

PLAN FOR HOMECOMING NOW

MAKE PLANS FOR BANNER HOMECOMING

**Large Attendance Expected
For School's Fortieth
Anniversary**

Plans for this year's homecoming are well under way. The affair is to be staged on Saturday, October 21. Whitewater, last year's co-champions, will be our guests for the day. A big celebration is planned for the entertainment of the many returning alumni on this, our fortieth anniversary.

Greater Parade

A huge parade with an entirely new effect is being planned. Organizations are requested to make floats to represent the past four decades of the history of the school. The four decades being from 1894 to 1904, '04 to '14, '14 to '24, '24 to '34.

Participants in the parade are asked to dress in costumes in accordance with the decade which their floats are to represent. The WAA, with Miss Seen in the lead, will show a series of floats representing the costumes of each decade.

Bicyclists Welcome

Men are urged to get old high-wheeled bicycles, old model cars or possibly an ox team, and dress appropriately.

It will not be necessary to spend much money on floats.

Prizes will go to floats which best represent the decades. For first prize, the winning organization has its name engraved on the trophy which is kept in the trophy case on the second floor. Additional reward is a box of candy, which is distributed among the members of the organization. Second prize is a banner to that effect in school colors plus a box of candy. If any organization wins this prize two years in succession, it becomes the property of the organization. Third prize consists of a large box of candy. The prizes will be awarded at the homecoming dance.

Directors of the event are Dean H. R. Steiner, Miss N. J. Church, Miss Eva Seen, Miss E. Carlsten, and Mr. C. C. Evans, chairman of the committee. Miss Church has offered to help each organization as much as possible in regard to costumes.

Allez Outlines Suggestions For Lost Text Book Recovery

The text library is anxious to serve the students of this school with a maximum efficiency and a minimum of book loss. Said loss entails great expense to both students and library each year, since many of the texts lost are expensive volumes and must be replaced.

Following are a set of suggestions prepared by Mr. G. C. Allez, Librarian, for student observance. Mr. Allez realizes that few, if any, in this school are financially solvent enough to withstand the strain of needless expenditures for misplaced texts, and is willing to help locate the missing volumes, if possible.

Keep Eye On Texts

Watch closely your own texts. Do not lay them around or allow them to become exchanged with those of another person. You will

be held responsible for the exact book charged to you.

If you have not already placed your signature on the place provided for that purpose on the inside cover of the book, do so at once. If the book is subsequently lost, it may be returned to the text library and charged off your name.

Return Them Promptly

If you find a text, return it to the library immediately. You will be doing two favors at once, since the owner probably needs the book for study and likely has not the financial reserve to purchase another at the time.

If you have dropped a class and have not returned the book for that class, do so at once. The book may be badly needed by some other person.

Keep your library slip.

Band Being Groomed For Fall Games

Peter J. Michelsen, head of the Music Department, announced today that fifty-six members are enrolled in the band at the present time. More members are expected to join soon. The school will have its first opportunity to hear the new band at the St. Norbert's Game here on Oct. 7th.

Large Directors' Class

The directors class in connection with the band boasts a considerably greater membership than last year. New music has been handed out and the student directors will begin work immediately.

Orchestra At Work

Judging from the enthusiasm displayed at the recent sessions of the orchestra, Mr. Michelson promises soon to be prepared for future concerts.

The Girls Glee Club also has been progressing rapidly. The organization meets for practice twice a week at four o'clock on Tuesdays and Thursdays.

Women interested in Glee Club work have been asked to see Mr. Michelson immediately.

**ALUMNI GAME
—CANCELED—**

Enrollment Shows A Slight Decrease Over '32 Figures

The latest figures concerning the number enrolled at this college were 708 this morning. According to President Hyer, it will probably increase to 710 compared to 715 of the first semester of last year. The latter figures also included part time students attending school during the day.

Total Much Smaller

The total enrollment for the first semester of last year was 770 students. This included 55 students enrolled in evening classes. Most of those attending evening classes were teachers from nearby towns. About thirty of this number enrolled were from Wausau.

Regular Students Same

The total enrollment registered for both semesters last year was 847. President Hyer stated that this figure will probably not be reached in '33 and '34, since no appropriations have been made for extra classes. Because of the good will on the part of the instructors, it was possible to continue these evening classes last year.

Judging from the inquiries received by President Hyer, there is a greater demand for special classes after the regular session than in previous years.

**First Home Game Oct. 7th With
ST. NORBERTS**

UTICA TROUPE IN MUSICALE AT 8 TONITE

**Singers Will Present Program
Of Familiar Negro
Spirituals**

The first evening program of the season will feature tonight, Thursday, September 28, the world famous Utica Jubilee Singers, of the Utica Normal and Industrial Institute, of Utica, Mississippi.

Sing Negro Spirituals

On their most recent European tour, which they have just completed, they visited a total of twenty one countries, receiving enthusiastic greetings in each. Expecting to be gone only one year, they were gone instead eighteen months. Into 10 countries they turned back for a second tour, and again for a third tour into 4 others.

It has been their privilege to sing before royalty and to dine with the nobility.

Like 'Swanee River'

The daughter of Stephen Foster, the creator of those immortal songs "My Old Kentucky Home", "Swanee River", and a host of others, has congratulated the Utica Singers and remarked "You sing my father's songs more beautifully and more feelingly than I have ever heard them sung". It is interesting to note in this connection that in all the repertoire of the Singers, the song the Europeans loved best was "Swanee River".

Dunegan, Local Bank Head, Discusses NRA At Bloc Meeting Wed.

Last night, Sept. 27, a meeting of 'Bloc' was held at the home of Prof. N. E. Knutzen.

Mr. J. W. Dunegan, president of the First National Bank of Stevens Point, and guest speaker for the evening, addressed the group on the N. R. A.

The members of the organization, an honorary discussion society, are John Wied, president, Celestine Nuesse, Geo. Maurer, N. E. Knutzen, and Robert Emery.

Ed. Leuthold and Arba Shorey were guests of the organization.

Published Weekly at Stevens Point by the students of the Central Wisconsin State Teachers College. Subscription Price \$2.00 per year.

Entered as second-class matter May 26, 1927, at the post office at Stevens Point, Wisconsin, under the Act of March 3, 1879.

SPEAKING OF FLOATS

Organizations are asked to appoint float committees immediately and get started on their floats for the homecoming parade. In past years a few organizations have waited until the last minute to enter their float or stunt in the parade. Such a procedure will be impossible this year, according to Mr. Evans, chairman of the homecoming committee. All floats and stunts must be entered several days before the homecoming date. Floats decided upon are to be reported to the committee, so as to avoid any duplications.

Those organizations which plan to have floats are advised to 'scan' about for old empty sheds or garages in which they can build their floats.

There have been several requests for organizations to put on stunts at the homecoming game, possibly before the game and between halves. We heartily agree with them — those periods always were terribly tiresome — no doubt, they could easily enough be made entertaining.

More Enthusiasm Necessary

Last year we did not have a bonfire. Because of excessive dry weather, it was rather dangerous to build one. This year, we understand, we are to have a bonfire and a snake dance down town. But why have it on Friday evening? What's the object? We really don't have anything to celebrate until after we've won the game. Why get all the students out to run around and yell, only to make them too tired and hoarse to be of any value in cheering the team along the next day. Naturally 'the gang' would show much more enthusiasm in a snake dance up town after winning a game. Last year, especially after having trimmed the University of Wisconsin, considerable comment was passed about among the business men and other citizens of the city in regard to the lack of enthusiasm and school spirit among the student body. After we trim Whitewater; then is the time for a snake dance up town — invade the places of business — let them know we're alive and all here too. Several alumni will also be present, which should give us all the more reason to show our PEP.

MORE VANDALISM

At present we are wondering who the thief is that spied the portable typewriter which formerly occupied a position in the Pointer Office, and sometime later gained entrance and just walked off with it. We have a fair idea of whom it may have been, and consider it a good bit of advice for this person to just drop it off again the next time there is an opportunity.

It seems several other articles belonging to different individuals around school are disappearing rather rapidly. Perhaps we had better organize a detective bureau in school to protect this personal property, seeing as how it doesn't do much good to keep it locked in your lockers or otherwise.

WE'RE LOOKING FOR CHEERLEADERS

Another opportunity for some of our talented students. We are badly in need of a good peppy cheerleader or two. If you have the ability, start getting in shape, because it won't be long before the first Pep Meeting and the first home football game. It'll be worth every bit of the time you spend on it. There is a gold sweater with it's purple stripe plus the letter in the deal.

It has been brought to our attention, that there are a few students who are editorially minded and desire voicing their opinions other than through the Student Broadcast Column. The use of the Editorial Columns will be granted these students for that purpose.

STUDENT

BROADCAST

Dear Editor:

I don't know much about the opinion of the school in general. I'm not acquainted with the faculty or student body well enough to now their musical talent and training. I don't know whether they appreciate the higher type of musical programs habitually presented in our assembly programs.

I do know this. I personally like and enjoy these entertainments very much. It is a pleasure to go to them and really feel that one is being treated to a first class type of recreation. I know too that Mr. Hyer is a broad minded man, and that if he thinks the students and faculty really do not enjoy the programs that he arranges he will be the first to try to substitute some other type, if, and when, he can be shown that it is material worthy of a college students time.

The Spud may be right in his rather bold accusations. If he is, let we of the minority bow to the will of the majority. There are certainly no good reasons why, as he says, "we ought not to have our personal wants satisfied on that score". If our personal wants desire a change, then that change should be effected. Mr. Hyer will try to conform to the will of the school in that respect as he has in others.

But, before anything is done, let's be sure that we don't like what we now have and have had in the past. Perhaps I'm wrong, as usual, but I don't think that the general run of the student body really wants a change.

Why don't you follow the Spud's suggestion and make an attempt to find the opinion of the ones who are paying the bill.

"ORPHEUS"

Dear Editor:

I'd like to command the freedom of the press to do a little beefing.

Money is hard to get in these times and it seems to me that the six dollars we pay for student activity tickets is too much.

Every dance is for cash. There are only three home football games, two of which are conference games. The basketball games don't come till next semester. The assembly programs don't appeal to me in that they are mostly musical.

I don't mean to crab, but there's no use using hard-earned money to make up athletic deficits.

PIKE

Dear Editor:

Some "wise bird" monopolized the student voice in the last issue of the Pointer. While this letter is not an answer to Spud's may I take time out here to say that this writer is not in agreement with that "potato".

Last Saturday night the hand book committee sponsored a dance. Supposed to start at 8:30 o'clock, it actually got under way about nine or 9:15. If those present had enjoyed dancing until 11:30 they would have had an opportunity to "step" for about two hours and fifteen minutes. But no, such was not the case. Our orchestra would play for ten minutes and then quit for five. On top of this, they find

ALUMNI NEWS

by

FRANK N. SPINDLER

The attention of the alumni to whose notice this paper comes, is called especially to the fact that this is our fortieth year and we want to make it a notable year with regard to our alumni relations. We hope that every graduate who reads this column will spread the news. There are three dates especially when we would like to see our graduates. The first date is Homecoming on Saturday, October 21, on which day there will be a game here with Whitewater, and historical pageant, homecoming dance, etc. We hope there will be hundreds of our graduates back on that day.

On Thursday, November 2, we hope to see a large number of our graduates at the Alumni Banquet at Milwaukee, and at commencement time we hope to welcome our graduates by the thousands. Details of the commencement fortieth anniversary will be announced from time to time.

We will publish in this column statistical information with regard to our graduates. This week we publish names of several of our last year's graduates who have already found a place for themselves in the teaching field. We will publish more when we hear from them.

Bachmann, Muriel A., 2 yr. Gram. Tchr. 7 and 8 grades, Kennan, Wisconsin.

Bishop, LeRoy C., 2 yr. St. Graded Prin. Tchg. and coaching in Coloma High School, Coloma. Married Arlette Biebel, 1932.

10 O'CLOCK

KOTALMEN THRASH NORTHFIELD

LOCALS SHOW SWELL BRAND OF FOOTBALL

Score Brings Forth Ohs And Ahs From The Boys Back Home

Coach Kotal proved that he has a strong football aggregation by defeating the Northland team 53 to 0. The Ashland boys are coached by Milton "Moose" Gardner, who was a teammate of our coach when they played professional ball for the Green Bay Packers. Coach Gardner had a smooth-working eleven, but little reserve strength.

23 Make Trip

All 23 men who made the trip played in the game Saturday with the scoring honors divided. Graney and Murray each made two touchdowns, while Becker, Nugent, Unferth, and Abel each got one. Becker's punting gave the team a distinct advantage and his passing and open field running were pretty to watch.

Use New Bus

During the first half, Northfield was playing offensive and trying many passes. The superb defensive play of the Pointers gave them the advantage by virtue of intercepted passes and a stone-wall line. With the score 13 to 0 in favor of C. S. T. C. the second half began, and both coaches start slated their second squads. Here the reserve strength of Kotal's team was evidenced.

Pointers Hold Edge

Ripping through the line almost at will and flashing a strong passing attack, the Pointers rolled the score up further in the closing minutes of the game. The strong play of both Kotal's squads shows that the boy are still fighting for positions and gives the team a strong reserve-power rating.

Central State made 21 first downs and Northland 5.

The team made the trip in the new bus and were treated royally in Ashland.

Roy, Gregory And Pophal Laid Up With Football Injuries

This game of football is no pansy game; injuries are bound to occur on every squad.

The ugly spectre of bad luck reared its head again when Leonard Roy and Nolan Gregory were laid up with leg injuries. Roy, veteran letterman, got his knee banged up in the practice game a week ago and ended his football days. Roy has discarded his crutches, but it's curtain for him as far as athletics are concerned. He

was a good man and deserved better luck than he got.

Nolan Gregory, letterman in football and basketball, sprained his ankle, but is expected to recover and play again as quarterback before long.

Another man on the crippled list is Pophal of Merrill, all-valley conference man in high school last year, who was playing good ball before he was laid up.

FORTIETH ANNIVERSARY HOME COMING OCTOBER 21

Oshkosh-DePere Tie, Milwaukee, LaCrosse Loose Saturday Games

Oshkosh and St. Norbert's played a scoreless game last Saturday, although both teams had numerous opportunities to score. Our showing against St. Norbert's next week ought to tell Coach Kotal something about our chances against Oshkosh.

Milwaukee Gets Beat

Milwaukee Teachers took a bad beating at Naperville, Ill., when North Central college swamped them 41 to 2. Bud Van Roo, who played with our gridders two years ago, played center for Milwaukee. We'll be seeing him October 14.

So Does La Crosse

La Crosse Teachers lost their first game in two years to Upper Iowa university at La Crosse, Saturday, 13 to 0. La Crosse looked ragged on offense, and had little aerial defense. Ain't that something?

Bretenstein for Menzel, Schwartz for Menzel, Beppler for Graney, Unferth for Becker, Lampe for Copes, Sparhawk for Scribner, Slotwinski for Klement, Fritsch for McDonald, Abel for Schwahn.

Athlete, Non-Athlete Scholarship On Par

(Reprinted from Milwaukee Teachers College Paper.)

The recent survey of grades of athletes and non-athletes in this college shows that there is no appreciable difference between the marks of students participating in inter-collegiate athletics and those not taking part in competitive sports. While the investigation was conducted in this college alone, it is still significant. The record, too, is one of which the athletic department may justly be proud, and it helps to put to rout two antiquated ideas long held by opponents of athletics. People have been prone to make much of the athlete who must "cram" and be tutored into passing an exam the fourth time he takes it, in order that he may be eligible to go out and die for old "Whatanania." On the other hand, there are the athletic fans who flaunt every combination of "brain plus brawn" as an eighth wonder of the world.

This survey ought to arouse a more sane and sensible attitude toward college athletics. Neither should the "sound mind in a sound body" idea be distorted

ALUMNI GAME IS CALLED OFF. B'S GOING TO JORDAN

Michigan Team Furnished Plenty Of Opposition Last Year

The alumni game scheduled for Friday has been canceled because the grads can't get enough men. The next game will be St. Norbert's here October 7.

Tomorrow Coach Kotal expects to send his second squad to Menominee, Michigan, to play the tough Jordan College team. This is only the second year for Jordan, but they put out a good team last year. With only 150 students in their school, 50 went out for football and made up a team which held the Notre Dame B-squad to one touchdown, losing 6 to 0. It seems, also that they beat our B-Squad about 60 to 0.

The lads came back from that game groaning about playing against professionals.

The boys have been working against the varsity and should put up a good game. They plan to stop overnight in Green Bay.

and over-played for the sake of encouraging interest in inter-collegiate athletics, for there are many other ways of achieving this ideal, nor should the detriment caused by taking time from curricular work be over-stressed.

The same attitude should apply to athletic competition as holds for any other extra-curricular activity. If the student can carry both curricular and extra-curricular work satisfactorily, let nothing further be said. If too much extra work endangers his academic standing, let the same rules and restrictions apply to him as apply to any other type of activity.

To Use Microphone At All College Games

The public address system installed at Goerke park last Saturday afternoon for the Eau Claire-Point High school game proved popular with fans and will be used for all home games of the High school and Teachers' college during the remainder of the season. Through the speaking system the fans are able to follow the play and are informed as to who is carrying the ball, making a pass, receiving a pass, making a tackle, etc. Because of small numbers placed on the prep gridders' jerseys it is impossible for spectators to identify players by their numbers.

"THESE COLLEGE MEN"

by BILL COLLINS

Freshman

College at last — and it surely is keen,
Only some of these fellows think me green.

I'll show them all up ere the year is past

For I'll make my mark and make it fast.

We'll both be famous — me and the dean.

Sophomore

Well they can't call me green this year —

And 'twont be long 'til my name they cheer

Cuz I'll work as hard as hard can be
And get some place — you just watch and see.

We'll both be famous — me and good beer.

Junior

Two years left in which to make my name

One to which people attach glory and fame.

Two years will be more than enough
To prove that I'm not just a bluff.

We'll both be famous — me and Notre Dame.

Senior

Time is flying — guess I've got to hurry.

And do something big — oh well, I should worry,

It mightn't be worth the trouble after all;

Nuts to fame — I'll just be handsome and tall.

Fame requires too much hurry and scurry.

SOCIETY NEWS

The Omega Mu Chi sorority held their tea Saturday, Sept. 25, in the Home Economics parlors from 2:30 to 5 o'clock. About 100 college women, faculty women, and wives of faculty men were present.

The rooms were decorated with a variety of flowers and nice looking ladies.

Miss Alice Sorenson and Miss Florence Brown poured.

The officers of the sorority are: president, Alice Sorenson, vice-president, Margaret Levi, secretary, Irene Miller, and treasurer, Ella Mortenson.

Tau Gamma Entertain

The Tau Gamma Beta Sorority tea was held in the Presbyterian Church Parlors. The decorations were in the dominant fall colors of red, brown and yellow.

About 100 women were present. Miss Jones and Mrs. Edward Kotal poured.

The officers of the sorority are: president, Eunice Riley; vice president, Viola Hotvedt; secretary, Florence Knope; treasurer, Lois Richards.

Phi Sig Smoker

Phi Sigma Epsilon fraternity was host to twenty college men at their fraternity house, 1011 Main St. last Tuesday night, September 26th. A total of thirty seven were present including the active members and the alumni of the chapter.

Refreshments were served, and bridge and five-hundred were played at several tables.

Greek Council

There was a meeting of the Greek Council Tuesday, Sept. 19th. Celestine Neusse of the Phi Sigma Epsilon fraternity was chosen chairman, and Jean Boyington of the Tau Gamma Beta sorority was elected secretary of the council.

The council selected the following dates relative to the fall rushing and pledging of the prospective new members of the represented organizations.

Rushing period September 26th to October 10th.

Invitations from Oct. 10th to Oct. 17th.

Pledging from Oct. 17 through November 14th.

RURAL MEETING

The second regular meeting of the Rural Life Club will be held next Monday evening Oct. 22nd at 7:30. The program committee promises a good program and asks all members of the Rural Department to be present.

— W. A. A. —

Week-end At Camp

The great outdoors and Lake Emily beckoned to several girls last Friday, and off they went for the week-end with bandanas, blanket rolls, books, and bathing suits in tow. Those who bore the burdens were: Kate Wiggins, Kate Slowey, Reinetta Reisinger, Irene Miller, Helen Bunker, Vivian Meyer, Ruth Wagner, Thyrsa Iverson, Jean Lynn and Miss Seen.

'Affair' Is Invented!

The boating was delightfully vigorous, most of the vigor seemingly spent in repairing oarlocks or manufacturing affairs to take their places. We advise anyone desiring to go in a set direction and arrive at a definite point not to go rowing with Helen Bunker or Jean Lynn. Westerly courses, according to them, are first due north west and then directly west, south west. Their tactics are much similar to those we are accustomed to use in a sailboat — but are hardly suitable for decent navigation.

Brrr, It's Cold

Jean and Thyrsa with great spirit swam in the lake twice and scrubbed and scrubbed. This reminds us of A. A. Milne's sentence concerning the bath, "The cold was so cold". Anyhow they can boast about one of any camp's problems — "personal cleanliness".

All of the cooking was done out of doors. Some meals were made in holes in the ground, namely, bean hole beans on Sturday night (we didn't have the rest for Sunday morning breakfast). The bacon and eggs fried on hot stones were scrumptious.

'A Bowl Of Bully Slum'

The big surprises were angels on horseback (bacon and cheese incognito mounted on a forked stick) and slum gullion. The latter tasted much better than it sounds; — less plebian. The fudge made in the rain was delicious.

Mattresses were pitched on the ground. The only disturbances were falling, possibly thrown, acorns, a prowling dog and the arrival of morning so soon.

Neither a sudden slip of a foot into a pool, wading for a guiding note, nor a rainstorm Sunday afternoon could stamp this week-end as "all wet".

Riding

Seven women have signed for horseback riding. Negotiations are being made for a ring and we heard of possibilities of our first horse show to be held next spring. Here is the opportunity to become an equestrienne.

"THE BIG BROADCAST"

Hockey

Fair weather and Schmeekle field attracted many girls last week. At least thirty five reported for the fall hockey season. Passing, dribbling, and the line up have been explained and practised. We need at least two more teams — twenty two.

Dance

Bring the freshman you are rushing to the dance tomorrow night sponsored by the women's athletic association. The Collegins' eleven piece orchestra is playing.

W.A.A.'s To Hold Dance In New Gym On Friday Nite

The W. A. A. is sponsoring a dance to be held in the new gym next Friday night, September 29th.

The College orchestra, led by Aaron Mannis, will furnish music from 8:30 to 11:30.

An admission of 25 cents for college students and 35 cents for outsiders will be charged.

FOX THEATRE FREE TICKETS

Last week's free Fox theatre ticket winners were Ray Nugent, Ronald Murray and Jean Lynn.

Each week the Pointer is awarding free tickets, good at the local theatre anytime, to coeds and men of the college.

Page through today's advertisements in the Pointer and see if you are one of this week's winners. Report to George aMurer, business manager of the Pointer, for your complimentary tickets.

Install New Book System To Pay Bills

Hereafter anyone having reason to collect any money from the Student Activity Fund to pay the bill for which he is responsible, will find it no longer necessary to make a half dozen trips to Mr. Schmeeckle's office before he can find someone there to take care of him. A definite hour has been set for this purpose. The hour being from 1:15 to 2:10 o'clock each day. There will be someone there during this hour each day to issue your check to you.

The Student Activity Fund referred to is that fund which is made up of the six dollars each student pays for his activity ticket each semester. This collection is divided into seven separate funds, which are for athletics, music, entertainment or assemblies, forensics, social, Pointer and miscellaneous.

A double entry set of books are to be kept in Mr. Schmeeckle's office. Any one wishing to go over the books has the privilege of doing so anytime during this same hour.

NEW BOOKS

Emerson. Alcohol and man.

An authoritative and reliable treatise of the physiological effects of alcohol on the body of man.

Raymond. What is technocracy?

A simple and understandable guide to the nature and significance of this new cult which apparently had such a short stay with us.

Packard. Nations at work.

An industrial and commercial geography written from an international point of view.

Williams. The people and politics of South America.

A timely treatise on the nature of our Southern neighbors.

Siegfried. Impressions of South America.

A keen observer of the people of many countries gives his impressions of the South American people and their countries in this human portrayal.

Sickles. The gloomy Egoist.

An anthology of melancholy from Gray to Keats.

Christy. The Orient in American transcendentalism.

A study of the beginnings of American interest in Oriental thought and its influence on Emerson, Thoreau and Alcott.

Sontag. European diplomacy 1871-1932.

A brief sketch of the diplomatic background of existing conditions between European powers.

Lucas. The restoration of the July monarchy.

Another of a series of beautifully written accounts of a period in the history of France.

Sayre. Your government.

A brief but comprehensive source of information about our government, its organization and function.

A. L. SHAFTON & CO.
