Student Musicians Go On Long Tour

"We'll mix fun with our work", we heard several musicians say as they packed an extra pair of socks in an already overbulging traveling bag. And they added: "I'll feel repaid for all the bonking I've done when practicing three times weekly", says Joe Saxaphone, "and here's a little advice to would-be musicians: Pick out a light instrument, one with lots of hollow inside, because past experience has taught me that the big bass horns are heavy on us.

Yes, everyone is wishing that he were a member of our touring band!

Jones's Leave Extended Until Summer Session

A communication was received this week from Miss Jessie E. Jones, of the Biological Sciences Department, who is now on a leave of absence recovering from a serious illness. Her physicians have given her every reason to expect that her recovery will be complete by June.

"I want to return for commencement as the Senior Class holds among its members many friends dear to me", states Miss Jones in her letter.

Her leave of absence was originally to be until April 1, but it has been extended. It is expected that she will return to resume her duties here for the Summer Session.

Dr. John Moore is at present filling the vacancy caused by the absence of Miss Jones.

Celebrated Naturalist At Assembly To-day

This morning at 10 o'clock Howard Cleaves, naturalist, will present a talk, "Wild Life Adventure" as the course of his talk Mr. Cleaves will illustrate with motion pictures, taken by himself while on his travels.

Mr. Cleaves spoke to a very interested group here three years ago. Since that time he has been around the world gathering data for his current topics. His talk promises to be one of the highlights of the assembly program this semester. Far from pure entertainment, this message will be instructive and of interest to all.

Summer School Bulletin Recently Released

The bulletin for the 1935 summer session will begin June 17 and will continue until July 26, 1935. This bulletin lists the courses that will be offered. The college calendar for 1935 and 1936 is also listed. A bulletin may be procured at the main office.

"Greg" Subs At Grant School This Week

Since Monday, Nolan Gregory, present senior of this college, has been substituting for Henry "Tiny" Bannach, who teaches at the Grant School in Stevens Point. Mr. Bannach is assisting Coach Kotal and Dean H. R. Steiner in Madison for the latter part of the present week.

Thank you for your cooperation.

Benefit Movie
The "S" Club will sponsor a benefit movie next Monday, Tuesday, and Wednesday. "Clive of India", a four star picture, is one you cannot afford to miss. Aside from getting your money's worth in entertainment you will help the "S" club purchase championship sweaters for the 1924 state championship football team.

Y. W. C. A. Party
Last Tuesday night, the Young Women's Christian Association met for one of its enjoyable parties. This was held in the recreation room of Nelson Hall. Games were played and refreshments served by the committee in charge.

After the social hour, a brief cabinet meeting was held and plans are being made to entertain Miss Jane Bradley in the near future. Miss Lorraine Guell is president of this organization.

Primary Council Elects
Monday evening, the Primary Council held its annual dinner at which it elected its officers for the coming year. The following are the officers:

President — Hazel Black, New London
Vice-President — Regina Schwoll, Stevens Point
Secretary — Veneta Baird, Garrison
Treasurer — Nan Turish, Stevens Point
Newspaper Reporter — Zelda Weed, Plainfield

Bloc Elects
At the last meeting of the Bloc Honorary three new members were elected. These men are Frank Gordon, Doreene Gordon, and Keith Koske. The members of this organization are active participants in such activities as forensics, journalism, and scholastics.

Harlequin Holds Party
The active members and the pledges of the Harlequin Club enjoyed a social hour, Monday evening at the Pai Restaurant. Various stunts comprised the entertainment followed by dancing and refreshments.

Band Plays Five Concerts
(Continued from page 1, col. 1)

The active members and the pledges of the Harlequin Club enjoyed a social hour, Monday evening at the Pai Restaurant. Various stunts comprised the entertainment followed by dancing and refreshments.

Joint Meeting
To-night the Tau Gams and the Phi Sigma convene for the joint meeting which has become the custom of the two organizations. This is the meeting which the pledges anticipate, for it is here where they have the opportunity to display their various talents to the best advantage. Often, too, hidden ability is discovered which to the enjoyment and joy of the audience constituency. This meeting will take place at the fraternity house.

Extracts Show Glee Club's Popularity

The degree of success any project achieves can best be judged in the light of community and college pride paid. We quote from various letters received by President Hyer and the reader can judge for himself:

"Recently the citizens of this community had the privilege of listening to a concert given by your Glee Club. It was a performance that any college group could be proud of. I cannot express the many compliments that were heard the concert, but they have been so sincere that I felt it very proper to let you know of this community's genuine approval of the work done by your Glee Club."

LOUISE SWANSON, Chairman of the Educator's Club Smashaug Township Schools, Stambaugh, Michigan.

"Last Friday morning the Boys Glee Club of your school gave a delightful program to our school assembly. They are a very nice appearing group, and conducted themselves very creditably in every way. I hope that they will pass through our little city again some time and will sing before our assembly."

PAUL WINDSOR, Principal of High School Iron River, Michigan.

"I just want to tell you that this organization is a credit to your school. We all appreciated immensely but from reports I heard after they left, I believe everyone enjoyed the boys in their homes just as much. They are a fine group of boys."

E. W. KRAHST, Principal of the High School Eagle River, Wisconsin.

"The varied program was nicely presented and I have heard only words of praise from students and teachers. The club has done commendable work in a short time and deserves every encouragement."

I. C. PAINTER, Principal of Waunau Senior High School Waunau, Wisconsin.

"I am confident I am expressing the sentiments of everyone present at the concert when I say it was greatly enjoyed by all. Living in a small city, we consider ourselves fortunate that we have been privileged to listen to good music presented by your young artists. We shall consider ourselves honored if your choice will pay us a visit again next year."

A. O. LER, Principal Scandinavian High School Scandinavia, Wisconsin.

To advertise School Tours

This is just one project in the Tau Gams and the Sigma Zeta. Every effort is being made to attract, not only high school students, but to advertise the city as well to residents of the state. Beginning two weeks ago with the 500 mile Glee Club trip to Michigan, it is estimated that our college musical organizations will have traveled 1,500 miles by the end of the year, and will have contacted, directly or indirectly, at least 8,000 high school students.

Special Correspondent

W. A. A.

Sports
The spree for the basketball and ping pong players that officially closed these seasons took the form of a pancake supper and dance. Plans have been set for another one next fall.

Hiking
Here, it’s time to get out your snow kits and purchase your skates (if you’re poor like we are it will be a loan and you’ll have to pay it back at some future date) for spring is in the air and in spite of frosts there are enough dry spots to stretch your leg over those two miles to earn W. A. A. credit.

Volleyball
Some one has asked us why we women volleyball players don’t take up the faculty men’s team. Our only reply was, "wait until we get a little practice...". Women of the school, here is your chance to make that personal contact with the faculty members that we find is so important. Come out for volleyball. It’s never too late.
POULETTE, but a player of the "money" type this writer who can pull games out of the fire, and scorers, but they also hold first attained the same shooting form again. Last conference games Poulette did not manage to score with consistency. After who did so on more than one occasion.

His Marquette Conference. Not only are they the only guards listed in the list of leading scorers, with the exception of Unferth, are fairly well bunched that the Point scorers, with the exception of Unferth, are fairly well bunched. Credit must accrue to Marsh and Johnston, for Point opponents, in the guarding task is one in which all members of a team.

In analyzing the above list from a Stevens Point standpoint, it can be seen that the Point scorers, with the exception of Unferth, are fairly well bunched between 37 and 49 points (five men). It shows that all of the Pointers carried the scoring load between them, and it places six Pointers in the list of the fifteen leading scorers for the league. Not bad!

Marsh-Johnston Star

Much credit is reflected on the Stevens Point guards, Captain Jug Marsh and Don Johnston. Not only are they the only guards listed in the list of leading scorers, but they also hold first rank from a defensive standpoint in the conference. Although the guarding task is one in which all members of a team share, some one must score for Marsh and Johnston, for Point opposition, in conference play, scored less on these guards (used Plattsville) and Poulette (Oshkosh) to forward defense.

To turn to the forwards, some tendency to nominate the pair of Rheel (Plattsville) and Poulette (Oshkosh) to forward positions on mythical all-star teams has been noted. This writer has no quarrel with any sports enthusiast who might wish to do this, but would point out (1) Blake, Poulette's running mate (used at forward and center) has scored more points than Poulette; (2) In his last conference games Poulette did not manage to score with consistency. After his Marquette U. games in which he scored nineteen points, he was closely watched, and though he deserves every consideration as an excellent player, he never attained the same shooting form again.

A "Money" Player

For offensive and defensive reasons this writer would choose Unferth of the Point, a less ballyhooed player than Poulette, but a hard-working consistent player of the "money" type -- one who can pull games out of the fire, and who did so on more than one occasion.

CONGRATULATIONS

CO-CAPTAINS LEAD '36 TEAM

GUY KRUNM'S FINE SIX-VICE ENDS THIS YEAR

Guy Krumm is another of the graduating quartet who will not be with us next season. His last year at the Argonne high school saw him in the first and second line on the forward and center play. While here he also played in both Antigo and Wausau, and he was on the squad that represented the North-Eastern Wisconsin Conference. In addition to this participation in sports, Guy was also a member of the Argonne base ball team.

At Central State he was played in his first, second, and fourth years, a time that proved his chances last year, and to some extent, this year.

Guy Krumm

CO-CAPTAINS CHOSEN FOR NEXT YEAR;
UFERTHER-COLLINS TO LEAD PROMISING SQUAD TO BASKET BALL WARS IN '36

JOHN COLLINS A CO-CAP-TAIN ON 1936 TEAM

John Collins, like Anderson, is playing his second year on the varsity squad. Johnny, like Milton Anderson, is one of the smallest (5'-11', 170 lbs.) on the squad. It is a long shot for him to make the height, but he has managed to pull it off. John's greatest asset is his cramp-decking ability and a basketball pinch hitter. We feel that John's scoring total is right up there with the regulars (see list). Andy certainly could jump right in there and go places. Happy landings, Mick!

BOB WEINBAURG SHOWS WELL IN FIRST YEAR

Bob Weinbaurg is a Wisconsin River-side entry, and he looks right at the top of the class, on the varsity, according to the sample that he proved during the last football season. He is a good outside hitter and a good passer. We feel that Bob will be one of the outstanding players this year.

JOHN COLLINS A CO-CAP-TAIN FOR NEXT YEAR; UNFERTHER-COLLINS TO LEAD PROMISING SQUAD TO BASKET BALL WARS IN '36

There's "Lefty" Unfurther, our big scorer last year and again this year. Don is a shot gun kind of a player, married, and is one of those players who can fill the role of a three footballer. Don is a s q u a d (Anderson, Cooper, Krumm) ball pitcher, and is also a soft hand. He is also a basketball pinch hitter. His influence on the squad will be active in various ways in our school next year.

John a Co-Captain Next Year.

It has always been believed that Collins like Anderson is one of the finest players of his kind, and the writing is on the wall, too! Thus, John will be a key man on the team, and his finest and best display of hard court ability. He has the n a t u r a l ability, and his reputation is well earned.

Don't forget John.

MILTON ANDERSON'S FINAL YEAR OUTSTANDING

Milton Anderson was a football and basketball pitch hitter. We remember the Oshkosh game here, and the gloom that spread all around when Eckerson and Krumm were forced out of the game on fouls, with our lead far from comfortable.

Tick Hitter De Luxe

It is dropped in three baskets, including a difficult one from an extreme corner of the floor. Anderson and Don Johnston, two or three, all is dropped. When Anderson dropped his first basket, he was almost coming into the game.

"Mickey" is a graduate of Pulaski High School, where he played three years of basketball. He took the team in both basketball and baseball graduation. And he spent one year of the varsity basketball team under Coach M. W. Anderson, who took the team in both basketball and baseball graduation.

Milton Anderson

CO-CAPTAIN OVERCOMES OBLIGATIONS TO STAR

All hats must be off to Earl Eckerson, who rose from a tall field-hitter to make his mark on the team. His election as co-captain seemed to be a certainty, but here came the argument, and Eckerson won.

Eckerson Alone Through

It is a pleasure, then, to submit the following Eckerson's case. He had been ill with infantile paralysis, and he resumed school late. He was still a slight faint physical. This writer remembers meeting Earl on the train to Chicago. These are of us who are familiar with the type who take physical sickness, know its lasting and devastating effects. (President Roosevelt was one of them.)

Eckerson was elected to play in a game demanding his maximum muscular coordination and nerve control were dubious, so to say the least.

Earl Eckerson

FRANK GORDON BIDS FOR REGULAR ROLE NEXT YEAR

Many of the reserves will make their finest contribution as members of the future team. A chain is no stronger than its weakest link—a team is no stronger than its reserves. You cannot expect to figure it out, the reserves are put in many tough spots. When you come to their teams, you come in the field of their own. This writer remembers how many times they had to go in for a player ejected from the game on fouls and carry on in the emergency. Many times they are the last resort of a coach who sees his regular players go down, and casts about for a new combination.

Frank "Get Around"

Frank Gordon is the squad's "glove-trotter," putting in part at Field Baseball, new at both (Chil suburb), Winnebago and H. F. Gordon (Whittawicki) Marquette, and George Will (Ken), in the course of his prep school and college career, it looked to be a success. His fielding and forehand position in high school, tell him a top-notch National Tournament in Chicago.

Gordon Back Year

Frank Gordon is back this year (outfield) playing the '36 - '37 season in Wiltse (Ill.) This last sea-

(Continued on page 5, col. 2)
Top Row: (left to right) Don Johnston, Frank Gordon, John Collins, Oscar Copes, Chester Rinka, and Earl Eklund.

First Row: (left to right) Maurice Brown, Robert Weinbauer, Milton Anderson, Captain "Jug" Marsh, Guy Krumm, Donald Unferth, Asher Shorey.

CAPTAIN JUG MARSH IN WIND-UP AS STAR GUARD

Captain "Jug" Marsh is winding up his college career. He broke in ('33) with a championship team and he's going out with one.

Products of Local High

The '36 cage captain played his first hi-conference ball on the Emerson high school team in this city. In Jug's junior year Ringdahl's men won the valley championship, and in his senior year the local high school team took fourth place at the state tournament.

Over a span of three years Marsh has served with the Sport Shops, a local amateur team, and also played summer baseball.

Jug — "The Top"

A reference to the starting tetails elsewhere on this page will show the degree of ball that Jug played this year. In the La Crosse game he had Don Johnston. Were they really standouts when they joined in a really fine exhibition of defensive ball, for which they were given due credit by the La Crosse daily paper. Will not soon forget you, Jug!

NOTICE

We are sorry that we were unable, after much effort, to secure pictures of Bob Weinbauer, Don Johnston, Oscar Copes, and Maurice Brown. We want these men to know that we appreciate their efforts and that if it is through a fault of the Pointer that pictures of the men above named do not appear.

OSCAR COPES TO BE BACK FOR NEXT YEAR'S TEAM

Oscar Copes, who sails from a town further north than that of any of his colleagues, Tomahawk, Wis., was val­ued-tician of his class, with everything that goes with it. Oscar is a football player (tackle) and his basketball specialty is the big rebound. We could tell you a number of things concerning the genial "Oscar." If the fellows on the squad could be made to divulge some of the trip happenings, in relation to the fair six.

TOMAHAWK HAY ALMA MATER

Oscar graduated from Tomahawk high school in 1930 and just after this the depression hit Tomahawk. He had played football and basketball under Coach Bohm, former Rhinelander cage player, as a member of the college varsity for the first time this season, and took part in several games.

New London Grad

He is a graduate of New London high school, where he played for four years on the school's basketball team. In 1930 "Minnow" was chosen as an all-star forward at the Neenah district tournament.

Brown a Track Man

Brown is a track man and he is looking forward to the spring track season here, as is "Burl" Brown, another trackster.

In regard to being back next year Monroe thinks it quite questionable. Hope you're with us again next season, "Minnow"!

SEASON'S SCORES

Stevens Point 33; Onion 16
Stevens Point 30; Milwaukee 28
Stevens Point 31; Milwaukee 27
Stevens Point 27; Platteville 24
Stevens Point 18; La Crosse 25
Stevens Point 31; La Crosse 24
Stevens Point 31; Superior 23
Total ... 384; Total ... 377

MORON BROWN A POTENTIAL REGULAR NEXT YEAR

Monroe Brown, whose home city is New London, Wis., noted for cabinet work and a very fine pro cage team and Winsten Thomas, (Casin of Monroe), played as a member of the college varsity for the first time this season, and took part in several games.

New London Grad

He is a graduate of New London high school, where he played for four years on the school's basketball team. In 1930 "Minnow" was chosen as an all-star forward at the Neenah district tournament.

Brown a Track Man

Brown is a track man and he is looking forward to the spring track season here, as is "Burl" Brown, another trackster.

In regard to being back next year Monroe thinks it quite questionable. Hope you're with us again next season, "Minnow"!

RAY BURGERS VARIES SERV­ICE AS OFFICER AND MANAGER IN '35

Ray Burges, in addition to his managerial duties, has been kee quite busy as an official during the past season. Ray officiated a total of twenty-one games for various towns hereabouts in high school, professional, amateur league circles, and this with local games, brings the total up to eighty-two games, officiated thus far. The fact that Ray played in many of these places would indicate that his technique is flawless. "Chuck" Spangler accompanied Ray as a potential bar to hostile acts by "over-producing and evicted citizens around the "Eg­erman Clique".

CHET RINKA A VARSITY MAN FIRST YEAR OUT

Chet Rinka is another of Harry Ringdahl's former Emerson High shooting stars. Although Rinka was used as a scoring percentage in the Wisconsin Valley conference, his play in college was charmed by efforts to get the ball to his mates, if anything could be found wrong with an ideal player of Ringdahl's type, it would be that he did not try for enough baskets, according to Bob Weinbauer (Rapide) when both were angling for high scoring honors. In the Waunau tourney was Fred Toft, also having a great year.

Chet Rinka

New all are on the same hand wagon and are they going places! Rinka jumped right onto the college varsity in his first year, making him the youngest player on the squad (eighteen years of age). Chet was one in Chet's junior year in high school that he made the regular varsity. It's a good year.

We Hope You're Back, Chet!

He was a member of the Junior American Legion baseball team several years ago, performing as an outfielder.

Chet got the biggest kick out of the Milwaukee game (which one, we're still dazed), and the La Crosse game, as did most of the boys. He hopes to be back next year. Here's hoping that you will Chet—We're strong for you!

ASHER SHOREY ENDS 2 YEARS ON SQUAD

Asher Shorey, whom we "heard tell of" in one of our January issues, is a product of Argonne high school. He is the smallest fellow on the squad, but rates the biggest with the ladies, as one can plainly see. Asher is small, interfere with his play, and are they or are they to be sent into the games, which is generally with Oscar. (Note: a r e b o o l g a r ny re­spective next year. To get Oscar "the biggest kick I got out of the last season, was when the Coach started me with the shiek troops at Platteville.... I'm still dazed." We'll be seein' you, Oscar.

CHET RINKA A VARSITY MAN FIRST YEAR OUT

Chet Rinka is another of Harry Ringdahl's former Emerson High shooting stars. Although Rinka was used as a scoring percentage in the Wisconsin Valley conference, his play in college was charmed by efforts to get the ball to his mates, if anything could be found wrong with an ideal player of Ringdahl's type, it would be that he did not try for enough baskets, according to Bob Weinbauer (Rapide) when both were angling for high scoring honors. In the Waunau tourney was Fred Toft, also having a great year.

Chet Rinka

New all are on the same hand wagon and are they going places! Rinka jumped right onto the college varsity in his first year, making him the youngest player on the squad (eighteen years of age). Chet was one in Chet's junior year in high school that he made the regular varsity. It's a good year.

We Hope You're Back, Chet!

He was a member of the Junior American Legion baseball team several years ago, performing as an outfielder.

Chet got the biggest kick out of the Milwaukee game (which one, we're still dazed), and the La Crosse game, as did most of the boys. He hopes to be back next year. Here's hoping that you will Chet—We're strong for you!

ASHER SHOREY ENDS 2 YEARS ON SQUAD

He is the smallest fellow on the squad, but rates the biggest with the ladies, as one can plainly see. Asher is small, interfere with his play, and are they or are they to be sent into the games, which is generally with Oscar. (Note: are boos, gar ny respective next year. To get Oscar "the biggest kick I got out of the last season, was when the Coach started me with the shiek troops at Platteville.... I'm still dazed." We'll be seein' you, Oscar.

RAY BURGERS VARIES SERVICE AS OFFICER AND MANAGER IN '35

Ray Burges, in addition to his managerial duties, has been kept quite busy as an official during the past season. Ray officiated a total of twenty-one games for various towns hereabouts in high school, professional, amateur league circles, and this with local games, brings the total up to eighty-two games, officiated thus far. The fact that Ray played in many of these places would indicate that his technique is flawless. "Chuck" Spangler accompanied Ray as a potential bar to hostile acts by "over-producing and evicted citizens around the "Eg­erman Clique".

Good Things Come In, etc.

Asher has never let the idea that he is small interfere with the resin­tions to win a berth, and this, upon his words, he has always succeeded in doing. Too bad you're leaving us, Ash!
We present the Central State Athletic Board — the power behind the throne.

AS SEEN FROM THE SIDELINES

by SI

Sports Writer O.K.

Our compliments to the state sports writers... they picked Kotal's creations for both fall and winter wear... and they were right... even though the old race was the hottest in years... The Pointers and consistency... which is only another word for selecting qualities, guts, intestinal fortitude, etc.

In summing up there are a few pertinent facts hangin' 'round... First, the fact that so many of the Pointer players contributed to the score. The team is, emphatically, not a one-man or a two-man team (a glimpse at the conference scoring results will show this)... Second, the fact that the whole squad harmonizes so well... this writer has been cut to many practice sessions... the squad is cut there on the floor, full of spirit, at the tag end of the season... joking, laughing, making play out of work... and serious, too, when the occasion demanded it... and right out there with them is Coach Kotal... kicking them in the... hopes that they will improve their game, by matching them point for point on practice shots... Third, the frank relations between coach and players... the coach has some fundamental rules... but his players are handled, not according to rules, as such, but in accordance with principles that govern all human (and we mean human) conduct... Fourth, the students have really come through with some fine cheering, under the capable and gifted leadership of Gene Majewski... Fifth, the great service rendered by Band Leader, Peter J. Michelson and his unexcelled Central State Band, who furnished a perfect musical stimulation for the fans and players in the enjoyment of all home championship Trophy basketball games... Sixth, to be truthful and frank about it... there has been some talk about over-emphasis in athletics. We don't intend to settle this by arguing about it... we simply repeat Coach Robert Zuppke's weighty and dignified statement in defense of the collegiate game of football: — "There are some who are solely scholars; there are some who are solely athletes; there are some who can combine both; we hope for as many of the latter kind as possible — but we intend to do our best for all — that we can produce well-rounded men."

At the University of Illinois, Eddie Kotal, a former football player, became determined about football participation. He was a member of the Green Bay Packers and played at the University of Illinois for four years. His son, Eddie Jr., played football at Lawrence University and later for the Green Bay Packers. Eddie Kotal was a Mechanical Engineer, and his son was a mechanical engineer as well. The family had a strong background in football, and Eddie was known as the father of football in the United States. The Kotal family had a significant impact on the development of football in the country.
SOUTHWESTERN UNIVERSITY PRESS

GLEANINGS—
SUNDAY and DEFIOUS

Social, political, and economic equality for women has long been sought and theoretically it is here. It will be here in fact as well, for Co-eds anyway, when they possess the independence which paying one’s own bills gives.

Sometime ago a group of men publicly announced that they were inaugurating a movement to make all dates Dutch-treat. Nothing more has been heard from them and it is feared, by those who know the temper of both the oppressors and the oppressed, that they have become again the victims of a power too strong and too sweet to resist.

Those countries over in Europe who are always meddling in somebody else’s affairs are like an Old maid keeping a rooming house.... she’s a lot more interested in rumors than in roomers.

Many a boy changed his notion of a prime-mover after taking physics.

The race between the tortoise and the rabbit illustrates that the race isn’t always to the swift. That was just one of the race problems, however, not forgetting the Japanese situation and the Kentucky Derby. But usually it has been found with most races that the man who is fast and smooth in action usually gets in under the barrier first.

Here is one from a scientific magazine so don’t blame me. It seems that some scientist has figured out that the average professor each day expends as much energy as is contained in a single peanut. It does seem a bit low but the gentleman has the proof.

Epeła City, Oklahoma. A bill appropriating $10,000 to prevent epidemics of babies, approved by the Oklahoma house Tuesday. It was a printer’s error. The money will be spent to combat rabbits...... Milwaukee Journal.

With this story as a basis Miss Roach drew lavishly from the rich experience of her twenty-three years of life as a school teacher. The address was replete with evidences that the aim in life for others — service of a type that only the understanding heart can give.

Clintonville Pleased With Roach’s Speech

We quote verbatim from a Clintonville release: ‘Miss May Roach, member of the faculty of Central Wisconsin Teachers College, Stevens Point, delighted an audience consisting of the Knights of Columbus and their wives, at the Knights of Columbus hall last evening. The subject of Miss Roach’s talk was ‘Lift Me Up So I Can See’. The phrase was evolved from a very humanistic story told by an eminent judge from Cleveland, Ohio.

With this story as a basis Miss Roach drew lavishly from the rich experience of her twenty-three years of life as a school teacher. The address was replete with evidences that the aim in life for Miss Roach is to give service to others — service of a type that only the understanding heart can give.”

NO HITS, NO RUNS — TWO ERRORS
In last week’s issue Fred Nimz was described as having taken part in last year’s state tourney; the year meant from a very
