PROSPECTS GOOD FOR GRID SEASON

Season Opens With Game At Marquette

The finishing touches are being put on the team for the game next Saturday, at Marquette. With a turnout of thirty-five men a winning team is the prospect of the year. The squad started practice the first week in Septem­ber in preparation for the season games. The original turn-out was en­larged last week with the starting of school with the result that a very for­midable group of players is on the field every night. In all, prospects are much brighter than a year ago.

The first two weeks were spent mos­tly by fundamentals and conditioning. Then head Coach "Stocky" opened his bag of tricks and has been dishing them out at night sessions for "skull" practice are frequent.

My, Stockdale is assisted by Gregory Ogin, captain of the 1929 cham­pionship football team. He has charge of the team and is "Stocky"'s right hand man for the season this year. The team is being put through its paces the same time is one large plant that furn­ishes heat for the Training Schoo l, the same time is one large plant that furn­ishes heat for the Training Schoo l, the

As President ATC. S. T. C.

Mr. Frank S. Hyer, president of the Whitewater State Teachers College for the past eleven years, was chosen by the Board of Regents of Normal Schools as president of Central State Teachers' College in August.

Mr. Hyer is not a stranger at C. S. T. C. as before filling the Presidency at Whitewater, he was Director of the Training School here.

He was born in 1869 in Astan, Wis­consin, and attended rural schools, the High Schools at Fort Atkinson and Lake Mills. His general college educa­tion was obtained at the Milwaukee Normal and Ripon College and later at the Teachers' College at Whitewater, and was its principal for three years.

In 1904 Mr. Hyer came to Stevens Point and served there for four years in the position of Director of the Training School, and served in that capacity for four years.

The Teachers' College at Whitewater made spectacular progress under the direction of Pres. Hyer. The enrollment of the college has increased considerably during his administration, and was its principal for three years.

The enrollment of the college as a whole will be expected this fall to be 2,500. That it will prob­ably be organized is due to the fact that there is need for such an organiza­tion as the Teachers' College at Whitewater.

The Margaret Ashmun Club and Sigma Tau Delta Fraternity are honorary English organizations. All members of a college who will be elected to membership in them after being recommended by their or her English instructor, Sigma Zeta is an honorary science fraternity for students who have outstanding work in the sciences of some sort. It is not too early to be­gin taking steps which leads to enroll­ment to our forebears.

The enrollment of the college as a whole is larger this last, the enrollment by the end of last week was 451 students, nearly 100 more than last year at the same time.

Recent Improvements, At Central State

During the past year there have been some important improvements at Central State. During the Christmas vaca­tion days in 1929 the Training School moved over into its new quarters. The New Training School was built at a cost of $220,545, and is an addition of which to be proud.

The heating system completed at the same time is one large plant that furn­ishes heat for the Training Schoo l, the same time is one large plant that furn­ishes heat for the Training Schoo l, the

New Faces Present Among The Faculty

Two new faculty members have been acquired by Central State to aid in in­structing.

Miss Helen Phillips who was of the State Normal School faculty at Chad­ron, Nebraska, takes the place of Miss Ada Tobias of the Primary Department, who is on a leave of absence for advanced study.

Miss Phillips is a graduate of the uni­versity of Nebraska.

Miss Syble Mason the new assistant librarian is a graduate of Central State Teachers College with the class of 1928. Since completing her course at college she has been assistant principal at Coloma and has assisted in this libra­ry during the summer-school sessions.

FSK is At Preps

New students should be interested in knowing what the various clubs and or­ganizations of Central State Teachers' College are. First, there are the depart­ments and their organizations, shown below in a list which is automatic for those re­gistered in the respective departments. Second, there are the various clubs and their organizations, which are the advisors of the club.

There is the Forum for all students and the Home Economics Home for the Home Economics Club for Home Eau Claire.

THE APPOINTMENT OF MR. HYER

T HE appointment of Mr. Hyer to the presidency of the Teachers' College at Stevens Point takes us students a great friend. He has worked hard for our benefit and the school as well. Eleven years of his life have been unselfishly given to our college, eleven years that have shown remarkable changes in the horizon of our institution. His unsnurring loyalty has created an atmosphere readily adopted by young people coming here. Mr. Hyer's office doors are always open to everyone seeking advice and help. The number of us know of the many times he has given financial assistance to those who might otherwise have been forced to drop out of school. He enjoyed contact with his students, teaching classes when he had the time for it.

All of these things make his appointment more than a mere change in the administration — we lose a valuable friend. We offer him our very best wishes for success in his new position. (Whitewater Royal Purple.)

While we regret the loss of our former President, Dr. R. D. Baldwin, we may feel extremely fortunate in having secured Mr. Hyer of Whitewater as our new President.

The above tribute from the Whitewater State Teachers' College paper, paid Mr. Hyer by his former associates, is a wonderful recommendation of his character and ability.

On behalf of the college, we cordially welcome him to our midst and pledge our best efforts to help make his work here a complete success.

INVOCATION

T HE staff presents its first issue of the Pointer for this year with the feeling that this is to be a "big" year in the history of C. S. T. C. and with the hope that the school publication will breathe the spirit of the institution by being the voice of the faculty, student body, and individuals.

That this paper may fulfill its purpose, the cooperation of all concerned is very necessary. We write out your ideas and slip them into the Pointer office. If you have any suggestions to make for the betterment of the institution, don't let them go to waste. If you are bubbling over with enthusiasm let us pass it on to the rest. In other words, to voice the trend of thought of our college individual contributions are needed, and it is earnestly hoped that everyone will take a personal interest in making the Pointer a real success.

WELCOME FROSH!

WELCOME FROSH!

W ELCOME, new students of Central State! With such a large class and the abundance of pep you have shown so far we expect you to help considerably in making this college fairly hum with life. This is arrived at through organization and which need your support. The leadership in debate, oratory, football, basketball, clubs, societies, etc., will fall on your shoulders in a short year or two. To be successful leaders, those that activities may ever progress, your participation now is needed. Give freely of your fresh vitality — you will find a welcome everywhere. Let's have a hundred per cent turnout every time and all pull together for a bigger and better college than ever before!

BOOST THE BAND!

W ITH an enrollment of over thirty members an excellent band is assured. It will be under the direction of Mr. Grindle of the High School.

A good band is an essential part of every successful institution. Who is there that does not thrill and respond to the inspiring notes and tempo of band music? What a tremendous amount of pep and enthusiasm a band inspires at mass meetings and games!

Let us make our band a permanent organization by active participation and zealous backing.

Annual Reception Held By Faculty

The training school gym of C. S. T. C. was all aglow with lights and smiling faces, and a large beauty of dahlias together with the various colors of the dresses added a harmonious color scheme to the festivities.

The cause of the excitement was the annual president’s reception for the new students. It not only provided a chance for the old and new students to get acquainted, but also gave to every student the opportunity of meeting the new members of the faculty.

Mr. Matt introduced each guest to President Frank S. Hyer. Others in the reception line who extended a welcome to all students were Mr. William E. Atwell, the local regent, Miss Helen Phillips, who is taking the place of Miss Tobis, and Miss Syble Mason, who is replacing Miss Goerbing in the library. The other members of the faculty mingled with all present and extended a welcome to everyone.

The happy congenial spirit which seemed to predominate over the crowd was taken up by the orchestra, T. L. Atlas and his Florida entertainers. Dancing was enjoyed from 9:00 to 11:30 and punch was served until the last guest was gone. The statement that a ‘good time was had by all’ can be truthfully made.

**Home Economics Club**

The Home Ecs. have already started off with an aggressive program for 1924. On Friday afternoon they had an informal meeting at Nelson Hall follow ed by a hike to Red Bridge. While at the picnic they enjoyed a spread that consisted of sandwiches, baked beans, potato salad, and peas; it was enjoyed as only Home Ecs. can enjoy such a spread. The hike was planned so that the new and old girls might become better acquainted. There are 32 freshmen Home Ecs. this year.

On her birthday Miss Meston of the Home Economics Department was re-nominated by all the girls in that department.

It has been reported that Margaret Richards, a junior Home Ecs. student, is rapidly recovering from a recent operation at St. Michael’s Hospital.

**Home Ecs. Give Tea**

Miss Allen who is the head of the Home Economics dept. gave a tea last Thursday for the new president and his wife, Mr. and Mrs. Hyer. The tea was held in the Home Economics rooms on first floor. Only the faculty and their wives were invited; Miss Harris and Miss Manzer poured, while Miss Meston and Miss Allen acted as hostesses. The junior and senior girls helped with the serving.

Large colorful dahlias formed the decoration in the two rooms and the center piece on the table was a mixed bouquet of low cut, dainty flowers.

**Rural Life Club Holds First Meeting**

Last Monday night the students of the Department of Rural Education met in their assembly room at 7:30 to organize for the first semester of the year. More than one hundred were present and the enthusiasm and interest shown indicate a profitable and pleasant year ahead.

The meeting opened with community singing led by Alex Peterson. Members of the Rural Department faculty and Mrs. Neale then welcomed the new students and greeted those who are returning. Eldore Bergskehn, a former student, who has come back for advanced study was called upon and responded in a few words of appreciation for C. S. T. C.

After Alex Peterson had told what benefits he had derived from membership in R. L. C., the election was held with the following results:

- President ............ Alex Peterson
- Vice president ........ Roland Koyen
- Secretary ............ Greta Tetzler
- Treasurer ............ LaNore Docka

After refreshments had been served by a committee of girls under the direction of Miss Hanan, those who wished adjourned to the recreation room where they danced for a half hour.

**Candlelight Get-together a Big Success**

The Y. W. C. A. of Central State Teachers’ College gave its first meeting in the recreation-room of Nelson Hall last Thursday evening for the new and old girls of our college. The girls were welcomed by a candle in the door, entered the candle-lit room, and were ushered to dance spots circled around a cozy fireplace. Those lucky enough to remember to bring cushions curled on the floor next to the fire. With this general atmosphere, the girls sang pop songs, including “Old McDonald had a Farm” and “Under a Spreading Chestnut Tree” and our Y. W. song “Follow the Guineas.” They had a short meditation and Helen Jordan greeted all the new girls in behalf of the organization. After the meeting everyone indulged in roasted marshmallows and went home carrying her pillow. The Cabinet has planned a variety of programs and social get-togethers for the year. It takes this opportunity to invite all the girls of our college to the meeting tonight. You will attend something entirely different.
Every girl should be out for some form of athletics. In the first place, a student’s life is made up of monotonous, inanimate, and mentally tiring. To balance this, at least some sport every day and all outside of doors, will make her more fit for her work. That is why the W. A. A. has gone to tennis courts and a large recreation field. We urge that all girls join in some organized sport for this reason if no other. But our main reason for hockey, archery, tennis, tennis, and roller-skating is the greater enjoyment we get from the exercise. We plan for the fall, football games, field hockey, competitive sport, and the satisfied feeling of a well-exercised body is a by-product. Let’s have everyone out for sports for both the enjoyment and the balance it gives you.

The W. A. A., Women’s Athletic Association of our College has already made a final deal that will give in the years to come. Saturday morning a group of outdoor girls knocked hockey balls around the field and played a scrimmage game. Hockey is not at all hard to learn. The new girls will inform you, and is a great deal of fun and exercise in a little while. We want every girl to know how to play hockey, and when she does, she won’t miss many classes. The only time she would be excused was when Frances Johnson tried to teach us to play. She didn’t say anything about the game. She was trying to teach us how to skate. We plan to continue the work on our rest room, of which the girls will hear and see plenty this year, under the guidance of Stella Buhl. Last year within the W. A. A. we organized a pep group; as the boys were a big hit in Miss Seen’s room. It was entirely a business meeting and many things discussed. First we have voted in six new members, Alta Stauffer, Ruth Lippke, Blanche Tyler, Vivian Enger, Jennie Newsome, and Lila Kenyon. They will be formally initiated into the work of the society. The initiation committee is Adeline Bellman, chairman, Dorothy Buhl. Last year within the W. A. A.

The Cottage Capers
THE JIMS practice cottage of home Economics has claimed several of our Nelson Hall girls this year. We’re sorry to lose them but they are not as far away as all. Alice Falk, Irene Skutey, Lucille Schmidt, and Marion Kowitz are living in the south cottage this semester. Ruth Stiller, Alice Wallington, Laura Shoening and Flora Pike have the north cottage. The south cottage girls have just completed a week of "scrubology" and are ready to take up honest-to-goodness housekeeping. They have taken inventories and are now supplied with everything from a can opener to shoe blacking. We all wish the girls heaps of success, in everything from boiling water to firing the furnace.
Hello Everybody!  

Welcome to C.S.T.C. and Nelson Hall. I'd like to hear stories and laughter in the halls and in the rooms, and interesting odors "of eats" that find their way through the open transom or under the doors. The new girls have already been in this hall and I do believe that we old girls can learn how to prepare some new dishes of food if we "stein around".

I know that you girls have been doing your best to entice the freshmen and make them feel at home. I've been listening at keyholes -- you'll pardon me, I know it's really part of my work, you know, besides my having a keen sense of curiosity. These are some of the things I've heard this last week. Listen, I'll burst if I don't tell.

The first dance of the year was given by the old girls of Nelson Hall for all freshmen on Monday night of last week. The floor was crowded all of the time and dancing was enjoyed by all to the time of our old faithful piano player. Punch was served and the test as to its goodness was told by its rapid disappearance.

Did all of you have a good time at the "Red, White, and Blue" Friday night? Although things did happen sooner than was anticipated and then were as quickly solved, I think the help of the keyhole parts we enjoyed the singing led by Mr. Knut and Mr. Schmeeckle.

I nearly forgot to mention the "Pumpkin Pie" floors at Nelson Hall, Mr. Davidson and Mr. Schmeeckle are responsible to some extent since it was their summer effort which adds to the cleanliness and brightness of the rooms and corridors.

Before the entire student body arrived the football team caused a great deal of commotion and excitement both by their actions and appetites. The cooks were kept busy and were initiated into cooking for the regular family a coupe de semaine before regular school began. I think they like cooking for the regular family, too, judging from the meals.

Miss Lauretta Farrell is assisting Miss Hayse this year in her evening work. This will make it possible for both to get enough sleep. I guess this is all the gossip and hearsay I have heard. If you have any news or give any parties of which I have not heard, I wish you would tell me about them or drop an account of the happening in the basket in the Pointer office on third floor.

Don't be surprised if you find me at your keyhole sometimes.

Sincerely Yours,
Nessy Nl.

P.S. The Nelson Hall family cordially invites the students and faculty members to their after dinner hops on Tuesday and Friday nights only. It is impossible to have "open house" every night because of other activities.

WINGS OF TIME
Professor Mott (during lecture): I don't mind having you look at your watch, but I do object to holding it to your ear to see if it is running.

in honor of the Freshmen Home Eco
nomic students win be held at the time set for departmental
meetings.
The Round Table will hold its first
business meeting at the regular 10:00
hour. The officers elected last spring
were:
President: Helen Jordan.
Secretary-Treasurer: Natalie Gorski.
At the first business meeting a vice
president will be elected. Plans will be
continued for an aggressive program for 1930. The Round Table is planning to
encourage all students to participate fully in the school program for this year. It is especially
planning to help carry out our home
coming program. The regular business meetings will take place in the even
ing as the plans are now arranged.
At the assigned time for departmental
meetings the Primary Council will meet
with their new director, Mr. Steiner, to organize so that they may
carry out their work for the coming
year as effectively as possible. As
stated above all students who are en­
aged in the Primary Course at C. S. T. C.
are automatically members of
this organization.
The Young Women’s Christian Associa
tion and the Loyola Club are also
members of the Primary Course. Y. W.
C. A. is an active organization whose
meetings are generally held in the rec
creation room at Nelson Hall. Any and
every girl in school is eligible for mem
bership. The Loyola Club is for Cath
olic students. Weekly meetings of the
club are usually held in the Rinal As
sociation. It is under the direction of
Miss Roach, Miss Hanna, and Miss La Vigne.
Mr. Margaret Arshum Club, named in honor of the author, Miss Margaret
Arshum, is an alternate student group.

ANOTHER ON THE HOME ECO.
Salt is the stuff that makes potatoes
taste queer when you don’t put any in.

WHAT SHE LOOKED FOR
Williams—She boasts that she’s not the kind of woman who’s always look
ing for the latest wrinkle in clothes.
Thompson—True enough—she spends all her time looking for the latest
wrinkle in her face.

New Books Added
To The Library

Mr. Evans, Wilbur Stowell.
Membership Committee:
Mr. Schweinuk, Miss Wilson,
Mr. Rightsell.
Initiation Committee:
Mr. Evans, Wilbur Stowell,
Kermit Fraher.
The first meeting of Sigma Zeta has
been planned for October 8. Business
will occupy the first part of the meet
ning. Plans are also being made to se
cure a Professor of Physics of Colum
bia College, Dubuque, Iowa to speak at
this time. This man is the inventor of
a new apparatus for the detection and
showing of transverse waves, for use in
the teaching of physics, and should be
of extraordinary interest to every mem
ber of Sigma Zeta.
We are all very earnestly hoping that
this year C. S. T. C. can have another
very effective Pep Club. It’s up to
everyone to help.
