Kennedy’s Official Portrait
Photographers; Several
Bids For Printing

Plans for the 1934 Iris are near-
ning completion. The engraving
contract has been let to H. J. Jan-
& Ollier Co. of Chicago. Mr.
Hunting, a former local high
school teacher, at present the
head of the engraving depar-
tment of the above company, has
paid Celestine Nusse, Editor of
this year’s book, several visits as
a representative of his company.
D. T. Sutte, district agent, is here
today making final arrangements
for the work to be done.

Low Price

Several bids have been received
on engraving, thereby automatic-
yet the job has not been let out.
A contract has been given to the
Kennedy Studio, 439½ Main St.,
which has the largest retinue of
photographers. An unusually low
price has been obtained this year.
Graduates will receive their Iris
pictures and one dozen application
pictures for the small sum of
two dollars.

All students who are graduat-
ing at the end of the first se-
num are requested to have five
application pictures in Mr. Her-
rick’s office by Jan. 1. ‘34. Those
completing their courses in June
must have theirs in by Feb. 15.

Davy Takes Groups

All group pictures will be taken
by Mr. J. M. Davidson, of the
Training School, in the studios on
the third floor of the college
building. Notices will soon be
appearing on the bulletin boards
specifying the time for the var-
ious groups.

Those who failed to fill out the
blanks handed out at the meeting
of the graduating class last
Thursday, or who missed having
Ethelwyn Baerwaldt or the editor
fill one out a blank immediately.
Due to the overwhelming vote
of 319 to 46 in favor of the new
Iris plan, taken last year, the cost
of the book has been reduced from five to two dollars per
copy. The new plan made it com-
pulsory for all old students en-
rolling to pay an additional dollar
per semester, thereby automatic-
ally subscribing to the yearbook.
New students who desire a copy
and have not subscribed to it as
yet can do so by paying the en-
tire sum of two dollars before, or
at the beginning of next semester.

Second Game Against Big
Ten Team Tougher

This Year

Next Wednesday evening, the
Purple and Gold cagers take a
little trip to Wisconsin Rapids
where they will engage Doc
Meawell’s University of Wiscon
sin boys in a game of basketball.
Mr. Schmeecleke reports that tick-
oces are still available for those
who want to see our team in
action against a Big Ten five.

No Clinch

The “little boys” has a real
squad this season including the
same five boys who played most
of the game against us last year.
Talented sophomores have added
height and scoring power which
makes the University a strong
contender in the Big Ten. They
have gone through their early
season games without trouble and
don’t mean to be tripped as we dropped
them last year.

Few Seats Left

The reason that seats are still
available is that, although a great
number have been sold, still there
is plenty of room. The tre-
meleading seating capacity of the
Lincoln field house was seeded
last year. Art Thompson led his men to a 28 and
24 triumph over the Madison
men. It is rumored that there will be
plenty of room for those who want a
good view can be had from any-
where including the balcony.

Krwakowski-Massmann,
Presented By College
In Concert Tonite

Two Chicago artists, Miss Mary
Krwakowski, soprano, and Miss
Magdalena Massmann, pianist,
will give a recital in the auditorium
Thursday, December 14. This is another of the entertain-
ment brought to the college by
hospitable neighbors. Any student
who wishes to attend this program
must secure a ticket from the main
office sometime today.

Miss Mary Krwakowski, who is
still in her early twenties, is
thought by some to have the best
soprano voice in the city of Chica
go.

When she was fifteen years
old, Miss Krwakowski was a clerk
in a large factory and little
realized that she was destined to be
a singer of prominence.

A friend prevailed upon her to
study music, and little realized
that she was destined to be
a singer of prominence.

SEATS GOING FAST

We have it that several of the students believe there isn't going to be a large crowd at the Wisconsin Point game at Wisconsin Rapids Wednesday night, and that they'll be able to get good seats the last minute, but they're liable to find themselves in a sort of "forgotten place" that night. In a statement to the Pointer today, Mr. F. J. Schmeeke reports that in comparison with the number of tickets sold for this contest last year, more have been sold this year than at that time. And those who attended the game last year will assure you there wasn't room for the latecomers.

A section, probably on the balcony this year, will again be reserved for the students. Those who wish to enjoy the view for 40 cents which will assure the holder of a good seat in this section. Get your ticket from Mr. Schmeeke.

THESE 'CROSS-CUTTERS'

Have you noticed the dog path across the campus at the east entrance to the building? We're hoping someone will accept Mr. Evans' "job of catching stray dogs on the campus, and probably snare a few of them.

Old students will recall a similar situation last year, but luckily there was enough snow on the ground at the time to effect the grass very much. And they will also remember that last spring it was necessary to 'decorate' one of the most beautiful campuses in the state with a lot of stalky looking boards reading, "Please Keep Off The Grass". Somehow or other these signs disappeared one by one, and at the rate they seem to be crossing our 'front yard', now, it looks as though we'll have to put up a fence something like the one we have around our new football field, or probably even have to lay more sidewalk next spring to cover up the 'sore spots'.

We suggested that these trespassers go that way they be a little bit observant and notice the perfectly good concrete sidewalk which leads around that way, by which means they can get just as far without losing a half-minute.

BESSIE MAY ALLEN

Miss Allen was born on a farm in northeastern Iowa and received her early education in the rural and village schools. After attending high school in Dubuque, she entered Iowa State Normal School and completed the Three Year Liberal Arts Course. Her general teaching experience included one year in rural schools, one year as assistant principal of the high school at New Hartford, Iowa, and three years as principal of the village of Castalia, Iowa.

She resigned from this position to enter Columbia University to study householder arts, a subject at which that time was just beginning to find a place in the public schools. The next three years were spent in teaching domestic science in the Ontario Ladies College, a high school for girls located at Whitby, Ontario, Canada. While she was teaching there, she studied for another year at the University of Toronto, completing her Bachelor of Science degree, Columbia University in 1912.

The year 1913-14 she held the position of teacher of economics in the Illinois State Normal University at Normal, Illinois. The following year she came to the Stevens Point Normal as Director of Domestic Science and Domestic Art. The department at that time was located in two rooms in the central part of the building and the course was five years in length. Later the department was moved into a new building and the John H. France Temple Cottage was built. The course was lengthened to three years and finally to four years. The first degrees granted by the Stevens Point Teachers College were conferred upon Genevieve and Mayme Carmalt of the Home Economics department.

Miss Allen received the Master of Arts degree from Columbia in 1920 and she has studied both at Columbia and at other institutions. She has been a member of the National, State and Sectional Teachers Associations and Home Economics Associations. She was the chairman of the committee which wrote the constitution for the Wisconsin Home Economics Association, she was president of the association for three years and she has been a member of the state council since its organization.

Miss Allen is a member of the Stevens Point Women's Club, the Business and Professional Women's Club, the Sigma Zeta Society and the P.E.O. Sisterhood.

MISS MARIE ALLEN

Miss Allen was born and reared in Winona, Wisconsin, and received her early education in the local rural schools. She attended Winona State Normal School for three years, and graduated from that institution in 1916. After teaching in rural schools in Winona County for four years, she went to the University of Wisconsin in Madison where she obtained her B.S. degree in Home Economics in 1920. She then attended the Teachers College at Columbia University in New York City, where she obtained her M.A. degree in 1925.

Since 1920 Miss Allen has been a member of the Home Economics faculty at Stevens Point State Teachers College. She has taught a variety of courses in Home Economics and has been a leader in the development of the Home Economics program at the college. She has served as the advisor for several student clubs and organizations and has been active in many campus and community activities.

Miss Allen has been married and has two children. She and her husband have been active in community organizations and have volunteered many hours of service to their local community. She has been a member of the local Women's Club and has served as president of several local organizations. She has also been a volunteer at the local hospital and has been involved in many other community activities.

Miss Allen has received several awards and honors for her work in Home Economics. She has been awarded the Outstanding Home Economist Award from the Wisconsin State Home Economics Association and the Outstanding Faculty Award from the Stevens Point State Teachers College. She has also been named to several honor societies and has been a member of the National Association of Home Economics.

Miss Allen's research and teaching has focused on nutrition and food science. She has written several articles on these topics and has been a speaker at many professional meetings. She has also been involved in many community service projects and has volunteered her time and expertise to many local organizations.

Miss Allen's commitment to education and community service has earned her the respect and admiration of her colleagues and students. She is a dedicated and tireless educator who has made a significant impact on the lives of many students and her community.

BILL'S BULL

The main item of interest in the column seems to be the tough luck that hit Co-captain Guy Krumm. He threw his knee out of joint as he pivoted in practice last week. It sure is a tough break for the team as well as for Guy. The squad is none too strong, and Coach Ko-tal counted strongly on Krumm's scoring ability. We think that if Guy isn't able to play before the middle of the season, he had better wait till next year to complete his third season on the hardwood.

Sports Editor: Bill's Bull
The Pointer
Dear Sir:

Allow me to say in opening that I believe your column is well named. In last Thursday's column you cast insinuating reflections on the manliness of the players of the new indoor pasture "Ping Pong".

Perhaps the worthy editor would consider it a reflection on his "masculine prowess" to indulge in an activity which takes a high degree of proficiency, and unusual amount of coordination between eye, brain, and muscle in order to excel at a game that is indulged in by many of the most notable people around school. A long and impressive list could easily be gotten together but lack of space prohibits.

Coach Kotal and Morris Skinner are examples.

In closing allow me to challenge the worthy "Ed" of this column to a few brief contests of this "easy game". After which I am sure he would sing a different tune.

Ping

The husky, dark-skinned athlete seems to have utilized the power of the press to make nasty remarks. I can't say that I could have come up to his prowess with the egg-shells since he was well-born, out-strengthening, including ten miles of roadwork every night. However, if he brings his needle along sometime, I'll challenge him to a nice friendly game of sewing.

Said athlete remarks that he takes high degree of proficiency, and unusual amount of coordination between eye, brain, and muscle, in order to excel at table tennis. With such a standard, named by himself, we can't see how he expects to play at all.

The game with St. Norberts has been changed from Saturday to Friday. The boys are playing their first out-of-town game but it is a non-conference tilt. The De Pere boys have a good squad, we hear, but the question is, have we a good team? That's all there is about this game. There 'ain't' no more.

LEWIS COLLEGE

Cold Weather Brings Ice To Hockey Rink

The recent cold wave that swept the city gave the hockey rink a good coat of ice. In a few more days it will be in first class condition. With this in view, Don Blood, the college puckster, has been trying to get an appropriation from the athletic department to cover transportation costs for the hockey team.

The boys say that they don't need uniforms but they must have money to travel. Tentative arrangements have been made for games with Marshfield, Wisconsin Rapids, Waupea, and Stevens Point city teams. The return of many veterans and the coming of promising recruits gives the coming hockey season a bright aspect.

Arrangements Completed For
Gala Affair Kraemer Will Play

Tomorrow evening at 8:45 the outstanding event of the winter social season, the Senior Ball, will amaze and delight hundreds of social enthusiasts.

Side by side, President and Mrs. Hyer, Regent and Mrs. Atwell, Professor and Mrs. Rogers, Miss Meston and the President of the Class with Miss Fern Van Vuren will compose the reception line, which will welcome the guests of the Senior Class.

Promenade At 9:30
The Grand Promenade will begin directly at 9:30. The march will be led by the King and Queen, followed by Celestine Nassee, last year's Prom royalty. Following them in order will be the Vice President, Miss Elinor Eubanks and her escort, Miss Jean Byington, Secretary, and her escort and Donald Blood, Chairman of the Ball, and his lady. This year's Prom chairman will not march.

Forest Scene
After the march dancing will continue under a false ceiling of evergreens. More than four hundred small colored lights with sparkling stars as reflectors attached to "flicker" sockets will alternately light the scene for the evening. Programs will be presented at the box office, to insure each guest of one of these delightful accessories to a perfect evening. Dance numbers will not be included on the programs but Howard Kraemer and his violinists will add several mellow waltzes to his selection of popular numbers.

SIGMA ZETA TO INITIATE
Sigma Zeta, national honorary science society, will hold its meeting Tuesday, December 19, instead of Wednesday, December 20. This arrangement has been made to afford those who are members of the organization an opportunity to attend the Wisconsin game at Wisconsin Rapids. The group will meet in Mr. Right's lecture room at 7:30 P.M., at which time new members will be initiated.

WAUSAU MUSIC CLUB HERE
Last Sunday afternoon the Twilight Music Club of Stevens Point presented The Musical Arts Club of Wausaau in a program of Christmas music in the college auditorium. Miss Irene Hite Thompson, pianist, of Stevens Point, assisted the "Conveyors of Good Cheer" at the piano. Miss Mary Harger, of Wausaau is director of the Musical Arts Club. Miss Colman who was in charge of the program stated that there was a fine attendance.

O. W. NEALE NOMINATED
Mr. O. W. Neale, Director of Education of this college, has been invited to serve on the Committee on Rural Education of the National Education Association for the ensuing year. Dr. Willis A. Sutton, of Atlanta, Georgia, is chairman of the committee.

In a letter from Jessie Jones, president of The National Education Association of the United States, Mr. Neale is warned that "the rural schools are the very backbone of our educational system and steps must be taken to give the rural child the advantages enjoyed by those in urban areas.

Primary Department Plans Annual Party For Small Children
On next Monday evening, December the 18th, the Primary Department will have its annual Christmas Party. The women of the department are featuring an offering for the Red Cross by having each individual contribute a gift which will be turned over to that organization as a contribution for unfortunate children at Christmas time.

In connection with this affair, the Primary children of the Training School are quite enthusiastic in regard to their little project of making stuffed things. Silk dolls, calico cats, and gingham dogs are to be presented as gifts to their mothers at Christmas time. Miss Susan Coleman, head of the Primary Department, is in charge of this project.

Literary Society Publishes Poems By F. Rogers Constance
Central State's "poet laureate", Mr. F. Rogers Constance, of Waupaca, Wis., has been honored by the American Literary Association. In its recent anthology of contemporary American poets and sketch writers may be found four poems written by Mr. Constance. A copy of "The Lotus", which is the name of the book, has been ordered for the local library and will be available for students in the near future.

The names of Mr. Constance's contributions are: "Silence", "The Voice of the Ages", "Painted Sunset", and "Rebirth".

Tapdancing
The tap dancers gave the first program of the year Tuesday evening when six of them danced for the Lady Foresters at St. Stephen's school. There is a large and interested group of 15 to 20 women out for tapping. The class is now working together on one dance but at its completion the group will be divided, each working out a different dance. Variety in the types of dances, such as rhythm buck and soft shoe routines, aids in forming a nicely balanced program.

Skating
Winter is here with a bang, so get your skates. Two points toward W. A. A. credit is given for each hour of skating. These points should be recorded on blanks obtainable in room 150.

Tobogganing and Skiing

I think a better idea than to trade offices with Dean Steiner, would be to circulate a petition (such as the band is doing) to secure appropriations for installing a two-way elevator in the open space of the west stairways running from the first to the third floor.

Eddie Jarvis is angry cuz when he asked for a dance last Saturday night, every girl had 5 ahead. Would some one help him out next time. He might give you a reward.

Fellows, don’t worry about your date for the Senior Ball, the basketball team will be out of town.

That reminds me that we do have quite a bunch of “chislers” in this school. No hard feelings, because really it is legitimate.

Now I wonder if the fellow who wrote the two preceding “cracks” was trying to get personal? What basketball player is “cutting in” on a member of The Pointer staff?

And from Sam’s Sport Shorts (Sam Blithe, Sports Editor, 1932, 33) we take the following:

“Oshkosh got Superior and felt pretty stout. He called ‘Eau Claire’, but she was Milwaukeeing where the ‘River Falls’. ‘Whitewater’, she said and left him Platteville, which was a dirty double La Crosse. Do you get the ‘Point’?”

Bill Ringness isn’t to be out done. How do you like this one? Read it twice.

They were sitting in the Arba. When she dropped her Ring near the Shor-ey rushed to retrieve it, cause it was worth a lot of Jack. Pol-sin it in the river but his Chop slipped on a Weid and the Busch gave way with a Will. “Kunice-ty, man, you Mished it”, she cried as he Riley-ed up the water. There’s no more names except Ignatius and you can Sargent that awhile. Thyrz-a paragraph for the column.
