POINT LOSES IN FINAL CONF. TILT

To Play St. Norberts In Season’s Final

C. S. T. C. ended the last conference game Friday night in a hard fought game with Stout Institute. Not until the last second of play was either team confident of victory. The game ended 23-20 with Stevens Point on the short end.

Spitznagle Stars for Stout

Spitznagle, a reserve, replaced Cveungos during the second period. This was once when the bunch of a coach was right. He tallied five field goals and three free throws for a total of 15 points.

Point Leads at Half

This game was one of the most interesting of the season. Both teams played a fast but cautious game. Stout started out with a five point lead. Chief” Hansen made two field goals and two free throws in the first half, enabling the Pointers to close the half on top, 11 to 9. (Continued on page 4, col. 1)

Neale To Speak In College Radio Hour

Mr. O. W. Neale, Director of Rural Education at the Central State Teachers College, will speak at the regular College Broadcasting Hour each Friday afternoon from 3 to 4 during March. His subject for the month will be “Character Education Through Picture Study”.

The following program will be given Friday afternoon:

“Character Education Through Picture Study”

Mr. Neale of Stevens Point.

Musical Selections — Roland Koyen, vocalist, of Washington Island.

Alex Peterson, Stevens Point, pianist.

College News — Miss May Roach.

One act play “A Madison Square Arabian Night”adaptation from O.Henry.

Cast:

Mrs. Carson Chambers — Florence Shafford, Grand Rapids, Minn.

Phillips — Earl Karl Koch of Stevens Point.

Adele Reinhart — Mrs. Preheim of Stevens Point.

NOTICE!

There will be no issue of the POINTER next week.

Students Enjoy Talks On Stars

Roger Blackmun, of the Research Staff of the University of Chicago, and former lecturer of the Adler Planetarium gave a series of lectures on astronomy that proved very informational to the student body.

The first lecture was given last Thursday during the assembly period. The subject was “Depth of Space.” Interest was added to the topic by the use of a great many slides that Mr. Blackmun showed on the screen and 1:15 the old day he lectured on “Mythology and Astronomy,” and at 3:05 he gave a very interesting account of the Adler Planetarium in Chicago.

In his first lecture Mr. Blackmun stated that the recent great development of interest in astronomy is due to the production of larger telescopes, the entrance of new scientific thinkers into the field and the completion of the Adler Planetarium at Chicago.

Astronomy is still in the transitional stage; new discoveries continue to be made and old theories being proved or discarded.

The main topic of this talk was about the solar system, and it was interestingly illustrated with slides.

The relative unimportance of the earth in comparison in size with other planets was strikingly brought out by a slide which showed earth as a tiny dot beside the larger planets and the sun.

Mr. Blackmun said that the presence of some kind of life is possible on Mars. He believes that the question will be answered in the next twenty-five years or less.

The immensity of some of the stars was strikingly brought out by comparisons to our sun. The great distances are unimaginable.

In the talk on mythology, locations of the various constellations were described by the use of photos. (Continued on page 2, col. 3)

Student Librarian Completes Practice

Miss Blanche Battin of Pierre, S. D., finishes her month’s practice at our Library this week and will leave for work at the La Crosse Public Library.

Miss Battin is a graduate of Huron College and is at present a student at the Library of the University of Wisconsin.

During the month of February and March Miss Sell is to take charge of the work for the present month.

Miss Battin’s services have been appreciated and the library staff will miss her.

RESULTS OF HEALTH SURVEY ARE REPORTED BY W. A. T.

Singers Entertain During Assembly

Students and faculty members of Central State Teachers College enjoyed a most entertaining assembly Wednesday morning, when the Welsh Imperial Singers furnished the program.

The Welsh Imperial Singers, under the direction of R. Festyn Davies, are presented by the Red Roses of Britain. This group of singers is unquestionably one of the greatest organizations of its kind in the world.

These singers have been generally acclaimed Britain’s greatest male ensemble, each member being a noted soloist.

Library Gets “Seven Hundred Sandwiches”

The C. S. T. C. Library is again able to announce a new list of books which have arrived from the publishers recently. These books which according to their titles sound interesting will be put on the “new” book shelf before they are put back on the stacks. The books under their various classifications are as follows:

Home Economies: Patty Pans, “A Cook Book for Beginners” by L. G. Gran. “Hooked Rugs and How to” (Continued on page 2, col. 2)

Plans Underway For Oratorical Contest

Plans for the State Oratorical Contest, to be held at C. S. T. C. March 20th, are well under way. Mr. Mott reports that besides the representatives of the schools for the various contests, the following schools are sending delegations: Eau Claire, thirty students; Milwaukee, a large Men’s Ooot Club.; Oshkosh, their band; La Crosse, a male quartet and a 50 piece band. Here is a time when we can show our Alma Mater to the state.

Dance Proceeds To Build Tennis Fence

The dance after the game next Saturday will be sponsored by the Tennis Club. The object of this dance is to raise enough money to put up a fence for the tennis courts. As most of the students are interested in tennis, the Tennis Club hopes that it will receive the support of the students in putting this project across.

THE CONFERENCE RESULTS

T he last conference game has been played, and Stevens Point rates sixth from the top in the final averages. Had we been trampled on at will by every team on the list we might be ashamed of our record, but, on the contrary, we do not feel that way. Practically every game this year was fast and hard fought, the result hanging in the balance until the last few seconds of play.

In spite of our losses, our team plied as steadily as ever. The student body backing the team very creditably.

People are always more satisfied with a close game than a slow, easily won game even if their team is the loser. This is the way we feel about our team and its record. It has given us some mighty good games to see and, though we did come out at the small end of the horn in most of them, we are satisfied that our team fought hard and that the opposition won generally on the "breaks" of a fast game.

With the showing that Kotal has made so far as a coach we may look forward to next year as one of many victories for Central State.

THE VALUE OF A SMILE

H ave you heard of the new disease? It is something running rampant over the college campus? Only this new disease is one to which people want to be exposed and take every precaution to break down their resistance and become a proficient carrier of what is a smile. A smile is a symptom of a sunny disposition — of an optimist — and cannot be hidden. You want to be expose everywhere you go, in the hall, in the library, on the street, as you meet your friends. Just a friendly greeting and a little genuine smile may cause you to straighten your shoulders, lift up your chin, face the world, and pass on the smile to someone else. It exercises more muscles than an ordinary one, too.

A smile is indeed contagious, and is something you can give, receive and retain all at the same time. Are you a proficient carrier of this cheery little disease?

LIBRARY GETS "SEVEN HUNDRED SANDWICHES"

(Continued from page 1, col. 3)

Make Them" by Anna Phillips.

Seven Hundred Sandwiches (This book should be useful since 37 cases in which sandwiches were eaten in the U.S. every day.)

Religion:

If I Had Only One Sermon to Preach — American Series (Harper’s) by ministers and teachers in theological seminaries.

Beyond" by Ripley is an another of these.

Who Moved the Stone? by Morison.

Biography:

Leigh Hunt and His Circle — Edmund Blunden (the book is illustrated by many fine engravings).

Roosevelt, His Mind in Action — the story of a typical American by Lewis Einstein.

Historical Fiction:

Group of four books by Henryk Sienkiewicz (an Historical novel of Poland, Sweden and Russia): "Quo Vadis" (a narrative of the time of Nero), "Pan Michael" (an historical novel of Poland, Ukraine and Turkey).

Autobiography:

Mahatma Gandhi, His Own Story edited by Andrews.

Fiction:

"On Forsyte’s Change" — John Galsworthy.

"Bridal Pond" — Zona Gale.

"Angel Pavement" — Bristle (flavor of Dickens).

"The Deming Stream" — Dorothy Canfield.

Poetry:

"A Magic World" — an anthology of poetry by Gordon and King.

Some Modern Poets — Edward Davison.

SPELLEN SCHRENDEN

FRED COCHRANE

We Goeh’s

Stout 23 — Point 20 Point outpointed.

Chvala showed how to dribble while lying on the floor; it’s quite a trick.

Is “Chief” Hansen signed up for next year? If so write your own ticket! (Excuse it please, Royundy.

Stout is still slamming our "cracker-box", I guess we can’t do anything about it.

Brook’s dad said that nothing could be worse than being old and bent, but the son still thinks it worse to be young and broke. “After all, he confides, "a bachelor is just a guy who didn’t have a car when he was young." (It doesn’t seem to bother him though.)

At the Game

Kotal’s nervousness, Mott’s grim look, Nightingale’s watchfulness. We read ‘em like a book. Miss Jones’ fury, Miss Roach’s scream.

Mr. Hyers drops his dignity, "Come on, Team!" (not to mention Mr. Thompson’s chatter for “My Boy, Art!”)

The Stout fellows get a break in the "dumb-bell" dance after the game.

At the Wedding

"If any man knows any reason this man should not marry this lady, let him speak now or forever hold his peace..."

"Voice from the rear" "That’s no lady, that’s my wife."

Scientists have recently discovered that Diogenes was a Scotchman trying to bum a cigarette.

—Penna Punch Bowl.

And if all the bright students were stretched end to end, the rest of us wouldn’t have worry.

AUF WIEDERSEHEN

STUDENTS ENJOY TALKS ON STARS

(Continued from page 1, col. 3)

Talographs, and myths concerning them were told.

The description of the Planetarium was very interesting. A journey through the building was described, the final step being an observation and lecture of the heavens by means of the machine which can be set to illustrate the heavens for any date or any latitude. This machine can make presentations of stars, sun and moon for a whole year in about seven minutes, although the stars fairly whirl overhead at that rate.

All in all, these talks were interesting and it is hoped that more may be had on the subject at some later date.

RESULTS OF HEALTH SURVEY ARE REPORTED BY W. A. T. A.

(Continued from page 1, col. 4)

does not necessarily mean that the person actually has tuberculosis as an active disease or is in immediate danger of having it. It does mean, however, that either he is or has been tuberculosis infection in the body and is an indication that special care should be taken to keep him up and to maintain a resistance to the disease.

Over 38 per cent of the 395 students who were given the tuberculin test, had positive reactions. This percentage is running higher among the boys than among the girls. Of the 138 boys tested, 72, or 52.2 per cent were reactors; of the 257 girls tested 83, or 32.2 per cent. Better than one half of the reactors were in the groups having a reaction of plus 1 or 2 and 1 or 2 plus. The 83 girls and 37 of the 72 boys.

Of the 395 students who were given tuberculin tests, 142 were reactors. Of this number including the 83 students who had strong tuberculin reactions. If the physical examination revealed indications of pulmonary tuberculosis, one a presumptive case in which the clinical findings, symptoms, and x-ray pointed to the occurrence of active tuberculosis but in which a definite diagnosis of active tuberculosis could not be made.

In addition to the two students recommended for sanatorium care, twenty-five others were placed in the tuberculosis classification. Of these cases, twenty-one were cases of healed lesions, showing that the patient had had tuberculosis at some time during childhood, possibly without being aware of being ill, and that the disease had been overcome. There were five suspicious cases of tuberculosis, cases in which the patients showed some signs of the presence of the disease and which should be under careful observation. Thirty-six of the cases had had close contact with tuberculosis.

In addition to the cases in the tuberculosis classification, there were seven cases of pulmonary infection of the type of organic heart disease. Other findings included:

Decayed or neglected teeth — 15

Pigmented spots — 4

Infected tonsils — 37

Nose and throat diseases — 7

Simple goiter — 25

Suspected poisonings — 2

Acute bronchitis — 6

Asthma — 1

Anemia — 1

(Continued on page 4, col. 1)
**Nelson Hall Notes**

**W. A. A.**

"Are you going out for Volley ball tonight?" "Sure, wouldn't you want to stop for you?" "I don't know whether I'll go or not. Do you suppose there'll be anyone there?" "I'll say there will. If you don't want to miss something, you had better come. We had more fun last year and the next tournament!" Ms. Davis gave a talk on 'Etchings', illustrations of which were examined by the members of the organization. On the same program appeared Mona Ausland, giving "Ann Bradstreet, America's First Literary Woman".

**New Restroom For Faculty Women**

The faculty women of C. S. T. C. now have a cozy restroom. It is on the first floor just next to the gym balcony. A cloak room which was formerly used by the primary children when the boys' department was in this building, has been removed and now contains two eots and a chaise lounge where anyone desiring complete quiet may rest.

*The other room which was the regular rest room now has two new overstuffed chairs, a new rug and new curtains to make it look homelike.*

**Lutheran Students Form Organization**

Fifty Lutheran Students of C. S. T. C. met at the First English Lutheran church last Thursday, Feb. 26 and formed a Lutheran Students Association. Such an association may be found in nearly all larger colleges or universities. The meetings are to be held at 7:30 on the fourth Thursday in every month and are to be held between the First English Lutheran of which Rev. Hasla is pastor, and St. Paul's German Lutheran of which Rev. Huffman is pastor.

Officers of the organization are as follows:

President: Laurin Gordon.

Vice-Presidents: Allen Hodell and Kenneth Brock.

Secretary: Ruth Lippke.

Treasurer: Ludmilla Sousek.

**English Fraternity Holds Meeting**

Sigma Tau Delta met last night. Due to the production of a "Tail-Or-Made Man" on the last meeting night, an entire program was in charge of both Miss Hanna and Miss Davis. Miss Hanna spoke on "Nature Portrayal in the Poetry of Shelley and Keats". Miss Davis gave a talk on "Etchings", illustrations of which were examined by the members of the organization. On the same program appeared Mona Ausland, giving "Ann Bradstreet, America's First Literary Woman".

**College Debaters Have Busy Week**

Our debaters are soon to begin—or finish—the '30—'31 season. Right up until the very last they have been carrying out their intensive program. On March first the C. S. T. C. Affirmative debated the Lawrence Negative at New London. On Monday our Affirmative traveled to Madison to meet a University of Wisconsin Negative Team.

The Central State Negative again debated Lawrence Affirmative, this time at Lawrence. For today our debaters have a rest. Tomorrow evening, the Central State Affirmative will meet Platteville's Negative before the student body of C. S. T. C. At the same time our Negative will be traveling to Whitewater to debate their Affirmative on the same evening.
POINT LOSES IN FINAL CONF. TILT

(Continued from page 1, col. 1)
The second half, Spitznagle came into the light with four sucker shots almost in a row, before the Pointers could alter the defense to stop him.

After Stout was ahead 18 to 13, the Pointers came back with tal- lies by Neuberger, Chvala, Andre, and Thompson, until the score was 19 to 17 in Stout's favor. Schroeder made one free throw, which made the score 19 to 18. Chvala was fouled and was given two free shots which were missed. Stout added a final goal that made its victory three points instead of one.

The game was played before a small crowd, but a good number from Stout came along with the team. This week the Pointers will play the last game with St. Nor- berts. The B team will play the preliminary with Wisconsin Rapids.

RESULTS OF HEALTH SURVEY ARE REPORTED BY W. A. T. A.

(Continued from page 2, col. 4)
At least 10% underweight . . . . 13
Twenty three of the students examined had never been vac-cinated against small pox.

The survey was the first of its kind and extent ever conducted by W. A. T. A. in a state teachers college. In view of its signif- icance and with a view to getting the maximum benefit from the survey, THE POINTER has made arrangements with the W. A. T. A. for a series of articles during which some of the questions asked by students in filling out the questionnaire will be answered.

First Stude (lying in gutter) — "Shay, pal, will you help me up?"
Second Stude — "I'm pretty far gone myself, but I'll lie down with you."

Now that spring weather has come we find the thoughts of the young men in school turning to the things that the girls have been thinking about all winter.

Nelson Hall Notes

(Continued from page 3, col. 1)
A real party was held at which chocolate cake and ice cream were served.

Word has been received that Miss Ruth Rosalock will return as soon as her health permits.

Miss Agnes Rinaldi returned for the first time after a two-weeks' rest. Welcome back, Agnes!

Five dollars have been added to the radio fund by corridor six.

The members of Nelson Hall are thankful for your appetites after assembly! Keep them up.

Miss Helen Hammes has been taking the rest cure for the last two or three days. The rest was necessitated by a cold.

Miss Mary Raven celebrated her birthday by entertaining her friends at a special table Tuesday evening. A beautiful pink bouquet of cut flowers formed the center piece together with pink streamers crossing the table diagonally. Nuc- cups completed the decorations.

The guests were: Lucille Johnson, Helen Hoffland, Hilda Lukas, Ethel Caskey, Ethel and Myrtle Wicke, Ruth Meiferdt, Eileen Leahy, Ann Worlind, Florence Tuttle and Bertha Freukes.
