HALLOWE’EN PARTY TO BE HELD AT 28-0

FIGHTING PURPLE LOSE THIRD GAME TO TUNE OF 28-0

Capt. Paukert, Wray, Injured In Rough Battle At Superior

A fighting Point aggregation held Superior Saturday night and defeated the Purple, 28-0, for the third straight game.

A fine aerial display by the Point bombers brought the紫色, 28-0, for the third straight game. Point players were well oiled and ready for the Purple’s best efforts. The Point pilots, chief pilot Paukert, and ball carrier for the Purple, twisted an ankle and went out of the game. The Point pilots were in fine condition and should have an alleged charge of sluggishness. Without these main cogs in the back field and one, the Pointers gained and bitterly fought against tremendous odds.

Purple tries passes

Carl Eggebret’s men resorted to the aerial route throughout the contest, while Superior took advantage of the Point wingmen and did their great damage by means of deep passes. The scoring was not done all at once, but was spread through every stanza. — Superior getting one touchdown each quarter and adding a drop kick; for good measure totaling 28 points in all. The game was marked by the应急 of Ray Marlin, referee, removed Green, superior quarter, and Bea Wray from the fray for using violent tactics.

Northland Next

The Point players were weel this week. The next game is a non-conference one with Northland College on Nov. 14, at the fair grounds. After River Falls makes their bow, then the colored jerseys seek the moth balls till next year. If the team will win River Falls, we’ll forgive them, won’t we gang. All right fellows, what are we going to do about it? LET’S GO!

Superior-Point Lineup

The following is the lineup of the Superior-Stevens Point game.

Point: Stevens Point

Dolan L. E. Cherson

Nelson L. T. Bannach

Bianchi H. R. Thomson

Nygard C. Weronke

Chatterton R. G. Worsham

Horyza T. T. Korn

St. John L. E. Bahrt

Greene Q. Wray

Geffe L. H. McDonald

Hendrickson R. H. Holms

Burke J. E. Heidt

Officials: — Referee, Marvin; Umpire, McDevitt; Headlinesman, Funk. Subs for Purple: L. E. Cherson; B. C. W. Bahrt; Marsh for Weronke; Preecourt for Weronke; Horyza for Greene; Balhorn for Paukert; tiles for Wray.

ASTOUNDING GENEROSITY!

Allen McVey says, “Every senior, after paying his five dollars for dues, will receive a copy of the Iris FREE!”

IRIS STAFF MAKES ANNOUNCEMENT OF FUTURE POLICY FOR ’28 PUBLICATION

Our annual book is a record of school activities. Should it be above criticism in the eyes of the students, it has been criticized. This criticism has been based largely upon the lack of uniformity of the individual pictures. Is a criticism justified? Look at an old Iris and judge for yourselves. Do you feel that the criticism is justified. It is a problem the student body as a whole must answer. As many of you as possible suggest solutions. Should we give all photographers like specifications and demand those specifications? That has been our past policy. What does our engraver suggest? The Brock Engraving Company suggests that all pictures of a like nature be taken by one photographer.

This policy has been tried before and proved unsatisfactory. The engraver is a regular staff of the University of Wisconsin, We, the Iris staff, have outlined this policy as ours.

All Senior and Faculty Individual pictures will be taken at the Cook Studios according to the specifications of the Faculty. All photos not taken at the Cook Studios will be charged. The students must be present at the time the pictures are taken. The pictures must be taken not later than November 26. Any pictures taken thereafter must be accompanied by a permission slip signed by the principal.

All Junior and underclassmen pictures will be taken at the Kennedy Studio. As a general rule the raw material will be all photos not taken at Kennedy’s Studio, if refused placement, will be charged. The pictures must be taken not later than November 25.

Group pictures will be taken at each time as designated by future announcements.

Choose Iris Staff

There has been some delay about picking the Iris staff. However, the following have been finally chosen: Education Ed. Mildred Patchin Art Editor — Irene Loberg Organizational Girls’ Athletics — Elizabeth Kelly Men’s Athletics — Harold Paukert Other Activities — Arlene Carsten Music — Jane Wright Features — Margaret Collins Special Editions — Mae Gaffney Typists — Crystal Holdergcr 

The seniors have been elected as the Editor or Asst. Business manager. These officers will be editor-in-chief and business manager for the 1927-28 edition.

ALLEN McVEY

Girls To Give One Act Play For P. T. A.

On November 1, several girls of the public speaking class are going to put on an illustration of the work ocurring in the Stevens Point Parent Teachers’ Association.

The play, “Sister Mary” is a one act play being placed during the Civil War. The plot of the play is that a boy and a girl were the only ones left at home when a friend left for the war. The boy was to watch the house while the girl was to look after her little sister. War broken out and the boy went to war but the girl was left alone. The boy was killed and the girl was left alone with the sister to raise. A young girl comes in to help in several ways and succeeds in raising both children.

Chain of events: — In the beginning, the two girls were not very good together, but after a number of events, they became friends. The young girl finally introduced the younger sister to the war. She became a very good soldier and went to the war, but was killed in battle. The young girl had to kill herself because of her love for her friend. The two friends were drove off by the enemy and the friend was killed. The girl finally helped the younger sister to raise the children.

Boys to be sold: — The only boy left at home when the war broke out was the boy that went to war. He was killed in battle. The girl then had to kill herself because of her love for her friend. The two friends were drove off by the enemy and the friend was killed. The girl finally helped the younger sister to raise the children.

“Sister Mary” is a one act play being placed during the Civil War. The plot of the play is that a boy and a girl were the only ones left at home when a friend left for the war. The boy was to watch the house while the girl was to look after her little sister. War broken out and the boy went to war but the girl was left alone. The boy was killed and the girl was left alone with the sister to raise. A young girl comes in to help in several ways and succeeds in raising both children.

S. T. C. Harriers Here Nov. 11 Annual Meet

The annual cross country meet will be held this year by Wisconsin State Teachers’ Colleges. This year’s meet will be held on the campus of Stevens Point. The meet is open to all teams from the six colleges in Wisconsin. The meet will be held at 1;00 P. M. Thursday afternoon. No one will be assisted by any person except Pauline Buhim for time for the meeting to take place.

LITERARY SOCIETY INVITES STUDENTS TO DANCE MONDAY

Good Orchestrers Engaged, Novelities And Specialties To Feature Evening

Although this year October 31 comes on Monday, it is going to be more than just a social occasion. The annual Fall dance will be a real genuine Halloween night with fun and excitement “an’ everything”! For there’s going to be a dance.

Dance Open To All

The Margaret Ashmun Literary Society is extending an invitation to all students for its annual Fall dance. The dance will be held this year at the Stevens Point High School gymnasium on Monday evening, October 31, promptly 8 o’clock. All students have been invited, and those who wish to attend must bring their own decorations, which will be placed at the entrance to the gymnasium. The dance will be open to all students, and no tickets will be sold. The orchestra will feature music from the latest records, and a virtual ghost will be present to add to the atmosphere.

The committee in charge states that plans have been made for very attractive decorations as well as a few specialties which go down with the program as one of the mysteries of the night.

Good Music Arranged

Because it is to be held on Monday evening the music will start at 7:30 sharp, and a really well arranged orchestra has been engaged to have a reputation for very peppy music and, all said, the evening promises to be very exhilarating.

Don’t forget to have your friends invited. Remind them of the jocular nature of the evening, and if you don’t want to go, you won’t.”

Iris Expenses For 1927 Are Announced

It has been suggested that the student body be given an accounting of the money spent in editing and producing the Iris. Often times there is some confusion as to the use which the money is put to, and the following is an itemized accounting of the 1927 Iris.

School To Close Wednesday Noon

Much to the regret (1) of the students (1) and (2) the school will close Wednesday Nov. 3 and 4. The Wisconsin Teachers Institute is scheduled to meet at Madison at this time in Milwaukee. In order to enable our professors to prepare to go, school will be discharged at 11:50 Wednesday classes meet again on Monday morning at 8:15.

In order to enable our professors to prepare to go, school will be discharged at 11:50 Wednesday classes meet again on Monday morning at 8:15.
WHY THE U. S. SHOULD DISCARD ITS OLD WEIGHTS AND MEASURES AND ADOPT THE METRIC SYSTEM.

The editor asked me to give reasons why we should adopt the Metric System. Here are some of them:

First, arithmetic would be only half as thick, and these thin books only half as hard to learn. Pencil biting would largely cease.

Next, High School pupils could learn science much easier. They would not have to learn science and weights and measures at the same time. Thirdly, nearly all the rest of the civilized world is now using the metric units. Fourthly, foreign commerce would be greatly aided. Foreigners can not understand our weights and measures and so will not buy our goods.

Our present system came from where Topsy came from; it just grew. Each city and each little bitty town and each individual had his own pound, bushel, pint, foot and so on. Once there were as many as 400 different pounds in Europe. You could not expect any system from such a set of units. We must know 35 or 40 different scale numbers or we can not solve problems that come up. Are there 320 or 640 or 160 rods in an acre, or is it a mile? Few of my students, perhaps none could be depended on to know all these scale numbers.

Then nobody but college professors can figure out the weight of things from their volume. Every youngster in metric countries can find the answer almost instantly! It cost me $1.50 of a carpenter's time to figure out how to space the balusters on my porch. In metric counties he could have solved the problem in a minute! Our mechanics have corresponding troubles all the time.

The movement for the adoption of metric weights and measures is gaining great headway in our country. Thomas A. Edison is for it. The National Federation of Women's Clubs is for it. The National Wholesale Grocers are for it. The Chemical Society is for it. The electrical people are for it. Metric words are creeping into our language, as kilowatt, ampere, kilometer. Foot rules with metric divisions aside are sold generally. There are strong organizations devoted to pushing this reform. Bills in Congress are now getting vastly more attention than at any time herebefore. A bill before the present Congress proposes the adoption of the system beginning in 1935. Reader, you can help. Write to your Congressman and your two Senators. It will do good.

METRIC SYSTEM ON A POST CARD

Memorize this and you have it.

1 Metric Ton = 1000 Kg. 1 meter = 39.37 inches.

JOSEPH V. COLLINS

NEXT

Dr. Bolton, a Philadelphia psychologist, says that horses laugh, and so do cows and monkeys.

"What we call laughter," the doctor continues, "is the expression of a coarse emotion which, as culture increases, is refined to the form of a smile."

There is no doubt that many of us cannot laugh without being very conscious of it. When in a crowd, laughter is quite likely to take the form of a number of snickers beautifully harmonized with a few "horse laugh." The only real laughers that come to mind at present are both girls. One almost chokes herself to keep others from getting a glimpse of her larynx and the other is degenerating into a giggler.

Most of us, however, will be disposed to disregard the learned doctor and laugh as best we can.

Which proves that either Darwin or Barnum was right.
Junior High School Has Hike And Picnic

The Junior High School is not to be outdone by the College when it comes to hikes and picnics. Last Tuesday evening they gave a marshmallow roast at Red Bridge. A large bonfire was built and marshmallows roasted. Then there had a small violets party with them and put the roast out in great style.

The hike was under the direction of Mr. Pierce and the Student Teachers were invited to go along. Some were not able to attend because of a conflict with the Senior Class Meeting, but, many there was a fine crowd and a rollicking good time was had by all.

Y. W. C. A Party Well Received Fri.

The first Matinee Dance at College was given last Friday afternoon from 5 to 6, sponsored by the Y. W. C. A. In spite of the fact that the football fellows were out of town, the crowd was large enough so that everyone had a good time. The fellows really do not know what they missed.

The only admission charged was one ticket from our entertainment booklet.

Tuesday's Merry Music Makers furnished the music, and all reported as having had a very joyous time.

LOYOLA SOCIAL MEETING

The Loyola held a social meeting last Monday evening at 7:30 P.M. in the Assembly.

At the time the Pointer goes to press it was not definitely known that Father Casey would speak, however it was sincerely hoped that he would.

S. P. T. C. Proves Musical Some Times

It has even come to a question of who can have the best music with which to entertain his classes now-a-days. The training school piano sends out rivalry of Kindergarten Down in the basement, our best jazz players vie with each other. On the second floor the budding Paderewskis hold forth. But the third floor, being on top is supreme.

Mr. Rightseil, professor of physics, is the instigator of this music. Every noon the radio in the physics' lecture room is turned on and the orthophonic concerts from W. L. B. L. are received. The question is yet to be answered whether Mr. Rightseil holds these concerts to entertain his students or to attract new students to the course.

At any rate, everyone seems to greatly appreciate the music.

Faculty Ladies Camp

Six of the faculty ladies spent the week end at Lake Emily. The adventurous westside neglected to mention any especially thrilling events.

Mr. and Mrs. Rogers and Mr. and Mrs. Watson visited the camping band and kite fliers near the lake. Fried chicken was on the bill' of fare for the gentlemen while the visiting ladies feasted upon chocolates.

Miss Pauline Bushman left last Friday night for Minneapolis, going there to attend the Homecoming Game of the Minnesota University.

Mrs. Eggebretz went to Minneapolis to attend the Minnesota Game. She intended to spend the entire week among friends in Minneapolis.

Primaries Hold First Meeting

The Primary Council has also started meetings; holding the first one last week on Monday, at seven-thirty. The meeting was called mainly to spread the news of a party and initiation of the Juniors by the Seniors. The plans have been made and a good time is assured.

A short program ensued; Miss Laura Dick sang a solo, Miss Harriet Nelson gave a reading, Miss Eunice Ried played several popular selections, and the program was concluded by a group of songs sung by Miss Mildred Steinke.

As officers were elected last spring there was no need of a bigger business meeting.

Arrangements Made For Jr. High Party

The Junior High School is becoming more and more active as time progresses. Officers are going to have a big Hallowe'en party Saturday October 29th for the Student Teachers and the pupils of the Junior High School. It is under the direction of Mr. Burton Pierce of the Junior High School Department.

The party is to be held in the evening and the plans have been made ready by the committees in charge for groups of games to be played. Halloween stories are to be read to the guests. The evening will close with the serving of refreshments and the singing of group songs.

The plans have not been completed as yet, but the tentative arrangements lend one to believe that a very enjoyable time will be had.

Weatherman Permits G. A. A. Girls To Hike

At last! The Weather Man was kind enough to permit the Girls' Athletic Association to have their hike. The girls, being thirty in all, left Nelson Hall at four-thirty. They followed the Paper Mill Road out to Echo Dells, arriving there just at dusk.

A large bonfire was built and wieners were roasted. By the light of the moon, the girls all circled around the campfire, Helen Lohr, the President of the Association, read the Constitution, and it was followed by a general discussion. The party broke up and the girls came home by the way of McDill, reaching here about eight-thirty.

The main purpose of this hike was to acquaint the old and new members, to arouse interest in Girls' Athletics and introduce the Athletic Point System.

REGISTRAR ASKS FOR COOPERATION CONCERNING HONOR POINT SYSTEM

To avoid difficulties at the end of the semester in regard to credits and Honor Points, the Registrar, Mr. E. F. Roberts, is issuing the following statement. The following chart is to be found in the College Catalogues as well.

HONOR POINT SYSTEM

1. Scholarship grades and grade points:
   A. 100—94 4 points for each credit.
   B. 93—89 3 points for each credit.
   C. 87—82 2 points for each credit.
   D. 80—75 1 point for each credit.
   E. 74—Failure, no points.

2. Under the grade point system in order to qualify for the diploma of the school a student must make as many grade points as he has earned units of credit, that is, he must attain an average of C in all work taken in the school.

3. A student who fails to make as many grade points as units of credit in any semester is debarred from further enrollment in the professional course of the school. However, he may enroll as a special student, and on making a satisfactory record he may be reinstated in a professional department.

4. Students transferring from other institutions and presenting passing grades shall be received without any attempt to estimate grade points and allowed to proceed for a semester. If the transferred student makes the required number of grade points during the first semester of residence he may proceed as other students in the department to which he enrolls.

5. Believing that it is a great injustice to all concerned to permit a student with serious academic deficiencies to practice in the training school, we require a student to have as many grade points as he has hours of credit earned in this institution before he may begin student teaching.

6. No student may carry for credit more than the standard load of 16 hours unless the scholastic record gives him standing among the upper 5% of all students carrying a normal load during the previous semester. IN NO CASE WILL A STUDENT RECEIVE MORE THAN 16 HOURS CREDIT FOR THE SEMESTER'S WORK.

7. Any student failing to earn passing grades in at least 67% of the hours for which he is scheduled during any semester thereby eliminates himself from the institution.

8. Withdrawals not authorized by the President or Director of the Department shall be considered as failures. Credits which come in at end of semester shall be counted as credit for the student's official program card otherwise they will not be honored.

9. Any student who is his scholastic record shows evidence of sickness or otherwise) which result in a grade below 75, a student will be given a grade of "I" with the understanding that it must be removed the following semester otherwise it reverts to a failure.

10. In all cases where a student receives grade E, which means a failure in that particular subject, one honor point shall be deducted for each credit. 11. One honor point shall be deducted for each unexcused assembly absence.

NO POINTER NEXT WEEK

There will be no issue of the Pointer next week because of the closing of school for the Teachers' Convention. Weekly circulation will be resumed November 10th.

Award Sweaters For 1100 Honor Points

Many girls inspired into the complex matter of G. A. A. points for awards. To clear up the situation we print the following extract from the G. A. A. constitution:

I. Hiking
   A. Fall & Spring
      1. A person must hike 100 miles in 32 hikes to secure 100 points.
      2. A person must hike at least 50 miles in 5 hikes to receive 5 points.
      3. For less than 50 miles in one season no points will be given.
   B. Winter
      1. A person must hike 50 miles in 10 hikes to receive 50 points.
      2. A person hiking 25 miles in 5 hikes will receive 10 points.
   C. At least 3 persons from the same department or 5 persons from any departments must hike in order to receive credit.

II. Roller Skating — 2 points for honor
   A. Fall & Spring
   B. Any person hiking only 25 miles in one season must come to 25 points.
   C. No girls shall receive points for sports participated in during vacations.

VI. Basket Ball
   A. 100 points a season.
   B. A girl must miss no more than 3 practices.
   C. 15 points extra shall be awarded to girls making the tournament team.

VII. Volley Ball
   A. 5 points will be given for each practice.
   B. Anyone missing more than 3 practices receives no points.
   C. 5000 Captain Ball—Same as volley ball.

X. Baseball

Track & Field

XI. Hockey or Soccer—5 points for each practice providing three practices a week are attended.

Don't blame the telephone company for placing the poles so near the curb. Those poles never hit a motor car except in self-defense.

Arrangements Made For All-School Frolic To Be Given November 18th

The calendar is to be increased with another big affair. This time, the All School Frolic. The Frolic is a faculty/brain child and is destined to appear before the student body about the last of November. Every one remembers Mardi Gras and the good time had. The Frolic is very much the same. It is to be a sort of Hard Time party and everyone is supposed to dress accordingly.

Being Hobos for the evening, the food must be that type also. From 5:30 on, two halls will do business on the first floor. At one pop, ice cream, candy, cracker jack, etc., will be sold. At the other, hot-dogs, hamburgers and coffee and the like will occupy the foreground.

At 7:00 the second floor five stunts will be opened to the public. The exciting people will have charge. Walter Allen—Music; Pauline Bohlman—Speech; Helen Lohr—G. A. A.; Harold Packert—Boys’ Athletics; Frank Joswick—Margaret Ashmun Club. These five stunts will be in separate rooms and will be somewhat like a side-show.

At 8:00 there will be a performance in the assembly. The faculty will have complete charge of these stunts. There will be three acts. The first will star the men of the faculty, the second, the faculty ladies, and the third the wives of the faculty. Each of these will take about twenty-five minutes.

At the end of this time everyone is invited to go to the gym and dance until the close of the evening.

Red Cross Sponsors Social Service Rally

The Portage County chapter of the American Red Cross is sponsoring a Social Service Rally to be held this afternoon and evening.

The Rally will open at a luncheon at the Hotel Whiting at 12:30. Harry D. Baker, St. Croix Falls, will talk on “The Children’s Code of Wisconsin”, and Mrs. Katherine Sullivan of St. Louis, field representative of the American Red Cross, will outline briefly the aim of the Rally.

The program will be resumed at 2:00 at the Public Library. The following speakers will address the company: Miss Elizabeth Yerxa, director of the Juvenile department of the State Board of Control; Mrs. L. H. Witter, Wisconsin Rapids, a member of the Executive Committee of Wisconsin Conference of Social Work; Dr. J. H. Hollister, University of Wisconsin, authority on Community Problems.

In the evening a dinner will be served at the Presbyterian church. This will be followed by a splendid program of music and addresses. Among the speakers are: Aubrey Williams, Executive Secretary Wisconsin Conference of Social Work; Mrs. Katherine Vilas, director of Women’s Bureau of Wisconsin Manufacturing Association; H. B. Baker, will give a talk on “A Definite Program of County-wide Social Work”

The State Convention was held recently in Eau Claire. The convention being held here is a sectional one.

HOW TO GET A SUMMER JOB (Cont'd from last issue)

If it’s too late to wake him, it will at least drive everybody else away.

He is still asleep, take a nap yourself, your snoring will make him want to stay in his bed.

Wake up and offer to save his life.

He will be grateful and offer you the bank.

Don’t accept, it’s probably about to go broke, anyhow, but tell him you’ll take his job if he’ll throw in two cars and a couple of pretty stenographers. He’ll object at first, but stand on your head and pedal a bicycle. This performance will stum him into a greeing to anything. Pull out a golf ball and show it to him.

He will grab it and head for the nearest golf green in his morris chair and sleep the rest of the summer away.

HOW IS THIS FOR CONCENTRATION?

Evidently Mr. Burroughs does not agree with Washington Irving.

For when Wouter-Van-Twiller-like, Bill Richardson concentrated so strongly on the account being given of Shakespeare’s Wives of Windsor,” that his eyes went shut, and his breathing became audible, etc.

—Mr. Burroughs sent him from class to get some much needed rest.

WHAT ABOUT IDENTIFICATION?

Marg. Larson, in an address to the Senior class, has this to say:

“Have all the pictures taken at one place so that they will look the same.”

We knew that this is a teacher’s pet and that it is his aim to fit each individual into the mould of a “perfect teacher”, but we didn’t know that we were even supposed to look alike.

POOR FRANK!

Dedicated to Frank Joswick, President of the Grammar Round Table, President of the Margaret Ashmun Club, and President of the Senior Class. (Also refused the honor of being President of the Loyola Club.)

1. Some people are born famous.
2. Some folks achieve fame.
3. And others have it thrust upon them.

It’s heck to be in class, especially when you’re naturally very modest, retiring, and unassuming, such as Frank is.

A THING OF BEAUTY IS A JOY FOREVER

At the Senior class meeting Miss Roach announced that for vice-president we be sure and pick out some one who is good looking. Walter Wassrud and Mildred Patchin were nominated.

John: “Homer, how many studies are you carrying?”

Homer: “Carrying one, and dragging four.”

WELDON ELECTED!

The election of a president for the Catch-as-Catch-can column came to an end at Rock Milton. During the last two hours the ballot was fast and furious, and it was with a great deal of difficulty that those in charge of the election returns squirmed their way through the dense crowd to get to the ballot box. Hundreds of students missed the last car home, standing around eagerly awaiting the report of the election returns. They had a long wait, too, for they did not get any satisfactory information.

This is absolutely the first announcement of the result of the election, — up until now it has been kept a deep and dark secret. In order that the election official may not divulge the secret, they were locked in the Printer office over night and had just been released at the time this issue was distributed to the student body.

The competition was very keen, and the election returns were gone over seventeen times in order to be sure that there was no mistake in the counting, for in a position of such vast import as that of the President of the Catch-as-Catch-can, accuracy is very vital.

Not to keep you in suspense any longer, we will give you the results of the election:

Avel Weldon ........................................ 226
Alma Hengum ....................................... 55
Walter Allen ........................................ 3
Chesrow
Mr. Burroughs
We are pleased to announce that Avel G. Weldon, who is well known among the student body is president. He had no real opposition worth mentioning, as there were none given by the election results. Avel gained distinction last year, and was brought before the eyes of the student body as the darkhorse candidate for Handsomest Man.

Ave Johnson — brilliant English student, composer of poems and also extemporeaneous speaker, — and Miss Alma Hengum, — noted amateur artist, and musician, — tied for second place.

According to the election we are privileged to know that our school is made up of a beauty-loving student body. At the elections all votes cast for Avel were cast on the basis of his many charms, — and the remaining one-eighth on his wit. All the votes cast for Mr. Burroughs were cast because of his beauty. Chesrow was really the only one-eighth of all who voted either cast the basis of his wit, — and his Wit is to be of a veryiyor stage, to say nothing of his obvious manly beauty.

A Smart Boy Gives Opinion On Dancing

The bright lad who writes for the Racquet over at the La Crosse Normal has descended to write his views on dancing.

We pass it on to you.

Dancing is a matter of confidence. Go up to the best dancer, and ask her for a dance. Be confident. After she has refused, keep on asking until you get a dance. When the music starts advance with the right arm around the young lady in the vicinity of the waist. With the other clinch her right hand. Shove off. Keep confident. Pilot her in a circular route around the ball. When you bump any one, glare. He will apologize. When you step on her feet be courteous. Pardon her and blame it on the floor. Remain confident. Show her you have trial ability. Find fault with the orchestra. Say the floor is not smooth enough to carry on a conversation to ease her along. When you stumble, tell her you are trying a new step. Even offer to teach it to her. When the music stops applaud loudly, and support her tale of dancing is a matter of confidence.

A PLACE TO EAT

THE SPOT RESTAURANT

114 Main St. Phone 95

Former Students To Talk Here Saturday

The members of the Portage County Teachers’ Association will meet here October 29th, 1927. Many of the speakers on the program are graduates or members of the Faculty of Stevens Point College.

Saturday morning Prof. E. T. Smith will give a talk in the auditorium here. In the afternoon Eleanor Booth will speak on "Results Gained Through Use of the Unit Plan"; Thelma Reit, "The Challenge of the One-Room School"; Louise E. Appel, "The Supervisor and the Teacher"; Marion E. Bannach, "The Teacher’s Meeting as an Instrument of Supervision Is a County Unit System."

Solomon Levitan, the State Treasurer of Wisconsin will be the main speaker at the luncheon at 12:00 P. M.

Art Class Tours The Down Town Districts

Miss Edna Carlston and Miss Bertha Odegaard have been conducting foraging expeditions of late. The forgers, however, who were after knowledge are the eighth grade boys.

They were taken down town recently to study architecture. The Post office, Masonic Temple, Citizen’s Bank, and the Insurance Building came under scrutiny.

One young lad ventured to ask if, since Greek architecture was the subject under discussion, would it be proper to go to Pappas.

The expedition then proceeded to St. Cohen’s church where Father Weis gave a very interesting talk on Gothic architecture.

Cavemen Sought By The Faculty Women

Every student, at one time or another, wonders if his teachers are human. The teachers at Stevens Point College, or at least some of them, are decidedly human and exceedingly feminine.

Recently a party of teachers journeyed to Professorship in search of a cave and the included cavemen. Among those who were seen were Swallow, Diehl, Rolfson, Pfeiffer, Sprague, Ivory, Tobin, Brown, Seen, and Miss Diehl’s sister from Chicago.

After arriving at their destination, the ladies searched for the cavemen. They did not state whether or not their search included the cavemen, but out at any rate no unusual characters have been seen in classes.
