George W. Mead

George W. Mead is chairman of the board of Consolidated Papers, Inc., Wisconsin Rapids, Wisconsin. Mead obtained a B.S. degree from Yale University in 1950. He earned a Master of Science degree at the Institute of Paper Chemistry, Appleton, Wisconsin, in 1952, and joined Consolidated as a chemical engineer that same year. He later served as production manager at the company's Wisconsin Rapids Division and as corporate quality manager, before being elected vice-president of operations in 1962. He was elected a company director in 1963 and Consolidated's president in 1966. He has been chairman since 1971.

Active in industry associations, Mead currently serves on the board of directors of the American Forest & Paper Association. He is the immediate past chairman of the AF&PA Environmental and Health Program. He is also past chairman and a member of the board of governors and the executive committee of the National Council of the Paper Industry for Air & Stream Improvement, Inc. He is a trustee and past chairman of the board of trustees of the Institute of Paper Science and Technology (formerly the Institute of Paper Chemistry).

Mead is on the board of directors of several other corporations, including Snap-on-Tools Corporation and Thiele Kaolin.

In 1987, a poll of sell-side security analysts voted Consolidated the best-managed paper company. Mead was chosen Papermaker of the Year in 1986 by the Paper Industry Management Association and again in 1990 by Paper Age magazine. In 1994, he received the Herman Louis Joachim Award for Excellence in Management from the Syracuse Pulp and Paper Foundation, Inc.

His wife, Susan Feith, is a UWSP alumnus and a member of the UWSP Foundation Board of Directors.

Chancellor's Medallion and the UWSP Ceremonial Mace

The Chancellor's Medallion and the UWSP Ceremonial Mace were both hand-crafted by former Art Professor Henry Runke. The medallion was cast in a 14K yellow gold pendant in 1968 and contains a purple amethyst to represent the school colors. The four sectioned areas terminating near the center symbolize the four colleges of the university and terminate as prongs for the gem. The mace, carried by the grand marshal of academic processions, was completed in 1976 and has a square base on which important dates in the schools' history are recorded. The most prominent feature is the mace head which is a miniature of the cupola on Old Main, the school's symbol. The inside of the mace also includes a purple amethyst.
