Jayne, Mason Get
Leaves-of-Absence

Two members of the faculty of C. S. T. C. will be away during the school year, 1935-'36. Mr. C. J. Jayne of the Training School, and Miss Syble Mason, librarian, have been granted leaves of absence. Both will do graduate work at the U. of Wis. Miss Mason will be at the University of Wisconsin Library School. Her graduate work will consist of a study of book selection, reference work, cataloging and classification of books, trade and subject bibliography, and library administration. She will also do two months of field work in other libraries.

Mr. Jayne's work will be in the Department of Education at the University. He has been granted a research assistantship under Dr. Barr, and his research work involves a study of the teaching difficulties of beginning teachers, making use of sound and sight-sound recording equipment. His thesis will be in the field of visual-sensory education.

Miss Mason will receive the librarian's certificate regularly granted by the Library School instead of a degree.

Pointer Staff Awards
Are To Be Presented

Gold, Silver, Bronze Keys Denote
Years Of Service

On next Tuesday morning, Senior Class Day, when other awards are being presented, the members of this year's Pointer staff will receive the customary service awards.

The tokens given to those having three years of service, and also given to those who have filled the two major positions on the staff, are gold keys with the letter "S" set in a purple background. The persons who will receive this award are Frank Klement, present Editor-in-Chief, and Howard Kujath, Business Manager.

Two Silver Keys Given

Keys similar to the ones described, but made of silver, are given for two year's service. Miss Jean Lynn, reporter, and Miss Thyrsa Iverson, present Women's Sports Editor, will receive silver

Proposed Radio Studio
Site Recently Changed

The radio studio, about which we have heard so much this year, will become a reality for the coming school year, it was learned this week.

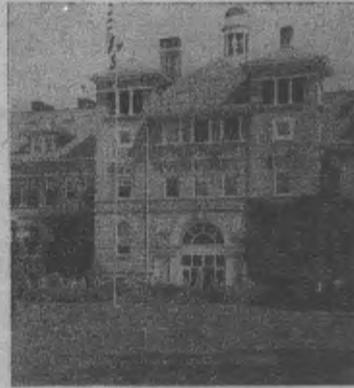

A room in the training school, formerly used as a garage, has been chosen as the site of the studio. The former plan of using the third floor art room was discarded because of difficulty of insulation, and because the training school location is close to Schmeeckle Field—convenience for athletic contest broadcasts.

Installation plans and costs have been submitted, and construction will probably begin in the near future.

Builders — The Class of '35

The Class of '35 has set a goal for future graduating classes to shoot at. Among its members it includes many illustrious names... names that are synonymous with achievements. Can any class of the past boast names of six captains of major sports in its ranks? We believe no class of the future can parallel or surpass this record. "Greg", "Jug", "Dick", "Barbo", "Serib", and "Guy" are a few of the many who enrolled in the fall of '31 when athletic triumphs were out-of-fashion, and have played prominent roles in bringing to Central State numerous victories.

ALMA MATER

Popular scenes will last, in memory alone, for many graduates who gaze on their school—alma mater—for the last time at Commencement time next Wednesday. Some of us will come back—others bid good-bye forever.

At each graduation heart-touching emotions reign supreme. Good-bye, Central State!

Misses Seen And Jones
Back For Summer Term

Miss Seen and Miss Jones, members of the faculty of Central State College, will return to resume their instruction duties for the summer session.

Miss Seen, women's physical education instructor, has been attending Columbia University the past year and has received her Ph. D.

Miss Jones, biological science department head, was granted a leave of absence due to illness.

Letters have been received from both parties indicating that they are anxious to return to their work here.

Placements Of Last
Five Years Charted

Five large charts, maps of Wisconsin, have been made by Miss Millicent Wilson for her F.E.R.A. project. On these maps are dots showing an interesting comparison of the last five year's placements. These charts will soon be on display in the school library.

Sixty-Two To Receive
B.E. Degrees Wednesday

Numerous Others To Receive
Degrees And Diplomas In July

One hundred forty-four gowned graduates will receive their diplomas and certificates next Wednesday morning. Sixty-two of these who will partake in the processional and the commencement program will be receiving their Bachelor of Education degrees, seven are graduates of three-year courses, fifty of these are completing two-year courses, and twenty-five are one-year graduates. An interesting coincidence is that last year's class included sixty-two degree graduates—the exact number that this year's class boasts.

33 From H. S. Department

Of the sixty-two degree graduates more than half, thirty-three, are from the High School Department. The Home Economics department adds an even ten to that list; other departments contributing are: Junior High 4, Intermediate 4, State Graded 5, Primary 2 and Rural Supervisors 1.

A list of graduates from the respective departments and the course they have completed follows:

Twenty-Eighth Summer
Session Begins June 17

While students go home or to various pleasure spots to enjoy vacation this year, faculty members will be busy preparing for the summer term, to begin Monday, June 17.

This year's summer session, the twenty-eighth of its kind, will probably be the largest ever to convene, as indicated by unusually heavy pre-summer school correspondence and by numerous visits of prospective entrants.

Nearly all of the faculty members, except those who have leaves of absence to work for degrees, will be back to offer an unusually large variety of courses.

Various entertainments and programs and music and athletic activities are planned to make the term a profitable and enjoyable one. Only morning classes are held.

Registration will be held Monday, June 17; classes begin Tuesday the eighteenth and extend over the usual six weeks period to July twenty-sixth.

EDITORIAL COLUMN

We Say Good-bye And Thank You

With this issue our journalistic year has ended. In recalling the past year's work, we are sure that the usual Monday night's click-clicking of the typewriters will be missed—as the staff members completed sheet after sheet of yellow copy which was later taken to the printers. We will miss that usual prattle and habitual industry that was associated with those Monday night sessions.

The fourteen-page souvenir championship issue of last fall was our outstanding contribution to the numerous publication records broken. Innovation of variety in front-page set-up may have been little noticed by the laymen, but, just the same, it was present.

Personally, I wish to thank the staff members for their fine spirit of cooperation, service, loyalty, and industry. I hope the benefits they derived will in a small way repay them for the many long hours they spent planning for the Pointer's welfare. It was, indeed, a pleasure to work with such helpers.

In behalf of the staff, I wish to thank President Hyer, Mr. R. M. Rightsell, faculty advisor—in fact all faculty members, advertisers, and students for their splendid cooperation. We, too, thank our readers for their patience, faith, friendship, and general helpfulness.

We wish next year's editor and business manager all the luck in the world, knowing they will make good the trust that has been placed in them.

We congratulate all the graduates on their achievement. We wish them success in their chosen careers.

To those who will be back, we wish all the possible good fortune! "Your efforts and acts will be the basis on which the school next year is judged. Do worthy deeds, and your exploits will be presented in printed form when we read next year's issues."

COLLEGE TEAMS IN GOOD YEAR

Sport Summary Shows '34-'35 a Banner Year

Pointers Cop Three State Championships Past Term

Central State sprang to a new high in the sports limelight by copping two major championships during the 1934-35 season. In addition to titles in football and basket ball, the track squad made a fair showing and the boxing team had its annual encounter with Platteville, coming off second best. Tennis made its debut and Irv. Larsen was crowned singles champion of our conference while the doubles team of Neale and Woerhl were defeated by Milwaukee.

Football Championship

Coach Eddie Kotal's gridders rang up an impressive record in winning their second consecutive football championship. The boys were undefeated in conference play, winning over Oshkosh, Milwaukee, Whitewater, and Platteville, all by very close scores. Then in non-conference tilts Captain Warren Becker led his mates to victory over La Crosse, champions of the Northern half of our conference. St. Cloud of Minnesota, and Northland College of Ashland. Illinois Wesleyan handed Stevens Point its only reverse down at Bloomington by a score of 13-0. Ted Menzel was elected captain of the 1935 team at the conclusion of the season. All-conference mention was given to Captain Becker, quarter back; captain-elect, Ted Menzel, tackle; Chuck Sparhawk, guard; Bob Broome, center; and Ronald Murray, half-back.

Basket Ball Championship

Hardly had the moleskins been packed away when Kotal issued the call for cage practice. Coach arranged a very tough non-conference schedule with alumni teams, semi-pro clubs, and other colleges. Central State emerged victorious in all of its pre-season tilts and was picked as one of the favorites to capture the southern title. Kotal's team lived up to all advance dope, losing only one conference game, to Milwaukee, second-place team. When the final game had been played Stevens Point led the conference by two full games. Captain Marsh led his team on a barn-storming trip into the northern half of the circuit to play La Crosse and Superior, co-champions of the northern half of our conference. The Point split in these two games whipping La Crosse 31-24 and dropping the season's final to Superior 38-31. Co-captains were chosen for the 1935-'36 season, John Collins and Captain Marsh, Earl Eckerson, Don Unferth sharing the honors. Don Johnston, and Don Unferth were given all-conference mention.

Intramural Results

Inter-mural basket ball was held as per usual with the varsity members each leading a picked ball club into action. After two weeks

In February Concordia College will be encountered at Milwaukee. Local officials would like to secure a game with Notre Dame for the early part of March, if the Wisconsin Rapids Field House can be secured at that time.

of play Chester Rinka's six footers met Don Unferth's midgets for the championship. Unferth's team won rather easily, 46-29.

Track Results

With the coming of spring, track was soon in full sway with prospects appearing rather bright. However Kotal's trackmen met with stern competition and failed to win a single meet although compiling a fair total of points in the contests. The chief point winners for Stevens Point were the two Brown boys, pole vaulters; Chuck Sparhawk, weights; and Grandkowski, distance runs.

Boxing Results

An all-school boxing match was held and the winners in these contests were chosen to face Platteville's maulers. Our boxers were forced to accept defeat in all but three matches. Dean Gordon, Bruno Slotwinski, and Chuck Torben-son were the victorious swingers for the Pointers. Chuck Sparhawk, Stevens Point Teachers' leading wrestler suffered a setback at the hands of the Platteville Grunter in a special match.

Central State discovered it had in its midst a real tennis player in the person of Irv. Larsen. "Larky" easily won the singles championship of our conference. However, the Point doubles team went down to defeat at the hands of Milwaukee.

Baseball News

A baseball game was scheduled with Platteville but it was postponed due to the very inclement weather which halted all efforts of the players to obtain any practice.

AS SEEN FROM THE SIDELINES

by SI

The sports year of 1934-'35 is over. A summary of the year appears elsewhere on this page. The sports ed desires at this time to thank Coach Kotal for his very fine and complete cooperation with this department at all times. The sports-ed wishes to thank Don Unferth, Al Dumphy, Ray Urbans and Bud McGillivray, athletic managers for their many helps. He also wishes to take this opportunity to thank again all contributors to the special football issue of last fall—a milestone in cooperative achievement by city and school officials and the school's alumni. In closing we wish to remark on the fine spirit which has everywhere manifested itself among the members of the present Pointer staff. One can truly say—it has been a pleasure to have been a part of it.

At 8:00, the Speech classes, under the guidance of Professor Leland M. Burroughs, will present Shakespeare's "As You Like It" on the campus in front of the college. The College Symphony Orchestra will play the incidental music for the production.

On Tuesday morning, during the Class Day exercises, various of the organizations will play and sing. In the evening, at 8:30, the College Dance Orchestra, led by Aaron Mannis, will play for an all school party.

The College Symphony Orchestra will again play and the Men's Chorus will sing at the Commencement Exercises on Wednesday morning.

Margaret Ashmun Club Dissolved

For many years the Margaret Ashmun Society has been an active force in the school. It has sponsored the annual Short Story Contest, and in other ways has been an influence and an inspiration to all interested in writing and literature. Miss Margaret Ashmun, in whose honor it was formed, is a well-known writer of novels and stories for young people.

More recently when the "Normal" became a Teachers College and began to grant degrees, it was able to establish Phi Beta Chapter of Sigma Tau Delta and thus affiliate with a national English fraternity. It has been found that the work, interests, and members of the two societies overlap to such an extent that their purposes could be better served by one organization. For this reason, Margaret Ashmun Literary Society will be no more, but will be merged as far as possible with Sigma Tau Delta. The Club has served its purpose and served it well.

Herrick Comments On Training School Year

"Since 1920 there has never been a busier, more strenuous, or more pleasant year in the Train-

A. J. Herrick

ing School that I can remember. During the last five years, in particular, as the enrollment has been increasing, the number of student teachers has increased, and the territory over which our placements extend has been enlarged, as is shown by the comparatively large number of out-of-state placements."

Training School Closes This Week Friday

Tomorrow, June 7, at two o'clock, the Training School will hold its annual commencement exercises. The program for the day, and for to-day, which is Class Day, may be found in full in last week's issue.

The graduating class this year consists of eight boys and four girls. They are Edward Haas, Jeanette Halverson, Anthony Klein, Waldo Nelson, Frances Oesterle, Janet Parks, James Scribner, Thelma Spencer, Raymond Konopacke, Douglas Wright, Richard Worden, and Royce Hanna. Royce, the last mentioned, is president of this year's class.

College Student Enters 'Amateur Night' Finals

Francis White, accompanied by Don Halverson will enter the finals in the series of Amateur Night Contests at the Fox Theater which will be held next Tuesday evening. White earned the right to participate when he was one of the two winners in one of the weekly contests.

Many college students have entered the competition but White, a cornetist, was the only C. S. T. C. victor. The contests are being held all over the state, and next week's winner will go to the state contest at Milwaukee with all expenses paid.

Complete Iris Copy In Printer's Hands

The final copy has been sent to the printers, and the Iris should be out next week, barring mechanical break-downs. The staff has put special effort into making this book one of the best ever made, and they have every confidence that it will come up to their expectations.

Robert Emery, editor of the annual requests that all those who expect to leave school before Commencement Day should leave their addresses in the Iris mail box or in the main office.
