TO DEDICATE NEW FIELD OCT. 15

NEW ATHLETIC FIELD IN TIP TOP CONDITION

Eau Claire Host At Homecoming And Dedication Game Saturday, October 15

Turf on the local college's green and fashionable new athletic field will be dug and delved by football cleats for the first time Saturday, October 15, when Coach Willis Zorn's Eau Claire eleven will be host at our homecoming and dedication game.

In Tip Top Shape

Professor Fred J. Schmeecle, who has supervised the construction of the new field and who has given his vacation months working on the project, said that work is practically completed. "The field is in excellent condition and will be in tip-top shape for the

Summer Term Reaches 688, Second Best

Central State Teachers College won recognition when it ranked second to Milwaukee in total enrollment of the nine teachers colleges in the state for the 1932 summer session.

Our Population Less

The fact that the population of Stevens Point is considerably less than five of the nine cities in which state teachers colleges are located in Wisconsin adds significance to the record set by the local institution.

Oshkosh, with a population of 40,076, or approximately three times that of our city, was third with Superior fourth.

Following is a list of the population and student enrollment of the nine cities in which teachers colleges are located, for the summer term:

NEW HANDBOOK FOR STUDENTS IS PUBLISHED

All College Dances, Parties, Clubs and Athletic Schedules In New Guide

A student handbook, edited by the senior girls, is being given each student enrolling in the local college. This is an entirely new undertaking and the first time in the history of the school that any book containing all social and athletic programs has been published.

A Student Guide

The handbook is not only a guide to the students but will tend to abolish conflicts in dates for dances, parties and other social affairs of the college that have existed in past years.

The book is brimful of valuable information including the social calendar, athletic schedules, school organizations, awards, church services in the city, roster of the faculty, committees, train schedule, college yells and other material with which the average freshman is not familiar.

College Band To Sit "Up In Air"

A new stand for the college band has been erected on the east side of the athletic field. The new structure will easily accommodate 100 people.

The building has a water-proof roof on which will protect the players and instruments in rainy weather. The stand is elevated by 20 foot scaffolds and has been built just opposite the bleacher sections.

In past years the band occupied a section of the students' bleachers which wasn't so satisfactory. The new band stand will abolish such annoyances as having slippery trombones bump the heads of fans and the penetrating notes of the bass horn stinging the ears of excited rooters.

HYER EXTENDS WELCOME; ALL FOR ECONOMY

College President Advocates Hard Work; Appreciates The Sacrifice Of Parents

A cordial welcome is extended to all students in Central State Teachers College at this time. The older students join in welcoming the new students to the campus.

College Has Opportunities

Preparations have been made to afford all students better working conditions than have ever been offered here before. It is hoped that every student has come to college this fall determined to make the most of the excellent opportunities which the state is so generously offering through Central college.

The faculty, the library, the equipment are all ready for you to do your work. You have the best atmosphere in which to work. It is up to you to prove that you are in fact a college student. We are here to help you, but we cannot do your work.

Parents Are Sacrificing

These are strenuous times, and parents are making great sacrifices to help their boys and girls through college. Every student who is dependent upon his parents for support in college should do everything in his power to make every dollar go as far as possible. Let us learn to economize in time, effort, and money this year as we have never done before.

Let us make this the most profitable year in our life's work. Yours sincerely,

FRANK S. HYER

TO OUR FRESHMEN

We dedicate the first issue of the Pointer to you. It is the aim of the upper classmen to make your stay at Central State College as cheery and gay as the color of this publication.

Are You 21?

If you are a registered voter don't forget the primary election, Tuesday, September 30.

TO ERROR IS HUMAN — EVEN WITH PRINTERS

It can be safely stated that the average person, whether he be a student, professional man or laborer, little realizes the amount of work that is involved in publishing a periodical, whether it be a daily paper established primarily for commercial gain, or a college or prep publication.

Only individuals experienced in the printing game can appreciate the possibilities there are of errors creeping in from the time a story is written by the reporter to the hasty minutes it is set by the linotype operator and finally locked in the form ready for print.

Taking these factors into consideration, the staff assure you as students that the Pointer will be fair, impartial and free with its publicity. May we particularly ask the presidents and heads of the different classes and organizations as well as the faculty members to "tip" one of the staff members of any news or announcements you may have!

A new mail box will be found on the door of the Pointer office located on the third floor and we invite and urge all faculty members and students to acquire the habit of "dropping in" contributions regularly. Whether you have a story, joke, criticism, or comment makes no difference to us. We will always give it our unbiased attention. Articles written with serious intent must be signed by the writer although anonymous signatures will be published upon request.

After all, the Pointer is just another school activity and its results, whether good or bad, reflect directly upon our college. With this in mind may we exhort you to cooperate with us so that we may maintain the high standards last year’s edition and staff established?

SOME INTERESTING STATISTICS

After studying the enrollment figures of the nine teachers colleges in the state, citizens of Stevens Point and students of the local college cannot help but admire and feel proud of the progress that Central State Teachers College has made during the past two years.

Our institution ranked second to Milwaukee for the 1922 summer session enrollment to establish a new record in the history of our school when the figure swelled to 688. Wisconsin’s metropolis has a population some 44 times greater than that of Stevens Point and naturally should have a larger college enrollment.

President Hyer is far too modest, diffident, and capable of giving “fatherly” advice to our President.

Attwell, saved the college at least $350 Schmeckle stated.

The new field rates with the best in the college conference. New bleachers accommodating 5,000 fans were finished this summer. The new field can easily take care of 5,000 fans. It measures 448 feet in length and 245 feet in depth.

Steel goal posts, set in concrete, are to be installed. These will be removable. The field will be roped off on the side facing the bleachers during games. A band stand that will take care of 100 has been constructed on the side. A basket ball court is also being constructed in the southwest corner of the field.

No Cars Allowed

Cars will not be allowed to enter the new field. Schmeckle said the sod is in good condition but a maximum of one practice a week is all that will be allowed on the new grid this season. Evergreens are to be planted in the northeast and northwest corners of the grounds.

Here’s some sad news for the kids but nevertheless is true. The entire field area will be enclosed with a top fence before the season.

“It’s going to be a darn hard job to peak or sneak into our new field”, concluded Schmeckle.

The approximate cost of the new field is estimated at $3,500. The fact that the work was done under local supervision and by the job rather than by contract realized a saving of thousands of dollars to the school.

Soil Donated

Soil, donated by Regent W. E. Atwell, saved the college at least $350 Schmeckle said.

POINTER STAFF TO MEET TODAY

An important meeting for members of the Pointer staff will be held in the Pointer office today at 12:30 P. M. Members are urged to be on time so as not to interfere with one’s o’clock classes.

New Athletic Field in Tip Top Condition

(Continued from page 1, vol. 1)

homecoming game”, Schmeckle stated. A seven foot steel fence surrounds the field with gates on all sides. A sprinkling system with six openings furnishes the water supply. A cinder track measuring a fifth of a mile surrounds the gridiron. Concrete curbing surrounds the track on either side. A concrete walk has also been constructed at the foot of the bleachers to avoid muddy conditions during wet weather.

First Degree From Wabash

Before coming to Stevens Point in 1920, Mr. Burroughs had been a teacher in High Schools. He received his B. A. in 1913 at Wabash College; a graduate of King’s College of Oratory, Pittsburgh. He is a graduate of the University of Chicago. Mr. Burroughs has attended the University of Michigan for four Summer Sessions.

First Degree From Wabash

Before coming to Stevens Point in 1920, Mr. Burroughs had been a teacher in High Schools. He received his B. A. in 1913 at Wabash College; a graduate of King’s College of Oratory, Pittsburgh. He is a graduate of the University of Chicago. Mr. Burroughs has attended the University of Michigan for four Summer Sessions.

Faculty Members Attend Schools

Among the summer session students at the University of Minnesota was Miss Anna Hanna, English teacher in the Regional Department. While at Minnesota Miss Hanna took an eleven weeks course in the school of education, specializing in English. Miss Hanna is working toward her B. A. degree.

Mr. Joseph Mott was also a student in the summer session of the University of Minnesota. Mr. Mott took a six weeks course at the University taking special work in the fields of Supervision and Psychology of Learning.

Miss Leah Diehl, training teacher in the Intermediate department, spent the entire summer session at the University of Chicago. Miss Diehl was enrolled in the graduate department of Education where she took work toward her M. A. degree.

Miss Bessie La Vigne, Vining, training teacher in the Rural Demonstration School was also a student at the summer session of the University of Minnesota when she was enrolled in the department of Education. During the six weeks term she took studies in Geography and History which will apply toward her B. A. degree.

Burroughs Is Honored With Master Degree

Mr. Leland M. Burroughs, director of the speech department for the past eleven years, completed work for his Master of Arts degree in the School of Languages, at the University of Michigan, at Ann Arbor this summer. Mr. Burroughs received confirmation of his master degree Tuesday.

Has Splendid Record

Towed the “Builder of Champions”, Mr. Burroughs has very capably earned this title. Last year his protege, Celestine Nuesse, then a sophomore, won the Inter­state Oratorical Contest held here.

Two firsts and two seconds have been awarded to Stevens Point in other Interstate meets. In previous state meets Stevens Point has won four Oratorical and one extemporaneous contest, under fine coaching of Mr. Burroughs.
GRIDDERS OPEN AT CARLETON

VETERANS AND NEW MATERIAL ISSUED SUITS

Eighteen Vets And Plenty Of New Gridders Report For First Drills

Coach "Eddie" Kotal has been putting his college football team through some strenuous drills the past few days in preparation for the opening game of the season at Carleton, September 24.

Many Heed Call

When the gridders were issued their football togs last Monday 18 veterans, over a dozen of last semester’s ineligibles, and a small army of new material were right on hand to grab their shares.

Kotal has avoided comments on this year’s possibilities. However, it has been a precedent with "Eddie" to let fans do the judging on the gridiron rather than to picture an invincible eleven in print. "We have some new material besides our hold-overs," is the best statement Kotal would make.

Last Year’s Vets

The list of veterans include the Baker brothers, Scribner, Garber, Roy, Winn, Reimer, Schwahn, Hansen, Klement, Koehl, Richman, Atwood, Gregory, Miller, Green and E. Hohen.

Then there are over a dozen of last year’s students, who were either ineligible because of transfer or who saw action in the "B" squad, that look mighty good.

"Christy" To Compete

Oscar Christianson, a former Lawrence gridder, will be eligible this year. Others include Fritsch, Beppler, M. Anderson, Omholt, Kujath, Thutilh, Thompson, Krumm, Margeson, Pizer, Neale and Marsh. It is doubtful whether Peterson, Keener and D. Anderson will return this fall. Peterson and Keener were football and basketball athletes.

Alumni Game, Oct. 1

Local fans will have an opportunity of seeing the college team perform Saturday, Oct. 1, when the annual varsity-alumni tussle takes place.

PHI SIGS TO MEET

Members of Phi Sigma Epsilon fraternity are urged to present at a meeting to be held in the Men’s Room, Tuesday evening, at 7:3o o’clock. Election of a new president to succeed Richard Rothman, who is not returning to college this semester, rushing plans and fall parties will be acted upon.

Cut And Glue This On Your Bed Or Table

Coach "Eddie" Kotal has been whipping his gridders into shape, staging two drills during the first part of the week in preparation for the local college boys’ first game of the season with Carleton college next Saturday, September 24, at Northfield, Minn.

Three home games and four out-of-town contests, not including the annual varsity-alumni game, to be held Saturday, October 1, are slated for this year. Following is a schedule of Central State Teachers college games: Sept. 24, at Carleton; Oct. 1, alumni; Oct. 8, at Whitewater; Oct. 15, Eau Claire (dedication of new athletic field and homecoming) at Milwaukee; Oct. 29, Oshkosh; Nov. 5, St. Norberts at Green Bay (St. Norbert’s homecoming game); Nov. 11, Stout (tentative).

HIGH GRIDDERS PLAY APPLETON HERE SATURDAY

Fifty Preps Respond To "Harry" Ringdahl’s Call For Material

When Coach "Harry" Ringdahl of the Stevens Point High School called for football volunteers 40 husky prep’s were found on hand to make bids for the dazzling new headgears, pants, shoes and other gridiron equipment.

High School Dedicatees, E. E. Hohen, W. Wiese, L. Lenzel and R. Dehlinger as veterans. In addition there is plenty of green material which is certain to produce some dark horses.

High School Schedule

Following is the High school 1932 football schedule: Sept. 17, Appleton (here); Sept. 24, Eau Claire; Oct. 1, Marshall; October 8, Wausau (here and dedication of new athletic field); October 14, Nekoosa (here); Oct.

S. PORT PUNS

Two new athletic fields will be dedicated in Stevens Point this fall. The High School dedication is Saturday, Oct. 8, with Wausau the host. Eau Claire will be guest to the college homecoming and dedication, Saturday, Oct. 15.

We don’t like to be pessimistic but with the hospital just across the way from our new athletic field visiting gridders will find the service and accommodations ideal.

With our elevated band stand located midway between heaven and earth Prof. Peter J. Michelsen and his college band will be able to entertain football fans and Gabriel’s angels all with the same "toot" of the horn.

Can we trim Carleton next week? Follow the team to Northfield, Minn., and see for yourself.

WARNING TO PEDESTRIANS

-Varnish has produced a glossy but slippery finish to the college floors and stairs. As a warning we suggest students mesh gears when turning corners or descending stairs.

KOTAL SENDS A FEW WORDS TO STUDENTS

"Eddie" Thinks New Athletic Field Is Dandy; Urges Pulling Together

To all Students:

"Peptitude" has never been more present time because of the large number of students interested in athletic activities. Our success of course, will depend upon the effort put forth by our athletes and the support given by you.

Praises New Field

One of the biggest helps to the athletic department is our new athletic field. The credit for this big piece of work goes to Mr. Hyer, Mr. Atwell and Mr. Schmeckie. Without their undenying efforts very little would have been accomplished. It shows that the school is cooperating one hundred per cent.

Graduation last spring lost several very good athletes and "old man depression" this fall is causing us some more trouble... but even the material looks quite promising. There are several new faces in our lineup and these combined with the old timers may mold out a smooth working aggregation.

Let’s Get Together

With our present large enrollment and our new improvements we should feel like a much larger college — so let’s get together and set larger.

Now that we have a good pepsy band and a band stand we can work up new cheering, ideas and formations. Let’s be "big college stuff!":

Allez Completes Work At Columbia

Mr. George C. Allez, local college librarian, has been granted his master of science degree from Columbia University, New York, where he has been a student for the past year.

Elected Class President

Allez was elected president of his class which numbered 50 students. His thesis, which is required of every student working for a master degree, was entitled, "Time Study of Activities of Librarians in Teachers colleges of Wisconsin". Mr. Allez joined the local faculty staff in 1928. Last year he was awarded the Carnegie Scholarship worth $1,500. He was granted a year's leave from the local college to complete his master's work.

Previous Schooling

His previous schooling included a three year diploma from the State Normal school in 1927 at Bellingham, Wash. B. A. degree from the University of Washington in 1928; B. S. Columbia University in 1929. Miss Lulu Mansur was librarian during Allez' absence.
SOCIETY NEWS

Faculty Reception
This evening from 8:30 to 11:30 the students of Central State Teachers College will be entertained at the annual Faculty-Student reception. In the receiving line will be President and Mrs. Hyer, Mr. and Mrs. W. E. Atwell, Miss Hussey and Mr. Steiner. Dancing will be enjoyed until 11:30. Miss Meston of the Home Economics Department will have charge of the refreshments.

All School Party
Saturday evening all the students are invited to attend an all school party sponsored by the social committee. Dancing will be enjoyed from 8:30 to 11:30. The dance will be held in the new gymnasium. Bring your student ticket with you.

Handbook Dance
Saturday Oct. 24, all the students are cordially invited to attend a dancing party in the new gymnasium. Dancing will be enjoyed from 8:30 to 11:30, music being furnished by the college orchestra. The dance is to be sponsored by the Student Handbook committee.

Two Go to Whitewater
Frank Tuska and Conrad Somers, city, left for Whitewater this week where they will enroll at the Whitewater Teachers college. Both young men have completed two years work here. They will major in commercial work.

To Attend Northwestern
Weldon L. Leary, son of Frank W. Leary, 902 Ellis Street, left for Evanston, Ill., where he will enroll as a junior at Northwestern university. Weldon attended the local college for the past two years. He was a member of a Chi Delta Rho fraternity. He will complete work towards a B. A. degree.

At Wisconsin
Miss Georgiana "Sis" Atwell, daughter of Regent and Mrs. W. E. Atwell, 1010 Clark Street, leaves for Madison tomorrow where she will enroll as a junior at Wisconsin university. "Sis" was president of Tau Gamma Beta sorority and society editor of the Pointer last year. She was a member of the Women's Athletic association for the past two years. William Atwell, brother to Georgiana, is a law student at Wisconsin.

Thompson In West
Professor Victor E. Thompson, accompanied by his wife and youngest son, Kenneth, drove to Boulder, Colo., after he completed his duties as instructor of industrial arts at the local college's summer term. Mr. Thompson took up additional work in mathematics at the University of Colorado while in the west. He received his Ph. M. degree from Wisconsin in 1929. He and his family returned to Stevens Point last week.

Senior Ball, Dec. 10
A new social event in the form of a "Senior Ball" will be found in the student handbook this year. The date has been set for Saturday, December 10. The dance will be sponsored by the senior class and is expected to rival the annual Junior Prom in decorations and color. All students, alumni and friends will be invited.

The Latest in College Styles at KUHL BROS. DEPT. STORE 411-413 Main Street
Miss Carlsten Joins Faculty After Leave

Miss Edna Carlsten, local art director, has joined the college faculty again after a year's absence during which time she continued her art work and took a trip abroad.

Miss Carlsten attended the University of Chicago, Art Institute, and two private studios during the past year. In July she was a member of the art pilgrimage which visited European cities. The pilgrimage was under the auspices of the University Travel Bureau.

Among the countries visited were France, Switzerland, Italy, Rome, Austria and Sweden. Miss Carlsten reports that her trip abroad was a most delightful one. While in Rome she acquired a stone from the vicinity in which Mark Anthony frequently trod.

J. M. DAVIDSON

Joseph M. Davidson, 1123 Clark Street, college faculty member, is seriously ill at St. Michael's hospital where he is suffering with an ulcer of the stomach. Hemorrhages have made his condition serious. Davidson is the college's photographer and has been here since 1924. His wit, humor and all-round good fellowship have made him a close friend to all faculty members and students. Several students have submitted to blood transfusions at the hospital in response to the doctor's request.
