'36 IRIS HEADS SELECTED

SHOREY, MENZEL ARE CHOSEN

Both Men Very Active In School's Functions

Arba Shorey was elected editor-in-chief of the 1936 Iris at a Junior Class meeting last Thursday morning. Frank Menzel was named business manager. Both will act in the capacity of assistants to the heads of their respective activities. Arba will work with Robert Emery, this year's editor, and Frank will cooperate with Wilson Schwahn in handling the business end of the work.

The new editor has been prominent in extra-curricular activities during his three years in school. Arba is a member of Phi Sigma Epsilon Fraternity, was this year named president of both Bloc Honorary and Forum organizations, and has been a member of the Pointer staff the past two years, and is now a member of the debate team. In addition, he has an enviable reputation as a scholar, a fine record for so prominent in the school's activities.

Frieda Menzel is a member of Chi (Continued on page 2, col. 1)

Men's Glee Club
At Plainfield To-Nite

This evening the Men's Chorus of Central State Teachers College will present their formal concert in Plainfield. The program is scheduled to begin at 8:00.

The chorus, under the direction of Mr. Norman Kautzen, has been working very hard during the past few weeks to round out the most interesting and entertaining program possible. Besides the regular chorus members, various solos, interpretations, and instrumental numbers have been prepared to make this entertainment more varied.

The group is planning to use the school bus for its trip, but as the number of members is too large to be accommodated entirely, several faculty members have promised the use of their cars.

Student At Hospital Improving Rapidly

Lawrence Warnarski, student of C. S. T. C. is recovering in St. Michael's Hospital after having undergone a serious operation in December. His condition is improving and his early recovery is assured by attending physicians.

Literary Edition Plans Complete

Preparations for the next issue of the Pointer, which will be the Literary Edition, are going forward briskly under the supervision of Miss Bonita Newby, chairman. A large number of contributions was handed in during the past week.

To Mr. Lyness of the Training School faculty went the honor and the task of judging these contributions. He is well fitted to undertake this work for two reasons: he is an English teacher and a critic of English, and he has not had a chance to become acquainted with many of the college students; consequently his decisions were unbiased. This week Tuesday, members of Sigma Tau Delta met to arrange the final selections for the Pointer.

W.A.A. Gets Radio For Women's Lounge

If you've ever heard voices issuing from the Women's Lounge these past days, it's only one of the radios that is being tried out before a final choice is made. The decision of the girls of the school to give ten cents apiece toward a radio for the Lounge has resulted in about $20 being collected. W. A. A., which initiated the project, will give enough money to finish paying for whichever makes the best

Rodgers Heads Nursery School

The Nursery School, a W. E. R. A. project, has been in session at the Training School since this week Monday. Arrangements are being made by the supervision of R. J. Carver of the Vocational School.

Children of two or three years of age will attend school from 9 to 12 each day, and will be served a hot lunch. Miss Francis A. Rodger of Fox Lake is head teacher, assisted by the local teachers.

The nursery is, of course, an activity school based on the idea that we learn by doing, and the small pupils will acquire correct eating, playing, and sleeping habits by practicing such habits. The school will be equipped with tables and desks now being made by W. E. R. A. workers.

Set-up Expert Meets Pointer Staff Heads

Preston Ridsdale, mechanical set-up expert affiliated with the Wozalla Publishing Company, met with several staff members at the Pointer Office last Saturday afternoon. An interesting discussion relative to the mechanics of newspaper work brought out numerous comments.

Senior Prom Plans Are Under Way

At a meeting held last Wednesday the "S" Club got under way to a belated start. At the election of officers Dick Schwahn was elected president, and Franklin Klement, vice-president.

A new constitution drawn up by the committee consisting of Frank Klement, Bob Steinbrink, and Holy Gospo, was adopted by a unanimous vote of the club. It is a distinction and an honor to be able to belong to this group, members of which have won major letters in athletics are eligible for membership. In spite of numerous difficulties that have presented themselves, this group will soon become the outstanding groups on the campus.

THE EDITOR COMMENTS
You may smile blandly when we say that the reason for this style of editorial isn’t a lack of suitable subject matter, but merely an attempt to offer our patrons variety; the suggestion of a reader, presented to the editor. The Pointer has established a policy for information leading to the arrest of the thief who broke into coach’s office the past month is as yet unclaimed, and our drive to exterminate the petty thievery continues with an additional warning to students who tempt through their carelessness, the setting of the stage for the act which causes grief to the holders of valuable lots of器材.
Mr. Allez’s inauguration of a “homecoming day” for stray library books presents an opportunity for students to start the coming semester with a clean slate, a good name, and a guilt-free conscience. The situation has arisen where our college turns to the front in radio broadcasting; favorable publicity by having a studio in the college building can be obtained; an opportunity for whole-hearted cooperation to work for ourselves and our school, is at hand. We are sure that the students will be glad to help if they have any problems with the library.

BROADAST
Dear Editor:
At the last evening entertainment program, many of us were unable to get a seat so that we could see and enjoy the program. Although the downtown people pay for the entertainments, I do not believe that the good seats should be reserved for them. I would like to see a more equitable division between reserved seats and students’ seats, since under the present arrangement, only a very small fraction of the students can really enjoy the program.
Sincerely yours,
INDIGNANT

Dear Editor:
Just another one of those usual greenies’ letters with a question, and many others are very much interested in, if possible, becoming members of various school organizations. It is very hard to find out about this difficult task because there is no school publication telling just how it is done. We are bashful and a little embarrassed about asking our friends for an invitation if the club is elected, and many others of our special wishes. We would know if we could become a member of ‘The Margaret Ash’ Club, a member of ‘The Pointer’ or ‘Iris Staff’, Sigma Zeta’, or any of the various school organizations. Thanks a lot.
A Greene

NOTICE TO MEN GOING LIGHT HOUSE
All men interested in learning how to cook better, varied, balanced meals on a minimum budget are asked to meet Thursday, Jan. 17, 1935 at 1 P.M. in Room 149.
The meeting will be for the purpose of organization and the arrangement of a suitable time for future gatherings.
If you are unable to attend see Miss Manton, Miss Allen or Alex Fernon for further details.
Nelson Hall

Mary Pumper of Wausau visited June Hockstaff over the week-end.

We have a wonderful display of jewelry, decors, compacts, skis, suits, and other necessities. Evidently Santa Claus was generous to the dorm girls.

Genevieve Stevens broke her elbow Saturday when she slipped while getting off the bus.

Miss Tillous entertained Mildred Simenson, Viola Hotvedt, Jean Lynn, and Thyrya Iverson at a Spanish dinner last week on pottery brought from the Catalina Island. She reports that she had a delightful time on her trip.

We understand that Fern Manger has taken a sudden interest in cards. "Harts" is her specialty.

We Wonder:

Why Francis Bremmer comes to the second floor phone.

Why Helen Blake runs for the second floor phone.

Why Evangeline attended a certain event last Sunday.

Why Ruth Lethenstrom is interested in Hockey.

Why Evelyn Kronberg looks so bored.

Why Burb Fulton isn't interested in the reduced gas rates.

Why Dorothy Brys patronizes A. & P. Stores.

Why Ede Rasmussen buys her make-up at Sexton-Demgen's.

While the Powder Puff girls are working to get in trim for the tilt season, some of the boys are using the game room. Record keeping is now for the elimination tournament to be held beginning the first week in February. Sign on the WAA bulletin board before January 25th.

Minor sports - Minor sport blanks are available in the game room. Record your skating and hiking hours on them and turn in before the end of the month. The toboggan owned by WAA can still be borrowed by any woman in the school. Apply at Miss Gilbert's office.

**The Pointer**

**Point Wins '35 Opener 38-25**

The College 47 High School 22

The college varsity soundly trounced Stevens Point High School, 47-22. This was the first of two warm-up games prior to the conference opener with Milwaukee. Kotal's boys were in front at half time, 19-8. Scoring honors were evenly distributed on the college squad, whereas Poliakowski and Moski starred for the high school.

**College 31 Rebels 22**

The Rebels, a team composed of former high school players, gave C. S. T. C. a tough battle but finally bowed 31-22. Coach Kotal was forced to send his regulars on the floor after the reserves had allowed the Rebels to gain a ten point lead. The regulars quickly overcame the Rebels' lead and went on to win the game. Copes led the Rebels with nine points while Unfer tallied ten points for the college five.

**College 33 Appleton 33**

The Appleton Sport Shops, an independent team, fell victims to the Kotalmen in a free scoring affair 53-33. Our college five were in fine shooting form and jumped on the college squad in the initial quarter. At halftime Stevens Point led, 28-14. Marsh and Eckerson were the leading scorers.

**College 20 Merrill 11**

Our college squad suffered an off night in its tussle with Merrill in the latters gym January 5th. E. R. R. E. B. was unable to meet the goals to lead our team to an uninteresting victory, 20-11. Merrill trailed at half time 12-8. It was an off night for our boys but a victory nevertheless.

**College 35 Alumni 26**

In the first game of a Sunday twin bill Kotal's lads whipped the Alumni for the second time this season. The score was 35-26. At half time the teams were tied 16-16. John Collins was the leading point maker.

**College 42, 22 Champs 30**

The '22 champs jumped to a big lead over the college team in the second game of the Sunday doubleheader to lead 15-4 at the half. However Kotal's boys found the range and rallied to win handsomely, 42-30. Larry Bishop scored 22 points for the Champs.

**NOTICE**

Next week's edition (Thurs. Jan. 24) will be a literary edition, so there will be no sports material. The game with Oshkosh, scheduled in student handbooks etc., for January 25th, has been postponed until Saturday, February 9th. Please keep the dates in mind — Oshkosh here on Saturday, Feb. 9th, instead of on Friday, January 25th. Tell your friends of the changes in dates. Whitewater will play here on Friday night, Feb. 1st. There will be no Pointer of the usual type until Feb. 7.

**SPORTRAITS**

Back in 1926 your correspondent attended the Wisconsin Valley Conference tournament at Antigo. Tigerton was defeated by Wausau in the championship game.

Among the teams to have made the trip were: Argonne High School, Platteville, and Waukesha High School Conference (now enlarged) and as the champions of their district they represented Argonne at Antigo.

Playing on this team were Asher Shorey and Guy Krumm. Asher was just a "vest pocket" size in those days, while Guy Krumm was a tall, rangy player. Both gave a good account of themselves.

In 1931 this writer took in the Y. M. C. A. tournament at Wau­ sau. We well remember the fine showing of the Argonne team, which starrer Asher and Guy. Entrant As the dark horse of "the meet, Shorey and Krumm who in their team mates stole the show, coming within a few points of defeating the Wausau quintet for the championship. The Wausau team had a galaxy of stars, head­ ed by LaPorte, Nuernberg and Radtke. This aggregation, playing as a unit, had won the Wisconsin State High School Basketball tournament the year previous.

The writer recalls that before the evening was over many of the Wausau party were pushing for Argonne. Entered in this same tourney was Larry Bishop, as a member of the Marathon Papers (Rothschuld, Wis.).

Guy was a member of college team year before last — a championship year. Last year a ticket made Guy decide to step out of the harness for a year to give the injured member a chance to heal.

Guy is known to possess a keen eye for the basket, which is excell­ ently only by his co-operative team play, and that, after all, is the best test of a player.

Maxine: Where were you vaccinated?
Boll: Y. Y. C.
Maxine: Where?
Esther: In the school house.
Meet Fera, The All-American Girl

There has been much hub-bub recently — if you're up on your current events — about our girl friend, Fera. Everybody wants to know if she's worthwhile, if she's accomplishing anything, most of all what she does with her time. I realized that this was my chance to solve one of the most vexatious problems that has confronted C. S. T. C. for years. I undertook the task manfully, and set out with pad and pencil to interview all the people who know Fera. The results are tabulated below.

To save the time of busy people, I write only Music, Phy. Ed., little words and the others like them stand, "The answer of an F. E. R. A. worker, and is it worthwhile?" Some of the data is incomplete, but even so it is undoubtedly the greatest economic contribution of the age.

Music: "I'm very fond of the study. I feel that my work is indispensable. I'll wait for the sour notes that issue from the instruments of Mr. Michelsen's band and orchestra players, add a dash of sugar, and serve to the audience in good condition."

Phy. Ed.: (and the girl was painting cardboard elephants pink!) "These are for archery targets. They make the shooting so exciting. I'm so glad to have a mission in life at last."

Home Ec.: "I eat the products of the cooking classes in the interests of science to determine how much the human body can stand. So far, I suffer only from spots before the eyes."

Pay.: "My employed archaeologist analyses me for two hours each day. I tell him my dreams and he tells me about my neuroses. It really is worthwhile, because it keeps him happy."

History: "I spend my time looking for the ten lost tribes of Israel. Not so far."

English: "I'm required to split infinitives till the supply is exhausted. Imagine how I feel. When I've finished my work, nobody will be able to make that grammatical error."

Library: "I dust the reference books. Most of them haven't been opened in twenty years, and I'm getting a little of it."

Speech: "There are two Englishmen in the speech classes who drop their R's. I pick 'em up and I also unroll the R's for a couple of Southern Gentleman."

When I had finished the last arduous interview, I sighed with relief and turned to go too late. "Wait a minute," said the F. E. R. A. worker from the speech department, "What are you doing this for? Do you like to ask questions?" I turned pale, but answered truthfully, because George Washington is a relative of mine. "It's my F. E. R. A. job — to investigate all F. E. R. A. jobs."

D. W. — Say, do you know anything about the Secret Movement?
Len. S. — "No, I don't dance that way."

Guy K. — Call me a taxi.
Ash. K. — "You're a taxi, damn you."

WIN ALL TILTS

(Continued from page 4, col. 2)

College 32 Eau Claire 16

The College Cagers defeated Eau Claire decisively in an inter­

tional game, 32-16. Stevens Point started fast and led 10-0

after five minutes of play. At half

time the Point led 15-0. Eau Claire
crawled to within two points of a tie early in the second half.

Then the Pointers settled down and piled up their large margin of victory. Chet Rinka scored eight

points to take the scoring honors. Eau Claire flashed an excellent.

passing attack but missed innum­

erable baskets at the basket. Stevens Point played well at times

but for the most part looked like

anything but title contenders.

Stuart Correspondent

Horton's Nature Class
Studies Winged Friends

While the rest of the college is

occupied with sub-zero tempera­
tures and northern blasts, Miss

Horton's Nature Study Class is

intently studying the habits of our

winter birds. Among them are:

the hairy and downy wood­

peckers, chickadees, grey-breasted nut hatches, blue jays, and the ever present sparrows. The project has
gotten well underway and the se­crets of our winter birds are un­

folding before the eyes of these

nature lovers.

A study has been made by the

class of the adaptation of the birds' feet and beaks to the work

mode of feeding. The museum on the 3rd floor of the building has been valuable in this study, says Miss

Horton.
Girls to Present Easter Cantata

Under the leadership of its director, Professor Peter J. Michelson, the women's choral organization is now working on more difficult semi-classical and classical music. The organization appeared formally before the holidays, when the musical groups of the college gave a Christmas program; but with the advent of the second semester, it will begin work on an Easter Cantata.

The membership of the organization is limited to forty-five. Following are the names of this year's members:

Vivian Steven, president and soprano soloist; Zuela Weed, secretary-treasurer; Leda Basler, librarian; Regina Kleeving, publicity manager, Mabel Anderson, Norma Beggs, Magda Christensen, Genevieve Eastling, Doris George, Loretta Grab, Estella Grunke, Ann Hassen, Phyllis Hibner, Ethel Hoff, Doris Johnson, Viola Issacson, Mary Kahr, Thelma Kasten, Genevieve Krapaky, Lila Ludwig, Sara Mainland, Genevieve Marcoux, Pearl Meyer, Phyllis Margreth, Marion Margreth, Dorothy Nelson, Marie Odegard, Geraldine Pagonoff, Gertrude Peterson, Dorothy Pidde, Arlene Pien, Lyla Ravey, Ann Riley, Margaret Steff, Genevieve Sterven, Loretta Walsh, Mildred Werner, Helen Wind, Shirley Webster and Dolores Bhakaiwski, pianist.

Debaters Drill For Tournaments

Now that vacation is over, the debate teams have settled down to work again in preparation for the tournament season, which starts with the beginning of the second semester. Just where the Point representatives will enter contests is yet undecided. The regular state tournament at Eau Claire, originally scheduled for February 2nd, may be postponed in order to enable the various state teams to enter the tournament at Luther College, Decorah, Iowa. A trip to Moorhead, Minnesota, may also be made for a tournament on the eighth of February. In addition, the Midwest contest at St. Thomas, Minnesota, will be held about the first of March. The debaters face a heavy schedule!

TO THE LINEMEN

You may praise the man in the backfield.
The greatest back may look fine,
But the battle is lost or the battle is won
By the man who plays in the line.
Here's to the man who gives his all
That the backfield may look fine,
But the fans don't see that fighting soul
Down in the muck of the line.
He plays the game for all he's worth,
Not for applause or shout,
Yes, if he wills e'er respect
The man who takes 'em out.

Warren Becker, Charles Burch
