

## STUDENT FUND HAS CASH BALANCE

### ACTIVITY FUND FIRST SEMESTER NETS \$9,735.89

Expenditures Total \$8,376.44,  
Balance February 1, 1933  
\$1,377.45

A financial report of the Student Activity Fund for the first semester submitted by Mr. Fred J. Schmeckle, chairman of the fund, shows that total receipts from student fees and athletic receipts totaled \$9,753.89. Expenditures amounted to \$8,376.44, leaving a surplus of \$1,377.45 on February 1, 1933.

#### Athletics Lose \$111

The athletic department, with a deficit of \$111, is the only one in the red. The fact that this department must furnish all equipment for physical education classes, footballs, basketballs, tennis court nets and other athletic equipment is partially responsible for the loss. Rainy weather which caused a deficit of \$672.60 on three home football games also prevented a gain.

#### Schmeckle Cuts Costs

Cost of the new athletic field, which amounted to \$1,729.06, is not included on the financial report. Mr. Schmeckle said this semester's student fees and receipts from basketball games should wipe out the \$111 deficit as well as reduce the indebtedness on the new athletic field to approximately \$800. If enrollment figures remain the same the athletic department expects to be entirely out of debt in 1934. It is estimated that Mr. Schmeckle's work and supervision on the new gridiron field saved the department at least \$3,000.

Of the \$21 paid by students each semester \$15 goes directly to the state and \$6 is deposited into the Student Activity Fund. Of the \$6 the Athletic department receives \$2.50; the Pointer \$1; Entertainment \$1 and the balance is proportioned among the music, social, forensic and incidental groups.

Following is a financial report of the student activity fund for the first semester ending February 1, 1933:

| Department    | Receipts          | Expenditures      | Balance           |

### Capacity Crowd Promised For Badger-Pointer Tilt

Plans for the biggest game in the history of Central Wisconsin are going forward rapidly, according to Coach Kotal and Wisconsin Rapids officials. A capacity crowd is expected to fill Lincoln Field House to see the tilt.

#### Out For Blood

Beside the opportunity of seeing one of the ranking basketball teams of the Midwest, coached by the famous "Doc" Meanwell, the fans are also likely to see a battle. Coach Kotal's men will "shoot the works" and if they are on they are likely to make it too interesting to be comfortable for Wisconsin rooters.

Wisconsin has shown that a small college can beat them when they bowed to Carleton earlier in the year. Perhaps the Pointers are not of Carleton's caliber, but

they are as strong as any college within the state.

#### Fighting Chance

The Badgers have fallen in the Big Ten race, having lost to Ohio and Illinois, but still rank as contenders. The Pointers, with games with Stout and Oshkosh immediately preceding the Wisconsin tilt, will have to keep almost constantly primed to stay in the running. However, with Thompson getting the jump, and Bishop and Krumm slapping them in, and Greg and Marsh guarding — it will be a game!

Reserve seats may be procured from the local athletic board for 75c. Gen. Adm. 40c. High School students will be charged 25c.

The college band will accompany the team to the Rapids.

### FOX THEATRE FREE TICKETS

Over 50 students and faculty members have won free Fox Theatre tickets which are awarded weekly in the Pointer issues.

Last week's winners included Berenice Edick of Gillett; Harry Rickman of Amherst Junction; and Peter J. Michelsen of the faculty.

If you can correctly spell your name from any one of the lines below report to the Pointer Editor for a complimentary ticket to the local theatre:

### SUCCESS OF STUDENT ACTIVITY FUND PROVED BY SURPLUS NOW ON HAND

A financial report of the Student Activity Fund published in this issue of the Pointer shows that receipts from students fees and athletic games totaled \$9,753.89 for the first semester. The second semester receipts will be approximately the same. Expenditures totaled \$8,376.44. This leaves a neat little balance of \$1,377.45 for the various departments. The report is a very favorable one and proves the merit of the system the local college has in handling its activity events.

All departments have a surplus except the Athletic. This section has a deficit of \$111. The loss is accounted for in the story appearing on the front page of the Pointer.

Many students are unaware of just how their \$21 paid each semester is expended. \$15 is sent to the state. The remaining \$6 is deposited into the local Student Activity Fund. Of this amount the Athletic department gets \$2.50. In return the students are admitted to all athletic events, are granted use of the tennis courts and nets, boxing material, track stuff and other physical education equipment. \$1 takes care of the Pointer and an additional \$1 is given the entertainment fund. The balance is pro-rated among the music, social, forensic and incidental departments.

Students agree that the \$1 invested in the entertainment fund is paying heavy dividends. By next May the college students will have had 28 entertainment numbers. These feature programs have been given to the students at a cost of 3½ cents each.

When President Hyer put on sale the 200 entertainment tickets offered local citizens for next year's entertainments, the supply was exhausted before many of the townspeople who had tickets last year had a chance to bid for the coming year's reservations. Citizens receive only 10 numbers throughout the year for \$2.50. Students get 28 programs for \$1. Receipts from tickets sold to townspeople increase the student entertainment fund by \$500 which enables an additional 10 or 12 programs each year.

Our band, forensic, social and incidental departments have likewise given the students plenty of amusement when we consider the small allotment given the latter divisions.

An indebtedness of \$1,729.06 still hangs over our new athletic field. Chairman Fred J. Schmeeckle said this debt should be fully erased by 1934 if student enrollment remains the same. Payment of the new field must come out of the athletic fund.

Many of our neighboring colleges are having considerable difficulty in keeping out of the red. Some are even being compelled to eliminate certain student activities.

We believe our system not only gives the student "a real bargain" for his money, but it gives members of our student activity board available money with which to pick up bargains when they occur. It also insures a steady and reliable income with which to balance the budget.

### True Characters Revealed On Trip

The week-end debate trip to Madison revealed a number of interesting things.

Tom Smith has an overwhelming desire to 'appropriate' one of the beautiful gold plated cuspidors found in the state capitol corridors... he wants one for his room... Celestine "Evangeline" Nuesse has a technique for getting rid of a shiny nose... The deba-

ters are better at arguing religion amongst each other than war debts...

Clarence Styza has excellent affiliations with one of the "Big Sex" Madison sororities... that that Donald Mills should rightly be called the Rev. Donald Mills... and he is a good boy and yet a regular fellow... that "Hotpoint" Hotvedt is a miser and shows a profit on his expense allowance... that "Champion Builder" Burroughs is "one of the fellows" on a trip.

## Campaign For Jobs Now Open Says Herrick

A. J. Herrick, principal of the training school, announced during a mass conference of a student teachers held in the college auditorium Wednesday afternoon that the campaign for positions for graduate teachers is well underway.

The securing of jobs for student teachers during times such as these, when competition for positions is especially keen and when jobs are extremely scarce, is no easy matter. Mr. Herrick and his force have been working constantly in an effort to overcome difficulties that the shortage of positions has caused. Complete credentials carrying detailed information concerning each individual student teacher have been prepared by the training school office for mailing to potential employers. Every source where possible vacancies might be found is being investigated.

### COOPERATION NEEDED

Cooperation both on the part of the college faculty and on the part of the student, should be afforded Mr. Herrick and his force in their effort to place graduate teachers. The faculty may help by immediately turning in all information concerning students solicited by the training school for applications. Strange as it may seem, several department heads and a number of instructors have not realized the vital importance of their cooperation in this matter, withholding information that is absolutely necessary in the securing of positions.

### School Ranks High

During the past, the efforts of the training school force in placing C. S. T. C. students have met with excellent success. In this respect the college ranks among the foremost of the teachers colleges of the state.

### College Band Gets Three New Members

The Band organization has five less members this semester, since only three beginners have joined the group to replace the eight who have dropped. The new players are Malcolm Anderson, Drums; Gordon Hackbarth, Cornet; and Verna Michaels, Saxophone.

The eight members who have dropped are Ray Boyer, Paul McDonald, Malcolm Parks, Robert Siegler, Maybelle Peterson, Leonard Jensen, Verniel Damon, and Neva Redemann.

On March 9 members of the directors' course of the college band will present a concert in the auditorium at the regular assembly hour. On March 30 the orchestra will present a concert.

Hooray for our prexy!  
He's decided at last  
To give me a B. E.  
Along with the rest.

From Janitor to graduate,  
Not a window to swab,  
With a degree I'll be great  
For a congressman's job.

I'll solve all our problems.  
I'll be good at "clean sweeps".  
The depression I'll stem

I'll cancel the war debt.  
And all my bills too;  
And I'll have soon, I bet,  
My name in "Who's Who".

To have Volstead in jail  
Is my one real ambition.  
We'll have beer by the pail  
And stop prohibition.

Then as to farm relief —  
That job I'll defer.  
For we need, I believe,  
Relief from the farmer.

Then Roosevelt can fish  
While I run the whole land.  
I will please every wish  
That comes to my hand.

### THE INQUIRING REPORTER

**THE QUESTION:** Do you think that Central State Teachers College should adopt some form of student government?

**WILSON SCHWAHN:** Yes, I think that it'd work a lot better than the organization that they have now. But do they really need it here?

**MARLOWE BOYLE:** I think that it is a good idea. It should have been here a long time ago. It would centralize student responsibility.

**EDWARD BAKER:** I think it would be all right. It ought to work better in college. They have it in the grades and all.

**OLGA WOLFGRAM:** Sure, I think they could if they studied it and worked it out. But I wouldn't want one of the offices.

**LOIS RICHARDS:** I don't think it's necessary. We're old enough to govern ourselves.

**ADELINE BELLMAN:** I think they should.

**MARGARET COCHRANE:** I have never had any experience with student self-government. I don't think we need it here.

**HERMAN ZILLMAN:** Perhaps it's better in the form of tradition than in government.

**DONALD DUGGAN:** I think they ought to adopt it. Cross me out and get some one else.

**MISS COLEMAN:** Yes, I think that it would be good idea. They've worked out a plan down at Whitewater. I think that it's at least well worth a try. It's through the cooperation of the students and the faculty that enough pressure can be brought to bear to do away with trouble.

**JOHN WIED:** Me thinks that the accomplishments of the faculty are eminently satisfactory.

**MR. NEALE:** It is my opinion that much can be gained through student participation in school government if it is wisely directed and taken seriously.

Superior at La Crosse (Friday).  
Whitewater at Oshkosh (Friday).

Stout at River Falls (Friday).  
Superior at Eau Claire (Saturday).

Tonight at eight o'clock Coach Kotal's basketball team will go out after their seventh conference game win when they face Chick Agnew's strong Whitewater team in the new gym.

### Veteran Aggregation

Whitewater is perhaps the strongest team the Pointers have to face during the conference season. They defeated the locals twice last year, and veterans of that team are playing on this year's quintet. Outstanding men on their team are "Spear" Mundt, ex-Marquette center, Shannon, speedy forward, and Janiscek, veteran guard. Around this nucleus Coach Agnew has built a well-balanced team.

Whitewater comes here with a good record. After being defeated by Marquette, they have come back to win over Milwaukee and Platteville.

The Pointers took their measure at Whitewater two weeks ago to the tune of 28 to 19, in what was a close game up to the last few minutes. The "Royal Purple" called it "One of the best basketball games ever played at Whitewater". The same can be expected here.

Coach Kotal has been working his men hard for this game. The squad is in the pink of condition, with twelve men ready to go the full time. The boys face a hard schedule for the next few weeks, for they play Stout and Oshkosh on successive nights, and then double back to Wisconsin Rapids to meet the University team.

## Boxing Tournament Promised As New \$125 Mat Is Ordered

Plans for that long-deferred boxing tournament can at last go on, according to Mr. Fred J. Schmeeckle, chairman of the athletic committee, for a new \$125 mat upon which the prospective pugilists may reeline, voluntarily or involuntarily, is at last being secured.

### Welcome Addition

The mat is to be sixteen feet by sixteen feet, and is padded to the depth of two inches with guaranteed felt, (who said "only" two inches) and is covered by heavy and long wearing canvas. It is almost inde-

structible, and will be a happy addition to our athletic equipment.

Lack of a mat has prevented Promoter "Windy" Thomas from continuing with his manly exhibitions of strength and skill. It seems that the State has been afraid to let the boys practise on the bare concrete floor for fear of chipping the floor.

### Boxers Are Sissies

All will be well now, and shortly we may be entertained by more "nature in the raw". And it isn't mild, ladies and gentlemen, it isn't mild. Ask Orsten Greene. A chintz-lined set of knitting needles will be awarded the winning tin-ears. Oh, yoo-hoo!

## ZORN MEN BOW TO POINTERS IN EASY GAME

Running roughshod over a weak but fighting Eau Claire team Coach Kotal's quintet chalked up their sixth consecutive conference win, 48 to 24, here last Friday.

### All Men Play

Allowing every man in his varsity squad of twelve to see action, "Eddie" started the second stringers, with Eckerson and Hanson at the forward posts, Tardiff jumping center, and Bader and Omholt patrolling the guard territory. The subs were good enough to roll up a 9 to 2 advantage over the visitors before the regulars took of their sweat shirts and got in the game.

Larry Bishop and Guy Krumm were the Big Bertha's in the Kotalmen's cannonade on the basket, with Larry sinking seven and Guy five in the short time they were in the game. Gregory contributed two of his famous sneaker shots.

### Zorn Loses Star

Coach "Mopey" Zorn's team was handicapped by the loss of Griswold, snappy center, who scored 13 points against the Pointers in the first game with Eau Claire. The Zornmen were outclassed, but fought all the time, and showed an uncanny eye in the sinking of free throws.

Peculiarly enough, the defense of the second stringers was superior to that of the regulars, the subs only allowing two baskets to the regulars' four. Zorn utilized almost his entire squad in an effort to hold the locals, without any visible results.

## B's Best Battery In Rough Tilt

Led by their diminutive forward Asher Shorey, the B' Squad came from behind to win from the Battery D quintet 14 to 17. At the end of the first the score was close with the Battery leading 4 to 2. This proved to be a sham battle however, for the B' Squad found their basket shooting eyes in the middle of the third quarter and once they had the lead they never relinquished it. Evidently the Military Ball was too much for the soldiers for they certainly did not put up the style of play which has netted them the leadership of the City League.

### Shorey High Scorer

Shorey, with 3 field goals, was the high scorer of the game. Golla and Schwahn performed creditably for the visitors. Several new faces appeared in the B' Squad lineup. Among these were Charles McDonald, former Point High Star. The game was rough in spots due to hard, fast playing.

## Point Pucksters Bow To Marshfield 6-1

Despite adverse weather and financial conditions the Hockey team is struggling along under the leadership of Don Blood. Last Thursday they met and were defeated by the Marshfield City team, 6 to 1. The weather was extremely cold and before the Pointers had recovered from their chilly ride Marshfield had shoved 6 goals into the net. Herb Leary made the single goal for the Pointers. Shafton did a good job of guarding the net, making 18 stops.

Don hopes to schedule games with the Point Shamrocks and the local high school team if the weather man permits.

## SAM'S SPORT SHORTS

The Pointers have begun to prepare for that Wisconsin game; Coach Kotal has been leading his boys over to Wisconsin Rapids to get accustomed to the large floor.

Coach Zorn seems to have been running into tough luck with his teams. Ineligibility and lack of material to curse the school on the ol' Mississippi.

Every man on the team had a chance to strut his stuff. And did they strut. Everyone except "Jug" Marsh scored at least one point.

La Crosse and the Pointers continue to hold the lead in the Conference race. And never the twain shall meet. Maybe it's a good thing.

An item in the River Falls paper tells us that the strangers liked our institution. Thankee, brother.

Whitewater will be difficult indeed, members of the congregation. They whipped Platteville, a team which had beaten them earlier in the year, to the tune of 35 to 23, and don't propose to lose their winning ways.

Did you know that "Jug" Marsh was called "Snooks" back in his High School Days?

Besides a desire to keep our undefeated record unblemished, the locals have a score to settle with Whitewater about a little football dispute last fall, which wound up with Whitewater winning the title even after being defeated by the Pointers, 3 to 0. The band will play, and a goodly crowd is expected.

all of the 200 entertainment tickets offered to townspeople have been sold for next year's programs. "Several hundred more could be disposed of if we had room to accommodate more citizens", the President said.

### Students Get Bargain

Sale of these additional tickets increases the student entertainment budget by \$500. This enables the contracting of an additional 10 or 12 assembly programs for the students. Although townspeople pay \$250 for their tickets they are only admitted to 10 entertainments throughout the year. Students' activity tickets admit them to all assembly and evening performances which number about 28 features each year.

## DEBATE SQUAD GIVES EXHIBIT TALKS FRIDAY

Teams Leaves For Oconto  
To Appear Before  
High School

The College Debate squad has been engaged to present a series of exhibition debates tomorrow. Prof. N. E. Knutzen, local English Instructor, will accompany the teams to Oconto, Shawano, and Oconto Falls, where they will appear before the schools of the towns to present their arguments.

The experience gained through these exhibitions will prove invaluable to the debaters in the State Conference meet to be held at this college on March 8, 9, and 10. Prof. E. T. Smith, director of the High School Dept., has been instructing the members of the team in the economics associated with the war debt question.

### Make Trip To Madison

Five debaters, Celestine Nuesse, Donald Mills, Clarence Styza, Tom Smith, and Burton Hotvedt represented Stevens Point in a practice debate tournament held at the University of Wisconsin last Friday and Saturday. Three other Teachers Colleges; Platteville, Oshkosh, and Whitewater also participated. The local squad was accompanied by Prof. Leland M. Burroughs, debate coach.

### Win Two Decisions

Each man debated five or more times on both sides of the war debt question during Friday afternoon and evening and Saturday morning. Two of the Stevens Point contests were judged by University critics, both decisions being in favor of this College.

The tournament was arranged primarily to afford practice for the conference debaters. At the conclusion of the engagements, debaters were given an hour lecture by Prof. Kirk of the University of Wisconsin Economics department on the war debt question. Prof. Kirk is a noted and ardent cancellationist.

### St. Thomas Here

Tuesday of this week the St. Thomas debaters of Minneapolis were the guests of the Stevens Point squad in a series of meets. The five local debaters will participate in the Northwest Inter-collegiate tournament to be held at St. Thomas February 28. Four other Wisconsin colleges will send teams to St. Thomas for this event which is expected to include about 20 colleges. A total of 52 invitations have been sent to schools in the north-west. Each team will be assured a total of sixteen debates.

## NOTE:

The Pointer will give two Fox Theatre tickets to the student submitting the best title for this column. A short title, ranging from one to four words is desired. Facts, jokes and collegiate events will be heaped up and published in the column weekly.

"Eddie" has his eagles shooting 25 free throws daily. At the end of the week the player making the most shots is awarded two Fox theatre tickets. Free throws missed during a regular game take off two points.

Guy Krumm won the first week's tickets and had a free date with "Joy". Bader and Omholt tied the next week, so Miss Rose-nov and Omholt's "divine" both had to stay at home while our peds enjoyed a show together. Gregory won the third week, lucky "Gina". Krumm reaped another free date last week and Omholt won this week's two tickets.

### Dulcinea, With Reason

Oh rarest and fairest of women,  
Oh sweetest of feminine kind;  
Oh ode-inspiring lady of rapture  
Thy copy no mortal can find.

Oh target of dearest devotion —  
Recipient of fair epithets;  
Thou smokest without smearing  
lipstick

All over, thy (and my) cigarettes!  
From "Peg's" Album

### Dance Tonight

LET'S GO

In the old days the slaughter-houses used to boast that every part of a pig was utilized except his squeal. Our local jazz bands are using even that.

Our coeds have modernized their way of saying goodnight to the college boys by sweetly chirping B-B-D-C-Y-S-K and slamming the door. Ralph Okray had the trick pulled on him the other night. He gave a dorm girl two-bits for the meaning to the code. Here it is, "Bye-Bye Darling, Consider Your-Self Kissed".

Professor E. T. Smith said we're all born into this world as savages. Some of us leave it much wilder.

We got lots of titles for this column but we want more. Hurry with a suggestion before we discontinue it.
