FOUR ENTERTAINMENTS COMING

MISS FLINTOM
IN ASSEMBLY
AT TEN TODAY

Walton Pyre, Pollard Players,
And Fred M. Snyder To
Appear Here

At ten o'clock this morning in the assembly hall, Miss Nedra Flintom, world traveler and lecturer, will present to the student body some of her experiences while journeying in foreign lands.

Miss Flintom will give her widely acclaimed lecture, ‘War Lords, Bandits, and Boycotts,’ concerning her experiences in China, Japan, and Manchuria. At the conclusion of this theme, she will answer the question, ‘Where is Russia Going?’ In discussing this question, she will explain as far as possible the inner workings of the Soviet government.

Interpretor Of Note

Walton Pyre, nationally known interpreter, and director of the school of dramatic arts bearing his name, will be presented to the students and townspeople on January 24, at eight P.M. This program is one of the features of the City Year Course.

Pyre will present his own interpretation of ‘Francesca da Rimini,’ a play of the 13th century by George Henry Baker. The composition is a complex drama with eight characters, all of whom will be portrayed by Mr. Pyre. Excellent press comments have come to our attention concerning the interpretation and we can assure a good performance.

(Continued on Page 6, col. 3)

Dance In New Gym
After Game Friday

A dance will be held in the new gym tomorrow evening following the game with Platteville. The hop is being sponsored by the Irae and they’re telling us that we can’t call them ‘cheap-skates’, for they have engaged the college orchestra of ten pieces to furnish the rhythm. and the card index of the two teams in large black lettering at each edge of the line of play are going to be published.

Extra Features

Between the vertical columns and the card index of the two teams are the slots giving score, time left to play and a signal indicating the half of the game. This display is controlled electrically by lights operated from the timer’s stand with a hand rheostat.

This project has been undertaken and solely designed and built by members of Chi Delta Rho Fraternity as a contribution to the school. Donald Bond in charge of the project deserves much credit for the success of this achievement.

REACH QUOTA

This will be the last issue of The Pointer this season due to the fact that our quota for this term is fifteen issues. The next Pointer will be ready for distribution on Thurs. Feb. 8, 1934.
EXCHANGES

The Purple Royal
Whitewater Teachers College

Down at Whitewater they are looking forward to many good things this year. The faculty, led by President Perry, W. Brooks — class of 1914, is a teacher there in the Junior High School. Pearl is a former student girl and well known to faculty members here.

From our friends in the Philippines where we find Maude E. Rice — class of 1914, the Superintendent of English for Private Schools for the whole of the island and also President of the liceo girls, comes a letter from E. Brink, who is connected with the Philippine Refining Company. Maude was a former Stevens Point girl.

From Cebu we push on to Tabinay, China and see Edna Warner — class of 1914. Edna is in business in Billings, Montana. We have heard from Mr. D. O. Bransor, a wealthy American rice grower, and is now living at 34 Rue L'Nordio — Tientsin, China. Edna is a cousin of Mrs. Herbert Stones.

Petula Dunne — class of 1900 — is Head of the School of the Methodist Boys School at Knebel, Wisconsin, and is also a member of the United States, but just at present she is on leave and is teaching in the Anglo — Greek school in Washington, D. C.

Our next stop will be at Fort Dea
phil, Madagascar, where we will visit Clara A. Dykland, class of 1911, who is Principal of the American School there. She was always a fine student and a most capable young woman.

Let us push on now to Berlin, Ger
nates, class of 1904. Some of us remember Frances as a brilliant student, of the fair-haired, brown-eyed Scotch type. She went to Germany in 1916 as a nurse and was in the Army. In 1917 she married Herr J. H. Mutter, who is Principal of the University of Breslau.

We then go north to Caracas, Venezuela, and see Miss Stier, class of 1912, and Vera Phillips, class of 1908, who is Principal there of the American School. Verna is well known here.

One of the old gymnasia is to
be turned into the lounge. The
school officials are in the process of making a complete remodeling of the building and are planning to advance a sum not to exceed $100.00 which is to be used in re-decorating and for other in enters. More information is connected with the preparations.

AN INVITATION TO ALL

We begin this week a series of invitations from the Stevens Point Office Publicity Department containing an earnest reminder of the importance of regular church attendance.

We are pleased to cooperate with the churches in thus giving emphasis to this essential habit of present day culture. Our city is supplied with an efficient and representative variety of religious organizations. The committee is urging attendance upon the broad principle that every well balanced personality needs the discipline of regular religious thinking in the company of mature minds.

MISS M. ROACH

May M. Roach was born in Eau Claire County, Wisconsin, on a farm which joins the city of Eau Claire and is bounded on the east by the Chippewa River. The farm is a portion of a tract of land which Miss Roach's grandfather, who came to the Irish Settlement about 1856 and was one of the great emigrations, bought from the government, the original deed to which is signed by President Buchanan and is now held by her father.

Miss Roach received her primary education at the city of Eau Claire, completing her high school course during the principalship of M. F. Wurley, a former educator in Eau Claire and one of the outstanding educational leaders in Wisconsin.

During her junior year, she took the county examination for a teaching license, the securing of which was the only legal requirement to enter the teaching profession at that time. Probably as much by accident as through ability, she won the license. The City Superintendent who held the examination was Miss Laura Burec who later became a member of the faculty at S. P. X.

Miss Roach was graduated from the Eau Claire High School on January 23rd and was given a teaching position in a rural school in Eau Claire County. She taught in this school afterwards, because a teacher had secured a promotion and she held her position until she began her teaching career on Thursday at eleven o'clock. The enrollment of the school was fifty-five, the term of the day was a long one, because the teacher's salary was thirty-five dollars, board, room and laundry was eight dollars a month, and Miss Roach says she saved money.

After remaining in that school the following year, Miss Roach made plans to enter the University at Superior, but changed them to come to S. P. N. after helping a teacher's institute conducted by John F. Sims, who was president here. After completing one semester, she accepted a position in a rural school in Round County and later to complete the Classical Course at S. P. N.

The following September she became a member of the high school faculty at Alma, Wisconsin, continuing there for five years, and was then appointed principal of the city's principal school at Cable, Wisconsin. Miss Roach has been the principal of the school in that school since its organization in 1913, and was appointed that time. During that time a union free high school was established and the first class graduated.

In 1914 Miss Roach returned to S. P. N. to fill the position of teacher in the rural demonstration school which was the Towns Years, schools, in the Town of Stockton but was changed to the Nutg School in the Town of Hull the following year.

One of the strongest reasons for the invitation to return to her Alma Mater is a letter which was published by a member of the Department of Education concerning the community spirit which at that time was considered unique, and which would now be very commonplace. The Miss Roach class attended a class which studied one summer at the University of Columbia and has completed her undergraduate work at the University of Minnesota. She has also been a member of the School Administration and Supervision and received her Bachelor of Science in 1928. She is continuing her studies and hopes to receive her Masters Degree after another quarter's preparation.

Miss Roach is a member of the Stevens Point Catholic Women's Club and served as president of that organization. She is a member of the National Professional Women's Club and served as its first president, acting in that capacity for two years.

MISS M. ROACH
SPLIT IN CONFERENCE OPENERS

QUAKERS HAND POINTERS FIRST DEFEAT OF YEAR

Winning Streak Of Over a Year Stopped By Whitewater, 15-12

Probably the biggest upset of the conference Saturday was the defeat of the Pointers, 29-20, at the hands of Whitewater. The Pointers seemed tired and unable to click together, being called frequently for fouling. Unforten went out of the game and Gregory and Tardiff were charged with three fouls.

Krueger High Scorer

Taking a safe lead of 15 and 7 the first half, the Quakers outplayed the Pointers with Red Krueger leading the charge. He scored up 12 points on 3 baskets and 6 free throws. Marsh led the scoring for the Kotalmen with 3 baskets.

Tough Luck

The first conference defeat of a C. S. T. C. athletic team in over a year was a bitter enough pill. What made matters worse was the fact that Abel suffered a badly sprained ankle and Gregory ended up with a nice charley-horse. That climaxed the bad luck which began when Co-captain Guy Krumm injured his knee. If Coach Eddie Kotal can bring his squad through the season with a fair share of victories, and we know he will, the school will have nothing to complain about and our coach can truly be called a builder of alert, fighting teams.

BILL'S BULL

When the Green Bay Packers professional cagers came to town last Saturday to play the B.A.A. they went home with a very surprised bunch because the Grasameeke Ty. Dols were on the long end of a 33-26 score. This team is composed of Stevens Point boys who, by the way are all C. S. T. C. boys or were at one time except. Ramer, Reggs Hanson, Frank Gordon, and Guy Krumm are now attending school under the Purple and Gold. Art Thompson, Ralph Bader, Larry Bishop, and Earl Eckerston played on the C. S. T. C. state champs last year.

Some of the students wonder why Hanson and Gordon aren't playing for the Pointers. Reggs played his three years of college ball for Oshkosh Teachers and Gordon had his competition at Denison University.

Thompson, Bishop, and Hanson starred in the Parker game. Beegs and Art played selfish hole games and Bishop dropped in the baskets. Larry was high-scorer with five baskets and five free throws. For the Greenies 22 points was the husky. Michigan State boy, Grove, was outstanding. When any man gets three baskets off Tommy in one half, he's good.

Coach Edward L. Kotal of Central State refereed the game with Sergeant Ignatius Loyola Petru-mich, Misp as scorekeeper.

In an effort to find a scoring combination, Eddie shifted the line center and Gregory to forward in the Whitewater game. Marsh played at guard where he seemed best. The forward wall didn't get a basket with the exception of John Collins who dropped in two and one free toss.

Play Return Games Friday And Feb. 2nd

Tomorrow the Flattenville Pioneers will be down here trying to avenge the defeat handed them by the Kotalmen last week-end. The Pioneers are still seeking their first conference win, having lost games to Milwaukee and Stevens Point.

Coach L. J. Leitl will probably bring a stronger team than he had last time the two teams met, since Rheel, injured star, is likely to be in shape.

Different Setup

Whitewater comes February 2 to try and administer another defeat against the Pointers. However, things are different. The narrow gym at Whitewater with its shaky boards is hard on the best of teams. Here, the results will probably be different.

I believe that the Whitewater game will be one of the best affairs this season.

College Boy State Champ Ski Jumper

Lloyd Hayes, freshman student, who has been a boy ski-jumping champion of Northern Wisconsin for the past four years, has participated in three major tournaments so far this year.

The meets were at Minoqua, Oconomawoc, and Wausau. At the first tournament held at Minoqua, Hayes took first honors. He outjumped all riders in his class and brought the state championship to the Wausau ski club, which he represents in his class.

POINTER WIN FROM PIONEERS BY 16-14 SCORE

Offensive Strength Lacking Unforten And Gregory 1-0, 68-61

The Pointers started out the conference cage season with an unimpressive victory over Platteville. Although always a hard team to defeat on their own diminutive floor, the Pointers lost, 16 and 14, Friday night. The Kotalmen showed little offensive strength, but were good as usual on the defensive.

Bahler, Smith Good

Don Unforten, the scrappy little sophomore forward, was high scorer with two baskets and a like number of free tosses. Gregory annexed five points and lead Captain Bahler and Smith of the Miners.

Tie At Half

Scoring five points before their opponents could get started, the Pointers looked fine. However, the Pointers steadied down and knotted the score at all half ended. At the start of the final period, the crowd went crazy as Platteville took a lead of 14 and 9. Their hilarity was soon dampened as the Kotalmen came back strong to score six points and bring the mark to 15 and 14. Gregory added a free throw to complete the scoring as the rest of the game was defensive with the Pointers controlling the ball most of the time.

Dear Noah:

If they fit my hound!

Noah Numskull

Dear Noah—When a tree sheds its leaves, and its limbs are bare, will in its trunk find under near:

---J.F. Shelton, Elcan Valley, Ohio---

Student:

The band has their uniforms.

As Orpheus says, we certainly have at Salus orchestra. We might add that our band is nothing to be sneered at either. The members of the band do work hard, as the band booster reminds us. They have to pay a considerable sum of money for their instruments. On the reed instruments the upkeep is considerable. Musicians do have a real investment in lessons before they are able to play presentable music. In addition to that, they have to spend many hours practicing besides that done under an instructor. It is perhaps no more than right that those who devote their time to music should get college credit for doing so. I do not mean that such a practice is customary at other colleges or not. My dear friend, Uncle Dudley Judge Whipple, makes the statement that the consideration of money is spent on college athletic yearly. That is true, but on the other hand, I cannot help marveling at that athletes are so very self-supporting at this institution.

My first letter, which was answered by the Judge, was merely a matter of credit, I would write directly against the band. Evidently some one had just a little uneasy, for they constructed some of those statements to mean many things.

My second letter was admittedly sarcastic, mean. But, then, perhaps it was correct.

I am a student at this institution. I do not exactly agree with the policy of the $4,000.00 for uniforms at this time. I supported the policy, and I might have attended the institution had they not invested the sum. Hardly another person held the same opinion. That, however, is neither here nor there. It might be well to remember that Jesus Christ was crucified because he was at odds with the society to which he lived. Time has proven him correct. They have had society, Papists, Gallicans, and other scientists too many to mention, have found themselves literal outcasts from the world about them. Abraham Lincoln was defeated when he ran for the position of U.S. Senator. Yet today Americans reverse the name "Honest." Ah. So after all, is it so bad not to agree with the mob?

I'll tell you why, Mr. Booher, you should play at school functions. Because this school furnishes you with an instructor that you can't beat in the state. This institution buys the music you play. The state allows you to use their shelter to practise under three times a week. The administration gives you credit for the work that you do. That time is well spent. When you go out looking for a job it will be mighty pleasant to be able to say that you have studied to direct a band, and that you can play in the local orchestra. Now, why don't you fellows get together and hire Mr. McHalse? What don't you buy the music you play? Why accept any credit for the hours earned? And why not rent the armory to hold practise sessions there? I think that you will realize that the force of this argument is logical, and at the same time convincing.

May we take up another angle of this subject. One that I think has not been considered before. In about three weeks several students will find it necessary to drop from school because of financial difficulties. Some of them will be upper classmen, they will have

SEND FOR LITERATURE
Iris Staff To Meet

There will be a special meeting of the Iris Staff in the Iris office this evening. The purpose of the meeting is to select committees for Mardi Gras to be held February thirteenth. Watch the Pointer for further announcements.

Sigma Zeta Hears Dr. Iger

Sigma Zeta met Wednesday evening in Mr. Rightsell's room. Dr. Frances Iger spoke on "Modern Advance Made in Mechanical Science." Dr. Iger, who was formerly affiliated with the Mayo Brothers of Rochester, is now practicing medicine in Stevens Point.

World Traveller Here

Rural Life Club sponsored the lecture by Howard Cleaves, photo-naturalist, and traveller, Monday evening, Jan. 15th. He gave an illustrated talk on "The South Seas".

Duggan Added To Iris Staff

Donald Duggan has been appointed Circulation Manager for the 1934 Iris. Donald has had experience along this line with the Stevens Point Journal. He is a member of Chi Delta Rho Fraternity.

College Talent At High School

The same delightful college talent program which was presented to the college student body last Thursday morning is to be given at the High School Assembly today at 10:30.

All School Party

An all school party, sponsored by the Primary department is scheduled to take place in the New Gym, Saturday night, February 3.

Loyola Program

This evening at seven thirty o'clock the Loyola Club will hold its bi-monthly meeting in the Rural Assembly. The program lists a vocal solo by Malcolm Anderson; history of the organization, by Miss Roach, and piano accordion selections by James Parshall. The feature of the evening will be a talk by Father Scanlon on a subject of his own choice.

Dance Next Friday

Friday night, January 26, a dance will be held in the new gym. Admission will be 25 cents to all. The ten piece college orchestra has been engaged to furnish the music. College and High School Students as well as Townpeople are invited. Dancing from 8:30 to 11:30.

NELSON HALL

The dormitory has assumed a hospital-like aspect in that two nurses have been engaged to care for several cases of illness during the past week.

Miss Augusta Krueger was treated for a wound she sustained, when she forgot to "Beware of the dog!" Others on the sick list have been LaZett Schmidt, Madge Griffin, Evangeline Johnson, Carol Weldon, and Alta Luibert.

Vaccinations seemed to be quite the thing the past week. Several girls took advantage of the fact that there was a Doctor in the house performing such duties.

The Omega Mu Chi girls of the dormitory were hostesses to their sorority at a slumber (?) party, Friday night. One thing featured was an alarm clock which awakened everybody but themselves the next morning. By the way what was that cracking noise in the wee hours of the morning?

Recent Graduate Called By Death

The Pointer has received word of the recent, untimely death of Roman R. Roppella, city, a graduate of Central State Teachers College.

Since his graduation from the two year state graded course, in June 1932, Roman has been employed as a Portage county school teacher.

His death was caused by complications of scarlet fever and double pneumonia. He died in a Marshfield hospital last Sunday. The family and students of Central State extend to his many friends and relatives their heartfelt sympathies.

ARE YOU IRISH?

You've got to be an Irishman to get along in the Rural Department.

Mr. Neale, Miss Roach, Miss Hanna, and even one with that good French cognomen, Miss LaVigne, are son and daughters of Erin. They were all hired by an Irishman too, ex-president Sims.

Of course this is more or less of a secret. Not one of that quartette will grant that they hail from the land of the Shamrock. (?)

Margaret Tarrington

After seeing Dynamite Kate turned into a stick of candy I staggered out of his office into the nearest beer. In the east at a half try, not watching where I was going, a beautiful colored freshman ran into me head first. I tried to catch her, but she ran farther down the basement corridor. As I looked into her eyes, and she looked into mine, we realized that it was Jove and she looked into my eyes, and she looked into mine, we realized that it was Jove and she looked into my heart and I couldn't resist her. Quickly, in my own slaying way, I slipped my arms around her and pulled her gently to my breast. She couldn't withstand my charm either.

Together, with our arms interlocked, we hopped skipped to the men's room. The radio was turned on, and the dial read WQN. As we were sitting on the lounge listening to soft, sweet, gentle music, the announcer butted in and said, "now ladies and gentlemen of the radio audience we again present for your approval that treat of the semester have Utica Singers, Slavinsky's Russian Chorus, Davies Opera Company, Charles Wakefield Cadmam, Scottish Players, Blason & Co., and Krakowski-Mawman Co."

Question: Did you enjoy the student program given last Thursday?

Would you like to have more assembly entertainments given by student talent?

Professor Michelens: "I think the students had lots of fun, and so did I. I hope they will come again. Let's have the girls put on the next program and the boys the one after that."

Miss Colman: "I didn't know we had such varied talent here. I'd like to see more of them."

Eleanor Crumney: "I think it was keen. Don't you?"

Ruth Schwan: "That was the best assembly we've had yet."

Max Miner: "More of them would be a good thing."

Leon Kurf: "Yes, to both questions. It was enjoyed a lot by everyone. It gives those with ability, an opportunity to develop."

Arnold Hotvedt: "It's all right. We should have more."

Miss Tilleson: "Well, I'll tell you, kid, I couldn't endure another hour of continuous jazz program. But, if they would break it up a little, I'd love it."

Miss Boas: "I enjoyed it very much indeed. I don't dare to open my mouth for fear someone will repeat it."

Milton Anderson: "I thought it was better than a lot of the high priced speakers we've had."

Alex Perrodin: "You can mark me down for anything you want. The programs are all right, if they aren't too long."

Identically, "Well, John," answered he, "I'm trying to figure out what the cost for fuel will be to distill alcoholic beverages in the new distillery in which I have recently bought the controlling interest."

You could have knocked me down with a feather. (To be continued)

SNYDER AND POLLARD CO.
ENTERTAIN

Pollard Players

On Thursday, February first, the Pollard Players will present a dramatic program to the students of this school. The Pollard Players are members of the honorary dramatic arts society by that name and are all students of the University of Wisconsin.

Snyder Here Again

Frederick M. Snyder, noted lecturer, will speak to the student body Wednesday, February 7, at ten o'clock. Mr. Snyder is a well known journalist and publicist from New York and attracted much favorable comment when he spoke before the teachers convention held here last fall.

Entertainment Record

Some of the outstanding entertainments of the semester have been Utica Singers, Slavinsky's Russian Chorus, Davies Opera Company, Charles Wakefield Cadman, Scottish Players, Blason & Co., and Krakowski-Mawman Co.
