Welcome from the Chancellor

Linda H. Bunnell

On behalf of the University of Wisconsin-Stevens Point, I welcome you to our Spring 2009 Commencement Ceremony. Commencement is one of our most time-honored and cherished traditions, one we have practiced for nearly 114 years. The University of Wisconsin-Stevens Point held its initial commencement ceremony on June 26, 1895.

"Families, townspeople, faculty and students gathered at 10 a.m. in the Assembly Hall for this historic occasion. Dr. Benjamin S. Terry of the University of Chicago presented the address and spoke on the topic 'What is An Education?' Seven members of the class received diplomas in elementary education."¹

Today we will honor more than 1,200 students, their families and supporters as they celebrate this major achievement from a university that now includes four academic colleges and more than 100 program choices within 51 majors, 78 minors and 15 graduate programs. We congratulate these students and all who have made it possible, for their achievements, learning and rigorous work.

Completing a university degree is a major accomplishment, one not achieved without significant sacrifices by the students themselves and also by their families, associates, and friends. It is my honor to present these students to you so that you may share in the great joy of their success on this special day.

I thank our faculty and staff today as well. Through their dedication and mentorship, they have broadened our students' intellectual horizons and contributed to many happy memories that will last for lifetimes.

It is my pleasure to confer these degrees and to honor our Spring 2009 graduates at this most magnificent of UWSP traditions.

Sincerely,

Linda H. Bunnell

Chancellor

The Speaker

Jenny Baeseman

Jenny Baeseman, '98, is a researcher and expert on climate change.

Now a resident of Tromsø, Norway, she is the founding director of the Association of Polar Early Career Scientists (APECS), an international organization of more than 1,800 researchers from more than 40 countries who work in the Arctic and Antarctic. Based at the University of Tromsø and Norwegian Research Council in Tromsø, APECS helps give young researchers career opportunities that increase international science efforts, trains researchers to communicate their research with society and policy makers and develops a strong network of researchers concerned about the impacts of climate change on the melting Polar Regions.

Baeseman has also been a leader in the International Polar Year efforts, working with scientists across the globe to increase understanding of the Polar Regions. As a representative of Al Gore's "The Climate Project," she presented the message of the film, *An Inconvenient Truth*, and climate change issues to people across the U.S., including a group at UWSP last fall.

After earning her degree in water resources at UWSP, she earned a master's degree in civil engineering at the University of Minnesota and Ph.D. in civil engineering with an environmental emphasis from the University of Colorado. She conducted postdoctoral research at Princeton University and has researched in the McMurdo Dry Valleys of Antarctica, in Fairbanks, Alaska, and now in Tromsø. She studies the survival mechanisms of bacteria in the coolest environments on Earth and how their unique biochemistry can benefit society.

Baeseman continues to be active with UWSP, serving on the Alumni Association Board of Directors since 2006 and giving presentations to students. She is currently working with faculty in the College of Natural Resources to create opportunities for UWSP students to participate in a summer school on the Antarctic Peninsula.

One of her personal goals is to make sure everyone she meets knows that polar bears don't eat penguins - as they live at different ends of the planet.

The Albertson Awards were established in 1967 as a memorial to Dr. James H. Albertson, eighth president of the University of Wisconsin-Stevens Point. Each of these students has distinguished himself or herself as a true leader within the academic and co-curricular activities of our campus and community. In awarding the medallions, the students, faculty and staff of UWSP express their great pride in the accomplishments of the graduates during their college experience. The Albertson Medallion further suggests an anticipation of the significant achievement which we believe lies ahead for these recipients.

Phi Kappa Phi

Phi Kappa Phi is a national honor society that encourages superior scholarship in all academic disciplines and recognizes those persons of good character who have excelled in scholarship. The names of those students who have earned this distinction are noted in the commencement program.

Undergraduate Honors

The faculty has established a program of academic honors to recognize undergraduate students for outstanding academic achievement.

There are three levels of undergraduate academic honors, which are awarded on the basis of grade point average for all courses attempted. Those students graduating *Cum Laude* have achieved an overall grade point average of 3.5 to 3.74; those graduating *Magna Cum Laude* have earned an overall grade point average of 3.75 to 3.89; and those achieving a *Summa Cum Laude* designation have earned an overall grade point average of 3.9 or above.

Special Honor Designations

Teal tassels represent Alpha Kappa Delta, the National Sociology Honor Society.

Blue, brown and gold cords represent Gamma Theta Upsilon, the International Geographical Honor Society.

Green and purple twisted cords represent Kappa Delta Pi Education Honor Society.

Red and white cords represent Lambda Pi Eta, the Communication Honor Society.

White, black and blue twisted cords represent Omicron Delta Kappa, the National Leadership Honor Society.

Blue and white cords represent the National Residence Hall Honorary, which focuses on recognition, scholarship, service and leadership in the residence halls.

Braided navy and gold cords ending in fringed tassels and/or a 2-inch cloisonné medallion featuring a rendering of the Phi Kappa Phi badge hanging from royal blue ribbon represent Phi Kappa Phi.

White, purple and gold cords represent Phi Upsilon Omicron, the National Honor Society in Family and Consumer Sciences.

The cloisonné enamel on brass-finish medallion, hanging from a red grosgrain ribbon, depicts the symbol and Greek letters for Pi Sigma Alpha, the National Political Science Honor Society.

Colored sashes are worn by students who have spent one or more semesters abroad and represent the host countries of UWSP's semester abroad program: Australia, England, France, Germany, Hungary, Ireland, Mexico, New Zealand, Poland and Spain.

Scarlet and black cords represent Sigma Tau Delta, the English Honor Society.

Green and white cords with an evergreen emblem represent Xi Sigma Pi, the National Forestry Honor Society.

Academic Regalia

History

The origins of the academic dress date back to the 12th and 13th centuries when universities were beginning to form. It is still open to question as to whether academic dress finds its sources chiefly in ecclesiastical or civilian dress. It is often suggested that gowns and hoods were the simplest, most effective method of staying warm in the unheated, stone buildings which housed medieval scholars.

In the days of King Henry VIII of England, Oxford and Cambridge first began prescribing a definite academic dress and made it a matter of university control to the extent of its minor details. The assignment of colors to signify certain faculties was to be a much later development and one which was to be standardized only in the United States in the late 19th century. An Intercollegiate Commission comprised of representatives of leading institutions met at Columbia University in 1895 and adopted a code of academic dress which besides regulating the cut and style and materials of the gowns, prescribed the colors which were to represent the different fields of learning.

In 1959, a Committee on Academic Costumes and Ceremonies, appointed by the American Council on Education, again reviewed the costume code and made several changes. In 1986, the committee updated the code and added a sentence clarifying the use of the color dark blue for the Doctor of Philosophy (Ph.D.) degree.

Agriculture — Maize	Medicine — Green
Arts, Letters, Humanities — White	Music — Pink
Commerce, Accountancy, Business — Drab	Nursing — Apricot
Dentistry — Lilac	Oratory — Silver Gray
Economics — Copper	Pharmacy — Olive Green
Education — Light Blue	Philosophy — Dark Blue
Engineering — Orange	Physical Education — Sage Green
Fine Arts, including Architecture — Brown	Public Administration — Peacock Blue
Forestry — Russet	Public Health — Salmon Pink
Journalism — Crimson	Science — Golden Yellow
Law — Purple	Social Work — Citron
Library Science — Lemon	Theology — Scarlet
	Veterinary Science — Gray

The Gown

Pattern. Gowns recommended for use in the colleges and universities of this country have the following characteristics. The gown for the bachelor's degree has pointed sleeves. It is designed to be worn closed. The gown for the master's degree has an oblong sleeve, open at the wrist, like the others. The sleeve base hangs down in the traditional manner. The rear part of its oblong shape is square cut, and the front part has an arc cut away. The gown is so designed and supplied with fasteners that it may be worn open or closed. The gown for the doctor's degree has bell-shaped sleeves. It is so designed and supplied with fasteners that it may be worn open or closed.

Material. As a means of adaptation to climate, the material of the gowns may vary from very light to very heavy provided that the material, color, and pattern follow the prescribed rules.

Color. Black is recommended.

Trimmings. Gowns for the bachelor's or master's degrees are untrimmed. For the doctoral degree, the gown is faced down the front with black velvet and three bars of velvet are used across the sleeves. These facings and crossbars may be of velvet of the color distinctive of the disciplines to which the degree pertains, thus agreeing in color with the binding or edging of the hood appropriate to the particular doctoral degree in every instance.

The Hood

Linings. The hoods are to be lined with the official color or colors of the institution which granted the highest degree held by the wearer; more than one color is shown by division of the field color in a variety of ways such as by chevron or chevrons.

Trimmings. The binding or edging of the hood is to be velvet or velveteen, two inches, three inches, and five inches wide for the bachelor's, master's, and doctoral degrees, respectively; the color should be indicative of the subject to which the degree pertains.

Chancellor's Medallion and the Ceremonial Mace

The Chancellor's Medallion and the University of Wisconsin-Stevens Point Ceremonial Mace were both handcrafted by Henry M. Runke, former chairman of the Art Department. The Medallion was cast in a 14k gold pendant in 1968 and contains a purple amethyst to represent the school colors. The four sectioned areas beginning near the center symbolize the four colleges of the university and terminate as prongs for the gem. The Mace, carried by the Grand Marshal of academic processions, was completed in 1976 and has a square base on which important dates from the school's history are recorded. The most prominent feature is the head of the Mace which is a miniature of the cupola on Old Main, the school's symbol. The inside of the Mace also contains a purple amethyst.

International Flags

As a depiction of the university's commitment to fostering global citizenship, the international flags represent the home countries of our international students since 1980, and also the countries in which our students have studied through international programs. The current total of 102 nations includes the following:

Angola	Denmark	Jordan	Portugal
Australia	Dominican Republic	Kenya	Russia
Austria	Ecuador	North Korea	Saudi Arabia
Bahamas	Egypt	South Korea	Senegal
Bangladesh	El Salvador	Kuwait	Singapore

University of Wisconsin-Stevens Point Alumni Association

The University of Wisconsin-Stevens Point Alumni Association welcomes our Spring 2009 graduates to the ranks of University of Wisconsin-Stevens Point alumni. To honor this occasion, members of the Students Today, Alumni Tomorrow (S.T.A.T.) presented each new alumnus with the gift of a UWSP key chain during last week's Senior Breakfast. We hope this will serve as a reminder that, no matter where life may lead our graduates, they will always have a home at UWSP.

The Alumni Association serves to strengthen the ties with more than 76,500 Pointer alumni and their university home. Our alumni are among this university's most important assets and collectively constitute a major force in shaping the reputation of our campus.

The association seeks to help alumni stay in touch with former classmates and friends who have graduated from UWSP to make their mark, professionally and personally, on the nation and the world. The association also provides a variety of services to alumni and friends of UWSP including the *Pointer Alumnus* newspaper, alumni reunions, homecoming, alumni travel, an online alumni directory and other special events.

All graduates and anyone who has attended UWSP are automatic lifetime members of the non-dues paying association. Support for the Alumni Association is provided in part by the UWSP Foundation, the UWSP campus, proceeds from an alumni endowment and by gifts from alumni and friends.

All of our alumni share memories of their years at UWSP, and they in turn have contributed to the success of the campus. We urge you to continue to think of yourself as a vital participant in the future of your alma mater. UWSP always welcomes your support, involvement and ideas.

Those interested in learning more about the UWSP Alumni Association and its Board of Directors are encouraged to contact the Alumni Affairs Office at 715-346-3811 or 877-764-6801, or by e-mail at alumni@uwsp.edu. The UWSP Alumni Association Web site can be accessed at www.uwsp.edu/alumni.
