TEAM TAKES THIRD VICTORY OF SEASON

Passing Game Takes Whitewater 31-23

The Purple and the Gold have started on a winning streak. With three victories, one conference and two non-conference, they broke the hard luck spell which has been a member of the squad all season.

Clever Passes Win

Clever passing and team work gave C. S. T. C. a victory over Whitewater Saturday night, 31 to 23, making the revenge sweet over our past defeat to Whitewater 29 to 11.

Teams Evenly Matched

Both teams were evenly matched and the passing and shooting was much better than the game played at Whitewater a few weeks ago.

Whitewater started the scoring when Schuett made a free throw. This was followed by two field goals and another free throw. C. S. T. C. came back with two field goals and a free throw, making the score 6 to 5. Whitewater led until the middle of the first half when the Pointers started in shooting and tied the count at 15 all, but a basket was made by Stevens Point leaving the score 17 to 15 at the half.

Schroeder, High Man

The scoring started the second half when Chvala made a short shot from the side of the court. The Point kept the basket making up till the end of the game. At one time, C. S. T. C. led Whitewater by a ten point lead. Schroeder was high point man for the Point, with 5 field goals.

T. B. Study Is Conducted Here

Central State students are indeed fortunate in having the co-operative-self-service type of study which has been carried on this week by the Wisconsin Anti-Tuberculosis Association.

Findings early in the week revealed a splendid response to the questions and the Doctors are very well pleased with the student cooperation. It was also found that according to past history the students in this school appear to be very sturdy. A high percentage however show a previous history of heart diseases. Those in charge were shocked at the number of girls who go without breakfast entirely or eat inadequate breakfast. The questionnaire showed that the majority of students wished exams but only about one fourth can get them.

It was expected that the majority of students would not react and thus would show no evidence of Tuberculosis at present. The foregoing does not say the reactors have the disease, for tests show that thousands react and are not afflicted. A positive reaction should be considered with other factors such as the way one feels and the past history.

Students were to be x-rayed and examined by Dr. Harold Coon at River Pines Sanatorium between the hours of three and five o'clock Tuesday and yesterday.

The examinations were conducted by Dr. Florence Mac Innis, Dr. O. A. Sander, Dr. A. A. Pleyte, Misses Doris Kerwin and Dorothy Durbin. Messrs. Evans and Steiner, and Misses Hussey, Seen, and Colman were faculty members who assisted.

Special mention should be made of Pres. Hyer, who is a director of the Wisconsin Anti-Tubercular Association and who was influential in getting the test to be conducted here. Dr. Coon and River Pines Sanatorium also deserve thanks for cooperating.

CENTRAL STATE TO REVEL AT ANNUAL MARDI GRAS

Miss Colman At Head Of Primary

Miss Susan Colman of Superior, director of the Primary Department has now taken active charge of her work.

Miss Colman comes here from Whitewater Teachers College where she was a critic of the third and fourth grades in the training school. Previous to that time she held the following teaching positions: Kindergarten, Superior; First Grade, Fond du Lac and Junior High School, Superior.

The new director received her training at Superior State Teachers' College where she graduated from the Four-year Latin course, the Two-year Kindergarten course, and took one year of advanced work. She attended one summer session at Columbia Teachers' College and received her Ph. B. from the University of Wisconsin in 1929 and her Ph. M. from that school in 1930. Miss Colman has one year toward her Ph. D. also.

Central State feels very fortunate in getting Miss Colman and pledges cooperation and wishes her success in her new position.

IN
MEMORIAM

THE
LIBERATOR

THE POWER OF CRIME

A striking example of the power of the crime leaders of this country is recently offered in the acquittal of Joe Saltis of Chicago simply on his assertion that he is just a "simple Wisconsin farmer" and had never engaged in the manufacture of beer. He even showed films of scenes on his farm and confided a plan to establish a village named in his honor! Saltis also spread some information that he was a member of a conservation organization of this state.

Anybody who believes all that "stuff" hasn't kept up on the headlines for the last several years. Even Wisconsin people know "Joe" quite well. He recently broke into print as an offender of the Wisconsin game laws. He evidently made the mistake of likening our game wardens to Chicago policemen, for he dared anybody to arrest him. He was promptly arrested and fined — much to his chagrin in all likelihood — and he didn't lift a finger in protest.

What an honor it would be to live in a town by the name of Saltis! One look at the pictures of some of the men after Saltis is alleged to have finished with them would clear the town of all its inhabitants, or cause a change in its name.

Wisconsin doesn't want citizens of this kind. Let them stay where they belong. If their home States cannot deal with them, why pass them on to us?

A government official recently said that the only way soon left to quell the gangsters will be to shoot them on sight. To such straightened circumstances has the government been driven!

It is about time that the American people took time out to clean house. If they don't, the rot in the cities is bound to penetrate to the roots of the nation. We must curb the power of crime.

HURRY BACK, MR. PERCIVAL!

ONE never realizes how much one appreciates the personality and presence of another until that individual is absent from one's company. It is just so that we miss Mr. Percival's smile and the musical atmosphere which surrounds him.

We are all wishing for his rapid recovery and hope that he will soon be with us again.

EVERYBODY OUT!

THE Mardi Gras is here again. This festival is one of the main events of the year. Every student should support it as far as possible. The proceeds from the Mardi Gras go to help defray the expenses of the Iris, our school annual. As the amount of money involved in getting out the Iris is considerable, much depends upon the support given by the students.

Aside from the monetary aspect, this is an all-school affair. Every department has a part in it. Therefore, every student should be doubly interested.

Let's all scrape up the loose nickels and dimes and plan for a "spree" on Tuesday! Mardi Gras comes but once a year. If you miss this event you'll regret it.

HUMOR
MORE OR LESS

"Dearest, I love you. Since the dawn of creation, since the birth of this world, since the beginning of time, I have known and loved you. Darling, will you be mine?"
Esther — "Oh, Dick. This is so sudden."

Doctor — "Your wife seems to have eaten something that does not agree with her."

Mr. Mott — "Impossible. It wouldn't dare to."

Oscar — "I know a good joke about a skirt."

Jack — "Tell it."

Oscar — "Can't, it's too long!"

From a Junior High School exam paper — "Failure of the body to properly store sugar, results in a disease known as 'die beat us!'"

Ed Cook — "I nominate Charlesworth's girl; I don't know her name."

Father — "But what are you going to live on?"

She — "Just think of all we could save on postage!"

She — "My hubby does so enjoy smoking in his den. Has your husband a den?"

Other She — "No, he growls all over the house."

—Electricity On The Farm.

When your wife asks you to listen to reason she usually means for you to listen to her.

Two men met on the street one day.

"Hullo, Bill," said one, "I have not seen you for weeks! But what's wrong? You're looking seedy. Been ill?"

The other passed his hand across his brow. "No, I ain't been ill," he replied; "it's work what's doin' the harm — work from eight in the mornin' till six at night, and only one hour off. Think of it."

"Awful!" agreed the first. "And how long have you been there?"

"I ain't been there yet, begin tomorrow."

NELSON HALL NOTES

Welcome Back!

By your smiles and light tripping steps, I know you're all glad to resume the regular routine. (Don't throw anything). New mind, this next semester is when we've all promised to do better and have no orange slips to our credit. How about it?

A great many people took advantage of the week-end to "go places". Several of the "alumni" decided to visit their friends, and room-mates at Nelson Hall. Miss Lovern, Clark spent the week-end with Esther Kuehl. Miss Beatrice Buhse of Wausau was a guest of Miss Ruth Lipke this week-end. She attended the Madison Prom, taking the morning bus from Point. Miss Sarah Hurd of Medford and Miss Isobel Skinner of Stevens Point were guests of Ventura Baird at dinner Sunday. Miss Ann McWilliams visited some of her friends. Miss Hussey entertained several guests at dinner Sunday. These included — Miss Blanche Batten, the student practice librarian; Miss Keegan, student librarian at the city library; Miss MacGeorge, the city librarian; Mr. and Mrs. Allez; and Mrs. Davis, the inspector from the state library school. Miss Bess Dewar spent the week-end at Ripon. Miss Vellie Holland and Miss Dorothy McLain were able to go home this week end. Dot rode with Miss Seen as far as Menomonie due to Miss Seen's driving to Minnesota.

The "family" are glad to see Vivian Enge again. She returned Saturday and is feeling quite well after her long illness.

Miss Genevieve Pulda spent the week end in Madison and attended the Prom at the University of Wisconsin on Friday. She is still "raving" about about Paul White-man's Orchestra and the beautiful gowns worn that evening.

Miss Loretta Farrel is at home this week helping her parents move from their country home to the village of Milladore.

Miss Ruth Rosaloch is at home recovering from a nervous breakdown.

English Fraternity Gives Five Degrees

On February 4th at 5 P. M. the Phi Beta chapter of Sigma Tau Delta held an initiation banquet at Nelson Hall. Five new members received the degrees of the Fraternity at this meeting. They were: Agnes Gaffney, Frances Gallagher, Allan Hodell, Earl Karl Koch, and Alta Stauffer. After a short business session, the meeting adjourned in order to allow the members to attend the annual public speaking play, "A Tailor-Made-Man".

Speech Play Is Very Successful

On February 4th "A Tailor Made Man" was presented in the college auditorium by the public speaking class. It was a very creditable performance giving enjoyment and satisfaction to the large audience which attended. Clarence Rice and Ann Jeselun ably took the leads and were supported by a fine cast. The orchestra in the forced absence of Mr. Percival, was led successfully by Alex Peterson at the piano.

NELSON HALL NOTES

(Continued from 1st col.)

With the opening of the new semester, several new girls have joined the "family circle" at Nelson Hall. These are Miss Beryl Sprong of Soperton, Miss Marjorie Rymor of Green Bay, and Mrs. Velve Funk of Rib Lake.

Miss Viola Rasmussen spent a week in the hospital as result of quinzey. She returned Saturday, however, we are glad to welcome her back.

Miss Maurine Tavis visited her former roommate, Evelyn Sivertson, in Aubrindale Sunday.

Miss Reinetta Reisinger was surprised at a special table for her birthday last week. It was given to her by her Gypsy Sweetheart.

Ann Jeselun entertained at a special table for her birthday Sunday. Twelve guests were included in the party. Those present were; "Peg" Cochrane, "Mag" Knapstein, Ann De Base, Margaret Levi, Jeanette Marshall, Marcella Magin, Irene Miller, Katherine Wiggins, Vera Hillis, Janice Boun-sall, Alice Falk and Crystal Joseph. A bouquet of red carnations formed the centerpiece.

I guess this is all the news for this time. I'll give you time to think about the most important question of the day — T.B. or not T.B. How about you?

S'long,
Nosey Nan.

Dual Debate With Lawrence Held

Last Friday at four o'clock the C. S. T. C. Negative Debate Team met the Lawrence College Affirmative Team on the following question: Resolved, that the several states should enact legislation providing for compulsory unemployment insurance, to which the employer must contribute, with the following corollaries — (1) constitutionality is conceded, (2) any business in which less than ten persons are employed shall be exempt from the provisions of law, and (3) insurance shall not apply to strictly seasonal industries.

At eight o'clock of the same day the C. S. T. C. affirmative met the Lawrence Negative Team.

The fact that the Lawrence teams were somewhat more experienced gave them a slight advantage, but our teams are progressing splendidly. With the other debates coming before the conference debate C. S. T. C. teams should show sister colleges what can be done.

The teams are composed of the following students:

Affirmative:

Tom Smith
Burton Hotvedt
Laurin Gordon
Alternate — Harvey Docka

Negative:

Esther Hawkes or
Celestine Neusse
Ivan Lauscher
Alta Stauffer

I know a damsel in this school of ours,
(Perhaps some others like her in this town)
So prim, withall so proper, that her gown
Hangs less than sixteen inches from the floor:
Would never think of dancing, (Such late hours;

Embracing out in public, one is bound
To be the talk of everyone in town)
Speaks thus with such a righteous look,
and sour:

We offered her a ride one day from school:
She modestly and ladylike replied,
She'd rather walk and go her way alone.
She carries it to such extremes—this rule—
Full ten miles out, one night, I went
to ride,
And there I met her. She was walking home.

Another new feature is the score sheet for minor sports. Each month you will have a form sheet to check your skating, hiking and all minor sports and hand into the head. This will encourage an accurate record, as well as regular participation for points.

This constitution will be given a thorough try-out this semester, and we hope it proves very satisfactory.

PERSONALS

Miss Marguerite Engels, a graduate of the Home Ec. Course last year, returned to visit some of her friends at Stevens Point this week end. It is reported that "Spike" looked the same as ever.

Mr. Melvin Donner, who suffered the loss of one of his eyes in a hunting accident recently, is rapidly recovering. He has again resumed teaching at Endeavor.

COMING DOWN TO
BRASS TACKS.

It's sweet of you to tell me
That I am all in all,
That I'm the apple
Of your eye?
That I'm the rainbow
In your sky,
The la mode
Upon your pie,
That I'm the works,
That I'm the guy
For whom you'd pass
The others by,
That I'm your Who,
Your Whence, Your Why,
For whom you'd cry
For whom you'd swear,
For whom you'd lie,
For whom you'd live,
For whom you'd die,
It's sweet of you to tell me
That I'm your all in all.
But whose are those large overshoes
I passed out in the hall?

BELIEVE IT OR NOT—

(With Apologies To Ripley)

The other night "Wick", one of our druggists, caught Eddie Kotal, with a pencil and paper, figuring how much that daily heavy malted milk was costing him for a week, for a year, for ten years, for fifty years, and so on.

"But" Eddie says, "Rosie, Marcie, Millie, and Pat sure know how to make malteds—so thick you can't get them through a straw, and that's the way I like them."

We've called that very heavy malted our "Eddie Kotal Special".
Why not?
