Optimism Prevails With Teacher Placements

SEVENTY JOBS
CONTRACTED BY
DEPARTMENTS

Stevens Point Placements Higher
Than Previous Year At This Season

The placement activities of the
Training School, under the direction
of Mr. A. J. Herrick, and of the
Rural department, under Mr. O. W. Neale, have proved
extremely successful, with 64 con-
tracts obtained for graduates and
6 for alumni.

Expect More

Because of unsettled conditions
in some school organizations, ma-
ny contracts will not be awarded
until the months of June and Ju-
ly, according to many superinten-
dents and authorities. The local
Training School at present has over
200 applications out.

Freshmen Planning
Large School Party

Ben Mannis and his "Colle-
gians" will furnish the music for
the Freshman party which will be
held in the new gym tomorrow
night. Dancing will begin at 9 and
continue until 12.

The dance will be open to the
public, according to Dick
Schwahn, Freshman class pres-
ident. Students will be admitted
guests while the admission charge
for outsiders will be twenty-five
and fifty cents, for the ladies and
gentlemen, respectively.

Band Concert
Next Wednesday

Another band concert is plan-
ne d by the Director, Peter J. Mi-
chelsen, for next Wednesday
evening, May 18, at 8 P. M. The first
out-door concert of the season was
given last Tuesday night. A pow-
ertful light has been installed at
above the main entrance and per-
mits the concerts to be rendered
in the open. Although the last
event was not advertised, several
hundred people attended and either
collected about the campus or
remained in parked automobiles
along the curb of the campus to
listen to the music.

ART DIRECTOR
GOES TO EUROPE

Will Resume Duties Here Again
Next Year

Miss Edna Carleton, director of
the Teachers College Art Depart-
ment, who has been absent this
year on leave to complete her stu-
dies at the Art Institute for her
masters degree, has contracted for
a tour and art pilgrimage to
Europe this summer. The tour
will be composed of art teachers
and directors from all over the

Point Faculty Control Of Funds Good
Compared With Student Control

After correlating the student
activity fund of Milwaukee
Teachers college, controlled en-
tirely by the students, with that
of our institution, which is in the
hands of the faculty, it appears
that our system of student fi-
cance is more feasible and profit-
able both to the college and the
students.

Has $1,500 Deficit

Milwaukee’s student fund will
have a deficit of some $1,500 at
the close of the fiscal school year
according to a recent newspaper
report. Central State Teachers
college will have a neat little sur-
plus of some $600. Professor F. J.
Schmeckle, treasurer of the
fund, stated.

When President Frank 8. Hye
sums to the local college in 1930
the Student Activity Fund was
some $700 in the red. The fund
was reorganized with Mr.
Schmeckle as treasurer. The stu-
dent fund has complete control of
all expenditures and receipts of
the various school activities.

Professor Rightwell is the facul-
ty representative for the Pointer;
Prof. Michelson, music; Prof.
Burroughs, forensics; Prof. Ro-
gers, social; President Hoyer, as-
sembly entertainment and Mr.
Schmeckle in charge of athletics.

Tuition The Same

The tuition and student activity
fund assessment of both col-
leges are approximately the same,
$21 per semester. Of this amount
$6 goes into the student fund
treasury. In spite of the comfort-
able surplus in the local fund the
expenditures for athletic equip-
ment, forensics and other activi-
ties have had a tendency to rise
rather than decline.

MAURER CHOSEN
POINTER EDITOR
(Continued from page 1, col. 4)
Cedric Vig, of Hawkins, Wis.,
will again handle the business ma-
agement of The Pointer in his
third year of service in that cap-
acity. Vig will be a Senior next
year and will receive his degree
in the High School department
also.

Both In School Activities
Both of the two appointees
have been prominent in extra-curric-
ular activities.

Maurer has been a member
of the Greek Council throughout
the year and is serving a second
term as president of the Phi Sigma
Epsilon fraternity.

Vig has been
president of the
CEDRIC VIG Margaret
Ashmun club, on the debate team, and
was prom king for 1932. He is
also a Phi Sig fraternity man.

Awards Given Staff
The Pointer staff will receive
keys for their work this year with
an original design appropriate for
the activity. The staff members
are required to work many hours
every week in the preparation of
the paper and have achieved this
award as a result.

Burton Hotvedt, Junior
and editor for the past year, will
temporarily cease extra-curricu-
lar activities at the end of this
school year. Many of his staff
members are expected to be
held over into Maurer's staff for
next year. The journ-
almatic aids for the coming sea-
son will be announced in a later
issue.
Conquerors Of Lawrence Show
Form Against Stevens Point;
Return Games Saturday

The college tennis team, composed of Arvie Gordon, Cletus Collins, Arthur Thompson, Morris Skinner and Dick Schwanh, met their first opposition of the year last Saturday afternoon when they played the Oshkosh natters. When the hostilities were concluded the score stood 7 to 1 in favor of the visitors.

Gordon Wins

Gordon was the only man on the Point team who scored a victory, defeating T. Anger in three sets, 5-7, 6-2, 7-5. Art Thompson lost to H. Anger in two sets, 6-0, 11-9. These two matches featured the day's play.

In the other matches Dick Schwanh bowed to Lane of Oshkosh in straight sets, 6-0, 6-0, Cletus Collins lost a hard game to Robinson, 6-4, 1-6, 6-3, and "Mawruss" Skinner lost to Toker in two sets, 6-7, 5-7.

In the doubles play the Point team of Thompson and Collins lost to H. Anger and Robinson, 6-1, 6-3, and Gordon and Schwanh were taken by Lane and Toker, 6-1, 6-1.

Play Saturday

The teams will meet again on the Oshkosh courts next Saturday. The local raquetees have no ali-bis, but a lot of hope for reversing the decision there. Luck, fellows.

WINDY THOMAS IN
MAIN BOUT TONIGHT

"Windy" Thomas, college batter, is meeting Augie Stabler for the advanced class at ground. He will be held in the Armory. A special student rate is promised.

Old Friends

Stabler and Thomas are no strangers. They met at Oshkosh in a preliminary to Max Schmeling's exhibition, and Windy squeezed out a close decision. When they meet in the wind-up tonight Wyndham will try to prove the decision was no mistake.

Kath Meets Miller

On the supporting card Ernie Kath will meet Chief Miller. Herbie Thompson will fight Jackie Keller, and Pete Stachovski will tangle with John Taplin. Temporarily, Pete fought Stabler the other day and decided he had enough after the first round. The college is expected to present a rooster for Windy.

Central Wisconsin Leagues Find
Baseball Material Available
On Campus

Baseball as an official sport doesn't exist for the athletes of Central State, but the fellows are playing just the same. It's Semi-pro ball for those ball hawks who can't represent the college.

Kotal Scores Hits

Coach "Eddie" Kotal is doing his bit for the Rapids team this year. Coach plays second base when he isn't running out into right field for fly balls. "Eddie" made two clean hits last Sunday, scored two runs, and up to the fielding gem of the day, a beautiful stop of a hard grounder that was labeled "double" if it ever got thru.

Serve County League

The same day the Stevens Point Whittings of the Portage County league defeated Iola, 7 to 4. On the pitching mound for the Whittings was "Offie" Neuberger, who pitched his usual effective game, while Ignatius Misch, players of his own right field, supplied the offensive punch with three hits.

When Reinholt and Mervin met two college men played for the losing team, and one picked the winner. "Bergy" Bergerson and "Ted" Chvala played for Plover, while the skijumper was Jack Bergerson. When Amherst Junction gets beat this year, it won't be thru the fault of Sid Keener, Harry Riehman, and "Pete" Petersen, who are giving their all for the dear old Amherst Junction. Cliff Alberts is going to do the same for Nelsonville.

In City League

The city kitten ball league is formed and is going to draw a lot of college men to play for the respective teams. A regular schedule is planned, the games to be played on a diamond in the fair grounds. No doubt there are many other college-men who are playing ball this summer who have not been mentioned. Fred Lowe, who plays center field for the Hayward team in the Tri-County league, is an example. At any rate, baseball seems to have kept its appeal for the college man.

SPORT SHORTS

Hope "Windy" goes hot against Stabler tonight! Here's luck, kid!

Thomas defeated Stabler at Oshkosh in a close-fought battle. "Roundy" Coughlin, Madison sports writer, said that it was the best fight on the card.

Quite a crowd watched "Duke" Kazmier and Thomas work out last Monday afternoon. Gals, too.

Lot of fun watching "Eddie" Kotal try to catch a fly ball in his hip pocket last Sunday. He went way out in right field to do it, too.

We understand that the suffering public is going to have to read this stuff again next year.

If you didn't know it before, the Olympic games are going to be held this summer.

Times are so hard the "Pointer" staff are writing on both sides of a sheet of paper.

"Christy" Christenson, the demon reporter, always gets to the bottom of things. He's reporting Spring Football from the bottom of the pile.

We hear that Christy is going to be "Society" editor next year. "I was only fooling," he cried, nursing his swollen dome

200 Ib, six-foot-four Bergeson decided to attend Gov. Phil La Follette's meeting last Saturday. At the close of the session Berg was given an opportunity to shake hands with the Governor and was wagered two-bits that he couldn't bring him to his knees with a "real" Swede grip. Bergy failed to clinch the 130 lb. executive but Ted Chvala, one of our other great athletes, claims he made the Governor stand side-ways for a "tee-holt."

The dance given by the “S” Club proved to be successful in every way. Excellent music furnished by the College Orchestra, and a fine crowd contributed to the occasion. Art Schroeder, president of the “S” Club, was general chairman of the affair.

SIGMA TAU DELTA
Sigma Tau Delta held its May meeting at Miss Davis’ rooms on Wednesday, May 4th. The program consisted of a talk by Miss Davis and the reading of original plays by Karl Karl Koch and Tom Smith. A short informal business meeting followed during which plans for the last meeting of the club were discussed. Refreshments were served.

MISS ALLEN HONORED
The Misses Estelle Buhl, Helen Hammes, Frances Johnson, and Bertha Hand entertained at a birthday surprise party in honor of Miss Bessie May Allen, Tuesday May 3 at 6:30 dinner. The guests included Mrs. Bate, Miss Zimmerli, Miss Meston, Misses Church, Miss Coleman, Miss Wilson, and Miss Rowe.

GRAMMAR ROUND TABLE
At the regular May meeting of the Grammar Round Table, officers for the next term were elected. The results are as follows: President — Oscar Christenson, Vice-president — Linnea Anderson, Secretary-Treasurer — Alma Anderson. Plans were also made at this meeting for the annual department picnic to be held May 23 at Robertsons Park.

The Alumni Banquet will occur this year at 6:00 P.M., Friday, June 10, to be preceded by a reception by the faculty to the alumni at five o’clock P.M. The charge per plate this year will be fifty-five cents. We have put the commencement exercises this year on Friday and Saturday in order that our graduates may get here over the week end. We hope there will be the largest attendance ever known. The commencement exercises will occur at 10 o’clock A. M., Sat., June 11, in the new auditorium. We hope that many graduates who attend the banquet will be able to stay over for the commencement exercises. The banquet will occur at Nelson Hall.
Nelson Notes

Miss Hussey and a number of our girls who are cabinet members attended the National Y.W.C.A. Conference at Minneapolis this weekend. Blanche Tyler, Irene Brown, Ida Lahti, Alta Stauffer, Vivian Enge, and Elda Miller all went. The party reported a very good time and considered the conference very worthwhile, the rain not dampening their spirits one bit.

Four of our family, Ann Jesse, Murilla Roberts, Crystal Joseph, and Genevieve Pulda were with the party of college home economics teachers and seniors who motored to Stout Institute Friday. They visited schools along the way and were entertained at Eau Claire and Menomonie Friday evening and Saturday. The Chippewa Valley Home Economics Association and the Minnesota Association were in session at the Menomonie state school while the Stevens Point people were there.

Mothers Day prompted as many as possible of the Hallites to go home for the weekend.

A number of our girls enjoyed trips to Wisconsin Rapids this weekend to be present at the band tournament.

Leona Henrichs spent the weekend with a former teacher, Miss Ruby Williams, at Grandon. While there, Leona attended the Graniton junior promenade.

Jane Russell entertained her roommate, Loretta Lensing, at Medford. Mary Kosove enjoyed a short stay with Roselind Decker at Darchester.

Ask Reinetta Reisinger about freight train rides. "There are many ways to get back to school," she says.

Patricia Cowan entertained her mother and uncle at lunch Monday. Kathryn Wiggins was visited by her sister and brother of Lake Geneva.

KELLY'S
Men's Wear
Spring Styles Now Being Shown
ONE BIG ONE OR LITTLE ONES

WE ARE led to print and comment upon an editorial written by a Wausau reader for the Milwaukee Journal last Sunday:

To The Journal, "We have been hearing a great deal about the enormous salaries which the professors at the University of Wisconsin earn. The people know that our comparable state universities in the matter of salaries? Last fall, when we attempted to attract a professor from Ohio State to the deanship of our law school, we were unable to do so because a professor there receives more than the dean of our school. x x x"

It seems strange to me that we hear so much about the cost of the university and so little about that of running county normals and state teachers colleges, some of which have not the enrollment of a grocer's shop. We simply cannot afford to allow our institutions going and still remain outstanding in the educational field. We are slipping constantly. We ought to be able to afford one school of note and instead we are in for mass production of mediocrity from mediocre institutions.

Of course it would be ideal to have some form of higher education supplied in every town in the state but we cannot afford it. We are too spread out now, so why not consolidate our schools where it seems more prudent to let these men whose presence alone is an inspiration and whose names lend prestige to our schools go from us, simply because of poor business management?"

Wausau, Wis.

The Wausau contributor believes that one large university is more essential and valuable to the commonwealth than a number of small colleges distributed about to provide a cheap education and equality of opportunity for our young people. This proposal would virtually place the opportunity for an education solely in the hands of those who may wish to make university demands from those attending any school above a high school. The cost of attending a university is double and even triple compared to the cost of attending a Teachers College. Naturally but a few would find means to enroll in the latter situation others would bury their talents for want of development and application. Such a plan might keep a Lincoln splitting rails, unable to make the credentials that our present age demands in the form of credits and a diploma. Consider the result of keeping back several thousand young individuals because of economic reasons. They would inevitably become an unsatisfied lot, releasing their sentiments and ambitions in some secondary group such as communism.

But the Wausau writer fails to see that Teachers Colleges serve the state, and are an asset to the communities in which they are located, and the students that attend them. An article recently released by Mr. Edward Doudna, secretary of the Board of Regents, explains the merits of the Teachers Colleges and their place in our educative system.

"By general consent education is recognized as the most important function of the state. In Wisconsin about 565,000 pupils are attending the elementary, vocational, and high schools. They are taught by 21,000 teachers who have an average of 27 pupils each. The character of the schools is determined by the relationship established between these teacher and pupils. All systems of administration, supervision, and instruction are but agencies for making this pupil-teacher relationship vital and effective. "As is the teacher so is the school. And how sound and plattitudinous, but it is just as true today as it was in the days of a simple social order and a similar school system.

The schools and colleges which train teachers are, therefore, the most essential and potentially the most influential of the state institutions. Wisconsin has recognized the importance of the teacher by creating a unique system of teacher training. In ordinary years about eighty-five per cent of the graduates of teachers colleges find positions at graduation."

GOVERNOR La Follette strengthens Mr. Doudna's contention that Teachers Colleges are the most potent and influential influences in the state in his statement to prospective voters last week. The Governor states that "some portion of determining the outlook, and the course of the next generation" belongs to the students who are planning to serve the state of Wisconsin as teachers in the schools of the state.

The appeal in the Milwaukee Journal is far from a democratic one and would only make the educative system more un-fair and un-democratic than it really is at the present time. Our one University receives three times as much money each year as the nine State Colleges are granted, and it costs the state twice as much to carry a Teachers College student as it does to carry a Teachers College student. This latter proportion is reached by dividing the University and Normal Fund Income disbursements by their respective enrollments. What is the University that does not serve the whole state?

Figures indicate that a great portion of the student body is drawn from Madison, Dane County, and a small area surrounding the Capital. To further concentrate our education in Madison would make the situation even more un-balanced, than ever. Obviously the Wausau contributor is imbued with that great American desire to produce things in a "Bigger and Better" fashion.

"EROUSIOUS IMPRESSIONS"

PRINCIPAL Joseph F. Kraus of the Stevens Point High School informs us that our editorial of April 28 was based on "erroneous impressions." The article which Mr. Kraus corrects is the one relating to a speech made by a Marquette University representative to the local high school Seniors. He states that no derogatory remarks were made towards the local Teachers College during the talk. Mr. Kraus is a prominent alumnus of the Stevens Point Teachers College. He was graduated as a rural teacher in 1916 and returned after serving with the Marine Corps during the World War. Before his graduation in 1921 he taught in the Colfax College and was extremely active in extra curricular activities as president of the Rural, Forum, Sophomore class and the Men's Club.

FROM THE EAU CLAIRE SPEACTATOR

Practically a complete waste of time and space for everybody concerned—that is what we call characteristic of the editorials appearing regularly in this column.

We have consistently attempted to make direct appeals to the student body and to invite it to activity through this column, but what a complete flop it has proved. We attached the student's attention and arousing interest and discussion as our editorials have attempted to only ONE student comment has ever reached the editorial writers from all of our past twelve issues, which are read by at least 400 students each time; and this ONE student comment was on a rather outspoken editorial.

True we have had members of the faculty frequently comment on our editorials, but the editorials are directed towards the student and not for the student.

What is the trouble? Merely this: the editorial column isn't a popular corner in the paper. It has been traditional to write editorials, so we probably will continue to do so despite the futility of it all. Hence, we shall continue to inspire and to diffuse knowledge to a deaf audience.

EDITORS UNEASY CHAIR

DEAR EDITOR:

How about an all school tennis tournament sometime in the near future? Hidden material in school might be discovered that would be valuable to the varsity team. To create interest among the girls, why not have a mixed doubles tournament? The other division of the event should have both singles and doubles.

VOX POP.

DEAR MR. SPINDLER

Thank you so much for the Pointers you sent me.

Somehow it is really a pleasure to receive these wrapped and addressed by the same hand writing I remember so well—in the days of Psychology class. I remember you as standing in the middle of the blackboard space—and writing with the left hand and then switching the chalk to your right.

Stevens Point Normal is still dear to all of us and we are loyal to the school. We love to hear good reports on your work. We never tell you so. It takes a few years for us to realize how much good we really gained from the hard work we did.

I can still recite a part of my rhapsodical (ghastly days, some girls even false before or after school, and they do tease me) love of dance taught us by Mrs. E. T. Smith back in the days of May festivals on the front campus.

Give my best regards to Prof. Collins, Herrick, Hyer, (my supervisor in Model Dept. then), and any who were there in 1914.

Very sincerely,

Edna L. Warner

Class of 1914.
