**University Center Addition**

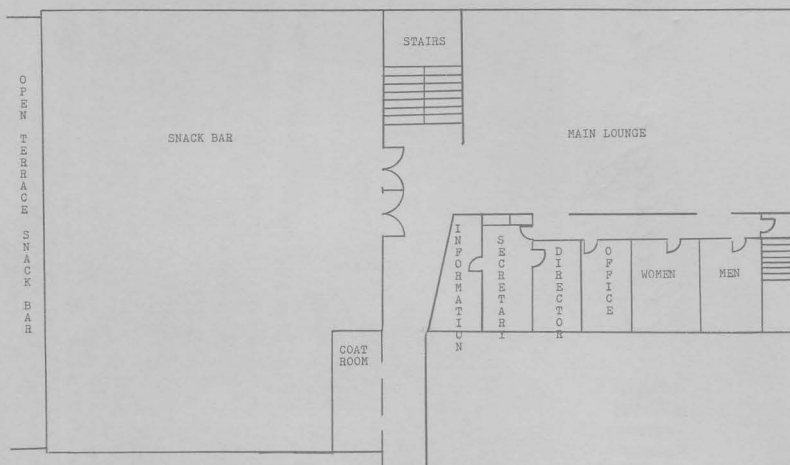

*[ April 1965 ]*

# University Center Floor Plans

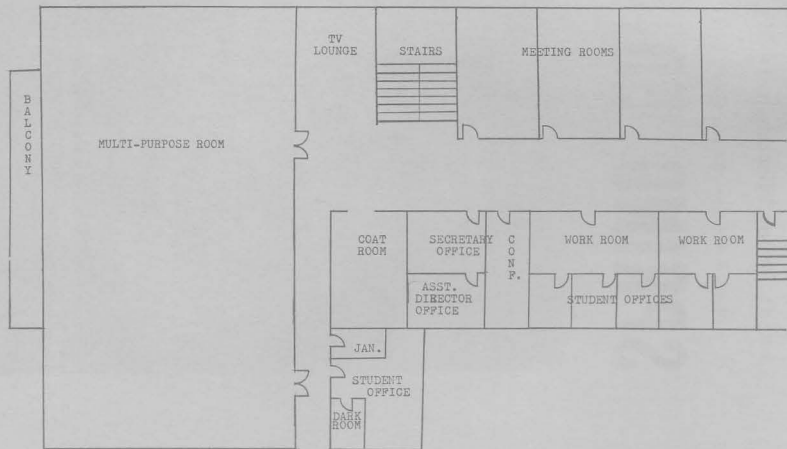

## BASEMENT LEVEL

## FIRST FLOOR

## SECOND FLOOR

# The New University Center

Leon E. Bell, Jr., Director, University Center

With the completion and opening of the University Center addition in September, 1965, the Center will have doubled its square footage capacity to meet and serve the informal educational and activity needs of the campus community. The addition will provide facilities space for the following urgently needed functions: a large formal lounge and reception center, University Store and branch post office, a Snack Bar designed to accommodate four hundred people, multi-purpose room with portable stage — seating capacity four hundred fifty, four additional meeting rooms, student organization offices and work areas.

This structure must become a "positive" force in the lives of all students, faculty, alumni and friends. The value of the Center is measured by the level of the intellectual, cultural, esthetic, spiritual, social, and recreational experiences we share in this place. It is a laboratory for the education and development of the whole person—in mind, in personality, in leadership, in citizenship and service, in happy association with others, and in many joyous pursuits that make human hearts light and gay.

The University Center must reach out to the people it serves. It exists within the context of the University, and it must therefore be responsible to the central purpose of the University. The several meeting rooms must house a continuing series of stimulating and provocative, but always entertaining gatherings sponsored by the Center itself as well as by others. Students and faculty can then be brought into contact on an informal basis, not only with each other, but also with non-university leaders in the arts, the sciences, the humanities, and the professions. The University Center should be uniquely equipped and uniquely responsible for providing those vital educational experiences which cannot be realized fully in the classroom and laboratory.

Significant among the several service enterprises of the Center is provision for a "University

Store" and because of its importance to the University Campus, it should be singled out for special attention. Books are the indispensable tools and a recreational first-love of the scholar. The dissemination of books in the university community is therefore a first responsibility of any faculty organized to serve directly or indirectly the central needs of the educative process. The University Store will complement and supplement the curricular programs of the University by providing the students and faculty an opportunity to supplement course offerings through the purchase of additional text materials. It will further provide the opportunity for students, faculty, alumni and guests to complement their personal libraries from the extensive and varied selection of titles on quality paperbacks, new or little publicized items which may be of interest.

The recreation facilities will be increased ten-fold and feature billiards, ping-pong, card games, chess and checkers — opportunities for sheer relaxation on an adequate scale will be available for the first time. These are necessary opportunities and will add a proper and joyful dimension to student life.

The new addition of a multi-purpose room which may serve as a large conference area, ballroom or a small theatre will greatly enhance the ability of the Center to program cultural, social and recreational events so vital to the co-curricular educational objectives of the institution. Portable staging, built-in projection booth, and seating capacity for four hundred fifty people are variables which will provide the maximum in functional use of this area. The addition of four large meeting rooms (4-60 capacity) will double the ability of the Center to serve its community in the area of small informal meetings, lecture series and conference programs. Offices and work areas for student organizations have been added so as to more effectively enable students to plan and carry out their pro-

grams.

The addition of a new Snack Bar which will seat over four hundred students, will not only provide excellent new social meeting area for the students, but will also allow the former food service areas to be reorganized and modified to meet the expanded and growing residence hall dining requirements. The present Kennel area will be converted into a dining room for residence halls, and the present dining room will be modified to provide an a la carte cafeteria which will serve the total university campus.

The new Main Lounge and reception area will provide function and decor for casual relaxation and informal conversation

together with a central University information center. Here we can receive, greet and entertain University alumni, guests and friends. An informal television lounge is located on the top floor so that students will have a casual dating area as well as serving as a lounge for the entire student activities area located on that floor.

In summary, the University Center is a priceless educational instrument for shaping campus solidarity and for developing the individual's sense of social responsibility — a natural laboratory where all who will may have a part in the direction of community enterprise, where self-government and democracy may be continually practiced.

## **From the Office of the Vice President of Student Affairs**

**Dr. John Yuthas**

Wisconsin State University at Stevens Point, under the leadership of President Albertson, is a dynamic and fast growing institution. By maintaining its major traditions and blending in new approaches with student and faculty involvement in planning and decision making, the institution has an opportunity to make some unique contributions to American Public Higher Education.

As alumni and friends of the university well know, education here involves bringing about desirable changes in behavior of our students. The concern is with the total experience of the student both in and out of the classroom.

With the vast opportunities of the residence halls activity and other co-curricular programs in mind, the University this year appointed a vice-president for student affairs. Working with the vice presidents for business and academic affairs, he has a joint responsibility for providing the best possible environment for student living, learning, achievement and self realization.

As the student body grows, so do the services required by students and the student affairs staff who work directly in these service areas. The counseling cen-

ter, health office, university center, financial aids office, fraternity and sorority, international student and activities advising are just a few of the areas in which they operate. Our \$200,000 loan program alone is a major operation and has certainly grown beyond the faculty's capacity to furnish needy students with out-of-pocket loans, but the need is still there and so fortunately is the response.

In the residence halls we have had tremendous growth of course, not only in number of buildings but in the quality, variety and type of programs being offered. This area provides a unique look at one of the major tasks of the student affairs staff—financial planning. When people see our beautiful campus few of them realize the extent or importance of sound local financial management. And perhaps it is important to point out that of the 15 buildings that will be in operation next year only four are paid for by the taxpayers of the state. The eleven buildings operated by the student affairs staff are entirely self-supporting and indeed represent a gift by the student body to the State of Wisconsin.

But beautiful as our new class-

room buildings, residence halls and university center addition are the real excitement is in the discussions and programs going on in each of them.

The Student Affairs Council, a group of twenty-four students and faculty members who set all board policy for student affairs is undertaking a major reappraisal of the entire co-curricular program. Students, too, are almost nightly learning at every phase of the institution, their education and their life as a student.

To hear them discuss questions such as, "What am I really like?" "What do I want to be like in ten years?" "What

changes do I have to make to bring this about?", not only gives one a unique insight into student values but as they discuss these things and try to personalize and achieve the goals of the institution ones excitement with the environment here and confidence in these young people grows ever stronger.

If you haven't been on the campus for some time, why not make plans to drop back and see new buildings and old friends. We can assure you a student discussion will be going on somewhere and they will be more than happy to hear and test the opinions of an "old hand."

## Workshops Planned for Summer Session

The home economics department has scheduled a textile and clothing 2-credit two week (June 21—July 2) in-service workshop for home economics teachers designed to present changing concepts of clothing and textiles. Topics to be studied include: recent developments in textiles; consumer buying and factors related to consumer satisfaction in apparel purchases; management and care of textiles and clothing; problems of production; distribution and consumption of clothing; evaluation techniques.

From June 14 to 18 a non-credit workshop entitled, "Teaching Concepts and Generalizations in Home Economics" will be offered as a part of a state-wide program of in-service education for high school teachers in reimbursed and non-reimbursed home economics programs. Dr. Johnie Christian, from the U.S. Office of Health, Education and Welfare will be the consultant.

For further information relating to these workshops write: Dr. Agnes Jones, Director of Home Economics, Wisconsin State University, Stevens Point, Wis.

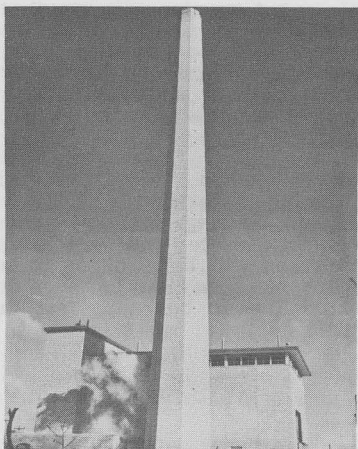

The topic for the annual English Workshop for summer of 1965 July 12, 13, 14 will be, Book Choice and Intellectual Free-

dom in the Schools. Several speakers will lecture and lead discussions on this subject. Among lecturers will be Professor David Fellman, of the University of Wisconsin, Mr. Leslie Johnson, Superintendent of Schools, Sheboygan, Wisconsin, and several specialists in teaching literature in the high school.

A number of Wisconsin professional or school related organizations have been invited to send representatives to take part in panel discussions and assist in formulating guide lines by which the teachers and schools of Wisconsin may select the best possible literature for young people and remain representative of all aspects of our pluralistic and free society. Among organizations that will be represented are the Wisconsin Congress of Parents and Teachers and the Wisconsin Association of Secondary School Principals.

Approximately 150 Wisconsin teachers are expected to take part in the Workshop. All interested alumni of the school are cordially invited to join in the Workshop this coming summer. For additional details write: W. Lee Burrese—Chrm. English Dept., Wisconsin State University, Stevens Point.

## New Heating Plant

STEVENS POINT DAILY JOURNAL

The days of makeshift heating on the Wisconsin State University campus are over.

A big new heating plant on Maria Drive, started last spring, went into operation mid January.

Built for the future as well as the present, it is capable of heating a campus three times the size of the present one.

Its statistics are impressive. The plant's smokestack, 175 feet high, is the tallest manmade structure in Stevens Point. It is lighted at night to make it visible to low-flying aircraft. The chimney is 20½ feet wide at the ground. Bunkers at the plant hold 300 tons of coal, and on a cold winter day 30 tons will be burned.

### Guidance Institute

Michigan State University will conduct a Guidance and Counseling Institute during the school year 1965-66 under contract with the United States Office of Education as authorized by the National Defense Education Act of 1958. A brochure which highlights the various aspects of the program and states the eligibility requirements can be obtained from: Norman R. Stewart, Assistant Professor, Department of Counseling, Personnel Services and Educational Psychology, Michigan State University, East Lansing, Michigan.

The expanding WSU campus simply outgrew the old heating plant behind Old Main. Plans are to raze it.

The new plant, a maze of pumps, pipes, tanks and gauges, a front end loader, but when additional equipment arrives coal is highly automated.

Furnaces are currently fed by will be carried from the bunkers by conveyors, in controlled amounts. Ash is automatically collected.

Minerals and dissolved oxygen are removed from water which goes into the boilers in order to prevent deposits and corrosion.

From the plant, underground steam lines branch out to buildings throughout the campus.

The building isn't quite finished. Painting and other interior details have to be attended to, and a big hole in the wall on the south side, now temporarily covered with plywood, will have to be bricked in.

The hole was left to allow another boiler to be moved in. There are two in the building now. The third is a gas-fired package boiler which will be moved over from the old heating plant. It is intended for summer use only.

From seven to nine men will operate the plant.

Because of the height of the stack and a modern draft system which burns out soot and settles fly ash, few smoke problems are expected.

### Clergy Workshop

A clergy economic education workshop will be held at Wisconsin State University next June for the second year. John Gach, director of student teaching at WSU, will again be workshop director. The workshop financed through contributions from labor, industry and agriculture, is designed to acquaint clergymen with economic issues and help them interpret them. About 50 clergyment will be invited to the workshop, which will probably be held after graduation next spring and before the start of summer school.

## • From the Admissions Office

John A. Larsen, Admission Counselor

This has been an interesting year for those of us in the Admissions Office who are involved in the enjoyable business of visiting high schools to speak with students and parents who are interested in obtaining information about your alma mater. In that this is my first year in this capacity I have enjoyed immensely the opportunity I have had to meet so many loyal alumni of WSU-Stevens Point. The task is too large to be met by one person and so it has been my pleasure to work with many WSU faculty members, both new and old, many of whom you have known or have had the opportunity to meet during the course of this school year. Mr. Norman Knutzen has visited a number of schools and always returns with an interesting tale to spin; Dr. Raymond Gotham, who directed high school visitations last year, did find time in a very busy schedule to visit high schools in the Green Bay area. Many of you will remember Mr. John Gach; Mr. Gach enjoys visiting the schools of the Milwaukee and Racine areas, and was able to make a number of visits in that vicinity early in the fall. Mr. Robert Krueger visited a number of the schools in the northeastern part of the state, and Mr. Duaine Counsell was able to journey to Janesville after the close of the football season. Mr. Orland Radke

spent a busy and enjoyable day in the Door County area, and Miss Vera Rinnac renewed acquaintances in the Madison area on a visit to high schools of that area. Dr. Russell Oliver, also a recent addition to the faculty, visited a number of high schools during the first semester and has indicated his pleasure in having had an opportunity to meet many alumni of WSU-Stevens Point.

As we journey from school to school it becomes apparent that you are our best salesmen. In talking with high school students about Stevens Point we eventually discover that, in many instances, their interest in your university was initiated through a discussion with an alumnus. The recent growth in student numbers, which can certainly be attributed in large part to loyal alumni, has been accompanied by a similar growth in both curricular offerings and physical facilities. If our office can provide any service to you that will enable you to keep abreast with these changes please write, and we will be most happy to assist you in any manner that we are able. Mr. Gilbert Faust, Admissions Director, Mrs. Doris Becker, Admissions Examiner, and I are always happy to see old friends and meet new ones, so stop in to see us if you should return to the campus for a visit.

## Consolidated Papers & Sentry Insurance Gifts

A gift of \$200 was made to the University Library of WSU-Stevens Point by Consolidated Papers in Wisconsin Rapids. The grant was in appreciation of an employee attitude study conducted for the firm by two university students, Jane Burgess and John Altenburg, under the direction of Mr. Haferbecker, Vice - President for Academic Affairs, and Mr. Dixon, Professor of Sociology. Mr. D. P. Meyer, Director of Public Relations at Consolidated

Papers, said the study was very helpful and asked that the money be used for library books in business administration.

A second gift of \$100 was received for the University Library from Sentry Insurance from their Foundation, this money to be used toward the purchase of books in the insurance and related fields. For several years Sentry has given a similar sum for this purpose.

## From the School of Fine Arts

**Dr. Robert Cantrick, Dean**

The new \$2,000,000 Fine Arts building is already well into the planning stage. Last fall a faculty committee consisting of Pauline Isaacson of the Speech Department, Henry Runke of the Art Department, Hugo Marple, of the Music Department, and Fine Arts Dean Robert Cantrick, spent an intensive two months in consultation with all Fine Arts faculty members preparing a program analysis. The final form was hammered out in conferences with

President Albertson and then submitted to the Board of Regents office. In December it successfully cleared all budget hearings and is at present up for consideration by the legislature.

A program analysis is not a floor plan but rather a statement of room-by-room needs in terms of function and square footage. It is the first stage in planning, representing the best thinking of each faculty member in his own field of specialty.

## Point Music Camp

The WSU Music Department is once again sponsoring the annual Point Music Camp. An outstanding group of visiting clinicians and conductors will be on campus this summer including: Dr. Paul Bryan, Duke University; Dr. John Colbert, Butler University; Malcom Griffin, University of Illinois; Dr. Daniel McAninch and Mr. Jerry Ball, both of the Louisville Philharmonic Orchestra; Paul Todd, University of Kansas and Donald Cooper, University of Montana.

The 1965 Point Music Camp will feature a two-week senior

session beginning on Sunday, July 13th and two one-week junior sessions beginning on June 27 and July 4th. Over 500 young musicians from Wisconsin and neighboring states are expected to attend the several sessions. They will be housed in the University dormitories and meals will be furnished in the Allen Food Center.

Dr. Warren Lutz, Associate Professor of Music at the University is again serving as Camp Director. Further information and application blanks may be obtained from him.

## Music Group Represents University

The W.S.U. Madrigal Singers under the direction of David J. Dick recently represented the Music Department in a tour of Wisconsin high schools. The Madrigal group was organized in the fall semester of 1963 when all the students involved were freshmen.

The tour took the singers to Lakeland-Woodruff High School in Minocqua, Park Falls High School, Dor-Abbey High School in Abbotsford, and High Schools in Prentice, Marathon, Shawano and Clintonville. The singers usually performed for the students active in the music programs of their

schools. One slightly more formal evening concert was presented in Medford, however, where the Madrigal singers enjoyed the hospitality of Mr. Lovell Ives, a music graduate of Stevens Point, and Mr. Lester Mahla, choral director in the Medford Schools and host for the event. The WSU students were quartered in homes of Medford citizens and while there had an opportunity to hear their high school counterparts, the Medford Madrigal Singers, under the direction of Mr. Mahla and also the Medford High School dance band under the baton of Mr. Ives.

## Summer Theater for 1965 At WSU

The second season of Summer Theater sponsored by the Department of Speech and Drama will open at the University Auditorium June 16, 17, and 18, according to Dr. Alice Peet, Acting Chairman of the Department of Speech and Drama.

"The 1964 season was successful beyond all expectations," declared Miss Peet. "We plan to follow the same basic format again."

This summer's format will feature five plays presented during the summer session on Wednesday, Thursday, and Friday evenings. No matinees are on this year's schedule. The second play will be performed June 30, July 1 and 2. Dates for the third play will be July 7, 8, and 9. The fourth offering will be seen July 21, 22, and 23. The final show of the season will be presented July 28, 29, and 30.

Season tickets will go on sale shortly. A large mailing list including last season's subscribers and others will be contacted. Anyone wishing to place his

name on the mailing list should write immediately to:

Dr. Alice Peet  
Acting Chairman  
Department of Speech and Drama  
Wisconsin State University  
Stevens Point, Wisconsin 54481

William Kramer, Associate Professor of Speech, will be director of the Summer Theater. Mr. Kramer came to the Wisconsin State University speech staff last fall from Ohio State University. Bruce Pearson, from the faculty of Allegheny College in Meadville, Pennsylvania, returns for his second season as a director of technical theater. Miss Peet will share with him the responsibilities for technical direction of all five plays. Another director, yet to be announced, will share with Mr. Kramer the direction of the acting company.

Applications are currently being received for positions in the resident acting company of six men and four women. Anyone interested should address an inquiry to Miss Peet, Department of Speech and Drama.

## Art Department Notes

Henry Runke, Chairman of the Department of Art, will again direct the art workshop sponsored by all Wisconsin State Universities at Pigeon Lake field station, August 14-28. This program usually attracts about 40 participants from 17-20 different schools and colleges. Detailed information concerning admission, credit, fees, etc., may be obtained directly from Mr. Runke at Stevens Point. Credit up to three hours may be transferred to any of the state universities.

The annual faculty art exhibi-

tion will open Sunday, May 9, with a reception at 2 p.m. in the Library Theatre. It will run through June 5, and alumni returning at commencement time will have an opportunity to view it. This large exhibition will occupy both the Library Theater and the University Center Lounge. Works in all media will be contributed by the following faculty members: Mr. Henry Runke, Mr. Norman Keats, Mr. Herbert Sandmann, Mr. Richard Beard, Mr. Robert Russell, and Mr. Richard Schneider.

## Music Department Organizes Chapter

As an indication of the increasing emphasis in Applied Music at WSU, the Music Department has moved further into the area of church music through its organ division. Mr. John Thomas is instructor in organ and serves as faculty advisor to the Guild Stu-

dent Group of the American Guild of Organists at the University.

The student American Guild of Organists group is one of about sixty such groups throughout the United States. It meets once a month for studio recitals, lectures,

discussions, and special events. Frequent trips to out-of-town recitals and AGO meetings are also planned. Our particular student group has participated in joint recitals (by the students) with the Lawrence University student AGO group, and have presented recitals locally in Stevens Point and in Wausau. Of particular note was a recital by three of our Senior organ students from Wausau, who played a program in Wausau at the St. Paul United Church of Christ under auspices of the Wisconsin River Chapter of the American Guild of Organists. These events have heightened interest in the organ and its opportunities for study and work as shown by two student's selection of the church music field for graduate study.

This year's most significant event was a field trip to the Wicks Organ Factory in Highland, Illinois. Thirteen organ students participated and along with Mr. Thomas were given the finest of treatment at the Wicks factory. The tour lasted well over five hours and included every phase of organ construction from the pouring of pipe metal to the making of magnetic relays. The students were given an opportunity to play various finished organs and to witness every stage

of development as the instrument is being set up for final checking. A side trip to St. Louis and a mechanical failure on the bus causing a delay enroute added excitement to the trip.

We are fortunate also to have one student who received the ONLY scholarship to the Organ Institute in Andover, Massachusetts this past summer. Mr. Richard Nezda of Wausau studied organ and piano at the campus of Phillips Academy under Mr. Arthur Howes and visiting foreign teachers and recitalists. His month-long tenure in Andover was highly rewarding and added valuable experience to this young man's future as an outstanding musician in the church music field.

Others of our student group are doing needed church work in the area and are gaining experience on many different kinds of instruments. The University has in fact added another organ for practice purposes in the old Main building. Plans are being considered for future additions to the organ department facilities and we are hopeful that those Alumni who have an interest in church music will support these efforts and will encourage future students to partake of these offerings.

## Brass Choir

The WSU Brass Choir, under the direction of Robert Van Nuys, has enjoyed an active season this year in presenting two concert tours. The first tour of December, 1964, took the 17 piece ensemble to the high schools of Gillet, Oconto Falls, Southwest High in Green Bay, Manitowoc Woodrow Wilson Junior High, Ripon, and Amherst. Then, again in January of 1965, the Brass Choir made a 4-day tour of southern Wisconsin during the semester break. Schools visited on that tour were Wautoma, Ber-

lin, Janesville, Sturtevant, Edgerton, Stoughton, Middleton, Blanchardville, and Kendall-Elroy. All of the concerts were presented on a clinic-concert basis in that, in addition to the performance of the Brass Choir literature, many individual solos and discussions regarding the brass instruments were offered.

The ensemble is now planning tours for the 1965-66 school year. On April 27 of this spring the Brass Choir will present a formal concert on the campus of WSU.

## Philippine Administration Joins WSU

STEVENS POINT DAILY JOURNAL

Gregorio C. Borlaza, dean of instruction at Philippine Normal College in Manila, joined the staff of Wisconsin State University-Stevens Point as an administrative intern this second semester.

Borlaza is here in conjunction with a program of the State Department's Agency for International Development program. It is a cooperative venture worked out through the American Association of Colleges for Teacher Education, of which WSU is a mem-

ber and several developing nations.

WSU President James H. Albertson traveled to the Philippines last October, met Bolarza at that time and familiarized himself with Philippine Normal and other Philippine colleges.

While here, Borlaza will have specific assignments now being prepared. He will examine WSU's purposes, its programs and its methods of administration. He will see how WSU fits into a larger community and into a larger pattern of education and will examine WSU's relationships with other colleges.

In addition to the teacher education area, Borlaza will also work in student affairs and with foreign students at WSU.

He will be here until Aug. 15.

Borlaza's education includes a B.S. degree in education from Philippine Normal School in 1930, a master's degree from Arellano University in 1948 and a doctorate from the University of Santo Thomas in 1950.

He did post-doctoral work at Teachers College, Columbia University, New York, in 1961-62. His experience includes elementary and college teaching and administrative work.

He is supervisor of 200 faculty members in Philippine Normal College and also is an instrumental figure in the development of curricular and instructional programs at the school.

Borlaza is married and has seven children.

## Mrs. Pfiffner is Now Mrs. Elmer C. DeBot

On January 11 Mrs. Elizabeth Pfiffner, associate dean of students, and Mr. Elmer C. DeBot were married at St. Stephen's church in Stevens Point. Their attendants were her daughter, Mary Pfiffner Duffy of Madison, and his son, Wm. E DeBot of Stevens Point. Following their marriage the couple left on a trip to New Orleans. They are living at 1109 Wisconsin St. in Stevens Point. In June Mrs. DeBot is leaving the staff at WSU after 25 years of service at the university in Stevens Point.

DON WARNER STUDIO

## From the Placement Office

A registration of over 500 seniors for placement services for '65 provides a real challenge for the placement office. Added clerical assistance, the revisions of forms used, and improvements in our procedures are helpful in meeting this responsibility.

We have, in addition, a sizeable number of graduates who have remained in their initial teaching position a minimum of two years, which generally results in a strong experience record, whose credentials we have up-dated and prepared for placement services. Some excellent promotional opportunities have been available for those with attractive records.

May we again remind all graduates who wish to consider a new position to arrange for up-dating their credentials before making application for a new position. Once an application is made, the school or employing official will call or write for an up-to-date set of credentials. If arrangements have not been made in advance for this service, a long delay may be experienced. On occasions we don't have a current address of the applicant. This means writing back to the school official for the correct address. We then send a form to the candidate for the information needed to be included in

the credentials. Letters are then sent to the names provided who will evaluate your experience. When returned, these are copied, and attached to your credentials. Delays are experienced at times when one or more of the individuals contacted may be ill or away from his desk for several days. Early planning is essential to assure the quality of service desired at the right time. It is extremely essential that every graduate's address is current to assure prompt service.

A list of vacancies reported to the placement office will be loaned to any graduate upon request. These are added to periodically and an up-to-date listing loaned at any time.

Reporting the acceptance of a position promptly is of vital importance. This assures the removal of a graduate's name from the active list and prevents employing officials from calling or writing a candidate to find that he is not available. This injures the image of the placement office as well as the graduate.

It has been a real pleasure to assist so many of our alumni who have completed graduate study and earned favorable experience records. We hope to see this number increased significantly.

## WSU to Add New Major Study

A major in business administration will be added to the curriculum of WSU-Stevens Point effective September, 1965, if approved by the Board of Regents and Coordinating Committee.

The business administration major will be in the School of Letters and Science.

The University believes this new major fills a need for students interested in business careers as well as business and industry in central Wisconsin.

The business administration major consists of 47 credits in Business and Economics and 7 credits of required collateral courses. A student who completes this major will fulfill the re-

quirements for an Economics minor at the same time.

Courses represented within the business administration major will include Elements of Accounting, Intermediate Accounting, Marketing, Personnel Relations, Principles of Management, Business Law, Business and Government, General Economics, Money and Banking, Labor Problems, Industrial Psychology, Public Finance, International Trade, Corporation Finance, Managerial Economics, Statistics, Principles of Insurance, Data Processing, Investments, and Business Cycles. Collateral courses include Mathematics of Finance and Intermediate Composition.

## Wildlife Museum Grows at WSU

UNIVERSITY PHOTO SERVICE

When a resident of Stevens Point considers an excursion to a museum of natural history, he usually thinks in terms of a journey to Milwaukee, Minneapolis or even Chicago. Few realize that Stevens Point has its own small, but continually growing, museum.

Wisconsin State University's wildlife museum is not new. In fact, many of the mounted displays in the bird and mammal department date back to the 1800s.

For years the university's exhibits were confined to a limited display area on the top floor of the Old Main Building. Two recent developments, however, have combined to stimulate the growth and interest in the school's wildlife museum.

The first was the completion of WSU's new Science Building. With its modern facilities and space, the scores of mounted birds and mammals have been liberated from their dusty and half-forgotten lairs. The collection now resides in modern, well-lit and easily accessible surroundings.

The second stimulating development comes in the form of

Robert K. Searles, a former WSU student presently associated with the university's Biology Department.

Searles joined the faculty in 1962 after earning his M. S. degree at the University of Michigan.

His major contribution to the maturing museum is his skill in taxidermy.

While discussing his projects Searles said, "The school's initial development of a wildlife collection got off to a good start some years ago. The acquisition of specimens, however, failed to match the growth of the institution."

Today his talents as a taxidermist are reflected in a continuing flow of new specimens to the museum displays.

Searles, while working in taxidermy since his youth, credits his present accomplishments to an intensive training program at the University of Iowa. His taxidermy studies there last summer consisted of eight hours of laboratory work, five days a week for eight weeks.

# The Economic Opportunity Act

Orlande Radke, Associate Dean of Student Affairs

The Work-Study Program of the Economic Opportunity Act which was signed by President Johnson on Aug. 20, 1964 is now providing part time employment for students from needy families. Approximately 100 students have already been assigned to jobs such as draftsmen, library assistants, general office work, conservationists, faculty assistants, intramural directors, youth workers, and lab assistants. A total of about \$39,000 will be available under the program for the second semester of the 1964-65 school year, which will provide jobs for about 150 students.

Job opportunities under the Work-Study Program will be available to these students who:

1. Are from low income families or have no families.
2. Are in need of such work in order to pursue a course of study at the University.
3. Are capable, in the opinion of the University, of maintaining good standing in such courses of study while employed under the Work-Study Program.
4. Have been accepted for enrollment as a full time student

(12 credits or more) at the University; or in case of these already enrolled, in good standing and in full attendance here either as undergraduates, graduates, or professional students.

Each student enrolled as a full time student is restricted to a maximum of fifteen hours of employment a week while classes are in session. During holiday breaks or summer vacation, a student may be employed on a full time basis (40 hours per week) if funds are available.

This program can provide an opportunity for the University and its students to do many things that have not been done in the past. It also provides the opportunity to participate in some projects in cooperation with the Stevens Point community and Portage County.

It is anticipated that at least \$100,000 will be appropriated to Wisconsin State University, Stevens Point in the 1965-6 school year. Any individuals who are interested in this program and who might be eligible are urged to make application to the Director of Financial Aids, Student Affairs Office, WSU, Stevens Point.

## Graduate Program Continues to Expand

Dr. Edgar Pierson, Dean - Graduate Study

We anticipate another sharp rise in enrollment in the graduate program this summer. The availability of courses during the academic year enables students to accelerate their program and hence profit earlier from salary schedule advantages.

There were forty enrollees in Saturday and evening classes during the first semester and thirty-two during the second semester. A graduate scheduled sequence recommended for students consists of four summers of six credits each plus six credits earned in Saturday or evening classes. Master's degrees may be conferred at the June commencement when students complete their degree requirements during the academic year.

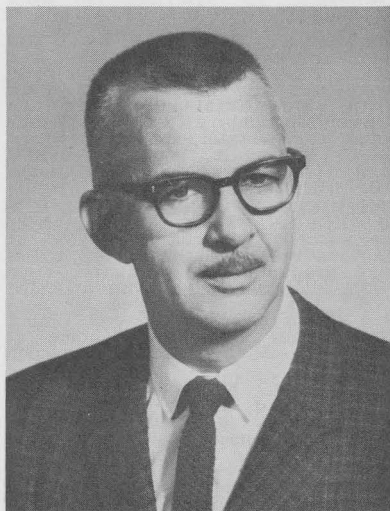

In the 1965 summer session twenty-eight courses and thirty

sections will be available. Liberal Arts foundation courses are offered in art, economics, English, mathematics, music, physical science, sociology and speech. In education foundations, we hope to offer two sections of Improvement of Reading in addition to the usual foundation courses and seminars. In the areas of specialization, three courses each are available in English, music and history. Two courses will be offered in speech. Other specialized courses are offered to political science, home economics and geography.

We are still looking forward to a full-time program in 1966-67. It is hoped that we may move into M.A. and M.S. programs at that time with assistantships available for outstanding students.

## WSU Man Awarded NSF Faculty Grant

CHARLESWORTH STUDIO

Robert Simpson, associate professor at Wisconsin State University-Stevens Point, has been awarded a National Science Foundation grant of \$13,900. This is

a science faculty fellowship which permits a teacher to undertake further study and research.

Mr. Simpson's grant is for 15 months. He will begin work in June 1965 and continue until September 1966. Mr. Simpson received the grant by submitting a research program to the National Science Foundation in conjunction with people at the State University of Iowa.

The grant will be used to study the effects of physical environment on synchrony in *Tetrahymena*. (It is from the animal organism *Tetrahymena* that much of man's knowledge of nutrition is gained.) Mr. Simpson will be in residence at the State University of Iowa for the 15-month period of the grant. After that time he will return here.

The research will be done in pursuit of Mr. Simpson's doctorate. He has completed all course work and language requirements. Mr. Simpson has been on the faculty at WSU since 1956. His special field is protozoology.

## Women's Society Gets International Charter

Omega Mu Chi, a local sorority on the Wisconsin State University-Stevens Point campus for the past 38 years, officially became the Delta Sigma chapter of Alpha Phi International Fraternity.

The alumnae initiated into Delta Sigma Chapter are all past members of Omega Mu Chi sorority. One of the alumnae initiates, Mrs. Dorothy Bourn, was a charter member of the Omega group. Three Alpha Phi alumnae living in Stevens Point, Mrs. Jerry Baird, Mrs. David Kauf and Mrs. Wayne Krueger, will form an active alumnae chapter to support the local collegiate.

A reception for the new chapter was held at 6:30 P.M. at the University Center. Receiving Alpha Phi actives and guests were Mrs. Robert McGurn, Oak Park, Ill. district governor; Mrs. D. J. Robertson, Grand Forks, N.D., national director of extension; Mrs. Henry Bender, Evanston, Ill., district alumnae chairman; Miss Sabanna Tucker, Rol-

la, Mo., field secretary; Pres. and Mrs. James Albertson of WSU; Mrs. Elizabeth Pfiffner (DeBot), dean of women at the university; Mrs. Jerry Baird, chapter adviser, and Miss Carol Smith, chapter president.

The Charter for the chapter was presented by Mrs. Robertson and signed by the 28 collegiate (all former members of Omega Mu Chi) and nine alumnae charter members and witnesses, Mrs. Robertson, Mrs. Bender and Mrs. McGurn. The symbols of the ceremony signifying the new sisterhood were a white Bible, the charter, and the gavel made from the bannister of the first Alpha Phi Chapter House at Syracuse University, N.Y.

Alumnae charter members are: Mrs. Richard Berndt, Mrs. Bourn, Miss Mary Jo Buggs, Miss Sue Colman, Mrs. Gordon Hanson, Mrs. Robert Jenkins and Mrs. Wanta, Stevens Point; Mrs. Margaret Friday, Markesan; Mrs. Iris (William) Meyer, Schofield.

## Marriages

JANET KAUER, '64, and JAMES PATRICK, '64, were married on August 29, 1964 at Rib Lake Wis. They make their home in Augusta, Wis. where Mrs. Patrick is employed as a commercial teacher. Mr. Patrick is doing graduate work at WSU in Eau Claire.

At home at 802 N. 27 Street, Milwaukee, Wis. are MR. and MRS. PAUL EHLINGER who were married on August 8, 1964. Mrs. Ehlinger, the former JANET MAGNIN, '60, taught home economics at Luxemburg prior to her marriage. Her husband is employed as an accountant.

JULIENE C. ASCHEBROOK and KENNETH A. KRAHN, '64, were married on August 15, 1964 at Stratford, Wis. Mr. Krahn is a science instructor at the Pittsville (Wis.) High School. Mrs. Krahn is employed as a secretary at the Willard D. Purdy Junior High School in Marshfield. The Krahns reside at 504 S. Chestnut Ave., Marshfield, Wis.

Living at Madison, Wis. are MR. and MRS. OWEN O. SCHWERDTFEGGER who were married on October 3, 1964. Mrs. Schwerdtfeger, the former NANCY ASCHEBROOK, attended WSU and is a secretary-receptionist for Gaarder and Miller, Inc. Her husband, a 1961 graduate of WSU, is an underwriter at American Family Mutual Insurance Co. of Madison.

NANCY LEE GIFFIN, '64, and LAW LAWRENCE CAMBER were married in August, 1964 at Plymouth, Wis. The former Miss Giffin is a kindergarten teacher at Stevens Point, Wis., while her husband is a senior at WSU. The couple reside at 1220 Main St., Stevens Point, Wis.

MARY ANN GRAB and GARRY MICHAELS, '63, were married on October 10, 1964 in Port Edwards, Wis. Mr. Michaels is a member of the faculty of Lakeland High School in Minocqua, Wis. Mrs. Michaels, who graduated from Prospect Hall Secretarial School, Milwaukee and attended WSU, had been employed at Central Motor Transport Co.

Making their home in Waupaca, Wis. are MR. and MRS. DAVID MCKAY who were married on August 29, 1964. Mrs. McKay, the former MARY JO BUSSE, attended WSU, Stevens Point, the University of Wisconsin-Madison, and Madison Business College. Mr. McKay, '63 is a teacher in Waupaca.

MARLENE L. HERMANN and RICHARD C. MARKWORTH, '64, were married in August, 1964 at Milwaukee, Wis. The former Miss Hermann, a graduate of the University of Wisconsin - Milwaukee, teaches at Springfield, Ill. Mr. Markworth is a student at Concordia Theological Seminary in Springfield, Illinois.

Residing in Portage, Wis. at 613 MacFarlane Road are MR. and MRS. JEFFREY D. BAXTER who were married on August 22, 1964. fifth grade social studies in the Upper Elementary School at Portage. Mr. Baxter, a graduate of WSU, Platteville, is an industrial arts teacher at Portage Senior High School.

PATRICIA S. PECK and JAMES J. KLEISNER, '65, were married on Saturday, February 13, 1965 at Stevens Point, Wisconsin. Mr. Kleisner graduated in January from WSU, and his bride, who attended WSU, has been employed by Sentry Insurance in Stevens Point. The couple make their home at Quinnell's Mobile Court, Wisconsin Rapids.

LORNA J. BASSEUNER became the bride of CARL J. SORENSON on February 20, 1965 at Stevens Point. Mr. Sorenson was graduated from WSU in January, 1965, and Mrs. Sorenson attended Milwaukee Downer College and WSU. The couple make their home in Minneapolis.

ROBERT J. ZINDA were married on January 30, 1965 at Stevens Point, Wis. Mr. Zinda is a January, 1965 graduate of WSU and the new Mrs. Zinda, a senior at WSU, will receive a bachelor's degree in June. The Zindas live at 309 Pine St., Stevens Point.

NELLIE LIVINGSTON was married on January 30, 1965 to JOHN JAY SMART. Mr. Smart is a Jan., 1965 graduate of WSU, and his wife is a Jan., 1965 graduate of the University of Wisconsin-Madison. They live at 124 N. Sunset Blvd., Stevens Point.

MARIANNE HOFFER and GERALD E. HUBATCH were married on August 22, 1964 at Wausau, Wis. Mr. Hubatch is a senior at WSU while his wife is an employee of Marmet Corp. in Wausau. The couple live at 1130 S. Fourth Ave., Wausau.

Living at 910 S. 11th Ave., Wausau, Wis. are MR. and MRS. WALTER C. HORNIK, JR., who were married in September, 1964 at Mosinee, Wis. Mr. Hornik attends WSU and also works at Crestline Co. in Wausau. His wife is the former SHIRLEY JESSEY of Mosinee.

Stevens Point, Wis. is the home of MR. and MRS. GARY L. CAHOON who were married on August 28, 1964 at Wisconsin Dells. Mr. Cahoon attends WSU; his wife is the former PATRICIA A. HAYNES of Lake Delton, Wis.

JUDITH SCHAAP and DERRELL HOFFMANN were married in August, 1964 at Oostburg, Wis. The former Judith Schaap attended Dordt College, Sioux Center, Iowa and WSU; she taught at the Wau-pun Christian School. Her husband is a student at WSU. The couple reside at 216 Smith St., Stevens Point, Wis.

BARBARA DELAP, was married on September 5, 1964 to ROBERT J. until her marriage by Wisconsin Public Service Co. Her husband attended WSU at Oshkosh and is now employed by Shepard Lake Piano and Organ Co.

Living at 2001 Wegner St. in Wausau, Wis. are MR. and MRS. GARY W. LANDIN who were married on September 19, 1964 at Wausau, Wis. Mrs. Landin, the former NANCY FLINK, was a former student at WSU. Her husband attended Kent State University, Kent, Ohio and the University of Wisconsin-Madison. He is manager of Julie Ann Fabrics, Wausau.

SANDRA M. KNUTSON and ARRIED on August 15, 1964 at Sturgeon Bay, Wis. Mrs. Greaves attended WSU, Stevens Point, and was graduated from American Academy of Medical Technology. She is a lab technician at Lynn Clinic in Green Bay. Mr. Greaves, a graduate of Stout State College, teaches at Seymour. The couple lives at R. 3, Seymour, Wis.

Former WSU student, WILLY WICHMAN, was married on September 26, 1964 to MARY LOU RHODE of Manitowoc. The couple reside at 715 St. George St., Green Bay, Wis.

JOYCE ANN ELLIKER was married on November 26, 1964 to Stoughton, Wis. She had attended WSU for three years and is currently employed at First National Bank, Waukesha. Her husband, a graduate of Carroll College, Waukesha, is an elementary teacher in the Elmbrook school system. The couple reside at 800 Delafield, Waukesha, Wis.

A former WSU student, JUDITH JANE SOOK, was married on November 7, 1964 to ARVID C. KAROW. Mr. Karow is employed as manager of Overhead Door Co. of Wausau. The former Miss Sook had been employed by Sentry Insurance, Stevens Point. The couple reside at 615 Parcher St., Wausau, Wis.

CAROL NORBY, '62, and HAROLD December 22, 1964 at Iola, Wis. The former Miss Norby is employed by the Waupaca Unified School District, Waupaca, teaching second grade in the Westwood School. Mr. Becker, a graduate of WSU, Whitewater, is employed by Krause Publications, Iola, in the capacity of Circulation Sales Manager. The couple reside at 147 N. Washington St., Iola, Wis.

BETTY RAE WARNER, '60, was married on December 28, 1964 to A. KERMIT FRATER, '31. She taught in Valley Winds School, an experimental school in St.

Louis, Mo. Her husband, who received his bachelor's degree from WSU and his master's degree from the University of Wisconsin, is principal of Marquette School, Madison, Wis. In June the couple will reside at 1513 Longview St., Madison.

Two WSU graduates, HENRIETTA W. STRAUB, '63, were married on December 26, 1964 at Bevent, Wis. They reside in Marion, Wis. where both are school teachers.

CATHERINE JANE RHODY, '65, and DENNIS E. SCHLAIS, '64, were married on December 26, 1964. Catherine received her degree in primary education in January, 1965. Her husband is currently studying for his master's degree in economics at the University of Wisconsin in Madison. The couple reside at R. 1, Box 48, Waunakee, Wis.

Residing in Green Bay, Wis. are MR. and MRS. RONALD K. KRUEGER who were married on December 26, 1964 at Antigo, Wis. Mrs. Krueger is the former WIN-West High School. Mr. Krueger attended WSU, graduating in January, 1965.

LOUISE BOWDEN and KENNETH SHERMAN, '64, were married in a double ring ceremony New Year's Eve, 1964. They live in Wisconsin Rapids where Mr. Sherman is employed as a processing engineer at Consolidated Papers, Inc. Mrs. Sherman attends WSU after previously attending La Crosse State.

Living at 5826 N. Nina Ave., Chicago, Ill are Mr. and MRS. BERNARD B. COULTHURST, who were married on October 31, 1964. Mr. Coulthurst, who graduated from WSU in 1960, is data processing manager for the Railroad Retirement Board in Chicago. His wife, the former CAROLYN M. MALMEN, is also employed by the Railroad Retirement Board as administrative assistant to the labor member of the board.

SUE CAROL GEASE, '64 and LARRY OKRAY were married on January 23, 1965 in Stevens Point. Mr. Okray, a student at WSU, will graduate in June, and the new Mrs. Okray is a second grade teacher at Washington School in Stevens Point. The Okrays live at 923 College Ave. in Stevens Point.

Residing at 1125 Fourth Ave., Stevens Point, Wis. are MR. and MRS. S. PETER LEAHY who were married on January 23, 1965. Mr. Leahy, a 1964 graduate of WSU, is a faculty assistant in the foreign language department at the university. Mrs. Leahy, the former KAREN E. YOUNG, is a January, 1965 graduate of WSU.

## Pointer Alums

MRS. BEVERLY (BARNES) JOHNSON, '51, is teaching home economics at Slinger High School since 1952. She is a member of the Junior State Fair Board. The Johnsons have one son, Kym, age 8; and live at Box 124, Slinger, Wis. ROBERT JOHNSON '52 is teaching Biology-Cons. Gen. Science and coaching Basketball and Football.

Living at 3338 Lexington Ave., Madison, Wisconsin are MR. and MRS. JOHN EFFA. Mr. Effa, a 1959 graduate is a traffic engineer for the General Telephone Co. Mrs. Effa, a 1960 home economics graduate, teaches part time in the home economics department of the Vocational, Technical Adult School. The Effas have two children, DeAnn and John.

WILLIAM W. GANDT, '63 spent the summer of 1964 travelling out to Colorado. He spent three weeks there; and coming back to Wisconsin, he made a side trip through the Black Hills, Mt. Rushmore, and the Badlands in South Dakota. Mr. Gandt directs the adult and high school choirs at Emmanuel Lutheran Church in Seymour, Wis. and is also a clarinetist in the Green Bay Symphony Orchestra. He lives at 301 N. Main St. in Seymour.

Presently teaching home economics at San Bernardino Valley College, San Bernardino, California is 1948 graduate LILLIAN LAMARCHE KORZILIUS. She did graduate work at Stout Institute, Menomonie, Wis. in 1949, at Texas Women's University, Denton, Texas the summers of 1963 and 1964, and at the University of California at Riverside, California in 1964. She is currently working toward an M.A. at Texas Women's University during summer session. Her address is 5076 Sierra Rd., San Bernardino, California.

During 1962-64 JOHN M. ROSS, '58, attended Indiana University completing the M.S. and Re.Dir. (Directorate) degrees in Recreation and Park Administration. While at the University he served as graduate assistant and later research assistant for the Southern Indiana Tourist Resource Study. On June 20, 1964 he accepted an appointment as Recreation Resource Specialist for the Lake Central Region, Bureau of Outdoor Recreation, U.S. Department of Interior, located in Ann Arbor, Michigan. On June 26, 1965 he plans to marry Miss Nancy Bartholomew of Harvard, Illinois. Nancy is a B.E. degree holder from Beloit College and University. She presently is employed as music consultant for Saginaw (Mich.) Public Schools. John's current address is 840 South Main, Ann Arbor, Michigan.

DON SNIDER, '63, is teaching English, 9-10 grades, and is "putting his wife through U.W.-Milwaukee." Mrs. Snider is the former SUSAN MOSER, who attended WSU for two years and is now going to the

University-Milwaukee extension. The Snider's address is 3722 N. 76, Apt. 8, Milwaukee, Wisconsin.

T. J. GILLEY, a 1963 education graduate, informs us that he will be married on June 12, 1965 to TRUDY RUSCH, who will be graduated from WSU this June. They plan to make their home in Rhinelander, Wis.

CHARLES POLCYN, '61, joined the Peace Corps in 1961, spent four months at a training program at UCLA, and arrived in Nigeria in late December, 1961. He spent half a year teaching mathematics in a teacher training college, then transferred to a secondary school and continued to teach math. In addition to teaching, he helped design a science laboratory, operated the school library, and was the school's athletic coach. Mr. Polcyn returned to the United States in June of 1964, after a four month jaunt through North Africa and Europe. He received a full scholarship from the University of Pennsylvania and now teaches part time and attends classes full time. He plans to finish his work at the University in July, 1965. His current address is 323 S. 46th St., Philadelphia, Pa.

After graduation in 1951, DOLORES RATA CZAK MEEK taught in Lodi for 2 years. She married Robert Meek in July, 1955 and returned to teaching in Lodi. She is still teaching third grade. The Meeks live on a farm at R. R. 3, Lodi, Wis. They have one son, John Robert, born August 21, 1959.

DAVID P. BARTZ, '57, has received three N.S.F. scholarships within recent years to attend science institutes. In June, 1961 he attended a P.S.S.C. Institute (physics course) at Northern Michigan College at Marquette, Michigan. In 1962 he attended a C.B.A. Institute (chemistry course) at Montana State College in Bozeman, Montana. In 1963 he attended an institute at Bemidji State College in Bemidji, Minnesota. The course dealt with "radioisotope techniques in high school chemistry and physics." These have all been summer institutes. Mr. and Mrs. Bartz have a girl who was born in December, 1962 (Beth Ann), and are expecting another child in February, 1965. Their current address is 314 N. Fulton Ave., Sturgeon Bay, Wisconsin.

RICHARD L. WANIE, '58 is attending the University of Michigan during the 1964-65 school year on a National Science Foundation scholarship. His current address is 1586 Murfin Ave., Apt. 46, Ann Arbor, Michigan. During 1958 to 1960 he was in the Army in Korea.

PAUL E. EBERT, '61, received a three year N.S.F. summer school grant in 1964. During the summer of 1964 he spent 8 weeks at Michigan State University working

on his Master's degree. He will also be on the M.S.U. campus the summers of 1965 and 1966, after which he hopes to obtain his Master's degree. Mr. Ebert's current address is 716 Wabash St., Rhinelander, Wis.

JAMES J. KIEFERT, '61, is the recipient of a NDEA Institute in Counselling and Guidance at the University of North Dakota, Grand Forks. He is taking graduate work and will complete his Master's degree in August, 1965. Prior to this he taught mathematics and science at Merrill Jr. High School (Wis.) for three and a half years. He is married to the former LINDA KUHLE who attended WSU from 1958-1961. They have three children, Susie, Pete and John. The Kiefert's present address is 523 Stanford Rd., Grand Forks, North Dakota.

LAWRENCE C. FRITSCH '63 Route 3, Stevens Point, has recently been employed by State Farm Insurance Co. as a field claims representative trainee in the Wisconsin claims department. Fritsch attended Spencer High School and graduated from Wisconsin State University-Stevens Point. He and his wife have a five-year old son.

Serving as patient counselor at the Marshfield Clinic, Marshfield, Wis. is 1935 graduate ELAINE (WALTERBACH) RIEDEL. After her graduation from WSU she was a bookkeeper and clerk at the Kohl Style Shop in Marshfield. She joined the Clinic staff in 1946 as a member of the cashier's department and became patient counselor in 1954. Mrs. Riedel and her husband have a home on the Big Eau Pleine Flowage.

From RONDA (NARLOW) KERSTNER comes word that she and her husband purchased an insurance agency in Bowler, Wis. on April 1, 1964. They are now both licensed insurance agents. Ronda had previously taught home economics at Birnamwood, Wis. for five years but is not teaching this year. However, she still does substitute teaching in Bowler occasionally.

PAUL A. BOEHMER, '59, is presently employed as an inspector for the Food and Drug Administration at Detroit, Michigan. He is married to the former Nerita Bourn who attended WSU during 1954-55 and 1957-58. They have a daughter, Debra, 3, and are presently living at 23332 Edsel Ford Ct., St. Clair Shores, Michigan.

LOIS M. GERBER, '63, is employed by the Sauk Prairie Schools of Sauk City and Prairie du Sac, Wis. This is her second year in the system and at Black Hawk School in rural Sauk City. This past fall she was promoted to building principal along with teaching grades 5-6. Her address is 210 5th St., Prairie du Sac, Wis.

KENNETH E. FLOOD, JR., '64, Peace Corp worker in Nigeria, reports that his duties consist of teaching sociology to Community

Development Organizers for the Ministry of Economic Development, Community Development Division in a course sponsored by the Ford Foundation and given at the Rural Training Centre. His address at Nigeria is Rural Training Centre, Asaba, (M.W.R.), Nigeria.

Living in Hayward, Wis. is 1956 graduate DOROTHY DANCZYK. She is a housewife and also operates a tourist and mobile home trailer park in Hayward, the Pine-Aire Trailer Park. Her husband operates a bulk agency for Standard Oil. The Danczyks have four sons, Gary, Stephen, John, and Randy. JUDITH D. (VARNEY) KAUFFMAN reports that she was married on October 3, 1963 to John C. Kauffman, a graduate of Elizabethtown College, Elizabethtown, Pa. He is currently a computer programmer with the American Casualty Insurance Co. of Reading, Pa. Judy has recently transferred from a bank telling job in Dauphin Deposit Trust Co., Harrisburg, Pa. to a bank telling job with Peoples Trust City Bank in Sinking Spring, Pa. The Kauffmans live at R.D. 1, Box 208 A. Sinking Spring, Pa.

MRS. HELEN M. (McTIGUE) KOLZ '57 is teaching her fourth year in the Holiday Park School, one of the eight schools included in the Cartwright District, Phoenix, Arizona. This is her 34th year of work in the teaching field. Twenty-five of these years were spent in rural schools in Wisconsin and five years in state graded schools in Wisconsin. Mrs. Kolz reports that schools in the Cartwright District are growing rapidly — "Our enrollment has increased from 800 in 1960 to well over 1200 at the present time. Two new additions have been built to our school since opening four years ago and most of the others in our district have also added new classrooms." Mrs. Kolz represents her school on the Ethics Committee and Credit Union Committee. She also is working towards her master's degree. Her address at Phoenix, Arizona is 6027 W. Mulberry Drive.

JOE WANSERSKI, a graduate of 1963, recently spend some time travelling in Europe. He visited Switzerland and Heidelberg, Germany. Joe's address is 1302 McIntosh, Wausau, Wis.

SUSAN LINDSTROM, '56, reports that last March her husband was transferred from Stead Air Force Base at Reno, Nevada to Eglin A.F.B. near Ft. Walton Beach, Florida. Susan resigned as fourth grade teacher at Stead School and is presently teaching fifth grade at Oakland Heights Elementary School in Ft. Walton Beach, Florida. The Lindstroms live at 720 N. Beal St., Lot 56, Ft. Walton Beach, Fla.

MRS. EDNA (ALLEY) MINTONYE was graduated from the four-year English course at WSU in 1914, then taught for ten years in Wisconsin, Iowa, and Oregon. She was married in 1924 and spent the

next 22 years raising three children on a farm. In 1946 she returned to the school room, teaching seventeen years in the Alpine School, Alpine, Oregon. She retired in 1963 and lives at Alpine, Oregon.

Employed as a project spectrographer in the chemical laboratory of the Allen-Bradley Co. in Milwaukee, Wis. is 1954 graduate GERALD R. BAERENWALD. His work involves emission spectrographic work in research and development and production quality control. He is married to the former Margaret Clingman of Oklahoma. They have one son, Matthew, 20 mos. old, and live at 2103 S. 99th, West Allis, Wis.

NORMAN J. JOHNSON, who attended WSU from 1932-33, has been elected president of Galiss Manufacturing Co., Fairmont, W.V. He had formerly held the post of executive vice president of Galis. The Galis Manufacturing Co. is a leading manufacturer of underground mining equipment and specialty motors. Prior to joining the Galis Co. Mr. Johnson had served as vice president of operations of A. M. Byers Co., producers of wrought iron products.

MRS. BARBARA UTERMARK, '62, reports that her husband is studying for his Ph.D. in civil engineering at the University of Wisconsin. The Utermarks have two children, Michael and Timothy, and live at 103J Eagle Heights, Madison, Wis.

MRS. GEORGE ESTERL, the former LUCY BLECK, '39, lives at 507 Fourth Ave., Park Falls, Wis. She taught in the primary grades in Park Falls and New London and now does substitute teaching at Park Falls. The Esterls have two children, Jane, 18, now a freshman at WSU, and Peter, 15.

COL. LLOYD R. HAYES, a native of Woodruff, Wis. and chief of the aerospace behavioral sciences laboratory at Wright-Patterson Air Force Base in Dayton, Ohio, has retired after 23 years of military service. He is a 1937 graduate of WSU and received a master's degree in vocational guidance and occupational adjustments at Columbia University. Before entering the services, Col. Hayes taught high school at Sayner, Wis. He served in New Guinea, the Philippines and Japan during World War II.

DALE RINDFLEISCH, '54, mathematics instructor at Mayville High School, Mayville, Wis. has received his master of science degree in mathematics education from Southern Illinois University, Carbondale, Illinois. He had been attending the Southern Illinois University the past three summers through a mathematics grant from the National Science Foundation. He also attended an N.S.F. sponsored summer program at Carleton College, Northfield, Minn., in 1961.

MRS. IONE GARCIA, '56, received a master of arts degree from Western New Mexico University, Silver City, N. M. She taught in

Fond du Lac from 1956 to 1959 and has been teaching in Los Alamos, N. M. for the past five A master of science degree in physical education has been awarded to RICHARD STRASSER, '60, by the University of Wisconsin, Madison. He is employed in the Tomahawk (Wis.) school system where he is elementary physical education instructor and also teaches driver education. He and his wife, Bonnie, are the parents of a daughter, Karin, and a son, Timothy.

ALLEN BANGS, '62, has obtained his master's degree in driver and safety education at the University of Wisconsin, with traffic safety being his main area of concentration. He taught at Hillsboro, Wis. for one year prior to his work at the university; at the present time he is driver education instructor at the West Bend School of Vocational and Adult Education. He and his wife, Janet, have two children, Jeffrey and Julie. Presently they are residing at 1016 Jefferson St., West Bend, Wis.

CARL WOHLBIER, '58, has completed the three year course at the Graduate School of Banking, University of Wisconsin. He and his family live at 529 Janick Circle in Stevens Point.

In March of 1963 WILLIAM F. REINKE, '62, was awarded a predoctoral fellowship at Michigan State University at East Lansing. This coming summer he expects to continue his studies in the History of International Relations at the same institution. At the present time Mr. Reinke teaches world history and English at Southern Door County High School at Brussels, Wis.

DAVID J. BEHMER, '63, will receive the Master of Science degree in February, 1965 from Iowa State University. He has recently received a fellowship from the Bureau of Commercial Fisheries to go on for his Ph.D. degree at Iowa State. David is married to former PATRICIA SCHULZ, a 1963 graduate. She is a laboratory technician in the Botany Department at Iowa State. The Behmers live at Terrace Park Trailer Court, Ames, Iowa.

MRS. MELVA KLEIST '59 S.S. reports that this is her 13th year teaching 3rd grade at Plainfield, and is enjoying it more every year. Her son Tom is a freshman at Concordia College, St. Paul, Minn. beginning his studies for the Lutheran ministry.

We are a State University family reports RICHARD J. GUNNING '26 who is Dean of Men at Wisconsin State University LaCrosse, his wife, Velma '28 is Director of Employment and Loans there and their son, John graduated from LaCrosse.

Frank Martindale is on the graduate staff at Iowa Teachers College at Cedar Falls. He is married and has one daughter. Marvin Kowitz is teaching in Portage and visits us frequently. Harriet Collins is now Mrs. Cal-

vin Marx who lives at Viroqua, Wis. They have one daughter and one son.

Sumner Smith is with the Veterans Administration in Wichita Falls, Texas.

Dick Davis is in the Real Estate business in Las Vegas.

DOTTIE DORAN '64 reports her engagement to DOUG BUCHHOLZ '64 who is a civilian employee of the U.S. Army — stationed in Corpus Christi, Texas. They are planning a summer wedding after which they will make there home in Corpus Christi.

ROSE A. KENOWSKI and GER-ALD PACYNA were married on November 26, 1964 at Stevens Point, Wis. Both are seniors at WSU. They live at 405 Meadow St., Stevens Point, Wis.

JANICE E. QUINN was married to JOHN V. THOMPSON on October 31, 1964 at Montello, Wis. The former Miss Quinn, a graduate of the UW in Madison, is teaching art at Starbuck Junior High School at Racine. Mr. Thompson attended WSU and is currently in the Air Force. The couple live at Grand Forks, N.D.

TERRY LYNN JENS and DANIEL A. DOBERSTEIN were married on December 19, 1964 at Owen, Wis. Mrs. Doberstein attended WSU in 1964; Mr. Doberstein is a student at WSU. They make their home in Stevens Point.

MARCIA DOEDE was married on Saturday, December 26, 1964 to GARY B. KAMPF. She attended Marathon County University Center two years and is currently a student at WSU. Her husband, a graduate of WSU at River Falls, is a teacher at Horace Mann Junior High School in Wausau, Wis. The couple reside at 1111 Kickbusch St., Wausau.

Former WSU student, NANCY J. MOBERG, was married on December 19, 1964 to JAMES W. SOMMERS. Mr. Sommers, a graduate of WSU, Whitewater, is an instructor in the Stevens Point School of Vocational, Technical, and Adult Education. Mrs. Sommers is secretary-receptionist for city offices in the County-City Building, Stevens Point. The couple make their home at 1320 Clark St., Stevens Point.

DARLENE LEPAK and MARSHALL B. TYMM were married on January 23, 1965 at Stevens Point, Wis. Mr. Tymm, who received a bachelor's and master's degree at Wayne State University, Detroit, is an instructor in the English Department of WSU. His bride is a junior student at WSU, majoring in English. The Tymms live at 124 N. Sunset Blvd. in Stevens Point.

WSU graduates, DONNA PIENSCHKE, '64, and PHILIP A. HELMKE, '64, were married on October 10, 1964 at Nekoosa, Wis. Mr. Helmke teaches chemistry and physics at Edgar High School, and his wife is a medical technologist at Memorial Hospital, Wausau. The Helmkes live at 1016 Grand Ave. in Wausau, Wis.

DENISE M. MISKOSKI and RAYMOND G. DORN, '64, were married on November 14, 1964 at Stevens Point, Wis. Mr. Dorn is a second lieutenant in the U. S. Air Force. The couple live at Biloxi, Miss.

Linda Johnson and Phillip Goli, both of rural Iola, Wis. Mr. Goli is employed by Barn-O-Matic, New London, Wis. Miss Johnson is a student at WSU.

Virginia Ann Nelson and George E. Roman. Mr. Roman is a 1958 graduate of WSU; his fiancée is an alumna of the University of Wisconsin and is currently teaching and coaching at Newman High School, Wausau.

## Challenging Opportunities for Teachers

### (1) Overseas Dependent Schools —Department of Defense.

Elementary and secondary teachers are needed for U.S. military base schools which have been operated since 1946 for the children of military and civilian personnel assigned abroad. This program includes almost 300 schools in 28 nations with approximately 155,000 students and employs 7,500 professional personnel. Course of study parallel those of the public school and standard approved textbooks are used. The high schools are accredited by the North Central Association of Colleges and Secondary Schools. Not less than 2 years of successful full time professional employment as a teacher, counselor, librarian, or administrator from Sept. 1960 to June 1965 is required. A bachelors degree with 18 hours of course work in the field of professional teacher education and college or university level preparation in the field or fields as defined in the category for which applying are needed. A detailed brochure is available at the placement office and will be sent upon request. Be sure to arrange to have your credentials up-dated when you may plan to apply.

(2) The Office of Economic Opportunity offers opportunities within this country for Volunteers in Service to America (VISTA). The minimum age in this program is 18 years with no maximum age. Volunteers will be trained and assigned to areas needing the talents and aptitudes of those available.

Married persons are eligible only if both the husband and wife apply together and both qualify for service. Persons with dependents under the age of 18 are not currently being considered for VISTA service.

The period of service is one year, including a four to six weeks training program. Service may be extended for two additional periods for a total of three years.

Volunteer assignments will call for a great variety of skills, trades and professions. Volunteers will

work in rural and urban areas, Job Corps camps, migrant worker communities, Indian reservations, hospitals, schools, and institutions for the mentally ill or mentally retarded. Volunteers may be sent to any of the fifty states, the District of Columbia, Puerto Rico, the Virgin Islands, and the U. S. Territories (Guam, American Samoa and the Trust Territory of the Pacific Islands). An applicant may express area and assignment preference.

Volunteers will receive allowances to meet necessary living expenses. (Since the Volunteer will usually be expected to live where he or she works, the amount will vary depending upon local conditions.) Volunteers will not receive a salary, but will receive \$50 for each month of service payable upon completion of service. During service, necessary medical and dental expenses will be paid by VISTA.

Direct inquiries to VISTA—Office of Economic Opportunity, Washington, D. C. 20506

(3) The International School Service, 2000 P Street NW, Washington, D. C. 20036, assists teachers and school administrators in locating positions in countries throughout the world where American companies have a number of personnel with families stationed. As an example, an oil company has established 3 small elementary schools in Sumatra, Indonesia. Five elementary grade teachers are needed. One year contracts are issued. A minimum of four years of teaching experience is required with certification. Salary for bachelors degree is \$600 per month, with Masters degree \$700 per month. Round trip transportation is paid by the school. Shipment of personal effect and rent free housing provided. 25% overseas allowance. School year is from Sept. to June.

Other areas where vacancies are reported include Columbia, El Salvador, Saudi Arabia, Nigeria, India, Ecuador, Czechoslovakia, Belgium, Brazil, and Taiwan.

## In Memorium

Mrs. Elmer W. Rickhoff, 61, Lake Mills, Wis. died September 18, 1964 following a lingering illness. She was a graduate of Lincoln High School in Wisconsin Rapids, the Wood County Normal School, and WSU, Stevens Point. She had taught at Kellner and Weyauwega.

William L. Smith, 87, a former state senator and assemblyman, died on November 11, 1964. He graduated from WSU in 1899. The same year he began his duties as principal of the Neillsville Northside School. In 1901 he became a member of the high school faculty. He retired from teaching in 1903 to become manager, secretary and treasurer of the Badger State Telephone and Telegraph Co. in Neillsville. Mr. Smith was active in civic affairs, having served as a councilman, as assemblyman of Clark County in 1917 and 1918; and as a state senator from 1921 to 1929. He was chosen by the late Walter Kohler as his executive secretary, had the rank of colonel conferred on him as an officer of the Wisconsin National Guard. Mr. Smith also served as president and director of the Wisconsin Telephone Association and was chairman of locally-owned telephone companies in Wisconsin.

Thomas E. Meiers, 24, a WSU student from Westchester, Ill., was killed December 11, 1964 in a traffic accident near Fremont. He was president of the 550 Club, a veterans group at WSU. A senior, he was majoring in economics.

Harold D. Reichert, 51, was a victim of a plane crash December 22, 1964 near Good Thunder, Minn. Mr. Reichert was vice president of the Minnesota branch of Nationwide Motor Club. He was also a director and treasurer of National Family Insurance Co. of St. Paul, Minn., and district manager of National Travelers Life Insurance Co. of Des Moines, Iowa. Mr. Reichert was a 1940 graduate of WSU and became principal of the Amherst Graded School in 1937. He remained there two years and later

taught at Biron and Sun Prairie, Wis. He had been a resident of North Mankato about 15 years.

Mrs. Richard V. Brattel, 26, Menomonie, Wis. was killed January 6, 1965 when her car collided with another car on U.S. Highway 10 west of Durand. Mrs. Bratley, the former Gail Sickinger, '60, taught kindergarten at Durand while living at Menomonie, where her husband was pursuing his studies for his master's degree. She was driving home from her school duties when the accident occurred. The Bratleys have a daughter, age 5.

Funeral services for Mrs. Edna Frost, 65, Stevens Point, were held January 11, 1965 at Boston Funeral Home. Mrs. Frost, the former Edna Krueitzer, attended Whitewater State and the old Stevens Point Normal School. She taught in Wausau for several years prior to her marriage. Later she taught for a time in grade schools in Stevens Point. Funeral services were held at Eau Claire, Wis. on January 26th, for Earl S. Kjer, 61 who died of a heart ailment. He was chairman of the speech department at Eau Claire State University. Mr. Kjer grew up in the Amherst Junction area and received his bachelor's degree from WSU-Stevens Point in 1941 and his master's from Northwestern University. He taught at Oconto Falls before going to Eau Claire as a high school teacher in 1937. In 1943, he joined the faculty at Eau Claire State. Mr. Kjer was widely known as a director and producer of student plays. He was instrumental in designing the Eau Claire University Theater, a playhouse for smaller audiences described as "one of the most perfect structures of its type in the Midwest." In honor of his distinguished career at Eau Claire, the University Theatre has been renamed the Earl S. Kjer University Theatre. The Board of Regents for State Universities approved the recommendation of President Haas at a recent meeting.

## Births

Mr. and Mrs. Arlyn Loomans are the parents of a son, who was born on December 8, 1964. Mr. Loomans is a 1963 graduate. His wife is the former Mary Beth McClod.

Mr. and Mrs. Phillip Rendall announce the birth of a daughter, Tami Michelle, born on February 4, 1965. She joins a 14 month old brother, Alan William. Mrs. Rendall is the former Dalene Williams, '64.

Mrs. Charlotte M. Nelson, '57, reports the birth of a daughter, Sandra Marie on July 6, 1964. Other children in the Nelson family are Linda, age 4, Janet, age 3, and David, age 1. The Nel-

sons live at 621 E. Richbrook Drive, Claremont, California.

On January 27th — a second son, Kurt David joined the Russell and Janet Hutter family in Janesville. Their first son Geoffrey Russell will now have a playmate. Russell has been teaching in Janesville since 1958. He received his masters degree from University of Michigan in 1961. In addition he has completed 9 credits of driver and safety education at Stout State University. Janet is a '57 graduate of the primary department of WSU-Stevens Point. They live at 1116 N. Lexington Drive, Janesville, Wis.

## Spring Construction for Athletic Field

Physical Education and Athletic Practice Fields may soon become a reality at Wisconsin State University, Stevens Point. For years we have been waiting, borrowing, hoping, anticipating and waiting some more. Several times in those years past, the engineering groundwork was laid for the development of the site, but it was always held up by technicalities or overall change of plans.

Notification of the contract letting was received last week by W.S.U. President, James H. Albertson via a telephone call from the State Bureau Engineering and the Board of Regents office in Madison.

Plans call for completion of the following projects:

- Grading and seeding of a future track area south of Maria Drive and west of Reserve Street.
- Installation of eight tennis courts, four of which will be multi-purpose in nature. These will be installed just south of the track area.
- Grading and seeding of a soft-

ball area south of the tennis courts extending to the parking area north of the Physical Education Building.

—Grading and seeding of a multi-purpose field west of the physical education building. This field will be used for such activities as soccer, speed ball, touch football and field hockey for girls.

In addition to regular physical education classes the area will also be used for Intramurals and Athletics and in winter could be iced over for skating area.

The overall contract was awarded to Gottschalk Brothers of Edgar, Wisconsin for a sum of \$73,337. Additional expenses including engineering fees will bring the project cost to about \$85,000.

The date for completion of the project has been set for September 1, 1965.

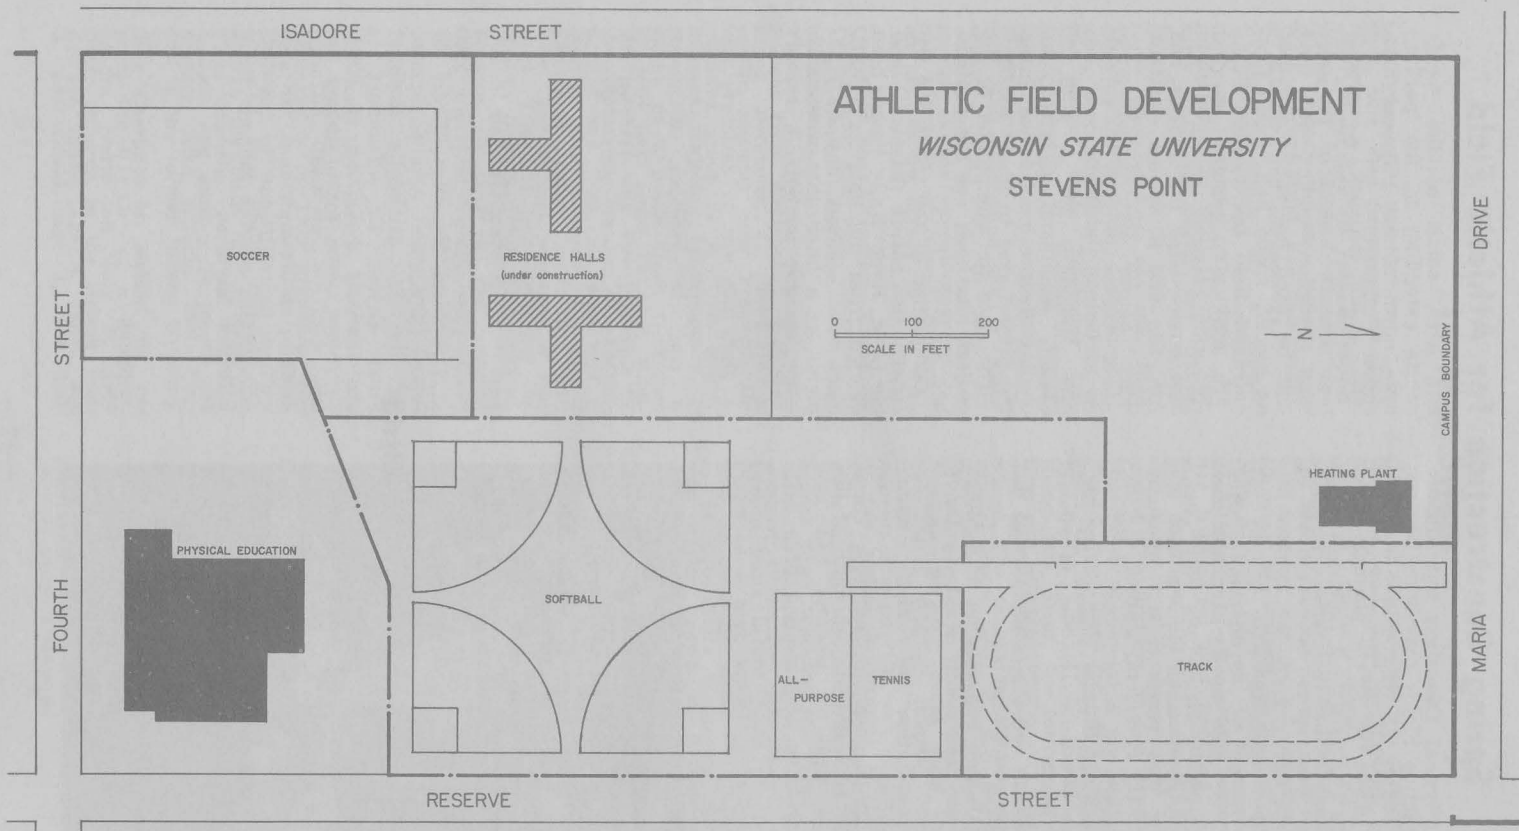

Completion of the track and the construction of a baseball field north of Hyer Hall have been deleted from the bids for insufficient funds. These may be completed at a later date when such funds become available.

UNIVERSITY PHOTO SERVICE

Dave Arneson, President of the Senior Class of WSU '65 Stevens Point, presents a check for \$100 to Dr. Paul Yambert, Dean of School of Applied Arts & Science for the St. Michael's Hospital Fund Drive. Dr. Yambert is chairman of the drive at WSU.

"There are a lot of things the class could have done with this money, Arneson said, "but we wanted to contribute to the fine new health service Stevens Point will soon have."

Physical Education & Athletic Practice Fields
