Band Tourney To Draw Prep Band Artists

The annual Wisconsin State High School Band Tournament will this year be held in Stevens Point, on Friday and Saturday, May 17 and 18. Fifty bands coming from all sections of the state will be enrolled. A special train will come from Milwaukee carrying for the Saturday session and will return on Monday following. In the meantime the bands will be entertained in the city and given facilities to rest. All halls in the city have been dedicated by different lodges for tournament purposes.

**FOUR CLASSES**

On Friday, and it will perform in the High School auditorium while at the same time class C and D bands will perform in the College Auditorium.

**SCHEDULE STUNTS**

Plans have been made for entertaining the boys. The outside contest and stunt will be put on by various bands. One afternoon they will be entertained at the theatre by local talent and a movie. Two dances will be given in the evenings under the auspices of the Stevens Point High School Band.

**PARADE ARRANGED**

The local unit will have charge of the parade. The unit will come out and no doubt the parade will be one of the finest and most brilliant ever held.

Since it is believed that Milwaukee will give a good show, this unit’s parade will be given at the High School and possibly a movie at the College on Saturday afternoon.

**TO NAME JUDGES**

The judges for the tournament have not yet been announced but the names will be made public soon.

**Urges Collegians To Enter Tennis Club**

The Tennis Club is anxious to have new members so that the vacancies caused by graduates may be filled. Fees for the club are $1.50 for the first year and $2.00 for every year after that. This fee entitles the member to a private key to the courts.

Some money was spent last year in beautifying the courts and installing fountains. It is therefore hoped that the increase in membership this year will enable the club to make more improvements.

**Conference Rules Altered By Group**

The State Teachers’ College Committee consisting of a faculty representative of each college met at Madison on Friday and Saturday of last week.

Mr. Percival has been given a resolution whereby the name “Normal School Conference” was changed to “Teacher Education Conference.” This conference, of course, pertains to athletic competitions between the teachers’ colleges of the state.

The annual track-meet will be held at Madison. It is decided to have each school which does not compete pay the sum of $200 toward the financing of the event. Those schools which send teams are to pay $300 toward the budget.

The committee decided to change the eligibility requirements. As the case stands now, an eligible athlete must pass seven-ninths of his hours if he carries 16 hours work; he must pass in three-fourths if he carries a load of 16 hours or less.

The reason for the more lenient requirement is that the person entering with a 16 hour semester, is that they are on a collegiate basis with more time in classes and through courses.

The faculty representatives and conferences meet twice annually — in the spring and fall. At the time of Teachers College Convention and in Madison, during the time of State High School Basketball Tournament.

Coaches Moll and Mr. Wallace, of the recently held, representatives of Central State.

**McBride Sets Locals In All-State Teams**

The attention of the students is called to the article on the fourth page. This article is a rather detailed summary of the honor basketball teams selected by Ray McBride with the State Teachers’ College at Superior.

The compilation must have called for a laborious bit of work by the composition man. The figures are given with the names of those honored in each classification.

**School Junior Prom Is Beautiful Party**

This Junior Prom which was held last Saturday night in the college gymnasium proved to be successful in all respects.

More than fifty couples were present and enjoyed dancing in the old-fashioned gowns. A blue sky, studded with silver stars, was overhead; apple blossoms, and varicolored flowers were all to be found on the sidelines. The formal dress and the cherry blossoms all seemed to be set off by the golden rays of sunset. The formal dance extended around the gym with the cherry blossoms all seemingly glowing by natural light. Floor lamps, easy chairs and davenport placed at intervals added to the effect of this popular event.

YOUR IRIS

STUDENTS have been suggesting that the length of assignments should be shortened during the time of the year which is designated as spring. The hour-long assignments have been loudest in their declarations as to this needed change.

The recreational activities of spring should not interfere, unduly, with school work. A proper adjustment between the two will obviate any interference.

"Spring fever" should not necessitate a lightening of mental burdens for scholars. Some believe and perhaps rightly, that "spring fever" is merely a state of mind, induced cyclically, rather than an actual physical phenomenon.

In except in certain instances, one is, after a full analysis of the question, inclined toward the belief that the length of assignments should not be tampered with.

Keep on hitting the ball.

SOUTH AFTER THE PROM

THE first Prom of C. S. T. C. belongs to the ages.

The importance and significance of the event is not to be denied. As predicted, it was quite pleasing and impressing to behold the ladies enrob'd in formal garments, while the gents glistened around the floor in formal, semi-formal, or near formal dress.

The "beauty" and satisfaction of attendance presented proof as to the distinctiveness of the affair.

The crowd in its entirety was quite small. In fact, if it weren't for the fact that many non-collegians were in attendance, the turnout would have been exceptionally skimpy.

The number of people attending an institution probably will not increase by the mere announcement of an event. The number of people who attend is the result of the number of tickets sold, the number of people who heard about it, and the number of people who decided to attend on the evening of the event.

The opening selection for this week's humor column will be an original composition by Mr. Davidson entitled, "I used to cook in a logging camp; that's why I humbly am."

Noticing a collegiate tendency toward trousers with rather distressed circumstances we can find some use for a saying of Will Rogers':: Many college men need narrower pants and broader ideas.

"Silas Marner" Show Draws Big Audience

The movie "Silas Marner," which was postponed from Friday April fifth because of a broken bolt in the machine, was enthusiastically received by the audience Monday evening. This picture is one of a number of the world's great stories which have been secured by the committee in charge and presented at a nominal cost to students and townpeople.

The picture was clear and presented in a professional manner.

The personnel of the All-State Teams and the honourable mention roll is the work of Ray McBride of the Superior Teachers' College at Superior, Wisconsin. The tabulation and comments were printed in the ‘‘Peptomist’’, the Superior College paper. Below are given excerpts which contain comments relative to Stevens Point Teachers' College and its basketball players.

**Neuberger of the strong Stevens Point quint and Johnson of Platteville are other worthy centers. Neuberger gets the call because of his experience and his flight.**

Forrest McDonald, captain of Stevens Point, and Segerstrom, defensive ace of the Falls quint, are the winners of the first team guard positions. McDonald is the idol of the Pointer fans. He shines both on offense and defense, and is a leader of the first rank. Segerstrom will be remembered by Superior fans for his speedy dribbling and never-miss shooting. He is small but he more than makes up for this in spirit and fight. Together, these two men would form an almost impenetrable defense.

**Hall “Combine” Party Is Judged A Success**

On Tuesday night, April 2, the Nelson Hall faculty gave a bridge and dancing party for the benefit of the piano fund. There were about 87 present; everyone seemed to be having a good time with him so the cumulative effort was an exceptionally good one.

Mrs. Collins and Dr. Dubinski won the prizes. Corridors one and two sold quite a little more of the Japanese goods. The refreshments — chocolate cup cakes and coffee were delicious.
