Science Open House Draws Large Crowd

The second annual Science Open House, sponsored by Delta Chapter of Sigma Zeta National Honorary Science Society, was attended last Friday by approximately 250 high school students of central Wisconsin. Maxine Miner, chairman, and Mr. Rogers, faculty advisor, were pleased with the splendid turnout.

The main feature of the day was a very interesting lecture by Dr. Luther Gable on the "Cosmic Ray," Dr. Gable is a celebrated scientist noted for his work on radiation treatments.

The Science department wishes to thank those who cooperated with them in making the affair a success. Due to the splendid turnout, Open House will be held again next year.

SIGMA TAU DELTA ANNOUNCES WINNERS

First prize in the Sigma Tau Delta short story contest was won by Helen M. Wind, with her story "For the Children's Sake." Second place goes to William Clements for "O'er the Frying Pan," and third to Genevieve Marques, who wrote "Puppets of Fate." Members of the fraternity wish to thank the contestants and the judges, Mr. Aller, Miss Reach, and Mrs. Clemons. One of the judges remarked that the winning story was like a picture of human nature lifted out of the author's experience.

Surprisingly, two of the judges, without consultation, chose the same stories for the three prizes, so there was no question as to the winners. The three prizes will be awarded at the Class Day exercises.

Goldsmith Play Occurs Tuesday In Auditorium

Professor Leland M. Burroughs' speech class will present "She Stoops to Conquer" in the College auditorium on Tuesday, May 19th. A great deal of time has been spent in practice, and the play should be delivered in a finished style. There will be a small admission charge to defray the cost of forensic awards.

Graduate Services Occur Soon

Commencement week will extend this year from May 31 to June 5th. The Baccalaureate service, with an address by Rev. Dygling, will open the period at 2:30 in the afternoon, Sunday, May 31. Following the address, President and Mrs. Nyir will hold a reception at Nelson Hall.

Monday and Tuesday, June first and second, are final days for the second semester's examinations. A final concert has been scheduled for one of these evenings.

The Annual Class Day Exercises, at which awards for different activities about school are to be given out, will be held on Thursday, June fourth, in the afternoon.

DR. AMESBURY TO SPEAK

Commencement will take place at 10:00 o'clock on Friday, June fifth. Dr. Wallace Bruce Amesbury will deliver the address upon literature at Armour Institute, will be the commencement speaker. After the address, the various degrees and diploma awards will be presented, and the graduates will be awarded.

The final event of the week and of the school year will be the dinner at Nelson Hall at noon for graduates, alumni and friends.

Photo Club Picture Contest Closes

A very excellent display of photographs was arranged in Mr. Roger's lecture room by the Photo Club. It served as one of the most interesting exhibits of the Science Open House.

The results of the contest which was sponsored in connection with this event were as follows: Nature division, first prize, Bob Vennie; second prize, Sam Cross; in each of the other divisions, however, the story-telling, action, and still pictures, all the prizes were covered away by Harold Sorby. The judges were Miss Davis and Mr. Neale.

The committee in charge of the picture contest were Bob Vennie, Cliff Malehow, and Bill Fisher. This group, on behalf of the Photo Club wishes to thank all those who contributed pictures in the animal contest. Anyone wishing his pictures returned must call for them at Mr. Roger's office. Prize winning photos will not be returned.
College Welcomes President Hyer In 1930; Coach Kotal Searched As Coach Here; Pointer Assumes a Modern Aspect

By Ruth Nason

Within the last ten years the Pointer has steadily improved the quality of its news. There were livelier write-ups and more of the news events about school life included. Although the format of the paper has not changed recently, it is noticeable that during the "boom" years the staff had a larger allowance, and there is more illusiveness in the page in a 1929 issue pictured different views of Central State.

Just a few years ago, academics began to influence the student body. Several aircraft companies had recognized the opportunity for sales among the college students. In January, 1929, our Pointer ran an article regarding scholarships at the Alexander Aircraft Company of Colorado Springs. In over seven years, the student body not only expressed the desire of flying about to and from school or about the campus, and Mickey still rides a bicycle and Joe still runs his Austin.

TRAINING SCHOOL BUILDING ERECTED

The erection of the Training School Building was now of prime interest to all of Stevens Point. The planning began under President John Francis Sims in 1925 and continued under President Baldwin in 1928. It was a building project where conditions were created for learning and teachers could gain a grasp of their profession under conditions most conducive to rapid progress. The efforts of many people, Mr. Arthur Peabody, were most influential in accomplishing this unified ideal.

JUNIOR PROM IS INAUGURATED

And here's a chance to Junior Class in 1929! The well-known junior prom was held on June 23. Before this time, the juniors had held annual class parties, but the all-school formal was now in the school's history. The gymnasium was decorated in an old-fashioned garden. With holly-bucks, cherry-blossoms, a quaint old-fashioned well, and rustic gates describing the scene, the prom made a very memorable effort. "Boy Jacobs' orchestra, and Bussman's orchestra from Wausau, furnished the music for the evening." (What—a orchestra!) Mr. Mott and Miss Jones chaperoned the party.

ARNOLD MALMQUIST SUCCESSFUL

One of the former Pointer editors had already successfully pursued a journalistic career. In March, 1929, Arnold Malmquist was becoming more popular as a writer. He was in the employ of the Kenosha Evening News. In addition to his journalistic work, he continued for various months.

NATIONAL SCIENCE CHAPTER INSTALLED

Sigma Zeta fraternity was completely organized on November 20, 1929. The former Science Club was dissolved, and affiliations were taken over by the National Fraternity. Prof. Schneekl, Righett, Evans, and Watson were officers. Misses Jones, Weston, and Allen held offices. The high ideals of the organization are still being upheld. Its activity was well-illustrated in last week's "Open House."
RURALS SPONSOR
Evening Assembly

Each year the Rural Life Club tries to provide a program to which it invites the professional organizations of the other divisions and the faculty. This year they have been very fortunate in securing as their entertainer William R. O'Neill, a bass-baritone soloist from Chicago, who will appear in a song recital next Monday night at 8:15 in the College Auditorium.

Lead in "Carmen"

Mr. O'Neill comes highly recommended by those who have heard him. He has appeared in many programs in Chicago and last year sang the leading part in the opera "Carmen" in Milwaukee. The young man is a student in Chicago and is using a part of a short vacation to come to Stevens Point for this occasion. He is a brother-in-law of Mr. Lipes, president of "Rural Life". Miss Helen O'Neill, an alumna of our college, and Mr. Kirkwood Lipes will act as accompanists. They will entertain with instrumental numbers.

Rural Life invites the college students, faculty, and friends to come to this meeting.

Nelson Hall Notes

Many of the Dorm girls report a grand trip to Minneapolis with Miss Carlsen's Art Appreciation class. They left Friday noon and returned Saturday night. Saturday morning they toured the city, then went through the Art Institute. The afternoon was spent in shopping.

Friday afternoon the State High School Home Economics Clubs held a joint meeting in the recreation room. A style show was presented by the 7th, 8th, and 9th grades of the Training School for their entertainment.

Mother's Day was observed in the Dorm on Sunday. Mrs. Finch received a beautiful bouquet of tulips. Miss Barb Fulton spent the weekend in Appleton and Oconto.

Training School Holds
Exhibit During Art Week

This week is Art Week at the Training School. The new gym is decorated with many beautiful reproductions of masterpieces. Much interest in the display has been shown by training school students and by students of the college art class. Seniors should take advantage of the exhibit.

Rooms 101 and 102 are filled with creative art work done by the grade students. Each grade from the third to the ninth has some interesting work of art on display. The display will remain open to the public until Friday at 5:00. A small admission is charged.

On Saturday morning, for Play Day, there will be an exhibit of handcrafts in the college art room.

Editor's Mail Box

Dear Editor:

VETERANS OF FUTURE WARS

A letter from the National Council has arrived authorizing the establishment of a C.S.T.C. Unit of Veterans of Future Wars. Paul Ash has been appointed treasurer of the local post and as soon as memberships cards and buttons arrive a drive for members will begin.

The National Council is presenting a coast to coast radio program in two weeks. Full time lobbyists are being engaged to put pressure on local and national legislatures to secure the proposed bonus.

The cost of membership is twenty-five cents—one half of this amount remains in the local treasury and the remaining 50% is turned over for the national budget.

GRIDDERS IN DAILY WORKOUTS

SCRIMMAGES HELD DAILY DURING THE SPRING GRID PLAY

Kotai Shifts Ted Menzel Into Backfield Along With McGuire

Scrimmages have been the daily menu during spring football practices, a fact as Coach Eddie Kotal continues to send the gridders through their paces in an effort to get a line on his material for next fall. During the past three weeks more than a score of pigskin hopefuls have been working out from 3:30 to 5:00 after school, assimilating knowledge of the various phases of the gridiron game.

LIST OF CANDIDATES

Among the spring candidates to be seen tossing and kicking the football around are: Miller, Don Johnston, Charley Booth, Gib Miller, Eddie Olson, Jim Storment, Schmeling (every pound of him), Bill Cowles, Fred Nimz, and Don Johnston.

MENZEL AT FULL

Coach Kotal is trying out something new this Spring in that he is using Ted Menzel, all conference tackle for two years, at fullback. Ted is quite fast for the big fellow that he is and no doubt would be a beardt on defense. He cracks the line hard and low, picking up extra yardage by sheer drive. How Ted would perform at his old position under fire is problematical, but at any rate he would more than uphold his own defensively.

MCGUIRE IN FORM

Incidentally, local fans can expect a lot of ground gaining by Jim McGuire next fall. "Mick’s" improved knee has his old-time strength, and he will do plenty of ball-carrying for Kotai. Don Johnston and Al Bucholtz complete the regular backfield as it looks this spring.

ONLY THREE LOST

It is hoped that between thirty and forty grid prospects will report so as to make spring football a success. Also, Kotai desires only those to come out for practice who will also be out for the entire spring training period. Kotai plans on running practice for a period of three or four weeks. Only three members of last year's team will be lost through graduation so the field should be sprinkled with veterans Monday afternoon, when the entire spring practice opens. Three stars are Frank Menzel and Wilbur Berard, ends, and Don Unferto, half back. Bob Broome, center, and Art McGuire, tackles, are not in school this semester, but both plan to return to school next fall.

Almost two weeks of spring football has passed, but as yet

(Continued in next col.)

Chi Delts Defeat Phi Sigs Twice; Near Jug

Third Game Of Series Will Be Played This Afternoon At 5:00

Chi Delta Rho fraternity won the opening game of the inter-fraternity series from Phi Sigma Sigma with the narrow 7 to 6. A thrilling last inning rally by the Phi Sigs netted three runs and barely missed tying the score. Kotai, right handed flinger of the Phi Sigs, weakened toward the finish and was replaced by Dregne in the sixth stanza.

LEAD ATTACK

Frenchwood was outstanding for the losers with two singles and a pass in four trips to the plate. Maier, with two hits and a considerable margin in the ninth stanza. Storment, right handed flinger of the Phi Sigs, weakened toward the finish and was replaced by Dregne in the sixth stanza.

CHI DELTS WIN AGAIN

Chi Delta Rho made up its losses by a score of 14-1 victory over the Phi Sigs. "Wild" Bob Steiner hurled hitless ball throughout the game, but a pass followed by an error enabled the

Coach Eddie Kotal is far from pleased with the number of athletes reporting for practice. Monday night the boys spent a brief period in punting and passing; Tuesday night was followed up by a game of touch football. Kotal had hoped to have a scrimmage but because only a handful were in attendance he was unable to do so. Among those on hand for practice were Captain Oscar Copes, Ted Menzel, whom Kotal may transfer into a fullback next fall, Jim McGuire, Fred Nimz, Charles Booth, "Red" Miller, Jim Hardt, Joe Grady, Charley Burch, and Inman Whipple.

WHERE'S THE OLD SPIRIT?

Incidentally we might mention that Ron Murray, a three year regular who will grudge this gridiron every evening in football togs. Surely if Murray, who has completed his years of competition, can report for practice voluntarily more of the fellows who hope to make the team next fall should report for the short, snappy spring drills. The Pointers won the title in 1935 and 1934, but past records won't win any games in 1936.

Phi Sigs to shove over their lone tally in the fourth frame. Ted Menzel, with four hits, and Don Unferto, with three hits and a pass, paved the way for the winners' attack, which included three home runs. Storment, Phi Sig hurler, left the mound during a stormy fifth inning and Al Schulz finished the game.

DON'T MISS IT TODAY

The third game of the series will be played at 5:00 on the College football field. The Phi Sigs, weakened in their last appearance by the loss of Anderson, star fielder, will again be at full strength. The Phi Sigs would win the first two, but the series will be over and the Chi Delts would retain the Jug this year.

Score by innings:

Chi Delts ... 003 100 0-1 0-2
Phi Sigs ... 003 000 3-6 6-2

Editor's Mail Box

MISS TILLESON WRITES...

I am in Elko, Nevada, teaching in one of the grandest high schools. The weather is great here this morning. It is just like a summer day although the mountains encircling the town are covered with snow.

Nevada has a reputation for being an outlaw state. Maybe that is why I took this position, because I don't like to conform either. But I find the young people here of better or worse than in other states. I like them very much.

I have charge of a library that has 3,000 books in it and I teach a World History class and a class in Freshman English and I must say that I enjoy the work.

My days are very busy and I never have four consecutive hours to myself until Sunday afternoon, as I have a knitting class on Saturday afternoon, a library class Saturday evening, and Sunday School class and church Sunday morning.

I have just got in a consignment of 125 new books, among them, "The Reader", "North to the Orient", "Around the World in Eight Days", Frank Floyd Wright's "Lectures on Architecture", "My Country and My People" and many other copies that I can hardly wait to explore more thoroughly. I just wanted to name them to show you that the boys and girls read, and are interested in a varied assortment of subjects.

The boys and girls come from ranches 100 and 125 miles away down into Elko County. This is a County High School and there are 264 students. The boys athletic teams are usually called Buckaroos. Although these young people live in the west, they like stories by Will James best of all.

Some of their colloquial expressions are

Where are you at?
Does he work out?
Does he work in?
Does he work up?

I find myself wishing that I could get more of the boys and girls packed in DEERWOOD COFFEE. Give them to your grocer—He will get the set for you.

This beautiful 26 piece set of Avon Silverware is yours absolutely FREE—Merely turn in 100 slips packed in DEERWOOD COFFEE. Give them to your grocer—He will get the set for you.
HUMOR COLUMN

Mrs. Jones — "I had the most terrible scare last night. I heard a noise in the middle of the night and turned on the light. There sticking out from beneath the bed was a pair of my husband's socks."

Mrs. Smith: "Was it a burglar?"

Mrs. Jones: "Oh, no. It was my husband. He heard the noise first."

"Pardon me, sir," said the hotel clerk, "Would you mind telling me your name?"

"My name?" snorted the new guest, "Can't you see where I signed the register?"

"Yes, sir," was the reply, "that's what aroused my curiosity."

Two Irishmen at the desperation point held up a passing Scotman. After a long stiff fight in which the Scot very nearly had the best of them they succeeded in getting him down. A close search revealed a lone penny. "Frith, Mike," said Pat disgustedly, "if he'd have had five cents he'd have murdered the two of us."

Jones, who used to be a railroad conductor, got a job on one of the big air liners. One day he met an old crow who asked him if his new job was much different from his old one. "Not much," was the reply, "except they wouldn't let me throw a man off for not paying his fare."

Rustus — All money these days is tainted.

Sambu — What do you mean by tainted?

Rustus — Taint yours and taint mine.

Daddy (after eloquently enlarging on the dangers which he encountered while "over there" on the war front) — And that, my son, is what I did toward winning the World War.

Son — But, daddy, why did they need so many men besides you?

Looner — Who is your wife going to vote for?

Frown: For whoever I vote for.

Looner — Who are you going to vote for?

Frown — She hasn't decided yet.

A, walking down the street, came upon a man whom he hadn't seen for twenty years. With B was a little girl of four years. B said, "I've been married since we last met and this is in my daughter." A asked the little girl, "What is your name?" The little girl replied, "It's the same as my mother's."

A said, "So your name is Margaret!"

(Case of Scotch)

A Scotchman, well known in England, went with his wife to the Alps in Switzerland for a much needed vacation. One day the Scot and his wife left their lodge to climb a mountain. Late in the day the Scot returned with the story that his wife had fallen over the edge of the mountain.

In far off England a man read about the "accident", looked at the picture of the Scot, and knew at once that the Scot had killed his wife.

(Had he done it?)

Davis — Did you have any luck on your hunting trip?

Randall — I'll say I did. I shot 17 ducks.

Davis — Were they wild?

Randall — No, but the farmer who owned them was.

The longer I practice medicine, the more I am convinced every physician should cultivate lying as a fine art. There are lies which contribute enormously to the success of the physician's mission of mercy and salvation.—Dr. Joseph Collins.

Marriage is a great institution, but I'm not ready for an institution, yet—Mae West.

The film producer thought he might be able to use the applying actor later, but there was no opening just then.

"If you want me at all," replied the actor, "you'd better put me on the payroll right now. There are several other companies after me."

"Yes!" answered the producer who had heard that remark before, "and what companies are they?"

"Well," said the actor, "there's the electric light company, the telephone company, the milk company, and—"

The producer laughed and the man was put on the salary list.—Christian Science Monitor.

Convention is headed by Jim Walsh. Joe Pfeiffer was selected Chairman of the Platform Committee. The Publicity Committee is headed by Miss Tetzler, granddaughter of the late John Tetzler, high school president of the town, and Miss Blanche. These young ladies who have so often contributed to the success of the national convention will be glad to have the opportunity to assist in the planning of the convention.

EFFORTS ARE APPRECIATED

The class greatly appreciate the opportunity of hearing practical and pertinent and timely discussions of the type. Professor Knutzen is to be commended for the excellent choice of speakers. The class is much indebted to the ladies and gentlemen named above who have so generously devoted their time and talent to the success of the convention.

(Footnotes continued on next col.)

**SPORT SHOTS**

**A WORD FROM STOUT**

Ten years ago Stout Institute won the Normal School basketball championship by defeating Stevens Point, The Stouties, the weekly school paper at Stout has the following to say regarding Stevens Point's championship over Stout Institute this year of 1936: "Stevens Point is laying claim to all kinds of titles after sweeping through the northern conference and defeating River Falls, northern champions, twice. The Pointers boast of two all-state men from last year's teachers' college selections and two all-state high school teams of the same quality. Next Wausau sensation. They are undoubtedly one of the strongest teams ever to be assembled in this conference. Stout did not play them this year."

**PLATTEVILLE LOSES**

Platteville Teachers college baseball team recently lost to the University of Wisconsin nine to ten to zero. Starring this year with Wisconsin we find Roque, Frank Wisconsins, and Blank of the River schools. His name is familiar to Stevens Point people due to his participation in basketball, and baseball against the Pointers occasionally.

**"U" FOOTBALL GAME**

Coach Harry Stubbredre, (try spelling that name once), athletic director of the University of Wisconsin, has announced that he will divide his football squad into two teams for a game to be played on Memorial Day. This will mark the first appearance of a Stubbredre team in Wisconsin and fans will watch with interest the introduction of the Rockne system.

**A TOUGH SCHEDULE**

Coach Ted Wharton's of Superior has announced the schedule for the year 1936. His team plays a tough eight game schedule, numbering among its non-conference opponents Hamline University, Kansas State Teachers college of Emporia, Kansas, Kansas State Teachers college and St. Johns University.

**FOOTBALL GAME**

The River Falls State Teachers college baseball nine suffered a 14 to 3 defeat at the hands of the University of Minnesota, last year's Big Ten champions. Twelve errors by the Falcons pluck in large part in their defeat. A nine run attack by the Gophers in the sixth frame put the old ball game in the bag. Herk, Full, Nystrom, and Blank of the River Falls basketball team were listed in the box score.

**EXTRA!!!**

G.O.P. Holds National Convention Here Next Thursday Evening!

MOCK "CONVENTION" HAS "DELEGATES" "STEAMED UP," PUBLIC INVITED

Lightbody Presides

Who will be the Republican nominee for the presidency in 1936?

Any one interested in that question will enjoy visiting the college auditorium on May 21, 1936 at 8:00 P. M. where a student presentation of a Republican National Convention will be in progress. The convention is sponsored by classes in American History. Edward Lightbody is Tent No. 1 Chairman of the National Committee. The Publicity Committee is headed by Mr. Jenkins.

On behalf of the loyal Demo- crystals of the student body the Convention Committee wishes to make clear that no party feeling флшел the choice of the Republican convention. It was felt, however, that because at present that party is out of power and because of the larger field of candidates more interest would result from a G. O. P. Convention.

The Convention idea was a suggestion of Mr. Jenkins, who himself participated in a similar project while a student at Miami University. It states, "This mock national convention is being planned because we wish to give students an opportunity to see how a national convention is carried on. The Convention will be held in a fairly formal manner and should prove very instructive and interesting."

The following is a list of the students chairmen for the Convention: Alabama, Charles Burch; Alaska, Jenette Doughty; Arizona, Joe Frank; Arkansas, Ken Peabody; California, Cy WyCook; Colorado, Paulu Jaaska; North Carolina, Lucille Eskritt; South Carolina, Geraldine Pagen.
