

## POINT OPENS GRID CAMPAIGNS

### '35 COLLEGE BAND OPENS PRACTICE

After one week of rehearsals, Peter J. Michelsen, director of the College Concert Band, feels that this year's organization will not prove an exception to the excellent concert groups of past years. Work has been started on a number of pieces for use during the coming season.

Peter J. Michelsen

The response to the call for band members was above expectations. Due to the great number of aspirants to positions in the band, many sections have been overcrowded and hence a number of men have been switched to instruments in different sections.

The new band room on the lower floor has, so far, proven itself a success. Future plans to pad the room will decrease the noise and make it still better.

### EXTRA

"Pile Driver" Nugent entered school yesterday afternoon (Wed.) and will be in the lineup at full back Saturday night. Nugent was all-conference full back here two years ago as a freshman. He averaged five yards per try against the Packers recently.

### — 1935-36 Social Calendar —

4th Mon. in Month Iris Staff		Last Wed. in every month W. A. A.	
1st and 3rd Mondays Rural Life Club			

### PHI SIG CONCLAVE WELL ATTENDED

At the national conclave of Phi Sigma Epsilon held this past summer the local chapter, Kappa, was represented by three delegates. The local chapter's delegates who made the trip by automobile were Arba Shorey, Allen Schulz, and Burton Hotvedt. Mr. Hotvedt is historian of the national organization and takes active part in all national proceedings.

#### Many States Represented

The headquarters during the conclave were maintained in the Ambassador Hotel. Seventy-six delegates from nineteen states, including states as far west as Utah, as far south as Louisiana, as far east as Pennsylvania, and as far north as Wisconsin were present. All twelve chapters answered roll call.

Fraternity plans were laid for the next two years during the three days, including arrangements for next year's national affair, which will again be held in Kansas City.

### Mens' Chorus Plans Future

Faced with the task of replacing twenty of last year's successful chorus, Mr. Knutzen is rounding a very promising group of men into the beginnings of what is expected to be as enterprising and popular a group as the one that last year proved itself worthy of a place on our campus.

#### Forty Five Men Out

At a meeting held last Thursday afternoon forty-five men made their appearance, among whom were fifteen veterans of last year's campaign. Later reports indicate that this total will be boosted well over the sixty mark.

N. Knutzen

Heading this group are three of last year's soloists: Bill Theisen, noted for bass notes of resounding timbre; Joe Pfiffner, possessor of a pleasing baritone voice; and Victor "Six String" Kilmer whose ability to

### Saint Cloud To Face Kotalmen In 1st Night Home Game Of Season

#### Goerke Field To Be Scene Of Action Saturday Night

Central State will be hosts to Saint Cloud here on Saturday night when the thud of the pigskin will usher in the 1935 grid-iron opener for this College, enroute to what its followers hope will be the third consecutive

Point Makes it First Down

teacher's grid crown for the southern half of the conference.

Never has Coach Kotal sent a line against the opposition such as he will have for the '35 opener, with tried and tested veterans in every line berth. The starting combination in the backfield remains doubtful, a satisfactory kicker being merely one obstacle to be overcome.

### TRAINING SCHOOL PUPILS BALLOT

The ninth grade civics class held an election last Monday afternoon to determine the student guides of the Junior Pointer. Helen Haas, as editor, and Ethel Laurence, as business manager of the Training School publication, were chosen.

The student president of the Training School student council is Ruth Michelson, election results disclosed. Pat Bennett was elected vice-president of the council, with Melvin Schwieler as secretary, and Ruth Freda as treasurer.

The students conducted a bona fide election with the election day atmosphere of polls, inspectors, official ballots and tabulations, speeches 'n everything. Judging from the results the girls must be the best campaigners.

CONSTITUTION DAY AFTER-THOUGHT

Tuesday, Sept. 17, was Constitution Day. It was observed all over the United States. Newspapers featured it. Col. Robert McCormick's Chicago Tribune and William Randolph Hearst's papers featured it conspicuously. Their highly patriotic sentiments concerning the Constitution and their interpretation of the making of the Constitution and what it means to us are worthy of our careful study. These gentlemen would like to have us adopt their views, both concerning the Constitution, and what should be done with people who examine it in a critical vein.

What Is "Freedom"?

Some gentlemen are greatly concerned that certain of the great freedoms, speech, press, etc. be preserved for them under the Constitution, even to the extent that others be deprived of these rights so that the Constitution, as they interpret it, be "preserved", as they term it.

Is it possible that a lot of people are interpreting the Constitution to suit themselves? Is it possible that the excellent things of tolerance that we have gained under our Constitution are in danger of being denied us because some influential persons believe the Constitution to be so poorly grounded that free discussion of it would imperil it? Does this imply faith in the Constitution or does it imply the determination of certain cliques to construe it for purely personal ends?

As President Hutchins said in the October American Magazine (on the newstands Sept. 15): "Tolerance is like a sense of humor. Everybody has it, but it never works when he is personally involved... we think everybody should be more tolerant except ourselves..."

But tolerance is a personal virtue. We haven't it at all unless we have it when our own views and interests are affected. If everybody is tolerant only for other people, nobody will be tolerant at all... in this country we are headed for a fine spree of intolerance... the only time these cries are for anything or anybody is when the crier expects to get something for himself by his complaints. But tolerance is a willingness to let live and speak those who are not going to do something for you, those who, on the contrary, are against you and what you are for..."

Are you tolerant? Voicing only a personal opinion, the writer believes that the Constitution should be able to stand any amount of speech concerning either its merits or its deficiencies. The Constitution supposedly guarantees this not reserving to itself alone, immunity. If it becomes possible that rights of either of pro or con groups to discuss it can be imperilled under it, then its guarantees are meaningless in the light of the actions of those who seek to defend it from this standpoint. As Voltaire (who fathered more than one revolution) said: "Even though I do not agree with what you say, I will defend to the death your right to say it." A good many people have lost sight of the fact that the Constitution is an instrument not to be served by the people, but to serve the people.

NEW SOCIAL CALENDAR

The new social calendar set-up has been revised by the social committee, headed by Thos. A. Rogers. Post this up somewhere and you'll never be in doubt as to just when your group meets.

To the Freshmen

We are publishing below the heads of all school organizations. The Pointer occasionally receives

T. A. Rogers

letters from freshmen asking about admittance to certain school societies or groups. The article below explains all school organizations, how students gain admittance to them, and the persons who head them.

If you wish to participate in athletics see Coach Kotal in basement office. The women will see Miss Richardson at Nelson Hall.

Prospective orchestra or band members should interview Mr. Michelsen (office by college counter — on second floor). If you are interested in singing see Mr. Knutzen, who directs the mens' chorus. Women singers see Mr. Michelsen.

Do You Belong Here?

If you are enrolled in the four year high school teachers course you are automatically enrolled as a member of the Forum, and should attend their meetings. Persons enrolled in the Primary Course are members of the primary council; members of the Home Economics Club are those enrolled in that branch of the curricula, the same as the prospective grades teachers are enrolled in the Grammar Round Table. The students taking courses leading to a rural teachers certificate belong to the Rural Life Club.

Social Greek Organizations

The Omega Mu Chi and the Tau Gamma Beta sororities, are, of course, for women. Each semester a number of girls are selected as qualified by character, appearance, scholarship, and personality to belong to these societies. Occasionally a young lady will receive two bids, one from each sorority; the momentous decision is then up to the pledgee. The pledges are picked by a special committee, whose decision is ratified by the main body.

Officers to be elected.

Loyola Club

Officers to be elected.

Photo Club

Officers to be elected.

The fraternities, or men's Greek letter societies, act on much the same basis as to the prospective member's qualifications. These are the Chi Delta Rho and the Phi Sigma Epsilon, the latter a national fraternity, the former a state fraternity.

To belong to the Sigma Zeta, which is a national honorary science society, the student must be enrolled in science work, and his standings must be of sufficiently high level to interest the society in securing his membership. The same principles apply to the honorary national English Society, the Sigma Tau Delta.

The Loyola Club is interested in securing the membership of students of the Catholic faith. The Y. W. C. A. is for the girls.

Beat Saint Cloud Saturday

## MR. C. H. MATRAVERS PSYCHOLOGY PROF

Mr. C. H. Matravers has been secured to fill the faculty vacancy caused by the death of the late Professor Spindler.

Mr. Matravers has the following academic and professional qualifications:

University of Wis. ... Ph.B. 1920  
University of Wis. ... Ph.M. 1928  
New York Univ. ... Summer 1931  
Indiana U.--Ex. .... Drama 1931  
Butler U.--Ex. .... Hist. of Art 1931  
Teachers College—Candidate

for Doctor of Education 1933-35

Mr. Matravers studied with Dr. Kilpatrick of Columbia University. He assisted Prof. Miller of the University of Wisconsin in the University High School at Madison.

As his requirement for the degree of Doctor of Education at Columbia Teachers College Mr. Matravers chose as his problem for special study, the projection of a modern type curriculum and administrative organization for a junior high school. In this field his studies carried him to examinations of various experimental schools in and about New York City, including the Horace Mann, Dalton and Fieldston schools.

Mr. Matravers' experience has been unusual in that it has combined the executive and supervisory functions as well as practical teaching.

Mr. Matravers declares, "I should enjoy cooperating with the training department for the purpose of integrating in a more effective way the professional study of students with their needs in practice teaching."

Mr. Matravers held his first classes last Monday. They embrace the same subjects as did those of the late Mr. Spindler—Psychology, Philosophy, Education.

### Miss Hanson Obtains Masters Degree

Miss Gertrude Hanson of the Training School faculty received her master's degree in education this summer from the University of Wisconsin upon the completion of the required work.

### CAN YOU ENTERTAIN?

## SHOTS AT RANDOM

GLEANINGS:—  
SUNDRY and DEVIIOUS

We are back again on the trail of knowledge in familiar surroundings, but a few changes have taken place. The faces of some of the old guard are missing.

Guy Krumm has taken a position at Crandon where he teaches history. He also coaches football, basketball, track, and baseball. Asher Shorey is teaching at Argonne but says he is going to slave and play quarterback for Krumm this fall. Despite the boys' absence Barb and Marge are courageously carrying on (their studies) at C. S. T. C.

Francis Bremmer, of Alice Martin fame, is blossoming out as a writer on the Pointer staff. We understood that the zenith of artistic endeavor is unattainable until the artist has experienced the Gamut of human emotions—a great love and a great sorrow. At any time now we can expect Bremmer to burst forth in a flood of poetry.

Due to the rush of early season business we regret to announce that those depending on this column to furnish enlightening news concerning interesting Freshmen are to be disappointed, but if the moon holds out and the weather continues fair we hope to be able to make a complete and satisfactory report in the next issue.

Students with hands on the economic pulse of the country are encouraged in their belief that we have rounded the corner leading to prosperity by the observation that in a period of three months, Mickey Hubbard, one of C.S.T.C.'s most illustrious sons, was not only able to acquire a wife but is financing the up-keep of a bicycle.

All of which leads us to ask: Why is it that it is colder in the winter than in the city?

reach the "high ones" and pluck his guitar is known to all. Foremost in the ranks of the new candidates is Kirkwood Likes, also a tenor of known capabilities.

### Good Incoming Talent

While the loss of last year's men necessarily places a handicap on the Glee Club, in view of the incoming talent the club should progress far during the coming year. An extensive tour is being planned and a number of concerts are to be presented.

### Opera To Be Presented

Work will begin soon on the new numbers to be used this year. Some of the first pieces include "The March of the Toys", by Victor Herbert, "Sword of Ferrara", by Bullard, and Technirar. In addition the Mens' Glee Club, in connection with Orchestra and Womens' Glee Club, will present the opera, "Robin Hood", by the composer, De Koven.

Mr. Knutzen, after the first meeting appeared well pleased and said, "The response so far has been greater than at any other time. The fellows, who are interested, have in many cases excellent records in their high schools and communities for music work. We expect to carry as many voices as are worthwhile for at least six weeks before making a cut. It is probably that the tour club will not run over thirty two voices.

Get one today ... look radiant tonight.

# VETERAN LINE STARTS SEASON

## POINT GRIDDERS MEET ST. CLOUD

The football lid will be pried off Saturday night under the lights at

Frank Menzel

Goerke field when Coach Kotal's football team clashes with St. Cloud Teachers of Minnesota. Last year Stevens Point traveled up to St. Cloud and defeated the Minnesota boys, 7 to 6, because of Warren Becker's perfect placement for the extra point. Not much is known about St. Cloud except that they are a big husky ball club. They, no doubt, will be out to avenge last year's defeat. Coach Eddie Kotal will start a veteran line but his backfield will be lacking in experience.

### Veteran Line

Kotal will probably use Frank Menzel, Fred Nimz, Eddie Olsen, and Web Berard at ends, Captain Ted Menzel and Oscar Copes at tackles, Bill Dagneau, Chuck Sparhawk, and Bruno Slotwinski at guards, and Bob Broome, Ray Weingarner, and Bill Miller at the center post.

Oscar Copes

Backfield men who will see action are Clark Lampe, Tom Benson, Al Zurfluh, Al Bucholtz, "Red" Chartier, and Don Johnston. Then there are several promising candidates on the squad who were stars of last year's Stevens Point High School team. Among these are Earl Cooper and Charley Houck, backfield men, and Ed Brill, a tackle.

**The Schedule**

Sept. 21	(Sat.)	St. Cloud Teachers	....Here	—Night Game
Sept. 28	(Sat.)	St. Norberts	.....Here	—Night Game
Oct. 4	(Fri.)	Platteville Teachers	...There	—Night Game
Oct. 11				Date open as yet
Oct. 19	(Sat.)	Oshkosh Teachers	....There	—
Oct. 26	(Sat.)	Illinois Wesleyan	....Here	—Night Game
Nov. 2	(Sat.)	Milwaukee Teachers	..Here	—Homecoming
Nov. 9	(Sat.)	Whitewater Teachers	.Here	—

## SENTINEL EXPERT WRITES ON POINT

"Stoney" McGlynn, former team-mate of Eddie Kotal at Lawrence, is giving his impressions of Wisconsin college football teams. "Stoney" was a visitor here recently. His findings on the Central State "11" will appear in tomorrow morning's Milwaukee Sentinel.

## SPORTS SHOTS

St. Cloud's big football team will furnish the opposition for our college team here Saturday night. The Point won last year after a thrilling battle, 7-6, when Warren Becker place kicked for that all important extra point. This year Kotal has a splendid line containing several veterans led by all-conference Ted Menzel. However the backfield is of an unproven quality. Becker, Murray, Fritch, and Andy are gone. That old familiar No. 16 jersey of Becker's is going to be mighty hard to fill. Ray Nugent might have done it but he failed to return to school. The St. Cloud game is a big test for the Pointers inexperienced backfield, but with Captain Ted, Ossie, Bob Broome, Chuck, and the rest leading the way we are picking the boys to get off on the right foot. St. Cloud is plenty big and plenty tough so Coach Kotal's boys will have to play ball all the way. It's the first game of the season for our college team and that's the place to be Saturday night.

## Cupid Has a Busy Summer

A marriage of interest to C. S. T. C. students occurred Saturday, September 7, when Margaret Bentzen of Stevens Point became the wife of Frank Joseph of Port Edwards. Cal. Swazee and Louella Esker were attendants at the wedding.

We remember Margaret and Frank as very popular students, highly interested in student affairs. The bride is a member of Tau Gamma Beta Sorority. Our very best wishes to you both for your future happiness.

A group of the bride's sorority sisters entertained for her at the home of Regina Schwebke, 217 Arlington Place, the Thursday before the wedding. Prizes at bridge were won by Magdalen Wolf and Ruth Rice, and Mrs. Joseph was presented with a gift by her friends.

## Trinrud-Gurholt

Cupid seems to be hitting the students of C.S.T.C. pretty regularly for we just heard of the marriage of two more of our former students. A quiet ceremony, September 14, at the home of the bride's father, united Hildegard Trinrud and Delmar Gurholt. Mrs. Gurholt was a freshman in the Rural department last year, and Mr. Gurholt was a freshman in the High School Course. We especially remember Delmar for his prominent place in the Men's Chorus.

## Marsh-Fulton

Students were surprised to see the announcement of the marriage of Waldo Marsh, 931 Ellis Street, to Miss Florence Fulton, 221 Oak Street. Waldo, better known as "Jug," was a star athlete, having played guard on Eddie Kotal's Championship basket-ball teams of '32-'33, and '34-'35, when he was captain. He also played on the '34-'34 team. Mrs. Marsh was formerly an employee of the Hardware Mutual Insurance Company here.

"Jug" is coaching at Marenisco Michigan, and we know he and the "Missus" will receive all the happiness that they deserve.

## Faculty Reception

Next Thursday is the night when we all polish up on our company manners, and attend the Faculty reception. Heading the line to greet us will be President and Mrs. Hyer, Dean and Mrs. H. R. Steiner, and Mr. T. A. Rogers, Chairman of Social affairs, and wife. Let's all turn out, and show these grand people how glad we are to be able to really meet them. Dancing will commence after the reception and continue until 11:30.

## Tau Gamma Tea

The Tau Gamma Beta Sorority welcomes all the women of the college, and the faculty wives, to its annual fall tea, to be given Saturday afternoon, September 21, from 3 to 5 o'clock, in the Home Economics Parlors of the College.

## All School Party a Big Hit

The first dance of the school year proved to be a huge (literally speaking) success, for the All-school party held last Friday night crowded the new gym to capacity. The scintillating rhythms of the Castilians provided the dance music, and booh! did that Hinckley go to town!

## Greek Council Meets

Last Monday evening, the Greek council (almighty over-lords of the "Greeks") held their first meeting of the year. The results of this meeting being the dates for "rushing" and "pledging."

Rushing will officially open September 25, and end October 2. Pledging begins October 2, continuing to the 30th.

This year ye old "Hell Week" will last for six days; October 31 to November 5...so, ye likely—take heed and be on your best behavior.

## Rural Life Meets

The first meeting of the Rural Life Club was held Monday evening in the Assembly room.

In the absence of officers Mr. Neale appointed Ray Ehlert temporary Chairman. A number of former graduates present were called upon and responded with short talks.

Edward Plank appeared as director of singing for the first time and is to be congratulated upon his splendid work. His able accompanist was Dolores Skarweski.

The new officers elected are:

President—Ray Ehlert  
Vice Pres.—Doris Johnsen  
Secretary—Ione Rasmussen  
Treasurer—Ben Lasckewitch

After the meeting was adjourned refreshments were served by Miss Hanna and a group of students. Mr. Neale came over to the Pointer room and generously

## Y. W. C. A. Party

A Y. W. C. A. party will be held at 7:30 Thursday evening at Nelson Hall. All college and faculty women are invited.

## W. A. A. Picnic

The W. A. A. welcomed its old members and new "prospects" in a royal way Tuesday, when a group of happy girls tramped out to Robinson Park, for their first outing of the year.

Each girl contributed towards the lunch, and every one reports a very fine time.

There will be a W. A. A. meeting, Wednesday evening, at 7:30, in the Girl's Lounge.

## Farewell Party

Phi Omega Mu Chi sorority met at the home of Eleanore Crummey, Saturday evening, September 14, at a farewell party for their departing sisters. Those who will not be back are Lolita Week and Artensia Horn, who are going to the University of Wisconsin at Madison, and Dorothy Weber, who will enter Milwaukee Downer.

The evening was spent playing bridge, at which Dorothy Brys won honors. A lunch was served and a farewell gift given to each of the girls.

The first meeting of the Primary Council was held Monday, September 16, in Mr. Watson's room. The new students were welcomed by Miss Colman and each girl was introduced to Miss Tobias, Miss Bizer, and Miss Van Arsdale, the supervising teachers.

Plans were made for a Primary Picnic, to be held at Robinson Park next Monday. Also, plans were discussed for the annual Parents Day. Refreshments were served at the close of the meeting. The new officers are:

President—Hazel Bleck  
Vice President—Regina Schwebke  
Secretary—Ventura Baird  
Treasurer—Nan Turrish  
News Reporter: Zelda Weid  
Program: Blanche Bader

- so picturesque..

● THE Ensemble in novel contrasts with military trim to the jacket is one of Autumn's most picturesque costumes. And Frocks, given to fetching collar, sleeve and belt fashioning, possess that flattering youthfulness so much desired by feminine kind. Amazing values for such a low opening price.

## Mr. Herrick Writes On Teacher Health Factors

In educational circles today unusual emphasis is placed upon the curriculum, various special techniques of teaching, the child and society etc., rather than upon the teacher as a distant factor in the education of children. The

A. J. Herrick

C.S.T.C. Training School, however, still insists that the teacher is the most important force in child development. The slogan, "as the teacher so the school" crystallizes the point of view. It is to be regretted that the professional mind has become less considerate of the teacher as a personal, human instrument in education.

The philosophy and personality of the teacher is a powerful force in conditioning the mental, moral, and social make-up of the child. These are largely dependent upon her physical and mental health. The teacher's state of health determines largely whether she sees the world through blue or rose tinted glasses.

### Health and Teacher Training

C.S.T.C. now, more than ever before, recognizes the vital importance of health factors in teacher training. She encourages all sorts of outdoor sports for both men and women. A full time school nurse has been employed, the first in the history of the institution. Two full time directors of physical education are members of the faculty. Several strong courses in physical education are offered for preparing students to lead in health education in the public schools. These and many other health promoting activities are based upon the fundamental principle that only upon sound, resilient mental and physical health can a successful professional career be built.

A. J. Herrick  
Supt. of Training School

**The Parker Vacumatic—  
Invented by a University  
Professor to replace pens  
that suddenly run dry in  
Classes and Exams**

*Holds 12,000 words of ink—102%  
more than old style . . . When  
held to the light you can see the  
Ink Level—see when to refill!*

**T**HE marvelous new Parker Vacumatic is no more like the pens of yesterday than your 1935 car is like a '25 model.

It's the identical pen you've often said that someone ought to invent.

Scores of inventors tried to—fully 250 sacless pens were patented before this miracle writer was born. But none found a way to surmount the mechanical faults of squirt-gun piston pumps, valves, etc.

Then a scientist at the University of Wisconsin conceived the Vacumatic. And Geo. S. Parker, world's leading pen maker, agreed to develop it because it contained no rubber sac or lever filler like sac-type pens—no piston pump as in ordinary sacless pens.

That's why Parker can—and **DOES**—guarantee the Vacumatic **MECHANICALLY PERFECT!**

Because there is nothing else like it, the United States and foreign countries have granted Parker patents.

This original style creation introduces luminous laminated Pearl and Jet—yet when held to the light the "Jet" rings become transparent, revealing the level of ink!

Step into any good store selling pens, and see it. The Parker Pen Company, Janesville, Wis.

**FREE! Send a Post Card for  
New Ink That Cleanses  
Any Pen As It Writes**

Parker Quink—a remarkable new ink—contains a harmless ingredient that dissolves sediment left in pens by ordinary inks. Ends clogging. Get it from any store, or send your address for small bottle to try, FREE. Address, Dept. 711.
