program will be \$74. Books for the courses will be purchased by the student.

Courses offered are: (Specialized area courses are indicated by an asterisk.)

PROFESSIONAL EDUCATION		Mr. Eagon	Mr. Clements
XE1	Seminar, Problems in Teaching (One section elementary, one section second.)		
XE2	Philosophical Foundations of Education		Mr. Clements

HISTORY AND SOCIAL STUDIES

XH2	Great Issues in Western History		Mr. Kremple
*XH61	Public Finance		Mr. Jensen
*XH21	American Historians		Mr. Jenkins

LANGUAGE AND LITERATURE

XL1	Language in Society		Mr. Burress
XL2	Literature and the Human Experience		Miss Smith
*XL47	American Novelists, I		Miss Smith
XL3	Foundations of Oral Communication		Miss Isaacson

SCIENCE AND MATHEMATICS

XS1	Integrated Biological Concepts		Mr. Pierson
XS2	Physical Science		Miss Bainter
XS3	Fundamental Concepts of Mathematics		Miss Treuenfels
*XS51	Intermediate Chemistry I		Mr. Kallander

ART

XA1	Historical and Philosophical Concepts of Art		Mr. Runke
-----	--	--	-----------

MUSIC

XM1	Music in Contemporary Culture		Mr. Marple
-----	-------------------------------	--	------------

HOME ECONOMICS

XHE21	Recent Developments in Textiles and Clothing		Miss Hill
-------	--	--	-----------

From Dean Gordon Haferbecker

Stevens Point like the other state colleges will again have an eight week summer session in 1961. The graduate program which began in 1960 with eight credits offered will expand so that 17 courses will be available. We expect about 80 master's degree students this summer. The college will offer six credits in Safety Education and Driver Education which will enable students to meet state requirements for certification as teachers of driver education. If there is sufficient demand, three courses in library science will be available for those working for teacher-librarian certification.

The Summer Music Camp for high school students has been such a success that a junior high school camp has been added to the 1961 summer program. High school students will attend from June 11 to June 25 and junior high school students from July 9 to July 16. Included in the program will be two major performance groups: chorus and band. In addition to daily rehearsals for these groups, other course offerings will include: music theory, conducting, music appreciation, small ensembles, piano workshop, and private instruction in applied music. Supervised recreation will be provided. Students will be housed and fed in the college dormitories.

The college and the Wisconsin Conservation Department are sponsoring a five week, work-study field project, June 12 to July 15. Participation is limited to 15 men including conservation majors at the college and men teachers with undergraduate majors in biology or conservation.

The Speech Department is offering a five-week Eastern Drama and Theatre Tour of the eastern United States and Canada. Students will see over 20 plays and may earn up to six credits in speech and drama courses. Write Professor William Dawson for details. If you are interested in a 1962 summer tour of South America or a 1962 tour of Europe, write the college now for details concerning registration. Both tours will be credit programs.

Offerings have been expanded in the new Master's Degree program for teachers. Courses will be available in the sciences, social sciences, language and literature, education, art, music, and home economics. Write Dr. Burdette Eagon, Director of Graduate Study, for application forms and details of the program.

The American Historical Society and the college at Stevens Point are jointly sponsoring an institute for high school teachers of history. The emphasis will be on American Foreign Policy, retrospect and prospect. Free board, room, and tuition will be provided for 20 outstanding Wisconsin high school teachers who will be selected for this institute which will be held from July 10 to July 12. Write the history department for applications.

Summer school bulletins will be available in March. Those not in attendance in the 1959 or 1960 summer session may write for a bulletin. Students are urged to secure advance approval for their summer school program so that they may get into the courses of their choice. This will also avoid delays on registration day, June 12.

Fees for Wisconsin residents will total \$78. For further information write Dean Gordon Haferbecker, Director of the Summer Session, Wisconsin State College, Stevens Point.

Greeks Plan To Move In

Seven small dormitories are in the planning stage and should be ready for fall occupancy in 1961. Thrifty Builders of Milwaukee has embarked on a large scale college housing development program which is creating the most modern functional student housing possible at costs which do not exceed those in acceptable housing units. Anticipated costs will be about \$15. a week which will include room, board and other house expenses.

Groups presently making plans to move into this new housing development are: Alpha Sigma Alpha, Omega Mu Chi, Tau Gamma Beta, Alpha Beta Rho, Phi Sigma Epsilon, Sigma Phi Epsilon, and Tau Kappa Epsilon. Each group will have a house-parent who is officially in charge of the house and works closely with the student government within the group. The house parent is the adult counselor within the residence.

Each building has an attractive, completely furnished apartment for the house-mother or house-parents as the case may be. The apartment consists of a kitchen, bedroom, private bathroom, and carpeted living room. Heat, electricity, and water are furnished and the apartment is available to the house-mother without charge to her or the student group, for the entire calendar year.

The brick and stone buildings with appropriate amounts of exterior wood paneling may be designed as a 27 or 32 student house. The smaller house has 9 double rooms and 3 triple rooms while the larger unit consists of 16 double rooms. The basement in each house is an attractive and functional room for preparation of food, dining, meetings and social programs.

Construction of these buildings is to start some time before May, 1961. The land has already been acquired which is located between Division and Isadore Streets, immediately south of 4th Ave.

Students on campus are eagerly awaiting the completion of these housing units. This development can be a fine addition to our campus. We hope you alums will stop by and help us enjoy it.

Alpha Sigma Alpha

AlphaSigmaAlpha began the year by participating in the Freshmen Activities Assembly. Our contribution was a short musical. Our winning serious song from Songfest was sung, plus numbers by the quartet and the Dixieland band.

This fall we happily welcomed back Rosario Estacio and Lois Klatt who returned to campus after a year's absence.

We participated in the homecoming parade with a float "Doner's Pass". A banquet at the Mead Hotel in Wisconsin Rapids closed our contribution to the activities. Mrs. Jenkins was our guest speaker.

The Alpha Sigs held their pledge party Sunday, March 19, in the Union lounge. Immediately preceeding the pledge party the new officers were installed.

This year Judy Ungrodt, our past president, received the Elizabeth Bird Small Award and Jacqueline Fritsch is the Frost Fidelity Award winner.

As are the other sororities Alpha Sigma Alpha is anxiously awaiting next fall and their new house. This will be a new experience for all and something the sorority has dreamed of for a long time.

News Concerning C.S.C. Alums

JEROME A. BOETTCHER, reports that he and his family have recently moved into their new home which they built. His new address is 736 N. Moreland Blvd., Waukesha, Wis.

DALE RINDFLEISCH, and his wife, the former SHIRLEY SONNENBERG, '54, are living at Mayville, Wis. where Dale is teaching mathematics at the Mayville High School. They have two children, David and Brian.

Located at Lockbourne, Ohio are JEAN GETCHELL LANGE, '57, and her husband who is practicing dentistry at Lockbourne Air Force Base near Columbus, Ohio. They have a son, Timothy, who was born on October 7, 1960.

REX C. DAVIS, '58, and his wife, the former Nancy Gehrke, and their 18 month daughter Deborah Ann are living in Cedar Falls, Iowa where Rex is attending Iowa State Teachers College under a National Science Foundation Grant. They will be there until August, 1961, while Rex works towards his Master of Arts Degree in mathematics. Their address is 1611 W. 31st St., Cedar Falls, Iowa.

PAUL MASSEY, is teaching science and mathematics at the Rudolph High School. His wife, the former CAROL ANN HENRICH, taught kindergarten at the Birch School near Wis. Rapids at which time she retired to await their anticipated "tax exemption."

LILIANE THOMSEN McNULTY, a '60 summer school graduate, is in her third year of teaching at Wittenberg, Wis. She has recently been elected as President of the Wittenberg Teachers Association for 1961-62.

ARLON E. PARKIN, who has been teaching in Wausau, Wis. for the past several years, has accepted a position on the 1961 summer staff of Washburn University, Topeka, Kansas. He will teach a workshop course in "Methods of Teaching Elementary Science."

Teaching English at Ronan, Montana is '60 grad DON ZELHUBER. He reports that Ronan is located near the southern end of the Flathead Valley, which is in the center of the Montana Rockies and has excellent fishing (trout) and hunting (elk, deer, bear, and moose) facilities. Don reports that he has just recently killed his first elk.

NORBERT J. MILLER, '57, is currently in his third year of teaching at Pacelli High School in Stevens Point. He is the assistant football coach and head basketball coach. "Nubs" and his wife Delores have a son Kenneth Lee, and on Thanksgiving Day became the proud parents of a baby daughter, Karen Lynn.

PATRICIA PERKOFKI GHILONI, a '60 home economics graduate, is now located at Jacksonville, North Carolina, where her husband, a U.S. Marine, is stationed. Pat has been teaching home economics at the Dixon School in North Carolina.

Serving with the U. S. Army is ARVO R. BRITTEN, '60. At present he is attending security school at Fort Devens, Mass. He can be reached at the following address: Co. G, 2nd BN U. S., ASA Training Re'gt., Fort Devens, Mass.

Employed by the Milwaukee County Park Commission at the Milwaukee County Zoological Gardens is '60 L & S graduate RICHARD T. HAAS.

EUGENE "BUTCH" SORENSON, '59, and his wife, the former LOIS MERKATORIS, are now living in Madison, Wis. "Butch," who taught and coached in Edgerton, Wis. last year, is finishing his Master's Degree in Physical Education at the University of Wisconsin. He has a graduate assistantship consisting of assistant football, head wrestling, and track coach at Wisconsin High School. The Sorensens have two children, Mark, 18 1/2 months, and Mary Jean, 2 months. They are living at 302C, Eagle Heights, Madison 5.

Returning home to Nelsonville, Wis. for Christmas was MRS. AL NELSON, the former CHARLOTTE LOBERG, '57. She and her husband reside at Pomona, California and are the proud parents of a baby girl, Linda.

GERALD R. BAERENWALD, '54, has been working at Allen-Bradley Co. of Milwaukee, Wis. since November, 1957. He is a spectrographer in the chemical laboratory, which entails quantitative trace analysis of a wide range of materials, mainly inorganic, with the use of an emission spectrograph. The Baerenwalds live at 4320 S. 71, Apt. 2, Milwaukee 20, Wis.

Teaching mathematics, science, and social studies in the Seventh-Day Adventist Junior Academy at Green Bay, Wis. is ALBERT KROHN. He has completed a Master of Science Degree in Science Education at the University of Wisconsin (August, 1959).

ROSEMARY KRIEDLER, is now MRS. GENE HASSLER and has one son, Robert.

MRS. WAYNE HEGGESTAD, the former MARJORIE BEAVER, '49, is living at Manitowoc, Wis. where her husband is the Casework Supervisor for the Manitowoc County Welfare Department. They have two children, Todd, 3, and Ellen, 1 1/2.

WILLIAM G. BARTON, a '55 L & S grad, is working for the Wisconsin Conservation Department as a conservation warden. For two years he worked all over the state but was permanently stationed at Friendship in Adams County in February of 1957. He reports that two of his neighboring wardens are Ronald Kubiak at Necedah and Joe Pelikan at Wis. Rapids who attended CSC for some time.

Teaching at the West Side School at Mauston, Wis. is EDWARD PIERCE, who completed work on his Bachelor of Education Degree in January, 1960. Prior to this time he had been attending summer sessions at the Point. In the summer of 1960 he returned to begin work on the graduate level. He recently won a year's membership in the B.A. V.I. of the National Education Association for entering a contest describing "How I Use Audio-Visual Materials in My Schoolroom."

DONALD R. RANK, a '59 L & S grad, who is employed by the Federal Government, was recently promoted to a Claims Representative. Donald lives at 2102 Military, Port Huron, Mich.

JERRY FARRELL, and his wife are living in Clintonville, Wis. where Jerry is guidance director for the Clintonville Senior High School. He earned a Master of Education Degree in guidance from Wisconsin State College at Superior in June, 1959. After their marriage in June of 1960, Jerry and his wife took a nine-state trip through the Middle West, visiting the Black Hills and the Badlands, plus many other interesting places.

LOUELLA FREEBERG, '59, has signed a contract to teach fourth grade in Anoka, Minnesota, for the 1960-62 school year. She informs us that as of July 1 her name will be Mrs. David Anderson.

VIVIAN HOFMAN NEWMAN, reports that she is currently living at 812 Maple Ave., Tempe, Arizona Her husband, Jim, is working on his doctorate at Arizona State University in Tempe under a National Science Foundation grant. The Newmans have a two year old daughter, Linnea Jean.

Working as a secretary in Madison, Wis. is MARY JO REZNICHEK RIKLI, '54. She was married in June, 1959, to Earl A. Rikli.

MRS. KENTON STEWART, the former ARDIS RAATHS, '53, has received her M.S. Degree at the University of Wisconsin. Her husband, Kenton, is working on his Ph. D. at the University. They are currently residing at 430 W. Gorham, Madison, Wis.

Serving as a counselor at the Appleton Senior High School is DONALD E. TAYLOR. Prior to this position, Don served as guidance director at Seymour High School. He also attended an N. D. E. A. Counseling and Guidance Institute at the University of Wisconsin the second semester of 1960. He and his wife, the former ISLA MAE FRIBERG, '52, have two sons, Scott, 4 1/2, and Craig, 2 1/2.

DON WHITESIDE, and his wife, the former ALVINA ADAMS, can be reached at 350 Palo Alto Ave., Palo Alto, California or c/o Stanford University, Stanford, California.

Employed as a silvicultural forester for the Nekoosa-Edwards Paper Co. at Port Edwards, Wis. is DAVE HURLBUT, '56. He and his family reside at 1111 - 4th St., Port Edwards, Wis.

ISABELLE M. LANDOWSKI, has accepted a position in the elementary schools of the Anchorage Independent School District, Alaska, for the 1961-62 school year.

EUNICE R. ROTHWEILER, '51, was married in November, 1960 to John Paulin, a Marquette University graduate. Eunice teaches at Hi-Mount Blvd. School in Milwaukee and her husband teaches at the Cedarburg High School in Cedarburg, Wis. They reside at 4424 N. 92, Apt. 8, Milwaukee 18, Wis.

JOSEPH J. KALINA, a '45 grad, was promoted to the position of Principal of the new Glenwood School in Waukegan, Ill. after five years of service as Assistant Principal in Waukegan. He began his teaching at the Colby High School in Colby, Wis., then transferred to Granton, Wis. where he served as an instructor, athletic coach, and assistant supervising principal. He received his Master of Arts Degree in Elementary Education, with majors in administration and guidance, in August, 1953 from Northwestern University, Evanston, Ill. He and his wife, the former Dorothy Spindler, have two children, Susan, 15, and James, 12 1/2.

In May, 1960, WILLIAM E. HOPPE, '59, accepted a dispatcher position with the Forest Protection Division of the Wisconsin Conservation Department at Antigo, Wis. Prior to that time he had been employed at the Paine Lumber Co. at Oshkosh and as a conservation warden at Winneconne. He and his wife, the former Jane Helgert, welcomed a new addition to their family in November, 1960.

MRS. C. R. FRAZEE, the former MARY AGNES BOYLE, a '30 grad, reports the following personal information: After graduation in 1930 she was employed as information and switchboard supervisor at Hardware Mutuals, Stevens Point. In August, 1939, she married C. R. Frazee, who is employed in the Advertising Department of Hardware. At the present time Mrs. Frazee owns a leased department at the Wilshire Shop in Stevens Point, Wis.

MARY BRAATZ GARDNER, '59, is currently residing at 1159 E. 61st St., Chicago 37, Ill. She is working on her M. A. Degree in English, having been granted a Woodrow Wilson Fellowship for tuition and living expense. Her husband, Russ, is in his third year of medical school and expects to graduate with his M. D. in June, 1962.

Teaching kindergarten at Minocqua, Wis. for the past three years is ELVA PREMEAU NIEMI, '57. She and her husband spent their Christmas vacation on the Mexican border at McAllen, Texas and spent Christmas Day on Padre Island.

PAUL ZEI, '57, and his wife, the former ARLENE GOLOMSKI, '56, have returned to Wisconsin after spending two years in Iowa City, Iowa. Paul received a M. A. Degree in Social Work at the University while Arlene worked as a microtechnician for a University zoologist. Paul has started work as a psychiatric social worker with the Brown County Child Guidance Clinic in Green Bay. They have one child, Christopher Paul.

BETTY ANN BEHL, a '57 grad, is teaching physical chemistry and physics at Milwaukee Downer College in Milwaukee, Wis. She received her M. S. Degree from Marquette University in 1959 and expects to begin graduate work for her Ph. D. at Polytechnic Institute in Brooklyn in June, 1961.

Teaching overseas at Sasebo, Japan for the past year is ELIZABETH SWENSON. She can be reached through the following address: c/o Ernest J. King School, U. S. Fleet Activities, Navy No. 3912 F. P. O., San Francisco, Calif.

Teaching fifth grade at the Roosevelt School in Green Bay, Wis. is ROBERT GROSSE. Prior to this time he taught for three years in Wisconsin Rapids.

GEORGE SEEBURGER, '57, has received a National Defense Education Fellowship for 3 years starting in the fall of 1961 to work on his Doctor's Degree in Science Education at the University of Georgia. At the present time George and his wife NANCY SKALITZKY, '58, and family are living in Athens, Ga. where George is working on his Master's Degree under a National Science Foundation Grant. Address: 564 College Ave., Athens, Ga.

CHET POLKA was granted a Master of Science in Education Degree from the University of Wisconsin, January, 1961.

LARRY E. HANNEMAN, '59, L & S grad has accepted a new appointment in the Department of Interior. He has transferred from the U. S. Geological Survey to the U. S. National Park Service. He is now working as a Park Ranger on the Natchez Trace Parkway in Mississippi.

Serving as Sales Manager for the Western Frozen Foods Co., Inc. of Watsonville, California is '53 grad PARR B. EVES. His current address is 19 Memorial Avenue, Watsonville, Calif.

JERRY L. BOWER, '60, is presently a student and graduate assistant in the Department of History at Michigan State University. He has been granted an assistantship for the 1961-62 school year and will complete work on his Master's Degree next year. He recently became a member of the Alpha Phi Chapter of Phi Alpha Theta, the National Honorary History Organization. Jerry and his wife recently welcomed a son, Paul Andrew, to their family.

MRS. ESTELLA BOCK DAVIS, '41, received her Master's Degree from the University of Wisconsin, Milwaukee, in 1960. Mrs. Davis has been teaching for approximately 35 years.

MRS. EVELYN COLLINS, '57, reports that she will complete her fifth year of teaching at Baraboo, Wis. in June and also her nineteenth year of teaching. Her son, LARRY COLLINS, '56, is teaching at the Sherman School in Madison. Her daughter, MARY COLLINS HAUGSBY, and son-in-law, JAMES HAUGSBY, will graduate from CSC in June, 1961.

FERN SCHULTZ KISSINGER, '46, received her Master's Degree in Elementary Education from the University of Wisconsin on January 21, 1961. She has been teaching second grade in the Madison schools.

Residing at 3510 S. 122nd St., Omaha 44, Nebraska, are DAVID BUTLER, '55, and his wife the former MARY BARTELT, '55. David is teaching printing at Boys Town.

DON UNFERTH, a '36 grad, reports that he is serving in the capacity of Assistant Publicity Director for the Chicago White Sox. After graduation from CSC in '36, he coached in Wisconsin high schools for 6 years, then was sports editor of the Wis. Rapids Daily Tribune and sports announcer for WFHR and Wisconsin Network for another 6 years. He joined the White Sox organization in 1948 as Assistant Farm Director and in 1955 became the Assistant Publicity Director.

RICHARD DALKE, '60, has been awarded a scholarship from the National Science Foundation for a summer institute at the University of Dayton, Dayton, Ohio. This program leads to the Master of Science Degree. Richard is currently mathematics instructor at Chilton High School, Chilton, Wis.

Serving as Director of Laboratories at the Marshfield Clinic in Marshfield, Wis. is '56 grad FREDERICK J. WENZEL.

ULAMAE KNUTSON BULLINGTON, a '40 graduate, reports that she lives at 1007 University Bay Drive in Madison, Wis. Her husband is employed at Wisco Hdwe. Wholesale Co., while she teaches at the West High School in Madison.

Organizing a new city-wide recreation program for the City of Rochester, Minnesota is '54 grad CURTIS L. TAYLOR. He became Recreation Director for Rochester in September, 1959. He and his wife, the former BARBARA NOTTLESON, '53, welcomed a new addition, a son, to their family which prior to this time consisted of Kim, 6, and Wendy, 3. The Taylors' address is 3923 - 4th Place, N. W., Rochester, Minn.

RAY COOK, who is currently teaching biology at the Brookfield High School in Brookfield, Wis., has undertaken a research project to determine if he can add to the knowledge of hibernation of the 13-lined gopher that is so plentiful in Wisconsin. He has received small grants the past two years from the National Science Foundation through the University of Wisconsin where he obtained his Master's Degree in 1959.

A graduate student at the University of Wisconsin, BERNADINE PETERSON, '45, expects to finish work for her Ph. D. Degree in August or early fall of 1961. Upon completion, she will be on the faculty of Kansas State University, Manhattan, Kansas, as Associate Professor of Education and Chairman of Home Economics Education.

Serving two years in the Navy is '56 grad EUGENE WEBER. He graduated from Marquette University as a dentist and is now working in that capacity in the Navy hospital and clinic. He is married to the former Dorothy Bendry. Gene can be reached at Box 2, Navy 127, c/o P.M., Seattle, Washington.

MRS. DONALD J. WALTER, the former MADELINE WILLIAMS, '51, is doing substitute teaching in general science and home economics at Toledo, Ohio. The Walters have two boys, Joseph, 4, and James, 1.

JAMES BRISELDEN, '58, who has been teaching mathematics at the Watertown High School, has been awarded a scholarship for a year's study from the National Science Foundation. He plans to do graduate work in mathematics towards a Master's Degree at the University of Wisconsin.

Teaching home economics at the John Dewey Junior High School in West Allis, Wis. is '60 grad MARGARET WORZELLA. She reports that she became engaged to William D. Kieffer of Auburndale at Christmas time.

Serving as Principal of the new Consolidated Grade School at Rosendale, Wis. is DONALD A. DOUGLAS, '52. He and his wife, the former LOLA VAN ORNUM, '50, have four children, Donna, Terry, Karen, and David.

ANNA LOUISE BAER, '59, informs us that she will again act as chaperon and advisor for a group touring Mexico in June, 1961. In June of 1960 she visited Monterey, San Luis, Potosi, Mexico City, and other places of educational interest. At the present time she is employed as lower grade supervisor in the laboratory school of the Racine-Kenosha County Teachers College, Union Grove, Wis.

KELLY DOUGLAS, '53, has recently completed 22 hours of graduate credit at the University of Northern Illinois and the University of Illinois (beyond the M.S. Degree). He was assigned to referee the State A. A. U. basketball finals for the second year in a row. He has also refereed the state high school district, regional, and sectional wrest-

ling tournaments for the past two years.

A full-time housekeeper and mother of two children, Ann Marie, 2, and Barbara Lynn, 6 months, is MRS. BERNARD BRANDNER, the former BEULAH HUETTL, a '55 Primary Division graduate. The Brandners live at 1148 Nicolet Ave., Green Bay, Wis.

Presently attending the Institute of Paper Chemistry at Appleton, Wis. is '59 grad FRED LODZINSKI. The Lodzinski family welcomed a new addition, Thomas Mark, in December, 1960. He joins one brother and two sisters.

A Shell Merit Fellowship at Cornell University has been awarded to WILLIAM F. CABLE, '52. Mr. Cable, who has taught mathematics at P.J. Jacobs High School in Stevens Point, Wis. for the past eight years, is one of 100 outstanding high school mathematics and science instructors from the United States and Canada selected on the basis of merit and demonstrated leadership qualities to attend graduate level summer seminars at Stanford and Cornell Universities. While at Cornell, Mr. Cable will receive advanced training in mathematics, chemistry, physics, and educational techniques, as well as firsthand knowledge of the applicants of science and mathematics in industry. Mr. Cable has attended the University of Wisconsin and has obtained a Master of Science Degree in Education.

- A daughter to Mr. and Mrs. Bradley Blake (Patricia Scribner)
A son to Mr. and Mrs. Keith C. Fox (Margaret Larsen)
A son (Duane Edward, Jr.) to Mr. and Mrs. Duane Devine (Ilse Hirzy)
A daughter (Ann Marie) to Mr. and Mrs. Richard Reinholdt
A daughter (Karen Lynn) to Mr. and Mrs. Norbert Miller
A son to Mr. and Mrs. William E. Hoppe
A son (Brian) to Mr. and Mrs. Dale Rindfleisch (Shirley Sonnenberg)
A daughter (Nancy Jean) to Mr. and Mrs. Oliver Andrews
A daughter (Mary Jean) to Mr. and Mrs. Eugene Sorenson
A son (Thomas Mark) to Mr. and Mrs. Fred Lodzinski
A son (Kenneth Allen) to Mr. and Mrs. Allen Lubinski
A son to Mr. and Mrs. Curtis Taylor (Barbara Nottleson)
A son (Daniel Kenneth) to Mr. and Mrs. Norman Dorn (Janet Duranceau)
A son (Paul Andrew) to Mr. and Mrs. Jerry L. Bower (Donna Donner)
A son (David Allan) to Mr. and Mrs. Donald Douglas (Lola Van Ornum)

Are Your 1961 - 1962 Membership Dues Paid ?

The Alumni Office, in planning for the Homecoming Edition for early fall mailing, must know by September 1 the number of paid up members so that the printers will know how many issues to prepare for mailing. If you do not have a 61-62 membership card, we urge that you clip the membership blank, attach your dollar and mail it promptly. This will insure your being on the mailing list for the first fall edition (The Homecoming Edition).

Previously the Alumni Office has withheld mailing the Homecoming Edition well into September in order to extend membership dues. This year we plan to mail out the Homecoming edition early in September so that all Alumni will be fully informed as to the program and can then make plans for attending.

We will deeply appreciate your cooperation in this matter.

Application For Membership

Alumni Association
Wisconsin State College
Stevens Point, Wis.

Here is my \$1.00 for dues for 1961-62
(Make check payable to CSC Alumni Association)
