**Last Minute Rally Downs Point Team**

After being outplayed the greater part of the game, Coach Zorn's men gave their best in an unexpected affirmation of their life when they galloped down the field for three touchdowns during the last minute period. The game ended 19-0.

The game was a mix-up of thrills and more than once when Eau Claire held their breath when Marshall crashed the middle of their line for yards when needed.

The first half belonged to the Pointers, as they had the "pig skin" in Eau Claire's territory most of the time. The only thing that stopped the battling warriors were the penalties handed for false starts or off-sides and an opportunity time. The Pointers carried the ball down to the four yard line. Again a false start, and, in the first of two time outs, Eau Claire didn't have a chance.

The second half was fairly even until the last quarter when the big rally began. Shen, Eau Claire quarterback returned a punt to the 20 yard line. This run ended with the ball fumbled over for the first touchdown with only five minutes to play. The second came when Alberts passed and Ginn intercepted and ran across for a touchdown. Shen place kicked. By this time all the Pointers had a chance to be in action and the third touchdown came when Shen ran across after some very nice end runs.

The reasons, I believe, for the victory were the splendid team work. They never gave up boosting and yelling even when it looked disastrous for their team.

The winning of the game helped to make a successful homecoming for Eau Claire Teachers. The hosts at Frich's game are to be complimented upon their fine sportsmanship and school spirit.

Following the game the members of the squad were invited to the banquet and dance. The boys attending repeated a good time.

Shen was the outstanding player for Eau Claire, while Art did some fine work for the Pointers.

What say we all get out and do some real boosting for this Oaksho game! We can win if the school wants the boys to, so let's get out and show them we do.

**Famous Artist To Appear Soon**

Once more Central State Teachers' College is to welcome a nationally known guest. Mr. Rollin Pease, noted concert singer and basso, will represent the Washington Grand Opera company, will sing during the assembly hour next Thursday, October 31.

Mr. Pease is known and liked everywhere for his fine voice, dramatic ability, and the fact that he is not of the ordinary kind meant only to display a fine voice. He omits his usual vocal part and substitutes for them a moment of his scintillating ability on the song to follow. This alone makes the program distinctive from that of other well-known singers.

However, Mr. Pease's principle purpose is not to be witty, but to encourage the students to appreciate national life in understandable music. His repertoire includes songs in the French, tireating Italian and Italian languages. These he subject's to the compositions of the English speaking period of the world. His singing is of the easy,rolling type that sets an audience immediately at ease.

The student body and the training school pupils will hear his work without cost, but out-siders wishing to take advantage of this opportunity on a hear a singer of national note will be required to pay a small admission fee.

**Complete Schedule For School Movies**

The movie schedule up until the end of this year is as follows: Thursday, October 3, "The Actress" with Norma Shearer will be shown. This picture is rated as unsuitable for the young members of the organization with Richard Barthesbame, is scheduled for Nov. 12th. On Nov. 17th, "The Hound of the Baskervilles" will be shown. Sally Phipps plays the leading role. "The road to Roma" with Chester Conklin will be shown Nov. 26th.

The notable film, "Quality Street" with Marion Davies is scheduled for Dec. 3rd. On Dec. 10th, the "Great War" with JT. Book is a picture that was released in February 1929 will be shown and on Dec. 17th Ken Maynard will be featured in "The Dragon of the Don" for young and old, "The Wagon Show."

Next Tuesday "The Son of the Golden West" with Tom Mix will be shown.

These films have been selected very carefully to suit the demands of the children as well as the adults. It is the aim of the committee to show the very best picture at the least possible price.

All the films are from the leading companies: Warner, Fox, National, Metro-Goldwyn, Mayer, and the Fox Co. All films for any reason must be shown. All pictures are at least $2.50.

**ORGANIZATION COMPLETED BY ATHLETIC ASSOCIATION**

Senior Class To Sponsor Dance

The students and faculty members are cordially invited to attend a dance sponsored by the senior class. It is to be given in the gym Saturday night from eight-thirty until twelve o'clock. Dancing, of course, will be the feature of the evening, but other treats are also in store. There is to be a short program and refreshments.

The committees have been appointed and are working to make the dance enjoyable. The refreshment committee is Marguerite Patton, chairman, Emily Kujawa, and Catherine Novitski. Fern Pugh is chairman of the program committee and is aided by Janet Urquhart and Cecilia Breitenstein. The program will consist of old songs and new, oratorio, folk songs, negro spirituals, and songs of the workday world. His singing is of the easy, rolling type that sets an audience immediately at ease.

The student body and the training school pupils will hear his work without cost, but out-siders wishing to take advantage of this opportunity on a hear a singer of national note will be required to pay a small admission fee.

**Student Aid-in-Assembly Program**

Mr. Edward Plank played piano selections for the student body this morning in Assembly. The hour was almost entirely devoted to student singing, and the program of Mr. Plank was taken from the Fraternity for Central State Teachers' College student. His program was as follows: Thursday, October 30th, "The Maiden With the Flaxen Hair..."

--- Beatty Country Dance..."... Debuil's "The Three Alt Wien. --- Godowsky Morning Melody..."

The student body appreciated Mr. Plank's splendid entertainment. It is hoped he will return to his Alma Mater often.

THE QUESTION BOX

The following are answers to last week's question. The question was: What relationship should exist between the faculty and the students?

I. "Perhaps some of us have a mental picture of the old schoolmaster, his pointed nose, red in his hand — an unapproachable despotic ruler holding his sentences cassually. His desk, loaded with books, was the everlasting barrier between him and his pupils. I doubt a moment such a teacher existed. If he did, he now, at least in his kind and we know that the teacher is decently human.

Even so, he is still apart from us and I think that should remain. Oh, we all like the prof who is a "good fellow" However he can carry his friendship too far. We all love to feel there is someone who is better intellectually and morally than we, but when we do if profess to think at all. The majority of us have found that individual in the teacher. If we become too intimate with him, we realize that his faults are just that much greater than one.

It is probably hard to attain the ideal, but I believe that a faculty which is friendly to its students, but still shows that emphasis, is knowledge is the superior experience and knowledge is the perfect faculty." Anonymous.

II. "Complete understanding should exist between the students and faculty members. Without this understanding, perfect harmony and co-operation cannot be expected to exist. The teacher who understands his pupil and who tries, at least, to diagnose his feelings and his need, is better equipped to guide and advise him. Likewise the pupil who understands his teacher and realizes that he too is human, is not the one who grumbles and grows at every bit of extra work!" J. D.

III. What are our colleges need is more members on their faculties who feel a vital sense of responsibility for the students under their charge and who without resent to direct method can almost insensibly turn the minds of their students to the things of spirit. We need more members on our faculties is ready to meet the students at least half way on the apple fields. We need the room class and who can tactfully influence them toward higher lines of interest."

If we are to do our share, as we students must enter College with a high purpose, resolved to work and zeal, not for credit, nor for a degree alone, but for these qualities of mind and soul that cannot be measured in units and that are beyond price. — Submitted.

The question submitted for next week is: If not Homecoming — What?

The Pointer is known to all by all of us. Lucille, 'mournful with love for you.

Shok: Come, home, Gregg, don't make a fuel of yourself.

He made a run around the end, was tackled from the rear, the right guard pulled him to the neck. The Fullback on his ear, the center set upon his back, we cleared his course. The quarter and the halfback then set down his right foot, the left guard set on his face, the center was then called in to stop you.

About three weeks ago, corridor three presented Nelson Hall with a roll for the player piano, "Bravado Melody," and this week they bought "Do Something." Anyone who wishes to follow the example of corridor three will not be thwarted.

Miss Ethel Carsten and Miss Lydia Pfeiffer were dinner guests at the Hall Sunday.

Lucille Scott and Gertrude Conklin found that mysterious hands are very hairy. Their room was very artistically and brilliantly decorated during their absence this week.

Quite a few of the girls attended the High School fair and supper last week. One of them lost her coat—nearly. Later she discovered that she and another patron had merely exchanged garments.

We have music from within and without. Certainly young ladies on the second floor especially delight in midnight serenades. We don’t object seriously, but we like to shop.

During Dr. Swift’s stay at the dormitory, Miss Seely was a dinner guest. Dr. and Mrs. Baldwin also were dinner guests during the week.

Forest County owes a debt to Mr. Steiner for two reasons. Mr. Steiner was one of the conductors at the county institute, but even more than Forest County teachers benefited from this. Les Buttgen, Blanche Tyler and Agnes Bindsal, all from that district, did not pass him northward and visited their families for a few days.

Alice Buhm, we hear, is an adept at making delicious peanut brittle or brown sugar candy. Perhaps it would pay to visit her and "sample" some of it. Trips home always mean candy, too.

Emily Marray returned with a supply of divinity but it soon vanished. Visuals Serbent, Wisconsin Rapids, Jahn, Unity, Waupaca and other neighboring towns again claimed girls for the week-end. We hate to see them go, but they seem to enjoy themselves.

Beware of cakes! If anyone allows you to unsew the cover of a jam jar, don’t do it! We tried it and it was a "snake-like" thing popped out at us.

Miss Betty Wilson spent the week-end at her home in Neenah. Although she traveled in a rather doubtful vehicle, she got there and back safely.

Miss Janet Unruhaid and Miss Victoria Mason entertained at bridge on Friday night. Their guests were Miss Davis and Miss Geering.

Y. M. C. A.

"What Does My Religion Mean to Me?" was the title of the talk which Rev. Hesel gave at the Y. W. C. A. meeting. The meeting was held Thursday at 7:30 in Nelson Hall.

Reverend Hesel showed, in a very interesting manner, the effect of religion on the life of an individual. He selected, for purposes of illustration, the hero of a certain book and discussed his life from a religious standpoint. Although this meeting was intended, to be a joint Y. W. C. A. and Y. M. C. A. meeting, the masculine element was Involved. This was unfortunate for the young men, but fortunate for the girls. They had larger portions of the refreshments!
Many Valuable Books Received By Library

During the summer the library received many new books which are especially valuable to the student for reference work and an excellent addition to the library as well. Volumes 13, 14, and 15 of the "Pageant of America" made our present set complete. "American Secretaries of State and Their Diplomacy," bound in ten volumes, should be of great worth to the History and Citizenship student as well as "Essentials of School Law" by Truax and "Eminent Victorians" by Strachey. "The Anglo-Egyptian Sudan," a compendium prepared by officers of the Sudan Government should interest the people acquainted with the Eastern countries. "An Outline of Aesthetics," a series of five books dealing with philosophy, literary criticism, painting, art criticism, and psychology and aesthetics, is a very good set. The library was also very fortunate in being able to buy at this time, the new fourteenth edition of the Encyclopedia Brittanica published in fourteen volumes. This edition contains all interesting facts on the Olympic Games, Einstein theory, the Byrd expeditions and various other current topics.

 NOTICE!

For once we have something to offer which every student will want. Scenic views of the campus! The price has been greatly reduced from a dollar to twenty-five cents and you can get them at the counter. They are large size and exceptionally good looking. Everyone will want at least one to send home or keep in his room.

Dr. Swift Talks To Student Body

During the past week Dr. Edith Hule Swift delivered a series of lectures before the entire student body. The lectures dealt with Social Hygiene and the many problems that teachers must meet and solve in the classroom. Dr. Swift with her wide experience as a doctor proved an interesting speaker and her lectures were entirely worthwhile. She chose a new subject each day, and called for student responses to her topics. Her subjects follow:

Monday, 1:15 — Childdom.
Tuesday, 2:10 — Purpose in Life.
Wednesday, 9:10 — Character.
Thursday, 10:05 — The Foundation of Character.
Friday, 11:00 — The Ultimate Results.

Dr. Swift is lecturing this week in Platteville to the Teachers' College students in that city.

Facts Of Interest About Former Graduates

It may be of interest to those who will graduate this year, and to other students as well, to know some facts about last year's graduates. One hundred and nineteen pupils left school and one hundred graduates or eighty-four per cent of the total have positions. Twelve of the present teachers are working out of school.

The number of students enrolled in each department and the number and per cent placed is as follows:
