BAND CONCERT IS WELL RECEIVED

With a presentation of the works of both earlier and modern composers, Central State Teachers' College Concert Band presented its second public concert for this year in the college auditorium Wednesday evening. Featured on the program were the operatic overtures "Bohemian Girl," and "Un­dine," These with "Hungarian Fantasy" by Tociani were the band's selections for the earlier composers while "Headlines" by Colby, a modern rhapsody showing the musical way the hustle and bustle of American life today, represented the more modern type.

Large Crowd Pleased

Pleasing contrasts to these numbers were the descriptive tone poem "In a Chinese Temple Garden," played by the entire band; the trombone quartet, "Come Where the Lilies Bloom," played by Clarence Speidel, Samuel Winch, Charles Klein, and Clifford Elliott; and the saxophone quartet, "Humoresque," played by Ward Fosstad, Ralph Abrahamson, Gerald Esterly, and Norman Hinkley. Judging from the good crowd present at the concert and the excellent reception that they accorded the band this concert was even more favorably received than the first.

EDITOR UNDERGOES APPENDICOTOMY

Frank Klement

And just when everybody else was packing up to go home, our editor left suddenly and probably without even stopping to pack, for St. Michael's hospital where he lost that un­necessary and troublesome appendage known as the appendix. Fortunately, he's been reported as doing very well, so we can stop worrying long enough to get out this Pointer. It's a tough job, Frank, we miss you. But we'll carry on and try to put out a paper that will be a credit to you. (A credit to you, not the kind we get for sleeping three hours a week in a certain class, but the kind our mothers ask us to be to them — ask us, cleverly, but without much hope — just as we're doing this Pointer.)

Frank is recovering from the effects of the operation nicely and expects to return home in three or four days.

MARDI GRAS TRUESDAY NIGHT

EVERYTHING IN READINESS FOR IRIS SPONSORED MARDI GRAS

Low Cost To Predominate, says Schwahn, Chairman

Touched off by the nominations for the Queen of the Mardi Gras, what promises to be the gayest and most hilarious social event of the year is getting under way.

This year's Mardi Gras will excel all others in extent and detail. Never before has a social event reached such a high pitch, and it is mainly due to the students' desire for a real Mardi Gras and not just a dance. The activities of these groups are in keeping with the desires of the students, the Iris sponsors of the Mardi Gras, are bringing in features never before used — such as voting (one Economics Department picks the King) — voting for the most popular professor and professoress — bringing back the grand and glorious Midway with its sidelines, barkers, and banners — plus the "one and only" palm-reader, Madame Yoga-Yoga!

The Castilians, led by that key­boarding maestro, Don Halverson, have been engaged as the Mardi Gras orchestra, and besides playing for the Main Show, will furnish the rhythm for the dance.

Menzel, Dance Chairman

Frank Menzel, in charge of the dance, assures the all is at readiness. Two gold thrones, mounted on a dias, have been erected at the east end of the floor. There the King and Queen will be regally crowned as the Mardi Gras "Royalty." The decoration theme will follow the Mardi Gras spirit, and will be gay and fantastic.

The faculty as well as the students have entered into the spirit of the Mardi Gras — for Miss Carsten is helping the students of her art classes design and, so­gether their costumes. These costumes are designed to portray the dress of man from the Cavemen period up to the present. The pictures of these costumes are on display in the Art Rooms and everyone is invited to inspect them at their leisure. Miss Allen, head of the Home Economics Department, has arranged a costume exhibit that is now on display, and which is being conducted by members of her class.

We all long to forget our troubles for at least one night, and be happy, carefree, and gay! We say — COME TO THE MARDI GRAS! We offer you gayety — dancing, laughter — an evening dedicated to your desire for hilarious fun, sweet music, and soft lights!

This dance has everything! It has everything for all the women of the college, because it's a sorority dance which serves the same purpose as Leap Year. If there's any man who's caught your roving glance, ladies, but who seems a bit slow on the pick-up, here's your opportunity, been knocking every day for two weeks and will continue to knock till 9 or even 10 o'clock tomorrow night. It has everything for the gentlemen, because it's on the ladies. The males can't talk about the high cost of party-ing this time.
In the issue of the Pointer for February 14, the statement was made that some of the suggestions were absorbed by the editorial committee. These statements were made in an effort to encourage students to participate in the various activities of the school, and to assure them that their suggestions would be considered seriously.

Sigma Zeta is now planning a new type of project. It is the desire of this group to present a Science Exhibition dealing with the curricular work of the science department. This will be open to the public, and should prove of particular interest to prospective C. S. T. C. students. It is the belief of this group that the exhibition of such projects that emphasize curricular activities have a very definite place in a school program.

The majority of the suggestions were taken into consideration. Inasmuch as you are citizens of the school as well as citizens of the town, it is your duty to care about the development of this institution. It is not enough to be satisfied with the results of the past; you must be satisfied only with the results of the present.

About 300 ballots were turned in. With the enrollment of C. S. T. C., the 700 mark this representation is less than half. Are we to understand that the other 400 students have no interest in the Pointers? If so, then this means that you 400 are dissatisfied. Sickness, poor weather, absence of a newspaper, and present conditions for your dissatisfaction. We conclude by your silence that you are satisfied with present conditions.

Inasmuch as you are citizens of the school as well as citizens of the nation, we may infer that you seldom read the daily papers which should mean a great deal to you. So our school paper, the Pointer, will carry all the ideas that are practicable. In this issue you will notice by careful scrutiny, that already the staff is beginning to incorporate some of the desired changes. More changes will follow.

Moreover, we believe that some of these criticisms carry little weight because of a lack of student knowledge concerning the school.

Exhibition of curricular activities are overlooked by many colleges. We believe that Sigma Zeta should ensure in this new type of project. Other places in college may do well to investigate the possibilities of a project of this type.

We hope that in the Mardi Gras poll for the Queen, one fellow will be broad enough so that one girl will get three votes: hers, her boy-friend’s, and broad-minded fellow’s.

New regulations in force at the dormitory point to the fact that some persons are not cooperating with the student government. The value of the present situation is well known. The only way to keep more stringent rules from being made is to cooperate. Please bear in mind that one personal liberal attitude can inconvenience to many.

The Pointer staff welcome any opportunity to acquaint yourself with the campus a desirable feature. The majority of the suggestions were obviously the result of intelligent thought by the students. We appreciate this type of cooperation, we cannot believe it to be the only method of presenting a view of ours.

The editorial staff thanks you for your cooperation.

Preparations and plans for the Junior Prom are in full swing and promises to provide the students and their friends who attend, the entertainment of a lifetime. Following the college career, the date of the climax of the social calendar is set for April 26.

SHOTS AT RANDOM

It is the purpose of this column to bring to the attention of Pointer readers some of the items which students and faculty members — and anything else that comes to the writer’s mind.

The fact that college students are the largest single group in America can be attributed to their retiring natures, and the fact that the talents, ingenuity, thoughts or actions penetrate further than their immediate circle of acquaintances.

Such remarks must be dissipated and shown by specific illustrations to be true.

Victor Kilmer, who is half philosopher and half wis, has made the amazing discovery that one-half of the married people in this country today are women.

‘Have ye anything to say why sentence should not be pronounced?’

‘Man’s inhumanity to man makes countless thousands mourns,’’ began the old gentleman.

‘I am not so debased as Poe, so profligate as Byron, so ungrateful as Keats, so indifferent as Science, so uncouth as Science, so vulgar as Shakespeare, so —’

‘That’ll do, that’ll do,’ interrupted the magistrate.

‘Seven days, and, officer, take down that list of names he is. They’re guilty as he is.

Guy Krumm Elected New Greek Prexy

On last February 14, the Greek Council met for the first time this semester with the express purpose of electing its officers. However, the members decided that they should have only one official, a president. Guy Krumm was chosen to fill this responsible position.

Guy Krumm is a member of Phi Sigma Epsilon Fraternity. He is prominent about school in athletics other activities.

In the coming meeting, the Council followed the custom of the day and prepared a Valentine for prospective pledges by setting the dates of pledging from March 7 to March 10. In order to add an extra touch of bleeding hearts and no nightclub during Hell Week, April 6-13. Informal rushing has been going on during the week just past, and formal rushing during this week. Invitational week, formerly known as the week of silence, will be from March 3 to 7.

POINTER BALLOT

The following is a copy of the Pointer which was issued on Feb. 14th. The numbers in the columns indicate the number of copies which were checked for that day. The Pointers show the returns for the men, and the second returns for the women.

DEFEAT OF OSHKOSH BY STEVENS POINT GIVES LOCALS UNDISPUTED CHAMPIONSHIP FOR SECOND TIME IN THREE YEARS

RESUME OF LAST 3 OSHKOSH STUBBORN GAMES SHOWS POINT POWER IN PINCES BY 27-26 SCORE

Stevens Point opened a crucial two-day trip successfully by overcoming the tail Whitefather Creek. Wednesday's game was made more rugged by the fact that only a few flashes of the form which has enabled them to lead the conference.

Whitefather jumped into a brief lead when Wehrbaum sank two charity tosses. Captain Marsh then led the Pointers on their way by dropping a 40-32 whipping to Platteville. The victory gave them at least a share of the championship for Eddie Kotal's boys. The game was of vital importance because of the Excellent floor game played this week.

Reserves Start

Kotal surprised everyone by starting a reserve lineup. After five minutes of play Platteville had taken a40-24 lead and the 'Eddie' rush was confined to a long shot by Unferth. Then 'Eddie' rushed in, Krumm, Eckerson, and Johnston immediately scored on the outside of the court which was followed by two free throws by Eckerson. Stevens Point continued its attack and led at half time 21-15. Rhmestadt, Platteville center, was the leading scorer of the game with 36 points. Two Krumm points and Eckerson 7 for the Purple and the Gold.

Platteville Final Fast

The Platteville Teachers will be here Saturday evening and score accounts for the defeat of last week-end. Led by Captain Rhemestadt, sharp-shooting forward and the giant freshman center, Remsch, the Platteville forces will present the same lineup as last week.

I have uncovered an idea of NATIONAL BANK COFFEE and the most only a few of the thrills await — learn, and ay say wings into action immediately the ·beginning, r a ·oky! "Here we have JoJo the gill offer music (da da da de dink) — has turned the school side down in his search for talent — and he has uncovered enough to make a dazzling shoo...ple with musicians, songsters, comedians, and the Mighty Mardi Gras "Art" Players! And this is only the beginning, folks, only the beginning.

THE MIDWAY

"Step right over, folks, step right over!" "Looky, looky, wokey!" "Here we have JoJo the 4-viewed boy!"
The good old circus and side show days will be brought back again when the Mardi Gras Midway swings into action immediately after the Main Show. Freak shows, scientific exhibits, hula shows, popcorn, peanuts, ice cream, and Madame Yogi Yogi are only a few of the thrills awaiting you on the Mardi Gras Midway!

COSTUMES

Many are inclined to scoff at the idea of wearing a costume, but they usually end up by saying, "Well, if they all came in costumes, I would too!"
This year no one will be sold a ticket to the Mardi Gras dance unless he or she is wearing a costume! This is not meant to be dictatorial — it is merely an effort to make this Mardi Gras dance a real one ... not just another dance!
Over three hundred students are already planning and making their costumes. If ideas are slow in coming, drop into the Art Room or wander over to the Home Ec display and look over their costume displays.
Prizes will be awarded for all types of costumes — the most beautiful ... the craziest ... the best "period" costume ... the most novel, etc.
Costumes need not be worn to the Main Show and the Midway — they are only necessary at the dance.

The debate teams end up the tournament season this week at St. Paul, where the Men's teams enter the midwest tournament at St. Thomas Academy and the girls' teams compete in a similar contest at St. Catherine's.

Those who left Monday to debate in the contests Tuesday, Wednesday and Thursday, were Jack Ogge and Charles Cather; Helene Waterman and Virginia Watson; Gladys Bourrier and Jane Reedal, and Arba Shorey and Donald Hieckel.

About 110 teams enter the St. Thomas tournament annually. Last year Donald Mills and Celestine Nuesse went through to the semi-finals. The teams are accompanied on their trip by Leland M. Burroughs, debate coach, and Susan Colman.

The second thought is that this student body needs a sort of grand council. One that would include, through representation, every student in the college. We now have no chance for unified action.

That body ought to be made up of men and women whose personal qualities give them prestige and whose opinions and judgments would be respected. The Greek organization representatives ought to be limited to the minority they represent.

On issues strictly concerning students, and the spending of student funds, the decision of, shall we call it a council or senate, ought to carry weight with the administration. The faculty should be represented on the council too.

In our education classes we speak of training students for society, for the need of gaining experience that will add itself to the responsibilities of worldly living. We talk of training students for society, for the all.

One thought of interest to regular readers of The Pointer.

Incidentally, the championship was won by Antigo. Those two teams show the result of training under a coach who knows his business. That coach is Celestine Nuesse - the same name need no further introduction to regular readers of The Pointer.

Again the Greek pledging season comes around. Again a few thoughts concerning those organizations come to mind. The first one is that no freshman should be allowed to join. The new student is unacquainted with the organization and the sororities or fraternities are not able to judge the caliber of new students in one semester. Many mistakes are made, some of them unfortunate, which could easily be avoided. Everyone concerned, including the faculty social committee, should at least think about that idea.
