# University of Wisconsin- Stevens Point Undergraduate and Graduate Catalog 2001-2003

At the University of Wisconsin-Stevens Point, student-centered excellence is our highest priority. The curriculum is designed to meet your academic needs. In compiling our catalog we have used the most current and accurate information available to us. However, we reserve the right to change any of the information in this catalog at any time and without giving prior notice. When the UW System or UW-Stevens Point campus deletes or revises any of the information in this catalog, the changes take effect as soon as they are approved. To keep up-to-date on these changes, check with your adviser regularly during your college career.

**The provisions of this catalog DO NOT constitute a contract between the student and the university.**

# Introduction

## UW-Stevens Point: A Profile

UW-Stevens Point has a long and proud academic tradition. In 1894 Stevens Point Normal School opened its doors as a teacher training school to 300 students. Since then we have undergone several name changes and expanded our programs. We are now one of the 13 units of the University of Wisconsin System with approximately 8,600 undergraduate and graduate students. Nearly 80 percent of our 400-plus faculty and teaching academic staff have doctorate or equivalent degrees.

Students attend classes in seven major buildings in a six square block area. Old Main and the University Center lie south of the academic core while the residence halls are on the north side of campus. Just north of the residence halls is Schmeckle Reserve, a 275-acre nature area which includes a 24-acre lake, a nature center, and trails that are part of the Portage County 26-mile recreational Green Circle.

## Equal Opportunity/Affirmative Action Policy

We at UW-Stevens Point affirm your right to equal opportunity in education. We make all our campus programs and activities equally available to all. In our educational programs, activities and employment policies, we don't discriminate on the basis of age, race, creed or religion, color, handicap, sex, national origin, ancestry, pregnancy, marital status, parental status, sexual orientation, disability, political affiliation, arrest or conviction record, membership in the National Guard, state defense force or other reserve component of the military forces of the United States or this state.

The University of Wisconsin-Stevens Point is an affirmative action/equal opportunity employer and encourages applications from members of ethnic/racial minorities, women, and persons with disabilities. If you have a question or concern about our compliance with state or federal laws or if you have a discrimination complaint, write or bring the question or complaint to our Equity and Affirmative Action Office, Room 210, Main Building, or phone 715-346-2002.

## Disability Services

If you have a disability, you may obtain information on program access to all UW-Stevens Point majors, minors, and courses, as well as physical access to all campus buildings by contacting the Disability Services Office, Room 103, Student Services Center, 715-346-3365 or 715-346-3362 TTY for the hearing impaired. You may also call on them for help with counseling, housing, academic advising, and tutoring. We urge you to contact them to set up an individual assessment before your first semester of classes. All segments of UW-Stevens Point comply with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA).

## UW-Stevens Point Mission Statements

UW-Stevens Point shares in the mission of the *University of Wisconsin System*.

The mission of this system is to develop human resources, to discover and disseminate knowledge, to extend knowledge and its application beyond the boundaries of its campuses, and to serve and stimulate society by developing in students heightened intellectual, cultural, and humane sensitivities; scientific, professional, and technological expertise; and a sense of purpose. Inherent in this broad mission are methods of instruction, research, extended education, and public service designed to educate people and improve the human condition. Basic to every purpose of the system is the search for truth.

As an institution in the *University Cluster* of the University of Wisconsin System, UW-Stevens Point shares the following core mission with other universities of the cluster. Each university in the cluster shall:

- a. Offer associate and baccalaureate degree level and selected graduate programs within the context of its approved mission statement.
- b. Offer an environment that emphasizes teaching excellence and meets the educational and personal needs of students through effective teaching, academic advising, counseling, and through university-sponsored cultural, recreational, and extracurricular programs.
- c. Offer a core of liberal studies that supports university degrees in the arts, letters, and sciences, as well as specialized professional/technical degrees at the associate and baccalaureate level.
- d. Offer a program of preprofessional curricular offerings consistent with the university's mission.
- e. Expect scholarly activity, including research, scholarship, and creative endeavor, that supports its programs at the associate and baccalaureate degree level, its selected graduate programs, and its approved mission statement.
- f. Promote the integration of the extension function, assist the University of Wisconsin-Extension in meeting its responsibility for statewide coordination, and encourage faculty and staff participation in outreach activity.
- g. Participate in interinstitutional relationships in order to maximize educational opportunity for the people of the state effectively and efficiently through the sharing of resources.
- h. Serve the needs of women, minority, disadvantaged, disabled, and nontraditional students and seek racial and ethnic diversification of the student body and the professional faculty and staff.
- i. Support activities designed to promote the economic development of the state.

The select goals and responsibilities of *UW-Stevens Point* are to:

- Provide a broad foundation of liberal studies and selected degree programs in the fine arts, humanities, natural sciences, and social sciences, imparting the heritage of human civilization, critical intelligence, and the skills necessary for a lifetime of learning and upon which education in the professional fields may be built.

## 2 Introduction

- Provide undergraduate professional programs in communicative disorders, teacher education, home economics\*, the visual and performing arts, paper science, and natural resources with emphasis on the management of resources.
- Provide graduate programs in teacher education, communicative disorders, natural resources, home economics, communication and other select areas clearly associated with this university's undergraduate emphases and strengths.
- Provide programs in wellness and health promotion.
- Provide quality undergraduate and graduate instruction through innovative methods using print and nonprint library resources, computing, communication technology, and direct student assistance.
- Expect scholarly activity, including research, scholarship and creative endeavor, that supports its programs at the associate and baccalaureate degree level, its selected graduate programs, and its special mission.
- Cooperate with UW-Extension in the development and coordination of statewide outreach programming, integration of the extension function into the institution, and appropriate and adequate recognition of those involved in outreach activities.

\*The former home economics programs are now offered as child and family studies, dietetics, early childhood education, family and consumer education, human development, nutrition, and interior architecture.

### The Stevens Point Community

Because of UWSP's central location, students are very much a part of the city of Stevens Point as soon as they come to campus. Residence halls and nearby student apartments and rooming houses blend into the community. In addition, the local economy depends on UWSP students as part-time employees. Police, fire department, hospital, city library, shopping, and the riverfront all are within easy access. A safe city with a low crime rate, Stevens Point provides a secure haven for its student residents.

Stevens Point is a city of about 25,000 in a metropolitan area of nearly 60,000. Located on the banks of the Wisconsin River, it offers a wide range of recreational opportunities including the Green Circle Trail, cross-country ski trails, year-round fishing on the river and in nearby lakes, downhill skiing at Standing Rocks County Park, and excellent baseball and softball facilities at Zenoff and Bukolt Parks.

The corporate headquarters of Sentry Insurance gives Stevens Point a cosmopolitan flavor which is unusual for a Midwestern city of its size. Other major employers include Associated Bank, Stora Enso North America, Del Monte Corp., Ore-Ida Foods, American Potato, Copps Corp., and The Noel Group.

Stevens Point lies midway between Milwaukee and Minneapolis at the intersection of Interstate 39/Highway 51 and U.S. Highway 10. It is served by several airlines through the Central Wisconsin Airport as well as Greyhound Bus Lines.

# Admissions

## Admission Application Procedure

To apply for admission to UW-Stevens Point, use the standard **UW System Application for Undergraduate Admission**. You may obtain the application form from your high school guidance office or from:

Admissions Office  
Room 102 Student Services Center  
UW-Stevens Point  
Stevens Point WI 54481-3897

Phone: 715-346-2441

E-mail: Admissions.Office@uwsp.edu  
or admis@uwsp.edu

Web: [www.uwsp.edu/admissions/admiss.htm](http://www.uwsp.edu/admissions/admiss.htm)

You may also apply for admission using the UW System World Wide Web electronic application form at <http://apply.wisconsin.edu> or through the UWSP Admissions Office Web page above.

## New Freshman Admission

You will be considered for admission as a new freshman for the 2001-2002 school year if you satisfy the following requirements and the freshman class enrollment total has not been reached. NOTE: Admission is subject to program capacity limits and institutional enrollment limits established by the Board of Regents of the University of Wisconsin System.

**All admission regulations for undergraduate students are subject to change at any time.**

- A. You must graduate from a recognized high school or its equivalent. Your high school is recognized if
1. It is operated by a public school district,
  2. It is a private school that is accredited by a federally approved accreditation association, or
  3. It is a private school that is not accredited but is recognized by the UW System because of the performance of previously admitted graduates from that high school.

If you did not graduate from a recognized high school, you must provide evidence of ability to begin college work. Such evidence may include General Education Development (GED) test scores or other established criteria, transcripts of coursework completed in high school, high school rank-in-class before leaving, written recommendations, ACT scores or other evidence deemed appropriate by the university. If you are a high school equivalency applicant, you may not normally enroll unless you are a minimum of two years past your expected date of high school graduation.

- B. You must complete a minimum of 17 credits from the academic areas listed below. A credit is one academic year of study.

1. **Core College Prep Credits** **13 credits**
  - a. **English** **4 credits**  
Three credits must be in college preparatory composition and literature. The fourth English credit may be satisfied by any nonremedial course that meets DPI graduation requirements and is offered through the English Department.
  - b. **Mathematics** **3 credits**  
Including courses such as algebra, geometry, algebra II, trigonometry, precalculus,

calculus, and other college preparatory mathematics courses for which algebra and/or geometry are prerequisites.

- c. **Social Science** **3 credits**
  - d. **Natural Science** **3 credits**
2. **Elective Credits** **4 credits**

- a. Two credits from the above core college preparatory areas, foreign language, fine arts,\* or computer science (excluding keyboarding) **AND**
- b. Two credits from the core college preparatory areas, elective credits listed above or other academic areas.\*\*

**\*Acceptable fine arts courses:**

Courses offered through music, fine arts, dance, theatre arts or art departments are generally acceptable. The following are examples of acceptable courses: choir, band, orchestra, ensemble courses, music theory, music appreciation, music history, art courses (e.g. drawing, ceramics, jewelry, painting, calligraphy, crafts, photography, architecture, graphic design, etc.), art history, art appreciation, dance, dance history, drama, acting, stage production, and stage craft.

**\*\*Acceptable courses for other academic areas:**

Includes most courses offered in business and marketing education, family and consumer education (home economics), agriculture, health education, and trade and technology (industrial arts). Excludes physical education, driver education, cooperative education, most religion, English as a second language, remedial (in all areas of study) and exceptional education courses.

**NOTE:** Some high school courses do not satisfy college admissions requirements for academic coursework. You may check with our Admissions Office, 715-346-2441, to be sure that your courses meet our requirements.

- C. Applicants who meet any one of the following criteria will be admitted on a rolling basis until enrollment limits are met. **We urge you to apply early.**
1. High school cumulative grade point average of 3.00 or above **and** ACT score of 21 or higher (SAT I of 990) **OR**
  2. High school class rank in the top 40 percent **OR**
  3. ACT composite score of 21 (Sat I of 990) or higher **and** high school class rank in top 50 percent.

If you do not meet the above criteria but you have a high school grade point average of 2.75-2.99 **OR** a high school rank in class of 50-59 percent **OR** an ACT of 21 (SAT I of 990) or above, your application will be reviewed individually on a rolling basis. Decisions to admit, deny, or place on "hold" for later consideration will depend on enrollment capacity and will be based on a combination of various predictors of success such as: class rank, ACT/SAT I, high school GPA, breadth and rigor of courses selected, trend in applicant's grades, and grades in college preparatory courses.

- D. If you do not qualify according to the above requirements, you may appeal in writing to the director of admissions for special consideration.
- E. **You must submit the results of either the ACT or SAT examinations. The ACT is preferred. (You will not be disadvantaged in the admission process by taking one test rather than the other.)**

Requirements for out-of-state applicants are the same as for Wisconsin residents.

## 4 Admissions

### Orientation for New Students

As a new freshman at UW-Stevens Point, you take part in a two day orientation program along with your parents.

Through the program, you learn how to quickly and easily adapt to university life. You also get to know UW-Stevens Point's customs, traditions, curricula, policies, and services. As part of this program, you meet with an academic adviser and prepare your class schedule for your first semester. You also meet with both upperclass students and other new students in small discussion groups.

At the same time, your parents hear presentations by UW-Stevens Point faculty and staff on such topics as student health programs, health insurance, financial aid opportunities, housing and dining programs, and parent-student understanding. During the program, you and your parents are housed in residence halls and eat at UW-Stevens Point dining facilities. For more information, write or visit the Director of New Student Programs, Room 103, Student Services Center, or call 715-346-3365.

If you are a nontraditional student, you may get additional information about orientation and registration by writing or visiting the Student Academic Advising Center, Room 103, Student Services Center, or calling 715-346-3365.

### Nondegree (Special) Students

If you are a high school graduate and want to take a limited number of courses, and you are not seeking a degree, you may be allowed to register for courses without formally applying for admission. Please contact the Admissions Office for information regarding registration.

### High School (Special) Students

If you are a qualified high school junior or senior who wishes to take university courses while still enrolled in high school, you may be permitted to do so on a space-available basis. You will need to submit a UW-Stevens Point Youth Options Program/High School Special Student Application form (available from the UWSP Admissions Office) and an official high school transcript. Please contact your high school guidance counselor or the UWSP Admissions Office for more information.

### Returning UWSP Students

If you have been away from campus for one or more semesters, follow the instructions under **Admission Application Procedure** in the beginning of this section of the catalog to apply for readmission to UW-Stevens Point. Ask any colleges you've attended since leaving UW-Stevens Point to send an official copy of your transcript to our Admissions Office so that we can determine your eligibility for readmission.

**Because we must limit enrollment at UWSP, all admission regulations for undergraduate students are subject to change at any time.**

If you left UW-Stevens Point under academic suspension, a letter of appeal should accompany your application for admission. The letter should explain the circumstances which affected your academic performance (include documentation if available), how your problems have been resolved, your activities/occupations since your attendance here, and what has changed so that, if you are readmitted, we can be assured that you will not be suspended again. You are eligible to apply for readmission as follows:

1. **First suspension:** You may apply for readmission one semester after you are first suspended, but realize that readmission is not automatically granted. You may

apply even earlier if you show that you were suspended due to circumstances you could not control and that those circumstances have changed.

2. **Second and following suspensions:** You may apply for readmission two years after you are suspended for a second time. Again, you may apply earlier only if you show that you were suspended due to circumstances you could not control and that those circumstances have changed.
3. **Appeals:** If we deny your request for readmission, you may appeal our decision. Address your letter of appeal to the Director of Admissions with a request that your appeal be forwarded to the Chancellor's Appeals Committee.

### Admission of Transfer Students

Follow the instructions under **Admission Application Procedure** at the beginning of this section of the catalog to apply for admission to UW-Stevens Point. You will need to submit the UW System application form and have official transcripts from both your high school and each college you have attended forwarded directly to the UWSP Admissions Office.

You are normally eligible for admission unless you compiled an academic record at your last institution such that you would have been suspended if you had been attending UW-Stevens Point. If you did compile such a record, you may apply for admission to UW-Stevens Point no sooner than one semester after your first suspension or two years (four semesters) after your second suspension.

**Because we must limit enrollment at UWSP, all admission regulations for undergraduate students are subject to change at any time.** For further information about whether you are eligible to attend UW-Stevens Point, please contact the Admissions Office, Room 102, Student Services Center, 715-346-2441.

As a transfer student, you will take part in our one day orientation program which allows you to learn about university requirements and policies, meet with a faculty adviser and register for classes. We will give you full information on this program after you are admitted.

### Transferring Credit to UWSP

To transfer credits you have earned elsewhere to UW-Stevens Point, ask each college you have attended to send an official transcript of your credits to UW-Stevens Point's Admissions Office. The Admissions Office determines whether credits earned at another institution will transfer to UW-Stevens Point and how those credits will apply toward the UWSP general degree requirements. Please note the following in regard to credit transfer:

- An official evaluation of your transfer credits will be completed after you are admitted on a final basis and have confirmed your intention to enroll at UW-Stevens Point.
- Generally, credits earned for a college level course at a regionally accredited college or university will transfer to UWSP if you received a grade of D or higher in the course.
- The appropriate academic department will determine which credits apply to your major and minor.
- We accept a maximum of 72 credits from two year colleges. You will receive lower division (100-200 level) credit for any of these courses. (There is no limit on credits accepted from four year universities.)
- If you earned an approved associate degree from another UW System institution, you have met one

part of our general degree requirements, but you still must meet UW-Stevens Point skills requirements in mathematics, foreign language, communication (public speaking), English, writing emphasis, and the general degree requirements that you normally take in the last two years of your university experience.

- Credits transferred from other institutions are not used in calculating the UW-Stevens Point grade point average. The UWSP grade point average is determined only by credits and grade points earned at UWSP. However, transfer credits and grades ARE included in the calculation of the grade point average in most majors and minors and in the determination of graduation honors.
- To graduate from UW-Stevens Point, you must earn at least 30 of the total number of credits required for graduation in residence at this university.

### Transferring Credit from the Two-Year UW Colleges

You may transfer up to a total of 72 credits in UW College or other two year college courses. You will receive lower division (100-200 level) credit for any courses you transfer from UW Colleges. We recommend that you consult the UW System's online Transfer Information System (TIS) for timely and accurate information on course equivalencies between the UW College campuses and UW-Stevens Point. Using TIS you can determine how your UW College courses will transfer and which UWSP general degree requirements they will fulfill.

TIS can be accessed on the Web at  
[www.uwsa.edu/tis/](http://www.uwsa.edu/tis/) OR

See the *Equivalency Table* at the end of this section.

If you transfer from a UW College campus and are enrolled continually (excluding summers), you will have the option of observing UWSP degree requirements that were in effect when you first enrolled at the UW College campus.

### Transferring Credit from Wisconsin Technical Colleges

If you have been enrolled in the Wisconsin Technical College System (WTCS) and wish to continue your education at UW-Stevens Point, you may be eligible to transfer credits toward your bachelor's degree in the following ways:

- If you are or have been enrolled in the college-parallel program at Madison Area Technical College, Milwaukee Area Technical College, or Nicolet Area Technical College, you may be eligible to transfer up to 72 credits toward your baccalaureate degree.
- If you have attended a WTCS institution since September 1, 1985 (not in a college parallel program), you may be eligible to transfer up to 15 credits of general education coursework. In addition, you may be eligible to transfer a total of two approved courses from math and/or natural science areas if the courses were taken September 1995 or later. You also may be eligible to transfer certain technical support or occupational credits if there is an approved program-to-program articulation agreement between a WTCS associate degree program that you have completed and a program offered at UW-Stevens Point.
- If you are transferring from WTCS, you may be eligible for credit by earning appropriate scores on national standardized examinations and/or UW-

Stevens Point test-out programs that are described later in this section of the catalog.

For more information, contact the Admissions Office, Room 102, Student Services Center; 715-346-2441.

### Transfer Information System

If you are transferring to UW-Stevens Point from another UW System institution or a Wisconsin Technical College, we encourage you to consult the Transfer Information System (TIS). This online source of information about credit transfer, course equivalencies, academic requirements and general UW System campus information may be accessed on the Web at [www.uwsa.edu/tis/](http://www.uwsa.edu/tis/). TIS is designed to provide prospective transfer students with current information to help you better prepare for transferring. If you are currently a UWSP student, you may find TIS helpful if you plan to take a summer course at another UW System school and transferring it back to UWSP, or if you plan to transfer from UWSP to another UW institution.

### Transfer Credit Appeal Procedure

Here is the appeal procedure you can follow if you do not agree with the way we applied your transfer credits to the general degree requirements.

1. Ask a transfer counselor in the Admissions Office to explain the basis for the current evaluation.
2. If you earned the credits at an institution that is not part of the UW System, bring:
  - a. A copy of the transcript and the UW-Stevens Point evaluation.
  - b. A copy of the course description from the time you took the course. For example, Iowa State's course description for Sociology 105 in 1990.
  - c. A written request for the action you desire.
3. If you are still not satisfied with our transfer credit evaluation and believe you have sufficient grounds for an appeal, send a written request to the Transfer Credit Appeal Committee, c/o Registrar, UW-Stevens Point. Explain why you feel credit should be granted toward UW-Stevens Point general degree requirements. Include copies of the materials listed in 2 above along with the transfer counselor's response. You must file this appeal at least one semester before you expect to graduate.

## 6 Admissions

### Advanced Placement, Credit-by-Exam, and Test-Out Opportunities

There are a number of opportunities available at UWSP for earning credit or meeting course requirements other than traditional classroom instruction. These opportunities could allow you to graduate sooner than normal or take advantage of additional coursework outside of your major. If you are a self-learner, have substantial preparation in certain subject matter, or have appropriate life experiences, you are encouraged to pursue one or more of the following opportunities.

#### Advanced Placement Program (AP)

If you are currently a high school student, you can earn college credit if your school participates in the College Board AP Program. High schools participating in the AP program offer college level courses for which examinations are given each May. UWSP grants credit for scores of 3, 4 and 5 on all AP exams. AP courses are currently offered in 16 different subject areas covering topics in the humanities, mathematics, natural sciences and social sciences. If you are awarded credit, it will be entered on your permanent record after you enroll at UWSP. Contact your high school or our Admissions Office, Room 102, Student Services Center, 715-346-2441, for additional details.

#### College-Level Examination Program (CLEP)

CLEP, also offered by the College Board, offers general examinations covering broad areas such as humanities, natural science and social science, as well as subject areas such as accounting, biology, American history, and psychology. UWSP grants credit for acceptable scores on many of the CLEP examinations. Credit will be entered on your permanent record after you enroll at UWSP. Contact our Admissions Office, Room 102, Student Services Center, 715-346-2441, or Testing Services, Third Floor, Delzell Hall, 715-346-4472, for additional information.

#### Experiential Learning Program

If you have had experiences equivalent to college level learning which relate to coursework at UWSP, you may receive college credit for these experiences. For example, you might be eligible to gain academic credit for experiential learning from your past employment, volunteer work, publications, or your participation in seminars, workshops, job-related training programs, or military training programs. For further information, see the *Experiential Learning* section later in this catalog or contact the Student Academic Advising Center, Room 103, Student Services Center, 715-346-3361.

#### Advanced Standing and Retroactive Credit

Some departments administer placement tests when you first enroll. If the test results indicate that you should start at a higher level than the entering freshman course, you may have the opportunity to earn retroactive credit for the course. In foreign language, for example, you can earn up to 16 retroactive credits if you place into 313 and earn a grade of B- or better. Check the departmental listings in this catalog or contact the department chair for additional information.

#### Departmental Credit-by-Exam

Check the departmental listings in this catalog or contact the department chair for information about this option.

#### Test-Out

You may test out of a number of general degree requirement (GDR) courses. When you pass a departmentally approved test in a GDR course, the requirement to enroll in the course is waived. You don't earn credit when you test out, but the course applies toward fulfillment of that GDR. For example, if you test out of Communication 101, you satisfy the Communication 101 GDR without enrolling in the course. See "Test-Out and Credit-by-Exam Policy" under the *General Degree Requirements* section of this catalog or contact individual departments for more information about their test-out opportunities.

#### Additional Information and General Limitations to AP, Credit-by-Exam, and Test-Out

1. Credits earned through the above policies:
  - a. Are recorded on your academic record.
  - b. Have full academic value and apply toward graduation and all other requirements as if you had completed the course through regular enrollment.
  - c. Are not assigned grades, are not calculated in your grade point average and are not included in your semester credit load.
  - d. Do not count toward the minimum 30 credit residency requirement.
2. You may count 32 credits earned under the above policies toward the 120 credits required for graduation or 16 credits toward an associate degree.
3. You may be charged a nominal fee for departmentally administered test-out and credit examinations.
4. The methods for testing and standards for awarding credit or test-out in departmentally administered tests are determined by the department.
5. Individual departments may have additional limitations to these programs which will be identified in the department's section of this catalog.

## UW Colleges/UW-Stevens Point Course Equivalency Table

The chart below indicates how courses from the UW Colleges transfer to UW-Stevens Point. The first column is a list of UW College courses from the UW Colleges 2001-2003 catalog. The second column lists equivalent courses at UW-Stevens Point. If UW-Stevens Point does not offer a course equivalent to a UW College course, this column will show the equivalent as an elective in a related area of study. The third column describes how the UW College course will be applied toward the UW-Stevens Point general degree requirements (GDRs). This column is left blank when a UW College course does not apply toward any of the UW-Stevens Point general degree requirements.

Please note that this information is subject to change at any time.

# Finances

## How to Apply for Financial Aid

- Request a Free Application for Federal Student Aid (FAFSA) from your high school guidance counselor or from the UW-Stevens Point Student Financial Aid Office.
- Complete and mail the form according to the instructions provided on it.

If you are a continuing student, normally a renewal FAFSA will be mailed to you by the U.S. Department of Education in December or January if you applied for aid the previous year. Complete and mail the form according to the instructions provided on it. If you previously completed a FAFSA using the government's Internet site, you must reapply using that same method (requires the use of a personal identification number).

## Financial Aid Eligibility

The Financial Aid Office administers UW-Stevens Point's various federal and state financial assistance programs which help students pay their college expenses. They award you funds from need-based programs based on your family's income and assets, the size of your family, the number of family members in college, and other information which you provide on your application form.

To be eligible for most types of assistance, you must:

- Demonstrate a financial need,
- Be admitted to a UW-Stevens Point degree program,
- Not be in default on a student loan,
- Not have been convicted of selling or possessing illegal drugs (may be waived under some circumstances),
- Not owe a repayment on a student grant, and
- Be enrolled at least half time.

If you enroll less than full time, your financial aid may be reduced. Also, if you fail to make satisfactory academic progress, you will NOT be eligible to receive financial aid even though you may continue enrollment. Note that audited courses do NOT count toward credit load for financial aid eligibility.

## Financial Aid, Need-Based

When you apply for financial aid, you are considered for all programs listed below that are based upon need. You may also apply for other forms of assistance.

### Grants and Waivers

- **Indian Student Assistance:** State awards, up to \$1,100, which are usually matched with a tribal grant to Wisconsin Indian students who show financial need.
- **Pell Grant:** Awards up to \$3,750 to undergraduates determined by the Pell Grant Administration based on need and the cost of room, board, and tuition.
- **Supplemental Educational Opportunity Grant:** Awards up to \$1,000 to exceptionally needy undergraduate students.
- **Wisconsin Handicapped Grant:** Awards up to \$1,800 to legally deaf or blind students.
- **Wisconsin Higher Education Grant:** Awards up to \$1,546 per academic year as determined by the Wisconsin Higher Educational Aids Board based on need.
- **Wisconsin Talent Incentive Program:** Awards up to \$1,175 to disadvantaged Wisconsin residents.

- **Nonresident Tuition Waiver:** A partial waiver of the nonresident fee for full-time students, based on need, debt, class level, and eligibility for other grants.

### Jobs—Based on Need

Need a job? The Student Involvement and Employment Office (SIEO), 011 University Center, 715-346-2174, works to connect students and employers. The SIEO lists jobs in a variety of interest areas for ALL students. Each year over 900 jobs are listed for UWSP students.

- **Federal Work Study Program:** The SIEO provides referrals for both on- and off-campus work study jobs for all eligible students. Eligibility is based on financial need. Jobs range from on-campus lab assistants, office staff, and intramural officials to off-campus positions in the Stevens Point School District, Park and Recreation Department, and other nonprofit agencies. The SIEO lists over 100 different work study positions. SIEO staff members are eager to assist you in locating a job to meet your needs. Registered UWSP students can check our job listings at the SIEO or on the Web at [www.uwsp.edu/stuemploy](http://www.uwsp.edu/stuemploy).
- **Community Service Work Study:** These are career-oriented field experience positions that involve child care, health care, elderly care and assistance, literacy training and tutoring for low-income and disadvantaged people, and positions that contribute to the enhancement of community well-being.

### Loans

- **Perkins Loans:** Loans of up to \$2,000 annually, with a maximum total of \$15,000 for all undergraduate years. The graduate student cumulative maximum is \$30,000 which includes any amount borrowed for undergraduate study.
- **Need-based Stafford Loans:** \$2,625 the first year, \$3,500 the second, and up to \$5,500 in subsequent years, to an undergraduate maximum of \$23,000. Graduate students may borrow further, up to a cumulative total of \$65,500.

## Financial Aid, NOT Need-Based

You may be eligible for the following types of aid whether or not you can demonstrate need. However, since earnings from "regular" jobs may affect future aid eligibility, financial aid recipients should consult the Financial Aid Office BEFORE seeking other work.

### Jobs—NOT Based on Need

- **Off-Campus Employment:** The Student Involvement and Employment Office (SIEO) works with the Portage County community to list local businesses' part-time employment needs and area residents' odd jobs to UWSP students. All students, regardless of need, are eligible to apply for these jobs. Many positions are within walking distance.
- **On-Campus Employment:** Approximately half of campus jobs do not require work study eligibility. Stop by the SIEO and check out the job openings for various campus employers.
- **One-Time Job Lists:** Not interested in a permanent part-time position? Put your name on the "one-time" list and you may be called to help area residents with odd jobs around the house, unload a semi-truck, provide child care, or help with miscellaneous computer work. Sign up at [www.uwsp.edu/stuemploy](http://www.uwsp.edu/stuemploy).

# 12 Finances

- **Cooperative Education Program:** In this program you are involved in part-time or full-time work which complements an academic major or career goals. Contact the Career Services Office, Room 134, Main Building, (715) 346-3226 for more information.

## Loans

- **Unsubsidized Stafford Loan:** Loans up to full educational cost less all other financial aid (including need-based Stafford Loans). The maximum amount that you may borrow is governed by the same limits as the regular need-based Stafford loan (except that the limits are higher for independent students: + \$4,000 for freshmen and sophomores; + \$5,000 for juniors and seniors; + \$10,000 for graduates) less any need-based Stafford loan already approved.
- **PLUS Loan:** Loans of up to the cost of education less all other aid. These loans will be provided only by special request.

## Scholarships

- **Army ROTC Scholarship:** Army ROTC offers you several opportunities for scholarships worth up to \$20,000 at UW-Stevens Point (in-state). The scholarships pay full tuition and major fees, \$510.00 per year book allowance (tax free), and \$250-400 (tax free, amount increases yearly) per school month for living expenses. High school students may compete for a four-year scholarship. On-campus students may apply for Campus Based two- and three-year scholarships. All ROTC cadets receive the \$350-400 monthly allowance during their two years in the advanced courses, plus pay for all summer training. For more information contact the Military Science Department, Room 204 Student Services Center, phone 715-346-3821, e-mail [rotc@uwsp.edu](mailto:rotc@uwsp.edu), or visit our Web site at [www.uwsp.edu/rotc](http://www.uwsp.edu/rotc).
- **Simultaneous Member Program:** Many choose to serve as "officer trainees" under the Simultaneous Membership Program which allows you to participate in ROTC and the Army Reserve or National Guard to gain even more experience and financial support. Currently, nonscholarship cadets belonging to the Wisconsin Army National Guard or the Army Reserve receive up to 100 percent of their college tuition for eight semesters. For more information contact the Military Science Department, Room 204 Student Services Center, phone 715-346-3821, e-mail [rotc@uwsp.edu](mailto:rotc@uwsp.edu), or visit our Web site at [www.uwsp.edu/rotc](http://www.uwsp.edu/rotc).
- **Camp Challenge:** This five-week leadership training summer camp is held in Fort Knox, Kentucky. It is a "catch-up" program for those students who may not have taken advantage of the first two years of ROTC classes. If you complete the camp, you will be \$750 and six tuition-free GDR credits richer, as well as have the opportunity for a two-year, full-tuition scholarship for your remaining time at UW-Stevens Point. The best part is that Camp Challenge is **obligation free**. For more information contact the Military Science Department, Room 204 Student Services Center, phone 715-346-3821, e-mail [rotc@uwsp.edu](mailto:rotc@uwsp.edu), or visit our Web site at [www.uwsp.edu/rotc](http://www.uwsp.edu/rotc).

- **Other Scholarships or Awards:** There are several places you can go to get information about scholarships not listed above:
  - \* The Admissions Office has information about scholarships for incoming freshmen.
  - \* Check with curricular department offices for awards available for majors in specific courses of study.
  - \* The Alumni Relations Office, Room 208, Main Building, has information about general scholarships for sophomore, junior, senior, and nontraditional students.

## Special Fee Remission Consideration

There are a limited number of partial and full tuition fee remissions available for outstanding new nonresident students annually. To qualify, applicants must (1) be nominated by a university faculty or staff member and show evidence of academic excellence as reflected in a high school class rank in the top 20 percent or better; OR (2) present at least a 3.50 high school grade point average, or an ACT score of 25 or better and demonstrate evidence of outstanding co-curricular and extracurricular leadership, or artistic, dramatic, or musical special talent. This type of fee remission is awarded on a non-need basis and may be renewed. Special consideration will be given to students reflecting potential contributions to university cultural diversity leadership. Send nominations and applications each year after March 1 to the University Special Fee Remission Committee, Room 134, Old Main Building.

## Military Service Benefits

A variety of financial aid programs helps veterans and students in active reserve or in the National Guard. Full information on these programs is available at County Veterans Services Offices. In Stevens Point, the phone number is 715-346-1310. Assistance is also available in the Registration and Records Office, Room 101, Student Services Center, 715-346-4301.

**Tuition and Fees**

This is what students paid per semester when they enrolled for the 2001-02 school year. The costs will change during the life of this catalog. To find out the most current costs, visit the Accounts Receivable Office, Room 003, Student Services Center, or call 715-346-4796.

NOTE: To receive the Minnesota rate, apply for reciprocity at the appropriate Minnesota agency. Your high school counselor can give you information.

\*The total cost includes tuition (also called the incidental fee) and eight segregated fees: University Center fee for the three UW-Stevens Point campus centers, student activity fee for recreational activities and services, text rental fee (for undergraduates only), comprehensive software environment, student health fee for medical care, municipal service fee for various utility services, health enhancement fee for the construction and use of the Health Enhancement Center, and United Council fee. For a more complete breakdown, call the Accounts Receivable Office, Room 003, Student Services Center, 715-346-4796.

The \$1.35 cents United Council fee funds the United Council of UW Student Governments. The Council consists of representatives from all UW campuses, lobbies on behalf of students, and works to improve student life and services throughout the UW System. If you want a refund of your \$1.35 cents United Council fee, write to the

United Council of UW Student Governments, Room 305, 1930 Monroe Street, Madison, WI 53711. If you are 62 years of age or older, are auditing courses, or are taking off-campus courses, you are exempt from the United Council fee.

\*\*The cost of courses offered by UWSP Extension varies by location. Please check the current UWSP Extension course schedule for the correct amount.

**Wisconsin Residency Requirements**

Section 36.27(2) of the Wisconsin State Statutes (below) lists all the requirements for Wisconsin residency. It is your responsibility to register correctly as a resident or nonresident. Contact the Admissions Office, Room 102, Student Services Center, 715-346-2441, for interpretation and further information about your proper residency classification. If you wish to request a change in your residency classification, contact the Admissions Office for the proper forms.

**Minnesota Residents:** If you meet Minnesota residency requirements at a public institution in Minnesota, you may be eligible to pay the established reciprocity fee for coursework taken at UWSP. Contact the UWSP Admissions Office, Room 102, Student Services Center, for more information.

**Wisconsin Statutes Section 36.27(2):**

(a) Students qualifying under any of the following categories, while they continue to be residents of this state, are entitled to exemption from nonresident tuition but not from incidental or other fees:

**Adult students:** Any adult student who has been a bona fide resident of the state for 12 months next preceding the beginning of any semester or session for which such student registers at a university or center, OR any adult student who is a dependent of his or her parents under 26 USC 152(a) if one or both of the student's parents have been bona fide residents of this state for at least 12 months next preceding the beginning of any semester or session for which the student registers at a university or center.

**Minors:** Any minor student, if one or both of the student's parents have been bona fide residents of this state for at least 12 months next preceding the beginning of any semester or session for which the student registers at a university or center; OR any minor student who has resided substantially in this state during the years of minority and at least 12 months next preceding the beginning of any semester or session for which such student registers at a university or center.

**Minors under guardianship:** Any minor student under guardianship in this state pursuant to ch. 48 or 880 whose legal guardian has been a bona fide resident of this state for at least 12 months next preceding the beginning of any semester or session for which such student registers at a university or center.

**Migrant workers:** Any adult student who has been employed as a migrant worker for at least two months each year for three of the five years next preceding the beginning of any semester or session for which the student registers at a university or center, or for at least three months each year for two of the five years next preceding the beginning of any semester or session for which the student registers at a university or center; any adult student whose parent or legal guardian has been so employed while the student was a minor; and any minor student whose parent or legal guardian has been so employed. In this subdivision, "migrant worker" has the meaning specified in 103.90(5).

**Refugees:** (am) Any person who is a refugee, as defined under 8 USC 1101(a)(42), who moved to this state immediately upon arrival in the

# 14 Finances

United States and who has resided in this state continuously since then is entitled to the exemption under par. (a) if he or she demonstrates an intent to establish and maintain a permanent home in Wisconsin according to the criteria under par. (e).

**Armed forces, nonresident:** (b) Nonresident members of the armed forces and persons engaged in alternative service who are stationed in this state on active duty and their spouses and children are entitled to the exemption under par. (a) during the period that such persons are stationed in this state.

**Armed forces, resident:** (b) Members of the armed forces who reside in this state and are stationed at a federal military installation located within 90 miles of the borders of this state, and their spouses and children, are entitled to the exemption under par. (a).

**Graduates of Wisconsin high schools:** (c) Any student who is a graduate of a Wisconsin high school and whose parents are bona fide residents of this state for 12 months next preceding the beginning of any semester or session for which the student registers at a university or center or whose last surviving parent was a bona fide resident of this state for the 12 months preceding death is entitled to the exemption under par. (a).

**Relocate for employment purposes:** (cm) Any person continuously employed full time in this state, who was relocated to this state by his or her current employer or who moved to this state for employment purposes and accepted his or her current employment before applying for admission to an institution or center and before moving, and the spouse and dependents of any such person, are entitled to the exemption under par. (a) if the student demonstrates an intent to establish and maintain a permanent home in Wisconsin according to the criteria under par. (e). In this paragraph, "dependents" has the meaning given in 26 USC 152(a).

**General residency information:** (d) Any person who has not been a bona fide resident of the state for 12 months next preceding the beginning of any semester or session for which such person registers at a university or center, except as provided in this subsection, is not exempt from the payment of the nonresident tuition.

**Determining eligibility to pay resident fees:** (e) In determining bona fide residence at the time of the beginning of any semester or session and for the preceding 12 months, the intent of the person to establish and maintain a permanent home in Wisconsin is determinative. In addition to representations by the student, intent may be demonstrated or disproved by factors including, but not limited to, timely filing of a Wisconsin income tax return of a type that only full-year Wisconsin residents may file, voter registration in Wisconsin, motor vehicle registration in Wisconsin, possession of a Wisconsin driver's license, place of employment, self-support, involvement in community activities in Wisconsin, physical presence in Wisconsin for at least 12 months preceding the beginning of the semester or session for which the student registers, and, if the student is not a U.S. citizen, possession of a visa that permits indefinite residence in the United States. Notwithstanding par. (a), a student who enters and remains in this state principally to obtain an education is presumed to continue to reside outside this state and such presumption continues in effect until rebutted by clear and convincing evidence of bona fide residence.

**Appeals:** (2m) APPEALS. Any body designated by the board to hear appeals regarding nonresident tuition exemptions under sub. (2) may require a student who has been granted such an exemption to submit information from which the body may determine the student's continuing eligibility for the exemption, the student's eligibility for a different exemption, or the student's residency status.

## Billing and Payment of Tuition/Fees

You may pay for your tuition and fees in either of two ways:

1. **Full Payment Plan:** If you elect this plan, pay your tuition and fees before the first day of classes. If you delay payment until after the first week, you will have to pay a \$75 penalty. If you don't pay by the third week, your registration at UW-Stevens Point will be cancelled.
2. **Partial Payment Plan:** If you choose this plan, you pay your fees, tuition, and miscellaneous charges in three installments: on the first day of classes, about the seventh week of classes, and about the eleventh week of classes. However, you pay a finance charge for each billing period in which you have not paid the balance in full by the billing due date. You also pay the same late payment penalties that you would under the full payment plan.

Please note that if you withdraw from school before paying in full, you must still pay whatever amount is due for the semester. See the **Refund Schedule** below for information on how much you pay, depending on the point in the semester when you withdraw from UW-Stevens Point.

### Finance Charges

These begin on the first day of classes. We calculate them on your previous balance (exclusive of previous finance charges) reduced by the payments you have made and credits we have applied during the billing period. We calculate the finance charge at the rate of .041095 percent per day (1.25 percent per month or 15 percent per year) on the portion of your balance which is \$500 or less. We calculate it at the rate of .032877 percent per day, (1 percent per month or 12 percent per year) on the portion of your balance which is over \$500.

If you are an undergraduate special student, graduate special student or graduate student, you will be billed according to the course level credits for which you enroll. Courses numbered 100 to 499 are undergraduate courses; courses numbered 500 to 799 are graduate courses.

To avoid or reduce your finance charges, you may pay more than your required minimum payment at any time. You may also pay your remaining balance completely at any time.

### Billing Under the Partial Payment Plan

1. First payment—On or before the first day of class, pay 100 percent of any previous balance plus finance charges and 40 percent of the current semester's charges.
2. Second payment—At about the seventh week of class, pay 50 percent of your new balance plus the finance charges.
3. Third payment—At about the 11th week of classes, pay 100 percent of the remaining balance plus all remaining finance charges.
4. Fourth payment—Pay any further charges plus all finance charges at about the 15th week of classes.

We continue to add finance charges until you pay your balance in full. Until you pay, you receive no transcripts, or diplomas; you are also unable to enroll for future courses under the partial payment plan until you have paid in full.

Note that if you are more than 30 days late in paying on your account, we may withdraw you from UW-Stevens

Point. We also reserve the right to change the due dates and amounts without giving previous notice.

**Credit Agreement**

If you choose the partial payment plan, sign a credit agreement application card when you register or when you go through Checkpoint. Along with your registration materials, you receive full instructions on how to pay your fees.

If you make delayed payments from financial aid, <sup>(153)</sup>loans, grants, scholarships or vocational rehabilitation awards, also sign the credit agreement application card. You are responsible for the finance charges on your unpaid balance.

**Billing Errors**

If you think your bill is wrong, write us a note about the error within 60 days of receiving your billing statement. Be sure to include your name, your student ID number, the amount of the error, and a brief explanation of why your bill is wrong. Mail the note to: Accounts Receivable Office, Room 105, Student Services Center, UW-Stevens Point, Stevens Point, WI 54481-3897.

If only part of your bill is wrong, then pay the correct portion of the bill by the due date.

**Refund Schedule for Tuition and Fees**

You must send **written** notification to the Registrar's Office as soon as you decide to cancel your enrollment at UW-Stevens Point. There is no fee assessed if you cancel your registration prior to the first day of the semester.

See the section of this catalog entitled **Withdrawing from UW-Stevens Point** for further information on this subject. The table below tells what percentage of your tuition and fees we reduce when you completely withdraw from UW-Stevens Point after the first day of classes.

Session Length (wk)	Withdrawal during Week -				
	1	2	3	4	5+
12 or more	100%	100%	50%	50%	0
8 thru 11	100%	50%	25%	0	0
5 thru 7	100%	50%	0	0	0
3 and 4	100%	25%	0	0	0
2	100%	0	0	0	0

Fees for withdrawing are:

- \$50 for withdrawals effective the first week of classes.
- \$100 for withdrawals effective the second week of classes.

We use this same reduction schedule to determine how much money to refund if, when you drop one or more courses, you are less than a full-time student. If you both add and drop courses, we determine your reduced or additional tuition and fees on the basis of the total of your adds and drops. We never charge more than full-time tuition and fees.

**On-Campus Living**

At UW-Stevens Point, most students are required to live in residence halls until they have completed four semesters of college work. This is a UW System Board of Regents policy. If you are married, a veteran, living with your parents, or receive a special exemption because you have been out of high school two years or more, you need not comply with this requirement.

You'll find living in a residence hall an integral and dynamic part of your education at UW-Stevens Point. Through your hall you may partake in educational, social, and athletic programs, as well as other activities. You may vote to elect the student governing and programming

bodies which direct your hall's activities. Professionally trained residence hall staff members are also on hand to counsel you on how to establish your university career on a firm foundation.

We estimate that for fall 2001, students will pay \$1100 each semester for a double room and \$1512 each semester for a single room in a residence hall. In the summer of 2001, students paid \$534 for a double room and \$734 for a single room.

As a hall resident, for a proposed cost of \$770 per semester in 2001-2002, you may select a meal plan which provides 20 meals per week plus 10 points; 14 meals per week plus 50 points; 10 meals plus 100 points; seven meals plus 165 points; the Block Plan which offers up to 100 meals per semester and 100 points; or the All Points Plan. ("Points" are credits which allow you to eat anywhere on campus.) In summer 2001, the 14 meal plan cost \$443 and the five meal plan cost \$217.

Until your junior year, your residence hall contract covers your room and board for the entire academic year. As a junior, you may opt out of your contract at the end of first semester.

**Refunds for Room and Board**

If you want to receive a refund of \$100 of your room reservation deposit on an academic year contract, request it before July 1. If you want to receive a refund of your room reservation deposit on a second semester contract, request it before December 15. If you are a junior or senior using the one semester option, you must request a refund of your deposit by December 15; it will be refunded in January.

If you get married, student teach, or participate in curricular programs which require off-campus living, you may request to be released from a residence hall agreement which you have made. To do this, go to Residential Living Office in the 601 Division Street Building.

If you withdraw from UW-Stevens Point, you must also terminate your residence hall agreement. We prorate all refunds for room and board from the Sunday after you terminate your contract.

# 18 General Degree Requirements

## General Degree Requirements (GDR)

In addition to being academically prepared to pursue a specific career, UWSP graduates acquire a foundation of knowledge from the following areas.

### Verbal and Quantitative Skills

**Freshman English** fosters the complementary skills of critical reading, logical thinking, effective research, and coherent writing. It develops facility at all stages of the composing process and improves ability to write effectively in a variety of writing situations.

**Writing Emphasis (WE)** provides instruction necessary to develop skills for appropriate and successful writing within a discipline or profession.

**Communication (COMM)** provides enhanced understanding of human communication and the ability to deliver effective presentations.

**Mathematics (MATH)** provides the knowledge to quantify and understand the real world using fundamental mathematics to analyze phenomena, construct models, solve problems, state conclusions, interpret statistics, and understand scientific topics.

### Critical Thinking/Natural Science

**Natural Science (NS)** provides a broad understanding of the pure sciences and exposure to scientific methods for evaluating evidence from the natural world and shows how science relates to individuals and/or society at large. Courses develop skills to classify information, draw conclusions, infer relationships, solve problems, make predictions.

### Critical Thinking/Cultural Awareness

**Non-Western (NW)** courses study peoples, countries, or regions that differ in fundamental ways from Western tradition and examine political, economic, intellectual, ethical and cultural values and structures that offer alternative approaches to these areas of human organization.

**Minority Studies (MNS)** courses consider the culture and history of various racial and ethnic groups such as African-American, Hispanic-American, Asian-American, and Native American and the historical or cultural relationships between them and the white majority culture in the United States.

**History (HI)** provides an appreciation of human behavior and heritage over time and an understanding of the nature, development and interaction of cultures, societies, and civilizations.

**Humanities (HU1, HU2, HU3, HU4)** courses introduce enduring expressions of the human mind and culture and teach critical thinking, interpretive skills and historical perspectives for understanding and evaluating these expressions.

**Social Science (SS1, SS2)** develops understanding of human behavior, the structures of society and the interrelationships among social institutions and provides a framework for thoughtful and informed participation in society.

**Foreign Language (FL)** introduces second languages and increases knowledge of how language functions and cultures differ, leading toward greater understanding of peoples across national borders.

**Environmental Literacy (EL)** investigates the ways human societies interact with and affect the natural and biophysical environment.

**Wellness (WL)** introduces concepts of wellness, health issues, experiences and life skills to apply to personal lifestyles that promote health.

### Assessment

As part of our continuing effort to improve curriculum and the delivery of instruction, we assess students both within their majors and in their general education. You are expected to participate in this assessment process.

## General Degree Requirements

In this section you will find the general requirements (GDRs) you must meet in order to receive a baccalaureate degree from UW-Stevens Point. Check under the appropriate heading for information on the bachelor of arts (BA), bachelor of science (BS), or bachelor of music (BM) and bachelor of fine arts (BFA) degree.

Note that you meet different requirements for different degrees. In working toward a B.A. you emphasize foreign languages, the humanities, and history. In working toward a BS you concentrate more on mathematics and the natural sciences. And in working toward a BM or BFA you study a range of subjects that complement the curriculum in your major field.

Meet with your academic adviser for help in choosing your major. After choosing one, check with your adviser or your department chair for specific requirements of the department and college in which you major.

Note that we do not offer some of the GDR courses each semester or even each year. Check the current timetable. General degree requirements are satisfied only by completing the courses listed.

In some cases, your college may allow you to apply courses which you take as part of your general degree requirements toward your major or minor. Your adviser will describe your college's policy on this. Your college may impose additional requirements.

### Test-Out & Credit-by-Exam Policy

Each department that offers courses for general degree requirement credit has its own policy for test-out and/or credit-by-exam. Each policy states:

1. Whether you will be testing out of the requirement or also receiving credit.
2. The process for making exam arrangements.
3. The type of exam, passing grade, any additional requirements, and whether you can take the exam more than once.
4. Fees, if any. UWSP will charge a flat fee of \$20 per application to test-out or receive credit-by-exam for GDR courses for which departments devise their own exams. This should be paid to the department administering the test upon application for the exam.

Note that when you pass the approved **test-out** exam for a course, you don't earn credit, but the course applies toward fulfillment of that GDR. For example, if you test-out of Communication 101, you satisfy the Communication 101 GDR without enrolling in the course. There is no test-out for writing emphasis.

You must check with each department and follow their specific requirements for testing out and/or receiving credit-by-exam for general degree requirement courses. If you receive test-out or credit-by-exam approval for a course that meets multiple general degree requirements, passing the test will satisfy all GDR requirements that are designated for that course, excluding writing emphasis.

**• English:**

All entering freshmen take the freshman English entrance assessment which measures writing competence based on an essay composed at the university during orientation. If your performance on the writing assessment indicates superior writing ability, you may be exempt from English 101 and placed in English 150. Successful completion of English 150 then satisfies your freshman English requirement.

**• Communication:**

If you want to test out of Communication 101, make an appointment with the head of the Division of Communication. You must then schedule and take a written examination on the basic concepts in public speaking. If you receive a passing grade on this exam, you must deliver an eight minute original persuasive speech extemporaneously to a three-judge panel. If you receive an average grade of B or better on your oral presentation, you may either be exempt from Communication 101 or be placed in an advanced public speaking course. If you choose the second option and complete the course with a grade of B or better, you will receive 2 credits for Communication 101 as well as the credits for the course you complete.

**• Foreign Language:**

You may test out of part or all of the foreign language requirement by taking the UW System foreign language placement exam either at one of the regional testing centers or from the Foreign Language Department. You may also receive up to 16 credits for prerequisite courses by passing foreign language courses 102-313 with a grade of B- or better. For further information, contact the Foreign Language Department, Room 490, Collins Classroom Center, (715) 346-3036.

**• Mathematics:**

You take this exam during regional testing. The code number you receive from the exam is listed in the table below. This tells you which courses you still need to take to satisfy the general degree requirements in mathematics.

- ◆ If you are a new freshman, look up your code number on the chart below to determine which course you should register for. If you need help, check with the Student Academic Advising Center, Room 103, Student Services Center or talk to your adviser.
- ◆ If you are a transfer student, go to the Admissions Office to determine which course or the Admission number you place into; then look up that course on this table.
- ◆ If you are placed into Math 90, begin the course the semester when you first enroll and remain continuously enrolled in the remedial courses until the requirement is complete.
- ◆ If you do not believe that your placement is accurate, you may petition once to participate in an alternate placement process.

**You may take any of the following courses if your math placement is:**

	Take for B.A.	Take for B.S. and B.M/B.F.A
1. 90	90, 100 or 105 <sup>1</sup>	90, 100, 4 cr beyond 100 <sup>2</sup>
2. 90	90, 100 or 105 <sup>1</sup>	90, 100, 4 cr beyond 100 <sup>2</sup>
3. 100 <sup>3</sup>	100 or 105 <sup>1</sup>	100, 4 cr beyond 100 <sup>2</sup>
4. Any of 109, 111, 118 <sup>4</sup> , 228, 355	Complete	4 cr beyond 100 <sup>2</sup>
6. Any of 109, 111, 118 <sup>4</sup> , 119 <sup>5</sup> , 228, 355	Complete	2 cr beyond 100 <sup>2</sup>
7. Any of 109, 111, 118 <sup>4</sup> , 228, 355	Complete	Complete
8. Any of 109, 111, 119 <sup>5</sup> , 228, 355	Complete	Complete
9. Any of 109, 111, 120, 228, 355	Complete	Complete
98. Your placement code is tentatively 4, but you could possibly obtain a code of 6, 7, 8, or 9 by taking an additional placement exam. Get details from the Mathematics and Computing office.		
99. Your mathematics placement has not been determined. Do NOT register for any mathematics course before taking an additional placement exam. Get details from the Mathematics and Computing office.		

**NOTES:**

1. You may not earn credit in both 100 and 105.
2. Courses which will satisfy the "4 credits beyond 100" are Math 109, 111, 118, 355, and Math/Math Ed 338. Courses that satisfy the "2 credits beyond 100" include any of these 4-credit courses or the 2-credit course Math 119.
3. Math 100 is a prerequisite for Math 109, 111, 112, 118, 119, 228, and 355. Other courses in math have prerequisites at least 4 credits beyond 100 and students taking them will have already satisfied the GDR in math.
4. Math 118 (Precalculus Algebra) and Math 119 (Precalculus Trigonometry) are prerequisites for Math 120 (Analytic Geometry and Calculus I). If you receive placement code 8, you only need to complete Math 119 before taking Math 120. If you receive placement code 7, you only need to complete Math 118 before taking Math 120. If you receive placement code 6 or lower, you must complete both Math 118 and 119 before taking Math 120. In some cases, advisers may allow you to take 119 and 120 concurrently.
5. You may not earn credit in both Math 112 and 119.

## 20 General Degree Requirements, BA

# Bachelor of Arts General Degree Requirements

1. **Verbal and Quantitative Skills.** 7-11 credits + Writing Emphasis (WE) required.

- A. **Freshman English.** 3-6 credits required: English 101 and 102, or 150 through placement. Also see note below.

**Writing Emphasis (WE).** 6 credits required. English 101 and 102 or 150 are prerequisites to WE courses. Individual departments may designate WE courses as part of the major. You may use WE courses simultaneously to fulfill electives, major requirements, or general degree requirements. See the timetable to find out which courses are offered for WE each semester.

If you are a transfer student with fewer than 60 semester credits, you must take 6 credits of writing emphasis courses. If you transfer with 60 or more credits, you need to take only 3 credits of writing emphasis courses. A course completed at another institution that is OFFICIALLY designated as a WE course will count toward the WE requirement at UWSP.

**Six WE credits are required, but they are NOT part of the GDR total. There is no test-out or credit-by-exam for WE.**

- B. **Communication.** 2 credits required; Communication 101.  
C. **Mathematics.** 3 credits required; Mathematics 100. See note below.

**NOTE:** You must complete the general degree requirements you need (according to your placement scores) from Mathematics 100, 105 and English 101, 102, 150 before you complete 60 credits toward graduation. If by the 60 credit limit, you have not complied with this policy, you will be allowed to register for a maximum of 12 credits. Those 12 credits must include the mathematics and English general degree requirement courses you lack.

**If you are placed into REMEDIAL mathematics and/or English courses, you must complete those remedial courses before you earn 30 credits toward graduation. If you do not, you will be restricted to a maximum of 12 credits a semester, including the remedial courses, until the requirement is met.**

2. **Critical Thinking/Natural Science.** 6-10 credits required. You must take at least one laboratory course in each of two disciplines. See the catalog under the specific natural science department or under your major to determine what sequence of courses to take and what restrictions apply for taking more than one course in a discipline.

- Astronomy 100, 205, 206.  
Biology 100 or 101, 130, 160, 285.

6. **Minimum Credits for Graduation.** To graduate, you must earn at least 120 credits in your major and approved electives. In certain majors, you'll need more than 120 credits. Read the section in this catalog entitled **Courses of Instruction** to find out how many credits your major requires.
7. **Forty Credit Rule.** To graduate, you must earn at least 40 credits in courses numbered 300 or above.
8. **Graduation Form and Approval.** Fill out an "Application for Graduation" form ONE YEAR before your planned graduation date. We will grant you a bachelor's degree only if you complete the general degree requirements and at least one major (and one minor if applicable) that is approved for your degree area.

Be sure to check the current timetable for the most up-to-date list of general degree requirement offerings.

# Bachelor of Science General Degree Requirements

1. **Verbal and Quantitative Skills.** 11-14 credits + Writing Emphasis (WE) required.
  - A. **Freshman English.** 3-6 credits required: English 101 and 102, or 150 through placement. Also see note below.

**Writing Emphasis (WE).** 6 credits required. English 101 and 102 or 150 are prerequisites to WE courses. Individual departments may designate WE courses as part of the major. You may use WE courses simultaneously to fulfill electives, major requirements, or general degree requirements. See the timetable to find out which courses are offered for WE each semester.

If you are a transfer student with fewer than 60 semester credits, you must take 6 credits of writing emphasis courses. If you transfer with 60 or more credits, you need to take only 3 credits of writing emphasis courses. A course completed at another institution that is OFFICIALLY designated as a WE course will count toward the WE requirement at UWSP.

**Six WE credits are required, but they are NOT part of the GDR total. There is no test-out or credit-by-exam for WE.**

- B. **Communication.** 2 credits required: Communication 101.
- C. **Mathematics.** 7 credits required: Mathematics 100 plus 4 credits from Mathematics 109, 111, 118, 338, 355, Math Ed 338.

**NOTE:** You must complete the general degree requirements you need (according to your placement scores) from Mathematics 100, 105 and English 101, 102, 150 before you complete 60 credits toward graduation. If, by the 60 credit limit, you have not complied with this policy, you will be allowed to register for a maximum of 12 credits. Those 12 credits must include the mathematics and English general degree requirement courses you lack.

**If you are placed into REMEDIAL mathematics and/or English courses, you must complete those remedial courses before you earn 30 credits toward graduation. If you do not, you will be restricted to a maximum of 12 credits a semester, including the remedial courses, until the requirement is met.**

2. **Critical Thinking/Natural Science.** 12-15 credits required. You may receive GDR credit for no more than one course numbered 100, and you must take at least one laboratory course in each of two disciplines. See the catalog under the specific natural science department or under your major to determine what sequence of courses to take and what restrictions apply for taking more than one course in a discipline.
  - Astronomy 100 or 311 (no lab), 205, 206.
  - Biology 100 or 101, 130, 160, 202, 285.

## 24 General Degree Requirements, BM/BFA

# Bachelor of Music/ Bachelor of Fine Arts General Degree Requirements

### 1. Verbal and Quantitative Skills. 11-16 credits + Writing Emphasis (WE) required.

#### A. Freshman English. 3-6 credits required: English 101 and 102, or 150 through placement. Also see note below.

##### Writing Emphasis (WE). 6 credits required.

English 101 and 102 or 150 are prerequisites to WE courses. Individual departments may designate the remaining 3 credits of writing emphasis. You may use WE courses simultaneously to fulfill electives, major requirements, or general degree requirements. See the timetable to find out which courses we offer as WE each semester.

If you are a transfer student with fewer than 60 semester credits, you must take 6 credits of writing emphasis courses. If you transfer with 60 or more credits, you need to take only 3 credits of writing emphasis courses. A course completed at another institution that is OFFICIALLY designated as a WE course will count toward the WE requirement at UWSP.

**Six WE credits are required but they are NOT part of the GDR total. There is no test-out or credit-by-exam for WE.**

#### B. Communication. 2 credits required: Communication 101.

#### C. Mathematics/Foreign Language. Choose one of these two options:

- **Mathematics:** 0-7 credits required: Mathematics 100 plus 4 credits from Mathematics 109, 111, 118, 338, 355, Math Ed 338. See note below.
- **Foreign Language:** 0-8 credits required: (in addition to placement into Math 100) one year of college work in one of the following sequences:
  - Chinese 101-102NW.
  - French 101-102.
  - German 101-102.
  - Japanese 101-102NW.
  - Polish 101-102.
  - Russian 101-102NW.
  - Spanish 101-102.

**NOTE:** You must complete the general degree requirements you need (according to your placement scores) from Mathematics 100, 105 and English 101, 102, 150 before you complete 60 credits toward graduation. If, by the 60 credit limit, you have not complied with this policy, you will be allowed to register for a maximum of 12 credits. Those 12 credits must include the mathematics and English general degree requirement courses you lack.

**If you are placed into REMEDIAL mathematics and/or English courses, you must complete those remedial courses before you earn 30 credits toward graduation. If you do not, you will be restricted to a maximum of 12 credits a semester, including the remedial courses, until the requirement is met.**

### 2. Critical Thinking/Natural Science. 6 credits required. Emphasis is on the exploration/ appreciation content of the 100 level sciences. You must take at least one laboratory course in each of two disciplines. See the catalog under the specific natural science department or under your major to determine what sequence of courses to take and what restrictions apply for taking more than one course in a discipline. If you are a BFA major in theatre/dance, take a physical lab course.

Astronomy 100, 205, 206.

Biology 100 or 101, 130, 160, 285.

Chemistry 100 or 101, 105, 106, 114/115, 116.

 Wellness 100-299 (labeled HE in timetable).

6. **Minimum Credits for Graduation.** To graduate, you must earn at least 120 credits in your major and approved electives. In certain majors, you'll need more than 120 credits. Read the section of this catalog entitled **Courses of Instruction** to find out how many credits your major requires.

7. **Forty Credit Rule.** To graduate, you must earn at least 40 credits in courses numbered 300 or above.

8. **Graduation Form and Approval.** Fill out an "Application for Graduation" form ONE YEAR before your planned graduation date. We will grant you a bachelor's degree only if you complete the general degree requirements and at least one major (and one minor if applicable) that is approved for your degree area.

Be sure to check the current timetable for the most up-to-date list of general degree requirement offerings.

## Associate Degree

Student Academic Advising Center  
Room 103, Student Services Center  
Phone: 715-346-3361

E-mail: Student.Academic.Advising.Center@uwsp.edu

Here are the general requirements for the associate degree. Be sure to tell your adviser while you are working toward your associate degree if you may eventually wish to go on for your bachelor's degree after completing your AD. Your adviser can help you select elective credits which are among the general degree requirements for the bachelor's degree. The following 60 credits are required:

1. **English**, 3-6 credits: English 101 and 102, or 150 through placement.
  2. **Communication**, 2 credits: Communication 101 or equivalent.
  3. **History, Humanities, Mathematics, Natural Science, and Social Science**: Earn a minimum of 40 credits from the following. Include at least one two-semester course sequence and one course taught from primary texts.
    - a. **Mathematics and Natural Science**: 12-16 credits.
      - 1) **Mathematics**: Minimum of 2 credits from the following courses: Mathematics 100, 109, 111, 118, 338, 355. (NOTE: Math 100 is a prerequisite to 109, 111, 118, 338 and 355 and will apply to all degrees.)
      - 2) **Natural Science**: Minimum of 8 credits, two disciplines and at least one laboratory course. Look in this catalog under the specific natural science department to determine what sequence of courses to take and what restrictions apply for taking more than one course in a discipline.  
Astronomy 100 or 311 (no lab), 205, 206.  
Biology 100 or 101, 130, 160, 202, 285.  
Chemistry 100 or 101, 105, 106, 114 and 115, 116.  
Geography 100EL, 101.  
Geology 100, 104.  
Physics 100 or 101, 115, 150, 203, 204, 250.
    - b. **History**, minimum of 3 credits from the following: History 101NW, 102NW, 105, 106, 107, 108, 211, 212, 215NW, 216NW, 219NW, 220NW, 253NW, 254NW, 335, 337NW, 338NW, 345NW, 346NW, 366EL.
    - c. **Humanities**, 9-15 credits. Select courses from at least two of the following areas, but no more than 6 credits in the fine arts (art, communication, dance, theatre, and music in Area 1) or more than 3 credits of history from Area 4.
      - 1) **Humanities Area 1: History and appreciation of art, communication, dance, theatre, music**: Art 181NW, 282, 283, 346NW, 397.

Wellness 100 to 299 (labeled HE in the timetable).

5. Additional approved courses to total 60 credits. Earn a minimum of 15 credits from UW-Stevens Point. Earn a 2.0 or better grade point average.
6. If, after you complete the associate degree, you wish to pursue a bachelor's degree here at UW-Stevens Point, you must choose among the bachelor's degrees offered here. Whichever you choose, you will need to complete additional university requirements in order to earn that degree.
  - a. **For the bachelor of arts (BA) degree, you need:**
    - 1) Foreign Language: 8 credits or test out.
    - 2) Natural Science: At least one lab course in each of two disciplines.
    - 3) History: 6 credits, from a two-semester sequence, as defined in the B.A. general degree requirements section of this catalog.
    - 4) Humanities: You need at least one course in each of humanities areas 1, 2, and 3, as defined in the BA general degree requirements section of this catalog.
    - 5) Minority Studies: One course.
    - 6) Environmental Literacy: 3 credits.
    - 7) Writing Emphasis: 6 credits.
    - 8) Non-Western Culture: One course.
    - 9) Earn at least 40 credits in courses numbered 300 and above.
    - 10) Wellness (physical education): Total of 3 credits (1 or 2 of aerobic activity and 1 or 2 of health enhancement).
    - 11) Earn a total of 120 credits. Some majors require more.
    - 12) An approved major.
  - b. **For the bachelor of science (BS) degree, you need:**
    - 1) Mathematics: 4 credits in addition to Mathematics 100. (NOTE: *Math 100 is a prerequisite to 109, 111, 118, 338, and 355 and will apply to all degrees.*) See course list in the BS general degree requirements section of this catalog.
    - 2) Natural Science: At least 12 credits with no more than one course numbered 100, and at least one laboratory course in each of two disciplines.
    - 3) Minority Studies: One course.
    - 4) Environmental Literacy: 3 credits.
    - 5) Writing Emphasis: 6 credits.
  - c. **For the bachelor of music/bachelor of fine arts (BM/BFA) degree, you need:**
    - 1) Mathematics OR Foreign Language: Choose one according to description in the BM/BFA general degree requirements section of this catalog. (NOTE: *Math 100 is a prerequisite to 109, 111, 118, 338, and 355 and will apply to all degrees.*)
    - 2) Natural Science: At least one lab course in each of two disciplines.
    - 3) History: 6 credits total.
    - 4) Humanities: You need at least one course in each of humanities areas 1, 2, and 3, as defined in the BM/BFA general degree requirements section of this catalog.
    - 5) Minority Studies: One course.
    - 6) Environmental Literacy: 3 credits.
    - 7) Writing Emphasis: 6 credits.
    - 8) Non-Western Culture: One course.
    - 9) Earn at least 40 credits in courses numbered 300 and above.
    - 10) Wellness (physical education): Total of 3 credits (1 or 2 of aerobic activity and 1 or 2 of health enhancement).
    - 11) Earn a total of 120 credits. Some majors require more.
    - 12) An approved major.
7. If you wish to pursue a bachelor's degree at another UW System institution, you must complete the requirements of that particular institution. Your associate degree meets one part of the general degree requirements of any UW campus, but only one part. Individual campuses establish what are called competency requirements, usually in English, mathematics, and a foreign language. Your associate degree does NOT meet those competency requirements.

## Academic Bankruptcy

If you have been suspended for academic reasons and have remained out of school for one or more semesters, you will have the option of electing academic bankruptcy upon readmission to the university. Academic bankruptcy is the opportunity to start over with a new cumulative grade point average.

If you apply for academic bankruptcy, we:

- Apply toward graduation those courses in which you earned a D or better.
- Apply toward your prerequisites and general degree requirements, but not necessarily toward your major or minor, those courses in which you earned a D or better.
- Determine your cumulative grade point average from the courses you take after being readmitted, except in determining graduation honors in which case you include all the grades you earned at UWSP and other institutions in calculating your cumulative grade point average.
- In order to graduate after electing academic bankruptcy, you must earn a minimum of 30 credits and an overall grade point average of 2.00 or better in such courses, OR earn an overall grade point average of 2.00 or better in all work completed at UWSP (including grades earned at UWSP before and after academic bankruptcy).

We do, however, keep on your official record all of the work you have done at UW-Stevens Point.

**You may exercise this option only once in your academic career.**

Also realize that if you select the academic bankruptcy option, but have not maintained satisfactory academic progress, you will not be eligible for financial aid.

Academic bankruptcy does not adjust your academic progress standing. See the paragraph **Satisfactory Academic Progress** later in this section.

UWSP academic departments may disregard a declaration of academic bankruptcy in calculating your grade point average to determine your eligibility for admission to and/or graduation from their programs. Graduate programs and other universities may also disregard a declaration of academic bankruptcy in determining your eligibility for admission purposes.

If you are receiving GI Bill benefits, consult the campus Veterans Administration representative in the Registration and Records Office before electing this option. If you take it, you may have to repay the VA for past benefits you have received.

## Academic Classification

See **Classification**.

## Academic Progress

See **Satisfactory Academic Progress**.

## Academic Standing

If your current cumulative and semester grade point average is 2.00 (a C average) or above, you are in good academic standing.

## Adding a Course

See **Drop/Add/Withdrawal Procedures**.

## Advisers

Each UWSP student has an academic adviser. Your adviser will inform you of academic requirements, policies, and procedures; assist you in identifying and pursuing your educational and career goals; review and monitor your progress toward those goals; and make appropriate referrals to campus programs and services.

Ultimately however, it is **your** responsibility to meet all university requirements, rules, and regulations.

You must meet with your adviser each semester to discuss your course of study. Your adviser must also approve and sign your "advising and registration form" each semester so that you can register for classes.

**Student Academic Advising Center:** If you have not yet declared a major, your adviser will be in the Student Academic Advising Center, Room 103, Student Services Center. Advisers will assist you in examining alternatives and establishing a plan so you can earn your degree:

1. If you are seeking admission to a major that has limits on the number of students enrolled;
2. If you do not meet the minimum standards for your chosen major;
3. If you elect to leave a major and need help in exploring your options,.

Once you declare a major, the chair of your major department assigns you to an adviser. If you have more than one major you should have an adviser for each program. If you are a freshman or sophomore in the College of Natural Resources majoring in a subject other than paper science, the assistant to the dean is your adviser.

## Assessment

As part of our continuing effort to improve curriculum and the delivery of instruction, UWSP assesses its graduating seniors both within their majors and in their general education. Students are expected to participate in this assessment process.

## Athletics

Team athletics at UWSP are affiliated with the National Collegiate Athletic Association (NCAA) Division III. Men's sports include football, cross country, wrestling, ice hockey, basketball, swimming and diving, track and field, and baseball. Women's sports include soccer, cross country, ice hockey, volleyball, basketball, swimming and diving, tennis, track and field, softball, and golf. Men's and women's sports participate in the Wisconsin Intercollegiate Athletic Conference (WIAC) with hockey also participating in the Northern Collegiate Hockey Association (NCHA). For more information call 715-346-3888 or visit the Athletics Department Web site at [www.uwsp.edu/athletics](http://www.uwsp.edu/athletics).

## Attendance

Attend all your classes regularly. We do not have a system of permitted "cuts."

If you enroll in a course and cannot begin attending until after classes have already started, you must first get permission from the department offering the course. Otherwise, you may be required to drop the course.

Your instructors will explain their specific attendance policies to you at the beginning of each course. Be sure to follow them. If you must be absent, tell your instructor why. If you can't reach your instructors in an emergency, visit the Student Academic Advising Center, Room 103, Student Services Center, or call them at 715-346-3361.

If you don't make satisfactory arrangements with your instructors regarding excessive absences, your dean may dismiss you. If you are dismissed from a course, you receive an F in that course. If you are dismissed from the university, you receive an F in all the courses you are taking.

If you take part in an off-campus trip by an authorized university group such as an athletic team, musical or dramatic organization, or a class, make appropriate arrangements in advance with the instructor of each class you will miss. The faculty or staff member in charge of your off-campus trip will leave with the Student Academic Advising Center a list of the names of all students taking the trip.

If you are absent from classes because of emergencies, off-campus trips, illness, or the like, your instructors will give you a reasonable amount of help in making up the work you have missed.

## Auditing

"Auditing" means you attend class regularly without having to take exams, do laboratory work, participate in class discussions, or do any other classwork except listen. You may audit as many courses as you wish, up to five credits beyond the normal maximum study load. (See Study Loads.) You receive no academic credit for auditing a course, but you may take the course again for credit.

To audit a course:

1. Receive the instructor's permission, and be sure that there is enough space in the class.
2. Register for the course as you would for any other course.
3. Between the first and eighth day of class, fill out an audit form at the Registration Office and have it signed by both the instructor and the department chair.
4. Attend classes regularly, just as you would a credit course. (See **Attendance**.)
5. Follow all university regulations, just as you would if you were attending a course for credit.
6. If you meet these conditions, your student record will show "audit" for the course.

Note that you may neither change a course from "audit" to "credit" nor change it from "credit" to "audit" after the eighth day of classes. After auditing a course, you may seek credit by examination for some courses if you are enrolled at UW-Stevens Point at the time of the examination and pay the examination fee.

Fees for audited courses are as follows:

- If you are a Wisconsin resident enrolled only for audit, you will be assessed 30 percent of the normal academic fees for a resident.

- If you are a nonresident enrolled only for audit, you will be assessed 50 percent of the normal academic fees for a nonresident.
- If you are enrolled for credit and audit, you will be assessed 100 percent of the normal academic fees for your residency.
- You will not be assessed segregated fees if you are only enrolled for audit, but you may only have access to those university facilities normally available to the general public such as the library and student union.
- You will be assessed any special fees for course instruction, if there are any.
- The general policy on the refund of academic fees will apply.
- Audited courses do NOT count toward credit load for financial aid purposes.
- Wisconsin residents at least 60 years of age may audit classes free of charge provided there is space available in the class and the instructor approves. Those who qualify may register on or after the first day of the term. Proof of age and residence will be requested. Stop in the Registration and Records Office, 101 Student Services Center or call 715-346-3909 for information and/or registration materials.
- Disabled Wisconsin residents who present evidence of receiving federal old age survivors and disability insurance benefits (OASDI) under 42 USC 401-403 and who are enrolled exclusively for audit throughout the term are not assessed fees.

## Career Services

See **Placement**.

## Classification/Year in School

You may determine your year in school by totaling the number of credits you have earned toward your degree. Include your credits-by-exam as well as any credits you transferred from other institutions. Do not count credit earned in courses numbered 001-099.

Credits	Year in School
0-14	First semester freshman
15-29	Second semester freshman
30-43	First semester sophomore
44-59	Second semester sophomore
60-73	First semester junior
74-89	Second semester junior
90-103	First semester senior
104 +	Second semester senior

In this catalog we use "upperclass students" to refer to those who have earned 60 credits or more (juniors and seniors).

## Collaborative Degree Program

University of Wisconsin Colleges in Wausau and Marshfield have joined with UW-Stevens Point to offer a bachelor's degree with majors in business administration or general studies. Students can attend evening classes on any of the three participating campuses. A combination of distance learning technologies and face-to-face instruction is used to offer upper level courses. Advisers are available on each campus. You must have accumulated 30 freshman and sophomore credits at an accredited college or university in order to enter the program. For information call 1-888-314-2327 or 715-346-3860.

## 30 More Academic Information

### Continuing Education

See *UWSP Extension* later in this section.

### Correspondence Courses

UW-Stevens Point does not offer correspondence courses. But you may earn correspondence credit from other accredited universities and transfer the credit to apply toward your degree at UWSP. Check with your department chair before enrolling in a correspondence course to be sure the course will apply toward your major, or in the case of general degree requirements, the Registration and Records Office. If you are taking correspondence courses and UWSP courses at the same time, you may not exceed 18 total credits in any one semester. Make arrangements with your adviser or the head of the department of your major to proctor your exams for the correspondence course(s). See also the other sections of this catalog that deal with transferring credit.

If you receive verification from the Registration Office by the end of the third week of classes that you are enrolled full time at UWSP with 18 or less total credits including the correspondence course(s) and that your fees are paid in full, you may receive a waiver of UW Extension correspondence course fees. Fee waivers are not available for summer session courses. The fee waiver does not apply to service charges, textbooks, or course materials.

The Registration Office has UW Extension Independent Study Catalogs available, or you may receive information about the correspondence program by writing to UW Extension, Independent Study, 209 Extension Building, 432 North Lake St., Madison, WI 53706-1498, calling 608-263-2055, or viewing their Web site: [www.uwex.edu/ilearn](http://www.uwex.edu/ilearn).

### Credits/Semester Hours

We use the semester hour/credit to compute your study load. Each semester hour represents 50 minutes of class work, or its equivalent in other forms of instruction, per week for one semester. We consider two, or sometimes three, hours of laboratory work the equivalent of one hour of class work. If you complete one semester hour's work with a grade of D or better, you earn one credit.

### Dean's List

See *Honors* later in this section.

### Drop/Add/Withdrawal Procedures Dropping and adding courses

You are expected to complete the courses for which you register. If you decide you do not want to take a course, you MUST follow the procedures established by the Registration Office to OFFICIALLY DROP the course. If you never attend or stop attending a course and fail to officially drop, you will receive an F in the course at the end of the semester.

Most departments do not want to hold seats for students who do not show up and may require that you officially drop a course if you do not attend the first one or two class meetings. If so, it will be YOUR responsibility to officially drop the course. See the current timetable for the policy of specific departments.

### Adds/Drops DURING the first eight days of the semester

You are permitted unlimited adds and drops during the first eight (8) days of the semester with the approval of the department chair and/or instructor of the course. You are

also encouraged to consult with your adviser. If you are on probation or have not met the standards of academic progress, you are REQUIRED to obtain the signature of your adviser. Courses dropped during the first eight days will not appear on your transcript.

### Adds/Drops AFTER the eighth day of the semester

You may not ADD a class after the eighth day except for extenuating circumstances and only when approved by the department chair, instructor, and your adviser. You may DROP a course after the eighth day and through the ninth week of the semester, but you are encouraged to consult with the instructor and your adviser. You may not drop a course after the ninth week except for extenuating circumstances such as serious illness, personal duress, or factors beyond your control as determined by the Student Academic Advising Center.

You will receive a W on your transcript for all courses OFFICIALLY dropped after the eighth day of the semester. However, *after your first two semesters of enrollment at UWSP, you will be allowed a total of only four (4) W drops during the balance of your undergraduate career, including summer sessions.* After reaching the four drop limit, you will be permitted to drop a course only for extenuating circumstances. If you stop attending a course you are not permitted to drop, you will receive an F in the course.

Forms and instructions for drops/adds are available on the first day of classes in the Registration Office. Follow the procedures established and retain a copy of all of your drop/add transactions. See the timetable for prorated drop/add dates for courses that meet less than the full term.

### Withdrawing from UW-Stevens Point

If you decide to leave the university, contact the Student Academic Advising Center, Room 103, Student Services Center to withdraw. You cannot officially withdraw from the university by simply leaving.

If you withdraw during the first eight days of the semester, only the date of withdrawal will appear on your transcript. After the eighth day and through the ninth week, you will receive a W for each course. After the ninth week you may not withdraw unless the reasons for withdrawal are serious illness, personal duress, or are clearly beyond your control. If you are permitted to withdraw after the ninth week, grades of W will be assigned to your courses. Courses that end prior to your withdrawal are an exception. You will receive grades for courses completed prior to your withdrawal.

Grades of W received due to withdrawal from school are NOT counted in the limit of four W drops addressed above under "Adds/Drops After the Eighth Day of the Semester." However, W grades from courses dropped PRIOR to your withdrawal from school ARE counted toward the four W drop limit.

Repeated occurrences of W may affect your ability to maintain standards of academic progress and may jeopardize your financial aid eligibility. See *Satisfactory Academic Progress* later in this section of the catalog to determine the effect of courses not successfully completed.

If you stop attending school and do not officially withdraw, you will receive an F for those courses in which you are still registered.

Withdrawal deadlines are prorated for courses that meet less than the full term.

## Employment Statistics

See *Placement*.

## Finals

All instructors meet with their classes during the final examination period at the time and place scheduled. No final or last exam will be given during the final week of classes. An instructor may change the time or place of a final exam only with the approval of the appropriate dean.

If, due to illness or an emergency, an instructor is unable to give a scheduled examination, the instructor notifies the department chair and the dean and provides a make-up examination.

If you have three or more examinations on the same day, or if you have other problems with the examination schedule, your instructors may, at their discretion, change the schedule for you.

## Grade Review

If an instructor does not give you, by the end of the second week of class, a written statement of how grades are determined, or if you feel that your instructor does not assign grades as described on that written statement, you may appeal the grade you receive in the course.

First talk with your instructor about your concerns. If, after doing so, you are not satisfied, write a statement of the problem and request that your grade be reviewed. Send this to the coordinator for grade review in the Student Academic Advising Center, Room 103, Student Services Center. You may submit this appeal up until the end of the fourth week of classes in the following semester.

After the coordinator receives your request, the following things take place:

1. You meet with the coordinator and discuss your grounds for appeal, the appeal process, and the options available to the Grade Review Subcommittee if the appeal is sustained.
2. The coordinator gives a copy of your appeal to your instructor and asks the instructor to respond to it in writing within 20 working days.
3. After 20 working days, the coordinator evaluates the allegations and determines if your appeal is valid.
4. Then, if the coordinator concludes that a grade change may be warranted, or if the instructor has failed to respond in writing, the coordinator gives the Grade Review Subcommittee of the Academic Affairs Committee all relevant information and directs the members of the committee to investigate your allegations and determine whether they are valid.

The subcommittee usually reaches a decision by the end of the semester in which you make the appeal. If, however, one of the parties is not on campus that semester, it may take longer.

If the subcommittee or the instructor determines that special academic expertise is needed, the subcommittee solicits an independent evaluation in writing from three impartial experts appointed by the chair of the instructor's department in consultation with the instructor and the subcommittee chair. The subcommittee accepts the evaluation and recommendations of the impartial experts on matters of academic content whenever it asks for them.

After investigating your grievance, the subcommittee will inform both you and your instructor of its decision in writing. If it finds that a change of grade is warranted, it will also recommend to your instructor the appropriate grade change. If your instructor refuses to make the recom-

mended grade change within 10 school days after being notified by the subcommittee, the subcommittee will do one or more of the following to protect your interests:

1. Attach to your permanent record and transcript a statement of the recommended change of grade and the reasons your instructor did not change the grade.
2. Exempt the challenged grade from being included in your grade point average, unless you want the grade to be included.
3. Authorize your graduation minus the credit hours represented by the challenged grade, if that grade was F.

## Grades

For every course you take, you receive a letter grade.

Grade	Points	Grade	Points
A	4.00	C	2.00
A-	3.67	C-	1.67
B+	3.33	D+	1.33
B	3.00	D	1.00
B-	2.67	F	0.00
C+	2.33		

To determine your **grade point average (GPA)**:

1. Multiply the number of semester hours for each course you have taken times the point value of the grade you have received in each course.
2. Add the products for all your courses.
3. Divide this sum by the number of semester hours you have taken excluding P and I grades.

We use your GPA to determine whether you are eligible for honors; for admission to certain majors, colleges, and curricula; and for determining your eligibility for membership in those campus organizations for which scholastic achievement is a criterion.

At the end of each term, we mail a report of your grades (and, if applicable, a notice of suspension) to you at your home address. You may also view your grades on the Web. Besides the grades listed above, you may also receive the following designations on your grade reports, none of which carry a point value:

- AU Audit.
- CE Credit by exam.
- DR Dropped.
- EP Exchange program.
- EX Experiential learning.
- I Your work in a course is incomplete, and you have obtained your instructor's permission to complete the course. (See *Incompletes* later in this section.)
- GP Graduate progress.
- IP Course in progress.
- MC Credit-military experience.
- NC No credit.
- NR Grade not reported.
- P You passed a pass/fail course and received credit for it. If you fail such a course you receive an F and earn no credit. (See *Pass/Fail Grading* later in this section.)
- RC Retroactive credit.
- S You satisfactorily completed a noncredit course.
- TO Exemption/test out.
- TR Transfer credit.
- W You withdrew from a course after the end of the eighth day of classes. If you drop a course before then, the course does not appear on your record.

**If you voluntarily stop attending a class at any time without completing the prescribed change of program procedure, you are considered as still registered, and you receive an F in the course at the end of the semester.**

## 32 More Academic Information

### Graduation

If you are an undergraduate, apply for graduation one year before you plan to complete your degree. Pick up an application form in the Registration and Records Office.

To be eligible for the bachelor's degree, you must:

- Complete all the general requirements for your degree.
- Earn a cumulative grade point average of 2.00 in all courses attempted at UW-Stevens Point.
- Earn a minimum 2.00 GPA in all courses required for a major, except in those programs requiring a higher GPA, and complete all the requirements for the major. In some programs, you must also complete an approved minor.

If you are a graduate student, follow the instructions listed in the *Graduate* section of this catalog.

### Graduation, Four-Year Agreement

If your academic goal is to complete a baccalaureate degree with one major in four years, you may decide to participate in UWSP's Four-Year Graduation Agreement. Under this agreement, you will work closely with experienced academic advisers to select the appropriate course sequences which will ensure timely completion of your degree requirements. For the purpose of this agreement, the four year period begins with the start of the term or summer session in which you first enroll and ends 48 months later.

The four-year program has many advantages, including entering the work force or pursuing graduate education as quickly as possible, and avoiding unnecessary undergraduate expenses. However, the four-year program is not for everyone. It might preclude you from obtaining a high credit major which has strict course sequencing, changing majors, extensive extracurricular involvement, internships, or study abroad.

For more information, please check with your adviser as soon as you begin your coursework at UWSP.

### Honors Graduation Honors

You may receive graduation honors on the basis of your grade point average for all the courses you have attempted, including college level work you attempted elsewhere. In the commencement ceremony you are recognized on the basis of the work which you complete before your final term. On your transcript, you are recognized on the basis of all the work you have done, including your final term.

*Summa cum laude* is awarded for a grade point average of 3.90 or above; *magna cum laude* is awarded for a grade point average of 3.75 to 3.89; and *cum laude* is awarded for a grade point average of 3.50 to 3.74.

If you have earned *summa cum laude* honors, you will have the distinction of having your name announced at the commencement ceremony. There are commencement ceremonies in May and December.

### Semester Honors—Dean's List

UW-Stevens Point faculty have established semester honors as part of their program to recognize students for outstanding academic achievement. To be eligible for semester honors, complete at least 12 semester hours of work with passing grades or, if you are student teaching only, complete at least 10 semester hours of work.

Semester highest honors are awarded for a grade point average of 3.90 or above; high honors are awarded for a

grade point average of 3.75 to 3.89; and honors are awarded for a grade point average of 3.50 to 3.74. Semester honors are printed on your transcript.

You will receive an honors certificate and be placed on the dean's list in the Colleges of Fine Arts and Communication, Letters and Science, and Professional Studies when you earn a semester grade point average of above 3.75. The College of Natural Resources awards dean's list certificates to undergraduate students in their college who earn a grade point average of 3.5 or above.

In addition to these honors all undergraduate students who obtain a semester grade point average of 3.9 or above receive an honors certificate from the vice chancellor for academic affairs.

### Department Honors Program

Some departments provide departmental honors programs which involve 9 credits of work or more. Contact individual departments for further information on their programs.

### Incompletes

If you are unable to complete your work in a course due to extenuating circumstances or if you need to extend your research or performance beyond the normal limits of a term, you may ask the instructor for an "incomplete" in the course. An "incomplete" should be reserved for the completion of a definable amount of work (for example, one term paper or one exam) which occurs near the end of the semester. If approved, the instructor will inform you and the department chair of the work you need to complete and the date by which it must be completed.

You will have until the end of the next semester (excluding summer session) to complete the work unless your instructor gives you an earlier deadline and indicates that deadline on the grade list. Failure to complete the work prior to the appropriate deadline will result in a grade of F. If, for reasons beyond your control, you are unable to make up the "incomplete" by the deadline, you may ask the instructor and department chair to extend this time limit one time. However, any further extension of time will require the approval of the dean of the college in which the course is offered.

DO NOT register for a course in which you received an "incomplete." If you do, the "incomplete" will be changed to an F. Instead, arrange with your instructor to complete the work remaining in the course. When you have completed the work satisfactorily, your instructor will report the removal of the "incomplete" to the Records Office which will notify you that your record has been updated. If you do not receive notification after a reasonable waiting period, you should contact your instructor. Your final grade will not change any prior academic status.

### Interim Sessions

The university offers a number of short sessions at various times during the year. There is a January "winterim" between the fall and spring semesters, a three-week interim session after the spring semester, and sessions of one to eight weeks in length during the summer. You may complete no more than one credit per week. For further information on interim sessions contact the Registration and Records Office at 715-346-4301 and the UWSP Extension Office at 715-346-3838 or 1-800-898-9472 (Wis. only) for classes geared for the older student and for professional development.

 E-mail: International.Programs@uwsp.edu  
 Web: www.uwsp.edu/studyabroad

International Programs can add a cross-cultural dimension to a liberal arts education and extend the scope of certain majors, language concentrations, or area studies. Foreign language skills are not a prerequisite for participation in many programs. We keep costs down to make international travel available to the majority of students. Financial aid money can be applied, and scholarships are available to qualified applicants.

During your study abroad you can earn 12-17 standard UW-Stevens Point credits. Each program includes an 11 to 15 week academic residency period and an extensive study/travel tour.

In Europe you may study in Britain, France, Germany, Poland, or Spain. In the South Pacific you may study for a semester in Australia with stops in New Zealand and Fiji. Interim and summer programs feature varying locations and themes such as tropical ecology in Costa Rica and Africa, culture in China, mystery and crime writers or theater in London, music in Austria and Germany, and architecture and design in such countries as Greece, Italy, and France.

We encourage you to plan ahead and apply early. Your academic adviser can help you set up a long term course schedule that will combine study abroad with efficient completion of degree requirements. Most student travelers consider their time spent abroad as the best experience of their college careers. If you'd like to know more, visit the International Programs Office, or write, e-mail, or check out our Web site.

## Late Registration

You may register at UW-Stevens Point or add additional courses through the eighth day of classes in any semester.

## Major or Minor Declaration

The academic departments decide whom they will accept as majors and minors. As soon as you decide on a major and/or minor, go to that department to declare your intent. The department will determine your "status" as a major or minor and enter it into your computer record. Do this for each major and minor you intend to study.

**It is up to you to be sure that you complete all the requirements for your major and minor.** Check regularly with an adviser in each department in which you are majoring and minor to make sure you are meeting all of the requirements. You must have a cumulative grade point average of 2.00 in your major(s)/minor(s), including prescribed collateral courses, in order to be eligible for departmental approval to graduate with the major(s)/minor(s), unless the department requires a higher grade point average. To see the current requirements for each major and minor, check the requirements under **Courses of Instruction** later in this catalog.

If you are seeking teacher certification, you need to earn a 2.50 cumulative grade point average before you student teach. You also need a 2.75 grade point average in your major, minor, concentration, and education courses before you student teach. To be a student teaching intern, you

need a 3.00 grade point average in your major, minor, concentration, and education courses.

Your department may discontinue you as a major candidate before you complete two-thirds of the credits required for your major and before you begin your senior year. To do so, they notify you in writing. If you are in good standing as a major during your junior year but do not continue to meet your department's standards during your senior year, your department may discontinue you then as well.

Your department may also conditionally accept or retain you as a major candidate for your senior year. To do so, at the time they accept you, they notify you in writing of the specific conditions you must meet. If you fail to satisfy these written conditions during your senior year, they may discontinue you as a candidate. To do so, they notify you in writing.

## Minimum Acceptable Standards

You are in good academic standing if you have a semester and cumulative grade point average (GPA) of 2.00 (C) or above. With a GPA at or above 2.00 you meet the minimum acceptable standards of UW-Stevens Point, and are not placed on probation.

## Nontraditional Students

If you have experienced a break in your education or if you are over 24 years of age and now wish to begin your college education, you are a nontraditional student. At the Nontraditional Student Information, Reference, and Referral Services Office you can receive information on entrance requirements, financial aid, or any other problem which may keep you from attending UW-Stevens Point or benefitting fully from our programs. For further information, visit the Nontraditional Student Information, Reference, and Referral Services Office in Room 101 in the University Center, call 715-346-2045, or e-mail nontrad@uwsp.edu.

## Pass/Fail Grading

Through the pass/fail grading program, you gain the opportunity to secure a broader, more liberal academic experience than is usually possible under the traditional, many-stepped grading program. As a result, you may take courses which are personally or intellectually attractive to you, without the pressure to secure and maintain a high grade point average. You may take courses of value outside your major in which your knowledge is not great enough to sustain a high letter grade. You may, in other words, experience learning for its own sake.

Register for the pass/fail option on or before the eleventh day of classes. You may not change either to or from pass/fail after the eleventh day of classes except for extenuating circumstances and only when approved by the department chair, the instructor, and your adviser.

If you earn a P in your course, you have passed it and are granted credit for it. We do not include a grade of P in calculating your grade point average (except for certification of VA benefits). However, we do apply the credit you earn toward your degree.

If you earn an F in your course, you have failed it and not been granted credit for it. We do include a grade of F in calculating your grade point average.

Only undergraduate courses are included in the pass/fail program. You may select up to five pass/fail credits (other than required wellness) each semester. However, you may

## 34 More Academic Information

count no more than 20 credits from pass/fail courses (other than required wellness) toward your degree requirements.

If you are on probation, you may take a course on a pass/fail basis only if it is in required wellness or if the course is offered on pass/fail alone.

**Count pass/fail courses only as electives.** You may count the "pass" credits you earn toward the total credits you need for a degree; **however, pass/fail courses DO NOT satisfy general degree requirements.** For example, a course which applies toward the humanities requirement might be available on a pass/fail option. If you take the course pass/fail and pass, you may **NOT** count it toward your humanities requirement. If you take it on an A-F basis and earn a D or better, you may count the course toward your humanities requirement. However, in both cases you may count the credits toward the total number of credits you need for your degree.

There are two exceptions to this rule:

1. You may satisfy your wellness/health enhancement requirements with pass/fail courses.
2. In certain departments you may be permitted to take up to two pass/fail courses in your major and one pass/fail course in your minor. Special registration is required at the Registration and Records Office.

To find out which courses and/or sections are available under the pass/fail option, and with what restrictions, check your timetable. Each department determines which courses to include in the program and under what conditions.

Departments provide the option of a standard grade in all courses offered under the pass/fail program except for those courses and sections which the Curriculum Committee has approved as pass/fail only.

### Placement (Employment) Statistics

If you would like to know the placement or employment rates of past graduates of any UW-Stevens Point program, write or visit the Career Services Office, Room 134, Main Building, or call them at 715-346-3226.

### Prerequisites

If you register for any class when you do not have the required class standing and/or haven't met the stated prerequisites, the department offering the class may, at its discretion in the first eight days of the semester, require you to drop that class. However, if you are permitted to continue, you must realize that you accept full responsibility for the grade you earn in that class.

### Probation/Suspension

If your current cumulative and semester grade point averages are 2.00 (C average) or above, you are in good academic standing.

You will be placed on **probation** if:

1. You earn a semester grade point average less than 2.00.
2. You earn a cumulative grade point average less than 2.00.
3. You are admitted on probation.
4. You are a transfer student who does not have a 2.00 cumulative grade point average from all previous institutions. OR
5. You are readmitted after being suspended for academic reasons.

Once placed on probation you must meet with your adviser by the end of the first week of classes of the next term you attend.

You will be **suspended** if:

1. You are on probation and your semester and cumulative grade point average fall below 2.00.
2. You are not in good academic standing at the end of a second consecutive semester on probation.
3. Your semester grade point average is less than 1.00 and your cumulative grade point average is less than 2.00.
4. After being readmitted on probation following academic suspension, you earn less than a 2.00 grade point average in your first semester of attendance.
5. You are admitted on probation as a transfer student, and you earn less than a 2.00 grade point average in your first semester.

You may attend a summer session after being suspended. After completing the summer session, you may ask us to review your academic status. Also see **Academic Bankruptcy** and **Readmission to UW-Stevens Point**.

### Readmission to UW-Stevens Point

See **Admissions** earlier in this catalog.

### Records (Privacy and Access)

The Family Education Rights and Privacy Act of 1974 as amended entitles you to review "official records, files, and data directly related" to you which the university maintains. You may also request a hearing regarding any alleged "inaccurate, misleading, or inappropriate" information. In most circumstances, the university will not release information from your records to third parties without your consent or notice to you. An interpretation of the law is printed below, and copies of it are available in the Registration and Records Office, Room 101, Student Services Center.

**The Family Education Rights and Privacy Act of 1974**, as amended, requires that you be advised of your rights concerning your education records and of certain categories of public information which the university has designated "directory information." This notice, in question and answer format, satisfies this requirement of the act.

#### ***As a student on the Stevens Point campus, what rights do I have regarding my university records?***

You have the right to inspect and review all your records which meet the act's definition of "education records."

#### ***What is the definition of "education records?"***

Education records are all the records maintained by the university about you. There are six exceptions:

- Personal notes of UW-Stevens Point staff and faculty.
- Employment records.
- Medical and counseling records used solely for treatment.
- Financial records of your parents.
- Confidential letters and statements or recommendations placed in your records prior to January 1, 1975.
- Confidential letters and statements or recommendations for admission, employment, or honorary recognition placed in your records after January 1, 1975, for which you have waived the right to inspect and review.

**Is there any situation in which the university may insist that I waive my rights?**

Under no condition may you be required to waive your rights under this act before receiving university service or benefits.

**Where are my records kept?**

Records are not maintained in a central location on the campus. Requests to review your records must be made separately to each office which maintains your records. Your request must be made in writing and presented to the appropriate office. That office will have up to 45 days to honor your request. For most students, these offices will include those of the registrar, your school or college dean, your major department, Protective Services, and any other campus office with which you have been in contact, such as Student Financial Aid or Residential Living.

**What if I do not agree with what is in my records?**

You may challenge any information contained in your "education records" which you believe to be inaccurate, misleading, or inappropriate. This right does not extend to reviewing grades unless the grade assigned by your professor was inaccurately recorded in your records. You may also insert a statement in your record to explain any such material from your point of view. If you wish to challenge information in your file, you must make a written request for a hearing to the dean or director of the appropriate office. In most cases, the decision of the dean or director will be final. However, you may elect to file an appeal in writing to the Assistant Chancellor for Student Affairs who will review the decision only if a significant question of policy or compliance with the law appears to be raised by the case.

**May I determine which third parties can view my education records?**

Under the act, your prior written consent must be obtained before information may be disclosed to third parties unless they are exempted from this provision. These exceptions include:

- Requests from the University of Wisconsin-Stevens Point faculty and staff with a legitimate educational "need to know."
- Requests in accordance with a lawful subpoena or court order.
- Requests from representatives of agencies or organizations from which you have received financial aid.
- Requests from officials of other educational institutions in which you intend to enroll.
- Requests from other persons specifically exempted from the prior consent requirement of the act (certain federal and state officials, organizations conducting studies on behalf of the university, accrediting organizations).
- Parents who claim students as dependents under the Internal Revenue code of 1954, Section 152, and who provide proof of such status.
- Requests for "directory information" (please refer to the next question for an explanation).

**What is meant by the term "directory information?"**

The university, in accordance with the act, has designated the following categories of information about you as public unless you choose to exercise your right to have any or all of this information withheld. This information will be routinely released to any inquirer unless you request that all or part of this be withheld.

These categories are:

- Name.
- Home address.
- Home telephone number.
- Local address. (Students should keep current address on file in the Registration Office.)
- Local telephone number.
- E-mail address.
- Place of birth.
- Major/minor field of study, and college.
- Participation in officially recognized university activities and sports.
- Weight and height of members of athletics teams.
- Dates of attendance (including initial registration, current classification and year, registration and withdrawal dates, graduation dates).
- Degrees and awards received (type of degree and date granted).
- The most recent previous educational agency or institution attended.
- Name of parents or guardian.
- High School from which you graduated.

**What kinds of inquiries does the university receive for "directory information?"**

The university receives many inquiries for "directory information" from a variety of sources including friends, parents, relatives, prospective employers, graduate schools, honor societies, licensing agencies, government agencies, and news media.

**What if I don't want any "directory information" released?**

Please consider very carefully the consequences of any decision by you to remove these items from the list of "directory information." Should you decide to inform the university not to release any or all of this "directory information," any future request for such information from nonuniversity persons or organizations will be refused. For example, the university could not release your telephone number and address to a family member wishing to notify you of a serious illness or crisis in the family. A prospective employer requesting confirmation of your major field of study or address would also be denied access to such items, should you withdraw them from the list of "directory information." The university will honor your request to withhold any of the items listed above but cannot assume responsibility to contact you for subsequent permission to release them. Regardless of the effect upon you, the university assumes no liability of honoring your instructions that such information be withheld.

If you wish to file a form withdrawing some or all of the information in the "directory" classification, you should report to the Registrar's Office, Room 101, Student Services Center, and complete the necessary form.

**Where can I find out more information about the provisions of the act?**

If you have any questions regarding the provisions of the act, you may contact either Student Rights and Responsibilities, Delzell Hall, 715-346-2611, or Registrar's Office, Room 101, Student Services Center, 715-346-4301.

**Whom should I contact if I wish to make a complaint?**

If you believe that the university is not complying with the act, please direct your comment to the Assistant Chancellor for Student Affairs, 715-346-2481.

## 36 More Academic Information

### Accommodation of Religious Beliefs

It is the policy of the UW System that students' sincerely held religious beliefs shall be reasonably accommodated with respect to all examinations and other academic requirements.

1. You shall be permitted to make up an examination or other academic requirement at another time or by an alternative method, without any prejudicial effect, where:
  - a. There is a scheduling conflict between your sincerely held religious beliefs and taking the or meeting the academic requirements; and
  - b. You have notified your instructor within the first three weeks of the beginning of classes (first week of summer or interim courses) of the specific days or dates that you will request relief from an examination or academic requirement.
2. Your instructor will accept the sincerity of your religious beliefs at face value and keep your request confidential.
3. Your instructor will schedule a make-up exam or requirement before or after the regularly scheduled exam or requirement.
4. You may file any complaints regarding compliance with this policy in the Equity and Affirmative Action Office.

### Remedial Coursework

If you are placed into remedial coursework in mathematics and/or English, your academic adviser will encourage and help you to restrict your coursework to a level that will allow you to succeed.

You must receive written permission from your adviser to enroll in more than 16 credits during any semester in which you are taking remedial courses. If you want to take more than 18 credits during a semester that includes remedial courses, you must get written permission from the dean of your college. Decisions about the number of credits you can take in one semester while doing remedial coursework are based on such things as your ACT score, high school class rank, overall high school record, university grade point average, and demands on your time from coursework, extracurricular activities and employment.

If you enter UWSP and are placed into remedial math and/or English courses, you must complete those remedial courses before you earn 30 credits toward graduation. If you fail to complete the remedial coursework before earning 30 credits, you will be restricted to a maximum of 12 credits a semester, including the remedial courses, until the requirement is met.

### Repeating Courses

#### A. Repeating a course at UWSP that was originally taken at UWSP.

You may repeat a course in which you received a D+, D, or F if you receive written authorization from your adviser and the chair of the department in which the course is offered BEFORE you register for the course. If you are a graduate student and need to repeat a graduate course, you must have the written authorization of the dean of the college offering the course.

A second repeat of a course in which you received a D+, D, or F requires written authorization from the dean of the college, in consultation with the department chair in which the course is offered, BEFORE you register for the course.

You may not repeat a course in which you received a grade of C- or better. Your dean, in consultation with the department chair, may grant an exception on appeal only for extenuating circumstances. You must obtain written authorization from your adviser, the chair of the department and the dean of the college in which the course is offered BEFORE you register for the course.

If you repeat a course which you had initially completed here, we figure only the credit and grade you earn in your last attempt in your cumulative grade point average. However, we do not expunge your original grade from your student record. This applies only when the original attempt and the repeat are taken at UW-Stevens Point.

You can obtain a "Request to Repeat Course Form" from the Registration and Records Office. Be sure to have your request authorized BEFORE registering for the course. Any repeat not authorized before enrolling in the course will result in the repeat being expunged from your record.

#### B. Repeating a course at another institution that was originally taken at UWSP.

Courses in which you received grades of F at UWSP may be repeated at another institution. The repeat will not affect your UWSP transcript. Grades of D or better may NOT be repeated at another institution. Courses repeated at another institution will not replace a grade on your UWSP transcript or be used to recalculate the cumulative grade point average on your transcript.

#### C. Repeating a course at UWSP that was originally taken at another institution.

Grades earned at another institution may be repeated at UWSP provided you follow the same approval process as if the original grade was earned at UWSP. If approved, the previous attempt earned at another institution will be removed from your record.

### Requirements

Your adviser and others at UW-Stevens Point are happy to help you plan your academic program. **However, you are responsible for following UW-Stevens Point's regulations and successfully completing all your academic requirements.**

In general, you are required to complete the academic requirements current at the time you first enroll. However, you may choose to complete a more recent set of general degree requirements by declaring your intent in the Records Office. You may also choose to complete a more recent set of requirements in one or more of your majors and minors with the approval of the chair of the department. If you choose to meet the more recent set of major/minor requirements, you do not have to choose the more recent set of general degree requirements.

Here are some special situations:

1. If an external agency changes the requirements, meet the new requirements. For example, if the Department of Public Instruction changes the requirements for teacher certification, fulfill the new requirements.
2. If you re-enter UW-Stevens Point after being gone for two or more semesters, meet the requirements current when you re-enter. Note that if you enroll and then withdraw within the first two weeks of the semester, you are considered as not enrolled for that semester.
  - a. If you have earned more than two-thirds of the credits toward your general degree requirements by the time you re-enter (not counting electives and courses toward your major/minor), you may ask to complete the degree requirements current

when you first registered. Your dean approves such a request.

- b. If you have completed more than half of the credits to fulfill your major/minor requirements by the time you re-enter, you may ask to complete the major/minor requirements current when you first registered. The chair of your department approves such a request.
3. If you transfer from another UW System institution, this policy applies in the same manner as if you had originally enrolled at UW-Stevens Point.

### Residence Requirements

To be eligible for a bachelor's degree from UWSP, you must earn at least 30 of your total required credits in courses taken at UWSP. Credits earned through experience, advanced placement, or examination programs do not apply.

### Residency (State of Wisconsin)

See *Finances* earlier in this catalog.

### Safety and Health Policy

It is the policy of the University of Wisconsin System to provide and maintain adequate facilities for a safe and healthy learning environment. Faculty and staff will comply with state and federal safety laws and educate their students on practices and procedures that ensure safety for all members of the university.

Certain courses and research projects may require you to work with hazardous materials. Your instructor will inform and train you on procedures that will maintain your personal health and safety and provide you with information on the hazards of materials you may be using. Before using hazardous materials and equipment, you should review the procedures and information, and discuss any concerns with your instructor.

### Satisfactory Academic Progress

You maintain satisfactory academic progress by earning credit (completing courses with a grade of A through D or P) in a certain percentage of the total semester hours for which you have been enrolled at UW-Stevens Point. On the following table you will find the percentage of total credits which you must earn at each level of total enrolled semester hours.

Total Enrolled Semester Hours	Percent of Total Semester Hours That Must Be Earned
18- 30	50%
31- 60	60%
61- 90	65%
91-120	70%
121-150	75%
151-180	83%

We determine your academic progress in June. If you have not made satisfactory academic progress as defined by the table above, you are ineligible to receive financial aid until you earn enough credits to be making satisfactory academic progress.

You can determine your academic progress percentage from your last grade report, or you can ask for an evaluation by the Records Office. Keep seven things in mind as you consider whether you are maintaining satisfactory academic progress:

1. The total semester hours for which you are enrolled are all the semester hours for which you earn a grade

of A, B, C, D, F, P, I, W, WF, or one of these grades followed by a plus or minus.

2. Add your earned transfer credits to your UW-Stevens Point total semester hours to determine the percentage that is required. However, the percentage is applied only to UW-Stevens Point semester hours in determining academic progress.
3. When determining your academic progress, include in your totals any credits awarded by exam.
4. There are no exceptions to this policy for students who declare academic bankruptcy.
5. If you re-enter after being out of school for one or more semesters, you must be making satisfactory academic progress at the time you re-enter in order to qualify for financial aid.
6. If you have been working toward your educational objective for more than 15 years and/or have enrolled in more than 180 undergraduate credits, you will no longer be making satisfactory academic progress and will lose financial aid eligibility.
7. If you are found to be ineligible to receive financial aid due to unsatisfactory academic progress, you may appeal for special consideration if you feel there are extenuating circumstances. You will receive information about the appeal process when you get your notice of unsatisfactory progress. Your appeal must be submitted in writing with an explanation for the lack of progress and a plan for improved performance. If your appeal is successful, the Records Office will be informed and your financial aid eligibility, with possible special conditions, will be restored.

### Second Bachelor's Degree

You may want to return to school after graduating to complete additional majors or minors. You may do so without earning a second degree. However, if you have earned one bachelor's degree, you may subsequently earn a second by completing:

- 30 additional credits, and
- All requirements for the second degree.

You may use courses which you completed for your first degree to satisfy requirements for your second degree. The major completed must be acceptable for the second degree.

### Semester Hours/Credits

See *Credits/Semester Hours*.

### Smoking

There is no smoking allowed anywhere in any of the campus buildings except for the residence halls, DeBot Center, and the University Center.

### Student Rights and Responsibilities (student conduct)

The Office of Student Rights and Responsibilities protects your rights as a student. If you believe that your rights have been violated, or if you have questions concerning your rights, write or visit this office on the first floor of Delzell Hall or call them at 715-346-2611.

You have the responsibility to act appropriately and responsibly. If your actions conflict with the welfare and integrity of UW-Stevens Point or disregard the rights of other members of the university community, including guests and visitors to the campus, you will face student conduct disciplinary proceedings.

## 38 More Academic Information

You will find copies of the University of Wisconsin System disciplinary procedures and UWSP's institutional policies under these procedures (Chapter UWSP 17) on the Web at [www.uwsp.edu/centers/rights](http://www.uwsp.edu/centers/rights) and at each residence hall desk, the Reserve Desk of the Learning Resources Center, the Information Desk of the University Center, the offices of all academic deans, and the Office of Student Rights and Responsibilities. We urge you to read Chapter UWSP 17, which is part of our contract with you, since it describes what constitutes violations of appropriate conduct on campus and at university activities.

### Study Load

The typical study load is 14-16 credits per semester (including courses through correspondence, at other campuses, and distance education). You may take 17 credits with the permission of your adviser.

Study loads of 18, 19, or 20 credits must be approved prior to registration. Check the timetable for the appropriate authorizing official for your department/ program.

The dean of your college must approve study loads of 21 credits or more. Requests are granted only for extraordinary reasons and only for students with outstanding academic records.

Note that you will be limited to 12 credits if you:

- Do not complete required remedial courses before you earn 30 credits.
- Do not complete freshman English, Math 100 or 105 before you earn 60 credits.

See the catalog section, **General Degree Requirements, "Verbal and Quantitative Skills"** for the complete policy. Check with Registration and Records Office if you wish to appeal this restriction.

In order to qualify for either Social Security benefits or full Veterans Benefits (Public Law 550), you must carry at least 12 credits (semester hours) of courses.

### Summer Sessions

From mid-May to mid-August you may take part in undergraduate or graduate summer school courses lasting from one to eight weeks. Classes generally meet Monday through Thursday. You may also take part in any of several summer session camp programs. Ask your adviser if credits in one of these would apply toward your requirements.

If you are a high school graduate not otherwise eligible for admission to UW-Stevens Point, you may be allowed to establish your eligibility by attending summer school. Please check with the Admissions Office before you sign up for any summer session classes. Because enrollment limits have been established, they may have to suspend this policy. You can get a summer session schedule of classes from the Registration and Records Office or view it on the Web.

### Suspension

See **Probation/Suspension**.

### Transcripts

Your transcript is an official, certified copy of your academic record. It shows all the courses that you have attempted; all credits, grades, and degrees you have earned; and whether you have been placed on academic suspension.

You may order copies of your transcript by submitting a written request to the Registration and Records Office, Room 101, Student Services Center. There is a charge of

\$4.00 per transcript. In order to receive a transcript or diploma, you must have paid all your financial obligations to UW-Stevens Point.

### Transferred Credits

We use only the credits and grade points you earn at UW-Stevens Point in determining your cumulative grade point average. However, transfer credits and grades are included in the calculation of the grade point average in most majors and minors and in the determination of graduation honors.

You may use credits with grades of D or better that transferred from an accredited institution toward graduation. You may also use them to meet your requirements and prerequisites for specific courses, but not necessarily toward your major.

Because different institutions use different course numbering systems, we may not consider a course numbered 300 or above at another institution to be equivalent to a course we number 300 or above here. Direct any questions about the transfer of your credits to the Admissions Office, Room 102, Student Services Center.

If you earn the last credits toward your degree at another college or university, have a transcript of these credits sent to our Registration and Records Office, Room 101, Student Services Center, within 30 days after the date of the UW-Stevens Point graduation. If you fail to meet this deadline, your degree will not be awarded until the next graduation.

### Tutoring Services

With a staff of around 210 peer tutors, the Tutoring-Learning Center (TLC) offers tutoring to students in many majors and from many backgrounds. Each academic year, TLC peer tutors work with more than 25 percent of the student body, from freshmen to graduate students.

#### TLC Tutorial Programs

- Reading and Writing.** Students work one-on-one with peer tutors on assignments for their university classes.
- Reading Adjunct Program (RAP).** Some university courses with especially challenging reading offer a one-credit "reading in the discipline" class in which peer tutors lead small study groups.
- Content-Area Tutoring.** Small groups of students meet with tutors for most general degree requirement (GDR) courses.
- '57 Series.** In this independent writing course (English 157-257-357), students explore various kinds of writing in one-on-one sessions with peer tutors.

The Tutoring-Learning Center, 346-3568, is located in the lower level of the Learning Resources Center (the library). We are open Monday - Thursday, 9 to 4, and Friday, 9-noon, except for finals' week.

### UWSP Extension

Joan Sosalla, Director of UWSP Extension  
Room 032, Main Building  
Phone: 715-346-3838  
E-mail: [uwspext@uwsp.edu](mailto:uwspext@uwsp.edu)  
Web: [www.uwsp.edu/extension](http://www.uwsp.edu/extension)

UWSP Extension provides professional development and personal enrichment programs and courses for adult learners. Both graduate and undergraduate level courses are available for credit. Adult learners may take classes in a variety of delivery formats, including online, face-to-face, telephone conferencing, interactive telecourses (ITV), and statewide broadcast television. You may take courses at

UWSP, online via the Internet, and at other facilities and locations in the area.

UWSP Extension also provides noncredit professional development and personal enrichment learning opportunities for all ages. We offer programs in such areas as paper science, health and human services, and education.

The **Small Business Development Center (SBDC)** offers no-cost counseling to both start-up and existing businesses, in addition to a variety of fee-based management education workshops and seminars. We also provide customized training programs for business and industry as well as conference and meeting planning services for professional organizations and associations.

The **Conservatory for Creative Expression** provides an array of fine arts courses and program offerings for both adults and children. Programs range from private music lessons and dance classes, to creative writing, photography, drawing and ceramics classes.

For more information on lifelong learning opportunities credit and noncredit program offerings through UWSP Extension, call 800-898-9472 or 715-346-3838, or stop by our offices in Room 032 Old Main Building. For a current list of courses and registration information visit the our Web site at [www.wusp.edu/extension](http://www.wusp.edu/extension).

**University Telecommunications:**

University Telecommunications and Distance Learning Resources (UT) provides television and multimedia support services and facilities, and also expedites distance learning efforts for the UWSP learning community. Video projects can be designed, produced and delivered in a variety of formats, including cable, broadcast and satellite television, online Web-based, CD and DVD, ITV network and ISDN compressed video via two-way audio/video interactive television classrooms.

For more information on how UT can help transform your ideas into technology-based programs, call 715-346-2647, e-mail [telecom@uwsp.edu](mailto:telecom@uwsp.edu), or visit us in Room 110 Communication Arts Center.

## 40 College of Fine Arts and Communication

# College of Fine Arts and Communication (COFAC)

Gerard McKenna, Dean  
Room A202, Fine Arts Center  
Phone: 715-346-4920  
E-mail: cofac@uwsp.edu  
Web: www.uwsp.edu/cofac

The College of Fine Arts and Communication is committed to a broad understanding of the arts, the humanities, and communication as a basis for reasoned, intelligent, and sensitive individuals interacting with society. The college is also committed to a broad understanding of the many aspects of the arts and communication as they relate to a changing world with its dynamic and diverse cultures. Most importantly, the college is committed to excellence in training communication, visual arts, and performing arts professionals. Through its faculty and programs both on and off campus, the College of Fine Arts and Communication represents "the best in performance, creativity, and expression."

### Curriculum in Fine Arts and Communication

Educational experiences and courses for fine arts and communication majors, minors, and general student needs include:

- History, criticism, theory, and practice in fine arts and communication.

- Practical applications in the arts and communication through laboratory, studio, internship and other experiences.
- Production and performance experiences through art exhibitions, plays, musicals, dance productions, film, radio and television broadcasting, and various other forms of communication.

You may choose a professional program in a specific field or a more broadly based curriculum with a wide variety of choices. You may choose one of the majors listed below or a minor in the college with a major from another area.

There are four departments offering degree programs within the college: Art and Design, Music, Theatre and Dance, and the Division of Communication. The Departments of Art and Design, Music, and Theatre and Dance each enjoy full national accreditation by their respective associations. UW-Stevens Point is one of 14 such universities in the country to carry this designation.

### Majors in Fine Arts and Communication

Degrees offered are:

1. Bachelor of Arts in art, music, arts management.
2. Bachelor of Arts or Bachelor of Science in communication, or theatre arts with options in dance or drama.
3. Bachelor of Fine Arts in art with graphic design, two-dimensional or three-dimensional emphases; theatre arts with options in musical theatre or drama.
4. Bachelor of Music with options in applied music, jazz, music education, and music literature.

Refer to the degree requirements listed in each department's section of this catalog.

To earn your degree, successfully complete the general degree requirements, requirements for your major, and approved electives totaling no less than 120 credits.

If you wish to meet teacher certification requirements, consult the **Education** section later in this catalog for additional courses required through the College of Professional Studies.

### Minors in Fine Arts and Communication

Minors are available in art history, communication, dance, drama, and music.

### College Honors

Undergraduate, full-time majors in the College of Fine Arts and Communication who have achieved a semester grade point average over 3.75 are awarded the Dean's Distinguished Achievement Award.

### Nondegree Experiences in the Arts and Communication

Noncredit courses of study are offered through the Conservatory for Creative Expression, a community outreach program, and the American Suzuki Talent Education Center. The college also sponsors the annual Performing Arts Series with internationally acclaimed artists performing at the Sentry Theater.

### Graduate Programs in Fine Arts and Communication

Graduate programs are available in music and communication. See the **Graduate** section of this catalog for further details.

# College of Professional Studies (CPS)

Joan DeGuire North, Dean  
Room 112, College of Professional Studies Building  
Phone: 715-346-3169  
E-mail: cps@uwsp.edu  
Web: www.uwsp.edu/cps

The College of Professional Studies consists of the School of Communicative Disorders, the School of Education, the School of Health, Exercise Science and Athletics (HESA), the School of Health Promotion and Human Development (HPHD), and the Division of Interior Architecture.

The College of Professional Studies also administers programs in clinical laboratory science and military science (Army ROTC).

In the College of Professional Studies you:

- Prepare for your chosen profession by studying theory and then actively demonstrating your professional skills in a supervised classroom or clinic.
- Gain the knowledge and experience you need in order to meet the standards of your profession.
- Gain professional experience in internships and externships at hospitals, physician's offices, community clinics, schools, business and industrial sites.
- Associate with other students interested in providing a professional service to humankind.
- Acquire critical thinking skills so you may fully meet the needs of the people you will serve.
- Work on basic and applied research projects.
- Work with faculty who are attuned to the people, events, trends, and politics of the professional workplace.

## Undergraduate Programs in Professional Studies

In the College of Professional Studies you may work toward bachelor's degrees from the:

- School of Communicative Disorders with a major in communicative disorders.
- School of Education with majors in elementary education; early childhood education; or exceptional education with certifications in learning disabilities, emotional disabilities, cognitive disabilities-borderline, and early childhood: special education; and certifications in secondary education.
- School of Health, Exercise Science and Athletics with majors in K-12 physical education or athletic training, and minors in coaching and health education; also an add-on certification in adapted physical education.
- School of Health Promotion and Human Development with majors in health promotion, family and consumer education, dietetics, and minors in nutrition, child and family studies, and safety and health protection.
- Division of Interior Architecture with a major in interior architecture.
- Department of Clinical Laboratory Science with a major in clinical lab science (formerly medical technology).

## College Honors

The College of Professional Studies Dean's List consists of undergraduate students who achieve a grade point average of above 3.75 the previous semester.

## Graduate Programs in Professional Studies

In the College of Professional Studies you may work toward a master's degree in:

- Communicative disorders with an emphasis in either speech and language pathology or audiology (master of science).
- Elementary education (master of science in education).
- Elementary education with emphasis in reading or in special education (master of science in education).
- General education (master of science in education).
- Human and community resources (master of science).
- Nutritional sciences (master of science).
- Educational administration through cooperative arrangements with UW-Madison and UW-Superior.
- Guidance counseling (master of science in education) through cooperative arrangements with UW-Oshkosh.

For further information on these master's programs, see the **Graduate** section of this catalog.

# College of Letters and Science (L&S)

Justus F. Paul, Dean  
Diane Gillo, Associate Dean  
Jin Wang, Associate Dean  
Room 130, Collins Classroom Center  
Phone: 715-346-4224  
E-mail: cols@uwsp.edu  
Web: www.uwsp.edu/cls/index.htm

Through courses we offer in this college we help you to:

- Understand, effectively use, and appreciate the process of learning.
- Recognize the complexity of problems and improve your ability to develop creative solutions.
- Increase the breadth and depth of your understanding of the humanities, sciences, and social sciences.
- Succeed in your studies and in preparing for a career.
- Join a community of teachers, scholars, and students who strive for high standards of academic achievement.

## Curriculum in Letters and Science

For information on the courses to take in order to earn either a bachelor of arts or bachelor of science degree, refer to the section of this catalog entitled **General Degree Requirements**. For information on requirements for a master's degree, see the **Graduate** section of this catalog.

## Majors in Letters and Science

In the College of Letters and Science, you may select from the following majors: biology, business administration, chemistry, computer information systems, economics, English, French, general studies, geography, German, history, international studies, managerial accounting, mathematics, natural science, philosophy, physics, political science, psychology, public administration and policy analysis, social science, sociology, and Spanish.

Before declaring a major, read the sections of this catalog under **Courses of Instruction** which deal with departments of greatest interest to you. Also see the student handbooks of these departments to see descriptions of their majors, minors and courses of study.

Declare your major by the time you have earned 56 academic credits (excluding required wellness). Please go to the departmental office of the major of your choice and the staff in that office will help you complete this process. Ordinarily, a department will accept you for major study. However, they may refuse to accept or continue you if your academic record does not satisfy their regulations. (See the section of this catalog entitled **Major or Minor Declaration** under **More Academic Information**.)

## Minors in Letters and Science

In the College of Letters and Science you may select from the following minors: anthropology, applied mathematics, biology, business administration, chemistry, comparative literature, computer science, earth science, economics, English, teaching English as a second language, environmental studies, French, geographic information systems and spatial analysis, geography, geology, German, gerontology, history, international studies, mathematics, museum techniques, Native American and rural social work, natural science, philosophy, physics, political science, psychology, public administration and policy analysis, religious studies, Russian, small city analysis,

social science, social science in health, sociology, Spanish, scientific and technical writing, women's studies, and writing.

If you declare a major, it may be within or outside the College of Letters and Science. The only department in Letters and Science that requires you to declare a minor is business administration. The staff in the departmental office of the minor of your choice will help you complete this process. Ordinarily, a department will accept you for minor study. However, they may refuse to accept or continue you if your academic record does not satisfy their regulations.

## College Honors

Dean's Distinguished Achievement Award certificates for semester honors are given to all majors in the College of Letters and Science who complete at least 12 credits in any semester with a grade point average of 3.76 or above.

## Preprofessional Study

Before entering many professional schools, you must complete part of your college work. If you wish to enter one of these schools, you may register in the College of Letters and Science and then begin working with an adviser familiar with the requirements of the profession you plan to enter. Your adviser can help you plan your studies within either the bachelor of arts or bachelor of science program.

In the following paragraphs, you will find information on how to prepare for some professions. If you would like more specific information or suggestions, we would be happy to send them to you.

Different schools training people for the same profession sometimes have different entrance requirements. Generally, entrance requirements have grade point restrictions on your cumulative GPA. However, this may vary from institution to institution. At UWSP you may repeat a course for which you earned a D+ or less. You may not repeat a course in which you earned a grade above D+.

Make sure you know the requirements of the school you plan to enter, and frequently review your progress with your adviser. Your adviser, department chair, and the staff in the office of the Dean of the College of Letters and Science will be happy to help you. But remember that it is up to you to meet all college and university requirements, rules, and regulations.

**Dentistry:** UW-Stevens Point has an excellent pre dental program, with a diversity of courses and options, which will permit you to meet or surpass the admittance requirements for most of the dental schools in the United States. Most dental schools require a minimum of three years (90 semester credits) of pre dental education. The pre dentistry course requirements may be integrated into the requirements for almost any major offered at UW-Stevens Point. Many students accepted into dental school have a major in biology, chemistry, or both. All dental schools require candidates to take the Dental Admission Testing Program exam given in October and April. Consult regularly with the dentistry adviser on campus as you plan your undergraduate curriculum, so that you stay informed of changes in requirements and recommended courses at specific dental schools.

**Education:** If you have not yet determined the subjects you would like to teach, talk with your adviser or the advising office in the School of Education. If you seek a certificate to teach at the secondary school level, with a major

offered in the College of Letters and Science, you may either complete your general requirements for your B.A. or B.S. degree in the College of Professional Studies or the College of Letters and Science. See the **Education** section later in this catalog for complete information on your education requirements.

**Engineering:** Requirements for the UW-Stevens Point pre-engineering program vary from one specialization to another. However, if you plan to pursue a career in engineering, you will need to concentrate on mathematics and the sciences. Most likely you may complete two years of preparation at UW-Stevens Point. See the Department of Chemistry for details about the prechemical engineering program. For all other preengineering programs, see the Department of Physics and Astronomy.

**Law:** Normally, you must complete a bachelor of arts or bachelor of science degree before applying to a law school. Since you will face stiff competition for admission to law school, work to maintain a high grade point average. All law schools require candidates to take the Law School Admission Test (LSAT). High scores on this test are necessary for admission to the better law schools. Most law schools also require that candidates submit letters of reference from individuals familiar with their qualifications and aptitude. You should speak to your adviser about developing a list of references. Law schools do not require that you take a particular undergraduate major. However, most prelaw students earn degrees in a social science or in business.

UW-Stevens Point prelaw advisers in the Department of Political Science stress a broad undergraduate program. In such a program you learn philosophical and social science approaches to problem solving. We at UW-Stevens Point take pride in our excellent record for placing superior students in outstanding law schools.

**Medicine:** If you are preparing for a career in medicine, register as a candidate for either the bachelor of science or bachelor of arts degree. You may integrate your premedical course requirements with those for a degree in almost any other major field. However, most students accepted into medical schools have a major in biology, chemistry, or both. All medical schools recommend, but do not require, that you take calculus, humanities, and psychology. You will face stiff competition for admission to a medical school.

Medical schools will decide whether to admit you based on whether you have:

1. B+ average.
2. Above average scores on the New Medical College Admissions Test (New MCAT), 9-10 average score out of 15.
3. Relevant work experience.
4. Strong recommendations.
5. A successful interview.

Pick up a registration form for the New MCAT from the premedical adviser. Since the New MCAT assumes you have taken college level chemistry, physics, biology, and mathematics, take this exam in April of your junior year. If you are not successful, you may take it a second time in September of your senior year. UW-Stevens Point graduates have an excellent record of acceptance by medical schools.

**Mortuary Science (Funeral Service):** At UW-Stevens Point you may receive the two years of preprofessional study you need to enter a mortuary school.

**Pharmacy:** Take the following courses during your freshman and sophomore years: Chemistry 114, 115, 116 (or 105 and 106), 325, 326, and 328; Mathematics 120; Physics 203 and 204. For additional requirements and suggested electives, see a prepharmacy adviser.

**Other Fields:** If you want to prepare for a professional field not listed here, the College of Letters and Science will assist you in finding an adviser to help you plan your program. Make sure you thoroughly understand all requirements of the school you plan to enter, and meet often with your adviser.

## Affiliated Centers

Faculty and staff from the College of Letters and Science are involved in a variety of other programs which benefit the students of the university as well as the surrounding Central Wisconsin community. These programs include:

- Center for the Small City
- Center for Economic Education (CEE)
- Central Wisconsin Economic Research Bureau (CWERB)
- Blocher Planetarium
- POLYED National Information Center for Polymer Education
- Museum of Natural History
- Regional Archaeology Center Four

### Curriculum in Natural Resources

Please refer to the section of this catalog entitled **General Degree Requirements** for information on the courses to take in order to earn a bachelor of science degree. In the **Graduate** section of this catalog you will find information which will be valuable to you if you wish to pursue a master of science degree in the College of Natural Resources.

### Majors in Natural Resources

In the College of Natural Resources, you may work toward a bachelor of science degree in any of six disciplines:

**Forestry:** In the forestry program you integrate the study of forestry with the study of other resource disciplines, so that you have a solid background for forest ecosystem management. Through your forestry degree you prepare for management positions with public agencies or private industry. Select one of these five options: forest management, forest administration and utilization, urban forestry, forest ecosystem restoration and management, or forest recreation. The Society of American Foresters accredits this program.

**Paper Science:** In the paper science program you become well versed in the physical and engineering sciences and learn the relationships among these disciplines. You also prepare yourself to apply what you have learned as an industrial scientist or engineer and ultimately as a manager in the paper industry or an allied industry.

**Resource Management:** Within resource management you may choose from environmental education/interpretation, land use planning, youth programming and camp management, or general resource management options. Should you choose general resource management, please also complete an appropriate minor to enhance your employability.

**Soil and Waste Resources:** Two options are available in this major. The soil science option blends coursework in soils with courses in the basic sciences and other natural resources disciplines. The waste management option blends coursework in waste management, the basic sciences, and natural resources. When you complete these options you can meet requirements for a soil scientist as defined by the United States Department of Agriculture and for a soil or waste resource manager for private or public sector employment.

**Water Resources:** In water resources you select an option in limnology and fisheries, or watershed hydrology and management. Within these options, you prepare for a career with a government agency or a private firm.

**Wildlife Management:** In this curriculum you integrate the study of wildlife ecology and management with other resource disciplines as you prepare yourself for graduate school or a management position. When you graduate,

you have met the curricular requirements for a certified wildlife biologist as established by The Wildlife Society.

**Official Acceptance as a Major:** You must be accepted as a major before you enroll in summer camp, internships, or the European Environmental Studies Seminar. To be accepted, you must have completed 45 university credits and have a 2.50 grade point average in courses required for your major.

### Minors in Natural Resources

In the College of Natural Resources you may minor in conservation biology, environmental communication, environmental education/interpretation, environmental education for elementary/middle school teachers, environmental law/enforcement, forest recreation, forestry, international resource management, land use planning, resource management, soil science, water resources, wildlife management, or youth programming and camp management.

### Graduate Programs in CNR

If you qualify, you may work toward a master of science degree in natural resources with an emphasis in any of these areas: environmental education/interpretation, fisheries, soil and waste resources, water resources, wildlife management, forest ecology and management, urban forestry, forest business, international resource management, environmental resources extension programming, land use planning, or youth programming. For details, see the CNR graduate coordinator.

### Summer Camp

Most CNR majors require participation in a six week summer camp or the eight week European environmental seminar after you complete your sophomore year. Through the field experience you gain at summer camp in forestry, soils, water, and wildlife, you prepare yourself for the intensive studies of your junior and senior years.

If you wish to be exempted from summer camp either because of appropriate transfer courses or experience, follow these steps:

1. Send an appeal for a summer camp alternative to the CNR associate dean for academic affairs by March 1 of your sophomore year if possible.
2. Transfer students or others with extenuating circumstances should appeal no later than March 1 of their junior year.
3. If you postpone an appeal until your senior year, you may have to delay graduation in order to complete the summer camp requirement.
4. The appeal package should include:
  - a. The appeal letter with reasons and suggested alternative activities.
  - b. A copy of your degree progress report.
  - c. A letter of support from your adviser. If you do not have an adviser, the CNR Peer Advising Center can put you in touch with an appropriate person, or you can contact a faculty member directly and request assistance.

### International Experiences

The College of Natural Resources offers a variety of opportunities to study abroad. Our European Environmental Studies Seminar takes student to Germany, Poland and several other European countries to provide an opportunity to study resource management issues. The experience in conjunction with a semester-long seminar and a two-week field course at our Central Wisconsin

Environmental Station can substitute for the summer camp requirement in the college. In addition, CNR students can take advantage of opportunities to study in Costa Rica, Mexico, Africa, and Australia. These experiences have a specific environmental studies focus and are in addition to the many international programs offered on a university-wide basis.

## Teaching in Natural Resources Fields

If you seek a certificate to teach at the secondary school level with a major offered in the College of Natural Resources, you may either:

1. Complete the general degree requirements for your BS degree in the College of Professional Studies, or
2. Complete the general degree requirements for your BS degree in the College of Natural Resources.

See the **Education** section later in this catalog for complete information on your education requirements.

## College Honors

College of Natural Resources majors who attain a semester grade point average of 3.5 or above are placed on the Dean's List and recognized for their accomplishment.

## Graduation Requirements

To graduate from the College of Natural Resources, you must achieve a grade point average of at least 2.50 in the courses required for your major, including collateral courses and summer camp. If you major in paper science, you must achieve a grade point average of at least 2.75.

## Field Stations

### Central Wisconsin Environmental Station

At the Environmental Station on Sunset Lake you can gain valuable practical experience in natural resources and environmental education while you earn college credit. Located 17 miles east of the UW-Stevens Point campus, the Environmental Station is sponsored by the UWSP Foundation and the College of Natural Resources. The station covers over 300 acres of diverse landscape, including such ecological communities as coniferous and deciduous forests, ponds, and kettle lakes. It also has classrooms, dining facilities, dormitory and log cabin housing for youth and adult groups, nature trails, a challenge course, amphitheatre, and a complete waterfront. For more information, call 715-824-2428, write the Central Wisconsin Environmental Station, 10186 County Road MM, Amherst Junction, WI 54407, or e-mail: [cwes@uwsp.edu](mailto:cwes@uwsp.edu).

### Schmeeckle Reserve

The Schmeeckle Reserve is a 275-acre natural area on campus where you can hike, jog, ski, or just enjoy nature on the miles of woodchipped trails and boardwalks. Many university classes are taught here. At the public visitor center you can gain experience to apply toward a major in parks and recreation, environmental education/interpretation, or other natural resource fields, or get involved in

any number of artistic or outdoor projects. This building houses the Wisconsin Conservation Hall of Fame that includes exhibits on distinctive natural features of the Schmeeckle Reserve. For more information call 715-346-4992, write Schmeeckle Reserve, College of Natural Resources, or e-mail [schmeeckle@uwsp.edu](mailto:schmeeckle@uwsp.edu).

### Treehaven Field Station

Treehaven is a natural resource center which meets the needs of the CNR summer camp. Here, 80 miles north of Stevens Point, near Tomahawk, you live and study in a modern facility, yet have access to over 1,200 acres of diverse habitat for natural resource education and management demonstrations. Treehaven's classroom center, dining lodge, and living centers are fully winterized and host many conferences, courses, and workshops. As an undergraduate or graduate student, you may take courses on such subjects as winter ecology and wild edibles.

Treehaven is sponsored by the UWSP Foundation and the College of Natural Resources. For more information, call 715-453-4106, write the Director of Treehaven, W2540 Pickerel Creek Avenue, Tomahawk, WI 54487, or e-mail [treehaven@uwsp.edu](mailto:treehaven@uwsp.edu).

# Courses of Instruction

## Undergraduate Course Numbers

- 000-099 **Precollegiate.** These courses do not carry college level credit.
- 100-199 **Freshman level.** These courses are open to all students without restriction, if no other prerequisite is listed.
- 200-299 **Sophomore level.** The basic prerequisite for these courses is "sophomore standing" which means that you must have already earned 29 college credits. If some other prerequisite is listed for the course, you must meet it in addition to having sophomore standing.
- 300-399 **Junior level.** The basic prerequisite for these courses is "junior standing" which means you must have already earned 59 college credits. Also meet any other prerequisites that are listed.
- 400-499 **Senior level.** The basic prerequisite for these courses is "senior standing" which means you must have already earned 89 college credits. Also meet any other prerequisites that are listed.

### Prerequisites

If you register for any class when you do not have the required class standing and/or haven't met the stated prerequisites, the department may, at its discretion in the first eight days of the semester, require you to drop that class. However, if you are permitted to continue, you must realize that you accept full responsibility for the grade you earn in that class.

### Forty Credit Rule

To receive a bachelor's degree, you must earn at least 40 credits in courses numbered 300-499.

### Graduate Courses

Courses numbered 300/500-399/599 and 400/600-499/699 are offered at two levels. You may take them at the 300- or 400-level for undergraduate credit or at the 500- or 600-level for graduate credit. Realize that only graduate students may enroll for graduate credit. Courses numbered 700-799 are offered only at the graduate level.

### Pass/Fail Courses

You can register for some undergraduate courses, or certain sections of undergraduate courses on a "Pass/Fail" basis. These courses and/or sections are marked with a "#" in your timetable. See the section in this catalog called **More Academic Information** for all the regulations pertaining to pass/fail grading.

**Faculty:** B Butler, TH Johnson.

Courses in *anthropology* are administered by the Philosophy Department.

**Anthropology Minor**

Consists of a minimum of 18 credits including:

1. Anthropology 101 or 110 and either 250 or 325.
2. Six additional credits in anthropology.
3. The remaining 6 credits may be completed with electives selected from appropriate courses in one or two of the following areas: anthropology, art and design, business and economics, communication, education, English, foreign languages, geography and geology, history, interior architecture, music, natural resources, philosophy, political science, religious studies, sociology, or theatre. Collateral courses must be approved by a member of the anthropology faculty.

**Anthropology Minor for Teacher Certification**

Consists of 22 credits.

1. Anthropology 101 or 110, 250 and 325 are required.
2. Select one course from 335, 339, or 371.
3. Complete the minor with electives from anthropology. Nine credits must be in courses numbered 300 or above.

**Courses in Anthropology**

**ANTH 101(NW). Human Diversity.** 3 cr. Introduction to anthropology that includes human evolution and biological diversity, human cultural and linguistic diversity, and archaeology. GDR:SS1

**ANTH 110(NW). Cultural Diversity in the Global System (formerly 310).** 3 cr. Contemporary issues in cultural anthropology, such as continuing threats from the expanding global system to indigenous self-determination and indigenous cultural persistence and its impact on transforming world cultures. GDR:SS1

**ANTH 250(NW). Introduction to Archaeology.** 3 cr. Selective review of archaeological methods and evidence used to examine the development of human cultures from the Old Stone Age to the historic period. Prereq: 101 or 110 or cons instr. GDR:SS1

**ANTH 320(NW). Anthropology of Religion.** 3 cr. Relationships between religion and other institutions in preliterate and peasant societies; impact of religion on the individual. Prereq: 101 or Sociology 101 or cons instr. GDR:SS1

**ANTH 325 (formerly 280). Culture and Language.** 3 cr. Survey of anthropological linguistics, with examples from around the world. Topics include the evolution of language, basic language structure, how language structures and reflects cultural and social differences, and the preservation of language diversity. GDR:SS1

**ANTH 335(NW). Peoples of Latin America.** 3 cr. Ethnological survey of peoples of South America and the Caribbean whose ancestry is predominantly non-European. GDR:SS1

**ANTH 338. Peoples of the Pacific.** 2-3 cr. Ethnological survey; the cultural organization of Pacific societies and the significance of social change. Prereq: 101 or 310 or Sociology 101 or cons instr.

**ANTH 339(NW). Native Cultures of North America.** 3 cr. Selective survey of the evolving cultural heritage of native North Americans. GDR:SS1.

**ANTH 340. Field and Laboratory Techniques in Archaeology.** 3 cr. Techniques, methods and procedures of field and laboratory archaeology discussed and practiced in actual working conditions on an archaeological excavation. Offered in summer only. May repeat for 6 cr max. Prereq: Cons instr.

**ANTH 345. Native Peoples and Cultures of MesoAmerica.** 3 cr. Explore societies and cultures of the indigenous peoples of Mexico and Central America from prehistory to the present.

**ANTH 371(MNS). Contemporary Native North American Cultures.** 3 cr. Cultural adaptations of contemporary native North American peoples in the context of other North American societies and their cultures.

**ANTH 380(NW). Anthropology of Health and Disease.** 3 cr. Anthropological approaches to the knowledge and understanding of health and disease in various cultures. GDR:SS1

**ANTH 390/590. Special Topics in Anthropology.** 1-3 cr. Subtitle will designate area. May repeat for credit with different subtitle.

**ANTH 393. Field Trips in Anthropology.** 1-3 cr. Direct observation of anthropological data within an environmental context; required readings and field notebook. May repeat with change of locale or topic. May not earn credit in Geography 393 or Geology 393 under same topic or locale.

**ANTH 395/595. Special Topics in Anthropology.** 1-3 cr. Subtitle will designate area. May repeat for credit with different subtitle.

**ANTH 399. Independent Study.** 1-3 cr. An independent study of any area of anthropology may be arranged with an instructor in consultation with the chair. Credit based on scope of project. May repeat for 6 cr max.

## Art and Design

(College of Fine Arts and Communication)

Jeff Morin, Chair

Room B-116, Fine Arts Center

Phone: 715-346-2669

E-mail: Art.and.Design.Office@uwsp.edu

**Faculty:** L Ball, D Bywaters, K Cecil, R Dorethy, R Erickson, A Gary, C Heft, J Morin, S Morrison, G Peñafiel, M Pohkamp, J Smith, R Stolzer, R Stowers, S Sullivan, K Thielking.

The UW-Stevens Point Department of Art and Design is an accredited institutional member of the National Association of Schools of Art and Design (NASAD). The primary purpose of the art and design program is to develop professional artists, designers, and educated consumers of fine art and commercial imagery.

Education in the visual arts and design is different from other subjects. The arts bring a special dimension to the academic program of the university—the personal dimension of feeling, sensitivity, empathy, and expression. The visual arts specifically seek to involve students in perceiving the world they live in, reacting to the things they see and feel, and interpreting their emotions, feelings, and insights through a variety of visual materials.

The making of works of art involving various materials and processes, the knowledge of art objects in relation to cultural meaning, and the critical evaluation of art products are the basic aspects of visual art program experiences. Studio experience is the foundation upon which each of these experiences is based. From the technical and creative aspects of art production flow various functions, meaning, and special knowledge areas of education in the visual arts.

### Enrollment Management Plan

The Department of Art and Design is a limited enrollment program. Students admitted to the university are accepted into the department in order of application. We encourage you to apply as early as possible.

### Professional Opportunities in Art and Design

Art and design graduates are employed in commercial and private firms, government, industry, and education fields. Some become self-employed professional artists and crafts people. Programs of study in the department prepare you for careers in the visual arts, graphic or advertising design. Employment in a museum/gallery or as an art program director, crafts program director, studio artist, designer, and art administrator are among many other possibilities.

### Recommended High School Preparation

In addition to the usual university requirements for admission and entry into any of the art and design programs, high school courses in art and drafting are highly recommended. In addition, if you are planning to enter the professional art and design BFA (Bachelor of Fine Arts) program, four years of English, one year of algebra, two years of foreign language, and two years of science in high school are recommended.

### Curricula in Art and Design

You may choose from a variety of curricula. The major difference found between programs is the coursework specifically related to a career or emphasis area. Some of the programs are approved by professional agencies. The Department of Art and Design prepares a curriculum guide and provides an adviser who assists you in planning your long-range programs and specifies the exact requirements for graduation. You may use your electives to broaden your education, strengthen your areas of specialization, or in some cases, meet the needs of two programs of study.

The undergraduate curricular areas are:

Drawing	Ceramics
Painting	Art History
Graphic Design	Printmaking
Photography	Sculpture

### General Requirements

Study in a variety of areas of knowledge is required of all undergraduates, and these requirements vary depending on the particular degree. The Department of Art and Design offers the Bachelor of Arts and the Bachelor of Fine Arts degrees. See the previous section of this catalog entitled *General Degree Requirements*.

### Courses for Nonart Majors

Courses in the Department of Art and Design are open to all students provided who meet the prerequisites and secure written departmental consent. You do not need prior departmental consent for courses that are designated for nonart majors.

### Exhibition Material, Visiting Lecturer Program, and Edna Carlsten Gallery

The department reserves the right to retain examples of student work for exhibition purposes. The department also maintains an ongoing program of visiting artists and lecturers to supplement the curriculum, and a cooperative schedule of operations and exhibitions with the Edna Carlsten Gallery, housed in the Fine Arts Center. The gallery regularly displays traveling shows and exhibits for student and public viewing.

### Course Fees

Fees are charged for certain courses to cover the cost of materials.

### Art Foundation

Consists of 18 credits for all art programs: Art 101, 102, 103, 104, 282, 283.

### Art Major (BA)

This is the basic liberal arts program. The major consists of 45 credits in art foundation, art history and studio art courses.

1. Art foundation, 18 credits (see above).
2. Art history, 6 credits, upper level.
3. Studio art electives, 21 credits, 200 level or above. To encourage diversity in studio selections, you must take 9 credits from one studio area, but no more than 9 credits from any single area. Select courses from drawing, painting, printmaking, photography, ceramics, sculpture.

## Art Major (BFA)

This is the professional art program. The major consists of 80 credits in art and art-related courses as follows:

1. Art foundation, 18 credits.
2. One art emphasis area listed below (foundation and emphasis total 80 credits).
3. Distribution of course subjects as specified for the emphasis area.
4. Art history: 6 credits at 300 level (includes Art 393).
5. Senior seminar and portfolio: Art 490 and 491.

## Emphases for Art Major (BFA)

### Two-Dimensional Emphasis:

1. Art foundation, plus Art 234 and 236, 24 credits.
2. Art history, 6 credits from Art 346, 382, 383, 385, 386, 387, 388, 389, 390, 391, 392, 393, 397, 398K, 399K
3. Studio art courses, 42 credits as follows:
  - a. 2-D, 33 credits from 206, 207, 215, 303, 308, 310, 311, 320, 321, 322, 323, 334, 336, 398A-D, 399A-D, 401, 402, 403, 420 (3 cr max), 424 (2-D area), 434, 436.
  - b. 3-D, 9 credits listed in the 3-D emphasis below.
4. Art 490 and 491, 8 credits.

### Three-Dimensional Emphasis:

1. Art foundation, plus Art 234 and 236, 24 credits.
2. Art history, 6 credits from Art 346, 382, 383, 385, 386, 387, 388, 389, 390, 391, 392, 393, 397, 398K, 399K
3. Studio art courses, 42 credits as follows:
  - a. 3-D, 30 credits from Art 201, 251, 252, 261, 353, 354, 355, 361, 398F-J, 399F-J, 420 (3-D, 3 cr max), 451, 461.
  - b. 2-D, 12 credits listed in the 2-D emphasis above.
4. Art 490 and 491, 8 credits.

### Graphic Design Emphasis:

1. Art foundation.
2. Art 206, 207, 215, 234, 236, 308, 309, 311, 393, 410, 412, 413.
3. Art history, 3 credits at 300 level.
4. Studio art electives to total 23 credits including 419 and 491. One art elective must be in 3-D.

In the BFA program we encourage you to enhance your specialty by selecting a variety of course groupings. The department chair or your adviser will help you prepare your program. In certain cases, you can make substitutions with the permission of the department chair.

## Art History Minor

Consists of 21 credits:

1. Art 282, 283. Take these before any of 2, 3, 4 below.
2. Three credits of American or European history.
3. Four courses of 300 or 400 level art history. Select from Art 346, 380-397, 398K, 399K. You may include others with permission of the art history coordinator and your art adviser.
4. Distribution:
  - a. No more than three upper level art history classes covering the modern period (19th and 20th centuries) may count toward the art history minor.
  - b. No more than two classes covering the 20th century may count toward the art history minor.
  - c. At least one upper level class must be devoted to material before the 19th century or to a non-Western subject (any period).

## Academic Standards

All art and design students must meet the academic entrance requirements of the university. Since individual development is an expectation, you should be prepared to present a portfolio of artwork for review and evaluation periodically throughout the program as requested.

**Transfer credits:** To transfer art credits from other institutions, you must submit a portfolio and grade transcripts. Acceptance of transfer credit toward the major depends on successful portfolio evaluation and placement.

**Entry status:** All entering art and design majors (freshmen, changes of major, and transfers) are accepted into the art program as BA majors. Acceptance into the BFA is by portfolio review, as described below.

The Department of Art and Design has the following standards for continuation in its programs:

**Art Foundation Requirement:** You need a 2.67 or higher GPA in the art foundation, including transfer credits and regardless of any declaration of academic bankruptcy, to maintain your status as an art major and to qualify for portfolio review. The foundation consists of Art 101, 102, 103, 104, 282, 283.

**Portfolio Review:** Portfolio review and approval is required for admission into the BFA (professional) program. This review, conducted by art and design faculty, occurs in the spring semester. You must have completed Art 101, 102, 103, 104 and choice of six credits from other art studio courses.

The review must take place before you complete 24 studio art credits. If you complete 24 studio art credits during the fall semester, you must complete the review the following spring. **You may attempt the review only once.**

At the time of the review, you may apply for up to two emphasis areas. Admission to the BFA is limited. If you do not pass the BFA review, you may maintain BA status in the Department of Art and Design.

**BFA Requirement:** In order to complete the BFA program, you must satisfy art foundation and portfolio requirements and maintain a 2.67 or higher GPA in art courses beyond the art core, including transfer credits and regardless of any declaration of academic bankruptcy. Also, for graduation, you must achieve a 2.67 or higher GPA in all art courses, and successfully present a senior exhibition (Art 491) or senior design portfolio presentation (Art 491).

**BA Requirement:** The basic art program requires a 2.67 or higher GPA, including transfer credits, regardless of any declaration of academic bankruptcy.

Contact the Department of Art and Design for further details. The department chair may make exceptions to the above entrance and retention criteria under unusual circumstances.

## Test-Out and Credit-by-Exam Policy

The Department of Art and Design has test-out and credit-by-exam procedures for all general degree requirement (GDR) art courses which include Art 181, 282, 283, 346, and 397. If you wish to receive credit-by-exam, you must first confer with the faculty member who teaches the course about requirements for the exam and grading procedures. If you pass the test-out exam, the GDR requirement will be waived, you will receive credit for the course, and the course may count toward an art major and/or minor if appropriate.

# 50 Art and Design

The test-out exam will consist of a specific exercise or series of exercises that are different from the exams and exercises used in the existing course. The exam will be cumulative, covering all major subjects in the course. In a course with a significant research component, you may be required to do an appropriate research project. You may take a test-out exam only once for any given class.

## Probation

If your GPA is below the minimum requirement, you will receive a warning that your academic status is unsatisfactory. If your GPA falls below the minimum requirement for two consecutive semesters, you will be dismissed as a major. The department policy on repeating courses and academic bankruptcy requires prior departmental authorization, but is otherwise the same as the general university policy, except where higher department GPA requirements apply.

## Academic Appeal

You may appeal any action taken by the Department of Art and Design that is based on departmental requirements and policies that are set forth in this catalog. You must appeal in writing to the department chair within 30 days of notification of the action taken. The department chair will determine whether a review is appropriate. If so, a review team, composed of a faculty member appointed by the chair and a faculty member that you select, will review the matter and give a recommendation to the chair.

## Courses in Art and Design

**ART 101. Design: Two-dimensional.** 3 cr. Fundamental visual elements, issues, and principles of two-dimensional design as a foundation for further study in the visual arts and design. May not earn credit in both Art 101 and Interior Architecture 101.

**ART 102. Design: Three-dimensional.** 3 cr. Fundamental visual elements, issues and principles of three-dimensional design as a foundation for further study in the visual arts and design.

**ART 103. Basic Drawing I.** 3 cr. Basic drawing using various materials and techniques.

**ART 104. Drawing II.** 3 cr. Foundations drawing using a variety of media and approaches with emphasis on conceptual development and color theory/application. Prereq: 103.

**ART 181(NW). History of the Visual Arts.** 3 cr. Survey of world art and architecture. Directions, functions, influences of visual imagery and structures in world culture. Nonart majors may use 181 in lieu of 282 or 283 as prereq for upper level art history courses. GDR:HU1.

**ART 201. Intermediate 3-D Studio Design.** 3 cr. Applied 3-D design theory and concepts using 3-D computer modeling and traditional 3-D materials. Prereq: 101, 102 or cons instr.

**ART 206. Technical Drawing.** 3 cr. Drawing skills in translating three-dimensional forms through various spatial systems leading to form and symbol development. Prereq: 104. (I)

**ART 207. Basic Graphic Design.** 3 cr. Structure of words and images in graphic design. Basic principles of typographic design. Prereq: Art foundation. (II)

**ART 215. Basic Photography.** 3 cr. Introduction to black and white photography as expressive creative medium. Historical and contemporary issues, both technical and aesthetic, emphasizing development of skills necessary to use photographic medium and personal application. Student must furnish light meter and camera with adjustable aperture and focusing. Prereq: 104 or cons instr.

**ART 234. Basic Painting.** 3 cr. Introduction to oil painting, with traditional and contemporary methods. Develop critical judgment by exploring technical, conceptual and historical perspectives. Prereq: 104.

**ART 236. Life Drawing.** 3 cr. Drawing the human figure with attention to anatomy, using a variety of media. Prereq: 103.

**ART 251. Sculpture Survey.** 3 cr. Understanding relationships between sculptural concepts and materials through work in a variety

of additive and reductive processes. Prereq: 101, 102, 103, 104. Required for sculpture majors.

**ART 252. Figure Modeling.** 3 cr. Introduction to life modeling with emphasis on anatomy and traditional modeling techniques. Basic moldmaking and nonmetals casting. Cross-cultural overview of figurative sculpture from prehistory to present. Prereq: 101, 102, 103, 104, 236 (may be con reg). Required for sculpture majors.

**ART 261. Basic Ceramics (formerly 361).** 3 cr. Introduction (based on clay and glaze calculations and chemical theory) to variety of ceramic materials and processes of forming, finishing, and firing. Also, manipulative and technical skills, aesthetic exploration, ceramic tradition and contemporary trends. Prereq: 102 and 104.

**ART 282. Survey of Western Art History I.** 3 cr. History of art in ancient and medieval cultures, emphasizing historical, cultural, religious, economic, and political factors that influenced the architecture, painting, and sculpture of Egypt, the ancient near East, Greece, Rome, Byzantium, and medieval western Europe. **ART 393. American Graphic Design History.** 3 cr. History of development of graphic design in North America from western European colonization through the present. Prereq: 282, 283, or cons instr.

**ART 397. Art History in International Programs.** 3 cr. Advanced art history course during UWSP International Programs semester abroad or study tour. Subject varies depending on destination and resources. Emphasis on art and culture of area visited. May repeat 3 times (9 cr) under different subtitles. May not take on-campus course covering same material. Prereq: Admission to UWSP study tour or semester abroad. (181, 282, 283 recommended.) GDR:HU1

**ART 398. Special Topics. 1-3 cr.** Group work in one medium, technique, or area. Subtitle and credit value will vary. Prereq: Cons chair.

398A-Graphic Design; 398B-Drawing; 398C-Printmaking; 398D-Painting; 398F-Crafts; 398G-Sculpture; 398H-Ceramics; 398J-Art Metal; 398K-Art History; 398L-Z (subtitle to be supplied).

**ART 399. Special Work. 1-3 cr.** Upperclass art majors or minors may arrange for special advanced work with cons chair and an appropriate faculty member. Credit based on scope of the project.

399A-Design; 399B-Drawing; 399C-Printmaking; 399D-Painting; 399F-Crafts; 399G-Sculpture; 399H-Ceramics; 399J-Art Metal; 399K-Art History; 399L-Z (subtitle to be supplied).

**ART 401. Professional Photographic Techniques.** 3 cr. Standard studio lighting techniques including hotlights/strobe units. Real problem solving using color transparency media in community and university photography projects. Prereq: 320.

**ART 402. Advanced Photography.** 3-6 cr. Advanced study in photography, with individualized instruction, image making, and expression. Emphasis on formal, intellectual, and aesthetic issues. Develop comprehensive, cohesive, technically proficient body of work. May be repeated. Prereq: 320.

**ART 403. Advanced Drawing II.** 3 cr. Continued investigation of advanced drawing concepts. Emphasis on developing a concise body of drawings. May repeat for 6 cr max. Prereq: 303.

**ART 410. Graphic Design Processes.** 3 cr. Concepts and applications of graphic design through commercial production formats. Design and production of hand and computer mechanicals for various print processes, emphasizing skill, craftsmanship, and visual aesthetics. Prereq: 311. (II)

**ART 412. Advanced Problem Solving in Design. (formerly 316)** 3 cr. Advanced applied problems in package design. Emphasis on formal, intellectual, aesthetic and pragmatic issues. Problems organizing word and image with the container. Work leading to significant portfolio development. May repeat for 6 cr max. Prereq: 410. (I)

**ART 413. Problem Solving in Design II-Print.** 3 cr. Advanced applied problems in print design. Emphasis on formal, intellectual, aesthetic and pragmatic issues. Problems organizing word and symbol to form corporate identity. Work leading to significant portfolio development. May repeat for 6 cr max. Prereq: 412. (II)

**ART 418. Gallery Internship.** 1-3 cr. Internship in the Carlsten Art Gallery. Training in philosophical issues of gallery management and exhibition programming. Technical training and practice of gallery management include organizing and hanging shows, planning receptions, grant and fund-raising, etc. May repeat for 3 cr max. Does not count as art elective.

**ART 419. Design Internship.** 3-9 cr. Studio experience in a chosen area design firm; credit approved on submission of portfolio and written description of experience in consultation with the firm; elective credits only. Prereq: 15 cr of advanced visual communication art studies; cons art design faculty.

**ART 420. Studio Art Internship.** 1-3 cr. Visual arts experience in a selected area, including studio techniques, management, process exploration and research. May repeat for 3 cr max. Prereq: At least 15 cr advanced visual arts studies, cons chair.

**ART 421. Advanced Printmaking.** 3-6 cr. Advanced study in printmaking with individualized instruction, image making, and expression. Emphasis on formal, intellectual, and aesthetic issues. Develop comprehensive, cohesive, and technically proficient body of work. May be repeated. Prereq: 321 or 322 or 323.

**ART 424. Monotype Printmaking.** 3 cr. Introduction to monotypes as an expressive art form. Familiarization with technical and conceptual aspects through demonstrations, practice and readings. Prereq: 104 or cons instr.

# 52 Arts Management

**ART 434. Advanced Painting.** 3-6 cr. Advanced study in painting with individualized instruction, image making, and expression. Emphasis on formal, intellectual, and aesthetic issues. Develop comprehensive, cohesive, and technically proficient body of work. May be repeated. Prereq: 334.

**ART 436. Life Drawing.** 3 cr. Content determined by student and instructor; based on previous coursework in life drawing. Prereq: 336 or cons instr.

**ART 451. Advanced Sculpture.** 3-6 cr. Advanced study in sculpture. Individual instruction. Emphasis on formal, intellectual, and aesthetic issues. Develop comprehensive, cohesive, and technically proficient body of work. May be repeated. Prereq: 251 and one 200 or 300 level course in area of proposed study. At least 3 cr of 451 required for sculpture majors.

**ART 461. Advanced Ceramics.** 3-6 cr. Advanced study in ceramics with individualized instruction, image making, and expression. Emphasis on formal, intellectual, and aesthetic issues. Develop comprehensive, cohesive, and technically proficient body of work. May be repeated. Prereq: 361.

**ART 490. Senior Seminar.** 4 cr. Contemporary criticism and theory for BFA students in preparation for senior exhibition. Readings from contemporary literature in studio disciplines, discussions, presentation, and writing critical response to current issues and ideas. Concurrent development of student senior portfolio. (I) Prereq: Sr st in BFA art major or cons instr.

**ART 491. Senior Exhibition.** 4 cr. Preparation of senior portfolio (graphic design emphasis) or gallery show (2-D or 3-D emphasis). Studio work to enhance and complete student portfolio: organization and installation of an exhibition in the Edna Carlsten Gallery or participation in the Graphic Design Senior Portfolio Review; faculty evaluation of exhibition. (II) Prereq: Sr st in BFA art major and 490.

**ART 796. Independent Study.** 1-3 cr. Special work. Prereq: Cons instr.

## Arts Management (College of Fine Arts and Communication)

Gerard McKenna, Coordinator  
Room A202, Fine Arts Center  
Phone: 715-346-4920  
E-mail: gmckenna@uwsp.edu

The continual growth and complexity of theaters, art centers, dance groups, and music organizations have created a demand for skilled arts administrators who can develop programs, write grants, provide technical assistance, and be responsible managers. This interdisciplinary major is a blend of artistic and managerial courses that provides you with the necessary theory and practice to begin a career in arts management or gain acceptance into a graduate program.

This degree program offers preparation in the major with the opportunity, in consultation with your adviser, for a minor area of concentration. The program contains courses in communication, business and the arts with opportunities in music, art, dance, and theatre, two campus-based internships, and finally a semester-long externship in an arts agency in a larger city.

With this major you will better understand the artists' needs and aspirations and see the interrelationship of the arts, communication skills, and business constraints that apply to the financing, producing, promoting, and marketing of the arts. In addition to artistic and cultural values, you will learn practical skills of organizational development, public relations, marketing the arts, and most importantly leadership in the arts.

## Arts Management Major (BA)

1. **Business**, 12 credits: Accounting 210; Business 330, 340, and 380.
2. **Communication**, 12 credits: Communication 221, 230, 334 and 431.
3. **Creative arts**: In consultation with the adviser, select 12 credits of courses from music, theatre, dance, art.
4. **Arts management**, 19 credits required: Arts Management 195, 280, 380, 395, and 480.
5. **Minor**: In consultation with the arts management adviser, you must choose a minor within the university. (Courses in the minor cannot be counted toward creative arts, item 3 above.)

## Admission Procedures and Academic Standards

1. The arts management major is open to all university students.
2. To declare a major in arts management, fill out the appropriate form in the Arts Management Office, Room 200, Fine Arts Center.
3. Initial enrollment in the program is as a "pre-arts management major." The dean of the College of Fine Arts and Communication serves as your adviser.
4. You are admitted to the arts management program after you complete 30 credits of university coursework with a 2.5 grade point average (GPA) and successfully complete Arts Management 195.
5. In order to continue in the program you must have maintained a 2.5 GPA and present evidence of a high degree of initiative and self-motivation, with a strong entrepreneurial perspective for the field of arts management.
6. You must maintain a cumulative grade point average of 2.75 for all courses in the major regardless of a declaration of academic bankruptcy to continue in the major and for graduation.
7. Courses included in the GPA calculation above are the required set of courses in arts management, business, communication, and the creative arts area (listed above).

## Courses in Arts Management

**ARTM 195. Introduction to Arts Management.** 1 cr. Overview of the business of managing nonprofit organizations and people in arts-related professions. Awareness of the field, private and public arts agencies, and the arts in local communities.

**ARTM 280. Internship in Arts Management.** 2 cr. Initial field experience in local arts agency or campus arts office. Assigned tasks are evaluated at mid-semester and end of course. Prereq: 195.

**ARTM 380. Internship in Arts Management.** 2 cr. Advanced field experience in local arts agency or campus arts office. Assigned tasks are evaluated at mid-semester and end of course. Prereq: 195.

**ARTM 395. Seminar in Arts Management.** 2 cr. Capstone course in local arts agency management, budgeting, promotion and publicity of arts events, with presentations by guest arts agency managers. Prereq: 380.

**ARTM 480. Externship in Arts Management.** 12 cr. Placement in an arts agency in a large city environment, full time for 15 weeks. Prereq: 395.

Courses in *astronomy* are taught by members of the Department of Physics and Astronomy.

### Test-out and Credit-by-Exam Policy

The Department of Physics and Astronomy will offer test-out examinations for all general degree requirement (GDR) courses offered by the department. The exams will cover both lecture and laboratory topics.

If you wish to take a test-out exam, confer with the department chair who will arrange for a faculty member to administer and grade a comprehensive written exam. A passing grade will be at least five percent above the most recent class average. You will be informed of the required passing score before taking the exam. Results will be evaluated and (if appropriate) credit granted by the departmental Educational Policies Committee. You may take a test-out exam only once.

Course credit can be granted for Astronomy 205, 206, 311; Physics 150, 201, 202, 203, 204, 250. Credit will NOT be granted for Astronomy 100 and Physics 100 and 101, but the GDR science credit will be waived.

### NOTES:

1. You may not take both ASTR 100 and 311 for credit.
2. If you take ASTR 205 or 206, you may not subsequently take 100 for credit.
3. You may not apply both ASTR 311 and 205 for GDR credit. You may not apply both 311 and 206 for GDR credit.
4. You may take both ASTR 205 and 206 for GDR credit.

### Courses in Astronomy

**ASTR 100. Unveiling the Universe.** 3 cr. An encounter with ideas concerning the physical universe, from earth to intergalactic space. 2 hrs lec, 2 hrs lab per wk. You may not take both 100 and 311 for credit. Also, you may not take 100 for credit if you have already taken 205 or 206. GDR:NS

**ASTR 205. The Solar System.** 4 cr. A contemporary perspective with emphasis on understanding basic principles of astronomy, coordinate systems, telescopes, planetary phenomena, and recent results of planetary exploration. 3 hrs lec, 3 hrs lab per wk. Prereq: Math 100 or equiv or cons chair. GDR:NS

**ASTR 206. Stars and Stellar Systems.** 4 cr. An examination of the content and evolution of the universe, including the birth and death of stars, the nature of galaxies, and the mystery of quasars and blackholes, with emphasis on understanding physical concepts. 3 hrs lec, 3 hrs lab per wk, some night observations. Prereq: Math 100 or equiv or cons chair. GDR:NS

**ASTR 311. Introduction to Astronomy.** 3 cr. Descriptive approach to astronomy through study of the solar system, stars, star clusters, nebulae, and galaxies; evening meetings required for observation; use telescopes and planetarium. You may not take both 311 and 100 for credit. You may not apply both 311 and 205 or 311 and 206 for GDR credit. Not open to students who have had both 205 and 206. GDR:NS-BS

**ASTR 380. Selected Topics.** 1-3 cr. Subtitle will designate topic. Prereq: Cons instr.

**ASTR 796. Independent Study.** 1-4 cr. Planned study designed to enrich and supplement the student's preparation in astronomy. Regular scheduled conferences with the staff supervisor.

Phone: 715-346-2159  
E-mail: Biology.Department@uwsp.edu  
Web: www.uwsp.edu/biology

**Faculty:** T Barta, R Bell, D Caporale, R Crowther, JD Curtis, V Freire, E Gasque, P Gasque, C Hartleb, S Jansky, W LeGrande, D Post, R Rosenfield, R Schmitz, S Sepsenwol, E Singaas, D Staszak, E Stern, S Taft, S Van Horn, E Wild, C Yahnke.

### NOTES:

1. The biology major is the same regardless of the type of degree you earn (BA or BS) or the college from which you graduate. If you have a single major (biology), you will graduate from the College of Letters and Science. If you are in education, you may graduate from either the College of Letters and Science or from the College of Professional Studies. If you have a double major, such as biology and natural resources, you may graduate from the College of Letters and Science or the College of Natural Resources.
2. Courses in biology are open to all students who meet the prerequisites.

### Biology Major

A minimum of 34 credits in biology as follows:

1. Biology 130, 160, 210, 305, 306, and 490 or 498 with seminar designation. If you complete the College of Natural Resources summer camp, do not take 306.
2. One course from Biology 281, 285, 314, 351.
3. Complete at least one course from at least two of the following course clusters.
  - a. One course from Biology 330, 331, 337, 338, 342, 344, 346, 351, 355; or two from Biology 339, 345, 347.
  - b. One course from Biology 281, 285, 286, 360, 361, 362, 367, 370, 373, 374, 375, 376, 377, 378, 379, 388; Water 387.
  - c. One course from Biology 309, 314, 317, 323, 326, 333, 335, 415; Chemistry 365; or both Biology 318 and 319.

NOTE: You may use Biology 281, 285, 314, and 351 to satisfy only ONE of the required areas.

4. At least one writing emphasis (WE) course in natural science (astronomy, biology, chemistry, geography, geology, physics) or from the College of Natural Resources is **recommended but not required**. Only courses that are part of the biology major will count toward the minimum of 34 credits for the major.
5. Elective credits to reach a minimum of 34 biology credits. Select from additional biology courses, Chemistry 365, Water 387, 481, 483.
6. Collateral courses: Chemistry 105 and 106, or 115 and 116; and Math 111 or 120 or 355.

# 54 Biology

## Biology Minor

Consists of a minimum of 22 credits:

1. Biology 130 and 160.
2. Any two of the following categories:
  - a. Biology 210.
  - b. Biology 305.
  - c. Biology 281, or 285, or 314, or 351.
3. Elective credits in biology (may include Chem 365, Water 387, 481, 483).

## Conservation Biology Minor

See *Natural Resources*.

## Academic Standards and Policies

Your status as a biology major depends on several factors.

1. If you are a new freshman and have been admitted as an approved biology major, a biology faculty member will be assigned to advise you.
2. If you have not been admitted as a biology major upon initial enrollment, you may apply for admission after you complete Biology 130 and 160 with a 2.50 GPA in courses required for the biology major.

To be admitted, retained, and approved for graduation as a biology major or minor, you must have a minimum cumulative grade point average of 2.50 for all courses taken within the major (2.75 to student teach in biology), including collateral courses and regardless of a declaration of academic bankruptcy. If you are a transfer student, you meet this requirement by having at least a 2.50 GPA in the total major (UWSP and transfer credits).

NOTE: No more than 6 credits of D work in biology courses will be counted toward the completion of the biology major or minor. All grades of D or F are used to compute the cumulative GPA in the major or minor. If a course is repeated, the last grade earned is the grade used in the GPA calculation. Courses with grades of D or F may be repeated only if a seat is available after the regular registration period.

**Teacher Certification:** Enrollment caps are in effect for those seeking teacher certification. Please contact the Biology Department early for entrance requirements and application procedures. Also see information about the Professional Education Program and the secondary education curriculum for teacher certification in the *Education* section of this catalog. Check with the biology chair during your junior year to be certain you have the proper courses.

**Credit-by-Exam Policy:** Credit-by-exam is available for Biology 100, 101, 130, 160, 210, and 305. First, confer with the department chair about the course exam you wish to take. The exam will be prepared by a faculty member who teaches the course. You will receive credit for the course if you pass the test with a grade of 70 percent or higher. You may take an exam for credit only once.

**Biology 101 Substitution Policy:** If you take Biology 101 prior to 130 and 160 and receive a grade of A, you may with approval of the chair, use 101 as a substitute for either Biology 130 or 160. Other conditions apply; see the chair for additional information. NOTE: This policy applies only to biology majors and minors.

**Advanced Placement (AP) Exams:** If you wish, you may use a score of 5 on the biology AP exam as a substitute for either Biology 130 or 160. See the chair or advising coordinator to exercise this option. If you score 3 or 4 on the AP exam, you will receive 5 credits toward

graduation, but NOT toward a biology major. Majors and minors must complete Biology 130 AND 160.

## Areas of Emphasis

The areas listed below **ARE NOT** majors or specialties that will be listed on your transcript. These are simply ways of personalizing the required core curricular elements, collateral courses, and electives to best fit particular career goals. These are **suggestions, not requirements**, and should be considered as a way of selecting the most appropriate courses to satisfy both the biology major and your interests while best preparing you for a career in that area.

You should discuss your selection of options and recommended courses with the Biology Peer Assistance Center counselors and with your adviser to ensure adequate preparation for specific careers.

With the minimum requirements for a biology major most students will be able to enter a profession upon graduation. If you want to advance in your profession after employment or enter graduate school, medical school, or veterinary medicine, it will be wise to take Math 111 or 120, and 355; Physics 203 and 204; and a chemistry minor with Chemistry 365 as an elective.

NOTE: Keep in mind that employers are looking for things other than coursework when you apply for a job in the biological sciences or post-graduate training. The three most important things besides coursework are: *communication skills; leadership skills, and in-field experience*. Check with a Biology Peer Assistance Center counselor and your adviser to find out how you might enhance these three areas.

**Aquatic Biology:** Recommended: 360 or 361 or Water 387; 338, 347, 374, 375; Chemistry 220, or 325 and 326; Math 355; Physics 203, or 201 and 202; Water 481, 483. Supplementary: Biology 362; Water 389, 480, 482, 484.

**Biobusiness:** Take at least the following business courses: Accounting 210, Economics 210 and Business 330 and 336. In certain cases it might be appropriate to take a business minor. The following courses are recommended for the following business emphases:

*Horticulture:* Biology 333, 335, 337, 342, 346, 351, 367; Chemistry 220 and 260; Forestry 331, 333; Soils 260.

*Pharmaceutical and Biomedical Sales:* Biology 285, 314, 333, 382; Chemistry minor with Chemistry 365 as an elective.

**Biotechnology:** 310, 314, 317, 318, 319, 326, 333, 490 (molecular biology), 498 (both immunology and DNA sequencing); chemistry minor with Chemistry 365 as elective; Physics 203 and 204; Mathematics 111 or 120.

**Botany:** Recommended: 330, 337, 338, 342, 346, 351, 355; Organic Chemistry. Supplementary: 314, 331, 333 or 355; 344, 367; Soils 260.

**Ecology/Environmental:** Recommended: 281 or 351; 342, 355, 360, 372, 375; Modules in Ecology; Chemistry 220; Math 355; Geography 379; CIS 102. Supplementary: English 254; Geography 101; Math 111; Physics 203, or 201 and 202; Political Science 304; Philosophy 380.

**Education:** Recommended: 281 or 285; 330 or 342; 314 or 333 or 351. Supplementary: 355 or 384, 385, 386; 360, 367 or 372. You need a faculty adviser in biology AND one in education.

**Graduate Work/Research:** Most graduate programs in biology require a chemistry minor with Chemistry 365 as the elective, Physics 203 and 204, and Math 111 or 120, and 355.

**Microbiology:** Recommended: 314; 333, 335 or 337, 415, 498 (Immunology). Supplementary: 338, 362, 399; Math 355; chemistry minor.

**Natural History:** Recommended: 322, 342, 361, 367, 372, 379. Supplementary: 339, 399; Geology 101; Geography 101; Natural Resources 368, 369.

**Zoo and Aquaria:** Biology 281, 362, 370, 372 (4 cr) or one of the vertebrate courses: 374, 376, 377 or 378; 382, 385, 386, 388 and 499 (internship).

**Zoology:** Recommended: 281; 311 or 314; 370 or 371; 344 or 361 or 362 or 367; 372 or 374 or 375 or 376 or 377 or 378. Supplementary: 310, 320, 322, 373, 381, 385, 388; Water 481; Geology 339.

### Preprofessional:

Although not required, we advise students in all preprofessional areas to get a bachelor of science degree before entering a professional school. *All areas listed below require Biology 160, English, humanities, psychology, sociology, and speech.* Contact the appropriate preprofessional adviser for suggested electives and requirements for specific schools at the earliest convenience.

**Prechiropractic:** At least 90 credits to include Biology 160, 285; Chemistry 115 and 116, 325, 326, 328, 329; Physics 203 and 204; English 101 and 102; Communication 101; Psychology 110; plus 3 credits of social sciences/humanities. Grades must be C or above. A bachelor's degree is required to practice in Wisconsin and most states.

**Predental:** Biology 285; Chemistry 114, 115, 116 (or 105 and 106), 325, 326, 328; Math 112; Physics 203, 204; additional helpful courses: Biology 210, 314, 317, 333, 370; Psychology 260 or 315.

**Premedical:** Biology 160, 210, 285; Chemistry 114, 115, 116, (or 105 and 106), 325, 326, 328; Physics 203 and 204; Math 111 or 120 or 355. Additional helpful courses: Biology 314, 333, 370, 382, 498 (immunology); Chemistry 365 or 260.

**Premortuary:** A minimum of at least 28 credits including: Business 210; one year of chemistry; Math 100.

**Preoptometry:** Normally, at least 90 credits including: Biology 160, 210, 317, 333; Chemistry 105 and 106 (or 115 and 116), 325, 326, 328; Math 111 and 355; Physics 203, 204; additional recommended courses are Biology 285, 286; Chemistry 365; Psychology 110, 260.

**Prephysician's Assistant:** Biology 160, 285, 286, 333; Chemistry 105/106, 220, 260; Psychology 110; Math 100.

**Preveterinary:** Biology 160, 210; chemistry minor with Chemistry 365 as the elective; Physics 203 and 204; Math 111 or 120, or 355; freshman English; 6 credits of social science and humanities; additional helpful courses include Biology 281 or 285, 333, 362, and 388. If you are considering veterinary research, take at least some of Biology 310, 314, 317, 382, 433, and 498 (both immunology and recombinant DNA laboratory).

## Courses in Biology

**BIOL 100. Biological Principles and the Human Environment.** 3 cr. Survey of biology emphasizing present and future relationships of humans to their environment. 2 hrs lec, 3 hrs lab per wk. No credit given for GDR or graduation if Biology 101 is also taken. GDR:NS

**BIOL 101. General Biology.** 5 cr. Biological principles; survey of a wide variety of plant and animal life. 3 hrs lec, 3 hrs lab per wk. Additional evening test sections for major exams. GDR:NS

**BIOL 130. Introduction to Plant Biology.** 5 cr. General biological principles with emphasis on growth, reproduction, structure, and functions of plants; morphological studies of typical plants. 3 hrs lec, 4 hrs lab per wk. GDR:NS

**BIOL 140. Edible and Poisonous Plants.** 2 cr. Identify edible and poisonous plants, especially local wild species of higher plants; nutritional values and toxic components. 1 hr lec, 2 hrs lab per wk.

**BIOL 160. Introduction to Animal Biology.** 5 cr. Anatomy, physiology, adaptation, and classification of animals; morphology and anatomy of various types of animals. 3 hrs lec, 3 hrs lab per wk. Additional 2-hour test sections 4 times during the semester. GDR:NS

**BIOL 202. Human Reproduction.** 2 cr. Anatomical, physiological, and developmental aspects of human reproduction. Does not count toward biology major/minor. Prereq: So st. GDR:NS-BS

**BIOL 210. Principles of Genetics.** 3 cr. General principles of heredity and variation of plants and animals, including humans. Prereq: So st.

**BIOL 281. Animal Physiology.** 4 cr. Normal functions of organ systems in wild and domestic vertebrates and invertebrates. 3 hrs lec, 3 hrs lab per wk. Prereq: 160. No credit counted for graduation or major if Biology 285 (or equiv) is counted.

**BIOL 285. Human Physiology.** 4 cr. Normal functions of organ systems in humans; fulfills the physiology requirements for biology, human development and nutritional sciences, physical education majors, and is recommended for students with preprofessional interests in medical or allied health fields. 3 hrs lec, 3 hrs lab per wk. Prereq: 160 or 101; Chemistry 101. No credit counted for graduation or major if Biology 281 is counted. GDR:NS

**BIOL 286. Human Anatomy.** 3 cr. Gross human anatomy using models, charts, readings, and prosected cadaver demonstrations. Lecture and lab complement Biology 285 to provide general background in structure and function. For prenursing students and others preparing for health care careers. 2 hrs lec, 3 hrs lab per wk. Prereq: 285 or con reg in 285.

**BIOL 305. General Ecology.** 3 cr. Interrelationships of plants and animals; ecosystem concepts; organization and distribution of biotic communities; application of ecological principles to human affairs. Prereq: 101; or 130 and 160.

**BIOL 306. Ecological Methods.** 1 cr. Application of ecological methods in field and laboratory analyses of ecosystems. 3 hrs lab per wk. Not open to students who have completed CNR summer camp. Prereq: Con reg in 305; or 305 and cons instr.

**BIOL 308/508. Ecology of the Upper Midwest.** 2 cr. Survey of the boreal forest, deciduous forest, and prairie biomes, 2 hrs lec, 3 hrs lab for 8 wks. Local field trips.

**BIOL 309/509. Field Biology.** 3 cr. Field trips; study, collection, preparation, and identification of plants and animals. 1 hr lec, 6 hrs lab per wk. If 379 is also taken, credit counts only with cons chair. Prereq: 101, or 130 and 160.

**BIOL 310/510. Plant Genetics.** 3 cr. Genetics of higher plants at the molecular, cellular, organismal, and population levels. 3 hrs lec per wk. Prereq: 210.

**BIOL 311/511. General Principles of Organic Evolution.** 3 cr. Natural patterns (variation, classification, phylogeny, biogeography) and processes (genetic drift, natural selection, adaptation, speciation) that underlie the origin and diversification of life on earth. Philosophy of science and history of evolutionary theory. Character evolution and human evolutionary biology. Prereq: 130 and 160; or cons instr.

**BIOL 314/514. Cell Biology.** 4 cr. Structure and function of cells and organelles, including membrane structure and transport; biogenetics of mitochondria and chloroplasts; cell motility; DNA replication; protein synthesis and transport; mitosis; meiosis; cytokinesis; laboratory techniques including gel electrophoresis; phase-contrast microscopy; spectrophotometry; respirometry; radioisotope analysis;

# 56 Biology

cell culture; chromosome banding; bacterial DNA transformation. 3 hrs lec, 3 hrs lab per wk. Prereq: 130, 160; Chemistry 106 or 116.

**BIOL 317/517. Developmental Biology.** 4 cr. Early developmental and physiological components of animal and plant species; gametogenesis, cell-cell interactions, induction effects, cell migration and organogenesis; how these processes influence developmental patterns. 3 hrs lec, 3 hrs lab per wk. Prereq: 160, Chemistry 106 or 116.

**BIOL 318/518. Molecular Biology.** 3 cr. Study of gene structure, function and control at the molecular level. Molecular techniques used to analyze nucleic acid and protein activity and diversity. 3 hrs lec per wk. Prereq: 210; Chemistry 106 or 116; or cons instr.

**BIOL 319/519. Techniques in Molecular Biology.** 2 cr. Laboratory to apply molecular techniques to investigate a variety of biological questions. Techniques include cloning, DNA/protein fingerprinting, RFLP, blotting, PCR, and DNA sequencing. 5 hrs lab per wk. Prereq: 210; Chemistry 106 or 116; or cons instr.

**BIOL 320/520. Biological Techniques.** 4 cr. Preparation of plant and animal tissues, organs, and entire organisms for microscopic and macroscopic study. 2 hrs lec, 4 hrs lab per wk. Prereq: 101; or 130 and 160.

**BIOL 321. Biological Computing.** 3 cr. Use of contemporary microcomputer software and operating systems for data handling and analysis in biology and natural resources projects. Databases, spreadsheets, graphics, word processing, communication and data transfer.

**BIOL 322/522. Museum Methods.** 3 cr. Preparation, use, and care of natural history materials for research and exhibition; prepare educational programs for museums, nature centers, and schools; for teachers and those interested in museums or nature center professions. 6 hrs lab per wk. Prereq: Cons instr.

**BIOL 323/523. Paleontology Collecting Field Trip.** 3 cr. Fourteen-day field course to collect plant and animal fossils. Lectures describe geology, paleoecology, and history of areas traveled. Special fee covers transportation, dig and camp fees. Prereq: Cons instr.

**BIOL 326/526. Electron Microscope Techniques.** 3 cr. Fixing, embedding, microtomy, and staining biological tissues for transmission and scanning electron microscopy; electron microscope use and basic photographic darkroom techniques. 1 hr lec, 6 hrs lab per wk. Prereq: 130, 160, Chemistry 106 or 116; and cons instr.

**BIOL 330/530. Plant Morphology.** 4 cr. Form and structure of plants and plant parts, both vegetative and reproductive. 3 hrs lec, 3 hrs lab per wk. Prereq: 101 or 130.

**BIOL 331/531. Plant Anatomy.** 4 cr. Internal structures of vascular plants, emphasizing development, function, and evolutionary history. 2 hrs lec, 4 hrs lab per week. Prereq: 101 or 130.

**BIOL 332/532. Paleobotany.** 3 cr. Survey of fossil record of plants, emphasizing morphology (form and structure) and evolutionary trends in major plant groups; chronological successions and geographic distribution of past floras. 2 hrs lec, 2 hrs lab per wk. Prereq: 101 or 130.

**BIOL 333/533. General Microbiology.** 4 cr. Morphology, physiology, classification, and cultivation of bacteria and viruses, with introduction to microbial genetics, pathogenesis, and immunology. 2 hrs lec, 4 hrs lab per wk. Prereq: 101, 130, or 160; and Chemistry 106 or 116.

**BIOL 335/535. Mycology.** 4 cr. Taxonomy, morphology, physiology, and ecology of fungi; role of fungi in disease, industry, decomposition, food production, and biological research. 2 hrs lec, 4 hrs lab per wk. Prereq: 130 or cons instr.

**BIOL 337/537. Plant Pathology.** 3 cr. Causes, symptoms, spread, and control of plant diseases. 2 hrs lec, 2 hrs lab per wk. Prereq: 130.

**BIOL 338/538. Phycology.** 4 cr. Taxonomy, morphology, and ecology of algae with emphasis on local species. Field collections, small group experiments, lab analysis of field and cultured samples, and discussion of current algal research literature. 3 hrs lec, 3 hrs lab per wk. Prereq: 130, CNR or biology major or written cons instr.

**BIOL 339/539. Bryology and Lichenology.** 2 cr. Taxonomy, morphology, and ecology of bryophytes and lichens with emphasis on local species. 1 hr lec, 3 hrs lab per wk. Prereq: 101 or 130.

**BIOL 342/542. Vascular Plant Taxonomy.** 4 cr. Survey of major groups with emphasis on identification, classification, and phylogeny of flowering plants. 2 hrs lec, 4 hrs lab per wk. Prereq: 101 or 130.

**BIOL 344/544. Trees and Shrubs.** 3 cr. Identify native and cultivated plants in summer and winter conditions; their use for landscaping and wildlife food; methods of vegetative propagation. 1 hr lec, 4 hrs lab per wk (some field trips). Prereq: 101 or 130.

**BIOL 345/545. Agrostology.** 2 cr. Structure, identification, classification, and evolution of grasses and grass-like plants. 1 hr lec, 2 hrs lab per wk. Prereq: 101 or 130.

**BIOL 346/546. Essentials of Horticulture.** 3 cr. Propagation, culture, improvement, and storage of flowers, fruits, ornamentals, and vegetables. 2 hrs lec, 2 hrs lab per wk. Prereq: 130.

**BIOL 347/547. Aquatic Vascular Plants.** 2 cr. Taxonomy and ecology of aquatic vascular plants with emphasis on local species of freshwater angiosperm. 1 hr lec, 3 hrs lab per wk. Prereq: 101 or 130.

**BIOL 351/551. Plant Physiology.** 4 cr. Plant-soil-water relations, transport, mineral nutrition, plant biochemistry, and the environmental and hormonal control of plant growth and development. 3 hrs lec, 3 hrs lab per wk. Prereq: 130; Chemistry 106 or 116.

**BIOL 355/555. Plant Ecology.** 4 cr. Plant adaptations and responses to environmental variation; structure, microenvironments, and succession of plant communities. Prereq: 305 or cons instr.

**BIOL 357. Principles of Plant Community Distribution.** 1 cr. Ecological survey of world vegetation, relating community form and composition to prevailing climate, soils, and past environmental change. Prereq: 308 or 355 or con reg, or cons instr.

**BIOL 361/561. Aquatic Invertebrate Zoology.** 3 cr. Classification, structure, and life history of lotic and lentic freshwater invertebrates (exclusive of insects and parasites) with emphasis on Wisconsin species. 2 hrs lec, 2 hrs lab per wk. Prereq: 101 or 160.

**BIOL 362/562. Animal Parasitology.** 4 cr. Structure, classification, and life histories of animal parasites. 2 hrs lec, 4 hrs lab per wk. Prereq: 101 or 160.

**BIOL 370/570. Comparative Vertebrate Anatomy.** 4 cr. Structure and evolutionary relationships of vertebrates. 2 hrs lec, 4 hrs lab per wk. Prereq: 160.

**BIOL 372/572. Biology of the Vertebrates.** 1-4 cr. Classification, identification, and natural history of the vertebrates. Offered in 1-credit modules with the following titles: (1) Reptiles and Amphibians, (2) Fish, (3) Birds, (4) Mammals. 1/2 hr lec, 1 hr lab per wk per module. May not earn credit in both the module and the corresponding vertebrate course (374, 376, 377, 378).

**BIOL 373. Comparative Vertebrate Histology.** 4 cr. Microscopic structure and function of vertebrate (primarily mammalian) cells, tissues and organs. 2 hrs lec, 4 hrs lab per wk. Prereq: 160; (281, 285, 286 or 370 is recommended but not required).

**BIOL 374/574. Ichthyology.** 4 cr. Classification and natural history of fishes, with emphasis on Wisconsin food, game, and forage fishes. 2 hrs lec, 4 hrs lab per wk. Prereq: 101 or 160.

**BIOL 375/575. Fisheries Ecology.** 3 cr. Analysis of the interactions, ecology, life history, and ethology of fish populations and communities. 2 hrs lec, 2 hrs lab per wk. Prereq: 160; 305 or con reg.

**BIOL 376/576. Herpetology.** 3 cr. Reptiles and amphibians; research methods and identification of species found in North America. 2 hrs lec, 3 hrs lab per wk. Prereq: 101 or 160.

**BIOL 377/577. Ornithology.** 3 cr. Avian taxonomy, morphology, life histories, ecology, and research methods; identify orders of birds of the world and local species. 2 hrs lec, 3 hrs lab per wk. Prereq: 101 or 160.

**BIOL 378/578. Mammalogy.** 3 cr. Taxonomy, zoogeography, life history, and ecology of mammals; field work. 2 hrs lec 2 hrs lab per wk.

**BIOL 379/579. Field Zoology.** 3 cr. Field trips; study, collection, preparation, and identification of animals. 1 hr lec, 6 hrs lab per wk. Prereq: 101 or 160.

**BIOL 382/582. Endocrinology of Mammals.** 3 cr. Anatomy and physiology of major endocrine glands, primarily in mammals; hormonal control systems; biosynthesis, transport, and molecular actions of hormones; common endocrine diseases; current laboratory assay methods; current advances in hormone research. Guest lecturers. Prereq: 281 or 285; Chemistry 106 or 116; organic chemistry recommended.

**BIOL 383/583. Biology of Reproduction.** 3 cr. Survey of mammal reproduction with emphasis on human reproduction, including sexual development and behavior, fertilization, pregnancy, parturition (birth), lactation, natural and synthetic control of contraception and fertility. 3 hrs lec per wk. Prereq: 281 or 285; Chemistry 105; or cons instr.

**BIOL 388/588. Animal Behavior.** 3 cr. A comparative approach to the study of animal behavior; description, classification, analysis, and evolution of behavioral patterns of vertebrates, with emphasis on social behavior and underlying mechanisms. 2 hrs lec, 3 hrs lab per wk; individual term project. Prereq: 160.

**BIOL 399/599. Independent Studies.** 1 or 2 cr. Upperclass students may arrange for advanced work (including field and laboratory work where approp) not covered in regular courses. Categories include research; collection and identification of plants or animals; advanced readings; biological methods. Prereq: Cons approp faculty member and chair.

**BIOL 415/615. Advanced Microbiology.** 3 cr. Biochemical cytology, physiology and genetics of microorganisms with emphasis on research and applications. 2 hrs lec, 3 hrs lab per wk. Prereq: 333/533 or cons instr.

**BIOL 490/690. Seminar.** 1 cr. Studies and discussions of biological problems.

**BIOL 498/698. Selected Topics in Biology.** 1-3 cr. Major concepts in an area of biology. Subtitle will designate area. Prereqs, lab and lec hrs will vary by topic. May repeat for credit with different subtitles. Biology 498 sections designated "seminar" can be used in place of 490 to satisfy seminar requirement.

**BIOL 499. Biology Internship.** 1-4 cr. Supervised training programs in biology coordinated by faculty with private or public agencies. 1 cr for 2-4 wks (40 hrs per wk) of work. Additional requirements determined by instr. Credit determined by internship committee. May repeat with different experience, but max 4 cr count toward major. Prereq: Cons internship committee and instr.

**BIOL 796. Independent Study.** 1-3 cr. Planned reading to supplement the preparation and mechanics of the student's specialty. May repeat as topic changes. Prereq: Cons instr.

**BIOL 799. Thesis.** 2-6 credits.

For more course listings in biology, see the *Latent Course List* at the end of this section.

### Courses in Biology Education

**BIED 398. Student Teaching in Biology.** Variable cr. Observation and teaching in secondary school classroom under guidance of cooperating teachers and university faculty in actual classroom situations. Prereq: Completion of DPI certified major/minor and DPI education requirements.

**BIED 498. Intern Teaching.** Variable cr. Structured field experiences in approved school programs. Interns are certified by the DPI and are employed under contract with schools to design, deliver, and assess instructional programs. Prereq: Completion of all methods courses and 75% of content courses in approp major. Con reg in approp section of Educ 400 may be required.

### Courses in Marine Biology

The following courses are offered at the Gulf Coast Research Laboratory in Ocean Springs, Mississippi. You may transfer the credits to UWSP. Contact the Biology Peer Assistance Center for more information or visit the GCRL Web site.

**Marine Phycology,** 4 cr.

**Marine Invertebrate Zoology,** 6 cr.

**Marine Ichthyology,** 6 cr.

**Marine Science,** 5 cr.

**Fauna and Faunistic Ecology of Tidal Marshes,** 4 cr.

**Coastal Vegetation,** 3 cr.

**Marine Ecology,** 5 cr.

**Salt Marsh Plant Ecology,** 4 cr.

**Marine Fisheries Management,** 4 cr.

**Parasites of Marine Animals,** 6 cr.

**Marine Microbiology,** 5 cr.

**Marine Aquaculture,** 6 cr.

**Comparative Histology of Marine Organisms,** 1-6 cr.

**Special Problems in Marine Science,** 1-6 cr.

**Special Topics in Marine Science,** 1-6 cr.

The Division of Business and Economics offers programs in (1) business administration, (2) economics, and (3) managerial accounting.

Faculty members of the division participate in research related to their areas of academic interest. In addition, each member is involved in professional development activities through active memberships in professional societies and associations and community agencies.

To further enhance your career preparation when you major or minor in business administration, economics or managerial accounting, we encourage you to expand your classroom work through active participation in student and professional clubs, societies, associations, and volunteer work related to your area of study. We also encourage business administration majors, and others with permission, to participate in internships for experience in actual business environments.

The Division of Business and Economics will make every effort to notify current and prospective majors of new program standards. The technique of notification will depend on the nature of the program change and may include e-mail, Web pages, orientation sessions, the department advising office, faculty advisers, the catalog, and letters to students.

## BUSINESS ADMINISTRATION

**Faculty:** K Bahr, D Gillo, J Haine, CR Marshall, E Martin, M Meyers, B Mihm, G Mullins, J Poutinen, M Tepp.

### Business Administration Major

Consists of 46 credits in the following categories:

1. **Business foundation courses**, 22 credits: Acct 210, 211 (211 may be waived if you are a dual business administration/managerial accounting major); Bus 380; Econ 210, 211; Math 109 or 111 or 120 or equivalent; 3 credits of statistics from any department. You must complete these courses before taking any additional 300-400 level courses.
2. **Business core courses**, 15 credits: Bus 330, 340, 350, 360, 370.
3. **Business elective courses**, ANY 6 credits in 300-400 level courses not including Bus 490, 497, 498, 499. We recommend that you take multiple courses in one interest area to develop higher levels of expertise.
4. **Business capstone course**, 3 credits: Bus 480 or 438. You must take this final business administration course during your final semester. You need instructor approval to register for the capstone course and you may take only one core business course in conjunction with 480.
5. **Outside minor, or outside major, or area of concentration:** In addition to taking the required courses for the business administration major, you must complete ONE of the following: (1), outside minor, (2) second major, (3) area of concentration (of not less than 18 credits that have been approved by the Division of Business and Economics). *Note: you MAY include the economics major and minor and the managerial accounting major and minor, but NOT the business administration minor for this requirement.* Following are approved areas of concentration:
  - a. **Forest Recreation:** Forestry 330, 334, 335, 394; Natural Resources 484. Plus 6-9 credits from Forestry 381, 385; Natural Resources 382, 383, 474, 475; Water 180.
  - b. **Soil Science:** Soils 364, 365, 461; Natural Resources 251, 373; and at least 2 credits from Soils 362, 465, 493, Natural Resources 335, 336, 337, 380, 476, and other related courses approved by the associate dean of the College of Natural Resources.
  - c. **Foreign Language:** The area of concentration in a foreign language is designed to provide a cross-cultural experience for students planning to work in international or multicultural environments. The area of concentration emphasizes practical language skills and knowledge of appropriate cultural forms and behavior.
    - 1) **French**, 20 credits: French 211-212, 313, 314, 318, and 317 or 340.
    - 2) **German**, 20 credits: German 211-212, 313, 314, 318, and 317 or 340.
    - 3) **Spanish**, 20 credits: Spanish 211-212, 313, 314, 318, and 317 or 340.
    - 4) **Russian**, 26 credits: Russian 101, 102, 211, 215 or 216, 315 or 316, 381, and one 300 level Russian literature course.
  - d. **Wood Products Industry**, 18 credits:
    - 1) At least 8 credits from Forestry 370, 428, 429 (at least 6 cr), 499; Bus 496, 497, 498, 499 (forest products subtitle).

- 2) At least 5 credits from Forestry 232, 322, 335, 381; Natural Resources 150, 151, 320, 330, 357, 490; Paper Science 101.
- 3) Three credits from Bus 336, 341, 381, 384; Econ 342.

### Business Administration Minor

Consists of 24 credits:

1. Foundation courses: Acct 210; Econ 210; Bus 380.
2. Electives: A minimum of 15 credits in business administration courses at the 300-400 level not including Bus 497, 498, 499.

### Collaborative Degree Program with Business Administration Major

University of Wisconsin Colleges in Wausau and Marshfield have joined with UW-Stevens Point to offer a bachelor's degree with majors in business administration or general studies. Students can attend evening classes on any of the three participating campuses. A combination of distance learning technologies and face-to-face instruction is used to offer upper level courses. You must have accumulated 30 freshman and sophomore credits at an accredited college or university in order to enter the program. For more information call the collaborative degree adviser, 715-346-2384.

### Academic Standards for Business and Economics

To graduate with a major or minor in business administration, you must have a 2.5 cumulative grade point average in all major and minor required courses, including transfer courses, regardless of any declaration of academic bankruptcy. No more than one course for which you earned a D or D+ can be repeated for credit in the major or minor. For courses in which you earned an F, see the policy on repeating courses in the *More Academic Information* section of this catalog.

Courses in business administration are open to all students who meet the prerequisites.

## ECONOMICS

**Faculty:** D Christie, R Cray, T Hofer, D Palmini, HS Wallace, L Weiser.

### Economics Major

Consists of a minimum of 38 credits of economics courses.

1. **Common required core**, 23 credits.
  - a. **Theoretical and institutional requirements**, 15 credits: Econ 210, 211, 350, 360, 361.
  - b. **Quantitative requirement**, 8 credits: Math 355 or an equivalent statistics course and Math 109 or 111 or 120.
2. **Electives:** 15 credits in additional economics courses, not including Econ 100.

We advise economics majors to take the following courses as additional electives: Acct 210, 211; CIS 101, 102; History 371, or 383.

If you plan to pursue graduate work in economics, we advise you to take Math 120 and 121 in place of 109.

**Teacher Certification:** If you seek teacher certification in economics, a minimum of 34 credits must be in courses designated "Economics." History 211 and 212 are recommended as electives or in partial fulfillment of the

general degree requirements. An additional legislative requirement is Natural Resources 370.

Enrollment caps are in effect for those seeking teacher certification. Please contact the School of Education early for entrance requirements and application procedures. Also see information about the Professional Education Program and the secondary education curriculum for teacher certification in the *Education* section of this catalog.

### Economics Minor

Consists of 22 credits.

1. **Common required core**, 10 credits: Econ 210, 211, Math 355 or equivalent statistics course.
2. **Electives:** 12 credits of additional economics courses, not including Econ 100.
3. **Minor for teacher certification:** Consists of at least 24 credits. Take five courses in addition to those in the common required core above. Also, History 211 and 212 are recommended as electives or in partial fulfillment of the general degree requirements.

### Academic Standards for Economics

To graduate with a major or minor in economics, you must have a 2.25 cumulative grade point average (2.75 to student teach), in all major/minor required courses, including transfer courses, regardless of any declaration of academic bankruptcy. No more than one course for which you earned a D or D+ can be repeated for credit in the major or minor. For courses in which you earned an F see the *More Academic Information* section of this catalog.

Courses in economics are open to all students who meet the prerequisites.

### Test-out and Credit-by-Exam Policy

You may earn credit-by-exam for Econ 210 and 211 through the appropriate CLEP examination. You must register and pay fees for CLEP exams through the UWSP Testing Service. To receive credit you must score in the 50th percentile or higher on the appropriate exam.

For all other general degree requirement courses in the Division of Business and Economics you may test-out, but not receive course credit. After you confer with the chair, a faculty member who teaches the course will prepare a comprehensive exam and inform you of the criteria for passing before you take the exam. A passing grade is at least five percent above the most recent class average. You may take a test-out exam only once. You are not eligible for test-out if you are currently enrolled in the course.

## MANAGERIAL ACCOUNTING

**Faculty:** V Gruetzmacher, W. Love, J McKnight.

### Professional Certifications

We encourage students majoring in managerial accounting to pursue professional certification as: Certified Management Accountant (CMA), Certified Internal Auditor (CIA), and/or Certified Public Accountant (CPA). You achieve these professional certifications by applying to the appropriate professional organization or state office for admission to a national examination, passing the exam (which may be taken during the final semester of coursework), and achieving professionally related experience. The certifications are granted by the related professional organizations, not by UWSP. Contact any accounting faculty member for more information.

# 60 Business and Economics

The courses required for the managerial accounting major prepare you to sit for the CMA exam, that is administered by the Institute of Management Accountants and the CIA exam, administered by the Institute of Internal Auditors.

If you wish to sit for the CPA examination in Wisconsin, you must have completed 150 semester hours of coursework. To do this, complete one of these:

1. A master's degree program at an accredited university.
2. An additional major at UWSP.
3. Thirty credits of additional arts and science courses at UWSP selected to enhance your career preparation.

## Managerial Accounting Major

Consists of 65 credits in the following categories:

1. **Required lower division courses**, 14 credits: Acct 210; CIS 102 (spreadsheet); Econ 210, 211; Math 111 or 120.
2. **Required basic core courses**, 16 credits: Bus 330, 340, 350, 380; Math 355 or an equivalent statistics course.
3. **Required accounting courses**, 29 credits: Acct 310; 311, 312, 320, 321, 330 or 331, 350, 370, 400, 411, 412.
4. **Controlled electives**, 6 credits: two courses from Acct 331 (if not used as a required course), 490; Bus 341, 360.

## Accounting Minor

Consists of 24 credits:

1. **Common core**, 18 credits: Acct 210, 211 or 320, 310; Econ 210; Bus 340, 350.
2. **Electives**, 6 credits: Additional accounting courses at 300-399 level.

## Academic Standards for Managerial Accounting

To graduate with a major in managerial accounting or minor in accounting, you must have a 2.5 cumulative grade point average in all major required courses, including transfer courses, regardless of any declaration of academic bankruptcy. No more than one course for which you earned a D or D+ can be repeated for credit in the major. For courses in which you earned an F see the *More Academic Information* section of this catalog.

**BUS 497. Internship In Business Administration.** 1-6 cr. Supervised training work program in a cooperating agency or business. Credit determined by intern director and busn faculty. Does NOT apply to major or minor. Prereq: Cons intern director.

**BUS 498. International Internship In Business Administration.** 1-6 cr. Supervised training work program in a cooperating agency or business. Credit determined by intern director busn faculty. Does NOT apply to major or minor. Prereq: Cons intern director.

**BUS 499/699. Special Work.** Upperclass or graduate students may arrange for independent study with cons chair. Credit based on scope of project. Prereq: Cons chair.

## Courses in Economics

**ECON 100. Introduction to Economics.** 3 cr. Survey of economic concepts and contemporary economic issues. The role of business, households, and government. Analysis of demand and supply, income distribution, unemployment, inflation, and business cycles. May not substitute 100 for Econ 210 or 211 to satisfy business administration, economics, and managerial accounting major or minor requirements.

**ECON 210. Principles of Macroeconomics.** 3 cr. Concepts of scarcity and cost; supply and demand; government in the economy; organization and functions of businesses and cooperatives; measurement and determination of national income; unemployment and inflation; money, banking, and financial markets; international trade and finance. Prereq: So st, and Math 100 or equiv. GDR:SS1

**ECON 211. Principles of Microeconomics.** 3 cr. Theory of producer and consumer behavior; pricing and output in competitive vs. monopoly markets; pricing and employment of labor and other resources; problems of government intervention in markets. Prereq: 210. GDR:SS1

**ECON 272. Personal Finance.** 3 cr. Economics for the consumer, the art of consumer decision making, issues affecting consumer spending, saving, and investing; the role of cooperatives and other institutions concerned with consumer welfare. May not earn credit in both 272 and Human Development 372.

**ECON 299. Special Work.** Premajors in economics may arrange for independent study with cons chair. Credit based on scope of project.

## 62 Business and Economics

**ECON 311. Public Finance.** 3 cr. Impact of federal, state, and local budgets on the economy; analysis of government expenditures and taxation. Prereq: 211.

**ECON 315. Business and Government.** 3 cr. Role of government regulation vs. free markets. How government regulates business activity: anti-trust, economic regulations, social regulations, developing regulatory activities. Economic impacts of government regulations. Prereq: 211.

**ECON 328. Poverty, Welfare, Social Insurance.** 3 cr. Poverty in the United States; income maintenance programs including social security, unemployment insurance, worker's compensation, pension plans, and social assistance; health insurance. Prereq: 210 or cons instr. May not earn credit in both Econ 328 and Sociology 328.

**ECON 342. Environmental Economics.** 3 cr. Economic dimensions of domestic and international environmental problems. How definitions of property rights and national and regional economic growth cause environmental problems. Emphasis on problems of pollution and endangered species. Impacts of environmental and resource development policies on efficiency, effectiveness, distribution of costs and benefits, and economic growth. Prereq: 211 or Natural Resources 372.

**ECON 345. Labor Problems.** 3 cr. Employer-employee relationships; characteristics of labor markets; types of labor organizations and employer organizations; industrial disputes and devices for effecting settlements, collective bargaining and labor legislation.

**ECON 346. Collective Bargaining.** 3 cr. Organizing and negotiating, content of collective bargaining, bargaining in public and private employment, the laws of collective bargaining. Prereq: 345 or cons instr.

**ECON 350. Microeconomic Theory.** 3 cr. Analytical tools for understanding demand, production and cost, impact of market structure on firms' behavior, pricing of resources, and economic welfare. Analysis of public policies. Prereq: 211.

**ECON 360. Money and Financial Markets.** 3 cr. Depository institutions; central banking and money creation; price level analysis; interest level determination; interest rate theory; money and capital markets. Prereq: 210 and Acct 210.

**ECON 361. Macroeconomic Theory.** 3 cr. Determination of levels of national income, output, employment, and prices; national income accounting; theory and measurement of aggregate consumption and investment; government stabilization policy. Prereq: 211.

**ECON 362. Economic Development.** 3 cr. The stages of economic growth; study of economic conditions and policy in the underdeveloped and intermediately developed national economies. Prereq: 211.

**ECON 365. International Economics.** 3 cr. Foreign trade, theory and measurement of export and import patterns; foreign exchange markets, balance of payments, tariffs, and the contemporary international monetary system. Prereq: 211; or Natural Resources 372 for international resource management minors.

**ECON 367. Comparative Economic Systems.** 3 cr. Analysis and appraisal of the structure and function of diverse economic systems, such as capitalism, socialism, communism, and their modifications. Prereq: 210.

**ECON 370. Managerial Economics.** 3 cr. Economic analysis for business decision making. Demand, elasticity and profitable pricing, cost and output decisions, statistical analysis of demand and cost, forecasting markets, long-run vs. short-run profit analysis. Prereq: 211, 310, Math 109.

**ECON 374. Regional Economic Growth.** 3 cr. Factors that promote and/or hinder regional economic and business growth. The geographical distribution of resources and the spatial ordering of industrial and commercial activities. Patterns of trade among regional and urban areas; regional business cycles. Patterns of land use and values in regions and in urban areas. Prereq: 211.

**ECON 420. Economics of Organization.** 3 cr. Apply microeconomic and game theoretic principles in analyzing business institutions and practices. Examine economic theories of the firm and alternative contractual relationships. Vertical integration (make-or-buy decision), corporate ownership, the multiproduct firm, relational contracting, franchising. Evaluate economic theories by performing economic experiments. Prereq: 211 and cons instr.

**ECON 460. Economics and Management of Technological Change.** 3 cr. Read, present papers and discuss history of technological change, economic and social determinants of the direction and rate of change, effects of change on economic structure and growth, and on the behavior of firms. Also, problems related to technology faced by policy makers and firm managers. Prereq: 211 and 2nd sem jr or sr st.

**ECON 490. Special Topics In Economics.** Cr arranged. Subtitle will designate topic.

**ECON 495. Senior Honors Thesis.** 3 cr. High level independent study, under faculty mentor. Topic selected by student and approved by 2 econ faculty. Six credits of thesis required for graduation as econ honors student. First semester: prepare thesis proposal; second semester: complete the thesis. Prereq: Acceptance as econ honors student; 3 cr each semester.

**ECON 497. Internship In Economics.** Cr arranged. Supervised training work program in a cooperating agency or business. Credit determined by chair upon recommendation of an economics faculty member. Prereq: Cons chair.

**ECON 498. International Internship.** 1-12 cr. Supervised training work program in an international agency or business located outside the United States. Credit determined by chair upon recommendation of an economics faculty member. Prereq: Cons chair.

**ECON 499/699. Special Work.** Upperclass or graduate students may arrange for independent study with cons chair. Credit based on scope of the project. Prereq: Cons chair.

**ECON 717. Economic Education for Elementary and Secondary Teachers.** 3 cr. Introduction to basic economic principles and issues; identify resources for economic instruction at elementary and secondary levels; design lessons and activities for integrating economic education across the curriculum; open to experienced, certified teachers. May not earn credit in both Econ 717 and Education 717.

**ECON 725. Economics and Environmental Issues.** 1 cr. Role of economics principles in the analysis of environmental issues; competitive markets, externalities, environmental regulations, economic incentives, pollution reduction, energy efficiency, waste disposal, population change, and economic development; teaching strategies and instructional materials to integrate economics and environmental education. Prereq: Certified elementary and secondary teachers only.

**ECON 756. Current Economic Problems: Subtitle.** 3 cr. Nature and causes of selected economic problems; evaluation of policy responses with respect to generally accepted social goals and values. Subtitle will designate topic. May repeat for credit under different subtitles.

## CHEMISTRY MAJORS

There are four routes by which you may earn a chemistry major. Each starts with the following core of chemistry and collateral courses.

### Chemistry Core/Collateral Courses

Core: Chem 115 and 116 (see note 1), 248, 325, 326, 328, 335, 336, 338, 395, 496.

Collateral courses: Math 120, 121, 222; Physics 150, 250.

Complete ONE of the following majors.

### Chemistry Major

Consists of a minimum of 58 credits:

1. Chemistry core and collateral courses (above).
2. At least 7 credits from Chem 329L, 339L, 346L, 365L, 371, 373, 387, 425, 435, 445L, 455, 458L, 468L including one course with laboratory (L) work.

### Chemistry Major for Professional Certification by the American Chemical Society

Consists of a minimum of 68 credits:

1. Chemistry core and collateral courses (above).
2. Chem 329, 339, 346, 365, 455.
3. At least 3 credits from Chem 371, 373, 387, 425, 435, 445, 458, 499. You may substitute one advanced course in another science for one chemistry course in this group with approval of the chair.
4. Recommended: Reading knowledge of a foreign language.

### Chemistry Major with Polymer Option

Consists of a minimum of 61 credits:

1. Chemistry core and collateral courses (above).
2. Polymer courses: Chem 371, 373, 474, 478.
3. At least 3 credits from Chem 329, 339, 346, 365, 387, 425, 435, 445, 455, 458, 468.

### Chemistry Major with Polymer Option for Professional Certification by the American Chemical Society

Consists of 74 credits:

1. Chemistry core and collateral courses (above).
2. Chem 329, 339, 346, 365, 455.
3. Polymer courses: Chem 371, 373, 474, 478, and 2 credits of 499.
4. Recommended: Reading knowledge of a foreign language.

### Chemistry Major for Teacher Certification

1. Consists of any of the majors described above.
2. Enrollment caps are in effect for those seeking teacher certification. Please contact the Chemistry Department early for entrance requirements and application procedures. Also see information about the Professional Education Program and the secondary education curriculum for teacher certification in the *Education* section of this catalog.

### Chemistry Minor

Consists of at least 24 credits. Take ONE of the following course sequences:

1. No more than 10 credits of 100 level chemistry courses; Chem 248, 325, 326, 328; and a minimum of 4 addl credits selected from Chem 329, 330, 335, 338, 340, 365, 395. You may substitute Water/Geology 487 and Water 492 together for Chem 340.
2. Maximum 10 credits of 100 level chemistry courses; and Chem 220, 248, 260, and either 330 or 340.

The objective of a minor in chemistry is to provide you with a knowledge of introductory and intermediate chemical principles and to have you acquire sufficient technical skills to perform capably in a modern chemical laboratory.

### Notes:

1. For chemistry majors the normal prerequisite for Chem 325 is Chem 115 and 116. With the consent of the department chair, you may substitute Chem 105 and 106 for 115 and 116.
2. Several of the chemistry courses listed below are designed as service courses or for nonchemistry majors. They do not count toward the chemistry major. In the case of such courses numbered 300 and over, the course description includes this restriction.
3. a. You can replace a grade of F in a 100-level chemistry course with a subsequent grade in another 100-level chemistry course if you have the consent of the department chair. (See the *More Academic Information* section of this catalog for the policy on repeating courses.)  
b. In special cases you can replace a D in Chem 115 with a subsequent grade in 105 if you first get authorization from the department chair.
4. You cannot receive credit toward graduation for a course after you have already completed a more advanced or similar course in the same area. The following restrictions hold:

If you have received credit for	you cannot receive credit for
100	101
101	100
105	100, 101
115	100, 101, 105, 106
325	220
346	340
365	260
445	340

5. If your program requires one year of introductory chemistry with laboratory, you should take Chem 114 concurrently with 115.
6. If you are taking Chem 105 and plan to continue on with 106, you should take Math 100 concurrently with Chem 105 if you have not already completed that math course or higher.

# 64 chemistry

## Prechemical Engineering

Take the following science and mathematics courses in your freshman and sophomore years: Chem 114, 115, 116 (or 105 and 106), 248, 325, 326, 328; Math 120, 121, 222; Physics 150, 250. Specific chemical engineering curricula and universities have individual requirements. See a prechemical engineering adviser for additional requirements and suggested electives. For recommended courses in other pre-engineering programs, see the listing under *Physics* later in this catalog.

## Prepharmacy

Take the following courses during your freshman and sophomore years: Chem 114, 115, 116 (or 105 and 106), 325, 326, and 328; Math 120; Physics 203 and 204. For additional requirements and suggested electives, see a prepharmacy adviser.

## Academic Standards

1. If you wish to major or minor in chemistry, you must apply for acceptance into the major or minor through the Department of Chemistry office no later than the first semester of your junior year.
2. To be accepted as a major, you can have no more than one grade below C- in any chemistry, mathematics, or physics courses numbered below 299 required in the chemistry major.
3. To be accepted as a minor, you can have no more than one grade below C- in any chemistry course.
4. To be approved for graduation with a chemistry major, you must:
  - a. Have a minimum grade point average of 2.00 (2.75 for student teaching) in all chemistry courses and required collateral courses.
  - b. Have no more than one grade below C- in any chemistry, mathematics, or physics courses numbered below 299 required in the chemistry major.
  - c. Apply no more than one grade below C (C- is a grade below C) in chemistry courses numbered 300 or above to the major.
5. To be approved as a chemistry minor, you must have a minimum grade point average of 2.00 (2.75 to student teach) in all chemistry courses.
6. These requirements apply for majors and minors regardless of a declaration of academic bankruptcy. You may petition the department for consideration if you do not meet these standards.
7. If you are a transfer student, the grades you earned at another campus are not included in these requirements nor in your GPA calculation. However, all grades are counted if you apply for teacher certification.
8. See Notes 1-5 above for additional information concerning prerequisites and repeating courses.

## Test-Out and Credit-by-Exam Policy

The Department of Chemistry offers test-out opportunities for Chem 100, 101, 105, 106, 115 and/or 116. The test-out exams are handled by the Chemistry Curricular Affairs Committee. The exams are written and cover lecture and laboratory topics. You will be notified of the required passing score before you take an exam. You may take a test-out exam only once.

You will receive credit for testing out of 105, 106, 115 and/or 116. For 100 and 101 you will not receive credit but will be granted a waiver of the corresponding general degree requirement science credits.

## Courses in Chemistry

**CHEM 100. Appreciation of Chemistry.** 3 cr. Selected principles of chemistry, emphasizing the relation between chemistry and modern society. 2 hrs lec, 2 hrs lab per wk. (I, II) GDR:NS

**CHEM 101. Basic Chemistry.** 5 cr. (One semester survey). Introduction to atomic and molecular structure, bonding, stoichiometry, descriptive chemistry of both inorganic and organic compounds, selected topics in environmental and consumer chemistry. 3 hrs lec, 1 hr disc, 3 hrs lab per wk. (See notes 3 and 4.) (I, II) GDR:NS

**CHEM 105. Fundamental Chemistry.** 5 cr. (Two semester basic course) Fundamental principles and theories of chemistry, including stoichiometry, atomic and molecular structure and bonding, nuclear chemistry, thermodynamics, descriptive chemistry of nonmetals and transition metals, chemical kinetics and equilibria, introduction to organic chemistry. 3 hrs lec, 1 hr disc, 3 hrs lab per wk. Prereq: Math 90 or placement in 100 or above. (See notes 1, 3, 4, and 6.) (I, II) GDR:NS

**CHEM 106. Fundamental Chemistry.** 5 cr. Continuation of 105. 3 hrs lec, 1 hr disc, 3 hrs lab per wk. Prereq: 105, Math 100 or higher. (See notes 1 and 4.) (I, II) GDR:NS

**CHEM 114. General Chemistry Laboratory.** 1 cr. Introductory lab work for Chem 115 students with little or no lab experience. 3 hrs lab per wk. Prereq: Con reg in 115. (See note 5.) (I, II) GDR:NS

**CHEM 115. General and Quantitative Chemistry.** 4 cr. (Two semester course for majors/minors) Laws and principles of chemistry including atomic and molecular structure, stoichiometry, chemical equilibria, electrochemistry, thermodynamics, chemical kinetics, inorganic and nuclear chemistry. 3 hrs lec, 1 hr disc per wk. Prereq: One yr high school chemistry with grade of C or better; Math 118 or con reg or cons chemistry chair; or placement in 119 or higher. (See notes 1, 3, 4, and 5.) (I, II) GDR:NS

**CHEM 116. General Quantitative Chemistry.** 5 cr. Continuation of 115. 3 hrs lec, 1 hr disc, 3 hrs lab per wk. Prereq: 115. (See note 1.) (I, II) GDR:NS

**CHEM 220. Survey of Organic Chemistry.** 4 cr. A systematic one semester survey of the compounds of carbon. 3 hrs lec, 3 hrs lab per wk. Does not count toward any chemistry major. Prereq: 106 or 116. (See note 4.) (I, II)

**CHEM 248. Quantitative Analysis.** 3 cr. Theory and methods of quantitative chemical analysis. 1 hr lec, 6 hrs lab per wk. Prereq: 106 or 116. (I, II)

**CHEM 260. Elementary Biochemistry.** 4 cr. Introduction to the structure and cellular reactions of the primary constituents of living cells; for students with limited preparation in organic chemistry. 3 hrs lec, 3 hrs lab per wk. Does not count toward chemistry major. Prereq: 220; or 326 and 328. (See note 4.) (II)

**CHEM 299. Introduction to Research.** 1 cr. Chemistry majors and minors may arrange for independent research with a faculty member. Introduction to chemical research. May be repeated. Does not count toward chemistry major or minor. Prereq: Cons chair.

**CHEM 325. Organic Chemistry.** 3 cr. (Two semester course) Structure, conformation, stereochemistry, properties and reactions of organic compounds. Structure-property relationships and reaction mechanisms and their application in the study of a broad range of representative functional groups and compounds including carbohydrates, polymers, amino acids and proteins. Retrosynthetic analysis and spectroscopic characterization of organic molecules. 3 hrs lec per wk. Prereq: 106 or 116. (See notes 1 and 4.) (I, II)

**CHEM 326. Organic Chemistry.** 3 cr. Continuation of 325. Prereq: 325. (I, II)

**CHEM 328. Organic Chemistry Laboratory I.** 2 cr. Preparation, characterization and spectral analysis of organic compounds. 6 hrs lab per wk. Prereq: 326 or con reg. (I, II)

**CHEM 329. Advanced Synthesis Laboratory.** 2 cr. Advanced techniques in the synthesis and characterization of organic and inorganic compounds. 6 hrs lab per wk. Prereq: 248, 326, and 328. (I)

**CHEM 330. Brief Course in Physical Chemistry.** 4 cr. (One semester survey) Fundamental principles of physical chemistry with emphasis on kinetics, thermodynamics, and colloidal phenomena. Does not count toward any chemistry major. 3 hrs lec, 3 hrs lab per wk. Prereq: 248, 326; Math 222; Physics 250 or con reg; or cons instr. (I)

**CHEM 335/535. Physical Chemistry.** 3 cr. Laws and principles of physical chemistry including atomic and molecular structure, thermodynamics, kinetics. 3 hrs lec per wk. Prereq: 326, and 395 or con reg; Math 222; Physics 250; or cons instr. (I)

**CHEM 336/536. Physical Chemistry.** 3 cr. Continuation of 335. 3 hrs lec per wk. Prereq: 335. (II)

**CHEM 338/538. Physical Chemistry Laboratory I.** 1 cr. Lab work illustrating physical chemistry principles including thermochemical and electrochemical measurements, kinetics, and bulk properties of matter. 3 hrs per wk. Prereq: 248 and 335, or con reg. (I, II)

**CHEM 339/539. Physical Chemistry Laboratory II.** 1 cr. Extension of 338 with emphasis on use of spectroscopic methods to probe the electronic structure of atoms and molecules and the nuclear motions within molecules. Introduction to laser use in spectroscopy and kinetics. 3 hrs per wk. Prereq: 336 or con reg; 338. (II)

**CHEM 340. Intermediate Analytical Chemistry.** 4 cr. Theory and methods of chemical analysis including instrumental and separation techniques. 2 hrs lec, 6 hrs lab per wk. Does not count toward any chemistry major. Prereq: 248; Math 111 or 120, or con reg in either; or cons instr. (See note 4.) (I)

**CHEM 346/546. Instrumental Analysis.** 4 cr. Instrumental methods of analysis including spectroscopic, electrochemical, and separation techniques. 2 hrs lec, 6 hrs lab per wk. Prereq: 248; and 336 or con reg. (See note 4.) (II)

**CHEM 365/565. Biochemistry.** 4 cr. Structure of principal biomolecules, the nature and mechanism of cellular reactions, and the central pathways of metabolism. 3 hrs lec, 3 hrs lab per wk. Prereq: 248, 326, and 328; acceptance into chemistry major/minor or cons chair. (See note 4.) (I, II)

**CHEM 371. Introduction to Chemistry of Materials.** 1 cr. Descriptions of main classes of materials—metals, ceramics and glasses, natural and synthetic polymers, composites, and semiconductors; emphasis on relationships between chemical structure, physical and chemical properties, and end use. One hr lec per wk. Prereq: 326 or con reg. (I)

**CHEM 373. Polymer Synthesis and Characterization.** 2 cr. Methods of polymerization of organic and inorganic polymers. Structure-property relationships, classes of natural and synthetic polymers and co-polymers, mechanisms of polymerization, and characterization of polymers by spectroscopic, thermal, physical, and mechanical methods. 2 hrs lec per wk. Prereq: 326; 371 or con reg; Math 120. (I)

**CHEM 387. Spectral Identification of Organic Compounds.** 1 cr. Advanced treatment of organic compound identification based on spectral analysis. 2 hrs per wk. Prereq: 328 or cons instr. (II)

**CHEM 395. Seminar I.** 1 cr. Use of chemical and scientific literature, introduction to seminar concept, participate in studies and discuss current developments in chemistry. Prereq: 326 and chemistry major/minor or cons chair. (I)

**CHEM 397. Chemical Literature.** 1 cr; pass/fail. Readings and discussions on topics from current chemical literature. Does not count toward chemistry major or minor. Prereq: 395 or con reg.

**CHEM 399. Special Work.** 1-3 cr. Chemistry majors and minors may arrange for independent projects with a faculty member. May be repeated. Does not count toward chemistry major or minor.

**CHEM 425/625. Advanced Organic Chemistry.** 3 cr. Theoretical and physical organic chemistry including reaction mechanisms, quantum mechanical applications, and advanced stereochemistry. Prereq: 336. (I)

**CHEM 435/635. Advanced Physical Chemistry.** 3 cr. Advanced treatment of quantum chemistry, spectroscopy, statistical thermodynamics, kinetics. Prereq: 336. (I)

**CHEM 445/645. Advanced Analytical Chemistry.** 3 cr. Theory and applications of complex chemical equilibria and selected methods of analytical separations. 1 hr lec, 6 hrs lab per wk. Prereq: 248; and 336 or con reg. (See note 4.) (I)

**CHEM 455/655. Advanced Inorganic Chemistry.** 3 cr. Descriptive inorganic chemistry, periodicity of the elements, bonding theories, reaction mechanisms, acid-base theories; and coordination, bioinorganic, and nuclear chemistry. Prereq: 336 or con reg. (II)

**CHEM 458. Advanced Inorganic Chemistry Laboratory.** 1 cr. Continuation of 329 for additional specialized training in synthesis, characterization, and reaction of inorganic compounds. 3 hrs lab per wk. Prereq: 329; 455 or con reg. (II)

**CHEM 474. Physical Chemistry of Polymers.** 2 cr. Key physical aspects of polymer molecules. Bulk properties, polymer solutions, morphology, rheology. Polymer processing and end uses. 2 hrs lec per wk. Prereq: 335, 373. (II)

**CHEM 478. Polymer Laboratory.** 2 cr. Preparation of polymers by chain-growth and step-growth methods. Introduction to airless techniques and polymer processing. Characterization of bulk and solution properties by molecular weight determinations, spectroscopy, thermal analysis, and mechanical property evaluation. 6 hrs lab per wk. Prereq: 329; 474 or con reg. (II)

**CHEM 496/696. Seminar II.** 1 cr. Studies and discussions of current developments in chemistry. Prereq: 336, 395; acceptance into chemistry major or cons chair. (II)

**CHEM 499. Independent Research.** 1-3 cr. Chemistry majors may arrange for independent research with faculty research adviser. Written report required. Students are encouraged to repeat this course with their adviser. May apply no more than 3 cr toward ACS certified major. Does not count toward L&S chemistry major. Prereq: 248, 326 and cons chair.

**CHEM 796. Independent Study.** 1-4 cr. Subtitle will designate topic and credits.

For more course listings in chemistry, see the *Latent Course List* at the end of this section.

## Courses in Chemistry Education

**CHEM 790. Chemistry Education Workshop.** 1-4 cr. Subtitle will designate topic and credits. Prereq: Cons chair.

**CHEM 792. Special Topics in Chemistry Education.** 1-4 cr. Subtitle will designate topic and credits. Prereq: Cons chair.

## Course in Marine Chemistry

**Marine Chemistry.** 6 cr. Offered at the Gulf Coast Research Laboratory in Ocean Springs, Miss. Does not count toward the major or minor in chemistry.

## Accreditation

The UWSP Clinical Laboratory Science Program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences. Inquiries regarding the accreditation status of the program may be directed to: NAACLS, 8410 West Bryn Mawr Ave, Suite 670, Chicago IL 60631; phone 773-714-8880; fax 773-714-8886; e-mail gjo@naccls.org.

## Clinical Laboratory Science Major: Medical Technology Submajor

Consists of the academic and clinical program:

1. **Academic Program:** 119-120 credits of on-campus study including the following:
  - a. The bachelor of science general degree requirements.
  - b. Clinical lab science, 39 credits: 105, 125, 205, 225, 295, 365, 375, 385, 405, 414, 415, 425, 435, 445, 465, 495.
  - c. Chemistry, 24-25 credits: 115 and 116, 248, 325, 326, 328, 365. (NOTE: Chemistry 105 and 106 may be accepted in lieu of 115 and 116 with permission from the chemistry chair and the CLS chair.)
  - d. Biology, 16 credits: 160, 210, 285, 333.
  - e. Math, 4 credits: 355.
  - f. Registration in summer session is required for the summer following the sophomore or junior year.
2. **Clinical Practicum:** 26 credits awarded for completion of clinical practicum in affiliated clinical laboratories. Courses include CLS 406, 416, 426, 436, 446, 456, 476, 486, 497, 498, 499.
3. Meeting or exceeding the requirements for eligibility to apply for the clinical practicum does not guarantee placement. Students will apply to the Professional Program. Acceptance will be based upon academic credentials, interviews, and available clinical sites.

**Affiliation agreements:** This university has affiliation agreements with the following medical facilities to provide clinical practicum education for seniors. The director and the educational coordinators of the affiliated clinical laboratories are given courtesy appointments as university adjunct faculty.

*Berkshire Medical Center*, Pittsfield, Massachusetts:  
Rebecca Johnson, MD, Lori Moore, MBA, MT(ASCP);  
*Langlade Memorial Hospital*, Antigo: Michael Lawton;  
*Riverview Hospital*, Wisconsin Rapids: Michael Lange, MT(ASCP);  
*Sacred Heart Hospital*, Eau Claire: Thomas W. Hadley, MD, Richard Miley, MT(ASCP);  
*St. Elizabeth's Hospital*, Appleton: Peter Podluskus, MD; Cecelia W. Landin, MS, MT(ASCP);

*St. Joseph's Hospital*, Marshfield: Gene Shaw, MD, Virginia Narlock, Ph.D., MT(ASCP);  
*St. Michael's Hospital*, Stevens Point: Rodney Hoeth, MS, MT(ASCP);  
*St. Vincent Hospital*, Green Bay: D.P. Sharphol, MD, Harlan Bloy, MT(ASCP);  
*V.A. Hines Hospital*: M. E. Rubnitz, MD, Donna Wray, MT(ASCP), CLS(NCA);  
*Wausau Hospital Center*, Wausau: Steven Bodemer, MD, Susan Flaker Johnson, MEPD, MT(ASCP).

## Academic Standards

For acceptance and continued registration as a candidate for the clinical lab science major you must have a grade point average of 2.75 overall and in the sciences, including biology, chemistry, mathematics, and clinical lab science at the end of your sophomore year. You are screened during the summer following your sophomore year for acceptability to apply for clinical practicum positions. You must also maintain a 2.75 GPA overall and in the sciences throughout your junior year.

Grades in required courses taken prior to declaring academic bankruptcy or in repeating courses will be used in calculating your grade point average. No more than two courses with grades of less than C- will be accepted in the major and/or may be repeated for credit.

If you do not meet these standards, you may petition the director for consideration. Courses in clinical lab science are open to all students who meet the prerequisites. The minimum GPA for graduation is 2.50.

## Test-Out and Credit-by-Exam Policy

Advanced placement and credit-by-exam are available for all courses offered through the Department of Clinical Laboratory Science. Contact the department chair for additional information.

## Courses in Clinical Laboratory Science

**CLS 105. Evolution of Health Care and Health Care Professions.** 3 cr. History of medicine and evolution of health care professions in the context of philosophical and cultural influences; examine various health care systems; analyze current health care system and health professions in the United States. 3 hrs lec per wk. GDR:SS2

**CLS 125. Introduction to Clinical Laboratory Science 1.** 1 cr. Overview of laboratory safety, phlebotomy, immunology, immunohematology, hematology, and coagulation; all with introductory lab exercises. 1 hr lec, 2 hrs lab per wk.

**CLS 205. Clinical Orientation.** 1 cr; pass/fail. Hospital introduction to laboratory techniques. Open to students considering a major in CLS.

**CLS 225. Introduction to Clinical Laboratory Science 2.** 1 cr. Overview of clinical chemistry, body fluid analysis, diagnostic microbiology, and molecular pathology; all with introductory lab exercises. 1 hr lec, 2 hrs lab per wk.

**CLS 295. Medical Terminology.** 2 cr. Examine bases of medical terms: prefixes, suffixes, roots, combined forms; terms that name the nine basic body systems and organs. 2 hrs lec per wk.

**CLS 365. Body Fluid Analysis.** 2 cr. Theoretical and practical aspects of chemical and microscopic analysis of urine, cerebrospinal fluid, synovial fluid, and serous fluid. 2 hrs lec per wk. Independent lab. Prereq: Biology 285.

**CLS 375. Quality Systems in the Clinical Laboratory.** 2 cr. Study quality management in the clinical laboratory; discuss pre-analytical, analytical, and post-analytical phases of testing, statistical methods of quality control, regulatory requirements, verification of instrument maintenance and functions, and risk assessment. Prereq: Admission to professional program.

**CLS 385. Professional Leadership Development.** 3 cr. Study professional roles, responsibilities, contemporary problems and conflicts related to leadership and laboratory administration; discuss human resource management, financial management, and education methodologies appropriate for supervisors and managers. 2 hrs lec, 2 hrs lab per wk. Prereq: Jr st.

**CLS 395. Environment, Health, and Technology.** 3 cr. The changing environment and its relationship to human health, including historical review, current concerns, and future projections. Topics include health effects of radiation, water and air pollutants, antibiotics, emerging infectious diseases and overpopulation. Case studies will be presented. Prereq: Jr st. GDR:EL

**\*CLS 399. Special Work.** 1-3 cr. Special independent research projects. Credit based on scope of the project. Prereq: Jr st and cons chair.

**CLS 405. Clinical Chemistry.** 4 cr. Study physiology of body analytes, organ systems, and clinical procedures corresponding to human disease states; discuss areas unique to clinical chemistry laboratory and professional performance. 3 hrs lec, 3 hrs lab per wk. Prereq: Chemistry 365 or con reg.

**\*CLS 406. Clinical Chemistry Practicum.** 4 cr. Apply principles of clinical chemistry; use chemical analytical techniques to determine specific substances and correlate results to various disease states. Prereq: 405; admission to professional program.

**CLS 414. Hemostasis.** 2 cr. Study mechanisms and disorders of hemostasis and fibrinolysis; diagnostic techniques and instrumentation used in patient diagnosis. 1 hr lec, 3 hrs lab per wk. Prereq: Biology 285.

**CLS 415. Hematology.** 4 cr. Study the hematopoietic system including the relationship of hematologic disease states to diagnostic characteristics; determine blood and bone marrow cellular morphology; discuss erythrocyte and leukocyte disorders; study diagnostic techniques and correlate results to disease processes. 3 hrs lec, 3 hrs lab per wk. Prereq: Biology 285.

**\*CLS 416. Clinical Hematology/Hemostasis Practicum.** 4 cr. Practical application of theoretical knowledge in hematology and hemostasis; process and analyze patient specimens; use instrumentation and microscopic techniques to determine anemias, leukemias, coagulation disorders, and other disease processes. Prereq: 415; admission to professional program.

**CLS 425. Diagnostic Medical Microbiology.** 5 cr. Study bacterial, mycoplasmal, rickettsial, chlamydial, parasitic, and mycotic diseases of humans; identify clinical signs and symptoms of these diseases; explore collection, transportation, modes of transmission, and laboratory methods used to detect and identify the pathogens as well as appropriate antibiotic therapy. 3 hrs lec, 6 hrs lab per wk. Prereq: Biology 333.

**\*CLS 426. Diagnostic Microbiology Practicum.** 5 cr. Cultivate, isolate, and identify pathogenic bacteria, fungi, viruses, and parasites from a variety of patient specimens; perform antibiotic sensitivities and therapeutic drug testing. Prereq: 425; admission to professional program.

**CLS 435. Immunology.** 3 cr. Study concepts in immunology and serologic techniques used to diagnose disease; discuss immunodeficiency diseases, autoimmune disorders, immunology of malignancies, and hypersensitivities. 2 hrs lec, 3 hrs lab per wk. Prereq: Biology 285

**\*CLS 436. Clinical Immunology Practicum.** 2 cr. Apply clinical immunologic techniques to identify antigen-antibody reactions and relate to disease states; explore principles and interpretation of HLA testing and flow cytometry. Prereq: 435; admission to professional program.

**CLS 445. Immunohematology.** 3 cr. Study of human blood group systems, antibody screening and identification, blood components, compatibility testing, donor selection and processing, blood bank regulations; perform blood bank procedures. 2 hrs lec; 3 hrs lab per wk. Prereq: Biology 285.

**\*CLS 446. Clinical Immunohematology Practicum.** 3 cr. Concepts of blood banking; determine patient compatibility for blood and blood components; solve hemolytic disease and antibody identification problems; process blood and components; explore histocompatibility techniques. Prereq: 445; admission to professional program.

**\*CLS 456. Advanced Applications Practicum.** 1 cr. Advanced study in specific practice of clinical laboratory science such as ancillary testing, laboratory information systems, primary care laboratory, management, industry, cytogenetics or molecular biology. Prereq: Admission to professional program.

**CLS 465. Molecular Pathology.** 3 cr. Study composition, structure, function, and characteristic DNA; use clinical laboratory techniques to isolate, amplify, manipulate, and analyze DNA sequences; relate to human health and disease states. 1 hr lec, 6 hrs lab per wk. Prereq: Admission to professional program.

**\*CLS 476. Clinical Body Fluid Analysis.** 1 cr. Clinical study of body fluids including cerebral spinal fluid, synovial fluid, pleural fluid, seminal fluid, and urinalysis; discuss specimen analysis, diagnostic procedures, and test results as related to disease. Prereq: 365; admission to professional program.

**\*CLS 486. Management and Laboratory Information Systems.** 2 cr. Management theory and application of management techniques to laboratory situations; fundamentals of laboratory information systems. Prereq: 385; admission to professional program.

**CLS 495. Research Design and Methods in Clinical Laboratory Science.** 1 cr. Apply scientific method to clinical laboratory research problems; explore research design principles; write research proposals; design research project. 1 hr lec per wk. Prereq: Admission to professional program.

**CLS 496. Clinical Correlations 1.** 1 cr. Correlation of symptoms, clinical test results, and diagnosis of diseases as related to cardiovascular, pulmonary, renal, gastrointestinal, and hepatobiliary disorders; appropriate lab use. Prereq: Admission to professional program.

**\*CLS 497. Clinical Correlations 2.** 1 cr. Correlation of symptoms, clinical test results, and diagnosis of diseases as related to endocrine disorders, reproduction, and neurological, hematologic, and immunologic disorders; appropriate lab use. Prereq: Admission to professional program.

**\*CLS 498. Clinical Correlations 3.** 1 cr. Correlation of symptoms, clinical test results, and diagnosis of diseases as related to tumor markers, infectious disease, nutritional and metabolic disorders, toxicology and drug monitoring, the neonate, and geriatrics. Prereq: Admission to professional program.

**\*CLS 499. Advanced Clinical Studies.** 2 cr. Under supervision of mentor, design and conduct research project in specialty area of clinical laboratory science; prepare major research paper and presentation. This is a capstone course. Prereq: Admission to professional program.

*\*Clinical Practicum: Courses marked with (\*) will be completed at the affiliated clinical laboratories.*

# Communication

## (College of Fine Arts and Communication)

Richard J. Ilkka, Head of the Division of Communication

Room 219, Communication Arts Center

Phone: 715-346-3409

E-mail: Communication.Division@uwsp.edu

Web: www.uwsp.edu/comm

**Faculty:** C Allen, R Bullis, W Davidson, W Deering, R Dubiel, K Ferrante, J Haney, R Ilkka, W Kelley, H Kim, R Komsi, L Midkiff-DeBauche, J Moe, C Sadler, M Tolstedt.

The Division of Communication offers a single comprehensive communication major and minor. Working with a faculty adviser, you can prepare for a wide range of communication careers in broadcasting, new media, journalism, public relations, management, training, sales, and human services. Many other students pursue a communication major as part of personal enrichment in the humanities and liberal arts. You must complete all coursework required for the major or minor and are also expected to acquire strong oral and written communication competencies. The division encourages everyone to participate in one or more of the student organizations and the internship program. These enhance job opportunities upon graduation by providing practical communication experience.

### Communication Major

Consists of a minimum of 40 credits in communication courses:

1. Eighteen credits must be in courses numbered 300 or above.
2. Required: Comm 100.
3. Required core: Comm 171, 271, 273, 373.
4. Comm 101 may not be used to complete the major.
5. Complete at least one emphasis area.

### Communication Minor

Consists of a minimum of 25 credits:

1. Required: Comm 100.
2. Required core: Comm 171, 271, 273, 373.
3. Electives: 12 credits of communication courses, at least 6 must be 300 level or above.
4. Comm 101 may not be used to complete the minor.

### Areas of Emphasis

To major in communication and qualify for graduation, in addition to the core courses, you must complete one of the following emphasis areas. In addition to the requirements listed here, your adviser can provide a more complete course list for your emphasis area. Also note that courses listed below with an asterisk (\*) are laboratory or topics courses and may be repeated for credit under different subtitles.

**Interpersonal and Organizational**—Required: Comm 211, 217, 383. Electives: 12 credits from Comm 311, 340, \*342, 343, \*349, 370, \*380, \*385, 386, 387, \*389, \*390 (ethics focus) \*394.

**Media and Technology Studies**—Required: Comm 121 and two of Comm 125, 220, 250 or 251. Electives: 12 credits (at least 9 must be 300 level or above) from Comm 125, 220, 221, 250, 251, 252, 253, 302, 303, 304, 306, 307, 321, \*322 (desktop publishing focus), 323, 325, 329, 350, 352, 353, 354, 355, 356, 358, 359, 360, 361, \*362,

\*363, 364, 365, 366, 369, 387, \*390 (ethics or media technology focus), 391. You may take technology and new media arts (TNMA) electives toward the emphasis, but TNMA courses will not count toward the 40 credit communication major. You must have 40 communication credits for the major.

**Public Relations**—Required: Comm 221, 230, 334.

Electives: 12 credits, at least 6 must be from Comm \*330, 333, \*390 (crisis communication focus), 431. Additional 6 credits may be from Comm \*322 (desktop publishing focus), 335, 338, \*380 (problem-solving focus), \*390 (ethics focus), 394, 439.

**Individually Planned (I.P.E.)**—Required: Comm 100, 171, 271, 273, 373. Electives: 27 credits of additional communication courses selected in consultation with your adviser and approved by the division head. At least 18 must be 300 level or above. To graduate with an individually planned emphasis in communication you must earn a 2.5 GPA in communication courses.

### Academic Standards

Anyone may declare a major/minor in communication. However, in order to graduate with a major/minor in communication, you must achieve a 2.50 GPA for all communication classes taken regardless of a declaration of academic bankruptcy. Transfer credits will not count toward calculation of your major GPA. The division will attempt to notify and consult with communication majors who are at or below a 2.50 GPA. It is your responsibility, however, to know your own GPA status.

Finally, courses with a grade below C- DO NOT count toward the major/minor. See the **More Academic Information** section of this catalog for the policy on repeating courses.

You may receive proficiency referrals based on in-class speaking or writing deficiencies. If you receive two or more oral or written referrals from at least two different faculty members, you will be required to work in the Speaking and Listening Center or the Tutoring-Learning Center before graduating until competency is verified by the center director.

If you wish to declare a major in communication, you must attend an orientation meeting prior to formal declaration. These meetings are held periodically throughout the semester and offer an overview of the major and minor. At this time the division head or a representative will assign you an adviser and help you select one or more emphases. You must receive your adviser's approval of courses before you register each semester.

**Transfer credit policy:** Certain courses taken at other universities may substitute for courses in the major. However, credits from these courses will not be counted when calculating your GPA in communication.

### Test-out, Credit-by-Exam, Retroactive Credit Policy

If you think you qualify for the above, contact the division head who will determine whether the exam will be for test-out, credit-by-exam, and/or retroactive credit. A designated instructor will administer a written exam that evaluates your level of ability with the content of the course. A grade of B or better will qualify for test-out. Courses that involve applied skills and/or oral performance may also require a second performance exam if you score well enough on the written exam.

**COMD 723. Fluency Disorders.** 3 cr. Research related to etiology, onset, development, and maintenance of stuttering and other speech fluency disorders. Assessment and treatment of preschoolers, school-age children, adolescents, and adults. Prereq: Cons instr.

**COMD 724. Neuromotor Disorders.** 3 cr. Critical issues in the assessment and management of motor speech disorders in children, adolescents and adults. Multidisciplinary aspects of treatment associated with dysarthria, apraxia and other developmental and acquired neuromotor disorders. Prereq: Cons instr.

**COMD 735. Language Disorders: School Age Through Elderly.** 3 cr. Information processing, memory, discourse, narratives, nonliteral language problem solving, and word finding difficulties. How problems negatively affect academic skills, reading, writing and social effectiveness. Assessment and intervention techniques used to support these individuals across academic and social environments. Normal aging process and how aging affects the language system, Prereq: Cons instr.

**COMD 738. Infants and Toddlers at Risk.** 3 cr. Identification, assessment and intervention procedures for children from birth through two years. Prenatal, perinatal, and postnatal risk factors and caregiver's role in early child development. Issues surrounding NICU management. Prereq: Cons instr.

**COMD 740. Acquired Communication Disorders of Adults.** 3 cr. Acquired communication disorders of adults including aphasia, right hemisphere lesions, head injury, and dementia; evaluation, differential diagnosis, and management procedures. Prereq: Cons instr.

**COMD 742. Seminar in PDD/Autism.** 1 cr. Assessment and intervention approaches based on current theoretical perspectives of PDD/Autism which will enhance communication and socialization abilities of this population. Prereq: Cons instr.

**COMD 745. Advanced Study In Phonological Disorders.** 2 cr. Review of contemporary issues related to articulation and phonology. Assessment and treatment strategies for clinically and culturally diverse child and adult populations. Prereq: 345 or equiv.

**COMD 746. Dysphagia.** 3 cr. Normal swallowing function as a foundation for exploring contemporary issues in the clinical and instrumental assessment of swallowing disorders in infants, children and adults. Management procedures for swallowing disorders across the lifespan emphasizing multidisciplinary aspects of treatment. Prereq: Cons instr.

**COMD 751. Clinical Assessment of Hearing I.** 4 cr. Basic theory, principles, and techniques underlying the initial assessment of auditory function, including immittance, pure tone, and speech audiometry. Prereq: Cons instr.

**COMD 752. Clinical Assessment of Hearing II.** 3 cr. Advanced audiological procedures including classical site of lesion tests, testing of infants and children, and assessment of central auditory processing. Prereq: 751 and cons instr.

**COMD 755. Pathologies of the Auditory and Vestibular Systems.** 3 cr. Comprehensive study of auditory and vestibular systems disorders. Prereq: 721 and cons instr.

**COMD 756. Audiology for Speech/Language Pathologists.** 2 cr. Review of the anatomy/physiology of the hearing mechanism, causes of hearing loss, and diagnosis; methods for hearing screening with clinical practice and an overview of aural rehabilitation. Prereq: Cons instr.

**COMD 758. Balance System Assessment.** 3 cr. Brief review of anatomy and physiology of balance; in-depth study of electronystagmography examination with practical experience; review of balance disorders; rehabilitation methodology; study of rotational testing and posturography. Prereq: Cons instr.

**COMD 760. Amplification.** 3 cr. Hearing aid measurement, selection procedures, and hearing aid orientation. Prereq: 713 and cons instr.

**COMD 761. Hearing Aid Dispensing.** 3 cr. Advanced study of amplification and topics related to hearing aid dispensing. Prereq: 760 and cons instr.

**COMD 763. Aural Rehabilitation.** 3 cr. Intervention programs and techniques; counseling strategies used with hearing impaired children and adults. Prereq: Cons instr.

**COMD 765. Augmentative and Alternative Communication.** 3 cr. A lifespan approach in the assessment, intervention, and management of individuals who are nonspeaking because of developmental, motor, or acquired disabilities; determining and developing different communication opportunities supported by a multi-modal communication approach incorporating both low and high technological approaches. Lab experiences include various voice output systems and different assistive technology computer software. Prereq: Cons instr.

**COMD 766. Electrophysiological Assessment of the Auditory System.** 3 cr. Review of auditory system anatomy and physiology; study and practice in eliciting short, middle, and long latency potentials as a means of assessing auditory system function; applications to assessment of infants and persons with hearing loss. Prereq: 721 and cons instr.

**COMD 784. Disorders of Phonation.** 2 cr. Classification, differential diagnosis, assessment, treatment, and prevention of vocal dysfunction across the lifespan. Prereq: Cons instr.

**COMD 786. Maxillofacial Disorders.** 1 cr. Etiology and embryology of oral-facial anomalies. Multidisciplinary assessment and management of speech and language development and habilitation. Prereq: Cons instr.

**COMD 788. Laryngectomy and Alaryngeal Voice Management.** 1 cr. Etiology of laryngeal cancer; medical management of malignant tumors of the larynx; rehabilitation of laryngectomees. Prereq: Cons instr.

**COMD 790. Seminar in Communicative Disorders.** 1-3 cr. Content varies. Seminar format to study topics associated with speech-language pathology and audiology. Prereq: Cons instr.

**COMD 791. Graduate Practicum - Critical Issues I.** 2 cr. Evaluation and management of persons with communicative disorders in the Center for Communicative Disorders and selected off-campus facilities. Includes counseling clients and their families, collaboration with other professionals, and supervision. Prereq: Cons instr.

**COMD 792. Graduate Practicum - Critical Issues II.** 2 cr. Evaluation and management of persons with communicative disorders in the Center for Communicative Disorders and selected off-campus facilities. Includes multicultural populations. Prereq: Cons instr.

**COMD 793. Graduate Practicum - Critical Issues III.** 2 cr. Evaluation and management of persons with communicative disorders in the Center for Communicative Disorders and selected off-campus facilities. Includes medical settings. Prereq: Cons instr.

**COMD 794. Graduate Practicum - Critical Issues IV.** 2 cr. Evaluation and management of persons with communicative disorders in the Center for Communicative Disorders and selected off-campus facilities. Includes educational settings, professional organizations, certification and licenses. Prereq: Cons instr.

**COMD 795. Clinical Semester.** 15 cr. Fifteen-week full-time clinical externship in education or noneducational professional settings. Prereq: Completion of academic and practicum requirements.

**COMD 796. Independent Study.** 1-3 cr. Prereq: Cons instr.

**COMD 797. Workshop.** 1-6 cr. Individual and/or group projects that expand the graduate program course content. May repeat for credit with different content. Prereq: Cons instr.

**COMD 798. Graduate Practicum - Extern.** 6-15 cr. Evaluation and management of persons with communicative disorders in selected off-campus facilities. Prereq: Academic requirements for DPI license and permission of Academic Programs Committee.

**COMD 799. Thesis.** 2-6 cr.

### Comparative Literature Minor

1. Comparative Literature 101 and 102.
2. Six credits in advanced literature courses in which you do the reading in a language other than your native language.
3. Comparative Literature 399.
4. Additional courses in comparative literature and English to total 21 credits, as follows:
  - a. At least 12 credits in comparative literature courses.
  - b. Additional credits selected from English 310, 312, 319, 361, 362, 380.

### Test-Out and Credit-by-Exam Policy

You may apply for test-out or credit-by-exam for comparative literature courses which carry general degree requirement (GDR) credit. The instructor who most recently offered the course will prepare a comprehensive written exam on the material covered in the course and will administer and grade the exam. If you receive a B- or better on the written exam you may test-out of the GDR requirement. To be eligible for credit-by-exam you must receive a grade of B or higher on the written exam, earn a grade of B or higher on an 8-10 page paper on a literary topic covered in the course, and receive the positive recommendation of the department. A maximum of 6 credits earned from credit-by-exam may count toward the comparative literature minor.

### Courses in Comparative Literature

**CLT 101. Masterpieces of the Western World.** 3 cr. A comparative study of themes and literary traditions in the literature of the Western World from Homer to Montaigne. GDR:HU2

**CLT 102. Masterpieces of the Western World.** 3 cr. A comparative study of themes and literary traditions in the literature of the Western World from Milton to Mann. GDR:HU2

**CLT 243. Spanish American Literature in Translation.** 3 cr. Selected readings. Subtitle will indicate focus. May repeat for credit under different subtitles.

**CLT 317. The Novel Before 1850.** 3 cr. A comparative analysis of selections from the works of such writers as Cervantes, Lyly, Nash, Voltaire, Goethe, Hoffman, Balzac, Stendahl, Gogol, and Manzoni, with major emphasis on evolution of form and theme. GDR:HU2

**CLT 324. Literature and the Arts.** 3 cr. Comparative study of literature and its relationship to one or more art forms (film, sculpture, painting, music, etc.) to determine esthetic purpose and the relationships between them. Subtitle will designate topic.

**CLT 399. Special Work.** Upperclass comparative literature minors may arrange for independent study with cons instr, adviser, and dept chair. Credit based on scope of project.

E-mail: [Mathematics.and.Computing@uwsp.edu](mailto:Mathematics.and.Computing@uwsp.edu)  
Web: [www.uwsp.edu/cis](http://www.uwsp.edu/cis)

**Faculty:** R Ackley, A Carlson, J Carter, G Gau, D Gibbs, J Gifford, D Goulet, S Madison, R Morris, B Staal, M Stern.

The program and courses in **computer information systems** are administered by the Department of Mathematics and Computing.

### Computer Information Systems Major (CIS)

Consists of at least 49 credits. NOTE: Courses used to complete requirements for the major cannot be used to complete an option.

1. Computer Information Systems (CIS) 115, 116, 210, 211, 219, 313, 323, 330, 332 or 336, 358, 480 and one additional 300 level CIS course excluding CIS 300, 395, 397, 499.
2. Math 109 or 120, and Math 209.
3. Elective options: In addition, you may complete one of the transcriptable options below:
  - a. **Business option:** CIS 329, 332, 345 (COBOL), and two courses from Accounting 210, Economics 210, Business 380.
  - b. **Web site development option:** CIS 336, 345 (Java), 346 (Objects in Analysis and Design), 362; Technology and New Media Arts (TNMA) 306, and 307 or 308.
  - c. **Data communication option:** CIS 324, 336, 362, 364; Math 310.

### NOTES:

1. When a 390 course is offered, the department will specify in which, if any, of the options (business, data communication, technical support) or the computer information systems minor, the course may be used as an elective.
2. A 499 course can be added as an elective only with the prior approval of the department chair.
3. Availability of CIS courses is limited in any semester.

### Admission/Academic Standards for the CIS Major

1. If you declare CIS as your major, you are a "premajor" until you apply and are accepted into the major. Applications are processed in September and February each year. You must apply no later than the second semester of your sophomore year. Exceptions may be granted.
2. Before you can apply for admission to the CIS major, you must complete the core requirements of CIS 115, 116, 210, 211, and Math 109 or 120. You must have a GPA in these courses of at least 2.5, including transfer credits, and regardless of any declaration of academic bankruptcy.
3. Applicants are ranked by overall GPA. The top 30-40 will be selected each semester. The actual number admitted is based on available teaching resources.

4. You may apply for admission to the CIS major twice.
5. You may repeat a course in the major only if you follow the policy on repeating courses found in the **More Academic Information** section of this catalog. If a course is repeated, only the most recent grade counts for the GPA.
6. CIS and Math courses taken pass/fail do not count for the major.
7. You may petition the department chair to accept coursework done at other institutions, but no more than one-half the CIS credits applied to your major may be earned outside UWSP. The department chair may allow modifications to this rule.
8. To maintain admitted status, you must maintain GPA of at least 2.5 in all courses taken at UWSP that count for the CIS major.
9. If you do not maintain a GPA of at least 2.5 in all courses taken at UWSP that count for the CIS major, you will be placed on CIS probation and will have one semester to restore your GPA. If you fail to do so, you will be dropped from the major and will only be allowed to register for courses required to complete the CIS minor.
10. If you are not admitted to the CIS major, you will only be allowed to register for CIS 219, 313 and one additional 300 level CIS course beyond the core requirements. This will allow you to complete the CIS minor.
11. Admission to CIS classes is limited in any semester and may be determined in part by your CIS GPA.

### Computer Information Systems Minor

Consists of at least 23 credits: CIS 115, 116, 210, 211, 219, 313, and one additional 300 level CIS course excluding CIS 300, 395, 397, 499.

### Academic Standards for CIS Minor

1. To minor in CIS, declare your intention no later than the second semester of your sophomore year.
2. Have no more than one grade below C- in any CIS course. If a course is repeated, the most recent grade counts. CIS courses taken pass/fail do not count toward the minor.
3. Have a minimum 2.25 GPA in all CIS courses, regardless of any declaration of academic bankruptcy.
4. You may petition the department for exceptions.

### Computer Science Minor for Secondary Teacher Certification

Consists of 24 credits:

1. CIS 115, 116, 210, 211, 219, 330, and 345 (Java).
2. Required collateral mathematics major for secondary teacher certification.
3. Demonstrated competency in word processing and spreadsheet. May be satisfied by examination or successfully completing CIS 102 (word processing and spreadsheet).
4. **Teacher Certification:** Enrollment caps are in effect for those seeking teacher certification. Please contact your department early for entrance requirements and application procedures. Also see information about the Professional Education program and the secondary education curriculum for teacher certification in the **Education** section of this catalog.
5. **Academic Standards:** Same as CIS minor above.

### Learning Technologies Minor

Is listed under that heading later in this catalog.

### Test-Out and Credit-by-Exam Policy

You may receive credit-by-exam if you have taken the APCS (Advanced Placement Computer Science) exam. If you have a score of 3 or higher, you will receive credit for CIS 210. If you have not taken the APCS exam but have significant programming experience, you may be placed into CIS 211 at the discretion of the department chair. If you receive a grade of B or higher in 211, you will then receive retroactive credit in 210.

### Courses in Computer Information Systems (CIS)

(I = first semester; II = second semester.)

**CIS 101. Introduction to Computing.** 2 cr. Survey, hardware, software, applications, social implications, campus computing environment. (I, II)

**CIS 102. Practicum in Computing.** 1 cr. A subtitle will be added for each section offered. May repeat for credit under different subtitles. (I, II)

**CIS 115. Introduction to Information Systems.** 3 cr. Information needs of various organizations. Methods used to analyze, design, and implement information systems for organizations. Career opportunities; issues in information security, ethics, and privacy; experience with a programming language and communication tools such as the Internet and e-mail. Prereq: Con reg in 116.

**CIS 116. Introduction to Information Management.** 1 cr. Comprehensive examination of the concepts of information storage, retrieval, and reporting using contemporary information management software. Prereq: Con reg in 115.

**CIS 195/395. Seminar In Computing.** 1-3 cr. Seminar in computing and computer applications for CIS majors or minors. May include guest lectures and student presentations. Subtitle will indicate topic and credits. May repeat for credit under different subtitles. Does not count for CIS major or minor. Prereq: Cons instr.

**CIS 205. Computer Programming and Applications for Paper Science.** 4 cr. Problem solving, algorithm development, and computer programming using a block-structured language; how to design, code, debug, and document programs. Paper science applications using spreadsheets and databases. Prereq: Paper science major or cons math and computing chair.

**CIS 210. Introduction to Programming I.** 4 cr. Problem solving, algorithm development, and computer programming using a block-structured language; design, code, debug, and document programs; introduction to files and arrays. Prereq: 115/116 or cons chair.

**CIS 211. Introduction to Programming II.** 4 cr. Continuation of 210. Principles of data structures and object-oriented programming. Topics such as classes, objects, polymorphism, inheritance, exception handling, function templates, sequential and random files, and multi-dimensional arrays. Prereq: 210.

**CIS 219. Database Design and Implementation (formerly 319).** 4 cr. Analysis and design of databases to support computer-based information systems. Develop and program relational database management systems using SQL. Prereq: 211.

**CIS 300. Living in the Information Age.** 3 cr. Outline of technological developments occurring in information access and storage, and effects the information revolution is having on everyday life, professions, privacy, security, automation, law, government and employment. Does not count for CIS major or minor.

**CIS 313. Production Programming.** 4 cr. Detailed study of the syntax and logic of the language. Apply a programming language to professional situations. Individual and team projects. Subtitle will indicate language. May repeat for credit under different subtitles. Prereq: 211.

**CIS 323. Systems Analysis and Design (formerly 220).** 4 cr. Analysis and design of a software system using structured and object tools with the systems development life cycle as the framework. Activities done in context of a semester-long systems application case study. Prereq: 219, English 102 or 150, Communication 101 or cons chair.

**CIS 324. LINUX Operating System.** 3 cr. Introduction to the LINUX operating system, including commands, utilities, shell programming, system administration, networking and Internet server capabilities. Prereq: 330.

# 76 computer Information Systems

**CIS 329. Advanced Database Applications.** 3 cr. Define, design and construct an enterprise data warehouse. Techniques and algorithms for extracting useful information, such as OLAP, data mining and creation of datamarts. Examine performance considerations. Prereq: 323.

**CIS 330. Computer and Network Architecture.** 4 cr. Introduction to personal computer architecture including hands-on assembly of hardware components. Examine network concepts and implement LAN's using various network operating system platforms. Prereq: 211 or learning technologies minor.

**CIS 332. Client/Server Computing.** 3 cr. Analyze the distribution of computing functions among networked computers. Coordinate roles and functions of front-end clients, network operating systems, and back-end servers. Design and implement systems to operate on client/server platforms. Prereq: 219, 313, 330.

**CIS 336. Interactive Web Programming.** 3 cr. Examine relationship between Web servers and Web clients. Create interactive Web pages with server-side and client-side script. Pass information between pages. Storage/retrieval of information to/from a database. Prereq: 219, 313, 330.

**CIS 345. Alternate Programming Language.** 4 cr. Examine an alternate programming language with emphasis on language structure. Subtitle will indicate language. May repeat for credit under different subtitles. Prereq: 211.

**CIS 346. Contemporary Topics in Computing.** 3 cr. Examine contemporary and emerging topics in computing. Subtitle will indicate topic. May repeat for credit under different subtitles. Prereq: Jr st.

**CIS 358. Systems Documentation.** 3 cr. Instruction and practice in writing technical reports, feasibility studies, and user documentation. Prereq: 323.

**CIS 362. Data Communication.** 3 cr. Physical basis for communication; modulation techniques; synchronous and asynchronous transmission; analog and digital signaling; multiplexing; communication hardware and software; networks and protocols; routing algorithms; error detection and correction. Prereq: 313.

**CIS 364. Network Management.** 3 cr. Basic concepts of local and wide area networks; network topologies; analysis of network needs; network security, installation and growth. Prereq: 323.

**CIS 370/570 Computer Applications for Teachers.** 1-3 cr. Examine use of computer software in a class. Integrate software into units of instruction. Develop implementation strategy that includes hardware/software acquisition and student access. Subtitle will indicate type of software. May repeat for credit under different subtitles. Does not count for CIS major or minor.

**CIS 371/571. Microcomputer Operation for Teachers.** 1 cr. Examine a microcomputer, its capabilities and limitations; survey of existing software. Subtitle will indicate type of computer. May repeat for credit under different subtitles. Does not count for CIS major or minor.

**CIS 373/573. Productivity Software for Teachers.** 1-3 cr. Examine a productivity software package including a variety of applications. Subtitle will indicate type of computers and/or software such as word processing, spreadsheet or database. May repeat for credit under different subtitles. Does not count for CIS major or minor.

**CIS 374/574. Internet Applications for Teachers.** 1-3 cr. Examine Internet concepts, search engines, downloading, organization of Internet resources; Web site design, development and implementation. Subtitle will indicate Web site development tool or application focus. May repeat for credit under different subtitles. Does not count for CIS major or minor.

**CIS 375/575. Introduction to Programming for Teachers.** 1-3 cr. Problem solving, algorithm development, and computer programming; design, code, debug, and document programs. Subtitle will indicate programming language. May repeat for credit under different subtitles. Does not count for CIS major or minor.

**CIS 390/590. Special Topics in Computer Science.** 3 cr. Subtitle will designate topic. Prereq: Cons chair.

**CIS 395. (see CIS 195)**

**CIS 397. Internship in Computing.** 2-6 cr. Participate in supervised training work program that you arrange with your adviser at a cooperating organization. Adviser and chair determine number of credits following department guidelines. May repeat for 6 cr max. Prereq: Jr st and cons chair.

**CIS 480. Applied Software Development Project.** 4 cr. Apply computer programming and system development concepts, principles, and practices to a comprehensive system development project; use team approach to analyze, design and document realistic systems of moderate complexity; use project management methods, project scheduling and control techniques; use formal presentations and group dynamics to solve information systems problems; develop a database to support the system. Prereq: 332 or 336; 358 and sr st.

**CIS 499. Special Work.** Upperclass CIS students may arrange for independent study with cons chair. Credit based on scope of project.

## Course in Computer Science Education

**CSED 398. Student Teaching in Computer Science.** 4-16 cr; pass/fail. Observation and teaching in secondary school classrooms under the guidance of cooperating teachers and university faculty.

# Cooperative Education

Career Services Office  
Room 134, Main Building  
Phone: 715-346-3226  
E-mail: Career.Services.Office@uwsp.edu

In the cooperative education program you can gain one to five years experience in work related to your academic major or career goals. All students, freshmen to seniors, are eligible.

As a co-op student, you must register for your work periods, but you receive no academic credit. Registration means that a record of the work experience will be entered on your permanent record.

## Courses in Cooperative Education

**COOP 001. First Work Period.** 0 cr. Prereq: Approval by the coordinator's office and acceptance by the employing organization.

**COOP 002. Second Work Period.** 0 cr. Prereq: Satisfactory completion of 001; see statement under 001.

**COOP 003. Third Work Period.** 0 cr. Prereq: Satisfactory completion of 002; see statement under 001.

**COOP 004. Fourth Work Period.** 0 cr. Prereq: Satisfactory completion of 003; see statement under 001.

**COOP 005. Fifth Work Period.** 0 cr. Prereq: Satisfactory completion of 004; see statement under 001.

## Earth Science (College of Letters and Science)

Benjamin Ofori-Amoah, Coordinator  
Room D-332, Science Building  
Phone: 715-346-2629  
E-mail: Geography/Geology.Office@uwsp.edu  
Web: www.uwsp.edu/geo

Also see the **earth science option** of the Natural Science major later in the catalog.

### Earth Science Minor

Is administered by the Department of Geography and Geology and consists of 22 credits:

1. Geography 101, Geology 104, 106.
2. At least one course from each of the following groups:
  - a. Geography/Geology 352, Geography 353.
  - b. Geology 200, 320, 330, 370, 383.
3. Additional credits either from groups 2.a. and 2.b. above; or from the following to total 22 credits: Geography 393 (max 3 cr), 395 (for earth science topics); Geology 393 (max 3 cr), 395; Astronomy 311.

#### NOTES:

1. No more than three total field experience credits (Geology 393 or Geography 393) can be used to satisfy the earth science minor requirements.
2. If you want teacher certification in earth science, you must include Astronomy 311, and at least two field experience credits in Geography 393 and/or Geology 393.

### Academic Standards

1. To be admitted, retained, and approved for graduation as an approved earth science minor, you must have a minimum cumulative grade point average of 2.50 (2.75 to student teach in earth science) for all courses taken within the minor, including collateral courses and regardless of declaration of academic bankruptcy.
  - a. You must complete Geography 101 or Geology 104 before you declare your minor.
  - b. If you transfer and have no credits earned at UWSP in the minor, you will be a provisional minor until you complete the minimum requirements.
  - c. If you do not meet the minimum requirements, you must have written approval of the department chair to be a provisional minor.
  - d. You will be admitted as an approved minor once you meet the minimum requirements.
2. If you do not maintain a 2.50 GPA, you will be placed on earth science probation and will have two semesters to restore your GPA. If you fail to do so, you will be dropped from the minor. The department will attempt to notify and consult with students who are at or below a 2.50 GPA. However, it is your responsibility to know your own GPA status.
3. You may repeat a course in the minor only if you follow the policy on repeating courses found in the **More Academic Information** section of this catalog.
4. Geology, geography, and astronomy courses taken at the 300 or 400 level on a pass/fail basis do NOT count toward the minor.

## PROFESSIONAL EDUCATION PROGRAM (PEP) ADMISSION PROCEDURES

If you are interested in any teacher certification program, you must officially declare your teaching intent by making an appointment with the Undergraduate Advising Office, 715-346-2040. You must also apply for admission to the Professional Education Program after you have completed 40 credits; but you must have earned 54 credits by the end of the semester in which you are applying to be fully admitted. University approved credits for Advanced Placement, CLEP, and test out may apply toward the 54 credits. Applications are available from the School of Education Advising Office, Room 469 CPS Building. Applications are processed two times each year, February 22 and September 22. Applications received after the deadline will be processed during the next deadline period.

In order to enroll in junior and senior level early childhood, education and instructional resources courses, as well as some methods courses in other departments, you must be fully admitted to PEP.

The following minimum criteria must be **COMPLETED** and passing scores must be on file in the Undergraduate Advising Office to be eligible to apply for admission to PEP. **Criteria may change at any time.**

1. Earn a 2.75 cumulative grade point average (GPA) from all accredited institutions attended. The School of Education honors academic bankruptcy and UWSP course repeat policies at the time of admission to the program, but you must have a 2.75 GPA overall and a 2.75 GPA in your major, minor, concentration, and teacher certification coursework for student teaching, regardless of academic bankruptcy or GPA requirement waiver. If you declare academic bankruptcy, you must have at least a 2.75 GPA in 40 credits of courses

- you complete after declaring academic bankruptcy and any courses taken at other institutions.
2. Earn a 2.50 GPA in English 101 and 102 or a C or better in English 150 **-OR-**
    - a. Test out of English 101 and 102 through the department test-out exam or receive credit by examination for both courses.
    - b. Test out of one course (or receive credit by examination for it) and maintain a 2.50 GPA in the other course.
    - c. Receive a grade of B- or better in English 250.
    - d. Receive a passing score on the reading and writing portion of the Pre-Professional Skills Test (PPST) and receive grades of B or better in two writing emphasis (WE) courses.
    - e. Satisfactorily complete the required work in the Professional Writing Competency Program. (Sign up and pay fee for this program in 469 CPS.)
  3. Complete speech and hearing screening.
  4. Receive a 50 percent or better score on the Watson-Barker Listening Test. You may repeat this test if you do not receive a passing score or if you are denied entry into the program.
  5. Receive scores within three points of the requirements on the PPST. (Written version requirements: Reading 175, Writing 174, Math 173. Computer version requirements: Reading 322, Writing 320, Math 318.) **Appropriate accommodations are available if you have a documented disability or English as a second language. See personnel in the Education Advising Office for current passing score requirements and details about accommodations.**
  6. If you are an early childhood education major, or an elementary education major, or exceptional education major, you must also complete the Pre-Professional Interview. Under extenuating circumstances you may repeat the interview with approval of the head of the School of Education.
  7. See the department of your major or minor for possible additional requirements. Most programs do have additional requirements to apply.
  8. You must be able to prove competency in communication skills including computers and emerging technology. You must complete Educ 205 with a grade of B- or better. Check with the Education Advising Office for additional options.
  9. If you meet the following criteria you may apply for a waiver of either the PPST score requirements OR the 2.75 grade point requirements by using the formal waiver application available in the Education Advising Office. If granted, this waiver allows you to apply to PEP without meeting the requirements, although your actual scores or GPA will still be used in calculating rank. Deadlines for waiver requests are September 11 and February 7.
    - a. PPST score waiver requirements:
      - 1) Take and receive scores for PPST at least twice.
      - 2) Scores cannot exceed a six point deviation for the cut off.
      - 3) Related coursework must have grades of 3.0 or higher.
      - 4) Overall grade point from all accredited institutions attended of at least 2.75.
      - 5) Forty credits of instruction completed.
      - 6) Copies of the PPST results from both attempts and transcripts from all institutions.
      - 7) Letter explaining reasons for waiver request.
    - b. Grade point waiver requirements:
      - 1) Passing scores on all three parts of the PPST.
      - 2) Forty credits of instruction completed with a grade point of at least 2.75.
      - 3) Grades that show a significant improvement over minimum of two consecutive semesters.
      - 4) Copies of the latest PPST results and transcripts from all institutions.
      - 5) Letter explaining reasons for requesting waiver.
  10. If you are not currently registered for coursework at UWSP at the time you apply to PEP, please see the special rule concerning admission requirements for transfer students below.

The Watson-Barker Listening Test, Pre-Professional Interview and speech and hearing screening are offered at the beginning of every semester. A fee may be charged. The Pre-Professional Skills Test (PPST) is given through the ETS company for a fee and registration takes place at least four weeks in advance of a scheduled test. The PPST results usually take six weeks to be mailed. The Education Advising Office has information on dates, times and registration procedures for all requirements.

### Transfer Student Admission Procedure

If you are a transfer student or have an undergraduate degree from an accredited institution, you may be admitted to the Professional Education Program if you complete items 1-8 above, are admitted to UWSP, and have paid the required deposit. You must attach proof of admission to UWSP when you apply.

### Enrollment Caps for PEP

Enrollment caps are in effect for all certification areas. Please see your major/minor department for more information.

If you are seeking admission to PEP and are majoring or minoring in exceptional education or majoring in elementary education or early childhood education, you will be assigned a rank based on your cumulative GPA from all accredited institutions attended, the PPST, Pre-Professional Interview, and the Watson-Barker Listening Test. Your cumulative GPA and Pre-Professional Interview will be weighted twice. You may be admitted to only one of the following majors for initial certification: early childhood, elementary education, exceptional education.

You may apply twice for admission to PEP in any one "program area." Early childhood, elementary and exceptional education are considered as one program area for this rule.

You may appeal if you are denied admission to the program. You may contact the School of Education for information regarding the appeal process. The School of Education Appeals Committee will handle appeals for all certification programs. If you are not admitted, you will not be allowed to pursue teacher certification or a teaching major/minor at UWSP or register for junior and senior level early childhood, education, and instructional resources courses.

If you do not apply to the program before you have completed 60 credits, you may be in jeopardy of taking coursework that is not necessary for an alternative program that you may choose.

**Block Courses**

Many courses are offered in a series of "blocks." Blocks are explained on our Web site and in the *School of Education Advising Handbook* you will receive when you declare your teaching intent.

**EARLY CHILDHOOD EDUCATION**

**Early Childhood Education Major (Early childhood through middle childhood level – birth through 8 years old/Early Childhood: Special Education)**

Enrollment caps: The top 25 students who apply each year will be admitted, half each semester. If you wish to prepare for early childhood education, you may:

1. Major in early childhood education, and minor in early childhood: special education (EC:SE) that leads to regular and special education early childhood through middle childhood level certification – birth through 8 years old.
2. Major in elementary education and add on the prekindergarten-kindergarten license after the initial license is complete.

**Requirements:**

1. Complete the requirements for the BA or BS degree listed under the **General Degree Requirements** section of this catalog. However, note the specific courses to take under the following categories:
  - a. In the verbal and quantitative skills sequence, take English 101 and 102, or 150; Communication 101; Math 100, 338 and Math Ed 338.
  - b. In the critical thinking/natural science sequence, take 13-15 credits, including no more than one 3-credit course, and at least two 5-credit courses in these three disciplines:
    - 1) Physical science: Chemistry 100 or 101; Physics 100 or 101; Astronomy 100, 205, 206, or 311.
    - 2) Earth science: Geography 100 or 101; Geology 100.
    - 3) Life science: Biology 100 or 101.
  - c. Take 27 credits to fulfill the critical thinking/cultural awareness requirement, including one course in non-Western culture (NW) and one course in minority studies (MNS):
    - 1) History: Take History 212 and three more credits from History 120, 130, 211, \*379, \*382, \*385, \*288/388. (\*These courses do not meet general degree requirements in the category listed.)
    - 2) Social Science: Take HD 261 or 265, and 367; Psych 110; Political Science 201.
    - 3) Humanities: Take 3 credits from English 211, 212, 213, or 214; and 3 credits from Humanities Area 1.
  - d. Take Natural Resources 370 to fulfill the environmental literacy requirement and DPI's environmental education requirement.
  - e. Take Physical Ed 231 to fulfill part of the wellness requirement. WLNS 123 will complete the wellness requirement. (If you have completed both First Aid training and CPR through the Red Cross, you may be waived from WLNS 123, but will still need to complete the wellness requirement.)

After you have completed 40 credits, apply for admission to the Professional Education Program. For a list of the admission criteria, see that section above.

2. Take 32 credits of professional education: ECED 262, 460; Educ 205, 351, 381; HD 466; IRES 331; and 13 credits of combination Educ 398, 400 and ECED 398.
3. Take 23 credits of education methods: ECED 366, 368; Educ 302, 309, 310, 324, 325; HD 360.
4. Take 10 credits of related professional subject matter: Com Dis 266; English 274; Math 228/Math Ed 228.
5. Complete the Teacher of Students with Early Childhood: Special Education (EC:SE) minor including Educ 365, 366, 367, 398. Other requirements for this minor are met within the early childhood ed major.
6. Achieve a 2.75 overall GPA as well as a 2.75 GPA in your major, minor, concentration, and education courses, or be in the upper half of your class before you student teach.
7. Earn a grade of "pass" or 2.0 GPA (C) or better in all areas of student teaching. You **CANNOT** be certified if you do not pass or if you receive a grade less than C for student teaching in your major.

**Early Childhood Education Add-on License**

**(Prekindergarten and Kindergarten)**

1. Only open to those who have already completed the elementary education major. The add-on provides professional preparation and includes student teaching at the prekindergarten and kindergarten levels.
2. Required courses, 23 credits: ECED 262, 364, 366, 368, 460; HD 261, 360, 466.

**ELEMENTARY EDUCATION**

**Elementary Education Major (BA/BS) (Middle childhood through early adolescent level. Approx ages 6-12, with option to add on age 13 in the minor)**

Enrollment caps: The top 50 students who apply each semester will be admitted.

1. Complete the requirements for the BA or BS degree listed under the **General Degree Requirements** section of this catalog. However, note the specific courses to take under the following categories:
  - a. In the verbal and quantitative skills sequence, take English 101 and 102, or 150; Math 100 and 338 and Math Ed 338.
  - b. In the critical thinking/natural science sequence, take 13 to 15 credits, including no more than one 3-credit course, and at least two 5-credit courses in these three disciplines:
    - 1) Physical science: Chemistry 100 or 101; Physics 100 or 101; Astronomy 100, 205, 206, or 311.
    - 2) Earth science: Geography 100 or 101; Geology 100.
    - 3) Life science: Biology 100 or 101.
  - c. Take 24 credits to fulfill the critical thinking/cultural awareness requirement, including one course in non-Western culture and one course in minority studies. Social science and humanities together must equal 18 credits.
    - 1) History: Take History 212 and 3 more credits from History 120, 130, 211, \*379, \*382, or

\*385, \*288/388. (\*These courses do not meet general degree requirements in the categories listed.)

- 2) Social Science: Psych 110 and 260 or HD 265; Political Science 201.
- 3) Humanities: English 211, 212, 213, or 214.
- d. Take Natural Resources 370 to fulfill the DPI's environmental education requirement and UWSP's environmental literacy requirement.
- e. Wellness: Take Physical Ed 231 and Health Ed 280 to fulfill the wellness requirement.

After you have completed 40 credits, apply for admission to the Professional Education Program. For a list of the admission criteria, see that section above.

2. Take 27 credits of professional education: Educ 205, 381, 383, 385, 398, 400, and IRES 331.
3. Take 20 credits in education methods: Educ 302, 309, 310, 324, 325, 351; Math Ed 228 and 345.
4. Take 17 credits of related professional subject matter: Art Ed 322, English 275, Fine Arts 116, Math 228 and 345, and Music Ed 381.
5. For ages 6-12 certification you must complete a 22-credit minor. (It does not have to be a certifiable minor.) One placement in ages 6-12 student teaching will be required. See the chart for a list of minors that were established especially to meet the needs of elementary education majors. For ages 6-13 certification you must complete a **certifiable** minor (we recommend the elementary minor) and student teach in that minor in a middle school as well as one placement at the ages 6-12 level. If you would like to teach at the middle school level, you should pursue certification for ages 6-13.
6. Take WLNS 123 or show proof of completion of First Aid and CPR training through the Red Cross.
7. Achieve a 2.75 overall GPA as well as a 2.75 GPA in your major, minor, concentration, and education courses, or be in the upper half of your class before you student teach.
8. Earn a grade of "pass" or a 2.0 GPA (C) or better in all areas of student teaching. You **CANNOT** be certified if you do not pass or if you receive a grade less than C for student teaching in your major.
9. To graduate, see "Graduation" in the **More Academic Information** section of this catalog.

## Elementary Education Curriculum for County College Graduates

If you graduated from the regular state approved two-year county teachers college course, you may be tentatively admitted to junior standing in professional education if the head of the School of Education determines that your record is satisfactory. You must apply and be admitted to the Professional Education Program and you are subject to enrollment caps. If you attended a county teachers college in 1970-71 and 1971-72 and successfully completed at least 32 semester hours of work in elementary education, you can transfer to UW-Stevens Point and receive credit for 32 semester hours of nonspecific credit. If you have not taught for 10 years, you need to retake methods courses.

## SECONDARY/K-12 EDUCATION

### Secondary Education Curriculum for Teacher Certification

(Early adolescence-adolescence level.

Approx ages 10-21)

If you complete a K-12 program in family and consumer education; music-choral, general, instrumental; physical education; or speech and language, you will be certified early childhood through adolescence level which covers a wide range of all ages in public schools.

**Enrollment caps for all secondary/K-12 programs are in effect.** See the department of your major/minor for enrollment cap policies and additional requirements.

Meet the following requirements:

1. Complete the requirements for the BA, BFA, BM, or BS described in the **General Degree Requirements** section of this catalog or from another institution.
2. History: History 212 and 3 additional credits from History 120, 130, 211, \*379, \*382, \*385, \*288/388. (\*These courses do not meet general degree requirements in the category listed.)
3. Complete at least one certifiable major. You can enhance your employment options with an additional certification in a minor field. For information on the requirements for your major and minor, check with the individual departments and see the section(s) in this catalog on your field(s) of study. Note that the requirements for the teaching major or minor sometimes differ from the requirements for the nonteaching major or minor.
4. Take the following courses for certification:
  - a.
    - 1) Educ 205, 351, 381, 385 (not required if K-12 program),
    - 2) Educ 386 (or English 381 if you are an English major or minor),
    - 3) Educ 390 (or English 355 and 356 if you are an English major or minor). Family and consumer ed, music and physical ed majors are exempt from the Educ 390 requirement.
    - 4) IRES 331 (or department equiv for family/consumer ed, math, music and physical ed majors).
  - b. Teaching methods course in major, 3 credits.
  - c. Teaching methods course in your minor, if you want to be certified in your minor, 3 credits.
  - d. Student teaching, 3-16 credits. 12-16 credits are required for initial licensure. Student teaching may include Educ 400. See the **Student Teaching** section below.
  - e. Political Science 201 unless your major, minor, or concentration includes the same coursework (Poli Sci 101 and 242).
  - f.
    - 1) Science majors and minors take Natural Resources 370.
    - 2) Social science majors and minors take Econ 210 or 272 and Natural Resources 370 (except philosophy, religious studies, or psychology majors who do not major or minor in another social science field).
  - g. One fine arts course.
  - h. One humanities course must be literature.
  - i. Among science electives, you must take one biological and one physical science.
5. Achieve a 2.75 overall GPA as well as a 2.75 GPA in your major, minor, concentration, and teacher certifi-

cation courses, or be in the upper half of your class before you student teach.

6. Earn a grade of "pass" or a 2.0 GPA (C) or better in all areas of student teaching. You **CANNOT** be certified if you do not pass or if you receive a grade less than C for student teaching in your major.
7. To graduate, see "Graduation" in the *More Academic Information* section of this catalog.

## Certification in Communicative Disorders

In this sequence you work in a public school with students of all ages (preschool through high school). You receive certification when you complete your master's degree. For further information, see the section entitled *Communicative Disorders* under *Courses of Instruction*.

## EXCEPTIONAL EDUCATION

### Exceptional Education Major (BS)

**Enrollment caps:** The top 25 students who apply each year will be admitted (half each semester). When you meet the School of Education guidelines for admission to the Professional Education Program, you will apply for:

- A. One specialization in special education certification in middle childhood through adolescence level-special education (approx ages 6-21).
  - B. Or two specializations for certification in either middle childhood through early adolescence level-special education (approx ages 6-13) OR early adolescence through adolescence level-special education (approx ages 10-21).
  - C. If you seek additional certification, you will take the additional student teaching after graduation.
1. Complete the requirements for the BS degree listed under the *General Degree Requirements* section of this catalog. However, note the specific courses to take under the following categories:
    - a. In the verbal and quantitative skills sequence, take English 101 and 102 or 150; Math 100, 338 and Math Ed 338.
    - b. In the critical thinking/natural science sequence, take 13 to 15 credits, including no more than one 3-credit course, and at least two 5-credit courses in these three disciplines:
      - 1) Physical science: Chemistry 100 or 101; Physics 100 or 101; Astronomy 100, 205, 206, or 311.
      - 2) Earth science: Geography 100 or 101; Geology 100;
      - 3) Life science: Biology 100 or 101.
    - c. Take 24 credits to fulfill the critical thinking/cultural awareness requirement, including one course in non-Western culture and one course in minority studies. Social science and humanities together must equal 18 credits.
      - 1) History: Take History 212 and 3 more credits from History 211, \*379, \*382, \*385, \*288/388. (\*These courses do not meet general degree requirements in the categories listed.)
      - 2) Social Science: Take at least 9 credits, including Psych 110 and 260, HD 261 or 265; Political Science 201 or 101 and 242.
      - 3) Humanities: Take 6-9 credits, including at least one of English 211, 212, 213, or 214 and one in Humanities Area 1.

- d. Take Natural Resources 370 to fulfill UWSP's environmental literacy requirement and the DPI's environmental education requirement.
2. After you have completed 40 credits, apply for admission to the Professional Education Program. For a list of the admission criteria, see that section above.
3. **Professional Education**, 26 cr: Educ 205, 302, 309, 310, 314, 381, 383, 400; IRES 331; Math 228 and Math Ed 228.
4. **Exceptional Education**, 21 credits: Educ 351, 356, 362, 368, 378, 397; Com Dis 367.
5. **Specialization:** Choose one or two teaching specializations to complete the major.
  - a. **Emotional Disabilities**, 12-18 credits: Educ 364, 369, 398.
  - b. **Learning Disabilities**, 12-18 credits: Educ 364, 369, 398.
  - c. **Cognitive Disabilities-Borderline**, 12-18 credits: Educ 364, 369, 398.
6. Achieve a 2.75 overall GPA as well as a 2.75 GPA in your major, minor, concentration, and education courses, or be in the upper half of your class before you student teach.
7. Earn a grade of "pass" or a 2.0 GPA (C) or better in all areas of student teaching. You **CANNOT** be certified if you do not pass or if you receive a grade less than C for student teaching in your major.
8. To graduate, see "Graduation" in the *More Academic Information* section of this catalog.

You may take up to two teaching specializations. Certifications are for ages 6-21 in emotional disabilities, learning disabilities, and cognitive disabilities-borderline unless you want certification at only one level, ages 6-12/13 or ages 12-21. In that case you must complete two certifications.

### Notes Regarding Teacher Certification for Exceptional Education Majors

1. For teacher certification you must document 200 clock hours of prestudent teaching experience working with children and youth in regular classroom settings of which 50 clock hours are involved with designated social, cultural, or language groups. You must also document 90 clock hours of prestudent teaching experience working with children and youth within your specialization.
2. Be sure you understand and fulfill the human relations requirements of the Wisconsin Department of Public Instruction. You can pick up a copy of the human relations requirements checklist from the School of Education Advising Center, Room 469, CPS Building.

### Exceptional Education Minors for Elementary/Secondary Teachers

#### Teacher of Students with Early Childhood: Special Education (EC:SE) Minor (birth through 8 years old)

This minor is required of early childhood education majors for initial certification. If you have completed initial certification in early childhood, elementary or exceptional education, you may add this license after graduation.

1. Complete a major certification program in elementary, exceptional, or early childhood education.
2. Take ECED 364 (ECED majors do not need 364) and Educ 365, 366, 367, 378 (ECED majors do not need 378), 398 and 400.
3. Enrollment cap: A total of 25 students admitted per year.

## Teacher of Students with Exceptional Educational Needs Minor

1. Professional Education: Complete a major certification program in education which includes: Educ 309 and/or 386 (see adviser); 351, 381, 383, 398, 400, HD 261, 265 or Psych 260, and methods courses in your instructional areas. Certification grade levels depend on initial certification program.
2. General Exceptional Educ: Educ 356, 362, 364, 368, 369, 378, 398 (in certification area), Com Dis 367.
3. Complete one of the following areas of certification:
  - a. Teacher of students with emotional disabilities: no additional coursework required.
  - b. Teacher of students with learning disabilities: Educ 310.
  - c. Teacher of students with cognitive disabilities-borderline: no additional coursework required.
4. Enrollment caps: Eligible students will seek only one area in special education. A total of 60 students will be accepted per year with a maximum of 30 students per certification area in ED, LD, CD-B.

## STUDENT TEACHING

Henry St. Maurice, Director of Field Experiences  
Room 112, College of Professional Studies Building  
Phone: 715-346-2449  
E-mail: Field.Experiences@uwsp.edu

In this final step in your preparation for teaching, you demonstrate practical competence in one of many schools which cooperate with UW-Stevens Point in providing field experiences. As a student or intern teacher you would be assigned to any cooperating school system depending upon your personal preferences and the availability of qualified cooperating teachers.

The Office of Field Experiences and the cooperating school administration arrange all assignments. Please do not initiate contact with a cooperating teacher to arrange an assignment. Some assignments may entail additional fees for supervision services, which the director of field experiences must approve and arrange. You will be notified in writing if your assignment requires special fees.

Please don't plan to student teach in a school in which your child is enrolled or in which a relative is currently employed as an administrator or serves on the school board.

For most program areas, when student or intern teaching for initial certification, you are limited to a maximum of two assignments per semester (e.g. elementary and middle, or high school and middle). Coursework or significant employment during the same semester as student teaching or interning would be counted as an assignment.

The semester before you student teach, you must attend an orientation meeting where you will be informed about the requirements for student teaching.

## General Requirements for Eligibility to Student Teach

1. Be admitted to the Professional Education Program. Apply at the School of Education Advising Office, Room 469, CPS Building.
2. Earn a 2.75 overall GPA as well as a 2.75 GPA in your major, minor, concentration, and education courses to student teach. Earn a 3.00 GPA for teaching intern.
3. You must complete all teaching methods/techniques courses BEFORE you student teach.
4. The semester before you student teach, submit your completed application forms by the date set by the Office of Field Experiences.
5. Receive written recommendation from the department chair or associate dean and the School of Education Advising Coordinator.
6. Present a medical statement indicating that you have been examined within the last two years and are free from tuberculosis.
7. Dates of student teaching assignments are set according to the school district semester, not the university semester.

## Student Teaching Plans

### Plan A: Full Semester Student Teaching

Before student teaching, complete all work toward your major, and your minor if you wish to student teach in it.

You must register for student teaching in appropriate sections and for credits as your advisers approve. You will spend a full semester student teaching according to the daily schedule and semester calendar of an approved cooperating school. You may be asked to return to campus for one or more seminars or to confer with UW-Stevens Point instructors.

### Plan B: Internship for Elementary and Secondary Teachers

You may be selected to enroll as an intern teacher at any one of many levels. You must complete all required courses in professional education before you begin your teacher internship.

As an intern, you are a licensed and contracted member of a school staff, and you will spend an entire semester or year in that school system. During this time, you will be involved in a team providing educational services. Internships are determined by local agency requirements.

To be considered for an internship program, you must earn a cumulative GPA of 3.00 or better, a 3.00 or better in your major, and a 3.00 GPA in your minor if you want to be certified in it.

### Plan C: Split-Semester Student Teaching

Before student teaching you must complete all requirements in a major, as well as requirements for a middle school add-on and/or certifiable minor. You must student teach in your major in order to request another student teaching assignment. You must obtain written approval from both major and minor programs, where applicable. If approved, additional assignments take place during the student teaching semester in sequences and locations coordinated by the Office of Field Experiences. Typically, assignments change at the end of a quarter.

## TEACHER CERTIFICATION

Phone: 715-346-3169  
E-mail: Teacher.Certification@uwsp.edu

### Notes for Teacher Certification

1. Applications for initial licensure are processed only after you complete all degree and certification requirements and your degree is conferred.
2. For initial licensure in Wisconsin:
  - a. Fulfill all human relations requirements of the Wisconsin Department of Public Instruction. You can pick up a copy of human relations requirements checklist from the School of Education Advising Office, Room 469, CPS Bldg, or from the Certification Office, Room 112, CPS Bldg.
  - b. Successfully demonstrate competence in the Wisconsin Teaching Standards through portfolios.
  - c. Determine content knowledge with passing scores on standardized tests approved by the state superintendent which include Wisconsin's Model Academic Standards.
3. Certification areas:
  - a. Elementary certification covers middle childhood through early adolescence (approx ages 6-12) with an option to add-on age 13 in the minor.
  - b. Early childhood education certification covers early childhood through middle childhood (approx ages birth-8).
  - c. Secondary certification covers early adolescence through adolescence (approx ages 10-21). K-12 programs in family and consumer ed; health; music-choral, general, instrumental; physical ed; and speech and language cover early childhood through adolescence which covers a wide range of all ages in public schools.
  - d. Certification in exceptional education (CD, ED, LD), ESL, and music is either middle childhood through early adolescence (approx ages 6-13), early adolescence through adolescence (approx ages 10-21) or early childhood through adolescence which covers a wide range of all ages in public schools.
  - e. Certification in family and consumer ed, health, and physical ed is early childhood through adolescence which covers a wide range of all ages in public schools.
  - f. Reading certification (available only to teachers with two years of experience) is early childhood through adolescence which covers a wide range of all ages in public schools.

### Title II Reporting

To comply with mandates of Section 207 of Title II of the Higher Education Act, UWSP has set up a Web site ([www.uwsp.edu/education/report/](http://www.uwsp.edu/education/report/)) to report the number of students in teacher education, the number of student teachers, numbers of several kinds of supervisors of student teachers, and a student/faculty ratio. More statistics related to teacher certification and licensure will be included on the Web site as they become available.

## CERTIFIABLE PROGRAMS

## English Assessment and Placement Procedure

All entering freshmen take the freshman English entrance assessment which measures writing competence based on an essay composed at the university during orientation. If your performance on the writing assessment indicates superior writing ability, you may be exempt from English 101 and placed in English 150. Successful completion of English 150 then satisfies the freshman English requirement.

### Notes:

1. English majors (general and teacher certification) should take English 201 as early as possible. In some cases English 200 may substitute for 201 with permission of the department chair. All others should take English 200 as early in their programs as they can.
2. Sophomores may take 300 level courses with approval of the department chair. English majors may take 200 level courses as second semester freshmen.
3. English 345, 375, and 381 count toward the English major/minor and the writing minor ONLY for those seeking teacher certification, or for those who need them as collateral requirements in other departments.
4. English 274 and 275 will count for the English major/minor for teacher certification ONLY if you need them as collateral requirements in another area such as elementary education.

## English Major (General)

Consists of 32 credits beyond freshman English including 18 credits taken in courses numbered 300 and above.

1. English 201.
2. Survey of British literature, 6 credits from 211 (or 321, 323a, 323b, 366) and 212 (or 324, 325, 327).
3. Survey of American literature, 6 credits from 213 (or 329, 313a) and 214 (or 313b, 320, 360, 382).
4. Language, 3 credits from 240, 342, 344, 346.
5. Masters, 6 credits from 330, 333, 334, 336, 385, 386.
6. Electives: 8 credits including one 3 credit 300 level literature course beyond the requirements above and at least 5 credits of electives from:
  - a. Courses listed above that are not used for those requirements.
  - b. Other English courses: English 303, 308, 309, 310, 311, 312, 314, 319, 349, 350, 351, 352, 353, 354, 357, 358, 359, 361, 362, 363, 364, 365, 374, 376, 377, 378, 379, 380, 383, 395, up to 3 credits of 498.
  - c. Maximum of 3 credits of English 157, 257, 357, and 399.

## English Major for Teacher Certification

Consists of requirements for the English major above plus:

1. Writing, 3 credits from 250, 251, 253, 254, 349, 350, 351, 352, 353, 358, 359. (354 does not count for teacher certification.) Courses taken to satisfy this requirement may be included in the English major as an elective under 6 above.
2. Reading, 3 credits. English 381 is recommended and counts as elective for teacher certification majors under 6 above. Education 386 can be used to meet the reading requirement for teacher certification, but it does not count toward the English major.
3. Literature for adolescents, 3 credits; English 375 may count as an elective for teacher certification majors under 6 above.
4. Teacher certification majors may substitute English 345 for the language requirement of the English major under 4 above.
5. Methods, 6 credits: English 355, 356, 497, English Education 396.
6. Student teaching, 16 credits: English Education 398.

**NOTE:** Because of enrollment limits in the teacher certification program, some qualified students may not be admitted to English education courses. Before applying to the program, you must have completed 18 credits of English beyond freshman English and have at least a 3.00 GPA in those credits, including transfer credits. Admission will be determined by GPA in English, evaluation of a portfolio of writing, and an interview (if possible). Admission decisions will be made before spring semester registration. See the English Department for further details.

## English Minor

Consists of 24 credits beyond freshman English including 12 credits taken in courses numbered 300 and above. Complete English 200 plus requirements 2-5 of the general English major above.

## English Minor for Teacher Certification (Secondary)

Consists of the English minor above plus the requirements for teacher certification listed for the major above.

## English Minor for Elementary Education Majors

Consists of 24 credits beyond freshman English including 12 credits taken in courses numbered 300 and above.

1. English 200.
2. Either English 275 or 375.
3. Either English 250 or 253.
4. Either English 342 or 345.
5. Either English 355 or 356; and English Education 396 or English 497.
6. Electives: 9 credits of any 200-300 level English courses not already taken above. Pick electives that will emphasize writing, language, or literature.

## Writing Minor

Consists of 24 credits beyond freshman English including 12 credits taken in courses numbered 300 and above.

1. English 200.
2. Language, 3 credits from: English 240, 342, 344, 346.

You may apply a maximum of 3 credits from English 157, 257, 357, 399. The chair may approve up to 3 credits of writing courses from other departments providing you submit a portfolio containing at least 5000 words that is worth an English grade of B or better.

The writing minor is not teacher certifiable, but is generally favored by public school employers as a complement to the English major. Other complementary minors are foreign language, communication, or theatre arts.

## English Major with a Writing Minor

Requires 48 credits beyond freshman English including:

1. Requirements for the English major.
2. Writing: 15 credits from the writing minor.
3. Electives: a minimum of 9 credits from English offerings and acceptable comparative literature courses.

## English as a Second Language

For the ESL teacher certifiable minor and the ESL teacher add-on certification requirements, see the *Foreign Languages* section of this catalog. For intensive ESL courses for non-native speakers, see *English as a Second Language Program* following this section.

## Scientific and Technical Writing Minor

Requirements for the technical writing minor are listed under that title later in this catalog.

## Academic Standards

1. Anyone may declare a major/minor in English or a minor in writing, scientific and technical writing, or English for elementary education. To be approved for graduation you need to have a cumulative grade point average of 2.00 (2.75 to student teach), including transfer credits, regardless of any declaration of academic bankruptcy.
2. You must have consent of the department chair before you will be allowed to repeat grades of D in English 101, 102, and 150, as well as English courses numbered 200 and above in which you received passing grades.

3. English courses are open, subject to availability, to students who are not declared majors or minors.

## Credit-by-Exam Policy

If you wish to obtain credit-by-exam for any English general degree requirement course other than 101, contact the English Department chair who will select the appropriate faculty member who most recently taught the course. The faculty member will confer with you regarding date, site, question format, exam length, materials allowable (or necessary) during the exam, etc.

The written comprehensive exam will be based on material normally covered in the course. The faculty member will administer the exam and notify you in writing of your score within two weeks of taking the exam. A passing score is a B- or better. You may not take an exam for credit more than once for the same course. A nominal fee may be charged for administrative purposes.

The English as a Second Language Program provides intensive English classes for international students who want to attend an American university but whose English skills are not yet ready to compete in an academic setting. Full-time students attend 20 class hours per week at levels that are appropriate for their skills. The classes emphasize the development of academic English skills in the areas of reading, writing, listening/notetaking, and speaking. As conditionally accepted students complete upper-level ESL courses, they may begin to enroll in university courses. Upon completion of the entire ESL program, conditionally accepted students may enroll full time in university courses.

# Experiential Learning Program

Sharon Knopf, Coordinator  
Room 103, Student Services Center  
Phone: 715-346-3361  
E-mail: sknopf@uwsp.edu

The Experiential Learning Program allows you to receive credit for college-level learning obtained outside the traditional academic setting. Credit is not granted simply for experience, but rather for the learning obtained from the experience. The learning is judged to be equivalent to that which would be gained through UW-Stevens Point coursework.

Prior learning may be evaluated by techniques such as an interview, demonstration, portfolio assessment, or other methods where appropriate for specific courses, College Level Examination Program (CLEP) examinations and challenge examinations offered by various departments.

After you have been formally admitted to the university you can request an evaluation of experiential learning for credit. Please follow this procedure:

1. Contact the Experiential Learning Coordinator (ELC) who will help you identify the competencies you have acquired, and decide which credits might be sought by prior learning assessments and/or by more traditional means. Have transcripts that certify formal educational experience sent to the Admissions Office.
2. After you and the ELC have determined which credits are to be sought, you will need to consult with the chair(s) of the involved department(s) concerning the preparation and documentation of the necessary materials relating to your adult learning experiences. You will want to consult with your academic adviser and may consult with the ELC as you develop the materials requested by the involved department(s) concerning the competencies you believe you have already acquired.
3. Following preparation of the portfolio(s), take the materials to the chair(s) of the involved department(s). This begins the evaluation phase of the process. The chair may assign a faculty member and/or a committee to assess your portfolio.
4. After the evaluation is complete, a written recommendation for or against the award of credit, the amount of credit, and the level of credit, will be submitted to the chair of the appropriate department for approval.

or disapproval. The chair will forward the material and final recommendation to the ELC.

- The ELC will notify you and the Records Office of the award of credit, which will be entered into your permanent record. A fee of \$50 for 12 or fewer credits, or \$100 for 13 or more credits will be assessed.

Evaluation of prior learning takes time. Please do not assume that the evaluation can be completed during the semester of application. It may take several weeks or even months.

# Foreign Languages (College of Letters and Science)

Jan Seiler, Chair

Room 490, Collins Classroom Center

Phone: 715-346-3036

E-mail: Foreign.Languages.Office@uwsp.edu

Web: www.uwsp.edu/forlang

**Faculty:** R Barker, D Breining, R Craig-Odders, B David, S Lewis, M Parker, R Price, R Ruppel, J Seiler, M Seiler, A Toumi.

The Department of Foreign Languages offers courses in Chinese, French, German, Japanese, Russian, and Spanish, and Teaching English as a second language.

## Placement/Advanced Standing

When you enter UW-Stevens Point as a freshman or transfer student and elect to take courses in French, German, Russian, or Spanish, you are required to take the UW System placement examination. It works out best if you make arrangements with your guidance office to take this exam before your assigned registration day. After you take the exam you will be placed in the appropriate foreign language course according to the following rules.

- On the basis of the exam the department will grant up to 16 credits for foreign language courses you completed in high school. Then you must complete the course into which you are placed with a grade of B- or better to receive the retroactive credits.
- The department may also grant credit for language proficiency you have gained through nonacademic means. After you take the placement exam you must complete the course into which you are placed with a grade of B- or better to receive credit for prerequisite courses which you have not taken formally.

Please realize that the department will not recommend granting credit for high school work or other language proficiency until AFTER you have completed a foreign language course on this campus.

There may be other situations where students who demonstrate proficiency in foreign language will be placed in the appropriate foreign language course by the department.

## Foreign Language Major (French, German, Spanish)

  - e. Foreign Language Ed 333 or 344 (with ESL adviser approval).
  - f. Foreign Language Ed 397, 1-3 credits.

## Academic Standards (Teaching)

Admission caps are in effect for students seeking teacher certification in foreign languages. Applications for admission are processed February 22 and September 22. Contact the Department of Foreign Languages for more information on admission policies.

To be eligible to student teach in foreign languages, you must complete the teaching major or minor with an overall grade point average of 3.0 in all college level courses taken in the language you plan to teach, regardless of declaration of academic bankruptcy, and a minimum grade of B in the foreign language methods course (FLED 333). In addition you must fulfill the following special requirements.

1. **Residence:** You must complete an appropriate period of residence in a country where the language is spoken, or participate in an alternative language immersion experience which must be approved by the department. All teacher candidates in foreign language should participate in a language-based semester study abroad program, such as those offered by UWSP in France, Germany, and Spain, or a junior year abroad. With prior department approval you may substitute alternative experiences such as immersion programs or summer study abroad.
2. **Oral and Written Proficiency:** To be eligible to student teach a foreign language at elementary, middle, or secondary level, you must pass oral and written proficiency tests given by the department before your application to student teach will be approved.
3. **Student Teaching:** The chair of the Department of Foreign Languages and the director of the Office of Field Experiences approve student teaching programs. You register for Foreign Language Ed 398 (1-16 credits), Foreign Language Ed 400 (1-2 credits), and receive an assignment at the grade level for which you are seeking certification.
4. **Professional Education Program:** Requirements for the Professional Education Program are listed in the *Education* section earlier in this catalog.

## Academic Standards (Nonteaching)

To graduate with a nonteaching major or minor in the Department of Foreign Languages, you must have a 2.0 cumulative GPA in all courses for the major/minor, including transfer courses, regardless of any declaration of academic bankruptcy. To be certified to teach a foreign language, you must complete the teaching major or minor with a 3.0 cumulative GPA in all college level courses taken in the language you plan to teach, regardless of academic bankruptcy. See the *More Academic Information* section of this catalog for the course repeat policy.

Courses in foreign languages are open to all students who meet the prerequisites. If you are not accepted into teacher certification programs, you must have written consent from the chair to enroll in teaching methods courses.

## Test-Out and Credit-by-Exam Policy for GDR Courses

You may also test-out of or receive credit-by-exam for foreign language courses beyond 212 which fulfill the humanities category of the general degree requirements. To test-out, you must pass with a grade of B- or higher both written and oral examinations in the foreign language on the subject matter of the course. For credit-by-exam, you must 1) pass both written and oral examinations in the foreign language with a grade of B or higher and 2) submit a paper on an assigned topic, for which you receive a grade of B or higher. Arrange for examinations on an individual basis with the department chair.

#### B. Exploring the Contemporary World of Work Option

- Fundamental requirements.** 18-19 cr. Take at least one course from four areas below. Take remaining courses from any area.
  - Accounting 210; Business 380; Econ 210.
  - Computer Information Systems 115, 300.
  - Communication 211, 217.
  - English 250, 351, 253, 254.
  - Philosophy 121.
  - Statistics, 4 cr, choose one: Econ 310; Math 355; Psychology 300; Sociology 351.

- Area of emphasis courses.** 21 cr. Take at least three courses from one emphasis below. Take remaining courses from any emphasis.
  - Business emphasis:** Business 330, 340, 350, 360, 370.
  - International emphasis:** History 102; Business 339; Econ 362, 365, 367; English 378; Geography 110, 113, 300; History 330, 332, 340, 346, 348, 352; Political Science 160, 180, 361, 362, 370, 371, 376, 383, 385; Psychology 320, 322.
  - Language emphasis:** At least 9 credits in one language beyond the 212 level.
  - Government emphasis:** Political Science 202, 242, 250, 354, 356, 358.
  - Psychology/sociology emphasis:** Psychology 250, 260, 301, 345, 351, 385; Sociology 230, 308, 310, 322, 327, 368.
- Electives.** To meet the 40 credit upper-level requirement and the 120 credit minimum for graduation, you may select courses from any area above or any area that will add to your individual educational goals.
- Senior experience.** See below.

### Senior Experience

Required during the final 30 credits before graduation. This capstone program gives you the opportunity to apply expertise learned in the major and encourages you to become actively involved in either the discipline or your community. Select 1. or 2. below. You may collaborate with other students with the coordinator's approval.

- Independent study:** 1-3 credits in one discipline in the major approved by the coordinator. Significant research paper or similar product, supervised and approved by an adviser in the discipline. Topic should provide continuity and bring closure to the major.
- Independent study:** 1-3 credits of a project approved and supervised by the coordinator, such as a community problem, that relates coursework from the major to your life experiences.

### Academic Standards

To graduate with a major in general studies you must have a cumulative GPA of 2.00 in all courses required for the major, including transfer courses, regardless of any declaration of academic bankruptcy. See the section in the catalog entitled *More Academic Information* for the policy on repeating courses.

### Test-Out and Credit-by-Exam Policy

You may test out and/or receive credit-by-exam for all general degree requirement (GDR) courses. To test out but not receive credit for all other courses in the major, please consult with the general studies coordinator. You may take an exam for credit or test-out only once.

### Collaborative Degree Program

The general studies major is part of the Collaborative Degree Program where students may attend evening classes at any of three campuses. For information call 1-888-314-2327 or 715-346-3860.

### Courses in General Studies

**GENS 395. Topics in General Studies.** 3 cr. Subtitle will designate discipline and topic. May repeat under different subtitles for 9 cr max.

**GENS 399. Independent Study for Senior Experience.** 1-3 cr. Capstone experience for general studies major. Define, devise and pursue individual paper or project integrating disciplines from the major. Individual faculty supervision. Prereq: Cons gen studies coord.

**Required core courses**, 26 credits: Geography 101, 120, 276, 279, 380, 390, 490 or 491, and Math 355.

Select one option:

1. **Physical Environment option:**

- a. Geography 340 or 344; two of 352, 353 and 358; 377 or 379 or 476.
- b. Additional credits selected from the following list to total 40 credits in Geography/Geology (plus Math 355): Geography 340, 344, 352, 353, 354, 358, 377, 379, 393 (physical geog topics; 3 cr max), 476; Geology 330, 370, 393 (3 cr max).
- c. Recommended courses: Biology 305; English 254; Geology 320; History 366; Philosophy 380; Political Science 304; Computer Information Systems 101-102.

2. **Cartographic option:**

- a. Geography 376 or 386, 377, 379, 382, and 476.
- b. Additional geography courses to total 40 credits (plus Math 355).
- c. Recommended courses: Geography 376 or 386 (whichever was not taken in a. above), 479; Computer Information Systems 101-102, 210; additional upper-level coursework in physical, human, and/or regional geography.

3. **Regional Analysis and Community Development option:**

- a. Geography 110, 373, 476, 496.
- b. Additional credits selected from the following to total 40 credits (plus Math 355): Geography 300, 301, 303, 340, 344, 369, 370, 372, 374, 377, 378, 379, 382.
- c. Recommended courses: Geology 330; Business 331; Economics 100, 310, 374; Natural Resources 480; Sociology 356, 357; Political Science 242, 341, 356, 358, 397; Computer Information Systems 101-102.

### Geography Major for Teacher Certification

Geography 101, 110, 113, 120, 211, 276, 380 must be taken as part of or in addition to one of the options in the geography major listed above.

**NOTE:** Enrollment caps are in effect for those seeking teacher certification. Please contact the Department of Geography/Geology early for entrance requirements and application procedures. Also see information about the Professional Education Program and the secondary education curriculum for teacher certification in the **Education** section of this catalog.

### Geography Minor

Consists of 22 credits of which at least 6 credits must be 300-level or above.

1. Geography 101, and either 110 or 120.
2. At least one course from each of the following groups:
  - a. Geography 113, 211, 226, 300, 301, 302, 327, 328.
  - b. Geography 340, 344, 369, 370, 372, 373, 374.
3. Additional geography credits to total 22.

### Geography Minor for Teacher Certification

Consists of Geography 101, 110, 113, 120, 211, 276, 380. See the note above regarding enrollments caps for teacher certification.

### Academic Standards for Geography Major and Minor

1. To be admitted, retained, and approved for graduation as an approved geography major or minor, you must have a minimum cumulative grade point average of 2.50 (2.75 to student teach in geography) for all courses taken within the major or minor, including collateral courses and regardless of a declaration of academic bankruptcy.
  - a. You must complete Geography 101 and 120 before you declare your major or minor.
  - b. If you transfer and have no credits earned at UWSP in the major or minor, you will be a provisional major or minor until you complete the minimum requirements.
  - c. If you do not meet the minimum requirements, you must have written approval of the department chair to be a provisional major or minor.
  - d. You will be admitted as an approved major or minor once you meet the minimum requirements.
2. If you do not maintain a 2.50 GPA, you will be placed on geography probation and will have two semesters to restore your GPA. If you fail to do so, you will be dropped from the major or minor. The department will attempt to notify and consult with students who are at or below a 2.50 GPA. However, it is your responsibility to know your own GPA status.
3. Majors must have an adviser in the department. Any department faculty member may advise a geography major. You must file a major declaration form in the department office, keep it current, and confer with your adviser every semester.
4. You may repeat a course in the major or minor only if you follow the policy on repeating courses found in the **More Academic Information** section of this catalog.
5. Geography and geology courses taken at the 300 or 400 level on a pass/fail basis do NOT count toward the major or minor.

### Geographic Information Systems and Spatial Analysis Minor (GISSA)

Consists of at least 22 credits:

1. Required core, 17 credits: Geography 276, 279, 377, 379, 476, 479.
2. Applied spatial statistics: 2-3 credits from Geography 390, Wildlife 311, Forestry 322, or courses approved by adviser and chair.
3. Three credits from Biology 306, 321; Business 339; Economics 342; Geography 344, 358, 370, 372, 378, 382, 480, 485; Geology 330; Forestry 319, 320, 385;

# 100 Geography

Natural Resources 171, 363, 385, 444; Soils 360, 365; Water/Geology 383, 495; Wildlife 350; or courses approved by adviser and chair.

4. Geography majors with the cartography option may choose the GISSA minor, but must take an additional 6 credits from electives in 3 above.
5. Academic standards for GISSA minor.
  - a. To be admitted, retained, and approved for graduation as a GISSA minor, you must have a minimum cumulative GPA of 2.50 for all courses taken within the minor, including collateral courses and regardless of a declaration of academic bankruptcy.
  - b. You must have completed Geography 276 or 279 at time of declaration.
  - c. If you are a transfer student without credits earned at UWSP in the minor, you will be admitted as a provisional minor until you have completed the minimum requirements.
  - d. If you have not met the minimum requirements to be approved in the minor, you may be admitted as a provisional minor with written consent of the chair. You will be admitted as an approved minor once you meet the minimum requirements.
  - e. If you do not maintain a 2.50 GPA, you will be placed on probation for the minor and will have two semesters to restore your GPA. If you fail to do so, you will be dropped from the minor. The department will attempt to notify students of any changes in GPA status and consult with GISSA minors who are at or below the 2.50 GPA. However, it is your responsibility to know your own GPA status.

## Test-Out and Credit-by-Exam Policy

The Department of Geography and Geology will offer test-out examinations for all of its general degree requirement courses including Geography 100, 101, 110, 113, 120, 211, 226, 300, and Geology 100, 104.

If you wish to take a test-out examination, first confer with the department chair. Then confer with the faculty member who most recently taught the course. The comprehensive written exam will be based on material normally covered in the course. The faculty member will notify you in writing before you take the exam of the required minimum passing score. You will receive your grade in writing within two weeks after taking the exam.

Credit will not be granted for Geography 100 and Geology 100, but you will receive a waiver for the corresponding GDR credits. Credit will be granted for all other geography and geology courses listed above. You may take a test-out exam only once.

## Courses in Geography

**GEOG 100. Physical Environment Under Stress.** 3 cr. Physical geographic principles and processes applied to understand selected human impacts on atmosphere, water, land, and biota. Includes detailed, interdisciplinary analysis of several environmental problems, including causes, consequences, and solutions. GDR:NS-EL

**GEOG 101. The Physical Environment.** 5 cr. Introduction to modern physical geography: survey of the spatial distribution of the earth's physical characteristics, including weather and climate, water, soils, vegetation, and landforms; discussion of environmental processes and interactions creating these physical geographic patterns; discussion of the importance to humans of the physical environment; use of geographic tools including maps, air photos, and investigative techniques. 3 hrs lec, 4 hrs lab per wk; field trip(s) may be required. GDR:NS

**GEOG 110(NW). Global Economic Geography.** 3 cr. Introductory survey of the distribution patterns and organization and conduct of world economic activities and related issues from a global perspective. Topics may include population, resources, transportation, agriculture, mining, forestry, fishing, manufacturing, services, trade, and economic development. Field trips may be required. GDR:SS1

**GEOG 113(NW). World Regional Geography.** 3 cr. Survey of major patterns of physical features, culture, and human-land relations by region in today's world; examples may show present and impending resource, environmental, social and political problems, and explore basic solutions. GDR:SS1

**GEOG 120(NW). Cultural Geography.** 3 cr. Examine components and spatial expressions of contemporary culture including patterns and problems of population, language, religion, urban and rural settlements, political and economic development from perspectives of diffusion, ecology, integration, landscape, and region. GDR:SS1

**GEOG 198. Reading in the Discipline.** 1 cr; pass/fail. Does not apply to geography major or minor. Prereq: Con reg in another designated geography course.

**GEOG 211. Wisconsin.** 2 or 3 cr. Geographic analysis of selected physical and cultural features. Prereq: So st. GDR:SS1

**GEOG 226. United States and Canada.** 3 cr. Geographic interpretation of cultural and physical features and regions. Prereq: So st. GDR:SS1

**GEOG 276. Introduction to Cartography: Map Conceptualization and Development.** 3 cr. The map production process, including rationale, graphic structure, data collection and organization, map layout, and final production. 2 hrs lec, 3 hrs lab per wk. Prereq: So st.

**GEOG 279. Fundamentals of Geographic Information Systems.** 2 cr. Definition and components of Geographic Information Systems (GIS) for resource management. Principles and structure of spatial data and cartographic modeling. Spatial data acquisition, manipulation, translation, aggregation, analysis, and presentation. Prereq: any geography, CNR or environmental science course.

**GEOG 300/500(NW). Africa.** 3 cr. Regional interpretation; distribution and activities of peoples in relation to physical and cultural patterns and various stages and problems of development. GDR:SS1

**GEOG 301/501. Middle America.** 3 cr. Mexico, Central America, and the Antilles: landforms, climate, natural vegetation, resources, population, historical evolution, political divisions, and economic organization.

**GEOG 302/502. Southwest Pacific.** 3 cr. Geography of Australia, New Zealand, and the Southwest Pacific Islands as conditioned by environmental circumstances, native and alien cultural influences, and political affiliations.

**GEOG 327/527. Asia.** 3 cr. Physical features of the continent in relation to distribution of population, agriculture, industry, and trade.

**GEOG 328/528. Europe.** 3 cr. Distinctive features of Europe as a continent; physical and historical background; natural regions and their division into political units; the characteristics of each country.

**GEOG 340/540. Processes of Environmental Degradation.** 3 cr. Study of why and how humans harm the physical environment; includes geographic, cultural, political, and economic causes and consequences. Case studies from around the world. Field trip(s) may be required.

**GEOG 344/544. Environmental Hazards.** 3 cr. Human interaction with hazardous phenomena such as earthquakes, storms, and infectious diseases; spatial aspects of the social processes and perceptions creating risk and vulnerability in the environment; local hazards. Field trips may be required. Prereq: Jr st.

**GEOG 352/552. Geomorphology.** 3 cr. Characteristics, origin, and development of landforms. 2 hrs lec, 2 hrs lab per wk. Field trip(s) may be required. May not earn credit in both Geog 352 and Geol 352. Prereq: 101, or Geol 104, or cons instr.

**GEOG 353/553. Physical Climatology and Meteorology.** 3 cr. Radiation and energy balances; composition, characteristics, and circulation of the atmosphere. Introduction to weather map analysis and forecasting. Field trip(s) may be required. Prereq: 101 or cons instr.

**GEOG 354/554. Climatology.** 3 cr. Examination of world climatic patterns, climate classification, air pollution climatology, and global climate change. Field trips may be required. Prereq: 101 or cons instr.

**GEOG 358. Biogeography.** 3 cr. Examination of spatial and temporal patterns of plants, animals, and microbes with emphasis on dynamic relationships between life form, population, and habitat. Also significance of biotic distributions on human affairs and human impacts on biosphere locations. Field trip(s) may be required. Prereq: 101 or Biology 101, or con instr.

**GEOG 369/569. Political Geography.** 3 cr. Geographical interpretation of selected political areas; the political significance of cultural and physical aspects of such areas.

**GEOG 370. Transportation and Logistics.** 3 cr. Survey and analysis of spatial aspects of transportation and communication systems. Topics include evolution of transport systems; network and flow analysis, routing and logistics analysis, and transportation planning and management. Field trip(s) may be required. Prereq: 110 and Math 355, or cons instr.

**GEOG 372. Industrial Location.** 3 cr. Analysis of manufacturing activities from a spatial perspective. Topics include the theory and practice of industrial location, manufacturing production systems, industrial districts, and local economic development. Field trip(s) may be required. Prereq: 110 or cons instr.

**GEOG 373/573. Urban Geography.** 3 cr. Physical characteristics, spatial patterns, functions, populations, land use, and livelihood structures of cities. Field trip(s) may be required. Prereq: 110 or 120, or cons instr.

**GEOG 374/574. Geography of Agriculture.** 3 cr. Historical development of agriculture; characteristics and locational factors of current world agricultural production.

**GEOG 376. Map Development and Symbolization.** 3 cr. Data manipulation and presentation, centering on cartographic symbols and their application to different mapping problems. 2 hrs lec, 3 hrs lab per wk. Prereq: 276 or cons instr.

**GEOG 377. Air Photo Interpretation.** 3 cr. Characteristics of aerial photographs and the use of air photo interpretation to gather data concerning regional landform analysis, resource inventories, and land use evaluation. 2 hrs lec, 2 hrs lab per wk. May not earn credit in both Geog 377 and Natural Resources 377.

**GEOG 378. Retail and Service Location.** 3 cr. Analysis of retail and service activities from a spatial perspective. Topics include location strategies of retail and service firms, site selection, trade area analysis, store and office assessment methods, and local economic development. Field trip(s) may be required. Prereq: 110 or 373, Math 355, or cons instr.

**GEOG 379/579. Remote Sensing of the Environment.** 3 cr. Learn principles of remote sensor technology and apply them to inventory earth resources, detect and monitor pollution, and measure other environmental phenomena. Use visual analysis and computer-assisted digital imaging processing techniques to interpret various types of remote sensor imagery. Prereq: Any geology or physical geography course, or cons instr. Field trip(s) may be required.

**GEOG 380. Geographical Analysis.** 3 cr. Introduction to geographic concepts, methods, and approaches: history and philosophy of geography, geographic literature and bibliographic materials, spatial analysis, field methods, surveys and questionnaires, problem and hypothesis formulation, synthesis and presentation of geographic materials. Prereq: 276, Math 355, and jr st, or cons instr.

**GEOG 382/582. Computer-Assisted Cartography.** 3 cr. Introduction to development, production, and applications of computer-assisted mapmaking. Survey of computer cartography terms, concepts, and equipment, with emphasis on the conceptual and developmental aspects of computer-produced maps. Topics include: digitizing, coordinate data structures, spatial data bases, computer map design, turnkey cartographic systems, and computerized map production. Prereq: 276 and any physical geog/geol course, or cons instr.

**GEOG 386. Map Design and Production.** 3 cr. How the graphic elements of a map affect its physical and perceived structure. Graphic communication, design principles, and map production skills. 2 hrs lec, 3 hrs lab per wk. Prereq: 276 or cons instr.

**GEOG 390. Applied Statistics in Geography.** 3 cr. Survey of geographic problems and quantitative problem solving methods; creation or extraction of relevant data sets from published geographic resources; application, interpretation, and presentation of appropriate spatial and nonspatial statistics. Prereq: 276, Math 355.

**GEOG 391/591. Special Topics.** 1-3 cr. Subtitle will designate topic of geographical interest. May repeat for credit with different subtitle. Field trip(s) may be required.

**GEOG 393/593. Field Trip in Geography.** 1-3 cr. Direct observation of physical and cultural phenomena; required readings, field notebook and/or report. May repeat for credit with change in locale or topic. May not earn credit in Geog 393 and Geol 393 under same locale or topic. Field trip fee may be required. Prereq: Intro level geog course.

**GEOG 395/595. Directed Study.** 1-3 cr. Students may, with cons instr, arrange for directed study of a geographical topic. Prereq: One geog course, and cons chair.

**GEOG 399/599. Research.** 1-3 cr. Students may arrange for a special research problem with cons instr. Results will be publicly presented. Prereq: Cons chair.

**GEOG 476/676. Geographic Information Systems I.** 3 cr. Development, use and maintenance of a geographic-based spatial information system (GIS) for resource management. Acquisition and assessment of spatial data. Comparison of raster and vector data models. Computer-based geographic data handling, analysis, interpretation, and display. Emphasis on cartographic and spatial modeling. Prereq: Any geography, CNR, or environmental science course; Geog 279 recommended.

**GEOG 479/679. Geographic Information Systems II.** 3 cr. Intermediate and advanced geographic information systems (GIS) techniques; integration of medium and large scale digital databases, use of rectified aerial and satellite geographic base data, principles and development of complex environmental and cultural spatial modeling, GIS programming concepts and applications. Prereq: 476; 379 recommended.

**GEOG 480. Internship in Geography.** 1-12 cr. Supervised training program in geography in cooperation with public or private agencies. One credit is at least 60 hrs work. Credits and/or additional requirements determined by instructor before registration. May repeat once 12 cr max. Prereq: Jr or sr st, 9 credits of 300/400 geography course-work, and cons intern director.

**GEOG 485. Practicum in Geography.** 1-3 cr. Practical experience in geography completed under faculty supervision. Proposed practicum requires approval of chair. May repeat for 6 cr max. Prereq: Jr st and written cons instr.

**GEOG 490. Senior Research.** 3 cr. Capstone experience for geography majors. Define, devise, and pursue a plan to address an approved group problem. Communicate contribution for resolution of problem. Written and oral reports; may require field trips. Experience in team field work and projects. Prereq: 380 and sr st.

**GEOG 491. Senior Thesis.** 3 cr. Individualized capstone experience for geography majors. Define geographical problem, devise and pursue plan to solve the problem, and communicate findings in written paper and oral presentation. Preapproval by two faculty required. For students anticipating graduate or professional study; may extend over two consecutive semesters. Prereq: 380, dept GPA 3.5, sr st.

**GEOG 496. Community Development Practices.** 3 cr. Examination and analysis of spatial growth and development of communities and regions; analysis and planning of community development projects and related issues. Field trips may be required. Prereq: 373 and Math 355 or cons instr.

**GEOG 779. Geographic Techniques for Educators and Professionals.** 1-3 cr. The examination, development, and application of one or more spatial technique(s) for teachers and/or professionals. Acquisition and assessment of spatial data, computer-based geographic data handling, aggregation, translation, analysis, interpretation and mapping of geographic information. Field trips may be required. Subtitle will designate topic.

### Geology Minor

Consists of 22 credits:

1. Geology 104, 106, 200.
2. Either Geology 320 or 330.
3. Either Geology/Geography 352 or Geology 370.
4. Remaining credits to total 22 selected from Geology 320\*, 330\*, 352\*, 370\*, 383, 385, 391, 393 (max 3 cr), 395, 475, 487, 495; Geography 352\*, 393 (provided cross-listed with Geology, max 3 cr), 377 or 379 or 476, Biology 311.

\*If not taken in 1-3 above. For hydrogeology certification in Wisconsin, 30 credits of geology are required, including 6 credits in groundwater topics.

### Academic Standards

1. To be admitted, retained, and approved for graduation as an approved geology minor, you must have a minimum cumulative grade point average of 2.50 for all courses taken within the minor, including collateral courses and regardless of a declaration of academic bankruptcy.
  - a. You must complete Geology 104 before you declare your minor.
  - b. If you transfer and have no credits earned at UWSP in the minor, you will be a provisional minor until you complete the minimum requirements.
  - c. If you do not meet the minimum requirements, you must have written approval of the department chair to be a provisional minor.
  - d. You will be admitted as an approved minor once you meet the minimum requirements.
2. If you do not maintain a 2.50 GPA, you will be placed on geology probation and will have two semesters to restore your GPA. If you fail to do so, you will be dropped from the minor. The department will attempt to notify and consult with students who are at or below a 2.50 GPA. However, it is your responsibility to know your own GPA status.
3. You may repeat a course in the minor only if you follow the policy on repeating courses found in the **More Academic Information** section of this catalog.
4. Geology, geography, and biology courses taken at the 300 or 400 level on a pass/fail basis do NOT count toward the minor.

### Test-Out and Credit-by-Exam Policy

See the statement above under **Geography**.

### Courses in Geology

**GEOL 100. Geology and Science.** 3 cr. Introduction to scientific inquiry as it applies to understanding human interactions with the physical environment. 2 hrs lec, 2 hrs lab per wk. Group work required; field trip(s) may be required. GDR:NS

**GEOL 104. Physical Geology.** 4 cr. Introduction to study of minerals and rocks and processes which act upon and within the earth. 3 hrs lec, 2 hrs lab per wk. Field trip(s) may be required. GDR:NS

**GEOL 106. Earth History.** 1 cr. Development of the earth through time. Prereq: 104 or con reg.

**GEOL 198. Reading in the Discipline.** 1 cr; pass/fail. Does not apply to geology minor. Prereq: Con reg in another designated geology course.

**GEOL 200. Mineralogy and Petrology.** 4 cr. Origin and classification of common rocks and minerals with emphasis on hand sample identification. Field trips required. Prereq: 104.

**GEOL 320. Structural Geology.** 3 cr. Analysis of rock deformation features such as folds, faults and shear zones and their tectonic significance. 2 hrs lec, 2 hrs lab per wk. Field trip(s) required. Prereq: 104.

**GEOL 330/530. Environmental Geology.** 3 cr. The application of geological principles to understand and solve problems associated with human interaction with the physical environment, including soil and rock mechanics, slope stability, land subsidence, earthquakes, coastal erosion, and resource extraction. 2 hrs lec and 2 hrs lab per wk. Field trip(s) required. Prereq: 104.

**GEOL 352/552. Geomorphology.** 3 cr. Characteristics, origin, and development of landforms. 2 hrs lec, 2 hrs lab per wk. Field trip(s) may be required. May not earn credit in both Geol 352 and Geog 352. Prereq: 104, or Geog 101, or cons instr.

**GEOL 370/570. Glacial Geology.** 3 cr. The origin and development of glacial features and related phenomena over the last three million years. Field trip(s) may be required. Prereq: 104 or Geog 101.

**GEOL 383/583. Hydrogeology.** 3 cr. The occurrence and movement of groundwater in the geologic environment; response of aquifers to pumping wells; groundwater resource quality, exploration, and management. 2 hrs lec, 2 hrs lab per wk. May not earn credit in both Geology/Water 383. Prereq: 104, Water 180, Math 120, or cons instr.

**GEOL 385/585. Hydrogeologic Investigations.** 2 cr. Design of a hydrogeologic investigation, field techniques for data collection, \* analysis and interpretation of hydrogeologic data; students submit a site investigation report. Prereq: Geology/Water 383.

**GEOL 391. Special Topics.** 1-3 cr. Subtitle will designate topic of geological interest. May repeat for credit with different subtitle. Prereq: 104 or equiv.

**GEOL 393/593. Field Trip in Geology.** 1-3 cr. Direct observation of geological phenomena; required readings, field notebook and/or report. May repeat for credit with change in locale or topic. May not earn credit in Geology 393 and Geography 393 under the same locale or topic. Field trip fee may be required. Prereq: Introductory level geology course.

**GEOL 395/595. Directed Study.** 1-3 cr. Students may arrange for directed study of a geological topic with cons instr. Prereq: Cons instr, and a 300 level geology course.

**GEOL 475/675. Groundwater Management.** 1 cr. Principles and practices of protecting groundwater quality and supply and practices to deal with groundwater problems once they have occurred. Existing laws, regulations, and management plans; social, economic, and scientific criteria used in reaching management decisions. May not earn credit in both Geol 475 and Water 475. Prereq: 383.

**GEOL 479/679. Contaminant Hydrogeology.** 3 cr. Physical and chemical processes affecting the behavior and transportation of groundwater contaminants; application of contaminant transportation models; monitoring and remediation of groundwater contamination. May not earn credit in both Water 479 and Geol 479. Prereq: Water/Geol 383; Math 120; Chemistry 106 or 116; and written cons instr.

**GEOL 480. Internship in Geology.** 1-12 cr. Supervised training program in geology in cooperation with public or private agencies. One cr equals at least 60 hrs work. Credits and/or additional requirements determined by instructor before registration. May repeat once for 12 cr max. Prereq: Jr or sr st, 9 credits of 300/400 geology coursework, and cons intern director.

**GEOL 485. Practicum in Geology.** 1-3 cr. Practical experience in geology completed under supervision of a faculty adviser. Proposed practicum requires approval of chair. May repeat for 6 cr max. Prereq: Jr st and written cons instr.

**GEOL 487/687. Groundwater Geochemistry.** 3 cr. Factors and processes controlling the chemistry of subsurface waters including mineral solubility, complexation, redox reactions, ion exchange, and absorption; hydrochemical behavior of contaminants. May not earn credit in both Geology 487 and Water 487. Prereq: 104; Chemistry 106 or 116; Water 180; or cons instr.

**GEOL 495/695. Application of Computer Modeling to Hydrogeology.** 3 cr. Introduction to computer modeling, with emphasis on modeling theory, groundwater flow and particle tracking models. May not earn credit in both Water 495 and Geol 495. Prereq: Water/Geol 383, Math 120, and written cons instr.

**GEOL 730. Environmental Geology for Educators.** 1 cr. Examine effects that earth materials and geologic processes have on humans and society, emphasizing natural geologic hazards. Exposure to resources for teaching environmental geology including the Internet. Prereq: Bachelor's degree.

## Physical Education Major (Comprehensive for K-12 Teacher Certification)

**Enrollment/Retention Standards:** There is an enrollment cap of 100 physical education majors. If you wish to transfer into physical education from a different UWSP major, you must have a 2.75 cumulative grade point average. New students must follow these requirements:

- Freshmen:** Complete a minimum of 28 credits with a 2.40 GPA. These credits include P ED 105; Math 100, English 101 and 102, Biology 160, Psychology 110, and 5 credits of chemistry or physics (23 credits). You must complete these courses before you can enroll in P ED 200, 201, 260.
- P ED 105 is a prerequisite for P ED 200 and 201 for physical education majors.
- Sophomores:** Complete 60 credits with a 2.60 GPA and apply to the School of Education by the end of your sophomore year. P ED 200 and 201 are prerequisites for P ED 260. You may take P ED 201 and 260 concurrently if P ED 200 is complete.
- Juniors:** Complete 90 credits with an overall GPA of 2.75 including all natural science courses. Prerequisites for P ED 331 are (1) 75 credits with 2.75 GPA; (2) P ED 200, 201, 260; (3) all natural science requirements; (4) director consent.
- If you fail to meet the above requirements you will not be allowed to register for professional physical education courses. You may appeal to the director of physical education.
- There are enrollment caps for admission to the Professional Education Program. Please consult your adviser in the physical education department for specific requirements.

**Physical Education Major:** Consists of 42 credits:

- Required:** P ED 105, 200, 201, 220, 260, 271, 310, 315, 331, 380, 391, 428; AT 351; HP/W 312; PEX 400, 401; WLNS 205.
- Collateral requirements:**
  - Laboratory science: Biology 160, 285; Chemistry 101 or Physics 101.
  - GDR requirements for DPI certification: History 211 and 212; Psych 110; Poli Sci 201; one fine arts course (HU1); one literature course (HU2).
  - First Aid/CPR: WLNS 123.
  - Education 205, 351, 381, 386, P ED 398.
  - GPA of 2.75 in physical education courses.
- To be admitted into the physical education program, you must have an overall grade point average of 2.75, complete an application form and meet with the director. Continuing students in the physical education major must get the signature of their HESA adviser.
- Refer to the *Education* section earlier in this catalog for information about admission to the Professional Education Program and teacher certification. **NOTE:** To graduate with a comprehensive physical education major, you must successfully complete all teacher certification requirements including student teaching in physical education.
- To repeat a course, follow UWSP policy. The last of the grades for repeated courses will be calculated into your GPA. No credit received for "special work" courses (199, 299, 399) may be calculated in the cumulative GPA required for admittance into the program.
- Before applying to the School of Education, physical education majors, including transfer students, must:
  - Have a 2.75 GPA from all institutions.

# 104 Health, Exercise Science & Athletics

- b. Have a 2.75 GPA in physical education courses, including Biology 285.
- c. Complete all natural science general degree requirements.
- d. Complete at least 13 credits in the major (P ED 105, 200, 201, 220, 260) with at least 6 credits at UWSP.
- e. To get specific criteria required for the application and for advising, register with the director of physical education early in the semester before you apply to the School of Education.
- f. Be aware that because of enrollment caps in the teacher certification program, you may not be admitted to the School of Education.

## Athletic Training Major

**Admission requirements:** Incoming freshmen and transfer students who declare athletic training are "premajors."

1. Before you apply, complete at least 30 credits including AT 181, Biology 160, Chemistry 101 or Physics 101, Human Development 265, HP/W 102, Medical Technology 295, Psychology 110, WLNS 123, with a grade of C or better.
2. Complete 60 hours (30 per semester) of observational performance within the athletic training facility.
3. Have a minimum 2.75 grade point average in all credits attempted.
4. Request (in writing) and complete the application.
5. Submit four letters of recommendation.
6. Complete the formal interview.
7. Application deadlines are October 1 and March 1. Admission decisions are provided in writing by November 1 and April 1. You may apply twice.
8. Maximum number of students in the program is 35. Check with chair for latest requirements.

### Retention Standards:

1. Maintain 3.0 GPA in major and collateral coursework.
2. Maintain a 2.75 cumulative GPA in all credits attempted.
3. Maintain 3.0 (5.0) clinical evaluation scores. (Student athletic trainer evaluation form is based on a 5 point scale.)
4. Maintain a C or better in all major and collateral coursework.

**Athletic Training Major:** Consists of 50 credits:

1. Required: AT 181, 251, 300, 301, 380, 381, 382, 400, 401, 420, 435; Clinical Lab Science 295; Coaching 372; Food and Nutrition 353; P ED 220, 271, 310; HP/W 312.
2. Collateral requirements: Biology 160, 285; Chemistry 101 or Physics 101; HP/W 102; Human Development 265; Psychology 110; WLNS 123.
3. Medical statement (including immunizations) indicating you have been examined within the last year and are free of tuberculosis.
4. Hepatitis B vaccination or signed declination statement.
5. Complete the following clinical rotations:
  - a. One season of football, including two per day practices.
  - b. Two assigned university intercollegiate team experiences.
  - c. One semester at an affiliated sports medicine clinic.
  - d. One semester at an affiliated high school.
6. Complete a minimum of 1,500 field experience hours under the direct supervision of a NATABOC certified

athletic trainer. These hours must be attained after acceptance into the program over a minimum of two years and not more than five years. If accreditation requirements change, the number of hours may change. Check with the chair for latest requirements.

### Notes for Athletic Training Majors:

1. Please refer to the *Athletic Training Educational Handbook* for program technical standards. These standards relate to the Americans with Disabilities Act of 1990.
2. All requirements for the major must be complete before the program director will endorse your application for the National Athletic Trainers' Association Board of Certification examination.
3. If you are denied acceptance into the program you may contact the associate dean of HESA for appeal procedures. The HESA Appeals Committee will review and act on your appeal letter and letters of recommendation.
4. To repeat a course, follow UWSP policy. The last grade for a repeated course will be calculated into your GPA. No credit received for "special work" courses (199, 299, 399) may be calculated into the cumulative GPA required for admission to the program.
5. The major will be effective for new freshman and transfer students in fall 1999. If you entered the program as a sports medicine minor, complete the minor under the direction of the catalog in place when you entered.

## Adventure Education Minor

Consists of 22 credits.

1. Adventure Ed 150, 225, 250, 275, 325, 350, 450.
2. Wellness 123, 146, 215.

## Coaching Minor

Consists of 21 credits:

1. Coaching 200, 361, 372; P ED 362, 391, AT 351.
2. At least three courses from Coaching 282-294.
3. Elementary education majors may count Psychology 260 or Human Development 265 to reach a maximum of 22 credits.

## Health Education Minor

Consists of 22 credits:

1. Biology 285; HLED 104, 140, 340, 390, 427; Food and Nutrition 351.
2. Health promotion majors may substitute Food and Nutrition 353 for 351.
3. If you are preparing to teach, you must take HLED 398 (Student Teaching) at all levels in which you are seeking certification.

## Adapted Physical Education 860 Add-On Certification

**(Physical Education for Exceptional Individual)**  
This sequence must be completed with the comprehensive physical education (K-12) teaching major in order to receive the 860 add-on certification. Take PEX 315, 335, 360, 400, 401, and Education 351.

## Test-Out and Credit-by-Exam

Test out credit is available for all courses meeting the general degree requirement in Wellness (WLNS). You may attempt test-out for a maximum of 3 credits. You may earn a maximum of 2 credits in aerobic/activity or health enhancement. The test-out option is available to all students.

**Aerobic/Activity Test-Out:** Sign up and get information for aerobic/activity test-out at the School of HESA Main Office (122 Health Enhancement Center). Take the written exam that determines if you know how to design and implement your own physical fitness program. If you pass, take the multicomponent physical fitness assessment test that includes aerobic capacity. To pass, your scores must meet or exceed the norm of UWSP students in four of the six areas. If you pass both exams, you will receive two credits of aerobic/activity.

**Health Enhancement Test-Out:** Sign up and get information for health enhancement test-out at the School of HESA Main Office (122 Health Enhancement Center). Take the written exam covering eight major health enhancement topic areas. You will receive one credit of health enhancement if you pass four categories at a 70 percent level and two credits if you pass seven categories.

## Courses in Adventure Education

**ADVE 150. Introduction to Adventure Education.** 2 cr. Awareness of principles, practices and philosophy associated with adventure programming. Leading and facilitating groups of different ages and dynamics. Introduces components of minor.

**ADVE 225. Wilderness First Responder.** 2 cr. Implement and practice standards set by the Wilderness Medical Associates to obtain certification as a wilderness first responder. Obtain WFR certification. Prereq: WLNS 123.

**ADVE 250. General Camping/Backpacking.** 3 cr. Two- or three-season camping and backpacking techniques including equipment, survival techniques, orienteering, trip planning. Use fundamental facilitation skills in an outdoor trip environment.

**ADVE 275. Water Skills.** 3 cr. Principles of basic canoeing and sea kayaking. Recovery and rescue skills. White-water canoeing and kayaking. Trip leading and facilitation skills. Prereq: WLNS 146.

**ADVE 325. Management of Top-Rope Climbing.** 3 cr. Techniques for management of indoor and outdoor top-rope climbing site. Belaying techniques, site selection, "leave no trace" site use, rescue and emergency techniques. Apply American Mountain Guides Association standards. Site management and facilitation skills. Prereq: WLNS 215.

**ADVE 350. Challenge Course Management.** 3 cr. Low and high rope facilitation. Philosophical and ethical issues dealing with risk-taking as a learning tool. Safety issues, belaying, programming, sequencing, and course set-up/tear-down. Facilitation opportunities.

**ADVE 450. Adventure Education Practicum.** 3 cr. Adventure leadership skills demonstrating naturalistic intelligence while planning and conducting climbing, camping/backpacking, and water experiences for various groups. Choose work with K-12 students, CWES groups, peer groups, Lions Camp groups. Plan and facilitate groups from each area. Develop and use mobile adventure learning courses. Prereq: ADVE 150, 225, 250, 275, 325, 350.

## Courses in Athletic Training

**AT 181. Introduction to Athletic Training.** 2 cr. Overview of athletic training profession, history and growth. Concept of the sports medicine "team." Athletic training room policies, procedures, medical record keeping and commonly used supplies.

**AT 251. Risk Management and Acute Care of Athletic Injury and Illness.** 3 cr. Cause, treatment and prevention of injuries and illness common to athletic activities as well as factors affecting performance levels. Prereq: P ED 271, valid first aid certification, admission to program.

**AT 300. Athletic Training Practicum I.** 2 cr. Clinical application of 251. Preparticipation screening of athletes, prevention of athletic injuries, and strength and conditioning techniques. Prereq: 251 or con reg; admission to program.

**AT 301. Athletic Training Practicum II.** 2 cr. Further clinical application of 251. Risk management and acute care of athletic injuries. Prereq: 251 or con reg, admission to program.

**AT 351. Care and Prevention of Athletic Injuries.** 2 cr. Prevention, cause and treatment of injuries common to athletic activities; conditioning, rehabilitation and variable factors of athletic performance examined. Prereq: P ED 271; WLNS 123.

**AT 380. Athletic Injury Assessment Techniques.** 3 cr. Evaluation techniques for athletic injuries to the upper and lower extremities. Develop techniques and procedures based on orthopedic physical assessment. Prereq: 251, 300, P ED 271, admission to program.

**AT 381. Athletic Injury Rehabilitation.** 3 cr. Rehabilitation protocols for specific athletic injuries and varying strength and conditioning techniques including plyometrics, core stabilization, and proprioception activities. Prereq: 251, 300, 301, admission to program.

**AT 382. Therapeutic Modalities (formerly Sports Medicine 382).** 3 cr. Principles of electromagnetic and acoustical modalities, indications and contraindications; and procedures for applying therapeutic modalities for treatment of athletic injuries. Prereq: 251, admission to program.

**AT 400. Athletic Training Practicum III.** 3 cr. Clinical application of 380. Injury evaluation and physical examination skills. Prereq: 380, admission to program.

**AT 401. Athletic Training Practicum IV.** 3 cr. Clinical application of 381 and 382. Organization and communication skills in the health care environment, therapeutic modalities and rehabilitation of injuries in an active population. Prereq: 381, 382, admission to program.

**AT 420. Administration of Athletic Training Programs.** 3 cr. Policies and procedures for an athletic training program. Personal management, record keeping, inventory management, budgeting, purchasing, and facility design. Prereq: 301, admission to program.

**AT 435. Senior Seminar In Athletic Training.** 3 cr. Examine contemporary issues and problems confronting the athletic trainer such as care of older adults; care of athletes with developmental disabilities and/or specific medical conditions; pharmacology and pathophysiology issues; examination of legal, medical, and ethical protocols governing the athletic training profession; review of the NATA guidelines and competencies. Prereq: 301, admission to program.

## Courses in Coaching

**COAC 200. Scientific Concepts of Coaching (formerly 371).** 3 cr. Scientific concepts of anatomy, biomechanics, and physiology applied to coaching athletes. Analysis of performance based on anatomical and mechanical principles.

**COAC 282-294. Coaching of Specific Sports.** Each 2 cr. Theory and techniques, training schedules, strategy, coaching methods, and conditioning. Prereq: So st.

282. Basketball; 283. Wrestling; 284. Football; 285. Baseball; 286. Track and Field; 287. Soccer; 288. Ice Hockey; 289. Swimming; 290. Volleyball; 291. Tennis; 292. Gymnastics; 293. Golf; 294. Sports Modules.

**COAC 361. Practicum In Coaching.** 2 cr. Practical experiences in coaching sports at various educational levels. 1 hr lec, 2 hrs lab per wk. Prereq: At least one of 282-293.

**COAC 372. Motivational Aspects of the Athlete.** 3 cr. The study of the social and behavioral factors of coaching.

**COAC 397/597. Workshop In Coaching.** Variable credit. Participate in special experiences related to your minor program. Subtitle will designate area. May repeat for 6 cr max.

## Emphases for Health Promotion

You may choose 18 credits for one emphasis area or 9 credits from two emphasis areas in place of a minor. The HP/W handbook lists course options for each emphasis. You must meet with your adviser to create a plan of acceptable courses before beginning academic work in any emphasis.

1. **Experiential and adventure-based programming:** adventure education, camp leadership and management, environmental education, experiences or certification in adventure programming.
2. **Gerontology:** topics and work with the elderly.
3. **Food and nutrition:** nutrition concepts and application to health conditions in selected populations.
4. **Business:** topics in accounting, corporate communication and management relevant to the health care industry and/or facility management.
5. **Psychology:** topics in psychology pertaining to health in selected populations.
6. **Personal Trainer:** advanced strength training including ACSM and NSCA certification, aerobic activity, facility management and marketing.
7. **Preprofessional:** preparatory work for advanced study in physical therapy, chiropractic, medicine, etc.
8. **Community wellness:** community health topics, child and family health, sociology of health, environment and sustainability.
9. **Holistic/alternative:** health counseling, group processes, experiences/certification in alternative health, certification in massage therapy.
10. **Individually planned:** create individual plan in consultation with your HP/W adviser to meet specific career goals.

## Health Promotion/Wellness Concentration for Nonmajors

1. The health promotion concentration is designed for students pursuing a major degree outside of HP/W, but who already have work experience in a related health area. You must submit a written plan of study and obtain special permission for enrollment from your major department and the HP/W coordinator. Credits for work experience may be granted with approval of the UWSP experiential learning program coordinator and the HP/W faculty. To be accepted into the concentration you must have a 2.75 overall GPA.
2. Nonmajors may take HP/W major courses if:
  - a. Your overall GPA is equal to that required of majors (see above),
  - b. Courses are related to your field of study (e.g. nutrition, or preprofessional preparation),
  - c. Seats are available in the class only after majors have registered, and
  - d. You have permission of the instructor.
3. The concentration consists of 18 credits selected from: HP/W 101, 102, 143, 148, 201, 204, 300, 301, 305, 320, 399, 410, 420; FN 253 or 353; Psychology 385; SHP 210, 330.

## Safety and Health Protection Minor

This minor is a professional training program which encourages cross training of professionals to better reduce job- and lifestyle-related risks. By integrating behavior facilitation techniques with occupational safety and health knowledge and strategies, more complete risk prevention strategies are possible. Concepts and skills taught in this minor are used in manufacturing, electrical, bio-tech, general business, health care, governmental and community settings by various occupational safety and health positions.

The minor consists of 18 credits:

1. Required: SHP 210, 310, 311, 330, 360.
2. Electives, 3 credits: After consulting with the SHP coordinator and your major area adviser, select from: Math 105, 109, 355; Psychology 300; Business 347; English 251; Interior Architecture 360; HP/W 204, 300, 399, 420, and others with adviser permission.

## Academic Standards in HPHD

1. You may declare a major in dietetics, or family and consumer education at any time.
2. To graduate with a major in dietetics or family and consumer education (noncertification option) you must have a 2.00 cumulative grade point average, and a 2.00 GPA in all major required courses, including transfer courses, regardless of any declaration of academic bankruptcy.
3. Overall cumulative grade point requirements in health promotion are: at least a 2.50 GPA at 30 credits; at least a 2.65 GPA at 60 credits; and at least a 2.75 GPA with more than 60 credits. A 2.75 cumulative GPA must be maintained through graduation.
4. See the **More Academic Information** section of this catalog for the policy on repeating courses.

## Test-Out Policy

The School of Health Promotion and Human Development will offer test-out for all its general degree requirement (GDR) courses: HD 166, 261, 265, 367, 381; FN 151, 357; HP/W 102, 103, 106, 107, 110, 142, 143, 148, 149, 206, 299. The comprehensive written examinations will be based on materials normally covered in the course. Grading will be pass/fail with the minimum passing grade equivalent to the most recent class average grade.

If you wish to take a test-out exam, first confer with the HPHD unit head. Then confer with the faculty member who most recently taught the course who will inform you in writing of the required minimum passing score prior to administering the exam and provide the results to you in writing within two weeks of taking the exam. You may take a test-out exam only once.

## Master of Science Degrees

The two Master of Science degrees, Human and Community Resources and Nutritional Sciences are described in the **Graduate** section of this catalog.

## Courses in Family and Consumer Education

## Academic Standards

1. To graduate with a major or minor in history you must have a cumulative GPA of 2.00 (2.75 to student teach) in all courses required for the major or minor, including transfer courses, regardless of any declaration of academic bankruptcy. See the **More Academic Information** section of this catalog for the policy on repeating courses.
2. All courses in history, except History 489 and 490, are open to all students who meet the prerequisites.
3. **Teacher Certification:** Enrollment caps are in effect for those seeking teacher certification in history. Contact the History Department early for entrance requirements and application procedures. Also see information about the Professional Education Program and the secondary education curriculum for teacher certification in the **Education** section of this catalog.
4. No more than 6 credits of History 399 may be accepted toward the major or minor in history.

## Test-Out and Credit-by-Exam Policy

You may test-out and/or receive credit-by-exam for all general degree requirement (GDR) history courses.

You may receive credit-by-exam for History 105, 106, 107, 108, 211 and 212 by passing the appropriate Advanced Placement Program Examination (AP) or CLEP

(College Level Examination Program) Subject Examination through the UWSP Testing Service. The minimum score for an AP exam is 3 and for CLEP it is the 50th percentile.

To test-out but not receive credit for all other GDR history courses, first consult with the department chair. A comprehensive written exam based on materials normally covered in the course will be administered by the faculty member who teaches the course. The minimum required score for all such exams is a B- or its numerical equivalent. You may take an exam for credit or test-out only once.

# Individually Planned Major (IPM)

Richard Barker, Coordinator  
Room 302, Collins Classroom Center  
Phone: 715-346-4537  
E-mail: rbarker@uwsp.edu

The individually planned major is for you if you are one of the few students who cannot meet your educational objectives through an existing academic program. It gives you an opportunity to design your own major using unique combinations of existing offerings that will be coherent and challenging. You must plan your program by the end of your sophomore year to be sure the courses you need are available and can be integrated into your major. The individually planned major is not intended to permit you to package courses that you have already completed.

For the individually planned major, you must:

1. Have a minimum grade point average of 2.75 before you enter the program.
2. Meet the requirements for the bachelor's degree in the college which offers the greatest number of credits within the major.
3. Earn at least 40 credits within the degree in courses numbered 300 and above.
4. To graduate, have a minimum grade point average of 3.00, regardless of academic bankruptcy, in all courses in your individually planned major.

You must decide to begin an individually planned major no later than the second semester of your sophomore year, or by the time you complete no more than 64 credits, excluding the wellness requirement. This requirement can be waived in some cases.

You will have to develop a proposal for your major by consulting with advisers from the departments in which you will be doing the work. The proposal must include a title, a statement of the objectives of the program, and a list of specific courses. The program must be approved by your advisers, the IPM coordinator, and the IPM committee.

# 118 Instructional Resources

## Individually Planned Major

Consists of:

1. A minimum of 36 approved credits taken from no fewer than two curricular areas, with a minimum of 9 credits in each.
2. At least 20 credits must be in courses numbered 300 or above.
3. You may NOT repeat courses in which you originally earned a grade of D or better.

Contact the IPM coordinator for full details.

**Faculty:** T Brown, C Burton, N Fernando, J Kangas, P Kluetz, MSC Nelson, K Stumpf, P Williams, D Zimmerman.

The UW-Stevens Point interior architecture program is accredited by the Foundation for Interior Design Education Research (FIDER) and is an accredited institutional member of the National Association of Schools of Art and Design (NASAD).

The interior architecture program provides a learning environment that encourages the development of professional designers with the ability to design quality interior environments that contribute to the well-being of individuals and groups. Two portfolio reviews are required to promote excellence in the program.

While in the program, you interact with design professionals through regional, national, and international field trips and through design critiques. You are given typical client problems and solve them through problem-based learning strategies. As you progress through the curriculum, problems expand in complexity and involve realistic constraints, user requirements, budgets, and schedules.

When you graduate from the interior architecture program, a variety of professional opportunities are available to you such as office, residential, retail, and hospitality design and facility management. Other possibilities include product development and representation for manufacturers and design consultation.

### Interior Architecture Major (IA)

1. Sixty-five credits:
  - a. IA 100, 101, 110, 204, 211, 212, 216, 233, 300, 304, 309, 311, 314, 318, 370, 393, 395 (3 cr), 400, 411.
  - b. Ten credits from interior architecture, art, or Forestry 385 (landscape architecture).
2. Nine credits: Art 102, 103, one 3-credit art history course (Art 282 or 283).
3. Six credits: Psychology 110 and 3 credits of sociology or anthropology to satisfy part of the general degree requirements.
4. A portfolio review by a faculty committee is required concurrent with IA 211 to determine admission to the

interior architecture professional sequence. The review is based on a minimum of three examples of work completed in each of the following courses: Art 102 and 103, IA 101, 110, 204, and 211. The outcome of the review will be one of the following:

- a. *Passed*: successful admission.
- b. *Probationary acceptance*: accepted on probation with expectation of removing deficiencies. Second review is required concurrent with IA 212.
- c. *Detained*: denied admission. May repeat courses and/or independently improve portfolio for re-evaluation.

This portfolio review may be repeated one time only. If we need to limit the number of students we admit to the professional sequence and your portfolios are determined to be of equal quality, the student(s) with the higher cumulative grade point average will be admitted.

5. Emphasis in lighting design (optional): IA 318, 418.
6. Emphasis in store design (optional): IA 305, 405.
7. You are required to purchase a laptop computer after the first portfolio review and before you enroll in IA 212.

## Academic Standards

To graduate with a major in interior architecture you must present in a senior portfolio review and have a minimum 2.5 cumulative GPA in all courses required for the major, including transfer courses, regardless of any declaration of academic bankruptcy. You may repeat a course in the major if you follow the course repeat policy found in the *More Academic Information* section of this catalog.

## Test-Out, Credit-by-Exam, and Transfer Policy

The Division of Interior Architecture will offer credit-by-exam for all its general degree requirement courses: IA 150, 160, 309, and 310. The comprehensive written examinations will be based on materials normally covered in the course.

If you wish to take an exam for credit, first confer with the IA division head. Then confer with the faculty member who most recently taught the course who will inform you in writing of the required minimum passing score prior to administering the exam and provide the results to you in writing within two weeks of taking the exam. You may take an exam for credit only once for each course.

If you are transferring art or design credits from other institutions, you must submit a portfolio and grade transcripts. Acceptance of transfer credit depends on successful portfolio evaluation and placement.

## Courses in Interior Architecture

**IA 100. Orientation to the Profession.** 1 cr. Explore and develop plan for academic, individual, and professional career objectives.

**IA 101. Color and Design.** 3 cr. Color and design in relation to the near environment. Lecture/studio. May not earn credit in both IA 101 and Art 101. Prereq: IA major or cons instr.

**IA 110. Architectural Drafting.** 3 cr. Study and development of architectural drafting skills; multiview conventions, lettering, detailing, and drawing reproduction techniques. Lecture/studio. Prereq: IA major or cons instr.

**IA 150(NW). Cross Cultural Survey of Applied Design.** 3 cr. Compare and contrast the design and use of everyday manufactured goods in Western culture with their counterparts in a variety of non-Western societies. Explore material culture from micro to global view of the home, workplace and beyond. GDR:HU1

**IA 160(MNS). Survey of Design: Minority Cultures in the U.S.** 3 cr. Understanding the design of utilitarian objects and the design of space in selected Native American and non-European immigrant cultures. Investigates stereotype, discrimination, majority influence and historical tradition as a concept of design evolution in the U.S. GDR:HU1

**IA 204. Presentation Techniques I.** 3 cr. Basic application of drawing, sketching, and describing architectural interiors and furnishings to communicate design concepts. Lecture/studio. Prereq: 101 and 110.

**IA 211. Interior Architecture I.** 4 cr. Analysis of human and environmental factors used to create supportive space for human activity; development of a design methodology. Lecture/studio. Prereq: 204.

**IA 212. Interior Architecture II.** 4 cr. Small scale interior space planning with emphasis on function, aesthetics and barrier-free environments. Lecture/studio. Prereq: 211.

**IA 216. Materials, Finishes, and Technology.** 3 cr. Selection of materials and furnishings based on analysis of human factors, aesthetics, technology and market availability; processes and resources and interior architectural detailing.

**IA 233. Textiles for Interiors.** 3 cr. From fiber to finished fabric, visual recognition, selection, use, and care of textiles for interiors.

**IA 300. Design Charrette.** 1 cr. Solve a design problem in a short period of time. Subtitle will designate area of design. May repeat under different subtitles. Prereq: IA 212.

**IA 304. Presentation Techniques II (formerly 205).** 3 cr. Advanced application in color drawing, sketching, and describing architectural interiors and furnishings to communicate design concepts. Lecture/studio. Prereq: 204 and 212.

**IA 305. Store Planning and Design.** 3 cr. Application of marketing theory, concepts and practice to the design and development of physical retail spaces; review of case studies; total project design, development and presentation. Lecture/studio. Prereq: 212.

**IA 306. History of Architectural Design in the Americas.** 3 cr. Survey of structural and interior architecture in the Americas, including non-Western influences.

**IA 309. History of Interior Design and Decorative Arts.** 3 cr. Major periods and styles of architecture, furniture, and accessories used in interior environments. GDR:HU1

**IA 310(NW). History of Non-Western Interior Design and Decorative Arts.** 3 cr. Major periods and styles of architecture, furnishings, and accessories. Subtitle will designate area. May repeat under different subtitle. GDR:HU1

**IA 311. Interior Architecture III.** 4 cr. Office design and systems; programming, schematics and space planning. Criteria for selection of office furnishings and materials. Business and design practice: procedures, philosophies, ethics, marketing, sales and resources. Lecture/studio. Prereq: 212.

**IA 313/513. Architectural Environments.** 3 cr. How technology, culture, economics, and psychosocial needs affect public and private architectural spaces; impact on the natural environment.

**IA 314. Architectural Systems.** 3 cr. Aesthetic and technological analysis of structural, mechanical, and lighting systems and materials.

**IA 318. Lighting Design.** 3 cr. Lighting design and technology applied to interior architectural spaces. Lecture/studio. Prereq: 212.

**IA 331. Architectural Watercolor.** 3 cr. Problems in watercolor, emphasizing transparent and opaque watercolor on paper. Includes field sketching. Lecture/studio. Prereq: 204 or cons instr.

**IA 360. Ergonomics.** 3 cr. Analysis and evaluation of human-task systems, human capabilities and limitations, principles of displays, controls, equipment, work stations, and fundamentals of biomechanics. Recognize design criteria for prevention of injury, work-related illness, and psychological stress. Prereq: Cons instr.

**IA 370. Computer Applications in Interior Architecture.** 3 cr. Application of graphic, architectural, and related software in space planning and design of interior environments. Lecture/studio. Prereq: 211.

**IA 391/591. Study Tour.** 1-6 cr. Study tours to appropriate industries, museums, or facilities. Subtitle will designate area. May be repeated. Prereq: IA major or written cons instr.

# 120 Interior Architecture

**IA 393. Comprehensive Design Study Tour.** 1 cr. Comprehensive design study tour to appropriate industries, museums, or facilities. Subtitle will designate area. May be repeated. Prereq: IA major or written cons instr.

**IA 395. Internship.** 3 or 4 cr. A supervised program at an approved cooperating design practice site. May repeat for 9 cr max. Prereq: 212.

**IA 399. Special Work.** 1-3 cr. Upperclass majors may arrange for independent study with cons associate dean. Credit based on scope of the project. Prereq: IA major or written cons instr.

**IA 400. Professional Development.** 3 cr. Portfolio and resume development. Plan for meeting career objectives. Prereq: 311 or written cons instr.

**IA 405. Advanced Store Planning and Design.** 3 cr. Advanced application of the design and development of physical retail spaces. Total project design, development and presentation. Lecture/studio. Prereq: 305.

**IA 411. Interior Architecture IV.** 4 cr. Comprehensive design experience. Advanced study of design processes, theory, regulations, and codes. Lecture/studio. Prereq: 311.

**IA 415. Problems In Interior Architecture.** 2-4 cr. Develop and present major project; may include client interaction, research, programming, space planning, visual concept, reports. Lecture/studio. May repeat for 8 cr max. Prereq: 311 or written cons instr.

**IA 418. Advanced Lighting Design.** 3 cr. Advanced lighting design and technology applied to interior architectural spaces. Lecture/studio. Prereq: 318.

**IA 470. Advanced Computer Applications In Interior Architecture.** 3 cr. Advanced application and exploration of graphic visualization, architectural, and related software in space planning and design. Lecture/studio. Prereq: 370.

**IA 490/690. Special Topics.** 1-4 cr. Subtitle will designate area. May be repeated. Prereq: IA major or written cons instr.

## International Studies Major

Consists of 33 credits plus foreign language requirement.

- Core courses**, 12 credits: Intl Studies 101, 480, Geography 113, Political Science 160.
- Language requirement**, 0-19 credits:
  - If your native language is English, you must complete one foreign language course beyond fourth semester college level of a language approp to your area of concentration, or test out.
  - Foreign students, whose native language is not English, may use English to fulfill their international studies language requirement, by completing English 101/102, the UWSP writing emphasis (WE) requirement, and by demonstrating ability to do coursework in English.
- Area of concentration**, 21 credits spread between two areas. Fifteen of these credits must be in courses numbered 300 and above.
  - Asia concentration:** Geography 302, 327; History 215, 216, 225, 344, 345, 346, 347, 348, 349, 350, 351; Intl Studies 399; Music 307; Philosophy 105; Political Science 160, 370, 371, 396; Religious Studies 100.
  - Europe concentration:** Art 282, 283, 382, 383, 385, 386, 387, 388, 389; Economics 367; English 211, 212, 283, 285, 288, 311, 319, 323, 324, 325, 327, 330, 333, 334, 336, 346, 361, 362; French 340, 341, 342, 350, 355, 360, 370, 381, 493; Geography 328; German 340, 355, 360, 370, 381, 493; History 107, 108, 120, 302, 304, 305, 306, 307, 308, 309, 312 (Europe), 313, 321, 323, 324, 325, 330, 332, 335, 339, 340; Intl Studies 399; Music 220, 221, 300, 320, 321; Natural Resources 475; Philosophy 325, 326, 336; Political Science 361, 364; Spanish 340, 341, 342, 381, 493.
  - North America concentration:** Anthropology 339, 371; Art 390, 391, 392, 393, 395, 397; Communication 121, 362, 363; Economics 311, 328, 345; English (American Literature) 213, 214, 280, 282, 313, 320, 329, 360, 364, 366, 382; Geography 211, 226, 373; History 211, 212, 274/374, 288/388, 313, 315, 316, 321, 322, 323, 324, 325, 331, 332, 335, 355, 356, 357, 358, 359, 360, 366, 369, 371, 372, 373, 375, 377, 378, 379, 380, 382, 383, 384, 385, 386, 389; Intl Studies 399; Music 102, 304, 305, 329; Philosophy 381; Political Science 101, 190, 201, 202, 212, 242, 250, 306, 308, 310, 313, 314, 315, 316, 320, 341, 354, 356, 358, 383, 391, 392, 411, 412, 413, 414, 450; Religious Studies 311, 316, 321 (when approp); Sociology 102, 300, 356, 363, 368; Spanish 382; Theatre 361.
  - Latin America concentration:** Anthropology 335; Geography 391; History 253, 254, 352, 353; Intl Studies 399; Natural Resources 475; Spanish 353, 354, 381, 383, 493.

- e. **Middle East and Africa concentration:** English 281, 282; Geography 300; History 219; 220, 318, 319; Intl Studies 399; Political Science 372; Religious Studies 303, 304.
  - f. **Russia and Eastern Europe concentration:** History 329, 336, 337, 338, 339, 340, 341; Intl Studies 297, 397, 399; Political Science 362, 364, 366, 384; Russian 360, 370, 381, 493.
4. **Additional options.**
- a. If possible, participate in studies abroad or other overseas experiences in regions appropriate to your area of concentration. If you study abroad, try to apply for credit in Intl Studies 399 for up to 3 credits that you can apply to this major or minor.
  - b. Because of the interdisciplinary nature of this major, we encourage you to pursue a second major in another field.
  - c. Where possible, choose courses from several of the approved international studies disciplines to complete your requirements. Try also to choose elective courses from areas outside your area of concentration so you can acquire the broadest possible understanding of the world.
  - d. You may substitute one of the following global emphasis courses for an area-specific course to complete the major or minor with consent of the coordinator: Economics 362, 365, 367; English 361, 362; Geography 120, 340; History 373; Music 307; Natural Resources 475; Peace Studies 340, 350; Political Science 180, 374, 376, 385, 387; Sociology 360, 370.

### International Studies Minor

Consists of 24 credits plus foreign language requirement.

1. Core courses, 12 credits: Intl Studies 101(NW), 480; Geography 113; Political Science 160.
2. Language requirement, 0-12 credits.
  - a. If your native language is English, you must complete two semesters of college level foreign language, or test-out, or complete one foreign language course beyond freshman level.
  - b. Foreign students, whose native language is not English, may use English to fulfill their international studies language requirement, by completing English 101/102, or one of the UWSP writing emphasis (WE) courses, and by demonstrating ability to do coursework in English.
3. Areas of concentration, 12 credits from one of the areas of concentration listed with the major above. Six credits must be in courses numbered 300 and above.
4. Additional options. See 4a, 4c, 4d from the major.

### Academic Standards

To graduate with a major or minor in international studies, you must have a 2.0 GPA in required courses, including transfer courses, regardless of any declaration of academic bankruptcy. See the **More Academic Information** section of this catalog for the policy on repeating courses. Courses in international studies are open to all students who meet the prerequisites.

### Test-Out and Credit-by-Exam Policy

You may test-out or receive credit-by-exam for all general degree requirement (GDR) international studies courses. First consult with the international studies coordinator. The comprehensive written exam based on materials normally covered in the course will be administered by the faculty

member who teaches the course. The minimum required score for all such exams is a B- or its numerical equivalent. You may take an exam for credit or test-out only once.

If you wish to test-out of courses from other departments that may be included in the international studies major/minor, you must make arrangements with the department.

### Courses in International Studies

**INTL 098. International Study.** 0 cr. Maintains UWSP students in active enrollment status while engaged in a semester abroad program with another university.

**INTL 101. Introduction to International Studies.** 3 cr. Major patterns of traditional and modern societies in key world areas; their contributions to human social, economic, cultural, religious, scientific, and technological developments; other aspects of international understanding.

**INTL 297. Russia and East European Travel Seminar.** 3 cr. Russia and Eastern Europe. Open to students who are going to participate in the trip to Eastern Europe within the framework of the 297 seminar. Prereq: So st.

**INTL 397. Russia and East European Travel Seminar.** 3 cr. Same as 297, except, offered at the junior-senior level.

**INTL 399. Special Work.** Upperclass international studies majors and minors may arrange for independent study in an approp area of concentration with consent of independent studies coordinator and approp instructor. Credit based on scope of the project. May be used for travel and study portion of the semester abroad programs.

**INTL 480. Senior Seminar.** 3 cr. A capstone experience to enhance understanding of the interrelation of cultures throughout the world. Prereq: Intl studies major or cons coordinator.

### Learning Technologies Minor for Education Students

Consists of at least 24 credits.

1. Required: Computer Information Systems (CIS) 102 (Intro to Programming), 115, 116, 330, 373 (Spreadsheet), Instructional Resources 331, Learning Technologies 115, 334.
2. Electives: At least 3 credits from each category below:
  - a. CIS 210, 370 (approved subtitles), 374 (approved subtitles); Instructional Resources 395.
  - b. Communication 302, CIS 300, Education 384.

### Academic Standards

1. You should declare your intention to minor in learning technologies no later than the second semester of your sophomore year.
2. You must have no more than one grade below C- in all courses that count for the minor. If a course is repeated, only the most recent grade counts. Courses taken pass/fail do not count for the minor.
3. You must have a GPA of at least 2.25 in all courses that count for the minor, regardless of any declaration of academic bankruptcy.
4. You may petition the Department of Mathematics and Computing for exceptions.

### Courses in Learning Technologies

#### LTED 115. Integrating Information Tools into the Classroom.

2 cr. Integrating information system tools such as word processing, spreadsheet, database, and presentation graphics packages into the classroom setting. Includes supervised field experience. Prereq: CIS 115 or con reg.

#### LTED 334. Techniques in Education: Learning Technologies.

3 cr. Aims, methods, techniques, planning, organization, assessment, and field experiences in integrating and teaching learning technologies in schools. Prereq: Admitted to Professional Education Program; jr st, CIS 102 (Intro to Programming), 115/116, 330, 373 (Spreadsheet); or cons chair of Math/Computing.

### Mathematics Placement Test

The mathematics placement test is given to all new freshmen as they enter the university. The test covers the material found in the usual four-year high school mathematics program (two years of algebra, geometry, and precalculus) and the scoring varies according to the amount of mathematics you have taken. The test results are used to place you at the appropriate level of mathematics at UW-Stevens Point. At some of these levels you will be able to choose from several courses after examining their prerequisites. If you did not take the test at the time you entered the university, you may arrange for it at the department office.

### Mathematics Major

Consists of at least 37 credits:

1. Math 120, 121, 222, 213, 300. We strongly recommend that you complete 213 and 300 before you enroll in courses numbered above 300.
2. Take 4 courses from the following groups, to provide greater depth in at least one area:

2. Take 4 courses from the following groups, to provide greater depth in at least one area:
  - a. Algebra: Math 330, 331.
  - b. Analysis: Math 324, 327.
  - c. Probability and statistics: Math 356, 357.
3. At least two additional courses selected from Math 305, 310, 315, 320, 323, 324, 327, 330, 331, 335, 356, 357, 360, 367, 372, 468.

### Mathematics Major with Actuarial Emphasis

Consists of 42 credits.

1. Math 120, 121, 213, 222, 300, 330, 356, 357.
2. CIS 102, 210.
3. At least 6 credits from Math 310, 315, 320, 360, 367, 397, 468.
4. At least 3 credits from Math 323, 324, 327.
5. Collateral requirements: Pass at least one of the actuarial exams.
6. Recommended collateral areas: business and economics, communication, finance, insurance, writing.

### Mathematics Minor

Consists of 25 credits:

1. Math 120, 121, 222, 213, 300.
2. At least 6 credits Math 305, 310, 315, 320, 323, 324, 327, 330, 331, 335, 356, 357, 360, 367, 372, 468.

### Applied Mathematics Minor

Consists of at least 24 credits:

1. Math 120, 121, 213, 356, 357.
2. Complete 2 courses from Math 222, 305, 310, 315, 320, 360, 367, 468.

### Mathematics Major for Secondary Teacher Certification (grades 9-12)

Consists of at least 42 credits:

1. Required (32 cr): Math 120, 121, 213, 222, 300, 331, 340, and Math Ed 334, 335, 340.
2. Complete 2a or 2b below (at least 4 cr):
  - a. Math 350, Math Ed 350.
  - b. Math 356, 357.
3. Complete two courses below:
  - a. Math 305, 310, 315, 320, 322, 324, 327, 330, 335, 360, 367, 372.
  - b. Math 359/Math Ed 359 (counts as one course). Allowed only if you complete the math middle school minor. See the **Education** section earlier in this catalog for more information about teaching middle school.

### Mathematics Minor for Elementary Education Majors

Consists of 22 credits:

1. Required: Math 345, 359, 369; Math Ed 345, 359, 369.
2. Complete either Math 355 or Math 350/Math Ed 350.
3. Complete one: Math 109, 111, or 120.
4. Required but not part of the minor: Math 228, 338 and Math Ed 228, 338.

### Mathematics Minor for Middle School Teacher Certification (grades 6-8)

This minor extends the 9-12 licensing for secondary mathematics teachers to include grades 6-8.

1. Complete EITHER the Math Major or Minor for Secondary Teacher Certification (grades 9-12).
2. Required (14 cr): Math 228, 338, 359, and Math Ed 228, 338, 359.

### Mathematics Minor for Secondary Teacher Certification (grades 9-12)

Consists of at least 29 credits:

1. Required (25 cr): Math 120, 121, 213, 300, 340, and Math Ed 334, 335, 340.
2. Complete 2a or 2b below (at least 4 cr):
  - a. Math 350, Math Ed 350.
  - b. Math 356, 357.

### Academic Standards

To have a major in mathematics approved for graduation, you must have a minimum grade point average of 2.00 (2.75 to student teach) in the math courses you select to satisfy the requirements of the major. In addition, you must achieve a grade of C or better in at least 15 credits in required courses numbered 300 or above. These standards apply regardless of a declaration of academic bankruptcy. The department chair may allow exceptions on a conditional basis.

#### Additional for Teacher Certification:

1. A minimum grade point average of 2.75.
2. Elementary education majors are required to take Math 228, 338, Math Ed 228, 338 and Math Ed 345.
3. **Enrollment caps** are in effect for teacher certification. Contact the Mathematics Department early for entrance requirements and application procedures. Also see information about the Professional Education Program and secondary education curriculum for teacher certification in the **Education** section of this catalog.

### Test-Out and Credit-by-Exam Policy

The principal test-out procedure for mathematics is the UW System Mathematics Placement Exam. You are placed in math courses based on that exam and may place out of the mathematics requirement.

1. If you do not feel the placement test has accurately reflected your ability, you may retake the test once.
2. OR you may take the final exam for any general degree requirement (GDR) math course. If you score 70 % or higher, you will be exempt from that course.
3. You may also use AP (Advanced Placement) scores to receive advanced placement and credit-by-exam. If you score a 3 or higher on the AP Calculus AB exam, you can receive credit for Math 120. If you score a 3 or higher on the AP Calculus BC exam, you can receive credit for both Math 120 and 121.
4. If you took calculus in high school but did not take the AP exam, you may be placed directly into Math 121 at the discretion of the department chair. If you earn a grade of B or better in 121, you will receive retroactive credit for 120.

### Master of Science in Teaching (Mathematics)

Is offered in cooperation with UW-Oshkosh. You can get more information from the department office.

# 124 Mathematics and Computing

## Courses in Mathematics

Also see listing under *Mathematics Education*.

**\*\*MATH 90. Beginning Algebra.** 3 cr. Real numbers, solving linear equations and inequalities, exponents, polynomials, and rational expressions. Algebra for those with low placement test scores who need practice in fundamental math skills. Does not count toward a degree.

**\*\*IMPORTANT\*\*** If you are placed into remedial coursework in mathematics and/or English you must restrict your coursework to a level that will allow for success. You must receive written permission from your adviser to enroll in more than 16 credits during any semester that you enroll in remedial coursework. If you want to enroll in more than 18 credits during any semester that includes remedial coursework, you must receive written permission from the dean of your college. Factors that are considered in approving credit load include your ACT score, high school class rank, overall high school record, university GPA, and demands on your time such as coursework, extracurricular activities and employment.

Entering freshmen who are placed into remedial mathematics and/or English must complete the remedial coursework prior to earning 30 credits toward graduation. If you are in this category and fail to complete the remedial work prior to earning 30 credits, you will be restricted to a maximum of 12 credits, including the remedial courses, until you meet the requirement.

**MATH 100. College Algebra.** 3 cr. Graphing linear equations and inequalities, exponents, radicals, quadratic equations, systems of equations, study of functions including exponentials and logarithmic functions. Prereq: 90 or suitable placement test score. GDR: MATH

**MATH 105. Mathematics Applications, Appreciation, and Skills.** 3 cr. Topics include probability, statistics, geometry, logic, history and appreciation of mathematics, mathematics of finance, and others. An alternative to Math 100 to meet GDR in the BA degree. Not a substitute for Math 100 in the BS degree. Prereq: Math 90 or suitable placement test score.

**MATH 109. Mathematics for the Social and Management Sciences.** 4 cr. Systems of linear equations, matrices, linear programming, exponential growth and decay, mathematics of finance, differential calculus with emphasis on applications. Prereq: 100 or suitable placement score. GDR: MATH BS BM/BFA

**MATH 111. Applied Calculus.** 4 cr. Calculus applied to business, economics, biology, natural resources, and social science. Prereq: 100 or a suitable placement score. May not take 111 for credit after successful completion of 120. GDR: MATH BS/BFA

**MATH 112. Basic Trigonometry and Applications (formerly 101).** 2 cr. Introduction to trigonometry and applications to surveying, navigation, and indirect measurement. Not open to those who have taken 119. Math 112 will not substitute for 119 and is not preparation for 120. May not earn credit in both 112 and 119. Prereq: 100 or placement into 112.

**MATH 118. Precalculus Algebra.** 4 cr. Topics include concepts, graphs, and properties of functions, inverse and algebraic functions, techniques of graphing, conic sections, linear and nonlinear systems, arithmetic and geometric series, mathematical induction and the binomial theorem. Preparation for 120 if you did not place into 120. Prereq: 100 or suitable placement test score. GDR: MATH BS BM/BFA

**MATH 119. Precalculus Trigonometry.** 2 cr. Trigonometric functions, their basic properties and graphs; inverse trigonometric functions; identities; applications. Preparation for 120 if you did not place into 120. May not earn credit in both 112 and 119. Prereq: 100 or suitable placement test score.

**MATH 120. Analytic Geometry and Calculus I.** 4 cr. Analytic geometry of the plane; differentiation and integration of algebraic functions with some applications. Prereq: 118 and 119 or suitable placement test score.

**MATH 121. Analytic Geometry and Calculus II.** 4 cr. Analytic geometry of the plane continued; differentiation and integration of transcendental functions; integration techniques; infinite series; additional applications. Prereq: 120.

**MATH 209. Mathematics for the Information Sciences.** 4 cr. Boolean algebra, relational database theory, algorithms, combinatorics, discrete probability, recursion, graph theory, network flows and applications for information sciences. Prereq: 109 or 120.

**MATH 213. Introduction to Linear Algebra.** 4 cr. Topics in linear algebra; matrix algebra, systems of linear equations, Gauss-Jordan elimination, determinants, vector spaces, linear independence and bases, linear transformations, eigenvalues and eigenvectors; selected applications. Prereq: 121.

**MATH 222. Analytic Geometry and Calculus III.** 4 cr. Introduction to solid analytic geometry; differentiation of functions of several variables; multiple integrals; parametric equations and vectors; applications. Prereq: 121.

**MATH 228. Fundamental Mathematical Concepts for Elementary Teachers I.** 3 cr. Basic concepts and properties of sets, number systems, and functions that apply to elementary school math. Prereq: 100 or placement above 100 and con reg in Math Ed 228; and elementary ed major with cons chair of Math/Computing. *If you do not meet the prerequisite, you will not be allowed to take the course.*

**MATH 300. Introduction to Higher Mathematics.** 3 cr. Transition course to upper division mathematics. Topics include logic, proof techniques, set theory, relations and functions; elementary properties of integers, rational numbers, and real numbers; open sets, closed sets, cardinality, limits, and continuous functions; emphasis on reading and writing formal mathematical proofs. Prereq: 121.

**MATH 305. Discrete Mathematics.** 3 cr. Algorithm analysis: recursion, complexity; combinatorics: recurrence relations, dynamic systems, counting techniques; graph theory: Eulerian and Hamiltonian graphs, algorithms and heuristics, planar graphs, trees, applications. Prereq: 120 or 109.

**MATH 310. Operations Research I.** 3 cr. Formulation and computation of linear programming: simplex method, duality, sensitivity analysis, computer solutions; integer programming; network flows with applications. Prereq: 213 or 209.

**MATH 315. Operations Research II.** 3 cr. Interior point methods for linear programming; nonlinear optimization; dynamic programming; introduction to stochastic models with use of related computer software. Prereq: 222 and 310.

**MATH 320/520. Differential Equations.** 3 cr. Introduction to ordinary differential equations of the first and second order; linear equations with constant coefficients; solution in series; numerical approximations; Laplace transforms; system of ordinary equations; selected applications. Prereq: 222.

**MATH 322. Vector Analysis.** 3 cr. Vector algebra; vector calculus; gradient, divergence, and curl; divergence theorem; Stokes' theorem; line and surface integrals; introduction to tensor analysis; applications. Prereq: 222.

**MATH 323/523. Foundations of Analysis.** 3 cr. The elementary topological properties of the real line and the Euclidean plane; connectedness, compactness, continuous and uniformly continuous functions. Prereq: 300.

**MATH 324/524. Complex Variables.** 3 cr. Complex numbers, functions of a complex variable; power series; elementary functions; conformal and bilinear transformation; integral theorems; Taylor and Laurent expansions; theory of residues; applications. Prereq: 222 and 300 or cons instr.

**MATH 327/527. Advanced Calculus.** 3 cr. Theory of differential and integral calculus: limits and convergence, continuity, derivatives, integrals; Inverse and Implicit Function Theorems; Taylor and Fourier series; transforms. Prereq: 213, 222 and 300.

**MATH 328. Mathematics for Early Childhood Education.** 4 cr. Extended topics from 228 applied to early childhood education. Informal geometry, measurement, and statistics. Does not count toward math major or minor. Prereq: 228 and con reg in Math Ed 328.

**MATH 330/530. Intermediate Linear Algebra.** 3 cr. Abstract finite and infinite dimensional vector and inner product spaces; subspaces: spanning and linear independence, bases and dimension; linear transformations: eigenvalues and eigenvectors, diagonalization, isomorphism, canonical forms; selected applications. Prereq: 213 and 300.

**MATH 331/531. Abstract Algebra.** 3 cr. Groups, rings, fields, number systems, Euclidean domains, and polynomials. Prereq: 213 and 300.

**MATH 335/535. Number Theory.** 3 cr. Primes, composites, and divisibility; congruences and residue classes; number-theoretic functions; Diophantine equations. Prereq: 300 or cons instr.

**MATH 338. Fundamental Mathematical Concepts for Elementary Teachers II.** 3 cr. Topics from geometry, measurement, algebra, and logic with emphasis on problem solving. Prereq: 228 and con reg in Math Ed 338. GDR:MATH BS BM/BFA

**MATH 340/540. College Geometry.** 3 cr. Foundations of geometry; survey of Euclidean geometry from various developmental approaches; introduction to non-Euclidean geometries. Does not count toward math major or minor. Prereq: 300 and con reg in Math Ed 340/540.

**MATH 345. Fundamental Mathematical Concepts for Elementary Teachers III.** 3 cr. Topics from probability, statistics, calculus, and rational and real numbers with an emphasis on problem solving. Prereq: Math 338 and con reg in Math Ed 345.

**MATH 348. Seminar in Preparation for Actuarial Exam 100.** 2 cr. Study and discussion of concepts and problems from calculus and linear algebra found on recent actuarial examinations. Prereq: 213 and 222.

**MATH 350/550. Probability and Statistics with Teaching Methods.** 3 cr. Discrete and continuous probability distributions; random variables; mathematical expectation; statistical estimation and inference; hypothesis testing; regression. Focus on applications of and teaching methods for probability and statistics in high school classroom. May not earn credit in both 356 and 350; 350 is not a prereq for 357. Does not count toward math major/minor. Prereq: 121.

**MATH 355. Elementary Statistical Methods.** 4 cr. Fundamental concepts and techniques which underlie applications to the various disciplines, including descriptive statistics; averages; dispersion; random sampling; binomial, normal, Student T, Chi-square, and F distributions; estimation and tests of hypothesis; linear regression and correlation; laboratory emphasis on sampling and applications. Does not count toward math major or minor, or major for teacher certification. Prereq: 100 or suitable placement test score. GDR:MATH BS BM/BFA

**MATH 356/556. Probability and Statistics I.** 3 cr. Probability from a set-theoretic viewpoint; random variables and mathematical expectation; discrete and continuous probability distributions; functions of random variables and moment-generating functions. Prereq: 121.

**MATH 357/557. Probability and Statistics II.** 3 cr. Statistical inference: estimation and tests of hypotheses; linear regression and correlations; multiple linear regression. Prereq: 356.

**MATH 358. Seminar in Preparation for Actuarial Exam 110.** 2 cr. Study/discussion of concepts and problems from statistics found on recent actuarial examinations. Prereq: 357 or con reg in 357.

**MATH 359/559. Mathematics for Middle School I.** 2 cr. Extended topics from algebra, geometry, trigonometry, analytic geometry, measurement, probability, and statistics. Problem solving and computer applications. Prereq: 338 and con reg in Math Ed 359.

**MATH 360/560. Numerical Analysis.** 3 cr. Differences and interpolation; function approximation; solution of equation; linear systems and matrices; numerical solutions of ordinary differential equations; least square approximation; quadrature. Prereq: 213 and 222.

**MATH 367. Mathematics of Decision and Choice.** 3 cr. Quantitative approaches to rational decision making: game theory, decision analysis with uncertainty and risk, management science; emphasis on model formulations and solution using computer software. Prereq: 121, or 109.

**MATH 369/569. Mathematics for Middle School II.** 2 cr. Topics from sets, logic, mathematical reasoning and proof, mathematical structures, discrete mathematics, topology, and history of mathematics. Prereq: 338 and con reg in Math Ed 369.

**MATH 372. Topology.** 3 cr. Topics in metric and point-set topology: homeomorphisms and isometries, connectedness, compactness, and separation axioms; low-dimensional Euclidean topology: curves, surfaces, knots, manifolds. Prereq: 213 and 300.

**MATH 380. Seminar in the History of Mathematics.** 2 cr. The historical development of selected mathematical ideas. Prereq: 213.

**MATH 390/590. Special Topics in Mathematics.** 1-3 cr. Subtitle will designate topic and number of credits. Prereq: cons chair.

**MATH 395. Seminar.** 1 cr. Presentation and discussion of selected readings in mathematical subjects. May repeat for 3 cr max with different subtitles. Prereq: Cons instr.

**MATH 397. Internship in Mathematics.** 2-6 cr. Participate in supervised training work program in cooperating agency or business arranged by faculty and approved by chair. Credits determined by adviser and chair following dept guidelines. May repeat for 6 cr max. Prereq: Jr st and cons instr.

**MATH 455/655. Advanced Statistical Methods.** 4 cr. Advanced concepts and techniques that underlie applications to various disciplines including: simple and multiple regression, analysis of variance, and nonparametric methods; use of statistical package(s) such as SAS or SPSS-X. Does not count toward math major or minor or major for teacher certification. Prereq: 355 or equiv statistics course.

**MATH 468. Applied Statistics.** 3 cr. Analysis of variance, simple regression and correlation, multiple regression and correlation, time series; model building and forecasting. Prereq: 356 and 357.

**MATH 499. Independent Study.** Upperclass math majors may arrange for independent study with cons chair. Credit based on scope of project. May apply 3 cr to major.

## Courses in Mathematics Education

**M ED 228. Teaching Elementary School Mathematics.** 1 cr. Principles, goals, methods, study of curricular content and assessment techniques; includes field experience. Prereq: Con reg in Math 228.

**M ED 229. Teaching Elementary School Mathematics I.** 1 cr. Principles, goals, methods, and techniques. Only for transfer students who did not take Math 228 at UWSP. Prereq: 4 cr of math for elementary teachers equivalent to Math 228.

**M ED 328. Teaching Early Childhood Mathematics.** 1 cr. Principles, goals, methods, and techniques of early childhood mathematics through grade 3. Prereq: Con reg in Math 328.

**M ED 334/534. Technology Tools for Mathematics Teachers.** 3 cr. Techniques, research, and curriculum planning related to current technology within secondary and middle school math. Prereq: Math 109, 111, or 120 or cons instr.

**M ED 335. Techniques in Secondary Education.** 3 cr. Aims, methods, materials, techniques, planning, organization, testing, and field experience. Same as Educ 335. Prereq: Jr st and admission to Professional Education Program.

**M ED 338. Teaching Elementary School Mathematics II.** 1 cr. Principles, goals, methods, and study of curricular content and assessment techniques; includes field experience. Prereq: Con reg in Math 338. GDR:MATH BS BM/BFA

**M ED 339. Teaching Elementary School Mathematics II.** 1 cr. Principles, goals, methods, and techniques. Only for transfer students who did not take Math 338 at UWSP. Prereq: 4 cr of math for elementary teachers equivalent to Math 338.

**M ED 340/540. Teaching Secondary Geometry.** 1 cr. Techniques, research, curricular planning, and evaluation issues related to teaching geometry at the secondary level. Prereq: 300 and con reg in Math 340/540.

**M ED 345. Teaching Elementary School Mathematics III.** 1 cr. Principles, goals, methods, study of curricular content and assessment techniques at appropriate levels; includes field experience. Prereq: Math 338 and con reg in Math 345.

**M ED 350/550. Teaching Probability and Statistics.** 1 cr. Techniques, research, and evaluation issues related to teaching probability and statistics at the secondary level. Prereq: Math 121 and con reg in Math 350.

**M ED 359. Teaching Middle School Mathematics I.** 2 cr. Techniques, research, curriculum planning, teaching of problem solving. Prereq: Math 338 and con reg in Math 359.

**M ED 369/569. Teaching Middle School Mathematics II.** 2 cr. Techniques, research, curriculum planning, and evaluation issues related to middle school math. Prereq: Math 338 and con reg in Math 369.

**M ED 375/575. A Laboratory Approach to Mathematics.** 3 cr. Use of laboratory techniques for learning and teaching math; planning, equipping, maintaining and designing instructional materials for a math laboratory. For teachers with little previous training in use of a math laboratory. Prereq: Cons instr.

**M ED 390/590. Special Topics.** 1-3 cr. Subtitle will designate topic and number of credits. Prereq: Cons chair.

# 126 Military Science

**M ED 398. Student Teaching in Mathematics.** 4-16 cr; pass/fail. Observation and teaching in the secondary school classroom under the guidance of cooperating teachers and university faculty. Prereq: Completion of mathematics DPI certified major/minor and DPI education requirements.

**M ED 399. Special Work.** 1-3 cr. Upperclass students may arrange for independent study with cons chair. Credit based on scope of project.

**M ED 400. Seminar on Teaching for Secondary Student Teachers.** 1 cr; pass/fail. Structural group discussions on aspects of teaching that emerge during student teaching experiences. Prereq: Con reg in Math Ed 398.

**M ED 790. Special Topics.** 1-4 cr. Subtitle will designate topic and number of credits. Prereq: Cons chair.

**Faculty:** V Barker, P Beyer, E Endries, D Ferrel, L Goins, R Sliwicki.

The Department of Military Science offers 33 credits in courses which may qualify you for a commission as a second lieutenant in the Regular Army, US Army Reserve, or Army National Guard. The Reserve Officers' Training Corps (ROTC) is an elective program that enhances your education by providing unique management and leadership instruction coupled with practical experience. The program is designed to develop leadership and management skills basic to success as a leader in a civilian career or in the US Army. ROTC provides you with a valuable opportunity to build for the future by enabling you to earn a degree and an officer commission at the same time.

The ROTC program is based on a four-year curriculum integrated with a normal baccalaureate degree program. The program is divided into a two-year basic course and two-year advanced course. You incur no military service obligation while enrolled in the basic course. Flexibility is provided to you through a number of options and alternatives designed to tailor the program requirements to your situation and time remaining at the university. These alternatives recognize previous military-related experience and allow for exceptions to the normal four-year curriculum. Both male and female students who have at least two years of undergraduate and/or graduate study remaining may qualify for entry into the advanced course program.

Military science courses are open to all UW-Stevens Point students. Any student can earn a minor in military science by completing the required curriculum.

You may apply for three- or two-year scholarships each September. Winners are announced second semester and are effective that fall.

A detailed Reserve Officers' Training Corps Program orientation and answers to any questions are available upon request.

## Military Science Minor

Consists of a minimum of 33 credits:

1. Complete Military Science 101\*, 102\*, 211\*, 214\*, 301, 302, 451, and 452.
2. Military history: One course from History 318, 325, 374.
3. Communication skills: One course from English 150, 250, 251, 254, 349, 350, 351, 354; Communication 101, 221, 321, 323; Philosophy 121, 322.
4. Computer literacy: One course from CIS 101, 102, 115, 210, 330, 371, 373.

\*Veterans and Reserve Component personnel who qualify for and complete MIL 301 receive 6 academic credits (for MIL 101, 102, 211 and 214). If you complete the 6-week Basic Camp, you also receive 6 credits. Direct specific questions on requirements to the department chair.

## Courses in Military Science

**MIL 101. Introduction to Problem Solving, Decision Making, and Leadership I.** 2 cr. Introduction to "life skills" of problem solving, decision making, and leadership. Help students become leaders on campus and effective leaders and managers in the long term, whether in military or civilian life. Topics include ethics, communication, physical fitness, and introduction to officership in the US Army. Seminar format with discussion and practical exercises. Open to all students. 1 hr lec, 2 hr lab per wk.

**MIL 102. Introduction to Problem Solving, Decision Making, and Leadership II.** 2 cr. Continuation of 101. Includes problem solving, group dynamics, leadership, follower-ship, and goal setting. 1 hr lec, 2 hr lab per wk. Open to all students.

**MIL 211. Leadership Principles.** 3 cr. Theoretical and practical instruction in leadership including written and oral communication, effective listening, assertiveness, personality, adult development, motivation, and organizational culture and change. Conclude with leadership and problem solving case study. 2 hrs lec, 2 hrs lab per wk. Prereq: 101, 102, or cons instr.

**MIL 214. Introduction to Military Leadership.** 3 cr. Examine roots of national and Army values. Apply principles of ethical decision making. Examine legal and historical foundations, duties, and functions of officers. Analyze the role officers played in the transition of the Army from Vietnam to the 21<sup>st</sup> century. Introduce basic US Army tactical principles. 2 hrs lec, 2 hrs lab per wk. Prereq: 211 or cons chair.

**MIL 301. Fundamentals of Military Leadership and Training I.** 4 cr. Principles of war, decision-making processes, planning models, and risk assessment. Advanced leadership instruction on motivational theory, the role and actions of leaders, and organizational communication. 3 hrs lec, 2 hrs lab per wk. Prereq: 101, 102, 211, 214, advanced placement, or cons instr.

**MIL 302. Fundamentals of Military Leadership and Training II.** 4 cr. Individual leader development, planning and execution of small unit operations, individual and team development; the Army as a career choice. 3 hrs lec, 2 hrs lab per wk. Prereq: 101, 102, 211, 214, 301, advanced placement, or cons instr.;

**MIL 399. Special Work In Contemporary Military Leadership.** 1-3 cr. Advanced military science students may participate in an intensive readings program examining contemporary military leadership and combat motivation. Prereq: Cons chair.

**MIL 451. US Army Training, Ethics and Counseling.** 4 cr. Advanced instruction on functions of the US Army officer focusing on skills required for meeting management, subordinate career counseling, Army training management, junior officer and battlefield ethics. 3 hrs lec, 2 hrs lab per wk. Prereq: 302 or cons chair.

**MIL 452. US Army Operations, Logistics, and Administration.** 4 cr. Study of legal aspects of US Army decision making and leadership. Army tactical and strategic organizations, and administrative and logistical management. 3 hrs lec, 2 hrs lab per wk. Prereq: 451 or cons chair.

**NOTE:** In conjunction with the School of Health, Exercise Science and Athletics, the Department of Military Science offers the following courses, with credit counting toward fulfillment of wellness general degree requirements:

**WLNS 153/154. Advanced Physical Fitness.** 1 cr. Physical training program designed to increase knowledge of some techniques available to improve muscular strength and endurance and cardio-respiratory capacity. Strength exercises and aerobic exercise to include running, and a variety of individual and team sports.

**WLNS 177/187. Fall Leadership Laboratory.** 1 cr. Off-campus weekend orientation and participation in outdoor physical skills preceded by on-campus introductory class and safety orientation. Activities include rappelling, basic military skills, and a leader's reaction course. Prereq: Con reg in 101/211.

## MINORITY AND ETHNIC STUDIES

See *History* for the concentration. See *Sociology* for the Native American and rural social work minor.

## Museum Techniques (College of Letters and Science)

E-mail: [museum@uwsp.edu](mailto:museum@uwsp.edu)  
Web: [www.uwsp.edu/museum](http://www.uwsp.edu/museum)

A minor in *museum techniques* is interdepartmental and is administered by the Department of Biology. It is useful in various disciplines.

### Museum Techniques Minor

Consists of a minimum of 22 credits:

1. Biology 322.
2. Art 101 or 102, and either Art 103 or 215.
3. Either a or b:
  - a. Anthropology 250, 393.
  - b. One or more of these: Biology 305, 342, 360, 372, 374, 376, 377, 378.
4. The remaining courses to be selected from; Art 215, Biology 305, 379, 388; Communication 330; Computer Information Systems 102; Geology 200; Natural Resources 368.
5. History, art, geology, and geography majors may negotiate credit for museum-oriented courses (e.g., Native Americans, Greek culture). All relevant semester abroad courses are appropriate for the museum techniques minor. Contact the International Programs Office for more information.

**Faculty:** S Bjella, J Bond, M Buchman, P Doebler, D Hastings, P Holland, R Karpoff, R Kase, M Keller, R Korb, L Leviton, B Martz, D Martz, T McComb, G McKenna, P Miles, R Peavler, M Roseman, A Rosen, R Rosen, C Rotaru, D Stewart, S Teeple, L Thayer, C Young.

### Professional Opportunities in Music

Our music programs prepare students for professional careers in a variety of areas including teaching, performance, composition, music business, music technology, music management, and other music-related occupations. The Bachelor of Music degree program offers four areas of emphasis: applied music, jazz studies, music education, and music literature. The Bachelor of Arts degree program offers a nondisciplinary music degree that incorporates studies in other disciplines for careers in many music-related professions.

### NOTES:

1. Admission to the Department of Music as an undergraduate music major or minor is by audition. You must complete the music theory diagnostic test, and if you wish to major in music, you must be evaluated by piano faculty for placement.
2. Special music scholarships are available to high school seniors with outstanding talent in musical performance. These scholarships are awarded each spring on the basis of special auditions held before members of the music faculty. Contact the Music Department for dates, times, and other details.
3. Every music major must enroll, participate, and receive a passing grade in a major ensemble every semester except the student teaching semester.
4. String music education majors and string applied majors need four semesters of chamber ensemble.
5. See the Music Department "Silent Advisor" for recital attendance requirements.
6. The following organizations are open to all students: Pointer Pep Bands, Concert Choir or Choral Union, Wind Ensemble, Concert or University Band, Instrumental Jazz Ensemble, University Orchestra, and numerous small ensembles.

### Bachelor of Arts Degree in Music

Consists of 42-48 credits.

1. Theory, 14 credits: Music 110, 111, 112, 113, 210, 212, 379. Placement exam required. If you have insufficient background, take Music 109 as prereq.
2. Applied music, 8-14 credits.

### Bachelor of Music—Music Education Option

There are three majors in music education: (1) instrumental K-12; (2) choral 7-12; and (3) general music K-12. When you major in one area, you can complete "add-on" certification requirements in the other two. Add-on certification is also available for music education majors in exceptional education: music education.

In addition, noncertifiable areas of emphasis are available in jazz ed and Suzuki talent ed. These special areas of emphasis complement the music education tracks.

**Proficiency Levels:** You must earn proficiency Level V on your major instrument. You need piano proficiency Level III if you are an instrumental major and Level IV if you are a choral or general music major. If piano is the major instrument, choral and general music majors must reach Level IV in voice.

**Teacher Certification Note:** Enrollment caps are in effect for those seeking teacher certification. Please contact the Music Department early for entrance requirements and application procedures. Also see the information about the Professional Education Program and the elementary and secondary education curricula for teacher certification in the **Education** section of this catalog.

You must complete all requirements before you begin your student teaching/internship semester.

## Academic Standards

1. Permission to register, placement, and exceptions to the requirements are subject to the approval of the instructor and the chair.
2. Meet all general degree requirements for bachelor of music degree OR bachelor of arts degree. Refer to the **General Degree Requirements** section of this catalog.
3. To graduate with a major in music you must have a minimum 2.0 cumulative grade point average (2.75 to student teach) in all required-major courses, including transfer courses, regardless of any declaration of academic bankruptcy. You may repeat courses in the major if you follow the course repeat policy found in the **More Academic Information** section of this catalog.
4. Courses in music are open to all students who meet the prerequisites.

## Test-Out, Credit-by-Exam, and Music Placement

If you are seeking advanced placement in music general degree requirement courses by testing out of a course or by gaining credit through exam, see the coordinator of the specific area in which the course is offered.

If you are from a UW College, while not required, we strongly encourage you to take the placement exams in musicianship and music history to determine the proper course you should take in those areas. If you are transferring from institutions outside the UW System, you are required to take musicianship and music history exams.

We require all music education students to meet with the coordinator of music education before registering for upper level music education courses.

The College of Natural Resources offers degrees in forestry, paper science, resource management, soil and waste resources, water resources, and wildlife. These degree programs with a variety of options are described under the appropriate headings in the following pages.

We offer majors and/or minors in conservation biology, environmental communication, environmental education/interpretation, environmental education for elementary/middle school teachers, environmental law/enforcement, forest management, forest administration and utilization, urban forestry, forest recreation, forest ecosystem restoration and management, international resource management, land use planning, resource management, soil science, waste management, limnology and fisheries, water resources, watershed hydrology and management, wildlife, and youth programming and camp management.

Students in any of these majors must meet the general degree requirements, which are stated in an earlier section of this catalog. In addition:

1. In order to be prepared to take most of the courses numbered 300 and above in the College of Natural Resources, you will need to complete the introductory natural resources courses (NRES 150, 151, 250, 251), as well as the summer camp courses, before the beginning of your junior year.
2. The courses you take to fulfill a specific major or minor must be approved by an adviser in that discipline before you graduate. Therefore, it is imperative that you work with an adviser when choosing your course sequence.
3. Courses required in a major or minor may not be taken on a pass/fail option.

### Abbreviations

CIS = Computer Information Systems  
Comm = Communication

NRES = Natural Resources  
Poli Sci = Political Science

## Academic Standards

You must apply for official acceptance as a College of Natural Resources major before the beginning of your junior year. Requirements are:

1. Complete 45 university credits.
2. Have at least a 2.50 grade point average in courses required for the major.
3. Complete an application to the College of Natural Resources. We will notify you within four weeks of your application, and if accepted will assign an adviser. Certain 300 and 400 level courses are restricted to approved CNR and/or biology majors. Nonmajors must have written consent of instructor to enroll.
4. If you are transferring to UWSP to major in the College of Natural Resources, you must have a cumulative grade point average of at least 2.50. To be accepted as a CNR major, complete steps 1-3 above.
5. To be retained as a major or minor and to be approved for graduation, you must have a minimum grade point average of 2.50 in all UWSP courses taken within the major or minor (2.75 to student teach in resource management), including transfer courses, regardless of any declaration of academic bankruptcy. You may repeat only one class with a grade of D in the College of Natural Resources. The new grade will be calculated into the grade point average. The associate dean may allow exceptions on a conditional basis.

## Test-out and Credit-by-Exam Policy

The College of Natural Resources offers credit-by-exam for all of its courses. The comprehensive exam for each course will be written and drawn from lecture and/or lab topics normally covered in the course.

If you wish to take an exam for credit, first confer with the CNR associate dean for academic affairs. Then confer with the faculty member who most recently taught the course. The faculty member will give you any pertinent information about the exam and notify you in writing before you take the exam of the required minimum passing score. You will receive your grade in writing within two weeks after taking the exam. Results will be forwarded to the Registration and Records Office if credit-by-exam is granted. You may take a test-out exam only once.

**Faculty:** R Brush, J Cook, D Crunkilton, C David, R Geesey, R Govett, A Haney, J Harms, J Houghton, RW Miller, M Morshidi, R Rogers; H Schabel, E Spangenberg.

## Objectives of the Forestry Program:

1. **To provide a sound undergraduate program of forestry education.** The core of required forestry courses is based on standards for professional training established by the Society of American Foresters. Our program adds flexibility to help meet your professional objectives through the selection of collateral courses and specialized training.
2. **To support and enhance the other majors in the College of Natural Resources and other academic programs of the university.** The philosophy of the College of Natural Resources emphasizes the oneness of the environment. To that end all majors in the college require training in forestry, soils, water, and wildlife. You can combine minors or concentrations in these other disciplines with your forestry major to enhance your qualifications as a forestry professional.
3. **To pursue new knowledge.** Research is the basis of the graduate program. Research primarily in applied forestry is allied to the undergraduate program.
4. **To apply contemporary forestry knowledge through continuing education and extension.** The forestry program serves as a center for the exchange of knowledge through sponsorship of symposia, workshops, and seminars on contemporary subjects for forestry professionals and forest landowners.
5. **To develop professionalism and an esprit de corps among students, alumni, and faculty.** The faculty encourages continuing participation in professional and university activities by coordinating activities with the Society of American Foresters, the student chapter, local chapters, sections of the society, and the university alumni association.

## Forestry Major

1. Major study and approved electives to total 133 credits.
2. Required courses, 58 credits:

  - b. Biology 130; CIS (2 credits: spreadsheet, programming or database as directed by forestry advising); Economics 210; Philosophy 380.
  - c. Summer Camp: Forestry 319, 320, NRES 405, Soils 359, 360, Water 380, Wildlife 340; or NRES 475.
3. Complete ONE of five following collateral options:
  - a. **Forest Management (50 credits)**
    - 1) Biology 160; Chemistry 105; Math 111, 112; Forestry 232, 326, 329, 370, 433; 4 credits of 324, 424, 426; NRES 377; Biology 351 with Biol 130 and Chem 105 accepted as prereq; Comm 211 or 217.

# 136 Natural Resources, Forestry

- 2) Electives: select 7 credits from Forestry 324\*, 325, 330, 331, 333, 335, 350, 381 (1-3 cr), 385, 394, 424\*, 426\*, 428, 431, 434, 440, 480, 493; Geography 279, 476; NRES 320, 323, 357, 371, 473, 474; Paper Science 101; Soils 361; Water 389, 493; Wildlife 451. (\*If not taken to meet 3a1 above.)
- b. **Forest Administration and Utilization** (54-56 credits)
  - 1) Natural science: Select 10 credits total from at least two of the following areas: Biology 160; Chemistry 101, 105, 106; Physics 101, 203, 204.
  - 2) Math 109 or 111 and 112.
  - 3) Accounting 210; Business 340, 380; Comm 211 or 217.
  - 4) Forestry 232, 326, 329, 370; two of Forestry 428, 429, 433; and NRES 377.
  - 5) Electives: At least 8 adviser approved credits from 300-400 level forestry, natural resources, business, economics courses; 200-400 level accounting courses; 100-400 level paper science courses.
- c. **Urban Forestry** (49 credits)
  - 1) Biology 160; Chemistry 105; Math 111, 112; Forestry 232, 326, 331, 333, 335, 385, 424, 426, 431; NRES 320; Biology 351 with Biol 130 and Chem 105 accepted as prereqs.
  - 2) Electives: 5 credits from Forestry 324, 342, 381 (1-3 cr), 395, 430; Wildlife 454; Biology 344, 346; Geography 279, 476; NRES 335, 357, 377, 474.
- d. **Forest Recreation** (52-54 credits)
  - 1) Biology 160; Chemistry 105; Math 111, 112; Forestry 232, 324, 326, 330, 331 or 333, 335, 385, 394, 426, 480; NRES 320, 367, 2 credits from 363, 364.
  - 2) Electives: 5-6 credits from Forestry 334, 342, 381 (1-3 cr), 424, 430, 431, 433; Geography 279, 476; NRES 335, 357, 377, 393, 440, 473, 474, or any 300-400 level wildlife course beyond Wildlife 320, excluding 340.
- e. **Forest Ecosystem Restoration and Management** (52-54 credits)

NOTE: An enrollment cap is in effect for this option. Consult the forestry coordinator for advising information. To apply, you must submit (1) a written statement addressing your career goals and why you believe this option is right for you, (2) a copy of your most recent Degree Progress Report, and (3) interview with the forestry selection committee. You will be ranked based on your written statement, cumulative GPA, and interview. The highest ranked students will be accepted. If denied, you may reapply or appeal to the CNR Appeals Committee. Application deadlines are March 15 for fall admission and October 15 for spring admission. Late applications will be considered in the next review period. If you pursue this option, we highly recommend that you plan on continuing your education with an advanced degree.

  - 1) Biology 160, 342, 345, 377; Chemistry 101; Math 111, 112, Forestry 324; Soils 361; NRES 320 and 458 or Wildlife 458, and NRES 459; Water 481 or Wildlife 360.

- 2) Select 5-6 credits from NRES 377, 444; Geography 279, 476, 479.
- 3) Select at least 4 credits from Biology 338, 347, 360, 374, 378; Forestry 426; Water 387, 482; NRES 457, 462; Water 481\*, Wildlife 360\*, 451. (\*If not taken to meet 3e1 above.)
- 4) Summer internship, at least 3 credits in an adviser approved, restoration-related position.

## Forestry Minor

Consists of 22 credits:

Forestry 232, 321, 322, 327, 332, 425, 432.

## Forest Recreation Minor

Consists of 27 credits:

1. Forestry 330, 331, 334, 335, 394, 480; at least 4 credits from NRES 363, 364, 365, 367, 368.
2. Eight credits from the following: Forestry 324, 332, 333, 381 (1-3 cr), 385; NRES 320, 393 or 473, 474; Wildlife (any 300-400 level course beyond 320 and excluding 340).

## Forest Recreation Concentration in the Business Administration Major

See *Business and Economics* earlier in this catalog.

## Forestry Transfer Students

If you are transferring here from an accredited institution to pursue a degree in forestry, you must complete at least 21 credits of 300 and 400 level UWSP forestry courses.

## Courses in Forestry

**FOR 224. Fire Operations.** 1 cr. Fire control techniques, tactical planning, fire crew supervision, safety procedures, and proper use and maintenance of equipment for management of prescribed burns and control and suppression of wildland fires. After completing this course and a WDNR firefighting training session, you may apply for WDNR firefighter's certification. (I)

**FOR 232. Forest Ecology and Systematics.** 3 cr. Ecological and systematic concepts of the forest, with emphasis on dominant trees and shrubs, and their relationships in the forest community. Prereq: Biol 130; or cons instr. (II)

**FOR 319. Land Surveying.** 1 cr. Practices in land surveying, including distance and angular measurement, area computation and mapping, stadia, notekeeping, and deed searching for integrated resource mngt. Prereq: NRES 250; 2.50 GPA in major, CNR major or written cons instr. (SS)

**FOR 320. Field Experience In Forest Measurement.** 1 cr. Application of forest measurement techniques and ecological relationships for integrated resource mngt. Prereq: NRES 250; 2.50 GPA in major, CNR major or written cons instr. (SS)

**FOR 321/521. Forest Biometry.** 4 cr. Use applied mathematical and statistical methods to solve forestry problems. 3 hrs lec, 2hrs lab per wk. May not earn credit in both 321 and Math 355. Prereq: Math 100, CNR major or written cons instr. (I, II)

**FOR 322/522. Forest Mensuration.** 3 cr. Measure volume, growth, development of individual trees and stands; determine products obtainable from them; construction and use of appropriate instruments, tables, and surveys. 2 hrs lec, 3 hrs lab per wk. Prereq: Math 109 or 111, Math 355 or Forestry 321, CIS 102 (spreadsheet), CNR major or written cons instr. (II)

**FOR 324. Fire Management and Ecology.** 2 cr. The phenomenon of fire including its physical and chemical effects and historical significance. Behavior and effect of wild and prescribed fire in temperate forests. Techniques involved in planning, conducting, and evaluating prescribed burns. Prereq: Forestry 320, 327, NRES 250; CNR major or written cons instr. (II)

**FOR 325/525. Range Management.** 3 cr. Technical study of sustained yield management practices for rangelands; proper stocking and grazing systems; methods of range surveying. Prereq: Biol 130, NRES 251, CNR major or written cons instr. (II)

**FOR 326/526. Amenity Forestry.** 3 cr. Management of forests for nontimber values including recreation, landscape aesthetics, and urban forestry. 2 hrs lec, 2 hrs lab per wk. Prereq: Summer Camp or cons instr. (I).

**FOR 327/527. Forest Protection.** 3 cr. Analysis of biotic and abiotic agents, including insects, pathogens, forest fires, meteorological, edaphic and other factors impacting tree health. Principles of detection, prevention, and integrated control. 2 hrs lec, 2 hrs lab per wk. Prereq: NRES 250, Biol 130, 160, CNR major or written cons instr. (I, II)

**FOR 328/528. Wood Technology.** 3 cr. Structure of wood; identification of native woods by microscopic and macroscopic features; physical and chemical properties; uses. 2 hrs lec, 2 hrs lab per wk. Prereq: Summer Camp, CNR major or written cons instr. (I)

**FOR 329/529. Harvesting Systems.** 2 cr. North American tree harvesting systems: felling, limbing, bucking, forwarding, loading and hauling, analysis of safety procedures, equipment selection and maintenance, environmental implications, and cost determinations. Prereq: Summer Camp, CNR major or written cons instr. (I)

**FOR 330/530. Forest Recreation Planning and Site Design.** 3 cr. Analyze principles and practices of forest recreation planning, especially federal and state recreation agencies; development of master plans for parks; on-site planning procedures. Prereq: 335, CNR major or written cons instr. (II)

**FOR 331/531. Landscape Maintenance/Arboriculture.** 3 cr. Principles and practice of tree, shrub, and turf establishment and maintenance; use and maintenance of landscape equipment and facilities. Prereq: CNR major or written cons instr. (I)

**FOR 332/532. Forest Ecosystem Ecology.** 3 cr. Community and ecosystem level forest ecology in temperate/boreal region with a focus on processes which determine ecosystem structure and function. Prereq: Biol 130, Summer Camp, CNR major or written cons instr. (I)

**FOR 333/533. Urban Forestry.** 2 cr. Management of trees and other vegetation in metropolitan areas to enhance the urban environment. Prereq: 232, CNR major or written cons instr. (II)

**FOR 334/534. Forest Recreation and Tourism.** 3 cr. How the tourism industry affects forest recreation supply and demand, public and private leisure service agencies, and the economy; travel motives, destination appeal, marketing, roles played by various agencies, social trends that relate to management and planning. Prereq: 335 or cons instr. (II)

**FOR 335. Recreational Use of Forests and Parks.** 2 cr. Survey of the nature and extent of recreational use of forest environments; roles of public and private agencies in providing forest recreation; social and environmental impact of forest recreation; and principles of management and planning. (I, II)

**FOR 342. Urban Trees and Shrubs.** 1 cr. Identification of non-native plants and their desirable attributes for use as street trees and ornamental plantings in urban settings. Prereq: 232 or cons instr. (I, II)

**FOR 350/550. Contemporary Issues in Forestry.** 1-3 cr. Current issues likely to influence forestry in the future. Subtitle will designate topic. May repeat for credit with different subtitles. May count 3 cr max toward graduation. (I, II)

**FOR 370. Forest Products I: Wood as an Industrial Raw Material.** 2 or 3 cr. The nature and use of wood, manufacturing and use of important wood products, measures of product recovery, issues and trends in wood utilization. Field trips. Optional 1 cr lab for 3 cr. Prereq: 232, CNR major or written cons instr. (II)

**FOR 381/581. Internship in Forestry.** 1-12 cr. Supervised training program in forestry in cooperation with private or public resource agencies. One cr for 2-4 wks, (40 hrs per wk) of work. Credits and/or addl requirements determined before registration. May repeat once for 12 cr max. Prereq: Summer Camp, 2.5 GPA in major, and/or cons intern director, CNR major or written cons instr. (I, II, SS)

**FOR 385/585. Applied Landscape Architecture.** 2 cr. Principles of design, landscape assessment, and graphic techniques that apply to urban and rural forested landscapes. Prereq: Summer Camp or cons instr. (I, II)

**FOR 394/594. Forest Recreation Seminar.** 1 or 2 cr. Field observation and study of recreation planning and management problems and practices, at federal, state, and other recreation areas outside this geographical region. Prereq: 335 or cons instr. (II)

**FOR 395. Tree Care Techniques.** 1 cr. Maintenance of mature trees, including pruning, cabling, and removal. (I, II)

**FOR 424/624. Forest Pathology.** 2 cr. Diagnosis, ecology and integrated control of common forest and shade tree diseases. 2 hrs lec, 2 hrs lab per wk. Prereq: Biol 130, Forestry 232, 327, CNR major or written cons instr. (II)

**FOR 425/625. Forest Management and Finance.** 3 cr. Principles of organizing and regulating forest properties; valuation and investment analysis. 2 hrs lec, 2 hrs lab per wk. Prereq: 322, 432, CNR major or written cons instr. (I, II)

**FOR 426/626. Forest Entomology.** 2 cr. Identification, bioecology and integrated control of the more common and important forest insect families and species. 2 hrs lec, 2 hrs lab per wk. Prereq: Biol 160, Forestry 232, 327; CNR major or written cons instr. (I)

**FOR 428. Forest Products II: Wood Products Manufacturing.** 2 or 3 cr. Advanced topics in wood products manufacturing, especially sawmill operations. Lumber green sizing, quality control, drying, grading, recovery studies. Factors affecting mill production and profits. Field trips. Optional 1 cr lab for 3 cr. Prereq: 370, or 322 and 328, CIS 102, and CNR major or written cons instr. (I)

**FOR 429/629. Forest Products III: Forest Products Marketing and Advanced Manufacturing.** 2 to 3 cr. Marketing of forest products including typical channels of distribution by product type, origin and end use, functions of intermediaries. Case studies. Research project in wood products manufacturing. Field trips. Optional 1 cr lab for 3 cr. Prereq: 370, 428, and cons instr. (II)

**FOR 430. Landscape Construction.** 3 cr. Principles of surface drainage, aesthetic landform modification, earthwork calculation, and highway alignment applied to the design of parks and institutional grounds. (I)

**FOR 431/631. Tree Structure and Function.** 2 cr. How tree morphology relates to tree management in the urban environment. 1 hr lec, 1 hr lab per wk. Prereq: Biol 351, CNR major or written cons instr. (II)

**FOR 432/632. Silviculture.** 3 cr. Principles governing establishment, treatment, and control of forest stands; natural and artificial regeneration systems; intermediate cuttings, and cultural operations with emphasis on the principal forest types of temperate North America. 2 hrs lec, 3 hrs lab per wk. Prereq: 232, 320, 322, 332, CNR major or written cons instr. (I)

**FOR 433/633. Regional Silviculture.** 2 cr. Review of Lake States silviculture and comparison with silviculture of New England. In-depth study of silviculture in the Appalachian, Southern, Pacific Northwest, and Rocky Mountain Regions. Prereq: 432, CNR major or written cons instr. (II)

**FOR 434/634. Field Practices in Silviculture.** 1-3 cr. Field techniques in silviculture, including intermediate treatments of forest stands, forest regeneration techniques, and silvicultural management of forest stands. Prereq: 432. (II)

**FOR 440/640. Forest Tree Improvement.** 3 cr. Distribution of genetic variation in forest tree populations; introduction, selection, progeny testing, species hybridization, and polyploidy to obtain superior tree populations. Prereq: 232 or cons instr. (II)

**FOR 480/680. Forest Recreation Management.** 3 cr. Formulate recreation mngt objectives; determine user preferences and satisfaction; analyze ecological impacts and facility requirements of forest recreation use. Prereq: Summer Camp; Forestry 335, 330; or cons instr. (I)

**FOR 493/693. Forestry Field Seminar.** 1 or 2 cr. Spring vacation tour through area outside the upper Midwest selected for its intensive forest management and research facilities. Observe silvicultural practices, managerial programs, and wood utilization techniques. (1 cr is pass/fail; for 2 cr, complete comprehensive report.) Prereq: Cons instr. (II)

**FOR 499. Special Work.** Upperclass forestry students may arrange for independent study with cons assoc dean. Credit based on scope of project. (I, II)

# 138 Natural Resources, Resource Management

**FOR 701. Survey of Forestry.** 1 cr. Key elements of forest ecology, silviculture, management and amenities, and their relation to key issues in forestry at the local, national and international levels. Prereq: Certified elementary and secondary teachers only.

**FOR 724. Advanced Forest Protection.** 3 cr. Advanced topics in pathology, entomology, and fire science management; review of basic principles and current literature; practical experience in laboratory and field techniques. Prereq: Cons instr.

**FOR 725. Advanced Forest Management/Economics.** 3 cr. Advanced topics and case studies including the principles and theory of managerial and financial analysis, production economics and decision systems. Prereq: NRES 372, Forestry 425, or cons instr. (II-even years)

**FOR 730. Tree Physiology.** 4 cr. The principal physiological processes of trees including synthesis and use of foods, and growth phenomena. Prereq: Biol 351 and Chemistry 220 or equiv.

**FOR 732. Advanced Forest Ecology and Silviculture.** 3 cr. Advanced topics including ecosystem ecology, biogeochemistry, ecophysiology, ecosystem modeling, advanced decision making in silviculture, and application of ecological principles to silviculture. Prereq: 332, 432, or cons instr. (I-even years)

**FOR 796. Current Topics In Forestry.** 1-3 cr. Advanced course work on a specific area in forestry. Prereq: Cons instr.

- c. **Land Use Planning, 56-66 credits:**
  - 1) Required: Biology 101, or 130 and 160; Chemistry 101, or 105 and 106; Geography 476; Math 355; NRES 320, 371, 372, 388, 389, 484, 495; Soils 365.
  - 2) Six credits from the following with 3 credits max in any one department:
    - (a) Law: Poli Sci 212, 242, 250 or NRES 473;
    - (b) Politics: Poli Sci 304 or 341;
    - (c) Sociology: SOC 300, 356, 357 or 358.
  - 3) Three credits from Poli Sci 397, Econ 311, 374.
  - 4) Specialty, 6 credits from one area:
    - (a) GIS/mapping: Geography 276, 379, 382; NRES 377.
    - (b) Forestry and landscape architecture: Forestry 232, 326, 330, 333, 385.
    - (c) Air, land, water resources: NRES 357, Water 382, Waste Mngt 380, 476.
  - 5) Professional experience, at least 4 credits of NRES 381.
- d. **Youth Programming and Camp Management (YPCM), 74-75 credits:**
  - 1) Required: Biology 101, or 130 and 160; Business 380; Chemistry 101, or 105 and 106; Forestry 330 or 335; Human Development 265; NRES 281, 301, 302, 376, 382, 383, 320 or 478, 367 or 368; 2 credits from 363, 364, 365; Psych 110; Sociology 101; Sociology 225 or Psych 315; HP/W 102, Wellness 218 and 3 credits from Wellness 100-299.
  - 2) Electives:
    - (a) Business, 3 credits from Business 100, 330, 340, 351, 352, 384, 385.
    - (b) Human development, 3 credits from HD 166, 261, 362, 367.
    - (c) Sociology/psychology, 3 credits from SOC 270, 316, 332, Psych 260, 320.
    - (d) Health/physical education, 3 credits from HLED 104, 140, 390, PEX 250, 315.
    - (e) First Aid/CPR, 2 credits from PED 252, 253, 254.

## HUMAN DIMENSIONS OF NATURAL RESOURCE MANAGEMENT

### Resource Management Major

1. Natural Resources courses, 19 credits: NRES 150, 151, 250, 251, 474, 490.
2. Geography 101 or Geology 104.
3. Summer Camp courses, 7 credits: Forestry 319, 320, NRES 405, Soils 359, 360, Wildlife 340, Water 380, or 8 credits of NRES 475.
4. Complete ONE of the following collateral options:
  - a. **General Resource Management, 29 credits:** Biology 130, 160; Chemistry 105 and 106, or 115 and 116; NRES 320 or 478; 372, 473 or 484.  
NOTE: To prepare for a professional career, we recommend that you select one or more minors to accompany this option. Suggested minors include environmental communication, environmental law/enforcement, forestry, forest recreation, international resource management, soil science, water resources, wildlife.
  - b. **Environmental Education and Interpretation, 58-68 credits:** Biology 101, or 130 and 160; Biology 322, 342, 377; Chemistry 101 or 105 and 106; English 363 or 392; NRES 301, 302, 363 (2 cr), 364 (2 cr), 365, 368, 374, 376, 478; Philosophy 380; and 9 credits from at least two of the following areas: Astronomy 311; Biology 308, 309, 355, 357, 367, 372, 374, 378, 379, 388, 405; History 366 or 382; Philosophy 381; Water 481.

### 5. Teacher Certification Emphasis

If you seek certification to teach environmental studies at the secondary level, complete one of the above options and this emphasis, or the resource management minor in conjunction with another approved major.

- a. Teacher certification in secondary education (conservation) consists of 20 credits: Chemistry 105 or 115; NRES 301 and 302; and 9 credits from NRES 372, Geography 340, History 366, Philosophy 380, Poli Sci 304, Sociology 260.
- b. Also, complete the professional education sequence: Education 205, 337, 351, 381, 386, 390, and 398. Plus History 212 and 3 credits from History 120, 130, 211, 379, 382, 385; Instructional Resources 331; Poli Sci 201; one fine arts course; one humanities course that is literature.
- c. You must have a grade point average of 2.75 to student teach.

## International Resource Management Minor

Consists of 22 credits for CNR majors and 32 credits for other majors:

1. Required courses:
  - a. NRES 323 and one of NRES 381 or 475 or 479 or study abroad in a non-English speaking country.
  - b. Complete one foreign language course beyond the second semester (102) college level.
  - c. One course from Sociology 270, 310, 322, 343, 355, 357; Econ 342 or 362 or 365; Geography 113 or 120.
2. Three credits from Anthropology 335; International Studies 101; Comm 336, 341; Econ 362, 367; Geography 300, 301, 327, 328, 340, 368; History 220; NRES 301, 478; Philosophy 380; Psychology 240, 321.
3. Non-CNR majors are also required to take: NRES 150, 151 and 250 or 251.

## Land Use Planning Minor

Consists of 24 credits:

1. At least 9 credits from NRES 388, 474, 484, 495.
2. Soils 365 and Geography 476 and at least two of the following: Geography 276, 377 (or NRES 377), 379, 382, 479, NRES 444.
3. At least 3 credits from Econ 342; Poli Sci 212, 242, 250, 304, 341; Sociology 300, 356, 357.
4. Three credits (if 24 credits are not achieved from 1, 2, and 3 above) from Forestry 326, 330, 333, 385, NRES 320, 323, 357, 371, 372, 473, 477, 478, Water 382, Waste Mngt 380, 476, Wildlife 450.

## Resource Management Minor

Consists of 23 credits including:

1. NRES 150, 151, 250, 251, 388 or 473, and 474.
2. Select remaining credits from CNR courses numbered 300 and above. For teacher certification you must take NRES 478.

## Youth Programming and Camp Management Minor (YPCM)

Consists of 25-28 credits directed at the principles and practices of program planning, administration, and environmental education within youth agencies and camps.

1. Required courses, 16-19 credits: NRES 301 and 302 or 370, 281, 376, 382, 383.
2. Select 9 credits from at least two areas below or see the minor adviser for other options:
  - a. Human Development 166, 261, 265, 362, 367.
  - b. Sociology 225, 270, 316, 332.
  - c. Psychology 260, 320, 315.
3. Recommended: See the minor adviser for information about related summer work experience or internship experience during your junior and senior years.

## NATURAL RESOURCES COURSES

The major in *resource management* is described under that heading above.

**NRES 100. Natural Resource Careers Workshop.** 1 cr. Explore concepts and careers in natural resource management and environmental protection. Held at the Central Wisconsin Environmental Station. (SS)

**NRES 110. Environmental Management for Homeowners.** 2 cr. Practical yet economically and environmentally sound considerations of water supply and quality; home and garden management; urban wildlife and forestry; waste disposal; energy conservation, landscaping, and air quality.

**NRES 150. People, Resources and the Biosphere.** 3 cr. Global resource and environmental problems from a historic, socioeconomic, and biological perspective. (I, II) GDR:SS2 EL

**NRES 151. Ecological Basis for Natural Resource Management.** 3 cr. Basic principles of ecology and the application of those principles to management of natural resources. (I, II)

**NRES 171. Elementary Surveying.** 3 cr. Use tape, compass, level, and transit; U.S. land system; simple maps, traverse closure, and area computations; profiles, stadia plane table. 1 hr lec, 6 hrs lab per wk. Prereq: Math 100 or equiv trigonometry training. (I)

**NRES 210. Safety Instructor Certification.** 1 cr. How to teach courses in boating, hunter, and snowmobile safety, as prescribed by the Department of Natural Resources; related ethics and public controversies. Subtitle will designate area of certification. May repeat for max 3 cr with different subtitles. Prereq: Written cons instr. (I, II)

**NRES 250. Introduction to Fisheries, Forestry and Wildlife Resources.** 4 cr. Integrated introduction to principles and practices of fisheries, forestry and wildlife management, including production of goods and services while maintaining ecosystem integrity and functions; emphasis on contemporary issues. Prereq: 150, 151, or written cons instr. (I, II)

**NRES 251. Introduction to Soil and Water Resources.** 4 cr. Integrated concepts of soil and water resources at the landscape level. Physical, chemical, and biological interactions relating to watershed processes and response to land use and management. Prereq: 150, 151, Math 100, Chemistry 105 or con reg, or cons instr. (I, II)

**NRES 281. Camp Leadership.** 3 cr. Introduction to camp leadership and camp management. Camp management profession overview including history, diversity of camps, audiences served, career opportunities, professional associations. Basic concepts of camp organization, management and administration. Theory and practice of camp leadership including training camp counselors, relationship between counselor and camper, and development of program leadership skills (outdoor skills, aquatics, nature and environmental studies; arts and crafts). Readings, field trips, skills workshops. (I alternate years)

**NRES 301/501. Foundations of Environmental Education I.** 3 cr. Conceptual and philosophical basis for and goals of environmental ed; analysis of instructional materials; knowledge of learners; strategies for developing and implementing environmental ed programs; observation of instruction; Prereq: Jr st, CNR or biology major or written cons instr. (I)

**NRES 302/502. Foundation of Environmental Education II.** 3 cr. Application of environmental ed theory, philosophy, goals. Survey and use of environmental ed methods and resources. Development, application, evaluation of instructional plans and materials in formal/informal settings. Professional development and career opportunities in field. Prereq: 301/501. (II)

**NRES 310/510. Environmental Education Teaching Methods.** 1 cr. Strategies for teaching K-12 students about the environment using effective educational methodology. Topics include environmental values and teaching problem-solving skills. Meets DPI certification requirement in environmental ed in conjunction with Geography 339 from UWEX (correspondence).

**NRES 320/520. Natural Resources and Public Relations.** 3 cr. Prepare natural resources specialists for involvement with various publics, including governmental agencies, boards, and committees, professional associations, and environmental societies; identify public relations techniques and methods of evaluating public input that are used by resource professionals. Prereq: CNR major or written cons instr. (I & II)

# 140 Natural Resources Courses

**NRES 323/523. International Resource Management.** 3 cr. Status and trends concerning the world's renewable natural resources with emphasis on ecological, socioeconomic and other factors influencing their management; role of natural resources in developing countries and international efforts devoted to their safeguarding and amelioration. 1/3 of course spent as seminar focusing on specific resource issues, countries or regions of the world. Prereq: 370 for non-CNR majors. (II)

**NRES 330/530. Environmental Health.** 1-3 cr. Understanding the interactions between environmental quality and human health. Includes overview of types, levels and sources of environmental contaminants that affect human health; discussion of individual and community risks related to environmental contaminants; availability of personal and community environmental health resources; importance of natural environment to mental health.

**NRES 335/535. Turf Management.** 2 cr. Selection, establishment and management of turf grasses for parks, lawns and other recreational land uses. 1 hr lec, 2 hrs lab. Prereq: Summer Camp and/or cons instr. (I)

**NRES 336. Integrated Pest Management Workshop.** 1 cr. Recognition of weeds, insects, diseases, nutrient deficiencies, and other problems of agricultural and horticultural field crops. (II)

**NRES 350. American Indian Reserved Treaty Rights.** 3 cr. Technological, social, and economic aspects of hunting, gathering, and fishing rights, with emphasis on current Wisconsin Chippewa experience.

**NRES 357. Air Resources.** 3 cr. Air chemical composition and reactions, air mass movement, contaminant transport, and meteorology. Air monitoring. Social and economic implications of air resource mgnt technology. Prereq: CNR major or written cons instr. (I, II)

**NRES 358/558. Biodiversity and Conservation Biology on the Web.** 1 cr. Web-based course to explore background information, discuss importance, research issues, investigate threats, review values, and examine solutions in biodiversity and conservation biology. Also the effects of economics, education, politics, and lifestyle. Prereq: Cons instr for on-campus students only.

**NRES 363/563. Interpretive Signs, Trails, and Waysides.** 1-2 cr. Design and produce interpretive signs, trails, and wayside exhibits for parks, recreation areas, natural areas, and other outdoor facilities. Prereq: 367 or 368 and CNR or biology major or written cons instr. (II)

**NRES 364/564. Interpretive Publications.** 1-2 cr. Design and produce interpretive publications for parks, nature centers, and natural resource agencies. Prereq: 367 or 368 and CNR or biology major or written cons instr. (II)

**NRES 365/565. Interpretation for Visitor Centers.** 3 cr. Develop and produce plans, exhibits and devices for visitor centers in parks, recreation areas, and natural areas. Visit area interpretive facilities. Prereq: 367 or 368 and CNR or biology major or written cons instr. (I)

**NRES 367. Park Interpretation.** 2 cr. Skills for interpreting a park or other recreational site to visitors. Practice in preparing and presenting interpretive talks and walks. Prereq: CNR or biology major or written cons instr. (I)

**NRES 368/568. Oral Interpretation Methods.** 3 cr. Principles and verbal techniques to relate the values of natural history and cultural features to visitors at parks, recreation areas, museums, and other institutions; walks, talks, and programming. Prereq: CNR or biology major or written cons instr. (I)

**NRES 370/570. Introduction to Environmental Study and Environmental Education.** 3 cr. Natural, social, and economic factors influencing the quality of our environment; ecological relationships and principles and their relation to population growth, pollution, resource allocation and depletion, conservation, technology, and urban and rural planning. Presents an overview of K-12 environmental ed content and methods. Fulfills Wisconsin teacher certification requirements in environmental ed. Not open to CNR majors/minors. Prereq: Admission to School of Education or written cons instr. (I, II) GDR:EL

**NRES 371/571. Resource Administration.** 2 cr. Administrative principles and organizational structure of private, local, state, and federal resource agencies. (II)

**NRES 372/572. Resource Economics.** 3 cr. Fundamental economic concepts and their application to resource use; traditional and revised theories of land use; problems of land policy management. (I, II) GDR:SS2

**NRES 373/573. Agronomy, Agriculture and Environment.** 3 cr. Morphology and management of grain, forage and other crops in agricultural enterprises. The role of crops in causing environmental problems and in providing potential solutions. Prereq: CNR summer camp or cons instr. (I)

**NRES 374/574. Environmental Interpretation Practicum.** 3 cr. Practice planning and implementing interpretation programs, facilities, signage, exhibits, and publications for nature centers and park visitors. One 6-hr day per wk at Schmeckle Reserve. Prereq: NRES 367 or 368 and 363, 364, 365, or con reg, CNR or biology major or written cons instr. (I, II)

**NRES 376/576. Environmental Education Practicum.** 4 cr. Practical experience in environmental ed with K-12 school students. Emphasizes program and staff development, program planning, instruction and evaluation. One full day per week. Prereq: 301 or 370, CNR or biology or education major with environmental ed minor or written cons instr. (I, II)

**NRES 377/577. Air Photo Interpretation.** 3 cr. Introduction to the use of airphotos and airphoto interpretation to inventory forest, soil, water, and wildlife resources; to identify and evaluate indicators of pollution and related evidences of environment degradation. 2 hrs lec, 2 hrs lab per wk. May not earn credit in both NRES 377 and Geography 377. (I, II)

**NRES 378. Introduction to Minerals Technology.** 3 cr. Survey of the extractive and processing systems used in the mining, mineral dressing, and metallurgical industries. Prereq: Chemistry 105 or 115; Geology 104. (On demand)

**NRES 380/580. Energy Education: Concepts and Practices.** 1-3 cr. Web-based course addressing energy concepts in one credit modules. Take for 3 cr max. (1) Energy definitions, natural laws of energy, and energy flows in living/nonliving systems. (2) Development and effects of energy use. (3) Management of energy resources.

**NRES 381/581. Internship in Natural Resources.** 1-12 cr. Supervised training program in resource management in cooperation with private or public resource agencies. One cr for 2-4 wks, (40 hrs per wk) of work. Credits and/or additional requirements determined by instructor before registration. May repeat once for 12 cr max. Prereq: Forestry 319, 320, Soils 359, 360, Wildlife 340, and Water 380 or NRES 475; and/or cons intern director, CNR major or written cons instr; if land use planning major, you also need NRES 388 and 389. (I, II, SS)

**NRES 382/582. Youth Agency Administration.** 3 cr. Survey of youth agencies including purpose, historic background, community role, development, and organization; analysis of administrative structure, programming, management, policy and volunteering board development, career opportunities, and current and future issues confronting nonprofit youth agencies. (I, alternate years)

**NRES 383/583. Nature Center and Camp Management.** 3 cr. Principles and practices for planning, organization, and administration of nature centers and youth camps. Management of day and residential facilities analyzing issues of the master planning process, public relations, staff supervision, marketing techniques, fiscal and site management. (II, alternate years)

**NRES 385. Field Techniques in Forestry, Soils, Water, and Wildlife.** 2-3 cr. Field techniques used to manage and evaluate forestry, soils, water, and wildlife resources. Prereq: NRES 150, 151, 250, 251. (SS)

**NRES 388/588. Urban and Regional Planning Practice. (formerly 480/680)** 3 cr. History and analysis of major current problems facing public and quasi-public planning agencies; review of past, current, and possible solutions in area resource management (I)

**NRES 389/589. Land Use Planning and Project Impact Analysis.** 3 cr. Systematic methods, techniques, and tools for urban and regional land use planning analysis on a communitywide scale in addition to understanding fiscal, social/aesthetic, traffic, economic and environmental impacts of development proposals for specific sites. Prereq: 388. (II)

**NRES 390/390. Nature Interpretation in Central Wisconsin.** 0-3 cr. Become acquainted with and learn how to interpret the major ecological communities of Central Wisconsin, their relationship to landforms and climate, key plants and animals, their interrelationship and the effect of human activities. Subtitle will designate seasonal emphasis. May repeat for credit with different subtitles. Pay audit fee for 0 credits. (On-demand)

**NRES 393. Environmental Law Enforcement.** 1-12 cr. Pass/fail. Environmental law enforcement practices including search, seizure, ballistics, criminal codes, evidence collection and preservation, and emergency procedures. Fulfills State of Wisconsin Law Enforcement Standards Board requirements. Offered in cooperation with state vocational and technical colleges. Prereq: CNR major or written consent of CNR associate dean and declared environmental law/enforcement minor.

**NRES 395. Introduction to Environmental Study.** 3 cr. Natural, social, and economic factors influencing the quality of our environment; ecological relationships and principles and their relation to population growth, pollution, resource allocation and depletion, conservation, technology, and urban and rural planning. Not open to CNR majors or minors. (I, II)

**NRES 400/600. Wisconsin Environmental Studies.** 1 or 3 cr. Wisconsin's natural, social, and economic factors influencing the quality of our environment; ecological relationships and principles and their relation to population growth, pollution, resource allocation and depletion, conservation, technology, and urban and rural planning. Distance course, primarily for K-12 educators. Open to on-campus students with cons instr only. 1 cr = view video segments and complete self-instructional guide. 3 cr = full participation in videos, ETNs, and assignments.

**NRES 403/603. Environmental Education Curriculum Resources.** 1-3 cr. Identification, evaluation and application of instructional resources for K-12 environmental ed. Subtitle will designate resource emphasis. May repeat for 3 cr max. Prereq: CNR major or written cons instr.

**NRES 405/605. Selected Topics in Natural Resources.** 1-3 cr. Major concepts and problems in an area of natural resources. May repeat for credit with different subtitles. Prereq: Cons instr. (I, II)

**NRES 410/610. Selected Topics in Environmental Education.** 1-3 cr. Environmental concepts and issues with an emphasis on teaching methods for K-12 teachers. May repeat for credit with different subtitles.

**NRES 411/611. Principles of Environmental Education.** 1 cr. Philosophy, goals, curricula, and resources for environmental ed.

**NRES 412/612. Ecological Basis for Environmental Education.** 1 cr. Basic ecological concepts and their relationship to understanding and evaluating environmental issues. Prereq: 411/611 or cons instr.

**NRES 413/613. Citizen Action in Environmental Education.** 1 cr. Strategies for involving K-12 students in citizen action on environmental issues. Prereq: 411/611 and 412/612 or cons instr.

**NRES 414/614. Environmental Education Teaching Strategies.** 1 cr. Planning and evaluation of environmental ed curriculum materials and teaching methods. Prereq: 411/611 and 412/612 or cons instr.

**NRES 440/640. Environmental Law Enforcement Theory and Principles.** 3 cr. Overview of environmental law enforcement activities with an emphasis on the theoretical basis for current enforcement practices. Prereq: Poli Sci 212, or Sociology 230, CNR major or written cons instr. (I)

**NRES 444/644. Integrated Spatial Information Systems for Natural Resources Management.** 3-4 cr. Comprehensive survey of modern spatial technologies available for natural resources mgmt and environmental protection. Integrate use of GIS, GPS, remote sensing, Internet, and environmental modeling for natural resources applications. 2 hrs lec, 3-4 hrs lab per wk. Prereq: Summer camp, CNR major, Geography 279, or written cons instr. (II)

**NRES —/657. Ecological Monitoring.** 3 cr. Theory and practice of ecological monitoring with emphasis on ecosystem structure, functions, and populations. Prereq: Forestry 321 and 332, or cons instr.

**NRES 458. Biodiversity and Conservation Biology.** 3 cr. Theoretical framework for identifying threats and solutions to long-term preservation of species and biological communities; including concepts from traditional ecology, landscape ecology, population ecology, genetics, sociology and economics. Prereq: Biology 305 (I)

**NRES 459/659. Ecosystem Management and Restoration.** 3 cr. Methods for managing and restoring ecosystems for biological diversity and sustainable use. Prereq: 458 or Wildlife 458, CNR major or written cons instr. (II)

**NRES 460. People and Ecosystems.** 4 cr. Interactions between people and ecosystems and the dependency of the health and sustainability of each upon the other. May not earn credit in both NRES 460 and HP/W 460. Prereq: Jr or sr st; application and cons instr. (II)

**NRES —/662. Adaptive Resource Management.** 1 cr. Theory and practice of adaptive management. Methods of integrating social attitudes and values into science-based decision making in natural resources. Prereq: 474/674, or cons instr.

**NRES 473/673. Resource Policy and Law.** 3 cr. The need for, purposes, making, and implementation of legislation and policy pertaining to natural resources. Prereq: CNR major or written cons instr. (II)

**NRES 474/674. Integrated Resource Management.** 3 cr. Current issues, problems, trends in integrated management of resources; principles used to form and implement natural resources policy. Prereq: NRES 150, 151, 250, 251; CNR major or written cons instr. (I, II)

**NRES 475/675. European Environmental Studies Seminar.** 1-8 cr. Survey environmental problems and programs in Europe; compare with U.S. environmental and natural resource issues. 1 cr orientation in spring semester prior to 2 wks summer camp at CWES and 4-6 wks in Germany and selected other countries. This is an alternative to Treehaven summer camp. Prereq: NRES 250, 251, 2.50 GPA in major and cons instr. (II,SS)

**NRES 477/677. Development of Environmental Impact Statements (EIS).** 1 cr. Laws and regulations controlling EIS development; case studies; prepare and present an EIS. (I, II)

**NRES 478/678. Environmental Issues Investigation and Action.** 3 cr. Rationale and strategies for investigating environmental issues at local, state, regional, or national levels; selection and implementation of actions to resolve issues through political, economic, legal, educational, and lifestyle avenues. Group project required. Prereq: 370 or 395, CNR or biology major or written cons instr. (II)

**NRES 479/679. International Environmental Studies Seminar.** 1-6 cr. Subtitle indicates country or region of the world. Survey ecosystems and environmental and natural resource programs and issues in a country or region. Prereq: Written cons instr.

**NRES 484/684. Air, Water, and Land Use Planning.** 3 cr. Review federal and state natural resource planning strategies for implementing plans in local communities. Prereq: 388, 474, CNR major or written cons instr. (II)

**NRES 490. Integrated Resource Management Seminar.** 2 cr. Interdisciplinary teams will investigate natural resource issues and problems, and develop, present, and defend plans. Prereq: Sr st for majors or minors in natural resources. (I, II)

**NRES 491. Seminar in Conservation Biology.** 1 cr. Outside speakers knowledgeable in practical economics, administration, and management of ecosystems for biodiversity. (II)

**NRES 495/695. Ecological Basis for Planning and Design.** 3 cr. Ecological principles, relationships, and interaction between natural and man-made elements of the environment. Prereq: 474/674 or cons instr. (II)

**NRES 499. Special Work.** Upperclass natural resources majors and minors doing above average work may arrange for independent study with cons of assoc dean. Credit based on scope of project. Prereq: 2.50 GPA in major. (I, II)

**NRES 701. Readings in Environmental Education.** 1-3 cr. Readings to provide understanding of the history, philosophy, practices, methods, and issues of environmental education. Extent of assignments varies depending on credits.

**NRES 703. Leadership Development in Natural Resources.** 1 cr. Assessment and experiences to develop leadership capacity in natural resources organizations. Individual and small group activities to explore current theories and practices in leadership and implications for successful organizational and personal development.

**NRES 704. Ecological Lifestyles.** 1 cr. Examination of personal lifestyles in light of ecological consideration. Identification of ecologically-sound lifestyles that foster environmental quality and the quality of life. Prereq: 570 or con reg; 611, 612, and 613 or con reg.

# 142 Natural Resources Courses

## **NRES 705. Environmental Issues Investigation and Action.**

1 cr. Use of primary and secondary sources of information for investigating environmental issues. Strategies for issue analysis and resolution. *May not take both 705 and 478/678.* Prereq: 570 or; 611 and 612 and 613; or con reg.

## **NRES 706. Community Resources in Environmental Education.**

1 cr. Explore variety of human, cultural, technological, and natural resources that can be used to enrich environmental ed curricula; field trips to integrate environmental ed with classroom instruction. Prereq: 570 and 614 or; 611, 612, 613, and 614.

## **NRES 707. Computer Use in Environmental Education.**

1-2 cr. Uses of computer technology to enhance environmental ed instruction in the areas of 1) environmental ed software, 2) word processing, database, and spreadsheet applications in environmental ed, 3) computer networks applicable to environmental ed, 4) environmental interactive videodiscs, and 5) environmental ed hypercard stacks. Prereq: 570 and 614 or; 611, 612, 613, and 614, and computer experience.

## **NRES 708. Outdoor Teaching Sites for Environmental Education.**

1 cr. Relationship of current environmental ed developments to outdoor teaching sites. Philosophy, design, construction, and use of outdoor teaching sites, especially schools and school forests. Practical experiences in developing outdoor teaching site strategies.

**NRES 709. Wisconsin Lakes Resources.** 1 cr. Overview of natural, social, and economic factors influencing the management and quality of Wisconsin lakes.

## **NRES 720. Advanced Topics in Natural Resources and Public Relations.**

1-2 cr. Rationale and techniques for creating positive public relations for natural resource professionals and their work. Includes public relations theory and tools for disseminating research information to effect appropriate policy decisions. Create a product to introduce your research project through television, magazines, and the Internet. Prereq: Defined thesis topic with research underway.

**NRES 744. Land and Its Human Uses.** 1 cr. Uses of land emphasizing decision making by private owners and local/state governments. Prereq: Certified elementary and secondary teachers.

## **NRES 750. Research in Environmental Education and Interpretation.**

1 cr. Discussion of research methods, relevant literature, and current issues in environmental ed and interpretation. May repeat for 4 cr max. (I, II)

**NRES 760. Grant and Proposal Development.** 1-3 cr. Development of a systematic approach to winning grants from corporate, foundation, and governmental sources.

## **NRES 770. Evolution of Wisconsin Natural Resource Policy.**

3 cr. Investigation and analysis of the historic background, development, organization and purpose of resource mngt agencies and policies in Wisconsin.

**NRES 771. Environmental Futures.** 1 cr. Understanding and applying techniques used in future studies to identify and analyze how social, scientific, and technological developments may shape the future of human interactions with the natural environment.

**NRES 791. Introduction to Research.** 1 cr. Explore role and value of research in society, and the ways scientific knowledge accumulates. Directed work in preparation of study plans (thesis or project proposals) and presentation of research findings. (I)

**NRES 794. Graduate Seminar.** 1 cr. Discussion of selected environmental and natural resource topics. Required of CNR graduate students every semester except when presenting a 795 seminar. (I, II)

**NRES 795. Graduate Seminar.** 1 cr. Student presentation and discussion of selected environmental and natural resource topics including results of student research. (I, II)

**NRES 796. Independent Study.** 1-3 cr. Advanced work on a specific natural resource problem. (I, II, SS)

**NRES 797. Research Methods, Design and Analysis.** 3 cr. Statistical methods of experimental design and analysis for research in natural resources. Prereq: Math 355 or Forestry 321 or cons instr. (I)

**NRES 799. Thesis.** (Not on Plan B.) 2-6 cr. (I, II, SS)

## **Natural Resources Field Seminar Program**

The field seminar program acquaints you with research and management activities not available through campus and summer camp experiences. The program consists of extended tours of areas and facilities pertinent to the appropriate resource discipline. The following field seminar courses are described fully under the same headings in the regular course listings:

FOR 493/693, Forestry Field Seminar, 1 or 2 cr.

NRES 475/675, European Environmental Studies Seminar, 1-8 cr.

NRES 479/679, International Environmental Studies Seminar, 1-6 cr.

NRES 493/693, Environmental Field Seminar, 1 or 2 cr.

SOIL 493/693, Soils Field Seminar, 1 or 2 cr.

WLDL 493/693, Wildlife Field Seminar, 1 or 2 cr.

## **Natural Resources Summer Camp Program**

The summer camp program consists of Forestry 319, 320, Soils 359, 360, Water 380, and Wildlife 340, and NRES 405, each for 1 credit. See the description of these courses under the appropriate heading.

## **PAPER SCIENCE**

The major in paper science, administered by the College of Natural Resources, is described under the section *Paper Science* later in this catalog.

## **RESOURCE MANAGEMENT**

See *Human Dimensions of Natural Resource Management* earlier in this section.

### Soil and Waste Resources Major

Consists of 133 credits.

1. Required, 22 credits: NRES 150, 151, 250, 251, 490; Soils 364, 365.
2. Collateral courses, 25 credits: Chemistry 105 and 106 (or 114, 115 and 116), 220; Geology 104; Math 100, 111 or 120.
3. Complete ONE option below:
  - a. **Soil Science**
    - 1) Required, 15 credits: Soils 362, 461, 465; NRES 372, and Waste Mngt 380 or 488.
    - 2) Collateral courses, 31-33 credits: Biology 130, 160, 351; Chemistry 248; one addl 300-400 level geology or physical geography course or NRES 377 or 444; Math 355 or Forestry 321 or NRES 373; Math 112 or 119; CIS 102 or 373 or Geography 279; Physics 201 and 202.
    - 3) Summer Camp, 7 credits: Forestry 319, 320; Soils 359, 360; NRES 405; Water 380; Wildlife 340; or 8 credits of NRES 475.
  - b. **Waste Management**
    - 1) Required, 24 credits: Soils 461 or 465; Waste Mngt 380, 381, 476, 488; Water 383; 6 credits from Soils 350, or Water 350, or Waste Mngt 350, or Waste Mngt 487.
    - 2) Collateral courses, 14-17 credits: Biology 101, and 305 or 333; Physics 101, or 201 and 202; CIS 102.
    - 3) Two credits of NRES 385.
    - 4) Complete ONE track below:
      - A) **Communication, Business, Political Science track:** 12 credits. (a) Comm 230 or NRES 320; (b) English 354; (c) 3 credits from CIS 365 or 372, NRES 444, Geography 476; (d) 3 credits from Poli Sci 242, 250, 304, 356, 358, Business 380, 384, Econ 311, NRES 372 or Econ 210, Philosophy 380, NRES 474 or 484 or 495.
      - B) **Technical track:** 12 credits from Water 389, 475, 480, 481, 482, 494, NRES 357, 474, 484, 495, Soils 362, 363, 461, 465.
    - 5) A minor in business or communication or water resources is strongly recommended.

Whether you are a major or minor, check with a soils adviser to determine the minimum core course requirements you need for certification as a professional and/or to take state or national exams or to obtain licenses.

### Soil Science Minor

Consists of 22 credits with at least 15 credits of soils courses:

1. Required: NRES 251; Soils 362 and at least two of the following: Soils 364, 365, 465 (Forestry majors may substitute Soils 361 for one of these).
2. Select the remaining credits from: Soils 359, 360, 361, 363, 364, 365, 461, 465; Forestry 325, 332;

Geography 279, 352, 377 (or NRES 377), 379, 476; Geology 200, 370; NRES 335, 336, 373, 444, 484; Waste Mngt 380, 476; Water 383 (or Geology 383), 487 (or Geology 487), 493; Wildlife 451. Other courses approved by assoc dean for academic affairs.

The soil science minor satisfies the minimum civil service requirements for soil scientist positions (classification and mapping) in federal agencies such as the Natural Resources Conservation Service and the Forest Service. For a soil conservationist position, NRES 373 is recommended.

### Soil Science Concentration in the Business Administration Major

See *Business and Economics*.

### Courses in Soils

#### SOIL 350/550. Selected Topics in Soil and Waste Resources.

1-3 cr. Selected principles, practices, and issues in soil and waste resources. May repeat under different subtitles. May apply 3 cr max to major. (I, II)

#### SOIL 359. Soil Conservation and Watershed Inventory

**Techniques.** 1 cr. Field techniques of land surface relief inventory, soil percolation, watershed interpretive systems for runoff prediction, and groundwater characteristics investigation for integrated resource mngt. Prereq: NRES 251, 2.50 GPA in major, CNR major or written cons instr. (SS)

#### SOIL 360. Field Experience in Soil Inventory Methods.

1 cr. Techniques in describing, mapping, classifying, and interpreting soils for integrated resource mngt. Prereq: NRES 251, 2.50 GPA in major, CNR major or written cons instr. (SS)

#### SOIL 361/561. Forest Soils.

3 cr. Characteristics of and processes in soils under forest cover; relationships of these to forest growth, productivity, and management practices; human impacts. 2 hrs lec, 3 hrs lab per wk. Prereq: NRES 251, Summer Camp, CNR major or written cons instr. (II)

#### SOIL 362/562. Soil Genesis and Morphology.

3 cr. Geologic origin, characteristics, and taxonomic grouping of soils; survey methods and mapping procedures. 2 hrs lab, 2 hrs lab per wk. Prereq: Summer Camp, CNR major or written cons instr. (II)

#### SOIL 363/563. Soil Profile Description Writing.

2 cr. Field identification of soil layers and the preparation of official morphological descriptions of soil profiles and associated site factors. 1 hr lec and 2 hrs lab per wk. Prereq: Summer Camp or cons instr. (I)

**SOIL 364/564. Soil and Plant Analysis.** 3 cr. Sample, prepare, and analyze soil and plants. Interpret chemical results for environmental quality and soil fertility management. Choose analytical methods and maintain laboratory quality control. 2 hrs lec, 3 hrs lab per wk. Prereq: Chemistry 116 or 106, CIS 102-spreadsheet or equiv, Summer Camp, CNR major or written cons instr. (I, II)

#### SOIL 365/565. Soil Survey Interpretations for Land Use

**Planning.** 3 cr. Apply soil survey information to make interpretations for various land uses such as agriculture, sanitary facilities, building sites, woodland, construction materials; identify the limitations and suitability of soils for specific planning purposes. 2 hrs lec, 2 hrs lab per wk. Prereq: Summer Camp, CNR major or written cons instr. (I)

**SOIL 381/581. Internship in Soils.** 1-12 cr. Supervised training program in soils management in cooperation with private or public resource agencies. One credit for 2-4 wks (40 hrs per wk) of work. Credits and/or addl requirements determined before registration. May repeat once for 12 cr max. Prereq: Forestry 319, 320, Soils 359, 360, Wildlife 340, and Water 380; or NRES 475; 2.50 GPA in major; and/or cons intern director; CNR major or written cons instr. (I, II, SS)

**SOIL 455/655. Sediment Control and Site Restoration at Water Crossing Facilities.** 1 cr. Designing and installing sediment control techniques at culverts, bridges, and other water-crossing structures to protect fish and other aquatic biota. Prereq: 461 or con reg, admission to CNR, cons instr.

**SOIL 456/656. Erosion Control and Slip Stabilization in Construction Activities.** 1 cr. Natural and technical approaches to retaining soil on site in construction activities. Includes considerations in hydraulic mulching, erosion control materials, fertilizers and species selection for revegetation. Prereq: 461 or con reg, admission to CNR, cons instr.

# 144 Natural Resources, Soil & Waste Resources

**SOIL 457/657. Bioengineering In Streambank and Channel Restoration.** 1 cr. Design, installation and construction of bank reinforcement techniques using vegetation and associated structural materials. Prereq: 461 or con reg, admission to CNR, cons instr.

**SOIL 458/658. Design and Construction of Sediment Control Structures.** 1 cr. Design and construction of sediment basins, and design and installation of sediment control structures such as silt fences, berms, and buffer strips. Prereq: 461 or con reg, admission to CNR, cons instr.

**SOIL 461/661. Soil Management for Resource Sustainability.** 3 cr. Use soil fertility, plant nutrition, wind and water erosion, and surface and groundwater contamination abatement principles in solving soil and crop management problems. 2 hrs lec, 3 hrs lab per wk. Prereq: Summer Camp, CNR major or written cons instr. (II)

**SOIL 465/665. Soil Physics.** 3 cr. Basic concepts and principles related to the state and transport of matter (especially water) and energy in the soil. Physical measurement and mathematical quantification of soil physical properties and processes. 2 hrs lec, 3 hrs lab per wk. Prereq: Math 111 or 120, Physics 201, CIS 102 (spreadsheet or equiv), Summer Camp, CNR major or written cons instr. (I)

**SOIL 493/693. Soil Field Seminar.** 1-3 cr. Topics include investigation of soil genesis, classification and morphology, land forms, geology, vegetation, land use practices, and natural resources issues of the region visited. Written summaries of selected readings and a field notebook. Prereq: Cons instr. (II)

**SOIL 496. Computer Software Application for Soils.** 1 cr. Subtitle will designate type of software. May repeat for credit with different subtitle. Prereq: CIS 101 and 102 or cons instr.

**SOIL 499. Special Work.** Upperclass soil science students may arrange for independent study with cons assoc dean. Credit based on scope of project. Prereq: Summer Camp or cons instr. (I, II)

**SOIL 760. Advanced Forest Soils.** 3 cr. Advanced topics on relationships between soil properties and silviculture, forest hydrology, and nursery management. Prereq: 361/561 or cons instr. (On demand)

**SOIL 761. Advanced Soil Management.** 1-3 cr. Advanced topics in principles of soil, water, plant relationships. Prereq: 461/661 or cons instr. (On demand)

**SOIL 762. Advanced Soil Genesis, Mineralogy, and Classification.** 3 cr. Processes and theories of soil information; principles and systems of soil classification. Prereq: 362/562 or cons instr. (On demand)

**SOIL 763. Soil Resource Issues.** 1-3 cr. Investigate issues such as food production vs. population growth, soil quality, soil erosion, point and nonpoint pollution; identify policies and agencies that are involved. Prereq: Certified elementary/secondary teachers only.

## Courses in Waste Management

**WSTE 350/550. Selected Topics In Soil and Waste Management.** 1-3 cr. Selected principles, practices, and issues in soil and water resources. May repeat under different subtitles. May apply 3 cr max to major. (I, II)

**WSTE 380/580. Solid Waste Management.** 3 cr. Characterization, collection, recycling/disposal of municipal, industrial, and agricultural wastes, with emphasis on the environmental effects related to disposal. 2 hrs lec, 2 hrs lab per wk. Prereq: CNR major or written cons instr. (I)

**WSTE 381/581. Internship In Waste Resources.** 1-12 cr. Supervised training program in waste resources mgnt in cooperation with private or public resource agencies. 1 cr for 2-4 wks (40 hrs/wk) of work. Credits and/or addl requirements determined before registration. May repeat once for 12 cr max. Prereq: Waste 380 or 476 or 488; CNR major or written cons instr. (I, II, SS)

**WSTE 476/676. Hazardous Waste Management.** 3 cr. Chemical, biological, and technical aspects of hazardous waste management; regulations concerning the classification, treatment, and disposal of hazardous waste; environmental health and safety issues. 2 hrs lec, 2 hrs lab per wk. Prereq: 380 or cons instr; Chemistry 116 or 106; Biology 101 or 130; CNR major or written cons instr. (II)

**WSTE 487. Senior Thesis.** 3 cr. Conduct independent research under direction of faculty member. Present research results at CNR undergraduate research symposium or a professional conference. Prereq: Sr st and overall GPA of 3.0 or higher.

**WSTE 488/688. Water and Wastewater Treatment.** 3 cr. Nonengineering approach to methods of water treatment, routine lab testing, and protection of systems; domestic waste disposal by water carriage and nonwater carriage methods; small unit and municipal disposal methods. Prereq: CNR/biology major or written cons instr. (II)

**WSTE 489. Industrial Environmental Management.** 3 cr. Regulations, economic, and technical aspects of industrial waste (air, water, solid, and hazardous) generation, alternative methods of treatment, and release of treated materials to the environment. Does not count toward waste major. Prereq: Math 120, Chemistry 106.

## Water Resources

The water resources major prepares you for careers and graduate studies in fisheries, aquatic biology, hydrology, hydrogeology (groundwater), laboratory analysis of water and environmental samples, aquatic toxicology, and the assessment and management of water resources.

### Limnology and Fisheries

The limnology and fisheries option concentrates on the aquatic biology, fisheries and ecological characteristics of streams, lakes, wetlands, and groundwater. The option prepares you for careers as aquatic resource managers.

Limnology graduates are usually employed with state, federal, municipal or private agencies and are involved in lake and stream water quality assessment, stream habitat restoration, lake management, bio-monitoring and water quality classification, urban limnology and productivity.

Fisheries graduates are normally employed by environmental consulting firms or by state, tribal or federal resource management agencies and are involved in manipulating fishery resources through regulating human use, managing aquatic habitat, and stocking.

With a BS degree in limnology and fisheries, you may expect to begin your professional employment as a limited term employee. An MS degree will greatly increase employment potential in both limnology and fisheries and provide greater job responsibilities.

### Watershed Hydrology and Management

The watershed hydrology and management option concentrates on the relationship between activities on the landscape and the physical, chemical and biological quality of the streams, lakes, wetlands, and groundwater in the watershed. If you graduate with this option, you meet the academic requirements for (1) a license as a Wisconsin professional hydrologist, (2) the position of "hydrologist" under federal Office of Personnel Management guidelines, and (3) American Institute of Hydrology professional hydrologist registration. You may also choose to pursue graduate degrees in environmental engineering or other science areas.

Watershed management deals with land resources and land uses to protect and/or enhance the quality and productivity of the streams, lakes, wetlands, and groundwater in the watershed. If you complete this emphasis with

a soil science or forestry minor, you will meet the federal Office of Planning and Management guidelines for listing as a soil scientist or forester.

**Water quality monitoring and assessment** provides you with professional capabilities to monitor, interpret, and communicate water quality conditions at the watershed scale. You will develop professional skills through foundational coursework, the use of extensive laboratory facilities, real-world watershed assessment experience, and interaction with practicing professionals. Your adviser will help you choose a specialty of landscape-level/water quality assessment, water chemistry, or environmental toxicology.

**Groundwater hydrology (hydrogeology)** is the science of underground water: how it originates as precipitation percolating through the soil, moving through the subsurface, and eventually feeding streams and lakes. Groundwater hydrology encompasses the management of groundwater quality and pumping for human and ecosystem needs.

### Water Resources Major Core

Major consists of 133 credits including this 62 credit core.

1. CNR courses, 19 credits: NRES 150, 151, 250, 251, 372, 490.
2. Physical science, 15 credits: Physics 201 and 202; Water 389; Geology 104.
3. Chemical science, 17 credits: Chemistry 105 and 106; and 325; Water 480.
4. Biological science, 8 credits: Biology 130 or 160; Water 481.
5. Math 355.
6. Complete ONE of the following options.

#### Option 1: Limnology and Fisheries Requirements

1. Required, 38 credits: Biology 130 or 160 (whichever was not taken as part of the core), 210, 281 or 285, 305, 361 (or Water 387), 374; Math 111 or 120; Philosophy 380; Water 353, 483 or 381, 484.
2. Electives: 3-4 credits from Water 338 (or Biology 338), 387, 482, 485, 493, Biology 347, 361, 375.
3. Summer Camp, 7 credits: Forestry 319, 320; NRES 405; Soils 359, 360; Water 380; Wildlife 340; or NRES 475.

#### Option 2: Watershed Hydrology and Management (WHAM) Requirements

Consists of 45 credits:

1. Required, 13 credits: Water 487; Math 120, 121; Geography 279.
2. Professional field experience, 4-7 credits. See options after each emphasis below.
3. Complete one of the following emphasis areas.
  - a. **Watershed management.**
    - 1) Core, 19 credits: Water 382, 493; NRES 377 or Geog 377; Biology 130 or 160 (whichever was not taken in the major core above).
    - 2) Professional field experience: Option A or C.
    - 3) Use remainder of 133 credits to satisfy a minor in soil science, land use planning, GISSA, forestry, or other combination of courses with adviser approval.
  - b. **Water quality monitoring and assessment.**
    - 1) Landscape-level/water quality assessment track.
      - (a) Chemistry minor including Water 487 and 492.
      - (b) GISSA minor, or soil science minor with adviser approval.

- (c) Professional field experience: Option A, B, or C with adviser approval.
  - (d) Satisfy remainder of 133 credits with combination of courses approved by adviser.
- 2) Water chemistry track.
    - (a) Chemistry minor including Water 487 and 492.
    - (b) Water 382 (1 cr), 383, 479, 492, 493.
    - (c) Professional field experience: Option A, B, or C with adviser approval.
    - (d) Satisfy remainder of 133 credits with combination of courses approved by adviser.
  - 3) Environmental toxicology track.
    - (a) Chemistry minor including Water 487 and 492.
    - (b) Biology 130 or 160 (whichever was not taken in the major core above).
    - (c) Two courses from Biology 338, 374; Water 387, 482, 494, 496.
    - (d) Professional field experience: Option A, B, C, or E with adviser approval.
- c. **Groundwater hydrology (hydrogeology).**
    - 1) Water 383 and 495; Geology 106, 200, 330, 352 or 370, 385, Water 479, Soils 465.
    - 2) Professional field experience: Option A, B, C, D, or E with adviser approval.
  - d. **Student designed program:** with water resources faculty approval, you may design an individual track to fit your needs and interests.
4. Professional field experience options:
    - A. Summer camp, 7 credits: Forestry 319, 320; NRES 405; Soils 359, 360; Wildlife 340; Water 380.
    - B. Adviser-approved internships, 6 credits: Water 381 and 381W.
    - C. European summer program, 8 credits: NRES 475.
    - D. NRES 385 (2 cr at CWES summer camp), and Geology 385 (2 cr).
    - E. NRES 385 (2 cr at CWES summer camp), and adviser approved 3 credit internship from Water 381 or other water course.

### Water Resources Minor

Consists of 23 credits:

1. NRES 251; Water 389, 480, 481.
2. Other water courses, 6 credits.
3. Select 3 credits from Biology 305, 333, 338, 347, 375, NRES 377, 474, 477, Waste Mngt 380.

### Courses in Water

**WATR 199. Reading in the Discipline.** 1 cr, pass/fail. Improve higher level critical reading and thinking skills.

**WATR 338/538. Phycology.** 4 cr. Taxonomy, morphology, and ecology of algae especially local species. Field collections, small group experiments, lab analysis of field and cultured samples, and discussion of current algal research literature. 3 hrs lec, 3 hrs lab per wk. Prereq: Biology 130, CNR or biology major or written cons instr. (Also offered as Biology 338/538.) (I)

**WATR 350. Current Issues in Water Resources.** 1-3 cr. Technological, social, and economic aspects of a current water resource issues. Subtitle will designate topic. May repeat for credit under different subtitles. (I, II)

**WATR 353/553. Wildlife and Fish Population Dynamics (also Wildlife 353/553).** 3 cr. Mathematical, ecological, physiological, and behavioral characteristics of fish and wildlife population fluctuations. Use of models for characterizing fluctuations, and techniques for sampling, monitoring, and modeling survival, growth, reproduction, and population size. Prereq: NRES 250; Biology 160 and 305; Math 111 and 355. (I, II)

# 146 Natural Resources, Water Resources

## **WATR 354/554. Wildlife and Fish Populations Dynamics**

**Methods (also Wildlife 354/554).** 1 cr. Demonstration of methods for modeling and dynamics of fish and wildlife populations, including abundance, survival, growth, and reproduction (recruitment). Prereq: NRES 250; Biology 160 and 305; Math 111 and 355. (I, II)

## **WATR 380. Field Experience In Aquatic Ecosystem Evaluation.**

1 cr. Fishery, limnological, and hydrological evaluation; lake and stream inventory and evaluation for integrated resource mgmt. Prereq: NRES 250, 251 and 2.50 GPA in major, CNR or biology major or written cons instr. (SS)

## **WATR 381/581. Internship In Water.**

1-12 cr. Supervised training program in watershed management, fisheries, or water quality, in cooperation with private or public resource agencies. 1 cr for 2-4 wks (40 hrs per wk) of work. Credits and/or addl requirements determined before registration. May repeat once for 12 cr max. Prereq: Forestry 319, 320, Wildlife 340, Soils 359, 360, Water 380; or NRES 475; 2.50 GPA in major; and/or cons intern director; CNR or biology major or written cons instr. (I, II, SS)

## **WATR 382/582. Water Quality Management.**

1 or 3 cr. 6 wks for 1 cr—review federal and state water quality control legislation and the administrative rules and procedures used to implement them. Full semester for 3 cr—add study of selected water control systems. Prereq: CNR or biology major or written cons instr. (I)

## **WATR 383/583. Hydrogeology.**

3 cr. The occurrence and movement of groundwater in the geologic environment; response of aquifers to pumping wells; groundwater resource exploration, and management. 2 hrs lec, 2 hrs lab per wk. May not earn credit in both Water 383 and Geology 383. Prereq: Geology 101 or 104, NRES 250, 251, Math 120, CNR or biology major or written cons instr. (I)

## **WATR 387/587. Aquatic Insects.**

3 cr. Collect and identify lotic and lentic insects that are important in fishery and water quality evaluations. 1 hr lec, 4 hrs lab per wk. Prereq: Biology 160, CNR or biology major or written cons instr. (I)

## **WATR 389/589. Hydrology.**

3 cr. Physical basis of surface and subsurface water occurrence and flow; measurement, analysis, and prediction of hydrologic phenomena. 2 hrs lec, 2 hrs lab per wk. Prereq: NRES 250, 251; basic statistics course, CNR or biology major or written cons instr. (I, II)

## **WATR 391. Selected Topics In Groundwater.**

1-3 cr. Selected concepts, practices, principles, and issues in groundwater hydrology, modeling, or management. May repeat under different subtitles. Prereq: NRES 251, 251; Water 389 or Geology 389; CNR or biology major or written cons instr.

## **WATR 450/650. Hydrologic Modeling for Planning and Design.**

1 cr. Introduction to operation and requirements of surface water models used in hydrologic design and planning. Prereq: 389 or con reg; admission to CNR, cons instr.

## **WATR 451/651. Agricultural Hydrologic Planning and Design.**

1 cr. Use of standard surface water flow and water quality models in agricultural land use planning. Prereq: 389 or con reg, admission to CNR, cons instr.

## **WATR 452/652. Urban Hydrologic Planning and Design.**

1 cr. Use of standard urban hydrologic modeling tools for urban and suburban land use planning. Prereq: 389 or con reg, admission to CNR, cons instr.

## **WATR 454/654. Design of Constructed Wetlands.**

1 cr. Design and construction of wetland areas for water quality control. Prereq: 389 or con reg, admission to CNR, cons instr.

## **WATR 455/655. Sediment Control and Site Restoration at Water Crossing Facilities.**

1 cr. Designing and installing sediment control techniques at culverts, bridges, and other water crossing structures to protect fish and other aquatic biota. Prereq: Soils 461 or con reg, admission to CNR, cons instr.

## **WATR 456/656. Erosion Control and Slope Stabilization In Construction Activities.**

1 cr. Natural and technical approaches to retaining soil on site in construction activities. Includes considerations in hydraulic mulching, erosion control materials, fertilizers and species selection for revegetation. Prereq: Soils 461 or con reg, admission to CNR, cons instr.

## **WATR 457/657. Bioengineering In Streambank and Channel Restoration.**

1 cr. Design, installation and construction of bank reinforcement techniques using vegetation and associated structural materials. Prereq: Soils 461 or con reg, admission to CNR, cons instr.

## **WATR 458/658. Design and Construction of Sediment Control Structures.**

1 cr. Design and construction of sediment basins, and design and installation of sediment control structures such as silt fences, berms, and buffer strips. Prereq: Soils 461 or con reg, admission to CNR, cons instr.

## **WATR 475/675. Groundwater Management.**

1 cr. Principles and practices of protecting groundwater quality and supply and practices to deal with groundwater problems once they have occurred. Existing laws, regulations, and management plans; social, economic, and scientific criteria used in reaching management decisions. 1 hr lec per wk. May not earn credit in both 475 and Geology 475. Prereq: 383, CNR or biology major or written cons instr. (I)

## **WATR 479. Contaminant Hydrogeology.**

3 cr. Physical and chemical processes affecting behavior and transport of groundwater contaminants; applications of contaminant transport models; monitoring and remediation of groundwater contamination. Prereq: Water/Geology 383; Math 120; Chemistry 106 or 116; CNR or biology major and written cons instr. (II)

## **WATR 480/680. Water Chemistry and Analysis.**

4 cr. Study and interpretation of chemical characteristics of polluted and unpolluted waters. 2 hrs lec, 4 hrs lab per wk. Prereq: Chemistry 106 or 116, capability with spreadsheets (CIS 102 or equiv), CNR or biology major. (I, II)

## **WATR 481/681. Limnology.**

3 cr. Physical, chemical, and biological phenomena of freshwater communities. Prereq: Biology 305, CNR or biology major or written cons instr. (I, II)

## **WATR 482/682. Pollution Ecology.**

3 cr. Effect of physical and chemical pollution on populations of aquatic plants and animals; relationship of pollution to man, including water quality requirements for recreation; public health, agriculture, and industry. 2 hrs lec, 2 hrs lab per wk. Prereq: 481, CNR or biology major or written cons instr. (I)

## **WATR 483/683. Fisheries Research.**

3 cr. Introduction to field and laboratory fishery research. Principles of designing research projects, testing hypotheses, sampling fish, analyzing fishery data, reporting results in both written and oral forms, and defending research. Prereq: 481; Biology 374; Summer Camp; CNR or biology major or written cons instr. (I)

## **WATR 484/684. Fisheries Management.**

3 cr. Principles used in the assessment and management of aquatic habitats, fish populations, and human users, as they influence production of fish in inland waters. Prereq: 481; Biology 374; Summer Camp; CNR or biology major or written cons instr. (II)

## **WATR 485/685. Ecology of Freshwater Benthic Indicator Organisms.**

3 cr. Factors affecting the distribution and micro-habitat selection of freshwater benthos including life history events, feeding mechanisms, drift, pollution biology, nutrient spiraling, and anatomical, behavioral, and physiological adaptations. Prereq: 387/587 and 481/681; or Biology 361/561; CNR or biology major or written cons instr. (II)

## **WATR 486/686. Fish Culture.**

2 cr. Principles, problems, and technique of fish culture under artificial conditions. 1 hr lec, 2 hrs lab per wk. Prereq: 481, 484, CNR or biology major or written cons instr. (On demand)

## **WATR 487/687. Groundwater Geochemistry.**

3 cr. Factors and processes controlling the chemistry of subsurface waters including mineral solubility, complexation, redox reactions, ion exchange, and absorption; also hydrochemical behavior of contaminants. 3 hrs lec per wk. May not earn credit in both Water 487 and Geology 487. Prereq: Chemistry 106 or 116; Geology 101 or 104; NRES 250, 251; CNR or biology major or written cons instr. (II)

## **WATR 492/692. Advanced Techniques of Environmental Analysis.**

3 cr. Theory and application of instrumental methods used in monitoring environmental samples; laboratory quality control, sample preparation, data handling; gas and liquid chromatography, flame and flameless atomic absorption, liquid scintillation counting, autoanalyzer use. 1 hr lec, 4 hrs lab per wk. Prereq: Chemistry 248, Water 480 or Soils 364, CNR/biology major or written cons instr. (II)

## **WATR 493/693. Watershed Management.**

3 cr. Detailed study of the effect of land use on water quality, yield, and timing; land management practices as water resource mgmt tools. Prereq: NRES 150, 151, 250, 251; CNR or biology major or written cons instr. (II)

**WATR 494/694. Environmental Toxicology and Risk Assessment.** 3 cr. Introduction to effects of environmental contaminants on aquatic and terrestrial organisms, quantitative methods of risk assessment and survey of contemporary literature. 2 hrs lec, 2 hrs lab per wk. Prereq: Chemistry 105, Math 355 or written cons instr. (II)

**WATR 495/695. Application of Computer Modeling to Hydrogeology.** 3 cr. Introduction to computer modeling with emphasis on modeling theory, groundwater flow and particle tracking models. Prereq: Water/Geology 383, Math 120, CNR or biology major and written cons instr.

**WATR 496. Aquatic Toxicology.** 2 cr. Concepts and methods for aquatic toxicology testing including examples of typical data and their interpretation. Prereq: Chemistry 220; Water 480, 481 or biology major and cons instr. (II)

**WATR 499. Special Work.** 1-3 cr. Upperclass water resources students may arrange for independent study with cons assoc dean. Credit based on scope of project. Prereq: CNR or biology major or written cons instr. (I, II)

**WATR 733. Fish Habitat Analysis, Design and Modeling.** 3 cr. Analytical techniques used to analyze, design, and model habitat in lake and stream environments. Prereq: 481, 484; Math 355, 455/655; or cons instr.

**WATR 750. Water Resources in Society.** 1-3 cr. Examination and explanation of use and management of water resources. Prereq: Certified elementary and secondary teachers only.

**WATR 755. Multivariate Statistics in Fish and Wildlife Research.** 3 cr. Quantitative application and interpretation of multivariate statistics in managing complex ecological phenomena in terrestrial and aquatic environments. Prereq: Math 355, 455/655, or cons instr.

**WATR 767. Paleolimnology.** 3 cr. Summer field course studying the limnology and ecology of ancient lakes using current paleontological and analytical techniques. Prereq: Cons instr.

**WATR 780. Advanced Water Analysis.** 3 cr. Chemical methods and instrumental analysis of water supplies and wastewater; lab management for routine testing and analysis and advanced techniques for determinations of trace elements, pesticides, and other pollutants. Prereq: 480/680 or equiv, and con instr. (On demand)

**WATR 781. Recent Advances in Pollution Ecology.** 3 cr. Read and discuss recent research in pollution ecology. Analyze research methods, results, interpretation of data; evaluate the work with respect to management of surface water supplies. Prereq: Cons instr. (On demand)

**WATR 784. Advanced Studies in Fish Management.** 3 cr. Survey literature concerned with the ecology and management of fish populations. Prereq: 481/681 and 484/684; or cons instr. (On demand)

**WATR 785. Issues in Water Law.** 3 cr. Review state/federal legislation and case law related to water quality and distribution issues.

**WATR 786. Indicator Organisms in Pollution Biology-Plant.** 3 cr. Identify organisms that indicate water quality; survey important literature, methods of data analysis, and correlation with physical and chemical qualities. Prereq: 481/681, and Wildlife 441/641, and cons instr. (On demand)

**WATR 789. Advanced Hydrology.** 3 cr. Modeling and systems theory in analysis of water resources mngt alternatives; apply hydrologic analysis to ecological problems. 2 hrs lec, 2 hrs lab per wk. Prereq: 389 or 489 or cons instr. (On demand)

### Wildlife Major

1. Major study and approved electives to total 133 credits.
2. CNR courses, 32 credits: NRES 150, 151, 250, 251, 490; Wildlife 311, 350, 353, 354, 451, 458.
3. Collateral courses, 60 credits:
  - a. Biology 130, 160, 210, 305, 342; 281 or 370; 377 or 378; 3 addl credits from: Biology 361 or Water 387; Biology 374, 376 (or 377 or 378 if not taken previously).
  - b. Chemistry 105 or 115; and Physics 201 or 202.
  - c. Math 111, and 355 or Forestry 321; Geography 279.
  - d. Econ 210 or NRES 372.
  - e. Three credits from English 254, 350, 351, 354, 358.
  - f. Three credits from NRES 301, 320, 368; or Comm 211.
  - g. Three credits from NRES 371, 440, 459, 473, 474, 480, 484, 495; Poli Sci 250, 304, 354.
4. Summer Camp courses, 7 credits: Forestry 319, 320, NRES 405; Soils 359, 360, Water 380, Wildlife 340, or 8 credits of NRES 475.

### Wildlife Minor

Consists of 20-21 credits:

1. NRES 250, Wildlife 353, 354, 451, 458. (CNR Summer Camp is a prereq for Wildlife 451.)
2. Biology 377 or 378.
3. One course from Wildlife 311, 350; Forestry 332; Water 481; NRES 320, 440, 459, 473, 474; Soils 461.

### Courses in Wildlife

**WLDL 305/505. Selected Topics in Wildlife Ecology and Management.** 1-3 cr. Selected concepts, practices, principles, and issues in wildlife mngt. May repeat under different subtitles. Prereq: CNR or biology major or written cons instr. (I, II)

**WLDL 311/511. Quantitative Methods for Wildlife and Fisheries Research and Management.** 2 cr. Practical experience in formulating hypotheses, designing field studies, analyzing and interpreting data commonly collected in wildlife and fisheries research and management. Through examples and individually collected data sets, learn appropriate design, selection of quantitative methods, biological interpretation of results, field complications, and impacts of violations of assumptions. Prereq: Math 355 or Forestry 321; CNR major or written cons instr. (I, II)

**WLDL 321. Principles of Captive Wildlife Management.** 2 cr. Role of captive wildlife management in conservation, research, economics, recreation, and education; impact of confinement on behavior, nutrition and health; legislation relating to the capture, transport, and housing of wild animals. Prereq: Biology 160, CNR or biology major or written cons instr. (I)

**WLDL 322. Techniques of Captive Wildlife Management.** 2 cr. Design and administration of facilities; techniques for restraining and handling captive wildlife; sanitation and common diseases, parasites and other problems associated with confining wild animals. Prereq: 321, CNR or biology major or written cons instr. (II)

**WLDL 340. Field Experience in Wildlife Management Techniques.** 1 cr. Investigation of ecological relationships and application of selected wildlife management techniques including habitat evalu-

# 148 Natural Resources, Wildlife

ation and capturing, marking, monitoring, and censusing animals for integrated resource mgmt. Prereq: NRES 250, 2.50 GPA in major; CNR major or written cons instr. (SS)

**WDL 350/550. Wildlife Management Techniques.** 3 cr. Techniques for managing wildlife populations: aging and sexing criteria, capture, handling and control methods, censusing, assessing food habits and quality, estimating home ranges, quantifying habitat relationships, modeling land use impacts, and conducting research studies. Prereq: 311, Summer Camp, English 254, 353, 354, or 358; CNR major or written cons instr. (I, II)

**WDL 353/553. Wildlife and Fish Population Dynamics (also WATR 353/553).** 3 cr. Mathematical, ecological, physiological, and behavioral characteristics of fish and wildlife population fluctuations. Use of models for characterizing fluctuations, and techniques for sampling, monitoring, and modeling survival, growth, reproduction, and population size. Prereq: NRES 250; Biology 160 and 305; Math 111, and 355. (I, II)

**WDL 354/554. Wildlife and Fish Populations Dynamics Methods (also WATR 354/554).** 1 cr. Demonstration of methods for modeling and dynamics of fish and wildlife populations, including abundance, survival, growth, and reproduction (recruitment). Prereq: NRES 250; Biology 160 and 305; Math 111 and 355. (I, II)

**WDL 360/560. Wetlands Ecology and Management.** 3 cr. Investigate physical, chemical and biological processes of wetlands, and how these processes relate to the maintenance and enhancement of our nation's natural resources. Study wetland functions and values and wetland habitat classification systems. Prereq: NRES 150, 151, 250, 251 and Summer Camp, or cons instr. (II)

**WDL 381/581. Internship in Wildlife.** 1-12 cr. Supervised training program in wildlife, in cooperation with private or public resource agencies. 1 cr for 2-4 wks (40 hrs per wk) of work. Credits and/or addl requirements determined before registration. May repeat once for 12 cr max. Prereq: Forestry 319, 320, Wildlife 340, Soils 359, 360, and Water 380; or NRES 475; 2.50 GPA in major; and/or cons intern director; CNR major or written cons instr. (I, II, SS)

**WDL 450. Human Dimensions of Wildlife and Fisheries Management.** 1 cr. Survey and evaluate research relating to human dimensions of wildlife and fisheries mgmt; review of values, satisfactions, and attitudes associated with consumptive and nonconsumptive uses of wildlife and fish. Prereq: CNR major or written cons instr. (On demand)

**WDL 451/651. Management of Wildlife Habitat.** 4 cr. Principles and practices of habitat mgmt for wildlife in North America. Prereq: Summer Camp, English 254, 353, 354, or 358; CNR major or written cons instr. (I, II)

**WDL 456/656. Wildlife Economics.** 1 cr. Economic and other values of wildlife, fish, and outdoor recreation as they apply to environmental impact statements and mitigation of wildlife losses. Prereq: NRES 250, Econ 210 or NRES 372; CNR major or written cons instr. (On demand)

**WDL 458/658. Wildlife Ecology and Conservation Biology.** 3 cr. Applying basic principles of traditional ecology, landscape ecology, genetics, and behavior to management for biological diversity; including development of critical thinking skills for evaluating and synthesizing information to solve wildlife-related natural resource issues of diversity and scarcity. Prereq: 451 or con reg, CNR or biology major or written cons instr. (I, II)

**WDL 459/659. Ecosystem Management and Restoration Ecology.** 3 cr. Methods for managing and restoring ecosystems for biological diversity and sustainable use. Prereq: 458 or NRES 458. (II)

**WDL 499. Special Work.** Upperclass wildlife majors may arrange for independent study with consent of the assoc dean. Credit based on scope of project. Prereq: CNR major or written cons instr. (I, II)

**WDL 740. Wildlife Issues Investigations.** 1 cr. Application of ecological principles and management techniques to studying the relationships between wildlife issues and land uses, culture, economic, and political actions. Prereq: Biology 305 or equiv, and cons instr. Certified elementary and secondary teachers only. (SS)

**WDL 742. Ecological Data Analysis.** 3 cr. Principles and techniques for ecological data analysis, emphasizing model building and hypothesis testing. Study design and traditional statistical approaches. Also power analysis, resource selection functions, spatial statistics, time-series analysis, and population viability analysis. Prereq: Math 355 or Forestry 321 or written cons instr.

**WDL 752. Advanced Studies in Wildlife.** 3 cr. Survey literature concerned with the ecology and management of terrestrial animals. Prereq: 451/651 or cons instr. (On demand)

**WDL 754. Behavioral Ecology.** 3 cr. Discussion of current theories of animal behavior relative to population dynamics, adaptation, and evolution of species. Prereq: 353/553 and Biology 305 or cons instr.

**WDL 758. Animal Ecology and Conservation Biology.** 3 cr. Advanced topics in animal communities including species diversity, rarity, metapopulations, animal invasions, complex species interactions, and animals as regulators of ecosystem functioning. Emphasis on evaluating recent theories with empirical information. Prereq: 458/658 and Biology 305 or written cons instr.

**WDL 762. Quantitative Ecology.** 3 cr. Principles of ecology illustrated by mathematical models. Includes stochastic models, time-series, nonlinear dynamics, demography, and life history theory. Prereq: 353/553

The major in natural science may be applied toward a degree in the College of Letters and Science. It may also be used in the School of Education of the College of Professional Studies for Department of Public Instruction certification in broad-field science.

Enrollment caps are in effect for those seeking teacher certification. Please contact the natural science coordinator early for entrance requirements and application procedures. Also see information about the Professional Education Program and the secondary education curriculum for teacher certification in the *Education* section of this catalog.

### Natural Science Major

Consists of 54 credits. Select ONE option:

#### Earth Science Option:

1. A minor in earth science consisting of 22 credits.
2. Astronomy 205 and 206, 8 credits (may be used in the earth science minor in replacement of Astronomy 311 and one elective credit).
3. Biology, 10-14 credits including Biology 130 and 160.
4. Chemistry, 9-14 credits including Chemistry 105 and 106, or 115 and 116.
5. Physics, 10-14 credits including Physics 203 and 204, or 150 and 250.
6. At least 14 credits must be earned in one of the areas listed in items 3, 4, or 5 above.
7. Collateral courses: 4 credits from Math 111, 118, 119, or 355.

#### Life Science Option:

1. A biology minor consisting of 22 credits.
2. Chemistry, 9-14 credits including Chemistry 105 and 106, or 115 and 116.
3. Earth Science, 8-14 credits selected from: Geography 101, 352, 353, 354; Geology 104, 106, 200, 370; Astronomy 205, 206 or 311.
4. Physics, 10-14 credits including Physics 203 and 204; or 150 and 250.
5. At least 14 credits must be earned in one of the areas listed in items 2, 3, or 4 above.
6. Collateral courses: Math 111 or 120 or 355.

#### Physical Science Option:

1. A minimum of 38 credits in physical science:
  - a. A minor in either chemistry (24 credits) or physics (25 credits);
  - b. Fourteen credits in the other area.
2. Biology 130 and 160, 10 credits.
3. Earth science, 8-10 credits selected from: Geography 101, 352, 353, 354; Geology 104, 106, 200, 330, 370; Astronomy 205, 206 or 311.
4. Collateral courses: For chemistry minor take Math 111 or 120; for the physics minor take Math 222.

### Natural Science Broad-Field Minor

Consists of 25 credits, at least 5 from each area:

1. Earth science: Astronomy 205, 206 or 311; Geography 101, 352, 353, 354; Geology 104 and 106, 200, 330, 370.
2. Life Science: Biology 101, 130, 160.
3. Physical Science: Chemistry 101, 105, 106, 114, 115, 116; Physics 101, 203, 204, 150, 250.

### Academic Standards

1. To be approved for graduation, you must have a minimum overall grade point average of 2.00 (2.75 to student teach) in all courses included in your natural science major, regardless of any declaration of academic bankruptcy. Transfer credits and grades are not included when figuring your GPA; however, ALL grades are counted if you apply for teacher certification.
2. In addition, you must meet the minimum GPA required for the minor that goes with the natural science option you are pursuing. See descriptions of the minors in the earth science, biology, chemistry, or physics sections of this catalog.
3. See the *More Academic Information* section of this catalog for the policy on repeating courses.
4. **Minor:** If you wish to minor in natural science broad-field, you must have a minimum grade point average of 2.00 in all courses required for your minor, regardless of a declaration of academic bankruptcy. Only UWSP credits and grades will be used to determine grade point average.

### Paper Science Major

Consists of major, collateral, and university general degree requirements, totaling 141 credits. (See Paper Science course listings for descriptions.)

1. Paper science courses, 48 credits: 210, 215, 314, 320, 326, 350, 355, 360, 365, 430, 440, 475, 485, 486, 490, 495.
2. Mill internship: Paper Sci 300, 3 credits.
3. Chemistry 115 and 116 (or 105 and 106), 248, 325, 326, 328, 330 (or 335 and 338). (These courses satisfy the requirements for a chemistry minor.)
4. Collateral courses, 35 credits: CIS 205; Econ 210; Math 120, 121, 222, 320; Physics 150, 250; Natural Resources 357 or Water 481 or Waste 380, or Waste 488 or 489.

### Academic Standards

1. To be accepted as a major in paper science at the beginning of your junior year, you must have a minimum grade point average of 2.75, regardless of any declaration of academic bankruptcy.
2. The 2.75 GPA is a prerequisite for any paper science course numbered 300 and above.
3. You may not apply grades of D+ or lower to satisfy prerequisites for any paper science course. You may apply to the major only one grade of D+ or below in required paper science courses and collateral requirements numbered 300 or above.
4. If you do not meet these standards, you may petition the chair of the department for consideration.

### Courses in Paper Science

**PAPR 101. Introduction to Pulp and Paper Processes.** 3 cr. A survey of the pulping and papermaking processes with emphasis on present technology and use of raw materials; field trips to observe commercial operations. 2 hrs lec, 1 hr disc per wk.

**PAPR 105. Freshman Forum.** 1 cr; pass/fail. Orientation to technical and professional aspects of the paper and allied industries; presentation of information by students, faculty, and guest lecturers.

**PAPR 210. Pulp and Paper Laboratory Methods.** 3 cr. Laboratory methods in pulp, paper, and nonfibrous testing; microscopic techniques; emphasis on statistical analysis of data. 1 hr lec, 4 hrs lab per wk. Prereq: Chem 116 or 106, or cons instr.

**PAPR 215. Introduction to Process Engineering Calculations.** 4 cr. Basic principles and techniques of engineering problem formulation and solution; material and energy balances, including chemical reactions and studies of advanced systems; thermodynamic properties and engineering data information management; introduction to computer modeling and simulation; applications to pulp and papermaking process engineering. Prereq: Chem 116 (or 106); Math 118 and 119; CIS 205; Paper Sci 210; or cons instr.

**PAPR 300. Mill Internship.** 3 cr. Paper science majors work 10 weeks in a pulp and paper mill, with emphasis on manufacturing assignments; comprehensive report required. Prereq: Cons chair.

**PAPR 314. Engineering Statistical Design and Analysis.** 3 cr. Statistical methods for the design, analysis and improvement of engineering experimentation and process operation: experimental

design, regression analysis, modeling, analysis of variance, and evolutionary operation. Prereq: Jr st in paper science or cons instr.

**PAPR 320. Fluid Mechanics and Hydraulics.** 3 cr. Properties of fluids; momentum transport phenomena; laminar and turbulent flow; measurement and control of flow; fluid machinery; engineering calculations and design; economic factors. 2 hrs lec, 3 hrs lab/disc per wk. Prereq: 215; Math 222; Physics 150; or cons instr.

**PAPR 326. Heat Transfer Operations.** 3 cr. Fundamental heat transfer mechanisms: conduction, convection, and radiation; heat transfer coefficients; heat exchange equipment; evaporation and evaporator systems; drying; economic factors; applications specific to pulp and paper processes; study of field operations. 2 hrs lec, 3 hrs lab per wk. Prereq: 320 or cons instr.

**PAPR 350. Wood and Pulping Technology.** 4 cr. Cellulose, hemicelluloses, lignin, wood extractives, wood and fiber microstructure; commercial pulping and bleaching processes. Effective use of technical literature and presentation of information. 3 hrs lec, 3 hrs lab/disc per wk; field trips to commercial operations. Prereq: 215 and Chem 326.

**PAPR 355. Paper and Fiber Physics.** 4 cr. Fiber structure and properties; interfiber bonding; mechanical optical, chemical properties of paper; interrelations between structure, sheet formation, consolidation factors, and ultimate properties. Effective use of literature and presentation of information. 3 hrs lec, 3 hrs lab/disc per wk. Does not count toward major or minor in physics. Prereq: 350 or cons instr.

**PAPR 360. Process Dynamics and Control.** 3 cr. Dynamic model formulation and solution, using Laplace transform, analog, and digital computing techniques; control theories, strategies, and equipment; controller tuning; applications to pulp and paper processes; field trips. 3 hrs lec, 3 hrs lab/disc per wk. Prereq: 215 and Math 320.

**PAPR 365. Colloid and Surface Phenomena.** 3 cr. Principles of colloid and surface chemistry; electrokinetic and base exchange phenomena; thermodynamics of interfacial systems; adsorption; applications to coatings, flocculation, fillers, and wet end additives. Prereq: Chem 330 or 335.

**PAPR 390. Special Topics in Paper Science.** 1-3 cr. Subtitle will designate topic and credits.

**PAPR 399. Research Problem.** 1-3 cr. Upperclass paper science majors may arrange for special laboratory or field research in consultation with staff and industry with cons chair. Emphasizes problem analysis, literature searches, and communication of research results. Credit is based on scope of project.

**PAPR 410. Leadership Practicum.** 1 cr. Develop leadership and supervisory skills; instruction in laboratory safety. Prereq: Sr st.

**PAPR 430. Mass Transfer Operations.** 3 cr. Fundamental concepts; mass transfer coefficients; gas absorption; filtration; extraction; pulp washing systems; sedimentation; cooling, humidification, air conditioning; drying; applications specific to pulp and paper processes; study of field operations. 2 hrs lec, 3 hrs lab/disc per wk. Prereq: 326 or cons instr.

**PAPR 440. Industrial Thermodynamics and Kinetics.** 4 cr. Thermodynamic properties; energy and entropy balances; thermodynamics of energy conversion: combustion, steam, vapor power cycles; energy recovery systems; chemical kinetics and reaction engineering; economic and environmental factors; applications to pulp and paper processes; field trips. 3 hrs lec, 2 hrs lab/disc per wk. Prereq: 326 and Chem 330 or 335; or cons instr.

**PAPR 445. Paper Coating and Converting.** 3 cr. Pigment coating materials and processes; converting operations including laminating, corrugating, extrusion and hot melt coating; functional coatings; presentation of information by staff and guest lecturers. Prereq: Sr st in paper sci or cons instr.

**PAPR 475. Paper Machine Operations.** 3 cr. Hydrodynamics of fibrous suspensions; dynamics of sheet formation and water removal; fundamentals of pressing; analysis of drying process in terms of heat and mass transfer; engineering calculations performed on full scale production paper machines; field trips to paper mills and affiliated industries. 2 hrs lec, 3 hrs lab/disc per wk. Prereq: 355 or cons instr.

**PAPR 485. Systems Engineering and Simulation.** 3 cr. Modeling and simulation of pulp and papermaking systems; computer systems analysis; commercially available simulation hardware and software; model building for engineering systems; industrial case histories and economic systems optimization. 1 hr lec, 3 hrs lab/disc per wk. Prereq: 215, 350, 355, or cons instr.

**PAPR 486. Engineering Design Project.** 3 cr. Engineering economics; interest and economic equivalence; methods of comparing project and investment alternatives. Individual student project includes project definition, equipment selection and sizing, capital and operating cost estimation, economic evaluation and justification; oral and written presentation of project. 2 hrs lec, 1 hr disc per wk. Prereq: Cons instr.

**PAPR 490. Seminar I.** 1 cr; pass/fail. Orientation to technical and professional aspects of the paper industry; presentation of information by students, staff, and guest lecturers. Prereq: Sr st in paper sci, or cons instr.

**PAPR 495. Seminar II.** 1 cr; pass/fail. Presentation and discussion of information by students, staff, and guest lecturers. Prereq: Sr st or cons instr.

### Peace Studies Minor

Consists of 18 credits.

1. Pax 200, 490 or 491.
2. After you complete Pax 200, take 12 credits from one of the groups below. Consult with the coordinator to determine your area of interest. No more than 6 credits from one department or discipline may apply to your interest area. You may take 3 credits of 300 level independent study or special topics courses with coordinator consent.
  - a. **Global peace and development:** Choose 12 credits from Economics 362; Geography 110, 340, 358; History 260, 318, 329, 373, 393; Philosophy 380, 381; Political Science 305, 374, 376, 383, 385, 387; Religious Studies 302; Psychology 320, 322; Sociology 355, 360; special topics courses or Pax 399 with prior approval.
  - b. **Social justice and human rights:** Choose 12 credits from Anthropology 110, 339; Communication 373; Economics 328, 345; English 376; History 383, 393; Philosophy 350; Political Science 374, 396, 414; Psychology 240, 320, 322; Sociology 300; special topics courses or Pax 399 with prior consent.

### Courses in Peace Studies

**PAX 200. Dilemmas of War and Peace: An Introduction to Peace Studies.** 3 cr. Examine history of warfare and conditions of peace; role of cultural and political institutions; development of international conflict resolution and systems of peace. GDR:HU4

**PAX 390. Internship/Practicum.** 1-3 cr. Under instructor supervision, work with organizations striving to advance peace and social justice. Research paper required. Credits determined by instructor. May be repeated. Prereq: PAX 200, 3 cr toward interest area and cons coord.

**PAX 399. Special Work.** 1-3 cr. Upperclass students may arrange for independent study with cons instr. Credit based on scope of project. Prereq: PAX 200 and cons coord.

**PAX 490. Seminar.** 3 cr. Contemporary problems and "classic" texts in peace studies; research and analysis. Prereq: PAX 200 and 9 cr toward interest area.

**PAX 491. Senior Thesis.** 3 cr. Research and analysis of a topic reviewed by faculty from at least two disciplines. Prereq: PAX 200, 9 cr toward interest area and cons coord.

### Philosophy Major

Consists of a minimum of 27 credits including:

1. History: Phil 325, 326, and 327.
2. Logic: Phil 322.
3. Value theory: Phil 305 or 336.
4. Systematic: One course from Phil 306, 310, 312, 318, or 320.
5. Seminar: Phil 490.
6. Electives: At least 6 additional credits in philosophy which may include either 100 or 101, but not both.

### Philosophy Major with Concentration in Environmental Ethics

Consists of a minimum of 33 credits including:

1. History: Phil 325, 326, 327.
2. Logic: Phil 121 or 322.
3. Value theory: Phil 305 or 336.
4. Environmental ethics: Phil 380 and 480.
5. Philosophy electives: 3 credits from Phil 230, 303, 306, 307, 315, 320, 350.
6. General electives: 9 credits (at least 6 must be 300 level or higher) from: Biology 305, 308; Economics 342; English 358, 363, 365, 392; Forestry 232; Geography 100, 340; History 366, 368, 394; Clinical Lab Science 395; Natural Resources 150, 151, 320, 323, 330, 370, 395, 412, 458, 459, 460, 491, others may be considered; Phil 381; Political Science 304, 305; Religious Studies 301; SHP 330; Sociology 355.

### Philosophy Major with Concentration in Religious Studies

Consists of a minimum of 33 credits including:

1. **Philosophy core**, 12 credits.
  - a. Logic: Phil 121 or 322.
  - b. Content areas: Three additional courses in philosophy. Two must be at 300 level.
2. **Religious studies concentration**, 21 credits.
  - a. Non-Western religions: One course from Rel Std 100, 105, 316, 340, 341, or Phil 105.
  - b. Western religions: One course from Rel Std 101, 303, 304, 311, or 330.
  - c. Approaches to the study of religion: One course from Rel Std 102, 107, 301, 302. 321, or Anthropology 320.
  - d. Senior seminar: Rel Std 450.
  - e. Electives: A minimum of 9 additional credits from religious studies or collateral courses in anthropology, history, and philosophy. Collateral courses must be approved by religious studies coordinator or department chair.

# 152 Philosophy

## Philosophy Minor

Consists of a minimum of 18 credits including:

1. Critical thinking: Philosophy 121.
2. History: Two courses from Phil 325, 326, or 327.
3. One course from Phil 305, 306, 310, 312, or 322.
4. Electives: At least 6 additional philosophy credits.

## Philosophy Major and Minor for Teacher Certification

For teacher certification a minimum of 34 credits is required for a major in philosophy, and a minimum of 22 credits for a minor. All other requirements are the same.

## Philosophy Honors Program

The Department of Philosophy offers an honors program for students majoring in philosophy or philosophy with a concentration in religious studies. To apply for admission, contact the department chair if you have a 3.0 grade point average with at least 30 university credits of which six are philosophy or religious studies. The requirements are:

1. Complete all the requirements for the major with a GPA of 3.5 for courses in the major.
2. Complete a minimum of 9 honors credits in philosophy and/or religious studies courses with a grade of A Honors.
3. Complete 3 of the 9 honors credits in Phil 399 or Rel Std 399, Independent Study: Honors Project.

## Academic Standards

1. To ensure that your program is as well planned as possible, the Philosophy Department requires each major or minor to have a departmental adviser.
2. You must have your adviser's approval on all philosophy courses you select to apply to the major or minor.
3. You may apply selected upper division religious studies courses to your philosophy major or minor if it will strengthen your program and you have your adviser's approval.
4. To be accepted and retained as a major and approved for graduation, you must have a minimum grade point average of 2.00 (2.75 to student teach) in courses counted toward the major, including transfer credits and regardless of any declaration of academic bankruptcy. Courses taken pass/fail or with a grade lower than C may not be counted toward the major. You may repeat a course in the major only if you follow the policy on repeating courses found in the **More Academic Information** section of this catalog.
5. Courses in philosophy are open to all students who meet the prerequisites.

## Test-out Policy

You may apply to test out of any course in philosophy, religious studies or anthropology that meets one or more of the general degree requirements. The department chair will make arrangements for the test. You will work with a designated faculty member who will confer with you regarding date, site, question format, etc. The faculty member will prepare a comprehensive written exam, grade it and inform you in writing of your grade within two weeks of taking the exam. If you receive a grade of B or higher, the corresponding GDR requirement will be waived.

The department assumes no responsibility for preparing students for test-out examinations. You may not apply to test-out of a course in which you are currently enrolled. You may not attempt to test out of a specific course more than once.

## Courses in Philosophy

**PHIL 100. Introduction to Philosophy.** 3 cr. Survey of important problems in philosophy such as the nature of reality, knowledge, value, God and man. GDR:HU3

**PHIL 101. Contemporary Moral Problems.** 3 cr. An attempt to clarify selected contemporary moral issues by applying insights of moral philosophy and tools of critical reflection. GDR:HU3

**PHIL 104. The Ways of Philosophy: Searching for a Worthwhile Life.** 3 cr. Introduction to eastern and western ways of philosophy that have guided men and women throughout history.

**PHIL 105(NW). Philosophy and Religion of India and China.** 3 cr. An introduction to the origin and development of Indian and Chinese thought and religion, with emphasis on Hinduism, Buddhism, Taoism, and Confucianism. GDR:HU3

**PHIL 121. Critical Thinking.** 3 cr. Fundamental principles of reasoning; recognition, analysis, and evaluation of arguments; selection and testing of hypotheses. GDR:HU3

**PHIL 199. Reading in the Discipline.** 1 cr; pass/fail. Improve critical reading and thinking skills. Taken in conjunction with designated sections of philosophy courses.

**PHIL 230(NW). Philosophy of Human Nature: Eastern and Western.** 3 cr. Introduction to some of most prominent theories of human nature. How important Eastern and Western thinkers understood the human condition and their view on how people should live. Emphasis on understanding the basic theories and their contemporary relevance. GDR:HU3

**PHIL 302. Ethics and Medicine.** 3 cr. Critical examination of ethical issues in medicine and health care. GDR:HU3

**PHIL 303. Philosophy of Art.** 3 cr. Examination of traditional and contemporary theories about the nature and function of art, the processes of artistic creation and appreciation, and philosophical problems in art criticism.

**PHIL 305/505. Ethics.** 3 cr. Critical examination of moral concepts and representative ethical systems. GDR:HU3

**PHIL 306. Philosophy of Science.** 3 cr. Examine scientific theories for content and structure, explanatory function, and confirmation. GDR:HU3

**PHIL 307. Science and Value.** 3 cr. Examine relationship between scientific knowledge and basic moral values. GDR:HU3

**PHIL 310. Metaphysics.** 3 cr. Study of the nature, limits, and structure of ultimate reality and its relation to the sciences.

**PHIL 312. Epistemology.** 3 cr. Study of nature, limits, and bases of human knowledge.

**PHIL 315. Philosophy of Law.** 3 cr. Examination of legal concepts, natural law, and the logic of reasoning. GDR:HU3

**PHIL 318. Philosophy of Language.** 3 cr. Introduction to theories of meaning and the role played by language in man's conception of the world.

**PHIL 320. Philosophy of Religion.** 3 cr. Basic problems of the philosophy of religion such as the existence of God, the problem of evil, religious language, and immortality. GDR:HU3

**PHIL 322. Symbolic Logic.** 3 cr. Introduction to symbolic logic including truth functions, general quantification theory, scope and limits of formal logic.

**PHIL 325. Ancient Greek Philosophy.** 3 cr. The pre-Socratics, Plato, Aristotle, and post-Aristotelian philosophers. GDR:HU3

**PHIL 326. 17th and 18th Century Philosophy.** 3 cr. Major philosophic movements and figures from the Renaissance through Immanuel Kant. GDR:HU3

**PHIL 327. 19th and 20th Century Philosophy.** 3 cr. Major philosophic movements and figures in the 19th and 20th centuries. GDR:HU3

**PHIL 336. Political and Social Philosophy.** 3 cr. Historical and contemporary analyses of fundamental concepts of political and social theory including the state, law and rights, and political obligation. Prereq: So st. GDR:HU3

**PHIL 350. Feminist Philosophy.** 3 cr. Surveys and analyzes the history of and contemporary directions in feminist philosophy.

**PHIL 380. Environmental Ethics.** 3 cr. Philosophical, religious, and scientific concepts and values that have structured human attitudes toward the natural environment; also, alternative concepts and values. GDR:HU3 EL

**PHIL 381(NW)/(MNS). American Indian Environmental Philosophies.** 3 cr. Traditional and contemporary American Indian thought about people in relationship to the natural world with reference to Wisconsin tribes. GDR:HU3

**PHIL 392. Department Internship.** 1 cr; pass/fail. The intern provides small group writing and reading assistance in selected philosophy and religious studies courses. Prereq: Cons instr.

**PHIL 395/595. Philosophical Problems.** 1-3 cr. A significant philosophical problem and related literature. Subtitle will designate area. Prereq: 3 cr in philosophy or cons instr.

**PHIL 399. Independent Study.** 1-3 cr. Independent study of a philosophical problem, theme, thinker, or period arranged with instructor with cons chair. Credit based on scope of project.

**PHIL 480/680. Advanced Environmental Ethics.** 3 cr. Advanced study of ethical relationships between humans and the nonhuman world. Prereq: (Undergrads only) 380 or cons instr.

**PHIL 490/690. Seminar.** 3 cr. Intensive study of a major philosophic figure or topic. Subtitle will designate topic. Prereq: Cons instr.

Courses in *astronomy* are listed under that title earlier in this catalog.

### Physics Major

1. A minimum of 37 credits including Physics 111, 150, 250, 300, 325, 326, 335, 350, 425, 426, 435, 450 and one credit of 388 or 499.
2. A minimum of 24 credits of collateral courses including Chemistry 115 and 116 (or 105 and 106); Math 120, 121, 222, 320.

### Physics Major for Teacher Certification

1. A minimum of 37 credits including: Physics 111, 150, 250, 300, 325, 335, 350, 450. Select the remaining credits from Astronomy 205, 206, 311 or from physics courses numbered above 300.
2. A minimum of 12 credits of collateral courses including Math 120, 121, 222.

NOTE: Enrollment caps are in effect for those seeking teacher certification. Please contact the Physics Department early for entrance requirements and application procedures. Also see information about the Professional Education Program and the secondary education curricu-

lum for teacher certification in the *Education* section of this catalog.

### Academic Standards for Major

1. To be accepted as a physics major, register with the department office no later than the first semester of your junior year. To be retained and approved for graduation, you must have a 2.00 cumulative GPA (2.75 to student teach) in all courses in the major, regardless of any declaration of academic bankruptcy.
2. No more than one grade below C- in physics courses numbered 300 or above may be applied toward major.
3. If you do not meet these standards, you may petition the department chair for consideration. See the *More Academic Information* section of this catalog for the policy on repeating courses.
4. All upper division physics courses (300 and above) are open to all students who meet the prerequisites.

### Physics Minor

1. A minimum of 25 credits including Physics 111, 150, 250, 300 and other physics courses numbered above 300. At least one elective must include a laboratory.
2. A minimum of 12 credits of collateral courses including Math 120, 121, 222.
3. If you are entering a teaching field, you may select Astronomy 311 as an elective. A minor in physics is certifiable for teaching only when accompanied by a major in another science or a major in mathematics.
4. When you decide to minor in physics, register in the department office to be assured of proper advising. To be accepted as a minor you must have a minimum grade point average of 2.00 (2.75 to student teach), regardless of a declaration of academic bankruptcy. The department may grant exceptions. No more than one grade below C- in physics courses numbered 300 or above may be applied to the minor.

### Notes:

1. To major or minor in physics, you must register for acceptance no later than the first semester of your junior year.
2. Physics 325, 435 will be offered first semester only in 2001-02 and 2003-04.
3. Physics 335, 425 will be offered first semester only in 2002-03 and 2004-05.
4. Physics 326, 350 will be offered second semester only in 2001-02 and 2003-04.
5. Physics 426, 450 will be offered second semester only in 2002-03 and 2004-05.
6. You may receive credit for only one of these: Physics 100, 101, 150, 201, 203.
7. You may receive credit for only one of these: Physics 100, 101, 202, 204, 250.
8. You will not receive credit for graduation for a course if you have already successfully completed a more advanced course in a similar area. The following restrictions apply:

**If you received credit for:**

Physics 100  
Physics 101  
Physics 150  
Physics 201  
Physics 202  
Physics 203  
Physics 204  
Physics 250

**you cannot receive credit for:**

Physics 101  
Physics 100  
Physics 100, 101, 201, 203  
Physics 100, 101, 150, 203  
Physics 100, 101, 204, 250  
Physics 100, 101, 201  
Physics 100, 101, 202  
Physics 100, 101, 202, 204

# 154 Physics

## Test-out, Credit-by-Exam Policy

The Department of Physics and Astronomy will offer test-out examinations for all general degree requirement (GDR) courses offered by the department. The exams will cover both lecture and laboratory topics.

If you wish to take a test-out exam, confer with the department chair who will arrange for a faculty member to administer and grade a comprehensive written exam. A passing grade will be at least five percent above the most recent class average. You will be informed of the required passing score before taking the exam. Results will be evaluated and (if appropriate) credit granted by the departmental Educational Policies Committee. You may not take an exam more than once.

Course credit can be granted for Astronomy 205, 206, 311; Physics 115, 150, 203, 204, 250. Credit will NOT be granted for Astronomy 100 and Physics 100 and 101, but the GDR science credit will be waived.

## Pre-Engineering

For all pre-engineering programs except prechemical engineering, you should take the following science and mathematics courses in your freshman and sophomore years: Math 120, 121, 222, 320; Physics 150, 250, 300. Chemistry 115, 116 (or 105, 106) are also recommended. Specific engineering curricula and universities have individual requirements. See a pre-engineering adviser for additional requirements and suggested electives. For recommended courses in prechemical engineering, see the listing under *Chemistry* earlier in this catalog.

## Courses in Physics

**PHYS 100. Energy in Today's World.** 3 cr. Basic energy concepts; energy sources and processes; projected depletion of present resources; role of conservation, research, and development; alternatives and prospects for the future. 2 hrs lec, 2 hrs lab per wk. GDR:NS

**PHYS 101. General Physics.** 5 cr. Fundamental principles of physics for a general audience; designed for students in elementary education, general education, communicative disorders, and physical education. 2 hrs lec, 1 hr disc, 4 hrs lab per wk. GDR:NS

**PHYS 111. Seminar: Introduction to Physics.** 1 cr; pass/fail. For students interested in a major or minor in physics. Topics include careers, areas of current research, and library research techniques. Does not count toward physics requirements of natural science major.

**PHYS 115. Acoustics.** 4 cr. Multidisciplinary introduction to the principles of acoustics integrating information from physics, music, communicative disorders, and psychology. Topics include waves, sound, speech, hearing, resonance, harmonics, analysis and synthesis of sounds. Applications to speech production and music/musical instruments. 3 hrs lec, 2 hrs lab per wk. Does not count toward physics requirements of natural science major. Prereq: Math 100 or equiv recommended. GDR:NS

**PHYS 150. University Physics I.** 5 cr. Mechanics, heat, and sound. 3 hrs lec, 1 hr disc, 3 hrs lab per wk. Prereq: Math 120, or cons instr. GDR:NS

**PHYS 201. Applied Principles of Physics I.** 4 cr. Selected topics in mechanics, heat, and sound. 2 hrs lec, 1 hr disc, 3 hrs lab per wk. Lab manual required. Prereq: Math 100 or equiv, or cons instr. For natural resources students.

**PHYS 202. Applied Principles of Physics II.** 3 cr. Selected topics in electricity, magnetism, optics, and modern physics. 2 hrs lec, 3 hrs lab per wk. Lab manual required. Prereq: 201 or equiv, or cons instr. For natural resources students.

**PHYS 203. College Physics I.** 5 cr. Mechanics, heat, and sound. Recommended for students in general education, biology, and premedical and related fields. 3 hrs lec, 1 hr disc, 3 hrs lab per wk. Prereq: 1 yr of high school algebra and 1 yr of high school geometry, or equiv. GDR:NS

**PHYS 204. College Physics II.** 5 cr. Light, electricity and magnetism, and topics in modern physics. Recommended for students in general

education, biology, and premedical and related fields. 3 hrs lec, 1 hr disc, 3 hrs lab per wk. Prereq: 203 or equiv, or cons instr. GDR:NS

**PHYS 250. University Physics II.** 5 cr. Electricity, magnetism, and optics. 3 hrs lec, 1 hr disc, 3 hrs lab per wk. Prereq: 150, Math 121 or cons instr. GDR:NS

**PHYS 300. Modern Physics.** 3 cr. Special relativity, quantization, Bohr atom, matter waves, Schrodinger equation, structure of nuclei, radioactivity and nuclear reactions, elementary particles. Prereq: 250.

**PHYS 301. Electronics.** 4 cr. Theory, application and practice of solid state devices; circuits and systems using these devices. 3 hrs lec, 3 hrs lab per wk. Lab manual required. Prereq: 202 or 204 or 250 or cons instr.

**PHYS 302. Digital Electronics.** 3 cr. Theory and operation of digital gates, flip-flop circuits, counters, shift registers, multiplexers, and analog to digital converters; applications of Boolean algebra to digital arrays, codes, coding and decoding. 2 hrs lec, 2 hrs lab per wk. Prereq: 202 or 204 or 250 or 301 or cons instr.

**PHYS 325. Electricity and Magnetism I.** 3 cr. Introduction to theory of electrostatics; potentials and fields; dielectrics. Prereq: 250, Math 222.

**PHYS 326. Electricity and Magnetism II.** 3 cr. Magnetostatics; magnetic properties of materials; Maxwell's equations; electromagnetic radiation. Prereq: 325.

**PHYS 335. Advanced Mechanics.** 3 cr. Vectors; rectilinear and curvilinear motions, including simple harmonic and damped vibrations; rotation of rigid bodies; Lagrangian mechanics. Prereq: 250, Math 222.

**PHYS 350. Intermediate Laboratory.** 2 cr. Experiments and laboratory practice in electricity, magnetism, and optics. 1 hr lec, 3 hrs lab per wk. Prereq: 250 or cons instr.

**PHYS 381. Selected Topics.** 1-3 cr. Advanced coursework in areas such as astrophysics, optics, nuclear, or solid state physics. Timetable announces topic. Prereq: Cons instr.

**PHYS 388. Research Participation.** 1-4 cr. Investigate current problems in physics; 3-12 hrs lab per wk. For physics majors/minors. May repeat for 6 cr max. Prereq: Cons research supervisor.

**PHYS 425. Quantum Mechanics I.** 3 cr. Wave functions and operators; Schrodinger's equation; Heisenberg formulation; potential barriers and wells; angular momentum; hydrogen atom. Prereq: 300, Math 222.

**PHYS 426. Quantum Mechanics II.** 3 cr. Approximation methods; spin; selection rules and transitions; helium atom; diatomic molecules; applications to solid state and nuclear physics. Prereq: 425.

**PHYS 435. Thermodynamics and Statistical Mechanics.** 3 cr. Introduction to laws of thermodynamics and their explanation by statistical mechanics. Applications to gases, liquids and solids; boson and fermion systems; phase and chemical equilibrium. Prereq: 250, Math 222.

**PHYS 450. Advanced Laboratory.** 2 cr. Experiments and laboratory practice in atomic and nuclear physics. 1 hr lec, 3 hrs lab per wk. Prereq: 300 or cons instr.

**PHYS 496. Independent Study.** 1-4 cr. Planned study to supplement preparation in area of specialization; regular scheduled conferences with staff supervisor. For physics majors/minors. Prereq: Cons chair.

**PHYS 499. Special Work.** Upperclass physics majors or minors may arrange for independent study with cons chair. Credit based on scope of project.

**PHYS 701. Physical Science.** 3 or 4 cr. In-depth examination of certain developments in physical science from the standpoint of the principles involved and the impact on human thought and way of life. Open to teachers who want an introductory course in physical science.

**PHYS 796. Independent Study.** 1-4 cr. Planned study to supplement preparation in area of specialization. Prereq: Maturity to work independently; must supplement current graduate work.

**Faculty:** B Brophy-Baermann, M Brophy-Baermann, J Canfield, E Miller, J Morser, D Riley, Jianwei Wang, D Williams.

### Political Science Major

Consists of at least 36 credits including:

1. Poli Sci 101 and EITHER 160(NW) or 180.
2. Poli Sci 203.
3. At least 18 credits in courses numbered 300 and above.
4. At least 3 credits in four of the following five fields.
  - a. **American politics and government:** Poli Sci 212, 242, 307, 308, 310, 315MNS, 316, 317, 320, 322, 330, 331, 332, 333, 334, 341, 408, 414MNS.
  - b. **Public policy and administration:** Poli Sci 202MNS, 250, 304EL, 306, 314, 354, 356, 358, 397, 450.
  - c. **Political theory:** Poli Sci 270, 391, 392, 393, 394, 395, 396, 497.
  - d. **Comparative politics:** Poli Sci 361, 362, 364, 366, 370, 371NW, 374.
  - e. **International politics:** Poli Sci 305EL, 376, 383, 385.

### Recommended Emphases

**Graduate School Preparation:** Poli Sci 203, 397, 497; Computer Information Systems 101/102; English 250; Math 355.

**Prelaw:** Poli Sci 212, 320, 330, 331, 332, 333, 334, 395, 450; Accounting 210; English 250; Philosophy 315.

**Public Policy and Administration:** Poli Sci 202, 250, 354, 356, 358, 397; Computer Information Systems 101/102; Math 355.

**Teacher Certification:** You need 12 credits American politics and government, including 3 credits public law and 3 credits state and local; 6 credits comparative and international; 6 credits theory including Poli Sci 203 or 497 that is required for certification by the Department of Public Instruction. The DPI also requires all elementary and secondary education majors to take Poli Sci 201 or Poli Sci 101 and 242.

### Political Science Minor

Consists of at least 21 credits including:

1. Poli Sci 101 and EITHER 160NW or 180.
2. At least 9 credits in courses numbered 300 and above.
3. At least 3 credits in four of the five fields listed above with the major.

### Academic Standards

1. To graduate with a major in political science, you must earn a grade point average of 2.50 or higher (2.75 to student teach) in ALL courses taken in the major, including transfer courses, regardless of any declaration of academic bankruptcy. You may repeat a course in the major only if you follow the course re-

peat policy found in the *More Academic Information* section of this catalog.

2. Begin your study of political science by taking Poli Sci 101. Take 200 level survey courses before the 300-400 level courses in the various fields.
3. Courses in political science are open to all students who meet the prerequisites.

### Credit-by-Exam Policy

The Political Science Department will grant credit for political science courses that satisfy general degree requirements if you demonstrate your competency on an authorized examination. You may attempt an exam only once.

1. For Poli Sci 101 and 201 you must receive a score of 3 or higher on the Advanced Placement (AP) test or score at or above the 50th percentile on the College Level Entrance Placement (CLEP) test.
  - a. For 201 you must also pass, with a score of at least 70 percent, a supplemental exam prepared by the department on state and local government.
  - b. If you score high enough on the AP or CLEP but not on the supplemental exam, you will receive credit for 101 but not 201.
2. For Poli Sci 160 you must receive a score of 3 or higher on the AP test or pass a department-authorized exam described below.
3. For the remaining political science courses that meet general degree requirements you will receive access to materials from the current or most recent course. The exam will be based on recent tests from the course. The instructor will evaluate your proficiency and assign a grade of P or N based on standards outlined in the course syllabus.

### Courses in Political Science

**POLI 101. American Politics.** 3 cr. Survey of American politics and government. May not earn credit in both 101 and 201. GDR:SS1

**POLI 160(NW). Comparative Politics.** 3 cr. Theories of comparative politics; study of political systems of selected Western, non-Western, and Communist countries. GDR:SS1

**POLI 180. International Relations.** 3 cr. Analysis of general principles and theories of international politics and organizations; emphasis on security, power, prestige, and peace. GDR:SS1.

**POLI 190. Contemporary Political Issues.** 1 cr; pass/fail. Critical examination of social and political implications of a major, contemporary issue. 2 hrs per wk. Subtitle will designate area. May take twice with different subtitles.

**POLI 201. American Governments for Teachers.** 3 cr. Survey of U.S. national, state, and local governments. For students seeking teacher certification. May not earn credit in both 201 and 101. Does not count toward a Poli Sci major or minor. GDR:SS1.

**POLI 202(MNS). American Policymaking.** 3 cr. Analysis of governmental policymaking; emphasis on theories of the policy process and substantive policy issues. GDR:SS1

**POLI 203. Introduction to Political Analysis.** 3 cr. Introduction to approaches and methods of political science research. Emphasis on research design, data collection, interpretation, and use of computers in political science. Prereq: 101 or 160 or 180 or cons instr.

**POLI 212. Law and Legal Systems.** 3 cr. Nature of law and legal processes as instruments of social control. Prereq: So st. GDR:SS1

**POLI 242. State and Local Government.** 3 cr. Analysis of political structure, functions, and behavior at the subnational level; examination of empirical theories which seek to explain political behavior in states and communities; emphasis on Wisconsin. Prereq: So st. GDR:SS1

**POLI 250. Public Administration.** 3 cr. Theory and practice of public administration in the United States. Prereq: So st. GDR:SS1

# 156 Political Science

**POLI 270. Theories of Politics.** 3 cr. Critical survey of literature, problems and solutions in political theory; nature of political man, purposes and conceptions of government, and viability of government as a social control device. Prereq: So st.

**POLI 304/504. Environmental Policy.** 3 cr. Environmental quality policymaking processes and policy outputs, including statutes, agency rules, and court decisions dealing with air, water, and land; technology as problem and solution; analysis of costs, results, trends. GDR:EL

**POLI 305. International Environmental Politics.** 3 cr. Analysis of regional and international environmental issues, and how politics plays a role in defining and posing solutions for global ecological problems. Emphasis on rationality, interdependence, and development. GDR:EL

**POLI 306/506. Health Politics and Policies.** 3 cr. Focus on public policy of health care financing, delivery, access, and providers; impact of major government programs and proposed reforms; emphasis on technological change and its impact. GDR:SS2

**POLI 307. Politics and the Media.** 3 cr. Analysis of the role mass media play in American politics. Emphasis on relationship between media and major political institutions as well as controversies surrounding the media. Prereq: 101 or cons instr.

**POLI 308. Public Opinion.** 3 cr. Formation, measurement, and content of American political opinions; relationship to public policies.

**POLI 310. American Presidency.** 3 cr. An analysis of the development of the American chief executive, with primary emphasis on the 20th century president; the nature of presidential power, its effectiveness and its limitations.

**POLI 314/514. Public Policy Issues.** 3 cr. Intensive analysis of selected national public policy issues; their origin, development, proposed solutions, and political impact.

**POLI 315(MNS). Minority Group Politics.** 3 cr. Political behavior and impact of ethnic, religious, racial and ideological minority groups in the United States. GDR:SS1

**POLI 316/516. Parties and Elections.** 3 cr. Description and critical examination of political parties and voting behavior in the United States.

**POLI 317/517. Political Corruption and Reform.** 3 cr. Examination of ethical issues surrounding elections and governing. Corruption, scandals, and reform legislation. Prereq: 101.

 OR History.Department@uwsp.edu

The social science major is available with or without teacher certification. If you are working toward teacher certification, select alternative A or B listed below in order to meet Wisconsin certification requirements for high school social studies teachers.

### Social Science Major

Without teacher certification consists of the following:

1. Meet requirements for a minor in one of the following fields: anthropology, economics, history, political science, sociology.
2. Earn 6 or more credits in each of three social science fields listed below, but do not include the field you have selected for your minor:
  - a. Anthropology.
  - b. Economics.
  - c. Geography (human), consisting of Geography 110, plus 3 credits in human geography courses numbered 300 or above.
  - d. History (in addition to history credits necessary to meet the general degree requirements).
  - e. Political Science.
  - f. Psychology.
  - g. Sociology.
3. Sufficient additional credits to total 45 or more, with at least 15 in courses numbered 300 or above.

### Broad-Field Social Science Major for Teacher Certification (grades 7-12)

Consists of a minimum of 54 social science credits from the following subjects: anthropology, economics, geography (human), history, political science, psychology and sociology. Select alternative A or B.

#### Alternative A:

1. A certifiable major (minimum of 34 credits) in one of the subject areas listed above and
2. A minimum of 20 credits distributed over at least two of the other social science subjects.
3. At least 12 credits must be in history and/or political science.

#### Alternative B:

1. A certifiable minor (minimum of 22 credits) in one of the social science subjects listed above and
2. A minimum of 32 credits distributed over at least three of the other social science subjects.
3. At least 12 credits must be in history and/or political science.

This "broad-field" social science major will permit teaching in the major field, the minor field, and the fusion courses. (The fusion courses are those drawn from several of the social science disciplines and, therefore, require a composite preparation in social science. Fusion courses include civics, social problems, American problems, area studies, vital issues, etc.) In addition, broad-field social science majors may be certified to teach in any of the social science disciplines in which they have completed 9 credits.

For certification in the "broad-field" social sciences, Wisconsin statutes require instruction in conservation and cooperatives. These requirements (normally Economics 210 or 272, and Natural Resources 370) are described in the **Education** section of this catalog.

### Social Science Minor

Without teacher certification consists of 24 credits, 6 credits in each of the following social studies areas:

1. **Economics.** Required: Econ 210; Elective: Econ 211 or any 3 credit course numbered 300 or above approved by the social science adviser.
2. **Geography.** Required: Geography 110; Elective: any 3 credit course in human geography numbered 300 or above approved by the social science adviser.
3. **Political science.** Required: Poli Sci 101; Elective: any 3 credit course numbered 300 or above approved by the social science adviser.
4. **Sociology and anthropology.** Required: Sociology 101; Elective: any 3 credit course numbered 300 or above approved by the social science adviser.

### Broad-Field Social Science Minor

This minor is open only to elementary education majors and is for DPI certification to teach grades 1-8. It consists of at least 24 credits as follows:

1. History, 9 credits: History 130 or 211; 107 or 108; and 3 credits from 215, 216, 219, 220, 253, or 254.
2. Political Science 160.
3. Geography 113 or 120.
4. Sociology 102.
5. At least 6 credits from Economics 210, Sociology 101, Anthropology 101.

### Academic Standards

1. To graduate with a major in social science you must have a 2.0 cumulative GPA (**without** teacher certification) and a 2.75 cumulative GPA (**with** teacher certification) in all major required courses, including transfer courses, regardless of any declaration of academic bankruptcy.
2. No more than two courses for which you earned a D or D+ may be repeated for credit in the major. See the **More Academic Information** section of this catalog for the policy on repeating courses.
3. Courses in the social science major (without teacher certification) are open to all students who meet the prerequisites.
4. Enrollment caps may be enforced for admission into the Professional Education Program for certification in broad-field social science. See your adviser or the coordinator of the program for more information.

1. To be accepted as a major or minor at the beginning of your junior year, retained and approved for graduation, you must have a minimum grade point average of 2.00 (2.75 to student teach) in the major, including transfer courses, regardless of any declaration of academic bankruptcy. You may repeat a course in the major if you follow the course repeat policy found in the **More Academic Information** section of this catalog. The chair may allow exceptions on a conditional basis.
2. You may petition the chair to accept coursework done at other institutions, but no more than one-half the credits applied to your major may be earned outside this university. The chair may allow modifications to this rule.
3. You may take courses out of normal class level sequence only if you have approval from your adviser and instructor.
4. If you are preparing for specialized graduate studies, a professional school, or a specific career, you should request assignment to an adviser who is knowledgeable in that area to help you select your study program.

## Test-Out and Credit-by-Exam Policy

You will receive course credit for Sociology 101 if you take the Introduction to Sociology CLEP exam and receive a score equal to or greater than the 50th percentile. You must arrange to take the CLEP exam with Testing Services in Delzell Hall.

### About the Department

Recognized as one of the premiere undergraduate theatre and dance departments in the upper Midwest, the department is an accredited member of the National Association of Schools of Dance and the National Association of Schools of Theatre.

### Program Options

You may pursue either the bachelor of arts (BA) or bachelor of science (BS) degree in theatre arts with an option in dance or drama.

If you seek more specialized education in theatre, you may pursue the bachelor of fine arts (BFA) in theatre arts with options in drama or musical theatre. The BFA drama option has specializations in acting and design/ technology.

Minors are available in dance and drama. There is no musical theatre minor.

### Academic Standards

To be retained as a major or minor in any of the theatre arts options and to be approved for graduation, you must have a minimum grade point average of 2.75 in all courses taken within the major or minor, including transfer courses, regardless of any declaration of academic bankruptcy. You may repeat a course in the major or minor if you follow the course repeat policy found in the **More Academic Information** section of this catalog.

### Credit-by-Exam Policy

The Theatre and Dance Department offers credit-by-exam for specific courses. If you wish to take the test-out exam, contact the department chair to arrange an exam with the appropriate faculty member. If credit is granted, results will be forwarded to Registration and Records.

### Transferring Credits

You may apply transfer credits to the major or minor with the approval of the department chair.

### Annual Meetings

As a theatre and dance major or minor, you are expected to attend the departmental meeting held at the beginning of the fall semester.

### Advising

You will be assigned a faculty adviser whose specialty matches your area of interest. The dance coordinator advises all new and transfer dance majors and minors during the first year. Thereafter, you are assigned to one of the other dance faculty. BFA students are advised by the program head of the particular major. Drama majors are advised by the department chair or other drama faculty.

# 168 Theatre and Dance

## Scholarships

The department has a limited number of scholarships available for entering students in dance, drama, design/technology, and musical theatre. Contact the department Web site or theatre and dance office for information about annual scholarship auditions. Scholarships are also available for continuing students.

## Required Practicum

**For Majors:** Register for a practicum each semester.

Practicum areas are scene shop, costume shop, deck run crew, costume run crew, house/public relations, design, performance, directing/choreography/management. You may repeat an area after you have completed 6 different activities.

**For Minors:** Register for a different practicum once each year. You may not repeat an area.

**For Majors and Minors:**

1. Run crew must work appropriate rehearsals and the run of the show.
2. Other activities must complete 40 hrs work.
3. Credit for practicum includes Dance 226, 426, or Theatre 226, 426, as appropriate.
4. If you do not register for a practicum or do not complete the activity satisfactorily, you will be placed on probation and must make up the missed work in the next semester. If you must make up missed work, you must also register for a practicum for the current semester. If the work is not made up, you will be dropped from the major or minor.
5. Normally a practicum may only count in the current semester. If a production occurs unusually late in a semester, the practicum for that production may count for the following semester.

## DANCE

### About the dance program

The UWSP dance program emphasizes a technical core of ballet, jazz, tap, and modern. Additional courses include composition, movement theory, dance history, lighting and sound design, dance education, and the senior level interdisciplinary seminar. The seminar includes multi-media production, promotes multifaceted learning, broadens employment potential, and contributes to a total educational experience. The UWSP dance curriculum also enables you to pursue a minor or a second major.

If you are not a dance major, we invite you to enroll in our nonmajor dance courses to experience the joy of dancing and appreciate the value of dance as an art form.

### Admission/retention requirements

To be eligible for admission to the dance program as a major or minor, you must successfully complete an on-campus performance audition and interview. Admission into the dance program does not guarantee admission into

the university. Applications and the audition schedule are available on our Web site or from the Theatre and Dance Department. To continue as a major or minor, you must meet the dance program's retention criteria and successfully complete performance juries each semester.

### Performance and choreography

We encourage you to continue your training throughout your undergraduate studies. After completing the core requirements, you may take selected performance classes for either 2 or 3 credits. You have a variety of opportunities to perform and/or choreograph in departmentally sponsored mainstage and studio productions, Players and Entertainment sponsored productions, and composition class showings.

### Professional opportunities in dance and a related academic field

The interdisciplinary focus of our dance program educates you to be innovative in finding and creating employment opportunities. UWSP dance majors have a high record of achievement in their post-graduate career tracks.

### Courses for nonmajors/nonminors

Dance 103, 105, 112, and 114 are open to all university students. All other technique and performance courses are open to those who meet the prerequisites or test-out criteria. You may apply one credit of each course toward the wellness/aerobic activity general degree requirement.

### Dance Option of Theatre Arts Major (BA/BS)

Consists of 48 credits.

1. **Core**, 18 credits:
  - a. Dance 104, 106.
  - b. Three credits from Dance 205, 206, 305, 306 (placement exam required for entrance).
  - c. Six credits of Dance 214 and 314.
  - d. Three credits of Dance 215.

NOTE: We recommend that if you are interested in continuing your dance studies, you should take two core classes per semester and participate in summer dance workshops to expand your network of professional performance contacts.

2. **Theory**, 10 credits: Dance 220, 328, 352, 420.
3. **Performance and choreography**, 14 credits from Theatre 242, 243, 346, 349; Dance 201, 212, 301, 302.

 Web: www.uwsp.edu/theatre-dance

### Drama Option of Theatre Arts Major (BA/BS)

Choose this option if you wish to gain general knowledge in a variety of theatre courses: acting, design, directing, theatre history, and dramatic literature, but also wish to take selected specialized courses in one theatre area that interests you.

**Admission Policy:** To major in the BA/BS drama option, you must be admitted to the university AND the drama program. Admission is by application, essay and interview. High school students should apply to the department in the fall of their senior year. Transfer students and continuing UWSP students must also apply.

### Curricular Requirements (Drama BA/BS)

Consists of 44 credits.

1. Theatre 146, 149 or 172, 160 or 170, 162, 351, 352, 375, 451, 452; one course from Dance 103, 105, 112, 114, or 212.
2. Nine credits from: Theatre 241, 242, 243, 244, 327, 346, 490.
3. Electives: 6 credits approved by adviser. Up to 3 elective credits may be from Theatre 226-426.
4. Practicum: See description above.

### Drama Option of Theatre Arts Major (BFA)

Choose this option if you wish to pursue intensive training in either acting or design/technology in order to become a theatre professional in your chosen area of interest.

#### ACTING

**Admission audition required:** Admission to the BFA acting program is by audition only. Auditions are held in the spring for fall acceptance. Apply early since the number of students accepted into the program is limited. If you are a transfer student and wish to enter the acting program, you should audition before transferring to UWSP. Contact the Department of Theatre and Dance for more information.

**Retention in the program:** Every BFA acting major will meet with performance faculty at the end of each semester for a comprehensive evaluation of classroom and performance work. If you do not demonstrate satisfactory progress or do not adhere to the retention standards established by the department, you may be placed on departmental probation or dropped from the major.

**Required auditions:** BFA acting majors must audition for all departmental mainstage and studio theatre productions.

## DESIGN/TECHNOLOGY

**Admission interview required:** Admission to the design and technology program is by interview. Entry into the program usually takes place during the sophomore year, but talented high school seniors should apply for admission prior to their freshman year. Contact the Department of Theatre and Dance for more information.

**Retention in the program:** Design/technology students undergo an annual review by means of portfolio presentation and evaluation. If you do not demonstrate satisfactory progress or do not adhere to the retention standards established by the department, you may be placed on departmental probation or dropped from the major.

### Curricular Requirements (Drama BFA)

Consists of 78 credits.

1. Theatre 146, 162, 160 or 170, 351, 352, 375, 451, 452.
2. Complete ONE area of specialization.
  - a. **Acting.** Theatre 172, 232, 233, 244, 282, 332, 380, 381, 382, 384, 429 (min 6 cr, max 12 cr), 481, 482; Dance 112 or 212, and 10 elective credits approved by your adviser. Up to 3 elective credits may be from Theatre 226-426.
  - b. **Design and technology.** Theatre 149, 241, 242, 243, 244, 345, 347, 445, 448, 497 and
    - 1) 15 credits from Theatre 226-426, 341, 342, 343, 346, 348, 349, 399, 446, 449, 492 and
    - 2) 9 elective credits approved by your adviser.
3. Practicum: See description above.

### Drama Minor in Theatre Arts

Consists of 24 credits:

1. Theatre 146, 162, 160 or 170; 6 credits from 351, 352, 451, 452; 9 credits of department electives. Up to 2 elective credits may be from Theatre 226-426.
2. Practicum: See description above.

### Musical Theatre Option of Theatre Arts Major (BFA)

Choose this option if you are a multitalented performer and wish to pursue a professional career in musical theatre. The program requires study in three primary areas: acting, dance, and voice, as well as courses in music theory, piano, theatre, and musical theatre history.

**Admission audition required:** Admission to the BFA musical theatre program is by audition only. High school students interested in this program are strongly encouraged to audition in their senior year. Since a limited number of students are accepted each year, the earlier the audition, the better chance you have for acceptance. Transfer students should audition for acceptance into the program before transferring to UWSP. Contact the Department of Theatre and Dance for more information.

**Retention in the program:** Your progress in the musical theatre program is assessed annually. You must perform each semester in either a mainstage production or a performance forum. You are juried at the end of each semester through your junior year. If you do not demonstrate satisfactory progress in the program or do not adhere to the retention standards established by the department, you may be placed on departmental probation or dropped from the major.

**Required auditions:** Musical theatre majors must audition for all departmental mainstage and studio theatre productions.

You may also take part in programs offered through UW-Stevens Point's cooperative arrangements with UW-Superior which lead to the:

- Master of Science in Education-Educational Administration or Specialist in Education-Educational Administration.

## Responsibility and Policy

The graduate faculty, through the Graduate Council and Faculty Senate, establish general requirements for graduate degrees. Each department that offers a graduate program establishes discipline specific degree requirements.

Graduate Study policies intend to:

1. Facilitate orderly progress of graduate students through their degree programs;
2. Meet expectations of accrediting agencies, other graduate schools, and the University of Wisconsin Board of Regents;
3. Provide a common university standard and encourage the development of quality programs.

As a graduate student, it is your responsibility to become aware of and abide by graduate study policies. Every effort will be made by graduate study personnel, coordinators, and advisers to aid you as you progress through your graduate career at UW-Stevens Point.

## Graduate Study

**Graduate Faculty.** Members of the graduate faculty have all earned terminal degrees (or equivalent), hold the rank of assistant professor or higher, and have successful teaching experience or continuing evidence of scholarly achievement and professional activity in their discipline. They are nominated by their individual departments and are approved by the UWSP Graduate Council. Graduate faculty status allows individuals to regularly teach graduate courses, direct graduate students' committees, and be actively involved in graduate affairs. Graduate faculty members have a "G" following their individual listings that appear at the end of this catalog.

**Graduate Council.** The Graduate Council is a standing committee of the Faculty Senate. Its members include the chair of the graduate faculty, one representative for each

department or school with an existing graduate program, two representatives from the College of Letters and Science, one representative each from the College of Professional Studies, College of Natural Resources, and College of Fine Arts and Communication, one representative from the Learning Resources Center, and two graduate students. As the representative body of the graduate faculty, the Graduate Council has the authority to recommend and determine policies related to the graduate programs of the university (subject to review by the Faculty Senate).

## Departmental Graduate Committees/

**Coordinators.** Most of the larger departments offering graduate degrees have graduate committees and/or a graduate coordinator to deal with policy matters related specifically to their graduate degree programs. These committees/coordinators have general departmental concerns, and they should not be confused with your personal graduate committee and your graduate adviser. Departmental graduate committees/coordinators serve ALL of the graduate students in the department. Your graduate adviser and your graduate committee serve YOU.

When you have questions about a specific degree program, go to the department committee or coordinator first. You will find that these coordinators or committees are a valuable resource of information.

## Student/University Relationships

**Freedoms and Responsibilities.** The university assumes that graduate students have intellectual maturity and a sense of commitment to the academic community. The freedoms and responsibilities listed below are general guidelines for your relationship to the university:

As a graduate student you are FREE:

- to express yourself freely in the classroom and take reasoned exception to the data and views presented in any course.
- from prejudiced or capricious academic evaluation.
- from disclosure of views or beliefs presented to an instructor during graduate study, except with your consent.
- to organize and join associations to promote your common interests.
- to examine and discuss questions of interest both publicly and privately.
- exercise the rights you enjoy as citizens (the freedom of speech, peaceful assembly, and rights of petition) without interference from the university.

As a graduate student you have the RESPONSIBILITY:

- to help maintain the atmosphere of free inquiry and free expression inherent in the academic community.
- to respect the right of other members of the community to express themselves freely.
- to observe scrupulous standards of intellectual honesty.

**Graduate Study Academic Ethics.** Only work that is solely yours may be submitted to a professor in the form of an examination paper, term paper, class project, research project, or thesis, unless the instructor specifically authorizes group work.

Cheating and plagiarism are prohibited. Plagiarism is the process of stealing or passing off as your own someone else's words or ideas, or presenting as your own an idea or product which is obtained from an existing source. To avoid any appearance of plagiarism or accidental plagiarism, it is important that you learn correct citation procedures for your discipline and your classes. The plea of

# 178 Graduate Study

ignorance regarding citation procedures or of carelessness in citation is no defense against allegations of plagiarism.

You may not:

- purchase papers from commercial sources.
- use a single paper to meet the requirements of more than one course unless the professors of the courses approve.
- submit a paper or project completed by someone else.

## Research Misconduct Policy

**Standards of Conduct.** As a researcher, you are expected to retain appropriate documentation for your research and adhere to accepted ethical standards appropriate to your academic discipline.

**Definition of Research Misconduct.** Misconduct is intentional falsification of data, plagiarism, or other practices that deviate from common research practice within the academic community for proposing, conducting, or reporting research. Honest error and differences in interpretation of data are not considered misconduct. Misconduct is prohibited at UWSP and may be cause for discipline or dismissal.

**Reporting Research Misconduct.** Research collaborators, colleagues, and anyone who has reason to believe that research misconduct has occurred are responsible for reporting the misconduct. Retaliation because of good faith reporting of misconduct is prohibited. However, individuals found to have brought allegations of a frivolous and/or malicious nature are subject to the same range of disciplinary action as those who are found guilty of this policy.

## Processing Research Misconduct: Allegations

- A. Report allegations in writing to the dean of the appropriate college. The accused and the dean of his/her college will be informed in writing within 10 days of the allegation: (1) that he/she is being investigated, (2) exactly what the allegations are, and (3) the identity of the accuser.
- B. The dean of the college will undertake a prompt and discreet inquiry. All matters pertaining to the investigation and evidence supplied will be kept in strict confidence. An inquiry consists of information gathering and preliminary fact-finding to determine whether an allegation or apparent instance of misconduct warrants an investigation. The initial inquiry will be completed within 60 days from the time allegations were made to the dean.
- C. If the inquiry concludes that the allegation of misconduct is unsubstantiated, and an investigation is not warranted, the reasons and supporting documentation for this conclusion will be reported to the chancellor, who will be responsible for reviewing the conclusion of the inquiry. If the chancellor concurs in the conclusion that an investigation is not warranted, his/her determination, and all other supporting documentation from the inquiry will be recorded and the record maintained confidentially for a period of three years after the termination of the inquiry.
- D. If the preliminary inquiry finds reasonable cause to believe the allegations are not frivolous or misguided, the matter will be referred to an ad hoc committee appointed by the dean for formal investigation. The accused will be given a copy of the report of the dean's inquiry. The committee members will be knowledgeable about the researcher's area of inquiry, but will not be involved with the research in question or in competition with the accused. It may be necessary or advisable in certain situations to invite researchers from other institutions to participate in the investigation. The investigation must be initiated within 30 days of the completion of the inquiry. If the research has been supported by extramural funds, federal agencies require notification that a formal investigation is underway.

1. The ad hoc committee will determine whether misconduct has taken place and assess its extent and consequences.
2. If the ad hoc committee finds the charges to be true, regular governance procedures will be followed by the dean of the college in consultation with the associate vice chancellor in determining the proper course of action. Recommendations may range from reprimand to dismissal depending upon the seriousness of the misconduct. The investigation should ordinarily be completed within 120 days of its initiation.
3. A copy of the ad hoc committee's preliminary report will be provided to the individual being investigated. The dean shall give the individual an opportunity to discuss the matter with the ad hoc committee and himself/herself before any action is taken under D2 of this policy. The individual may reply in writing to the committee. These replies will be attached to the committee's report.
4. Appropriate agencies and journals will be notified by the dean of the college of the ad hoc committee's findings if the committee finds that misconduct is substantiated.
5. If the misconduct is not substantiated, extensive efforts will be made to restore the reputation of the accused.

## Copyrights and Patents—

Any copyrights you obtain as a graduate student on your original works (theses, educational products, research papers) belong to you except when they are subject to prior agreements between the university and extramural sponsors.

You have complete ownership and control of any patents that result from inventions you make as a graduate student at UW-Stevens Point. However, you must honor any contractual rights of extramural sponsors if you develop an invention while being financially supported through a grant or contract. To insure such sponsor rights, you should sign a patent agreement with the external agency at the beginning of your assistantship. Contact the associate vice chancellor if you have any questions regarding inventions or patents.

## Admission to Graduate Study

There are three admission categories designed to meet your graduate needs.

**Graduate Regular:** If you wish to pursue a master's degree at UW-Stevens Point, you will need to be formally admitted to the university as a graduate regular student. Submit to the Admissions Office a completed graduate study application form, the \$45 nonrefundable application fee, and official transcripts from each college you have attended (both undergraduate and graduate). The transcript from the college from which you graduated must certify that you have received your baccalaureate degree. Upon receipt of your completed application file, the Admissions Office will forward your application materials to the coordinator of your intended graduate program. You may then be asked to submit additional application materials to the graduate program coordinator.

**Graduate Special:** If you wish to take graduate courses but do not wish to pursue a master's degree at UW-Stevens Point, you may register as a graduate special. To attend UW-Stevens Point as a graduate special, you must hold a bachelor's degree from an accredited institution. You do not need to complete a formal application process. You will be granted graduate special status when you register for classes.

As a graduate special student you can enroll in graduate-level courses and receive graduate credit for teacher

certification requirements or for personal enrichment. A maximum of 9 credits can apply toward a master's degree provided they are approved by your adviser and fit within the seven-year time period. If you decide to pursue a master's degree, it is in your best interest to change your status to graduate regular as soon as possible.

**Graduate Guest:** If you wish to apply credits taken at UW-Stevens Point toward a graduate degree at another institution, you are neither evaluated nor formally admitted to UW-Stevens Point, but are permitted to enroll in specific courses with the approval of your graduate adviser at the other institution. This procedure assures that credits taken at UW-Stevens Point will transfer properly to another institution.

### Admission Status and Your Specific Degree Program

Successful admission to Graduate Study requires admission to a specific degree program. Most graduate programs require additional application criteria such as letters of reference, personal interviews, standardized test scores, verification of certification, etc. You should contact the graduate coordinator in your discipline for these additional requirements. The Admissions Office forwards your graduate study application file to the graduate coordinator of your designated program area for final consideration for admission to that particular program.

### Admission to Candidacy

Admission to a specific degree program does not automatically make you a candidate for a master's degree. You must meet residency and evaluation requirements before you are a degree candidate. The formal admission to candidacy process varies from one program to another, but generally you must:

- Earn at least 9 credits in residence at UWSP.
- Remove any academic deficiencies and/or complete all subject matter prerequisites.
- Maintain at least a B grade point average.
- Select a graduate adviser (and a graduate committee if required by your discipline).
- Complete and get approval for your Program of Study.

### Graduate Adviser

When you first enter your graduate program, you will probably be assisted by a departmental graduate adviser who counsels all incoming graduate students. In some of our graduate programs this person continues to advise all students in the program until the degree is nearly completed. In other programs, you will need your own personal adviser who may also be known as your "major professor." This individual plays a key role in guiding you through your graduate career. Your graduate adviser should act as a personal adviser, mentor, advocate, constructive critic, and friend. Your graduate adviser is the person who should "go to bat" for you when you encounter problems with your program plan, courses, and/or research.

### Selecting a Graduate Committee

Your graduate adviser may be required to use other graduate faculty to make final decisions about the acceptability of your program plan and the quality of your thesis, if you choose to write one. Therefore, give careful consideration to your choice of these critical advisers who will form your graduate committee. The graduate coordinator or your graduate adviser normally assists in this process.

The graduate committee consists of at least three graduate faculty members including your graduate adviser. Try to ask a person from outside your major discipline area to serve on your committee. A nongraduate faculty member who possesses expertise particularly relevant to your field of study may be appointed as a special extra member.

Your graduate adviser and/or the graduate committee is responsible for supervising your program of study and should:

- Guide you in an appropriate selection of courses and experiences to ensure that you are aware of all relevant material necessary for a complete understanding of your chosen field of study. This not only includes concentration of coursework in your major area of interest, but also selecting courses to bridge the gaps you may have in your previous educational experiences. This may require you to take some undergraduate courses to make up for deficiencies.
- Determine whether you have accumulated and demonstrated sufficient ability to engage in the analytic process of problem solving. A graduate degree entails more than just taking additional courses within a major. You will be expected to demonstrate your ability to synthesize the new knowledge you have gained in your graduate courses and apply this knowledge to solve contemporary problems.
- Make certain that if you elect to write a thesis it is consistent with the degree, confronts the interdisciplinary relationships of your subject area, and focuses on problem-solving methodology.

Your graduate committee members, including your graduate adviser, will be listed on your Program of Study form. They must sign this form indicating their approval of your graduate program plan. If you desire a change in the composition of your committee, it is your responsibility to explain to the current committee members why the change is desirable or necessary. If the change is acceptable to the outgoing and incoming professors, you should then notify the graduate coordinator for your department, school, or college to complete the transfer of committee members.

### Program of Study

You and your graduate adviser jointly develop a Program of Study that is primarily a listing of courses and other experiences that will be required for your degree. It is personally designed for you, taking into account previous academic strengths and weaknesses as well as your career goals. This plan is outlined on the Program of Study form that, once approved, becomes a contract-like agreement between you and the university. It is important that this agreement be made before you have accumulated 15 credits, since it is intended to be a realistic plan and defines all requirements necessary to complete your degree.

The Program of Study may include courses, both graduate and undergraduate, that are designed to add to your expertise or correct deficiencies. These are in addition to the **minimum** of 30 graduate credits required of master's degree candidates. The Program of Study also lists when courses are to be taken, the tentative title and completion date of the thesis or product, tentative dates for final examination and graduation, etc.

You may make minor changes in your approved Program of Study with the approval of your graduate adviser in consultation with the graduate committee members. Major changes such as course substitutions, changing of committee members, changing from thesis to nonthesis, etc.

require formal concurrence of you, your major professor, your graduate committee, and the graduate coordinator of your department, school, or college.

## General Requirements for All Master's Degrees

- A maximum of 9 credits completed at the time of admission.
- A minimum of 30 credits in graduate courses (Communication, 30 cr + 1 credit colloquium), (Communicative Disorders, 37 cr + 21 cr practicum).
- At least 15 credits must be taken in courses numbered 700 and above.
- An approved Program of Study must be on file with your adviser and the graduate coordinator of your department, school, or college before you complete 15 credit hours toward the degree.
- A minimum overall grade point average of 3.00.
- No more than 6 credits total in special topics courses and independent study courses may apply toward a master's degree.
- Successfully complete a culminating experience.

All credits accepted toward a degree, including transfer credits, must be **earned within a seven-year period**. The time period starts with the beginning of the term in which the first course approved for your program of study was taken. For example: You are accepted into a UWSP graduate program in fall 2001. Part of your approved plan of study for your master's degree includes a course taken in spring 1999. Thus, your seven-year time period to complete the degree starts with the beginning of the spring 1999 semester, NOT the semester in which you were accepted into your graduate program.

## General Requirements for All Master of Science in Teaching (MST) Degrees

In addition to the general requirements of all master's degrees, the MST degree has the following requirements:

- Eligibility for certification for teaching in the area of specialization (biology, English, history) in the state of Wisconsin or another state.
- Minimum of 30 graduate credits distributed among:
  - Group I:** Major area of specialization, 18-24 credits. These courses provide additional depth in your teaching field and increase familiarity with new knowledge, problems, and trends.
  - Group II:** Professional education, 6-9 credits. These courses enhance your understanding of education and improve performance in the art of teaching.
  - Group III:** Liberal studies, 0-6 credits. These courses are taken outside the content area of your specialization and broaden your knowledge and outlook.
- A minimum equivalent of a major in the area of specialization at the completion of the graduate program.
- A minimum grade point average of 3.00 in the area of specialization at the time of graduation.

# Academic Information

## Academic Standards and Probation

You must maintain at least a B average (3.00 grade point average) to remain in good standing in a graduate program. Graduate regular students who fail to maintain at least a B average will be placed on probation. You must raise your overall grade point average to a B or better with the next 9 graduate credits you take. While on academic probation you cannot carry a graduate assistantship appointment or be admitted to candidacy for a degree. If you fail to raise the overall grade point, you will be dropped from your degree program and will be automatically reclassified as a graduate special student.

Grades of C will be accepted in no more than 8 of the 30 credits that apply toward a degree. Coursework with a grade below C may not be used to satisfy graduate degree requirements. You may not repeat a course unless you get approval from the dean of the college offering the course. For courses taken at this university, only the credit and grade earned in your second attempt will be figured into your grade point average, but the original grades are not taken off your record. If you plan to repeat a course, pick up a request to repeat a course form from Registration and Records and have it approved by the appropriate dean.

If you need to take extra credits to raise your grade point average, you may take only 6 credits beyond the 30 credit minimum requirements for the degree.

**Incomplete and Pass/Fail Grades.** You must remove a grade of incomplete before the end of the next semester. If not, it automatically becomes a failure unless it is a culminating experience course. Courses with pass/fail grades do not apply to a graduate degree program.

## Academic Progress Standards for Receiving Financial Aid

You will maintain satisfactory academic progress for financial aid eligibility if you receive grades of A-C in 75 percent of the total graduate semester hours for which you are enrolled at UW-Stevens Point.

Your academic progress is determined each year in June. If you are not making satisfactory academic progress, you will be ineligible to receive financial aid until such time as you earn a sufficient number of credits to be making satisfactory academic progress. Additional conditions apply:

1. "Total graduate semester hours for which enrolled" is defined as all the graduate credits for which you receive a grade of A, B, C, D, F, I, GP, W, or WF. Plus and minus grades are included.
2. These standards are applied after you have accumulated 9 or more "semester hours enrolled."
3. Incomplete grades in thesis courses are excluded.
4. Transfer credits are excluded.
5. According to federal regulations, you are no longer eligible for financial aid after you attempt more than 48 graduate credits.
6. If you re-enter after being out of school one or more semesters, you must be making satisfactory academic progress at the time you re-enter in order to qualify for financial aid.
7. If you are ineligible for financial aid due to unsatisfactory academic progress, you may appeal to the dean of your college for special consideration if you feel your lack of progress is due to extenuating circumstances.

### Active/Inactive Status

Admission to a graduate program is usually granted to begin graduate coursework in a specific term (semester or summer session). If you delay your enrollment beyond the specific term of your admission (or if your admission letter does not include a specific term of admission), contact the Admissions Office to find out what will be needed to enroll in a future term.

If you do not earn any graduate credit for a period of five consecutive terms, you will be considered inactive and must be readmitted before enrolling. Inactive students who reapply must meet admission standards in effect at the time of readmission and must meet degree requirements that are in effect at that time.

### Courses

The courses approved for graduate credit are listed in the undergraduate *Courses of Instruction* section of this catalog by academic department. All courses in your approved Program of Study will be in the 500-799 group. You must have graduate standing to take courses numbered 700 and above.

Dual numbered (slash) courses are those numbered in the 300/500 and 400/600 range and are offered simultaneously at the undergraduate and graduate levels. You may change an undergraduate course to a graduate course ONLY during the semester in which you are enrolled in the course, with the consent of the instructor.

When you take dual numbered courses as a graduate student you must meet at least one additional qualitative objective beyond the requirements for the undergraduate students in the same course. This might be a research project with a written and/or oral report, a term paper, a seminar or presentation given to the class, a product that can be used in class and shared with others, an essay or oral examination instead of an objective examination, etc. These additional qualitative objectives should be included in the syllabus for the course.

In addition, faculty members teaching dual-numbered courses should use instruction methods that involve dialogue, student discussion, and student presentations. Where this is not feasible for the entire class, there should be additional discussion/seminar sessions for the graduate students.

### Coursework Criteria/Graduate Level

1. Graduate coursework has a greater level of academic/intellectual rigor, is more specialized, and requires significantly greater depth and intensity of study than does UW-Stevens Point undergraduate coursework.
2. Graduate coursework involves a balance of theory and practice. Some courses in a master's program will place more emphasis on theory while others will emphasize practice.
3. The methods of instruction in graduate courses reflect a high level of personal interaction between the instructor and individual students. This requires small graduate course sections, regular and personalized advising, and interactive teaching methods.
4. Graduate coursework requires more student self-directed learning than found in undergraduate courses and requires extensive use of learning resources that include but are not limited to library resources, laboratories, and computer facilities.

5. Graduate coursework focuses on advanced disciplinary content, usually an extension of what was presented at the undergraduate level. When graduate work serves an introductory function, it introduces content that is not offered at the undergraduate level but is dependent upon understandings acquired at the lower level. However, introductory graduate coursework may also be used in an accelerated way to create a basic background for an individual with an undergraduate degree in another field or who lacks background from undergraduate preparation.
6. All graduate coursework should contribute to degree program goals.
7. Grades assigned in graduate courses distinguish between levels of achievement at the graduate level.
8. Graduate courses should only be taught by graduate faculty or by those with similar qualifications. Course formats should allow for adequate reflection and integration of learning and meet the UW System requirements of
  - a. No more than one credit per week (seven consecutive days),
  - b. At least 800 contact minutes per credit, and
  - c. At least 1,600 minutes of out-of-class work per credit.

### Credit Load and Limitations

You should register for credit any time you use the physical or personnel resources of the university to fulfill the requirements of your degree program. You can register on a per credit basis when you are doing research and/or working on a project, paper, or thesis at UW-Stevens Point. The instructor or graduate adviser determines the number of credits according to the scope of the project.

The normal graduate course load for a semester is 9 to 12 credits. If you register for 9 or more credits you are considered a full-time graduate student. Undergraduate credits count when determining your credit load. Once you have completed all degree requirements except for your thesis, we consider you full time for one semester while you work on your thesis.

You may register for no more than 15 credits during the semester and no more than 9 credits (6 credits in any four week period) for the summer session. If there are exceptional circumstances, you can appeal to the dean of your college for permission to carry more than the maximum load. To do this you will need to submit an overload form for your dean's signature BEFORE you register for the overload. You will not be allowed to register unless your overload has had prior approval.

The normal graduate course load for the eight week summer session is 6 credits (3 credits in each four week term or 6 credits in the eight week term). If you register for 5 or more credits in the summer you are considered a full-time graduate student. You may register for up to 9 credits in the summer. However, be aware that the concentrated nature of summer courses with the extra commitment of time and energy places a strain on your academic performance. Taking more than 6 credits in the summer is not advised.

If you are supported by a full-time assistantship, we expect you to devote at least half of your time to your assistantship duties. Therefore, you should enroll for a maximum of 9 credits per semester.

# 182 Graduate Study – Academic Information

You do not need to be registered during the semester that you graduate. However, some programs require that you must be enrolled in thesis or project credits each semester in order to maintain your status as a degree candidate. If your last semester only involves completing your thesis, you may enroll in **Research 798** with the approval of your graduate adviser and graduate program coordinator. This zero credit "course" will allow you to use e-mail, retain graduate student library privileges, and postpone federal loan payments. Or if necessary, the registrar will write a letter certifying that your thesis work involves at least 50 percent of your time.

## Culminating Experience

You must successfully complete a culminating experience. The individual colleges or departments determine the nature of this experience subject to approval by the Graduate Council. Examples of experiences which may meet this requirement include: thesis, seminar paper, oral and/or written comprehensive examination, clinical paper or semester, integrative course, exhibition, or recital. Most programs will require more than one of the above experiences.

## Degree Completion Time Limit

All credits accepted toward a degree, including transfer credits, must be **earned within a seven-year period**. The time period starts with the beginning of the term in which the first course approved for your program of study was taken. For example: You are accepted into a UWSP graduate program in fall 2001. Part of your approved plan of study for your master's degree includes a course taken in spring 1999. Thus, your seven-year time period to complete the degree starts with the beginning of the spring 1999 semester, NOT the semester in which you were accepted into your graduate program.

## Drop/Add Procedure

Refer to the timetable for drop/add (change of registration) instructions. Get drop/add forms in the Registration Office.

## Employed Students

If you are employed, you should consider the time demands of that job when planning an academic program. Certain fellowships, assistantships, and scholarships specifically limit other employment. You have the obligation to learn these restrictions and abide by them if you receive one of these awards. As a graduate student at UWSP, you are considered a student first. Employment within or outside of the university is of secondary consideration when determining the time devoted to the academic program.

## Fee Assessments for Grad Credits

Graduate fees are assessed for graduate credits and undergraduate fees are assessed for all undergraduate credits.

During your last undergraduate semester you may register for graduate credits as long as all requirements for the completion of your bachelor's degree will be met. To do this, complete the Undergraduate/Graduate Split Program Status form which you can obtain from the Registration Office. You pay graduate fees for graduate credits taken during the split program period. Note that this is not a guarantee that these credits will be accepted into a master's program.

## Grading Standards

According to Graduate Study policy:

- A Indicates superior work.
- B Indicates satisfactory but undistinguished work.
- C Indicates work below the standard expected of graduate students.
- D/F Clearly indicate unsatisfactory work and do not apply toward your degree.
- GP Indicates thesis and thesis-like courses in progress.

## Graduation Requirements

Applications for graduation are available in the Registration and Records Office. You need to turn in an application before the start of your last semester. Candidates for summer graduation should turn in an application by January (the start of the semester preceding summer). All requirements must be completed by the end of your graduation term. If they are not completed by then, you must complete a new application for the next term in which you expect to graduate. There is a one time graduation fee of \$30.00.

You should check with your adviser and graduate program coordinator by the middle of your last term to be sure your file is complete except for the elements you know are outstanding, e.g. current courses, thesis approval, etc.

Since there is no August commencement, you may choose to participate in the prior May or following December ceremonies. Notify Registration and Records at least two months before the commencement you wish to be in so there is time to include your name in the commencement program.

## Incompletes

A grade of incomplete indicates that you have done satisfactory work in the course, but because of circumstances beyond your control you have been unable to finish all requirements. The incomplete is not given to enable you to do additional work to bring up a deficient grade. A grade of incomplete must be removed before the end of the next semester. Except for culminating experience courses, if the incomplete is not removed within that time, it automatically becomes a failure.

## Registration

Follow current registration procedures that are published in the timetable that is available in the Registrar's Office. Registration instructions for off-campus and credit-outreach courses are available from the UWSP Extension Office, Room 012 Main Building.

## Schedule of Classes

The timetable contains registration instructions and the schedule of all the courses to be offered in the following semester. Note that not all of the courses listed in the catalog are offered each semester. You should consult the timetable and your department chair when planning for registration in any given term.

## Second Master's Degree

If you have earned a graduate degree from UW-Stevens Point and wish to pursue another degree, you must submit a new application for admission. Normally, you do not need to furnish transcripts or other credentials previously submitted. Check with the Admissions Office to be certain that your records are complete. *Credits earned for one degree usually cannot be used to satisfy the requirements for a second degree.*

## The Thesis

Some degree plans require a thesis. After you select a research topic, submit a proposal to your graduate adviser briefly describing what you want to do and how you plan to do it. Your graduate adviser and thesis committee review your proposal, determine how many credits (up to 6) you earn for writing the thesis, and approve or reject the proposal.

A thesis is a formal written work and should follow the standards of the style manual preferred by your department. Also consult the Graduate Study Thesis Manual and your graduate adviser for proper format.

If you are working on your thesis the equivalent of half time and not enrolled in other classes, you may enroll in **Research 798** with the approval of your graduate adviser and graduate program coordinator. This zero credit "course" will allow you to use e-mail, retain graduate student library privileges, and postpone federal loan payments. You may enroll only twice.

As a degree candidate, you defend your thesis in an open, public oral examination at least 30 days before you expect to graduate. Your thesis committee conducts the examination.

You must deposit a **bound** copy of your thesis at the University Library in order to complete your degree. The library provides a service for binding your thesis at a nominal cost.

## Transcripts

To get a copy of your transcript, fill out the proper form in the Registrar's Office and pay the appropriate fee. A UW-Stevens Point transcript includes all of your UW-Stevens Point academic record.

## Transferring Graduate Credits

**UWSP does not automatically accept transfer graduate credits from other institutions.** You must submit a formal application for approval of such credits. While credits taken prior to admission to a graduate degree program may be considered at the discretion of the coordinator of that program, in most cases you should obtain approval for any transfer credit **PRIOR** to taking those courses. The graduate coordinator for each program will determine the acceptability of transfer credits using the following criteria:

- The course must be from an institution regionally accredited **at the graduate level.**
- You must have taken the course for graduate credit at the offering institution.
- The course must be acceptable toward fulfilling degree requirements at the institution offering the course.
- The format and number of contact minutes (minimum of 800 minutes instructional time **PER CREDIT**) must be at least as rigorous as those for UWSP graduate courses.
- One credit per week is accepted.
- The course may not be a correspondence and/or mass media course, independent study course, or from extension divisions outside the UW System. Continuing Education Units (CEUs) are not equivalent degree credits and are not transferable.
- Acceptance of the course does not make you exceed the 9 credit transfer limit.

- A maximum of 9 credits taken with graduate special status will apply toward a degree.
- You must have earned grades of A, B, or equivalent.
- You may not transfer credit applied toward another degree that you have already obtained.

If your graduate coordinator determines that the transfer course meets these minimum criteria, she/he may:

- Accept the transfer course and have the credits apply toward your Program of Study.
- Accept the transfer course as **AN ADDITION** to the normal 30-credit Program of Study.
- Accept the course as either applying to your degree plan or as an addition to the degree plan, but at a reduced credit level if the course does not meet UW-System's contact-hour-per-credit standards.

You must **complete a formal application for approval** of transfer credits before graduate credits from any institution other than UWSP can be considered. File the application for transfer credits with your graduate coordinator at least a month before the class begins. Your application must include (1) a photocopy of the catalog course description, (2) a course syllabus (if available), (3) verification that the course is a graduate course, (4) and verification that it is applicable to a graduate program at the institution offering the course.

After your graduate coordinator approves the transfer credit application, a copy will be sent to the Registration and Records Office which will add the transfer credits to your record after receiving an official transcript indicating completion of the course with at least a B (3.00). You will be notified when this is completed.

## UWSP Extension

If you wish to continue or renew your education, you may take one of the graduate or undergraduate credit courses offered through the UWSP Extension Office, Room 012 Main Building; 715-346-3838 or 800-898-9472 (in Wisconsin).

Credit courses are taught by faculty at various sites throughout Central Wisconsin as well as via television/distance learning. These courses are offered primarily in the evening or on weekends to accommodate the busy schedules of working adults.

## Withdrawing from Classes

When you withdraw, you terminate your complete registration for the semester. To withdraw, go to the Registration and Records Office and file a formal notice of withdrawal. If you stop attending classes and do not officially withdraw, you will be considered as still registered and receive a grade of F for each of your classes.

## Financial Information

### Graduate Assistantships: General Information

The Board of Regents for the University of Wisconsin System provides the financial resources for a number of graduate assistantships. In addition, several college units have extramural funds to employ graduate assistants. When you have a full-time assistantship you can plan to work half time (20 hrs per wk) for the university. If you are a nonresident student and have at least a half-time assistantship or fellowship, you are also eligible for out-of-state fee remissions.

To qualify for graduate assistantships, you must:

- Be admitted to a graduate degree program at UWSP.
- Be in good standing in the degree program (maintain at least a 3.0 GPA).
- For a research assistant, enroll for at least 9 graduate credits per semester or 5 during the summer. For a graduate assistant enroll for at least 4 graduate credits per semester or 3 during the summer.

We recommend that graduate assistants limit their maximum course loads to 9 credits a semester.

We award assistantships on a competitive basis through departments to students admitted to a graduate program. Departments normally screen applications in the spring for fall appointment. Contact your department graduate coordinator for the criteria used to select graduate assistants.

If you are selected for an assistantship, you will enter into a contract with the university. The contract includes a description of the position offered, stipend, and length of employment. Discuss the specific nature of your responsibilities as a graduate assistant with your immediate supervisor at the beginning of your appointment.

As a graduate assistant you are normally required to be on campus for the same work periods as faculty. You are entitled to official holidays and normal break periods between sessions. Your specific work schedule, however, is at the discretion of your immediate supervisor. This is usually your graduate coordinator or department chair if you are a graduate assistant, or your graduate adviser if you are a research assistant. Arrange your work schedule at the beginning of the semester so that it does not conflict with your class schedule. Any changes in your work schedule should be negotiated BEFORE you need to make the change.

### Categories of Graduate Support

With a "full" graduate assistantship you are expected to work half time which is at least 20 hours per week in a regular session and 10 hours per week in a summer session. The remaining half time is devoted to your academic Program of Study. Therefore, we actively discourage employment in addition to the assistantship.

#### Graduate Assistant

As a graduate assistant you get professionally-related assignments that assist the university such as paper grading, assisting faculty in laboratory sections, research projects, developing materials for classroom instruction, assisting in departmental libraries, etc. You may be assigned duties such as gathering, organizing, and analyzing information for a department which may entail routine clerical, secretarial, or accounting procedures. However, the main thrust of the assignment is a learning experience.

The funds to support graduate assistants come directly from the university on a fiscal-year basis. Consequently your appointment is for a semester or academic year and cannot be assured for more than one academic year at a time.

As a graduate assistant you are an employee of the university, and your salary is taxable. You may be eligible for insurance benefits. Contact the Staff Benefits Office for more information.

#### Instructional Assistant

As an instructional assistant you will be given professionally related instructional assignments in the classroom under the direction of a graduate faculty mentor. You are also expected to participate in an instructional training and assessment program during your assistantship appointment. The instructional assistantship is a subcategory of graduate assistantships and, therefore, your salary is taxable. You may be eligible for insurance benefits. Contact the Staff Benefits Office for more information.

#### Research Assistant

As a research assistant you get paid for performing certain research duties. Research assistantships are only available in graduate programs where research is required as part of the degree requirements of all students who are candidates for the same degree. The assigned duties must be directly applicable to your degree requirements.

The funds for the stipend may come directly from the university or from an external sponsoring agency. Since the research is a degree requirement, the service you provide the university as a research assistant is taxable. You may be eligible for insurance benefits. Contact the Staff Benefits Office for more information.

#### Program/Project Assistant

Usually an external source provides funds to employ program/project assistants. Your duties as a program/project assistant are similar to those of the graduate assistant but are usually more specific and are dictated to the university by the sponsoring agency in a grant or contract. Taxability and benefits are the same as the graduate assistant.

#### Graduate Fellowship

A fellowship is a gift and requires no services from the recipient. The nontaxable funds come to the university from an external source, usually through a grant or contract. If you receive a fellowship, you cannot provide any service to the university or the sponsor for the funds you receive. To remain eligible for a fellowship you need to be in good academic standing in an approved academic program and participate in a prescribed Program of Study.

#### Student Research Fund

The Student Research Fund provides graduate students with funds to help defray research expenses that are required for their master's degree. If your degree program requires research or if you choose a research option in your program, you are eligible to apply for a grant from this fund. Your graduate adviser must certify that:

- The research project is required for graduation.
- You are making satisfactory progress toward your degree.
- The funds are necessary for you to complete the research.

Proposal deadlines occur twice each semester. Contact the Grant Support Office for application forms. A review

committee screens the grant applications and makes award recommendations.

**Fee Waivers for Out-of-State Students**

If you are a nonresident graduate student with at least a one-half assistantship or fellowship for the academic year, you qualify for out-of-state fee remission. If funds are available to the university for this purpose, your college dean may grant the remission based on the description of duties in the assistantship or fellowship contract. The fee waiver is NOT automatic. You must indicate to your department that you believe you are eligible for the out-of-state fee waiver.

**Other Financial Aid**

Obtain information about loans and other sources of financial aid from the Financial Aid Office. Graduate students are not eligible for U.S. government-sponsored grants such as Pell Grants. You must be making satisfactory academic progress toward your degree (described earlier in this catalog) in order to be eligible for financial aid.

**Part-time Employment**

We discourage part-time employment because a full academic credit load of graduate studies requires so much of your time. If you are working full time, we recommend that you register for no more than 6 credits a semester or 3 credits for an eight-week session. We especially discourage supplemental employment if you have a full-time graduate assistantship.

**Checklist for Master's Degrees**

Below is a series of steps, in chronological order, that you should complete in order to obtain a graduate degree from UW-Stevens Point. Since the requirements are different for each degree, not all the steps listed will apply to your degree plan. However, the list is provided for you to keep

track of your progress as you work toward the completion of your degree requirements. Nearly all of the steps require you to fill out a printed form and get it approved before you move on to the next step.

<b>Procedure/Event</b>	<b>Time Frame for Completion</b>	<b>Comments</b>
Apply for graduate study (Get form at Admissions Office, 102 Stu Serv Ctr). Pay \$45 application fee.	Before registering for a graduate class.  When you apply to a graduate degree program with graduate regular status.	Required of ALL students attempting to earn a graduate degree.  Not required of graduate special students.
Have official transcripts (except those from UWSP) sent to Admissions Office.  Admissions will send your application file to the graduate program coordinator of your intended field of study.	Before graduate regular status can be determined.	Not required of graduate special students.

The Biology Department offers the Master of Science in Teaching (MST) degree. The program is designed for teachers and includes some work in education. If you are interested in a Master of Science (MS) degree, examine the Master of Science in Natural Resources. Several biologists have joint appointments in the College of Natural Resources and serve as major advisers for that degree.

To determine your specialization within a degree, meet with your graduate committee. If you are admitted without deficiencies, you have great flexibility in designing your program. In the MST, you may take credits in the liberal arts category (in addition to biology) in chemistry, geology, and physics.

As a secondary school teacher, the MST program will give you the opportunity for advanced study, experimentation, research, and involvement in various professional activities.

### Admission to the Program

A three-member admissions committee reviews your application to determine if you have completed the equivalent of UW-Stevens Point's undergraduate major with collateral requirements in chemistry and mathematics. If you are missing required courses, they list these as deficiencies, and you complete these at the undergraduate level.

In order for you to be admitted, your overall grade point average (GPA) in your major, including collateral courses, should be 3.00 (B) or higher. If it is below this level, the committee reviews your overall GPA. If this is below 3.00, they usually suggest that you enroll as a graduate special student to demonstrate your ability to perform graduate-level work. You are accepted into a thesis plan only when a faculty member agrees to serve as your thesis adviser.

### Culminating Experience

**Nonthesis Option:** Under this option you complete a research paper which grows out of your participation in Education 707, Educational Research. You also take a final oral or written comprehensive examination administered by your graduate committee. This is based primarily on the courses you have taken in the degree program but also may review your knowledge of concepts and your problem-solving skills.

**Thesis Option:** Under this option your thesis committee reviews your thesis research proposal and evaluates the final product. You also take a final oral examination. This is based primarily on the thesis but also may include questions on coursework you've taken and your knowledge of concepts.

## Communication

Room 312, Communication Arts Center  
Phone: 715-346-3898 or -3409  
E-mail: Communication.Division@uwsp.edu  
OR csadler@uwsp.edu

In the Division of Communication you may work toward the Master of Arts (MA) in Communication degree specializing in organizational communication, interpersonal communication, public relations, and mass communication. Many students elect to take most of their coursework in one area and one or two courses in an adjunct area. Some will achieve a blend between areas, depending upon how they define an area of concentration. Working with your adviser, you define a plan of study best suited to your career aspirations.

Although a full-time student can complete this program in two years, many plan a two to five year part-time program. You must earn a minimum of 30 graduate credits, plus one credit for colloquium, but many students finish with more than 31 credits.

### Admission to the Program

To be admitted to the Master of Arts in Communication program you need to:

1. Complete a baccalaureate degree from an accredited institution.
2. Submit undergraduate transcripts with GPAs.
3. Submit results of the Graduate Record Examination. (You may appeal to the graduate coordinator for an exception.)
4. Submit a statement of purpose which explains what role the completed degree will play in your future.
5. Submit a 5-7 page sample of your writing ability.
6. Write a brief analytical/critical response to a common essay provided to all applicants.
7. Provide two letters of recommendation that address the likelihood of your success in a graduate program.
8. Document relevant work experience that you want the admissions committee to consider.
9. If you are a foreign student, present a current TOEFL score of 575 or higher. Please inquire about other requirements for foreign students.

### Additional Information

1. You will be admitted to the graduate program in communication on a **probationary** basis.
2. Full-time students are admitted in the fall only.
3. Required:
  - a. Take at least 15 credits of 700 level courses (no more than 3 credits may be independent study).
  - b. Take Comm 701 and 702 plus at least two additional graduate level communication seminars.
  - c. As part of your colloquium, give a presentation based on your thesis or project.
4. After you are admitted to the program you have seven years to complete your degree. It is your responsibility to be aware of this timeline and to complete the degree within the allotted time.
5. Be aware that after you have been admitted into the program you may still be asked to do remedial work if your undergraduate transcript indicates insufficient preparation for master's level communication courses.

## Admission to Candidacy

You provide supporting materials (papers, exams, recommendations, etc.) based on your first 6 credits of work. The graduate program committee reviews these materials to decide your continuing status:

1. **MA candidate:** If your work is acceptable, the committee grants you candidacy and clearance to establish an advisory committee and obtain approval of your Program of Study.
2. **Conditional candidate:** If your work shows promise, the committee will grant you conditional candidacy and will re-evaluate your status once you have completed their recommendations.
3. **Graduate Special student:** If your graduate-level work is unacceptable, you are eligible to take courses but may not continue in the graduate degree program. You may appeal this status by writing to the graduate coordinator and graduate program committee or apply to another program.

## Typical Timeline

After completing 6-9 credits meet with the graduate coordinator to establish a tentative plan of study which outlines the courses you intend to take and establishes a thesis/project committee. While the official plan of study is not completed until you form your graduate committee, it is important to discuss your plans with the graduate coordinator to ensure that you are making adequate progress toward completing your degree.

After you complete approximately 18 credits you should formally complete your plan of study and select a graduate committee to direct your thesis or project. You choose the members of your graduate committee that consists of a chair and two readers who all must have graduate faculty status at UWSP. The most important member on this committee is the chair, the person you will be working with while completing your thesis or project.

## Program Planning

You may choose one of two options:

**Option 1--Thesis:** *24 credits of coursework, plus 6 credits for thesis, and one colloquium credit.* This option allows you to conduct a research project (approx 100-150 pages) that can help you prepare for entering a Ph.D.

program or complete a more detailed and/or theoretical examination of a topic of interest. After you have completed at least 15 credits, the advisory committee approves the selection of a thesis topic, rationale, and method to be used for the study. When the advisory committee approves your thesis project proposal, you must enroll in one or more hours of thesis or project credit to maintain your status as an MA candidate. We count no more than 6 thesis credits toward your 31 credit degree requirement.

**Option 2--Project:** *27 credits of coursework, plus 3 credits for project, and one colloquium credit.* This option allows you to conduct a study (approx 50 pages) of a work situation, write about and direct a production, or examine a topic of interest from a more applied perspective. After you have completed at least 15 credits, the advisory committee approves the selection of your project topic, rationale, and method to be used for conducting the project. When the advisory committee approves your project proposal, you must enroll in one or more hours of project credit to maintain your status as an MA candidate. We count no more than 3 project credits towards your 31 credit degree requirement.

## Process for Completing the Thesis/Project

1. With the chair of your committee, write a prospectus, a proposal of 20-30 pages, that outlines the thesis/project topic and the methods you will use to conduct the study. After the remaining committee members have read your prospectus, you must orally defend it to your committee.
2. After approval of the prospectus, conduct your study and write the thesis or project. Once you and your chair feel the written thesis/project is ready, have the remaining committee members read it and set a date to orally defend the thesis/project to the committee.
3. Make any final revisions that are required by the committee. Arrange with the library to have at least four hardbound copies made. After receiving your bound copy, the library certifies that your thesis/project is complete. The graduate coordinator and registrar then conduct a final audit of your work before approving you for graduation.

OR [lplonske@uwsp.edu](mailto:lplonske@uwsp.edu)

In the School of Communicative Disorders you may work toward the Master of Science (MS) degree with either of two specialization options: speech-language pathology or audiology. In each area you receive the academic background and clinical practicum required to function competently and independently in a variety of professional employment settings.

The School of Communicative Disorders at UW-Stevens Point was among the first in the country to be accredited by the Education and Training Board of the American Speech-Language-Hearing Association. The program provides a quality education which emphasizes training in the prevention, evaluation, and treatment of disorders of hearing, speech, and language. Our graduates are located from coast to coast and in foreign countries in schools, universities, hospitals, and public and private clinics.

Clinical training begins at the undergraduate level and culminates with a clinical semester at the end of your graduate program. In consultation with the director of Clinical Services, you select a site (school, clinic, hospital, etc.) for a 15-week, concentrated, supervised practicum.

### Admission to the Program

For either specialization you must have completed specific courses and practicum experiences at the undergraduate level. The coordinator of academic programs determines whether you have any deficiencies that you must eliminate as soon as you enroll in the graduate program. For a detailed list of course content and practicum experiences required at the undergraduate level, ask for a packet of graduate application materials, or see the communicative disorders Web site, [www.uwsp.edu/comd](http://www.uwsp.edu/comd).

### Admission to Candidacy

You must complete at least 9 credits of graduate work with a GPA of 3.00 (B) and not more than one grade of B-

### Specializations

In either specialization you must meet the minimum standards for clinical certification as established by the American Speech-Language-Hearing Association which are in effect at the time you graduate.

### Culminating Experience

In either area of specialization, you must fulfill a clinical semester (15 credits) after you have completed the appropriate coursework and clinical practicum. In the clinical semester, you are assigned full time for one academic term to a hospital, clinic, school, etc. to gain professional experience in the type of setting which most interests you.

## Master of Science in Education – Elementary Education

### Admission to the Program

You must submit an application to pursue graduate study at UWSP **before** you can be admitted to the MSE–Elementary Education program. Obtain admission applications from the Admissions Office, Room 102, Student Services Center or the School of Education Graduate Advising Office, Room 438, College of Professional Studies. You must submit official transcripts covering your undergraduate coursework and any additional coursework listed on your application. The Admissions Office will process your application and then notify you that your materials will be forwarded to School of Education Graduate Advising. At that time, your application will be reviewed by School of Education Graduate Advising for admittance to the “program.”

**Because you may include no more than 9 completed graduate credits in your official Program of Study, submit your proposed plan of study and rationale statement BEFORE you complete 9 graduate credits.**

### Admission to Candidacy

**Program planning:** Admission to candidacy (program planning) does not occur until after you have applied to pursue graduate study at UWSP (Admissions Office) and been admitted to the elected program of study (School of Education Graduate Advising). Once you are admitted you will receive a “working copy” form and program planning guidesheet which you are to use for preparing your proposed plan of study.

To be accepted as a candidate:

1. Complete no more than 9 credits of graduate work. You may apply earlier, but you should be admitted to the program and **meet with your adviser before you have completed 9 graduate credits.**
2. Remove any academic deficiencies and/or complete all subject matter prerequisites.
3. Maintain at least a 3.0 (B) grade point average in all your graduate work.
4. Complete and receive approval for your Program of Study.

### The Program

Earn 30 credits in graduate courses:

1. **Professional education:** 9 credits which include foundations, curriculum, and research courses. (Educ 782 may substitute for Educ 707 only with adviser approval prior to enrollment.)
2. **Liberal arts:** 6-9 credits outside education (courses without the EDUC prefix).
3. **Area of specialization:** of the remaining education credits, at least 3 must be from courses in instructional methods, supervision and instruction, reading, foundations, etc. Advisers may approve exceptions for 500 level courses.

### Culminating Experience

Complete one of these two options:

**Thesis Option:** Write a thesis and a comprehensive examination covering the liberal arts area of your program.

**Nonthesis Option:** Take Educ 707 or 782 and write a comprehensive examination. You must have at least 24 credits completed toward your Program of Study including the required component area coursework before you can

register to write your exam. The graduate exam will include foundations, liberal arts, and 6 additional credits in your area of study. You may not write on practicum, independent study, or research work. Register for the exam one semester before you plan to take it. To register and for more information, contact the School of Education Graduate Advising Office at 346-4403.

### Exit Interview (credit check for graduation)

You must complete an exit interview one semester prior to the semester in which you plan to graduate. This interview will generate a credit check on your progress and requirements and provide a one-semester “cushion” to cover discrepancies. You will receive the application for graduation at the exit interview and you apply for graduation after the interview.

**Deadlines:** Decide on the term in which you anticipate receiving your diploma. Schedule your credit check, sign up for exams and apply for graduation by the month indicated.

- Apply by August for December diploma and graduation ceremony.
- Apply by December for May diploma and graduation ceremony.
- Apply by December for August diploma. There is no ceremony in August; however, you may request to participate in the May or the December ceremony.

## Master of Science in Education – General

This degree is for licensed teachers with at least two years of **full-time** elementary or secondary teaching experience. Substitute teaching will be considered for this requirement, but student teaching and interning will not. The program allows you to design a plan of study that meets your specific needs. You may incorporate credits from several disciplines into the 30 required graduate credits provided you can verify a professional need for them.

### Admission to the Program

You must submit an application to pursue graduate study at UWSP **before** you can be admitted to the MSE (General) program. Obtain admission applications from the Admissions Office, Room 102, Student Services Center or the School of Education Graduate Advising Office, Room 438, College of Professional Studies. You must submit official transcripts covering your undergraduate coursework and any additional coursework listed on your application. The Admissions Office will process your application and then notify you that your materials will be forwarded to School of Education Graduate Advising where your application will be reviewed for admittance to the “program.” You will also need to:

1. Send a copy of your teaching license to School of Education Graduate Advising.
2. Have an employing official provide a letter certifying that you have two or more years of **full-time** teaching experience. Interning and student teaching experience do not apply, but substitute teaching will be considered. For substitute teaching, have an employing official provide a letter documenting the number of days of substitute teaching with less than five hours a day and the number of days with five or more hours per day.
3. Have an employing official provide a letter of reference for you.

# 190 Graduate Programs

4. Have an undergraduate grade point average of 3.00 or higher. If your undergraduate GPA is below 3.00, you may be admitted on probation. You will then need to establish a minimum 3.00 cumulative GPA on your first 9 resident graduate credits at UWSP to be fully admitted.

To allow time for processing, you must apply no later than mid-semester of the semester **BEFORE** you want to be admitted.

## Options for MSE-General

Select ONE of the following three options:

- **Option A, professional and subject matter content:** Requires a minimum of 6 credits outside education-courses *without* an EDUC prefix.
- **Option B, specialization or certification:** Minimum of 18 credits leading to a state certificate or credits in a specialty area which includes reading teacher (316), reading specialist (317), any of the special education certifications, the gifted/talented specialization, the technology and leadership specialization, or English as a second language (ESL) as part of your master's degree.
- **Option C, content specializations outside the School of Education:** 21 credits from outside education-courses *without* an EDUC prefix. Secondary candidates will pursue this option.

## Admission to Candidacy

**Program planning:** Admission to candidacy (program planning) does not occur until after you have applied to pursue graduate study at UWSP (Admissions Office) AND been admitted to the elected program of study (School of Education Graduate Advising). Once you are admitted you will receive a "working copy" form and program planning guidesheet which you are to use for preparing your proposed plan of study.

You must submit a rationale statement with the proposed plan of study which explains how the proposed courses will enhance your professional expertise and how they reflect your personal, professional, and academic interests and needs. Generally, you can group courses into categories (curriculum, math, reading, etc.) and write a rationale for each group. You may prepare the rationale statement in paragraph format and attach it to the "working copy."

Please note that the "working copy" is **NOT** the final Program of Study. It is a tool used to assign an adviser whose background most closely parallels your area of interest and/or expertise. The "working copy" will be used at your advising conference to develop a formal plan of study which your adviser will approve.

**Adviser assignment:** The School of Education Graduate Advising Office makes all official adviser assignments after your proposed plan of study and rationale statement have been received. You may **request** a specific adviser at this time. School of Education Graduate Advising will send you a letter of adviser assignment which includes the address, phone number, and e-mail address of your adviser. You will need to schedule an advising conference with your assigned adviser in order to have your plan of study officially approved.

**Because you may include no more than 9 completed graduate credits in your official Program of Study, submit your proposed plan of study and rationale statement BEFORE you complete 9 graduate credits.**

You will receive a copy of the official Program of Study once the advising process has been completed. The original will be retained in the School of Education Graduate Advising Office. If you want to change your officially approved Program of Study, you must fill out a "change of study" request and forward it to School of Education Graduate Advising for processing prior to enrollment. Contact School of Education Graduate Advising if you have further questions regarding changes to your Program of Study.

## Culminating Experience

Complete one of the following options:

**Thesis Option:** Write a thesis and a comprehensive examination covering liberal arts.

**Nonthesis Option:** Enroll in either Education 707 or 782 (as approved by your adviser) and complete a comprehensive examination covering 12 credits from your Program of Study which includes required foundations, curriculum components, and an additional 6 credits from Area 2 of your Program of Study. You may not write on practicum, independent study, or research work. You must have at least 24 credits completed toward your Program of Study, including the required component area coursework, before you can register to write your exam. Register for the exam one semester before you plan to take it. For more information, contact the School of Education Graduate Advising Office at 715-346-4403.

## Exit Interview

Same as the MSE-Elementary Education above.

## Graduate Certification Programs

The School of Education offers graduate certification programs in:

1. **Exceptional Education**
  - a. Early Childhood Special Education
  - b. Emotional Disabilities
  - c. Learning Disabilities
  - d. Cognitive Disabilities-Borderline
  - e. Multicategorical Special Education
2. **Reading**
  - a. Reading teacher (316)
  - b. Reading specialist (317)
3. **English as a Second Language (ESL)**

You may complete these certifications as specializations in the MSE (General) degree via Option B or by enrolling as a graduate special student and pursuing certification only. Please forward a letter of intent to the School of Education Graduate Advising Office indicating which certification you wish to pursue. At that time a file will be established for you and an adviser assigned. Curriculum requirements for each of the certification areas are described below.

**NOTE:** If you are pursuing graduate level certification, you must **DECIDE EARLY** whether to incorporate credits for certification as part of the MSE-General degree. You may obtain a master's degree which incorporates certification by taking a course in each of the required component areas (foundations, curriculum, and research). You can have no more than 9 completed graduate credits at the time your official Program of Study for the master's degree is approved.

The certification program plan is **NOT** the same as the master's Program of Study. The certification program plan outlines coursework required for certification only. The master's program plan outlines coursework required for the awarding of the master's degree. In some cases,

coursework will apply to both programs. Certification candidates, therefore, will have two program plans on file: one which leads to certification and another which leads to the awarding of the master's degree. It is conceivable that a candidate may complete the requirements for one program plan prior to completing requirements for the other program plan. For further information contact the School of Education Graduate Advising Office.

### **Graduate Certification Programs in Exceptional Education**

You may complete these certifications as specializations in the MSE (General) degree via Option B or by enrolling as a graduate special student and pursuing certification only.

#### **Early Childhood Special Education**

To receive certification, fulfill these requirements:

1. Professional preparation: Complete a bachelor's degree in early childhood ed, exceptional ed, or elementary ed, including these required courses: Early Childhood Ed 364; Educ 398; and Psychology 260 or HD 261.
2. General exceptional education: Complete Educ 551 and 778.
3. Area of specialization: Complete Educ 565, 566, 567, 781.

**NOTE:** If you are certified in related service fields such as physical therapy, speech/language pathology with a master's degree, etc., but do not have a prior degree with certification in education, you can pursue an emphasis in early childhood special education needs in order to augment your skills in working with this population. This avenue will NOT lead to teacher certification unless you elect to take the courses which lead to that certification.

#### **Emotional Disabilities**

To receive certification, fulfill these requirements:

1. Professional preparation:
  - a. Complete a bachelor's degree in elementary or secondary ed, including these required courses: Educ 309 or 386; Educ 351, 381, 383, 398; methods courses for instructional areas; and Psychology 260 or HD 261.
  - b. If you are certified in other areas of special education, complete these professional education courses: Educ 309 or 386; Educ 351, 381, 383, 398; methods courses in regular curriculum; Psychology 260; or equiv graduate level courses.
2. General exceptional education: Complete Communicative Disorders 567; Educ 556, 568, 704, 778; and
3. Area of specialization: Complete these courses, with an emphasis in emotional disabilities: Educ 564, 569, 781.

#### **Learning Disabilities**

To receive certification, fulfill these requirements:

1. Professional preparation:
  - a. Complete your bachelor's degree in elementary or secondary ed, including these required courses: Educ 309 or 386; Educ 351, 381, 383, 398; methods courses for your instructional areas; and Psychology 260 or HD 261.
  - b. If you are certified in other areas of special education, complete these professional education courses: Educ 309 or 386; Educ 351, 381, 383, 398; methods courses in regular curriculum; or equivalent graduate courses.
2. General exceptional education: Communicative Disorders 567, Educ 556, 568, 704, 778; and

3. Areas of specialization: Complete these courses, with an emphasis in learning disabilities: Educ 564, 569, 747, 781.

#### **Cognitive Disabilities-Borderline**

To receive certification, fulfill these requirements:

1. Professional education:
  - a. Complete your bachelor's degree in elementary or secondary ed, including these required courses: Educ 309 or 386; Educ 351, 381, 383, and 398; methods courses for your instructional areas; and Psychology 260 or HD 261.
  - b. If you are certified in other areas of special education, complete these professional education courses: Educ 309 or 386; Educ 351, 381, 383, 398; methods courses in regular curriculum; Psychology 260; or equivalent graduate courses.
2. General exceptional education: Complete Communicative Disorders 567, Educ 556, 568, 704, 778; and
3. Areas of specialization: Complete these courses, with an emphasis in mild-moderate cognitive disabilities: Educ 564, 569, 781.

#### **Multicategorical Special Education Graduate Certification Program**

This is a fast-track preparation program for teachers who are already certified in regular or special education and are provisionally certified in a category of special education. It consists of two consecutive 9-10 credit summer institutes and 5 credits over the regular school year. **Check with the School of Education Graduate Advising Office for availability of this program.**

Before you begin any coursework, you must develop a Certification Outline with your major professor. It will designate the content areas you will study for the certification you are seeking. Depending on your background and assessment of competencies, you could possibly take some of the courses for variable credit (to be determined by your adviser). This will allow you to either specialize in one area or obtain equal coursework in each area.

#### **Entrance Qualifications for Multicategorical Special Education**

1. Be a certified teacher.
2. Be admitted to Graduate Studies.
3. Be provisionally certified in an area of special education.
4. Have a minimum of 3 credits (Educ 351/551).
5. Be able to commit to two consecutive summer programs for 9-12 credits each.

#### **Course of Study**

1. Summer I: 9 credits from Educ 556, 564, 568.
2. Semester I: Educ 781.
3. Semester II: Communicative Disorders 567 or 797.
4. Summer II: 12 credits from Educ 569, 704, 747, 778.

### **Graduate Certification Programs in Reading**

You may complete these certifications as specializations in the MSE (General) degree via Option B or by enrolling as a graduate special student and pursuing certification only.

#### **Reading Teacher (316) Certification**

**NOTE:** You must have two years of successful *regular* classroom teaching experience in addition to the coursework for certification.

To receive certification you must earn 9 credits (6 from Area A and 3 from Area B) as described below. You can

## 192 Graduate Programs

take them at the graduate or undergraduate level, but note that if you are applying the credits to a master's degree, they must be at the graduate level. Before you take Educ 741 you must take Educ 309, 310, 386/586, or English 381/581 (for English majors).

1. **Area A**, 6 credits: One course is required at both elementary and secondary levels.
  - a. Elementary: Educ 309 or 310.
  - b. Secondary: Educ 386/586 OR English 381/581.
2. **Area B**, 3 credits from Educ 327/527, 383/583, 706, English 275, 375/575.
3. Also earn 12 credits (plus any prerequisites) from Educ 741, 746, 747, 748.

### Reading Specialist (317) Certification

You may complete 317 certification either as a specialization in the MSE (General) degree via Option B or by enrolling as a graduate special student and pursuing certification only. Meet the following requirements:

1. Complete a master's degree.
2. Meet the requirements for reading teacher (316) certification as outlined above.
3. Complete Educ 328/528, 749, 750, and 798.

### Master of Science in Education: Guidance and Counseling

UW-Stevens Point cooperates with UW-Oshkosh in their degree program leading to guidance certification with one of three emphases.

1. **Community counselor:** provides preparation for work in agencies, mental health institutes, county institutions, hospitals, industry, Job Service, and private practice.
2. **School counselor:** provides preparation for work in elementary, middle, or high school settings. You can also take an internship in school counseling if you do not have two years teaching experience.
3. **Student development:** provides preparation for work in post-secondary educational institutions.

You must meet admission criteria of the UW-Oshkosh Graduate School and the Counselor Education Program and apply for admission to candidacy BEFORE you complete 9 graduate credits. You will be assigned an adviser from UW-Oshkosh. Of the 48 credits required for the degree, 33 must be taken at UW-Oshkosh. Oshkosh courses will be offered at UW-Stevens Point as resources permit. For your culminating experience you may write a thesis, seminar paper, or comprehensive examination or complete an academic integrative seminar. Contact the School of Education Graduate Advising Office for more information.

### Master of Science in Education: Educational Administration -OR- Specialist in Education: Educational Administration

These programs are offered in cooperation with UW-Superior. For more information, contact the School of Education Graduate Advising Office.

In the English Department you may work toward the Master of Science in Teaching-English or the Master of Science in Teaching-Reading Certification in English. If you seek to teach English or reading, you can gain advanced knowledge and training through these programs.

### Admission to the Program

To be accepted into the MST program you must have a bachelor's degree with an English major. If you have less than this, the graduate coordinator may grant you provisional acceptance.

### Admission to Candidacy

To be admitted to candidacy, successfully complete 9 graduate credits with at least a B (3.0) average.

### The Program

Take at least half of your English credits at the 700 level.

1. **Master of Science in Teaching-English**
  - a. Successfully complete 18-24 credits in English courses selected with graduate coordinator approval.
  - b. Successfully complete 6-9 credits in education courses.
  - c. With graduate coordinator approval, you may substitute 3 graduate credits in another liberal arts area for 3 credits in English.
2. **Master of Science in Teaching-Reading Certification in English**
  - a. Successfully complete 15-18 credits in reading courses (up to 6 at undergraduate level) including: Educ 746, 747, 748; other courses approved by graduate coordinator to total 15-18 credits.
  - b. Successfully complete 18-21 credits selected with graduate coordinator approval.

### Culminating Experience

Before you complete 21 credits, select one of the four options below and notify the department chair.

1. Portfolio of papers, publications, and professional presentations submitted to and approved by a committee of graduate faculty appointed by the department chair, 2-4 credits.
2. Project that is an outgrowth of English 712, 755, or 781, 1 credit.
3. Thesis in literature or some aspect of teaching English, 2-6 credits.
4. Written comprehensive examination based on two areas of specialization from your English coursework.

# History

You may earn a Master of Science in Teaching in history or in history with a concentration in the social sciences. You may also earn a Master of Science in Education (General) degree with a history concentration. In these programs you study specific historical periods or topics, acquire new information, learn the latest interpretations, and evaluate the latest methods of teaching the subject.

## Admission to the Program

The History Department will admit you to its program if you:

1. Apply to Graduate Study,
2. Have an undergraduate major in history or social sciences,
3. Have earned a 2.75 cumulative GPA in your undergraduate work, and
4. Have earned a 3.00 GPA in your undergraduate major.
5. If you don't meet all these criteria, you may appeal to the History Department Graduate Committee for acceptance on probation.
6. Then complete a Program of Study form in consultation with your adviser, during the first semester you are in the graduate program.

## Admission to Candidacy

After you have completed 12-15 credits of graduate work, have an evaluation meeting with your adviser. At that meeting, discuss your program, progress, and potential for success in completing your degree.

## The Program

In consultation with your adviser, plan a program that best meets your professional needs. If you wish, you may specialize in a specific field of history.

1. **MST in history.** To earn your degree:
  - a. Achieve a 3.25 GPA in 30 credits of graduate coursework.
  - b. Earn at least 18 credits and no more than 24 in history, at least 12 of them at UW-Stevens Point. Earn at least 9 of these credits in courses numbered 700 and above and at least 6 of them at UW-Stevens Point.
  - c. Complete History 782 or 784 or 786. Do not concentrate all your work in any one area (e.g., American, European, or non-Western); earn at least 3 credits in a second area.
  - d. Earn 6-9 credits in 700 level education courses.
2. **MST in history with social science concentration.** Complete 30 graduate credits.
  - a. Earn 12 credits in history, at least 9 in courses numbered 700 and above and with at least a 3.25 GPA.

- b. Earn 12 credits, with your adviser's approval, in one or more of the social sciences.
  - c. Earn 6 credits in 700 level education courses.
3. **MSE (General) with history concentration.** For full information on this degree, see the section in this chapter on *Education*. As part of the 21 credits toward this degree in your area of subject content or specialization, you may take history credits under the professional option. Under the liberal arts option, you may take up to 21 credits in history.

After consulting with your education and history advisers, you determine your Program of Study in your area of specialization. Earn one-half of the credits in history courses numbered 700 and above. Also maintain at least a 3.25 GPA in history courses. If you wish to make exceptions to these history requirements, the history department chair, graduate committee, and graduate program coordinator must approve them.

## Culminating Experience

You may either write a master's thesis for a maximum of 6 credits, or submit a research paper done for the Education Seminar.

**The Thesis Option.** If you choose to write the thesis, select a topic in consultation with your adviser and inform the graduate coordinator. After you submit the completed thesis, take an oral examination on it conducted by your thesis adviser and two other members of your department chosen by your adviser in consultation with you.

To pass this exam, your adviser and one other member of your committee must approve both your thesis and your responses. You must then take a written comprehensive examination consisting of a question in education. For further information on the thesis, contact the History Department Office.

## Research Paper/Comprehensive Exam

**Option.** If you choose to submit a research paper, you must also take a written comprehensive examination in history and education. If your degree is in history, you must display thorough factual and bibliographical knowledge of at least one area of history. If your degree is in history with a social science concentration, you must display the same knowledge of one area of history and one social science.

## Resources

In the government publications division of the Learning Resources Center you will find a rich collection of public documents on international and national as well as state and local topics. As an Area Research Center, the LRC collects U.S. government publications and Wisconsin government publications. It also has a growing collection of public documents and private papers. With these materials, you may research such areas as 20th century diplomatic and military history, English history, 18th and 19th century United States history, and American Indian history.

# Human & Community Resources and Nutritional Sciences

James Ramsay, Graduate Coordinator in the School of Health Promotion and Human Development

You may earn the Master of Science in Human and Community Resources or the Master of Science in Nutritional Sciences.

The Master of Science Degree in Human and Community Resources is designed to broaden your expertise in family and community resources, child and family studies, family and consumer education, or adult education. Each program is developed according to your individual needs and career goals.

The Master of Science Degree in Nutritional Sciences is designed to broaden your expertise in nutritional sciences or applied nutrition. Each program is developed according to your individual needs and career goals.

In both the human and community resources and nutritional sciences programs you have an opportunity for graduate teaching and research assistantships as well as for in-depth clinical/community practitioner experiences.

## Abbreviations

FCE = Family and Consumer Education  
FN = Food and Nutrition  
HD = Human Development

## Admission to the Program

For the **Human and Community Resources** program you need a bachelor's degree, but you must remove any deficiencies before applying for candidacy. The graduate faculty in your program area decides whether you may enter the program. If you have a cumulative undergraduate GPA less than 2.75, you may be admitted on probation for one semester. During that semester, you may take no more than 9 graduate credits and must earn a 3.00 GPA.

For admission to the **Nutritional Sciences** program, you need the following:

1. A bachelor's degree, but you must remove any deficiencies before applying for candidacy.
2. A 3.00 GPA.
3. Completion of the following courses or equivalent with a grade of C or better: Chemistry 105 and 106,

220, 260; Biology 101, 285, 333; FN 106 or 246, 253, 455, 457.

4. A letter of intent detailing your background qualifications, career goals, and how this program in nutritional sciences fits into your future professional plans. Applications for admission will be accepted twice a year: September 25 and February 1.

## Admission to Candidacy

After you complete 9 credits of graduate work at UW-Stevens Point with a 3.00 GPA, you may apply for admission to candidacy. If your GPA is lower than 3.00, you will be placed on probation. If you then earn a 3.00 GPA on your next 9 credits, you will be admitted to candidacy. If you fail to maintain a cumulative GPA of 3.00, you will be dismissed from the program.

## The Program—Human and Community Resources

1. Choose one culminating experience:
  - a. Thesis: 3-6 credits; 30 credits total.
  - b. Project: 2-4 credits; 32 credits total.
  - c. Examination: 36 credits total.
2. Required core, 9 credits: HD 768, 789, 798.
3. Choose one option:
  - a. **Human development:** Take HD 765, 766 and select one track:
    - 1) Family and consumer education, 9-21 credits of electives designed with your committee.
    - 2) Child and family studies, 9-21 credits of electives designed with your committee.
  - b. **Family and community wellness:** Take HD 760, HP/W 690 and select one track:
    - 1) Adult education: FCE 590 and 9-21 credits of electives designed with your committee.
    - 2) Health promotion and community resources: 9-21 credits of electives designed with your committee.

## The Program—Nutritional Sciences

Earn at least 30 credits at the graduate level, 15 of them in courses numbered 700 and above. Then take a comprehensive oral examination over your coursework and thesis.

1. Core courses: HD 798, FN 749, 753, 799.
2. Six credits outside the major area including Education 706 or Psychology 500 or Sociology 551 if you did not take a statistics course as an undergraduate.
3. Ten to 14 credits in food and nutrition and food systems management.

You may apply to your degree up to 6 credits of special topics and independent study courses in all of these areas.

# Music

Patricia Holland, Graduate Coordinator  
 Room C-124, Fine Arts Center

 Music.Department@uwsp.edu

In the Music Department you may work toward the Master of Music Education degree with an emphasis in instrumental, vocal/choral, Suzuki talent education, general music, jazz education, or studio pedagogy emphasis. In this program, you prepare for a full range of classroom, performance, and administrative responsibilities as a member of the music teaching discipline. You improve your competency in music philosophy, methodology, literature, and applied musical experiences while learning of the most recent trends and innovations in music education. **Please note that this program does not lead to teacher certification.**

A wide range of activities are available to enhance your abilities as a music educator. Seminars and methods courses illuminate practical and philosophical issues in music education. In the Suzuki talent education curriculum, you participate in the renowned Institute which brings several thousand students and teachers to the UW-Stevens Point campus each year. You have access to music department resources such as the Computer Music Center with opportunities to learn and apply technological advancements in the field.

## Admission to the Program

To be considered for admission:

1. Complete the university and department application forms for admission.
2. Submit a transcript of all undergraduate or graduate work you have taken at other institutions.
3. Have your past administrators, teaching colleagues, or college teachers in your major area send two letters of recommendation on your behalf.
4. If you wish to have an emphasis in instrumental, vocal/choral, general music, or jazz, you must have state teacher certification. If your emphasis is Suzuki, certification is recommended but optional. If your emphasis is pedagogy, certification is optional.
5. Meet these requirements for certain emphases:
  - a. Instrumental, vocal/choral, general music, jazz: an undergraduate degree in music education.
  - b. Suzuki talent education: an undergraduate degree in music and a Suzuki-related performance area; OR gain admission by faculty evaluation, based on your performance area, music courses taken toward a related undergraduate degree, and significant involvement in Suzuki teaching. You may be required to take additional courses.
  - c. Studio pedagogy:
    - 1) Undergraduate degree in applied music or music ed (teacher certification optional).

- 2) Approval of faculty in your major area of performance. OR
- 3) Admission by faculty evaluation, based on performance area, music courses taken toward a related undergraduate degree, and significant involvement in studio teaching and performance. You may be required to take additional courses.

## Admission to Candidacy

To be admitted to candidacy:

1. Complete 9 credits with a grade of B or better.
2. Before you complete 15 credits, adopt a Program of Study, including projected courses, the topic of your culminating experience, and the selection of a graduate committee and project adviser, who is also chair of your committee.

## The Program

To earn your degree, earn at least 30 graduate credits of which 10 must be in music education courses:

1. Applied music, 4 credits.
2. Music theory and applied creativity, 6 credits. Take a placement exam when you enter. If you have deficiencies, you may be required to take additional theory courses.
3. Music history/literature, 6 credits. Take a placement exam when you enter. If you have deficiencies, you may be required to take additional music history courses.
4. Music education:
  - a. Instrumental, vocal/choral, general music, jazz, Suzuki, 6 credits: Music Ed 786 and 787 (or 788-Suzuki; or 790-jazz)
  - b. Studio pedagogy, 5 credits: Music Ed 789 and Music 691.
5. Thesis option, 0-4 credits.
6. Electives, 4-9 credits. (See below.)

## Culminating Experience

**Option 1:** Thesis, 4 credits; electives, 4 credits (studio pedagogy, 5 credits).

**Option 2:** Performance, methods and materials paper, 2 credits; electives, 6 credits (studio pedagogy, 7 credits).

**Option 3:** Seminar paper, 0 credit; electives, 8 credits (studio pedagogy, 9 credits); and comprehensive final examination.

No matter which option you choose, make an oral defense, demonstration or other presentation appropriate to the option before your committee. Select one of the three options in cooperation with the graduate coordinator and your project adviser. The options may include a wide variety of activities in research, performance, and teaching methodology.

# 196 Graduate Programs

## Natural Resources

Christine Thomas, Graduate Coordinator  
Room 265, College of Natural Resources Building  
Phone: 715-346-4185  
E-mail: College.of.Natural.Resources@uwsp.edu

In the College of Natural Resources you may earn the Master of Science in Natural Resources, which encompasses forestry, forestry-recreation, urban forestry, wildlife, fisheries, limnology, resource management, extension programming, environmental education, international resource management, land use planning, soil science, aquatic toxicology, groundwater, watershed management, and water chemistry.

In the graduate program you have an opportunity for advanced study, research, and involvement in natural resource-related professional activities. We have designed all our programs to meet your individual needs and interests.

### Admission to the Program

Complete both an application to Graduate Study and an application for the College of Natural Resources program and submit two letters of recommendation. The Graduate Record Examination is required. You also must have a 3.00 grade point average during your last two years as an undergraduate.

You do not need an undergraduate major in one of the natural resource specialties. However, you may have to take additional courses to make up deficiencies in your undergraduate curriculum. If you have an undergraduate major in social sciences or humanities, you have more deficiencies than someone with a major in the sciences.

Graduate faculty in your area of interest admit you to the program. An adviser will be assigned to you when you are admitted.

### The Program

1. You must earn at least 30 credits in graduate courses. At least 15 credits must be in courses numbered 700 and above.
2. You must take courses in at least four disciplines (e.g., forestry, wildlife, biology, and education).
3. Your graduate committee must consist of at least three members of the graduate faculty who represent at least two disciplines.

4. You must enroll for at least 3 thesis or independent study credits during each of your first four semesters.
5.
  - a. **Thesis option** (recommended for most students)
    - 1) Thesis: maximum of 6 credits count toward your 30 credit requirement; and
    - 2) Seminar: maximum of 4 credits in Natural Resources 794 and 795 count toward your 30 credit requirement.
  - b. **Nonthesis option** (available only with the approval of your graduate committee and adviser)
    - 1) Independent study, 3 credits: (library research, management plan, etc.); and
    - 2) Seminar: maximum of 4 credits of Natural Resources 794 and 795 count toward your 30 credit requirement.
  - c. **Extended MS in Natural Resources/Environmental Education for Elementary and Secondary Teachers.** This program is open to licensed, continuing teachers who wish to develop their skills and expertise in natural resources, environmental education, research, methodology, and leadership. Your adviser will be determined based on the grade level you teach and your professional interests.
    - 1) **Project option:** 30 credits and a project (report, articles, presentations, and/or activities) related to your Program of Study and professional situation. May include 3 credits of independent study (library and local research, management plan, etc.)
    - 2) **Nonproject option:** 36 credits and a comprehensive examination on coursework.  
Check with the Wisconsin Center for Environmental Education for details on course and option requirements, 715-346-4973.
6. Enroll in Natural Resources 794 every semester that you are not enrolled in Natural Resources 791 or 795. You may not substitute Natural Resources 791 for the seminar requirements.
7. Enroll in Natural Resources 796 or 799 each semester you are enrolled as a full-time student.

### Culminating Experience

You must take a comprehensive final oral examination conducted by your graduate committee which includes questions on your thesis or seminar paper and on coursework.
