GIRLS' VOLLEY BALL

With the basketball season at its close, the girls are looking forward to the Volley-Ball season. Practices are being held under the supervision of Miss Foster, the girls' athletic director. The teams are being picked according to classes rather than by departments as was customary in basketball. The Commons, Juniors and Sophomores compose one division, and the Seniors form the other division. There are to be three separate teams formed from the Rural, Junior and Sophomore sections, while the Seniors will be divided into two teams. As practices have just begun, the members of the squads have not yet been chosen. The Rural, Junior and Sophomore squads hold their practices on Tuesdays at 4:15. The Senior practice is held on Thursdays at 4:15.

All those out for Volley-Ball should come to practice according to schedule. Further announcements will appear on the bulletin board.

THE POINTER

EASTER GREETINGS

RESULTS OF FORENSICS

Donald Vetter, our representative at the Oral State Forensics meet at Stevens Point, had won the second place in the State National Oratorical contest held at River Falls on Friday, March 18th, with a second place, and is alternate in case the speaker from River Falls, who won first place, drops out. Mr. Desserreau was given fifth place in the Inter-State contest. Robert Desserreau speaks of the experience.

GIRLS' VOLLEY BALL

STATE DEBATE HONORS

Stevens Point Second

Despite the fact that we lost to the River Falls Affirmative team 87 to 100 and to their Negative 102 to 108, both of which were held on Tuesday were a battle of words from the minute the teams stepped upon the rostrum until the Falls and Point debaters had left for their respective schools.

Sweeping into the State finals over the Central League, the Pointers' hopes for a chance for a debate team to go to the State finals have been dashed, but many of the boys have already shown their ability at the Inter-State meeting. Robert Desserreau has shown his ability in preceding debates.

Stevens Point and River Falls are the only two teams in the State. If the team at River Falls receives an alternate place, it will be taken by the team at Stevens Point. This team and those at River Falls, S. P. N. Hats off to Norseng and Vetter Whirlwind Speakers.

The remarks and sentiments of the audiences single out the pretty young women as speakers of remarkable ability in extemporaneous speaking. Norseng and Vetter have been the only speakers that have placed first in the State Extemporaneous contest held at Stevens Point recently.

This strength on the debate teams was keenly felt by the boys as they followed the proceedings. Norseng, the man who won the State Extemporaneous with the Rivers Falls Affirmative team. His entire constructive speech was given extemporaneously. Norseng was the outstanding and magnificent. His ability to combat his opponents argument was remarkable. No speaker or team, however, need be ashamed to take defeat at the hands of Marshall Norseng and his colleagues; aided by four years experience in extemporaneous work, gifted with a pleasing voice and convincing manner, Mr. Norseng is a speaker of unusual ability. Yet our Don can compete in every detail with Norseng, having won second in extemporaneous work last year. This is the second year in a row he will be ready for two successive years.

President Sims Presides

Pres. Sims opened the debate by welcoming the Falls to our school and to the students of teams and schools" he said, "I was associated for many years with the River Falls Normal School as a Professor before I came to Stevens Point in the interests of this School. Nothing

BOYS' VOLLEY BALL TOURNAMENT STARS

Volley ball season opened at St. P. Freshmen and Sophomores met with ten teams in the field. Nine are student teams and one is a faculty team under the direction of Mr. Foss Rogers. The student captains are Allan, Atkinson, Ban- nert, Cramer, Perdew, Laabs, Vaughan, and Weaver.

The names of all the candidates players are placed in a box and the captains of the teams draw from there. Each team plays every other team one set of games. The winning team will be awarded gold medals. Eight members comprise a team but only six men are active at one time. Substitution may be made at any time.

Watch the bulletin board for results and percentages of games. The teams are also listed for all games. That fact should enable interested to witness the coming tournaments.

You will be surprised at the pep and enthusiasm that some of the teams will show. You can shout just a little, be sure. There will be a team which will carry your support throughout the meet. To help the master in the art of "razzing" you might, perchance, sell your support. A volley ball game is played from the side lines as well as from the court.

Lecturer Entertains

Mr. Al Fluide of Chicago, who appeared on the Normal Lyceum program, on the evening of March 15, gave an informal talk to the English and History students, on Chinese poetry, in the afternoon. Mr. Fluide said that the Chinese and the Japanese are the greatest poetry-loving races of the world. He read poems which dated as far back as two thousand years before Christ, and the themes were the same as our modern ones. They have long poems.

Mr. Fluide stated that "every one writes poetry and they have more poems than any other nation."

It is customary in China and Japan to have one day a year to celebrate poetry. On this day every one writes a verse and tie it to a tree so that it can be read by everyone else.

COMING EVENTS

The following are the coming events during the month of April:

April 5-6-7 — The Normal School Teachers' Association meeting at Madison.

April 7 — Meeting of the Schoolmaster's Club under the direction of Mr. Sims. This Club is composed of all the teachers in central Wisconsin, and the meeting will be held at the local Normal.

Spring Park

Coach Swetland is going to issue his call for track candidates soon and hopes for a good attendance. Many candidates interested in the track should try out. There are many new men who have great possibilities and it is their duty to answer the Coach's call. The state track meet is to be held at Whitewater on May 29th. Our slogan is "Win the State meet."
ENGLISH CLASSES PUBLISH POINTER

This issue of the Pointer is being published by the English classes. The Editor-in-chief is Helen Knope. Most of the articles in this issue are the work of the members of the English 3 classes. It will be given to the students a little actual practice in journalism. Much credit is due Miss Knope for her supervision and work on this issue. The English classes are under the direction of Mr. Knutzen.

The regular staff extends to you, "Easter Greetings!"

EASTER

"The darkest hour is just before dawn."

Winter, the darkest time of the year, but which we will admit, has a singular beauty of its own, has passed and we find ourselves at the dawn of Spring. We awake with the joyous cry, "Spring has come!"

And what a sight on every hand! The little green blades of grass penetrate the soil; the trees and bushes reveal their vitality by an elaborate display of buds; birds of numerous kinds "tune up" and fill the air with sweet melody. Children play and shout with glee; the workman, who through the winter months manages to complete his arduous tasks only with effort, steps lively, and whistles as he goes about his business. Why? Nature has passed from darkness to light, from death to life.

How typical is this present manifestation to the life of the Master of men; to Him who passed into the profound darkness and death, that through the resurrection He might bring us the greatest light and hope. Through the resurrection He has promised us the newness of life", an eternal Spring in the heart of man. "I am come that ye might have life and have it more abundantly," were the words of this God-man. He was a perfect delineation of the abundant life; He was life in the highest ideal. Anyone who will avail himself of this springlike influence, may create his own children of light, and make "put off the old man and put on the new." What a blessing is given us in this opportunity to shed the leaves of the old life; to bury them under the passing snow, and give birth to a new spring of life a different being, clothed in a celestial victory! This is the inheritance for us to claim.

We can see, then, that Spring has not only its physical beauty, but also, in a more larger and wider sense it has its spiritual significance. As the coming of Spring brings joy, so the advent of the eternal spirit brings unequalled harmony. The presence of the latter, coupled with the proper appreciation of the former, has turned out more than one individual with the soul of a poet.

SPRING

We are now at the apex of one of our seasonal transitions — A turning point in the year, which, like a turning point in anything else, is more or less critical. The best that we can do is to give one good intentions. A general slowing up in his endeavors is the result.

However there is nothing unnatural or reprehensible in this, for the season never, who, with all his scientific things to do, is annoyed by nature's indifference. The coming of Spring brings joy, so the advent of the eternal spirit brings unequalled harmony.

BAND

Each member was obliged to bring two large round cookies. This, while the real story of "Susy Scallops" the members treat the Susy Scallops with expert care.

After the entertainment a short business meeting was held.

LOYOLA

The regular monthly Loyola meeting was held on Thursday, March 10.

The meeting was brief because of the absence of a number of members, and the members of the Loyal on Service in various churches on that evening.

The Loyola business meeting was to vote to donate five dollars as our share toward sending the members of "Harmony Personified" to the meeting.

We also voted to pay our dues of twelve dollars and thirty cents for the Iris club.

Y. W. C. A.

For the last three weeks Vesper meetings have been kept up by Heroince Smoot at five o'clock on Sunday afternoon at Nelson Scelby's. Various speakers have been given. They will continue until late in the spring.

The new Y. W. C. A. Cabinet is to be chosen soon.

Y. W. C. A. meetings have been held in the auditorium instead of Wednesday evening at 7:15 so as not to interfere with the union services of the Churches on Wednesday evening during Lent. Many very interesting and inspiring talks have been given.

PEP CLUB

The Pep Club again showed its pep by challenging the different departments and organizations of the student body to a "Sabahcene Triad" to River Falls.

The departments and organizations contributing toward the number of dollars are as follows: Pep Club $10; Grammers $5; Home Ecs. $5; Primaries, $5; Rurals, $5; Handbook, $5; loaf, $5; Athlete Ass'n, $5; Girls' Athlete Ass'n, $5; Margaret Asbury Club, $5; Mystery, $1; Y. W. C. A., $5; Iris, $5; Senior Class, $5; and Pointer, $2.

HOME ECONOMICS DEPART-

The Misses Carlton, Church, Catte, and Allen were employed at a six-week term, the dinner given by Esther Cate and Ellen Webster. The decorations were carried out in red and white.

Norraine Valentine and Rose Lowe entertained six guests at a bridge luncheon. The decorations and color scheme were in keeping with St. Patrick's Day. The decorations included Alan, Meston, Mayne Carmilt, Mac Herbert, Betty Collins, and Mrs. Winchell.

Problem: How could "Rusty" knock out Billy Franz in the Home High basketball game?

The Sophomore Foods class visited the Stovens Point Dairy on Monday afternoon to see a practical application of that which they had just finished studying in Food Study class; namely, the making of butter and cheese. Little do we sometimes realize how much these trips mean until we ourselves have to meet difficult problems solved by similar means.

Leone Wood, in public speaking class, was able to keep the audience in an impromptu speech. The speech was to be of such nature as to explain something technical which would require more time or less explanation. Leone, after a moment's thought, began to explain the heart played by a catalytic agent.

For example take a young married. They will be united in marriage by a minister. The man and woman may be compared to chemical elements which undergo a change as a result of marriage. The minister remains the same.

Section 1 of the Sophomore Foods class served section 1 of a Monday night meeting of the program. The color scheme of yellow and white was carried out in the playing cards, the cups, and coffee dill decorations.

A very interesting meeting of the home economics students was held Wednesday, March 24. The following topics concerning Home Economics were given by members of the faculty and students:

- Economics in Illinois
- Miss Nichols
- Home Economics in Minnesota
- Miss Meston
- Home Economics in Nebraska
- Miss Meston
- Home Economics in Other Lands
- The economics of the home in America and California
- Mayne Carmilt

The meeting was concluded with a vocal solo by Annie Rowe Miss Allen, director of our department, and we hope for her early recovery.

ROUND TABLE

That's all we heard for weeks. But now that the tournament is over

We don't hear those loud shouts and cheers.

The High School Department was in it,

They had the silver cup.

The Primaries, they wore it.

Each time the ball went up —

The Rurals, oh yes, they were in it.

They saw the thing right straight through.

But the Grammars — Yea, for the Grammars

Did you see what they could do?

We are very proud of our team and the way they played during the basketball tournament. The boys gave their best hard fought games, and two of them were tied. Under the capable coaching of Views and Ziegel, our team played hard and well in the games. Anna Bartz, Isabel Herrick, and Adeline Gaetzel will play for the Grammar Department again next year!

Our department is also represented in debate. Eugene Taage and Alice Hellbrecht have again won the Debating Societies for next year. How convince the judges that they are right.

Benah Row, with her committee, put on a very interesting and unusual program on Monday evening, March 29th. This program showed that real spirit and talent can be found among the members of the Round Table. After the brief business meeting, refreshments were served.
Why don't you give you the best they had, and let the people know.

RIVER FALLS COPS

Notice: The following quiz will be held. For the students of the River Falls schools, the quiz will be held on Monday, April 1st.

Practical Kids

One of the tasks for the practical kids is to prepare and serve a meal. The school is asking for volunteers to help with this task.

April 1st Fable

When lightning-hoofed bloomed like a hot-house nusturtium, and men slept in minkle-plated pajamas, the court fools was a hot edition — he warmed the king's bed at night and his humor during the day. He strung him out like a loop antenna and got good reception. Because the king was bound to be fooled, he was fooled out of both.

Only one thing was wrong with this marvelous plan. Every spring the jester's temperature rose like the price of sugar, and its wit grew like a moss in August breeze. Consequently, the king's spirits dropped like a disconnected elevator and something had to be done to return the royal cheers inflated.

After much playing and mental turmoil, the king's beaver board decided to call a halt on April first, give the joker a day off, and let the people amused by his Majesty by kicking loaded derbies and clawing at spliced billfolds.

This plan worked better than raisin mash, and we haven't amended it yet.

S. P. N.'s Most Beautiful Girl

Have you seen S. P. N.'s most beautiful girl?

She has: — Mary Gustin's beautiful auburn hair.

Ruth Darr's snappy brown eyes.

Harriet Collins' drooping eyelashes.

Lottie Norgren's well formed nose.

EulaENTER's "kissable" lips.

Norine Valentine's sweet smile.

Ruth Robertson's school girl complexion.

Verna Daves' graceful figure.

Genevie Murray's shapely legs.

Irene Hite's slender white hands.

S. P. N.'s Handsomest Man

He has: — Fritz Vaughn's black marcelled hair.

Maurice Rice's dreamy eyes.

Leola Crosby's long dark eyes.

Bill Richardson's perfect nose.

Frank Mantindale's sensitive lips.

Ray Boone's winning smile.

Donald Vetter's youthful complexion.

"Tony" Porter's neat figure.

Joe Gunning's "hands you love to hold!"

The Pointer

Doctor Collins Defines

"Education is what a man can pull out of his head. Considering what some men are able to "pull out" at their elevated portion many of us are inclined to change our opinion of education."

Stranger to Rusty Lewis, standing in front of the revolving doors at the P. O., "What are you doing for

R. L.: "Three other men so I can go through the door, I want to mail a letter."

At Other Schools

Coaches George Little and T. E. Jones of the University of Wisconsin will join the La Crosse Normal faculty for the summer session. Each will be here for two weeks. Jones will give instructions in track work and Little will have charge of the football course. The courses will consist of lectures and practice.

The Racquet, La Crosse. O. S. N. is fortunate, proud and famous. The expert judges, in awarding the decision at Stevens Point, remarked that since Mrs. Carrie Chapman Catt resigned as a lecturer, he would nominate our Mabel Morris as her successor.

La Crosse certainly treated us nicely. Besides losing to us, they sent here a team of very fine presentable young men. One of the La Crosse men told Margie Westcott he would have to work ever so hard at extemporization—said he simply had to win out so he could see her at River Falls. We all know that Margie is our school orator this year—so did the La Crosse men. Perhaps they'll meet at River Falls. Ask Margie.

Hollingsworth thinks the girls at Stevens Point are very fine. The girls thought Hollingsworth was one of our basketball players—said they were sure they saw him with the team. Our debaters were entertained by the Stevens Point people after a debate. They tell us that one girl in particular did a very good job of it with our Wells. Offshak Normal Advances.

In order to unify and make more efficient the organization of the Milwaukee State Normal School, the number of departments will be decreased by combining five departments to make three, beginning September 1, 1926. Under this re-organization, the school will carry on under the following departments: Department of Elementary Education, Mr. Frank Adams, director; Department of Rural Education, Mr. John C. Lazenby, director; Department of Education of the Deaf Child, Mr. A. J. Winnie, director; Department of Music Education, Mr. Carl Boe, director; and Department of Kindergarten Primary Education, Miss Louise Alder, director.

Under this arrangement, the kindergarten, first second, and third grades will be included in one department; and the fourth and eighth grades inclusive will be solidified to form another department.

INQUIRING REPORTER

QUESTION: Do you think that the fellows of S. P. N. are more concerned with dress than the girls?

I think that fifty percent of the fellows and fifty percent of the girls are concerned with what they wear, while the other fifty percent don't care a whoop.

Maurice Willette (High School).

No, the fellows here aren't anything like the girls when it comes to a question of dress. Dress is all that matters to the fellows, and that's that.

Mr. Lowry (High School).

Some are; some aren't. More or less, it all depends on the circumstances.

Edith Anderson (High School).

THEATRICALS

WISCONSIN GLEE CLUB COMING SUNDAY

A pleasing program has been arranged for the Majestic Theatre Management for Easter Sunday when the Wisconsin Glee Club presents their concert. This Glee Club is made up of thirty real hearted singers. They are known throughout the country as one of the leading Glee Clubs. They have the state's Collegiate Glee Club presents their concert.

Point. So take advantage of this third through the country as one of the best ever brought to Stevens Point.

Boys, school fellows are always around, and there are lots of opportunity and hear them at the Majestic on Easter Sunday either at the matinee or evening program. See you there.

Nelson Hall Notes

The girls of the High School Basketball Team broke training with a bang last Friday night when Ruth Warren and Mildred Puttke gave a spread in honor of the winning of the championship by the High School Basketball Team.

The girls say that the "cuts" were of the best, and the neighbors of Catherwaller Alley can testify as to the hilarity of the occasion.

Miss Frances Olin, who has been living with her aunt during the last three years, has returned to Nelson Hall. We all welcome her back.

"Gertie" Ditter has proved to be the mathematician of Nelson Hall. Consult her any minute of the day and she will tell you how many minutes and seconds there are left until the Easter Recessional.

Miss Josephine Porath entertained Miss Irene Hart at her home in Wausau over the weekend.

There is an old saying that "real boys have ears, but very recently at Nelson Hall it was demonstrated that windows have eyes.

Especially windows on the front porch that look upon the living room. A certain young lady returning from church, found it improper to lure her gentleman escort from the attractive scenes he witnessed in the brightly lighted living room. One of the gentlemen callers, who was in the living room wishful for a shot to direct toward said windows. Another occupant of the living room longed for a forty-foot hose. Warning!

If you value your best clothes, or those you wear when escort your best girl to some social event, take the straight and narrow path from the steps to the doorway. — Vengeance is strong.

Miss Mary Morgan was entertained Saturday and Sunday at the home of Mrs. Johnson at Amherst.

If you want to know a good cure for the grip ask Anita Baum.

The Faculty table, No. 2, until recently stood three to three, three "bobs" and three "longs." Now since Ms. Lazenby joined the "bobs" we are wondering how long it will take for Miss Jones and Miss Church to come over to the popular side.

Easter Fashions

"What are Franklin and Simon's showing?" "Have you seen 'Fashions of the Hour' for this month?"

"They're all Cape coats. Saw two double dresses in Sears and Roebuck's catalog." Such is the discussion one hears among the groups of girls gathered in the hall. We've been "listening in" and this is what we found out.

The ideally dressed girl will wear a Cape. With a light cape coat and an ivory felt hat, she will wear ivory (nude) slippers and hose. If her cape coat has a gray fur collar and is made of gray textured material her hat will be of bright-colored felt. Her hose will match her gloves, or her purse if it isn't a riot of color, and is a contrasting or blending tint of the coat. Black or grey slippers are worn with this costume.

But we must consider milady's dress. She seems to like the two-piece frock; and wears it with her Easter Costume. Of course it is chosen with care, and will be a plain colored silk crepe; or will be varied by a futuristic appliqued design on the blouse.

But here's a real tip. She's not going to wear her Easter boy fashion. It will be shingled underneath, next to the head, and the outer hair will remain long and combed over this will give shingled appearance, but will take away the bare look.

That is what an ideal Easter outfit will look like, but we think that there will be many beautiful variations of color and style.
